

SENATE KILLS WARREN APPOINTMENT

OTHERS TRIED TO GET LEASE OF OIL LANDS

Depositions Show Not Only Sinclair Wanted Teapot Dome.

(By The Associated Press.) Cheyenne, Wyo., Mar. 10.—Depositional testimony showing there were numerous applicants besides Harry F. Sinclair for the lease of the Teapot Dome naval oil reserve was given today in the trial of the government's suit in equity for annulment of the lease obtained by the Mammoth Oil Company, a Sinclair concern.

The government alleges the lease was obtained through collusion and fraud between Sinclair and Albert B. Fall, former secretary of the interior. The testimony showed that several applicants for the lease, while believing their proposals still were under consideration by the interior, received information from unofficial sources that the reserve had been leased to Sinclair's corporation.

The introduction of depositions testimony will continue tomorrow, according to plans of the government's special counsel, Owen J. Roberts and Atlee Pomerene.

Others Tried to Lease. Depositions by James L. Beatty of New York, who was president of the Texas Oil Company in 1922; Frank E. Kistler, of Denver, who in that year was president of the Producers and Refiners' Corporation, and Birch Helms of New York, revealed that each of them prior to the leasing of the reserve to the Mammoth Company had conferred with Secretary Fall concerning the leasing to the concern which they represented.

Beatty and Helms, according to the testimony, negotiated for leases governing the entire reserve and Kistler sought a lease on 1,250 acres of the approximately 9,000 acres in the reserve.

Shaffer's Deposition. There was read in the record also, the deposition of John C. Shaffer of Evanston, Ill., newspaper publisher, concerning his efforts to secure a lease on 600 acres of the reserve, and his subsequently fruitless efforts to secure a portion of the reserve not exceeding 540 acres, which adjoined land outside the reserve on which Shaffer had spent a large sum in drilling for oil.

There was also reference in a deposition by G. K. Thomas of Denver, to efforts by the Pioneer Oil and Refining Company to lease Teapot Dome.

Testimony given by Beatty, Shaffer and Helms referred to the expressed desire of Secretary Fall to lease the naval reserve to an independent oil producer and the latter's alleged attitude that Sinclair appeared to be the only independent.

6 Cabinet Nominees Rejected By Senate

(By The Associated Press.) Washington, Mar. 10.—Charles B. Warren is the sixth nominee for a cabinet portfolio to be rejected by the senate. Official records show that the first unfavorable action was taken during the administration of President Andrew Jackson and the last in the administration of President Andrew Johnson.

The list follows: Jackson: Roger B. Taney of Maryland, to be secretary of the treasury, rejected 28 to 18, June 24, 1834. John Tyler: James M. Porter of Pennsylvania, to be secretary of war, rejected, 38 to 3, January 30, 1844. David Henshaw of Massachusetts, to be secretary of the navy, rejected 34 to 4, January 15, 1844. Cabell Cushing of Massachusetts, to be secretary of the Treasury, rejected 27 to 19, March 3, 1843. Johnson: Henry Stanberry of Ohio, to be attorney general, who had previously served and resigned, rejected 29 to 11, January 2, 1868.

More Country Doctors, Not Specialists, Needed Today, Says Medic Head

(By The Associated Press.) Chicago, Mar. 10.—Conflict of opinion developed today at the annual congress on education of the American Medical Association concerning the cause and remedy for what leaders agreed to be an ominous shortage of family doctors. "The increased number of medical graduates, cited from this platform," declared Dr. William Allen Pusey, of Chicago, president of the association, "means no more to the needs of the ordinary citizen than does the increased output of 10,000 automobiles. Medical service is tobogganing toward breakdown or revolution. This is to be expected when the preparation for our profession costs seventy-five per cent more than preparation for any other profession. As a result medical graduates are preferring the better rewarded careers of specialists to ordinary service for the ordinary sick. The country doctor has almost vanished and the family doctor of the cities will vanish, too."

Urges Shorter Course. Dr. Pusey replied vigorously to critics of his views and took issue with views of previous speakers who had warned against "lowering educational standards." He declared that "medical education, once the poor relation, now is the spoiled child," of education had become too luxurious to live within its inflated income. He insisted that three years of collegiate residence and a fourth of apprenticeship, rather than four or five years of collegiate residence were ample for training ordinary practitioners and that medical college requirements must be made less exacting.

Too Much Frills, He Says. "Do not damn ideas with catchwords, or suppress them instead of trying to prove them wrong," he said. "I'm not scared by the bogey of lowered standards or the straw man of incompetent doctors. We can train twice as soundly as we do in half the time now required. Too much time is given to didactic lectures and the imparting of a mass of detailed knowledge; there is too little emphasis on sound apprenticeship and on habits of independent thinking and investigation. Apprenticeship need not necessarily be in a hospital; it may be well spent as assistant to a sound physician.

"Of 1,592 graduates of Johns Hopkins between 1897 and 1920, only 2.45 per cent are engaged in communities of less than 5,200 population.

"We need institutions equipped like Johns Hopkins to train specialists and investigators, but we must also have small colleges that can train, at a cost not prohibitive to the student, family doctors in their own districts. Let us provide as good an education as is economically distributable."

New York, March 10.—John D. Ryan, chairman of the board of the Anaconda Copper Mining Company, made public today a statement denying the allegations of experts for the Couzens special senate investigating committee that the government had lost \$50,000,000 in taxes through high valuations allowed the Anaconda and other copper companies. He characterized the testimony presented before the committee as "misleading and inaccurate" and the valuations now proposed by the chiefs of the valuation sections as "absurd."

EGYPTIAN TOMB IS MUCH OLDER THAN KING TUT

Cable Says It Is Not Sereferu's; Might Be of Princess.

(By The Associated Press.) Boston, Mar. 10.—A cable received today by Dr. George A. Reisner, professor of Egyptology at Harvard and director of the Harvard University-Boston Museum of Fine Arts Egyptian expedition, definitely establishes the tomb just discovered by the expedition near the Giza pyramids as being some 1700 years older than the tomb of Tut-ankh-amen and of a period of which little has been discovered heretofore.

The cable was from Alan Rowe, chief assistant of the expedition, an Australian, who has been working with Dr. Reisner for three years. Duncan Greenless is the second assistant of the expedition which began work at the present place in November. The text of the cable, as extended by Dr. Reisner was made public as follows:

Dated About 3,000 B. C. "The new tomb reported from the excavations of the Harvard-Boston expedition at Giza is the only important intact tomb yet found previous to dynasty VI. It is to be dated to the time of King Sereferu, the first king of dynasty IV, the predecessor of Cheops, that is, a period of 100 years up to about 3,000 B. C. The new tomb is situated about 100 metres due east of the great pyramid of Cheops. During the final clearing of the rock surface, a patch of white plaster was noted which covered the masonry consisting of massive blocks laid in plaster. On removing the plaster a stairway was disclosed filled with blocks of stone also laid in plaster. On removing these, eleven steps appeared which led down southwards to the side of a square shaft blocked in a similar manner, and the stones were carefully laid to imitate the natural rock.

Might Be Princess. "At eight metres down the shaft, a closed recess was found in the shaft wall which contained a sacrificial offering consisting of a bull's head and legs, matting and pots. At 26 metres the top of the burial chamber was reached. The bottom of the shaft was reached at 30 metres. On removing the top course of stone in

RECEIVERS NOW IN CONTROL OF LINES OF D. U. R.

Lack of Ready Assets Is Claimed Due to Bus Competition.

(By The Associated Press.) Detroit, Mar. 10.—The Detroit United Railway, operating interurban and city lines in and between several Michigan cities, today was placed under receivers upon the consent petition of the Yellow Coach Manufacturing Company which was granted in federal district court by Judge Charles C. Simons.

At the same time Judge Simons issued a restraining order enjoining all creditors and others from interfering in any way with the operation of the lines during the life of the receivership, granting the plea of the Yellow Coach Manufacturing Company to enjoin all creditors from "interfering with, or attempting to obtain priorities."

Directors of the D. U. R., at a meeting yesterday, approved the receivership. In a statement to shareholders announcing the receivership, directors of the company explained that no default in interests or dividend payments is contemplated.

Lack of ready assets to meet current obligations was given as the reason for the action. The annual statement of the company, December 31, 1924, gave the assets above all liabilities as \$18,293,556.87.

The Security Trust Company, Detroit, and Joseph W. Simard, of Montreal, were named receivers by Judge Simons. Many shareholders and several directors of the D. U. R. are residents of Canada. E. Hott G. Stevenson, who died at Coronado Beach, Calif., was president and the meeting of directors yesterday at which the receivership was agreed to was called by him.

Indebted for Equipment. The petition of the Yellow Coach Manufacturing Company sets forth that the D. U. R. is indebted to it to the sum of \$24,879.31 which the coach company alleges is past due, and that \$276,686.75, "presently will become due for motor coaches and materials sold and delivered."

The petition filed today said the action was taken to prevent interference with the operation of the D. U. R. as a unit and to permit

Charles B. Warren

LEAGUE WANTS GERMAN ENTRY

Heeds Lloyd George's Warning of Soviet-Teuton Alliance.

(By The Associated Press.) Geneva, Mar. 10.—Lloyd George's epigrammatic warning at the general conference that an angry Germany should not be driven into the arms of a hungry Russia had a sequence at Geneva this afternoon, when the council of the league of nations, under the presidency of Austen Chamberlain, British secretary for foreign affairs, spent hours at a secret meeting in discussing how to handle the German notes concerning German admission to the league.

Desire Germans' Entry. The meeting which was attended only by members of the council and Sir Eric Drummond, secretary-general, started from the fundamental idea that German membership in the league is a necessity to true political rehabilitation of Europe. Hence the desire of all, but especially England, to adopt no attitude toward the German demands which would have the effect of driving Germany further away from the league, rather than toward it and thereby increasing the chances that Germany would turn definitely toward bolshevik Russia and remain coldly indifferent to continental Europe.

It is learned that after an hour's discussion, which was culled by frankest kind of comment on the German armaments situation, the council reached an agreement to draft a reply to the German notes expressing the council's earnest desire that Germany join the league, at the same time laying the greatest stress on the need of universality in its membership if the league is to attain its high purpose.

No Privileges. Simultaneously, however, Germany will be informed in effect and in diplomatic terms that no privilege can be accorded her as a preliminary condition to her application for membership, because this would destroy the principle of equality of treatment which is one of the fundamental features of the league.

The text of the council's reply to Germany, which will also point out that the assembly alone is competent to pass upon any German application, has not yet been definitely framed. The council also discussed general relations between Poland and Danzig, which have given rise to apprehensions on account of the accusation in the Polish press that the Germans are inciting Danzig to manifestations against Poland because of the German dislike of the Polish corridor to Danzig.

The council adopted several measures calculated to transmute the delicate situation between Poland and Danzig. It did not discuss the Geneva peace protocol, concerning which Austen Chamberlain will make his pronouncement at the public meeting of the council Thursday.

