

REFUGEES SWARMING INTO STATE

Long Lost Report Found By Captain Hibben

DEFENSE ASKS ADJOURNMENT, STUDY CHARGE

APPEAL TO HIGHER AUTHORITIES IS CONSIDERED.

(By The Associated Press.) New York, Sept. 4.—A report long since reported to have been missing from the war department files, in which William J. Burns, formerly of the department of justice, accused Captain Paxton Hibben of "revolutionary" utterances and activities, turned up today at the meeting of the army board of inquiry investigating Captain Hibben's fitness to continue as a member of the officers reserve corps.

The document, which Captain Hibben said he often had futilely sought in the war department files that he might prepare a defense against its charges, was discovered by the accused officer when he again took the stand in his own defense. In going over a mass of papers which had been introduced by the prosecution, the report turned up. Captain Hibben had a hasty conference with his chief counsel, Colonel John J. Bradley, who asked for an adjournment of the hearing to give him an opportunity to study the Burns charges. The case was continued to next Monday.

Today's hearing also brought forth the announcement that Captain Hibben's case would be carried to higher authorities, possibly President Coolidge, if the inquiry board found charges against the accused officer. Colonel Bradley told the board that an adverse decision would ruin his client and added that "we are shooting at higher authorities than the convening board in this case."

Dominion Seeking New Loan in U. S.

(By The Associated Press.) New York, Sept. 4.—For the second time this year, the dominion of Canada will enter the New York market tomorrow with an offering of \$26,000,000, 3 1/2 year 4 1/2 per cent bonds for the account of the Canadian national railways. A simultaneous offer of the issue will be made in Canada.

Smith's Name To Appear on Ballot

(By The Associated Press.) Lansing, Mich., Sept. 4.—Although Hal H. Smith, Detroit attorney, has announced his withdrawal from the United States senatorial race, his name will appear on the primary election ballots, Secretary of State Deland ruled today. The ballots have already been printed and distributed.

PRINCE TAKES TO BOATING TO AVOID CROWDS

Finally Finds Way To Obtain Isolation; Is Threatened.

(By The Associated Press.) Sposnet, N. Y., Sept. 4.—The Prince of Wales tonight took a motorboat and found on the choppy waters of Long Island Sound the isolation that five days of vain struggle had shown him was not one of the privileges of royalty on vacation in democratic America.

The air was chilly and the sea was rough. But there were no pursuing crowds and no photographers bobbed up from ambush. His Royal Highness at last found freedom. The prince, after playing polo at the J. F. Phipps estate and taking luncheon there with Will Rogers, the comedian, and his immediate staff, loaded his golf clubs into his car and set off for the J. S. Cosden home at Sand Point to get in his first game of golf since his arrival. Major E. D. Metcalf, his equerry, accompanied him.

At five o'clock, he left the Cosden place on a launch, sending word to his attendants at the J. A. Burden house, his vacation residence, that he would not be back to dinner. He told them no more. It was said at the prince's house tonight that nobody there knew precisely where he had gone nor when he would return. It was assumed that he would come in very late, as usual.

Every automobile that entered the ground of the Burden estate was required tonight to come to a full stop while trained men scrutinized it to satisfy themselves that its occupants were on a lawful errand. These precautions were said to be the results of a letter threatening the life of the prince which was turned over to the New York police today.

The letter, written in two different inks on four sheets of cheap paper was postmarked at Williamstown, N. Y. It was rambling and incoherent, but there was a threat in the phrase, "I want to kill him." It was signed Marcus Geroy, or Garoy. Address All Wrong. The letter was addressed to the acting British consul, Hon. A. Brouet, 911 East Forty Second Street, New York City. There is no such address nor is there any one named Brouet connected with the consulate, the officers of which are in the Whitehall Building.

Whether or not the prince was informed of the threat could not be learned. The prince's guard is made up of two Scotland Yard inspectors, a squad of New York state troopers and special agents of the state department. After the letter had come into the hands of the New York City police there was evidence of taut vigilance on the part of all these, even though they regarded the letter as the product of a probably harmless but disturbed brain.

A detective of the bomb squad, Louis Herman, was sent from Manhattan police headquarters to Sposnet to show the letter and give the alarm. He also conveyed the request from the New York authorities that if the prince should decide to visit this city, no matter how inconspicuously he chose to come, he should give notice so that a proper guard might be provided for him.

SEEK LETTER WRITER.

New York, Sept. 4.—A letter to the Prince of Wales, saying in part, "If you do not get out of the United States soon, you will meet a violent death" was received by the French consul-general's office today. It was reported to the police.

The letter, which was said to be three pages long, and in most portions incoherent, was postmarked Sposnet. The police, to whom the letter was given, sent a man to Sposnet in an effort to locate the sender.

TESTIMONY IS FAVORABLE TO MICHIGAN CASE

Aged Missionary of Soo Also Backs State Claim

(By The Associated Press.) Menominee, Mich., Sept. 4.—Hearings in the Michigan-Wisconsin boundary dispute case were resumed here today before special United States Court Commissioner Conway Elder. Testimony was obtained by Michigan counsel from several aged residents of the city familiar with conditions on Green Bay for the last 75 years.

James F. Lyons, 81, told of how, when a boy of 10 years, he came to Menominee on a steam vessel from Buffalo. The passage he said, into Green Bay from Lake Michigan was made through Death's Door and down along the Door county shore, inside the Strawberry passage to opposite Menominee. He later stated, however, that practically 95 per cent of traffic on the bay in those days was by sailing vessels and those of greater tonnage took the passage to the west of Chambers Island because of greater room to tack when winds were not favorable.

George M. Rupp, Ironwood, and A. L. Burridge, Crystal Falls, engineers, will be examined tomorrow on a recent survey of the Menominee river made by them for the state of Michigan, to determine the channel of the stream as described in the Michigan territorial boundary.

At the hearing at Sault Ste. Marie yesterday, Father Gagnier, an aged pioneer Jesuit missionary among Indians and the only one remaining in the service in the northern peninsula, told of his trips to the Leauveaux Desert region and to Baraga. His testimony, it was said, was favorable to the Michigan boundary claim.

Warren To Confer With Mr. Sheffield

(By The Associated Press.) Detroit, Sept. 4.—Charles B. Warren of Detroit former ambassador to Mexico and Japan, and member of the Republican advisory committee, left tonight for New York, accompanied by his wife and sons, who had just returned with him from a vacation trip to the Huron mountains.

Davis Plans Trip To New England

(By The Associated Press.) Washington, Sept. 4.—John W. Davis, the Democratic presidential nominee, after his present western speaking trip probably will carry his campaign into New England and then make another invasion of the west. Chairman Shaver of the Democratic national committee, in making this announcement, said the present tour probably would not extend farther west than Denver. The possibility of Mr. Davis campaigning in Pacific coast states during his second western jaunt, he added, was too far in the future to be discussed.

ARMY AVIATORS PLAN TO REACH AMERICA TODAY

Fleet Of Planes Will Accompany Them Down Coast.

(By The Associated Press.) Pictou, N. S., Sept. 4.—Late tonight the indications were that five flying weather would prevail tomorrow for Lieutenant Lowell H. Smith and the other American round the world fliers if they decide to make a jump from Pictou for Boston. The storm had subsided and the barometer was rapidly rising.

It was said that under ideal weather conditions the planes could be prepared for a hop off by 10 o'clock.

The United States torpedo boat destroyer Coghlan reported tonight that she had the spare rear spreader required for Lieutenant Smith's machine on board and was lying in the lee of Henry Island off Pictou harbor, waiting for daylight to come in.

Lieutenant Smith, who commands the world fliers, has ordered his men up at 5 o'clock in the morning. This is believed here to indicate the possibility of a start for Boston by the planes tomorrow.

Late tonight the cruiser Milwaukee informed Lieutenant Smith that a storm of violent intensity was approaching the Nova Scotia coast and recommending that the start for American territory be delayed. The order for his men to be up at 5 o'clock still stands, however, and at that hour, the weather reports available will be examined.

ESCORT PLANNED.

