(By The Associated Press.) Detroit, Mar. 7.—Hearing of the will contest filed by Frank Deans, University of Michigan student, for a share in his father's \$50,000 estate has been set for next Wednesday, March 11, at Atlanta, Ga., according to dispatches Saturday.

Identify Millburg Bank Bandits With Fulton Bank Holdup

(By The Associated Press.) Kalamazoo, Mich., Mar. 7.—Two of the Millburg bandits, Ed Demers and James Long, have been positively identified as the men who robbed the Fulton bank on November 13, escaping with out \$30,000 of the bank's cash.

obbery Suspect Ordered Released

(By The Associated Press.) Jackson, Mich., Mar. 7.—The robbery charge against the man in connection with the robbery of the Springfield Bank at October 17 was nolle prossed in circuit court here today, on release, Hill left immediately to Kalamazoo to report to Sheriff Burton, to whom he was leased in parole from the state prison at Jackson more than a year ago.

Bullet Riddled Bodies of Prohi Agents Discovered

(By The Associated Press.) Lake Charles, La., Mar. 7.—The bodies of L. G. Collins, federal prohibition agent and Samuel E. Hon, deputy sheriff, missing since they left here for a liquor raid last night, were found late today in an old cemetery near the town of Starks. The bodies lay in the back seat of Duhan's automobile and were riddled with bullets.

United States Is Grieved by Decree

(By The Associated Press.) Boston, Mar. 7.—An appeal to a supreme court from the decree of the United States District Judge Burton here recently, dismissing libels against the British rum runner Marjorie E. Bachman and her cargo, was filed today by U. S. attorney Harold P. Williams. The strict attorney, in his appeal, stated that the United States feels aggrieved by the decree, as appeal is based on nine assignments of error in the finding. The Bachman was seized 21 miles off.

attle Against Water Diversion To Be Continued

(By The Associated Press.) Cleveland, O., Mar. 7.—A conference of attorneys general of all Great Lakes states with the exception of Illinois probably will be held to outline the next step in a battle to limit the diversion of the Michigan waters through the Chicago drainage canal. Harvey Goulder, attorney for the Lake Erie Association, announced today that the suggestion of the meeting is to go out in a few days as a result of the ruling of Secretary of War John H. Weeks. Friday, authorizing a diversion of 60 cubic feet a second.

Illness of Judge May Delay Scott Divorce Hearing

(By The Associated Press.) Alpena, Mich., Mar. 7.—Illness of recent Judge Frank Ewick probably will prevent resumption next Monday of the contested divorce hearing of Congressman Frank D. Scott against Elna James Scott which was interrupted last January when Mrs. Scott obtained additional deposition at Washington, D. C. clerk of the court today notified attorneys for both Congress and Mrs. Scott of the probable postponement, but no official postponement of the hearing was announced.

THE DAY IN WASHINGTON

(By The Associated Press.) President Coolidge was urged to call a world currency conference. Objection from their own ranks prevented the Republicans from completing organization of the new senate. The senate in open session considered without action the nomination of Charles B. Warren to be attorney general. The senate internal revenue investigating committee asked the treasury to look into alleged failure to assess certain taxes.

BORGLUM WILL STAY IN N. C.

(By The Associated Press.) Greensboro, N. C., Mar. 7.—Requisition papers looking to the extradition to Georgia of Gutzon Borglum, the sculptor, were withdrawn late today and Borglum immediately decided to remain here and fight to have all indictments against him in Georgia nolle prossed.

Driver Of Death Car Is Fined \$500

(By The Associated Press.) Port Huron, Mich., Mar. 7.—Arthur Kammer, Marine City, was ordered to pay a fine of \$500 or serve six months to five years in the state reformatory at Ionia by Circuit Judge Eugene F. Law here today. He was driver of an automobile which killed Mrs. Clara Radike at Marine City on the night of February 21, last.

Intent To Kill Charge Placed Against Farmer

(By The Associated Press.) Owosso, Mich., Mar. 7.—A charge of assault with intent to kill has been placed against Joseph Tejki, 57, Owosso farmer here, held in connection with the attempted shooting of his wife. Tejki was prevented from shooting his wife by the interference of his two sons, they said. The charge from the gun went into the floor.

Sold Narcotics to Prisoners, Charge

(By The Associated Press.) Detroit, Mar. 7.—Fred Eldridge, assistant secretary of the Pathfinders of America—an organization devoted to the interests of ex-convicts—sold habit-forming drugs to inmates of the county jail, according to Henry Wagner, turnkey. Eldridge was arrested Friday after an officer of the narcotic squad said Eldridge sold him narcotics. Two inmates of the county jail, Wagner said, confessed to him that Eldridge brought the drugs into the jail and sold some to them.

Yellow Journalism Dying, Asserts Dean

(By The Associated Press.) Swarthmore, Pa., Mar. 7.—Dean Raymond Walters, of Swarthmore College, told editors of the Intercollegiate Newspaper Association, meeting here, that "high literary standards have virtually replaced so-called 'yellow journalism.'" "The scientific aspects of earthquakes, eclipse of the sun, educational conferences and development in the field of religion are becoming more and more to be regarded as first page material," he said.

Wear NAVARRE PEARLS

NAVARE PEARLS add even greater charm to the new dancing frock. Their soft warmth of color blends wonderfully with delicate georgette and luxurious velvet alike. Sold in this city exclusively by Amundsen & Pearson

College Students to Have Trial for Celebration Pranks

(By The Associated Press.) Holland, Mich., Mar. 7.—Trial of the Hope College students, who ran amok of the local constabulary and were jailed on charges of breaking and entering during a celebration of the college's victory in the state oratorical contest, was set for March 12, following a hearing Saturday.

Woman Points Out Young Man as One Who Shot Graves

(By The Associated Press.) Detroit, Mar. 7.—Miss Lillian Ward today pointed out Howard Young, 21, as the man who fired the shot that killed Clifford Graves in his apartment here last summer. She testified in the trial of Young, the second of three men to be tried in connection with the shooting.

Large Gas Well Is Struck in Kentucky

(By The Associated Press.) Glasgow, Ky., Mar. 7.—Workmen were making desperate efforts with chemical tonight to extinguish a fire whose reddish glow could be seen for miles following the striking by drillers near here today of one of the largest gas wells in this section at a depth of 445 feet.

DORIS ANDERSON CROWNED QUEEN

Webster Troop Winner of Annual Girl Scout Carnival.

Troop 10 of the Webster school won first honors in the second annual Girl Scout winter sports day carnival yesterday afternoon and their "queen," Doris Anderson, was crowned "Queen of the Carnival." Troop 4 of the Barr School came second.

In spite of Old King Sol, taking all the snow from the Bay Shore hill all of the scheduled events were run off. Snow had to be shoveled from the road to cover the bare spots on the hill for the toboggan and ski races.

The skating events were run off promptly with a 50 per cent increase of contestants over that of last year. Troop 4 of the Barr school carried off most of the skating honors. Helen Carey won first place in class A for the 200 yard dash; Elizabeth Maigetter, first place, class A in the 400 yard dash, and Laura Johnson took first place in the 200 yard dash and the 400 yard dash, class B. Troop 4 came in first for both class A and class B in the skating relay race.

The skiing, tobogganing, ski running and sled races were run off with a great deal of pep and enthusiasm. All troops of the city won their share of honors with Troop 10 of the Webster school coming in for the greatest number of first awards.

Alfa Knudsen of Troop 8 won first place in the snowshoeing race and in the somersaulting race.

At the close of the events the girls enjoyed hot cocoa and doughnuts served by the leaders in the warming house at the foot of the toboggan slide.

As a grand finale, Doris Anderson, the "Queen," was hoisted into a sleigh and was drawn by the girls of her troop to Mrs. Brath's home, where the prizes were awarded. Mrs. Beath complimented Troop 10 in winning the silver loving cup donated to the winning troop. The cup will be awarded to the girls at the Webster P. T. A. meeting Tuesday evening, and will remain in the possession of Troop 10 until claimed by winners of some other contest.

CITY BRIEFS

Leonard Moreau returned to Iron Mountain after attending the funeral of a relative in the city.

Miss Betty Greydon who has been ill at her home on So. 10th street, is reported as improving.

Mrs. John Kashobm of Lathrop was a visitor in the city yesterday while on a shopping tour.

SOCIAL

Chariot Race Tonight.

The Lucky Foot matinee for children held at the Coliseum Roller Rink yesterday afternoon was largely attended and a most enjoyable afternoon was spent by the "kiddies." The prize winners were: Wilma Brandt, a month's free skating; Ella Olson, a head purse; Joseph Roudant, a month free skating, and Vern Royal, a gold pencil.

The rink will be open both afternoon and evening today. For tonight an interesting racing program has been arranged, with a chariot race as the feature. The teams to compete will consist of the following: Captain John Kelly, Earl Girard, David Harwood and Edward Berube against Captain Bill Egan, Mel Roberts, Clement Rivard, Stephen Lyons.

The chariot race is expected to prove one of the most interesting races ever scheduled here and is sure to draw a large crowd.

In preliminary racing events, Bert Peterson will compete with Bob McCauley and Ivan Bean camp will meet Francis Schimberg.

The drawing for the kitty will also take place.

To Give Luncheon.

The Ladies Aid Society of the First Baptist church will give a luncheon in the church parlors Wednesday afternoon, March 11, from 3 to 6 p. m. The hostesses will be Mrs. Louis Amundson, Mrs. William Walker and Mrs. W. H. Dickson.

Lahay-Harkins.

Edward Harkins, Jr. and Lucille Lahay are to be married on their friends last August by being secretly married at Manitowish. Many friends suspected the matter but knew nothing definite as the couple kept their marriage a secret and only now are they announcing it. At present they are living with Mr. and Mrs. Ed Harkins, of 213 South 17th street.

Webster P. T. A. Meeting.

An interesting program has been arranged for the regular meeting of the Webster School P. T. A., which will be held Tuesday evening, Mar. 10, at the Webster school at 7:30 o'clock.

The program is highly varied and is one that ought to prove entertaining to every one present. It is anticipated that a large number of parents and teachers will attend.

The program follows:

How Do You Do—Second Grade.

Orchestra Selection—Kindergarten.

Bobbie Shatto—First Grade.

Lullaby—Miss Dunn and Mr. Shanklin.

Folk Dance—Second Grade.

Dramatization—First Grade.

There are Many Flags—Second Grade.

Folk Dance—First Grade.

Safety First—Third Grades.

Vocal Selection—Isadore Stein.

HEALTH SONGS—6th and 7th Grade Boys.

Folk Dance—5, 6 and 7 Grade Girls.

Reading.

Songs—Fourth Grade.

School Days—Theresa Cashing.

The Bald Headed Man—Marc Haglund.

Swedish Song—Gleisner Twins.

Indian War Dance—5 and 6 Grade Boys.

Castor Oil—Gall Peterson.

Our contention is a man should be at least 80 before he carries a cane and twice that before he wears spats.

Sell It the Classified Way.

LUCKY PRISONERS

Melbourne, Feb.—Prison life in southern Australia isn't so bad now. Prisoners there work only seven and a quarter hours. They receive six shillings a week and after the seventh week, if their behavior is good, can spend half their wages on fruit, jam and tobacco.

SEXTON A DAY AHEAD

Bucksport, Me.—The people of this village were startled recently by the ringing of the Methodist church bell on Saturday morning. The church was "piping hot" despite a blizzard raging outside. The janitor was just a day ahead of time.

Allie—So they say. I'm dyeing to meet him.—Denver Parakeet.

PUP FIGHTS SNAKES

Melbourne, Australia.—A young pup here is the terror of snakes. It has been bitten at least ten times by poisonous snakes, but the venom has no effect on it. The pup tries to kill every snake it sees, and after each fight it runs for and after a few minutes. This process seems to give the dog immunity from the poisonous bites. The pup has killed at least 20 snakes and is only a year old.

STATISTICS

Statistics show an ordinary pipe can be smoked in 18 minutes, if you don't run out of matches.

Paige-Jewett Engineers Offer New Smoothness—New Ability—New Comfort—New Silence—New Beauty—and Permanent Perfected Performance

Prepare for Progress. There is a New Paige and a New Jewett. They outperform in every way our previous best. And you know what that was— Paige official stock chassis records stand unbeaten. Jewett has won hundreds of hill-climbs. It seemed impossible to better such performance. But now—

comes another step forward. We have not only bettered it. We have perfected that performance—have made it so smooth, so ready, so many-sided, so lasting that today's engineering knowledge can offer no further improvements.

New smoothness so perfected that vibration is not detectable at any speed! Thanks to new, costly balanced crankshafts. Noiseless motors have been produced by improved silent chain drive and other refinements.

New road smoothness and comfort come from new springs designed for balloon tires. New handling ease from ball-bearing, special-gear steering. New safety with perfected hydraulic 4-wheel brakes. And finally new beauty of bodies and equipment maintains for the New Paige and the New Jewett their style leadership.

Fear No Follies. This perfected performance is built around six-cylinder motors. Sixes—for their inherent balance and economy. Sixes—because our 10 years' specializing has perfected them beyond need of complications. And the engineering of the world's costliest cars agrees with ours.

Paige-Jewett motors are of exceptional size. Ample power is produced without "racing" them. They last long because geared moderately and never overtaxed.

Permanent Performance—perfected to new excellence—that is the keynote of Paige-Jewett engineering.

So we have retained these long-proved features, refined where possible: the Paige-Jewett clutch of saw-blade steel

that neither jerks nor stalls the motor; the transmission that permits changing from high to second at 30 miles an hour; universal joints—with sealed-in oil that lasts 15,000 miles, so no wear, no back-lash.

We are building today not only the ablest, easiest handling and truly comfortable cars, but cars whose fine qualities stay and stay and stay.

Paige and Jewett are alike in this new performance. Jewett gives it to you in a car of convenient size. Paige, in a bigger car—with the added advantages of greater size and power.

All these new advantages cost you nothing more. Paige and Jewett prices have not been increased. Judged by comparable cars—both the New Paige and the New Jewett are underpriced \$150 to \$200.

With assets of \$15,000,000, an enormous new plant, and the most modern machinery—our sixteen years' experience is showing results as never before. We stand ready to prove it in a demonstration whenever you say.

WILLYS-OVERLAND FINE MOTOR CARS

\$715

World's lowest priced four door All Steel Sedan

with Sliding Gear Transmission

The most widely talked about closed car of the year... a tremendous value at an amazingly new low price... unit power plant brimming with big power... the advantages of an advanced disc-type clutch... the protection and safety of a full-vision all-steel body... wonderful riding smoothness with patented Triplex Springs... reliable, rugged axles and a sturdy chassis... rich upholstery... extreme economy in upkeep... a car light in weight and beautifully balanced... only those orders that are placed early will insure early delivery.

OVERLAND ALL-STEEL SEDAN FOUR DOORS

Wolverine Motor Co.