During the German discussion, Mr. Chamberlain's pleaded particularly that the council's reply to the German notes should be couched in such language as not to close the door to further negotiations by Germany. Today's developments at Geneva demonstrated clearly that the big things are being done either at secret sessions of the council or in private conversations between the members of the council.

Resume Hearings for 'Doc' Molin and Sons

(By The Associated Press.) Detroit, Mar. 10.—The hearing of the charges of conspiracy to defraud against Samuel B. "Doc" Molin and his sons, Harry and Fred, resumed here today with Robert L. Crinnian again on the stand. Crinnian offered testimony to substantiate his charges in connection with the alleged fake robbery by which it is said the Molins hoped to defraud an insurance company of \$10,000. He invoked all three in his testimony.

DAWES MAKES HURRIED TRIP IN TAXI BUT TOO LATE TO BREAK 40 TO 40 TIE VOTE

Vote to Reconsider Tabled Making Action Irrevocable; Both Couzens and Ferris Oppose Naming Attorney General

(By The Associated Press.) Washington, Mar. 10.—Charles Beclier Warren of Michigan, failed to become attorney general of the United States by a single vote today in the senate. His nomination was rejected, 40 to 40, Vice President Dawes failing to reach the capitol from his hotel in time to cast the deciding vote.

Administration leaders sought to delay announcement of the result in the hope that the vice president, who was rushing to the senate in a taxi cab would arrive in time to break the tie.

\$200,000 IN JEWELS TAKEN

Three Armed Men Enter Chicago Store; Escape In Auto.

(By The Associated Press.) Chicago, Mar. 10.—Three men brandishing pistols entered the jewelry store of B. Weinstein here tonight, forced the owner and several clerks and customers into a rear room and after ransacking the store escaped with jewelry valued by the proprietor at more than \$100,000.

A later check of his losses by the jewelry store owner revealed that the loot of the robbery was valued at \$200,000 and might total a quarter of a million, Weinstein declared.

The jewelry store is in the heart of the Jewish residential section and scores of workers, homeward bound passed by the door during the robbery without suspecting what was going on.

When the robbers fled in an automobile, their car stalled less than a block from the scene of the robbery and while they made desperate efforts to start the automobile, the victims of the robbery gesticulated wildly to a large crowd in front of the store in a fruitless effort to make them understand that the robbers were only a few hundred feet away. The holdup men, however, saw the car started and escaped.

INDIANA BANK ROBBED \$6,000

(By The Associated Press.) New Harmony, Ind., Mar. 10.—The New Harmony Bank and Trust Company was held up by four men, who escaped with \$6,000 just before closing time today. The men fled in an automobile toward Evansville.

Frank Steelman, cashier, refused to open a vault and was knocked unconscious. Mrs. Grace Schultz, assistant cashier, was then forced to open the vault. Two patrons of the bank were locked in a back room during the robbery.

To Return Alleged Bank Embezzler To Syracuse For Trial

(By The Associated Press.) Detroit, Mar. 10.—Lawrence W. Hibbard, wanted here on a charge of defrauding the Peoples' State Bank of \$6,800, will be returned from Syracuse in a few days. Hibbard obtained \$6,800 from the Peoples' State Bank by forging a signature to a certificate of deposit from the Genesee County Bank of Flint. He formerly was a real estate dealer and stock broker.

Supporters Were Confident. Even when the roll call administration leaders appeared confident that they have a vote or two, at 10 o'clock, and they made no mention of Mr. Dawes, they themselves merely with rolled up their hands.

While the crowded gallery swayed with an air of ratherventure and senators selves refrained from the hubbub, the roll call proceeded almost equally. It went nip and tuck to the result standing at the last name, 40 to 39, of confirmation.

Field marshals on both sides rounded up all their forces in reserve. Senator George, of Georgia, had declined to vote when his name was called because

BOMB WRECKS HERRIN STORE

Was Set for Glenn Fowler, Active Klan Raider, Belief.

(By The Associated Press.) Herrin, Ill., Mar. 10.—After a day of searching for clues that would throw light upon the bomb explosion this morning that wrecked the front of the H. O. Fowler store and apartment building, slightly injuring Mr. and Mrs. Fowler and badly frightening fifteen other occupants of the building, authorities here today had reached no solution of the crime.

Officers expressed the belief that the charge of dynamite was set for Glenn Fowler, active Klansman and former lieutenant of Glenn Young, slain Klan liquor raider.

Fowler works in his father's grocery store but was absent when the explosion occurred. Other buildings were slightly damaged by the explosion.

Validity Of Paris Divorce Questioned

(By The Associated Press.) London, Mar. 10.—The question as to the validity in England of the divorce secured in Paris by Mrs. Ian Osmond Dennistoun from Lieutenant Colonel Dennistoun, whom she is suing for sums of money she alleges she loaned him prior to their separation, was developed today at the resumption of the proceedings brought by Mrs. Dennistoun.

Sir Edward Marsh, counsel for Dennistoun, said it was not, while Sir George Lewis, Mrs. Dennistoun's solicitor, asserted that it was. The puzzle, however, was left unsolved for the present.

A heated argument arose when Sir George declared the case could have been settled any moment by a fair offer to the plaintiff, whereupon Sir Edward demanded to know whether a man like Colonel Dennistoun could sit down under the charges made against him and agree to a settlement.

Divorce Arranged. Another surprising statement by Sir Edward was that Dennistoun did not dispute his domicile in France at the time of the divorce, that he did not dispute misconduct, and that he would say on the witness stand that the divorce was obtained by arrangement between himself and his wife.

Once during the antagonistic outbursts between Sir George Lewis and Sir Edward Marsh, when Sir George said that if the case had not been fought the name of the former dowager, Countess Carnarvon, now the wife of Colonel Dennistoun, would never have been mentioned. The former countess, who was seated with her husband at the counsel table, here became distressed and buried her face in her hands in a supreme effort to control her emotions.

Gave Husband Money. In the course of the testimony today it transpired that Dennistoun became entitled to 10,000 pounds sterling after the suit was begun last September owing to the death of his father. Prior to this Sir Edward Marsh had

4 KILLED IN TRAIN CRASH

(By The Associated Press.) Dowagiac, Mich., March 10.—Four youths were killed and three others injured tonight when an automobile in which they were riding was struck by a Michigan Central passenger train at a crossing near the station here.

The dead: Frank Powers, 21; Russell Powers, 19; Ross Wilson, 17 and Marvin Taylor 17.

Two of those injured, Marshall Charles and Basil Carpenter, were so seriously hurt they may die. Charles received a broken leg, and internal injuries and Carpenter was cut about the throat and internally hurt. Roy Winchell, driver of the car was not seriously hurt. The bodies of the victims were strewn about in front of the station. Winchell could not explain why he drove in front of the train.

Jail Guard Shot Accidentally By Fellow Watchman

(By The Associated Press.) St. Joseph, Mich., Mar. 10.—Floyd Marks, a state police officer assigned to guard the Millburg bank robbers in the Berrien county jail here, is in a serious condition as the result of being shot in the groin today when the gun of a fellow guard accidentally discharged.

Ferguson Amnesty Bill Before House

(By The Associated Press.) Austin, Tex., Mar. 10.—The house of the Texas legislature today engrossed, 79 to 53, the Woodward senate bill granting legislative amnesty to James E. Ferguson, ousted former governor. The vote on final passage, which is now conceded, will probably take place tomorrow.

STORM SWEEPS OVER INDIANA

Buildings Blown Down And Wires Down; Several Hurt.

(By The Associated Press.) Indianapolis, Ind., Mar. 10.—Damage estimated at nearly half a million dollars was caused throughout Indiana late today by high winds, rain and hail storms. Several persons were reported to have been injured, none seriously.

Houses, barns and telephone and telegraph poles were blown down and trees uprooted in many places. Near Rochester and Warsaw, in the northern part of the state, the wind is believed to have reached its greatest velocity and numerous houses and barns were reported to have been demolished.

Church Razed. At Rochester the damage was estimated at about \$75,000. The damage at Warsaw was reported at between \$30,000 and \$40,000. At Lincoln, the Methodist church, traction station and one business building were razed. Traction service to many Indiana towns was temporarily interrupted when poles were blown down. Telephone service was also impaired.

WINNIPEG SNOWBOUND. Winnipeg, Man., Mar. 10.—Winnipeg and other cities in Manitoba, Saskatchewan and Alberta were completely snow-bound today following one of the heaviest storms that has swept the prairie provinces in many years. Snow has been falling here continuously for 29 hours.

Street car service was paralyzed today, and railway transportation was seriously affected by the storm.

Girls' College Struck. Several buildings at St. Mary of the Woods Academy were unroofed. Damage to the buildings was said to be \$50,000. Persons living in West Indianapolis were without light the greater part of the night when the power plant for that section of the city was put out of commission by an electrical storm.

Several persons were injured in Edgar county. The most seriously was Charles Hicks, said to have been internally hurt when the buggy in which he was riding was blown into a creek. Eight houses were razed near Paris, Ill., and numerous others were badly damaged.

Jewelry Store In Hamtramck Robbed

(By The Associated Press.) Detroit, Mar. 10.—The jewelry store of Freedman Brothers in Hamtramck, a suburb, was robbed today by seven men, two of whom were armed with sawed-off shotguns. The robbers escaped in an automobile.

Isadore Freedman, the only person in the store when four of the gang entered, was held in a rear room by the armed men while the others stripped the showcases. Freedman placed his loss at \$15,000.

Detroit Man Gets 6 Years in Prison For Counterfeiting

Detroit, Mar. 10.—Tony Pinta was sentenced today to six years imprisonment on a charge of passing \$50 gold certificates. During two days last summer, it was said, he and Andrew Naso passed seven such certificates on farmers at the eastern market here. Pinta was arrested in July, but Naso evaded arrest until November. He was released under \$10,000 bond and was killed in a holdup.

# Hot Fight Expected Over Capital Punishment Bill

Senator Phipps, Republican, today announced a transfer was found in his vote brought a deadlock.

While leaders on both sides were reading papers scurrying in search of two absentees and were gaily watching the entrance doors, a drama little less stirring is being enacted behind the scenes.

Call Dawes On Phone.

When it became apparent early in the morning that the result would be extremely close, Vice President Dawes was summoned on the telephone. He was urged not to wait for his official car, but to get a taxi and make all haste.

The secretary, E. Ross Barley, while hurrying to the main entrance, stopped the taxi before it reached the senate portico and hurried the vice president to an elevator which had been lit on signal from Senator Phipps, Republican, Arizona, who stationed himself on the front steps.

## THE DAY IN LANSING

(By The Associated Press.)

Anti-gambling bill passed by senate.

Resolution proposing constitutional amendment to permit establishment of metropolitan areas adopted by legislature.

House warning up for capital punishment fight set for Thursday.

## HOUSE PASSES DISTRICTS BILL

Permits Consolidation of Towns to Operate Utilities.

(By The Associated Press.)

Lansing, Mar. 10.—Under suspended rules the house today passed the Condon joint resolution proposing a constitutional amendment to permit the establishment of metropolitan districts. A minor amendment to include parks in the wording of the measure necessitates its re-transmission to the senate from where it will go to the governor for signature. The proposed change in the constitution would be submitted to voters of the state in the April election.

