## REPUBLICANS VICTORIOUS

### National State and County Tickets Elected by Large Majorities.

### The Democrats All-Howl-and-No-Cider Game Would Not Work.

### The Result in Delta County by Wards and Townships.

Once again the people of the United States have spoken and for the second time the decision has been for William McKinley and against William Bryan; for protection at home, prestige abroad, expansion, sound money, the open mills and the full dinner pail, and against free trade, free silver and the various anti-isms promulgated by the allied trio of parties to which the boy orator of the Platte belonged. Two such rebuffs should be enough to teach even Bryan that he is not wanted to pilot the great ship of state and henceforth he must play a minor part on a less conspicuous stage in the national play.

The campaign which closed with last Tuesday's election has been a remarkable one, not alone for the reason that the same two leaders were pitted against each other as in 1896 but from the fact that the real issues of the campaign were kept in the background while a half dozen of so called "paramount" issues, isms and anti-isms were paraded before the public to direct their attention from the fact that they were simply fighting over the battle of four years ago.

Another unusual feature of the campaign was that it was not merely an array of the two leading parties, but was the republican party against practically all the others.

Yet despite all these contending conditions the victory was greater than the expectations of the most sanguine, greater than any of history and the reason of it was that men voted for Mr. McKinley who believe in free trade and not protection. Men voted for him who disapprove strongly of his Philippine policy. Men voted for him and boasted that until 1896 they had never voted for a republican, because they felt assured that in his hands the honor and dignity of the republic were safe. They were as much opposed as ever to the free and unlimited coinage of silver at its present ratio and felt that with Bryan in the White House, chaos would reign. Never again will free silver have the support of a great national organization and when the democratic party rehabilitates itself it will discard more than free silver. It will contend that the independence of the supreme court must be maintained and not overthrown and the sooner this is done the better it will be for both the democratic party and the country at large.

It was a republican land slide, starting in the New England states and sweeping across the country to California, from where the glad tidings floated across the bosom of the Pacific to the Philippines and carried with them the sentence of death to Aguinaldo's hopes and the insurrection which for months past has lived only through the prospects of a victory to the anti-expansionists. As the news of the result was clicked over the wires the people of the country rejoiced in the assurance of four years more of our present prosperous condition. Nor were these evidences of satisfaction manifest in this country alone, for from foreign lands, the nations with whom we have been brought into closer contact by the conservative management of our national affairs, come words of congratulations and the hearty assurance of a continuation of these conditions.

Four years more of national and individual prosperity. Four years more of industrial activity; of increased employment at good wages; of an expanding export trade; of an enlarged commerce and of the "full dinner pail," emblematic of all these conditions. It means four years more of a stable government, of an honest currency, the honest payment of obligations, both national and private. Four years more from appeals to class legislation, from attacks upon courts of justice, from menaces to industry and from business uncertainty. It means four years more of continued opposition to everything implied by Bryanism, but this will be an easy struggle and lastly it means four years more of

the prudent administration of William McKinley.

The people of Michigan who aided in the re-election of President McKinley can feel doubly elated over the victory, for with it comes an equal one in their own state in the election by an overwhelming majority for Aaron T. Bliss for governor and the entire state ticket, together with large majorities in both the senate and house of representatives. Coming down near home the republicans of the upper peninsula have an additional satisfaction in the re-election of Congressman Carlos D. Sheldon of Houghton from the Twelfth District. Not is this all, for in the Thirtieth senatorial district, Oramel B. Fuller of Ford River, so well known to the people of this city that he is looked upon as a fellow-townsmen, defeated his opponent by a majority that has never been excelled and in the Delta Legislative District, George P. McCallum of Manistique will retain his seat in the House of Representatives by but a slightly reduced majority, despite the very bitter opposition given him throughout the district by the liquor interests.

