Preliminary Approval Is Given To Protocol

ITALIANS ARE APPREHENSIVE ON REGIONAL ALLIANCES; DO NOT PRESS POINT AT SESSION

CONTRIBUTIONS ARE THOROUGHLY DISCUSSED.

BIG CROWD IN ATTENDANCE AT FAIR OPENING

Program This Year Is Unusually Attractive

Geneva, Sept. 16.—The representatives of 12 governments, sitting privately in sub-commission, gave preliminary approval today to several articles concerning sanctions in the draft protocol, which Dr. Edouard Benes, of Czechoslovakia, submitted after long and difficult negotiations as a pact which advances the cause of arbitration, produces a sense of security among nations and prepares the way for disarmament.

Italy expressed some apprehensions concerning regional alliances, which are permitted by the draft pact although her delegates did not press this matter as the discussion continued. Former Premier Branting of Sweden, voicing the opinion of the neutral states, declared that Dr. Benes had produced a big, historic document, which would be given that close study which it warranted.

Discuss Contributions. Among the articles dealing with sanctions, which were thoroughly discussed today, was article seven of the protocol, providing for general contributions from all states, in order that the country which the arbitral tribunals have declared an aggressor may be outlawed. This article obligates the signatories to assist the attacked state and insure the safety of land and sea communication.

The French consider that this clause enables the operation of the British fleet in time of league of nations need to preserve peace and say that they are entirely satisfied with the British private assurance that the protocol requirements will be loyally carried out. It is even said, in French quarters that Great Britain will go to the extent of contributing aerial and expeditionary forces should the situation be so menacing that such assistance would be desirable.

No Sinister Project. With the British giving assurance to the French, it is understood that the French on their part have been spending some time in convincing certain of the continental leaders that today's draft protocol does not represent a sinister project whereby England might unduly extend her influence in continental Europe and become master, not only of the high seas, but of the continental mainland.

Although nothing has been definitely decided, indications tonight were that the assembly would be asked to adopt a resolution to which the protocol will be attached, declaring the delegates' solemn intention to submit the protocol to their home governments for signature. The leaders behind the project presented today believe that if this course is followed many states might sign the protocol before their representatives leave Geneva.

Disputes to Court. The essentials of Dr. Benes' project, ruling out war, which were discussed throughout the entire day, include the submission of all juridical disputes to the world court of justice, the compulsory arbitration of which would be recognized by all the signatories. All other disputes, namely, those political in character, would go to the council of the league of nations, which for the time being would sit as a court of arbitration and reach its decisions by a majority, not a unanimity vote.

When a conflict is brought before either court or council, the protocol provides for the despatch of international supervisory commissions to see to it that none of the parties to the dispute shall begin mobilization, and these commissions shall reach their destination within the maximum time limit of eight days. Having decided that a state which refuses arbitration shall be branded as an aggressor, and outlawed the protocol provides for the immediate putting into force of sanctions.

Mutual Assistance. All the signatories agree individually and collectively to assist the attacked state and give mutual support through furnishing materials, food stuffs, credits and transports, and insure the safety of communications, both

Perfect weather and an unusually attractive program combined yesterday to give the Northern Michigan Fair the biggest first-day crowd in its history. With a continuance of the sunshine and mild temperature with which Delta county has been favored thus far this week, there is little doubt that all box office records will be shattered, fair officials declared last night.

The harness racing meet opens today with two events—the 2:27 pace or trot—in which a total of 27 horses are entered. Between the heats, the thoroughbred runners of the "Wooster Attractions" will be featured.

Fine Free Attractions. The free attractions program was immensely popular with the first-day crowd. Adair & Adair, in a horizontal bar act, perform a number of thrillers with an ease and grace which appears almost magical. It is the cleverest acrobatic turn to play the local fair in many years.

Lepinsky's Dogs is a trained animal act far above the average. The dogs feature acrobatic stunts, working with a willingness and eagerness seldom seen in offerings of that character. The dogs themselves furnish a vein of comedy which went across big yesterday.

Wooster Horses Please. Over on the race track, Allie T. Wooster gave a thrilling and entertaining program. Three girl riders started things with a half-mile dash, the winning horse going the distance in a little less than 51 seconds. Then came a standing Roman race, in which a girl rider brought her team in a nose ahead of her boy competitor. Miss Selma, the lone runner, beat Wooster's automobile in a half-mile race, and then followed a sensational three-mile relay, the girl riders changing horses every mile. There was some real competition, all of the nine horses showing bits of speed, and the changing of mounts by the riders in front of the stand after each mile proved interesting and exciting.

Eskey Band On Job. The Escanaba Municipal band furnished music throughout the afternoon, making the waits between events enjoyable and the events themselves considerably more lively. The band will be on the job every day this week.

The Henke Attractions, a carnival organization playing the fair grounds, has, among other things, a Ferris wheel, a merry-go-round, a "seaplane" swing, and a large number of concessions.

The live-stock barns and the exposition building were a center of interest for large crowds yesterday, and will continue to hold the interest of the crowds for the remainder of the week.

Manufacture Features. The Delta County Manufacturers' Association's booth—prize winner at the Michigan Industrial Exposition last winter—lived up to all its advance notices. The beauty of the settings, panels, arrangement and exhibits themselves, and the completeness of the display of Delta county manufactured products were the source of hundreds of enthusiastic compliments to C. J. Byrns of the Birds Eye Veneer Company, who assembled the exhibit and is in charge of it.

Locatelli Is Set On By Countrymen

New York, Sept. 16.—A patrolman defending the Italian aviator, Antonio Locatelli, from attack by a frenzied mob of fellow countrymen who awaited his appearance outside the Manhattan Opera House tonight was stabbed three times with a stiletto. Anthony Clorfo, 43, who says he came here recently from Chicago and is a member of the I. W. W., is under arrest charged with felonious assault. The patrolman, Edward Trumpf, 35, is in a serious condition in a hospital.

Exports of British Columbia lumber to the overseas markets last year totalled \$21,707,133, board feet, representing an increase of almost 100 per cent as compared with the preceding year.

KLAN-COUZENS ISSUES TO BE THRESHED OUT

Dissent Is Feared in Ranks of State's Republicans.

Lansing, Mich., Sept. 16.—The strength of the factions that may oppose each other in the Republican state convention in Detroit next week will be tested in county conventions to be held throughout the state Wednesday. Upon the completion of the delegates chosen in the county meetings will depend whether harmony or strife prevails in the state gathering.

The Ku Klux Klan and Senator James Couzens are the rocks upon which the peace of the party is most likely to be shattered. Heartened by the vote polled by Klan candidates in the recent primary election, that organization is prepared, according to authentic advice, to attempt to control county conventions in the districts in which it has shown strength, and to name delegates favorable to its cause to the state convention, in the hope of exerting an influence in the Detroit gathering.

Deland Klan Target. The Klan's principal target in the state meeting, it is asserted, is Secretary of State Charles J. Deland, who is a candidate for re-nomination. If it can get sufficient delegates in the county conventions to assure it some strength in the state convention, the name of former State Senator G. Elmer McArthur, who ran for lieutenant governor with the Klan support in the primary, may be put forward in the convention opposing Deland, and State Senator John W. Smith, of Port Huron, who is a secretary of agriculture for the office.

According to the reports reaching here the Klan will size up its strength following the county conventions. If reports of the number of delegates are encouraging McArthur will be placed in the race. Upon the success of the effort to nominate him, may depend the further activities of the organization in the state convention with the possibility that attempts may also be made to unseat Andrew B. Dougherty, attorney general, and O. B. Fuller, auditor general.

Have Governor's Support. The conflict, if it materializes, will be the Groatieck organization against the contending factions, Dougherty and Deland will ride with the support of Groatieck. The governor and his lieutenants have controlled recent state conventions, and it will take material opposing strength to prevent re-nomination of the incumbent state officers. In addition to nominating candidates for the three offices named, the state convention will pick a candidate for state treasurer, Frank Gorman, incumbent is not a candidate. Frank D. McKay of Grand Rapids, has the Groatieck support. He is opposed by James Brewer, of Rip Rapids, and perhaps by Roy Clark, of Berrien county.

The Couzens and Klan issues are correlative to some extent. The Klan has let it be known that it is opposed to the Couzens candidacy and will attempt to block any endorsement of him either in the state or county conventions. There is also a faction in the party, outside the Klan, which is not in favor of endorsing the senator. Some of the so-called "regular" leaders expressed the belief today, however, that in view of the victory won by Couzens in the primary and the endorsement given him since by Judge Arthur J. Tuttle, the state and many county conventions will endorse him. The last Republican state convention ignored Senator Couzens. He was not mentioned in speech or resolutions.

Members of the Republican state central organization today belittled the reports that the Klan will "get any where" in tomorrow's local conventions. In Ingham, one of the counties in which Frederick Perry, supposed Klan gubernatorial candidate, got a plurality in the primary, the regulars claim that the Klan will get less than 50 per cent of the delegates to the state convention. The same claim is made regarding Calhoun, Clinton, Eaton, Genesee, Gladwin, Ionia, Isabella, Jackson, Kalamazoo, LaPeer, Lenawee, Montcalm, Oakland, St. Clair and other counties in which the supposed Klan vote was large.

Platform Speeches Are Asked of Davis

Chicago, Sept. 16.—Democratic managers were forced today by the pressure of midwestern lieutenants for speaking engagements in their localities for John W. Davis to call upon the presidential nominee personally for relief.

Chance Funeral Services To Be Held Tomorrow

(By The Associated Press.) Los Angeles, Cal., Sept. 16.—Funeral services for Frank Chance, baseball's peerless leader, will be held here in simple form and privately next Thursday at 4:30 p. m. It was announced by the player-manager's family here today. Interment will be in Los Angeles. Friends of Chance, of whom there are many in California, are expected to attend the ceremonies which, however, will not be of a public nature, Carl Pancake, brother-in-law of Chance, announced.

25,000 LEGION MEN MARCH IN ANNUAL PARADE

Review Is Held At State Capitol Building

St. Paul, Minn., Sept. 16.—Down streets banked with humanity, past plazas packed with cheering thousands, more than 25,000 members of the American Legion marched in a great parade today, an outstanding event of their national convention.

With Legionnaire Charles G. Dawes, vice presidential nominee, tramping along with his Illinois buddies, the long line wound its way past a reviewing stand at the state capitol, where National Commander J. R. Quinn headed the group of prominent visitors which reviewed the parade.

In the reviewing stand with Commander Quinn were Governor J. A. P. Ross of Minnesota; W. B. Haldeman, of Louisville, commander-in-chief of the United Confederate Veterans; S. R. Van Sant and Ell Torrance, of Minneapolis, past commander of the G. A. R., and former Judge K. M. Landis.

Overhead six airplanes of the Minnesota observation squadron, whirled in various formation, at times skimming low over the marchers but the roar of their motors was drowned in the clatter of the artillery units moved along the line.

Milbanks, S. D., corps had a complete threshing machine in the float section, with the blower of the separator wafting straw in the crowd at it moved along.