Boston, Sept. 4.—When the army fliers who are encircling the world fly down the New England coast from Pictou, N. S., to land here, they will be under escort by a score of planes. While air service officials awaited word today of the probable time of arrival of the world fliers, they arranged, under the direction of Major General Mason M. Patrick, chief of the air forces, to send the escorting planes up the coast as far as Old Orchard, Me., to meet the homing airmen.

General Patrick and Assistant Secretary of War Dwight F. Davis, will fly with the aerial reception party and will return to join the official party on the ground which will escort the fliers to the East Boston airport, for their first landing on home soil since they left Seattle on April 6. With them will be officials of state and city.

The day after arrival, when the change from pontoons to landing gear will be effected, will be one of many activities, although event after event that had been postponed has been eliminated out of deference to the fliers' wishes. General Patrick will fly with the group to New York, and thence to Washington.

Tourists often refer to the smell of depressing seaweed on the south coast of England as ozone, but as a matter of fact ozone may not be encountered until after a climb of 8000 feet.

Arbitration Keynote of MacDonald Speech

(By The Associated Press.) Geneva, Sept. 4.—The British prime minister, Ramsay MacDonald, with characteristic forcefulness and precision, set forth before the assembly of the league of nations today, the British government's attitude on the harrasing questions of security and disarmament.

JURY CHARGES KLAN LEADER WITH MURDER

ONLY LIVING MAN NAMED FOR PART IN SHOOTINGS.

(By The Associated Press.) Herrin, Ill., Sept. 4.—John H. Smith, garage owner and local Ku Klux Klan leader, was charged today, in the verdict of the coroner's jury, with having shot and killed Chester Reid, one of the men who lost their lives in the Klan and anti-Klan fight here last Saturday.

The jury recommended that Smith be held over for the grand jury, which meets September 22, and a warrant charging him with murder was signed by Coroner William McCowan and placed in the hands of Deputy Sheriff Harry Walker, for immediate service.

Up until a late hour the warrant had not been served, although Smith was still at his garage waiting for the visit of the deputy sheriff.

"I will be glad to be served by my friend, Uncle George Walker," Smith told newsmen. "The finding of the coroner's jury cannot affect my case, because I am already charged with murder and am now out on bonds of \$10,000."

Smith was arrested Sunday with nine other men and taken to Harrisburg, Ill. All were released on a writ of habeas corpus the following day and returned to Herrin, where they filed bonds for \$10,000.

Smith is the only living man who was named by the jury as taking part in the shootings.

The jury found that Deputy Sheriff W. H. (Bud) Allison, anti-Klanman, was killed by Green Dunning, Klansman, and that Otto Rowland, Deputy Newbold and Charles Willard were killed by persons unknown. Newbold and Willard were bystanders killed by a stray bullet. It found that Chester Reid was killed by Smith, while acting as peace maker.

Marquette Relief Fund Totals \$6,500

(By The Associated Press.) Marquette, Mich., Sept. 4.—With the closing tonight of the Ford-Thornton relief fund, opened shortly after the killing two weeks ago of Chief of Police Martin Ford and Patrolman Thornton, and the fatal wounding of Lloyd Ford, son of the police chief, in a pistol duel with Oscar Lampinen of Deerton, who was later shot and killed by Officer Tippet, over \$6,500 had been subscribed, of which \$500 had been administered equally between the two families of the dead officers.

Asks Officers To Search for Wife

(By The Associated Press.) Detroit, Sept. 4.—Louis Spitalis, 29 years old, who disappeared yesterday while on the way to a bank with \$700.

He would enter the league, when Europe herself had given evidence of her desire for peace, were widely commented upon by the delegates generally as voicing the British belief that the United States would not abandon her collaboration with Europe.

Despite fundamental differences between Great Britain and France as to how best to reach the goal of outlawing war, a hopeful note was struck in authorized French circles tonight that a way would actually be found before the present sessions of the assembly were concluded. M. Herriot will deliver his feverishly awaited address before the assembly tomorrow. What he will say respecting France's position remains undisclosed, but well-informed Frenchmen asserted tonight that there was no justification for pessimism over the general situation, because the genuine desire everywhere was to discover a means of attaining world tranquillity.

The most favorable outline of the situation tonight is that France seems to deem that security must come before unlimited arbitration and that armament should logically follow in the wake of the operation of arbitration.

SCANT CHANCE FOR BRYAN IN VOTE TIE-UP

RADICALS LIKELY TO BE IN WEAK POSITION.

Washington, Sept. 4.—Judging by reports received from all parts of the country, the voters are discussing among themselves exactly what would happen if none of the three presidential candidates—Coolidge, Davis, or LaFollette—received a majority of the electoral votes.

This discussion is in part natural because the race is three-cornered but it is to a certain extent being stimulated by the strategy of both the Coolidge and Davis supporters. The republicans are already using it as a means of getting votes and the democrats are even more zealous in their adaptation of it to their advantage.

Radical May Be Chosen. The republicans are saying that if the election is thrown into the House of Representatives for decision as is provided if no candidate receives a majority of electoral votes then in case of a deadlock in the House, the Senate may choose a vice president by the name of Charles W. Bryan through a coalition of LaFollette republicans and democrats and a radical would become president of the United States.

This thought is most unwelcome in the conservative areas of the country, especially in the east where Bryanism for a generation has been repudiated at the polls.

But the democrats are contending the exact opposite in talking with conservatives, namely that the way to prevent the selection of Bryan is to support Davis either at the polls or in the house of representatives. For example, if no candidate has received a majority of the electoral votes on November 4th, congress will be convened in regular session in December or can be called into special session even earlier.

Has Until March 4. The house has until March 4th to pick a president. During the three months of discussion the conservatives of the country who would be opposed to the selection of Bryan as a vice presidential candidate will be urging the selection of President Coolidge.

There will be a deadlock in the house because the state delegations are about evenly divided as between the democrats and republicans and there could be no majority of the states cast for any candidate as is necessary under the constitution unless some of the LaFollette republicans assist President Coolidge or vote for John W. Davis.

The conservative republicans could, of course, unite with the democrats and select Davis and thus prevent the elevation of Charles W. Bryan to the presidency. The country and congress will have three months in which to think about the kind of president to be selected.

Not Necessarily Bryan. But the sequel of an election thrown into the House of Representatives is not necessarily Bryan. It may be Davis and it

Big Crowd Pays Silent Tribute to "Pop" Geers

(By The Associated Press.) Wheeling, W. Va., Sept. 4.—At the scene of his last race, a crowd of 50,000 today paid eloquent tribute to the memory of Edward F. (Pop) Geers, noted harness driver who drove to his death yesterday at the West Virginia State Fair.

Just at the hour of 2 o'clock, when Geers had been scheduled to drive Peter Manning in an attempt to lower the half mile track record, the horse was led on to the track in front of the grandstand. It was draped in black, in memory of the man who had driven it to victory many times.

A hush fell over the great throng as the horse was led slowly down the track while a funeral march was played in the grandstand. As the draped horse stood before the thousands of spectators, Howard M. Gore, assistant secretary of agriculture, mounted to the judges' stand and paid a glowing tribute to the late reinsman, eulogizing his character, his common honesty, and integrity, which he said had gained for Geers lasting fame in the sport of kings.

All other activities at the fair were suspended during the memorial services. Geers' body, accompanied by relatives and friends, was taken on his home at Memphis, Tenn., today.

Dingeman Honored

The Association of Michigan, which is meeting in conjunction with the Bar Association and the prosecuting attorneys, today elected Harry J. Dingeman, of Detroit, to succeed himself as presiding circuit judge of the state. Officers of the association chosen were:

Judge George W. Sample, Ann Arbor, president; Judge Arthur Webster, Detroit, vice president, and Judge Leland W. Carr, Lansing, secretary-treasurer.

The Michigan Bar Association elected Walter H. Foster, of Lansing, president; Wade Mills, Detroit, vice president; Herbert F. Goodrich, Ann Arbor, secretary; William E. Brown, Lapeer, treasurer.

