

PRESBYTERY MET HERE

AN INTERESTING SESSION ON WEDNESDAY AND THURSDAY.

A Good Attendance, More Than Fifty Delegates Present—Missionary and "Christian Endeavor" Work Considered and Urged.

The Presbytery of Lake Superior met in the First Presbyterian church, this city, on Wednesday evening, at 7:30 P. M.

The fall meeting of the Presbytery is an important one as the missionary work of the Presbytery is fully considered and the ladies' missionary societies hold their annual Presbyterial meetings.

Rev. John Currier, Menominee, Moderator; Dr. and Mrs. Bower, Marquette; C. D. Jacobs, Ishpeming; J. Brown and Dr. Haskell, Negaunee; J. Ferris, St. Ignace; J. M. and Mrs. Rogers, Manistique; Mr. and Mrs. Geo. Orr, Manistique; D. Stalker, Calumet; D. Morrison and Dr. Cameron, Iron Mountain; Mr. McDorald, Iron River; Mr. and Mrs. Luthar, Sault Ste. Marie; Holt Rosedale and Mr. Beshgton, Newberry, etc. etc.

Rev. M. Currier preached a sermon from the words, "Called to be Saints," after which Rev. Mr. Morrison, of Iron Mountain, was elected Moderator for the next six months.

On Wednesday, much business pertaining to the various mission fields in the Presbytery, was done, and in the evening, Rev. M. Forbes, and Rev. Mr. Beshgton addressed a public meeting on the "Home and Foreign Mission Work," and the choir rendered appropriate music.

The ladies of the congregation entertained the Presbytery and delegates at tea in Peterson's hall in the evening, and an enjoyable social time was spent.

Y. P. S. C. E. DAY.

The session opened at 9:00, A. M. with an attendance of twenty-four delegates, the representation of each society being limited to two delegates, but there were nearly twice that number in attendance.

A very suggestive and encouraging paper was read by Mr. McKinney, of Menominee, on "Why I am a Christian Endeavorer." It was followed by a general discussion.

The third assistant postmaster general is himself an autocrat. He has authority to exercise his own discretion in depriving periodical publications of the advantage of second class postal rates.

Low Rates to the World's Fair. Now is the time to visit the World's Fair. The North-Western Line is selling excursion tickets at exceedingly low rates.

Having disposed of my stock, and gone out of business, I desire to close all the outstanding accounts thereof.

son's hall Wednesday afternoon. A large attendance was present. They reported having done a vast amount of good work, and \$870 had been collected by them during the year for missionary work.

AUTOCRATS IN THE DEPARTMENTS.

Men in Washington Whose Only Law is Their Own Sweet Will.

Among the most remarkable features of this government by the people is the extraordinary authority vested in certain subordinate officials at Washington. For instance, no man in the United States wields such power in money matters as the first comptroller of the currency.

"You must sign," "I will not, Mr. President," replied the recalcitrant official.

"Then I will compel you to do so," said General Grant.

"You have not the power," rejoined the comptroller coolly and respectfully.

"We will see about that," said the president. "I will consult the attorney general."

The attorney general, on being consulted, stated that the comptroller was right; he could not be forced to countersign the warrant. Next day the president summoned Mr. Taylor and said:

"I find that I cannot compel you to countersign the warrant. However, I can get another first comptroller."

"Very well, Mr. President," replied the officer. "You can have my resignation, but not my signature."

In fact, the only way in which the president can override a decision of this powerful official is by dismissing him and appointing another man. All of the accounts of the government, except those which relate to customs and the postoffice department, are settled by warrants countersigned by the first comptroller.

There are two autocrats in the postoffice department. One of them is the assistant attorney general. It is his function to decide whether matter offered for mailing is immoral or not. He acts as censor for the people.

The third assistant postmaster general is himself an autocrat. He has authority to exercise his own discretion in depriving periodical publications of the advantage of second class postal rates.

The chief of the bureau of animal industry. He has authority to kill any animal he may choose anywhere in the United States. When one of his inspectors reports that such and such cattle are afflicted with an infectious disease he orders them purchased and slaughtered.

The street commissioner must stop work; funds have run out. Home taken robbed Elquist's saloon; got fifteen dollars in cash and whisky enough to make them rich for a little while.

Cook's hotel was closed by the sheriff last Saturday. A special election to determine the license charge for the ensuing three years—\$200, \$350 or \$500—will be held next Thursday.

The September number of the North American Review will be found equal to any of those which have preceded it both in the variety and timeliness of its contents and in the celebrity and authoritative character of its contributors.

Having disposed of my stock, and gone out of business, I desire to close all the outstanding accounts thereof.

AMONG OUR NEIGHBORS

BITS OF INTERESTING INFORMATION BY OUR CORRESPONDENTS.

Gleanings from Rapid River, Gladstone and Elsewhere Briefly and Concisely Related.—Many Matters of Interest.

RAPID RIVER.

F. W. Gray & Co. are constructing a 28x110 store building at the foot of Station Street and intend to put in a complete stock of general merchandise for the mutual benefit of themselves and their employees.

Dr. J. C. Brooks, Henry Boyer, D. C. Dillabough and Merchant Buchman have been doing the World's Fair during the past week.

The lockup, the new school department and the sidewalk extension have all flizzled for the present.

A petition to the county board of supervisors to be incorporated into a village is being generally signed and in anticipation of this all public improvements are postponed.

The village school still hums with a registration of about one hundred forty and a daily attendance of nearly one hundred and twenty.

The Garth Lumber company at Whitefish is stocking a large general merchandise store for the trade of its employes and jobbers.

The Goodrich steamer City of Ludington, Capt. Raleigh, called at the Whitefish dock Wednesday with the stock for the new Garth Co. store.

An aged Mr. Burgman, father of Andrew Burgman and Mrs. Goodman Shidene, was buried Wednesday.

The Rev. B. L. Webber and wife return to Chicago Oct. 1st. This will leave the congregational church without a pastor.

Music teacher Miss Clara F. Lincoln of Gladstone, is conducting a recital to be given at Caswell's hall Wednesday evening for the benefit of the retiring congregational pastor.

Health officer Cole has succeeded in pushing the slaughter house of the H. E. Pfeifer market two miles north of the village and will now be able to turn his attention to one or two balmy corners on Main street.

The town has expended about one thousand dollars in opening a new road from the village on a line one quarter of a mile west of Station street intersecting the Marquette road beyond all the big hills and also in improving said road through the town a distance of twenty-four miles.

ESCANABA TOWNSHIP.

Ed. Voght, of Escanaba, visited here Sunday.

Miss Nellie Carroll returned from Republic Saturday.

Sam and John Stonhouse with their families visited friends here last Sunday.

Mrs. George Pease, of Gladstone, spent a few days during the past week visiting with Mrs. M. E. Jones.

Jasper Lawrence and Ted Garrett returned from their visit to the World's Fair last Tuesday.

