Arms Conference Planned Next Year At Geneva

RATIFICATION OF SECURITY-ARBITRATION PACT BY LARGE POWERS WILL ASSURE MEET

NON-MEMBERS WILL BE INVITED TO ATTEND.

(By The Associated Press.) Geneva, Sept. 22.—If three or four of the great powers—Great Britain, France, Italy, Japan— which have permanent seats on the council of the league of nations and ten other state members of the league ratify the protocol of arbitration and security which was made public today, there will open at Geneva on June 15, 1925, a great international conference for the reduction of armaments.

Huge Quantity of Booze Taken by Dry Raiders

(By The Associated Press.) New Orleans, La., Sept. 22.—Dry agents today seized thousands of cases of liquor at Mandeville and Bayou LaCombe, across Lake Ponchartrain from New Orleans, and unearthened, they said, a gigantic conspiracy to ship liquor by carloads to the large cities in the south and middle west.

NO COMMENT IS MADE BY MEANS

Cannot Be Found for Questioning About His Repudiation.

(By The Associated Press.) Washington, Sept. 22.—Gaston B. Means, star witness of the Daugherty investigation, after making a statement repudiating the sensational testimony he gave there, today added a new chapter to the long and colorful story of his connection with the celebrated case, by spreading a long trail of mystifying doubts as to whether he was going to stick to his repudiation, or in turn, repudiate it.

# COOLIDGE HAS GREAT CHANGE IN MINNESOTA

## OPHER REPUBLICAN VOTERS RETURN TO FOLD.

BY DAVID LAWRENCE

(Copyright 1924, by the Associated Press.)  
 Minneapolis, Minn., Sept. 22.—Minnesota is a doubtful state in the truest sense of the word and the term has real significance this year for it means that Senator LaFollette has hardly captured it yet and that the opportunities of President Coolidge to squeak through by a slight margin as Hughes did in 1916 are now likely to diminish but increase between now and election day.

Minnesota is always a difficult state to analyze. The rural districts are inaccessible to polls and canvasses and a large number of foreign and silent voters speak only on election day. The farmers predominate and the so-called Farmer-Labor party has been winning elections right along in the last few years. It absorbed the Democratic party and became the refuge of the discontented Republican agriculturist who felt the pinch of unfavorable economic conditions.

Discontented Senators.

But the discontented ones are not so numerous as they have been and a remarkable improvement in the farm situation may be noted today. The Northwest is diversifying its farming and there's a good wheat crop besides. While it is true that many farmers are bitter and regard the advance in prices as an accident and they will still vote their protest next November, a large number of independents will cast their votes for President Coolidge because they fear the effects of a change in administration.

The regular Republican strength showed a significant increase in the last primaries. This means that many old time Republicans came back into the fold. The Republican primary totals for U. S. senator revealed about 23,000 more votes than all the Farmer-Labor candidates put together. The Democrats polled about 8,000 votes in a state of 899,000 voters. So it will be seen that the fight in this state is between LaFollette and Coolidge. There are many Germans who have not forgotten the war and who are not so fond of the Dawes plan. They may be counted as LaFollette supporters—not Democrats.

League Against LaFollette.

Incidentally the American Legion met at St. Paul last week and while many a resolution was passed not a word about Senator LaFollette was written in any of them. The Wisconsin delegates said informally they were for anybody but LaFollette. The twin cities during the war happened to be the scene of one of LaFollette's bitterest speeches and it was later the subject of investigation by the United States senate. But nobody is referring nowadays to LaFollette's anti-war speeches or the votes he registered against war measures. Thus goes political expediency change everything and the public opinion which has LaFollette as the principal thorn in its side is ignoring the Wisconsin senator's war record. Political managers say it is a two edged sword and that to revive the war measure is to start controversies that are healing nicely.

The German vote would ordinarily be regular Republican and it may go that way this year unless war issues are revived which they probably will not be. Not the political wayfarer cannot help carrying that politics permits of strange silences on matters that might in other years be a last of 100 per cent Americanism. For saying, as much or less than LaFollette a group of misadventurous persons served in Federal courts and were granted

# Flight Plans Bring Brown No Applause

BY HAROLD B. WATSON  
NEA Service Writer

Boston, Mass.—Never heard of Robert J. Brown, did you?  
 Well, he is a lieutenant in the army air service. He made the round-the-world flight possible, yet he has received no cheers and gets little credit outside of army air service circles. Now he is the modest commandant of the Boston airport.

It was Lieut. Brown who practically directed the whole flight. Two years before the men hopped off their trail on paper. He studied weather conditions. He studied geography. He had to delve into international diplomatic relations. He studied transportation, radio. He worked out every detail for the entire journey.

When the planes were ready to hop off last March, there was not a detail of preparation left undone. The flyers knew, by the word of their "road guide," a thick volume of information, that the weather ahead was favorable, that there were two or three emergency landing fields on the way to the next scheduled stop. They knew that gas and oil awaited them whenever they landed. They knew that in Shigik there would be alcohol and special oil to protect their engines in the cold.

At Attu, as elsewhere, there would be a huge supply chest containing everything they might need—from a shoe lace to a propeller shaft. There would always be a welcoming committee. Warm rooms and food were assured.

Over water they had pantoons and when they reached land again their land gear would be on hand.

Along their water route there were buoys, always painted yellow, and each buoy had a cork line floating so that they could readily make fast.

These and countless other details were arranged long in advance under the direction of Lieut. Brown. He had blazed their trail ahead of them.

"We wanted it to be a sure thing," he explains, "and it wasn't worth while to skip on details. Speed was not the goal. We wanted to complete the journey in safety and with as many planes as possible."

And all the while that the men flew Lieut. Brown sat in Washington, following them mile for mile on his map.

He tells of his part in the flight modestly, seeming to be unaware of the important part he played in it. (However, he does enjoy telling of the ingenious supply chest he salted along the route. Each was divided in drawers and compartments and each had an index telling in what drawer and compartment things could be found.)

"After the men passed over a division the division advance agent retraced his steps and picked up the unused supplies," Brown explains. "The flight cost will be within the \$50,000 appropriation through this and other economies, but nothing was spared to insure the success of the flight."

Why didn't Brown go on the flight?  
 "The Government wanted it to be a bachelor affair," he answers, "because of the perils involved—and I'm not a bachelor."

# Round-the-World Fliers Arrive at San Diego Field

(By The Associated Press.)

San Diego, Cal., Sept. 22.—America's round the world fliers returned today to Rockwell Field, San Diego, from which they took off last March to start on their globe-encircling trip.

As if to give good measure to an achievement already heralded far and wide, the fliers got in ahead of the announced schedule, disappointing part of a large crowd which was assembling to meet and cheer them.

The announced plan is for the fliers to resume tomorrow their trip towards Seattle, the official starting point of the flight around the world. They expect to leave for Santa Monica about noon.

At 10:34 a. m., Lieutenant Lowell Smith, commander of the squadron, dropped the wheels of his aircraft on the ground of historic Rockwell Field, and Lieutenant Erick Nelson, wingmate of Smith on the entire world voyage, brought his ship to the field at 10:34:51, followed by Lieutenant Leigh Wade, at 10:35 o'clock.

# Beer Ballast To Be Part of Cargo of Huge Dirigible

(By The Associated Press.)

Frederickshafen.—Beer will make up the ballast of the ZR-3 on her flight to America. There will be several kegs taken aboard for members of the crew, who have their quarters mid-ships in the big dirigible, and there will be bottled beer for the officers in the passenger car just under the airship's nose.

Beer is served regularly to the crew on all German ships at sea, and in the army and navy as well, where it is considered part of the daily ration. There will, however, be no violation of the Volstead act as the beer taken from here will be consumed before the ship reaches the 12 mile limit off American shores. The kegs and empty bottles will be kept aboard as ballast, for nothing will be thrown overboard during the voyage.