The new PAIGE

Improved 70 horsepower motor—3 1/2" x 5"
... New dynamically balanced crankshaft
... New larger water circulating pump
... New increased radiator capacity
... Silent chain drive with automatic takeup
... Wheelbase 131 inches
... Rear springs over 5 feet long
... New design springs for balloon tires
... Snubbers at all four wheels

The new JEWETT

New 55 horsepower motor—3 1/2" x 5"
... New counterbalanced crankshaft
... New silent chain with automatic takeup
... New silent valve gear
... New lubrication of pistons
... New double-bearing wrist-pin construction
... New type interchangeable main bearings
... Perfected self-adjusting 4-wheel brakes (Lockheed hydraulic) at slight extra cost
... New larger size balloon tires 31 x 5.25
... New spring design for balloon tires
... New steering gear for balloon tires

... New deep crowned fenders—extra strong
... New style running boards—2 inches lower
... New body styles—Touring, Brougham, Sedan
... New permanent satin lacquer finish in new colors
... New instrument board and window trim
... New seat comfort positions
... New interior effects and appointments
... New handling ease and riding comfort
... New performance and smoothness

MARKET NEWS

STOCK PRICES DRIFT LOWER

No Apparent Cause Except Customary Week-end Profit Taking.

(By The Associated Press.)

Table with columns: Date, Industrials, Railroads, and values for Saturday, Friday, Week ago, High 1925, Low 1925, Total stock sales.

New York, Mar. 7.—Stock prices drifted lower today with trading in large volume for the half holiday session.

Wilson & Co., Fluctuates. One of the features of the session was the fluctuations in Wilson and Company preferred which closed last night at 38 1/2.

Pool operations again were apparent, however, in some of the oil and motor issues.

General Baking broke 13 1/2 points to 121 on one sale. Renewed weakness again developed in the commercial solvents issue.

A rally in French francs, which carried them up around 5.20 cents was the only feature in the quiet foreign exchange market.

CHICAGO LIVESTOCK. Chicago, Mar. 7.—Hogs, receipts 1,000; light and light butchers strong; best 22 1/2.

CHICAGO GRAIN. Chicago, Mar. 7.—Despite a spectacular downward slide of 2 cents a bushel at one time today, the wheat market displayed notable power to rally.

CHICAGO BUTTER. Chicago, Mar. 7.—Another one cent of sugar was added in the butter market with the market tone firm at the advance.

CHICAGO POTATOES. Chicago, Mar. 7.—Early morning Agriana limited market about steady; receipts 33 cars.

Pensions amounting to 72,000, 600 pounds (about \$370,000) were paid to war veterans and dependents of those killed in World War by the British Government in 1924.

PAVING RECESS MAY BE TAKEN

Council Against Bond Issues to Finance Further Improvements.

Public improvements in the city of Escanaba will continue to progress on a "pay-as-you-go" basis.

The council already has authorized the expenditure of \$15,000 for new boulevard street lights for streets paved in the extensive program of the last two years.

Improve Utilities. Virtually all of the money to finance this work will come from the profits of the municipally owned utilities. It is felt, however, that it would not be wise to overload the earnings of the utility properties at this time, and that a godly portion of the income from the plants should be turned back into better service for the consumers.

LOOK TOWARDS COAL-GAS PLANT. City Eventually Will Be In Position to Make Change.

While no official decision has been reached, there is the probability that repairs to the pavement in Stephenson avenue, particularly filling in between the car tracks, work that already has been delayed for several years—will be authorized.

LOOK TOWARDS COAL-GAS PLANT. The present rate of gas consumption is about 42,000,000 cubic feet a year. This, Mr. Harris says, is not sufficient to warrant a change from the water gas system.

Panhandler Sent Back to Green Bay

John Sherwood, of Green Bay, pleaded guilty yesterday in Judge C. D. McEwen's court, to a charge of pan-handling.

Poor patients now are being given free radium treatments in the London Radium Institute.

Scene from "Rain."

"Rain," the most successful New York play of the last two years, will be presented at the Delft Theatre Wednesday night by an exceptional cast of players.

LOOK TOWARDS COAL-GAS PLANT

City Eventually Will Be In Position to Make Change.

If the annual consumption of gas in the city of Escanaba can be increased to 50,000,000 cubic feet a year, a coal gas plant, with its by-products of coke and tar, would be a highly profitable affair.

Members of the city council, who have discussed the matter among themselves and with Mr. Harris, are keenly interested for several reasons.

HOME COOKING

Mother—Johnny, did you get that loaf of bread I sent you for? Johnny—No; the store was closed.

Mother—It couldn't be, this time of the day. Did you try the door? Johnny—No; 'cause I saw a sign in the window, "Home Cooking."

COKE IMPORTANT ITEM

A coal gas plant making 50,000,000 feet of gas a year, would have at least 4,000 tons of salable coke as a by-product.

for domestic consumers at a price lower than that now being paid for anthracite coal and further reduce the smoke clouds about town; and would make the expansion of gas service, to meet any sudden need much more facile.

When the consumption can be raised to a point where coal gas could be made profitable, they would support the project.

While there is no idea of making the change at the present time, members of the council indicate

When better automobiles are built, Buick will build them

STATE WRITERS PROGRAM TOPIC

High School Girls to Give Interesting Series of Papers.

The lives and literary achievements of Michigan's writers will be the theme of a program...

The high school girls—ten seniors and one sophomore—have been working earnestly and enthusiastically under the direction of Miss E. Griffith and Miss Esther Baldwin...

The program is the second major event of the club's current study program. Recently the Daughters of the American Revolution presented an afternoon of Michigan history...

The program is the second major event as follows:

The Novelists. Their Lives—Irene Roland. Their Characteristic Works—Elizabeth Clark.

Reading from "Anarilly of Clothesline Alley"—Dorothy Gar-

Piano Solo. Liebestraume—Pearl Olson.

Non-Fiction Writers. Lives and Characteristics—Ruth Sandborn.

Their Works—Loretta Boudreau, reu.

Vocal Solo. "Michigan, My Michigan"—Nina Stodden.

The Poets. Lives and Characteristics—Dorothy Canfield.

Discussion of Poems—Catherine Hewett.

Readings from Ben King—Muriel Wilson.

Readings from Will Carleton—Liota Stratton.

"The Michigan Authors' League"—Clarice McKeever.

Andrew Hansen's Books Were First

Andrew Hansen, of Bay de Noc township, as usual, was the first township treasurer in the county to complete his annual tax roll work and turn the records over to Miss Mary McColl, county treasurer.

Mr. Hansen's books were received March 4. No other treasurer had reported up to noon Saturday. The books are closed March 1, and are due at the office of Miss McColl as quickly as the township and city officers can get them in shape.

One of the latest relics received by the Tennessee State Museum is an old-fashioned wooden clock from the first house occupied by Andrew Jackson, when he came to Tennessee.

CHARIOT RACE TONIGHT

At The COLISEUM ROLLER RINK

Biggest Race Event of the Season.

Preliminaries: Bert Peterson vs. Bob McCauley.

Ivan Beauchamp vs. Francis Shimborg.

Races called at 10:00. Drawing for \$1.00 Kitty. Admission 20c; Skates 15c.

Matinee This Afternoon.

YOU NEED IT TO BE SUCCESSFUL

To be successful today—and every-

one wants to be successful—you must have good and comfortable vision!

For the world is moving rapidly and only those who keep up with it can stay on the path of success.

People today demand not only of Professional and Businessmen but also of Artists, Clerks, Mechanics and laborers, quick, prompt and accurate services.

This you cannot hope to give—at least not in full measure—when you are troubled with poor or painful vision, headache, nervousness, stomach trouble and other functional disorders due to eyestrain.

If you are not satisfied with the degree of success you have thus far achieved there is a possibility that Eyestrain has been the cause of preventing you from making the progress you desire.

Properly Prescribed Glasses have helped many a person to obtain health and success and if you are now suffering from any trouble whatever due to Eyestrain you will obtain great relief and comfort by wearing Properly Prescribed Glasses.

SHOES

What They're Wearing And Will Wear This Season.

BY ADRIENNE TOUSIGNANT.

What are they wearing in the line of shoes this spring? Well, almost everything from sport shoes to fancy evening shoes.

The new colors are very attractive. In the range of colors are blond, russet, Havana brown, Quaker brown, gray and white. The new cloth shoes are made of Skinner's satin which means a longer wear for that material is superior to any other kind for durability.

Short vamp and shoes cut low are passe. The big tendency is towards the one strap pumps. Color combinations are showing fair strength for women's footwear this season. Buckles are also strong, especially in sport models.

Paisley Patterns. Paisley patterns are shown in the shoes for evening wear, so are metallic shades, but silver prevails. Jewels are either flat, Cuban or spike. Among the new leathers shown are brown monkey kid and "Pizot", which, we presume, is a goat skin tanned to look like pig. It makes a good looking shoe and comes in a range of colors from champagne color to dark tan. Women's sport shoes are shown in white calf oxfords with black calf saddle or French binding. Black back strap and white crepe sole is also very popular.

TEACHER RETURNS. The members of the Adult Class of the Presbyterian Bible School are requested to note that their teacher, Miss Vivian, has recovered from her recent illness and will meet her class

on Sunday, March 8, at 9:30 o'clock. Young men are clamoring for the heavy sport effect and go from the black golf shoe to the white buck with natural alligator trimming.

Hostery. The tendency to lighter shades is shown in every line displayed about the city. Men's golf hose are very brilliant in design, women are wearing colored silk hose with their sport shoes, others wearing jisle hose in all the new shades. The colors are blond, flesh, French blue, red, gray and white. The new co-ed hose is good to look at as it has a gray or tan background with checks or stripes of blue or other shades that blend harmoniously with the sport costume, which is so popular this season.

And what is more, the college girl alone will not wear the new fandangies in shoes and hostery—her mother is going to wear the high colors for the matron wears as gay a shoe or stocking as her flapper daughter—and that's that.

NOTICE. Notice is hereby given that I will not be responsible for any debts contracted by any one else but myself. J. SCHMITT. 3734-67-1c

THE WIFE WAS RIGHT. Jones and his wife were talking about the remarkable discoveries in King Tutankhamen's tomb.

"Isn't it wonderful, my dear?" said Jones. "They actually found in the tomb couches and chairs 30 centuries old and in good condition."

"Well," replied his wife, "I've always said it pays in the long run to buy the best."—London Tit-Bits.

GERMAN OPERA FAILS. Berlin, Feb.—The Deutsche Opernhaus, the largest opera house here, has been declared bankrupt.

ESSAY CONTEST IS ANNOUNCED

Forest Fire Destruction to Be Subject This Year.

"The Effect of Forest Fires on Wild Life" will be the subject of the essays high school pupils of the Upper Peninsula will write in competition for the \$125 in prizes offered by the Northern Michigan Sportsmen's Association.

All high school students in the Northern Peninsula are eligible for the contest. Essays must not exceed 750 words. It is suggested, but not required, that the essays deal with the effect of forest fires on some particular bird, animal or fish.

The name of the contestant must not appear on the essay, but a slip of paper containing the name, address and school of the contestant must be enclosed in the envelope with the essay. The essays are to be mailed to Clarence B. Randall, president, Northern Michigan Sportsmen's Association, Peninsula Bank building, Ishpeming, Mich., to reach him on or before April 20, 1925.

First Prize \$50. The judges named by Mr. Randall are Judge John G. Stone of Houghton, Norman H. Hill of Sault Ste. Marie, and G. S. Doolittle of Negaunee.

The prize winners will be announced at the spring meeting of the association. For the best essay, a prize of \$50 will be given, with \$25 for second prize, and ten \$5 prizes for the ten essays receiving honorable mention.

Police Close RESTAURANT ON SHERIDAN ROAD

Proprietor and Two Inmates Get "Jolts"

Police officers who participated in two raids, Friday morning, on a restaurant at 1516 Sheridan Road, described the place as "the vilest dump the department has uncovered in years."

The first police visit in the early morning hours, followed by a few minutes the breaking up of a dunk party in which six or eight men and women are alleged to have participated. Evidently the crowd received a tip the police were on their way for no one but Wolotte remained there when the raiders arrived.

About 8 o'clock, however, the officers returned. They found Lafave, Sullivan and a girl occupying one small room. All three were taken to headquarters. The girl was sent back to her home at Hurley, Wis.

The health department will make an official inspection of the place Monday and is expected to close it, under the food sanitation ordinance, until conditions in that regard are remedied.

Unless the owners of the building give the department the assurance that moral conditions will be remedied, steps will be taken to procure a "padlock injunction."

Wolotte had been running the place about two weeks, it was said.

ASPIRING AUTHOR. TAILOR—When will you pay my bill? AUTHOR—As soon as I get the check which my publisher will send me for a book I intend to write when I can get inspiration.—Copenhagen Klod Hans.

POSTER AWARDS ARE ANNOUNCED

Winners of the poster making contest to advertise the public speaking competition which will be held by the seventh and eighth grade students of the city next Friday, have been announced.

Quite a number of attractive posters were submitted by pupils of the various schools of the city. The awards were as follows:

First—Harriet Fragile, Franklin school, eighth grade. Second—Orvil Aronson, Barr

school, seventh grade. Third—Marie Fish, Jefferson school, sixth grade. Fourth—Marian Anderson, Washington school, seventh grade. Honorable mention—Daguy Oberg, Barr school, seventh grade; George Nelson, Washington school, sixth grade.

FIRST JAP AIR MAIL. Osaka, Japan, Feb.—Japan's first air mail service will be started soon between the cities of Osaka, Oita and Fukuoka.

Passengers also may be carried. Each piece of mail will be carried for 40 sen (about 40 cents in American money).

Rent it the Classified Way.

A man about town is usual about ready to leave town.

BIG CARD PARTY

MON. NIGHT, MAR. 9, AT

E. G. LES HALL

GIVEN BY THE M. B. A.

Playing Starts 8 P. M.

Valuable Prizes. Luncheon Served.

Everybody Invited.

THERE is a mistaken notion that milk is merely a "baby food." Milk as a health food is indispensable at all ages. Its liberal use promotes growth and helps fight against disease. During childhood—up to twelve years of age—growth should go on steadily and rapidly. The food the child eats must be easily digested and rich in growth-producing materials. Milk is the only article of food that meets these requirements. No other combinations of food can take the place of milk during this period of life. Milk gives all of us protein for building muscle and body tissues. It gives the lime needed for our bones and teeth and for other body uses. Milk also contains other substances necessary for a normal growth and development, now commonly known as "vitamines." Milk is nature's first food—and it has proved man's best food. Nothing can take its place. Use liberal supplies in your household and let the children have plenty of milk and milk products.

Selling Out All RADIO SETS At Cost!

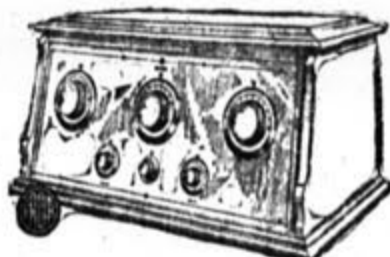

WE HAVE DECIDED TO SELL ALL OUR PRESENT STOCK OF RECEIVERS AND ACCESSORIES AT ACTUAL COST. HERE IS YOUR OPPORTUNITY TO PURCHASE A HIGH GRADE RECEIVER FOR LITTLE MONEY. IF YOU NEED BATTERIES, SPEAKERS, PHONES, TUBES, ETC., YOU CAN SAVE MONEY BY PURCHASING NOW.

