Toronto, Sept. 25.—That Albert B. Hall, former secretary of the interior, came into possession of certain United States Liberty bonds shortly after these securities had been purchased for the Continental Trading Company, Ltd., a Canadian concern, with profits made out of oil sold to the Sinclair oil interests, is alleged in an affidavit filed today in an Ontario court by former United States Senator Atlee Pomerene, of Cleveland, and Owen J. Roberts, of Philadelphia, special federal counsel appointed by President Coolidge.

Action Was Opposed.

A previous application for permission to take depositions here was filed on September 15, but was opposed by attorneys for H. C. Oiler, president of the Continental Trading Company, Ltd., which was organized in 1921, entered into a contract with the Humphreys Texas Company and the Humphreys Mexico Company on November 17, 1921, for the purchase of 33,333,333 barrels of crude oil at a price of \$1.50 per barrel. YOUNG MOTHER TAKEN BY DEATH

A young mother who was called to her reward at an early hour Thursday morning was Mrs. Clara Anutta who left motherless three children of tender years. Mrs. Anutta's husband died in 1918 during the "flu" epidemic and since that time she has made her home with her parents, Mr. and Mrs. Joseph Burgo, 904 Washington avenue. Mrs. Anutta was employed as night operator at the Michigan Bell Telephone Co. for the past four years, which position she was obliged to resign early in April on account of her failing health.

Intestinal trouble was given as the cause of her death. Some time ago Mrs. Anutta went to Ann Arbor where an operation was performed. Two weeks ago she went to Rochester to consult the Doctors Mayo and as they gave her no encouragement she returned to this city where she passed quietly

disposing of her entire herd of Holstein cattle to Andrew Iversen.

Miss Mabel Farrel has returned to her home after spending a few days visiting Mrs. Bernie.

PROPAGANDA BARRAGE FOR CANCELLATION STARTS.

Not many Americans will agree to the reasonableness of the language used by Frederick William Wile, a syndicate writer, when he said that "until our story heart melts on the score of the debt all of our protestations of helpfulness will leave Europe cold."

The United States has no stony heart; it seeks no pound of flesh; it is not regarded with contempt. The Wile language is quite in harmony with the prevailing Democratic idea of the attitude of the United States under the Republican Administration.

The United States was not stony hearted in dealing with Great Britain on the funding of her debt. In fact, the terms were made so liberal that the debt funding commission was accused of making a gift of many hundreds of millions to England and there was talk of opposition to the approval of the agreement.

That was no unreasonable proceeding. While European nations are deferring even a consideration of terms of payment, the people of the United States are raising the money by taxation to pay the interest on the bonds which were issued to get the money to loan to European nations.

It is not likely that either Mr. Wile or the Democratic leaders express the real sentiments of Europeans with regard to the United States. In fact, there is good evidence that they do not. Not long ago Premier MacDonald of Great Britain said:

AUNT DRUCILLA PASSES AWAY. Chapter VIII. As the years went by Alvira was allowed more liberty. Drucilla did not accompany her to choir practice so often, did not object when her niece walked on the common under the elms, or lingered to chat with some young girl friend. Her rulings against boys and young men were no longer necessary. Alvira was so self-conscious when they were about, so shy, that none of them approached her. If she caught their eyes upon her she would blush painfully and walk away. Even the two young men in the choir never ventured more than a simple greeting, although Alvira stood next to them during rehearsal, and twice on Sunday. Inevitably, the result of her upbringing, Alvira had erected an impassable wall between herself and them.

aid and took the responsibility from her. There were no relatives, no one to be told of her death. It was a pitiful funeral proposition that followed Drucilla Anderson to the little cemetery where she was laid with her forebear, Alvira alone in the big hack, a few neighbors and friends. The woman had been lonely in life, was lonely in death. "But the crushing loneliness was now Alvira's. Mechanically she went about her daily tasks, never weeping, but sad and lonely. It was in the spring that Drucilla died, and Alvira's garden took up a good deal of her time. The neighbors were kind, yet after all was over there was little they could do for the girl who withdrew even more closely within herself, nursing her sorrow. Alvira spent hours thinking of her aunt, often of the story she had told her so long ago. Would Drucilla have been different if she had married the young man that had been killed? Would she have been less severe with her, let her make friends, young men friends as well as girls? And because God is good and doesn't let wearing grief last forever and because of her healthy young womanhood, gradually Alvira began to be less sad-but not less lonely. Alvira chose a stone for Drucilla's grave, attended to all the after details less always brings. Then her thoughts fixed themselves upon herself, her future. Disturbing thoughts which she could not answer. Tomorrow-Alvira Anderson is Left Alone. Sand charged with electricity and dropped from aeroplanes is being experimented with as a possible means of dispersing clouds and fog.

