

JAPAN SATISFIED; PROTOCOL COMPLETED

Mexican Government Seeking \$50,000,000 Loan

TEXAS BROKER, UNKNOWN TO NEW YORK EXCHANGE, GIVEN TASK OF SELLING OUT ISSUE

OIL PRODUCERS CAN PURCHASE BONDS AT DISCOUNT.

(By The Associated Press.) New York, Sept. 30.—Public offering of \$50,000,000 Mexican government bonds, without the knowledge and participation of international bankers, today provoked widespread comment and discussion in investment circles.

No information as to the success of the offering was available here as J. L. Arlitt, a banker little known in Wall Street, who is attempting to float the issue, was said to be directing operations from his headquarters in Austin, Texas.

Until most foreign and corporation bond offerings, the Mexican issue apparently has not been underwritten, but will be sold for the government on a commission basis.

Comment Withheld.

Official comment on the transaction was withheld by members of the international committee of bankers on Mexico, which negotiated the Mexican debt agreement in 1922. Suspension of this agreement was necessitated earlier this year when Mexico defaulted interest payments on the bonds involved in the plan.

Since proceeds from the sale of the present issue, it was said, would be used to pay arrears and to resume service on the debt, members of the international committee expressed the hope that the offering would be successful, although they appeared doubtful that the market could absorb such a large loan at this time. Bankers affiliated with the committee said they did not know Mr. Arlitt and had no previous knowledge of his plans.

RETURNS TO TEXAS.

Austin, Texas, Sept. 30.—J. L. Arlitt, investment broker, well known in Texas, obtained from the Mexican government a concession for floating a \$50,000,000 gold bond issue secured by receipts from Mexican oil production taxes, the broker announced here tonight.

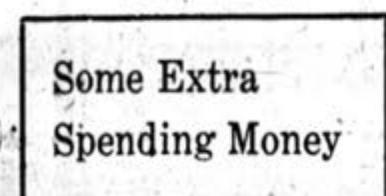

Bonds Well Secured.

The bonds are secured by the entire income of the Mexican government from its oil production taxes, which, according to a financial statement issued by the Austin broker, exceeds by several times the annual payments required on the bonds. In addition the bonds are declared direct obligations of the republic of Mexico.

Proceeds of the sale of the bonds will be devoted to the payment of back installments due on the Mexican foreign debt to the international bankers' committee in Mexico which is headed by Thomas W. Lamont of the Morgan

SUSPECT

New York police have arrested John Feinstein in connection with their investigation of the Edith Bobe \$50,000 jewelry robbery. They believe he may be connected with a gang of bandits who prey upon "Broadway butterflies."

"REACTIONARIES" OF OLD PARTIES ARE "DESPERATE"

LaFollette Makes This Claim in Statement

(By The Associated Press.) Washington, Sept. 30.—Senator Robert M. LaFollette, independent presidential candidate, in a statement tonight declared that "the refusal of the attorney general of Louisiana to place the names of the LaFollette-Wheeler electors on the ballot in that state, and the definite report that comes from Michigan that the legal technicalities are to be used there by the two political machines to accept the same purpose, show how desperate the reactionaries in both of the old parties consider their cause."

"The legal arm of the government factor in helping the people to express their will freely at the polls," continued the senator's statement, "is instinctively being appealed to by the reactionary forces which dominate the two old parties to help defeat their free expression.

"Eventually fail."

"But all of these efforts will eventually fail of their purpose. These attempts to deprive the people at the ballot box of the utmost freedom of choice as to shall exercise their delegated authority will react most disastrously against those guilty of trying to prevent the fullest expression of the people's will."

In another statement issued by LaFollette headquarters, Amos Pinchot, brother of the governor of Pennsylvania, assailed the followers of Theodore Roosevelt who recently joined in voicing objection to use of the word "progressive" in conjunction with the LaFollette movement.

"These ex-progressives who are tired out stragglers, backsliders and quitters from the progressive army," added Mr. Pinchot, "have evidently made up their minds that America will always be run by plutocracy, and consequently they appear to think that the safest course is to make peace with this plutocracy and live comfortably in its protecting shadow."

Wolf Flays Dawes.

Another supporter of the LaFollette-Wheeler ticket, Matthew Wolf, vice president of the American Federation of Labor, made an attack on Charles G. Dawes in a statement, declaring that the Republican vice presidential nominee was "using the non-partisan reparations report for partisan campaign contributions while the members who contributed the real thought and study in making the plan now in operation in Europe are continuing their work without pay or publicity."

Mr. Wolf pointed out that Owen D. Young, who served with Mr. Dawes on the commission which worked out the plan, is a Democrat, and added that Mr. Young "is not making campaign propaganda out of his services, though his party might use his work for that purpose, just as the Repub-

licans are using the work of General Dawes."

Senator LaFollette continued discussion of speech making plans with his advisers today without reaching a decision as to his itinerary.

WASHINGTON'S BASEBALL FANS AWAIT SERIES

Big Reception Planned for Team on Arrival at Capital Today.

(By The Associated Press.) Washington, Sept. 30.—The nation's capital continued tonight to get a kick out of baseball. After the first shock of excitement yesterday, the capital city attempted to gain composure but without success. The attitude of the city over its first pennant might be summed up in the words of a grizzled old fan:

"Well, George, we lived to see it."

Scoreboards didn't function today. Even the youngster with his school books hardly paused in front of a bulletin board to learn the result of the Senator's last encounter with Boston and the Red Sox 13 to 1 victory made no impression.

The end of one baseball act came yesterday and Washington tonight tried to get back its breath before the curtain rises tomorrow with a welcome home celebration to the team.

"Voluntary" Parade.

For years the capital's populace has been called upon thousands of times to furnish the proverbial "banks of humanity" for a parade. And whether Washington wanted to or not, the law of curiosity always forced the city to turn out to Pennsylvania Avenue's sidewalks to cheer every time a band started to wandering from the peace monument towards the White House.

But tomorrow, for about the first time in history, Washington will turn out for a celebration all its own—after more than 26 years of trying it has what it wanted—a pennant, and it is also going to get a chance to see Walter Johnson in a world series game. And so, tomorrow will be Washington's day of days, as Tuesday night was its night of nights.

Finishing touches today were added to plans for the reception for the victors. The weather bureau also caught the city's spirit, and besides reiterating its promise for good weather for the week end, included in the favorable parade day tomorrow.

Offer Congratulations.

Various civic organizations today passed resolutions of congratulations. Radio companies announced plans for broadcasting the series, and the only damp spots in the city's enthusiasm were found among one or two organizations that had events scheduled for some time in the next ten days.

Clark C. Griffith, president of the Washington club, and for many years pilot of the pennant winners, topped the excitement by issuing a statement which read:

"There isn't a team in the country that can beat Washington in its present mood. Those boys are simply fired with a determination to win."

"Griff," as he is known to Washington fans, also said the Senators' achievement "vindicates my faith in Stanley Harris," his 27 year old manager.

NEW YORK STIRRED.

New York, Sept. 30.—Washington's sensational victory in the American League has stirred baseball fandom to unprecedented enthusiasm in the fight which the Senators will start for the world's championship with the New York Giants next Saturday in the national capital.

Officials of each club after a long conference today with Commissioner K. M. Landis disclosed that they are being flooded with requests for reservations from all parts of the country. The commissioner, who conferred with President Charles A. Stoneham of the Giants and Secretary E. B. Ebyon, Jr. of the Senators to perfect arrangements for the series, also voiced his opinion that "unparalleled interest is being shown."

Solon Park Small.

Only the fact that Washington's American League park is unable to match the capacity of the Yankee Stadium will prevent the shattering of the records for attendance and receipts established in the million dollar series of 1923, officials declared.

"All of Washington, most of

(Continued On Page Seven.)

icans are using the work of General Dawes."

Senator LaFollette continued discussion of speech making plans with his advisers today without reaching a decision as to his itinerary.

GOODBY AND GOOD LUCK"

President Coolidge regrets losing his assistant secretary of navy. But at the same time he wishes Colonel Theodore Roosevelt the best of luck as he bids him goodby. If Teddy should defeat Al Smith in the New York gubernatorial elections, the Empire State is safe for "Cal," the politicians figure. And the president seems to feel the same way about it, judging from his smile.

World's Business Is Increasing--Coolidge

WOMAN KILLED; VENGEANCE IS POLICE THEORY Was Wife of Man Shot Down By Hi-Jackers

(By The Associated Press.) Detroit, Sept. 30.—Mrs. Frances Budd, 39, was found dead by shooting in her home on the Dixie Highway between Trenton and Rockwood today, state police reported. The body was found about 3 p. m. by the woman's husband and a neighbor when they returned from aiding in the search for the bodies of two women drowned Sunday when the boat of a state trooper sunk in Livingston channel of the Detroit river.

Near the body was found a .32 caliber cartridge which had evidently caused the death. Not far away on the floor was a sandwich. It is thought the woman was surprised and shot while eating, the bullet piercing the brain.

The husband and neighbor left Mrs. Budd about nine o'clock this morning. She was apparently in good health.

Mrs. Budd was slain almost in the identical spot where her former husband, Alex Dombrowski, was shot and killed by alleged hi-jackers in January 1922. Investigators from the department of justice, state police headquarters and the sheriff's office said they believed the killing of Mrs. Budd was for revenge by companions of the four men now serving life sentences for the shooting of Dr. J. L. Lorge.

Harry Hill, said to have been the one who fired the shot that killed Dombrowski, is the only member of the band that escaped and an unsuccessful hunt has been carried on throughout the county for him. Officers profess to believe he is responsible for the killing of Mrs. Budd.

Herman Noel, Melvin Brown, "Red" Rogers and John Murphy are now serving life sentences at Marquette prison for the Dombrowski killing. Later Leo Sauerman was arrested in connection with the killing and convicted after he was identified by Mrs. Budd as the fifth man in the party. Sauerman was sentenced to life imprisonment and later the other members of the band made a statement in which they asserted Sauerman was innocent and Harry Hill was the actual slayer.

Sauerman asked for a pardon on the strength of the statement but the state claimed Hill was a mythical person invented to obtain Sauerman's release. Sauerman is still in prison, but officers conducted an extensive search for Hill. He was said to have been arrested recently by Chicago police, but escaped.

Small Sum Spent by "Jim" Couzens

(By The Associated Press.) Washington, Sept. 30.—Senator Couzens, Republican, Michigan, today reported a primary campaign expenditure of \$417.40 to the secretary of the senate, Morrison Shafroth, who received the Democratic nomination for the senate in Colorado, reported an expenditure of \$135.

DEMOCRATS ARE GATHERING FOR STATE MEETING

Party Leaders Express Hope War Clouds Won't Break.

(By The Associated Press.) Grand Rapids, Mich., Sept. 30.—Peace appeared to have settled over the pre-convention councils of the Democratic party here tonight, and indications were that tomorrow's state convention will be harmonious.

Wayne county leaders, who arrived here ahead of the big Wayne delegation which will come Wednesday noon, reported that a tentative agreement has been reached which probably will preclude any possibility of a fight over the wet and dry or Ku Klux Klan issues on the convention floor. The Wayne delegates plan, according to Andrew Baird, chairman, if they get the right men on the resolutions committee, to urge a wet plank. They admit, however, that they will be voted down, and declared that they will not carry the fight outside the committee.

As a result of this tentative decision the convention is expected to sidestep both the wet and dry and Klan problems.

James Balch of Kalamazoo, stated tonight that he will not be a candidate for secretary of state, or any other office. This leaves the convention with this nomination and that of attorney general to fill.

Grand Rapids, Mich., Sept. 30.—Democratic leaders gathered here today for their preliminary conferences, hoping that the war clouds which have been threatening their state convention Wednesday will not break. The party chiefs, including W. A. Comstock, national committeeman, and A. K. Canfield, secretary of the state central committee, professed to see harmony prevailing in the state gathering. Others were not so sure that the brokers will be entirely avoided. It was conceded that no wet plank will be adopted, but there was a question as to whether an attempt will be made to introduce one.

While the party stalwarts held their meetings this afternoon and tonight it was apparent that they were awaiting the decision of the Wayne delegation as to whether it will or will not attempt to force a fight on the convention floor. The prospects of strife appeared to center entirely around the Detroit area.

WORK OF GENEVA CONFERENCE WILL END WITH PRESENTATION OF PACT TO ASSEMBLY TODAY

NEW LABOR BOSS?

Ramsay MacDonald is losing his hold on Britain's labor party. So, at least, many labor politicians think. And J. Whately (above), radical, sister of health in MacDonald's cabinet, looks as his most probable successor, they say.

HOPE GOVERNMENTS MEET RATHERLY DOCUMENT.