Radiola Super-Heterodyne

Six Tubes and Loud Speaker

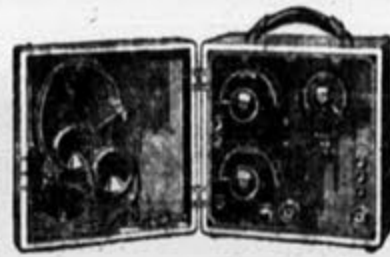

List Price \$256, Sale Price \$190

We have just ONE of these wonderful receivers.

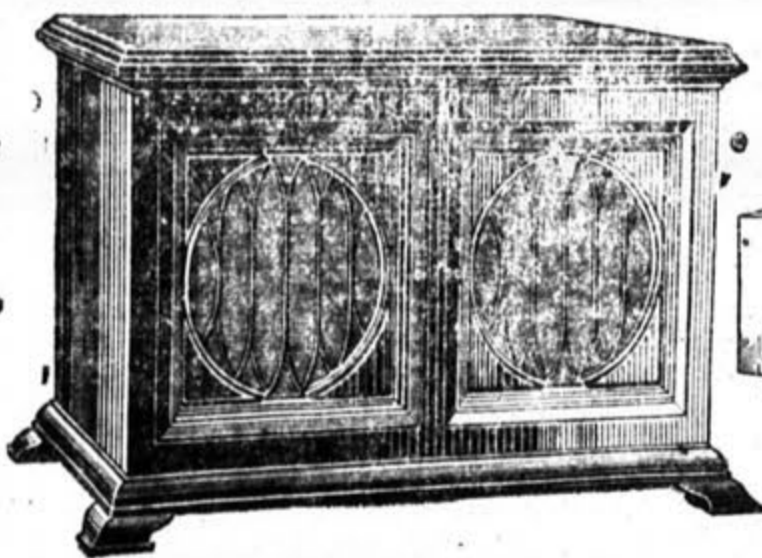

This is the Famous Fada Neutrodyne

Receiver, 5-tube and loud speaker. Wonderful reception and finish in a fine cabinet of English brown mahogany. The regular price of this set is \$198.00. Sale price \$148.00

RADIOLA PORTABLE

Very compact, folds like a bag. Can be set up anywhere. Just the thing to take in your car. 3-tube, earphones. Price \$48.00

Radiola, IV

This is a 3-tube receiver with built-in loud speaker, finished in a beautiful English brown mahogany case. The regular catalog price of this receiver is \$245.00. On sale now for less than cost \$138.00

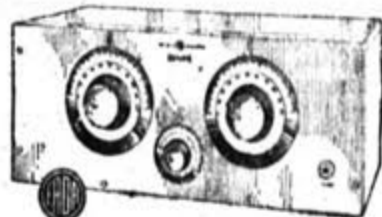

Ware Neutrodyne

3-tube, loud speaker, in walnut cabinet. A very fine small set and will give fine results. Only \$66.00

Wells Receiver

A 4-tube set, with one dial to tune in. Built into a good looking walnut cabinet. Sale price \$69.00

These prices are very low and now is your opportunity to save money. They will go fast, so we urge you to come in Monday morning and make a selection.

3 Tube Fada

There is nothing better for the price, including tubes and loud speaker. This fine set can be bought for

\$74

RADIOLA III with AMPLIFIER

Equal to 4 tubes. The best low priced set on the market. Regular \$65 value. On sale \$43.00

FOR TEN YEARS—DEPENDABLE

Exceptional dependability has been a characteristic of Dodge Brothers Motor Car since the day the first of these sturdy cars was marketed.

Not once in a decade has it failed to uphold and enhance its reputation for faithful performance.

The reason for its consistent goodness and continued betterment points directly back to the ideals of the founders.

Instead of fluctuating between an endless series of annual models, they determined to concentrate on the perfection of a single chassis.

Dodge Brothers Motor Car today is the embodiment of that ideal—an ideal that will endure as long as the institution itself.

FLINT MOTOR CO. IN SECOND BIG MFG. YEAR

Performance Justifies Demand of Company's Product.

Having just passed the first year of its second year of production, the Flint Motor Company translates itself that the performance of the Flint Six has so justified the purchaser's expectations that the demand continues unabated," says W. E. Hol-Vis, President and General Manager of the Flint Motor Company.

In fact, during these winter months, many Flint dealers in various parts of the country report the present attractive series of Flint enclosed models on both Fifty-Five and the Six-Forty models are creating an active demand which threatens to rival winter sales.

In reality, the Flint Six is seven months older than is the big at Flint, Michigan, in which it is now built, as the first production of Flint Sixes for market in June 1923, at the Long and City Plant of the Flint Motor Division of the Locomobile Company of America, Inc., which led the destinies of the Flint for several months during the construction of the mammoth new plant at Flint, Mich., designed especially for the Flint Motor Company and its products. On October 1, 1923, after months of busy preparation, the production car rolled from the long conveyor line at which parts made by many departments converge for assembly, kept pace with production, the many modern and advanced features as well as the real

worthiness of the Flint Six "55" soon made itself felt.

"Before six months had elapsed, Flint merchandisers began to report a growing demand for another Flint Six Model, in addition to the seventy-horsepower car which is the backbone of the Flint line. The slightly smaller companion model, Flint Six Forty—was the result of this demand, and since its production, the already increasing total of Flint Sixes in owner's hands has been multiplied.

"When the five thousand mark was reached, Flint enthusiasts were gratified; when it climbed to 10,000, they felt that the car had become established. Fifteen thousand—and on to double that number, climbed the total of Flint Sixes built in the year 1923-24. The total retail sales value of Flint Six production in the first year totaled more than \$22,000,000.

"The Flint Six '55' and Six '40' are now firmly established in public esteem as quality cars in their respective price classes and the best testimonials of these cars come from owners who have driven them upwards of twenty-five thousand miles.

"It is the policy of this company to continue, as it started, to hold the good will of our owners and dealers far above other considerations. Flint dealers can prosper only as their customers are satisfied and report that satisfaction to prospective buyers, or themselves become second car Flint owners. The Flint Motor Company must measure its prosperity by the success of its dealer organization in merchandising Flint Sixes. For this reason, we look forward to 1925 as a year during which we shall continue to progress and heartily enjoy the process of pushing Flint closer to the top of the automotive ladder in public esteem."

SAVE THE TOOLS.

It is a good plan to wipe off all tools on a bit of oily waste before restoring them to the tool bag. The oil deposited on the metal keeps it from rusting.

GEN. MOTORS CO. BUILD ITS OWN TESTING ROAD

Built to Test Cars Under All Road Conditions.

In the early days of the automobile industry the first question asked about a car was: "Will it go?" Today we have left that stage far behind, and the public demands something that will not merely go, but that will give uninterrupted, smooth performance.

No car manufacturer can assure an owner of precise action in his car unless that car has undergone accurate testing first. And traffic conditions have made precise trials difficult on the public highways. However, with the progress already made on the new General Motors Proving Ground at Milford, Mich., it is now possible for Oakland and the other vehicle divisions of General Motors to ascertain with positive accuracy to know actually—how a car will perform under any and all possible road conditions.

Ground is Ideal.

For some time a large force of men has been at work on the tract, which is only 23 miles from Pontiac and is about 1125 acres in area. The lay of the land is so ideal for the purpose that it would seem as if it had been made to order by the great glaciers when, ages ago, their floods of ice fell back from this region.

It embraces a level valley, suitable for a track or speedway, and an adjacent hill, rising 250 feet above the valley floor. There is virtually every variation of grade, from an absolute level to a grade of 24 per cent.

Public highways are not ideal for making tests of such qualities as endurance, speed, fuel consumption, acceleration, hill climbing, braking, ease of riding, and the like, because of lack of proper surfaces of suitable grade, and also because traffic is daily offering increasing interference. But at the proving ground tests are carried out within General Motors property, without danger to pedestrians or public vehicles.

One section of road is of concrete 20 feet wide and about a mile long, perfectly level and straight. Beginning at one end of this and circling to the other end is a gravel "loop," which with the concrete straightaway makes a circular track 3.8 miles long. As the turns are well banked, this makes possible continuous tests at high speed.

Another concrete road built in the form of the letter "Y" provides varied grades for hill-climbing tests.

For making repairs and adjustments on cars undergoing tests a garage and machine shop building 60 by 200 feet has been erected and equipped.

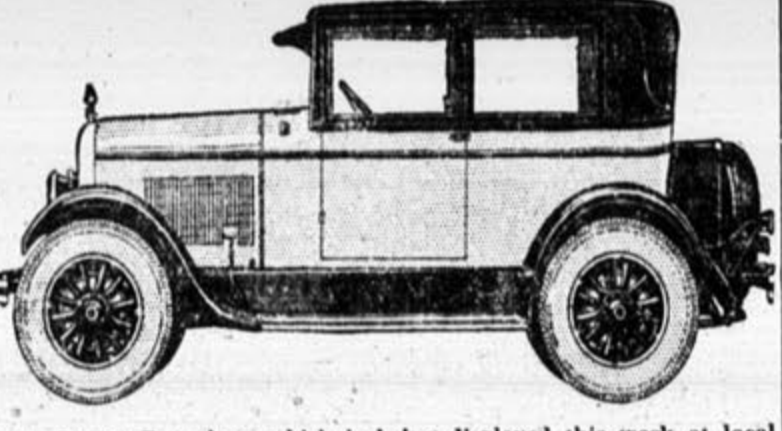

Another commodious building will provide living quarters for the permanent staff and will also accommodate parties arriving with test cars.

The chief advantage of the proving ground is that all distances and grades are accurately measured and known. The level sections are not approximately but exactly level, and the grades are uniform.

Science Rules.

Thus at the proving ground nothing will be left to personal impression or conjecture. The work will be done along strictly scientific lines, uniformly and impartially.

General Motors officials are intensely interested in the work, and believe that the facts brought out by the tests cannot fail to be of immense value to the automotive industry as a whole, and to General Motors cars in particular.

New Jewett Brougham which is being displayed this week at local dealers' show rooms.

A GOOD COMPANY MEANS A GOOD CAR—DEGRAND

Local Dealer Advises Caution in Car Buying.

"Look to the company behind the car you buy. Be sure that your investment will not be in an orphan car," advises DeGrand Motor Co. dealer in the Michigan territory for Hudson and Essex.

"It is actually a fact that many more motor cars have failed than have lived. A motor magazine recently called the roll alphabetically of the companies that have gone, and there was at least one company for every letter in the alphabet except Q and X. If only some hopeful manufacturers had turned out a Quince and a Xerxes the whole alphabet would have been complete in the graveyard of forgotten machines.

"You will find today many motorists with their good money tied up in 'orphan cars'—cars on which service is expensive and difficult to get, and cars which will have very little if any resale value whatever.

"A motor car buyer today is careless indeed if he ties up his money in any car which hasn't a successful company behind it. He is risking the loss of a considerable sum of money. The sensible thing is to see that the car itself is good, that the company is sound, and most important that the company is progressive and abreast of the times. A company may have a historic past but if it isn't progressive—look out!

"On this basis, the wise buyer will find a new and added respect for Hudson and Essex cars. Not only is the concern well-seasoned, but it has been known as a leader in the industry. Its invention of the coach type of car, and its sponsorship of the coach all during the period when it had to meet opposition and even ridicule by makers who are now flocking to it, is one of the industry's greatest examples of leadership.

"It must be remembered to begin with that while Hudson-Exsels conceived the coach idea, they were not merely content to let someone else develop the idea. They have already built and sold over 210,000 cars of the coach type. As a result they have a background of experience behind them in building this type of closed car that is not remotely approached by any other manufacturer. They have achieved a volume of production that no other closed-car builder ever attained before, and with the resultant economy of overhead and all manufacturing costs.

"For a long time to come, the man who thinks of coach will think of Hudson and Essex."

STUDEBAKER SPECIAL SIX BROUGHAM HERE

New Model On Display At Showrooms of Dealer.

Replete with smart appearance and distinctive features not common to cars of its class, and with a quality of chassis and body construction that arrests immediate attention, the new Studebaker Special Six, four-door Brougham comes to the market this week as the newest of the new body types which this company has created.

Its body is low to the ground. Its appearance is distinctive. And within its four-door body are seats of full width and a roominess which gives that comfort and ease of riding which all motor car buyers seek.

Bodies are built with full metal panels, except for leather-covered back and rear quarters. The ornamental top bows and oval rear quarter and back windows give it a personality that stands out.

Within, the Millais upholstery, the attractive fittings, opalescent rear-corner reading lamps; the heavy, upholstered foot rest and robe rail contribute like distinction.

Above full balloon tires with 6.20 inch casings this new Brougham is mounted on the Special Six chassis of 120 inch wheel base—ideal for traffic—with a 65 horsepower engine carried on its own subframe as a unit with the transmission.

The entire ignition is waterproof; even the spark plugs are protected against rain or a careless car washer. Electric wiring is carried in metal-covered conduits. The single-plate clutch gives ease of operation, and gear shifting is silent and smooth.

Off the steering wheel has gone the spark advance control; the engine automatically times its firing to its own speed and the driver has one less thing to watch, and one less source of trouble from forgetfulness.

The entire lighting control has been mounted on the steering wheel, at finger tips, so one's eyes need not be taken from the road in passing other cars at night; there is no need to grope on the instrument board, down under the wheel, for the light switch.

The foot accelerator in of the ball type, to which pressure can be supplied at any point of its circumference; the foot, thus left flat on the weather-proof aluminum footboard, escapes driving fatigue. The cowl ventilator is operated by slight pressure of the foot.

All instruments are assembled under one oval glass, indirectly lighted, eliminating projecting knobs and handles, giving the driver at one glance a complete view of the workings of his entire power plant, as well as a view, by means of the gasoline gauge included, of exactly how many gallons of gasoline he has in the tank.

There is a combination stop-and-go light, and a heavy steel apron to protect and beautify the gasoline tank, and one key fits all the locks on the car.

For the driver, additional conveniences include an automatic windshield cleaner and rear-view mirror, sun visor above a one-piece, fully ventilated windshield giving uninterrupted vision.

The lower section of the body is lacquer-finished in deep-toned Studebaker blue. Rear-quarter windows are oval, smartly inclined to the front. The rear window, also oval, is shielded within by a silk curtain.

The four doors of the Brougham are wide, giving easy access, and have adjustable glass windows. Door pulls are fully nickel-plated, and the outside door handles are nickel, with enamel insets. On the instrument board is a monogram plate.

The deep, high radiator, with its surplus of radiating space is surmounted with a nickled, winged radiator cap, embellished with enamel.

The chassis and motor of the new Brougham are built to give service to the last degree. On this chassis is mounted a body creation that is worthy of Studebaker coach builders. In design, in quality and in price, the new Special Six Brougham is an outstanding model.

JEWETT'S NEW SEDAN NOW ON DISPLAY HERE

Local Dealers Receive Fine New Model for Display.

The new Jewett Sedan placed on the market this year will be on display at the show rooms of the Delta Motor company the coming week, according to R. E. Allingham, local Paige-Jewett dealer.

There is a New Paige and a New Jewett. They outperform in every way our previous best. And you know what that was—stated Harry M. Jewett, president Paige-Jewett Co.

Paige official stock chassis records stand unbeaten. Jewett has won hundreds of hill climbs. It seemed impossible to better such performance.