Little Opposition Is Anticipated by Railway President

New York, Sept. 16.—W. J. Harahan, president of the Chesapeake and Ohio Railway Company, said today that little opposition was expected from stockholders of the road to the terms outlined by the Van Sweringen interests of Cleveland in their proposal to incorporate the railway into the new Nickel Plate system. An analysis of the merger plan, Mr. Harahan asserted, would show that the Chesapeake and Ohio stockholders would benefit by the consolidation and that there would be a substantial increase in the volume of traffic routed over the road's lines.

Kills Six Men With Automobile; Held For Murder; Bail \$200,000

St. Johns, N. F., Sept. 16.—A charge of murder was lodged against Leonard Reid, held responsible for the deaths of six men who were killed when his automobile ran down a group of world war veterans at Callahan's Crossing near this city early today. When arrested, Reid was held for manslaughter and the charge changed to murder in court today. Bail was set at \$200,000 for Reid, who is a member of one of Newfoundland's first families. Of this amount Reid himself furnished \$100,000 bonds while his uncle, Robert Reid, and a friend, Leonard Outerbridge, each posted \$50,000.

Broken up by the tragedy, which took the lives of two British naval officers and two of the colony's world war heroes, Reid was at a loss to explain the accident. Because of the deaths, all of the remaining events in the elaborate program planned by the citizens committee for the reception of the special British naval service squadron now visiting Newfoundland were cancelled tonight.

The funerals of five of the victims will be held here on Thursday. The body of George Harrison, of the staff of the Bank of Montreal, a guest of Reid last

CIVIL WARFARE AMONG CHINESE NOW SPREADING

Clashes Reported from Various Sections of Country.

(By The Associated Press.) Civil war Tuesday continued to spread over China. In the north, a clash between troops of Chihli and Manchuria was reported near the borders of the provinces, while further preparations pointed to fighting soon near Shanhaiwan.

On the middle coast, near the "Gateway" port of Shanghai, the fiercest fighting of the war continued all night on all battle lines within a hundred miles of the city. Only in the south was no change reported. So far as known, Sun Yat-sen, head of the South China government, still was gathering troops for a campaign to aid the defenders of Shanghai.

Shanghai, Sept. 17.—Artillery duels continued all along the eastern front of China's civil war all through last night, dawn finding the Chekiang and Kiangsu armies still fighting, the struggle for possession of Shanghai still unsettled. Headquarters at the arsenal at Lungwha of the Chekiang forces delegating armies had attacked viciously on all fronts—Liuho, Kiating, Hwangtu and Hing—but that in each case the Chekiang line had held.

The Shanghai volunteer corps was called out again late last night after fears had been expressed that the fighting would come closer to the city and the international settlement. The city remained quiet, however, throughout the hours of darkness. The volunteer corps is held ready for emergencies.

New York Is Slow In Making Report on Primary Voting

Albany, N. Y., Sept. 16.—The outcome of only eight of the 37 primary election contests in New York state for nomination to congress and the legislature was definitely known at midnight. Late closing delays and a slow count delayed announcement of the result in most of the contested districts.

Partial returns from the 26th congressional district indicate that Representative Hamilton Fish, Jr., had won the Republican nomination to succeed himself. The contest has attracted more attention than any other upstate primary battle.

Returns from another upstate contest of unusual interest, the three-cornered fight for Republican nomination to the state senate in the 35th district, indicated that Theodore Douglas Robinson, nephew of the late Theodore Roosevelt, candidate for nomination, was having the closest fight of his career. Robinson was opposed by Daniel F. Strobel and Jeremiah Kelek.

At any rate, it was disclosed at the White House today that Mr. Coolidge had given considerable thought recently to the question of naval expenditures and representations that have progressed to a point where the relative value of airships and battleships must be weighed. It was said to have been pointed out to the president that the success of the army's round-the-world flight might indicate that aircraft in the future would play so much greater a part in warfare that such an undertaking as the United States accomplished in 1917-18, when it transported 2,000,000 men to France, would be an impossibility in the face of large hostile air fleets.

New Irish Crisis Is Inevitable, Is Observers' Belief

(By The Associated Press.) London, Sept. 16.—Retteration by the cabinet of northern Ireland which met today at Stretey-On-Thames, the residence of Sir James Craig, the Ulster premier, of its previous decision not to appoint a representative on the boundary commission to settle the dispute between Ulster and the Irish Free State, undoubtedly means the precipitation of a new Irish crisis, in the opinion of official observers. Unless an entirely unexpected development takes place, parliament will reassemble at Westminster, September 30, in an atmosphere of the utmost gravity to pass the legislation necessary to constitute the boundary commission.

Summons Isn't Explained Yet

Reason for Wilbur's Recall from Pacific Coast Withheld.

(By The Associated Press.) Washington, Sept. 16.—Summons of Secretary Wilbur back to Washington by President Coolidge at a time when the naval secretary still had at least five definite dates filled on his speaking program in the west remained unexplained today beyond the disclosure at the White House that President Coolidge desired to talk with him about several matters "in the navy."

Early in the day, it was indicated that budget matters relating to appropriations desired by the navy, particularly for repair and modernization of battleships and for aviation development, had prompted the president's telegram to Mr. Wilbur. Later, however, it was said that Mr. Coolidge had other matters in mind on which he wished to talk with Mr. Wilbur, and probably would not have summoned the secretary because of the budget situation alone.

Row Over Estimates. During the secretary's absence from Washington, differences of opinion between the navy department and the budget bureau have arisen over estimates to be submitted to congress for the navy during the coming year. While there have been indications that this dispute was in a fair way to be adjusted by a compromise plan satisfactory both to the navy and budget officials, it appeared that matters had developed in the course of the discussion which prompted Mr. Coolidge to request his naval secretary to expedite his return.

"Young" Stribling Is Given Decision

(By The Associated Press.) Boston, Sept. 16.—William (Young) Stribling, of Macon, Ga., won the judges' decision over Tommy Robson of Malden, in a ten round bout here tonight. Stribling won seven rounds and Robson took two, the eighth being even. Stribling weighed 160 pounds and Robson 169 1/2.

Make Desperate Try

The challengers, shifting their lineup in a final desperate effort, made a brilliant fight against heavy odds, one that thrilled the throng and made the match much closer and more interesting than the score indicates. Playing with far more fire and aggressiveness than they showed in the first match, the invaders outscored their rivals in the first period and held them on even terms in three other chukkers.

The triumph assured the United States possession of the historic Challenge trophy for at least another three years and marked the fifth time this country has won it in the eighth international series since 1886.

The Prince of Wales, who had showed unbounded enthusiasm throughout the game as the British staked rally after rally, was a prominent figure in the crowd that surrounded the players as they gathered alongside of the field for the presentation of the trophy to the winners by Major General Robert Lee Bullard. The British royal heir was warm in his praise of the Americans and after these formalities had been ended found difficulty making a way through the crowd to his automobile.

Hitchcock and Milburn were the heroes of the deciding triumph. Hitchcock played one of the best games of his career, dashing into the thick of scrimmages to send the ball out with long, powerful strokes, riding off opponents with infinite skill and scoring from all angles of the field. His total of five goals was the highest individual score of the afternoon, though he was closely pressed by Webb, who tallied four times.

Milburn was a tower on defense. He was forced to shoulder an additional burden through the loss of Stevenson and broke most of the British attacks with his alertness and wonderful driving. The challengers found him impenetrable at critical moments, while on the attack this brilliant veteran, playing in his sixth international cup series, often started drives that paved the way for one of his teammates to score.

British Still Wild. The British as a whole hit with more severity and displayed better team work than they did Saturday, but their wildness cost them many excellent chances to score. Atkinson and Phipps-Hornby each tallied twice, but together with Milville, they missed at least a half dozen good opportunities.

Deadwood, S. D., Sept. 16.—Fired with a desire to win admiration for his daring in discovering and fighting forest fires, Alva Smith, 16, grandson of a veteran forest ranger in the Boulder Park here set almost all of the series of fires which have destroyed acres of timber in this region in the last fortnight, according to a confession which federal and state officials announced they obtained from the lad today.

Plans were made for a card party to be held on Sept. 29th and a committee appointed to complete details for the party.

The Arcadians furnished music for the dancing program which followed and which was for members only. A large attendance at the meetings and enthusiasm shown as at Monday's meeting is a source of great encouragement for the officers in charge of the order and it is hoped that members will make an effort to attend all the meetings held in the future.

Perkins Pupils Are Winners of Three Michigan Titles

Perkins public schools with only 15 pupils in the seventh and eighth grades, won two state championships in club work at the Detroit State Fair of 1924.

Ella Day of Perkins eighth grade, and Margaret Gibbs, of the seventh grade, won the state championships of the Girls' Sewing Clubs. Laurence Besaw, of the seventh grade, and Walter Nelson, of the eighth grade, won the state championship of the Boys' Carpenter Clubs.

Much of the success of the Perkins club is due to Miss Donovan and Mr. Hankonen—two of the local teachers who were the club leaders.

Good Will Farm Friends to Hold Tag Day Saturday

ON Saturday, Sept. 20, will be held the tag day for Good Will Farm children. That means for all children and babes in the Upper Peninsula for whom there is no other care than that given by the support of private charity.

It means to such children a "square deal" from our communities, a right start in the journey through life, a chance to grow up in the normal surroundings of a clean, moral home, a chance to go to school, to play and to be well and happy. It means all the vast difference between being a burden of expense and a menace to the future and becoming socially and economically an asset.

It means that empty arms may be filled to make happy many foster-parents and that little ones are placed in homes where they are really wanted and longed for, to grow to maturity under the ever watchful care of Good Will Farm workers.

The returns for this effort to bring happiness and well being are not to be measured and only those close to the work can possibly guess at them for they enrich us all.

Is not this a task worth while for any of us?

Kind and capable women have taken charge of the tagging but they will be much hampered in their work unless they can have the assistance of many women and girls to reach every individual that each may have the opportunity to give his "much or his mite" toward this vital work.

Volunteers have been asked for by the chairman of the committee but still there are not nearly enough. You who read this will you not help Good Will Farm and the women in charge to make this a real success for the sake of the little children? Volunteers report to Miss Erickson at High School or call Mrs. Ed. Erickson, president of the Woman's club. Prizes—Blomstrom & Peterson, 1st prize, Vanity Case, Amundson & Pierson, 2nd prize, Bracelet.

SEE-SEE GROUPS BEGIN TO FRAME YEAR'S PROGRAM

First of a series of group meetings of members of the Escanaba Chamber of Commerce was held at the Ludington hotel last night under the leadership of Torval E. Strom. Atty. Strom will conduct another group meeting tonight, and John A. Aho also will meet with another group. Similar meetings led by other directors will follow.

Each member of the board of directors of the Chamber of Commerce has been assigned two lists of names of members. These groups will meet to discuss the organization's program of work for the ensuing year. A summary of the opinions expressed by these groups during the next week will be framed for major planks in the year's platform of the Chamber of Commerce.

Last year the platform was worked out by means of questionnaires. This year it was decided by the directors that the group meetings would permit the members to discuss their ideas as to the city's needs more fully and freely, and the group meeting arrangement was adopted.

The Wholesale Credit Men's Association of Wisconsin and Upper Michigan will hold its 1925 convention in Escanaba, the Chamber of Commerce has been assured by William Warrington, of the State Savings bank, who extended the invitation to the association's executive committee.