Both of Michigan's United States senators are republicans. J. S. Burroughs of Kalamazoo, will retain his seat, and the other one is not yet named. Every one of the twelve congressmen elected in the state are republicans making the victory as complete as any that has occurred in the state for many years. This brings us down to Delta county where the character of the republican victory is quite up to that in the state and nation. From the Judge of Probate down to coroners the entire ticket was elected by majorities which vary from 465 to 2,000, the first number representing the majority given T. B. White, and the latter approximately what John Cummiskey secured for Prosecuting Attorney. A summary of the county vote together with figures on the national and state results is given below.

McKinley's majority in the city of Escanaba was 490, every voting precinct helping to swell the total. For Bliss the vote was practically the same but on the county ticket the majorities were smaller, with the exception of Cummiskey and one or two of the candidates for minor offices. Gladstone gave McKinley a majority of 263, but like Escanaba and a number of the townships its results showed the effects of scratching both ways on the county ticket. The returns from the townships were slow in coming in and owing to the fact no detailed statement of majorities could be secured until late yesterday. Quite a number of the election commissioners failed to make any returns for the vote on the constitutional amendment and proposition to bond the county for \$20,000 for the erection of a new jail and sheriff's residence.

However, there was at no time any doubt about the adoption of the first of these propositions and it will have a very large favorable vote in Delta county and throughout the state. It is also quite certain that the jail bond proposition was carried although the vote in some precincts was decidedly against it. The attempt of the democrats to secure the Scandinavian vote by placing Gust Johnson of Gladstone on their ticket for sheriff was fully as great a failure as was the ungrateful and traitorous action of O. V. Linden in his vigorous campaign against T. B. White through a desire to be avenged because of his defeat in the convention.

While these attacks resulted in decreasing the majorities of both Mr. White and Mr. Roberts to less than half of what they would otherwise have been, they at the same time failed utterly in their purpose and have left their ignominy with the ones who promulgated them. As for the Scandinavians they are still as strong in their adherence to the republican party and its principals, both locally and otherwise, and Mr. Linden has brought upon himself the well deserved condemnation of his

own party, and the disgust of all honest and fair dealing democrats. The following is a summary of the vote in the various wards and townships in Delta county.

## KILLED IN A WRECK.

### George Kell of Wilson Crushed Beneath His Engine.

### FATAL ACCIDENT NEAR FLORENCE.

### Rail Spreads on Commonwealth Branch Allowing Engine to Topple Over Killing Fireman and Injuring Two Others.

George Kell of Wilson, a fireman on the Commonwealth branch of the Chicago & Northwestern road, was killed and two fellow trainmen were quite seriously injured in a wreck that occurred near Florence Monday afternoon about 5:30. The train crew was in charge of an ore train and Conductor John Schwabe was riding on the engine at the time of the wreck. When near Florence the train struck a loose rail which spread causing the engine to leave the track and topple over.

The accident was so unexpected and sudden that none of the men had time to jump and all three went down with the engine. In leaving the track the engine and tender separated, one going on each side of the track and a half dozen ore cars were piled in a heap between them. The first man to escape from the wrecked engine was Engineer Timothy Hogan, of Green Bay, who had received a severe scalp wound and was bruised internally. With the assistance of the two brakemen, who were riding in the caboose, he was soon engaged in the work of rescuing his less fortunate companions.

Conductor John Schwabe was found pinned under the wreckage apparently lifeless and it was with great difficulty that he was finally extricated and restored to consciousness. A physician, who was called from Florence, found that he had sustained several broken ribs, a number of severe scalp wounds and was probably internally injured, but expressed the opinion that he would recover.

For some time after the accident no trace of Kell could be found, but after a portion of the wreckage had been removed his lifeless body was disclosed crushed beneath the weight of the engine. For more than an hour the rescuing party worked like beavers before the body of the luckless fireman was removed and prepared for shipment to the home of his parents, Mr. and Mrs. William Kell at Wilson. With the rescue of the trainmen accomplished the work of clearing away the wreckage and repairing the track was at once commenced, but this was not completed until some time Tuesday.