(By The Associated Press.) Geneva, Sept. 30.—With Japan satisfied and the British dominions seemingly content, the delegates to the league of nations assembly are tonight congratulating themselves upon the successful completion of the stupendous task of drafting a protocol of arbitration and security, which, when ratified by a sufficient number of states, will be followed next June by a general world conference for the reduction of armaments.

The final act of the historic negotiations will come tomorrow, when the protocol will be presented to the assembly, but since virtually all the delegations are represented on the commission which today accepted the final clauses and solved the Japanese difficulty, it was generally expected tonight that the assembly will approve the text and vote for the transmission of the protocol to the home governments and parliaments for ratification.

Allay Misapprehensions.

In the discussion today, prominent delegates took pains to emphasize that the solution of the Japanese difficulty through the revision of the protocol strikes no blow at the sovereign rights of states. It was also noticeable that they took special pains to allay any misapprehensions of the American people when they repudiated the charge made during the last two days at Geneva that the amendments presented by the Japanese were aimed at certain other powers.

Another feature of the final discussion was the remark of Signor Schialoja, the Italian jurist, that happily a way now had been opened for the discussion of problems of a social and political nature, for the solution of which no machinery had previously been provided. Before, said the Italian spokesman, the protocol had emphasized the solution of juridical disputes, but now all others, he was convinced, could be solved under the provisions of the revised protocol.

Two Amendments.

Concretely, the Japanese solution was found by making two amendments to the protocol. By the first, it is provided that when a question in dispute is held by the world court or the league council to be a matter solely within the domestic jurisdiction of a state, its decision shall not prevent consideration of the situation by the council or by the assembly, under article XI of the league covenant.

The other amendment provides that a country shall not be presumed to be an aggressor if a judicial sentence has been pronounced against her unless she fails to submit the question to the council or the assembly under article XI of the covenant.

Under the original text, which Japan took exception, when hostilities break out, a country which has disregarded a judicial sentence declaring that the matter is of purely internal jurisdiction, would be presumed to be an aggressor. The reason of the amendment is the presumption that the hold of the state as it submits the matter to the council.

Everything, therefore, goes back to article XI of the covenant, which declares that any war or threat of war, is a matter of concern to the entire league, and the league may take any action it may deem wise and effectual to safeguard the peace of nations. Jurists explained tonight that Japan or any other disappointed nation gets inside the right of an additional hearing after its case has been

CALIFORNIA TO HAVE MAJORITY PRESIDENT

FOLLETTE WEAK IN SOUTHERN SECTION.

By DAVID LAWRENCE
 (Copyright 1924, by the Escanaba Press.)
 Los Angeles, Cal., Sept. 29.—California is not as close a state as the various polls and straw polls taken would seem to indicate. Having investigated the situation in Northern California where nominally Senator LaFollette is the greatest strength, the writer came away with the impression that the Wisconsin leader would have carried the bay counties by a narrow vote but if what turns out to be true Mr. LaFollette will be a President Coolidge this year.

The race here is between Coolidge and LaFollette with Davis in the lead. Little is heard about the Democratic candidate. Had McGo been nominated there might have been a different story to tell. The state was strong for McGo. Are the Democratic votes going to LaFollette? Undoubtedly by thousands will support the third party ticket but President Coolidge will get a host of what are called Democratic votes.

Coolidge Has Following
 The Democratic nominee is also well spoken of but he does not seem to have any vote-getting strength in this section. President Coolidge, on the other hand, is as strong in Southern California as in Maine. It will be recalled that when President Harding's popularity began to wane in the state he could count on California. This state of course is preponderantly republican but in the last 20 years it has also been growing conservative. California for instance, gave President Coolidge a majority of 50,000 votes over its favorite son in the presidential primaries this year. A state which will do that can hardly be counted as easy for LaFollette or even Harding in his direction.

Without endeavoring to explain the results of the polls that are being taken it is a strange aspect of the situation that not a single man whose judgment on political affairs in past years has always been sound by the writer to be accurate in saying this time that LaFollette will carry the state. They say just the opposite and some go so far as to indicate that President Coolidge may run as high as 100,000 majority in California.

Why LaFollette Is Weak
 LaFollette's strength in certain sections of the state may be explained but anyone who knows California will recognize at once that the Northern part of the state can easily be counterbalanced by the rest.

From this it would not be surprising that the writer believes LaFollette will sweep northern California. What seems probable is that the Wisconsin leader will run neck and neck with President Coolidge in and around San Francisco. This however, isn't a strong position for anyone who is trying to carry the electoral votes of the state and as far as for southern California LaFollette won't have a chance. The vote that will be rolled up from this section on election day will be amazing.

There are a dozen reasons for the strength of President Coolidge in this region but there are many reasons why LaFollette is weak. For one thing a campaign has been which paints LaFollette as an enemy of California. A member of Congress has looked back to the record and found Senator Follette voted against everyone the tariff schedules in which California was interested. That makes the battle against LaFollette a very concrete. For even the notable Hiram Johnson in his progressive hours never failed to turn down California on "rain of her native products and industries."

No Cry For Change
 LaFollette of course is not without some strong support and influential supporters. The Hearst papers are favoring him above all other candidates. Rudolf Spreckels of San Francisco is helping to finance the LaFollette campaign. One of the newspapers which are closest to Hiram Johnson is shouting for LaFollette. He is being on the Socialist ticket organized labor is making a deal of noise about its broad support of the old man from Wisconsin.

But taken all together the vote of California will be conservative and President Coolidge will get it. The outstanding characteristic of the electorate is that there is no cry for a change.

Readily Arranged With Britain on Post Insurance
 (By The Associated Press.)
 Washington, Sept. 30.—Insurance of parcel post packages is provided in a new international agreement between Great Britain and the United States announced today by Postmaster General.

The agreement, which becomes effective tomorrow, is the first of kind with the exception of one with Canada that has been entered into between the United States and a foreign country.

 Interests in New York and other obligations.

Exempt from Taxes.
 These bonds will be exempt from all Mexican taxes, Arlitt said. By edict of the Mexican government oil producers are permitted to purchase these bonds at the discount offered in the United States and to redeem them at full value on oil tax certificates to amount to one-half their tax annually. Money derived from this exchange will be deposited direct in New York for redemption of the issue without passing through the hands of the Mexican government, he explained, so reducing the risk of collection. Reports from New York received by the Austin American, he explained, show that the bonds received by the Austin American manufacturer, is one of the underwriters of the issue brought no statement from Arlitt other than the announcement that he had nothing to say.

"Ford is reported to have declared your offer of the bonds to be a slap at Wall Street," Arlitt was informed.

"I have nothing to say either way on that," was his answer.

Southern Pacific Wins Its Battle For Double Track

(By The Associated Press.)
 Washington, Sept. 30.—The Southern Pacific Company today won its fight for a complete double track line to the Pacific Coast.

Its complete plan to acquire control of the El Paso and Southwestern system, and through the Arizona Eastern Railroad, one of its subsidiaries, to construct new extensions in Maricopa, Yuma, and Pinal counties, Arizona, together with its proposed financing arrangements, today were given the approval of the interstate commerce commission.

The new construction of the Arizona Eastern will total approximately 150 miles and will connect the Southern Pacific lines with the Arizona Eastern. This connection, with the connection of the Southern Pacific with the Rock Island system, will constitute a direct double track route from Chicago and Missouri river territory to Southern California.

Many Countries Are Represented At Dairy Exhibit

(By The Associated Press.)
 Milwaukee, Wis., Sept. 30.—A touch of the international was given the national dairy show here late today with the arrival of representatives of many nations. Several countries sent delegations.

Judging of Guernsey cattle occupied the attention of dairy experts and spectators today while in another part of the state fair park, dairy producers were paying tribute to early dairy educators.

The ninth annual meeting of the American Dairy Science Association, held in connection with the show, nominated officers to compete in an election to be held next month. These nominees are Professor O. E. Reed, Michigan, and Professor H. B. Ellenberger, Vermont, for president.

Wisconsin today swept the field in the winning of blue ribbons in grade cattle.

McGraw's Will Is Upheld by Circuit Court; Expect Row

(By The Associated Press.)
 Pontiac, Mich., Sept. 30.—The will of Howard A. McGraw, former Detroit, giving his \$70,000 estate to his divorced wife, Mrs. Mary McGraw, former Broadway chorus girl, was sustained by a verdict in the Oakland county circuit court here this afternoon. Appeal is expected to be taken by the brother and sister of McGraw who contested the will.

Counsel for both sides spent six hours yesterday in presenting their versions of the case, which went to the jury at 10:10 a. m. today. The attorney for contestants, William Harold McGraw, of Pontiac, a brother, and Mrs. Elizabeth Convery, of Detroit, the sister, declared McGraw believed the will worthless and for that reason did not change it.

Counsel for Mrs. McGraw asserted that it was a woman's reputation that was at stake more than the breaking of a will and pleaded with the jury to send Mary McGraw out of the courtroom with an unsullied name.

The jury deliberated five hours.

Jap Recognition of Soviet Is Imminent

(By The Associated Press.)
 Peking, October 1.—The negotiations being carried on here by L. M. Karakhan, the soviet ambassador to China, and Kenkichi Yoshizawa, the Japanese minister to China, gave promise of an early recognition of the soviet government by Japan, according to Japanese sources. Five out of eight articles of a draft agreement, which the two diplomats have been discussing, are alleged to have been agreed upon.

Karakhan, it is said, has agreed to waive the Russian demand for the immediate evacuation of the northern Sakhalin Island by the Japanese. This, he admits, is impossible at present, owing to the approach of winter. The evacuation, however, is to be carried out in the spring of next year.

OBITUARY

JOSEPH CHARLEBOIS.
 Joseph Charlebois, aged 64, a resident of Escanaba for more than 45 years, died at the family home, 320 South 11th St., at 11:45 o'clock last night. He had been in poor health for two years.

Mr. Charlebois was a native of Canada, coming to Escanaba when a young man. He was engaged in business here until his retirement about 15 years ago. He was widely known, universally respected, and revered throughout the city. He was a member of the Institut Jacques Cartier, and the Holy Name Society.

Surviving are his wife, his mother, four children and five sisters and brothers.

The children are Mrs. C. E. Bartley, Joseph Charlebois, Jr., Miss Alice Charlebois and Miss Blanche Charlebois, all of this city. The aged mother lives in Beauport, Canada. One brother, Osais Charlebois, and a sister, Mrs. Ferdinand Dagonais, also reside in that city. The other sisters are Mrs. A. R. Gerdon of Montreal, Mrs. J. L. Brule of Billings Bridge, Ont., and Mrs. Frank Paquin of Escanaba.

The body was taken to the Allo Funeral Home where it will remain until arrangements for the funeral are completed.

Storm Is Passing; Rivers Subsiding; Some Damage Done

(By The Associated Press.)
 Richmond, Va., Sept. 30.—After rising steadily throughout the day as a result of many rains for 48 hours, Virginia and North Carolina streams this evening showed a tendency to subside with the passing of the storm.

The James river here rose rapidly through the night and day, finally reaching the flood stage today and causing the evacuation of works and warehouses along the river front.

Hydro-electric plants and warehouses were reported severely damaged at Lynchburg from the rising waters of the Rappahannock, which had already isolated numerous establishments in the lowlands.

Wilson, Rockmount and Elizabeth in North Carolina were partially flooded, while railroad communications were interrupted in numerous places.

Six Bandits Will Be Hanged Oct. 24

(By The Associated Press.)
 Montreal, Sept. 30.—Six men, members of a bandit band that last April slew a bank messenger in a sensational \$142,000 robbery, will be hanged, October 24, five judges of the court of appeals decreed today.

One of the condemned, Leo Davis, may escape the noose, however, as two justices dissented concerning his appeal, whereupon his counsel took advantage of the right to carry the appeal to the dominion supreme court.

Davis, with Tony Frank, Louis Morel, Frank Gambino, Miles Valentino and Giuseppe Serafina, had appealed from the death sentence imposed several weeks ago. This appeal today was dismissed.

Fighting Resumed On Chinese Front

(By The Associated Press.)
 Tientsin, Oct. 1.—Heavy firing heard in the vicinity of Shanhaiwan, on the Manchurian-Chihli border Monday and Tuesday, presumably was caused by an attack which the Manchurian troops are reported to have launched against the Peking government force stationed near that city.

Three trainloads of wounded from the government army are reported to have reached Lanchow, between this city and Shanhaiwan on Tuesday.

The bombing of Shanhaiwan by Manchurian airplanes continued daily.

Two Men Buried by Cave-in; Are Saved

(By The Associated Press.)
 Detroit, Sept. 30.—Two men were saved from suffocation today by a fellow worker who shoveled three feet of sand from around their heads after they had been buried by a cave-in in a sewer excavation on construction on Edmore Avenue near Pleasant. They were extricated half an hour later by firemen.