Escanaba attempted to procure the convention this year. The attempt had the energetic support of C. B. Smith, of this city, an officer in the association. Fond du Lac, however, had been promised the meeting previous to Escanaba's decision to enter a bid, and was successful in having its invitation accepted.

The association's conventions are attended annually by 300 to 400 delegates from Wisconsin and Upper Michigan, and the speakers are generally business experts of national prominence. Often, the credit man have, as their guest, some member of the president's cabinet.

Newberry Man Pays Drunk Driver Fine

William Green of Newberry, arrested about 3 a. m., yesterday, on a charge of driving an automobile while intoxicated, pleaded guilty and paid a fine of \$100 and costs in Judge James S. Doherty's court. Green was placed under arrest in his machine at the corner of Ludington and Fourth streets. When the officer left him for a moment to phone for "the wagon" Green fled. The car was taken to police headquarters where Green called for it several hours later.

Re-Registration of Voters Proceeding

Voters who failed to re-register for the primary election last week, but who desire to vote in the November general elections, may now get their name on the legal voting lists by applying to City Clerk Carl E. Senators Are Back In First Place

COVELESKIE IS POUNDED HARD IN 8TH INNING

New York-St. Louis Game Is Postponed Due to Rain.

(By The Associated Press.)
Cleveland, O., Sept. 16.—Washington went into first place in the American League race today by defeating Cleveland, 6 to 2, while the New York Yankees' game with St. Louis was postponed by rain. The Nationals are now a half game in front.

Zachary and Coveleskie had a pitching duel for seven innings, Washington being held to one run and Cleveland to none until the eighth when the Nationals made five hits which with an error and two fielders' choices were good for five runs.

Cleveland scored two runs in their half of the eighth. President Clarke Griffith is here with the Nationals. Score:

SAINTS SHOW FAST ATTACK

Parochials Expect Team to Break Long List of E. H. S. Victories.

Tickets for the Esky High-Saint Joseph's football game which will open the local season next Saturday, went on sale yesterday. Students of both schools who were selling the pastboards reported that the demand for them was brisk and that evidence of intense interest in the combat were numerous.

There is a feeling in the parochial camp that the Saints have a splendid chance of breaking the long string of Escanaba High victories. Coach Carr has nearly a full team of regulars back on the squad, his backfield remaining intact from last season. Coach Thompson, on the other hand, has only one regular in the line and two in the backfield around which to build his machine.

The parochial mentor, assisted by Dr. "Eddie" Hira, the former Northwestern University star, has been applying the polish to the Saints' attack this week with mighty good results. The lads have been clicking off their wide variety of plays with mid-season speed and precision.

Both Expect Trouble.

Out at the Orange and Black camp, considerable attention is being given to the problem of developing a defense which can stop the progress of O'Brien, Wurlie, Blomstrom and the other veteran gallopers of the parochial squad, and to finding a punter who can fill the gap caused by injuries to the business-boots of Miethe and Johnson.

Both coaches, it is evident, are preparing for the hardest kind of fight.

Mr. McElwyn Is "Matron Stake" Winner at Toledo

(By The Associated Press.)
Toledo, Sept. 16.—Mr. McElwyn, driven by Ben White, won a straight heat victory in the 15th renewal of the Matron Stake for three year old trotters—foals of 1921, feature event of the Grand Circuit program here on Tuesday and carried away the major portion of the prize money, the event having a value of \$6,000. Tommy Murphy's Rachel Dillon was drawn in this event on account of lameness.

The Toledo Times pace went to Russell Ongie, McDonald up, who won the first two heats but was nosed out in the third heat by El Verso with Morrison in the sulky.

Oscana, driven by Tom Ackerman, easily captured the 2:11 trot in straight heats. The one upset of the day was the victory of Tommy Murphy in the 2:05 trot. He won the event with Clyde The Great by taking the first and third heats. Guy Lightning, the favorite took the second heat.

Michigan Gridders Developing Quick; Team Runs Signals

(By The Associated Press.)
Ann Arbor, Mich., Sept. 16.—Predictions that the Michigan football team would be whipped into shape early were fulfilled today when a near scrimmage was held and a team was running signals—a team picked by the "fall birds" as near the one that will line up as the regulars. Another feature of the day's work was the finding that Charles Lunz of Denyer, freshman weight star, was as good kicking the football as he was heaving the shot. Munz was a member of the navy squad two years ago and is trying out for end.

Captain Steger and Jim Miller were the members of the last year's team in the scrimmage, the others being sophomores. The team running signals was made up of Madsen and Munz, ends; Edwards and Flora, tackles; Slaughter and Steele, guards; Brown, center; Rockwell, quarter; Parker and Herrstein, halves, and Stamman, fullback.

SHOOT FOR PAR ON HARD COURSE

Brady Is Beaten in Three Extra Holes By Jim Barnes.

(By The Associated Press.)
French Lick, Ind., Sept. 16.—Ending a day of brilliant golf in which nearly all of the 32 contenders shot par or better over the difficult French Lick championship course, Jim Barnes and Mike Brady of New York furnished a sundown climax by playing a match that went three extra holes before Barnes finally won by chipping dead to the hole from a trap and Brady was prevented from remaining in the national professional championship by a piece of mud which stopped his put on the lip of the cup for a half in birdie three.

Most of the favorites in the sixteen matches survived the 36 hole grind although a few upset led interest to the contest, and chief among the latter was the defeat of Brady, for he had led the former national champion by four holes until near the finish of the second round.

In tomorrow's 36 hole match William MacFarlane of New York will play John Farrell of the same city, the latter having eliminated Neil Christian of Yakima, Wash., 2 and 1 after the Pacific coast player had held the lead most of the way. Walter Hagen will cross cleeks with Al Watrous of Grand Rapids, who had to play better than par to overcome George Aulbach of Boston, 2 and 1. Francis Galpin, New York, will meet Al Egnoska of Chicago, who was never headed by Art Ham of Detroit, winning four and three. Robert Cruickshank has his opponent Ray Derr of Philadelphia, who came from behind after being two down as late as the 47th hole and defeated Harry Hampton of Canton, Ohio, 2 up.

In the lower half of the golf, Henry Ciuci, New York, will meet Dan Williams of New York, while Gene Sarazen has for an opponent Larry Nahloltz of Lima, Ohio, the latter having played the most even match of the day until he finally overcame Jack Forrester of New York, 2 up. Barnes must defend his position against Eddie Towne of Philadelphia while the remaining match is between Emmett French and Mortieduca, who did not have much trouble today in eliminating Leo Diegel of Washington, 2 up.

Cubs Slide Into First Division By Double Win

(By The Associated Press.)
Boston, Sept. 16.—Chicago went into fourth place by winning both games from Boston today. The scores were 8 to 3 and 4 to 2, the second game running to twelve innings. McNamara's pass to Grigsby, Hartnett's bunt, Cotter's triple and a single by Adams gave the visitors two runs in the twelfth.

Cardinals Trounce Brooklyn, 17 to 3

(By The Associated Press.)
Brooklyn, Sept. 16.—The St. Louis Cardinals pounded five Brooklyn pitchers for 18 hits and a total of 34 bases today and won by 17 to 3. Jim Bottomley made 6 hits in 6 times up, including two home runs in succession and a double for a total of 13 bases. He drove in 12 runs which is believed to be an all-time major league record. Sherdel held the Dodgers safely for four innings and then was retired to give Rehm a workout. Ehrhart was charged with the defeat, thereby breaking his string of five straight victories.

Pittsburgh Boxer Wins Over Walker

(By The Associated Press.)
New York, Sept. 16.—Jack Zivic of Pittsburgh scored a technical knock out over Archie Walker of Brooklyn in the first round of a 10-round bout at the Nostrand A. C. in Brooklyn tonight. Walker was floored five times in the two minutes and 35 seconds of boxing before the referee stopped the match. Zivic weighed 141½; Walker 136¼.

Detroit Swamped by Mackmen, 14-2 in Opening Game

(By The Associated Press.)
Detroit, Sept. 16.—Connie Mack's Philadelphia Athletics pounded out 18 hits off three Detroit pitchers today to bury Detroit under a 14 to 2 score.

Sylvester Johnson, who started for Detroit, failed to retire a man, filling the bases on two singles and a pass, and then forcing in a run with a second base on balls. Holloway, who relieved him, couldn't stop the slugging until seven runs had been scored.

Every man on the Philadelphia team hit safely.

NEW YORK WINS ONE, THEN DROPS SECOND CONTEST

(By The Associated Press.)
New York, Sept. 16.—Cincinnati held the New York National League pace setters to an even break in a double header here today. The Giants won the first game 5 to 1 and Cincinnati took the second 3 to 1.

New York was out in the first game, but McQuillan kept the 11 Cincinnati hits well scattered.

Cincinnati won the second game with a batch of three runs scored off Barnes in the third, the result of Daubert's triple and 3 singles. Donohue held the Giants to one hit until the seventh when Kelly opened on him with a home run and Terry and Wilson followed with singles. May then was called in and stopped the Giant rally. Scores:

INDEPENDENTS GATHERING FOR STATE MEETING

Will Back LaFollette-Wheeler Presidential Ticket.

(By The Associated Press.)
Lansing, Mich., Sept. 16.—Leaders of the independent progressive party gathered here tonight for a conference preliminary to their first state convention, to be held here Wednesday. The new party was organized a short time ago to support the candidacies of Robert M. LaFollette for president and Burton K. Wheeler for vice president, on an independent ticket. In its convention, besides the formality of completing the organization by naming electors to appear on the ballots in November, the party is faced with the task of settling its state policies.

The question which apparently involved the most discussion was whether a slate of state candidates should be named to run with LaFollette on the independent ticket, or the party should devote its entire energy to the presidential campaign and content itself with endorsing Republican or Democratic nominees for state offices. There were prominent members of the reorganization who advocated the endorsement of Senator James Couzens, and others who objected because of his announced stand for President Coolidge. The names of Herbert F. Baker and Judge E. J. Jeffries, of Detroit, as possible independent candidates for governor were occasionally mentioned, and there was some sentiment in favor of endorsing the Governor Groesbeck, although his probable selection as a speaker for the Coolidge campaign may preclude any such action.

The consensus of opinion among the leaders gathered here tonight was that the convention probably will not name a slate of state candidates, at this time, at least. There was some agitation for leaving the matter open, by instructing

the state central committee to select gubernatorial and other state candidates later.

About 500 delegates are expected to attend the convention Wednesday. It will probably endorse the national LaFollette platform, and may adopt a few resolutions relative to conditions in Michigan. Herman L. Ekern, attorney general of Wisconsin, will make the principal address, and will remain over for a mass meeting Wednesday night, sponsored by the local LaFollette committee.

Members of the state central committee, which is headed by Sybrant Wessolius, of Grand Rapids, discussed the procedure at the convention in a meeting tonight, and further conferences were probable in an effort to agree on whether or not to choose a state ticket of stick-to-endorsements of present candidates.

Ducks Give Ground Before Barrage

Heavy artillery fire on the South Bay shore beginning at sunrise yesterday and continuing well into the day, announced the arrival of the duck shooting season.

