Royal Tiger Giants Make Clean Sweep in Series of Games.

SAND-PIPERS WERE EASY.

Dusky Visitors Show Generosity by Refusing to Shut Out Locals Before a Big Crowd--Base Ball Gossip.

The last of the series of games played between the Sand-pipers and the Royal Tiger Giants, on Saturday and Sunday last, resulted, as did the first, in a victory for the colored visitors. Saturday's game was a splendid exhibition from start to finish, although it was evident to all who witnessed it that the giants were purposely keeping their score down in order to make the result as close as possible. In this they succeeded admirably for when the game was finished they had a lead of but one run, the score being 4 to 3.

Christ Buckley occupied the box for the locals and put up an excellent game. Short-stop Johnson did the twirling for the visitors and to the casual observer his work was no better than that of Buckley, who was touched for only ten hits during the nine innings. At the opening of the last inning the score was 3 to 1 in favor of the giants, but a home run by Jimmie O'Brien brought in two scores and tied the runs. For a time it looked as though there was a possibility of making a ten inning game out of it but the dusky visitors settled all doubt by scoring one man and winning.

Sunday's game was witnessed by the largest crowd of the season—about 2500 people. Apparently the locals were afraid of their opponents for they made an even dozen errors and did not make any kind of a showing at the bat. The Giants fairly ate the Sand-pipers up without waiting to remove their uniforms, and after demonstrating their ability to keep them shut out, they gave the boys three runs in the ninth to prevent any hard feelings. This made the score 13 to 3. Miller pitched for the Giants and until the ninth inning but two hits were made off his delivery. In the ninth he lobbed the ball over and suffered three hits, making a total of five.

Henry Olmsted occupied the box for the Sand-pipers and pitched a very creditable game, although he suffered to the tune of 16 clean hits, and this number might have been increased had the boys with dark complexions desired it. Until the eighth inning, but one of the locals had seen first base. Nolden who played right field was lame and after making two errors was replaced by Reinger, who only succeeded in duplicating Nolden's efforts by making two more errors. Other errors were made by Fred Olmsted, Buckley and Klinger. The score by innings was as follows:

	R	H	E
Escanaba	6	0	0
Royal Tiger Giants	3	2	3

Batteries, Olmsted-Nordoff, Miller-Bruckner; Umpire, Charles Olmsted of Garden Bay. Time of game 1 hour 20 minutes.

Something over \$370 was taken in at the box office of the ball park at last Sunday's game. Half of this went into the local club's treasury and will serve as a balm to soothe the disappointment of the players over their three defeats.

Several of the players in the Royal Tiger Giants team paid Christ Buckley an enviable compliment by declaring him the most effective pitcher they have had to face this season.

The Sand-pipers got together Monday and after patching up some difficulties that threatened the retirement of one or two of their best men, elected Kubu as captain and the white winged dove of peace again hovers over the local diamond.

City Was Crowded Sunday. The excursions into Escanaba Sunday brought a large number of visitors to see the ball game. Every hotel and restaurant in the city was crowded at meal times and many of

the strangers were the guests of friends at private residences. The New Ludington and Oliver Houses each served over 100 dinners.

COWARDLY MALICIOUS.

Class President Gallup Attacks Public School Instructors.

Charles Gallup, son of Attorney George Gallup, and president of the graduating class of '01, makes a scurrilous attack upon Superintendent R. D. Ewing and the Board of Education by means of a pamphlet which he terms a "Class History Souvenir of 1901." The "souvenir" teems with cowardly maliciousness, and is, unquestionably, the result of this rising young man's ineffectual attempt to operate the schools in accordance with his own ideas. It contains, among other things, numerous insinuations of incompetency and mismanagement on the part of the instructors, and dishonesty and corruption on the part of the board, and is evidently calculated to prejudice the public mind against those at whom it aims.

To those familiar with the circumstances surrounding young Gallup's career in our schools and conditions which obtained during that eventful period, the "souvenir" is a laughable farce. The author has been known as a trouble-breeder in school for a number of years, and on at least one occasion was expelled, or suspended, for misconduct. When he was graduated this spring those teachers in his department who are retained for another year heaved a sigh of relief, and openly expressed themselves as being highly elated over getting rid of this particular pupil.

The public should consider the cause which prompts the unwarranted attack made in Gallup's "souvenir" and the source from which it emanates, before censuring the superintendent, the teachers, or board.

GAME OVER IN STYLE.

Big Bay Citizens Visit the Hub With Band and Ball Team.

An excursion party of about 250 people from Garden Bay, Nahma and Fayette, accompanied by St. John's band and the Garden base ball team, came to Escanaba on the steamer Duluth last Sunday. They landed at the Stephenson dock at 12:45 p. m. and the greater portion of the crowd, including the band, spent the day in this city, taking in the ball game during the afternoon.

The Garden Bay base ball club and a few admirers went immediately to Ford River, where they defeated the team of that village by a score of 16 to 9. Despite the counter attraction in this city, the game at Ford River is said to have been witnessed by a crowd numbering several hundred. The Duluth was scheduled to leave on its return trip at 6:30, but owing to the late arrival of the ball team it did not get away until 8 o'clock.