The rescued men are Antonio Bonono and Aurelio Dimichele. Joseph d'Angelo was their rescuer. The sewer was 16 feet deep. The men were not injured.

Baseball Writers To Meet Tuesday

(By The Associated Press.)
 New York, Sept. 30.—The annual meeting of the Baseball Writers' Association of America will be held next Tuesday morning at 10:30 o'clock in the Hotel Commodore, according to announcement today by Frederick G. Lieb, president of the organization.

Press headquarters, Lieb announced, also will be established at the Commodore during the series. Press tickets for these games will be distributed there next Monday morning between 9 and 12 o'clock.

SHADED FURS.
 Shaded furs are seen this season those shading from gray to black or from beige to dark brown being particularly tosy.

STORM CENTERS OVER NEW YORK; TWO ARE DEAD

(By The Associated Press.)
 New York, Sept. 30.—A sixty mile gale, laden with rain, struck New York and vicinity today. Hundreds of bath houses at Rockaway Beach were wrecked and shipping was delayed.

The weather bureau announced that the wind would shift to the northwest tonight and that the temperature would fall.

Albany, N. Y., Sept. 30.—Two lives were lost, property and crops damaged or destroyed and highway and railroad traffic curtailed or interrupted in a rain and wind-storm which has swept New York state since Sunday and in sections was continuing unabated tonight. Local precipitation records have been broken in a number of localities and it is generally conceded the rainfall had been the heaviest in 30 years.

Rivers and tributaries, already badly swollen, were rising tonight. A 10 year old boy met death by drowning tonight at Utica when he fell into the swollen Nail Creek. A woman was drowned near Oswego last night when she leaped from an automobile stalled in a creek.

Cobb, Tiger Head, Got Kick Out of Beating Yankees

(By The Associated Press.)
 Richmond, Va., Sept. 30.—"I didn't win the pennant, but I had the consolation of kicking the Yankees out of the race and I got quite a kick out of that," Manager Ty Cobb of the Detroit Tigers said here tonight.

"We told the Washington club we were pulling for them," Cobb added, "but that we were going to beat them if we could, and also the Yankees. At the close of the campaign we were playing the best ball in the American League."

Cobb plans to go to Washington Friday for the world series.

"If Walter Johnson pitches on a dark day, he'll show the Giants something they haven't seen often," he said. "I won't attempt to pick the winner because so many things can happen in a short series, but I'm pulling for Washington. They are imbued with the competitive spirit and they'll fight hard. Their victory over the Yankees is one of the biggest things in baseball history and will help the game. They will be a tough team to beat next year."

Auto Increase of 20 Per Cent Noted in United States

(By The Associated Press.)
 Washington, Sept. 30.—Automobiles registered in the United States during the first six months of 1924 amounted to 15,552,077, an increase of 20 per cent over the corresponding period of a year ago, the American Automobile Association announced today upon the basis of the semi-annual count made by the United States bureau of public roads.

T. F. Ryan III Is Wedded in El Paso

(By The Associated Press.)
 El Paso, Tex., Sept. 30.—Miss Albert Eaton and Thomas Fortuna Ryan III, were married today at St. Patrick's Cathedral with Reverend Father Henry Buchanan performing the ceremony. The marriage service was very simple and was attended only by relatives and a few of the closest friends of the two families.

Man Is Accused of Organization of Tarring Party

(By The Associated Press.)
 Frederick, Md., Sept. 30.—Mrs. Mary Shank, who yesterday pleaded guilty in circuit court to tarring and feathering 20-year-old Dorothy Grandon at Myersville last July, took the witness stand today, and testified that Harry Leatherman, now on trial on the same charge, was the man who organized the mob which attacked the young girl.

"I'll get the mob," Mrs. Shank said Leatherman told her when the tarring was planned. He then left her, Mrs. Shank said, returning in a short time with six automobiles filled with men.

Quake Registers on Seismographs; Is Felt in Maine

(By The Associated Press.)
 Portland, Me., Sept. 30.—An earthquake of slight intensity, registered on seismographs at Georgetown and Harvard Universities early today, was felt in many parts of Maine. It was the most severe experienced in this state for nearly a score of years.

The shocks were particularly noticeable in Arrostook county towns along the coast to this city and through the inland sections of the state at Bangor, Lewiston and Auburn and as far west as Biddeford. At St. Johnsbury, Vt., there was reported a tremor of such violence that many people were aroused from sleep.

SOCIAL

Farewell Party.
 Mrs. Ida Barglund was the guest of honor at a farewell party held Monday evening at the Rudolph Larson home on Sheridan Road. Mrs. Barglund is leaving soon for Iron Mountain where she will make her home.

A most enjoyable time was had by all of the guests. During the evening delicious refreshments were served. Mrs. Barglund was presented with a beautiful gift by her many friends.

Bridge To Mexico Is Closed Due To Disease in Texas

(By The Associated Press.)
 Laredo, Tex., Sept. 30.—The international bridge was closed here this afternoon by order of the Mexican government due to establishment of a quarantine on account of the foot and mouth disease. Pedestrians only are allowed to cross. Trains, automobiles and all vehicles must be disinfected before being permitted to pass into Mexico.

The quarantine was placed in effect upon receipt of a telegram received by Dr. Alfredo Lopez, sanitary inspector at Nuevo Laredo, from J. Gomez Espanza, chief of the bureau of animal industry at Mexico City. Espanza stated he would come to the border shortly, accompanied by a personnel necessary to organize a prophylactic campaign.

Hatless, barefooted, wearing pajamas with a broad red stripe, and carrying under his arm a parcel resembling a banjo, a man of Brighton, England, was discovered to have walked in his sleep to a village five miles distant.

A GRANDSTAND FINISH!

THE MODEL 91 Overland Touring Car

Came Through With Flying Colors and Finished Its
**50-Hour
Endurance-Economy Run**
At 12:00 O'Clock Yesterday Noon

ON EXHIBITION IN OUR SHOW WINDOWS

How Many Miles Did It Make in 50 Hours? How Many Miles Did It Make Per Gallon of Gasoline? NO ONE KNOWS! THAT'S STILL A SECRET

The motor has been sealed from the start and no one knows the result, not even the drivers. The final result will be known Thursday, Oct. 2nd, when the seal will be broken by the judges who will turn in their report.

Have You Figured It Out? If Not, Do It Today

Here are the facts! The car has run 50-continuous hours without stopping a wheel. The car has been refueled while on the run. Now! How many miles did it make in 50 continuous hours and how many miles did it travel per gallon of gasoline? That's what we want to know. Make a guess. Fill out Coupon here with attached and mail or bring in person to The Wolverine Motor Co., or Daily Press office before Thursday evening at 6:00 o'clock.

Prizes will be awarded to the persons guessing closest to the combination of miles traveled and miles per gallon of gasoline.

Do You Know What A Car Can Do, and Should Do? THEN LET US HAVE YOUR GUESS WHAT THIS OVERLAND WILL DO.

Some cars make 10 miles per gallon, others make 25. Some travel 15 miles per hour, others travel 50 and higher. So it's up to you to figure it out. Then let's have your guess. You are under no obligation, whatsoever.

FILL OUT THIS COUPON TODAY.

"The Governor's Lady"

Here is a picture no man, woman or child should miss seeing. It presents with powerful, dramatic and romantic appeal, a problem dear to everyone's heart. Enacted by a cast of unusual merit.

ADDED

"DON'T HESITATE"—Comedy

AMUSEMENTS

AT THE DELFT

Oswell B. De Mille's newest Paramount production, "Triumph," which closes today its run at the Delft Theatre, has for its central idea the change overnight of a rich man to poverty and a poor man to wealth, with all the dramatic reactions such as that would be sure to entail.

Leatrice Joy, Rod La Rocque and Victor Varconi head the lengthy cast of featured players. Miss Joy and Mr. La Rocque come to "Triumph" direct from conspicuous individual successes in "Ten Commandments" while Varconi is the first actor to come to America from Hungary where he has been a matinee idol for years.

The story by May Edginton, from which Jeanie Macpherson wrote the screen play, told of two men, half brothers, one rich, the other poor, who exchanged positions overnight. DeMille has considerably expanded this material, particularly enlarging the part of Anna Land, played by Miss Joy, who provides the love interest in the original story while the two boys represent two phases of American life and discontent.

As Leatrice Joy portrayed the carefree jazz girl of "Manslaughter," so is she in "Triumph" the type of twentieth century young woman who puts marriage aside for a future consideration and devotes her time to work that will lead to a career, only to find that fame isn't everything.

La Rocque gives his usually satisfying performance and Varconi—this actor will bear watching. DeMille predicts great things of him.

AT THE STRAND

The screen version of David Belasco's stage success, "The Governor's Lady," has been made into a special production for William Fox by Harry Millard, the man who made "Over the Hill" and "If Winter Comes." On the stage the play was a tremendous success and enjoyed an unusually long run.

"The Governor's Lady," from the pen of Alice Bradley, is a powerful story dealing with all the romantic growth of a man who completes his education through his work and contact with big people. His wife is slow in adapting herself to his rapid development. This situation brings out a series of intensely dramatic incidents that have been presented forcefully in the picture.

The story is one that has its parallel in real life, not only political circles but in the lives of big business executives and professional men. "Its fidelity to life is photographic," said the critics, following the Broadway production of the play. The same was said and written when the production went on the road.

The cast includes Robert T. Haines in the role of the Governor and Jane Grey in the title role. Other principals are Ann Luther, Frazier Coulter and Leslie Austen. "The Governor's Lady" comes to the Strand Theatre today.

Women who smoke seem to flare up easily.

Miss Hazel Eden

COMING TO ESCANABA IN BALFE'S MASTERPIECE, "THE BOHEMIAN GIRL."

Miss Hazel Eden, prima donna, Boston-English Opera Co. Artists.

will be heard on Tuesday Night in Balfe's popular opera, "The Bohemian Girl" at the Delft Theatre.

Edward C. Moore of the Chicago Tribune says of Miss Eden: "Miss Hazel Eden is the best 'Artiste' that has appeared on the Chicago stage for the last half dozen seasons. She has a voice of lovely quality, one with character and life to it. It has had excellent training for operatic singing, and she displayed much intelligence in its use.

Miss Edna was formerly with the Chicago Civic Opera Co. 1870—Count Bismark issued a circular disclaiming any intention of reducing France to a second-rate power.

FREE TO ASTHMA SUFFERERS

Free Trial of Method That Anyone Can Use Without Discomfort or Loss of Time.

We have a method of the control of Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Chronic Asthma or Hay Fever, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with Asthma or Hay Fever, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumigations, "patent smokers," etc. have failed. We want to show everyone at our expense, that our method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms.

NEEDHAM STORE IS PRAISED BY TRADE MAGAZINE

Two splendid pictures of the interior of the retail store of the Needham Electric Company are printed in the current number of "Light" Magazine, with the following text:

"Michigan must be famous for its electrical headquarters, for in this issue of Light we show interviews of another attractive and carefully planned store in that state. Company of Escanaba.

"Mr. Needham has just recently completed the work of remodeling and rearranging his store. Each booth has the atmosphere of the room it represents, pictures adorn the walls, the dining room has a table with a percolator and other appliances, the living room has a phonograph, etc.

"Mr. Needham is well pleased with his rearranged store and feels that he has made an investment in attractive appearance that will tell in more customers and more fixture and lamp sales."

TOM SIMS SAYS

Horseshoers held a meeting in Pittsburgh, but we don't know how much chewing tobacco sales increased.

And at the Southeastern Lighting Association convention in Birmingham, Ala., some shocking statements were made by the live-wires.

Hay, of Cleveland, is said to be the most popular radio announcer, but he had better not announce any politics.

The only tax returns in favor of the taxpayer lately was returning part of his income tax. The school teacher with a room full of kids asking foolish questions knows how a presidential candidate feels.

Markets show more timber is being shipped this year. We don't know if this includes presidential timber.

The woods will soon be turning over their new leaves. No man is old until he needs a shave half the time.

Father time has no reverse gear, but just the same he can turn his head around. War brides have organized in Chicago. These are real war brides, not just the fighting variety.

If these Chinese don't quit fighting soon there will be nothing left of China except chop suey.

The fall dances have started, a lot of things. Bad news from London. People in one English town eat six meals a day, which is more like one long meal.

COUNTY TAXES TO BE LOWER

Budget Committee Completes Consideration of Next Year's Funds.

Revision, downward, of the budget for the various departments of the county government, with a consequent reduction in the total funds to be raised by taxation for county purposes, was indicated yesterday when the finance committee of the county board closed a protracted executive session.

Details of the recommendations the committee will make to the board at its October meeting were not made public, nor would any member discuss, specifically, the items in the budget which would be cut. It was said, however, that not all of the items had been cut. Some of them, in fact, were increased.