No casualties were reported—except among the ducks—and the slaughter of the birds was not heavy enough to be regarded as seriously affecting the recent plans for conservation of wild life. Scores of hunters were out in the early morning air and made up in exercise what they failed to bag in game.

TODAY'S EVENTS.
Today begins the last week of summer.

Republicans of California hold their State convention today in San Francisco.

Throughout the republic of Mexico national independence day will be observed today with historical ceremonies.

Newark, N. J., is to be the meeting place today of the seventeenth annual convention of the Atlantic Deepner Waterways Association.

Republican women of New England are to confer at Manchester, N. H., today on a program of activities to help elect the party's nominees for the four United States senatorial seats to be filled in those States.

FIRST REPORT MADE ON PLAN OF GEN. DAWES

Satisfactory Progress Reported to Barthou by Owen D. Young.

(By The Associated Press.)
Paris, Sept. 15.—The inauguration of the Dawes reparations plan as set forth in the first report of Owen D. Young, temporary agent-general for reparations payments, before a special meeting of the reparations commission today was regarded by the commissioners as auguring well for the success of the plan.

Louis Barthou, head of the commission, congratulated Mr. Young after he had listened to the report which was largely technical and not destined for publication. On a special invitation from the commission, Henry M. Robinson, of Los Angeles, aid to the agent-general, was present to hear the report after which he consulted with Mr. Young regarding the conference tomorrow of Dawes plan trustees and commissioners at which the German members of the different Dawes organisms will be present.

The meeting today was specially called to hear the report so that Mr. Young could go on with the further details of organization with the various bodies.

The agent-general expressed himself as highly pleased at the prospects, having met the most earnest, good will for the success of the plan everywhere in Germany as well as in Paris. He probably will be occupied in Paris for about a fortnight before returning to Germany to continue his work there.

The commission today also decided upon a number of additional appointments under the Dawes plan scheme but the names of the appointees were not announced.

CAVEMAN KNEW BEST DIET, SAY MEDICAL STARS

London—Are you a caveman? If not, why not join up?
You are doing yourself no good sipping coffee every morning and tapping an egg. What you want is a bite out of the income tax collector's neck.

It is quite clear from the report of the British Medical Association that we have been eating all the wrong things ever since we gave up mammoth, beefsteak? Posh! No calcium! Mutton? Fish! Not enough calcium! Codfish? Pish! No proteins! Bacon and eggs? Piff! No phosphates! So we can go on through the menu. Even porridge, the classic raw material of Hemen, is not much good.

Digestive His Unkindness.

The people who made most of their "ests" and had no indigestion afterwards were our grand old ancestors a million years ago who woke hale and hearty in the morning and never complained of the brotossarus was hard boiled.

They just put it down, and if, in the unpleasant words of a doctor, a "putrid whale carcass" was washed up outside the dining room, they rushed out and polished it off with vinegar.

Today we toy and fiddle with salmon mayonnaise—and it isn't as though it would do any good either. If we liked it! After all, trust instinct. How many times have you longed to eat the man next door who sneers at your sweet peas?

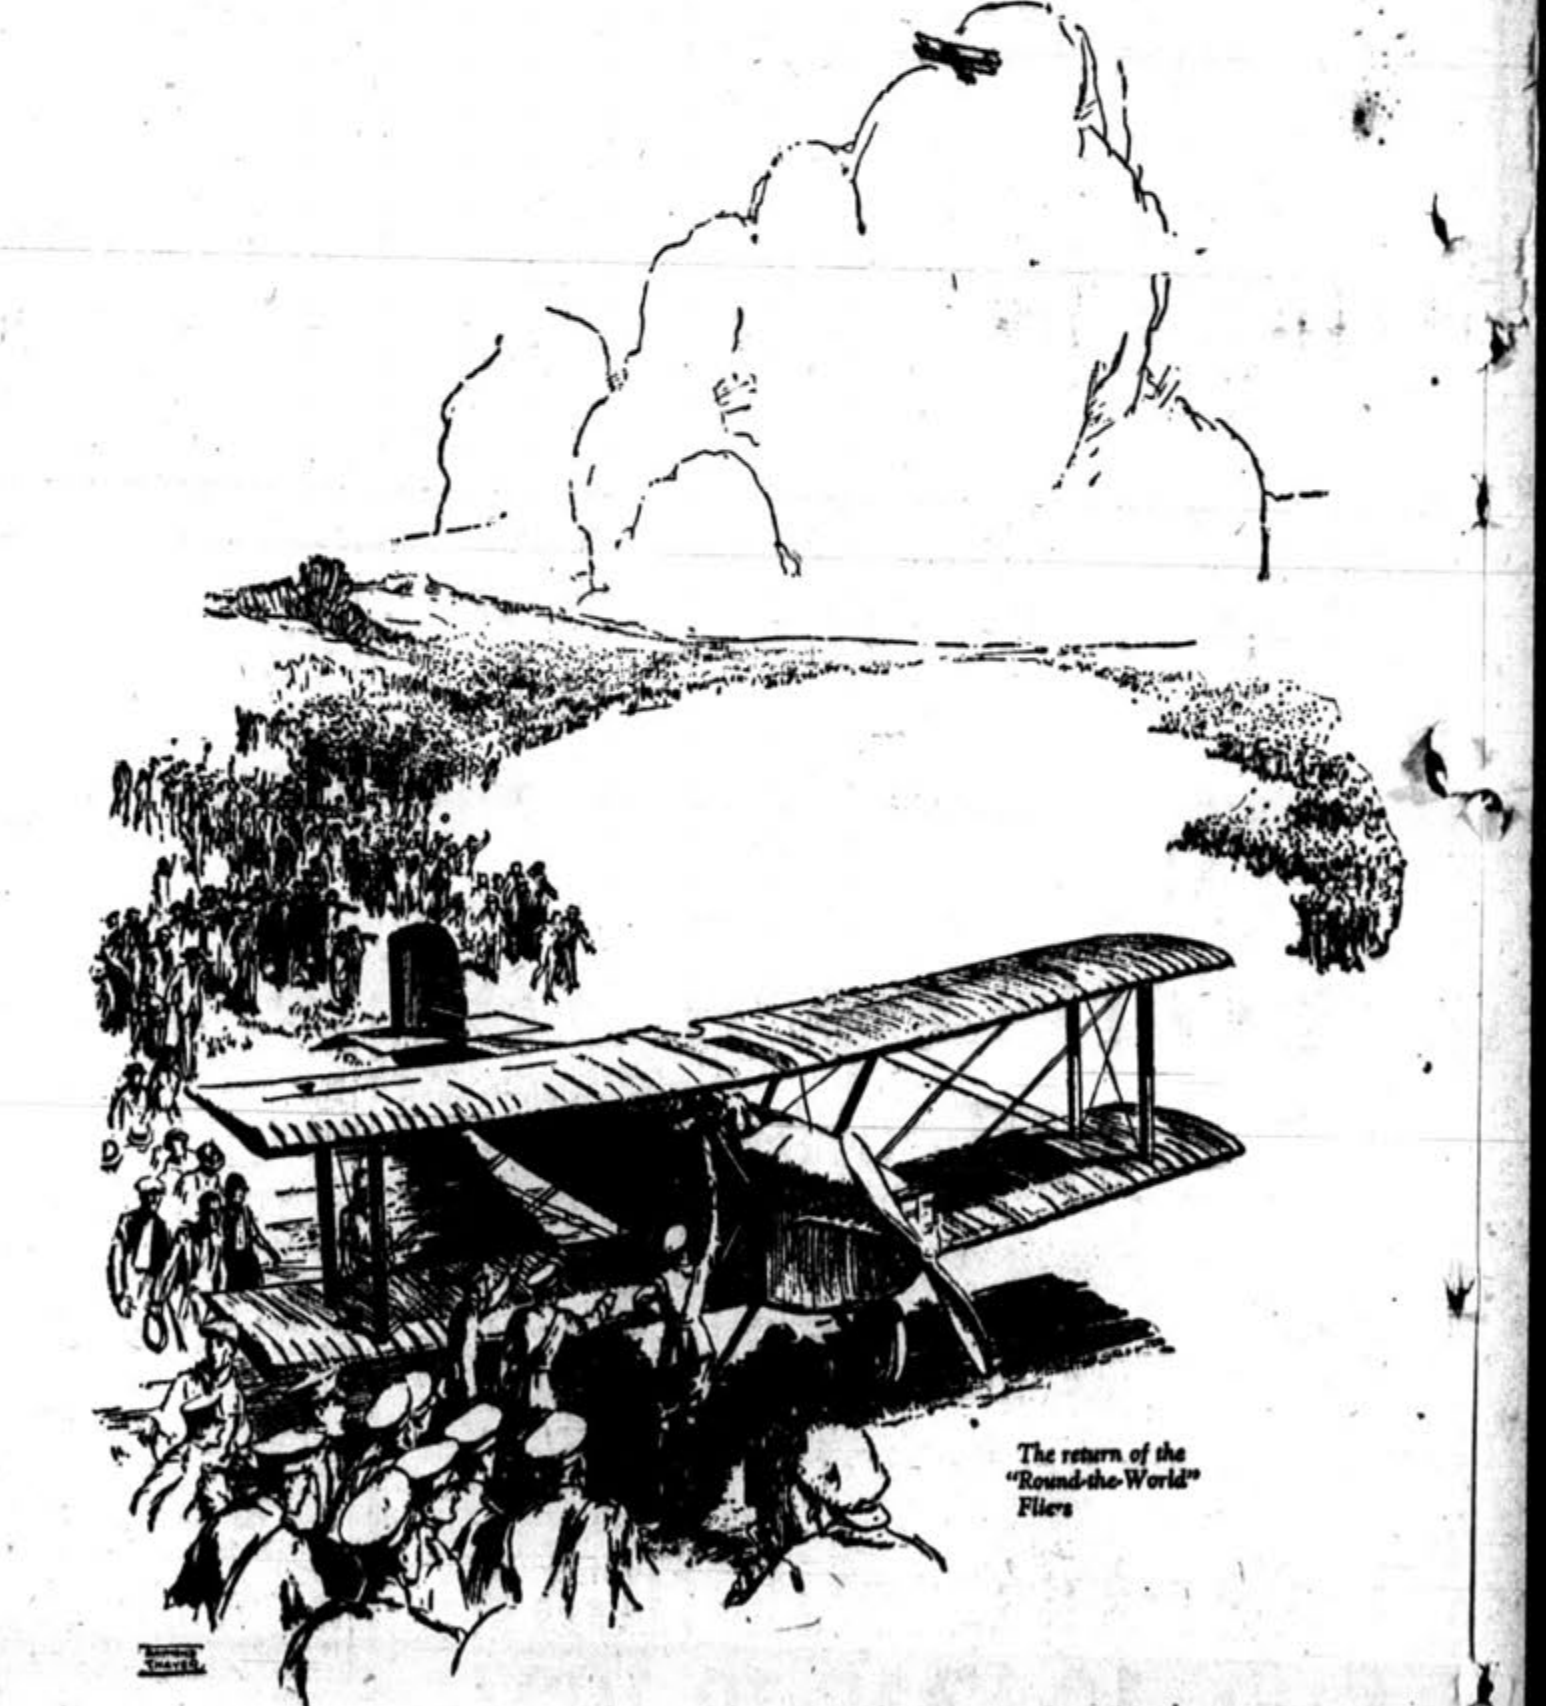

Calcium is the Thing.