Primarily for Wayne Co.

The purpose of the sought for amendment is to allow the consolidation of two or more cities or villages to combine to acquire and operate transportation, lighting, heating or other public utility facilities. It was drafted primarily for Wayne county.

With little dissension the house accepted an amendment to the Curtis bottle bill, clarifying the verbiage to make certain milk bottles would not be affected by the act, and then passed the measure.

The bill provides that bottles used to contain soft drink beverages may not be used by other than the manufacturer whose name is blown into the glass. Representative William DeBoer, of Kent, took the position that milk bottles might be construed as soft drink containers from the terms of the measure. It was charged that the alleged "milk trust" might try to squeeze out competition if it could control the bottles. The bill now goes to the senate.

Another Milk Bill.

Another bill, pertaining to milk production and distribution, the Thomas anti-trust measure, struck at least a temporary snag. It was referred back to the agricultural committee when many members objected to including milk distributors in its benefits. The purpose of the measure was to exempt producers and distributors of perishable farm produce from the anti-trust act.

The house passed the Hartman bill to legalize an extension of the life of partnerships whose term of existence has expired.

Vessel Tonnage Tax.

Increased tonnage taxes on vessels were proposed in a bill submitted by Representative Charles Evans, of Lenawee. His measure would raise the tax from 20 to 30 cents a ton on boats carrying both passengers and freight and would increase the levy on boats transporting nothing but freight from 10 cents to 25 cents. Representative Fred Bristow, of Wayne, offered a measure to permit the supervisors of that county to hold their fall meeting in September instead of October. Representative Orvy Hullett, of Macomb, suggested that the salaries of registers of deeds, in counties where they are paid by the year, be fixed at 75 per cent of the compensation allowed the probate judge. Representative C. D. Birkholm, of Berrien, sponsored a bill which would require a majority vote in all the affected districts, rather than a total majority vote, in cases of proposed annexation or detachment.

DYNAMITE FISHING.

Melbourne, Australia.—Two young men while fishing near here recently tried to set off a bottle of dynamite and kill scores of fish. They forgot to put a weight on the bottle and their dog jumped in after it. As the fuse was slowly burning down, the fishermen started to run, but the faster they ran the faster the dog and dynamite came after them. The bottle exploded about 25 feet from them and the dog disappeared.

GOOD LUCK WAS HAD.

Tokyo.—Masao Kusonoki, 17-year-old student, has been sentenced to a term in prison, because he had the good luck to find 400 yen. He went on such a riotous spree with the money that he was arrested.

HE HAD VISION.

Tommy in Toyshop.—I would like that engine, but I know father won't let me have it. Could you put it away for me until I get the money or something?—Vikingsen, Oslo.

Spring's coming, and the birds will be banking around stores to see who buys garden seeds.

stated that Mr. Warren had been party to a "conspiracy" to violate the anti-trust laws and that if the law had been enforced against the rich and powerful as it was against the poor and lowly, "all of these gentlemen (referring to defendants in the government's suits) would have been put behind the bars."

## Various Dates Of Teapot Dome Probe

May 31, 1921—Naval oil lands transferred from Navy to Interior Department, signed by President Harding.

April 15, 1922—Senator J. B. Kendrick, Wyoming, offered resolution asking if rumors that oil lands were to be privately leased were true.

April 18, 1922—Official announcement made admitting lease had been made.

April 21, 1922—Senator La Follette introduced resolution providing for an investigation of the leases.

April 25, 1922—Secret lease made with Doheny on Elk Hill.

April 29, 1922—La Follette's resolution adopted and inquiry ordered.

May, 1922, to September, 1923—Evidence taken before Senate committee relative to leasing lands.

March 4, 1923—Fall resigns. Goes to Europe with Sinclair.

Nov. 30, 1923—Carl Magee, New Mexico editor, testifies Fall told him in 1920 that he was completely broke. He further told of great expenditures made on ranch.

Dec. 3, 1923—E. L. Doheny testified he expected to make \$100,000,000 profit out of lease of Reserve No. 1.

Dec. 26, 1923—Ex-Secretary Fall writes letter to Senator Lenroot in which he said the gentleman from whom he had obtained \$100,000 was E. B. McLean, Washington (D. C.) editor.

Jan. 3, 1924—McLean confirms Fall's story.

Jan. 11, 1924—McLean changes his mind and repudiates Fall's story about \$100,000 loan and says checks were returned uncashed.

Jan. 11, 1924—Archie Roosevelt says Wahlberg, secretary to Sinclair, told him to get out and save his good name.

Jan. 24, 1924—E. L. Doheny testifies that it was he who gave Fall the \$100,000 because "we have been friends for more than 30 years."

Jan. 26, 1924—J. W. Zevely testified that Sinclair lent \$25,000 in Liberty Bonds to Fall without security.

Jan. 28, 1924—Senate resolutions demand Denby resign and cancellation of oil lease.

Jan. 29, 1924—President Coolidge appoints Gregory and Strawn as special counsel in oil leases.

Feb. 1, 1924—Senate committee opposes appointment of Gregory and Strawn.

Feb. 2, 1924—Fall refuses to testify.

Feb. 19, 1924—Coolidge withdraws Gregory and Strawn and appoints Pomerene and Roberts.

Feb. 19, 1924—Denby resigned.

March 13, 1924—Pomerene and Roberts appeared in federal court at Cheyenne, Wyo., and asked temporary injunction against Sinclair to cancel oil leases.

March 18, 1924—Similar steps taken in Los Angeles against Doheny on Elk Hills lease.

March 27, 1924—Sinclair indicted for contempt by grand jury in District of Columbia.

March 9, 1925—Re-opening of hearing for cancellation of oil leases at Cheyenne, Wyo.

## THE DAY IN WASHINGTON

(By The Associated Press.)

The nomination of Charles E. Warren to be attorney general was rejected by the senate which then refused to reconsider its action.

The senate committee investigating the internal revenue bureau decided to resume hearings next Monday.

Legislation providing heavier penalties for liquor violations was recommended by a house sub-committee on alcoholic liquors.

White House support was voted for the action of the senate Republicans in deposing insurgents from important committee places.

## ELECTION LAWS ARE DISCUSSED

House and Senate Agree Changes Should Be in Separate Bills.

(By The Associated Press.)

Lansing, Mich., Mar. 10.—At a joint meeting of the house and senate election committee Tuesday, the question of incorporating party enrollment in the state elections laws was discussed and an agreement reached that any changes in the present election laws should be contained in separate bills and not incorporated in any measure codifying the existing laws.

An informal poll of the two committees showed that the sentiment for and against party enrollment was fairly well divided.

The decision of the joint meeting virtually means elimination from consideration of the Wood bill, recently returned to the senate election committee, after several days of consideration on the floor of the senate.

Re-District Plan.

The Wayne county delegation in the state senate has completed its work of re-districting the city of Detroit and other cities, villages and townships of Wayne county, on the basis of the seven-senator ratio recently affirmed by the senate committee on apportionment.

The committee now faces the task of re-apportioning the out-state counties. Under the proposed plan, the changes would not be drastic. The upper peninsula would retain three senators, and Kent county two. Additional counties would be added to the 13th district now composed of Genesee and Livingston counties and to other outstate districts.

Wayne County Districts.

The plan for re-districting Wayne county follows:

First district—Township of Grosse Pointes, and the 17th, 19th and 21st wards; second district, 9th, 11th, 13th and 15th wards of city of Detroit; third district, 3rd, 5th and 7th wards of city of Detroit and city of Hamtramck; fourth district, 1st, 2nd, 4th and 6th wards of the city of Detroit; fifth district, all of the 8th, 10th, 12th and 14th wards of the city of Detroit that lie south of the Detroit terminal road adjacent to the Ford highway; sixth district, city of Highland Park, and all that part of the 8th and 12th wards of the city of Detroit lying north of the Detroit terminal road, all of the 16th and 22nd wards, of Detroit, and the townships of Greenfield, Redford, Livonia, Northville and Plymouth; seventh district, 18th and 20th wards of Detroit and townships of Ecorse, Brownstown, Monguagon, Dearborn, Springwells, Taylor, Grosse Ile, Canton, Huron, Nankin, Komulus, Sumpter, Van Buren and the cities of Wyandotte, River Rouge, Lincoln Park and Springwells.

The common law disability of married women preventing their entering into joint contracts with their husbands, is abrogated by provisions of a bill introduced by Senator George M. Condon.

Martin's Bill Opposed.

Objection to Senator Vincent A. Martin's bill to levy a three mill tax upon bonds, notes and other securities, was raised in the committee of the whole, led by Senators Wood, Herald and Condon of Detroit. The Detroit senators declared the imposition of such a tax put an unfair burden on the heavily bonded progressive communities of the state. The provision in the bill which would return equal parts of the tax to the state and counties was opposed on the ground that Wayne county and other thickly populated sections of the state, were already bearing a large share of the state taxes, and should not be subjected to the additional tax burden. It was also declared the tax aimed to lower the heavy levy on real property in the state, and that the tax would be paid largely out of the state in that practically 75 per cent of the state, county and city bond issues are purchased by outstate houses.

A motion to refer the bill back to the committee on judiciary was defeated by a vote of 11 to 9, and the measure was placed on third reading of bills.

## FIERY ORATORS ON BOTH SIDES

Electric Chair Measure Comes Before House On Thursday.

(By The Associated Press.)

Lansing, Mich., Mar. 10.—Members of the house today went into seclusion against alleged propaganda, in preparation for the vigil they will keep with capital punishment Thursday afternoon. An invitation to the members to attend a motion picture exhibition in a local church, depicting scenes having to do with the death penalty, was announced by Speaker Fred B. Wells, Representative Culver, of Wayne, immediately declared that he understood the pictures were to be "some sort of propaganda against capital punishment."

Hot Debate Expected.

He offered a motion declining the invitation. Representative William DeBoer, of Kent, objected to the brusqueness of the Culver motion and succeeded in having it amended and placed on file. It was tacitly agreed that the members will not attend.

When the McEchron capital punishment measure comes up as a special order Thursday afternoon it promises the first big oral flurry of the session. The choicest orators of the assembly have been prevailed upon to speak one way or another. Two ministers who are members of the house, Representatives William M. Hartzog, Ingham, and Richard McLain, Branch, are expected to take opposite sides. Representative McLain, it was reported, favors the death penalty and Representative Hartzog is violently opposed. Scriptural passages promise to figure in the debate.

Women Against Bill.

Many women from various parts of the state are already on the ground. Most of them appear to be against the bill. Indications are that the vote will be fairly close. Representative Gerrit W. Kooyers, who polled the house some time ago, still insisted that the proponents of the electric chair have 52 or more votes. On the other side leaders declared that the poll was entirely inaccurate, many members having simply expressed themselves as wanting a chance to vote on the measure. They predicted the bill will be defeated by several votes.

## Plane Falls Into River; One Drowned

(By The Associated Press.)