Clifford Barron laid out a highway in the eastern part of the township last week. There is quite a settlement on the east side of the river and every available acre of land between the river and Gladstone will be occupied before long.

Some of our farmers haul their produce to Rapid River.

The Mann Bros. sent a crew of men and twenty-seven horses up the river last week. An indication that there will be some lumbering on the river the coming winter.

The farming community is all right. No one will suffer on account of hard times.

GLADSTONE.

The street commissioner must stop work; funds have run out. Home taken robbed Elquist's saloon; got fifteen dollars in cash and whisky enough to make them rich for a little while.

The new mill at Whitefish will start up soon and will give employment to a large number of men. It is a double band mill and single factory. The Delta thinks the Chapin ore will go out through the Gladstone dock.

The suit for the \$10,000 has been again continued. It is admitted that the city had the money; why not pay, and save costs and attorney's fees?

GREEN BAY.

Cook's hotel was closed by the sheriff last Saturday. A special election to determine the license charge for the ensuing three years—\$200, \$350 or \$500—will be held next Thursday.

Literary Notes.

The September number of the North American Review will be found equal to any of those which have preceded it both in the variety and timeliness of its contents and in the celebrity and authoritative character of its contributors.

who deals with "The Political Situation" in a manner which is certain to attract considerable attention. The political relations of "England and France in Siam" are discussed from an English point of view by the Hon. George N. Curzon, M. P., formerly British Under Secretary for India, and from the French point of view by Madame Juliette Adam.

The Cleveland Outlook.

The enormous converting capacity unemployed, in the Pittsburg and Wheeling districts, with no prospect of any decided change for the better this fall, gives little assurance that Bessemer iron will improve materially.

More Idle Men.

The Bay View iron works, at Milwaukee, were closed, in all departments, the day before yesterday. The works belong to the Illinois Steel company and when in full operation employ 1,800 men; now there are none under pay except a few watchmen.

A New Steamer.

The new steel steamer Centauion, which has recently been completed at the yards of F. W. Wheeler, the Bay City shipbuilder, was chartered Wednesday for a load of 155,000 bushels of corn to Buffalo.

City of Ludington Safe.

The City of Ludington, with the assistance of a tug from Manistique, worked herself off Wiggins' Point before the Monarch arrived there, having suffered no material injury.

Notice.

All parties having books belonging to the Escanaba Public School Library, are kindly requested to return them at once and avoid fine.

Creamery.

The Canadian steamer Byron Trelice was burned at Leamington, Ont., on the morning of the 13th and three of her crew lost their lives.

Garden Creamery

BUTTER

Cigars. A Solace Sweet And Best by Far In these Quiet Times. SMOKE A BEN-HUR CIGAR. All First-Class Dealers Sell Them. Ask for Them. Geo. Moebis & Co., Manu'rs. Detroit.

DO YOU WANT TO BUILD OR REPAIR YOUR HOUSE? The Escanaba Lumber Co. CAN SUPPLY YOU WITH LUMBER. DOORS, SASH, LATH AND SHINGLES, AND OTHER REQUISITES, OF THE BEST QUALITY AND AT: Reasonable Rates. We also carry a full line of Lime, Brick, Cement and other Building Materials. Estimates to Contractors and others at Bottom Prices. OFFICE AND YARD FOOT OF STEPHENSON AVE., NEAR TERMINUS OF THE STREET CAR LINE, ESCANABA.

Absolutely Free! A TICKET TO THE WORLD'S FAIR. Everybody can See the Big Show! READ! Every person who is desirous of attending the fair may do so if they trade at our store, for the difference in prices here and elsewhere will be sufficient to take you to the World's exposition. Remember our stock of Groceries, Provisions, Grockery, Glass-ware, Teas, Coffees, Canned Goods, Etc.. JOHN GROSS.

ARE YOU Farming For Your Health? IF SO, Any kind of an old-fashioned, cast-iron, rattle-trap of a mower, or even a 'sythe will do you. BUT IF YOU ARE FARMING FOR PROFIT You must have the best and the latest improved in grass and grain cutting machinery. You must have a mower that can cut any kind of grass, be it ever so light or heavy, wet or dry, on level, or uneven and rough ground; a machine that can cut where a horse can walk. If you want such a mower call or address, FRANK KRAUS, 113 North Wolcott St., Escanaba, Mich.

I. O. O. F.

James F. Thompson, Grand Master of California—Linklets.

Bro. James F. Thompson, grand master of the grand lodge of California, was born in Union City, Pa., May 29, 1844. His Odd Fellow record is excellent. He was initiated in Langworthy lodge of Lone Rock, Wis., in 1869, joined Northern Light lodge, No. 156, by card in Monona, Ia., in 1870, assisted in establishing Elkader lodge, No. 804, Elkader, Ia., in 1873, and was its first noble grand, and became a member by card of Fortuna lodge, No. 221, in 1888. In Iowa he served as representative and district deputy almost continually from 1877 to 1888 and was a member of the committee on appeals of that grand lodge when he came to California, May 1, 1888. He represented Fortuna lodge in the grand lodge of California from 1889 to 1891, when he was elected grand warden, in 1892 was advanced to deputy grand master and at the recent session unanimously elected grand master.

J. F. THOMPSON.

The grand lodge of Iowa appoints a reporter each year with its other officers. That is what every grand lodge should have, and especially the sovereign grand lodge, in order that proper and correct news concerning the order may be given to the public.

Pennsylvania, by far the largest grand jurisdiction, and Philadelphia, the city of lodges, should have the grandest temple of Odd Fellowship.

The net gain in membership in Ohio during the past year was 2,064, instead of 1,734, as has been stated, making a total membership Jan. 1 of 60,713.

Instead of making a gain of surplus funds last term the lodges of New Hampshire lost, by the returns, \$2,118.70. Many believe this result to be the effect of the minimum benefit law.

The Iowa Odd Fellows are not behind in making extensive preparations to be well represented at the World's fair. It is evident that the demonstration in September will be a great boom for the order.

Mecca lodge of West Mecca, O., has 80 members and not a single death in the past 11 years.

A recent report received from Manitoba gives that jurisdiction a membership on Jan. 1 of 1,838, being a net increase of 180 during the year 1892.

The grand lodge of Missouri is now composed of 100 representatives and the number of districts increased from 75 to 100.

KNIGHTS OF PYTHIAS.

Splendid Progress of the Uniform Rank. Sword Thrusts.

The uniform rank, the beauty and flower of the order, whose progress has been from the start all that the most sanguine Knight could have wished, has now reached the magnificent proportions of over 42,000 Sir Knights, ever ready to do duty in the cause of friendship, charity and benevolence, honor and purity, and whose fealty to the noble precepts of the order are as lasting and enduring as the lives of this gallant army. The success that has marked the progress of the uniform rank is due to the efforts of that typical Pythian Knight, Major General James R. Carnahan, and his most efficient staff of field officers. General Carnahan is and has been devoting the best years of his life to the upbuilding of this branch of the order, until now its numbers every state and territory in the Union, as well as British Columbia, Hawaiian Islands, Manitoba and Maritime Provinces, as being within the lines of the uniform rank.