Directors from the congressional district—Oscar C. Hull, Stewart Hanley, Detroit; H. C. Jackson, Kalamazoo; Philip T. Colgrove, Hastings; Fred A. Maynard, Grand Rapids; J. Frank Wilson, Port Huron; Frank C. Miller, Port Huron; Charles L. Robertson, Adrian; A. A. Keiser, Ludington; J. E. Duffy, Bay City; Sherman T. Handy, Sault Ste. Marie; Arthur H. Ryall, Escanaba; Edmund C. Shields, Lansing.

Simplicity Will Mark Funeral of Popular Horseman

(By The Associated Press.) Memphis, Tenn., Sept. 4.—Simplicity will mark the funeral here tomorrow of Edward Franklin Geers, affectionately known in turf circles as "Pop," killed on the track when his mare, Miladi Guy, stumbled and fell during a race at Wheeling, W. Va., yesterday.

The funeral service will be conducted at the home of Mr. Geers' daughter, Mrs. Wallace W. Cunningham, with whom he had lived for many years. The Reverend William Parker Nelson, pastor of Idlewild Presbyterian Church of this city, and the Reverend Edward C. McCown, of Pittsburgh, Mr. Geers' son-in-law, will conduct the services.

Tomorrow night the body will be taken on the journey to Columbia, Tenn., where it will be interred Saturday.

CAPTAIN MURKIN

(By The Associated Press.) Buffalo, N. Y., Sept. 4.—District Attorney Moore will renew tomorrow his efforts to learn from George C. Bryant, Klan leader, his purpose in seeking Edward C. Oberstein last Sunday night, which resulted in the Klan shooting affray in which Oberstein and Thomas J. Austin were killed and Bryant and Carl Sturm were wounded.

Bryant, who is in a serious condition in the hospital, was questioned for ten minutes today by District Attorney Moore and Police Chief Zimmerman. The examination was halted by physicians. The investigators found three apparent discrepancies in the statements made by Bryant and that made by Carl Sturm on Wednesday. Bryant denied he had had any conversation with Oberstein. Bryant said that he had been shot by the first bullet fired, whereas Sturm had said that he was shot first.

Police Hold Boyce as Hammer Slayer; Identified by Boy

(By The Associated Press.) Detroit, Sept. 4.—Testimony of 10 year old Bernard Balanger, professed eye witness, may lead to a sojourn in state prison for Thomas Boyce, "convict ship bridegroom" but now charged with two women as the murderer Sunday last of Clyde Keller, grocery employe.

Today, police say, the boy told them, Boyce wielded the hammer responsible for Keller's death. The killing came as a finale, he said, to a drinking party in his mother's apartment, above Keller's place of employment. The latter's body was found in a moving van at the rear of the same building.

Keller dropped to the floor from a blow on the back of the head, the youth told the officers, and laid there several minutes. His alleged assailant, Boyce, and other guests paid no attention to him, he said, until the party dispersed when Keller recovered and fell down stairs as he attempted to follow them out doors. Boyce then carried his victim to the moving van, the boy concluded.

Subsequently confronted by the youth today in the homicide department at police headquarters, Boyce positively denied young Balanger's accusations, but was violently moved by the ordeal. He was completely upset when returned to jail by the police.

Permission Asked To Junk Railroad

(By The Associated Press.) Lansing, Mich., Sept. 4.—A petition for permission to abandon and junk the Manistee and North-eastern Railroad was filed with the state public utilities commission by the Michigan Trust Company, receivers, today.

The petition avers that the road cannot be operated profitably. Stockholders have been settled with at the rate of 50 cents on the dollar, according to the receiver company.

The Manistee and Northeastern has 182 miles of track including the main line between Traverse City and Manistee and branches to Empire, Prvomont, Onekama and Grayling.

Canadian Opposes "Theft of Water"

(By The Associated Press.) Toronto, Sept. 4.—"The theft of lake water by Chicago must be stopped in some way," said George P. Graham, minister of railways and canals, in an address to the directors of the Canadian national exhibition today.

"I am not saying that the United States is stealing water," Mr. Graham continued, "but the city of Chicago is. There is no treaty by which Chicago may take 10,000 feet of lake water per second for its own purposes. Such a taking of water must result in the lowering of the lake levels and injury to our harbors and shipping."

Iron Trade Review

Cleveland, O., Sept. 4.—Iron Trade Review today says: August turned the iron and steel market toward better activity after five months of declining tonnage and while the improvement has not been large, it has been substantial. This latter description still fits the week-to-week condition. Manufacturing needs have expanded in various directions and still are growing though not in a uniform way. New construction has held up well. Railroad demands now are being put forward in an impressive way. Pig iron prices appear to have become better stabilized than those in steel and the fluctuations of the latter are impelling buyers to move with caution where future needs are involved.

A four months' decline in pig iron production was checked in August. This was accomplished entirely by the renewed activities of steelworks furnaces. This group showed a gain of 100,105 tons over August, while merchant stacks were losing 25,066 tons additional. Total production in August was 1,574,920 tons against 1,783,467 tons in July, a gain of 91,463 tons. A gain of five was recorded in the list of furnaces active at the end of August, the total being 150.

A narrowed margin of change continues to mark Iron Trade Review's weekly composite of fourteen leading iron and steel products. At \$39.23 this week the index is the lowest since August 1922, and compares with \$39.35 last week and \$44.65 one year ago.

No branch of the market holds forth such promise of increased tonnage as that of the railroads. The list of pending inquiries for freight cars has been raised to over 17,000 not including a 5,000 lot which the Santa Fe is reported to be considering. The Chesapeake & Ohio this week ordered 1987 gondola car bodies. Locomotive inquiries are heavier. Steel rail business is looming up in a big way and producers express themselves as believing from 2,000,000 to 2,500,000 tons for fall and 1925 delivery will be placed within 60 days.

Steel requirements of the automobile and parts manufacturers are increasing and the mills are receiving heavier specifications from this source. The Buick and Studebaker companies have placed some good sized orders and the Ford Motor Co. is in the market for a round tonnage covering its needs for the next 30 days.

The leading interest will furnish the bulk of an order for 30,000 to 35,000 tons of galvanized sheets placed by the Argentine government. An eastern independent will fill a portion of this order. The Texas Co. is reported to have closed on an inquiry for 100,000 boxes of tin plate.

Gain of strength by the big iron market is still slow but it is perceptible. The open market on lake ore is leading to the offering of some lots at a sacrifice of prices. At Pittsburgh sales of over 100,000 tons recently have been made at 60 cents per ton under the common schedule.

24 Oil Companies Named in Petition For Receivership

(By The Associated Press.) Texarkana, Ark., Sept. 4.—Receivership proceedings against the Middle States Oil Corporation and 23 other concerns with combined assets of approximately \$50,000,000, were filed in United States district court here late today by Joseph A. Phelan, a New York creditor. Phelan claims the Middle States Company, a Delaware corporation, is indebted to him in the sum of \$5,570, the unpaid balance of an original indebtedness of \$11,250 incurred in May of this year. The application for a receiver is based in the assertion that the interest of the petitioner and other creditors is endangered through the alleged intermingling of the affairs and transactions of the two dozen companies involved.

Similar action against the Middle States Company and its subsidiaries was taken in the United States district court at New York recently, when a receiver for the company was appointed. The companies involved in the suit filed here control extensive oil properties in Arkansas, Oklahoma, Texas and Kansas, according to Phelan's petition, which indicates that similar suits are contemplated in other jurisdictions.

The Middle States Oil Corporation is capitalized at \$29,750,240. Its assets were listed in Phelan's petition, at \$25,000,000, including stocks owned in the smaller companies.

Naval Plane Hits 198 Miles an Hour in Test of Speed

(By The Associated Press.) Philadelphia, Sept. 4.—Striking through the air at 197.6 miles an hour, Lieutenant George T. Cuddihy, U. S. N., today smashed the American seaplane speed record in tests above the Delaware river. Yesterday, Lieutenant Ralph A. Ostie, of the navy, established 190 miles an hour as a peak of seaplane speed in a flight over the Delaware course.

The naval fliers are testing their planes preliminary to defending at Baltimore next month The Schneider International Seaplane trophy, won by them last year. Daily increased bursts of speed are recorded as finer adjustments are made to the mighty engines which occupy the bulk of space aboard the diminutive racing machines.