Newport News, Va., Mar. 10.—Captain J. C. McAvoy, of Mountain Top, Pa., reserve officer and student aviator, was drowned, and Lieutenant Colonel William E. Schaeffer of New Jersey, narrowly escaped death today when the airplane in which they were flying plunged into the Potomac River near Millenbeck, Va. Failure of the plane's motors when the craft was only a short distance above the water is said by Colonel Schaeffer to have been the cause of the accident.

## BILL PROPOSES POLICE SCHOOL

(By The Associated Press.)

Lansing, Mich., Mar. 10.—A school for the instruction of law enforcing officers of the state, counties, townships, and cities, to be called the "Michigan training school for police" to be held under the supervision of the state department of public safety in this city, is proposed in a bill introduced in the senate Tuesday by Senator Howard Baxter of Grand Rapids.

The instruction would be given under the direction of instructors or professors chosen by the director of public safety, from among his assistants or from the state institutions. The various legislative bodies of the cities, counties, or townships would be authorized to direct attendance at the school of local law enforcement officers, their expenses to be paid out of the department's general fund.

The course of instruction would include the following: identification of criminals and finger printing; methods of crime investigation; rules of criminal evidence; presentation of cases in court; making complaints and securing criminal warrants; securing and enforcement of prohibition; how to secure extradition and rendition; small arms instructions; regulation of traffic; and first aid.

## SEEK TO STOP FAKE SCHEMES

'Wild Cat' Mining Promotions in State in Past, Alleged.

(By The Associated Press.)

Lansing, Mich., Mar. 10.—As a check against the promotion of "wild cat" mining and oil drilling schemes in and out of the state, the conservation commission has requested the attorney general's office to draw up a new form for leases granted prospectors, giving the conservation department and the state securities commission the power to review the plans of prospective companies, before they go into operation.

It has been brought to the attention of the commission that certain companies have been formed in the past, alleged to have sold stock to out-state parties in companies which, though claiming valuable holdings, have proved of little value, with the consequent loss to investors.

The commission has affirmed the stand of John Baird, director of the conservation department, on refusing to issue more leases of land lying in the St. Clair flats, until the attorney general's department decides upon what the authority of that department is to act in the matter.

## ST. CLAIR FLAT BILL DRAFTED

(By The Associated Press.)

Lansing, Mich., Mar. 10.—The authority to order the construction of walks, roads and bridges over and across the St. Clair flats and other state leased lands, would be vested in the board of control of the state conservation department, according to a bill introduced in the senate Tuesday by Senator A. H. Woodruff, of Wyandotte. The measure would settle the question raised some time ago, as to what department has the authority to declare such improvements necessary and to provide for the collection of money to pay expenses incurred.

Under the provisions of this bill the conservation department would be authorized to assess leasees of lands bordering the proposed improvements in proportion to the amount of land leased by them, and order the highway department to construct such improvements. The act which gave the conservation department power to lease state lands, failed to specify what department or board should have the authority to order construction and maintenance of roads and bridges.

About 20,000 new laws will be before state legislators this year, there being no law against introducing them.

## EAST BRANCH MAIN CHANNEL

(By The Associated Press.)

Madison, Wis., March 10.—Wisconsin sought today to establish its defense of the Montreal river boundary between Wisconsin and Michigan by a report that the east branch of the river was the main channel. The east branch is the present boundary, Michigan seeking to fix the boundary along the west branch.

R. M. Rieser, special counsel for Wisconsin, introduced at the hearing here excerpts from a report compiled in 1909 of a private investigation at the instance of John E. Bird, former attorney general of Michigan.

The Montreal river has a rocky, stable channel, not likely to shift," the report said. "It estimated that its junction with the east branch at its junction with the west branch was more than twice the discharge of the west branch. The flood wood lodged in the east branch at the junction is three times that in the west branch. These features mark the east branch as a stream of much greater power than the west branch."

## Escanaba National Bank

Escanaba Michigan

**ESCANABA NOW ON "DRY" LIST**

Escanaba "went dry" yesterday.

Heretofore this city has been dry because it was a part of the United States of America and the State of Michigan.

Now, however, the sale, manufacture, giving, furnishing, transportation and possession of intoxicating liquor is a violation of a city ordinance punishable by a fine of not more than \$100 and a jail sentence not to exceed 90 days, or both.

The ordinance is an amendment to the "disorderly conduct act." It was passed by the council in order to handle prohibition cases of a minor nature in which witnesses could not be held over until the next term of circuit or federal court.

It became effective yesterday. Previously, charges had been filed under the state law, and where speed was imperative, the defendants were permitted to plead guilty to ordinary disorderly conduct.

**Campbell Held on "Running" Charge**

Charles Campbell, charged with possession and transportation of liquor, was held for trial in circuit court, at the conclusion of a preliminary examination before Judge C. D. McEwen yesterday. Bonds were fixed at \$250, and Campbell's car, taken over at the time of his arrest, also was being held as additional security. Campbell's case probably will be transferred to federal court, it was said at the sheriff's office yesterday morning.

**OBITUARY**

**MRS. WARREN C. DAVIS.**  
Mrs. Warren C. Davis of Racine, Wis., a former resident of Marquette, Wis., and widely known in this city, died at her home Sunday morning from a paralytic stroke. Mrs. Davis was formerly Miss Jeanie Carney, daughter of the late Mr. and Mrs. Fred Carney, Sr., of Marquette, Wis.

She is survived by her husband, Warren C. Davis, chairman of the board of directors of the J. I. Case Pressing Machine Co., and a member of the board of the Manufacturers Bank of Racine, Wis., two daughters, Mrs. Gertrude Smith, New York City; Mrs. Janeway of Los Angeles, Cal.; two brothers, Fred Carney, of Marquette, Wis.; Frank Carney, New York City; two sisters, Mrs. Charles Andrews, Los Angeles, Cal.; Mrs. Darcy, who is at present visiting in Honolulu; and four grandchildren.

The funeral services were held at Racine Tuesday morning at 10 o'clock and laid in a mausoleum and will be taken to Marquette some time in May and buried in the Carney family lot in Riverside cemetery.

Her many friends in this city will be shocked to hear of her demise.

**MARTIN OLSON.**  
Funeral services for Martin Olson, of Stonington, who died at a local hospital Sunday, will be conducted by the Rev. Mr. Saterberg of this city, at the Norwegian Lutheran church of Stonington at 1:30 this afternoon. The body will be returned from the Anderson Funeral Parlor this morning. Burial will be at Lakewood cemetery, Stonington.

Better worry over these European troubles now. Soon be extremely too warm to worry over anything.

**EVERYDAY DUTY**  
Keeping your body strong and efficient is your plain duty.

**Scott's Emulsion**  
is a food- tonic that is used every day by thousands who have learned the art of keeping strong. Take Scott's!

Why is a "STOP" sign?
"Stop" signs at the intersections of "feeder" streets and "arterials" are designed and intended to make these thoroughfares safer.

Unless the stop signs are made to mean exactly what they say, they should be junked. If the city is unable to enforce the through-street provisions of the traffic ordinance, these provisions ought to be repealed.

A SOLID FRONT.
As the result of a movement launched but a few years ago, largely through the efforts of E. Voght, pioneer sportsman and conservationist of this city, a solid front is again offered by the men of Michigan seeking to conserve the wild life remaining in the woods and streams of Michigan, before the state legislature.

As the result of a movement launched but a few years ago, largely through the efforts of E. Voght, pioneer sportsman and conservationist of this city, a solid front is again offered by the men of Michigan seeking to conserve the wild life remaining in the woods and streams of Michigan, before the state legislature.

datations as to remedial laws before the legislature. Since the consolidation of the organizations of the two peninsulas there has been a decisive unity in the demand for game and fish conservation laws presented to the law makers at Lansing.

This year the combined organizations of the two peninsulas have gone before the legislature with additional recommendations for wild life conservation and the weight that these men of Michigan, interested in the preservation of what has come to be accepted as one of this state's greatest assets, will be able to wield in influencing legislative action, is bound to be commanding.

The legislature is being told what the best informed conservation minds in the state agree to be the best for the state and the chances are twenty to one that their opinions will rule.

CAMP CUSTER IN 1925.
From July 23 to August 21 this year, properly qualified boys from the Sixth Corps Area, which includes Michigan, Illinois and Wisconsin, may take advantage of intensive military training, without cost to him or to his parents.

To live out of doors for a month, under the most sanitary conditions; to be watched over and directed and taught by the most experienced in the military establishment of the United States; to benefit from body-building drills and exercise, with plenty of time and opportunity for play; to learn self-control; to practice in the command of others; to wear the uniform of a soldier in the army of the United States of America; to have the most wholesome food, the most expert medical attention and the constant oversight of kindly men who know and understand boys—all this costs the right kind of a boy nothing.

It not only costs him literally nothing, but there are no strings to this proposition. If a boy is between 17 and 24, of good character and in good physical trim, he is eligible to spend the time between July 23 and August 21 at Camp Custer. The requirements are simple: there is no obligation of future military service, though a boy is welcome to further training, and to service if he wants it.

Delta county has a committee, of which Dr. W. A. LeMire is chairman, cooperating with federal and state authorities, in receiving applications of young men of this county for enlistment for the camp of this summer.

"A Smothering Angel"

Chapter XL.
All that evening after Lucile left Dorothy either thought of Margaret Cramer and Reed, or read the book Reed had written, the book that had succeeded because she was not with him—to hinder him, to distract his mind. The book Margaret Cramer had helped him with because she understood his needs.

EVERETT TRUE

BOND ISSUES PROVE COSTLY

Two municipal bond issues in 1917 totalling \$55,000, will cost the taxpayers of Escanaba \$101,750 before they can be retired.

Interest charges on the \$10,000 issue over a 10-year period will total \$5,000, and interest on the 20-year issue will total \$51,750.

These facts and figures were compiled yesterday by City Manager Fred R. Harris at the request of the Daily Press, and they constitute forceful evidence of the wisdom of the council's announced policy of running the city strictly on a "pay-as-we-go" basis.

To Pay Off Deficits. In the decade preceding 1917, more than \$55,000 in notes, given by the city for loans at the banks, had accumulated.

Some method of clearing these notes of the books was absolutely necessary in 1917, veterans recall. Instead of spreading \$55,000 on the tax roll, bonds were issued.

Nothing to Show. Despite the heavy obligations on the municipal utilities here, which are being cared for regularly, more than half of the money raised annually in Escanaba to cover the interest and bond retirement payments necessary, is chargeable to the sort of financing reviewed above.

The figures, members of the present council believe, are in themselves, an adequate reason for their decision to issue no bonds for improvements or anything else, if it possibly can be avoided.

During the last three years—since Escanaba went over to the council-manager type of government—bonds totalling \$61,000, exclusive of utilities bonds, have been retired.

The Delta County Ramblers' Club, who were given land on which to build a club house through the generosity of Mr. Matthews, father of one of the members, yesterday announced that they had received funds with which to build the club, a gift of John Gauthier, father of Harvey Gauthier, another member.

RAMBLERS TO BUILD CLUB, ANNOUNCEMENT

While plans are not yet complete, the club house, according to George Vezina, president, will be a one story building, half of which will be used as a gymnasium and the other half for club rooms.