These increases were made in instances where the departments really have "earned" the money, and whose heads demonstrated to the budget-makers that increases in the expenditures would actually be profitable, in the long run, to the taxpayers.

Economy and Efficiency. "We have had in mind, at all times, the efficient management of county affairs, and the interests of the taxpayers who foot the bills," one member of the committee said last night. "The details of the report will not be made public until the report is submitted to the board for its approval and adoption. I am sure, at that time, it will contain a great deal of material which will prove interesting to the public."

TODAY'S ANNIVERSARIES

1832—Henry Clay Work, who wrote the song, "Marching Thru Georgia," born at Middletown, Conn. Died at Hartford, Conn., June 8, 1884.

1849—A convention met at Frankfort to revise the Constitution of Kentucky.

1858—The lighthouse on Cape Shoalwater, Washington, was first illuminated.

1867—The New York legislature passed an act making the public schools entirely free.

1874—St. Louis was made the headquarters of the United States Army.

1889—The Constitution framed for the new state of Montana was ratified by vote of the people.

1892—England celebrated the centenary of the introduction of money orders.

1923—Yearly conference of Dominion premiers opened in London.

1923—David Baggar, the fugitive "Wolf of Wall Street," was arrested in Mexico.

Marriage Licenses. Marriage licenses have been issued at the court house to the following: Dennis Gravelle and Pearl Albright, Gladstone; Edward Martz and Violet Broumard of Marinette.

Bazaar At Powers. There will be a bazaar and church supper in St. Francis Xavier church in Powers on Oct. 14. A horse, a sheep, a calf, two geese, and a large assortment of fancy work and home-made candy are among the things on the list of premiums and goods to be offered. An excellent supper menu also will be provided.

Vacancies in Army Bands Are Listed

Sergt. I. G. Lee of the Army recruiting office here, has received notice of several vacancies in army bands which will be filled by enlistments. In the list are several vacancies in the First Cavalry band at Marfa, Tex., and the U. S. Military Academy band, West Point, N. Y. Instruments needed are solo cornets, solo clarinets, baritone, solo trombone, bass, solo trombone and French horn. Sergt. Lee is in a position to give further particulars to any young men who may be interested.

Rummage Sale. The Ladies of the Woman's Home Missionary Society of the First Methodist church will hold a rummage sale in the Home Electric Building, Saturday, October 11.

HOW FAT ACTRESS BECAME SLENDER

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One obese actress tells that she reduced steadily and easily by using this new form of the famous Marmola Prescription. Now, by taking Marmola Prescription Tablets several times a year, she keeps her weight just right. All druggists sell Marmola Prescription Tablets at one dollar for a box or if you prefer you can secure them direct from the Marmola Co., General Motors Bldg., Detroit, Mich. If you have not tried them, do so. They are pleasant to take and effective. Adv.

Here! The BRUNSWICK RADIOLA

The Outstanding Musical Achievement of Today

Combining the world-noted Brunswick Phonograph with the superlative in Radio—the Radiola Super-Heterodyne and Regenoflex

WHATEVER may be your conception of the musical possibilities of radio, or of complete home entertainment, you are urged to hear now this remarkable new instrument, the Brunswick Radiola.

For here, combined in joint effort by the leader in musical reproduction with the leader in radio is what world authorities pronounce the outstanding musical achievement of the day.

All the music of all the world at your command

At a turn of the lever, you have radio's greatest thrill—the wonderful Super-Heterodyne or Regenoflex—to bring the mysteries of the air into your home; tenfold possibilities multiplied by the internationally acclaimed Brunswick Method of Reproduction, which now does for radio what it did for music.

At another turn, you have the recorded music of all time at your command—your favorite records played as only a Brunswick can play them.

Nothing in music—music in the making, music of yesterday, today, tomorrow, is thus beyond your reach. Consider what this means to you; the advantage it offers to your children. The superlative in radio, the superlative in phonographic music, in perfect combination.

LANG & HESS MUSIC SHOP

'OPEN HOUSE' AT UTILITY PLANTS

Public Will Be Urged to Inspect Properties Next Week.

"Open house" will be maintained throughout next week by the Escanaba Municipal utilities. It was announced yesterday by City Manager Fred R. Harris.

The citizens of Escanaba—stock holders as well as customers in the water, light and gas plants—will be urged to visit these establishments and see exactly how they are conducted. Competent guides who can explain all the details of the manufacture and distribution of the services will be provided and visitors will be shown all the details of the plants' operation.

A portion of the Rotary and Kiwanis clubs' programs on Monday will be given over to discussions of the utilities, and it is likely that other civic groups will be offered an opportunity to hear more about the properties, and watch the "wheels go round" if they desire.

Further details of the work's activities will be announced today or tomorrow, Mr. Harris said.

OVERLAND CAR'S FIFTY-HOUR RUN IS COMPLETED

The fifty-hour, non-stop run of the Overland touring car, demonstrating the enduring and economical qualities of the machine, was concluded at noon yesterday. The number of miles the car traveled and the quantity of gasoline it consumed will be announced Thursday morning, as will the award of prizes to those who made the closest estimates of distance and fuel consumption.

The car had been running since 10 a. m. Sunday, without stopping the motor. Only one mishap occurred, and that was slight. The "fifty-hour" car was struck by a larger machine and driven up onto the curb. The long-distance driver, however, proceeded on his way as if nothing had happened.

The demonstration aroused considerable interest throughout the city.

NOTICE B. P. O. E.

You are requested to attend a special meeting Thursday evening, Oct. 2, at 8 o'clock.

Arthur Peterson, E. R. 1943-275-21

5 miles from Escanaba, 1 mile west of Fisher Hill.

Children's Defective Vision.

AN examination of the eyes of all the pupils in the public schools in the city of St. Louis, Mo., revealed the fact that of the entire number of the eyes of from twenty to twenty-five per cent needed attention.

Avoid the slightest suspicion that your child has defective eye-sight by having us examine them. Glasses are never recommended unless positively needed.

We can fit that child perfectly from our large stock of glasses.

COME IN TODAY.

Take Care of Your Body
"Get The Auto Habit With Your Body"

Get The Auto Habit With Your Body. "Get The Auto Habit With Your Body" is the slogan of state department of health crusaders...

Decided by One Vote. In 1811 a Rhode Island farmer dabbled to release his pig from a fence...

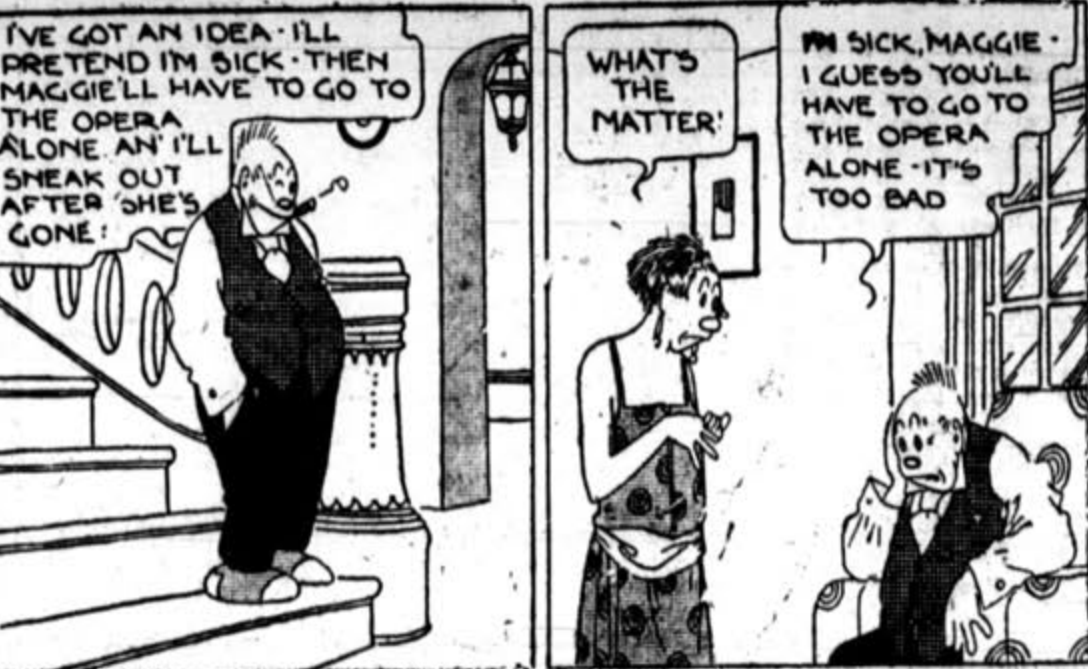

Are you really indifferent about whether we have good government or bad? No! a thousand times no!

Then be sure to cast your ballot this fall. Vote without fail! Vote without fail!

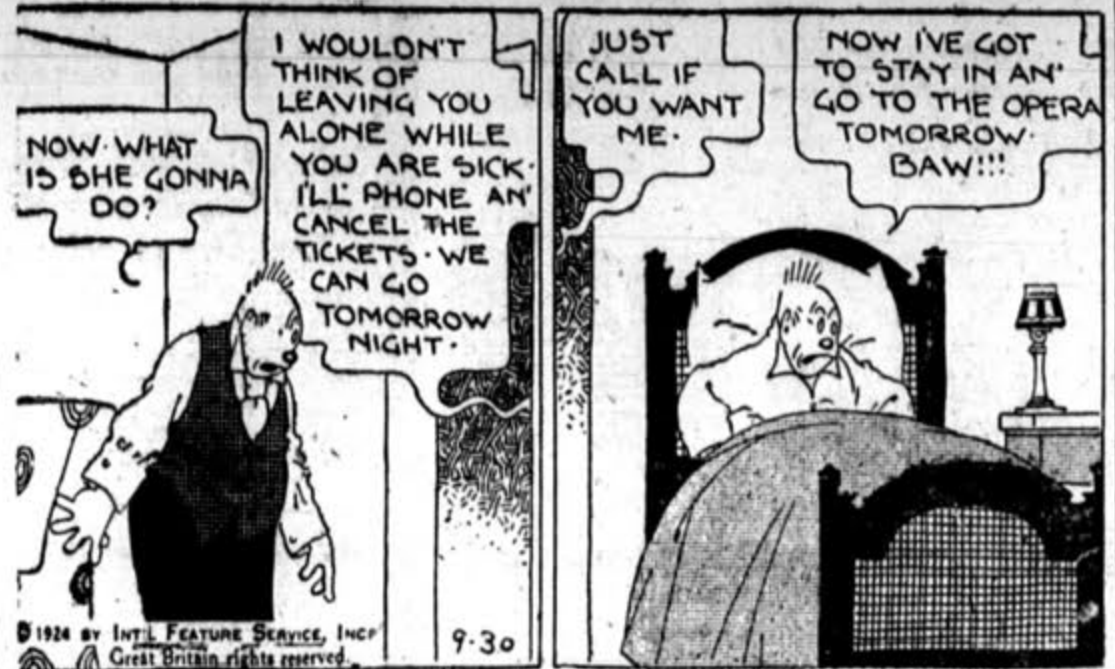

Old timers say two cold, wet seasons are invariably followed by a scorcher. We're willing to be slightly scorched just to prove the old timers' right.

Well, if the Tiges couldn't do it, we're glad Walter Johnson did.

BRINGING UP FATHER

By George McManus

The Piffle Hook

WE ARE HAPPY to welcome the staff poet of "The Progressive Grocer" into full, active membership in "The Knights of Bill Dawes."

FIVE STATES which abolished the death penalty, have now restored it. When we are governor of the State of Superior we shall go a step farther.

A new desk dictionary, the advertisements says, contains sixteen "full-page plates of aeroplanes, architecture, cattle, horses, dogs, birds, fish, fowl, cats, etc."

THE ESCAPADES of Roscoe Arbuckle and Mabel Normand were described by some religious journals as "terrible indictments" of the motion pictures.

SIR: I hope you took due note of the fact that there wasn't a single brown-eyed girl entered in the Atlantic City bathing beauty contest.

THE DRESDEN DOLL. We Forbid You to Reopen That Kneecology Debate!

We object, strenuously, to the remarks of our callers, about the dumb waiter which transports "copy" from our new editorial offices to the composing room.

It is strictly a Puritan dumb waiter. It has never toted "anything save copy, and it doesn't work Sundays.

We aren't boasting, in fact we're willing to accept your expressions of sympathy and to consider any proposals you may have to offer regarding the improvement of its social utility.

A THOUGHT

Only by pride cometh contention; but with the well advised is wisdom.—Prov. 13:10.

Religious contention is the devil's harvest.—La Fontaine.

The Roman Catholic diocese of Quebec is 250 years old today.

street car, where horses still outnumbered the motor cars, she felt as if she had been flung into a great maelstrom from which there was no escape.

THE PHANTOM CREW.