Ivy lodge, No. 167, received the honor of turning out the largest amount of money at the New York Pythian Home fair, the amount reaching nearly \$900.

Maryland gained over 600 members in 1892.

Governor McKinley of Ohio was made a Knight of Pythias at Columbus recently. He joined Champion lodge of that city, and the ceremonies were specially elaborate in honor of the candidate. There was a large attendance of visiting brethren from other points in Ohio.

Indiana now has nine regiments, uniform rank, comprising 225 officers and 2,330 men, and the indications are that within the next few months a number of new divisions will be organized that they may attend the supreme lodge session at Washington in 1894.

Knights of the Maccabees.

The average age of the charter members admitted during the past term was 32 years, 9 months and 17 days. New York, with 2,483 charter members, leads all the rest. Pennsylvania comes next with 1,373, Ohio with 1,165, Ontario with 610, Missouri with 596, Wisconsin with 542, Illinois with 541, Indiana with 297, Nebraska with 358, California with 300, Minnesota with 278, Kansas with 230, Montana with 104 and Kentucky with 103.

We have had 303 deaths in the supreme tent jurisdiction during the biennial term, being an average annually of 5.67 to each 1,000 life benefit members.

The average amount paid by deceased members since the organization of the supreme tent is \$30.41; the total amount drawn out by beneficiaries, \$1,021,488. The average time in the order of all deceased beneficiary members is 2 years, 9 months and 6 days.

Of the larger state jurisdictions since organization of the supreme tent, Indiana shows the lowest death rate, 3.75; Missouri the highest, 8.11; Ontario comes next with 8.07, and Wisconsin 7.64; Ohio and Pennsylvania respectively, 4.73 and 4.71; New York, 4.47.

Shield of Honor.

Notwithstanding the warm weather there still continues a general activity. In the 19 Philadelphia lodges there has been an increase of 99 members since June 1, making an average of five for each lodge. The inducement offered to Pennsylvania by the supreme lodge at its last session to increase the present lodge membership has enticed the motive workers, which accounts for the new lodge, No. 30, about to be instituted in the southwestern section of the city. Much hard work will be done during the remainder of the year to secure the prize.

Monuments For the Boundary.

There have recently been received at the Mexican border two carloads of government freight consisting of the new line monuments and other necessities for the work of definitely marking the boundary line between the United States and Mexico. On the old monuments iron plates are to be affixed by means of letters; "Repaired by the boundary commission, created by the treaties of 1882-1889. The destruction or displacement of this monument is a misdemeanor punishable by the United States or Mexico."

The new monuments are of iron, 6 feet high from base to top of square, and 6 feet 6 inches high from base to apex. The shafts are tapering, being about 12 inches square at the base and 10 inches at the top of square, the crown tapering to a point. On one side of the shaft in raised letters is the following: "Boundary of the United States (under which an American eagle appears), treaty of 1883, re-established by treaties 1882-9. The destruction or displacement of this monument is a misdemeanor punishable by the United States or Mexico." These latter monuments will be bolted on the concrete base, 2 feet thick by 3 feet square and placed about two miles and four-tenths apart.—Dallas News.

Wholesale Vaccination.

A few weeks ago the sultan of Turkey had his wives vaccinated. As no female doctor had yet found her way to the Bosphorus there was nothing for it but to admit a medical man to the apartments of the imperial ladies. The devotees of Mohammed need be under no apprehension. The laws of the prophet were not transgressed, nor were the odalisks exposed to the gaze of any other man except their august lord and master. A partition was erected in a room of the palace in which a hole was cut out. Through this hole 167 of the most beautiful arms in the world were thrust forth in succession. There were arms of snowy white and ebony black—in short, arms to suit all tastes—but the doctor, an Italian named Muracci, saw nothing beyond these arms.

The operation was effected in the presence of a crowd of eunuchs, including Manour Ali and Desly Mar. The latter is a stalwart Abyssinian, who covered the head of the doctor with a black cloth at every change of the arms. Later advice from Constantinople inform us that 12 of the prettiest young ladies have suddenly died from blood poisoning consequent on the above operation.—Neue Freie Presse.

Heart Failure No Longer Accepted.

The registration and sanitary committee of the board of health has addressed the following notice to the physicians of the city:

"As the board of health is doing all in its power to prevent the spread of contagious diseases, you are requested not to place on any certificate 'heart failure' as the cause of death, but the disease of which the patient was suffering prior to the heart failure. This term has never been placed on the list of diseases adopted by this board, it being looked upon as a result of some other illness from which the patient was suffering. Furthermore, it furnishes an opportunity to conceal contagious diseases, and thus permits the ignoring of the rules of this board by the family and undertaker, either innocently or designedly.

"Hereafter a burial permit will not be issued on the certificate of death of 'heart failure' when unaccompanied with the disease from which the heart failure occurred."—Philadelphia Times.

Patchwork For Royalty.

An amusing episode occurred the other day in connection with the royal wedding. The Duke of York went with the Princess May to open a new town hall which has just been erected at Richmond. Just before the royal party drove up a very old woman laden with an enormous parcel pushed her way to the front and refused to pay any attention to the protests of either crowd or police. When threatened with "superior force," however, she admitted that her object was to present her wedding gift to the royal couple. On inquiry this proved to be a gigantic patchwork quilt of worsted stockings for the Duke of York. The old lady had made them and was determined to present them herself. It was, however, represented to her that this was an unsuitable occasion, and she retired with the intention of taking them to White lodge.—London Letter.

Summer Sundays In England.

One of the problems of our social life, says an English society journal, is "what to do on Sunday during the summer, and this year it is decreed that the right thing is to betake ourselves to the river. Paddington station on Sunday morning is almost as fashionable as a ball given by one of the upper ten thousand, and in the delightful sunshine which we had all been enjoying Father Thames, its locks and its banks have been bright with the gay coloring of the dresses which it is no longer considered bad taste to affect."

Baking Powder.

DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

History Repeats Itself.

FOR upwards of a decade and a half each recurring season—Spring, Summer, Fall, Winter—has witnessed our store stocked with a line of seasonable goods that has elicited the admiration and appreciation of the ladies of the entire community. Experience has taught us the wants of the community, and we pride ourselves on being able to successfully cater to its wants. With the inauguration of the Fall Season we are showing

A BEAUTIFUL LINE OF DRESS GOODS AND WRAPS.

The likes of which was never before unpacked for the inspection of the public in Delta county. Every article was selected under our personal supervision, and our patrons know what this means. The very latest styles in dress goods; the very latest styles in wraps. Every lady is invited to call, whether she purchases or not.