The Ramblers are planning to resume activities at the close of the Lenten season with a series of dancing parties and amateur entertainments.

Group Meeting Swed. Methodist Preachers Held

The bi-monthly group meeting of the pastors of the Swedish Methodist Church of the upper peninsula and Northern Wisconsin was held in this city yesterday afternoon and evening at the home of Rev. O. R. Palm, pastor of the Swedish Methodist church of this city.

Rev. and Mrs. Palm entertained the visiting members of the clergy at the home and a delicious six o'clock dinner was served to the guests.

In the evening a large attendance was recorded at the meeting held in the church when the visiting preachers spoke and a very interesting program was carried out.

The out of town guests included Rev. and Mrs. S. W. Mattson, Carney, Mich.; Rev. C. G. Lindberg, Norway, Mich.; Rev. C. E. Schildt, Iron Mountain, Mich., and Rev. J. E. Carlsson, Marinette, Wis.

CARD OF THANKS. I wish to express my sincere thanks to my friends who contributed a purse of money. Mrs. Hannah Peterson. 3755-68-1t.

Beware Of Coughs That Hang On

Pneumonia and serious lung trouble usually start with a cough. So if you have a cold or cough—stop it at once with a few doses of that fine old medicine, Kemp's Balsam.

For that Cough/KEMP'S BALSAM

LITERARY MEN OF STATE TO BE DISCUSSED

Michigan authors will be discussed in a series of eleven papers to be read, this afternoon, at a meeting of the Woman's club, which will be held at 2 o'clock in the parlors of the First Presbyterian church.

The papers were prepared by the girls, with the help of Miss Effie Griffith and Miss Esther Baldwin of the high school faculty, and are the results of a great deal of work and research.

The program follows: The Novelists. Their Lives—Irene Roland. Their Characteristic Works—Elizabeth Clark.

Piano Solo. Medley of Airs by Michigan Composers—Pearl Olson. Non-Fiction Writers. Lives and Characteristics—Ruth Sandborn.

The Poets. Lives and Characteristics—Dorothy Canfield. Discussion of Poems—Catherine Hewett.

Expect Large Attendance. Personal letters from Edward Guest, of the Detroit Free Press, Michigan's best known poet, and Dr. C. F. Whitehead, formerly of Powers, author of many poems, will be read at the meeting.

Because the program will be of deep interest to all members of the club, and since the girls have spent so much time in preparing it, Mrs. M. J. Ryan, chairman of the committee in charge, and her associates, are confident there will be a large attendance.

Origin of Negro to Be Discussed in Bible Lecture

The origin of the Negro, and the conditions which have made this strangely unfortunate race the victim of slavery, lynchings and other persecutions for centuries, will be discussed tonight at the First Presbyterian church, in a lecture to be delivered by the Rev. John B. Hubbard.

The theory that Abraham, "Father of the Faithful," and "Friend of God" was not an individual but a tribe of people, also will be taken up by the Rev. Mr. Hubbard. Other topics to be handled in the lecture will be God's covenant with Noah, modern parallels with conditions at the time of the Tower of Babel, the turning point in divine healing, the source of the modern races, and the shame of Noah.

The lecture will begin at 7:30 o'clock.

CITY STUDIES SMOKE PROBLEM

Copies of smoke abatement ordinances in effect in cities where the smoke problem is being solved, indicate that education and cooperation are as essential elements to the solution as legislation.

The Escanaba city administration has been making a study of the smoke problem for several weeks, and some concrete action will be taken before the fires are lighted in the furnaces, stoves and other heating plants next fall, Mr. Harris indicated.

"The education enters in to proper feeding of boilers to turn coal into more heat units with less smoke and gas," Mr. Harris said. "The cooperation arises from the willingness of owners of larger boilers to install and operate the type of fire boxes which keep smoke at a minimum. After that has been done, legislation will undoubtedly keep the smoke under control."

It should be remembered, however, that Escanaba is a railroad town and that locomotive boilers can not be built in a manner that will eliminate smoke. They burn soft coal and continual firing is necessary. The long anti-smoke fight waged is an instance of the impossibility of operating a railroad without smoke.

The city, however, is gathering all the data available on the subject and steps will be taken to frame the best smoke abatement program possible, Mr. Harris said.

Miss Betty Mather Honored at N. S. N.

Miss Betty Mather of this city, has been elected president of the Forum, a newly organized debating club at the Northern State Normal school at Marquette. Miss Mather will complete her course at the N. S. N. this year. Miss Veronica Larson, also of Escanaba, has been chosen secretary of the club.

NOTICE B. P. O. E. Regular meeting Thursday evening, March 12th at 8 o'clock. Election of officers and other business of importance. Please make a special effort to attend. Arthur Peterson, E. R. 3756-70-2t

FRATERNAL

The Ladies' Auxiliary to the Brotherhood of Railroad Trainmen will meet Thursday afternoon at 2:30 o'clock at North Star hall. Following the business session, a pot-luck lunch will be served.

The Escanaba Hive, No. 531, L. O. T. M., will hold their regular meeting at Grenier's hall this evening at 8:30 o'clock, instead of eight o'clock in order to give the members an opportunity to attend the services at church before the meeting. A large attendance is desired.

The Ladies' Aid of the Wells church are making plans for a sale of fancy work and rag rugs to be held at the Community house at Wells on Thursday, March 28th. A supper will be served in connection with the sale. A large number of handsome and useful articles will be on sale and the public is cordially invited to attend the sale and supper, the proceeds of which will be for the church.

Brotherhood Lodge No. 1072 gave a card party and supper in Eagles' Hall on Monday night. There were a howling success. They were a large crowd, both of outsiders and members, who enjoyed the evening immensely. The main feature of the Modern Brotherhood of America is that all its members are allowed to

enjoy card parties, dances and all other entertainments absolutely free of charge, which accounts for its big success. At the present time they are staging a big campaign and expect at the next regular meeting to have about ten new members.

The winners at the card party were as follows: Ladies: First prize, Mrs. Adolph Johnson; Second prize, Mrs. Emigline Kecham. Gents: First prize, Ed N. Charlebois; Second prize, George Belanger.

The Ladies' Aid of the First Baptist church will serve a luncheon this afternoon from three until six o'clock, at the church parlors, corner Third Ave. South and 14th street.

The hostesses will be Mesdames Louis Amundson, William Walker and W. H. Dixon. The proceeds are for a worthy cause and the patronage of the public is solicited.

Fire, which started in the second story from a defective chimney, last Thursday destroyed the farm home of Mr. and Mrs. Ed. Doubré at Schaffer. The building, with all its contents, including the family's clothing, was a total loss. The damage has been estimated at about \$6,000.

Knotted and deformed by Rheumatism. Try this world-famous rheumatism remedy. Here's quick, genuine relief for even the oldest, most obstinate rheumatic aches. Pat on gently a little Sloan's. Its stimulating ingredients send freshly purified blood tingling swiftly through the pain-ridden tissues. And this increased supply of new, rich blood destroys the germs that cause the pain. Swelling and stiffness pass away, the aching stops. Get this comfort today. All druggists—35 cents.

Sloan's Liniment - kills pain! Permanent roads are a good investment—not an expense.

Road Building Far Behind the Automobile. Millions now recognize the automobile as a necessity. It is no longer a luxury for the few. Sixty per cent of its use is for business. Because of this the modern paved highway has become an economic necessity. Yet although the mileage of Concrete Roads and Streets has been steadily increasing, our highway system today lags far behind the automobile. The great majority of our highways are as out of date as the single-track, narrow gauge railway of fifty years ago. Such a condition not only seriously handicaps the progress of the automobile as a comfortable, profitable means of transportation, but also holds back commercial, industrial and agricultural advancement in practically every section of the country. It is costing taxpayers millions of dollars annually. Highway building should be continued and enlarged upon. Your highway authorities are ready to carry on their share of this great public work. But they must have your support. Tell them you are ready to invest in more and wider Concrete Highways now. PORTLAND CEMENT ASSOCIATION Dime Bank Building DETROIT, MICH. A National Organization to Improve and Extend the Uses of Concrete OFFICES IN 29 CITIES

The paper says a movie star is better. We say that's good. We need some better movie stars. Bad Illinois news. Four men on a railroad track. One had a jug. Four widows sitting at home. Aviation troubles grow. Aerial demanded airplanes. They gave him the air instead.

Why should you? A telephone call will start daily delivery to your home. Lied's Pasteurized "STILL LIEDS" Call our Mr. Savard. Phone 453-F-1.

Motor Miles for All Mankind. Inspiring the activities of the Standard Oil Company (Indiana) is one comprehensive conviction: that the great gift of science to man—that of motor transportation—should be brought within the reach of all. The Standard Oil Company (Indiana) is doing its part to bring this condition about by making enough gasoline to meet the demands; selling it at a low price, and distributing it so widely and so thoroughly that every one may command it at will. To render a service so essential to the public welfare, an organization must have foresight, initiative, size and power. To reduce the cost of refining; to standardize the quality of gasoline, and to conquer the difficulties of thorough distribution, requires vast resources, facilities and experience. The ideal of service to all, has been the stimulus and incentive behind every expansion of the Standard Oil Company (Indiana). In building great steel tanks to hold oil in safety and without waste; in organizing tank wagon fleets, or building out post service stations; in devising more economical refinery methods—the determination to serve has inspired the effort that overcame difficulties and made Standard Oil Company (Indiana) products, household words. This Company has never been baffled by the magnitude or difficulty of any task. It never has shirked toil nor the burden of initiative! It has blazed the trail, and the fruit of its daring is—gasoline for all, at prices all can afford to pay. The efforts of this Company have been abundantly rewarded. It is axiomatic that genuine service, honestly rendered always receives its just reward. But the profits won are only part of the pay for this organization sincerely rejoiced in the thought that through its exertion motor miles for business or pleasure have been increased, bringing easier living, better health and wider opportunities to millions of families.

CHANGE IN CHARTER TO BE CONSIDERED BY MANISTIQUE VOTERS AT APRIL ELECTION

Whether or not the city charter of Manistique shall be revised, and the form of government chosen to be submitted to the voters, are questions to be decided by Manistique voters at the election on April 6.

At their regular meeting Monday night, the Manistique City Council passed a resolution providing that the proposal be submitted to the voters of the city at the general spring election.

The resolution passed by the council is as follows: WHEREAS, a petition has been presented to the Common Council of the City of Manistique requesting said Council to submit the question of a general revision of the Charter of said City to the voters of said City for adoption or rejection, at the general spring election to be held in said City on the sixth day of April, A. D. 1925, and

WHEREAS, said Council has considered said petition and desires that the voters of said city shall have an opportunity to express their will upon such a question, and

THEREFORE, Be it resolved by the Common Council of the City of Manistique, that the proposition, "Shall there be a general revision of the Charter of the City of Manistique?" be and the same is hereby ordered to be submitted to the qualified electors of said City at the general spring election to be held in said City on the sixth day of April, A. D. 1925, and

Be it further resolved, that the City Clerk give notice of the submission of said proposition to a general revision of the charter, and said proposition for an advisory vote, to the voters of said City in the manner and at the time required by law for notice of general elections in said City, and

Be it further resolved, that the ballot to be used at said election for the submission of said proposition be in the following form:

OFFICIAL BALLOT CITY OF MANISTIQUE Shall there be a general revision of the Charter of the City of Manistique? Yes No

Be it further resolved, that the ballots for said election be prepared, printed and furnished at the time, in the manner and by the authority as is provided in the election laws governing elections in said City.