But now comes another step forward. We have not only bettered it. We have perfected that performance—made it so smooth, so ready, so many-sided, so lasting that today's engineering knowledge can offer no further improvement.

New smoothness so perfected that vibration is not detectable at any speed! Thanks to new, costly balanced crankshafts. Noiseless motors have been produced by "improved silent chain drive and other refinements.

New road smoothness and comfort come from new springs designed for balloon tires. New handling ease from ball-bearing, special-gear steering. New safety with perfected hydraulic 4-wheel brakes. And finally new beauty of bodies and equipment maintains for the New Paige and the New Jewett their style leadership.

This perfected performance is built around six-cylinder motors. Sixes—for their inherent balance and economy. Sixes—because our 10 years' specializing has perfected them beyond need of complications. And the engineering of the world's costliest cars agrees with ours.

Paige-Jewett motors are of exceptional size. Ample power is produced without "racing" them. They last long because geared moderately and never overtaxed.

Permanent performance—perfected to new excellence—that is the keynote of Paige-Jewett engineering. So we have retained these long-proved features refined where possible; the Paige-Jewett clutch of saw-blade steel that neither jerks nor stalls the motor; transmission that permits changing from high to second at 30 miles an hour; universal joints—with sealed-in oil that lasts 15,000 miles, so no wear, no back-lash.

We are building today not only the ablest, easiest handling and truly comfortable cars, but cars whose fine qualities stay and stay and stay.

Paige and Jewett are alike in this new performance. Jewett gives it to you in a car of convenient size. Paige, in a bigger car—with the added advantages of greater size and power.

With assets of \$15,000,000, an enormous new plant, and the most modern machinery—our sixteen years' experience is showing results as never before. The Paige-Jewett Dealer is ready to prove it.

CHEVROLET CO. BREAKS FORMER SALES RECORD

New Models Strike a Responsive Chord, Sales Prove.

The Chevrolet Motor Company broke all its previous January records for retail sales and orders during the last month. In fact the record was made in the last 28 days of the month or since January 3 when the new Chevrolet was announced.

The Chevrolet dealers throughout the country delivered and took orders for approximately 40 per cent more cars during January than during either January 1924 or January 1923—the first months in the two years having the highest production and sales records in the history of the industry.

During the recent Chicago automobile show 1,107 Chevrolets were sold—a record which has never before been equalled by any car exhibited at this show during the same period of time.

In New York during the automobile show, where the new Chevrolet was shown for the first time, five times as many orders were taken as during any previous New York show.

At Detroit, Cleveland, Philadelphia and other shows in the larger centres of population, had previous to the Chicago show, similar high records of sales were made.

"Such sales records made, not only at the automobile shows, but by dealers throughout the country, are indicative of the public acceptance of the new Chevrolet," points out R. H. Grant, general sales manager.

"In many cases, before the dealers received some of the models, these cars were purchased from specifications and photographs only," he comments. "The reason for this national acceptance lies in the fact that the new Chevrolet combines greater quality at low cost than ever before."

Sets Saturation Point For Autos At 27,000,000

Twenty-seven million automobiles is the new saturation point set by Col Leonard P. Ayre, vice president of the Cleveland Trust Co., and well known bank statistician, in an address at the annual dinner of the society of Automotive Engineers.

The family is the unit of use of a car, he said, just as the average family uses one bath tub or one telephone, and there are about 27,000,000 families in the country. There are 17,000,000 motor vehicles now in use, so there are still plenty of opportunities for salesmanship.

There are 15,000 passenger cars, 5,000 trucks, and 5,600 motorcycles in Denmark. This shows an average increase of 600 per cent over the figures of 1919.

THE FLINT SIX

The Flint Six is always compared up the scale—not downward.

BUICK POLICY 30 YEARS OLD

"Be Sure You Are Right, Then Go Ahead," Was Slogan Adopted.

BY E. T. STRONG
General Sales Manager Buick Motor Co.

"Be sure you are right, then go ahead" was taken as a policy by the founders of the Buick Motor Co. 30 years ago. As a result Buick was not the first car to be made commercially, but during the past two decades has attained a leadership that has been undisputed.

While actual records of the dates various automobiles were first planned on paper are not available, it is safe to say that Buick was among the pioneers. In 1895, just 30 years ago, work of drafting plans for a Buick car first started.

Started in 1893.

Two years previous to this date, in 1891, the Buick Manufacturing Co. started building stationary and marine engines in a little building in Detroit. The "horseless carriage" was being mentioned, as a possibility, and the officers of the Buick Manufacturing concern believed that their Valve-in-Head marine engine would be ideal motive power for a self-propelled wagon.

For nine years experiments were made before the Buick pioneers were satisfied they were right. Their opinion, however, was not shared by Detroit bankers who considered an investment in a Buick automobile company was akin to buying green goods. Progressive Flint bankers and business men, however, thought differently, and in 1903 the Buick Motor Co. was incorporated and started operations in Flint, the first experimental car being completed in December of that year.

"The bugs" in this experimental car were killed, and production was started. The first car to be sold was completed in July, 1904, and delivered to the first Buick purchaser, a Flint physician.

37 Buicks in 1904.

The first Buick factory was a new one-story brick structure near the plant of the Flint Wagon Works, which company made the bodies. One hundred employees were kept bustling in the little plant and during the last half of 1904 the marvelous production of 37 Buicks was accomplished.

In contrast, the present Buick plant covers an area more than a mile in length and from two to four blocks in width. Its four assembly lines have frequently turned out 1,000 finished cars daily.

Throughout this growth, however, the policy of "be sure you are right, then go ahead," has been continued. While the company no longer takes nine years of experimentation before deciding on a project, every test, both scientific and practical, is given every idea, all material, or any device before it is definitely incorporated into a Buick car. In fact, the present Buick cars are virtually the product of 30 years of continuous experimentation and testing.

BANNER YEAR IS PREDICTED BY MFG. OFFICIAL

Maxwell-Chrysler Show Decided Gains Over 1924.

With the largest retail sales for a single week in this season of the year ever recorded in Maxwell-Chrysler history, officials of the company are convinced that their two products are well started on the way to a banner year.

The record week, ending Feb. 21st., showed a gain in Maxwell sales over the same week last year of 72.5 per cent, while the increase over the preceding week was 44.2 per cent. Chrysler sales gained more than 45 per cent over the week ending Feb. 14th.

Although the views of business prognosticators held the belief that 1925 was to be an excellent and perhaps a record year for the motor car, the gains made by Maxwell-Chrysler to date are far above the automobile sales curve as charted for the entire industry. This is not based upon production records at the factories but upon actual retail deliveries as telegraphically reported by the dealers in every section.

The Maxwell-Chrysler group was generally expected in the trade to hang up high marks this year for the industry to shoot at, but this early assault upon the market especially indicates a tremendous year. Unsettled weather conditions have been an obstacle to extensive sales opera-

Menominee Triumphs Over Iron Mountain, 24-12

LOCALS DEFEAT SCHOOLCRAFTS

Houstonites, Iron Mountain to Enter U. P. Tournament.

Iron Mountain, Mar. 7 (Special)—The Menominee high school basketball team was crowned champion of District 1, Class A, here tonight, defeating the strong Iron Mountain cagers by a 24 to 12 score. Menominee and Iron Mountain, winners of first and second places, will represent the district in the Class A Upper Peninsula Tournament to be held at Marquette next Friday and Saturday.

In the preliminary to the Iron Mountain-Menominee fracas the Escanaba High school quintet of basketball had an easy time disposing of the Manistique High basketball tossers, winning by a 27 to 8 score. As a result of this victory Escanaba was given third place for District 1, Class A.

In the main battle Menominee showed up better in every department of the game, clearly outplaying the Ford City basketweavers.

Tournament Games

CLASS A.
District 1.
Menominee 24; Iron Mountain 12.
Escanaba 27; Manistique 8 (for third honors).

District 2.
No games scheduled. Ironwood defeated Crystal Falls 28 to 26 yesterday.

District 3.
Houghton 10; Hancock 9.
Calumet 20; Painsdale ?? (for third honors).

District 4.
Houghton 21; Calumet 10 (preliminary game).

District 5.
Negaunee 17; Ishpeming 13.
Soo 30; Marquette 21 (for third honors).

CLASS B.
District 1.
Norway 17; Gladstone 16.
Vulcan 31; Rock 4 (for third honors).

Afternoon games.
Gladstone 77; Rock 1.
Norway 31; Vulcan 13.

District 2.
No tournament. Wakefield conceded first place and Stambaugh second.

District 3.
Lake Linden 21; Dollar Bay 13.
L'Anse 18; St. Patrick's 5 (for third honors).

District 4.
Lake Linden 21; L'Anse 6 (preliminary title).

District 5.
Munising 30; Michigamme 14.
Gwinn 23; Normal 12 (for third honors).

Afternoon Games.
Munising 33; Normal High Marquette 6.
Michigamme 26; Gwinn 16.

ADDITIONAL SPORTS WILL BE FOUND ON PAGE TWO

District Winners

The following teams will be entered in the Upper Peninsula basketball tournament March 13-14:

CLASS A.
Menominee.
Iron Mountain.
Ironwood.
Crystal Falls.
Houghton.
Hancock.
Negaunee.
Ishpeming.

CLASS B.
Norway.
Gladstone.
Wakefield.
Lake Linden.
Dollar Bay.
Munising.
Michigamme.

Class A will play at Marquette. N. S. N. School and Class B at Houghton M. C. M.

TORONTO GIRL WINS ICE TITLE

(By The Associated Press.)
Pittsburgh, Mar. 7.—Miss Lelia Brooks, of Toronto, broke the 880 yard indoor skating world record for women here tonight in winning the first final event in the international indoor speed skating championship at Duquesne Garden. Her time was 1:27.

The record previously was held by Miss Gladys Robinson, of Toronto, whose time was 1:48.25.

The world's indoor record for the 440 yard dash, also held by Miss Robinson was shattered tonight by Miss Virginia Young, of Pittsburgh, who broke the wire at 45.45 seconds. Miss Robinson's time for the event had been 47.45.

Chaley Gorman, of St. Johns, N. B., won the first final event for men by taking the 220 yard dash in 19.15 seconds. Joe Moore, New York, international champion, was a close second, crossing the line a second later.

Joe Moore, of New York, successfully defended his international indoor speed skating title by scoring a total of 150 points.

American Bikers Win 6-Day Race

(By The Associated Press.)
New York, Mar. 7.—The American team of Bobby Walthour, Jr., and Fred Spencer won the 35th annual international six-day bicycle race at Madison Square Garden tonight.

Dartmouth Loses To Cornell 22-11

(By The Associated Press.)
Ithaca, N. Y., Mar. 7.—Dartmouth was eliminated as a contender for the championship of the intercollegiate basketball league when Cornell defeated the Green tonight, 22 to 11. Dartmouth took an early lead which Cornell soon overcame. Cornell led at half time, 11 to 5.

Wisconsin Mat Men Lose to Iowa 16-7

(By The Associated Press.)
Madison, Wis., Mar. 7.—Wisconsin's hitherto undefeated wrestling squad was handed its first reversal when the Iowa mat men scored a 16 to 7 victory. Iowa won five of the seven bouts, two via falls and three by decisions.

Basketball Scores.

At Oberlin, O.: Oberlin 36; Michigan Agria 16.
At Cambridge: Harvard 34; Yale 25.
At Iowa City: Iowa 26; Northwestern 15.
At Bloomington: Ohio State 28; Indiana 26.

Athletic Comish Head to Keep Post

(By The Associated Press.)
New York, Mar. 7.—Commissioner George E. Brower, former chairman of the state athletic commission, announced today that he will retain his seat on the board despite the breach which relegated him to a subordinate position and elevated James A. Farley to the chairmanship.

Nothing new developed on the commission's latest broadside at Champion Jack Dempsey, individual members of the board saying that no statement would be made until after the regular meeting next Tuesday.

Northwestern Wins Over Purdue Track Team by 49 to 32

(By The Associated Press.)
Chicago, Mar. 7.—Northwestern University won the dual track meet against Purdue at Evanston tonight, 49 to 32, though the Purdue athletes took first place in five of the nine events and tied for first in another.

DETROIT BOX TOURNAY ENDS

Walter Horeck Captures Two Titles in Meet of M. A. A. U.

(By The Associated Press.)
Detroit, March 7.—Eight new names were inscribed as Michigan amateur boxing champions tonight in the finals of the Michigan Amateur Athletic Association. Grand Rapids, with entries in each of the eight weight divisions, failed to land a championship.

Walter Horecki, of Detroit, captured two titles—the welter and middle weight. Billy Sherman, Grand Rapids middleweight, forfeited his bout with Horecki when his thumb was fractured in the second round.

Summaries of the finals follow: Bill Walter, of the U. of M., featherweight, defeated Ted Crevier, of Grand Rapids, in three rounds.

Walter Horecki, Detroit, won the welterweight match when Harry Fuerst, Detroit, defaulted.

L. Marks, Detroit, defeated Paul Allen, of Grand Rapids, for the bantamweight title in three rounds.

Joe Ingles, Detroit, won the flyweight championship when he defeated Charles Rattroy, of Detroit, in four rounds.

Frank Salverik, of Detroit, defeated John Poldzik, of Grand Rapids, in the heavyweight title bout.

Walter Horecki, Detroit, won the middleweight bout from Billy Sherman, of Grand Rapids.

Gerald Boekhausen, Detroit, scored a technical knockout over Leon Defer, Detroit, for the light heavyweight championship.

Fred Moore, Detroit, won by a technical knockout over Jerry Hooker in the lightweight match in four rounds.

Summaries of the semi-finals of the Michigan A. A. U. boxing tournament are as follows:

L. Marks, bantamweight, Detroit, defeated P. Allen, Grand Rapids bantam, in 3 rounds.

Walter Horecki, welterweight, Detroit, defeated J. Douglas, Detroit, in 4 rounds.

Bud Christie, bantamweight, Grand Rapids, forfeited to P. Allen, Grand Rapids.

Harry Fuerst, welterweight, Detroit, defeated L. Wheeler, Detroit, welterweight in three rounds. Fuerst was awarded the bout after Wheeler had been warned 4 times for low hitting.

Fred Moore, lightweight, Detroit, defeated Al Schultz, lightweight, Birmingham, in 3 rounds.

J. Honker, bantamweight Detroit, won over Sid Bowen, Grand Rapids bantam, when Bowen injured his foot in third round.

Gerald Boekhausen, light heavyweight, Detroit, scored a technical knockout over L. Hills, Trenton in the first round.

Al Tucker, featherweight, Detroit, forfeited to Harry Zander, of Grand Rapids.

William Walker of the University of Michigan, won the amateur championship of Michigan in the featherweight division tonight, defeated Ted Crevier, of Grand Rapids, in three rounds.

Walter Horecki of Detroit was declared amateur welterweight champion of Michigan for 1925 when Harry Fuerst, Detroit, defaulted.

MICHIGAN WINS OVER CHICAGO

(By The Associated Press.)
Ann Arbor, Mich., Mar. 7.—Michigan won an easy victory over Chicago tonight, 47 to 14, in a game that was featured with sparkling plays by Reason and Haggerty who, with Landre, were playing their last game for Michigan.