STAMP TAXES DEAD.

New Revenue Law Comes as a Relief to General Public.

With the ushering in of July on Monday last the new law, repealing most of the stamp taxes for war revenue, became effective, much to the satisfaction of the business public as it saves them the annoyance of affixing revenue stamps to checks, telegrams, express receipts, bills of lading and various other instruments of daily occurrence in business.

This new law will cut the nation's revenues \$40,000,000 per year. The greatest saving to the general public will come in the release of revenue on mortgages, leases, insurance policies, etc. The revenue on beer, tobaccos, bills of exchange, etc., are changed. On such articles as bonds, bankers capital, theatrical licenses, tobacco manufacturers, etc., the tax is retained as heretofore.

Putting in Machinery. The bottling department of the Richter Brewing company will be started within the next fortnight. All the machinery to be used in this department is now on hand and a gang of men are engaged in setting it up.

Twenty-Four Weddings. Contrary to expectations the marriage license record for Delta county was not broken during the month of June. The total number of licenses granted was 24, being the same number as in the month of May.

ASK A FRANCHISE.

Escanaba & Lake Superior Road Seeking Entrance into City.

WILL GO BEFORE COUNCIL.

Question of Granting Them a Right of Way Down Thomas Street to be Decided in Near Future.

In all probability the city council will be asked, at its next regular session, for a franchise permitting the Escanaba & Lake Superior road to extend its tracks down Thomas street to the Stephenson dock. The advisability of doing this at last Tuesday evening's session was seriously considered by the officials of the company, who were in the city during the fore part of the week in conference with their local attorney, J. F. Carey, but it was finally deemed best to wait until a few more options on the property included in the proposed right of way had been secured.

Mr. Russell, private secretary to Judge Upham of Milwaukee, visited Escanaba Tuesday, and in company with Supt. W. E. Wells of the E. & L. S. called upon Attorney Carey relative to the proposed down-town right of way. At this meeting, it is understood, the officials named favored a statement through the press of their plans in order to acquaint the public with the advantages to be derived from the entrance of this road into the city, but when a representative of the Iron Port called upon Gen'l Manager J. W. Wells, Wednesday, the latter refused to discuss the matter.

For some time past Attorney J. F. Carey has been engaged in securing options on the property along Thomas street in the interests of the E. & L. S. and St. Paul companies, and it is understood that he has progressed far enough to make an approximate estimate on the probable cost of this extension, although Mr. Carey would not affirm this supposition, as he says he has no authority to talk about the matter. The probabilities are that the matter will be brought to a climax within the next thirty days and possibly at the next regular meeting of the council.

JUNE'S WEATHER.

Resume of Meteorological Summary for the Past Month.

The mean temperature during the month of June in Escanaba was 62 degrees, the highest it has been since 1898, and this notwithstanding the fact that the weather during the fore part of the month was remarkably cool for June. According to the meteorological summary of local observer George B. Wurtz, the highest temperature was 83 on the 29th and the lowest 37 on the 9th with the greatest range of temperature on the 19th, it being 28 degrees.

The prevailing direction of the wind during June was southeast, with a maximum velocity of 28 miles from the north on the 25th. The total precipitation during the month was 3.17 inches, a deficiency of .68 in the average for 29 years. There were seven clear days, thirteen partly cloudy days and ten cloudy days in the month.

Comes Here to Buy. John Withey left yesterday morning for Escanaba for the purpose of purchasing his bar outfit and other fixtures for his new bar room, which will be ready for occupancy about the middle of July. It is reported that John intends securing a fine outfit.—Iron River Reporter.

Passing of Joe Pope. Joe "Parson" Pope of Ishpeming, one of the best-known sporting men of the upper peninsula, died last week of kidney trouble. Pope was born in Redruth, England, 35 years ago and came to this country in 1885. He was well-known in Escanaba.

Frame Work is Up. Work on the Escanaba Wood-

ware company's saw mill is progressing rapidly and will soon be ready for the installment of machinery. The frame work is already up and a large crew of carpenters are busy at work pushing the building to completion.

WEST END BOOMING.

Appearance of West Ludington Street Being Materially Altered.

A building boom is on along the west end of Ludington street, that will materially change the appearance of that portion of the city by the end of the present summer. Chief among the recent improvements in that vicinity is the Richter brewery with its bottling works, ice house and stables. West of the brewery one block are two new frame store buildings, of two stories each, being erected by John Corcoran, while another similar building has but recently been completed on the opposite side of the street.

To the east of the brewery is the warehouse of the Cash Mercantile company and the Swanson residence, both about completed, while on the other side of Norris street, Paul Hohlfeldt has just started the erection of two cottages. On the north side of Ludington at the corner of Norris, Solomon Greechout is erecting a frame business building and a block east of it Louis Kaufmann has a fine brick building under way.

TO TEST NEW LAW.