It is necessary to retain every thing possible to help the ship keep its original weight. Even the dish water from the kitchen, empties into a tank, and will be kept until the good ship pokes her nose into Lakehurst and ties herself up at the big naval mast.

# Steward Testifies in Firpo's Trial; No Undue Intimacy

(By The Associated Press.)

New York, Sept. 22.—Louis Angel Firpo and Blanca Lourdes Picaret displayed no evidence of undue intimacy when the Argentine heavyweight came here on the steamship American Legion to fight Harry Wills, the vessel's stateroom steward told United States Commissioner Hitchcock today.

Frederick Stieger, the steward, testified that a hallway separated the rooms of the boxer and Miss Picaret and that he at no time saw Firpo in the woman's quarters. Stieger, under cross examination, said Canon Chase had interviewed him concerning his observations of the pair on the 16-day trip from Buenos Aires to New York.

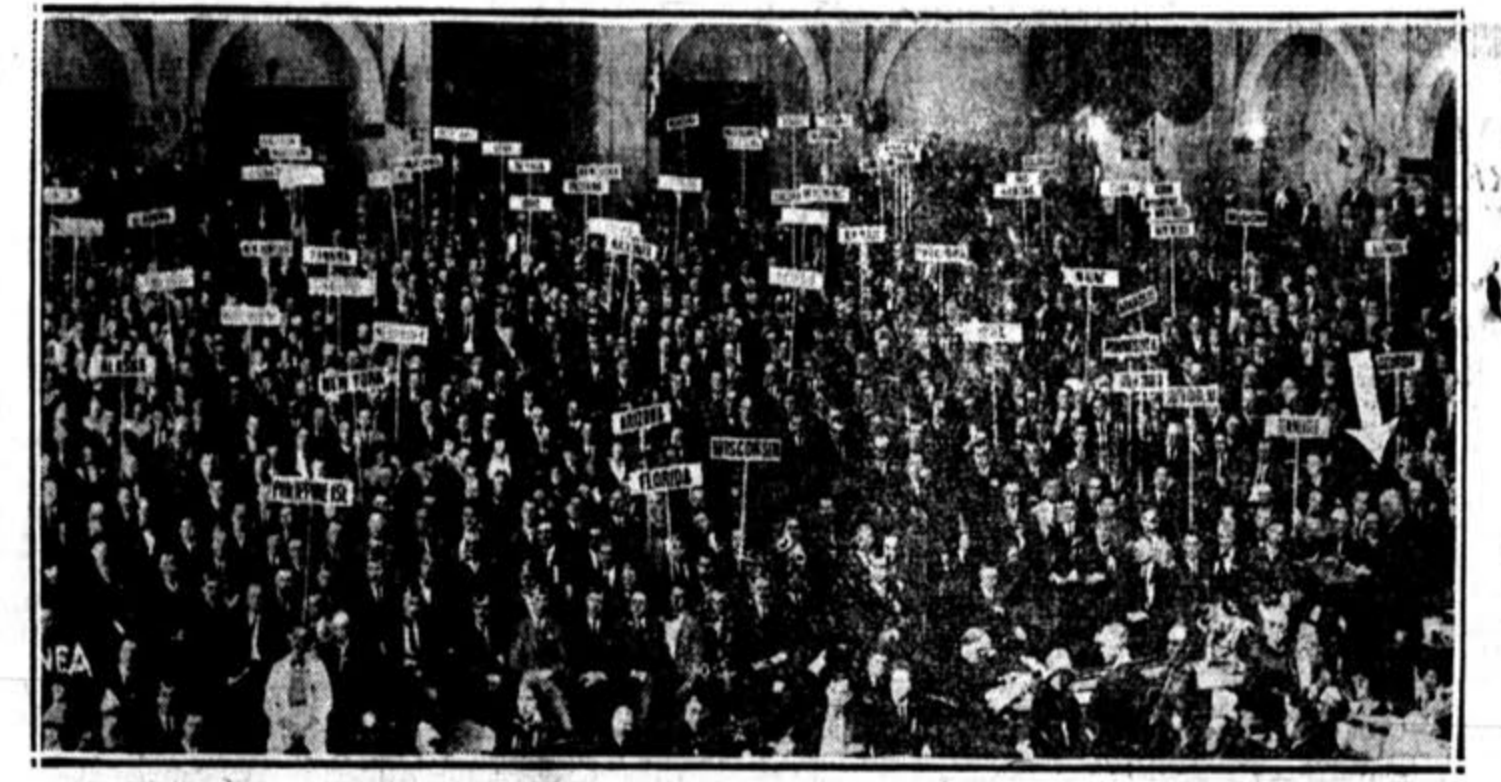

"Canon Chase asked me if I thought it was right that a foreigner should come to this country and in two or three months make more money than the president of the United States gets in a year," Stieger said. "I only answered that people liked different sports and were willing to pay for them."

# No Comment Made by Mr. Means on His "Reputation"

Continued From Page One.

having said that if the Daugherty committee would reopen its hearing, Means would promise something more sensational than anything yet developed.

Correspondents of The Associated Press found Means in his room with the door barricaded by a heavy piece of timber which he apparently had brought there for the purpose. He declined to be questioned at any length, but reiterated that he had not repudiated the statement which came from Columbus. During the day Means disappeared and further attempts of questioning were fruitless.

Senator Wheeler, enroute to Bloomington, Ill., on his vice presidential campaign, told newspaper correspondents accompanying him that Means had talked with him on the telephone last night and made new charges of gross corruption in the government at Washington. Means told him, Senator Wheeler said, that his evidence involved high personages.

# WHEELER "LIAR,"

Chicago, Sept. 22.—Blair Coan, formerly associated with the Republican national committee, tonight denied that he discussed Gaston Means' plight with either former Attorney General Daugherty or the Republican national committee. Senator Wheeler said that Coan was one of the men with whom he dealt before making a repudiation by testimony before the Daugherty senate investigating committee.

"Burton K. Wheeler is properly described by former Attorney General Harry M. Daugherty as a 'common liar,'" Coan's statement said. "I did not discuss Gaston Means' plight with either Mr. Daugherty or the Republican national committee. I have not seen Daugherty in some time and I have not been associated with the Republican national committee since last June.

"One thing Wheeler says is true, and that is that Gaston Means, whom I had never met, stopped me on Vermont avenue in Washington shortly after his conviction in New York.

"Means told me he lied for Wheeler because Wheeler kept him under subpoena so the federal courts could not get him and place him on trial. I do not believe Means made any such statements as attributed to him by Wheeler."

# USE ISSUE.

Chicago, Sept. 22.—Copies of letters purported to have been written by former Attorney General Harry M. Daugherty and Thomas B. Felder, New York attorney for Gaston Means, were issued by Democratic headquarters today to aid the Daugherty-Means developments in the aftermath of the Wheeler senate committee investigation of the former attorney general.

One of the letters which the Democratic announcement said "was to be printed in eastern papers tomorrow purported to be from Daugherty to Felder and was quoted in the Democratic announcement as follows:

"One of the most important things that could be done now would be to have Means tell the true story of Duckstein so that I

# can have it. That having been done by Means, a certain man in Washington will insist upon Duckstein telling the truth as to how they came to tell the story they did. It will be of inestimable value and benefit if done immediately. Take this up please, immediately."

Duckstein was a witness before the senate committee and his wife was one of the feature witnesses.

**Urged Repudiation.**

Another letter by Daugherty to Felder, the Democratic announcement said, urged that Felder use his influence to have Means repudiate all his testimony before the senate investigating committee. This letter is dated August 28, 1924, at Mount Sterling, Colo., the announcement says, and signed in ink by Daugherty. A paragraph of the letter which it is said Daugherty emphasized by brackets in ink was quoted:

"The people to whom he lied to help out today will not be in much of a position to deliver anything to him. Practically all of the witnesses have sent retractions to me. I have them."