"GRUMPY" REX'S FEATURE PLAY

"Grumpy" feature play in the repertoire of Rex Enelgrove and his Rex Stock Company, will be presented at the Delft theatre tonight. Those who are familiar, both with the play and with the Rex company's personnel, are certain that it will be one of the most satisfactory performances on the Delft stage this season. The play, although written for Cyril Maude, the distinguished English actor, fits the Rex folk perfectly, and critics everywhere declare that the popular stock star in it has the "part of his life." Miss Vaughn and all the other members of the organization are said, also, to do exceptional work. In "Kitty Be Careful" last night's offering, Rex again demonstrated his efficiency as a splendid actor and a real entertainer. The big crowd liked the show immensely. The demand for tickets for "Grumpy" has been exceptionally heavy.

AT THE STRAND Ora Carew, whose winsomeness has won her innumerable admirers in her recent pictures, will be seen at the Strand theatre, commencing today for an engagement of two days in her latest and most thrilling photoplay, "Getting Her Man." It is an unusually exciting story into which are woven, by turns, thrills that will captivate every onlooker, melodrama that is swift-moving and filled with suspense and exciting action, through all of which runs one of the sweetest romances ever told. The theme revolves about the star in the role of Doris Stanton, Number "17," one of the most daring Secret Service agents in the northwest division. She is called upon to undertake a dangerous mission into the heart of the Canadian northwest, directly across the border from Alaska, to apprehend a band of international smugglers. Supporting the pretty-and Miss Carew is a cast of surpassing merit. Playing opposite the star, in the leading male role, is Jay Morley, who has been making a name for himself in many photoplays in the past. Arthur Wellington, Hal Stephens, Fernando Galvez and Helen Howell make up the list of well-known principals in this thrilling melodrama.

New York, Sept. 25.—Stock prices moved irregularly lower in today's market under a large volume of profit-taking sales.

Recent reduction in the short interest had left many stocks vulnerable to selling pressure although good buying support was provided when prices approached their resistance points.

Bullish demonstrations in the public utility and motor shares, which combined furnished 18 of the 30 new 1924 high records established during the session, featured the day's trading.

Most of the standard industrial stocks lost ground. Railroad shares offered better resistance to pressure than the industrials.

Foreign exchange rates fluctuated within narrow and irregular limits. Demand sterling ruled slightly higher around \$4.47 and French franc held relatively steady around 5.27 cents.

CHICAGO GRAIN. Chicago, Sept. 25.—Export purchases today totaling 2,900,000 bushels of wheat and 600,000 bushels of rye had much to do with bringing about higher prices for wheat today.

CHICAGO BUTTER. Chicago, Sept. 25.—The butter market today was about steady on 92 score butter, but sentiment was mixed, some dealers offering quite freely at listed prices, while others held for premiums.

CLASSIC PLAYS OF GRIDIRON Famous Coaches Tell of Greatest Thrills.

BY ANDREW (ANDY) L. SMITH Football Coach, University of California, and Former Star Back, University of Pennsylvania. MICHIGAN came to Philadelphia in 1912 with a formation the Pennsylvania scouts had never seen. Before it we were helpless. With it Michigan put us to rout, throughout the first half the Wolverines smashed for repeated gains and, when the intermission brought a halt, the score stood 21 to 0.

Manistique, Sept. 25 (Special)—Two fast, classy races, one of which produced a dead heat, furnished excellent sport for a big crowd at the Schoolcraft county fair today. SHANNON EARNS DRAW DECISION IN NUSS BOUT

Negaunee, Sept. 25.—Mickey Shannon, of Marquette, and Jimmy Nuss, of Depece, boxed a fast, shag-bang 10-round bout here Wednesday night in the presence of a monster crowd. The show was promoted by the Negaunee Elks. Both fighters took a lot of punishment and both were going strong at the end of the scrap. Shannon weighed 166 pounds and Nuss 160. Smoky Tebo, of Moran, had the better of Hank King, of Iron Mountain, in the semi-windup, in which the referee had all he could do to make King fight. Tebo earned a decision by his aggressiveness in five rounds. The show was especially well handled by George Duffy, of Marinette, who refereed all of the bouts. He insisted on clean fighting and demanded action in every bout. The card attracted fans from the Soo, Newberry, Escanaba, Munising, Iron Mountain and other upper peninsula towns. There were about 250 Marquette bugs in the audience and nearly as many from Ishpeming.