There is no pop about our feeding. If we had to go out into the garden and catch our breakfast it would do us all the good in the world. Think how the gastric juices would flow while we hid under the railings waiting to laaso Robinson, and if it so happened that we only caught the ginger cat that attacks the rose trees—what matter?

Simply pickled with calcium!

But why do the doctors save up these discoveries for conferences? Why do they always take \$5 for recommending underdone steak?

The Amalgamated Association of Iron, Steel and Tin Workers of North America will observe its semi-centennial next year.

Hats off to 'em—they deserve it!

THE first men in all history to circle the earth by air! millions who watched their perilous flight rejoice to welcome them home, to honor richly earned.

Trackless, treacherous seas, savage jungles, blazing deserts, nor desolate fields of ice could bar them from their goal. They dared greatly, and won—and the Hats off to 'em! To quote our own slogan, "Such popularity must be deserved!"

Such popularity must be deserved

Uno Resort Enjoys Exceptional Season

Uno Lodge, on Dickinson Lake in the northern part of Delta county, had one of the busiest seasons in its existence, according to the proprietor, Frank Caisse. The fishing there this summer has been exceptional, Mr. Caisse said. He is preparing, also, to care for a large number of hunters during the autumn season. Uno Lodge is situated near the "boundary corners" of Delta, Marquette and Schoolcraft counties. Its postoffice address is Steuben.

Former Pastors Are Reappointed

According to the announcement of assignments of Methodist pastors for lower peninsula churches for the coming year, Rev. Frederick Spence, former pastor of the First Methodist Episcopal church of this city, is reappointed as pastor of the First Methodist church at Jackson, and Rev. King D. Beach, also former pastor of the Escanaba church, is named as pastor of the First Methodist church at Grand Rapids.

"I Couldn't See Him Coming!"

MANY of the auto accidents that are happening daily are attributed to poor eyesight, according to Dr. W. B. Needles, President of Northern Illinois College of Ophthalmology and Otology. Some of the auto drivers are born with poor eyesight and never suspected that they did not see the same as others. The eye is all important in driving. If you are afflicted with the slightest eye trouble it is your own safeguard to have them tested.

BLANK VERSE MOSTLY ABOUT NOTHING MUCH.

When vapor clouds, thick and invisible
 Spread o'er the cosmos like gray
 On half-toasted rose leaves;
 When thickly hanging shrouds of images
 Wing fantastically like pink mosquitoes
 Pursuing a purple pigeon;
 Then faintly from the region of the pole
 I hear the untamed vacuum,
 shrill and elusive
 Calling his brother from across the vale.
 But hearing as he listens, tense and rapt,
 No response. Again he lifts his voice,
 Frantic and tearful as he wails:
 "The world is deaf, stone deaf,
 And I am voiceless."
 Oh it can not, is not
 Will not was!
 Not on your life!

DARN IT, if we don't stop reading Harriet Monroe's Poetry Magazine, we'll be nuttier than Michael Lindsay.

CENSORSHIP advocates are preparing for a grand attack on the movies, vodvilles and burlesques. We never have been able to fathom the heights of ego a man most attain before he begins to imagine he is capable of censoring the entertainment of others. As a matter of fact, the movies and vaudeville and burlesque already have been almost denatured by the magnates who live in continual dread of the displeasure of the blue nosers. He who is looking for frank treatment of themes the reformers class as objectionable, can find it nowadays, only in the so called classics.

ATTEND THE COUNTY FAIR.

Although the annual Northern Michigan Fair officially opened, yesterday today will mark the actual launching of the annual county show, as far as the general public is concerned. Yesterday was largely occupied in receiving and placing exhibits and starting the program of special attractions for the continuous run during the remainder of the fair.

Since the organization of the present Delta County Agricultural Society, the parent organization in charge of the annual Northern Michigan Fair, Delta county has held the reputation of staging the biggest and best county fair in the entire upper peninsula. And officials of the society have left no effort unexpended to allow the fair of this year to surpass any previous effort in this county's county fair record. In spite of a backward summer and an early fall frost that affected many sections of the county, the agricultural exhibit more than compares favorably with that of any other year. The live stock exhibit exceeds both in number and in standard any similar exhibit ever staged in this county. The automobile exhibit, the art section, the school section and the home economics department, are by far the most complete and interesting ever arranged here.

The special attractions booked for this year's fair bid fair to surpass in popularity any attraction program of the past. The success or failure of the fair depends entirely upon the attendance that is accorded and attendance will depend in a large measure upon weather conditions. County fair week has been launched with close to ideal weather conditions and if similar conditions can be maintained through Thursday what may prove a new county fair attendance record may be accorded.

The people of Delta county have established the reputation of attending their annual county fairs more generously than in any other county of the peninsula. This end has been largely accomplished through the interest demonstrated in the annual show by the people of the cities of Escanaba and Gladstone.

The county fair here has come to be recognized as an annual advertisement of the development in agricultural and dairying in Delta county. And the people of Escanaba and Gladstone have fully recognized that the development of the natural resources of the country districts.

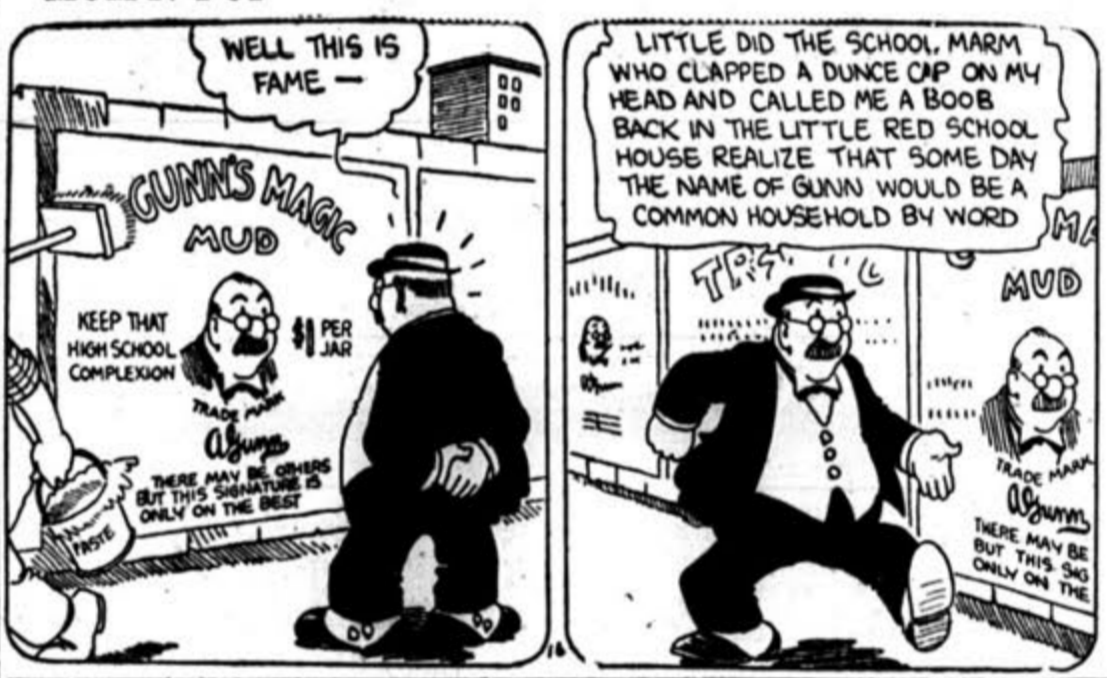

Delta county has established an enviable reputation for staging county fairs and this reputation can be decidedly enhanced this year through the cooperation of city and country residents in the hanging up of another great attendance record, to stand as a mark for other counties to continue to shoot at.

It's our own county show and it's worth attending. Let's patronize it.

1923—Princes of Wales at his ranch in western

was not unforeseen. It was known that Judge Tuttle, to be elected, had to carry the state outside of Wayne by a very large majority. It will be agreed that he did pretty well, but he did not do well enough.

Furthermore, Cousens was by no means uniformly weak out in the state. He did very well in the industrial counties. He picked up a lead of approximately 5,000 in Kent. He was particularly strong in the upper peninsula, carrying most of the counties in this part of the state. While the figures for these counties have not been compiled in full, Cousens must have gone to the straits with a lead approximating 10,000.

The senator's Wayne county vote overcame a lead of some 30,000 votes against him piled up by Judge Tuttle out in the state. The state outside Wayne rejected him. Wayne gave him six.

Tuttle ran like wild fire in the agricultural districts. It was rural Michigan against industrial Michigan, and industrial Michigan won.

AMUSEMENTS

AT THE DELFT.

That romance is no respecter of persons or ages is demonstrated by "Cythera," Goddess of Love, a First National picture which is now being shown at the Delft Theatre, where it ends its engagement today. Based on Joseph Hergesheimer's famous novel, it was produced and personally directed by George Fitzmaurice for Samuel Goldwyn.

The victim of romance in this case was Lee Randon (played by Lewis S. Stone), a married business man, whom none of his friends suspected as the possessor of a spirit that stirred to the call of spring and love. His wife, Fanny (Irene Rich), was more responsive to the call of housekeeping. The result was that when Lee met the ideal of his dreams, he found himself helpless in the grasp of romance.

With the "other woman," Savina Grove (Alma Rubens), Lee fled from the babbling tongue, and they found seclusion in colorful Cuba.

The denouement of this situation is one of the most powerful that has ever been seen on the screen. The climax is unexpected and gripping in its intensity, and the manner in which the strange love tangle is solved sounds a ringing moral.

In addition to Mr. Stone, Miss Rich and Miss Rubens, the cast includes Norman Kerry, Constance Bennett, Betty Bouton, Charles Wellesley and Lydia Yeamans Titus.

AT THE STRAND.

Characterized as the most thrilling motion picture ever woven around life in crookdom, "Through the Dark," featuring Colleen Moore, will have its first presentation in this city today, when it begins an engagement at the Strand.

"Through the Dark" is a screen version of "The Daughter of Mother McGinn," a "Boston Blackie" story by Jack Boyle, author of "The Face in the Fog" and "Boomerang Bill," both of which pictures met with great success.

In this latest Jack Boyle story to reach the screen, "Boston Blackie," known throughout the underworld as the slickest of crooks, makes a thrilling escape from San Quentin prison. In his dash for liberty he is assisted by a pretty student at a fashionable and exclusive school for girls. Her part in the escape leads to the revelation by the police that she is the daughter of Mother McGinn, a character in San Francisco's crookdom, and that her father was a convict and died behind prison-bars. How the girl fights against the evil environment in which she is thrust and proves to "Blackie" that the only way is the straight way, furnishes a story of rapid action and many unexpected twists.

FOOTBALL MEN
WORKING HARD

Preparing for the opening of the high school gridiron season, members of the Manistique high football squad marked off goals and lines in the field at the fair grounds Tuesday, the work supervised by Coach V.C. Crittenden.

The Manistique eleven opens the season at Gladstone on Saturday. The first home game will be with St. Joseph's of Escanaba.