OUR OTHER DEPARTMENTS

Are teeming with new and seasonable goods, and awaiting your inspection. We did not make our purchases on a hard-times basis; every department is complete. Do not fail to visit our carpet room on second floor.

ED. ERICKSON.

Dry Goods and Clothing.

NEVER

During our business career in this city have we been so well prepared to cater to the public needs as at the present time. Notwithstanding the comparative dullness of the season we bought largely of Fall and Winter goods, which we have marked at a price that will sell them.

Never

Go shopping for Dry goods, Clothing, Boots, Shoes, Ladies' and Gents' Furnishing, or Notions, without visiting our large double-store, where you will find an unequalled assortment of the latest styles and best values to select from, every article guaranteed to prove as represented.

Hardly Ever

Do we boastingly assert that our display is superior to that of others, or that in point of magnitude and excellence our stock eclipses others, but at this time we can scarcely refrain from doing so, knowing that we can substantiate such statement. We invite you to see for yourselves.

I. KRATZE.

IN RELIGIOUS CIRCLES

GLEANED FROM AMONG THE CHURCHES AND THE W. C. T. U.

Swedish Lutheran Social—Mr. Whitney Goner Conference—Mr. Collins to Preach at the Methodist Church.

The Demorest medal contest to be held in the Presbyterian church Tuesday evening, September 19, under the auspices of the W. C. T. U. promises to be very interesting. The best local talent has been kindly given and as only the modest admission fee of ten cents is to be charged, we trust that it will be well attended.

A young inebriate excused himself to a young white ribboner by saying, "My heredity is against me," whereupon she made him this well-instructed answer: "If you had lived up to your best heredity instead of down to your worst, you might have been a man of whom all your friends would have been proud."

Those of the W. C. T. U. ladies who listened to the impressive sermon, preached by the Rev. Mr. Todd, last Sunday evening were highly pleased and regretted that so many of the workers were absent from town and thus were deprived the same pleasure.

The devotional meeting of the Epworth League will be held as usual in the Methodist church, Sunday evening at 6:30. Let all make an earnest effort to be present. Remember the subject, "Personal Responsibility."

The usual services will be held at the Presbyterian church on Sunday morning and evening by the pastor. Subject in the morning "Fellowship," in the evening "Christianity Not a Dogma But a Life."

The Michigan conference of the M. E. church, by resolution, asks for the repeal of the Geary law, says that 125 missionaries and \$400,000 of property will be in danger if it is not.

The next regular meeting of the W. C. T. U. will be held at the home of Mrs. Wadsworth from four to five o'clock Saturday, Sept. 23.

The Rev. G. H. Whitney, pastor of the M. E. church, departed, to attend conference, last Tuesday. He will be gone two weeks.

The Swedish Lutheran ladies gave a social at the home of Peter Olson on Thursday evening.

The Rev. Mr. Collins will preach in the M. E. church to-morrow morning at the usual hour.

The Presbyterian Aid society did not meet Wednesday on account of the Presidency.

Rev. Mr. Eckstrom will preach at Mesoville on Tuesday next.

LOCAL AND OTHERWISE

Amable Desautels, who lives alone in a cabin near Iron River, was attacked in his cabin by three men four days ago and beaten into insensibility. The men then ransacked the place and secured \$200 in cash which Mr. Desautels had procured from the bank the day previous. The robbers evidently intended to kill their victim as his skull was fractured and his shoulder blade was broken in several places.

The steamer W. H. Baraun, of Detroit, is ashore at Pint River, twelve miles south of Marquette, and north of the town, formerly called Centerville. The reports say that the mate ran the boat ashore about 3 o'clock in the afternoon. The tug Arctic has gone from Manitowic to her assistance.

We note that Ferd. Scheidinger is of opinion that the Rockefeller syndicate will have its own way in the ore market, "most of the mines on the other Lake Superior ranges remaining closed." Nobody minds what he says, though; he is "a back number," and a very ragged one at that.

Train robbing is getting to be a recognized "industry." The concern which has just gone into it in the copper country is likely to come to grief, though.

The American McKinleys met at Chicago on Wednesday to elect a chief of the "Clan McKinley." The old clan was wiped out at Culloden in 1746.

The council will hear protest, if any is made, against the reduction of the width of Stephenson avenue on the evening of October 17.

Heat and dust were the causes of many deaths among the "boomers" of the Cherokeo strip. Fifty deaths are reported.

The "trust" in electrical machinery and apparatus called the "General Electric Co." has broken up.

The Knights and Ladies of Honor gave; their late cashier has skipped with the funds.

One Limited First-class Fare With \$2.00 Additional For the Round Trip Harvest Excursions, Aug. 22d, Sept. 12th and Oct. 10th.

The "Wisconsin Central Lines" will run low rate harvest excursions on above dates, to points in Minnesota, North and South Dakota. Tickets will be good twenty days from date of sale, with stop-over privileges to points west of St. Paul and Minneapolis.

For full information, address any of the company's representatives, or
Jas. C. Pond,
General Passenger and Ticket Agent,
Chicago, Ill.

Plumbers Resent a Joke.

At the first session of the national convention of master plumbers, held in Milwaukee recently, Major Middleton, one of the delegates, before the session opened hung some decorations on the wall reflecting in a joking, pointed manner on what he seemed to consider the weakness of his trade. Two of the decorations were illustrated verses satirizing the plumber. One showed in water colors upon a large piece of canvas a plumber in a house dividing his time between his job and the hired girl, the title of which was "The Giddy Plumber." The other showed the plumber after he had been kicked out of the house. Under the gallery in the rear of the hall was the third decoration in the form of a plumber's bill for work, purporting to show the exorbitant charges master plumbers make.

Just before the adjournment of the forenoon session Delegate Weldon of Pittsburg drew the attention of the convention to these features. In bitter terms he denounced them and said they would have to be taken down or he would refuse to sit in the hall. "That picture," he said, pointing to "The Giddy Plumber," is a libelous outrage on this association, and I will not tolerate it. The intent of the placard in the rear of the hall is to slur the honesty of master plumbers and is out of place here. I demand, Mr. President, that these decorations be removed."

Exclamations of approval were heard on every side, and immediately after adjournment the pieces of canvas were hauled down.—Cor. Chicago Inter Ocean.

The Russian Heir to Marry.

The czarowitz, the heir of all the Russias, is betrothed to the Princess Alice of Hesse-Darmstadt, the youngest daughter of the Princess Alice of Great Britain and granddaughter of Queen Victoria. The young lady is just 21, and though her father, who died last year, was not much of a man her mother will be remembered as the princess who died from diphtheria communicated by kissing her sick child. When the eldest daughter of this family was married, the queen and the Prince of Wales went over to Germany to attend the wedding. The festivities were magnificent. The Grand Duke of Hesse-Darmstadt chose that time to take refuge in a distant corner of his palace and contract a morganatic marriage with a Russian noblewoman.