Lieutenant Cuddihy, who hails from Michigan, is attached to the air fleet at San Diego, California. The plane he is using is a 500-horsepower CR-3, which won the Pulitzer trophy in 1920 as a land plane. Now equipped with pontoons, it has demonstrated its ability to rise from the water and traverse two and one-half miles in somewhat less than sixty seconds.

SCANT CHANCE FOR BRYAN IN VOTE TIE-UP

Continued From Page One.)

may be Coolidge. The conservative democrats and conservative republicans in combination in the senate could pick Charles G. Dawes as vice president if they didn't want Bryan and if the house were deadlocked as between Coolidge, Davis and LaFollette.

All this may sound remote but it is becoming concretely near at hand every day as the possibility of a deadlock is visualized. The theory that a radical will be president is based only upon the idea that the conservatives of the country, republicans and democrats would be so hostile to an agreement on Coolidge or Davis that they would deliberately permit the senate to make a choice of vice president. It is also based on the thought that the democrats in such a contingency would hold their strength in the Senate to Bryan and would win the LaFollette republicans to their side.

Dawes a Possibility. If the conservative republicans really considered John W. Davis preferable to a radical they could agree to support him in the house on the pledge that Charles G. Dawes would be given democratic support in the Senate for vice president. Were there really a conservative combination in both parties the ticket of Davis and Dawes would not be impossible of selection at all.

But is John W. Davis going to be aligned with the conservatives when the campaign is over? His advocacy of certain principles close to the LaFollette platform may be designed at the moment to corral radical votes in the general electorate but it may also operate to make him closer to the LaFollette republicans in the next administration and of a working coalition with the democrats as occurred in the last session of congress in both houses, they may prefer Davis to Coolidge.

If such overtures are ineffective they will naturally help keep the situation deadlocked in the house in the hope of having Charles W. Bryan selected as vice president and that means the presidency on March 4th if the house has failed to choose a president before that date. Those three months after November 4th would mean a breakdown in party lines and a consideration by the conservatives of whether they should combine either for Coolidge or for Davis and checkmate the radical ascendancy in the Senate.

As it stands today both the Coolidge and Davis spokesmen can make out a plausible argument to get votes so as to prevent the election from being thrown into the House of Representatives.

It Is Claimed Honduran Rebels Do While

(By The Associated Press.) Orizaba, Sept. 4.—The revolutionary junta announced today it had been victorious in Guatemala. The junta, which is headed by General Funes, minister of war, based on the city of Santa Barbara, had been defeated by the forces of General Ferrera, the revolutionary military chieftain, and that the victory was regarded as virtually assuring the end of the conflict and the success of the revolt.

Report Infantile Paralysis Spread

(By The Associated Press.) Detroit, Sept. 4.—Ten new cases of infantile paralysis were reported yesterday to the board of health. This makes a total, since August 1, of 122 cases, of which 12 have proved fatal. Board of health officials stated there are 110 active cases of the disease in Detroit.

Balancer For Willys Knight

Complete elimination of the annoyance of all motor vibration in its Willys-Knight models is achieved by Willys-Overland by the addition of the Lancheester balancer, a new British invention, as standard equipment, in all future production.

This remarkable device, which has been the sensation of European motoring circles for the past year, has been used with phenomenal success on the other side of the Atlantic by leading motor car builders.

Willys-Overland has been able to obtain the American rights to the balancer by special arrangement with its inventor, Dr. F. W. Lancheester, F. R. S., a British engineer of outstanding genius.

Ever since the first days of the multiple cylinder motor car, automobile engineers have endeavored to conquer vibration. In the beginning when the multiple-cylinder car had replaced the old one- and two-cylinders, the vibration in the engine passed almost unnoticed. The transition from one to multiple cylinders was such an improvement in itself that the latter type of engine was regarded as approximating perfection. It was the introduction of the closed car that necessitated greater refinement in the engine.

Balancer Counteracts Vibration.

The Lancheester balancer is based on purely scientific deduction with reference to the causes of vibration in a motor, and is applied in such a manner as to counteract this vibration at all motor speeds. It is a simple corrective device of two small gears attached to the center shaft of the motor, driven in opposite directions by a third and larger gear at twice engine speed. The third gear is part of the crankshaft. This rotation of the smaller gears, which are drilled in order to distribute their weight unevenly, gives equivalent, though opposite movement to the mass of the pistons, neutralizing the vibra-

tion which these set up.

This device was first tested by Dr. Lancheester in the cars which bear his name. Results were remarkable, but not long after this factory turned over its entire capacity to the production of engines for aeroplanes. After the war the Daimler Company, builders of Knight-motored cars in England, adopted the balancer. At the present time all Vauxhall cars are also equipped with this mechanism.

Wolverine Picnic in Los Angeles to Be Held Sept. 20

An official call for the annual picnic of former Wolverines now residing in Southern California has been sent out by Dr. M. R. Parmelee, of Los Angeles, who will have charge of the arrangements. The picnic will be held Saturday, Sept. 20, in Sycamore Grove Park, Los Angeles.

"President Parmelee will carry out all the usual happy features of the picnic reunions, such as the county registers and headquarters, badges, coffee and program," the announcement promises. "All Wolverines in the Southland are included in the wide open and hearty invitation, and are asked to pass the word to others from the old home state.

"Picnicers will carry basket dinners."

I Paid \$5

For these powders once By Edna Wallace Hopper I was asked to offer women my aids to youth and beauty, and I did. They are, I believe, the greatest in existence, for I searched the world to get them.

Then countless women asked me about powders. I am an actress and a movie star. We in our world care nothing for expense. Anything which adds to our beauty is worth its cost. So I have long paid \$5 per box, as have others, to obtain the very utmost in a powder. Each lot was made to my order. Now I have asked the makers to supply these identical powders, in quantities, at prices all could pay. I have agreed to market them to women who desire them. Thus I am able to supply these same powders at 50c and \$1. I owe that to the kindness of the makers.

I use a heavy cold-cream powder, based on my Youth Cream Powder. But many women like a powder light and soft. So I have this powder made in two forms. All druggists and toilet counters now supply my Youth Cream Powder at \$1 and my Light Face Powder at 50c. Both come in three shades—white, flesh and brunette. There may be greater powders in the world, but I have never found them, and I have consulted the greatest experts. I know that anyone who compares them with ordinary powders will be amazed and delighted. I shall gladly mail you a sample of the kind you want if you will mail this coupon. Please do that now.

LEADERS LAUD NEW OFFICERS

Escanaba leaders and members of the American Legion Auxiliary are tremendously pleased with the election of officers for the state body, held during the fourth annual convention which closed Wednesday night at Muskegon.

The new officers are: President, Mrs. Eva Spalding, St. Johns; Senior Vice President, Mrs. Chloe O'Neill, Muskegon; Junior Vice President, Mrs. Susie Magel, Concord; Secretary, Mrs. Marlon G. Shirk, Battle Creek; Treasurer, Mrs. Emma Nelman, Bay City.

Mrs. Katherine S. Laughton of Menominee, retiring committee woman from the Eleventh congressional district, will be one of the delegates representing Michigan when the fifth national convention opens in St. Paul, Sept. 15.

"It is worthy of note that the only re-elected officer is Mrs. Shirk, whose work as department secretary this past year has been a marvel of efficiency, promptness and courteous treatment," said Mrs. Annette Pavlov, of Escanaba, prominent Upper Peninsula Legion Auxiliary leader, yesterday. "Beginning last February, Mrs. Shirk secured free space for office rooms in the Battle Creek city hall and established a 24-hour service from this point to every unit in the state. Working without compensation, Mrs. Shirk has donated freely of her time and energy and saved the Michigan Auxiliary hundreds of dollars. The department is fortunate to be able to have a continuation of her services."

"Mrs. Spalding, president-elect, served as senior vice president last year. Executive ability of high order is the tribute paid to Mrs. O'Neill, who served this year as general convention chairman and whose handling of the convention was enthusiastically praised."

Musical Work in Schools Started

Escanaba high school will have two orchestras this year. Leonard Shanklin, director of music in the school, announced yesterday. Places in one will be reserved for advanced music students, while the other will be made up of beginners.