Placed in the lineup early in the contest after Landre had failed to play impressively, Reason shot five field goals, looped five baskets out of seven attempts from the foul line and gave one of the best exhibitions of offensive and defensive play seen at Yost field house this year.

Following the game the Michigan squad met and elected Richard Doyle, Kalamazoo, as captain of the 1926 team.

Line-up and summary:
MICHIGAN (47) CHICAGO (14)
Haggerty, rf Gordon Chambers LF Sackett Landre, c Aleyea Cherry, rg Barta Doyle, lg Marks Field Goals: Haggerty 5; Chambers 2; Reason (sub for Landre) 5; Cherry 2; Doyle 2; Marks 1; Poul Goals: Haggerty 4; Landre 1; Reason 5; Doyle 1; Marta 1; Aleya 1; Sackett 1; Gordon 1.
Referee: Young (Illinois Wesleyan).
Umpire: Feezle, Indianapolis.

Princeton Beats Columbia 23 to 10

(By The Associated Press.)
Princeton, N. J., Mar. 7.—By defeating Columbia 23 to 10 tonight, Princeton was assured of finishing in a tie for first place in the intercollegiate basketball league even though the Tigers lose their remaining games with Dartmouth and Pennsylvania. Princeton, although leading at half time by only two points, pulled away in the second half and won easily. Lemon led in the third period. Norway spurred in the last session, registering another

Norway Beats Gladstone High In Finals By 17 To 16 Score

Eight Points. Vulcan could only account for a brace of field baskets. The final count was 31 to 13 in favor of Vulcan.

Gladstone, Mich., Mar. 7.—(Special)—Norway defeated Gladstone high school in the finals of the District 1, Class B, basketball tournament here tonight by the score of 17 to 16. The game was one of the closest and most thrilling of the tourney series.

The line-ups and summary follows:
NORWAY VULCAN
Paternoster, rf Pedro Gotz, lf Defant Marrin, rg LaViolette Calcaterra, c Belski Perobesti, lg Defant Substitutions: Norway, Dierck for Paternoster; Murray for Marrin; Helsting for Calcaterra; Vulcan, McCarthy for Defant; Rice for LaViolette; Bettiga for Belski.

Field baskets: Norway, Paternoster 2; Dierck 2; Gotz 3; Marrin 2; Murray 1; Calcaterra 1. Vulcan, Pedro 3; Defant 2.

Free throws: Norway, Paternoster 4; Gotz 2; Calcaterra 3. Vulcan, Defant 1; Bettiga 2.

Personals: Norway, Paternoster 1; Calcaterra 1; Perobesti 3. Vulcan, Pedro 2; Rice 1; Belski 2; Defant 1.

Gladstone 77; Rock 1.

In the high score game of the tourney the Gladstone High quintet trampled the Rock cagers underfoot to the tune of 77 to 1. The Maple Riders didn't have a look-in from the start, the Gladstone basket shooters scoring twelve field baskets in the opening quarter of play, at the same time holding the Rock players scoreless. The next three quarters were but a repetition of the first. In the second the Keitties added sixteen more points, the half score standing at 10 to 0.

Rock registered its lone point in the third, and the locals added thirteen more counters. The final count was 77 to 1, in Gladstone's favor.

The line-ups and summary follows:
GLADSTONE ROCK
Noreus, rf Neveau Kircher, lf Huff Berg, c Vittala Weingartner, rg Larson Cameron, lg Salmi Substitutions: Gladstone, Fillmore for Kircher; Moore for Berg; Goodman for Cameron; Rock, A. Larson for Vittala.

OHIO STATE WINS BIG 10 CAGE TITLE

Defeats Indiana By 28 to 26 Score in Fast Game.

(By The Associated Press.)
Bloomington, Ind., Mar. 7.—Ohio State basketball team won the western conference cage crown by defeating Indiana 28 to 26 in one of the closest and fastest contested games of the season.

Ohio State has now ten victories and one defeat for first place with Illinois in second with eight wins and three losses while Indiana slipped from second to third with eight wins and four defeats. Purdue is in fourth place with six victories and four losses. Illinois and Purdue play again but the results cannot effect Ohio's standing. Ohio State meets Wisconsin next week for its last game.

The play tonight was hip and tuck throughout with the lead changing six times while the score was tied five times. Indiana led at the half 14 to 12.

Krueger, Indiana forward, was high point man of the game with 12 points.

Lineup and summary:
OHIO STATE INDIANA
Miner, rf Logan Shaw, lf Krueger Cunningham, c Winston Cameron, rg Hreknor Seiffer, lg Sponser Field Goals: Miner 5; Shaw 2; Cunningham 2; Cameron 1; Krueger 5; Logan 2; Breckner 1; Sponser 1.
Foul goals: Miner 1 out of 1; Shaw, 1 out of 1; Cunningham 1 out of 4; Cameron, 0 out of 1; Seiffer, 2 out of 2; Logan, 1 out of 4; Krueger, 2 out of 3; Winston, 2 out of 2; Breckner, 1 out of 1; Riplogie, (sub for Logan) 2 out of 2.

Referee: Schommer (Chicago).
Umpire: Maloney (Notre Dame).

Hawkeyes Beat Northwestern in Dual Swim Meet

(By The Associated Press.)
Iowa City, Ia., Mar. 7.—Iowa defeated Northwestern in the last basketball game of the season for both teams here tonight, 26 to 15. The Hawkeye victory puts Northwestern in the eighth position. Iowa finished in seventh place.

The lineup and summary:
Iowa (26) Northwestern (15)
Land, rf Baker Jansse, lf White Raffenberg, c Karstens McConnell, rg Christinas Vandusen, lg Mathews Field Goals: Jansse 5; Raffenberg 1; McConnell 2; Vandusen 2; Graves (sub for Karstens) 2; Mathews 2.
Foul goals: Land 1; Vandusen 1; Baker 3; White 1; Christinas 1.
Referee: Kvarns (Dennet).

BIG STAKES AT KAZOO DERBY

(By The Associated Press.)
Kalamazoo, Mich., Mar. 7.—Early closing events on Kalamazoo's Grand Circuit race program will aggregate \$24,000. This is in addition to the \$25,000 American Pacific Derby for 2:08 performers, the feature of the five-day meet at the Recreation Park track, July 20-23. In all \$49,000 will be raced for in the stake and purses offered by the local management.

The \$10,000 Exchange Club purse for 2:08 trotters comes second to the derby from a money standpoint. This event formerly known as the Paper Mill purse, has been on the Kalamazoo program since the first Grand Circuit meeting, held in 1907.

There are two \$3,000 events listed, the Kalamazoo Pant Company purse for 2:13 trotters and the Park American purse for 2:14 pacers. Four \$2,000 purses are offered for 2:18 trotters, the New Bardick Hotel for three-year-old pacers, and the Columbia Hotel for two-year-old trotters, and the Birmingham and Prosser stake open to three-year-olds eligible to the 2:12 class.

Jack Delaney to Fight McGuire at Detroit on Friday

(By The Associated Press.)
Detroit, Mar. 7.—Jack Delaney will display his wares to the Detroitistic public Friday, March 13, when he meets Frankie McGuire of Williamsport, Pa., here.

Delaney's record shows but two defeats, Jimmy Slattery, fast rising Buffalo youth having earned a decision over the Bridgeport boy last October and Augie Ruttner having scored a one-round knockout in 1922.

Rhode Island Man Wins Golf Tourney at Pinehurst, N. C.

(By The Associated Press.)
Pinehurst, N. C., Mar. 7.—Philip S. P. Randolph, Jr., Point Judith, R. I., today won the annual spring golf tournament here by defeating A. M. Hoxie of Boston, 2 to 1. Two hundred and eighty-six golfers took part in the tournament. The winner had a medal round of 77 as against 80 for Hoxie.

Dorothy Hurd Wins At Belleair Hts.

(By The Associated Press.)
Belleair Heights, Fla., Mar. 7.—Mrs. Dorothy Campbell Hurd, national women's golf champion today added the Belleair Heights title to her others when she defeated Miss Bernice Wall of Oshkosh, Wis., in the 18-hole final match, five up and three to go in the annual Belleair Heights Golf tournament.

Clare, Mich., Mar. 7.—Mrs. Bridget Bergen, who died in Bay City recently at the age of 90, named this village. One of the first settlers here, she was given the honor and named it after Clare county, Ireland, where she was born.

FAKE NEPHEW GETS 30 DAYS

By representing himself to be a nephew of J. W. Albrecht, restaurant proprietor, Clarence Miller, alias Will Markham, 35, of Milwaukee, managed to get several meals, a goodly supply of cigarettes and a comfortable place to loaf for a day or two.
But his little scheme also won him a 30-day sentence in the Delta county jail, imposed by Judge C. D. McEwen yesterday when Miller pleaded guilty to violating the state "hotel protection" act.
Miller, the owner of the restaurant, is out of the city. Miller went into the place, introduced himself to the young woman in charge of the establishment as the proprietor's nephew and proceeded to make himself at home. The girls became suspicious, however, when Miller demanded that they turn over the Friday cash receipts to him. They refused to deliver the money to the visitor and called the police.
Admits Fraud.
At headquarters, Miller admitted he was not a relative of Mr. Albrecht, nor even an acquaintance. He had been told, he said, the restaurant man was out of town and "the place looked soft."
Judge McEwen, upon receiving the plea of guilty, insured Miller of three meals a day for the ensuing thirty days, at the county jail.

Do you pay by check?
FOR the home manager a checking account is necessary for efficiency, just as it is in any business.
Men and women who wish to systematize their personal and household expenses are invited to open individual checking accounts with us.
1. Eliminates the risk of handling cash.
2. Saves time and steps.
3. Shows just where the money goes and helps to economize.

DOGS STAYING OUT OF SIGHT

There were very few dogs at large in the city of Escanaba yesterday.
The quarantine order, issued by the municipal department of health Friday, immediately following the receipt of a report confirming the finding of a case of rabies here, was being pretty generally obeyed, it was declared.
The order requires owners of all dogs to keep them under control on their own premises, or muzzle them.
About a dozen stray animals had been gathered in by the police up to a late hour yesterday afternoon. All were unmuzzled and untagged.
Protected Period.
The order will remain in effect as long as there is any danger of the rabies spreading. It was emphasized yesterday. That will be several weeks at least, and it may be several months. The state law requires dog owners to keep the animals under control at all times, and the quarantine order merely adds emphasis, coupled with action, to the enforcement of the state law.

FRATERNAL
Hold Election.
Friday evening, the Holy Family Court, No. 56, W. C. O. F., held its annual election. The following officers were named for the ensuing year:
Fr. Muehler—Chaplain.
Alice Murphy—Chief Ranger.
Christina McGillis—Vice Chief Ranger.
Mary R. Kelly—Recording Secretary.
Bridget Gallagher—Financial Secretary.
Ellen Roddy—Treasurer.
Trustees—Margaret Garrity, Anna Molloy, Georgia Lawrence.
Conductors—Jennie Winchester, Winnifred Gallagher.
Sentinels—Mary Decent, Nellie Gallagher.
Delegates to state convention—Alice Murphy.
Alternates—Helen Firkus.
Medical examiners—Dr. W. A. Cororan, Dr. G. E. Hartley, Dr. J. J. Walsh.

'ENOCH ARDEN' DIVORCE TELLS HOW MATE LEFT
Continued From Page One.)
several sources, and this was increased from time to time by legacies. He had accumulated an unmatched collection of early Egyptian gold coins, Roman intaglios, Roman cylinders and ancient glasses and historic figurines, representing an investment of scores of thousands of dollars.
"We planned an exhibition. I spent months carefully cataloguing, describing and translating hieroglyphic inscriptions, out of my knowledge of Egyptology."
Then, she said, came the husband's announcement that he was through with it all.
Is "Master Mind."
"He paid me a few casual visits after that," the woman's story continued. "The last time I saw him he was removing from our house the last of his collections. He left me the glasses and figurines, which were breakable. The rest, which had cost him upwards of \$200,000, he took."
"He smiled suavely when I questioned him. He repeated what he said about the debt of a master mind to the world. Then he left us—without money; with the mortgage on our home falling due with his life insurance premiums unpaid, with creditors clamoring for thousands of dollars."
Mrs. Parker said it was while her husband still was visiting her occasionally that he was served with the court order requiring him to pay her \$100 a week maintenance. She expressed a belief that this order, and his pressing creditors prompted him to disappear.
"if he only shows himself to be sincere, I won't take any action to have him punished for abandoning the children," she concluded.

Resume Navigation Off Grand Haven
Have after a six-day tieup, due to ice. The vessels to resume services are the Alabama, United States, Milwaukee and Grand Haven. The Muskegon harbor has been open to navigation for 160 days.

134 BILLION RICHER
Despite the handicap of the War, the wealth of the United States increased 72% to a total of \$320,000,000,000 in the ten years between 1912 and 1922, according to a recent estimate.
WHERE DO YOU STAND?
Figure up your increase in wealth for the past ten years. Have you beaten the government's 72% gain? If not, haven't you some back saving to do? If you have gained more than 72%, set your new goal much higher.

Secretary Mellon Gives Eleven Warnings
Rules for Safe Investing
CRITICS have much to say of the "little mindedness" of suspicion, but even the most carping can scarcely say that suspicion is not a mighty good asset for a prospective investor to cultivate when it comes to handing over his or her good money for investment purposes. The investment institution of sound record and proven safety does not fear the investor's suspicion—it welcomes it. Were there more suspicion and more caution the American public would not lose nearly a billion dollars a year in unwise investment.
The foregoing is called forth by the investors. Mr. Mellon has a hundred or so millions of dollars safely invested, it is said. He has dealt all his life with investors and surely should know as well as any man in America what the pitfalls are and how to avoid them. And Secretary Mellon says in substance:
Don't buy stocks in mines you know nothing about.
Ditto regarding oil wells. Only the rich can afford oil speculation.
Look out for schemers taking advantage of new inventions—radio, for instance—to float worthless stocks.
If you buy property, buy it near at home.
Distrust new companies organized to "sell by mail."
Investigate new manufacturing methods for yourself before investing.
Suspect investments offering special cash discounts or stock bonuses.
Distrust tips on the stock market. If they were worth while, the possessors would not let you have them.
Only the rich can afford to speculate—not the man with a family to support.
Distrust companies being organized to imitate the success of someone else.
Suspect anyone who urges you to "invest quickly, or it will be too late."
We try to protect our customers if they will inquire before investing.

TIGERS SLAP THE CUBS IN ELKS LEAGUE

Taking two out of three games, the Tigers gave the Cubs a set-by in the Elks Bowling League last week, and this gives the other teams a fighting chance for first place.

No high scores were rolled, Stanley Crowe getting 202 and Dr. Mead 204.

The games scheduled for this week are as follows: Monday night, the Pirates and Cubs, Tuesday night the Lions and Giants, and on Wednesday night the Tigers and Bear Cats.

Bill Johnson, of Newberry, one of the outstanding figures in upper peninsula baseball the last two years, is on his way to Augusta, Ga., with the vanguard of the Detroit Tigers.