Together with a repudiation by Means of the statement which Daugherty gave out over Means' signature, last night, the Democratic announcement says that Means is prepared to testify that W. O. Duckstein, mentioned in the Daugherty letter, approached him several weeks ago and urged him to issue a repudiation of his testimony against Daugherty. The statement also brings out the Means' curbstone conversation with "a person formerly closely connected in an official capacity with the former Harding administration in front of the famous house on K Street." Means then was said to have received additional assurance of protection in his prosecution for liquor violations if he would repudiate his senate committee testimony.

A copy of a letter from Felder to a certain prominent Washington resident, unnamed, was quoted in the Democratic announcement as accompanying an affidavit of Means in support of his senate committee testimony.

# Statements Are Brought to Court in Ferguson Case

(By The Associated Press.)

Austin, Tex., Sept. 22.—Statements alleged to have been written by Mrs. Miriam A. Ferguson, Democratic nominee for governor of Texas, were introduced in court here today in an attempt to show that there had been an agreement between Mrs. Ferguson and her husband, James E. Ferguson, that the latter would be governor in case of the former's election.

The defense began an attack on the validity of the law under which Mr. Dickinson brought his suit and on the jurisdiction of the court. After the afternoon had been consumed by W. G. Love, attorney for Mrs. Ferguson, in argument, it was decided none of these law points would be determined until all the facts had been introduced. I. W. Stephens, representing Dickinson, will start the case tomorrow morning for the plaintiff, introducing all the evidence for his side and presenting the arguments.

# Klan Executives To Meet Sept. 23 At Kansas City

(By The Associated Press.)

Kansas City.—Five thousand klansmen, representing the various realms, provinces and klantons in the United States, will convene in Kansas City Sept. 23, 24 and 25 for the second imperial klonkavation of the Ku Klux Klan, according to a statement issued here by George C. McCarron, imperial representative of the knights of the Klan.

"There will be no parade or demonstration of any kind staged in connection with the klonkavation," says Mr. McCarron's statement. "It convenes for the sole purpose of handling the official business of the organization."

The klonkavation is the sole legislative body of the order, according to Mr. McCarron, and meets biennially to transact the business of the organization.

Convention hall, the largest public assembling place in the city, has been leased for the klonkavation. The imperial wizard, Dr. Hiram Wesley Evans, his staff, the corps of imperial officers, a large number of grand dragons, imperial representatives, grand and great officers, exalted cycles and official delegates are expected to make up the personnel of the meeting.

In addition to the officials mentioned, Mr. McCarron says there will be present large delegations of visiting klansmen who will not participate in the legislative functioning of the assem, but will be allowed to view the proceedings in accordance with the customs and privileges extended to visiting members.

## BULLET ENTERS HUNTER'S BACK

**Louis Leduc in Critical Condition at Local Hospital.**

The accidental discharge of a 22-calibre target rifle in the hands of a small boy, sent a bullet into the spine of Louis Leduc, 29, Sunday morning, with injuries which physicians said last night were extremely critical.

An extensive operation to relieve the pressure of the bullet on the spine was performed yesterday with success. An X-ray, afterward, showed the bullet one-eighth of an inch above the incision in the spinal canal and a second operation will be performed tomorrow morning with a view to removing the bullet.

**Hunting With Boys.**

Leduc was hunting along the South bay shore early Sunday morning. With him were two boys, Donald Holmes, 13, and George Langlotz, 16. Leduc was attempting to remove a shell from his gun with Langlotz at his side. Holmes was behind him, having picked up Langlotz's rifle. Suddenly Holmes stumbled, the gun exploded, and Leduc fell with a wound in the middle of his back.

**Partially Paralyzed.**

The help of Charles Magnuson, who lives nearby was summoned and the injured man was rushed to the hospital. The bullet, an examination disclosed, took a downward course, traveling about five inches into the spinal canal. Leduc is partially paralyzed as a result of the pressure of the bullet against the spinal cord.

Hope for his recovery, it was stated, hinges upon the success of the operation to remove the bullet. Leduc is a native of Washington. He came to this city after his marriage to Miss Lou Anthony. He is employed at the Relex coal docks.

**AT THE STRAND.**

A romance that for tragic strength rivals "Romeo and Juliet," is said to be contained in Marshall Neilan's latest photoplay, "The Rendezvous," which will be shown at the Strand again today.

The piece is typically Russian and offers this producer a type of story that is entirely different from picturizations. It has been said of Neilan's direction that "he opens a door and lets the freshness of a very modern viewpoint blow through his picturizations," and in "The Rendezvous" he opens the door even wider and invites splendid comedy into a highly dramatic plot.

Into the picturesque atmosphere of a quiet Russian peasant village, Neilan takes Conrad Nagel, as an American army officer and Sydney Chaplin as an English Tommy, and introduces them to the inhabitants of the town. Lucille Rickson, Elmo Lincoln, Eugene Besserer, and Emmett Corrigan help to comprise the villagers and enact prominent roles in the weaving of Neilan's drama.

"The most ambitious film yet attempted by Neilan from the standpoint of dramatic art as well as in the matter of sets and backgrounds," is the manner in which "The Rendezvous" has been characterized by those privileged to view it before release.

## Drive on "Punch" Boards in County to Be Launched

Punch boards and other similar devices will be cleared out of Delta county, in a campaign to be started early next week by the sheriff's office. It was clear yesterday that the campaign to be waged will be an intensive one and that all boards and prizes will be confiscated and the proprietors of establishments operating them prosecuted.

The law defines as a disorderly person, one who "operates a gaming table, wheel of fortune, box, machine, instrument or device for the purpose of gambling," and fixes a fine of \$50 or a maximum of 65 days in jail for violations of the measure.

Reports that boards are being operated in various parts of the county have been so numerous that Sheriff J. P. Carney feels that drastic action must be taken by his department.

## NEW INDUSTRY TALK AROUSED BY FAIR BOOTH

**Manufacturers' Exhibit Starts Folks Thinking**

Although the exhibit of the Delta county manufacturers' at the Northern Michigan fair was designed to give the home folks the privilege of seeing the collection of products in the form in which it was displayed at the Michigan Industrial exposition last winter, when it carried off first prize, the result of the display locally has gone far deeper. It is learned.

The booth was a revelation to many persons who had lived in Delta county for years, but who never had realized the diversity of the county's manufacturing interests. Further than that, it awakened an unusual amount of interest in the continued development of these interests.

Talk of the establishment of panel and furniture factories, and of numerous forward steps along that line grew out of the display of the Bird's Eye Veneer company, in particular. The beautifully arranged, finished products, so artistically set off by the paneled booths and the draperies and flowers arranged by C. J. Byrns, builder of the exhibit, with the aid of Mrs. Byrns, aroused hundreds of compliments and expressions of regret that the beautiful articles of furniture, made so attractively from Escanaba veneer, can not be completed here.

**"Has Built Well."**

In fact, these expressions have been more than were regretful observations; they have taken at least a semblance of tangible form. It became known yesterday.

"Mr. Byrns, in so efficiently collecting and arranging this exhibit, has built bigger than he hoped," said one prominent citizen. "The exhibit was one of the best things that has happened to Delta county in a long time."

Head fringe is quite the rare and is the most popular way of using beads at the moment.

## SOCIAL

**DIONNE-DEROUIN.**

Announcements were received of the marriage of Miss Cella Dionne of Two Rivers, Wis., and Arthur Derouin, son of Mr. and Mrs. Napoleon Derouin of 1410 Lake Shore Drive city. The marriage took place Monday, Sept. 22nd at the Catholic church at Two Rivers, Wis.

Miss Leah Derouin, a sister of the bridegroom left the latter part of last week to attend the wedding and to be bridesmaid, while Bud Dionne a brother of the bride was best man.

After a wedding trip to points in Wisconsin the couple will come to this city to visit at the home of Mr. and Mrs. N. Derouin. They will make their home at Two Rivers where Mr. Derouin has a fine position.