CITY BRIEFS

Robert Rubin made a business trip to Chicago this week. Bring those kodak films to Braut for developing and printing.

Mrs. Harry Smith of Manistique is a patient at the Rutledge hospital, where she underwent an operation last week.

E. W. Hopkins, Cataragus St., is slowly recovering from a seriously injured foot.

This is snap-shot weather. Let Braut develop your films.

The four year old daughter of Mr. and Mrs. Anthony Southell (she is seriously ill at their home on Elk St.)

Leon Nicholson, who underwent an operation for appendicitis at the Rutledge hospital, is reported to be improving.

Prompt service on your kodak films at Braut's.

The little daughter of Mr. and Mrs. Normo Plumbo received a broken arm as a result of a fall last week.

Lunch and card party tonight at the Odd Fellows' Hall, begins at 8:00 o'clock.

A card party and lunch will be given tonight at the Odd Fellows' Hall. Playing begins at 8:00 o'clock. A good time is assured.

Attend the card party at the Odd Fellows' Hall tonight. Lunch will be served.

Good attendance marked the regular weekly rehearsal of the Manistique W. O. W. Band, held Monday night. Indications are that the musicians are to experience another successful season this year.

Car ferry No. 7, the newest addition to the Ann Arbor Lines, is expected to arrive in Manistique some time this month for the first visit to the local port.

The new boat is the largest of the Ann Arbor ferries, and was launched at Mantowoc only a short time ago, making her maiden trip in February. It is planned to have the boat remain in Manistique for a few hours, so that it may be inspected by local people. The four other ferries in the Ann Arbor service are Nos. 3, 4, 5 and 6.

The home talent play which will be staged here under the sponsorship of the American League post, was one of the numerous matters discussed at the regular meeting of the post held Monday night at Wasa hall club rooms.

COMMISSION WILL MEET ON MARCH 17

A brief meeting of the Gladstone city commission was held Monday night in the council chambers of the city hall. Claude E. Hawkins, mayor pro tem, presiding.

A resolution covering the opening of the polls from 7 o'clock in the morning to 8 o'clock in the evening of April 6, election day, was submitted and passed.

The balance sheet reports on the water department plant finances was submitted for consideration by City Manager F. R. Euechner.

Following this and the consideration of a few minor matters the meeting was adjourned to March 17, at which time the election board will be appointed and the city clerk will certify the nominations which will be closed on March 16.

EXPERIENCE OF MRS. FULLER

"My health has improved wonderfully," says Mrs. T. H. Fuller, of Walpole, N. H., "since taking Lydia E. Pinkham's Vegetable Compound. For months I was in such pain that I could not work, but thanks to this splendid medicine I am now strong enough to do all my own work and have two dear babies to care for besides. I want to recommend Lydia E. Pinkham's Vegetable Compound to women who are weak, run down and nervous." Adv.

Effective Means of Reducing Fat

Here is an extraordinary method of reducing weight—extraordinary because no starvation diets or violent exercises are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. They reduce you steadily and easily, with no ill effects. Proceed from your drug-gist at one dollar for a box or send price direct to the Marmola Company, General Motors Building, Detroit, Mich. Once you start taking these tablets and losing your fatness, you will be happy again. Adv.

JUNIOR PROM COMMITTEES ARE APPOINTED

With appointment of committees, who are already working out plans, arrangements for the Gladstone high school 1925 junior prom, the most important social event of the school year, are going ahead rapidly.

The annual hop will be on April 24, instead of the date first announced, April 17.

Miss Anita Rosenblum who is president of the Junior class, will be general chairman of the prom. Her committees, announced yesterday are:

Music—Mildred Cole, chairman, Marie Devost, George Praiss.

Decorations—Robert Noreus, chairman, Genevieve Lewis, Helen Erickson, Elmer Peterson, Carl Skoog, Norma Johnson, Ralph Weingartner, Christine McMillan, Irene Harrington, William Hendrickson, Clifford Kinzie, DeLores McGee, James Sinclair, Gilbert Olson.

Refreshments—Charlotte Marble, chairman, Alfred Lapine, Helen LaFaver, Harry Haglund.

Programs—Ray Kegel, chairman, Georgia Zink, Mabel Skogquist, George Minnie, Anna Quarstrom.

Invitation—Marion Hite, chairman, Glenn Stade, Grace Brown, Howard Krueger, Marie Derosh.

Arcadians Will Play A decorative scheme that the committee plans to have surpass any used for past proms in being worked out and no detail is being overlooked in the general arrangements for the planning of a successful and attractive party.

FLOORING MILL WINNER OVER SAW MILL TEAM

The Flooring Mill bowlers topped the Saw Mill by a good number of pins Monday night and took the opening match of the week, 2356 to 2048.

SERVICE IS WELFARE CLUB PROGRAM TOPIC

Civil Service and Community Service were the subjects of an interesting and thoroughly enjoyable program given Monday evening at the regular meeting of the Child's Welfare Club, held at the usual hour in the kindergarten building.

The program was given previous to the regular business meeting of the club.

"Civil Service" was discussed in able fashion, in a paper given by Mrs. A. H. Miller, which showed a thorough knowledge of the subject as well as a remarkable ability in expressing and conveying ideas.

Following the paper, an interesting discussion of Civil Service from the standpoint of postal service was given by Postmaster Frank J. Miller.

"Community Service," the subject of a paper by Mrs. Fred G. Forbes, was handled in an instructive manner with the relation of valuable experiences in connection with community service, making the subject doubly interesting.

In addition the following musical program was given: Song, "Michigan, My Michigan," opening number, by the assembly; Mrs. Fred Mingay, accompanist.

Violin Solo—Robert Kee; Elizabeth Kee, accompanist. Piano Solo—Gertrude Riley. Piano Solo—Charlotte Marble.

The program was arranged by the following committee: Mesdames A. H. Miller, D. N. Kee, R. J. Riley, William L. Marble, Fred Mingay, Fred Stellwagen.

Judge Yellow Speaker. Judge Judd Yelland of Escanaba will speak on "Child Labor and Child Welfare" at the next meeting of the Welfare Club on March 23. Hostesses for this meeting will be Mesdames Mitchell, Brown, P. J. Corbett, Slade, Timmons and F. Miller.

KRONAN LODGE MEMBERS GO TO MEETING

Members of Kronan Lodge will go to Escanaba tonight where they will be guests of the Escanaba Morning Star society at regular meeting.

A fine program has been arranged by the Morning Stars for an enjoyable evening in a study for members of the local organization who attend.

The Kronan meeting to have been held here at Wasa hall tonight, has been postponed to permit members to attend the Escanaba gathering.

PARTY WILL HOLD CAUCUS NEXT MONDAY

The Farmers' Alliance party will hold a primary and caucus at Hamberg's hall, Brampton, on Monday, for the purpose of nominating candidates for township officers.

The meeting will be between the hours of 4 and 8 o'clock. Nominations of the party will be made for the following offices: One supervisor, one township clerk, treasurer, commissioner of highways, overseer of highways, two justices of peace, member of the board of review and four constables.

THREE FILE PETITIONS AT CITY OFFICE

Nomination petitions of three candidates for the office of commissioner, were filed in the city clerk's office up to yesterday afternoon, those of Milton I. Call, candidate to succeed himself, James H. Murphy and Peter Peterson.

Mr. Call's petition was filed Monday night and those of Mr. Murphy and Mr. Peterson Tuesday afternoon.

The final date for filing petitions for nomination is Monday, March 16.

Two commissioners to fill terms expiring this year, will be chosen at the spring election April 6.

Members of the Ladies' Aid Society of Alice Memorial Methodist church will meet Wednesday afternoon at 1:30 o'clock in the church parlors for their regular business meeting and a quilting bee. Refreshments will be served. Everybody is welcome to attend.

TODAY'S SPORT NEWS

PITCHING TO BE IMPROVED

All Major League Managers Look for Revival of Slab Art.

BY BILLY EVANS
Major league managers seem agreed that the pitching is going to be much improved this year.

During the winter I have discussed this phase of the game with perhaps 10 of the major league leaders. They all look for a revival for pitching.

When pressed for reasons for such a belief, no very logical arguments were offered to prove their contention. In other words, most of them figure it's going to be.

For a number of years pitching has been playing second fiddle to batting. If you would believe the managers it's going to be much different this summer.

The superiority of the twirlers will not be nearly so pronounced. Unquestionably the increased batting punch has made for smarter pitching.

The lively ball has practically made it impossible for a pitcher to get by on speed alone.

The change of pace has become a most essential feature of modern pitching.

Ten years ago the change of pace was considered more in the light a luxury, certainly not a necessity. Things have changed. It is now almost absolute necessity for success.

During the past five years much experimenting has been done by the pitchers. Freak deliveries, such as the knuckle ball and others that are permissible, have received much attention as a means to slow up the batters.

Freaks have passed. Freak deliveries, including just a slow ball are difficult to control. For several years pitching has been featured by an unusual amount of wildness, due to the many experiments that were being tried.

Last season there was a decided improvement in this respect in both major leagues. And, after all, control is the most necessary asset of smart pitching.

The developing of a change of pace by a majority of the pitchers, coupled with a decrease in wildness, is certain to make for much better pitching this summer.

While I still believe that batting will be supreme, I look for the list of 300 batters to be considerably curtailed.

Tremaine Offered \$15,000 To Fight Cannonball Martin

(By The Associated Press.)
Cleveland, O., March 10.—Jimmy Dunn, manager of Carl Tremaine, Cleveland bantamweight, announced tonight he had received an offer of \$15,000 for Tremaine to meet Eddie (Cannonball) Martin, bantamweight champion, for a title bout in Des Moines, Iowa, May 15.

Deforest To Be Matchmaker For N. Y. Polo Grounds

New York, March 10.—Jimmy Deforest, one time trainer of the heavyweight boxing champion Jack Dempsey, and later of the Argentine heavyweight, Luis Angel Firpo, today was named as matchmaker for the Polo Grounds, the New York Giants baseball home, for the coming summer.

SENTENCED TO 25 BATHS. Kansas City, Kas.—Police here picked up a vagrant so dirty that after three baths they still hesitated to place him in cells with other prisoners. He said there wasn't any use of trying to keep clean, but the judge thought otherwise and sentenced him to 25 baths.

85.00 GLASSES MORE EXPENSIVE THAN \$10.00. \$12.00 OR \$15.00 ONES. TEN CENT GLASSES THE MOST EXPENSIVE OF THEM ALL.

There is a difference between low and high class Spectacle and Eye-glass service just as there is in automobiles.