Voorhis of Gladstone Arrested for Unlawful Sale of Liquor.

Clayton Voorhis of Gladstone, agent for the Minneapolis Brewing Co., was arrested Tuesday by Sheriff Alex. Roberts on a charge of unlawfully selling malt or spirituous liquors. Mr. Voorhis wholesales beer to the saloon keepers of Gladstone and vicinity, but has no license for so doing, as is now required by the state law.

He was arraigned before Justice Glaser Tuesday and waived examination, being held to the circuit court, where his trial will be conducted by the attorney general of the state, as this is to be made a test case. The license required from beer agents is the same as that charged local retail dealers, viz: \$500 per year, and if the law is declared constitutional it will reduce the number of agents for foreign breweries in Michigan quite materially.

RULES FOR BARBERS.

State Board Issues New Regulations for Tonsorial Artists.

At a meeting of the new state barber's examining board held last week at Lansing the following stringent rules were adopted and it was decided to enforce their observation by all barbers throughout the state:

The licenses granted by the board shall be displayed in plain view of the public. All shaving mugs, razors, etc., shall be sterilized. A separate clean towel must be provided for each customer. Alum and other materials for stopping the flow of blood must be used only in powdered form. The use of powder puffs or sponges is prohibited. Every barber shop must be provided with hot and cold water. No shop shall be used under any circumstances for a sleeping room. Every barber shall thoroughly cleanse his hands after shaving each customer.

THIEVES TAP A TILL.

Secure Eight Dollars From F. H. Atkins & Co's Grocery.

The grocery store of F. H. Atkins & Co. at 404 Ludington street was entered by burglars Sunday night and the cash register rifled of about \$8 in small change. The thief, or thieves, entered the store through a rear window by first breaking in a pane of glass and unlatching the window, which was then raised.

No attempt was made to crack the safe in the front part of the store, nor was anything missed from the shelves or show cases. The only clue left by the burglars was the broken bowl of an old clay pipe. The robbery was discovered when the store was opened Monday morning, and the police department was at once notified, but could find no trace of the thieves.

SWEPT BY STORM

Escanaba and Vicinity Experienced a Wild Tornado Monday.

WIND DOES SOME DAMAGE.

Two Barns Wrecked in Escanaba Township and Many Trees and Fences are Levelled--Lightning Frightens Many.

An electrical and wind storm, accompanied by a heavy rain fall, visited Escanaba and vicinity Monday evening and for a time foreboded disastrous results to property of all kinds. After threatening for more than an hour the ominous looking clouds which rolled up from the west and south, precipitated a rain fall about 6:45 p. m. that in less than a single hour registered .62 of an inch. The storm was but the natural result of an unusually warm day, the thermometer having registered close to 90 degrees at 2 o'clock and showing but 5 degrees less at 6:00 p. m.

Even after the first fury of the storm was over the clouds had a foreboding appearance and many people watched their progress across the sky with fear, lest the city was to be visited by a tornado. Out over the bay the heavens had a greenish yellow cast that contrasted strongly with the vari-colored cumulo-nimbus clouds which continued to pile up from the west. In the city the greatest damage done resulted from lightning, which played havoc with many telephones on both the Bell and Finch lines, the fuses being burned out.

A bolt of lightning struck the residence of Peter Younger on South Jennie street and the several inmates were all shocked severely, but no serious damage resulted. Another bolt struck so close to the Delta county hospital that a panic resulted among the inmates, who felt sure the building had been hit. Many fences and telephone poles were blown down north and west of the city and a section of Escanaba township experienced a mild tornado.

The most serious damage thus far reported occurred on the farm of Frank Pease, where a barn 35x50 feet in dimensions was completely demolished. Charles Durancon's barn, near Flat Rock, was also in the path of the storm and was moved from its foundation and partly wrecked. In the path of this gale, which swept for several miles across Escanaba township, scores of trees and a large number of fences were blown over and some damage was done to outbuildings. No lives were lost, but a number of persons were severely shocked by lightning.

HELD UP AND ROBBED.

Two Men at Ford River Take Money From Adolore Jerome.

A warrant was issued in Justice Glaser's court Tuesday for the arrest of Alex Gravel and Daniel Scott of Ford River on a charge of assault and highway robbery. The complainant was Adolore Jerome, who alleges that the two men above named held him up and after severely pounding him, took from his pockets \$16 and fled.

Sheriff Roberts visited Ford River Tuesday but could find no trace of the men, who have not been seen since the robbery is said to have occurred, on Monday. Both Gravel and Scotts have worked for the Ford River Lumber company for some years.

SATURDAY, JULY 6, 1901.

UNCLE SAM'S BALANCE SHEET.

The business year of the firm of Uncle Sam & Co. ended on Saturday, and its bookkeepers at Washington took the trial balance. They found cash receipts for the year had exceeded expenditures by some \$76,000,000. The firm has evidently had a good year. Its 76,000,000-odd shareholders, however, some of them may criticize the management, will doubtless all feel that the business is in good condition.