Mr. Derouin is well known in this city and is a member of one of the city's most respected families. The bride is popular at Two Rivers where she was born and reared and like her husband enjoys the friendship of a host of friends who wish them a long and happy wedded life.

## ESCANABA TO ATTEND FAIRS

Although no definite day has been set by the management of the Cloverland Farmers Fair at Stephenson for "Escanaba Day" at that fair this week, many Escanaba people will go to that city on Wednesday to attend the fair. A movement was launched yesterday to interest businessmen of the city in the invasion of Stephenson on that day and it is expected that many will take part in the trip.

On Thursday Escanaba will send a large delegation to the Schoolcraft county fair at Manistique, to participate in "Escanaba Day" at that fair. If definite plans can be completed the Escanaba delegation will travel to the Schoolcraft county seat in motor cavalcade that will leave from some central point in the city early on Thursday forenoon.

## PIONEER DAYS ARE RECALLED BY M. K. BISSELL

**Interesting Address Made Before The Rotary Club**

Conditions that existed in Escanaba and this section of the peninsula nearly a half century ago were most interestingly related to members of the Escanaba Rotary Club yesterday by M. K. Bissell, one of Escanaba's pioneer businessmen. Mr. Bissell first came to this section in 1877, when he was employed by the Ford River Lumber Company, at Ford River, for several months, but did not make his permanent home in Escanaba until 1886. During his employment at Ford River, Mr. Bissell, yesterday told of several visits made by him to Escanaba which then was made up of a few business buildings on what is now Third Street. The settled portion of the town did not then extend west of what is now Fifth Street, the remaining portion of what is now the city of Escanaba being covered with timber. He told of attending several dances in a hall what for several years was Kurz Bros. sales stable and is now a garage, and recalled the names of several of the then young men and young women who attended those functions.

**Port Filled With Schooners.**

He told of the final development of the ore trade out of this port and the spectacle that was presented when the harbor was literally filled on many occasions with small chooners, in which

all of the ore was then hauled to the lower lake ports. Mr. Bissell told of his work at Ford River and of a 40-mile hike up the river, in company with several other men, to assist in bringing down a drive of logs that had been hung up in the river by low water. On the first day the men covered the distance from Ford River to a camp located at the junction of the West Branch, with the main river, a distance of 40 miles, continuing on up the river the following day, becoming lost in a swamp for several hours and finally reaching their objective after encountering many hardships.

**Spent Winter In Woods.**

After his employment by the Ford River Company, Mr. Bissell went to Oconto where he was employed for a winter in scaling logs in a camp near that point. His description of the type of men employed at the camp and of the routine camp life proved highly interesting and when he recited several verses of a song rendered by the men at the camp on Sunday afternoons, nearly a half century ago, the speaker was accorded a most hearty ovation. Mr. Bissell's address was filled with a great volume of most interesting information, the whole making up for the Rotary Club one of the most pleasing programs provided in many months.

Interest in today's primaries in New Jersey centers chiefly in the contest for the Republican nomination for United States senator between Walter E. Edge, the incumbent, and Hamilton F. Kean, in which the liquor question is a strong underlying issue.

HAVE DUTY TO PERFORM.
In spite of the fact that another high school football season is at hand, the Upper Peninsula Interscholastic Athletic Association has taken no action to respond to a popular, district-wide demand...

While it is understood that officials for the Menominee-Escanaba game of this year have already been agreed upon, such an agreement does not relieve the upper peninsula athletic association of the responsibility for its failure to make certain for all time that such a fiasco as that marking the Escanaba-Menominee game last year, will not again occur in upper peninsula.

Supporters of the Escanaba and Menominee teams were not the only sufferers from the failure of the association to provide adequate rules governing athletic contests between competing schools last season, as following the Escanaba debacle it was developed that a number of similar occurrences were recorded during that season.

The failure of officials of the association to act would indicate that they do not fully appreciate the importance of the positions they occupy. Athletics are fostered in every school of the peninsula not only for the physical development of high school students, but to inculcate the principles of fair dealing, independence of thought, stamina of character and to build a school and civic spirit that makes for good citizenship and home town loyalty...

The Upper Peninsula Interscholastic Athletic Association has a duty to perform and it should lose no time in performing it.

IRONWOOD: STUDY ESCANABA'S REPORT.

Members of the commission named at Ironwood to frame for that city a commission manager charter, could with considerable benefit to themselves and the important work with which they are entrusted, study carefully the annual report for the city of Escanaba for the current year. Escanaba's charter has been widely recognized as the most complete and efficient document ever written for city government in the state of Michigan and the Ironwood commission, it would seem, could not go far wrong in applying to that city's government the same fundamental principles as have produced such splendid results in Escanaba.

Escanaba does not claim all of the credit for having written the charter that has given such splendid results here. Escanaba's charter commission, probably like the commission named at Ironwood, was made up of representatives of all of the city's important interests, who at the outset

Chapter V. Aunt Drucilla's rheumatism had grown more troublesome as she grew older. She was now 55. Unable to accompany Alvira to choir rehearsal, she had let her depart alone only after repeated attempts to accompany her, only desisting when the pain was unbearable. A young man in the choir bashfully asked Alvira if he might take her home. "I see you are alone tonight," he said. "My aunt's rheumatism is very bad," Alvira answered flushing, moving away, not knowing how to reply to his question. Without saying more the boy walked beside her, neither scarcely speaking, until they arrived at her gate. "Goodnight," he extended his hand. "Goodnight," Alvira thrilled to the touch of his firm clasp. "Did I hear voices?" her aunt asked. "Yes, Henry Brown walked to the gate with me," flushing. "And you my niece, a single girl, walked in the dark streets alone with that fellow! I thought I could trust you, but it seems you are like all the rest when out of my sight." "Don't say that, Aunt Drucilla! You CAN trust me, I didn't know what to say when he asked to walk with me. He has to go right by here to get home you know." "That's no excuse! Hereafter when I can't go with you, you will remain at home. Only 17 years old and walking the streets

children," the neighbors told Drucilla, "she ought to marry and have a family." Drucilla only sniffed, disdainfully to reply. The very thought of marriage in connection with Alvira was offensive to her, although most of her friends were married. Often Alvira wondered if her aunt had always been as she now was, if when she was young she never wanted to do the things she so frowned upon, which she prohibited? She longed to question her, but it wasn't until she was studying in the normal school that she gained the courage. Jennie Wilson was going to be married, had sent them invitations to her wedding, adding a little note in which she hoped they would return to Mentone in time. Alvira was quite excited, Jennie was the first one of her class in the high school to become engaged, now she was to be married. "Isn't it wonderful?" she said to Drucilla. "Jennie isn't but a little older than I am. I wish I could see her touseau. I know she has lovely things." "Her people are crazy to allow her to marry so young," Drucilla said. "If girls only knew how false and fickle men are, what they were laying up for themselves by their actions they would think twice before they married." She spoke with unusual bitterness. "Didn't you ever want a husband, Aunt Drucilla, didn't you ever have a beau when you were young?" It was out of the momentous question, breathlessly trembling at her temerity, Alvira waited for an answer. Tomorrow—Aunt Drucilla's Story.

TWO SMALL BOYS, armed with sponges, are mopping the tears from our eyes as we write these deathless phrases. Our heart, shattered and torn, is in a plaster cast. Perhaps we should say nothing at all. In fact we shall say nothing, more than that Stephenson high school has our heartfelt congratulations. We are curious to know how the Stephenson lads managed to keep Menominee on the field long enough to lick them. Ironwood knows, and Escanaba knows that persuading the stationers to stick around and take a real beating was an accomplishment of no mean dimensions.

WHEN ONE thinks of Menominee, one thinks, almost immediately of "Matchless Bill" Doyle. We had occasion to attempt to call Bill on the telephone Saturday. The Menominee operator informed us that they didn't know anybody in Menominee by that name. Then we had recovered from our swoon, we managed to inform the young lady that she was the only person in the Upper Peninsula of Michigan who would be frank enough to admit that she didn't know Bill.