You may be able to see (in a fashion) with cheap glasses just the same as you can ride in a cheap gasoline buggy.

But you can't avoid the shocks to your nervous system caused by cheap glasses any more than you can the jars of riding in a low priced car.

In both cases it's a question of saving your dollars or your nervous energy.

Of course few people can afford to buy high grade automobiles but most people especially those residing in Escanaba can afford the cost of securing high grade optometric services which include properly prescribed and constructed glasses.

Call and let us show you by demonstration what cheap glasses do to the eyes and nervous system, which explains the reason why 10 cent glasses are the most expensive of all.

SPORTSMAN IS DEAD IN N. Y.

(By The Associated Press.)
New York, Mar. 10.—Grant Hugh Browne, internationally known sportsman, died today at the Presbyterian Hospital following an operation yesterday for cancer. He was admitted to the hospital Sunday.

His first association with professional sport was with a baseball club at Fort Wayne.

Mr. Browne was born 61 years ago in Wisconsin and after playing professional baseball for some time he came to New York.

When he turned to horse racing Mr. Browne promoted the Devonshire track at Windsor, Ont., and another in Havana. He also maintained a breeding farm for race horses at Goshen, N. Y.

During the Spanish-American War he had concessions for the purchase of supplies in England for the American army.

RECEIVERS NOW IN CONTROL OF LINES OF D. U. R.

(Continued from Page One.)
The corporation to continue its operation for the best interests of shareholders, creditors, and the public alike. The petition said that the plaintiff believed that "unless the court take such system of the defendant in judicial custody for the protection of every interest therein, individual creditors will assert their rights and remedies in different courts; that the result will be a multiplicity of suits; that attempts will be made to secure judgments and priorities; that levies will be made on cars, rolling stock, material and supplies; that the result thereof will be that the defendant will be prevented from meeting the interest and sinking fund payments and other payments and charges becoming due on the bonded and debenture debt."

It was averred in the petition that the property can be preserved "for the equitable benefit of all" by the intervention of a court of equity and the granting of equitable relief and by "enjoining all creditors from interfering with, or attempting to obtain priorities."

Motor Bus Hurts.
The D. U. R. since the sale of the Detroit Street Railways to the city of Detroit, has operated interurban lines to Ann Arbor, Jackson, Mt. Clemens, Port Huron and other cities in southeastern Michigan.

The annual report for 1924 reported a reduction of \$30,000 in income from all sources, while the report for January of this year showed a further reduction of \$70,000, much of which was blamed by officers of the company upon motor bus competition.

The company's statement for 1924 gave the capital stock as \$1,375,000 and bonded and debenture debt as \$29,577,500. Current liabilities, secured and unsecured, were \$4,321,509.35, with assets above all liabilities of \$18,293,656.87.

Former Rabbi Sent Annoying Notes To Coolidge, Charged

(By The Associated Press.)
New York, March 10.—B. M. Browne, 72 years old, former rabbi of a small Bronx synagogue, now closed, was brought into Yorkville court today on a summons charging him with sending annoying letters to President Coolidge. The summons was obtained by James M. Wetstein a secret service agent. Magistrate Thomas A. F. McAndrews paroled Mr. Browne for a hearing next Monday.

It was charged that Mr. Browne wrote a number of letters to the president, Mrs. Coolidge and Frank Stearns, requesting reimbursement for campaign expenditures. He told the court that he specifically requested \$12,500 which amount, he said, represented half the sum expended by "the American Jewish Seventy Elders" during the last campaign.

Local Jewish leaders said they never heard of an organization known as "the American Jewish Seventy Elders." Mr. Browne claims to be the organizer and present head of the society. His name does not appear in available records as an orthodox rabbi.

World's Highest Hotel.

Genova.—The roof of the Kulm Hotel in the Alps is at an altitude 13 times higher than the Woolworth building. From this hotel, which is near the top of a mountain peak, 59 glaciers and 50 well-known peaks can be seen.

ALUMNI TO PLAY SCHOOLCRAFTS FRIDAY NIGHT

Good Game Is Predicted; Play at Manistique

The Eskey High Alumni quintet of basket tossers will meet the strong Manistique Legion outfit at Manistique Friday night. The game will be the last of the year for the Schoolcrafters. The locals will play one more contest.

An excellent basketball game is in prospect. Both teams have established good records during the past season with Manistique having a slight edge on the local crew. The Alumni, however, are confident of their ability of making the Legionnaires go to the limit and predict a close hard match.

The locals will make the trip in cars, unless another storm prevents this arrangement.

Eveleth Puckers Beat Cleveland By 2 to 0 Score

(By The Associated Press.)
Cleveland, O., March 10.—Eveleth defeated Cleveland 2 to 0 in a United States Amateur Hockey League game here tonight. Galbraith scored in the first period and O'Connell in the second.

PITTSBURGH WINS 4-0.
Pittsburgh, Pa., Mar. 10.—The champion Pittsburgh Yellowjackets remained in the running tonight for first place in the second half of the western division of the United States Amateur Hockey Association by defeating St. Paul here, 4 to 0. Had the Yellowjackets lost tonight they would have been eliminated as a contender for the second half of the pennant.

Minneapolis, Duluth Tie.
Minneapolis, Minn., March 10.—Minneapolis and Duluth battled to a one to one tie in a United States Amateur Hockey League contest here tonight. Two overtime periods failed to break the deadlock. A Johnson of the locals sent the game into extra time with a score in the third period. Lewis got Duluth's point in the opening round.

Boston Game.
Boston, Mar. 10.—The Boston Athletic Association hockey team defeated the Boston Maples, 2 to 1, in a fast, clean game of the eastern division of the United States Amateur Hockey Association here tonight. A shot by Geran put the B. A. A. in the lead in the first period and the game was won by Harrington's score in the third. The Maples' lone tally came in the final minute of play.

EGYPTIAN TOMB IS MUCH OLDER THAN KING TUT

(Continued from Page One.)
masonry block which closed the door of the burial chamber the chamber was seen to be about 18 feet long by 12 feet wide. Inside was an alabaster sarcophagus intact and on the coffin lay an elaborate woven gold mat with a line of incised hieroglyphics, giving the name Nebti-Seneferu, which seems to be the name of the person buried in the coffin. The name indicates that she was a lady, probably a princess.

Not Seneferu, Cheops.
"The posts of the sarcophagus are sheathed in gold and the floor of the chamber is covered with vessels of bronze and alabaster and quantity of gilded wooden furniture which is in bad condition. Many objects are not yet identifiable. The Egyptian authorities have put a barred wire fence around the area, in order to prevent intrusion on the part of the public and the work of clearing the tomb is proceeding satisfactorily.

"This tomb is not that of either Seneferu or Cheops. It was in existence when the first pyramid at Giza, that of Cheops, was built and the superstructure of the tomb must have been cleared away by the builders of Cheops when they built the case-way which led from the valley to the temple in front of the Cheops pyramid. The tomb is to be dated probably to the reign of Seneferu."

Validity of Paris Divorce Questioned

(Continued from Page One.)
suggested that he had no money whatever except what Countess Carnarvon gave him. Sir George Dennistoun drew \$1,000 pounds sterling the day after the writ was issued.

"Have you never heard of a woman giving her husband money to settle on her so that he might escape the reproach of being poor?" asked Sir Edward of Sir George.

"I never heard of such a thing before," replied Sir George.

"Doctor, you are quite sure that my eyes are all right; that one leg is not shorter than the other and that my heart, lungs and stomach are O. K." "Absolutely."

"Then, that blamed professional has sold me a dud golf club."—London Passing Show.

Modern incandescent lights have about 75 times the efficiency of those of 18 years ago, experts say.

TWO ESCANABA PLAYERS PICKED ON STAR TEAMS

Herman Mielthe, guard, and Stuart Andrews, forward, are given positions on the two all-tournament teams, picked by a writer for the Iron Mountain News. Mielthe is placed on the first team and Andrews on the second.

The New' selections follow:
FIRST TEAM
R. F.—L. Peterson, Menominee.
L. F.—Uitch, Menominee.
Center—H. Peterson Menominee.
R. G.—Mielthe, Escanaba.

SECOND TEAM
R. F.—Parazza, Iron Mountain.
L. F.—Andrews, Escanaba.
Center—Cool, Manistique.
R. G.—Anderson, Menominee.
L. G.—Marini, Iron Mountain.

"RAIN" VISITS DELFT TONIGHT

"Rain which will be presented at the Delft tonight, is W. Somerset Maugham's bright little story, "Miss Thompson", expanded with much skill into a fervid play in three acts. Mr. Maugham, reversing more and more in those who moved outside normal circles. In "RAIN" his pre-occupation is with sex. His play provokes comparison with the deluge, merely because of the familiarity of the theme—the marooning of a number of unconsenting souls in a small space for a certain period.

In Mr. Maugham's original story the Reverend Davidson was a man much meaner than he becomes in his transit to the stage. Here he is merely the victim of his own abnormality, a human being, who denies his humanness, and who in the name of his religion, has become a tyrant, who resorts to mythical methods to gain souls. The playwrights deny him the customary martial relations. The Freudian emphasis is given to his tyranny, to the emotional force which batters the bewildered girl into an acceptance of his point of view, to the sudden capitation of the passions he has so long denied.

The capitulation comes as a horrid shock to his convert, and leaves her worse than he has found her. It is altogether a nice rebuke to the meddlers with other morals.

"Life is a quaint present from someone." That is all Miss Thompson can make out of it as she takes herself and her white-robed boots and her parasol and her photograph to Sydney. It is suitable ending for a very frank and interesting play, which does not devitalize its de Maupassant content.

AMUSEMENTS

AT THE DELFT
"Rain," the Somerset Maugham's play acted by a cast of well known Broadway artists, will be the Delft attraction tonight. It is discussed in detail on another page of this paper.

AT THE STRAND
"Poisoned Paradise," the feature picture on the Strand's Wednesday-Thursday program, introduces an all-star cast, headed by the popular Kenneth Harlan, and Clara Bow a newcomer to stardom.

The plot of the story is an absorbing piece of drama told against the picturesque background of the Monte Carlo. It is a moving, human experience of two young people who went there to try their luck at roulette and became involved in a series of singular adventures.

"WHY WORRY"
The hills around Culver City resounded with the infuriated firing of more than a thousand Mexicans arrayed in rival fighting units. The booming of cannons made natives tremble, in fear of earth shocks. Incoherent commands were hurled in every direction by excited generals.

It might have been a great dramatic spectacle in the making for the movies, yet it was all being done in the spirit of fun—the spirit that permeates Harold Lloyd's greatest Pathecomedy, "Why Worry?" which is due at the Delft Thursday, Friday and Saturday.

ASKS MOFFETT APPOINTMENT

(By The Associated Press.)
Washington, March 10.—Reappointment of Rear Admiral William A. Moffett as chief of the navy bureau of aeronautics for a second four year term has been recommended to President Coolidge by Secretary Wilbur.

Admiral Moffett is the first chief of the bureau, which was created four years ago. His term expires in June.