The czarowitz is 25, and he is the young man who was nearly murdered in Japan about a year ago, owing his life to the ready sword of his cousin, George of Greece. Besides being heir to the throne of Russia, a prospective supreme head of the great Greek orthodox church, the czarowitz is colonel of a great many regiments and belongs to several military staffs. Nicholas-Alexandrovitch he was christened. He is a cousin of Marie of Edinburgh, who married Ferdinand of Roumania last February.—Exchange.

Wheelwright Besson's Floating Shop.

Alfred Besson, a wheelwright, who formerly had a shop at 725 Washington avenue North, has built, and now occupies, a boat in which he intends to float down the Mississippi as far as New Orleans. The boat is 10 by 34 feet, double decked and covered with canvas. It has two apartments, one of which is neatly papered, carpeted and furnished. This room contains a folding bed, a bureau, a center table, three chairs and pictures. The larger room contains a workbench, a turning lathe, a chest of tools, a trunk, a kitchen stove and numerous articles used in the kitchen.

The ship will set sail next week and will probably not reach its destination until late in the fall. Mr. Besson will ply his trade on the journey, stopping a few days at each of the towns he comes to. He expects to locate at New Orleans if things are satisfactory, otherwise he will go to Texas. He once made a similar trip down the Red River of the North into Canada and knows what to expect. From Minneapolis to New Orleans by air line is nearly 1,300 miles, and the Lord only knows how far it would be to follow the river.—St. Paul Globe.

The Puzzling Case of Ah Wing.

"Well, this stumps me," said Lawyer G. W. Stapleton the other day as he concluded the reading of a letter from Ah Wing, a Chinaman who is serving a life sentence in the Deer Lodge penitentiary. Ah Wing wrote Mr. Stapleton that he was in for life, and wanted to know what effect the Geary law would have upon him. The law provides that all Chinamen should register at a certain time—May 6. If they are not registered at that time they shall be deported. Ah Wing says the prison authorities would not let him out to register, and he will be perfectly satisfied to go back to China.

This is a condition which the framers of the law hardly looked for, and it is likely the supreme court will be called upon to settle the point. Ah Wing killed three of his countrymen in Beaverhead county three years ago.—Butte Inter Mountain.

Same Old Crowd Every Year.

"Onward and Upward" met "Night Brings Out the Stars." Presently they were joined by "Nil Desperandum," "Life's Mission" and "Outward Bound." Each brushed the dust off his time worn garments, loosened his creaking joints by a little active exercise and greeted the other members of the party as old, familiar friends. Then they all marched off together to the nearest female seminary, where they played star engagements in the commencement exercises and sat down to the banquet of the graduating class.—New York Herald.

How "Summer Colds" Are Caught.

"It is the sudden chilling which makes persons take cold," says a physician, "and when the temperature of the body is high, as in summer, the chances of bringing it down with a rush are many times increased." Which probably accounts for the often remarked upon prevalence of "summer colds"—maladies which are, obviously for the same reasons which produce them, proverbially obstinate.—New York Times

BOLD TRAIN ROBBERY

A TRAIN ON KEWEENAW POINT HELD UP YESTERDAY.

The Robbers Get the Cash Intended For Calumet and Hecla Laborers—The Sum Stated at Seventy-five Thousand Dollars.

A train on the Mineral Range railroad was held up by robbers at the Boston mine location yesterday afternoon and an express "run" stolen. No particulars are given but the amount of the plunder is stated at \$75,000, the major portion of which was consigned to the Calumet & Hecla company—provision for "pay day." It is hardly possible that the robbers can get away with their booty; every thief-taker in the country is after them and they have but one way out—to the south—north, east and west is lake Superior, and to hide on Keweenaw point is impossible.

Later: The following is the substance of a dispatch from Calumet concerning the robbery.

The train coming to Calumet was held up by four highwaymen at the highway about half way between Calumet and Hancock. The engineer and firemen were covered with revolvers by two of the robbers, while the other two ordered the express messenger to put the contents of his safe into a bag which one of the robbers carried. The messenger immediately complied and handed out some \$75,000 or \$80,000 consigned to the Calumet and Hecla mine and which was part of the money to be paid by the mine on its monthly payroll.

After securing the booty the robbers fired a shot and ordered the engineer "go ahead d—d quick," which he did. The whole affair was such a surprise that the passengers knew nothing of the trouble till after the train had started. It is thought that the robbers had horses conveniently near and a boat ready at the lake, from which point they would make for Northern Canada.

The scene of the robbery, the Mineral Range Railroad, is a narrow gauge road running between Houghton and Calumet with branches extending to several smaller mines. The Calumet and Hecla mine gives employment to about 2,000 men. The company pays its employes about the fifteenth of each month. The money taken to-day was sent from Eastern banks by the company. The men who committed the robbery were evidently acquainted with the manner in which the Calumet and Hecla company paid its employes and the day on which the money is usually shipped to the mine.

Jack King, the wrestler, and Joe Kehoe, a sport, who have been in this vicinity some time, were arrested on suspicion of being connected with the plot.

Take Notice.

City Clerk's Office, City of Escanaba. Sept. 15, 1893. Notice is hereby given that sealed bids, for the purchase of five thousand dollars of bonds of the city of Escanaba, redeemable ten years from date, bearing interest at six per cent per annum, payable annually, principal and interest payable in gold or its equivalent, will be received at the city clerk's office, up to noon of Tuesday, October 3rd, next, for submission to the city council. The city council reserves the right to reject any or all bids. All proposals inclosed and sealed, should be addressed to:
HENRY WILKE, City Clerk,
Escanaba, Michigan.

National Provident Union.

As the reports of the members of congress on the acts of the recent session of congress of the National Provident union are given to the various councils it becomes evident that a general feeling of satisfaction and approval of its work is pervading the entire union. The reforms inaugurated and the changes in the constitution and laws of the organization passed at this session are such as have for a long time been desired by many of the leading citizens, and it is becoming evident that a new crusade is to be or has already been commenced that will add largely to the membership. The adoption of the \$500 bond and the law permitting membership at large where no councils exist should have the effect of spreading the influence and membership of the order in many places where its name is now unknown.

Knights of the Golden Eagle.

The fourteenth annual session of the supreme castle, Knights of the Golden Eagle, was held in Baltimore. Representatives were present from 17 grand castles out of a total of 19.

Supreme Master of Records Culbertson's report showed the receipts of the year to have been \$12,180.73 and the expenditures \$10,992.70, leaving a balance of \$1,277.94.

There are 70,000 members in the 42 states. The death benefit fund has a membership of 4,042. The receipts and expenditures of the various funds were as follows: Beneficiary fund—receipts, \$54,232.75; expenditures, \$33,701.90; balance, \$20,530.85. Expense fund—receipts, \$4,135.29; expenditures, \$3,511.33; balance, \$623.97. Reserve fund—receipts, \$2,756.38; balance at last report, \$3,133.50; invested, \$2,000; balance in hands of supreme keeper of-exchequer, \$2,889.78.