Coach Crittenden's squad this year includes a number of new men, lacking in experience, but willing to work, and a fast little team has been developed.

The first squad includes the following men: R. Fagan, R. Miller, C. Campbell, M. Fox, L. Miller, C. Smart, N. Jahn, P. Davenport, V. Nelson, L. Hartman, M. McRitchie, C. Hall, I. Chascoff, Gagner and Kirkbride.

The following men are listed on the second string: G. Stone, C. Cook, E. LaFolie, E. LaBressour, W. Tommond, R. Crawford, E. Anderson, E. Davis, V. Nelson and W. Nelson.

Jackie Coogan Is In Town Tonight

Clad in baggy trousers, a funny little cap, great clumsy clattering wooden shoes, and a jacket with large buttons of assorted sizes, Jackie Coogan comes to Manistique today in "A Boy of Flanders," taking the part of "Lutz Nello."

The story is reproduced on the screen with a fidelity rarely to be observed and not a single episode of significance, drama, comedy, pathos or thrill is missing.

W. J. Rareon is reported ill at his home on Oak street.

A few Schoolcraft duck hunters who returned to the city yesterday reported excellent shooting for the opening of the season.

Tax Collections Equal Last Year

September tax collections in the city of Manistique thus far are about equal to the total of last year at this time, according to the figures of Mrs. Myrtle Kiefer, city treasurer.

Stack Mill Will Start Work Soon

With repairs to the boilers and other equipment nearing completion, the Stack Lumber Co. sawmill at Manistique is expected to soon be ready to resume operations.

SCOUTS ATTENTION

All Manistique scouts will meet at the Methodist Church gymnasium, Wednesday night at 7:15 for the purpose of organizing an inter-city Scout football league.

AID MEETS TODAY

A regular meeting of the Methodist Ladies' Aid will be held in the recreation rooms of the church this afternoon.

NOTICE TO TAXPAYERS

On 1922 taxes unpaid October 1st, 1924, there will be additional charge of \$1.00 per description for advertising, according to Am. Act 262 of 1923.

CITY BRIEFS

Dr. and Mrs. H. E. Barlow and children left last week for their home at Detroit, after a two weeks' visit with Mrs. Barlow's parents at Manistique.

Henry Hughson and family, of Kipling, visited this week at the home of his brother, Ed Hughson of Manistique.

Mr. and Mrs. William Pray, Arbuthus avenue, are visiting relatives at Traverse City this week.

Mrs. Mary Lemire and Mrs. Charles Choquette of Negaunee are guests of Mrs. Albert Foye.

Gianetta Pray left this week for Albion, Michigan, where she will resume her studies at Albion College.

Mr. and Mrs. Joseph Boyer, of Garden, made a business visit to Manistique yesterday.

Mr. and Mrs. Vernon Knags and two children of Auburn, Ind., were recent visitors with relatives in Manistique and vicinity.

Miss Catherine Hivlichek left last night for Milwaukee, Wis., where she will continue her work at Marquette University.

Paul E. Gero left Tuesday morning for Ann Arbor to resume a course at the University.

A number of Manistique young people will leave this morning for Ann Arbor, in preparation for the opening of the school year at the university.

W. J. Rareon is reported ill at his home on Oak street.

A few Schoolcraft duck hunters who returned to the city yesterday reported excellent shooting for the opening of the season.

G. O. P.'S GATHER AT TWO TODAY

One delegate from each of the Schoolcraft county townships and ten from the city of Manistique will gather at the court house at two o'clock this afternoon for the Republican county convention.

At the meeting this afternoon, a set of eight delegates will be chosen to attend the Republican state convention in the city of Detroit, September 24.

BIG FEED SATURDAY

Tickets are now on sale for the church supper which will be served by the M. E. Aid in the dining room of the Methodist church on Saturday evening of this week.

VIVISECTION IS PENALTY GIVEN TO THUG, CHINA

Shanghai.—"Old Mother" Diao, said to be the most notorious and bloodthirsty bandit the Province of Shantung ever produced, has been executed at Ichou in Shantung, according to reports received in Shanghai by mission organizations.

Forty-seven years old and an expert horseman, "Old Mother" Diao led a band of several hundred outlaws, who terrorized a broad area. It is related of her that last summer she planned an attack against Ichow after calling to her aid two added groups of bandits.

The villagers were driven back into Balihang and the bandits followed them. Then the gates of the village were closed, and every man was shot down.

TIPLING HOME IS ENTERED IN AFTERNOON

Another burglary was reported Tuesday at Kipling where the home of Frank Laguna was entered shortly after 2:30 o'clock yesterday afternoon and \$50 in cash and jewelry, the value of which was not learned, taken.

The burglary was staged early in the afternoon. Mrs. Laguna had left the home and had gone to a neighbor's house across the way.

TROPIC BEASTS SUFFER GREATLY FROM THE HEAT

Cincinnati.—"What wild animals do you think feel the heat most?" asked Col. Sol A. Stephens, general manager of the Cincinnati zoo.

"Why, polar bears and wolves and other things that come from 'way up north, of course," answered the reporter.

"Not in 10,000,000 years," remarked Col. Stephens, as he watched two gobs of perspiration racing down the reporter's face.

"The animals most affected by hot weather are the lions, tigers, giraffes, elephant and other beasts from Africa and India.

"I'll admit it's hotter in Africa and India than any other place, except, perhaps, Needles, Cal.," he continued.

"We have to keep turning the hose on these tropical creatures during hot weather. One day last week we found old Abe, one of our giraffes, whom we consider the finest specimen of his kind in captivity, nearly gone.

ROYAL GUEST

The Duchess of Westminster who recently divorced her husband, the Duke of Westminster, is one of the most recent titled English beauties to visit the United States.

VETS DECIDE TO ORGANIZE NO GRID TEAM

Lack of material, lack of financial backing, and a prospect of poor attendance at the games, were responsible for the failure of the Manistique Legion to organize a football team this year.

New equipment would be one of the first requisites, if the team were organized. No funds were available to purchase the needed paraphernalia, and it was not deemed advisable to ask for donations at this time.

Material is also lacking, and some of the stars of the 1923 eleven are not now available.

KIPLING HOME IS ENTERED IN AFTERNOON

Another burglary was reported Tuesday at Kipling where the home of Frank Laguna was entered shortly after 2:30 o'clock yesterday afternoon and \$50 in cash and jewelry, the value of which was not learned, taken.

The burglary was staged early in the afternoon. Mrs. Laguna had left the home and had gone to a neighbor's house across the way.

PAVEMENT ASSESSMENTS PAID MONDAY

Monday, the final day to make payments on the Minnesota avenue and the Ninth street pavement assessments, before interest charges start, was a busy day in the city offices.

Close to \$2,000 was paid in on the Minnesota avenue project and about \$1,500 on the Ninth street assessments, on the final day.

BUSINESS PLACES CLOSE ON THURSDAY

Thursday will be Escanaba-Gladstone day at the Northern Michigan fair, and acting in accordance with custom and acting on the proclamation issued by Mayor L. N. Bushong, practically all of Gladstone's business places will close during the day or during a part of it to permit everyone to attend the fair.

Schools will be closed all day Thursday, it was announced yesterday.

Grocery stores and meat markets will be open tonight and early Thursday closing at 9 o'clock in the morning.

The Buckeye store will be open this evening and will be open Thursday evening until 9 o'clock. Manager Riley announced. There will be one meat delivery of orders in before 7 o'clock Thursday morning.

BOOSTER CLUB BACKS PLANS FOR A BAND

Gladstone will have a band, an organization that the city has been sadly in need of for some time, if the plans of the Booster club, announced yesterday by its president, Attorney Glenn W. Jackson, go through.

A meeting of the Booster club, the board of directors, the committees, particularly the park committee, and all other members who are interested in the work being undertaken by the club at the present time, has been called for Tuesday night, September 23, at the city hall.

At this meeting, in addition to other matters which may come up, the proposition of organizing and financing a band will be given consideration.

Gladstone had a first class band organization several years ago. There are still a number of the members of that band here and these with the younger musicians of the town may easily be formed into an organization that will be a credit to the community.

It is the plan of the club to organize the band and arrange for its financial backing and to secure a paid leader. If these plans carry, and there is every indication that they will, Gladstone will soon have the band organization that a town of its size should have.

Need Organization. "If the organization has the right leader and the proper financial backing," said President Jackson yesterday in discussing the matter, "there is no reason why we should not have an excellent band."

"AMERICA" IS ROMANCE OF PEOPLE

The romance of one hundred and ten million people—that is the story of "America," at the Community theatre today, which many critics now declare is greater than Mr. Griffith's earlier picture, "The Birth of a Nation."

Several years ago, Mr. Griffith began planning an elaborate and accurate film story of the American Revolution; but at that time, so-called "costume" plays were not popular.

Mr. Will Hays received the letter and asked Mr. Griffith to undertake the work.

Before doing it, he made a secret trip to Boston, visiting all the shrines of patriotism in that vicinity.

Is Owner of New Studebaker

J. Paul Bushong of this city is one of the first owners of the new 1925 Studebaker which was shown for the first time at the Studebaker opening held Saturday night at Escanaba. The car has been attracting considerable attention.

Auxiliary Holds Meeting

Members of the auxiliary to the Legion post held a regular meeting Monday evening at the club rooms in Wassa hall. No action of any importance was taken at the meeting, the auxiliary attending to routine matters.

Pythians Will Meet Tonight

Regular meeting of the Gladstone Knights of Pythias will be held this evening in the Pythian hall. All members are requested to be present.

Working On Intersection

Nebel Brothers working on the Minnesota avenue pavement, have reached the second street intersection. This leaves but one block to be completed. The contractors have been working at the rate of 125 feet and will have the work completed well before the time specified in the contract, October 15.

Will Serve Chicken Supper

The Catholic women of Rapid River will serve a chicken supper Wednesday September 24, at the Macabee hall. Serving will begin at 5:30 o'clock and will continue until all are served.

CITY BRIEFS

James T. Jones is the owner of a Studebaker car, recently purchased.

Fred Schram, members of August Mattson post, American Legion, has left for St. Paul where he will attend the sixth annual legion convention. The convention opened Monday.

Mr. and Mrs. Zeph LaBumbard and son, Woodrow, of this city and Mr. and Mrs. A. Cole and daughter of Rapid River, have returned from a motor trip through Indiana.

Mrs. Jerry Neville has left for Sault Ste. Marie, Mich., where she was called by the illness of her mother.

Mr. and Mrs. Louis Burm are leaving for Superior, Wis., where they will make their home.

Miss Kathleen McMinn who has been visiting her sister, Mrs. A. Lauser, has returned to her home at Chicago.

Mr. and Mrs. Leo Poltras and daughter, Ethel, who spent the summer at the home of Mr. and Mrs. August Feldt, Mr. Poltras' parents, will leave Thursday for Ann Arbor where Mr. Poltras will continue his studies at the University of Michigan.

Miss Louise Clark left Monday night for Milwaukee where she will resume her studies at Milwaukee Downer college after spending her summer vacation at the home of her parents, Mr. and Mrs. C. A. Clark.