Politicians throughout the land are hoping it may be possible to get as much interest in the presidential campaign as there is in the big league pennant races. It is difficult to understand who one of the parties didn't nominate Walter Johnson for the vice presidency.

THE ANNUAL report of City Manager Fred R. Harris includes no picture of the Press' city hall reporter. The omission is serious. We've heard a lot of folks complaining about it.

We departed from vacation-land without our straw hat. It was shipped to us by parcels post yesterday. The boss suggests that we call for bids, but we're willing to entertain any reasonable swap offers.

COMPLAINT has been registered that The Piffle Hook is getting shorter and shorter. Sox are the days. That's the trouble with us. The days are never long enough for us.

Came into our office the other day a gentleman who traveled all the way from St. Louis to Escanaba to see whether this city is really as good as the Chamber of Commerce booklet says it is. He admitted that it is a good deal better.

May we go now? (Cries of "Sure! Go on, Beat It!") —H. K. R.

### JURORS WILL NOT BE USED AT THIS TERM

Jurors summoned to serve for the September term of Schoolcraft county circuit court which opened yesterday were notified Saturday that all jury cases had been postponed, and that they would not be required to report for duty this morning.

Seven criminal cases were listed on the calendar, but these were adjourned or otherwise disposed of so that the jury will have no work at this term of court. Ten issues of fact for jury trial were also listed on the calendar.

Judge L. H. Foad and Court Reporter John A. France arrived at the Court House Monday for the opening session, and proceeded at once with the first work for the term.

Among the chancery cases is a petition for dissolution from a majority of the stockholders of the Riverside Coal and Produce Company. There are also two divorce bills. Another issue of fact case scheduled for trial was that of Oscar D. Parker, plaintiff, versus Donald N. McLeod, L. Fox, local merchant, is defendant in three different cases. The Parsons Mutual Insurance Company has one case for this term, with Terma Winkler as defendant.

Indications are that the court would easily complete the work in hand this week. The next jury term commences January 5, 1925.

### POSTPONE MEETING.

On account of county fair week, the regular meeting of St. Alban's Guild has been postponed one week, and will be held next Wednesday, October 1, at the home of Mrs. Fred Orr on Range street. All members are urged to be in attendance.

### CITY BRIEFS

Claude Wendland, who has been with an Indiana amusement company for the past summer, arrived in Manistique Sunday evening, and will spend some time in this section on a fishing and hunting trip.

Mr. and Mrs. William Bolitho of Norway are guests at the home of their son, Willard, of Manistique.

Miss Ida Sidbeck left Monday morning for Ypsilanti where she will complete her course at Normal college this year. During the past term, Miss Sidbeck was a teacher at Thompson.

Mr. and Mrs. Arthur La Ponsie and children were the guests of relatives in Manistique on Saturday, returning to their home at Iron Mountain on Sunday. Mr. and Mrs. Clarence Hollenbeck and Miss Emma Rohare accompanied the party as far as Escanaba on the return trip.

Mrs. Carl Albin and son went to Newberry, Friday, where they joined Mr. Albin, and will remain indefinitely.

Accompanied by his family, Sidney Chudacoff will leave today by motor for Appleton, Wisconsin, where he will enter Lawrence College.

S. M. Rubin returned Saturday morning from St. Paul, where he attended the American Legion National Convention. Mrs. Rubin, who accompanied him on the trip to St. Paul, remained for a short visit with relatives.

Mrs. R. W. Goodwillie entertained a small party at a bridge party given Saturday evening at her home on Arbutus Avenue. Mrs. Goodwillie recently returned from Port Huron, where she visited the greater part of the summer.

On account of the county fair, the regular meeting of St. Alban's Guild has been postponed, and will be held the following Wednesday, October 1, at the home of Mrs. Fred Orr on Range street. All members are urged to be in attendance at that time.

### COURT HOUSE CATCHES FIRE SUNDAY NIGHT

A fire of unknown origin, believed to have started around electric light wires, threatened the Schoolcraft County Court House during the severe rain and windstorm Sunday evening.

The blaze originated in the ladies' wash-room adjoining the circuit court room, and was first noticed by Michael Hines of this city, who went at once to the sheriff's residence at the rear of the Court House, and the alarm was turned in at about 10:20.

On the arrival of the fire department, the flames had gained considerable headway, and the wash room partitions were practically burned away when the firemen got the blaze under control. Outside of the small room and stairway leading up to the court room, there was only damage from smoke and water. The court room itself, which was only recently re-decorated, was practically unharmed, save around the doorway and where water flooded the floor. In the stairway, woodwork was burned, and paint was scorched off.

Had it not been for a final examination, made by the fire chief around the flames in the wash room had been put out, a more serious fire would have resulted, which might have destroyed the entire building. All signs of fire had disappeared, and the firemen were leaving, when Chief E. Underwood noticed a peculiar smell, resembling that of burning cloth. Following it up, he found that it came from an old hot air pipe in the wash room. Following the pipe thru the jury room above the court room, and far up into the attic, he found a smoldering blaze on the insulation of a water pipe, where sparks carried up the hot air flue had caught on fire. Had this been allowed to gain headway in the attic, the whole Court House would undoubtedly have been ablaze before the second fire was discovered.

Chief Injured.

The Schoolcraft court house is insured for \$35,000, with an additional \$15,000 on the contents. Temporary repairs were made yesterday morning, in preparation for the September term of court, which opened Monday. It was somewhat smoke stained and disorderly stairway that greeted Judge L. H. Foad when he arrived for the opening of court.

Because of the noise of the storm, few Manistique people knew of the fire Sunday night, and only a half-dozen residents witnessed the blaze.

Fire Chief Underwood injured one of his arms, as a result of a fall when he was coming out of the building.

He also received a badly cut finger.

LEAVES FOR WEST.

Accompanying his sister-in-law who has been in Manistique for a visit, Lawrence Anderson of this city departed for California, where he will take up a course in business construction. The trip was made by motor as far as Chicago.

### BOYS WALK TO MT. PLEASANT FOR SCHOOLING

No means of transportation were needed by Clarence Peterson and Richard Carstensen of Manistique when they got ready to leave for lower Michigan to enter college—they walked.

Both boys are graduates of Manistique high school, class of '24, and were prominent in athletics. Having decided to enter the normal college at Mt. Pleasant, this fall, they decided that walking would be something of a novelty, and left Manistique Saturday on their long hike to Mt. Pleasant. They expected to arrive there on plenty time for the opening day of the fall term at the normal.

### Storm Hits Light, Telephone Wires

Rain and wind combined in one of the most severe storms Manistique has experienced this season Sunday evening, and portions of the city were in darkness as electric light wires were blown down.

Trees and limbs were blown onto telephone wires in some sections of the city. Motorists on M-72 reported that trees had been blown across the road in several places.

Car ferry No. 4, which arrived Sunday evening from Frankfort, remained here over night.

### Attend Meeting Of Federation

Three members of the Manistique Women's Club will represent the local organization at the annual meeting of the State Federation of Women's Clubs which opens today at Petoskey, Michigan, and closes on Friday.

Those who will attend from Manistique are Mrs. A. S. Putnam, Mrs. W. L. Middlebrook and Mrs. J. J. Herbert. Accompanied by Miss Nettie McLeod of Newberry, the party will leave this morning for Petoskey, making the trip by motor.

### Fair Weather As Fair Week Opens

Fair weather following Sunday's storm served as encouragement for Manistique people planning exhibits at the Schoolcraft county fair, and yesterday witnessed increased activity in the vicinity of the big exposition building. With continued clear weather through the week, the present fair is expected to be the biggest in the history of the fair association. More money than ever before has been spent for free attractions, and only good attendance is needed to make the fair a big success.