A Talking Donkey.

The secret of teaching donkeys to talk is said to have been bought from a Tunisian chief by a French impresario for the sum of \$350, and at least in one case it has proved a success. The wonderful animal in question, which has not yet appeared in public, though it will shortly do so, does not indeed carry on connected conversations, but can clearly articulate a large number of phrases in both the French and English languages.

Professional Cards.

F. A. BANKS, D. D. S.
DENTAL OFFICE,
501 Wells Avenue, Escanaba, Mich.
Office hours 9 to 4. Established 1877.

NEWS CONDENSATIONS

GLEANINGS FROM ALL QUARTERS OF THIS GLOBULAR WAD.

The Most Readable News of the Week Briefly Chronicled.—The Countries Across the Big Pond Contribute Their Share.

Li Hung Chang, the Viceroy of China, advises his master, the emperor, to banish all foreigners from China and that means go, for Li is the ruler. He wants to be rid, especially, of the Englishman.

A. W. Hamilton, president and superintendent of the Ann Arbor water company, is an embezzler—owns up to \$2,400—and the receiver says the company is wrecked.

Italian miners at Bending, Pa., rioted last Sunday night and there was much danger but cool heads controlled matters and bloodshed was averted.

Nansen, the Norwegian explorer, is now fast in the polar ice-pack and Grossman & Co., wholesale grocers, Milwaukee, burned out last Sunday.

Alfred Wise, of Lansing, one of the founders of the prohibition party in Michigan, hanged himself last Sunday. He was sixty-six years old.

The office of the Adams Express Co., Akron, Ohio, was looted on the 8th. The loss was \$8,000 and there is as yet no clue to the thief.

A wholesale establishment for making counterfeit dollars has just been broken up in Georgia and twenty-three arrests made.

The largest gas well in the world—producing fifty million cubic feet a day—was struck in the Findlay field last Tuesday.

An attempt to escape from the Massachusetts state prison, by four of the worst men in it, was nearly successful.

Barrett Scott, who robbed Hill county, Nebraska, of \$104,000, is in arrest in Mexico and will be brought home.

The Eddy-Ave. mill and salt block at Bay City was burned last week. Loss \$100,000; insurance \$65,000.

California democrats call the president a republican—they would say a worshipping if they could imagine one.

The iron masters of the country have been before the ways and means committee this week, to no purpose.

The school at Fairbault, Minn., Bishop Ireland's pet, is closed. Catholics and Protestants disagreed.

Dunraven's yacht, the Valkyrie, is long overdue and fears are entertained that she has come to grief.

An eight-foot vein of quartz carrying \$10 to the ton in gold has just been found at Hortonville, Wis.

French newspapers and orators take up the old phrase—"perfidious England"—and howl for war.

PERSONAL AND SOCIAL

CONCERNING THE MOVEMENTS OF OUR OWN AND OTHER PEOPLE.

The Iron Port Reporters Gather in a Goodly Gist of Items Concerning Well Known People and Their Movements.

John V. Bunn, who a few months since commenced work on a city directory and was obliged to abandon the same on account of sickness, is improved in health, but owing to the dullness of the season will not resume work on the directory at the present.

The Rev. Dr. and Mrs. Todd, Mr. and Mrs. Ed. Erickson, Mr. and Mrs. Ole Erickson, Mr. and Mrs. Beggs, Mr. and Mrs. E. Van Valkenberg, and their families picnicked at South Park last Saturday.

Pat Glynn returned from Port Arthur on Tuesday. Pat didn't do much fishing; he considered that the \$5 license would buy more fish than he could catch in a month.

Ed. Erickson has spent the week in Chicago buying new goods. Mrs. Erickson and Mr. and Mrs. Anthony went down Thursday, and all will see the Fair.

Mr. and Mrs. Westheimer leave this evening for a week's stay at the lake. Max will also replenish The Model's stock while absent.

Jas. Lennon, of Appleton, well known here, wants Grover to appoint him United States Marshal for the eastern district of Wisconsin.

C. A. Wixson has been attending at the Great Camp of the Maccabees, and will visit the World's Fair before his return.

Ted. Turner returned Tuesday evening from a business trip to Crystal Falls and Florence. He reports those towns dull.

Judge Northrup took all the little Northrups and Bentons, his grandchildren, and went to the fair, where he now is.

John Sheedo, of Nabma, returned home on Monday, after a few days stay in this city with his father and brother.

Mrs. Geo. Steiner, who recently took a header while riding a bicycle, and broke her arm, is getting along nicely.

Wm. Timm is down with a fever, and the old boy has none too much strength to combat it successfully.

Mr. Lewis Van Winkle passed home, from a visit to the Columbian exposition, on Tuesday.

John Barras goes to take a course in electrical engineering, to the Armour Institute at Chicago.

License to marry was issued on Thursday to Felix Mayoyit and Delina Robarge, both of this city.

Theodore Farrell and wife were among those who answered roll call at the fair on Michigan day.

Mr. and Mrs. Wixson attended the Hancock-Ewald wedding at Gladstone last Tuesday.

Geo. Preston, Ed. Voght and Chas. Asp. spent a portion of last week up the Whitefish.

UPPER MICHIGAN NEWS

THE LIBERAL SCISSORING OF EX-CHANGES FOR PORT READERS.

The Exchange Editor Profits From Careful Perusal of the Newspapers Published in this Peninsula. Latest Intelligence.

The Menominee Herald says "Logging on the Menominee river according to the present outlook, will not be pushed with much vigor. What men the companies had in the woods have been taken out, and there is a waiting to see what an early future will develop before sending more men in. The Herald completed its 30th year with its issue of Thursday and The Iron Port extends congratulations, and wishes it a century more of prosperity.

The Drill says: "The stockpiles about the Crystal Falls district are now pretty well cleared up. With the sixty thousand ton lot at the Great Western shipped, the entire district would be in condition for immediate benefit when the market brightens. It is highly improbable that the Great Western stockpile will be shipped this year, however."

In Judge Haire's court, last week, the editors of the Calumet Conglomerate were fined \$1,000 for an alleged libel of J. A. Thibault, one of the teachers in the Lake Linden parish school. The Conglomerate says: The defendants appealed to the Supreme court and confidently expect an order for a new trial.

Shipping police justices report that the morality of the city is something positively frightful at present. Owing to the scarcity of currency there are no drunk and disorderly cases at all and officers and judges are yawning from ennui.

J. Q. McKernan has been appointed postmaster at L'Anse. He held the office during Cleveland's first term. A protest against the appointment is made by friends of other aspirants alleging that McKernan is not a democrat.

An Ishpeming business man, at Chicago to see the fair and the elephant, was steered against a "stud poker" game and beaten for all his stuff, but he got it back, by the help of Inspector Shea, and won't do so any more.