Organization of classes in stringed, wood, wind and brass instruments in the grade schools will be started within a few days, Mr. Shanklin said. These classes will be assembled once a week for ensemble work.

If sufficient talent can be recruited, the high school also will have a band.

Gifted Tenor Will Appear in Concert At Church Tonight

Samuel C. Ham, of DePauw University School of Music, Greencastle, Ind., will appear in concert this evening in the Swedish Lutheran Bethany church. Mr. Ham is a tenor of rare ability. The Chicago Music News says of Mr. Ham's voice that it is a "tenor of dramatic quality, which at the same time possesses much of lyric beauty and a variety of interpretative powers."

Mr. Ham has spent his vacation in this neighborhood and is about to return to his post of duty at teacher of voice at the above mentioned institution. The concert this evening gives promise of being one of the outstanding musical events of the season, a treat that lovers of song and music can ill afford to miss.

Mr. Ham will be assisted by Miss Ruth C. Ross, pianist, of Minneapolis, Minn. During the past year Miss Ross has been connected with the Minneapolis Symphony Orchestra as accompanist and pianist. Her technique and ability as a pianist is rated as something out of the ordinary and her part in the program alone is said to be well worth the price of admission.

The concert will begin at 8 p. m. Tickets for adults will be fifty cents, with a half-price concession to children.

Non-Residents Pay Fine for Fishing Without Licenses

Engadine, Sept. 4.—Deputy Game Warden George A. Kelley of Engadine arrested Ben Ulrich and George P. Salmon, both of Chicago, for taking and attempting to take fish without first securing a non-resident license. They were arraigned in Justice Walter Burns' Court Sept. 2. Both plead guilty and paid fines of \$20. The men seemed surprised to know that a non-resident fisherman had to secure a license to fish in Michigan.

"They seem to think," Mr. Kelley said, "that as long as they had friends in the state, they had the right to enjoy the fishing without further formalities. Their friends seemed to think so too. Visitors from other states should be warned that non-resident anglers' licenses are necessary and that Michigan game wardens are on the job."

The bride wore a dress of white broad satin erpe and wore a veil and carried a bouquet of Bride Roses, the bridesmaid wore a dress of Orchid Georgette erpe of peach colored satin with a hat to match and she carried a bouquet of roses. The church was beautifully decorated and the music and singing during High Mass was beautiful. The wedding breakfast was served at the home of the Grooms parents Mr. and Mrs. C. Le Claire. After which they motored to Rock for dinner where covers were laid for fifty guests. A reception was held in the evening at the Larson Bro. Hall. The Arcadian Orchestra furnished the music. Mr. and Mrs. Le Claire will make there home at Rock.

WARRING Chinese generals postponed a battle because of rain. That should be sufficient proof of the wisdom of a suggestion, made two years ago in this column, that the League of Nations acknowledge the authority of Judge Landis and the national baseball commission. Then a battle could be postponed because of wet grounds, a soldier who became unruly could be banished from the contest and, in slack times, a double header engagement could be staged without increasing the price of admission.

Helen Lorimore's Legacy

BY JANE PRELPS.

WILSON IDENTIFIES THE CAN-VAN BAG.

In the great west Helen Lorimore had found herself. She had cast off the conventions of city life, the useless inhibitions of her girlhood—useless in the environment in which she now lived. The vacation that had marked her friendship with Harold Drake, the uncertainty was gone. Helen knew that she loved Edward Lee—whom she now knew as Roy Drayton—knew that she loved him, and gloried in the knowledge.

Did he return her love? Not by a word had Roy evinced anything but friendship for her; and gratitude for her belief in him. But his eyes lighted when he saw her, at times looked so hungrily at her that the girl flushed and trembled, feeling that he was about to say the words she longed to hear.

But he had asked her to forgive him that day when she met him after his long absence following his accident, the day when she had plainly shown her anxiety, her distress, over him. Had he seen that she cared for him, and asked forgiveness because he could not return that love, Helen wondered.

Helen Lorimore, the ranchwoman, was no weakling. She did not tell herself her life would be ruined if Roy did not care for her. She had her interests, engrossing ones, her living to make, her business sagacity to prove to herself and to others, she had her ranch, and the incentive it gave her. Some day, if he outlived her, it would belong to Roy. Helen would have turned it over to him at once but she knew he would not accept it. He had shown this fact plainly the day she declared her Uncle's action in leaving it to her; when she declared she felt like an interloper.

Now, as Helen waved her hand to him, she put everything from her, even her love. Nothing counted now but to prove Roy's innocence. There would be time to think of other things—of herself—later.

"Well!" she queried brightly, as she slipped from her pony and gave Roy her hand. "You have good news, I see it in your face."

"Yes," He held her hand closely. "Wilson has positively identified the bag as one of his and is ready to help us."

"I am so glad!" The brief words inadequately expressed Helen's feeling, but with her hand in Roy's, were all she could compass for the moment.

They sat down on a log and Roy told her all Wilson had said. The old man had always doubted his guilt, but circumstances had made him accept it against his wish.

"Wilson was very cordial, very

anxious to help me clear up the affair, and will do anything he can," Roy told her.

"We have ten days before Wheelock goes. We must get him when he takes the money from the pump house," Helen replied, slowly, meditatively, catch him red-handed. That will be my job.

"But can you do it? Hadn't we better—"

"No," she interrupted, "I know you are going to propose we call in the authorities. Wheelock is very suspicious. At the least hint of anything he would escape, and we might never find him. I believe he will wait until the last moment before he takes the bag from the pump house. He feels it is safe there, and he also hopes I will change my mind and keep him—in spite of all I have said. I will watch constantly, and I shall not see you again. It is too great a risk now that we are so near the end. Tell me where I can reach you, then keep in hiding until I send for you."

"If I am ever proved innocent I shall owe it to you," his voice husky. "Oh, if Father could know."

"ON TO MARQUETTE"

DILLMAN TELLS OF ROAD WORK

Comparatively few persons have any adequate idea of the extent of the highway improvements under way in, or planned for, the upper peninsula. They see them referred to piecemeal, but this does not enable them to visualize the program as a whole.

There is, the statement shows, a total of 292.23 miles of road construction in the peninsula at the present time. Following are some of the facts from the latter:

Alger—Perhaps the most important work in this county is to improve 1 1/2 miles on trunk line 15 across the southwest corner of the county. A survey has recently been completed on trunk line 77 from Grand Marais south to the Schoolcraft county line.

Delta—We are now advertising for cement concrete on trunk line 12 between Gladstone and Kipling. The program this year provided for bituminous construction between Escanaba and Gladstone at an estimated cost of \$100,000.

Opponents Fail To Advance Single Reason Why the Voters Should Not Return Frank D. Scott to Congress

Ambitious Politicians Oppose Congressman Scott for Renomination Without Advancing Reason Why Change Would Prove Practical or Advantageous.

Although there are three aspirants to the office of Congressman from this district, all seeking the republican nomination in opposition to Frank D. Scott, the incumbent, so far not one of them has submitted to the voters of this district a single reason why he should be sent to Congress.

From the situation it is apparent then, that those in opposition to Congressman Scott are aspirants to the office, not because of the fact that he has not taken care of the office properly or that he has not voted in accordance with the interests of his district and the public as a whole, but because those who oppose him in the republican primary are ambitious for advancement in the political procession.

There are at this time, as there always will be, those few in various localities who are against the existing order of things and seek to change from the known to the unknown without thought of what it might mean in the future.

At a time like this however, when taxes are the most important issue before the Congress of the United States, would a change of Congressmen in this district prove practical?

On one hand you have Congressman Frank D. Scott who has proven by his staunch support of President Coolidge and his tax

should be paved at an early date. We should also give consideration to trunk line 13 from Sagola to the county line and trunk line 45 from Sagola to Channing for gravel construction.

Iron—Penetration macadam construction should be continued from Iron River and Crystal Falls. In the city of Crystal Falls more of trunk line 12 should be surfaced.

Luce—From the Schoolcraft county line east (project 25-4) there is 5 miles under contract for grading and should be surfaced next season. There is also 1 1/2 miles just east of this project that should be graded and surfaced next season. On trunk line 25 from the vicinity of the State hospital south and east there is 4 miles of earth road that is in fair shape, but should be considered for early construction. The only other piece in Luce county that might be worth considering at this time would be Route 84, about 4 miles in length.