How good a year the last one has been for Uncle Sam & Co. will appear from a few comparisons. In 1892, although receipts for the preceding year had exceeded expenditures by \$9,914,454, the shareholders changed the management. The change did not prove fortunate, for in 1894 the firm spent \$69,803,261 more than it received. These deficits continued, and the shareholders had such hard times that in 1896 they went back to the old policy of management.

Recovery was at first slow, and was for a time apparently impeded to the misconduct of some of Uncle Sam's neighbors, which compelled him to undergo heavy extraordinary expenses. But the shareholders felt that it avenged the firm's injuries, vindicated its honor, and greatly extended its influence. And the business was prospering so greatly that even these extraordinary outlays were easily borne.

The unskilled managers who had charge from 1892 to 1896, together with the extraordinary expenditures just noticed, had put a balance of some \$283,000,000 on the wrong side of Uncle Sam's ledger. But the shareholders had confidence in the new management, went down into their pockets for \$200,000,000 fresh capital, and offered seven times that amount if it were needed. It was not, for in 1900 receipts exceeded expenditures by over \$79,000,000, and last year the credit balance was about \$76,000,000.

Within a year after the return to the old policy the profits of the firm's foreign trade doubled, and in another year more than doubled again, and for the last year were the greatest ever known. At the same time all the shareholders were prospering as they never had before. All were busy and so well pleased with the management that they decided last year to continue it four years more.

Uncle Sam's latest balance sheets have shown so well that the shareholders will now have to contribute less than they have been doing to working capital. In that fact, as well as in the character of the trial balance just taken, most of them will see new reasons for congratulating themselves upon their recent choice of managers for the business of Uncle Sam & Co.

The wheat crop which the Northwest is about to harvest will, it is predicted, break all records for magnitude—a bit of news which countries with deficits in their usual stores of cereals will hear with a feeling of thankfulness that in at least one of the world's great granaries there is always enough and to spare.

It is to be hoped that those who were recently raising such a hubbub over the employment of our volunteer soldiers in the Philippines will notice that the last of those volunteers have been brought home.

WILL PLAY GOLF.

Escanaba Players Arranging for a Series of Games Here.

Escanaba now has a golf club and like many other local societies it has an almost unpronounceable name, Onawecawaa. The club has twenty-eight members at present and has established a nine-hole links near the Delta County Hospital, where the first game of the season will be played today.

The club is arranging for a series of games with the clubs at Sault Ste. Marie, Marinette and Mackinac. Today's game will be a handicap. The officers of the club are: President, T. D. McKenna; secretary, G. A. Longley; treasurer, C. J. Slater; field captain, C. W. Yockey; field board, T. J. Dunn, J. R. Todd and G. R. Eastwood.

JOSEPH PERRY DROWNED.

Sad Ending of a Happy Fourth of July Party.

Joseph Perry, an old and respected resident of Bay de Noc township, was drowned while crossing the little bay between Gladstone and Maywood on the evening of the Fourth. Accompanying Mr. Perry were Arthur Leighton and five children, Felix Goden and wife, Miss Mary Horan and Nels Nelson. When in the channel the sailboat was struck by the big steambarge Huron, bound for Gladstone, the shock throwing the occupants into the water. All were picked up by the Huron's crew except Perry, who disappeared under the water and was drowned. The deceased was 50 years of age.

FANCIES OF FASHION.

They Are of the Daintiest and Most Delightful Nature.

New Skirt is Graceful in Its Lines and Universally Becoming - Blouses Trimmed in Laces and Embroidery.

[Special Chicago Letter.]

AS FAR as it is possible to judge at the present moment, there seems to be every reason to believe that the fashions of the immediate future will be of the daintiest and most delightful description. The weather this spring has been so cold and generally disagreeable that really smart clothes have been in very little demand, in consequence whereof modistes have had a much longer period of rest than is usually the case, and they seem to have employed their leisure to the greatest possible advantage in the designing of charming gowns suitable for both early and mid-summer wear, which are far prettier and more generally becoming than anything which has been seen for many seasons. To be sure, some of the main features that marked the spring styles are carried out in the summer modes, but all are changed and improved upon to such a degree as to be hardly recognizable.

The new skirt continues to fit with glove-like snugness about the hips, and with the same wonderful amount of tuck at the bottom as heretofore. The jaunty little bolero is to be seen on every other gown as of yore, while the old, yet ever new, blouse-bodice still reigns supreme; but, somehow, by a bold contrast of color, an extra sash to the rever of the bolero or a deft twist to the pouched bodice, the clever modiste has managed to give an air of extreme novelty to these summer gowns that is both pleasing and fascinating.

Every device and trick known to the trade is employed to produce the graceful fullness at the bottom of the approved skirt, and according to the decree of Dame Fashion it must show either tucks, plaitings or one or more graceful flounces as its most distinctive feature. A taffeta foundation,

while the skirt was treated in a similar manner, then finished with a deep yoke of yellow lace. Others again have their seams finely strapped, and to be strictly up-to-date these strappings should be either of silk or cloth. The blouse and the skirt waist again show a tendency toward much fine handwork and incrustations of lace and embroidery. The very prettiest are of finely-tucked lawn or batiste, and their beauty is further enhanced by the wise introduction of fine lace insertions. The sleeves are tight at the top but become fuller toward the wrist, and like the remainder of the waist seem to be an intricate mass of tiny tucks and fine lace.