In a fight among Italians at Iron Mountain last Tuesday, Nicolo Maronti stabbed Dodero Passario in the neck, inflicting a wound two inches deep. Passario is likely to die. Maronti is in jail.

A dispatch from Milwaukee says that arrangements have been made by which the Sunday Lake and Gogebic mines will resume operations within a few weeks and all the employees will be paid up.

Capt. John Blythe, of the Quincy copper mine, died last week Friday, after an illness of only an hour or two. His doctor says, however, that his condition had been precarious for a long time.

The flurry in the eastern money market being over, Alger, Smith & Co. have decided to go on with the work of completing their railroad to Grand Marais and building a dock at that point.

We don't want to be too inquisitive, Major, but we would like to know what kind of a woman makes a "deterious housewife on the hot girle."

The Ontonagon box factory has closed down, the orders being all filled for the present. It is hoped to start up again in about two weeks.

The Lake Angelina is again working full force and full time, but has all the men it can employ and many miners are still idle.

A rumor that work had been resumed at the "action 16" mine of the Lake Superior company was too good to be true.

Laborers on the sewers at Marquette kicked about the pay—\$1.25 a day—and attempted to stop the work. They failed.

Tom Filbin, a tough from the other side of the river was wounded, probably fatally, by officer Burns, of the Soo.

Negamue has too much typhoid fever—not an epidemic, but twenty-five cases—and the Teal lake water is blamed.

Creditors of the State Bank of Crystal Falls will lose nothing. As to stockholders it's a question of how much.

NOTES ABOUT TOWN.

Forest fires prevail at all points but the one that furnished us such a dose of smoke yesterday was in the swamp between here and Ford River.

When the clouds turn loose their stores of electricity the manufactured stuff gets out of the tray—there's nothing else to do, and be safe.

Grace Lloyd was arrested for stealing money, but there being no evidence against her she was discharged.

A thunderstorm cleared and cooled the air yesterday afternoon, and checked down the forest fires.

The boys are getting great strings of perch from the feeding sounds off Squaw Point now-a-days.

Mr. and Mrs. John Fisher lost their little daughter, only a year old, Thursday.

Milk will soon go up two cents per quart. There will be no rise of cream.

Gladstone has 482 children of school age, an increase of 118 over last year.

Ed. Voght has christened his place of business the "Mountain Drag store."

The "old mill" at Flat Rock, closed down temporarily last Saturday.

The Bell Clothing house has removed to No. 904 Ludington street.

Escanaba has been well represented at the fair during the past week.

L. Rosenthal now occupies the building lately vacated by G. M. Bice.

Ludington street needs sweeping. A job for the unemployed.

Typhoid fever cases are on the increase at the county hospital.

Mr. and Mrs. Bogren buried an infant child on Thursday.

Three foreigners "took out their first papers" this week.

Mrs. J. Larson, of Ford River, died on Wednesday last.

Escanaba's poor cost the city nearly \$250 in August.

It Should Be Done.

Cholera spreads to every country in Europe and will cross the Atlantic to our shores unless some stringent measure of prevention be adopted.

Resolved. That, in view of the prevalence of Asiatic cholera in Europe at the present time, and the constantly increasing number of foci of infection, immigration from European countries in which cholera exists should be temporarily suspended, as this action affords, in our opinion, the only certain means of averting a threatened invasion of the American continent by the disease.

The administration and congress should spare time enough from office giving and windy talk to take action.

Manufacturing Bank Notes.

A new principle has been suggested in the manufacture of bank notes. If a sheet of paper be plunged into a mixture of various coloring matters, each color will penetrate into the fiber with a different degree of speed and the paper will present a streaked appearance, each brand having a distinct color. It would be impossible to imitate these effects without an exact knowledge of how the mixture of colors was made. If a drop of the mixture of colors be allowed to fall on a sheet of paper, a number of rings, each having a determined size and shade, will be developed, and thus imitation will be rendered even more difficult.

The Police Mill.

Herman Niland was arrested at North Escanaba by officer Campbell on Wednesday charged with disorderly conduct. He was arraigned in Justice Stonehouse's court, where he paid a fine of \$5 and costs.

A Sorrowful Return.

The Rev. Joseph Holt, of Chippewa county, who was in attendance on the session of the Lake Superior Presbytery here, was summoned home Wednesday by the intelligence of the fatal wounding of one of his sons by the accidental discharge of a gun in the hands of another. The son killed was nineteen years old.

Smoke and Fog.

The fog from the bay and the smoke from the forest which commingled in our atmosphere yesterday morning made twilight of high noon. At eleven a. m. one could not see a block along the street distinctly enough to recognize persons, and for "breathing timber" it was barely endurable.

Not so Serious as Reported.

A rumor prevailed yesterday that a train wreck on the Milwaukee & Northern road had destroyed a score or more lives, but run down by a reporter didn't hold until there were no deaths and only one person injured. A culvert, near Coleman, burned out by forest fire was the cause of the wreck.

It's a Corker.

The health ordinance of the city of Menominee, a copy of which is sent us, is a corker. Fifty "rules," divided into eleven "sections" ought to keep the Menominites healthy—will certainly keep them busy for a while, learning what they must not do. All the same it is a good ordinance.

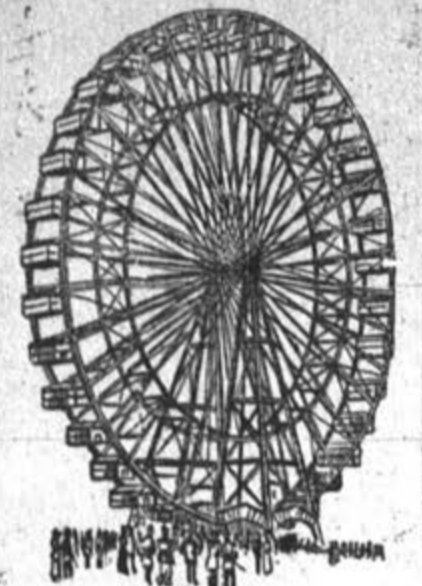

Minnesota's Resources.

A pamphlet, "Minnesota, Its History Resources and Advantages," prepared by the World's Fair commission of that state is received. It is exhaustive of its subject and can hardly fail to attract attention and immigration to the state, but who ever saw "an Indian maiden" with a Greek face and red hair?

A BIRDSEYE VIEW.

The grand lodge of Tasmania has 22 lodges, with 536 members, and has a balance in its treasury amounting to £118 10s. 8d.

Punctuality on the part of the officers and promptitude in the dispatch of business will make a lodge more popular than anything else that can be devised to pass over idle hours.

Eastern Star headquarters at the World's fair will be found in the northwest corner of the organization room in the Woman's building near the Sixtieth street entrance.

The absolute relinquishment of guardianship must accompany the nomination of an organ to the New York home, and transportation and attendance to the home of applicants accepted by the trustees must be provided by the lodge or district making the nomination.