Secretary Wilbur said Admiral Moffett's administration had been very satisfactory to the navy department. The usual policy of the department in assigning officers as chiefs of bureaus only for a single term had been set aside, he explained because it was felt the best interest of the new bureau required that the admiral continue the work of the organization and development which he began.

Business deficiency bills remind us of the woman who wrote a check to cover the amount she was overdrawn at the bank.

Total stock sales 1,606,500 shares.

New York, Mar. 10.—Further weakness developed in today's stock market despite a sharp rally in wheat prices and publication of favorable tonnage statement by the U. S. Steel Corporation. Heavy selling of stocks, many of which dropped 1 to 5 points, generally was believed to have been inspired by speculative uneasiness over the money situation and reports that spring business in some lines was not up to early expectations.

Selling pressure was directed chiefly against some of the so-called pivotal industrials. American Can broke from a high of 180 3/4 to 175 1/2 and then rallied to 176, where it was off 1/4 on the day.

Baldwin Declines.
Baldwin showed a net loss of 5/8 at 134 1/2. U. S. Steel common closed at its low price of the day, 122 1/2, off 1/4. Studebaker yielded fractionally to 44 1/2.

The Steel Corporation reported an increase of 247,448 tons in unfilled orders as of February 28, or about 50,000 tons above preliminary estimates. While this statement generally was regarded as bullish, it failed to have any effect on the steel market, probably because of a feeling in some quarters that the increased business represented a last minute rush of orders to take advantage of the lower prices prevailing in the first quarter. Ludlum Steel broke 3 1/2 points to 44 1/2, or about 10 points below its recent high.

American Bank Note broke 22 points to 184 on one sale. Nash Motors dropped 9 1/2 points to 252 1/2 on a small turn over.

Further selling of the St. Paul issues reflected growing concern over that road's ability to take care of its maturities this year without being forced through a reorganization. The common duplicated the year's low of 11 1/2 while the preferred dropped 1 1/2 points to 20.

The foreign exchanges displayed a firm tone. Demand sterling ruled about half a cent higher around \$4.76 3/4, and French francs improved slightly to 5.13 1/2 cents. Other European rates showed only nominal changes.

Call money held steady at 4 1/2 per cent. Time money and commercial paper rates were unchanged, with business in small volume.

TIMBER PROFITS \$5,895,686.
London, O., Mar. 10.—Net profits of the Timken Roller Bearing Company and its subsidiaries for the year 1924 amounted to \$5,895,686 after deductions had been made for depreciation and for income tax according to the annual report of H. H. Tucker, president, made public today. Cash dividends totaling \$4,891,328 were paid during the year, leaving a balance of \$1,654,819 which was transferred to the surplus fund bringing this fund up to \$15,779,970 on December 31, 1924.

Hogs, receipts 23,000; generally slow; bulk good and choice butchers all weights 13.50 to 15.75; 140 to 160 pound averages 13.00 to 15.00; 180 to 200 pound averages 13.00 to 14.50; slaughter pigs mostly 2.50 to 3.00; bulk strong weights 12.25 to 12.75; bulk packing steady; bulk desirable kind to packers 11.50 to 12.50; outsiders mostly 11.00 to 13.50; stokers and feeders active; strong; spots higher; bulk 7.00 to 8.00.

Sheep, receipts 15,000; slow; fat lambs generally steady to weak; bulk desirable weight lambs 17.00 to 17.25; top 17.50; bulk 9.00 to 9.50; yearling lambs 16.00 to 16.75; extreme weight kind 15.00 and downward; fat ewes 1.50 to 1.75; plain 1.00 to 1.50; plain 1.00 to 1.50; fat ewes 1.50 to 1.75; plain 1.00 to 1.50.

CHICAGO GRAIN.
Chicago, March 10.—Sudden broadening of demand for wheat today led to a lively advance of 5/8 cents a bushel. May delivery, surprise over government figures disclosing scarcity of wheat in country mills and elevators acted as a decided stimulus to buyers. As a result of profit taking, however, top prices failed to hold. The wheat market closed unsettled, 1/4 to 1/2 net higher with May 1.87 1/2 to 1.87 3/4 and July 1.84 1/2 to 1.84 3/4, with corn 1.58 to 1.58 1/2, oats showing 1.5 to 1.5 1/2 and provisions varying from 10c decline to a rise of 10c.

Although something of a rush to buy wheat was witnessed at the opening and at various subsequent times, it was only in the last half hour of the day that the upward swing of values became remarkable. It is said that publication of cotton houses and in particular those with eastern and Florida connections took an aggressive hand in the buying and selling of wheat, and that speculation among recent speculative sellers. The advance which caused lifted the May delivery to 1.87 1/2, a rise of more than 12c from the low point touched a few days ago.

Corn and oats followed weak sharply. Export rates of 1,800,000 bushels of oats were announced, which brought about a sharp decline in the market.

Provisions advanced higher, sympathizing with grain.

Circuit Court Commissioner, H. E. RUSHMAN, IN CHANCERY. Plaintiff: Circuit Court for the County of Delta, vs. Defendant: CURRY, A. D. 1925.

It is satisfactorily appearing to this Court, by affidavit on file, that a delinquent mortgage has been made to learn the residence or whereabouts of the above named defendant, Joel Maki, and that said plaintiff and other creditors of said Joel Maki, was at Detroit, Michigan, and that his whereabouts or residence is now unknown. On motion of H. J. Rushton, attorney for plaintiff, it is ordered that the said defendant, Joel Maki, cause his appearance to be entered in this cause, within three (3) months from the date of this order, and in case of his appearance, that he cause his answer to the plaintiff's bill of complaint to be filed, and a copy thereof on plaintiff's attorney, within twenty (20) days after service on him of a copy of said bill, and of the date of this order, and that in default thereof, that said bill be taken as confessed by the said defendant, Joel Maki.

And it is further ordered, that within twenty (20) days after the date hereof, the said plaintiff cause a notice of this order to be published in the Escanaba Daily Press, a newspaper printed, published and circulated in the County of Delta, and that said publication be continued once in each week for six (6) successive weeks, or that be cause a copy of this order to be served personally on said defendant, within at least twenty (20) days from the date of this order, and it is further ordered that the said plaintiff cause a copy of this order to be mailed to said defendant at his last known post office address, by registered mail, and a return receipt demanded, within at least twenty (20) days from the date of this order.

C. D. McEWEN, Circuit Court Commissioner, H. E. RUSHMAN, IN CHANCERY. Plaintiff: Business address, Escanaba, Michigan. 3734-70-4 Wednesday.

48c to \$1.48 yd.

## NEW TAX CUT WITHIN YEAR

BY DAVID LAWRENCE  
Copyright 1924, by the Escanaba Press.  
Washington, Mar. 10.—This is the time of year when people are making out their income tax returns and perhaps they are not very happy about it, so a morsel of joyful news may be opportune. First, the money being earned by the American people this year from January 1st last until December 31st next will be subject not to the rates of the present law but to a new act to be passed in the early months of 1925 which will carry at least a 25 per cent reduction in everybody's taxes if not more.

Second, sentiment in congress is developing in favor of a specific reduction in surtaxes so that the highest rate will be 25 percent as contrasted with forty percent in the present law. Secretary Mellon has always thought that if the government would get more money in the treasury from stimulated business than ever before but he compromised on 25 when he presented his plan. The republicans have a working majority in both houses and can put through a 25 per cent rate and if there is a division in their own ranks there are some democrats who will vote for 25 percent.

Keep Within Budget.  
Third, congress is showing a tendency to keep within the budget. Representative Madden whom the correspondent met at the White House after he had conferred with the president says that this year congress spent eight millions less than the budget provided for and that in the last four years a whole congress has spent \$350,000,000 less than the budget proposed.

Fourth, Mr. Madden says he intends to press at the next session of congress his resolution which would make decreases in income tax payments automatic. In other words, it would require no new legislation each year for tax reform though congress would always be free to repeal the act or amend it. Mr. Madden's idea is that whenever there is a surplus in the treasury of more than \$50,000,000 that sum will be divided into the total receipts and a percentage ascertained, which percentage shall automatically be the amount of every taxpayer's reduction.

Coolidge Favors It.  
There is some reason to believe President Coolidge favors such a measure but naturally the people who think the relationship of one tax rate to another, as for in-

stance the size of surtax rates as compared with normal rates or the exemptions, should be reformed will want that done before the automatic reduction would take effect. In other words when once a scientific and equitable ratio is established between the different classes of taxpayers then an automatic reduction simply maintains the status quo but gives every taxpayer an equal percentage of reduction.

Mr. Madden's proposal has a good deal of support in congress because the burden and embarrassment of continually considering a revenue act is such that congress would feel relieved at an automatic change in payments based on surplus.

"It's the only scientific way to reduce taxes anyway," said Mr. Madden, "and it encourages congress to stick within the budget and not exceed it."

Madden Applied Brake.  
Representative Madden has often been referred to as "the watch-dog of the treasury." The success of a budget system depends not only on the efficiency of a director of the budget and the moral support given him by the president but on the attitude of congress which under the constitution is not limited by the budget and can by two thirds vote override a presidential veto on any appropriation bill.

Had it not been for Martin Madden's influence and persuasion and the help of an earnest group of colleagues, congress might have gone over the budget by \$100,000,000 this year. There certainly were enough bills on the calendar which would have absorbed such a sum.

And all this record of economy has been accomplished with the adjusted compensation bill for ex-service men as a law. It is hardly mentioned as a financial burden when discussing fiscal affairs which does away with the argument that the country couldn't afford it though in principle it was fought and still will be a subject of academic controversy.

On the whole the rates to be paid by the taxpayer on March 15th of the present year on money earned during 1924 are lower than the rates in the previous year though there isn't much difference between the sums paid last year on 1923 incomes after the 25 percent general reduction was put into effect, and the rates to be paid on March 15 of this year.

NOTICE.

## Mercury Due For Hard "Flop" Says Weather Observer

The thermometer crept up over the 50-mark yesterday, and established a new altitude record for the year, but one of the most sensational "flops" of the winter was predicted by H. H. Spindler, local weather observer, who hung out a "cold wave" flag. The frigid weather is sweeping down from the Northwest, he said. Sub-zero temperatures in Swift Current and Edmonton Monday are to be felt here at least partially, before morning. The sun shone yesterday and the melting snow filled the streets with water.

## Harris Attending Lansing Meetings

City Manager Fred R. Harris will leave today for Lansing. He will confer tomorrow with members of the legislative committee of the League of Michigan Municipalities regarding legislation now pending before the state assembly affecting the interests of the cities of the state. On Friday he expects to visit the offices of the Michigan Fire Inspection bureau regarding insurance ratings here. Improvements being made at the local water works plant and the fire department will be called to the bureau's attention.

### HENDRICKS NOTES.

Mesdames Fred Kickbush, Otto Hahn, Arthur Turgeon, Angus Michau and Miss Dorothy Michau called on Mrs. Archie Sanville Thursday.

Mrs. Fred Kickbush called on Mrs. Olof Hedberg Wednesday.

Mrs. Joseph Tuys was a Cornell visitor Friday evening.
