

WET AND DRY FIGHT IN CONGRESS SEEN

MITCHELL WINS MORAL VICTORY IN AIR PROBE

OBJECTS SOUGHT BY STORMY PETREL ATTAINED. BY DAVID LAWRENCE (Copyright 1925, by the Escanaba Press.) Washington, Dec. 4.—Colonel William Mitchell has won a moral victory. Though the aircraft board which has just made its report to President Coolidge does not accept specifically the Mitchell recommendations it accomplishes exactly what the veteran flier had in mind when he started the agitation—it does more for aviation than ever has been done before. Critics will arise inside and outside the air service of the army and navy to find flaws in the report but it is admitted today that Dwight P. Morrow, chairman of the board, who wrote most of the report did a splendid job in temperate writing and careful analysis and that the document will influence Congress a good deal. Mr. Coolidge wanted something on which to base a policy. The Morrow report gives him just that. Special Aviation Secretaries. While Col. Mitchell wanted a separate air force under a department of national defense, the Morrow board really gives him what amounts to the same thing in the special appointment of assistant secretaries of aviation in three departments—commerce, navy and war. The objections to a department of national defense are analyzed from viewpoints entirely unrelated to the aviation controversy. Mr. Coolidge found as did Mr. Harding that a single department would not take care of the two schools of service and that it would only place the responsibility for deciding controversies on one man. It might relieve the president somewhat but on the other hand it would increase the difficulties of the man in charge of national defense—that's the situation in a nutshell. Recognizes Difficulties. The Morrow report recognizes the difficulties of the men in the air service with respect to pay and promotion and representation on the general staff, sees the importance of stimulating the aircraft industry and generally says more for the cause of aviation in a carefully balanced statement than the partisans have been able to get across in many months of argument. Already there are predictions that three assistant secretaries of aviation will only add to the red tape and confusion. But while the Morrow report doesn't say so in as many words, everybody knows that the next step would be the formation of a triple alliance between the three secretaries who would function as a board subject only to the technical jurisdiction of their superiors but in reality dealing with the president in the last analysis. Funds Are Ready. Thus an assistant secretary of the treasury, Lincoln O. Andrews, is under Secretary Mellon but reports more or less directly to the president. Government has gotten to be such a big institution ever since the war that an assistant secretary is no longer a mere subordinate in the sense that the term might literally imply. So far as aircraft production is concerned, the government is ready to appropriate funds sufficient to take care of existing plant facilities and even will go beyond that. But as for subsidizing industry and beginning on a large scale to build aircraft for imaginary conflicts, the board sounds the very note of moderation which President Coolidge himself has uttered in his preaching about army and navy economy in peacetime. Opinions Divided. From Colonel Mitchell's viewpoint, there may be much to criticize in the Morrow report. He probably will dissect it and say that 15,000 airplanes in the first year of the emergency is too optimistic an estimate judging by the delays experienced in the world war. But congress in the court of last resort anyhow and the committees will begin where the Morrow board left off. The Mitchell adherents have forced the issue to the front and when it comes to enacting into law the recommendations of the Morrow board there will be many changes based upon the ideas of members of congress themselves who have their own opinions on how best to secure administrative efficiency for any branch of military activity.

Noted Educator Dies in Chicago

Chicago, Dec. 4.—(P)—Augustus V. Nightingale, nationally known educator, died today. He was 83 years old and had been retired 105 years.

French Senate Adopts Finance Measure; Now Is Law

BILL PROPOSES TAX INCREASES AND INFLATION

20 TO 100 PER CENT NEW TAXATION PROVIDED.

Paris, Dec. 4.—(P)—The senate late tonight adopted the government's measure calling for financial inflation and increased taxation, 205 votes to 26. As the senate made no modifications in the bill as adopted by the chamber of deputies yesterday, it now becomes law. The fourth clause of the measure providing for inflation of the currency to the amount of 7,500,000,000 francs was passed by a vote of 196 to 69. The voting came after a featureless debate. Agree to Save France. Soon after the senate assembled this afternoon to take up the bill, Senator Berenger, general secretary of the finance committee, advocated that it be voted as adopted by the chamber of deputies. Two leaders of the opposition, former Premier Francois-Marsal and M. Cheron, former minister of agriculture, then fell in line and in speeches made it known that they were in agreement that the measure was necessary to save France. Proposes Heavy Tax. At first when it began discussion on the bill last night, the senate finance committee appeared disposed to suggest modifications and amendments, but these were withdrawn after Premier Briand had appeared personally before the committee with the ultimatum that the measure be passed as drawn up by the finance minister, Louchere, or "no government was possible." The bill calls for new taxation of from 20 to 100 per cent.