Some of the prettiest plain lace and crepe de chine blouses have deep

CREPE DE CHINE GOWN.

collars of embroidered lawn. These collars are worn low on the shoulder and give rather a sloping effect, with an inner vest of tucked lawn and lace to correspond. The popularity of the lace blouse seems rather to wax than wane, and just now it is the proper caper to have it made of handsome Maltese lace. I am bound to tell you, however, that this lace used in the making of the approved blouse, in which much fine handwork must appear, would run the price of the garment up to a figure that would place it quite beyond the reach of the average purse.

BACKACHE

SHOULD WARN WOMEN.

MISS LUCY ANNIE HEISER, OF MINNEAPOLIS, MINN.

Miss Lucy Annie Heiser, a graduated nurse of nine years' experience, trained and graduated from the Homeopathic Hospital of Minneapolis, Minn., writes as follows:

Albert Lea, Minn., Nov. 8, 1899.
The Peruna Medicine Co., Columbus, Ohio:
Gentlemen—"Although my school does not believe in patent medicines, I have found it to be a fact that Peruna is a grand and valuable medicine. I have known it to cure Mrs. Sampson, suffering with an inflamed womb, aggravated by malaria, after the doctors had failed to help her. Another of my former patients suffered with a complication of female diseases; she was so thin, nothing but skin and bones, but Peruna cured her and she is to-day in good health and good flesh. Facts prove that Peruna revives lost strength and restores to the sick that most wonderful blessing of life—health."
Lucy Annie Heiser.

If all the tired women and all the nervous women, and all the women that needed a tonic would read and heed the words of these fair ladies who have spoken right to the point, how many invalids would be prevented and how many wretched lives be made happy. Peruna restores health in a normal way. Peruna puts right all the mucous membranes of the body, and in this way restores the functions of every organ.

From Mrs. Amanda Shumaker, who has charge of the Grammar Department of the Public Schools, of Columbia City, Wash., also Past Grand of Independent Order of Good Templars, Dr. Hartman received the following letter:

COLUMBIA CITY, WASH.
"I can speak only good words of the repeated benefits I have had from the use of Peruna."

"Too constant application to work last winter caused me to have severe head and backache and dragging pains. I could not stop my work, neither was I fit to go on. Reading of the beneficial results from the use of Peruna I purchased a bottle and within a few days after using it, began to feel better."

"I constantly improved and before the seventh bottle was completely used, all pains were gone, my strength was restored, and I now seem ten years' younger."

"If I get tired or feel bad, Peruna at once helps me, and I feel you deserve praise for placing such a conscientious medicine before a suffering public."

Mrs. Amanda Shumaker.
Mattie B. Curtis, Secretary Legion of Loyal Women, Hotel Salem, Boston, Mass., writes:

"I suffered for over a year with general weakness and debility, manifested especially in severe backache and headache. My physician prescribed different medicines, none of which seemed to help me any until a club associate advised me to try Peruna as it cured her of constitutional headache and stomach troubles. I at once ordered a bottle and before it was used, felt greatly improved."

"I have taken four bottles and for two months have been entirely free from these maladies. Several of my friends are using Peruna with beneficial results, especially in cases of troubles with the kidneys and other pelvic organs, together with weaknesses peculiar to women."

Peruna is a specific for the catarrhal derangements of women.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

DAINTY BLOUSES FOR SUMMER WEAR.

matching in color the goods, adds much elegance to this new skirt, especially when the material chosen happens to be crepe de chine or the all-conquering nun's veiling. Satin-faced foulard promises to be among the favorite materials for smart afternoon frocks. The fancy of the moment is to trim these silken gowns with one or more accordion-plaited ruffles, made of black point de esprit net over one of white taffeta silk. Another fad, and a very pretty one, too, is to have a little cloth bolero matching the prevailing color in the silk. For instance, a lavender and white foulard was finished with a smart-looking bolero fashioned of lavender cloth and trimmed with narrow silver and white braid and tiny silver buttons. Another gown in which this idea was very prettily carried out was in a lovely shade of rose pink lightly patterned in black and white. The chic bodice was rendered doubly so by means of a jaunty white cloth bolero, cut very short in the back to show a folded girdle of turquoise blue panne velvet. I know the intermingling of rose pink and turquoise blue sounds rather daring, but in this particular instance the combination was introduced by the artistic fingers of a master hand, with results that were simply stunning.