Fireman Kell was about 22 years of age. He was an expert bicyclist and was well known in Escanaba where he has visited frequently, having participated in a number of bicycle races here. Engineer Hogan was taken to his home at Green Bay on Monday evening's passenger, and while he will be confined to his bed for some time it is not thought that his injuries are of a serious nature. Conductor Schwabe resides with his family on West Ayer street in this city. He was brought to Escanaba Monday night and placed in the Delta county hospital, where he is reported to be improving as rapidly as can be expected.

The Commonwealth branch is an ore road branching off the Crystal Falls main line and providing an outlet for the ore from the Davidson and several other mines of the Menominee range. The wreck was one of those unfortunate affairs which could not be foreseen and though evidently due to carelessness in keeping the track in proper repair, no especial blame can be attached to any particular individual.

## MUST LOWER TRACKS.

### Street Car Line and E. & L. S. Road to Cut a Grade at Wells.

The Escanaba & Lake Superior road must cut its grade at Wells, where the street car line crosses its track, eight feet in order that ore trains may be handled inexpeditiously when hauling commences over its line by the Chicago, Milwaukee & St. Paul company next season. Both the railroad and street car company will do the work this fall.

## OLD WINTER'S VEIL.

### is Spread Over the Face of Escanaba Once More.

The first real snowstorm of the season visited Escanaba on Wednesday of this week. Great, large fluffy flakes of "the beautiful" floated down from the sky in such profusion that the ground was soon covered with a white mantle, while millions of the soft white particles of congealed moisture went scurrying through the air on the wings of old Boreas, and

plastered themselves against buildings, posts and fences, or dropped to the street and was soon melted.

The storm commenced in the early morning and kept up with varied fury, but without intermission until the middle of the afternoon. It was the first touch of winter and the perfect whiteness of the veil which it spread over the face of nature, gave to all who witnessed it a mingled pleasure and sorrow, as it betokened the early close of the autumn season and the near approach of the long and dreary winter months.

## ISHPEMING VICTORIOUS.

### Win Championship of the Upper Peninsula at Menominee.

Ishpeming's High School foot ball eleven defeated the Menominee Highs and won the championship of the upper peninsula, on the latter's gridiron last Saturday afternoon. The victory was an easy one and the victors piled up a score of 16, while the vanquished team was prevented from scoring a single point.

The result is not at all surprising to the various other teams that were interested in the game, for the Menominee eleven was one of the weakest teams in the entire peninsula, notwithstanding the fact that they defeated Escanaba.

On Saturday, November 17, the victorious Ishpeming's will go to Ann Arbor to meet the championship team of the lower peninsula, in a game to decide the state's champions. In the event the upper peninsula boys win this game they will arrange for a game with the champion Wisconsin Highs for Thanksgiving Day.

## RESISTED AN OFFICER.

### George McCormick Gets Disobedient and is Sent to Jail.

George McCormick, a lumberman, was arrested Saturday night for disorderly conduct and resisting an officer. McCormick, who is about 35 years of age and has been employed in a logging camp on the Escanaba & Lake Superior road, was raising a disturbance in a west end saloon and the patrol wagon was called.

The trouble was over by the time the officers arrived and upon his promise to behave, McCormick was not arrested. A half hour later a second call came and this time Officer Nelson placed the offending lumberman under arrest. The man resisted and succeeded in biting Officer Nelson's thumb quite severely before he was subdued. He was arraigned before Justice Emil Glaser Monday morning and fined \$25 and costs, in default of the payment of which he was sent to jail for thirty days.

## ARE AFTER DEER.

### Party of Escanabans Leave for a Two Weeks' Hunt.

For the next ten days the deer around the headwaters of the Little Sturgeon river near Metropolitan will have to be unusually wary if they escape from the rifles of the five Escanaba sportsmen who are camped in that vicinity for a two weeks' hunt. Already several of the fleet footed denizens of the forest have fallen as trophies of the prowess of these hunters and the carcasses are now being offered for sale at local meat markets.

The party consists of Chas. Ehnerd, E. W. Wickert, Conrad Kifer, John Richter and George Sairs. They left Escanaba Wednesday morning with a complete camp outfit and provisions for a two weeks' stay. Mr. Sairs was engaged as the camp cook.