WANT U. S. AT ARMS MEETING

Hinted Russia Will Also Be Asked to Join in Peace Move.

Geneva, Dec. 4.—(P)—Both the United States and Russia will be invited to participate in the preparatory work for the proposed conference to bring about world disarmament, if the council of the League of Nations approves measures agreed upon today by the council No. 2, especially appointed by the League to treat with disarmament problems. Although no official announcement concerning the measures was made, the Associated Press was informed tonight that the members of the disarmament council agreed that no international conference to reduce armaments burdens could hope to succeed without the collaboration of both the United States and Russia. The necessity of having cooperation of Russia in disarmament moves became evident at the conference for the control of traffic in arms, when the countries bordering on Russia withheld final approval of the convention until such time as Russia would adhere to the document. An official communique explains that a new commission will be created to prepare for the conference. This commission has been named "the preparatory commission for the disarmament conference."

CAL IS CAUTIOUS.

Washington, Dec. 4.—(P)—Recognizing that difficulties may stand in the way of American participation in the efforts of the League of Nations to work out new plans for reduction and limitation of armaments, President Coolidge will defer consideration of the invitation of the league's disarmament council until he can examine its text.

Takes Blame for Another's Crime; Believed Insane

Toledo, O., Dec. 4.—(P)—Proceedings in lunacy were started in probate court here today against Robert August, alias Robert Ignatz, arrested last week as a suspect during a search for the "slurper" who has terrorized women in Toledo for the last few months. Developments later absolved August from any connection with the assault but while in custody the question of the man's sanity was raised.

Girl Cries When Prize Calf Is Sold for Veal At International Expo

Chicago, Dec. 4.—(P)—A little girl, 9 years old, burst into tears, flung her arms around a pet calf that had just taken the highest prize at the International Livestock Exposition today, then rushed from the amphitheater sobbing as the animal went on the auction block. She was Pauline Brown of Aledo, Ill., and her Aberdeen-Angus calf won for her the title of champion junior stock feeder, the first time the award ever was made. The calf was bought by Eitel Brothers for the Chicago and Northwestern Railway restaurants at 20 cents a pound, a total of \$231, a record price. Beef \$7 a Pound. The price paid for the calf was only one of the record smashing prices paid today as prize winners were auctioned off. The champion beef carcass, exhibited by W. W. Wilson and Sons of Muncie, Ind., brought \$7 a pound and was purchased for the Hotel Sherman, Chicago. The grand champion lamb on the hoof, owned by the University of California, sold for \$456.50 and the senior yearling steer, shown by the University of Kentucky, brought \$589.60. The grand champion lamb carcass, exhibited by the University of Wisconsin was sold for \$424, while the grand champion swine, a Berkshire hog, shown by the Blue Bank Farm, Ridgeley, Tenn., sold for \$90.90. These prices, together with the \$3 a pound paid yesterday for Mah Jongg, grand champion steer, establish the highest records for champion cattle, sheep and hogs ever paid at the exposition.

Jury Turns in Sealed Verdict in Kip's Case

Decision Will Be Bared By Judge 10 O'clock This Morning.

White Plains, N. Y., Dec. 4.—(P)—The jury hearing the suit brought by Leonard Kip Rhinelander for annulment of his marriage to his negro wife handed a sealed verdict to the court clerk at 11:30 tonight and then went home. The verdict will be opened by Judge Morschauer at 10 o'clock tomorrow morning. The jury reached its decision after it had been out almost exactly 12 hours. Two hours had been taken out for lunch and dinner and the rest of the time had been spent in deciding on their answers to the seven questions given them by Justice Morschauer. LaFollette's Political Status Deferred to Next Week. Washington, Dec. 4.—(P)—With decision as to the political status of the insurgents likely to be deferred until next week, Republicans leaders of the house and senate made final plans today for the opening Monday of the sixty-ninth congress. Responsible for the organization of both houses by reason of their majorities, the Republicans have been called into separate conference tomorrow to perfect states which will be voted on during the first few days of the session. Democrats to Meet. Democrats of the house also will meet tomorrow to select their candidates for offices of that chamber, and to arrange their committee assignments. Senate Democrats will meet Monday. With the exception of the election of a secretary and the assignment of a few newly elected Republicans to the standing committees, the organization of the senate is complete. The house has to elect all of its officers and the program of the leaders is to complete this Monday and to adopt amended rules. Nye's Seat Questioned. The main question still before Republican leaders of the senate are the political status to be given to Senator LaFollette of Wisconsin, and the right of Senator-designate Nye, of North Dakota, to a senate seat. Leaders of the senate "old guard" still were divided tonight on the question of whether Mr. LaFollette should be taken into the party councils. A majority apparently opposed reading him out of the party, as was done last year in the case of his father and Senators Brookhart of Iowa and Frazier and Ladd, of North Dakota.