Marquette—If trunk line 15 is improved across Alger county, work should extend northwesterly to Skandia, which would complete work on Route 15.

Menominee—There is something like 8 miles on trunk line 91 between Menominee and Cedar River that is in poor condition and should be considered for early construction. A federal aid project on trunk line 12 from Spalding west 10 1/2 miles in length, will be advertised shortly.

Schoolcraft—Trunk line 12 in the city of Manistique and extending east a total distance of about 3 miles will be advertised shortly. There is a short piece on trunk line 77 from Germfaas north to connect with Schoolcraft county that will be put on at once. We will soon have to consider further construction on trunk line 12 east of Manistique, probably in the nature of penetration macadam and we should further improve trunk line 77 from Germfaas south 5 1/2 miles and there is some work on trunk line 77 from Seney south that will soon have to be taken care of.

FINED FOR SPEEDING. Fred LaPlante of Escanaba pled guilty to a charge of speeding on Ludington street, and paid a fine of 25 cents and costs in Judge James S. Doherty's court yesterday.

Delta—We are now advertising for cement concrete on trunk line 12 between Gladstone and Kipling. The program this year provided for bituminous construction between Escanaba and Gladstone at an estimated cost of \$100,000.

On the other hand are three ambitious politicians, who have failed to advance a single reason why the public should select any of them for Congress. They have also failed to advance a single reason why Congressman Scott should not be returned to office.

Would it therefore be wise to make a change in representatives at a time like this when the election of unknown politicians might work to the detriment of this district? It is only natural that aspirants seeking political advancement, will vote in the interest of his own future rather than in the interest of the public as a whole.

In such a case, the tax reduction measures which last year failed to pass Congress, because men elected as Republicans voted otherwise, and it is only natural to assume that politicians opposed to Frank D. Scott are naturally opposed to his vote for lower taxes and as a result would be expected to vote differently.

If the Coolidge plan of tax reduction and other republican measures which are of paramount importance to the general welfare of the district, are to be passed in the next congress. It will be necessary to surround the President with proven Republicans like Frank D. Scott who is known as a staunch supporter of the administration.

On next Tuesday, Sept. 9, you will be given an opportunity to express your desires for Congressman, a vote for Frank D. Scott your Congressman, is a vote for lower taxes. Don't fail to go to the polls next Tuesday.

Party for Mrs. R. Wiltale. Mrs. George Harvey was hostess to a number of members of the Escanaba Hive No. 531, Ladies of the Maccabees, who assembled at her home, 227 North 11th street, Wednesday evening and spent the evening playing Five Hundred. The

party was given in honor of Mrs. Rose Wiltale who resigned as record keeper for the order, having held the office for a number of years. Mrs. Wiltale will leave in the near future for Milwaukee where she will join her daughter who is a student at the Milwaukee Normal. During her years in office Mrs. Wiltale was ever a faithful member of the lodge and never missed a meeting.

Miss Margaret Dwiro won the honors for Five Hundred. Mrs. Harvey, who is commander of the lodge, presented Mrs. Wiltale with a purse of money in behalf of the members of Escanaba Hive.

Mrs. Wiltale thanked the ladies for the gift in her usual gracious manner. All left for their homes, voting Mrs. Harvey an admirable hostess.

Sewing Circle Meets. The Priscilla Sewing Circle of the Norwegian Lutheran church will hold its regular meeting to night at the church parlors. All members are asked to be present.

CHANGE OF SERVICES. Announcements have been made by the pastors of St. Anne's, St. Joseph's and St. Patrick's churches that beginning with Sunday, Sept. 7th, the hours for masses will be changed to the regular schedule. The masses on Sunday will be at 8:00, 9:15 and 10:30 o'clock. The mass at 9:15 is for children and a sermon will be given for them at this mass.

The afternoon services will be as usual with the exception of Sunday, Sept. 7th, when there will be no services in the afternoon owing to the Holy Name Rally which will be held in this city when Holy Name men from various points in the county will come to this city for the demonstration.

DAY'S MARKET IS UNSETTLED

New York, Sept. 4.—Unexpected omission of the quarterly dividend on the common stock of the American Woolen Company, which broke nearly 16 points to 53 1/2, the lowest price since 1921 unsettled today's stock market after an early period of irregularly lower prices. The general list, however, met good support, net losses in most of the active issues ranging from fractions to three points.

Despite the generally heavy tone of the market, bullish operations were continued in a number of issues. "Nickel Plate" common soared nearly six points to the record breaking price of 119 1/2 but later reacted three points from the high. The preferred touched a new top at 93 1/2 and then sagged to 91 1/2, up 1/2. Strength of Lackawanna, which advanced three points to 139 and then eased to 137, was based on reports that the road was to become the next member of the Van Swearingen family.

Steel and equipment issues lost ground in the face of reports of the withdrawal of large equipment orders by some of the larger railroads.

Rails yielded with the industrials despite the publication of unusually high August carloadings by some of the western roads.

CHICAGO LIVESTOCK. Chicago, Sept. 4.—Cattle, receipts 13,000; trade on better grade steers and yearlings very active at strong to high prices; other grades, steady to strong; clearance, good; extreme top, 11.50 paid by shippers for Illinois fed long yearlings weighing 1,084 pounds; best mature steers, 11.25; five loads string Indians averaging 1,292 to 1,671 pounds at that price; little to killers under 8.50; bulk fed steers and yearlings higher in sympathy with yearling steer trade; other classes, generally steady; hogs, closing weak; stockers and feeders, slow; country men refusing to power the markets; bulk westerns, barely 12.75 at 18.25 to packers; outsiders, upward to 14.00.

Sheep, receipts, 22,000; active; fat lambs, strong to 2 1/2 higher; sorting, light; bulk desirable natives, 13.00 at 15.50; culls, mostly 9.00 at 9.50; bulk westerns, barely 8.50 at 9.00; bulk packing sows, 8.65 at 9.00; majority desirable strong weight slaughter pigs, 7.25 at 7.75; estimated hold-over, 17,000.

CHICAGO GRAIN. Chicago, Sept. 4.—Trading in all grain was light today and with lack of buying power the markets were easily influenced. At the finish wheat showed a net loss of 3-8 to 7-8, with September 1.23 7-8 to 1.24 and December 1.25 7-8 to 1.29; corn was 1-8 to 1-5c, oats 1-8c lower to 5-8c higher, and provisions unchanged to 2c. Quincey 1.12.

CHICAGO POTATOES. Chicago, Sept. 4.—Potatoes, trading fair; market about steady on early Ohios; strong on good white stock; receipts, 18 cars; total United States shipments, 312; Minnesota sacked early Ohios, 90c at 1.10; bulk, 8 1/2c at 9c; sacked round whites, 1.40; Kansas sacked Irish cobbles, 4.40; Missouri sacked Irish cobbles, 1.30 at 1.40; New Jersey sacked Irish cobbles, 2.10; Colorado sacked people's russets, 1.85.

CHICAGO BUTTER. Chicago, Sept. 4.—The butter market today was barely steady, with trading rather quiet. There was a fair demand for medium and lower grades which were firmly held, especially on the 88 score. The centralized car market was steady with an unsettled undertone. Offerings were liberal, but buyers showed practically no interest.

WARRING Chinese general postponed a battle because of rain. That should be sufficient proof of the wisdom of a suggestion, made two years ago in this column, that the League of Nations acknowledge the authority of Judge Landis and the national baseball commission. Then a battle could be postponed because of wet grounds, a soldier who became unruly could be banished from the contest and, in slack times, a double header engagement could be staged without increasing the price of admission.