## WEDDED AT ISHPEMING.

### R. D. Ewing and Miss Minnie Broad Married Last Thursday.

The wedding of Richard D. Ewing, superintendent of the public schools of Escanaba, and Miss Minnie Broad of Ishpeming, occurred at the home of the bride's uncle and aunt Mr. and Mrs. John H. Paynter, on Thursday of this week. The announcement of their engagement was made some time ago, but the exact date of the wedding was known only to a select few.

The young couple is at present enjoying a honeymoon trip, but will be at home to their friends after December 1; in this city. Mr. Ewing is a young man of sterling character and during his residence in this city has made a host of friends who will wish him a long life of happiness with his life's partner.

## Forgot His Number.

At an early hour Tuesday morning some unknown person attempted to gain an entrance to the residence of Emory Hoffman on Mary street, but was frightened away by a voice from within. Burglary is not suspected, but it is thought to have been some one who was out getting the returns and forgot his own number.

## New Train Schedule.

The first train over the extension of the Escanaba & Lake Superior road to Channing will be run early next week, when a new train schedule of the Escanaba road will be announced.

# The Iron Port

THE IRON PORT COMPANY.

Telephones: Finch, No. 163; Bell, No. 2.

SATURDAY, NOV. 10, 1900.

With the re-election of William McKinley to the presidency the present prosperity of this commonwealth will continue, and Escanaba will receive her full share. Since wresting the affairs of government from the democracy four years ago the people of these United States have enjoyed a condition of plenty unparalleled in the history of the country, and by their votes on Tuesday last expressed themselves as satisfied with the republican administration and its management of national affairs.

A retrospective glance at the advancement made by Escanaba during this period is only a fair example of the general prosperity which has obtained throughout the land. Right here in our midst four years ago poverty and want held full sway. Breadwinners willing to earn a livelihood for their families were unable to find employment at any price. But with the inauguration of the party of protection to American industries and the party of sound money the clamor soon ceased. There was an abundance of work for the unemployed, and want for the absolute necessities of life disappeared, and happiness and contentment again reigned. The people forgot not those dark days of democratic rule when they went into the booth on Tuesday, and as a result of their action we shall have, for at least four years more, a continuance of that prosperity which has been made possible by the republican party.

Mr. Bryan's "paramount" issue failed to win for him the presidency and the American people may thank lucky stars that free silver, free trade, imperialism and all the other isms of the democracy are relegated to oblivion, temporarily at least.

F. F. Hodgson, former British vice-consul at Bremer-Haven, has been arrested, charged with stealing a secret code book from the foreign office, and trying to sell it to a foreign power. Hodgson is convicted, and a coterie of enemies of the government in London decide to make a martyr of him, Great Britain will have all the materials for a first-class Dreyfus case of her own.

Judging from local sentiment, if, two years hence, the ladies of Michigan are permitted to have a voice in affairs political the Hon. Chase S. Osborn will receive a unanimous nomination for governor.

Russia is to place orders with American ship builders for five new battleships during the next year, involving the outlay of more than \$20,000,000.

The difference between "Coal-Oil Johnnie" and Boni Castellane is that Johnnie could go back to work after his money was "blown."

But how could the czar reply to the Anglo-German agreement when he was busy riveting his own alliance with France?

With the campaign over, our people have either settled down to business or taken to the woods to hunt deer.

The weather of the past few days makes one wonder what has become of his summer's wages.

The American people have decided that the Bryanarchical form of government doesn't go.

These are the days when the didn't-I-tell-you-so man gets in his deadly work.

Croker has "croaked" as a political boss and can now be relegated to the rear.

Well, I had a good time any how; I never talked so much in my life-Bryan.

Mr. Linden didn't cut much ice. 'Twas the wrong season of the year.

Mr. Bryan can now issue another book and call it "The Second Battle."

It is in order now for Chairman Jones to explain how it happened.

Thus endeth the second lesson.

And the next day it snowed.

"Four years more."