The extreme daintiness of the new cotton fabrics cannot but appeal in the strongest manner to the love of the beautiful innate in womankind. Cool-looking dimities and French lawns are to be reckoned among the most attractive materials now on exhibition, while the silk ginghams and embroidered cotton batistes are lovely enough to tempt the unwary into rank extravagance. They come in white, pale blue, light green and all the pretty new shades of pink. Some of the silk ginghams have a double border of silk woven on the edge, which is meant to be used as a trimming in connection with much lace and yards upon yards of the ever-popular Persian ribbon. Many of the new mercerized ducks and chevots, cotton though they be, are exceedingly beautiful, and so closely resemble the most lustrous silk as to make them quite admirably suited for any but the most dressy wear. Within the week I have seen some very swell-looking tailor-gowns fashioned of both these materials, those of chevot being particularly fetching. All were as carefully tailored, even down to the smallest detail, as though made of the finest broadcloth. Some showed particular advantage with their short Eton coats tucked both back and front,

shade in millinery is a lovely nut brown, and is dividing the honors with an equally exquisite shade known as "flame pink." Soft straws in this latter shade are particularly popular with milliners just now, who veil them with tulle and generally trim them with flowers in dead tones, sometimes mixed with old lace.

One of the most lovely new models in headgear I have seen was a nut-brown straw toque, trimmed with soft pink roses, with some old-fashioned coffee lace placed to droop low over the brim. Shapes are very flat and wide just now, and very often they are curved at the side. Flowers will be immensely popular later in the season. Many of the new hats are worn tilted off the face, and cut up the back to show the new low coiffure, the brims being lined with some controlling color. Some are quite square in front, the entire crowns being garlanded in flowers. The wide boat shape is kept flat and simply trimmed with foliage. I rather doubt whether this new flat style of headgear will prove, becoming to many, but it is a change; and so we welcome it for its air of novelty if not for its beauty and general becomingness. KATE GARDNER.

The Mystery of "Two Ten."
Baroness Burdette Coutts was once shopping in Paris, and whenever she went from one department to another she was escorted by a clerk, who handed her over to another attendant, saying: "Two ten." Struck by the peculiarity of the oft-repeated cabalistic words, the baroness asked the proprietor as she left the establishment:

"Pray, what does 'two ten' mean? I noticed that each clerk repeated it to the next as I went from one counter to the other."

"Oh, it is nothing," replied the man. "It is just a password they are in the habit of exchanging." But the baroness was not satisfied. When the porter, a mere lad, brought home her purchase, she said to him:

"My boy, would you like to earn five francs?" Of course he would be charmed.

"Then tell me what 'two ten' means, and I will give you five francs." The youth looked at her in astonishment.

"Don't you know, madam? Why, it means: 'Keep your eyes on her ten fingers!'"

That solved the mystery. The richest and most generous woman in England had been taken for a shoplifter. —Louisville Courier-Journal.

OFFICIAL MINUTES

Showing Business Transacted by the Common Council at Last Session.

RECORDED BY THE CLERK.

Mayor Bissell and Aldermen Legislature for the Greatest Good to the Greatest Number. What was Done.

Escanaba, July 2nd, 1901.

The regular monthly meeting of the Common Council of the City of Escanaba was held in the Council chamber Tuesday evening, July 2, 1901.

Present, the Mayor and Aldermen Beck, Edouin, King, Kirkpatrick, Lehr, Lucas, Magher, McMartin, Priester, Valentine and White—11.

The minutes of the previous meeting were read, and upon motion of Ald. King, were approved as read. Ayes unanimous.

Moved by Ald. Priester that the druggist's bonds of Groos Bros. and Sourwine & Hartnett be accepted. Ayes, unanimous.

The following communication from the Escanaba Water Company was read, and upon motion of Alderman Valentine was ordered placed on file. Ayes, unanimous.

H. J. ROBERTSON, City Clerk, Escanaba, Dear Sir:—The extending of water mains on Roller-avenue, Ruth street and Corcoran avenues such as the city directed me to do have been completed and the water turned on at noon of the 14th day of June, 1901. There are four hydrants in this extension, located as follows: At the northeast corner of Roller avenue and Ruth street, the northeast corner of Corcoran avenue and Murray avenue, the northwest corner of Corcoran avenue and Hester avenue and one at the northeast corner of Stanford avenue and Corcoran avenue, also the extension on Thomas street west from Sarah street to Cleveland avenue, thence north to Sinclair street, the water being turned on at 4 o'clock on the 22nd day of June, 1901. There are two hydrants on this extension; one at the northwest corner of Thomas street and Cleveland avenue and one at the southwest corner of Cleveland avenue and Sinclair street. The annual rental of each of these hydrants, six in number, is \$38.00 per year, payable semi-annually.

Respectfully Yours, The Escanaba Water Co. W. J. HATTON, Supt.

The committee on the purchase of stone crushers reported that they had purchased from the Austin & Western company, Ltd. Chicago, Ill., for fifteen hundred and seventy dollars (\$1570.00), payable as follows: \$500 in cash, and to give one note for \$500 due August 1st, 1902, and one note for \$570 due August 1st, 1903, and one No. 4 Austin Rock crusher mounted on trucks, one elevator 24 feet long with steel brackets and all necessary driving connection, one screen 6 feet long by 24 inches diameter, with 2 sizes of perforation. The sizes of perforation to be as follows: 1 and 2 1/2 inch meshes. And one 5 ton Austin reversible roller, with weights to make it a 7-ton roller, whereupon it was moved by Ald. Valentine that the report be accepted and approved and the committee discharged. Ayes, unanimous.