### Rev. J. H. Gliddon Back Today From M. E. Conference

Although no official confirmation has been received as yet, it is believed that Rev. J. H. Gliddon has been re-assigned as pastor of the Manistique M. E. church, following the annual conference which came to a close at Saginaw yesterday.

Rev. Gliddon is expected to return to the city today. During his absence Sunday, services at the M. E. Church were conducted by Rev. R. S. Sidebotham of the Presbyterial church.

### Iron Out Burns In Main Street

Main street, the road to the fair grounds, was being repaired yesterday by the Manistique street department, in anticipation of the heavy traffic which will pass over it during the Schoolcraft county fair this week.

The county road extending from Main street to the fair gate was also improved last week by the highway commission, and was given a heavy coat of tar and crushed rock.

NOTICE TO PATRONS.

On account of the county fair, the Smith's Central Market will be closed on Wednesday and Thursday afternoons, but will open again at 5:00 o'clock in the evening. 112-267-2t.

### BOUND OVER TO OCTOBER COURT TERM

Merrick Cartwright and Irving Cartwright, his son, found guilty of receiving and wearing stolen goods, were given jail sentences, and Clarence McKimmond, a roomer at the Cartwright home and Clarence Cartwright, another son, charged with the robbery of the Hub clothing store and the hold-up of the Perkins gas station, were bound over to circuit court, at a hearing of the four men, held yesterday morning in the court of Justice Phil Hupp.

The father, who, when taken into custody, was wearing articles taken from the clothing store, entered a plea of guilty to a charge of wearing stolen goods. He was sentenced to ten days in the county jail.

Irving, a son, also entered a plea of guilty to the charge of receiving and wearing stolen goods. He was ordered to pay a fine of \$15.50 or spend ten days in jail. He took the jail sentence.

Holdup and Robbery.

Clarence McKimmond, youthful roomer at the Cartwright home, and Clarence Cartwright, the second son placed under arrest, were bound over to circuit court, October term, on charges of robbery of the Hub clothing store and hold-up of the Perkins gasoline station at South Gladstone. McKimmond's bonds were fixed at \$4,000 and Cartwright's at \$3,000.

The four men, when arraigned in court Saturday afternoon, waived examination and demanded a hearing, which was set for yesterday morning.

### YOUNG PEOPLE ARE MARRIED AT CHICAGO

Announcement of a wedding that will be of interest to Gladstone people was that made yesterday of the marriage of Mrs. Gladys Ohman Patton, daughter of Mr. and Mrs. Guy Ohman of Flat Rock, to Herman Johnson of Chicago.

The ceremony was performed at Chicago on September 16. The attendants were Miss Clara Prevee and William Rhodes, of Chicago, close friends of the young people. Following the ceremony Mr. and Mrs. Johnson left on a honeymoon trip to Port Huron where they were guests of Mr. and Mrs. Gordon Hayes, and to Detroit.

Mrs. Johnson, accompanied by Mrs. J. Rydberg of San Diego, Cal., Mr. Johnson's mother, who went to Chicago for the ceremony, arrived here yesterday for a few days' visit before leaving for Chicago where she will make her home.

Mrs. Johnson is one of Gladstone's most charming young women and her many friends here will join in wishing her and her husband every happiness.

Mr. Johnson is engaged in Chicago as chauffeur for Mrs. Kuppeheimer, wife of the clothing manufacturer.

### Recovering From Fracture of Arm

George Desotell, who suffered a fracture of the right arm just above the wrist was reported yesterday to be getting along fine. The accident occurred last Sunday at 8:30 o'clock when the crank with which Mr. Desotell was starting a Ford, slipped, striking his arm.

### Club Will Meet at City Hall

A meeting of the board of directors, the park committee and other members of the Booster club has been called for tonight at 7:30 o'clock at the Gladstone city hall by Attorney Glenn W. Jackson, president.

The project of organization and financing a band will be one of the matters which will be taken up tonight among others of considerable importance.

The meeting is one that should draw the attention of everyone interested in civic betterment and a good turnout is expected at tonight's meeting.

Miss Wilma Mathison is assisting at the Community ice cream parlor.

Herman Allard of Rockford, Ill., who has been visiting his sister, Mrs. J. A. Grawey, has left for a visit with his parents at Marinette.

Richard Barry and son John have returned to Marquette where they are employed, after spending the week-end at their home in Kipling.

Mr. and Mrs. Henry Duby and children of Detroit are visiting here with Mr. and Mrs. Amos Kleindienst.

### CHURCHES JOIN FOR REVIVAL

Union meetings of the congregations of the Swedish Baptist and the Swedish Mission churches of this city will open this week and continue through Sunday, October 12, at the Swedish Baptist church.

Sunday services will be held in both churches but all week day revivals will be in the Baptist church.

The Rev. J. A. Kallman, of Topeka, Kan., formerly a student pastor in Gladstone and remembered by many people here, will conduct the revival meetings. The Rev. Hugo Herrgard, pastor of the Baptist church and the Rev. Leak Skoog, pastor of the Mission church, will assist him.

The Rev. Mr. Kallman is a splendid speaker and his revival talks each evening will draw large numbers of the members of the two congregations.

Scrog Service.

The revival meetings will be opened Wednesday night with a special song service. The choirs of both churches will take part, led by the Rev. Mr. Skoog. The Swedish Mission pastor will also read the scripture at the opening meeting and will lead the prayer.

### CARD OF THANKS.

We wish to extend our sincere thanks to the friends and relatives whose kindness aided us during the illness and at the time of the death of our husband and father. Especially do we wish to thank members of the S. H. & E. F. of A., and of the Modern Woodman of America, Mrs. Frank Peterson and Charles Ostergren who sang at the services and those who sent beautiful floral offerings.

Signed:  
Mrs. Swan Kjellander.

# Robins Gain Half Game on Giants

## WHEAT'S DOUBLE BRINGS VICTORY

Brooklyn, Sept. 22.—Zack Wheat's double to right center in the 12th inning, scoring Mitchell from first, gave Brooklyn a 2-0 verdict over Chicago in the opening game of the series here today. Bill Doak, twirling for the Dodgers, allowed but five safe hits and turned in his fifth consecutive victory. The Dodgers gained half a game on the Giants by winning today, while the New York club was idle because of rain.

It was a pitchers' battle all the way between Doak and Aldridge, the latter weakening in the final inning and allowing two successive hits which resulted in Brooklyn's victory. The Cubs scored their lone run in the second inning on a base on balls and consecutive singles by Grigsby and Hartnett.

The Dodgers scored their first run in the third inning on Grant-ham's error. Stock's pass and High's single. The winning run came with one out in the 12th. High grounded out. Mitchell singled to center and scored a moment later on Wheat's stinging double to right center.

The final inning was played in a slight drizzle. Barney Friberg, Chicago third baseman, dislocated his right ankle in tripping over first base in the 12th inning and had to be carried from the field. The club physician announced after the game that Friberg was through for the season.

## Yankees Triumph Over Indians, 10-4

Cleveland, Sept. 22.—New York took the first of the series from Cleveland 10 to 4, staging a five run rally in the ninth.

Joe Bush outpitched Coveleskie, holding the Indians to seven hits and striking out six. Pipp's batting was a great factor in the result. In the third inning, his double placed Ruth in a position to score on an infield out. His triple in the seventh scored Dugan, while his double in the ninth drove in three runs.

A Texas League single by Benjamins in the second inning accounted for two runs. Bush was practically invincible except in the three runs when Cleveland scored three runs on two passes, two singles and an error.

## St. Louis Celebrate Saturday Result

St. Joseph's high school students celebrated their tie with Escanaba high, Saturday, with a "peep" meeting yesterday afternoon.

The Field was Dirty, but the Game Was Clean, was the subject of a talk by Miss Essie Paquet. "The Score Was a Tie, But The Victory Was Ours," was Miss Catherine Semer's subject. Other talks were made by Dorothy Casey, Lawrence Jaunt, Captain Valind and Rev. Sister Eliza Victor Moran sang a vocal solo.