MOTHER LUCY LEAVES CITY

St. Francis Hospital Head Is Transferred to Peoria, Ill.

Friends of Ven. Mother Lucy, superiors of the St. Francis hospital staff for the last six years, will learn with regret that she has been transferred to Peoria, Ill. It is customary in the religious order to which Mother Lucy belongs to relocate superiors every six years.

Her residence in this city has been one of highly satisfactory relations with the public and of marked improvements at St. Francis. The hospital was built under her personal supervision when she was Mother General of the order, and her administrative ability as its head has lifted it, in a few years, to one of the most efficient institutions of its kind in the Great Lakes area. She held the friendship and esteem of all faiths and creeds.

Mother Lucy left Escanaba Tuesday by motor for Menominee where she was joined by a party of sisters from St. Joseph's hospital. They will make the trip to Peoria together.

Her successor at St. Francis has not yet arrived.

SMALL BUCKLE

Very large buckles of last season are rarely seen on pumps this year, but small buckles or ornaments are used to fasten the strap models.

STATE OF MICHIGAN.

In the Circuit Court for the County of Delta, County of Delta, ss.

John K. Stack Company,)

laws of Michigan,)
Plaintiff,)
vs.)
Madge Corcoran,)
Eleanor Corcoran and)
Loretta C. Mickelson,)
Defendants.)

Suit pending in the Circuit Court for the County of Delta, in Chancery, at the City of Escanaba in said County, on the 22nd day of August, A. D. 1924.

Collins, et al., said defendants, Madge Corcoran, Eleanor Corcoran and Loretta C. Mickelson, reside out of the State of Michigan, and that the residence of each of said defendants is as follows, to-wit: Madge Corcoran, Metropolitan, California; Eleanor Corcoran, Metropolitan, California; and Loretta C. Mickelson, Minneapolis, Minnesota.

On Motion of Stanley M. Matthews, attorney for said plaintiff, John K. Stack Company, a corporation under the laws of Michigan, IT IS ORDERED, that the appearance of said non-resident defendants, Madge Corcoran, Eleanor Corcoran and Loretta C. Mickelson, be entered herein within three months from the date of this order; and in case of the appearance of any or all of said defendants, said defendants so appearing cause their answer to this Bill of Complaint to be filed, and a copy thereof to be served on said plaintiff's attorney within fifteen days after service on such defendants of a copy of this Bill of Complaint and notice of this order; and in default thereof that said bill will be taken as confessed by said non-resident defendants, Madge Corcoran, Eleanor Corcoran and Loretta C. Mickelson, at least twenty days before the time prescribed for the appearance of said defendants; Madge Corcoran, Eleanor Corcoran and Loretta C. Mickelson.

RICHARD C. FLANNIGAN, Circuit Judge.

S. M. MATTHEWS, Attorney for Plaintiff.

LITTLE JOE

IF KNICKERS HAVE TO BE WORN IT'S BETTER FOR THE LADIES TO WEAR THEM THAN THE MEN

SCOUTMASTERS WILL ORGANIZE ASSOCIATION

A well attended Scoutmaster's meeting was held at the home of the Scout executive Monday night, at which time activities for the coming months were gone over and decided upon.

A Scoutmasters Association was formed with Ray Shaw as the executive chairman for monthly meetings of the Scoutmasters and their wives. A Scout leaders' training course was also decided on for the near future.

Among other activities decided on are the following:

Collection of books and magazines for the Tuberculosis Sanatorium and Poor Farm; repair of Christmas Toys; formation of a basket ball league; and a bugle and drum corps.

Plans were also discussed for the building of an all year Scout cabin in some suitable location near at hand where each troop could take its turn at a week-end overnight hike.

October 14 was decided as the date for a Scout rally and court of honor at which time parents and friends are invited to witness the award of honors earned at camp.

The meeting broke up after doughnuts and coffee had been served.

Los Angeles forger won't have any expenses to worry him for 10 years, according to a judge.

A Word to the Wise

In March I was called to the bedside of my sister in Brewton, Alabama. She was given up to die and was almost dead. Talked in a whisper. Doctors said nothing but an operation would save her and she was to weak for that. Her color was filled with gas. That day I heard of Mayr's Wonderful Remedy and went and got a bottle for her. In three weeks she was able to be about and walked a mile to church. I am praising your medicine to everyone." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale By Druggists Everywhere. Adv.

TO WHOM IT MAY CONCERN:

PLEASE TAKE NOTICE that the Escanaba Power and Traction Company has filed with the Michigan Public Utilities Commission a schedule of electric rates, of which the following is a copy, and that the matter of the approval of said schedule will be brought on for hearing before the said Commission, at its office in the city of Lansing, Michigan, on the 10th day of October, 1924, at one o'clock in the afternoon, at which time all persons interested therein may be heard.

Dated at Escanaba, Michigan, this 30th day of September, 1924.

ESCANABA POWER AND TRACTION COMPANY.

By J. B. MORAN, President.

ELECTRIC RATES

ESCANABA POWER AND TRACTION COMPANY, ESCANABA, MICHIGAN.

EFFECTIVE October 1st, 1924.

ELECTRIC RATE SCHEDULE AND LIGHTING SCHEDULE "A"

RATE—

First 40 KWH per month at 10c per KWH.

Next 100 KWH per month at 6 1/2c per KWH.

Next 200 KWH per month at 4c per KWH.

Next 300 KWH per month at 2 1/2c per KWH.

Next 400 KWH per month at 2 1/4c per KWH.

Next 500 KWH per month at 2 1/2c per KWH.

Next 600 KWH per month at 2 1/2c per KWH.

Next 700 KWH per month at 2 1/2c per KWH.

Next 800 KWH per month at 2 1/2c per KWH.

Next 900 KWH per month at 2 1/2c per KWH.

Next 1000 KWH per month at 2 1/2c per KWH.

AVAILABILITY.—Power at secondary voltages for all purposes, such as motors, heating, battery charging, moving picture machines, wireless, and lighting, 24-day machines in installation up to 50 HP connected load. In the case of installations of 25 HP or more incidental lighting not exceeding 25% of the assessed power demand shall be included in this rate. The assessed power demand shall be determined as in schedule "C". The customer shall bear all expense necessary to install and maintain the use of power for lighting, and shall so distribute the lights between phases as not to unbalance the phases more than 10%.

PROMPT PAYMENT DISCOUNT.—An addition of 10% will be made to the above rates at the time the bill is rendered, which shall be allowed as a discount for settlement of the account on or before ten days after date of the bill rendered.

MINIMUM MONTHLY CHARGE.—The net per horsepower for the first 10 HP (Mfrs. Rating) plus 50c net per HP for all over 10 HP. In no case less than \$1.50 net. Where the company is unable to read meters after a reasonable effort, the fact will be plainly noted on the monthly bill, the minimum charge of kilowatt number of kilowatts input into the apparatus.

General Power Schedule "C"

Alternating current at primary or secondary voltages for installations in excess of 50 HP.

RATE—Demand Charge:

First 40 Kilowatts \$2.00 per month per KW.

Next 100 Kilowatts \$1.50 per month per KW.

Next 250 Kilowatts \$1.00 per month per KW.

All over 500 Kilowatts \$0.50 per month per KW.

Plus an Emergency Charge of:

First 20,000 KWH per month 2c per KWH.

Next 10,000 KWH per month 1.5c per KWH.

Next 10,000 KWH per month 1.2c per KWH.

Next 10,000 KWH per month 1.1c per KWH.

Next 50,000 KWH per month 1.0c per KWH.

Next 50,000 KWH per month 0.9c per KWH.

CLIFTON COOK WINTERED HERE

Ill-Fated Whaleback Carried Whole Family to Graves in Lake Huron

Sam Stevenson, steward on the ill-fated whaleback freighter Clifton, lost in Lake Huron early last week, was ship-tender on the ore-carrier, Senator, while she was tied up in the Escanaba harbor last winter; it was learned here yesterday Stevenson's home was in Benton Harbor. He, with his wife and baby, lived throughout the winter on the Senator and had a good-sized circle of acquaintances and friends in this city.

Mrs. Stevenson, who had sailed with her husband for many years, and their baby, were among those lost in the Clifton disaster, which took the life of Roland Witt, another Escanaban.

The discovery of wreckage of the boat, and the fact that no survivors have been found in the week of strenuous searching, makes it virtually impossible that any of the ship's crew or passengers escaped, marine men agreed yesterday.

DON'T DO THIS

When a man gets in a street car he must not take a seat if there are ladies standing. On the other hand, he need not rise to give his seat to a woman unless she be elderly or carrying a baby.

This Home Brew Had Plenty of Wallop, Chemist Discovers

Seventeen bottles of home-brewed beer, samples of which disclosed an alcoholic content of 11.85 percent by volume were confiscated yesterday afternoon by the Escanaba police in a raid on the bird and pet store operated by Jack Barrett in the 400 block, Ludington street. Search warrants for the establishment were based on sales affidavits.

Another lower Ludington street establishment was raided at the same time but no liquor was found. The sale affidavit in this case probably will be turned over to federal authorities to supplement other charges now pending against the woman proprietor.

David R. Francis, governor of Missouri, cabinet officer, and U. S. ambassador to Russia, born at Richmond, Ky., 74 years ago today.

Mrs. Annie Besant, famous Theosophist and one of the leaders in the movement for home rule in India, born in London, 77 years ago today.

Today's Events.

This is St. Dunstan's Day for the blind.

Greetings to Mr. and Mrs. William Jennings Bryan, on their 40th wedding anniversary.

The advisability of a national association of bank auditors will be considered at a conference to be held in Chicago today in conjunction with the American Bankers' Association convention.

Prominent representatives of the commercial, industrial, transportation, and agricultural interests of the entire South will assemble in Atlanta today for the annual meeting of the Southern Commercial Congress, the sessions of which will continue until the end of the week.

CONVENTIONS OPENED TODAY:

Buffalo, N. Y.—New York State Historical Association.

Muskegon, Mich.—League of Michigan Building & Loan Associations.

Arlington, N. J.—Christian Endeavor Societies of New Jersey.

The Importance of a "Right" Labor Policy

In his new book, "The Organization of Modern Business", W. R. Bassett says:

"One hears a good deal about the iron heel of capitalistic despotism squeezing blood profit out of the poor, down-trodden worker. But, I have yet to discover a company that became really prosperous when operated on the lemon-squeezer principle."

The Standard Oil Company (Indiana) long since appreciated the essential value of putting the "right" labor policy into practice. And such a policy is as important to the community as it is to the company.

"The only way to achieve a "right" labor policy is to consider it in its broad aspect as affecting the whole social fabric. Consumers as well as employers and employees profit by industrial peace. The public as a whole suffers when an industry does not afford economic protection to its workers and their families.

The Directors of the Standard Oil Company (Indiana) in every policy they institute, consider all parties involved—consumers, stockholders, workers, and the public as a whole.

The keystone of this Company's policy is that all must be benefited by its existence as an industrial organization.

One of the latest plans by which the Standard Oil Company (Indiana) has recognized the partnership of its workers, is to establish a death benefit plan for the dependents of its employees. It must be clearly recognized that this policy is not a benefit solely to the employees. It benefits, indirectly, every one in the community because it is a forward-looking, sound, economic measure.

A sage summary of the service rendered by this measure is given by the Lapeer, Michigan, Clarion:

"The Standard Oil Company (Indiana) has insured the lives of its 25,000 employees. The insurance costs the employees nothing. The Company pays the premiums.

"Here we have a splendid example of the new spirit which is pervading industry, and which if persisted in must eventually level the barriers that often lie between employer and employee.

"There may have been a time when corporations exploited their employees and yielded to them in better wages and working conditions only as they were forced to do so. Possibly a number of this type of corporation survives, but they are passing. Mutual distrust and antagonism is giving way to mutual friendliness and co-operation. If a social revolution ever threatened this country, the menace is fading. The ground is too barren.

"This single generous act of the Standard Oil Company will do more to sweeten the relations between capital and labor than all the propaganda in the world."

The Enamel that Enriches the Beauty of the Home

THE value of an enamel is determined not only by its original beauty—but also by its durability. Will the colors hold their freshness? Will the gloss and brightness last? Devoe Mirrolac Enamel is radiant, beautiful, when applied, and for a long time afterward, in wall, Purify of tone and color, is assured by the use of a snow-white base, treated with the purest of tints to develop beauty, strength, and permanence of color.

The murky room, that gloomy corner, that cheerless piece of furniture, make them all bright and beautiful again with Devoe Mirrolac Enamel. Durable, sanitary, easily washed, supreme in quality as well as charm.

Remember, the quality of the product, determines the kind of a job you get!

O.P. LEADERS WILL GATHER AT MANISTIQUE

Arrangements are being made for a gathering of Republican Party leaders...