Great Northern Ry. to Tunnel Cascade Mountains in West

Chicago, Dec. 4.—(P)—A tunnel, seven and three-quarters miles long, and penetrating the Cascade Mountains, one of the greatest construction projects in the history of railroading, has been started, Ralph Budd, president of the Great Northern Railroad, said today at a meeting of Eastern passenger and freight representatives of that road. The cost will be \$8,000,000. The tunnel will reach from Scenic, on the west to Burns on the east, and electrification of the lines will cost an additional \$2,000,000.

Printers Finish New Revenue Bill

Washington, Dec. 4.—(P)—Providing relief for virtually every Federal taxpayer, the tax reduction proposals agreed upon by the house ways and means committee during its six weeks of deliberation were embodied today in a printed revenue bill which will be introduced at the opening session of the house Monday. In addition to providing tax reductions amounting to \$325,000,000 for the next calendar year, the measure also revises many of the administrative features of the present law, including an amendment to prevent further publication of income tax returns.

WEATHER

UPPER MICHIGAN: Snow and much colder Saturday with strong north and northwest winds; Sunday partly cloudy to cloudy. UPPER LAKES: Strong north and northwest winds and gales on Superior and Michigan and strong shifting winds and gales on Huron; snow Saturday except rain changing to snow on Huron; much colder Saturday or Saturday night. 20 Entombed in Colorado Mine; Plight Is Unknown

KIPLING ILL

Burwash, Essex England, Dec. 4.—(P)—Satisfactory improvement in the condition of Ruydard Kipling who is suffering from double pneumonia at his retreat here, continued throughout the day. The author is not suffering pain and is completely conscious. His strong constitution is believed to be withstanding the disease as well as can be expected.

Rescuers Reach Tunnel Where Miners Are Entrapped.

Nederland, Colo., Dec. 4.—(P)—Rescue workers tonight reached the main tunnel of the Fairview mine, where 20 miners were entombed, following a fire early today but the plight of the imprisoned men remained unknown. Fumes were rolling back of the rescue squad and overcame several of the men who entered the workings. One of the first men to reach the tunnel, Frank Anderson, a rescuer, shouted to those at the top of an emergency shaft that all in the mine were safe and this led to reports that none of the men had been lost. Cave-in Follows Fire. The cave-in in the mine portal followed a fire in the compressor room from where fresh air is driven into the mine, spread to the buildings about the mouth and attacked the timbering. Mine officials have expressed fear as to the safety of the entombed men, who may have been suffocated by the dense smoke that filled the mine. A ray of hope was seen because of the length of the main tunnel that extends for more than 3,000 feet into the mountains. Crowd Watches Rescuers. Gathered about the blackened mine portal tonight were scores of volunteer rescue workers from Denver, Boulder, adjacent mining camps and virtually every man, woman and child of Nederland. Pulmotors were held in readiness for the time when the tunnel is reached from above and the workers can enter the smoke-filled chambers in an effort to reach the imprisoned miners.

HINT RICH JURY WAS TAMPERED

Failure to Reach Agreement Probed at Battle Creek.

Battle Creek, Mich., Dec. 4.—(P)—Admission was made tonight by Andrew Lockton, assistant prosecutor, that inquiry is being made along two separate lines relative to the failure of the jury in the trial of Arthur Rich to come to an agreement last night which resulted in the jury's dismissal by Judge North. Mr. Lockton said that while Prosecutor Clyde Cortright and Sheriff George Colby were working on one angle he was following a tip on a second one. Jury Tampering Hinted. Sheriff Colby said tonight that there is nothing to be said at this time but there might be developments tomorrow. Mr. Lockton said that he hoped to secure an affidavit tomorrow, Judge Walter H. North said that he had learned of activity of the prosecutor's department only through gossip with newspapermen and that no complaint had been made to him. "If the prosecutor finds any evidence that attempt was made to tamper with this jury or any other one under my jurisdiction I want to know it and I promise you that action will be swift and sure," he said. He added that he had heard nothing of any such allegation but indicated it would be the only thing that could be brought to him for consideration. Jurors Within Rights. "The mere fact that a juror or two wishes to hold out for his opinion, even though he would not consider the reasoning or arguments of other jurors, is his own affair." It was currently reported that the jury on its fourth and last vote stood nine for conviction and three for acquittal. The first ballot, it was said, was eight for conviction and four for acquittal, one juror changing over on the second ballot.