Cardinals Beaten By Philadelphia

(By The Associated Press.) Philadelphia, Sept. 25.—The Phillies closed their home season today by defeating St. Louis 5 to 3. The visitors knocked Oeschger out of the box in the first inning but were helpless against the hurling of young Betts, who held them to four hits during the balance of the contest and twice fanned the mighty Hornsby. Shields held the Phillies in check until the eighth inning when Leach started a rally by lifting a homer out of the park. Two more runs crossed the plate before relief pitchers Stuart and Fowler could retire the side. The Score: R. H. E. St. Louis 300 000 000—3 8 1 Philadelphia 100 001 03x—5 8 6 Shields, Stuart, Fowler and Gonzalez; Oeschger, Betts and Hurline.

Favorite Beaten in Feature Event of Grand Circuit

Columbus, Sept. 25.—Defeat of Merriman, strong first choice in the free-for-all pace, featured today's Grand Circuit racing card which brought out the best racing of the meeting. The first two races of the card were split heat affairs. There were only four starters in the 2:07 pace, and Dickerman, the favorite, was the only one of the four which failed to win a heat. Liberty taking the third and fourth heats and the race. Peter Montgomery, the favorite, had a tough battle in the 2:17 trot after Mr. Harvester won the first heat and Antoinette the second. Peter A. Montgomery then won the third and fourth heats. The unfinished Chamber of Commerce \$3,000 stake was a battle royal. Marmaduke won the first heat and was leading almost at the wire in the second heat when he broke. Thompson Dillon winning. Pigto Watts, the original favorite, won the third heat.

Baldwin to Play Quarter on Sunday at Iron Mountain

Ted Baldwin, captain of the Escanaba Legion football team probably will play quarterback in Sunday's game with Iron Mountain in the Ford city. Dick of Manistique and Pearl of Marquette the tackles, Eddie Anderson and Bill Speers the guards and Fisher center. Earl Alken, a back, and Bernie Schram, an end, probably will see service in the battle, as will several other linemen. PATENT LEATHER. Black patent leather is used cleverly to trim fall hats and to make the perky boys that distinguish this season's hat from last.

Task Is Possible

"No doubt there are certain municipalities where some public utilities have been managed through public ownership with a creditable success. But this is very different from a proposal that the national government should take over railroads and other public utilities. What a strain this would be to our economic system will be realized when it is remembered that public commissions set the value of such utilities at about \$35,000,000,000, and that they have about 2,750,000 employees. Such an undertaking would mean about \$1,750,000,000 annually in bond interest, and an operating budget estimated at about \$9,000,000,000. It would mean a loss in public revenue estimated at \$600,000,000 a year, and

Silver Wedding Celebrated By Local Couple

Mr. and Mrs. Charles Larson, 226 North 13th street, were pleasantly surprised Tuesday evening by about 150 relatives and friends who came to the home to celebrate their silver wedding. The evening was spent in social diversions during which Rev. Hanson, pastor of the Swedish Mission church, gave a very fine speech, at the same time presenting the couple with a tray of silver as a token of esteem from their assembled friends.

Mr. and Mrs. Larson were married at the Swedish Lutheran church Sept. 23, 1899, by Rev. Nelson, at that time pastor of the church. They have made their home in this city continuously and have a host of friends who wish them a continuance of their happy wedded life.

Four Released When They Pay For Goods Stolen From Store

Four young men, who confessed to breaking into the store of Matt Pollari, of Trembley, Sunday night, paid for the damage and made complete restitution yesterday, whereupon Mr. Pollari declined to press the charges against them.

Eight cases of pop, a box of cigars, shorts, underwear, and other clothing, were included in the property missing from the store.

The men, who admitted the theft, were Carl Hukkinen, Emil Hukkinen, Aino Roini and Albert Worch. They were brought to Escanaba yesterday by deputy sheriffs, but settlement of the case was made before they were arraigned in court.

RHEUMATISM LEAVES YOU FOREVER

So Says James H. Allen, Who Drove Out Rheumatic Poisons After Being Crippled for Years.

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Peoples Drug Store who has been appointed agent in your city. It is Mr. Allen's own discovery. Adv.