Miss Aleene Hufford has returned to Milwaukee to resume her studies at Downer college after a vacation visit at the home of her parents, Mr. and Mrs. Phil Hufford.

INTAKE JOB WORK GOING AHEAD FAST

Work on the waterworks intake job is progressing with great speed. The workmen are well on to the shore with the dredging and thus far have completed the hazardous portion of the dredging which required work near the damaged pipe without disturbing it.

In order to continue water service during the work it is necessary that all preliminary work be done without disturbance to the pipe up to where a joining will be made with the wooden stave pipe 220 feet off shore.

A carload of spiral pipe which will be used, has been received and laying of the pipe will begin as soon as the dredging is completed. The pipe has all been given a creosote coating to make it rust proof.

Manager Is On Vacation

Miss Mae Green, manager of the Western Union office, is enjoying a two weeks' vacation from her duties. Miss Harriet Peterson of Chicago, relief manager, will be in charge of the office during her absence.

MISS WHITE IS BRIDE OF NOBLE KEE

Announcement of a wedding that will be of interest to Gladstone people was that made yesterday of the marriage on September 6 of Miss Irene White, of this city and Noble Kee, son of Dr. and Mrs. David N. Kee.

Mr. and Mrs. Kee, who are driving through Michigan as a part of their wedding trip, are visiting here now as guests at the Kee home.

The wedding was performed on Saturday September 6, at Cedar Springs, Mich., at the home of Miss Geraldine French, a classmate of Mrs. Kee. The attendants were Miss French, Clifford White, brother of the bride, and Mr. and Mrs. U. J. Noblet of Grand Rapids, formerly of this city.

Following the ceremony a reception was held at the home after which Mr. and Mrs. Kee left on a motor trip. They will visit here until the latter part of the week after which they will leave for Gable, S. C. where Mr. Kee is engaged in forestry work.

Both young people until a few years ago made their home in Gladstone and both were graduated from the Gladstone high school. Mrs. Kee attended the Michigan State Normal at Ypsilanti, teaching one year in Gladstone and later at Riverside, Cal. Mr. Kee is a graduate of the Michigan Agricultural college at East Lansing and is in forestry work.

Prominent. Both Mr. and Mrs. Kee are numbered among the prominent members of the younger set of Gladstone and the announcement of their marriage will be followed by the sincere wishes of their many friends here for every happiness during their married life.

E. C. Dayton to Umpire Saturday

E. C. Dayton of this city has been secured to umpire the opening game of the Escanaba football season Saturday in which the Esky squad will meet St. Joseph's high school. Mr. Dayton has been an official at the greater number of games during the past seasons.

Miss Leona Harris has resigned her position at the Community ice cream parlor and will resume her studies at the Cloverland business college in Escanaba.

FAIR DAY PROCLAMATION

The directors of the Delta County Fair have named Thursday, September 18th, as Gladstone Day. The schools will be closed on this day and the people of Gladstone are requested to make this their day for attending the Fair as much as possible so that our city may have a good representation and turn out on this day.

This Fair is representative of the products, etc. of our county, possibly other territories, consequently it is a day we are all interested in and I trust that many as can consistently do so will plan to attend the Fair, thus giving our city a good representation and also show our appreciation of the efforts that are being put forth by the managers of the Fair, to give the county products and interests generally, a creditable showing.

Given under my hand and seal this 15th day of September. I. N. BUSHONG, Mayor.

MANY HUNTERS OUT FIRST OF SEASON

With the opening of the duck season yesterday scores of Gladstone hunters took to the woods for a first shot at the game. The season will be open from now until December 31.

Over 100 small game licenses were issued at the city hall during the last few weeks, indication that a large number of sportsmen plan to hunt early in the season.

The first small game license of the year at the local office was secured by Charles Cretens.

MINNEAPOLIS MAN GAINS 24 LBS. TAKING TANLAC

Thought He Would Never Find Relief, Says War Veteran.

"My past four years of good health and a gain of 34 lbs. in weight is all due to the help I have received from Tanlac," is the emphatic statement of John Hedges, a World War veteran, 3641 11th Ave., South, Minneapolis, Minn.

"In 1919 I felt myself going down in health and indigestion, loss of appetite, excited nerves, dizziness and lack of sleep weakened me down to where I was unable to hit a lick of work. I had become fearful of having to carry my misery with me to my grave."

"I was certainly in a great deal of pain across Tanlac, taking his medicine I more indigestion trouble like a child, work and feel fine." Tanlac is for sale by all good druggists. No substitute. The bottles sold by the manufacturers of Tanlac.

REAL CHAMPION TO PITCH HERE

Fair Management Secures Big Feature for Horseshoe Tourney.

Today marks the inauguration of the first annual horseshoe tournament at the Northern Michigan Fair and it is a fair presumption that the interest generated during the past two weeks will make of this feature one of the strongest attractions of this and all future fairs held here.

First, the committee in charge of the tournament, headed by W. H. Needham, with P. J. Groos as presiding judge, has left nothing undone to popularize the sport here during the next three days. Four courses have been laid out for men and two for women. The men's courses are 40 feet long and those for the women have been made 30 feet.

Daily Cash Prizes. Daily cash prizes are offered in the male competition, \$5 and \$2.50 being awarded to the holders of the two high scores each day. At the end of the tournament the big prize of \$25 for the winner will be determined on the face of the score cards turned in during the competition. Second prize is \$15, third \$5 and fourth a pair of regulation horseshoes. A cash prize of \$5 is offered to the best lady pitcher and a handsome toilet set donated by the Groos Drug Store will be second prize. The entrance fee for ladies is ten cents and for men 25 cents. The latter will pitch 45 shoes for a game.

A special attraction which undoubtedly will hold great attention will be Hiram Buckles' championship horseshoe pitcher of the middle states, who will give exhibitions here and will take on all comers for a side bet of \$50 a ringer if anyone cares to meet him.

Champ to Demonstrate. Spectators are promised some rare and interesting sport, as Mr. Buckles will demonstrate the wonderful things that can be done with a horseshoe. He will show the expert's pitch, not the old style turning shoe, but the shoe which whirls once in the air and arrives at the peg with the open side in position to slip on. It is skill of the rarest kind and attendants of the fair who do not see some portion of this exhibition, will be missing a rare treat as well as some valuable pointers on the technique of the game.

The courses are laid along the south side of the main exposition building and are easily accessible to all. It is hoped that the interest in the game this year will justify an enlarged prize list for the coming years and there is ample reason to believe that this sport is going to take hold of the big crowds firmly. It is a novelty

which smacks somewhat of the old home life of many of those who will be present and there will be an instinctive itching of fingers among many men, to "just take a whiff" at the game for old time's sake.

Try to "Get Back." Every man should make it a point to try his hand some time during the fair. It will take him back to his earlier and happier days and be good for him and all his friends. Get into the tournament and loosen up the old soup-bone a little just to see how far you have "gone back" from those old barnyard days of the long ago. Thousands of city men are doing it and it is anticipated that many of them will be seen in action here during the remainder of the week.

Name Delegates To Convention

Delegates to the Delta county Republican convention will meet this afternoon at the court house here at 2 o'clock to select delegates to the Republican state convention. It was incorrectly stated in the Press yesterday morning that the Republican county convention would be held yesterday afternoon, the date fixed in the official call being for Wednesday, Sept. 17. Delegates representing all of the voting precincts of the county will meet this afternoon at 2 o'clock at the county court house with Dr. W. A. LeMire, county chairman, presiding and the business of selecting delegates to the Detroit convention will be proceeded with.

MORE BELGIAN AUTOS Washington—The use of motor vehicles in Belgium is increasing monthly. Automobiles were a luxury before the war and were confined exclusively to the wealthy. There were less than a dozen privately owned cars in Antwerp in 1919, but by the end of 1923 there were at least 50,000 passenger cars and 22,000 trucks.

Such Is Life

"Eighteen years ago I had three ribs broken; fourteen years ago my right leg; eleven years ago I nearly went over with typhoid fever and since then have had awful stomach and liver trouble. Was filled with gas most all the time. I would have colic attacks so bad as to become unconscious. No medicine helped me and doctors advised an operation. One day talking with a stranger he recommended May's Wonderful Remedy, which helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. Adv.

HERMANSVILLE ITEMS.

Miss Elsie Ollia spent Sunday in Escanaba. Jack Carney made a flying trip to Iron Mountain Sunday evening.

A new Ford coupe was found on the county road east of here Sunday afternoon. The Ford is in perfect condition. At the present writing the owner has not been found.

The infant son of Mr. and Mrs. J. Daniels died Monday morning and was buried Monday afternoon.

The skeleton of a man was found in a small thicket east of Hermansville Sunday evening. Tom Laurence of Powers was walking through the woods when he came upon the skeleton, with a rope suspending from the neck. The supposition is that the man committed suicide. The appearance of the skeleton indicates that the man had been dead over six months. The body has not been identified as yet.

Mrs. T. J. Morosa and Miss Mabel Maceau returned Saturday from an extended visit in South Bend, Ind. Miss Stella Donovan spent the week end at Norway. Miss Mary Girard spent the week end at Powers.

Anton Pentoney of Daggett transacted business in Hermansville. E. J. Donahue of Ishpeming transacted business here Friday.

The farm residence of Frank Rosig was damaged by fire late Sunday night. The loss was slight and entirely covered by insurance.

Joseph J. Courier was delightfully surprised Saturday evening, September 13, at the home of his mother, 1425 North 20th St., by a large number of relatives and friends. The surprise being his birthday anniversary. Games and dancing furnished the entire entertainment for the evening after which a dainty luncheon was served. His friends departed at a late hour, everyone voting Mr. Courier a delightful host. His many friends wish him the best of luck in each succeeding year.

WOMAN'S SECRET CHARM

In perfect health lies the secret of woman's charm which makes her radiate cheer and happiness wherever she goes. No one enjoys listening to the aches, pains and woes of an ailing, nervous irritable woman, and her condition is plainly stamped upon every feature. The most effective remedy for woman's ailments ever discovered has proved to be Lydia E. Pinkham's Vegetable Compound. Women are soon restored to health by its use and acquire the charm that health alone can give. Adv.

ARAB WOMEN AIM TO LEAVE VEILS ON THE DRESSER

Demand for Greater Freedom Voiced in Near East.

Jerusalem—The stubborn conservatism of the Mohammedan custom with regard to the social isolation of the women in Palestine may soon give way before the movement launched by Arab feminists for the removal of the veil. The Holy Land, backward in many respects, is behind such Moslem countries as Turkey and Egypt in breaking the shackles holding women in seclusion.

The movement for the enfranchisement of Moslem women in Palestine is of recent origin and is traceable to the influx of people from the west, especially Jewish immigrants coming to settle in their national home.

First Step Taken. As the first step toward their emancipation the women demand ecclesiastical sanction for the removal of the dark veil from their faces. If such flying in the face of age long custom does not win official approval, some of the leading Arab women of Palestine are determined to do what their Moslem sisters did in Turkey, where the veil has been entirely cast off, or at least in Egypt, where only a light, transparent veil is still worn extending from below the nose.

The ban on the public appearance of women has retarded the development of the Arab drama, and it is the hope of the feminists that the admittance of Moslem women to the theatrical stage will follow the removal of the veil.