Henry McFall Weds.  
Henry McFall, one of Delta county's coroners, was married at Linn, Wisconsin, on October 28 to Mrs. Emma M. Robles of Appleton. The bride and groom arrived in Escanaba, where they will make their home, last Monday. Mr. McFall is seventy years of age and has been a resident of this city for many years.

Up to the hour of going to press this morning no returns had been received from Sac Bay township, consequently no summary of the official majorities in the county can be given. It is estimated however, that there are in the neighborhood of fifty votes in Sac Bay township, and of this number possibly forty are republican.

## Other Things

Some people worry about all of the troubles they have had, all they now have and all they expect to have. The past, the present and the future furnish them material for worry. Why worry about the past? It can never be recalled. When Gladstone passed judgement on a measure he would not review it. He made mistakes but he did not brood over them. Why go to the cemetery and mourn over the grave of your departed loved ones? You cannot bring them back. Those silent lips cannot forgive your unkind words and acts. The wheel of time never turns backward.

Here is a Georgia boy's composition on the trouble in China: "China is a land of heathens that would rather worship a wooden god that grins at you than go to church and pay pew rent. My pa was a missionary in China. When the Boxers commenced to box they knocked him out in the first round, and he lost three fingers and a bran new hymn book with a bookmark in it. Then he comed home. He has still got 2 legs an' 2 arms left, though the Mission board told him that he lost his head. He says home missions take the cake."

One of the greatest crimes anyone can commit is to rob a child of his school days. - Don't keep the boy at home to work a week or two or a month or two after school begins and thus discourage and handicap him when he does start. If there is anything on earth that a man can afford to make sacrifice for it is the education of his children. They don't need your money. A boy is better off to earn his own money; but what he needs is good training and good schooling and there is only one time to get it.

If you toot your little tooter and then lay aside your horn, there's not a soul in ten short days will know that you were born. The man who gathers pumpkins is the man who ploughs all day, and the man who keeps a humping is the man who makes it pay. The man who advertises with a snort and sudden jerk is the man who blames the editor because it didn't work. The man who gets the business has a strong and steady pull and keeps the periodical from year to year quite full. He plans his advertisement in a thoughtful, honest way, and keeps forever at it until he makes it pay. He has faith in all the future, can withstand a bank wreck shock and like the man of Scripture has his business on a rock.

## CRYING FOR HELP.

Lots of it in Escanaba But Daily Growing Less.

Backache is one of the first indications of kidney trouble. It is the kidneys cry for help. Heed it.

Doan's Kidney Pills are what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Mr. Albert Mohr of 210 Jackson St., dealer in horses whose stable is at Wausau says: "I had more or less backache for about a year. At times I was quite free from it, then again if I caught cold it went to the kidneys and my work causing a strain on the back was sure to make me worse than usual. I do not know whether I had kidney complaint or not but I had an aching back, one of the symptoms when these organs are not right. I read about Doan's Kidney Pills curing such ailments and got a box at a drug store. They are a pleasant remedy to use and they did the work. There has been no return of the trouble and there is no indication of it at the present time, so I consider myself cured. In my mind Doan's Kidney Pills do just what is claimed for them and in this respect I am glad to endorse them."

Just such emphatic endorsement can be had right here in Escanaba. Drop into Mead's drug store and ask what his customers report.

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sold agents for the U. S.

Remember the name Doan's and take no substitute.

W. A. Muir, of Lima, O., says: "I was one of the countless victims of early vice at 15 years of age. The drains on my system were weakening my brain as well as my sexual and nervous system. For ten years I tried scores of doctors, electric belts and patent medicines. Some helped me, none cured. I was giving up in despair, in fact, contemplating suicide when a friend advised me as a last resort to give the New Method Treatment of Drs. K. & K. a fair trial. Without confidence I consented, and in three months I was a cured man. I was cured seven years ago - am married and happy. I heartily recommend Drs. K. & K. to my afflicted fellow men."

# CUT WITH A KNIFE.

William Foglesong is Disembowled by Charles Rock.