The following resolution offered by Alderman King was adopted by the following vote: Ayes, Ald. Beck, Edouin, King, Kirkpatrick, Lehr, Magher, McMartin, Priester and White—9.

Resolved, That the Escanaba Street Railway company be compelled to stop cars at the City limits, and at the Chicago, Milwaukee & St. Paul Co's dock, to take on, and let off passengers, and the fare for any one passage within the limits of the City shall not exceed (.05c) five cents.

The following ordinance offered by Alderman King was adopted by the following vote: Ayes, Beck, Edouin, King, Kirkpatrick, Lehr, Lucas, Magher, McMartin, Priester, Valentine and White—11.

ORDINANCE NO. 97. An ordinance amending section 4 of Ordinance No. 85, entitled an ordinance relating to the construction and repair of sidewalks, and to provide for money to defray the ex-

penses thereof, and to provide certain penalties and liabilities for the failure to construct and repair, etc.

The City of Escanaba ordains: Sec. 1. That section 4 of an ordinance relating to the construction and repair of sidewalks, etc., as above mentioned, be, and the same is hereby, amended so as to read as follows:

Sec. 4. Whenever the Common Council of said city shall enact that a sidewalk shall be built, it shall be the duty of the street commissioner to cause written or printed notice thereof to be served on the owners of the property along the line of the lot on which said sidewalk is ordered to be built, by serving the same personally upon said owner, if said owner be known and reside within said city; but if said owner be not known, or does not reside in said city, and the said lot be occupied, then by delivering said notice at the dwelling house or said lot, in the care of some person of suitable age and discretion; and in case said owner be not known, or does not reside in said city, and said lot be unoccupied, then by posting up said notice on the lot, such notice shall contain a reference to the resolution of the common council relating to the construction of said sidewalk, together with a further notice that the owner or occupant of the lot or parcel of land specified and described in said notice, is required to build a sidewalk in front of said lot or lots in the manner and of the style and kind of material required and provided for in section 1 of this ordinance, within fourteen (14) days after service of said notice.

Sec. 2. This ordinance shall take effect and be in force from and after the expiration of twenty days after the date of its passage. It was moved by Alderman Valentine that the street committee be authorized to purchase, and arrange for power to operate stone crusher. The motion prevailed by the following vote: Ayes, Beck, Edouin, King, Kirkpatrick, Lehr, Lucas, Magher, McMartin, Priester, Valentine and White—11.

THE GLORIOUS FOURTH.

Inclement Weather Interferes Materially with Celebration.

Wednesday was the third of July—and the next day it rained. Quite extensive preparations had been made by the Luxemburger and K. O. T. M. societies for picnicking parties at their respective parks, but the inclement weather interfered, and both entertainments were failures, although the Luxemburgers carried out their program to some extent. The industrial parade under the auspices of this society was a successful affair and attracted a throng of people to our principal thoroughfares and to South park.

The yacht race in the forenoon was pulled off on time and under a very favorable wind. Wallace Barr's craft Emma won by about a length, being hard pressed for first place by Rev. Greene's Brilliant.

The ball game between Ishpeming and Escanaba was called in the seventh inning on account of rain, with the score 11 to one in favor of the locals.

The dance given at Peterson's hall in the evening by the Top-Dock Workers' Union was a successful affair.

FOURTH AT GLADSTONE.

Notwithstanding the unfavorable weather conditions the celebration at Gladstone was pulled off as advertised, although the downpour of rain had a tendency to delay matters considerably. The balloon ascension took place at 12 o'clock, and was witnessed by a large crowd of people, many of whom were from Escanaba, Garden and other surrounding towns, and was entirely satisfactory. Bicycle and foot races followed, and then came the horse races. A. W., owned by Green Brothers, and Beauchamp's pacer were the contestants in the harness event. A. W. took two heats, the first and third, and was awarded a purse of \$25. Nelson's running horse defeated Henry Kaufman's jumper in the running race. The tug-of-war was an interesting event, and was witnessed amid a steady downpour of rain by hundreds of people. All in all the celebration was a remarkable success from start to finish.

AT RAPID RIVER.

Rapid River had made extensive preparations for the observance of the Independence day, its citizens raising a considerable fund for prizes in the several contests, but rain made it impossible to carry out the program. A horse race between horses belonging to Alex Caswell and Wm. Sinnitt was the only event pulled off, and resulted in a victory for the former. A dance in the evening was well attended.

HEBREWS DEDICATE BIBLE.

Hold Impressive Ceremony at North Star Hall Sunday Last.