ASSAULT CASE IS POSTPONED FOR TWO WEEKS

The examination of William Rice, charged with assault on Helen Bruseau, is postponed...

Start Digging On Water Extension

Excavations were started this week for the new water extension authorized by the Manistique city council...

CITY BRIEFS

The M. E. Aid will meet Wednesday afternoon, October 1, in the church recreation rooms...

Rudolph Larson of Iron Mountain was the guest of his parents, Mr. and Mrs. John Larson...

Miss Lillian Carlson has returned from Rochester, Minnesota, where she accompanied her father...

Norman Stauffer, who has been employed at the Buick plant in Flint for the past year or more...

Mr. and Mrs. William Roberts and Mr. and Mrs. Roy Roberts and baby were expected to return yesterday from a motor trip to Mosinee and other points in Wisconsin...

Mr. and Mrs. James Christensen returned Monday from a motor trip to Rhineland, Wisconsin, where they were the guests of friends...

Steve Barnes has returned from Detroit for an indefinite stay at his home in Manistique...

Another water extension, connecting a "dead end" to Cedar street has also been authorized...

Default having been made in the conditions of a certain mortgage, made by A. C. Westrom and Daisy Westrom...

Two bottles of liquor were found in the possession of Marvin Congdon of Cooks, who was arrested at Manistique Monday evening...

Evidence that the liquor in the bottles was intoxicating was seen in Congdon's condition, and he was taken to the city jail...

He claimed to have purchased the liquor from an unknown stranger, who professed to know him, and addressed him as "Jack"...

Congdon was arraigned before Justice of the Peace W. A. McKinney on Tuesday, charged with unlawful possession of liquor...

Preparations are being made for an Autumn Dance at the Elk's Temple, Manistique, to be given on Friday evening of this week...

This will be the first dance of the season given by Manistique Elks, and the entertainment committee is making special efforts to insure its success...

Dancing will begin at 9:00 o'clock sharp, and the other recreational equipment at the Elk's club rooms will be made available for those who attend the dance...

Special autumn decorations for the occasion will be provided by the committee in charge...

An attendance of from 50 to 60 couples is expected...

Cards and dancing furnished the entertainment at a surprise party given Saturday evening by friends of Mrs. Albert Dean of Manistique in honor of her birthday...

Mrs. Dean was the recipient of many useful and attractive gifts. About 25 people were in attendance at this pleasant surprise party...

Also, some seem to think the ship of state is a hot-air ship. Anyway, it's sometimes all up in the air...

An Atlantic liner was recently fumigated at a cost of \$5,500, and seven rats were caught, at a cost of about \$800 per rat...

5,000 CAMPERS IS ESTIMATE OF CARETAKER

According to the estimate of Julius Barnhart, caretaker at the Schoolcraft county Indian Lake camp site, more than 5,000 people camped there during the 1924 tourist season...

Mr. Barnhart made the rounds of the tented village at the Chesbrough Landing site regularly every evening, registering all tourists on the grounds, and now has a list comprised of 4,300 names, not including children and the many women who failed to register...

Three troops of Gladstone Girl Scouts held a joint meeting Monday night at the Community house for the benefit of their leaders, council women, sponsors and other women of the community interested in the work...

Three troops of Gladstone Girl Scouts held a joint meeting Monday night at the Community house for the benefit of their leaders, council women, sponsors and other women of the community interested in the work...

Officers and ladies of the W. B. A. at Manistique will have the opportunity of meeting the Supreme Commander of the organization, Miss Bina M. West, on Saturday of this week...

Miss West is also vice president of the National Fraternal Congress of America and a member of the National Republican Executive Committee...

Definite assurance that the party will be here on Saturday, October 4, has been received by local W. B. A. members, and further information regarding the meeting with the supreme commander will be supplied by Mrs. Ray Thornton or Mrs. Fred Williams of this city...

Michigan state highway department inspector, arrived in Gladstone yesterday morning in the interests of the state department's part of the Ninth Street paving construction...

Mr. Gardner, of Ann Arbor, Michigan state highway department inspector, arrived in Gladstone yesterday morning in the interests of the state department's part of the Ninth Street paving construction...

All those having articles to donate for the rummage sale which will be held October 11, 13 and 14 by the ladies of the Episcopal church, at the Huber building, 705 Delta avenue are asked to call Mrs. Leonard Clapp, or Mrs. Charles Slings, 703-275-71.

St. Louis—Failure of the Browns' pitching staff, local sport writers agree, explains the team's rather disappointing record for the 1924 season. When the team entered its training camp at Mobile last spring, it was the general belief that the St. Louis American League pitchers would give a good account of themselves during the 1924 pennant struggle...

In addition to the reliable Shocker, Danforth, Vangilder and Davis, of last year's record, Manager Sisler could count upon Ernie Wingard, left-hand recruit who joined the team during the training season...

Wingard came up to expectations for his record of games won and lost up to September 6 showed 14 and 10, considered a satisfactory record for a recruit who had just begun his career as a major league player. He and Dave Danforth are the only pitchers of the Browns who have shown any consistency in winning ball games...

Shocker faltered, his record being a little better than 500. He boosted his record to 15 won and 12 lost, an unfavorable average for the veteran spitballer, critics assert, in comparison with previous years...

Dixit Davis, performance also has been below his previous records. Another disappointment to home fans was caused by Elam Vangilder, who early in September had won but four games. His loss column then totalled eight. The remainder of the pitching staff, including Ray Kolp, Hubert Pruett, Lyons and Grant contributed few games to the Browns' win column...

Herds of muskox are reported within a day's run of the north shore of Great Slave Lake.

Pythons and box constrictors are purchased by the yard by museums.

Poppies eaten with honey made a delectable dessert for the old Roman families.

There may be a lot of money hidden in old stockings, but there isn't anything hidden in the new ones.

In 1922 the cotton ball weevil covered 22,386 square miles of new territory.

BID \$16,283.30 FOR GERMFASK BRIDGE PROJECT

Three bids were received at the office of the Schoolcraft county road commissioners on Tuesday for the construction of a bridge over a branch of the Manistique River near Gernfask, on trunk line 98.

The Churnus Construction Company, successful bidders for the Driggs bridge job, were the lowest bidders on the Gernfask bridge project. The amount in their proposal was \$16,283.30. The Graham construction company was next, with \$16,796.95 and Harry Erikson of this city third, with \$16,845.90.

This is the second time that bids were received on the above project. All those received at the first advertising were rejected by the state highway department.

THREE SCOUT TROOPS HOLD DEMONSTRATION

Three troops of Gladstone Girl Scouts held a joint meeting Monday night at the Community house for the benefit of their leaders, council women, sponsors and other women of the community interested in the work.

The meeting was conducted in the same manner as the regular meetings and was opened by a salute to the flag. This was followed by a recital of the Scout creed and the singing of one verse of the Star Spangled Banner.

About half an hour was spent in Morse code drills and in games involving a knowledge of Morse code and the Scout law. Each troop then presented a series of impromptu stunts, one of which included a model troop meeting.

The program ended by a short business meeting and the singing of Scout songs.

Miss Lucena O'Connor, scout executive, conducted the meeting, assisted by Miss Ethel Bennett, Gladstone leader.

The demonstration was well given and credit is to be given to the girls and their leaders for the fine manner in which they handled the program.

State Highway Inspector Here

O. D. Gardner, of Ann Arbor, Michigan state highway department inspector, arrived in Gladstone yesterday morning in the interests of the state department's part of the Ninth Street paving construction...

Night School To Start on Tuesday

Night school at Manistique will open for the fall term next Tuesday evening, October 7, according to the announcement of Supt. A. F. Hall. As before, the sessions will be held in the high school building.

An efficient teaching force from the school faculty has been selected by Supt. Hall, and the accommodations will be ample for almost any number of pupils that can be enrolled.

The first night school term extends through a period of ten weeks, with two sessions each week, usually arranged for Tuesday and Thursday evenings. Several of the last year's night school students plan to re-enter on Tuesday evening.

A wide variety of subjects will be made available this year, in addition to the citizenship and Americanization course. Special efforts are being made to enroll people of foreign birth, so that they may learn more of the U. S. customs and government.

Ladies Tender A Surprise Party

About 25 ladies of the Swedish Lutheran Church attended a surprise party on Mrs. John Erickson, given at her home on Pearl Street Monday afternoon to celebrate her birthday.

Delicious refreshments were served, and a pleasant social afternoon enjoyed. Mrs. Erickson was presented with a very pleasing gift by her friends.

Grasshoppers Like Alcohol, Is Report

Olympia, Wash.—In a campaign to exterminate grasshoppers in Okanogan county, of this state, it was found that a mixture used to poison the insects became so attractive when fermented that it was 50 to 75 percent more efficient. The mixture is composed of molasses, arsenic, lemons, oranges, bran and sawdust.

It was first used freshly mixed but when some that had been left over night and developed alcohol was spread over the ground as an experiment, it was found of enhanced allurements.

THE GREATEST LIAR IN THE WORLD IS THE GENT WHO WROTE THE COOK BOOK

Herds of muskox are reported within a day's run of the north shore of Great Slave Lake.

Pythons and box constrictors are purchased by the yard by museums.

Poppies eaten with honey made a delectable dessert for the old Roman families.

There may be a lot of money hidden in old stockings, but there isn't anything hidden in the new ones.

In 1922 the cotton ball weevil covered 22,386 square miles of new territory.

MRS. FORBES RETURNS FROM STATE MEET

Mrs. Fred G. Forbes has returned from Petoskey, Michigan, where she attended the convention of the Michigan State Federation of Woman's Clubs as the representative of the Child's Welfare club.

Mrs. Forbes returned here Sunday, in company with Mrs. Forbes and their children, who motored to Petoskey to make the return trip with her.

Over 500 delegates and visitors, from all parts of the state were present at the convention, these including eleven officers, five past presidents, two General Federation officers, 25 district presidents and chairmen, 328 delegates and 97 visitors registered, in addition to many who were not registered.

The keynote of the convention was "Individual Responsibility," and the splendid program carried out during the sessions, was arranged with this in mind.

One of the features, Mrs. Forbes reported, was a talk by Miss Ella Petoskey, grand-daughter of Chief Petoskey, for whom the city was named. She served as Mrs. Russell's page and appeared in the costume of Minnehaha worn by her in the play, "Hiawatha." Another feature, much enjoyed, was the appearance in concert of Phillip Abbas, cellist with the Detroit Symphony orchestra, and one of the three great cellists in the world.

The addresses given at the convention by state workers in Woman's Club activities were splendid and every one an aid and an inspiration to those present. The hospitality shown throughout the city also did much to make the convention a thoroughly enjoyable affair.

Resolutions: Passed. Twenty-three resolutions all of them on matters of importance at the present time, were passed by the club during the four-day sessions.

The meeting was a success throughout from the standpoint of enthusiasm and accomplishment.

A complete report of the convention will be given by Mrs. Forbes at the regular meeting of the Welfare Club.

FUNERAL OF GARY BURDICK HERE TODAY

Funeral services for Gary Burdick, 57, Grand Rapids man, who passed away Sunday night at the home of his niece, Mrs. Isaac Wood, of this city, will be held this afternoon.

The services will be at the home, 1310 Superior avenue, at 2 o'clock, the Rev. J. M. Bolton, Presbyterian pastor, officiating. Following the services the funeral procession will go to Escanaba where burial will be made in Lakeview cemetery.

Relatives and close friends will be pallbearers.

CLOSE SHAVE SAVES STAR OF "EAST IS WEST"

Hair-breadth escapes, one of which is distinguished by a unique comedy touch, are to be seen on the screen this week at the Lyric theatre during the run of "East is West," the first National attraction in which Constance Talmadge is starred as Ming Toy.

Ming Toy and Billy Benson are fleeing from the armed guards of the "love boat," where she would have been sold at auction had it not been for the timely interference of the young American, when they dart into a Shanghai barber shop.

One child in 50 was a high school student in 1923.

VIOLA DANA FILM TELLS MERRY STORY

Viola Dana's newest Metro picture, "Don't Doubt Your Husband," directed by Harry Beaumont, is announced as the attraction at the Community theatre today. It tells the story of a young couple who have been hitting all the bumps that can be found on the matrimonial road as it exists in smart, swift suburban society. Miss Dana is the suspicious wife who notices that her husband is more interested in the interior decorator's ankles than in the decorations and stirs up a storm of racy entertainment.

Forty Hours IS BROUGHT TO A CLOSE

Forty Hours devotion services which opened Sunday at All Saints' Catholic church, came to a close last night at the services at 7:30 o'clock. The Rev. Father R. G. Jacques, pastor of St. Anne's church of Escanaba, gave the closing sermon.

The special services which closed last night have been drawing large numbers of the congregation and the church has been crowded each evening.