The brief words inadequately expressed Helen's feeling, but with her hand in Roy's, were all she could compass for the moment. They sat down on a log and Roy told her all Wilson had said. The old man had always doubted his guilt, but circumstances had made him accept it against his wish. "Wilson was very cordial, very anxious to help me clear up the affair, and will do anything he can," Roy told her. "We have ten days before Wheelock goes. We must get him when he takes the money from the pump house," Helen replied, slowly, meditatively, catch him red-handed. That will be my job. "But can you do it? Hadn't we better—" "No," she interrupted, "I know you are going to propose we call in the authorities. Wheelock is very suspicious. At the least hint of anything he would escape, and we might never find him. I believe he will wait until the last moment before he takes the bag from the pump house. He feels it is safe there, and he also hopes I will change my mind and keep him—in spite of all I have said. I will watch constantly, and I shall not see you again. It is too great a risk now that we are so near the end. Tell me where I can reach you, then keep in hiding until I send for you. "If I am ever proved innocent I shall owe it to you," his voice husky. Helen Lorimore's Legacy

BY JANE PRELPH.

WILSON IDENTIFIES THE CAN-VAN BAG. Chapter XLV.

In the great west Helen Lorimore had found herself. She had cast off the conventions of city life, the useless inhibitions of her girlhood—useless in the environment in which she now lived. The valetudinarianism that had marked her friendship with Harold Drake, the uncertainty, was gone. Helen knew that she loved Edward Lee—whom she now knew as

Roy Drayton—knew that she loved him, and gloried in the knowledge. Did he return her love? Not by a word had Roy evinced anything but friendship for her, and gratitude for her belief in him. But his eyes lighted when he saw her, at times looked so hungrily at her that the girl flushed and trembled, feeling that he was about to say the words she longed to hear. But he had asked her to forgive him that day when she met him after his long absence following his accident, the day when she had plainly shown her anxiety, her distress, over him. Had he seen that she cared for him; and asked forgiveness because he could not return that love, Helen

wondered. Helen Lorimore, the ranchwoman, was no weakling. She did not tell herself her life would be ruined if Roy did not care for her. She had her interests, engrossing ones, her living to make, her business sagacity to prove—to herself and to others, she had her ranch, and the incentive it gave her. Some day, if he outlived her, it would belong to Roy. Helen would have turned it over to him at once but she knew he would not accept it. He had shown this fact plainly the day she depreciated her Uncle's action in leaving it to her; when she declared she felt like an interloper. Now, as Helen waved her hand to him, she put everything from her, even her love. Nothing counted now but to prove Roy's innocence. There would be time to think of other things—of herself—later. "Well," she queried brightly, as she slipped from her pony and gave Roy her hand. "You have good eyes! I see it in your

Called Home Wednesday By Father's Death

L. A. Danielson, manager of the Manistique department of the Escanaba Daily Press, left Wednesday for his home in Waupaca, being called there by the death of his father, Dave Danielson. The message which was received Wednesday morning gave no particulars as to the cause of his death.

Mr. Danielson was 58 years of age and had resided in the vicinity of Waupaca for several years. Besides his wife, he leaves two sons, Lester, of this city, and Merle, of Waupaca, and a number of brothers and sisters. The funeral will be held the latter part of this week.

Friends of "Dan" in this city join in extending their sincere sympathy to him.

MOTHER'S MISTAKE. Margaret is only 7 years old, but sometimes quite naughty. On one occasion her mother, hoping to be particularly impressive, said: "Don't you know that if you keep on doing many naughty things your children will be naughty too?"

Margaret dimpled and cried triumphantly: "O, Mother, now you've given yourself away!" Everybody's.

MRS. BUSHONG IS CHOSEN PRESIDENT

Mrs. I. N. Bushong was elected president of the Woman's Foreign Missionary society of Alice Memorial Methodist church at the home of Mrs. Edwin Seger of Nahmia Junction.

In the election which followed the business meeting the following, in addition to Mrs. Bushong, were chosen leaders of the society. Mrs. C. W. Lafaver—First vice president. Mrs. James Montgomery—Recording secretary.

Mrs. L. I. Rollins—Corresponding secretary. Mrs. Webster L. Marble—Treasurer. Mrs. P. Miller—Assistant treasurer.

Mrs. H. W. Colesoo—Superintendent of Woman's Foreign Missionary Society. Mrs. A. H. Miller—Superintendent of Standard Bearers.

Mrs. Platt Barnum—Superintendent of Kings Heralds. Mrs. W. G. Ward—Superintendent of Light Bearers.

At the meeting an interesting letter written by Miss Jwanita Nash, Bible class nurse at Bareilly, India, was read to members of the society by Mrs. Marion Lancaster.

Another interesting letter from Miss Hannah Cornell, a missionary in Tamsui, Formosa, Japan, was read by Mrs. Rollins. Miss Cornell and Mrs. Rollins were schoolmates. A booklet, "Missions Memories" was introduced by Mrs. Seger.

Before the close of the meeting each of the twenty-one members and three visitors present was requested to write something relative to the meeting, to be opened and read one year later.

The gathering ended after the serving of a delicious lunch by the hostess, Mrs. Seger.

FUNERAL OF MISS ANDERSON HELD THURSDAY

Following impressive funeral services held yesterday afternoon the body of Lily Marie Anderson, Gladstone school girl, and daughter of Mr. and Mrs. Charles Anderson, who passed away at the family home at midnight Sunday after a brief illness, was laid to rest.

The services, attended by scores of friends who knew and loved the girl, and whose floral offerings filled the room in which the body lay, were held at 2:30 o'clock at the Swedish Lutheran church, of which she was a devout member.

The funeral procession made its way to Fernwood cemetery where interment was made in the family lot. Close friends were pallbearers.

The girl's death has brought sorrow to all who knew her and the sincere sympathy of a community is extended to the family.

Old Folks Gain Strength With Cod Liver Oil

Thank Goodness You Don't Have to Take the Nasty Tasting, Ill Smelling Oil

Why should any old person let feebleness overwhelm them in these enlightened days? Surely everyone knows by this time that Cod Liver Oil contains more vitamins than anything else on earth and is the greatest body builder in the world.

You'll like to take McCoy's Cod Liver Oil Tablets—they are sugar coated and as easy to take as candy and they do help old people.

Why not try being 10 years younger again—why not grow stronger in body, in mind, in vitality? Why not take McCoy's Cod Liver Oil Tablets and drop 10 years from your age in 30 days? We mean this literally, of course. We believe that a 30 days treatment will make you feel 10 years younger—but at any rate try them for 30 days and if you are not satisfied get your money back—60 tablets—60 cents at Mead Drug Co., Hill Drug Co. or any progressive druggist. Be sure and get McCoy's—the original and genuine. Adv.

WORK CURES FIGHTING, COURT SAYS

Work is a good cure for an overdone of fighting spirit, Albert "Deb" Bolin was told in Justice Phil Hupp's court yesterday morning when he was sentenced to serve a term of ten days in jail with sentence suspended provided he pays court costs and goes to work for the next ninety days.

Bolin was arrested on a charge of assault and battery, charges preferred by Herman Freytag after a scrap at the Pine Grove Pavilion.

He entered a plea of guilty and the court sentenced him either to jail or to work.

REV. BOLTON RESIGNS FROM PASTORATE

Announcement was made yesterday by the Rev. J. M. Bolton, pastor of the Presbyterian church of this city, that he has resigned his pastorate here and will leave Gladstone as soon as action on his resignation is taken by the Presbytery which will meet this month.

The Rev. Mr. Bolton has not as yet been notified of where his new pastorate will be but both he and Mrs. Bolton are desirous of locating in northern Ohio and it is probable that they will go to that state.

The resignation of the pastor, while it is deeply regretted by his many friends here, does not come as a surprise as it was generally known that he has contemplated the action for several months and took steps toward it last May.

The Rev. Mr. Bolton will probably be in Gladstone for a month, awaiting word of the acceptance of his resignation by the Presbytery and winding up his affairs here. His resignation was presented to members of his congregation at a special meeting held Wednesday night and was accepted here at that time.

Here Three Years. The Presbyterian pastor came to Gladstone three years ago last May and since taking over the pastorate has devoted the best of his efforts to his church work here. He, as well as Mrs. Bolton have made many friends during their stay in Gladstone and sincere wishes for their happiness and success in the future will accompany them when they leave Gladstone.

TEMPORARY HOME NEEDED FOR BABY

The Child's Welfare Club of Gladstone is desirous of finding a temporary home for a six weeks' old baby girl, a member of a family whose home life must be given up for the time being.