The magnificent bible recently purchased by the Bnei Israel, a local Hebrew society, was formally dedicated last Sunday evening at a meeting held for that purpose in the North Star hall. There was a large attendance of members, with their families and friends, and the services were conducted after the Hebrew custom, being both impressive and interesting.

The bible was purchased with money raised by subscription among the city's Hebrews and business men. At the conclusion of the dedication ceremony Attorney James H. Clancy delivered an appropriate address and a social session with refreshments followed. The dedication of this bible is but the initial step in the organization of a Jewish synagogue for Escanaba.

Can This be True?

A special from Menominee to the Milwaukee Evening Wisconsin says: "The Ann Arbor Railroad company will build an ore dock at Wells, Mich., the terminus of the Escanaba & Lake Superior railroad, and its car ferries will make trips tri-weekly to that point."

Saloon Music Stopped.

Another important step in the regulation of Escanaba's saloons was taken by Mayor Bissell this week, when Chief of Police Pegjn notified all saloons in which pianos were kept that the music would have to be stopped at once and for all time.

Northern Wisconsin Railway Farm Lands For Sale.

The North-Western Line has for sale in northern Wisconsin, at low prices and easy terms of payment, about 350,000 acres of choice farm lands. Early buyers will secure the advantage of locations on the many beautiful streams and lakes, which abound with fish and furnish a never ending and most excellent water supply, both for family use and for stock. Land is generally well timbered, the soil fertile and easy of

cultivation, and this is rapidly developing into one of the greatest sheep and cattle-raising regions in the northwest.

Chicago, Milwaukee, St. Paul, Minneapolis, Duluth, Superior, Ashland, and other towns on the North-Western Line furnish good markets for stock and farm produce. For further particulars address, Geo. W. Bell, Land Commissioner, Hudson, Wis., or G. H. MacRae, Assistant General Passenger Agent, St. Paul, Minneapolis. 16-12

It comes like a ray of sunshine. Makes the old folk happy. Makes the young folk joyful. Takes the load off the back. It's all done so quietly. No fuss about it. What is it?
Why, Doan's Kidney Pills
The little kidney wonder workers. What will they do? Read what this man says:
Josiah R. R. Brooks of 214 Ingalls

Menominee says: "I had backache or kidney trouble for ten years and it got so bad that I was compelled to do something for it. I was confined to my house with the trouble forty days, not in bed although I often had to roll on the floor and get on my hands and knees. It was a common thing after sitting in a chair for a while to have to take hold of something before I could get on my feet. The pain and soreness was mostly in the region of my kidneys but often shifted up and down. Doan's Kidney Pills cured me. I recommend them at every opportunity as the best remedy I ever used." Just as emphatic endorsement can be had right here in Escanaba. Drop into Mead's drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Resolutions of Condolence.

The following resolutions were adopted at a meeting of Escanaba Lodge, No. 354, B. P. O. Elks, at a meeting held on Thursday evening, June 27, 1901.

Whereas, In His divine wisdom the Great Exalted Ruler of the universe has seen fit to remove to his long home an esteemed member of Escanaba Lodge, No. 354, B. P. O. E., in the person of Brother John J. Dunn, and being desirous of expressing our sorrow for his demise, and to extend to his bereaved widow our most sincere condolence and kindest words of comfort in their hour of affliction, therefore be it

Resolved, That in his death our order has lost a kind, faithful and honest member and his associates a true friend and the community a good citizen; and be it further Resolved, That we hereby extend our sincere condolence and heartfelt sympathy to the bereaved widow and relatives, and for consolation in their grief we can but direct them to Him who tempers the winds to the shorn lamb and comforteth those who are weak; also that these resolutions be spread upon the records, published in The Iron Port, and a copy be sent to the widow of our deceased brother.

BLOOD POISON

If you ever contracted any Blood Disease you are never safe unless the virus or poison has been eradicated from the system. At times you see alarming symptoms, but live in hopes no serious results will follow. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, itching pains, itches on the skin, sores or blotches on the body, eyes red and smart, dyspeptic stomach, sexual weakness—indications of the secondary stage. Don't trust to luck. Don't ruin your system with the old foggy treatment—mercury and potash—which only suppresses the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our NEW METHOD TREATMENT is guaranteed to cure you. Our guaranties are backed by bank bonds that the disease will never return. Thousands of patients have been already cured by our NEW METHOD TREATMENT for over 20 years, and no returns of the disease. No experiment, no risk—not a "patch up," but a positive cure. The worst cases solicited.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.
We treat and cure NERVOUS DEBILITY, SEXUAL WEAKNESS, EMISSIONS, SYPHILIS, GLEET, STRICTURE, VARICOCELE, KIDNEY and BLADDER DISEASES, and all diseases peculiar to men and women. Cures guaranteed.

READER! Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. Consultation free. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. Books free.—"The Golden Monitor" (Illustrated) on Diseases of men "Diseases of Women" "The Wages of Sin" "Varicocele, Stricture and Gleet." All sent free sealed.

No medicine sent C. O. D. No names on boxes or envelopes. Everything confidential. Question list and Cost of Treatment, FREE, for Home Cure.