Nine pastors assisted at the devotions, in addition to the Rev. Father Sebastian Maler, pastor—the Rev. Father R. G. Jacques, St. Anne's Escanaba; Rev. Father Albert Pellissier, St. Anne's; Rev. Father Daniel Linfert, St. Joseph's, Escanaba; Rev. Father John Mockler, St. Patrick's, Escanaba; Rev. Father Joseph Guertin, Rapid River; Rev. Father Francis Geymet, Flat Rock; Rev. Father Jutras of Schaffer and the Rev. Father Colgnard of Perkins.

Forty Hours opened Sunday morning at the Exposition at the High Mass, with special opening services in the evening at 7:30 o'clock. The opening sermon was delivered by the Rev. Father Guertin. At the services Monday evening an eloquent sermon was given by the Rev. Father Linfert and the closing sermon last night was given by the Rev. Father Jacques.

In addition to the evening services two masses were held each morning during the devotions, at 6 and 8 o'clock with Holy Communion at 7 o'clock, and visits were made to the church at every hour during the day.

MINNESOTA PAVEMENT IS PRAISED

Gladstone has an exceptionally durable stretch of pavement with a fine finish in the Minnesota avenue job," was the comment made by T. W. Wassen of Detroit, Portland Cement Association service man, who visited the city yesterday.

Mr. Wassen, who is interested in the standard of cement used in pavement construction, arrived here after the work was done. He was shown the work done, however, through the courtesy of Manager F. R. Buechner, and his comment following was that the pavement was well within the standards which the cement people are desirous of having maintained in all cement construction work.

NICK ALTROCK HEAVES PILLET TO BOSTONIANS

Crowd Is Delighted by Antics of Solon Clown-Coach.

(By The Associated Press.)
Boston, Sept. 30.—The Washington Senators, assured of the American League pennant by their victory over the Red Sox yesterday, let down today in the final game of the series and of the local season and Boston won a farcical game, 13 to 1.

Spears pitched for the Senators for six innings and assumed the stigma of losing pitcher. "Nick" Altrock, Washington's clown-coach, took up the burden and held the home team to one more run. The rain, gathering at Fenway Park, reporters of the Senators throughout the series, cheered the antics of the comedy pitcher.

Altrock scored Washington's single run in the eighth on a three-base hit and an infield out. By winning today Boston ends the season in seventh place. Ferguson and Ehmske pitched for the Red Sox.

Navy Will Journey To Ann Arbor Next Year

Contest Next Year

(By The Associated Press.)
Ann Arbor, Mich., Sept. 30.—The football game between the University of Michigan and the United States Naval Academy which has been arranged for Ann Arbor in 1935, probably will be played on the last Saturday in October, Fielding H. Yost, director of athletics, announced tonight.

As far as is known this is the first time the navy football team scheduled a game this far west during the football season. Because the rules of the navy permit but one game away from home each season, Michigan will replace Princeton on the navy schedule next year, it is reported.

It was a mean trick making those round-the-world flyers go to banquets after the other hardships were over.

No one wants to pay more for wearing apparel than necessary

Then why pay seven when five dollars gets you the Gordon hat

Between 1919 and 1929 the South lost 363,916 negro workers.

CLASSIC PLAYS OF GRIDIRON

Famous Coaches Tell of Greatest Thrills.

BY R. A. COWELL.
Football Coach, University of Mississippi.

PERCH yourself up where I was on the score board, with a wonderful lengthwise view of the football field at Urbana, Ill., below. Illinois and Chicago were engaged in a Western Conference battle before 15,000 frenzied fans, a capacity crowd for that field. For it was the season of 1914 and Illinois was still 10 yards removed from the great stadium that now dwarfs the old field by comparison.

The whistle blew for the second half. Chicago kicked off. And without preliminaries the greatest play I have ever seen on any football field was being reeled off. "Potsy" Clark, Illinois' great back, received the kick directly in front of the goal posts and inside the five-yard line.

That was as pretty a piece of team-play as a lover of the game could wish to see. Eleven men acting as one. Perfect timing. Perfect coordination. Perfect execution. Anyone witnessing that play must have been impressed as I was with the superior power of 11 driving together over 11 individuals going their separate ways.

DEMOCRATS ARE GATHERING FOR STATE MEETING

Continued From Page One.

strength in state and Wayne county Democratic gatherings in the past, may stand with or against the wet proponents. If he favors the Wayne attitude a test of strength between these party leaders is in prospect.

Many of the visiting delegates attributed to the Wayne delegation a lack of finesse in bringing the wet and dry issue so forcibly to the front. With Dean Mortimer E. Cooley as the party's candidate for United States senator they asserted that the wet sentiment expressed in Wayne was an open invitation to the dry Republicans to stay away from the Democratic ticket and support Detroit's Republican candidate, Senator James Couzens.

Although Comstock tendered his resignation as state chairman when he became a member of the national committee, the central committee today insisted that he remain on the job until the expiration of his term. This apparently obviates the necessity of the convention choosing a new chairman.

The central committee filled two vacancies on the party's slate of presidential electors. Miss Kate Carlisle, of Saginaw, was named as the elector from the eighth district and Robert E. Banker of Muskegon, was appointed from the ninth.

A set of resolutions has been tentatively drafted by the central committee organization. It takes a mild slip at the state police, endorses the gasoline tax, censures the state and national administration, emphasizing charges of autocracy and extravagance against the centralized state government, and declares for non-interference with the constitutional rights of citizens. That is as far as it goes at present on the Ku Klux Klan issue. Whether the resolutions will be accepted tomorrow by the convention remains to be seen.

Saint Joseph's to Be Idle Saturday; Postponement Cause

Postponement of the game which St. Joseph's high school football team was scheduled to play with St. Norbert's high at De Pere, because of conflicting attractions at the Wisconsin institution, has placed the Saints on the idle list for next Saturday.

Coach George W. Carr is attempting to fill the gap, but had not succeeded last night and it seemed probable that he would not be able to find an engagement for his purple battlers.

Bud Wurlley, star halfback of the Saint Joe team, was forced out of last Saturday's game with a strained ankle, was back on both feet at last night's practice session and all the other minor bruises of the battle had disappeared.

Michigan Varsity Starts Scrimmage With Scrub Team

(By The Associated Press.)

Ann Arbor, Mich., Sept. 30.—The noise of battle floating over the closed walls of Ferry field today told that the Michigan coaches were preparing a powerful reserve to aid in the coming quest for Western Conference football honors.

Scrimmage today called into action the reserve strength against Coach Fisher's scrubs. But among those men who went into action there are still 11 who are disputing their places on the varsity and may at any time be in the first ranks.

WORLD INDUSTRY IS COMING BACK COOLIDGE CLAIM

Continued From Page One.

It is not so many years since banking was a good deal of a mystery, even to the majority of business men. Nowadays, thanks to the policy of leading banks in taking the public into their confidence and discussing their problems in simple and understandable fashion, the mystery has largely disappeared.

"In its place have come confidence and understanding, which make for the best interests of both the bank and its customers. "One incident to this new attitude is the general appreciation of the federal reserve system's usefulness. It has demonstrated itself as the stabilizing and unifying factor of our monetary and financial structure, during a period which, without it, could certainly have been marked by distress and disasters. Instead of these, we have seen our monetary system accepted as the world's standard.

"Our financial establishments assumed from year to year a constantly larger part and significance in the realm of international business and financing. This is an inevitable result of conditions which have placed in our hands so great a control over the world's reserves of credit and monetary capacity. "Welded with the same wisdom and care in the future as heretofore, the forces will contribute powerfully to the rehabilitation of money systems of credit, and of business, throughout the world. They will do this, moreover, to the advantage both of our own country and of others.

"I feel therefore that in extending my good wishes and confidence to the great banking interests of America, I am also expressing a generous and helpful purpose toward the concerns of sound business everywhere. "There are multiplied evidences of improving conditions throughout the business structures of the world. American leadership, faith and ready helpfulness have contributed largely to bringing about this improved outlook. So it is fitting to extend congratulations to you American bankers upon your accomplishments of the past, and likewise upth the bright prospect that opens before you."

ATTEND THEATRE.

Chicago, Sept. 30.—The American Bankers Association in convention here today heard speeches by the president of the organization, Walter H. Hoed, E. T. Meredith, secretary of agriculture under President Wilson, and John D. Phillips, president of the State bank division. Tonight the delegates attended theatre parties as a means of relaxation from what many of them described as a most "serious" convention.

Rain Halts All Eastern Sports

(By The Associated Press.)

New York, Sept. 30.—Rain today dealt a knockout blow to sporting activities. Baseball, boxing, cricket, polo and horse racing programs all were shelved because of a heavy downpour.

In Philadelphia, the dethroned baseball champions, the New York Yankees, were forced to cancel a double header with the Athletics, which was to have marked the season's close. The international cricket matches were halted and the welterweight title bout between Mickey Walker, the champion, and Bobby Barrett, was postponed until tomorrow night.

Washington's Baseball Fans Await Series

Continued From Page One.

Maryland, Virginia and other parts of the south want to see the Senators battle the Giants," declared Mr. Eytton, "and our club faces a formidable task in trying to squeeze the multitude of ticket seekers into space which probably will be limited to 37,000, even with additions we will provide."

Commissioner Landis displayed characteristic enthusiasm over the prospect for the series, which, for the first time since he became diamond dictator, will involve a club outside of New York.

The gray haired commissioner fan sticks to neutrality but, warming up to the outlook today, he predicted it would be a "ripping series." He left for Washington this afternoon to take part in the home coming celebration planned in the capital for the Senators tomorrow.

White Sox-Cubs in Annual City Series

(By The Associated Press.)

Chicago, Sept. 30.—The White Sox and the Cubs start their annual city series battle at the Cubs park tomorrow, with the odds slightly favoring the American Leaguers. The teams will engage in six games.

Manager Kellifer of the Cubs said tonight that he would start Pitcher Grover Cleveland Alexander tomorrow, while Manager Evers of the Sox indicated that Urban Faber would be his pitching selection.

MARKET NEWS

SLIGHT GAINS MADE BY FEW; RAILS HIGHER

(By The Associated Press.)

New York, Sept. 30.—Active buying of the standard industrial imparts a firm tone to closing prices in today's stock market after an early period of considerable irregularity. Net gains as a rule were small.

Chief speculative interest centered in the southwestern rails, several of which attained new peak prices for the year on buying influenced by high current earnings and merger developments.

Higher call money rates brought about some selling by professional traders in the early dealings, but it failed to bring out much long stock and was eventually abandoned except in issues in which unfavorable developments are reported to be pending. Extensive gasoline price cuts along the Atlantic seaboard had a temporarily depressing influence on the oil shares.

Declaration of only the regular quarterly dividend of 1 1/4 per cent on American Can was followed by heavy selling by bear traders, apparently on the theory that the failure of the directors to authorize an extra payment would result in liquidation by tired holders of long stock. They succeeded in hammering the stock down to 12 1/2, but it was taken up as quick as it was offered and the price soon rallied to 129 1/4, easing slightly below that figure at the close.

There were several points of strength in the railroad group. Large blocks of North American again changed hands around 35. Revival of speculative interest in the motors and motor accessories resulted in Stewart Warner being lifted up nearly 3 points to 60 1/4 and a net gain of one point in Timken Roller Bearing. Copper stocks improved slightly on reports of a better demand for the red metal. Several strong spots again developed in the public utility group. Consolidated Gas of Baltimore continued its rapid climb to a new top at 151.

Call money renewed at 2 1/4 per cent and held at that figure all day. Time money and commercial paper rates held firm with business quiet.

Foreign exchanges responded favorably to reports of progress in connection with the flotation of the German loan. Demand sterling ruled about 1/4 cent higher, closing at \$4.45 1/4, and French francs were moderately active above 5 1/4 cents.

CHICAGO LIVESTOCK.

Chicago, Sept. 30.—Cattle, receipts 8,000; fed steers and yearlings, 10 to 15c higher; hogs, receipts 25,000; active; fat lambs, strong to 25c higher; light calves, 10 to 15c higher; heavy calves, 10 to 15c higher; plain rough native and short fed steers, 7.00 to 8.25; many in-between grades, weighty steers, 8.00 to 8.50; heavy hogs, 10.00 to 11.00; bulk western grass offerings, 6.50 to 7.25; about 4,000 head averaging around 1,000 pounds to killers, 7.50; higher level, mostly 8.50 to 9.00; light calves, 10.00 to 11.00; fat calves, 10.00 to 11.00; fat calves, 10.00 to 11.00; fat calves, 10.00 to 11.00.

CHICAGO GRAIN.