## STAMBO WINS SUNDAY BATTLE BY 20-0 SCORE

All Points Scored Early In First Period

Three touchdowns scored by the Stambaugh All-Stars in the first ten minutes of play, enabled the Iron County outfit to defeat the Escanaba Legion eleven, at Stambaugh, by a score of 20 to 0. After the first ten minutes, the Escanaba team played good football, keeping the battle on about even terms for the remainder of the game.

The battle was staged at Stambaugh and marked the opening of the season for the locals, who entered it with insufficient training and practice, and with a more or less make-shift lineup.

Potter is Star. Harry Potter, of Manistique, playing in the Stambaugh backfield, was the outstanding star of the game. On the first play, following Stambaugh's receiving the initial kickoff, Potter wigged through the line and galloped 65 yards for a touchdown. He repeated the stunt four minutes later from the 15-yard line. The third touchdown came when Cornelier, giant Stambaugh tackle, blocked the Escanaba punt and fell on it back of the goal line. Two of the three tries for the additional point were successful.

Changes in the lineup late in the first period strengthened the Escanaba defense materially. Bill Henderson, who was delayed in arriving on the field, went in at center and other players were shifted effectively. The remaining three periods were hard fought.

Whirlwind Finish. Near the end of the fourth period, Stambaugh again threatened momentarily. Three end runs, two of them by Potter, placed the ball on Escanaba's 5-yard line where Pearl recovered a backfield fumble. Pearl plunged three yards after which Ted Baldwin romped 35 yards with the oval in the most spectacular dash of the battle. He shook off a half-dozen tacklers during the dash. The final whistle put an end to play immediately thereafter.

The Escanaba team is far from being a polished organization and there are several weak spots, which will be filled before the team takes on Iron Mountain in the Flivver City next Sunday.

Sunday's lineups were:  
ESCANABA—Judson, Olsh. RB; Olson, Fisher, RT; Anderson RG; North, Henderson, C; Speers, LG; Cook, LT; Groth, LB; Pearl, QB; Johnson, Clouthier, RHB; Baldwin, FB.

STAMBAUGH—Leclair, LE; Frederickson, LT; Simick, LG; Munro, C; Olson, RG; Cornelier, RT; Theriault, RE; Mahlberg, RB; Potter, RHB; Klienhen, LHB; Young, FB.

## PILLETTE HOLDS RED SOX; TIGERS WIN EASILY, 9-1

Detroit, Sept. 22.—Herman Pillette, who has not been used regularly by the Detroit Tigers at any time this season, pitched air-tight baseball to give Detroit a 9 to 1 victory over Boston today. Fournier, who went the route for the Red Sox, was freely hit, although no extra base blows were made by either team. Score:

## DONALD BOYCE IS CHAMPION

Lad Defeats Father for Escanaba Golf Club Title.

Seventeen-year-old Donald Boyce is champion of the Escanaba Golf Club for the season of 1924. The lad defeated his father, Dr. W. B. Boyce, 2 up and 1 to play in a 27-hole match on Sunday, when the championship rounds were played to prevent interference with work of the new golf champion's football training program. Donald displayed an unusual brand of golf in each of his first two rounds in the championship match, bettering his father by two strokes, medal play, in the first round and one strike in the second round but in the third round the elder Boyce came back strong and evened the count as to holes at the fourth green. The youngster was not to be daunted, however, and took the fifth and sixth holes and halved the seventh and eighth, making his victory certain. The pair completed the third round, Donald turning in a card of 42 while Dr. Boyce's card showed a 38, giving the elder Boyce a par record for all of the holes excepting the sixth on the final round. The closeness of play is reflected in the medal score, each of the battlers for the club championship having a medal score of 123 for the 37 holes.

## Epinaud Impresses Critics Favorably

New York, Sept. 22.—Epinaud, Pierre Wertheimer's French thoroughbred impressed critics today with a speedy mile workout under colors between races at Aqueduct and as a result may go to the post as the favorite in the second international special to be run there next Saturday.

The French champion went the mile, which is to be the distance of Saturday's race in 1:38.

## JOHNSON WINS FOR SENATORS

Chicago, Sept. 22.—Washington went on a batting rampage in the seventh inning today, and by driving Mike Cregros off the mound, easily defeated Chicago 8 to 3, and retained their lead of two games over the Yanks, who defeated Cleveland.

Walter Johnson faced the locals and after getting away to a bad start, because of an error by Bluege, settled down and thereafter had little trouble. It was the 14th consecutive game won by the Senator's ace. He also fanned five men, giving him a season's total of 154, and a life time mark of 3,220.

Harris started the league leaders to victory when he singled to left. Cregros was unable to stop the attack and retired after Bluege had sent his club ahead with a double which scored two runs. Johnson was given sensational support, the work of McNeely in center and Manager Harris at second base was outstanding. Peck led the batting attack for the Senators with four hits, while Sam Rice ran his string of safe hitting in consecutive games to 29. Score:

## Argentine Polo Star Leads His Team To Victory

Westbury, N. Y., Sept. 22.—Jack Nelson, brilliant Argentine rider, led the Orange County Polo team to a 12 to 5 victory over Earl Hoppings East Cotts today and earned for his team the right to meet Tommy Hitchcock's Wanderers in the semi-finals of the open championship on Wednesday.

Eastcott persistently threatened to forge ahead after Orange County had taken a 6-1 lead at the end of the fourth chukker, but thereafter Nelson dominated the play.

The Midwicks sensational team which upset Louis Lacey's hurricanes last week in the first round, will play J. Watson Webb's Shelburne four in the first semi-final tomorrow.

## NEW YORK IDLE; DODGERS CLIMB

New York, Sept. 22.—Brooklyn, by winning from Chicago to-day, 2 to 1 in 12 innings, advanced to within one point of the Giants, whose game with Pittsburgh, one and one-half contests back of the two leaders, was postponed by rain.

Washington retained its two-game advantage in the American League over New York, as Walter Johnson won his 14th straight game by defeating Chicago, 8 to 3. The Yankees won from Cleveland, 10 to 4, and Detroit defeated Boston, but the Tigers dropped out of the race, as they cannot win now, even by taking all of their four contests if Washington loses its six.

The Senators can now clinch the pennant by winning five of their six games or tie by winning four, even though the Yankees take their remaining six. Pittsburgh, by winning all of its eight games, can finish ahead of New York and Brooklyn.

## Remaining Games for Contenders in Major League Race

Chicago, Sept. 22.—The remaining games of the two American and three National League baseball teams, battling in the tightest pennant races for many years, are as follows:  
American League.  
Washington—Two more games at Chicago and four at Boston.  
New York—Two at Cleveland and four at Philadelphia.  
National League.  
Brooklyn—Two with Chicago at Brooklyn, and three with Boston at Brooklyn.  
New York—Three with Pittsburgh at New York, and five with Chicago; three at Pittsburgh and two at Chicago.

## CLASSIC PLAYS OF GRIDIRON

Famous Coaches Tell of Greatest Thrills.

BY DR. J. W. WILCE.

Ohio State University Coach. Eighty thousand people had wedged into the mammoth concrete horseshoe. From "corn" to "corn" it pulsed with "hokum." Bands played. Flags and pennants went up. Machine guns barked in salute. A football appeared. The teams lined up. A whistle. The kickoff. And the Ohio Stadium was dedicated. There you have a staccato picture of one never-to-be-forgotten October afternoon in 1922.

Now let's turn to another October afternoon in 1916. The scene is Illinois Field, a morass of mud. Two minutes of a bitter struggle remain. Illinois clings to a six-point lead, the result of two accurate kicks. But Ohio, the as-yet unused Babe of the Western Conference, was threatening. A long forward pass from "Chic" Harley to End MacDonald had carried Ohio from its 20-yard line to midfield and a succession of short tosses, in which the martyred aviator, Fred Norton, figured prominently, made it fourth down with three yards to go on Illinois' 13-yard line. Then came a great play.