Grand River lodge of Grand Rapids has the second largest membership in the world. It numbers 589, and the largest is a Connecticut lodge which has about 630 members.

The new postmaster of New York city, Charles W. Dayton, is a well known Mason and has for years been connected with the order in Harlem.

RED MEN.

Degree of Pocahontas a Benefit to the Order—Also, the Trail.

The tribe is wise which calls to its assistance in its fraternal, benevolent and charitable work the valuable co-operation of woman, and in the degree of Pocahontas our wives, sisters, daughters and sweethearts can render aid that will honor them and increase the influence and prosperity of the whole order.

If you have no Degree of Pocahontas council in your hunting grounds, supply the omission at once, and the benefit to your tribe and to the order will be certain and immediate.

Wamscott tribe of Stoneham, Mass., has again suffered a severe loss by the burning of their wigwam. This is the second time the tribe has experienced a loss within the past two great suns.

There are 500 members of the Degree of Pocahontas in Lynn, Mass., and 2,000 more within a radius of 20 miles.

During the past great sun Annawamscott council, Degree of Pocahontas, No. 16, of Natick, has held 24 regular councils, with an average attendance of 32.

Pokahoket tribe, No. 20, Keene, N. H., numbers 180 members and is one of the best tribes in the reservation of New Hampshire.

A. O. U. W.

The Age Limit Reduced by the Supreme Lodge—Degree of Honor Notes.

Following is the amended section of the constitution relative to the age limit: "No person shall be admitted to membership in the order except he be a white male of the full age of 21 years and under 45 years of age at the time of receiving the workman degree, and unless he be of good moral character, in sound bodily health, with no main or defect calculated to shorten life or to render it more uncertain, capable of earning a livelihood for himself and his family, and is a believer in the existence of a Supreme Being, the Creator and Preserver of the universe, and shall possess such additional qualifications as may be prescribed by the various grand lodges, subject to the approval of the grand lodge."

The supreme recorder was voted a permanent clerk, salary \$50 per month. Manitoba, with a total membership of 1,31 at last supreme report, has had no assessment for past three months and had but four calls during the first quarter of the year.

Junior O. U. A. M.

At the recent session of the national council in Detroit consideration of the new code of laws proposed was deferred. Some changes were made in the ritual, and the political paragraph of the declaration of principles was reaffirmed. The proposition to increase the minimum age of membership from 16 to 18 was defeated, leaving it as formerly. John G. A. Rieker of Ohio was elected national vice counselor, defeating D. F. Anderson of the same state by a vote of 32 to 24. The next session will be held at Asheville, N. C., in June, 1894.

The West Philadelphia councils already are making preparations for a big time on Labor day, when a mammoth flag will be unfurled over the Belmont public school at Forty-first and Brown streets.

The report of the national organizer, Stephen Collins, was a remarkable showing of the results attainable, by persistent and intelligent effort, in untrodden fields. Since February, 1892, when he assumed the position, up to the present time, he has instituted seven state councils, and the territory in which he worked now contains 110 councils and 5,000 members.

The total membership of the order is about 180,000, of which 80,000 are located in Pennsylvania.

Nobles of the Mystic Shrine. The order of the Mystic Shrine in the United States now numbers over 30,000 members. This is wonderful when it is taken into consideration how high the standard of eligibility has been fixed. No one can receive the order but a Knight Templar or a thirty-second degree Mason of the Scottish Rite, and a very large proportion of the Templars are Masons of that rank in the Rite. Hence the field from which the Shrine novitiate must come is necessarily limited. Comparatively speaking, its introduction in America has been very recent, and when the foregoing facts are taken into consideration it may be truly said that the Shrine holds the best record for the matter of rapid growth over any secret order the world has ever known. Regarding the pleasant features of the organization, it may be appropriate to state that the Shrine "has laughed and grown fat."

BRICK AND MORTAR BATTLESHIP.

A Unique and Interesting Exhibit at the World's Fair.

Among the curiosities at the World's fair is the Illinois, often mentioned as Uncle Sam's brick and mortar cruiser. It is apparently an exact duplication of the cruiser Oregon and is completely down to the most minute details.

THE ILLINOIS.

There is also the full complement of smaller guns and a conning tower for the protection of the pilot, armored with 12 in. h. plate and fitted up with speaking tubes and electric bells. The Illinois has all the latest improvements and burns 500 16 candle incandescent lamps when fully illuminated. Each of her searchlights has 38,000 candle power.

From Far Jamaica.

There is a good deal of Santa Cruz in the Jamaica exhibit at the World's fair, not only of the rum for which that port is famous, but for many other things. Among the new things is the kolant, which is said to make a more nourishing and healthful and a better article of food than either coffee or cocoa.

SCENE IN SANTA CRUZ, JAMAICA.

Jamaicans are planting it liberally and make a great display of its products. Dried banana is another new thing to our people, but ought to become very popular, as it has all the flavor of the fresh fruit and does not spoil by keeping.

The display of fancy tropical woods includes 240 specimens, all cut from the tree and having the bark on one side and a polished surface on the other. Mahogany, rosewood, ironwood, boxwood, satinwood, anise, tamarind, ebony and many others are to be seen, such as are used in the most costly cabinet and decorative work.

Of Interest to Farmers.

What is there at the World's fair of especial interest to farmers? The answer to this question is of course that the Agricultural building is filled and running over with attractions. But this is not all by any means, for in several of the state buildings, delightfully and properly devoted as so many are to public comfort, will be found displays deeply interesting and valuable to the agricultural classes. And particularly is the west notable in this regard, for scarcely a sundown state is to be found in the entire list that has not its magnificent exhibit of specialties of corn and wine and oil and every other product of the soil which made Canaan truly an Eden after the wilderness to the wanderers of old.

Alaska's World's Fair Exhibit.

Many thousand Americans visit the Alaska exhibit at the World's fair for patriotic reasons and find that the Indian village is well worthy of a visit for itself. The big war canoe alone is a

ALASKAN INDIAN VILLAGE.

show. It is of red cedar, and though 50 feet long and 7 feet wide was dug from the center of a single tree trunk. Many other odd looking boats, such as the natives use for fishing and hunting otter and seal are suspended about the gallery, and there are any number of quaintly carved utensils for domestic use and articles of personal adornment. There is quite an elaborate collection of pipes, some of wood and others of bone or metal. The totem poles are the most curious things about the village. The Indian puts his totem, or coat of arms, on everything that belongs to him, but he will sacrifice all his wealth to erect a handsome totem pole. Some of those in the village cost the equivalent of \$2,000.

To the Fair in a Steam Wagon.

W. H. Sanders of Alliance, O., is building a steam wagon in which he proposes to travel to the World's fair. The engine, which will be mounted on a wagon, is of two horsepower capacity. Locomotive power will be attached to the hubs of the rear wheels and run with an endless chain.