Chicago, Sept. 30.—Smashing of season top record prices made for progress to 1 1/2c, much of the new buying which was in evidence appeared to result from a "wild" bid department of agriculture estimate that the world's exportable surplus of wheat this season would be around 657,000,000 bushels as against trade figures indicating that world supply needs would be 750,000,000 to 800,000,000 bushels. The wheat market closed unsettled by 1/2c to 3/4c net higher; December 1.41 3/4 to 1.41 3/4 and May 1.41 1/4 to 1.41 1/4. Corn finished at the lower to 2-c cent, oats 1-8 to 1-3-c up and provisions varying from 1/2c decline to 1/2c advance.

HEALTH CLINIC IS KEPT BUSY

Visit of State Doctors Comes to a Close Today.

Medical experts and their assistants, conducting the state's "Keep Well" clinic in the city hall, had another strenuous day yesterday. Waiting rooms of all three departments—adult, school and preschool—were crowded throughout the afternoon, and men, women and children of all ages were examined by specialists. Mothers are taking a particular interest in the preschool clinic. It was said, and an unusually large number of babies were examined. The school age group and the adult group also had more applicants than they could care for. Most of the patients who were unable to reach the consultation rooms will return today. With that list of patients awaiting them, and the large number of new applicants which will appear, preparations were being made for the "health evangelists" for another extremely busy session.

Urged to Come Early.
"Come early and avoid the rush," is an old admonition which will be particularly applicable to the clinic situation today. The doctors will have considerably more time to give to new applicants this morning than will be available this afternoon. It was emphasized while an attempt will be made to give everyone who applies an examination, the chances of disappointment are less for morning calls. The clinic closes tonight.

The adult clinic is being conducted in the basement of the city hall; the others in the council rooms on the second floor.

The silk worm demands that the mulberry leaves on which it feeds shall contain the exact amount of plus the amount which it disposes of through the pores of its skin. The leaf should contain about six to five per cent moisture.

CITY BRIEFS

Sam Lambert and daughter, Mrs. Arthur Nelson, have returned from an extended visit in Toronto, Ottawa and other eastern Canada points.

It's time to think of photos for Holiday gifts. The wise ones come early, to be sure. The Robbs. if.

Mr. and Mrs. Wm. Roberge left yesterday for Chicago, where Mr. Roberge will buy in the market.

Anyone having anything for the Rummage sale which is to be given by the Ladies of the Episcopal church, please call Mrs. C. M. Frost, telephone 195. Mrs. C. R. Henderson, telephone 232-J and articles will be called for. 1942-275-11

Mrs. R. Levine who has been in the city several days on business has returned to her home in Eau Claire.

Come in and see our line of Stamped goods, large assortment, luncheon sets, center scarfs and pillow slips. Also 50 colors D. M. C. embroidery floss in stock at all times. H. A. Reynolds, Hemstitching and Gift Shop, 704 Lud. St. 1945-275-11

Charles Gessner of the Fair Store returned from the Chicago market. Mr. Gessner found business conditions unsteady but the outlook for fall looks very promising.

Extra quality wonderful values in children's woolen coats and brushed wool sweater sets. H. A. Reynolds, Hemstitching and Gift Shop, 704 Ludington St. 1945-275-11

Seven More Blocks of Surface to Lay

Seven more blocks of street in various parts of the city remain to be surface-treated before pavement repair activities are suspended for the winter. It was announced by the municipal department of public works yesterday. The surface-treating crews, yesterday, were at work on South 14th street, between 8th avenue and 10th avenue. The department has done much excellent repair work during the summer, and is preparing to continue along similar lines early next year. It was said.

Detroit Garage Is Raided; Was Really Complete Brewery

(By The Associated Press.)
Detroit, Sept. 30.—Detroit police late this afternoon seized 22,000 gallons of beer, the largest haul ever made in this city. The find was made in a building supposedly used as a garage, but which was found to be a veritable brewery.

Five men were arrested. In the building, which is on Beaubien street and was formerly used as a police garage, the raiders found cooling vats, bottling machines, thousands of empty bottles and caps and labels used by a prominent Hamilton, Ont., brewery. Three automobiles were in the place. Nearly three hundred cases of beer were found ready for shipment.

One of the men taken was Alfred Nadell, proprietor of a garage next door to the raided establishment and connected with it by a double doorway. The others were Gregory Tkachuk, Guy Tremaine, Mack Charoney and Samuel Shipper.

WORDS AND THEIR MEANINGS.
A ducky called at a hospital the other day and said: "I come to see how mah friend Joe Johnson am getting along."

"Why, he's getting along fine!" the nurse answered. "He's convalescing now."

"Well," said the ducky, "I'll just set down and wait till he's through." — From Everybody's Magazine for October.

WHY THEY DIDN'T QUARREL.
Bert: And you girls never quarrel?
Gert: My, no! We live in an apartment where there isn't even room for an argument. — From Everybody's Magazine for October.

Infants' Wear
The infant is the center of concentrated attention from the moment of its arrival. Therefore, the infant's wardrobe is a thing of immediate and urgent importance. We show all the latest for baby.

Survey Shows Several Million Unemployed Throughout Year

(By The Associated Press.)
New York.—Averaging good and bad years, 10 to 12 per cent of all the workers in the United States, several millions of men and women, are out of work all of the time, and widespread unemployment is now a constant phenomenon with far-reaching economic, social, psychological and moral bearings. These are some of the facts brought out in the introduction to the report of a five year study of employment methods, needs, and agencies made public here today by the Russell Sage Foundation.

In seeking work through certain types of commercial or fee-charging employment bureaus particularly those dealing with unskilled and casual labor, thousands of men and women are being exploited, and public employment bureaus or exchanges can make a material contribution toward the solution of this and other phases of the ever-recurring problem of unemployment, the report continues.

No Year Picked Out.
It is made clear in the report that the figures on unemployment, while representing the average of the country's experience during the last two decades, are not necessarily indicative of present conditions or of the last year.

The investigation, which extended into more than 70 cities in 31 states and Canada, has just been completed. The full report, covering more than 600 printed pages, will be issued shortly. The survey was conducted by a staff of trained field investigators, all of whom had previously been engaged in employment work, under the direction of Shelby M. Harrison, director of the Foundation's Department of Surveys and Exhibits.

Practically every known means for bringing work and the worker together was studied. The "want ad" pages of newspapers, the fee-charging labor agencies, the free public employment office, the labor union's method of securing work for its members, the fraternal order's activities in this field, the practice of applying for work at the factory gate or the office door, all were investigated. The report points out the advantages and disadvantages to employer and employee in each of these means and its effect on the general employment situation.

Study Employment.
A special study was made of the situation in Ohio, Wisconsin, Massachusetts and New York, where there has been the greatest development of organized public employment work. Separate studies were made also of the special problems of farm labor, migratory and casual workers, junior workers, handicapped workers, immigrants, negro workers, and professional workers.

After citing the fact that each year from 1,000,000 to 6,000,000 persons are out of work for weeks and sometimes for months at a time, the introduction to the Foundation's forthcoming report says:

"There is something which we are just beginning to recognize, a resentment on the part of the workers against an industrial situation in which such insecurity and uncertainty of employment are possible. It is not only unemployment but the fear of unemployment, the knowledge that any job is uncertain and insecure, subject to the fluctuations of economic change, which are responsible for much of our present industrial unrest."

This situation, the report will say, has been aggravated by the fact that the unskilled worker who has sought employment thru certain types of labor agencies in many cases has been subjected to such abuses as: paying a fee and then failing to get a job; being sent to distant points where no work or where unsatisfactory

work exists but whence he could not return because of the expense involved; being employed thru collusion between the agent and employer and after a few days work being discharged to make way for a new workman while the agent and employer divided the fee.

Disapprove Fees.
The report itself says: "One conclusion drawn from such findings has been that we must have public bureaus to take the place of the private fee-charging agencies. That is, insofar as people are informed on the question and have expressed their sentiments, most of them appeared convinced that we should have public employment bureaus because of the abuses of some fee-charging agencies, quite regardless of other considerations. In addition, however, the feeling has been growing that this service in the nature of the case should be free, that that the very fact of fee-charging carries with it a dangerous temptation to abuse and fraud."

"It is obvious, of course, that if the public exchanges could by legislation or court action secure exclusive sway in the whole field, the fee-charging agencies with the abuses attributed to them would be bound to disappear. And such a plan, aimed to abolish these agencies, particularly those dealing with unskilled, semi-skilled, casual, and other non-professional workers, is what some advocates of the public exchanges would adopt. There is, however, a serious question whether action of that kind, if it were possible, would be wise. The mere abolition of a thing does not always help the situation. That is only negative. It is more important to build up a good, constructive, competing organization. The abolition alone of the private fee-charging bureaus nor an efficient system. With all their abuses, the private agencies are performing a function needed in the absence of adequate public system; they should not be abolished, until something is provided to take their place."

"It would seem far more practical to set to work on a positive program of improving the public bureaus, for if we get a good public service, the fee-charging agencies and their abuses will then become a minor question. The private agency will be eliminated because it will be useless or we shall learn how to improve it through experience gained in the public bureaus."

SOME DUCK!
It must have been an Irish preacher who was vainly endeavoring to impress his congregation with the necessity of more earnest attention to his pearls of thought. He said:

"Trying to impart knowledge to some folks is like pouring water on a duck's back; it goes in one ear and out the other." — From Everybody's Magazine for October.

Skinny people don't get as warm as fat people in summer, but then they don't in winter either.

A gentleman on the street never shakes hands with a lady without first removing his right glove. To do so is an evidence of carelessness and awkwardness.

REV. P. B. FERRIS TO BE PASTOR OLDEST CHURCH

Congregation Founded in 1793 Calls Former Escanaba Pastor.

Rev. P. B. Ferris, formerly pastor of the First Presbyterian church of Escanaba and known to a host of people in this city, has tendered his resignation as pastor of the Second Presbyterian church of Wheeling, West Va., to accept the pastorate of the First Presbyterian church of Chillicothe, O. The church to which Rev. Ferris has been called is one of the oldest in the state of Ohio, the congregation having been organized in 1793.

Of the resignation of the former Escanaba pastor at the Wheeling church, the Wheeling Intelligencer says:

"Coming as a complete surprise to the members of the congregation was the announcement, made yesterday, at the morning services at the Second Presbyterian church by Dr. P. B. Ferris, the pastor, that he had decided to leave the local church and that he had accepted the pastorate of the First Presbyterian church of Chillicothe, O."

The pastor asked the congregation to unite with him in the dissolution of the pastoral relationship that he might accept a call to the First Presbyterian church at Chillicothe and, despite this fact, the congregation was reluctant to accept his resignation, but the decision of Dr. Ferris is said to be final and that he has already agreed to accept the call to the Ohio city.

Well Liked Here.
"Dr. Ferris is possibly one of the best liked ministers of the gospel that ever came to Wheeling and he has endeared himself to the members of his congregation and to the people of this community in general. A report from a member of the board of elders states that the church under his able and efficient leadership was never more harmonious and that it is with extreme regret that the board is obliged to accept his resignation."

"In the more than four-year period since Dr. Ferris came to the Second church from the Covenant Presbyterian church at Springfield, O., there has been a healthy and substantial growth, 42 new members being received at the last Easter season.

"The church has purchased the Andrew Hare property on Fourteenth street for its manse and last spring paid off the indebtedness, the original cost of the property

being \$11,000. During the month of August the Sunday school rooms have been renovated and a new primary room constructed. These improvements will cost over \$4,000. Dr. Ferris leaves the Second Presbyterian church in splendid condition from every point of view.

Interested in Civic Matters.
"During Dr. Ferris' stay here he has been interested in civic matters. For two years he was president of the Wheeling Ministerial Association. He is also affiliated with the Masonic bodies of the district and was called upon frequently to address the Masonic open forum. He is also an honorary member of the Wheeling Country club and of the Fort Henry club."

"Dr. Ferris has also taken a keen interest in the general affairs of the city and has been a progressive leader in everything that has benefited the city and its people. He has also made many warm friends outside of the church, who regret to learn that he is leaving."

One of Oldest Churches.
"The church to which Dr. Ferris goes is one of the oldest churches in the state of Ohio, having been organized in 1793. The building of gray stone is one of the most beautiful church structures in the state. A new pipe organ has just been installed. The building is modern in every way and wonderfully adapted for the present day church needs."

"The call is looked upon as a reward of the good work done here by Dr. Ferris and comes at the same time as a real promotion. The pastor and his family will leave for their new field as soon as the dismissal from the presbytery has been granted."

To Our Readers

Dear Friends:—
Everyone is interested in children. You are particularly interested because your studies and the bigness of your heart make you realize the necessity for preserving the health of the coming generation.

Whether we happen to be a mother, physician, teacher, public official or in the milk business we must all realize our duty to babies.

This company has a great responsibility, for the welfare of thousands of children as well as adults is dependent on the safety and healthfulness of our milk. We are doing everything in our power to live up to this responsibility.

May we enlist your co-operation in spreading the gospel of good milk and insisting on proper health safeguards?