SYNDICATE BUYS LAWSON ESTATE

Country Home at Green Lake, Wis., Sold for \$500,000.

Chicago, Dec. 4.—(P)—A syndicate here has purchased the magnificent Green Lake, Wis., estate of the late Victor F. Lawson, owner of the Chicago Daily News, for a summer home development for members of the syndicate and their friends. The consideration paid the representative of the Lawson estate was said to have been more than \$500,000 and it is understood the development will be a co-operative one. The Lawson country estate of more than 1,000 acres on Green Lake, Wis., was notable for its landscape beauties, its seawall boulevard, extending for several miles and its 15 miles or more of roads built since Mr. Lawson acquired it several years ago. The late Mrs. Lawson supervised the improvement of the estate and during the lifetime of herself and her husband the place was a source of great satisfaction to them as it was there that Mr. Lawson went to get relief from his newspaper responsibilities.

TORNADO HITS MISSISSIPPI

Two Dead, 18 Injured and Half Million Property Damage.

Yazoo City, Miss., Dec. 4.—(P)—Two dead, 18 injured and property damage to the extent of nearly half a million dollars was the toll of a tornado that struck here today. More than a hundred were made homeless by the twister. The two dead are negro women and five of the 18 injured were white persons. A detachment of national guard was ordered here for police duty by Gov. Henry L. Whitfield to prevent pillage in the storm-wrecked area, while reclamation work is in progress. The tornado was preceded and followed by heavy rains and high winds continued throughout the day. Fire breaking out in the wrecked negro section of the city was quickly extinguished with little damage.

TRIAL REVEALS NAVY OPPOSES MITCHELL PLAN

UNIFIED AIR SERVICE IMPRACTICAL, CLAIM.

Washington, Dec. 4.—(P)—The court-martial trying Col. William Mitchell disposed today of an unprecedented number of prosecution witnesses heard one admiral dispute testimony given recently by another, and learned officially that the navy opposed a unified air service on the ground that its adoption would injure the national defense from the navy's viewpoint. Then the court recessed until tomorrow, to meet on a Saturday for the first time since it was created. Opposes Sim's Views. Rear Admiral William V. Pratt, president of the Newport, R. I., war college, outstanding among the nine witnesses who testified today, took issue with statements by his predecessor at Newport Rear Admiral William S. Sims, retired, who charged that the navy now was controlled by untrained, uneducated and ignorant officers. The witness asserted that it did not follow necessarily because an officer had never attended the war college, that he came within the classification his predecessor set forth. The college, he added, "had a black eye" for a number of years, and that probably had something to do with the fact that high commands were exercised now by officers who had never attended that institution. Names Navy Successors. Among the officers mentioned as distinct successes in the navy having served with "efficiency and honor," Admiral Pratt named Admiral Edward W. Eberle, chief of naval operations, Admiral S. S. Robison, commander of the United States fleet, and Rear Admiral Robert E. Coontz, commandant of the Norfolk, Va., navy yard and former commander of the United States fleet. None of the three, he said, ever attended the Newport college, probably because their careers had been "very active" and it would not have been "easy for them to be ordered to the college if they had so desired." Asked if he thought the navy was "jeopardized by the fact that high commands are held by officers who had not graduated at Newport," the admiral caused a laugh by replying that "nothing ever takes the place of common sense." He also expressed the opinion that "the present aviation policy of the navy is perfectly sound."

SAYS FILMS WERE FAKED.