Again it was Harley back, with the option of passing or running. Illinois' right end charged in a few steps, then dropped back. In that instant Harley defied what to do. He faked to pass, then ran to the left. Two teammates going to the left as possible pass receivers blocked the defensive end and right half-back. Harley outran the full-back, straight-armed the defensive right end, who had been only partly blocked, straight armed the safety man and dove for a touchdown in the extreme left corner of the field. The winning free kick, from a difficult angle to the left of the goal posts, Harley was not through thinking. He called time, asked for a clean right shoe to replace the muddy one he had on, then made good the goal—and game.

That play, though no one knew it at the time, was the genesis of the movement for the Ohio Stadium, a movement that gained impetus and finally crystallized into an active campaign and the great moment pictured in the first Western Conference game. Ohio continued to win games and public enthusiasm ran high.

So you see the far-reaching effects a thrilling play, particularly several seasons of them, may have.

L. M. Watts, St. Louis, 78-78—156.  
W. J. Thompson, Toronto, 79-77—156.

The most sensational qualifying test the tournament has ever had wound up in a play-off by five entrants, tied at 158.

In the play-off were R. E. Knepper of Chicago, former Princeton and St. Louis City star; Dr. O. F. Willing, of Portland, Ore.; Cyril Tolley, of England; R. W. Martin, of Chicago, and Joseph Coble, of Philadelphia, public links champion. A birdie at the first hole won for Knepper. On the damp green with heavy rain falling he sank a fifteen foot putt for a three after all the others had putted. Willing had also won a close. All were on the green in two except Coble and Martin.

The draw for 36 match play beginning tomorrow follows:  
Jones vs. Thompson; Corkran vs. W. H. Gardner; Evans vs. Knepper; Mack vs. August; Quimet vs. Hendry; Held vs. Wright; Gullford vs. Wintringer; Dumphy vs. Yates.

Lower half:

## CORKRAN LEADS ALL QUALIFIERS

(By The Associated Press.)

Ardmore, Pa., Sept. 22.—Dudley Clarke Corkran, of the Huntington Valley Club, Philadelphia, today won the qualifying medal of the national amateur golf tournament with another new record. The impetus of his unprecedented 67 of last Saturday carried him to a total of 142 for the 36 hole qualifying test, two strokes lower than Bobby Jones, of Atlanta.

Bobby duplicated Saturday's 72 today and seemed to have the medal won with 144 when Corkran went to the turn in 42.6 more than par. Needing a par 34 to beat Jones, Corkran arose to the emergency and came home in one better than par for 75. Jones had to be content with the day's best score for 18 holes.

Corkran has the honor of making the lowest 18 hole medal score ever made in national amateur golf and also the lowest qualifying score for 36 holes. The old 36 hole record was equaled by Jones today.

The qualifiers are:  
D. Clarke Corkran, Philadelphia, 67-75—142.  
Robert T. Jones, Jr., Atlanta, 72-72—144.  
William I. Hunter, Los Angeles, 74-74—148.

#### CHICAGO GRAIN

Chicago, Sept. 22.—Active general selling in the corn market today led to a much lower range of prices for corn. The selling was stimulated by reported receipts of corn here and by continued absence of any heavy damage from frost. Corn closed weak, 2 1/4 to 4 1/2c lower, December 1.45 to 1.51c, 1 1/2c at 1.25c, which was unsettled at the same as Saturday's finish to 8-c up, December 1.22 1/2 to 1.23 1/2c, and May 1.37 1/2 to 1.37 3/4c, with close 1/4 to 1/2c down, and the provisions varying from 1/2c lower to 1/2c gain.

#### CHICAGO BUTTER

Chicago, Sept. 22.—The butter market today was weak, unsettled and in the buyers favor. Supplies were quite liberal and freely offered with concessions available in some quarters on the medium and lower grades. Buyers showed no interest beyond immediate bare necessities and trade was dull. The centralized case shared in the weakness and operators, but it is easier to buy cases than sell the market price listed.

### STUDENT BODY IS ADDRESSED BY DR. BURTON

#### "Fight" Is Message To Group from Head of Michigan "U"

(By The Associated Press.)  
Ann Arbor, Mich., Sept. 22.—The University of Michigan's 1924 student body was urged to fight for "intelligence, and tolerance, for broad mindedness and above all for intellectual honesty" in an address tonight by President Marton Burton at the opening assembly. The address was a stirring appeal to the men and women to become fighters, "not with chips on your shoulders, but one who 'lose themselves in the battle, putting their cause, not themselves, into the foreground'."

#### Must Be Fighter

"To begin a college course," he said, "requires an honest thinking, straight forward man or woman to know just where he or she stands on this main issue of life. Are you a fighter? What are you fighting against? What are your problems; what are you fighting for, or what is your cause; what do you propose to fight with, that is what is to be your equipment; and finally, how are you fighting, what is your method?"

#### Trade Paper Has Article on Esky

The current issue of the "Michigan Contractor and Builder" reprints the information about Escanaba contained in the "type" pages of the Chamber of Commerce booklet, "The Nearest Iron Port to Coal." It is made into an attractive feature story by the trade journal.

#### Davis Will Hold Conference With Mr. McAdoo Today

(By The Associated Press.)  
New York, Sept. 22.—John W. Davis, the democratic presidential nominee, and William G. McAdoo, former treasury secretary who made a determined fight for the presidential nomination, have an engagement for a conference tomorrow at Mr. Davis' personal headquarters here.

### "GREAT IDEAS" FLY IN SWARMS AROUND DELFT

"That's a Great Idea." In fact it was a happy combination of great ideas. The play was the first of the combination, "Rex" Snelgrove had the second when he chose it for his repertoire this season, the third came when Rex decided to use it as his opening bill in Escanaba, and every one in the big audience at the Delft last night decided long before the last curtain that their decision to see it was the luckiest idea, along entertainment lines at least, they'd had in a blue moon—whatever a blue moon is.

#### Play Real Novelty

The amiable "Rex" and his charming leading lady, Miss Zana Vaughn, both well known and well loved by Escanaba theatergoers, were seen in roles which many of their old admirers pronounced the best of their careers as far as cost, as their careers are known here.

#### Green Stockings Tonight

Vivian and Lenore, a "sister" team entertained between acts with a "peppy" vaudeville specialty. Tonight, the Rex Company will be seen in Marguerite Anglin's famous success, "Green Stockings," with Miss Vaughn in the part made famous by Miss Anglin. It is a comedy drama which reviewers in other cities have described as a splendid vehicle for the Rex folk.

#### George W. Leebie Confers Degree At Masonic Meeting

George W. Leebie, of Howell, Mich., state grand lecturer of the Michigan Royal Arch Masons, conferred the Royal Arch Degree at the initiation exercises of a class of candidates at the Masonic Hall last evening.

#### The evening's program was opened with a 6:30 chicken dinner which was thoroughly enjoyed by the large number of Masons attending. In addition to the local members, a number of companions from Powers, Wilson, Wells, Gladstone, Cornell and Rapid River were present.

#### An interesting talk was given by Mr. Leebie which was received with hearty applause. Mr. Leebie discussed the DeMolay Chapter, an organization sponsored by Chapter Masons for boys between the ages of 16 and 21.

#### The highest waterfalls in the world are the Kaieteur Falls, 741 feet, in British Guiana.

#### The "Holy Carpet," which pious Mohammedans carry to Mecca every year from Cairo, where it is manufactured, is a very elaborate piece of work. It takes a great part of the year to prepare, and costs, when complete, about \$2,500,000, the greater part of this expense being due to the enormous amount of precious metal required for the wire used in the embroidery of such a huge piece of work.

#### If handkerchiefs become gray-looking, they should be washed by themselves and not with the rest of the laundry.