Arab women in Palestine are keen not only on social emancipation but on participation in politics. "Take us out of our insulting seclusion and remove our faces from the offensive black cloth, give us our opportunity as free members of a free people, granting us the right to fight with you for our national ideals," says in part an appeal appearing recently in an Arab language newspaper in Haifa. "Then we shall in gratitude sacrifice our jewels,

Death Claims Young Woman Early Tuesday

Death claimed another victim early Tuesday morning when Miss Irene Ruth Bonner daughter of Mr. and Mrs. Nell Bonner, 411 So. 9th street was called to her reward in the springtime of life.

Miss Bonner was 26 years of age and was admired by all who knew her. She was born and reared in this city, was a graduate of the Escanaba High School and of Cloverland Commercial College. For several years she had been employed as a stenographer for A. J. DeGrande Co., but resigned her position some time ago to prepare for her marriage which was to have taken place last June. Her health began to fail after an attack of ptomaine poison a year ago and this followed by a severe attack of the flu caused complications which ended in her death.

Miss Bonner was a patient sufferer and although unable to speak above a whisper she daily wrote in a note book a memorandum of occurrences. In this book she wrote her temperature each day and Monday afternoon wrote her last request to her parents asking that she be dressed in her brown dress and slippers and other articles which she mentioned after which she wrote the names of several young men whom she selected as pallbearers. She was conscious to the last and surrounded by her parents, sisters and close friends, passed peacefully away at 12:30 Tuesday morning. She is survived by her

parents and two sisters, Mrs. Fred Oltah, city and Mrs. Ed. Baker of Chicago, Ill. The funeral services will be held Thursday morning at nine o'clock at St. Patrick's church. Rev. Fr. J. Mockler will be the celebrant at the requiem high mass. Burial will be in the family lot in St. Joseph's cemetery.

The out of town relatives and friends who are expected to arrive for the funeral are, Mrs. M. McNeillie and daughter Margaret of Marinette, Wis., Mr. Ed. Baker of Chicago, a brother-in-law and T. H. MacKenzie, of Winona, Minn.

Death Claims Young Woman Early Tuesday

Death claimed another victim early Tuesday morning when Miss Irene Ruth Bonner daughter of Mr. and Mrs. Nell Bonner, 411 So. 9th street was called to her reward in the springtime of life.

Miss Bonner was 26 years of age and was admired by all who knew her. She was born and reared in this city, was a graduate of the Escanaba High School and of Cloverland Commercial College. For several years she had been employed as a stenographer for A. J. DeGrande Co., but resigned her position some time ago to prepare for her marriage which was to have taken place last June. Her health began to fail after an attack of ptomaine poison a year ago and this followed by a severe attack of the flu caused complications which ended in her death.

Miss Bonner was a patient sufferer and although unable to speak above a whisper she daily wrote in a note book a memorandum of occurrences. In this book she wrote her temperature each day and Monday afternoon wrote her last request to her parents asking that she be dressed in her brown dress and slippers and other articles which she mentioned after which she wrote the names of several young men whom she selected as pallbearers. Who Is the Standard Oil Company? (Indiana)

THE Standard Oil Company (Indiana) is a corporation, organized under the laws of Indiana; composed of 49,451 stockholders—of whom 11,000 are women—not one of whom owns as much as 6% of the total stock.

It is managed by a Board of Directors of ten men—

- R. W. Stewart - Chairman
W. M. Burton - President
W. E. Warwick, Vice-Pres., Gen. Mgr. Mig.
B. Parks, Vice-Pres., Asst. Gen. Mgr. Mig.
E. G. Seubert, Vice-Pres., Secy-Treasurer
Allan Jackson - Vice-President
R. H. McElroy - Traffic Manager
E. J. Bullock - Director of Purchases
T. J. Thompson, General Manager, Sales
John D. Clark - Vice-President (Assistant to Chairman)

Every man on the Board of Directors of the Standard Oil Company (Indiana) has come up from the ranks and earned his place by sheer ability.

Every director of the Standard Oil Company (Indiana) lives in Chicago and devotes his entire time to the affairs of this Company and to no other.

The Standard Oil Company (Indiana) acknowledges no allegiance to any other organization. It stands on its own bottom.

The outstanding characteristic of the Standard Oil Company (Indiana) is its ideals of service.

Its management—its stockholders—its 27,160 employes—all are imbued with the single idea, that enduring success is achieved through service; that through service comes profit.

It is by strict adherence to this idea and to the every day practice of the principles of fairness, equity and justice to all—customers and competitors alike—that has made the Standard Oil Company (Indiana) one of the truly great institutions of service in America.

Household Exhibits at Fair Attract the Women Visitors

ADRIENNE TOUSIGNANT among the many attractive exhibits at the Northern State Fair the fancy work and domestic work departments which are with some of the most excellent hand work. In the fancy department are found table dressers, runners, dollies, center pieces, lingerie, luncheon sets, table covers, aprons, children's clothing, yokes, gowns, pillow cases, baby carriage robes, and every stitch known in the art of crocheting, tatting, drawn work, harding, embroidery, hair, and knitting is shown in this department.

In the domestic hand work department are many hand made rag rugs, some are braided, crocheted, or woven; there are some good looking knit sweaters, afghans, socks, stockings and numerous other things which attract the women folk. There is also a quilt which is 85 years old and has been handed down to three generations of one family of this city. It is a hand quilt and the designs in the blocks and prints used in this quilt are unusually odd.

Variety of Baking. The baked goods booth has a larger variety of baked goods than any previous year since the Northern State Fair has had displays. Among the baked goods are the old fashioned salt raising bread like our grandmothers used to make, saffron rolls and French rolls, Parker house rolls, milk bread, rye, wheat and many other kinds too numerous to mention, and the oh, boy! but they make a mouth water; there are cookies of every recipe ever written, doughnuts, pies, and muffins would fill a table 50 feet long. The cakes are very nicely decorated and the neatness and cleanliness about this booth is remarkable.

There is also a line of foods for domestic persons consisting of bread, rolls, muffins made without sugar and they are really substantial. These displays being attractive are also very practical and the ladies in charge are very willing to answer questions asked them.

Dairy Department. The butter, cheese and egg display is also very good. There are several brands of cheese, including cottage, cream and American cheese. Dairy butter, creamery butter, maple syrup and honey are also to be found in this section. The canned goods and pickled products are very good to look at and the assortment is unusually large this year. People who never brought articles to the fair in for-

\$15 MECHANIC NOW DIRECTOR IN THE MOVIES

Clarence Brown Has Rapid Rise in Filmdom.

Hollywood—"Gosh, I'd like to be a movie director," say you? "Be one," say me—and cite the case of Clarence Brown to show how easy it is to boss the stars, make wads of money and have your name flashed in the credit lines of pictures.

Brown was, and is, a good mechanic. Graduated an engineer from Tennessee university. Got a job in an auto plant at \$15 a week. Was keenly disappointed at the discrepancy between effort and recompense. Haunted the film theatres and decided he could make movies as well as autos, for a considerably higher wage.

Brown believed in himself. Had initiative. Went to New York and butted in on Maurice Tourneur, well known director. He told Tourneur that he was a novice, but, since Tourneur had just fired an experienced assistant, he, Brown, opined that it might be an interesting and perhaps profitable experiment to try a wholly inexperienced man. Tourneur thought so, too.

For seven years Clarence

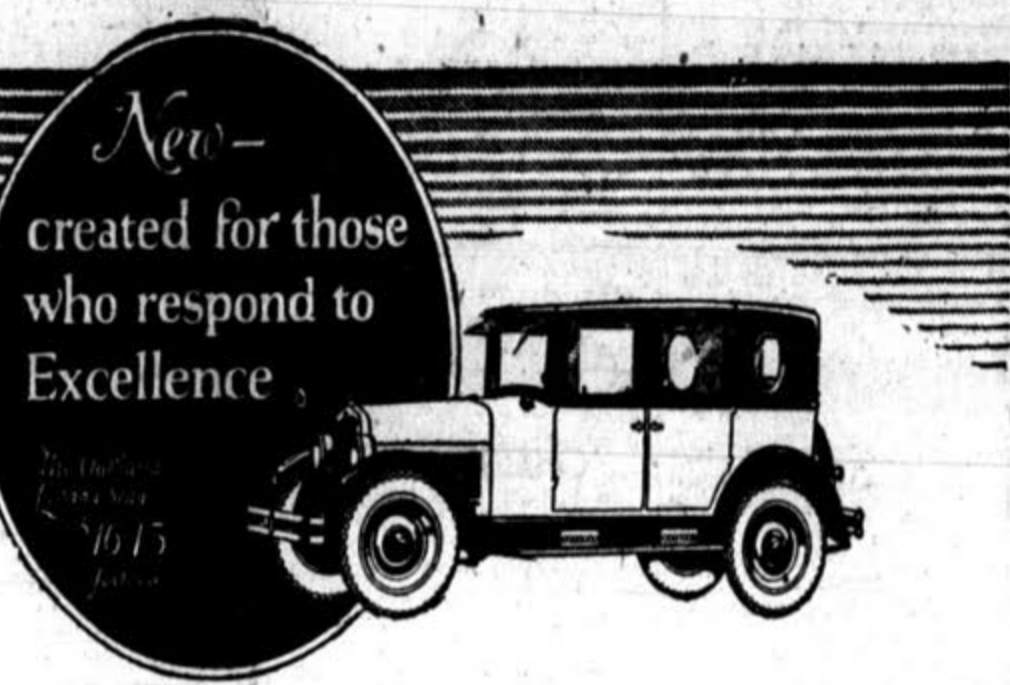

Brown was assistant to the French director. Then he stepped out for himself. Recent works which have brought him into the spot light are "The Accidental," one of the best mystery plays ever screened; "The But-terfly," and "The Signal Tower," all made for Universal.

"I am not artistic," he asserts. "But I am a good mechanic."

Motion pictures have something fundamental in common with machines. The factors of time and dimension, tempo and footage. Pictures are problems in engineering, as well as in artistic endeavor. I found I was able to apply my bent and training effectively."

SUSPEND PIPES
Seattle, Wash.—The Skagit River in the state of Washington is spanned by one of the most remarkable bridges in the country. A town near the river depends for its water supply upon a number of springs in the mountains on the other side of the stream. The water is carried to the town in an iron pipe, suspended across the water.

New—created for those who respond to Excellence

THE new Oakland Six Landau Sedan was created to match the taste and quicken the pulse of those who instinctively prefer excellence.

Here is luxury on four wheels—a light, close-coupled, closed car—easy to drive, easy to park—powerful, handsome, individual—and as clean-cut and debonair as a Derby winner.

Here is exclusive luxury at a very low price for such luxury. There isn't a car in its price group and not a handful among the higher priced cars that offer the smartness and completeness of dress and demeanor you will find in the Landau Sedan.

Here is beauty of an exceptional type conceived by Fisher and installed on a chassis that is True Blue to the last bolt and the last nut—

—A True Blue car with spirit and vigor and driving utility that have earned it the right to be called "a year in advance of its field."

Drop in today and ask to see this new Oakland. It is a great deal more than a good looking car. It is one of the world's very finest!