Com. John Stapler, in charge of the information bureau, navy department, told the court that the purpose of his office was to give the public authentic and unbiased information on navy matters, but admitted that it had opposed the unified air service plan. As part of his work in this connection, the commander described a "confidential" memorandum sent out last June on the subject of the army's bombing tests on the naval crafts Ostrisland, Frankfort, Virginia, New Jersey and Alabama which had been filmed for publicity use by the army air personnel. "These films," he said in the memorandum, "have been gotten up purely as propaganda by a certain group of officers in the army air service who wished to belittle the navy and convince the public that surface ships are no longer of any value whatever. The films are largely faked in character." Commander Stapler said his memorandum had been distributed to naval officers throughout the country who were engaged in combating the propaganda work of the air service enthusiasts. He declared the creation of a unified air service would "be a serious blow to the efficiency of the fleet," and a "serious error from the standpoint of national defense."

BISHOP PLAYS HOWARD.

Washington, Dec. 4.—(P)—The letter of Clinton N. Howard, chairman of the United Committee for Prohibiting Enforcement, appealing to Pope Pius XI for moral support of "civil authority" in the United States, brought a sharp rejoinder tonight from Rev. John J. Burke, general secretary of the National Catholic Welfare Conference. The conference comprises all of the Catholic bishops in the United States. "Love of America and its fun-

Elect Officers at Meet in Lansing

Lansing, Dec. 4.—(P)—H. F. Lytle of Manistee was elected president of the Michigan High School Principals' association here today. H. J. Pontz, Sault Ste. Marie, was made vice president and John Rucmerama, Holland, was chosen secretary-treasurer. A meeting of the executive committee of the Michigan Interscholastic Athletic association will be held in Ann Arbor next Friday to discuss rules, it was announced.

EACH FACTION PREPARES FOR HARD BATTLE

DRYS ASK POPE FOR MORAL SUPPORT OF CAUSE

Washington, Dec. 4.—(P)—The conflict that has enveloped prohibition enforcement ever since its inception and has gained new momentum in the last few days tonight was headed toward its original battle ground, the floors of congress. With the opening of congress only a few days away, both wets and drys are forming their lines for attack and defense. Recent developments indicate that while some breaches exist in the ranks of prohibitionists, the wets are counting on strong support. To Seek Repeal. Among various proposals to be presented to congress, repeal of the Volstead act will be sought by Representative Dyer of Missouri, ranking Republican of the house judiciary committee and one of the wet leaders, who heretofore had contended merely for modification of the law. The prohibition problem which was taken to the White House yesterday, was carried across yesterday with a direct appeal to Pope Pius XI for moral support of "civil authority" in this country. It was made by the United Committee for Prohibition Enforcement, including a number of Catholic and Protestant reform organizations, which delivered the complaint yesterday to President Coolidge. Women Back Coolidge. The criticisms of the administration brought reverberations within the committee today. The Methodist board of temperance, prohibition and public morals advised the president that it was no way responsible for the committee's statement and that it still was confident that enforcement eventually would reach perfection. Mr. Coolidge was advised also by Mrs. Ella A. Boole, newly elected president of the Women's Christian Temperance Union, that her organization stood with the president in his enforcement stand. Several Members Resign. The breaches in the ranks of the united committee were opened even more definitely with the resignations of several members who disapproved of the committee's complaint to Mr. Coolidge, including the Rev. Dr. Clarence True Wilson of the Methodist board, Oliver W. Stewart of Indianapolis, president of the flying squadron fundation, and Edwin C. Dinwiddie of the International Order of Good Templars. Clinton N. Howard of Rochester, N. Y., chairman of the committee, who sponsored the letter, called at the White House today in an unsuccessful attempt to obtain an appointment with the president to discuss the entire situation. He was told that the president's calendar for the near future was filled and that the executive would be absent from the city for a few days delivering an address in Chicago next Monday. The prohibition question, as viewed by the Women's Christian Temperance Union and the Anti-Saloon League, also was canvassed at a meeting tonight of representatives of those organizations with several members of congress in attendance. The league at its recent Chicago convention placed much of the blame for lax enforcement upon local officials.

17 MORE SHOPPING DAYS. CHRISTMAS. Illustration of a woman and a child.

mental institutions did not direct the hand that wrote this letter," said Father Burke's statement.

"Prohibition is a political question; was born of politics and today is the most critical political question in America."

GETS MARRIED TO EVADE LAW

Brazilian Student at Ann Arbor Violated Mann Act.

Det. Dec. 4—(P)—The marriage of Francis Correia DeSilva, 22 years old, and Margaret Bailey, 19 years old, today has not ended their troubles in the federal court.

The couple announced just before the ceremony that they would be on their way to California for a honeymoon tonight and that after a short stay there would go to DeSilva's home country, Brazil, and have a big church ceremony blessing their marriage.