All cost of the care of the baby during the time it is in its new home will be taken care of. The Club is particularly desirous that a good home be found for the infant and is asking the cooperation of those who have heretofore responded so kindly to any requests made, in finding a home for the baby.

Anyone who will be able to help the Club in this matter is requested to call Mrs. W. H. Corbett at Gladstone, 220.

John VanDamme and Frank Quinn left last night for Minneapolis, where they will attend the state fair. Later they will go to Enderline, S. D., where they will be employed by the Soo line.

Mr. and Mrs. Joseph Semper of Escanaba and Mr. and Mrs. Joseph Semper, Jr., of this city, have returned from a visit at Munising.

TEACHERS PLAN PICNIC FOR TUESDAY

The first social affair of the year for teachers of the Gladstone public schools will be held Tuesday afternoon when an outing will be held by all members of the schools teaching staff at Day's River.

The outing will be a get-together picnic and will be the opening of various social events which will be held by the teachers during the school year.

Committees for the picnic have been appointed and plans for the picnic are already under way.

RACE FINISHES DRIVING FOR NINETY DAYS

A race between two youthful drivers, one of whom was without a driver's license, Tuesday, ended disastrously when Chief of Police Eric Lindahl took a hand in the fun.

Arraigned in Justice Phil Hupp's court Thursday morning, John DeMenter, the driver without a license, was ordered to pay court costs and by order of court will not be permitted to drive for the next 90 days.

Lawrence Jardin, the second offender, 16 years of age, and too young to appear in court, was represented by his father who forced the boy to give up his license.

Harsh "Bitey" Bitter

Harsh "Bitey" Bitter. Ripe Mellow Cool. When is tobacco really ripe and "ready to smoke"?

When is tobacco really ripe and "ready to smoke"?

Even the best tobaccos lack flavor and aroma unless properly mellowed—by age

TO many smokers, tobacco is a plant grown mostly in the South, gathered when brown, cut up and packaged, put in a pipe and smoked—and that is about all.

Not exactly incorrect, this idea, but scarcely enough to lead you surely to a sound selection from the countless tobaccos offered—the best-tasting smoke, the most comfort and pleasure for your money.

Yet there are really only three things to learn—the type of tobacco to choose, its quality, and the way it is conditioned for smoking.

As to "condition", you must know that tobacco is not ready to smoke as it comes, green-brown, from the grower. It is harsh, bitter and unripe—must be mellowed, ripened, sweetened.

Right here is the most important step in tobacco manufacture, for it is here that flavor and aroma take the place of rank harshness—exactly in proportion, mind you, to the skill

Even the best tobaccos lack flavor and aroma unless properly mellowed—by age

TO many smokers, tobacco is a plant grown mostly in the South, gathered when brown, cut up and packaged, put in a pipe and smoked—and that is about all.

Not exactly incorrect, this idea, but scarcely enough to lead you surely to a sound selection from the countless tobaccos offered—the best-tasting smoke, the most comfort and pleasure for your money.

Yet there are really only three things to learn—the type of tobacco to choose, its quality, and the way it is conditioned for smoking.

As to "condition", you must know that tobacco is not ready to smoke as it comes, green-brown, from the grower. It is harsh, bitter and unripe—must be mellowed, ripened, sweetened.

Right here is the most important step in tobacco manufacture, for it is here that flavor and aroma take the place of rank harshness—exactly in proportion, mind you, to the skill

escort to the church. Out-of-town relatives who have arrived for the funeral are Mrs. L. opold and Arthur Smith, of Stanton, and Mr. and Mrs. William bs, of Iron River.

MRS. JULIA ABERLY.
Mrs. Julia Aberly, of Crystal Falls, passed away at her home after having suffered a second stroke of paralysis. Mrs. Aberly was well known in this city, having visited often at the home of her son, Casper Aberly, First Ave. South, and at the home of her sister, Mrs. P. L. Boudreau.

Mrs. Boudreau returned from Crystal Falls after attending the funeral which was held Tuesday while Mr. and Mrs. Aberly remained for a longer visit.

Lew Stangby First to Cast Ballot in Statewide Primary

Twenty-one Escanaba voters had cast "absent" ballots in next Tuesday's primary election when City Clerk Carl E. Anderson closed his office last night. About 50 applications for absent ballots have been granted by Mr. Anderson, and the sealed votes are expected to be filed within the next two days.

L. E. "Lew" Stangby, of the Mead Drug Company, who is a patient at the Delta-Menominee sanatorium, was the first man to vote in the election. Mr. Stangby's ballot being the first to be returned to the city clerk's office. A majority of the absent voters are railroad men who expect their work to keep them out of the city next Tuesday. Patients at the hospital are also numerous among the applicants.

D. L. Cook Returns to Teaching Staff

D. L. Cook, who has been editor-manager of the Wabeno, Wis., Weekly Advertiser during the summer, has returned to Escanaba to take up his work as head of the printing department at the Escanaba high school. Mr. Cook also will have charge of the students' employment bureau at the school this year and is, at present, working out a plan for this branch of school activity, which will be announced in detail within a few days.

CITY BRIEFS

JOSEPH NIA.
Joseph Nia, 47 years of age, passed away at a local hospital yesterday afternoon at about 4:30. His death was due to an attack of heart trouble. Mr. Nia has been ill for some time, his condition becoming critical last Monday.

The deceased has been a merchant at Garden for the past 14 years and was well known by a large circle of people with whom he had come into contact through business and social channels.

The body was taken to the Allo Funeral Home to be prepared for burial and will be returned to the home in Garden today at 10:30.

Funeral services will be conducted Monday at St. John the Baptist church of Garden, the Rev. Fr. Moran officiating.

Mr. Nia is survived by his wife and two children, Elsie and Joseph, and a brother, Charles Nia, of Gladstone.

HENRY PATIENT.
Henry Patient, 32 years of age, passed away at about 8 o'clock last evening at a local hospital, to which he had been brought Wednesday, suffering from convulsions. Six years ago Mr. Patient was struck on the head by a baseball and has suffered recurring spells of illness ever since.

The deceased is survived by two sisters, Mrs. Arthur Duval and Mrs. Alice Pareit, both of Iron Mountain, and two brothers, George and Adeler Patient of Northland.

The body was taken to the Allo Funeral Home to be prepared for

Girls from Webster to Form Troop of Scouts Tonight

The Girl Scouts from the Webster school district will meet tonight for the first time this year in the school gym at 7:30 p. m.

Miss Aline Runner, Miss Lydia Cool and Miss Teckla Pinozek will be active captains for three groups with assistance from the older Girl Scouts, as lieutenants or junior officers.

The Webster school started its first Girl Scout troop last winter with an enrollment of 45 girls. The troop was very active in the out-of-door program and did part of the second class work and finished a Mothercraft course given by Miss Bowman, school nurse.

At the meeting tonight a program for the year's activities will be worked out. Registrations will only be open for four weeks, and all girls wishing to be in the Webster troop are urged to register tonight.

PRIZE CATTLE TO BE SHOWN

Prize Holsteins, Jerseys and Guernseys, worth thousands of dollars will be exhibited in the big dairy cattle show at the Northern Michigan Fair, Escanaba, Sept. 16-19.

Aristocrats of the dairy world will vie with one another for the rich prizes and ribbons offered by the fair management. Prizes aggregating \$500.00 have been put up. Although the entries for the show do not close until Sept. 16, indications are that every available stall will be needed. Preparations are being made to care for a record-breaking exhibit.

The rapid development of the dairy industry in this locality is given by Superintendent Alfred Groos as a leading reason for the increased interest in this year's show. The acknowledged value of pure bred bulls in building up farm herds is no longer question-

ed by local farmers and breeders.

Greater interest in the show is also due to the big campaign for better farm stock which is being conducted as a part of the educational program of this year's fair, say officials. The dairy show will be a place where farmers can meet breeders and buy foundation stock with which to build up their dairy herds.

The dairy cattle show will not be the only exhibit to interest fair visitors. The entire livestock section, featuring beef cattle, swine, horses, sheep and poultry will prove interesting to everyone.

Anyone desiring a premium list can obtain one by getting in touch with the secretary, Mr. Oscar Kraus.
