IT IS A CONDITION AND NOT A THEORY THAT CONFRONTS US!

The condition is that labor produces less money than formerly. The consequence is that goods are made cheaper; many merchants sell goods for the same prices as former years. The fact is things cost much less. The actual difference is about 17 per cent. which means that the dollar's worth of goods of former years can be Sold for 83 cents. By a judicious curtailment of expenses we have reduced them 8 per cent. That, with the 17 per cent, enables us to sell you a dollar's worth of goods, [old prices] for 75 cents.

THIS IS A BUSINESS PROPOSITION! A HARD PILL FOR COMPETITORS, PERHAPS!