But George Beamer, the United States deputy marshal to whom DeSilva has been ordered to report each month during the probation term, said the instructions of the court do not permit of the trip to California.

Beamer said he would seek further information on the judge's interpretation of the probation sentence and then instruct DeSilva accordingly.

The two years probation term has imposed on the Brazilian yesterday after he had pleaded guilty in two counts of a charge of violating the Mann act in taking Miss Bailey out of the state from Ann Arbor to Chicago while he was a student at the University of Michigan.

Asks to Be Married. DeSilva then submitted a petition to Judge Edward Command of the probate court to allow an immediate marriage, waiving the requirement recently imposed of waiting five days after securing the license.

DeSilva then asked Judge Command if he would perform the ceremony. The judge asked DeSilva and Miss Bailey whether they were entering into the ceremony of their own free will, and not at the advice of others or through fear of further punishment.

Revoke Appointment of Administrator of Beggs Estate. Milwaukee, Wis., Dec. 4—(P)—Appointment of Robert Wild, special administrator of the estate of John I. Beggs, traction magnate, was revoked late today by County Judge Michael Sheridan, on the ground that insufficient notice had been given the estate in the matter of the application for such administrator.

Woman Avoids an Operation. Lima, Ohio.—"I want to tell you how your medicine has helped me. For weeks I suffered with awful pains from inflammation and I was in such misery that I had to bend double to get relief. I could not be touched or jarred, had awful pain all over my abdomen and could not touch my feet to the floor. It was impossible for me to straighten up and the pain never ceased. I took treatments for some time and finally was told I would have to have an operation. I do not believe in operations and I had read so much about Lydia E. Pinkham's Vegetable Compound that I told my husband I would try it before I gave up. I soon began to feel that it was doing me good. The awful misery began to leave me, also the backache. I have a good appetite and am gaining in weight. Taking this medicine was the best thing I ever did. I feel that it has saved my life and I can't say enough for my husband and I to thank you from the bottom of our hearts."

Awful Pains and Misery Relieved by Lydia E. Pinkham's Vegetable Compound.

EXPECT BATTLE OVER AVIATION

Unified Service Backers to Launch Fight in Congress.

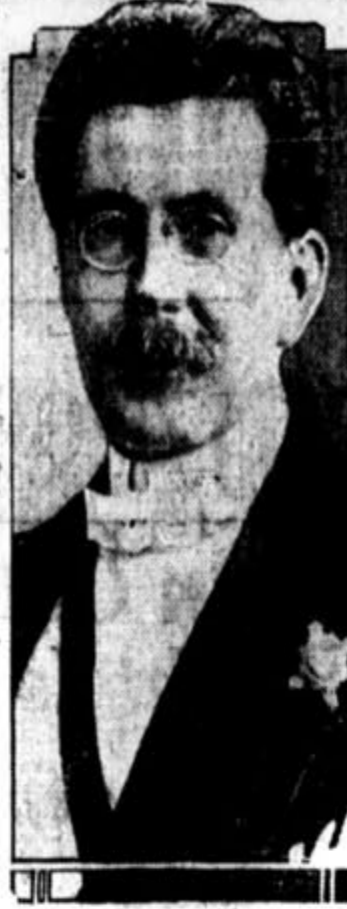

Washington, Dec. 4—(P)—The question of the relative importance to be assigned the airplane in the national defense organization grew in stature today as one of the major issues confronting the new congress.

President Coolidge made it clear today that he did not approve the unified air service idea but looked with favor on the report of the air board appointed by him and administration leaders in both house and senate took steps to carry out the board's recommendations.

The Democratic leader, in calling for a far more drastic change in the national defense organization than proposed by the board, was in accord with a number of senators and representatives who are urging a unified air service, either through creation of a department of national defense in which land, sea and air activities would be given co-equal status, or through establishing a separate department of aviation.

A number of bills dealing with the aircraft situation are being prepared for introduction during the first week of congress. In the senate, Chairman Wadsworth of the

NEW ENVOY

Senator Henri Berenger of France will be the next French ambassador to the United States. He will replace the present envoy, Emile Daechner, who is blamed in Paris for the failure of the French debt funding commission to reach an agreement with American commissioners.

The Democratic leader, in calling for a far more drastic change in the national defense organization than proposed by the board, was in accord with a number of senators and representatives who are urging a unified air service, either through creation of a department of national defense in which land, sea and air activities would be given co-equal status, or through establishing a separate department of aviation.