OLAFSON OUT FOR POLITICS, HE ANNOUNCES

Announcement of Andy P. Olafson's intention of entering politics at the township caucus is contained in the following communication received from him yesterday:

Knowing by the looks of your Paper that News is a scarce thing in it that I would better write you some thing that would make your Readers sit up & take notice & will announce at this time that I am thinking serious of getting in to politics & will tell you some thing in regards to my Record which you can print and be sure and give me a good Write Up but do not put it in Paper till I let you know and tell you what I am going to run for which I have not decided up to the present time as yet.

Well I have been a Res. of Cooks & Visinette now for the passed seven years last Thursday at 9:30 & I give you the time of the day on acct. of the fact that the sekind train was 45 min. late on the Day which I arrived to Cooks with my parants including my Pa & ma and ever since that time have not been away from home at night except the time me and ma went to Chicago and have not been arrested on 1 occasion yet and as to my education qualifications would say that I can read and write English which is more than could be said by some Canedates which I know and would say that I alwep keep in touch with current events of the Country and read the Garden news in the paper so you see I am a good stizen of this Comunity & Visinette and if elected would be in Favor of lite Wines and Beer

And they has been a roomer going around hear which is a lie and if you hear about it do not put it in paper for it is not a fact but that is the way it is when you run for office they is alwep some dirt going around & now the roomer is that Pa and me piled holes in the wood which we soled by the cord to the School Board and they also say that it was rottin and they was some Birch mixed in with what was supposed to be Hd. Maple & that every load we hawled was found out to be 1/2 a rd. short meether so do not print this if you hear it as it would hurt my campaign.

Well I hear that they is thinking of putting in a comision man form of Govt. at Manistique they beter be carefull & not go in to suden as my Uncle knows a Comision man at Chicawgo & says they are all Crooks Well dont forget to give me a good Write Up Yours to represent the Peopel Andy P. Olafson, Cooks, Mich.

Band to Play Monday Night

Preparing for the summer season, the Manistique W. O. W. Band will hold its regular weekly rehearsal on Monday night as usual.

Woodsman Fined for Being Drunk

Anthony Blom, a woodsman employed at Blaney, was arrested Friday by Officer Mike Bond on a charge of drunkenness.

ANNOUNCE C. C. SESSION

The regular meeting of the Manistique Chamber of Commerce will be held at the usual hour Monday noon.

Bill Johnson Goes South With Tigers

Bill Johnson, of Newberry, one of the outstanding figures in upper peninsula baseball the last two years, is on his way to Augusta, Ga., with the vanguard of the Detroit Tigers.

EAGLES WILL START DRIVE FOR MEMBERS

A membership drive, which it is hoped will build up the Gladstone Aerie to a great extent, will be launched by the Eagles within the next few weeks, according to plans made Friday evening at their regular meeting held in the Eagles' hall.

The drive will be conducted by the present membership of the Aerie, with the following special committee, appointed Friday night, taking charge: James H. Murphy, Leonard Clapp, E. G. Fisher, Otto Haberman and J. V. Erickson.

One of the first objects of the membership campaign will be the re-signing of former members who for some reason or other have dropped out of the organization. When this is accomplished the drive to secure new members will be started.

MARBLE ARMS LEAGUE PLAYS TWO MATCHES

Miller's team and Roger's team were winners in the Marble Arms plant bowling league matches at the Community bowling alleys Friday night.

Table of bowling scores for Miller's and Roger's teams

QUINTET MAY PLAY ESKY SENIOR TEAM

Negotiations are under way for a basketball game between the Gladstone quintet, a team of former high school team members, who are not eligible to play any more because of the semester regulation, and the Escanaba high school senior team.

Table of basketball scores for Quintet and Senior Team

FORESTERS TO ELECT OFFICERS TUESDAY NIGHT

Officers to head the organization for the coming year will be elected by Sacred Heart Court, Catholic Order of Foresters Tuesday night, when the annual election is held at their regular meeting in All Saints' hall.

The election meeting will be one of the most important of the year and it is urged that every member make an effort to be present.

Meetings of the Foresters are being held on Tuesday instead of Wednesday evening during Lent so as not to conflict with the regular Wednesday services at the church.

CHURCH SERVICES

ALL SAINTS' CATHOLIC. Rev. Fr. Maters, Pastor. Low Mass—8:00 a. m. High Mass—10:00 a. m. Daily Mass—4:00 p. m. Lenten Services—Wednesday and Sunday evenings at 7:30.

FREBSYTERIAN. Sunday School—11:15. Christian Endeavor—6:30.

COMMISSION CANDIDATES ARE OPPOSED

Gladstone's spring city election turned from the prospects of a quiet balloting to a contest in which there will be at least two candidates for each of the two offices to be vacated Saturday when nomination petitions naming James H. Murphy and Peter Peterson, both well known business men, as candidates for city commission.

Petitions now in circulation are those of Milton I. Call, candidate to succeed himself, Jackson Stephenson, candidate, to succeed himself, Mr. Murphy and Mr. Peterson.

Both of the men whose petitions were placed in circulation yesterday are widely known here. Mr. Murphy is with the MacGillis & Gibbs lumber company and has been in business here for a number of years. He served for several years as councilman under the old form of city government.

Mr. Peterson is also a business man of long standing in Gladstone. He is well known throughout the community through his long residence here and in a business way through his position as superintendent at the Pittsburgh coal docks.

Two Offices. The petitions of Mr. Stephenson and Mr. Call who have served as members of the commission since the new form of government was adopted, were placed in circulation several days ago. The terms of both commissioners expire this year and both are running for a second term.

The commission contest will attract the biggest share of interest in the spring election, in Gladstone with the choosing of two commissioners to serve three year terms, taking the attention of the voters. Outside of the local contest, the regular state election will be before the voters.

March 16, or twenty days before the election, as required by charter provision, is the final date on which petitions of candidates may be filed. The four petitions are now in circulation but none has been filed at the city hall as yet.

WELFARE CLUB HAS MEETING MONDAY NIGHT

Civil Service and Community Service will be the subjects on which the program which will be given Monday night at the regular meeting of the Child's Welfare club, following the business session.

JUNIORS ARE PLANNING FOR ANNUAL PROM

Plans are being made by the Juniors of the Gladstone high school for the Junior Prom, the most important social event of the school year, at which they will entertain with the Seniors as honorees.

The Prom date has been set as April 17, and committees appointed, are already at work on arrangements.

Elaborate preparation will be made for the prom this year with the view to making it one of the most attractive Junior hops ever held here.

Mrs. I. Swanson and daughter Eldor is left for a visit at Iron Mountain over the week end.

CITY BRIEFS

EH Eaton who has been ill at his home for several weeks is gradually recovering. Miss Alice Moore is spending the day at Escanaba with friends. Miss Mabel Collins is ill at the home of her mother, Mrs. W. H. Collins.

William Gents left Friday night for Minneapolis where he has taken employment. Mrs. Walter Olson, who submitted to an operation for relief from appendicitis at the St. Francis hospital, is reported to be getting along nicely.

Mrs. Fred Minick left Friday night for Rhinelander, Wis., where she will visit friends. H. H. Albin returned to his home here yesterday from a business trip to Chicago.

Allen Bouchard left yesterday for Nadeau, where he will visit friends.

Miss Marie Mackl who has been visiting friends at Chicago will return to her home here the first of the week.

Mrs. Thomas DeVoy who has been visiting her parents, Mr. and Mrs. William Masterson, has returned to her home at Green Bay. Mrs. Michael Conley of Milwaukee is visiting here at the home of Mr. and Mrs. Frank Kugel, Sr.

Mrs. Mary McNeil spent Saturday at Powers Sanatorium visiting her daughter who is a patient there.

Damage Caused By Roof Blaze

A roof fire caused by sparks from a chimney called the department to the Rufus Dunn home, Third and Michigan, early Saturday afternoon. The blaze was quickly extinguished with the aid of chemicals and two streams of water, but not before the fire, which had gained a good start, did considerable damage.

Anyone wanting immediate real Silk Hosiery service, will receive prompt attention by calling Phone 181. Mrs. A. L. Johnson, 1393 Minnesota Ave. 3736-67-11

Sabatini's "Captain Blood" Opens Week at Delft Theatre; 'Rain' Comes Wednesday Nite

TODAY'S PROGRAMS. At the Delft—"Miss Bluebeard" with Bebe Daniels in the title role. It is a farce comedy with a strong cast and elaborate settings.

"Captain Blood," the most popular of Rafael Sabatini's novels, will come to the Delft theatre in its celluloid form Monday and Tuesday.

more than two years, and may keep quite awhile longer, will be presented at the Delft theatre Wednesday night by an excellent company.

"Rain" was originally a magazine story by W. Somerset Maugham, called "Miss Thompson." The scene is laid on a tropical island during the intense rainy season.

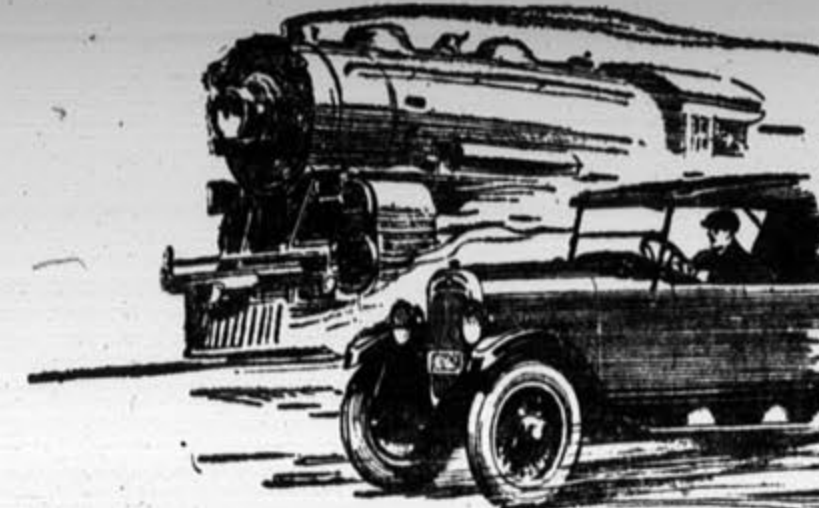

Seats will be placed on sale Monday and without doubt, one of the season's record houses will see it.

Harold Lloyd. Harold Lloyd in "Why Worry," is promised by the Delft management for Thursday, Friday and Saturday.

Patrons of the Strand will find "My Man," the Monday and Tuesday feature, an intensely interesting and lively picture.

FORDS MAKE 34 MILES TO GALLON START EASY any WEATHER

AN OPPORTUNITY FOR SERVICE.
It is a sad commentary on government care for disabled world war veterans that it has been necessary to broadcast an appeal for cast off clothing for those disabled soldiers and sailors receiving treatment at the Great Lakes hospital.

A SIGNAL VICTORY.
Little sound complaint can be registered by Great Lakes communities in the decision of Secretary War Weeks, handed down on Friday, prescribing the amount of water the Sanitary District of Chicago can withdraw from Lake Michigan for a definite period of years.

HAVE A CHEW.
The ash tray has replaced the cuspidor in this land of the free and America's tobacco dollars are going up in smoke instead of

FLAPPER FANNY says
The less you know about some boys, the more you think of them.

spattering themselves on the Brussels and the bitulithic. Trade and commerce, art and literature, statesmanship, personal comfort and the public weal have suffered grievously from the decline of the "chawing" practice.

This nation was built by a race of men whose hard-shelled shirt fronts were disfigured by the brown polka-dotting globules which, tossed into the breezes, were blown back to stamp the tatters with the brand of a slave to the nicotine eating habit.

Brigadier General Mitchell is to be demoted, but the benefit of his exposure of the weakness of our national air force, has not been lost and the coming years will substantiate that fact.

Andrew B. Fall, former Secretary of the Interior of the United States of America, finally faces the court as just a plain defendant. If he is guilty of the charges made he will be punished. If he is guiltless he will be exonerated.

Office girls standing at counters gulping doughnuts and coffee for breakfast... Hurrying, hurrying, hurrying... Streaming into great towers of stone in never-ending lines.

Gusty winds swirling about tall buildings filling the streets, and inside the buildings wind-bags filling them with wind... Talk, talk, talk—bluff about deals and dollars.

"A Smothering Angel"

DOROTHY'S FATHER DIES. Chapter XXXVIII.
It had been over a year since Dorothy Harding had left Reed, over a year since she had heard Margaret's loving words, had not waited to hear Reed's quiet refusal. It was a year that had seemed a century to the child-wife who had loved Reed so passionately— if selfishly.

"Promises we had no right to ask of him, Dorothy. He couldn't earn a living without working—no man can. You should have helped him in his work, been interested in it, understood it. I felt afraid when you married him, afraid for you. A writer, a successful one, is naturally absorbed in his work while doing it, cannot be constantly interrupted, must be alone. From then you have told me you didn't make demands upon him. He loved you, that I know, loved you dearly. I should die happier if I knew you would go back to him, would try to be more to him than you were—more of a help-mate."

Another, and quite different small-town picture, comes from William Dudley Pelley. It is "Drag" (Little, Brown Co.), and the scene is Vermont. Here again we meet unhappy folk, but under circumstances that are of the flesh rather than the soil.

But there is a laugh for the whole family in one output of the week: "The Prince of Washington Square" (Stokes), by Harry Liscomb, "the boy novelist." Here is a book reminiscent of "The Young Visitors," which occasioned much mirth a season or so ago.

WEEKLY SUNDAY SCHOOL LESSON THE SAVIOR ON THE CROSS

And when they were come to the place, which is called Calvary, there they crucified him, and the malefactors, one on the right hand, and the other on the left.
Then said Jesus, Father, forgive them; for they know not what they do. And they parted his raiment, and cast lots.

A THOUGHT

Be not evil of no man, to be no breaker, but gentle, showing all meekness unto all men.—Titus 3:2.
Ill deeds are doubled with an evil word.—Shakespeare.

WON'T SEE SNAKES

Belfast.—St. Patrick's Day in Ireland will be dry under the new liquor bill recently passed. The three week days of the year on which the liquor shops must stay closed are Good Friday, Christmas and St. Patrick's Day.