## A STABBING AFFRAY AT CORNELL.

Dispute Over a Boundary Line Ends in a Serious if Not Fatal Quarrel in Antone Henry's Saloon.

A stabbing affray that may yet result in the death of its victim occurred at Cornell last Monday. Charles Rock, who resides on a farm near Cornell, was the assailant and William Foglesong, a cruiser in the employ of Mashek & Arnold of this city, the victim. The trouble occurred in the saloon conducted by Antone Henry, and is said to have been due to a controversy over a boundary line between a tract of land belonging to the Mashek & Arnold company and the farm of Rock.

Rock is accused of having started the argument by claiming that some of Foglesong's men had cut several pieces of timber on his side of the line. Foglesong is said to have declared that if his claim was true the company would pay damages. This however did not seem to satisfy Rock and he continued the argument until Foglesong finally told him to go away and be quiet. Rock left the saloon and in a few minutes returned and called Foglesong to the door. Some words ensued here, when suddenly Rock slashed at Foglesong with a knife.

The bartender had shouted a warning to Foglesong just before the knife was thrust at him and with a quick downward stroke of his right hand, the latter had caught the blade and partially warded off the blow. As it was, however, the point of the blade caught Foglesong in the right side just below the ribs and cut open his abdomen allowing his bowels to protrude. His right hand was also badly cut by the knife. Word was at once sent to this city and a warrant was issued by Justice Glaser for Rock's arrest.

Sheriff Olmsted started for Cornell in a rig, but met Rock at Groos' on his way to Escanaba to give himself up. He was taken before Justice Glaser and placed under \$1000 bonds, to appear at a hearing set for Wednesday. Being unable to secure the bail, Rock was placed in jail. Dr. Charles E. Booth went to Cornell immediately after the news reached the city and attended the injured man, whose condition was considered too serious for his removal at that time.

Rock was given a hearing in Justice Glaser's court Thursday afternoon and bound over to circuit court under bail of \$1,000. He was unable to furnish it, and was sent to jail. John Cumiskey, the prosecuting attorney elect, conducted the examination, at which the testimony of but three witnesses was taken.

A traveler in Corsica says that although Porto Vecchio is so filthy that one would like to dip it in the Mediterranean for a thorough wash, it is wonderfully lovely at a distance. Its white granite houses with red-tiled roofs and fragments of old walls, with the blue sky above and the green knoll beneath and about, make up an alluring southern picture as ever haunted a northerner's memory. But do the southerners themselves enjoy it? If one may judge by comparison, apparently not. Says a writer in Travel.

They do not seem a deeply intelligent folk on this east coast. I stopped in a very hot part of the road to ask a man the name of a certain noble mountain peak inland, with veins of snow upon it.

"I do not know," said he, heavily.

"Ah, then you do not live here?"

"Yes, I am of these parts."

"But you were not brought up here?"

"Yes, I was born here."

"And you do not know the name of that very high mountain?"

"I know nothing about it."

Said warrants shall be paid by the state treasurer to the railroad company entitled thereto or to its assigns, out of the general fund. The auditor general shall add to and incorporate the amount paid each year on account of said judgments, in the next succeeding state tax, and the money collected therefrom shall be placed to the credit of the general fund, to reimburse it for the moneys thus paid.

## AUTOMOBILIST'S REVENGE.

### Showing How Just a Little Politic Idea Would Have Been a Profitable Investment.

"Not every man," said an expert automobilist, "carries a kit of tools with him; as a matter of fact most men do not, or they carry only a very limited number, especially in the city. Here they can get help by telephone quickly; and very likely they would prefer to wait for it rather than to get their hands greasy musing around the machine themselves; and then maybe they are not sufficiently familiar with the machine or with the use of tools to help themselves if they wanted to. There are men, though, that go out equipped for emergencies. Look at that."

And the speaker lifted the lid of an odd-shaped box depending from the floor of his automobile, under his feet, between the seat and the dashboard of the vehicle. He had in that space half a peck of stuff of one sort and another, including tools and parts, be sides some odds and ends that could be made useful in fixing up other kinds of machines, relates the New York Sun.