A number of bills dealing with the aircraft situation are being prepared for introduction during the first week of congress. In the senate, Chairman Wadsworth of the

ber of the air board, a measure designed to carry out recommendations for civil aeronautics. The Bingham measure was approved today by Secretary Hoover, whose department is affected and by Chairman Jones of the senate commerce committee. A similar measure will be introduced in the house by Chairman Park of the house commerce committee.

Start Search for Missing Steamer

Key West, Fla., Dec. 4—(P)—The steamer Cotopaxi, out of Charleston, was reported as "missing" today as far upstream as Yankton, S. D., to aid middle-western farmers to compete with the seaboard in the matter of traffic rates, received impetus at a meeting of the executive committee of the Missouri River Navigation association today.

Steps undertaken by the association included: Fixing of \$35,000 yearly as needed for carrying on efforts to obtain appropriations. Notification of all congressional representatives of the seven states concerned of the demand for improvement of the river, and enlistment of their aid.

Arrangement of a dinner at Washington, D. C., next Thursday when representatives of the states in the association and the river association members will be guests.

Scheduling of mass meetings at Yankton, S. D., and Sioux City, Iowa, shortly after January 1 to obtain support of river improvement plans.

First announcement that an appropriation to extend the river improvements to Yankton is desired by the association.

Demand that a survey be made

RIVER PROJECT RECEIVES BOOST

Steps Taken to Obtain Money to Improve Missouri River.

Omaha, Nebr., Dec. 4—(P)—The recently organized movement to obtain federal appropriations to make the Missouri river navigable as far upstream as Yankton, S. D., to aid middle-western farmers to compete with the seaboard in the matter of traffic rates, received impetus at a meeting of the executive committee of the Missouri River Navigation association today.

Steps undertaken by the association included: Fixing of \$35,000 yearly as needed for carrying on efforts to obtain appropriations. Notification of all congressional representatives of the seven states concerned of the demand for improvement of the river, and enlistment of their aid.

Arrangement of a dinner at Washington, D. C., next Thursday when representatives of the states in the association and the river association members will be guests.

# ESKY ENDORSES GAME PRESERVE

## Wires Best Wishes to North Woods Club of Chicago.

Heartily approve of the aims and purposes of the North Woods club—a branch of the Hamilton club of Chicago—in its acquisition of 45,000 acres of Upper Peninsula timberland, were voiced by the directors of the Escanaba Chamber of Commerce, in a telegram sent recently to the Hamilton club and read at the organization's annual game banquet. The reading of the telegram from the local chamber was greeted by enthusiastic applause and cheers. James E. Brown, secretary, wrote to O. I. Bandeen, yesterday.

"We heartily approve of the aims and purposes of the North Woods club," said the Chamber of Commerce message. "We hope that you are but paving the way for the foundation of similar organizations in Upper Michigan. We shall be glad at any time, to be of service to your club as an organization or to your members as individuals. You have our best wishes for success and prosperity."

### Appreciate Sentiments.

Acknowledging receipt of the message, Mr. Brown replied: "We certainly appreciate the sentiments contained in your telegram and the good work you are doing to counteract the opposition our misguided friends seem to entertain against the club."

"We are working with the Bureau of Biology, Agriculture department, Washington, D. C., and the conservation department at Lansing, Mich., and we do not think the opposition manifested will have the approval of the better class of citizens when our objects and purposes are well understood."

### Works With Government.

The North Woods club proposes to launch, immediately, a five-year program of game and fish propagation which conservationists of this region believe will be a wonderful help to the peninsula in general and the region around the 45,000-acre tract in particular.

## Says Michigan and Ohio Druggists Are Obeying Dry Laws

Columbus, Dec. 4.—(AP)—Druggists of Ohio and Michigan rank among the highest in the United States in their observance of the prohibition law, E. L. Porterfield, prohibition administrator for Ohio and Michigan, told the Columbus Retail Druggist association today.

While a majority of druggists in these two states strictly observe the prohibition law, many drugstores have been started for the sole purpose of reaping profits from the sale of liquor and toilet articles containing a high percentage of alcohol, he added. More than fifty per cent of whiskey sold on prescription is for beverage purposes, Porterfield declared.

"Most of the liquor sold on prescription is spurious," Mr. Porterfield said, "although this is no fault of the druggist."