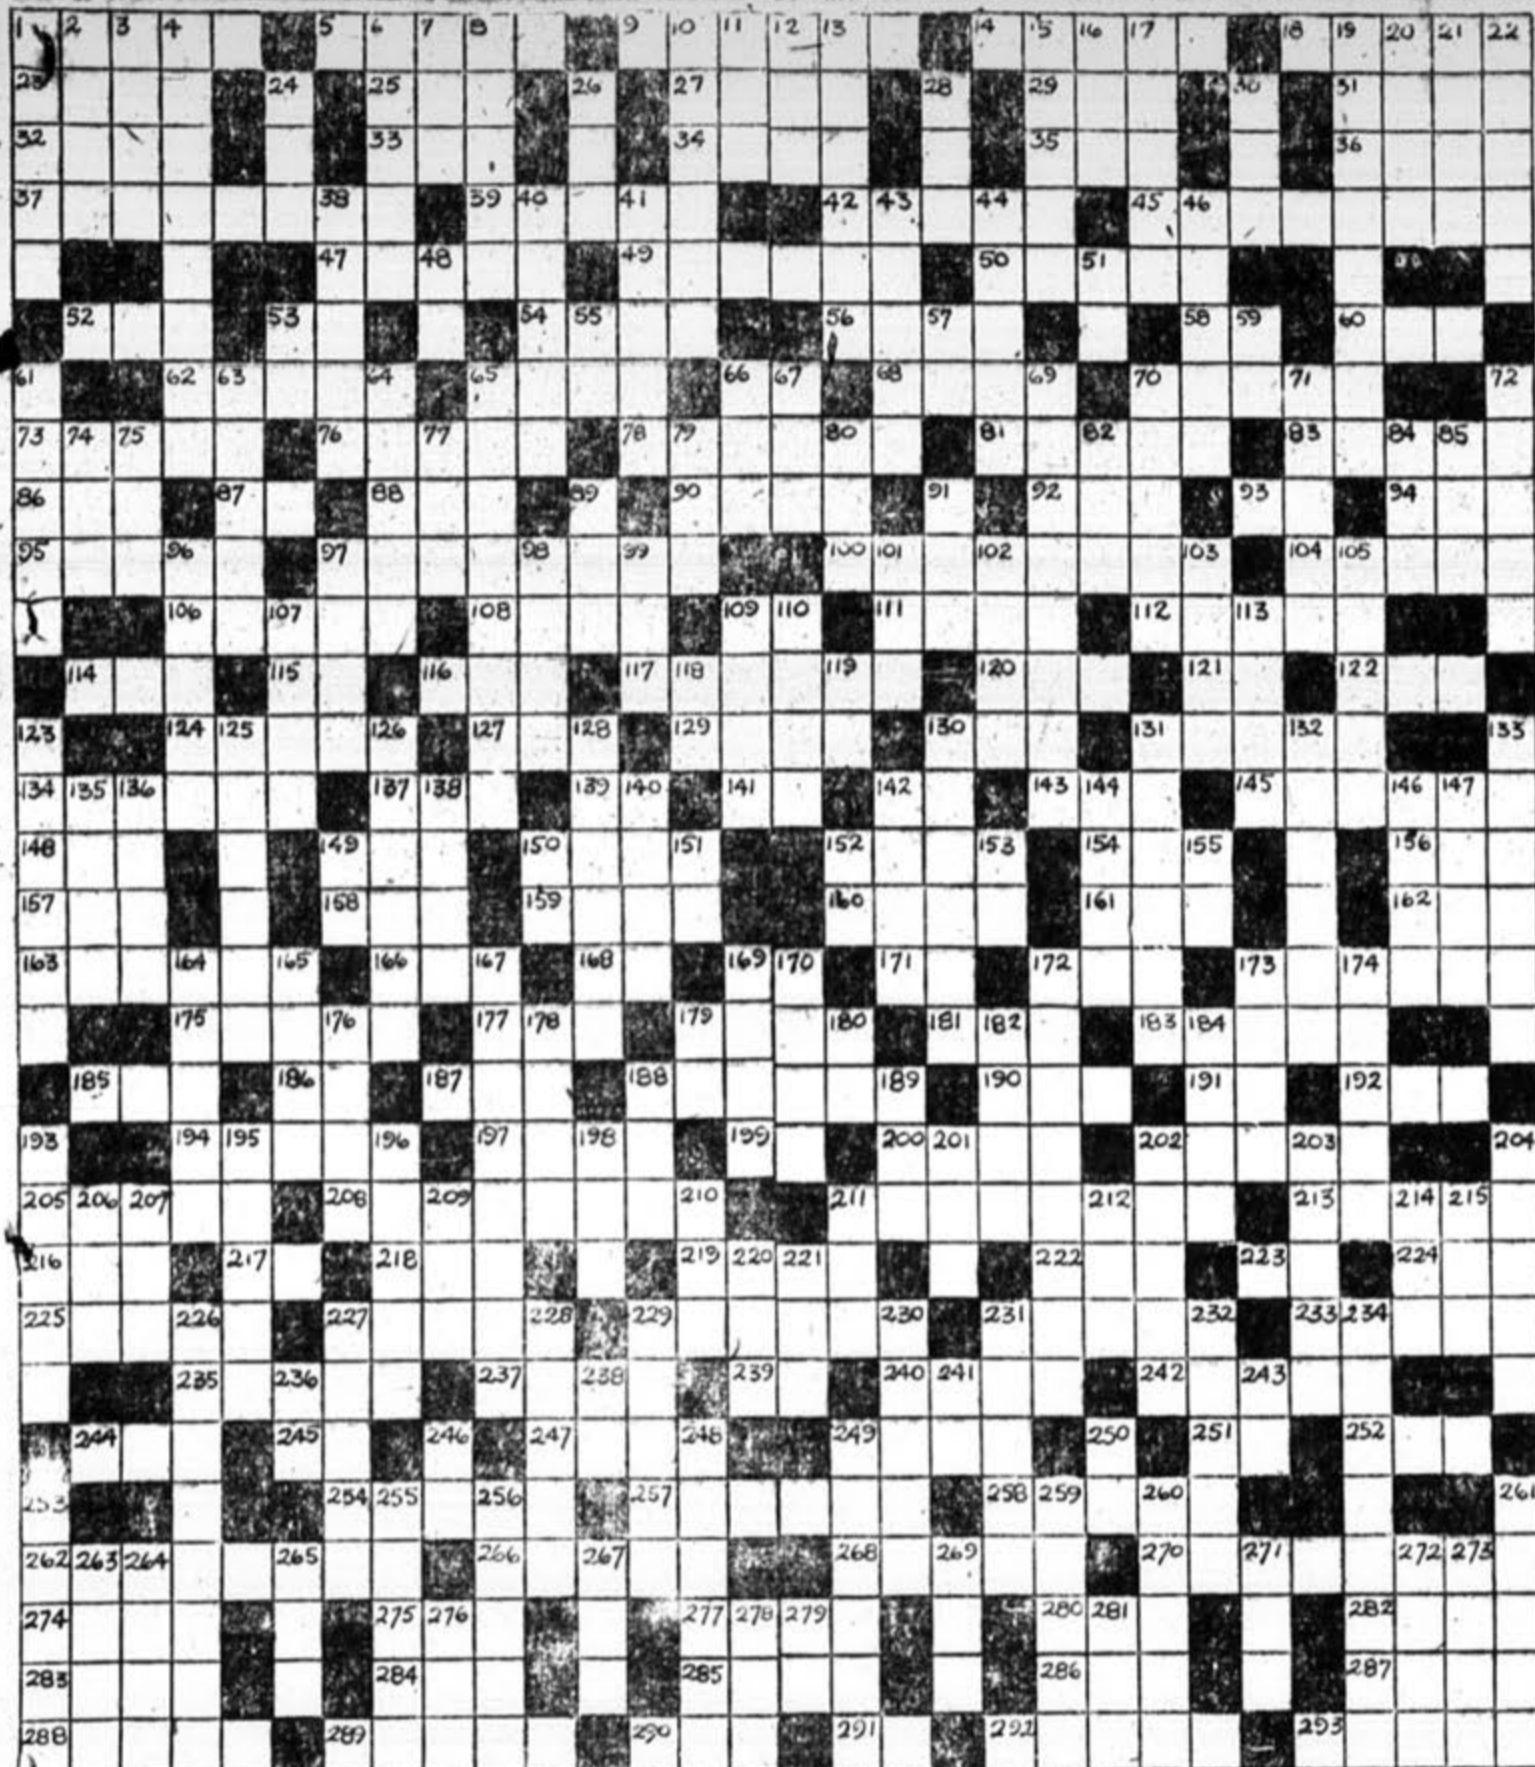

A GIRL WHO IS STRUCK BY AN AUTO BUS ISN'T NEECESSARILY STAGE STRUCK

In the midst of all the stir over theater morals, there exults "Night Hawk," a lady who has worn down her health in pleasures, pursuit decides in one comprehensive resolve to rejuvenate herself physically and ethically. A surgeon performs the first operation. She wobbles a bit in respect to the second. At the end she announces again that she will reform. Mary Newcomb's good as the bad woman.

Divide "Two by Two" and the result usually is one. But the play of that name now running at the Selwyn seems to prove it is nothing. It has a cast of more than 30, including some actors, a couple of overworked doors, a bedroom scene, an English lord, a snooping newspaperman, and a raft of other pillars of the stage. Yet it gets nowhere.
The story of "Judith," with an original twist in its psychology, is offered in Henri Bernstein's "The Virgin of Bethulia." Julia Hoyt plays the Judith part in a series of poses and postures. A McKay Morris is a spirited Holophernes. The settings are stunning.
A FLAT TIRE
Tess—Is Fred dumb?
Bees—Is he? He thinks "Kiss Me Again" is just the name of a song.—Judge.

Crossword Puzzle

Never mind the big words in the puzzle. They're easier than the short ones—the three-letter variety. For so, it is these simple words that are going to stick you, if any will, several of them have only one letter key, and the other two are hidden away so nicely that it will tax your ingenuity to discover them. Besides, the composer of this puzzle has put into it a few new words that you may—or may not—make use of in later years.

- HORIZONTAL**
- To thrum a musical instrument.
 - Color between gray and white.
 - Entertains.
 - A minute opening in a leaf.
 - Tusks.
 - To spy.

- Nimble.

TALK MAY KILL VOTE ON WORLD COURT TREATY

Administration Senators Likely to Oppose Coolidge.

BY DAVID LAWRENCE
 Copyright 1924, by the Escanaba Press.
 Washington, March 7.—Within the next two weeks that the special session of the Senate is to continue, there will be every opportunity to ratify the proposed protocol whereby the United States would adhere to the world court—but the best information available at the moment is that the Senate will not take advantage of it.

Senator Robinson, leader of the Democrats, can assure practically the solid vote of the Democrats but he says most of the opposition to considering the proposal is coming from administration senators.

Senate May Follow.
 President Coolidge stressed the world court and recommended

adherence when he read his inaugural address. He had a faint hope that the Senate might follow the House which adopted a resolution favoring American entry into the court. It was passed by more than a two-thirds vote. The House isn't required to act on proposals of this kind but the resolution was put through by an overwhelming vote simply to indicate public sentiment as reflected in the House of Representatives.

It would require only half the republican side to combine with the Democrats in the Senate and to ratify the protocol but that isn't the problem. The republicans who oppose the world court can take weeks if necessary to talk about it. Most of the senators are anxious to go home or to begin their vacation plans. They do not look with favor on a prolonged session.

Peccol Situation.

It is an almost unprecedented situation, however, for the republican party placed itself on record at the last national convention by affirming the world court proposal in the republican platform. There is no other business before the Senate that needs right of way. There is no political reason at this time why there should be hesitancy as no election is imminent. Democrats favor it, republicans in large numbers openly object to it and President Coolidge wants it.

The senate by blocking consideration would be giving an example of what Vice President Dawes talked about in his inaugural speech. He said a majority could defeat a majority. In this case a handful of Senator can block consideration. It requires however only a majority to discharge the foreign relations committee from considering the proposal and forcing it to the open senate. Then a two-thirds vote could be obtained and a cloture rule invoked if the senate really wanted to ratify the protocol. The same two-thirds which is necessary to close debate would be in favor

naturally of ratifying the protocol.

Two Years Delay Feared.
 If the senate abandons the world court proposal and permits it to go over another year it is a question whether American adherence will come for two years more because there will be other things of a domestic character crowding for attention and it usually has been an effective argument for opponents of the court to insist that domestic matters were far more pressing.

The next few days furnish the best opportunity the world court has ever had to get through the Senate. If the republican leadership can hold its own members in line the protocol will be ratified after the speech by Mr. Coolidge on party discipline and regularity, his supporters think it would be poor policy for republican senators to stand in the way of action by those who want to vote. And there are two thirds in the Senate who favor the world court proposal. There always have been.

ST. JACQUES NEWS.

Marion Olson spent the week end at her home here.

Frank J. Hruska came from Nahma Saturday night to spend Sunday with Mr. and Mrs. John Olson.

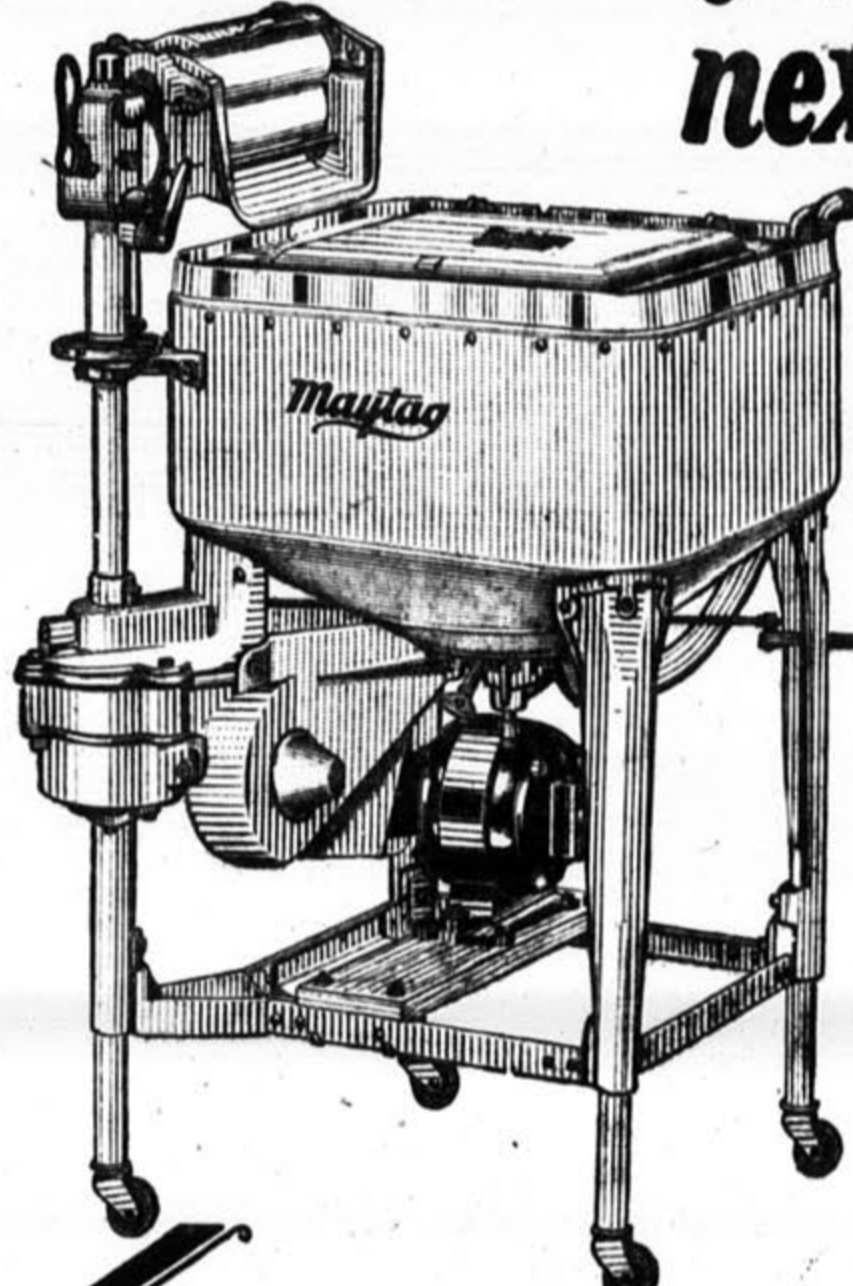

Mrs. John Olson was pleasantly surprised by her friends Saturday night in honor of her birthday. 500 was played, Joe Groleau winning first prize and Mrs. L. P. Coolan consolation. A reported a very good time. A dainty lunch was served after midnight.