"As a rule," he went on, automobilists don't mix in with one another's affairs, any more than any other sort of people; that is, not every man with an automobile would stop to see what was the matter or to offer help if he saw somebody else with an auto stopping on the road. The other man might prefer to look out for himself, and be well able to; and look upon your mixing in as an intrusion. And then, again, he might welcome it, and so, of course, a man is governed in this sort of thing as he would be in anything else, more or less by circumstances. As far as I am concerned I am glad to help a man if I can and he wants my help. And as a rule the man you help in that sort of way appreciates it fully and is thankful for it; but not always.

"I met a man only two or three weeks ago, broken down on the road in an auto, and plainly not able to make his own repairs, and sitting there waiting for help to come. He had a lady with him. It seemed too bad for them to have to sit there like that, waiting, as they might have to, maybe a long time, and I thought I could fix 'em up, very likely, so that they could go on. It was a different sort of machine from mine, entirely, but one that I knew about and that I could fix easily unless something had broken or given away badly. And so I halted alongside and says to the man:

"Are you broken down?"

"And he said he was and had sent for help, but he guessed they'd have to sit there an hour longer, and they'd been there an hour already.

"I told him that I knew his machine, and that if he had no objection I'd look it over and thought very likely I could fix it up for him. He said he'd be very glad indeed if I could, and I got out of my trap and looked his over, and got my hands greasy in doing it, but I found the trouble right away; it was just what I thought it might be, a simple thing and easily fixed, and I said to him that I'd have him all right in a minute. I had the stuff, you know, right in that chest of mine, to fix him with, and I did get him set right in very short order. And then I said to him, to be good-humored about it, I didn't want to take the credit to myself for fixing him up so easily:

"Try her. Start her a little, and see what she'll do."

"And he did start her up, and she went, just as I knew she would, all right. Then, as a matter of cold fact, I expected, when he discovered that she was all right, that he'd stop and look around and thank me, heartily; I'd helped him out of a hole. But, do you know he never so much as looked back? He just looked straight ahead and kept the machine a-going and left me standing back there in the road with greasy hands, to go on when I got good and ready.

"It's a curious thing, but it's a fact all the same, that a week later I met that same man with the same lady, sitting right there in their machine, right where I'd met them before, broken down again, and waiting for help. Did I help him any? Oh, dear, not at all. The man looked up when he heard me coming, and when I got near to him I ran up as close to him as I could and went past him dead slow. And he recognized me at once; he knew, well enough, that I was the man that had fixed him up last week, and he knew very well why I was lagging him behind and not offering to help him now."

Training a Physician in England.

The cost to qualify for a doctor is between £700 and £1,500. So says the British Medical Journal. Most of the London hospital schools arrange that by paying a composition fee of from a little over £100 to £150, either in one sum or by installments, the student becomes a perpetual student, and is entitled to attend all necessary lectures and hospitals for the double diploma. Taking the larger sum for the purpose of estimate, and adding to it the necessary expenses for maintenance, clothing, books, anatomical parts, etc., at £100 a year for five years—a rather low estimate for London—the total cost of an ordinary student at a London hospital who qualifies at the conjoint board would be from £650 to £700; that of a university graduate would necessarily be greater, and might amount to £1,000. If there is failure at any of the examinations the period of studentship is prolonged and the cost is increased. —Westminster Gazette.

The venerable colored preacher, who is now nearly 90 years of age, consented to deliver the sermon and was rewarded by having such a congregation as he had never before seen, consisting of the bankers, with their fashionably dressed wives and daughters. # THE TURN OF LIFE.

## The Most Important Period in a Woman's Existence.—Mrs. Johnson Tells How She Was Helped Over the Trying Time.

CHARLOTTE JOHNSON

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying, and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life.

The three following letters are guaranteed to be genuine and true, and still further prove what a great medicine Lydia E. Pinkham's Vegetable Compound is for women.

Mar. 12, 1897.