Mr. and Mrs. Frank J. Hruska returned to their home in Nahma Sunday night.

Joe Casey motored to Nahma Sunday.

The first public dispensary was established in Egypt about 4500 B. C. The attendant received the equivalent of about \$500 a year which was five times the amount then paid a skilled laborer.

Let us LEND you this Washer next washday

9 Outstanding Maytag Features

- Washes faster. The Gyrafoam Principle creates a more highly energized, turbulent and continuously effective water action. No idle water.
- Washes cleaner. The Gyrafoam Principle mixes the soap evenly through the water, and forces the super-cleaning, soaping washing solution through the meshes of the clothes. No idle suds.
- Largest hourly capacity in world—50 lbs. ordinary family wash per hour.
- Most compact washer made—takes floor space only 25 inches square.
- Cast aluminum tub—can't warp, rust, rot, swell, split nor corrode.
- Easily adjusted to your height, and height of tubs.
- Clothes can be put in or taken out while washer is running.
- Tub cleans itself in 30 seconds.
- Metal swinging wringer. Low. Swings into 7 positions. Adjusts itself automatically for handkerchiefs or blankets. Automatic drainboard. Instant tension release. All parts enclosed.

9 Reasons For World Leadership

For homes without electricity the Maytag Gyrafoam is available with Multi-Moore attachment.

The famous Maytag Goodie Motor.

We make this offer, because no words or pictures are strong enough to do justice to the service the Maytag Gyrafoam Washer will give you.

You must see it actually wash to appreciate how it cleans collars, cuffs and wristbands without hand-rubbing—how deftly it handles sheer underthings—how thoroughly it cleanses heavier outer garments and greasy, grimy overalls.

Understand—we don't want you to buy the Maytag NOW—we only want to lend it to you—for washing the biggest day's wash that you can see ahead. You may have it tomorrow, or any other day—whenever you want it—without obligating yourself one bit.

Call the Maytag Dealer. He'll gladly bring a Maytag to your home—come and take it away, too, when you're through with it—if you'll let him.

Betterment of Conditions In Michigan Gradual Says Babson

BY ROGER BABSON.
Babson Park, Florida, March 6.—Robert W. Babson, who is now at his winter home in Florida, today issued the third installment of his Annual Report on Business Conditions, which treats of conditions in the thirteen Middle Western States.

"Conditions in most of the Middle Western States are very much better than last year at this time," says the statistician. "It is true that Iowa, Nebraska and certain other corn states have not yet benefited much from the higher cereal prices, owing to the small corn crop. But certain wheat states, such as the Dakotas and Minnesota, are in very much better condition than they have been for years. On my recent visit to Minnesota I found more optimism there than I have seen since 1918. Briefly the situation today in these thirteen states is as follows:

MICHIGAN:
"Betterment is gradual. The state is rather quiet at the present time though there is some tendency to increase production and forces among the automobile plants. Road building has suffered the handicaps inseparable from winter conditions. This state, however, harvested a good crop of fruit, vegetables and cereals. The copper districts especially are feeling better. As copper prices promise to be higher in 1925 than in 1924, this will benefit Michigan. As to automobiles, believe that most of the manufacturers will be satisfied if they can hold the 1925 output up to the 1924 figures.

OHIO:
"Main tendencies slightly better. The automobile industry is operating considerably below capacity; but the tire business is very good. It spent considerable time in Cleveland, Akron, Cincinnati, Toledo and other Ohio cities and found most business men and bankers optimistic. Building, however, is not today as active as it was—due largely to mining and other lines.

March will be an interesting test in conditions. The farmers of Iowa and Nebraska are awaiting the 1925 crop before purchasing with entire freedom. What the new crop will be, no one knows; but the experts are prophesying a fairly good income for the farmer.

MISSOURI:
"Fairly firm with trend upwards. A distinct increase in industrial employment is noted. Skilled labor is well employed although there is some unemployment amongst the unskilled. Increased prices for lead and zinc should give marked stimulus to this industry. The state received 12 per cent more for its corn crop and 27 per cent more for its oat crop than a year ago. Missouri should have good business in 1925.

NORTH AND SOUTH DAKOTA:
"Marked improvement. Business is always quiet in these states during the winter months. Hence there is still a surplus of labor. Fundamental conditions, however, are better than has been the case for years. Compared with a year ago, the value of South Dakota crops should show these increases: corn 6 per cent; wheat 91 per cent; oats 62 per cent; and barley 79 per cent. In North Dakota wheat shows a gain in value over last year of 178 per cent and oats 119 per cent. The Dakotas have turned the corners and are looking upward.

KANSAS AND MINNESOTA:
"Very favorable trend. Kansas and Minnesota are among the states which have made the most pronounced progress during the past twelve months. Both of these states are looking forward with optimism to 1925 and certainly prospects justify this better feeling.

"For the country at large farmers should receive for the 1924-25 season about 9 per cent more money than they did the preceding year. This confirms the more optimistic attitude of last summer, but falls far short of some of the extravagant forecasts circulated at that time. The farmer's situation has undeniably improved, but he is not yet rolling in wealth. The best informed sales managers favor moderate campaigns in selected farming regions during the first part of 1925. Whether these campaigns should be continued through the

Entertainment To Be Given On Tues., March 17th

On the 17th of this month, the whole land will be green, not with the coming of spring, but with the coming of a feast dear to the heart of every Irishman and not to him, alone, as the whole world rejoices thousands who would not recognize a shamrock if they met one will wear the green and be proud of it.

The entertainment for this most beautiful and time honored feast day of the glorious St. Patrick, provided by the members of St. Patrick's parish, under the auspices of the members of the Ancient Order of Hibernians and the Ladies' Auxiliary in that beautiful and love inspired, four-act drama, "Kathleen Mavourneen," or St. Patrick's Eve, is surely a most appropriate selection.

There will be two performances, afternoon and evening, and the cast has been selected from some of the best talent of the city, and under the most able direction of Mr. and Mrs. J. A. Allo, who have had years of experience in this particular line of endeavor, the public is assured of a most finished performance.

The cast of characters and entire program will be announced in next Sunday's Press. Reserved seats may be had at the Delft theatre box office, beginning Sunday morning, March 15th, at 9 o'clock, for the evening performance, and it will be first come first served for the afternoon performance. Just a word to the public: Reserve your seats early.

NAHMA NEWS.

Mrs. Harry Derosa returned from Two Rivers, Wis., where, she was called by the death of her mother, Mrs. Van Calligan. Mrs. Van Calligan was well known in this community as she was a former resident and had visited her daughter several times.

Mrs. Derosa of Garden has been visiting her son.

Beatrice Rockwell entertained a few of her little friends on her birthday.

A daughter was born to Mr. and Mrs. Ed. Johnson.

Miss Edith Grandstadt who has completed a course at the Escanaba business college, has gone to Detroit where she will be employed by the Grand Trunk Railway.

Miss Hazel Young of Vancouver is visiting. Mrs. Joe Lambert.

W. A. McClinchy was called to South St. Marie Thursday by the death of his father Robert McClinchy of that city.

Mr. Theo. Solberg is in Chicago on business. Helen McClinchy is teaching his grades at school until his return.

There is little travel on the main highway as the road is drifted in many places. The road from town to Nahma Junction has been plowed all winter by Mr. Ranguette and is in fine condition.

Mrs. Arthur Groicu and her brother Manuel Tardiff drove to St. Jacques Wednesday to visit Mr. and Mrs. Homer Groicu.

Word has been received of the birth of a daughter to Mr. and Mrs. Victor Tebo of Flint. Mrs. Tebo was before her marriage Margaret Krutina, daughter of Mr. and Mrs. Andrew Krutina of Nahma.

The Sunday school class taught by Helen McClinchy had a taffy pull at the home of Mrs. Fred Grandstadt, Friday night. Those present were: Jack Foster, Caroline Foster, Frederick Foster, Fred Grandstadt, Leslie Grandstadt, May La Barr, Gladys Ek-

ger, Billy McClinchy, Madelyn Olmsted, Bud Petter, Herbert Grandstadt, Katherine Payne, Evelyn Camps, Royal Camps, Billy Sargeant, George Blowers, Miss Nell Fleming and Betty Brophy are visiting friends in Marquette.

Lillian Peterson returned home after a several weeks visit with relatives in Manistiquette.

All the pupils of the Primary room were entertained at a birthday party Thursday afternoon by Dick McClinchy. It was in honor of his seventh birthday. Cake and ice cream were served and everyone had a fine time.

Mrs. Herman Brammer has been ill with the mumps.

Father Daniel To Preach On Wednesday Night

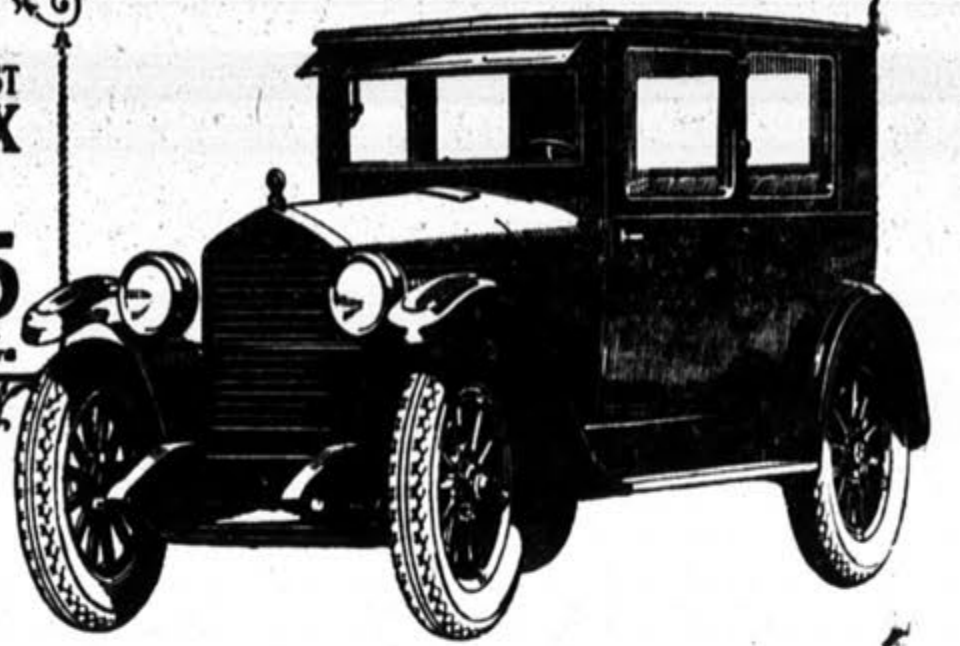

The topic of the sermon to be given by Rev. Fr. Daniel Linfert, O. F. M. next Wednesday evening at St. Joseph's church at the evening services which will be held at 7:30 o'clock will be, "The Denial by Peter and the Death of Judas the Traitor." The public is heartily welcome at the services also on Friday evenings and Sunday afternoon when there will be the Way of the Cross and Benediction with the Blessed Sacrament.

TO SUPPRESS "REDS."
Tokyo—A bill providing for the suppression of all secret radical societies has been placed before the Japanese Diet by the cabinet. The minimum punishment for membership in such a society is three years' imprisonment.

PLANE CARRIEN 20

You Cannot Get Equal Style Performance and Reliability Within Hundreds of Dollars of Its Price

Essex is a totally different type. Its advantages are exclusive because patented. It gives results never before attained in any car:

- Low price, without disappointment in looks or reliability.
- Economy without sacrifice of performance.
- Stability and highest roadability without unnecessary weight.
- The riding ease of large, costly cars. The handling ease of a bicycle. Utter simplicity in design.
- The lowest maintenance cost, we believe, of any car in the world.

A Car You Will Be Proud to Own

These qualities make it the most wanted and largest selling car of its class in the world. It is the finest Essex ever built. It is the smoothest, most reliable Essex ever built. It is the best looking, most comfortably riding Essex ever built. And the price, because of volume, is the lowest at which Essex ever sold. Surely you cannot be satisfied with less than Essex offers when its cost is but little more than cars of the lowest price.

"Gold Bond Policies"

In Business Since 1880

As Utterly Different In Results Now As a Year Ago

To the best of our knowledge there had never been a 3-inch motor capable of producing 68 horsepower, a speed of 70 miles an hour, with gasoline economy safely over 20 miles to the gallon, until the Chrysler Six arrived on the market last year. There is no other today.

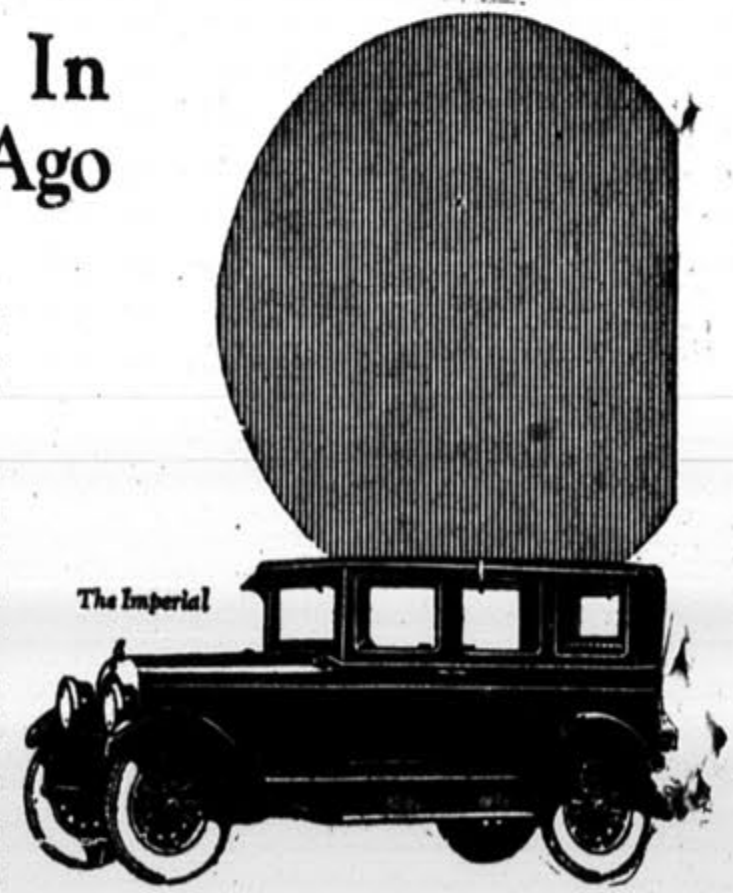

That is what scientific engineering in the way of perfected gas distribution, special combustion chambers and heat distribution does for the Chrysler Six.

There has never before been a motor in which all sense of vibration has been so completely eliminated, never before a car in which side-sway and road-weaving are absent, never before a car with an overall length of 160 inches that afforded so much usable space—generously roomy for five large adults.

Examples might be cited by the score. But you can see for yourself how utterly different the Chrysler Six is and why the eager public bought more than 32,000 Chrysler cars the first year, if you drive the car but a few minutes. We are anxious to give you a Chrysler ride, to prove it the best-built car you ever sat in.