"DEAR MRS. PINKHAM:—I have been sick for a long time. I was taken sick with flooding. All my trouble seemed to be in the womb. I ache all the time at the lower part of the womb. The doctor says the womb is covered with ulcers. I suffer with a pain on the left side of my back over the kidney. I am fifty years old and passing through the change of life.—Please advise me what to do to get relief. Would like to hear from you as soon as possible."—Mrs. CHARLOTTE JOHNSON, Monclova, Ohio.

Jan. 23, 1898.

"I have been taking your remedies, and think they have helped me a great deal. I had been in bed for ten weeks when I began taking your Vegetable Compound, but after using it for a short time I was able to be up around the house. The aching in the lower part of womb has left me. The most that troubles me now is the flooding. That is not so bad, but still there is a little every day. I am not discouraged yet, and shall continue with your medicine, for I believe it will cure me."—Mrs. CHARLOTTE JOHNSON, Monclova, Ohio.

April 13, 1900.

"I send you this letter to publish for the benefit of others. I was sick for about nine years so that I could not do my work. For three months I could not sit up long enough to have my bed made. I had five different doctors, and all said there was no help for me. My trouble was change of life. I suffered with ulceration of the womb, pain in sides, kidney and stomach trouble, backache, headache, and dizziness. I am well and strong, and feel like a new person. My recovery is a perfect surprise to everybody that knew me. I owe all to Lydia E. Pinkham's Vegetable Compound. I would not do without your medicine for anything. There is no need of women suffering so much if they would take your remedies, for they are a sure cure."—Mrs. CHARLOTTE JOHNSON, Monclova, Ohio.

When one stops to think about the good Mrs. Johnson derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief; yet it is all true as stated in her three letters published above at her own request.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Johnson's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

**\$5000 REWARD.**—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.

Two Rousing Rallies Held by Republican's of Escanaba.

## GIVE MAGNIFICENT STREET PARADE.

Delta County's O. O. P. Burns Red Fire and Participates in a Splendid Pageant—Chase Osborn's Speech.

The closing rally of the republicans of Delta county, held in this city last Monday night, was one of the most auspicious occasions of the kind which the people of Escanaba have had the pleasure of indulging in for many years.

Shortly before eight o'clock the steamer Lotus arrived from Gladstone bringing several hundred people from the towns on the Little Bay to the meeting, including the Gladstone, Marching club and a drum corps.

The parade started from the foot of Ludington street and was formed as follows: Gladstone drum corps and Marching club, speaker's carriage, six hacks containing members of the local republican committee, county candidates and press representatives, the Concordia band, Rough Rider's Marching club and a long line of citizens bearing torches.

The Gladstone Marching club had with them in the parade a gigantic artificial elephant, emblematic of the "Grand Old Party," and a living donkey to represent the Bryanite party.

Dr. O. E. Youngquist of this city was summoned to Grand Rapids, Mich., last Saturday by the death of his father, A. Youngquist, which occurred at his home near that city during the morning of that day.

## A LETTER TO WOMEN

Mrs. John Keenan of 1200 Hale Street Escanaba has this to say.

I heartily recommend Dr. Holden's White Lily Tonic and Dr. Holden's Specific for the diseases peculiar to women. I have given them a thorough trial and find that women can treat themselves in the privacy of their own homes, thereby saving themselves the humiliation of local treatment and the torture of the operating table.

"It was not so long ago our people had an experience under democratic rule as to have forgotten its hardship. The great majority of the voters will certainly recall the long line formed early in the winter of 1894-5 reaching from the Mulvey block nearly to the railroad crossing, shivering and scrambling for an allowance of old clothes that was being paroled to them as a donation from sections of the lower peninsula and elsewhere.

that the appeals of the poor at this time which mainly come from the decrepit, the widow, the orphan and unfortunate, are more amply supplied with the smaller amount now than were the necessities of the applicants during those times, among whom were many of the most willing and industrious working men of the place men who would today hurl back the proposition of a donation of the kind as an insult to their manhood.