He said plans are being considered whereby druggists may obtain liquor supplies from reputable wholesale drug houses. Judge Porterfield declared that neither of the United States senators from Ohio had recommended to him a single applicant for appointment in the prohibition department under the recent reorganization and that politics absolutely play no part in the enforcement of the prohibition laws. Several hilariously funny epigrams in Ohio.

### DODGING THE CENSUS

London—England has a difficult time determining the population in several of her colonies. Some natives believe that it is unlucky to be counted and go to great extremes to dodge the census.

### SOME START.

Old Lawyer (to new one): "Well, my boy, how's your practice?"  
New One: "In the mornings practically no one comes, and in the afternoons he rush falls off a bit."—Buffalo Bison.

## UNDAUNTED

Assistant District Attorney William McGraw of Dallas, Texas, was sent to jail by Judge Felix D. Robertson for contempt of court. McGraw conducts a Sunday school class in the Cliff Temple Baptist church, and, being in jail on Sunday, had his 160 pupils come to the jail and go over the lesson there.

## SOCIAL

### Terrace Gardens.

Another one of those ever popular dances will be given at Terrace Gardens tonight with the Midnight Entertainers furnishing the dance program. The management has a real treat in store for the dancers next week. Eli Rice's Dixie Cotton Pickers will be at the Gardens for one night only, Thursday, December 10. Eli Rice is rated as the best colored tenor in this district.

### Skating at Coliseum.

The usual skating matinee will be held at the Coliseum this afternoon after Santa's visit to the place earlier in the afternoon. Manager Flath announced last night. The "Kentucky Steal" will be the Sunday night feature.

### Pantry Sale Today.

The Ladies' Aid Society of the Norwegian-Danish Lutheran church will hold a pantry sale today at the Scandia Co-op store. The sale will open at 10 o'clock and cakes, pies and various other kinds of baked goods will be offered for sale.

### WHO'S LOST?

"What's the matter, little boy?" said the kind-hearted man.  
"Are you lost?"  
"No," was the manful answer. "I ain't lost—I'm here. But I'd like to know where father and mother have wandered to."—Answers

15%

from our regular low prices. All furs bear Oshin's written guarantee.

## SMARTER OSHINS BETTER STYLES VALUES

(R. Oshinsky & Son)

306 Ludington Across from Strand ALWAYS A GOOD PLACE TO BUY LADIES' APPAREL

# BASKET :-:

inch slices to serve. This is a simple easy dessert to make after one learns to work quickly. If the cake is not rolled while warm it will break and not be particularly attractive.

**FLANK STEAK CHEAP**  
The mother who must plan for a hungry family, must watch the people as well as the dollars if she would give them nourishing food at a moderate cost. We all realize that there's nothing like beef for rosy cheeks and vigorous bodies, but porterhouse and sirloin are out of the question for the average family very often and the so-called "cheaper cuts" usually seem to have so much waste in bone and gristle that if any actual meat is provided for the family, there's nothing cheap about them after all.

**BRAISED FLANK STEAK**  
One flank steak, 1/2 teaspoon mustard, 1 teaspoon salt, 1 teaspoon sugar, 3 tablespoons vinegar.

Score steak well on both sides. Make a paste of the sugar, salt, mustard and vinegar and spread over meat. Let stand two or three hours and place in a casserole with 1 cup boiling water. Cover and cook in a moderate oven for two hours. Pour over the liquid and serve on a hot platter. More water can be added and the liquid thickened and served in a separate dish like any meat gravy.

**ROLLED FLANK STEAK**  
Prepare steak with the vinegar and mustard dressing as in the preceding recipe. Cover with the following stuffing, roll and tie.

Stuffing—One and one-half cups stale coarse bread crumbs, 2 tablespoons melted butter, 1 teaspoon minced onion, 1/4 teaspoon salt, 1/4 teaspoon pepper, hot water.  
Mix salt, pepper and onion with bread crumbs. Add melted butter, mixing with a fork and coating each crumb with butter. Add a very little hot water, just enough to hold the dressing together. Cover meat with dressing and roll loosely. Bind securely with cord, dredge with flour and bake two or three hours in a moderate oven. Baste frequently with hot water and 2 tablespoons bacon fat while baking. Remove cord from roll and serve on a hot platter.

**CASSEROLE OF STEAK WITH VEGETABLES**  
One cup diced carrots, 2 cups diced potatoes, 1/4 cup diced turnip, 1 large onion, salt and pepper.

Spread meat with paste as in preceding recipe and cut the steak to fit the casserole. Oil casserole well with bacon fat. If the steak is cut in three pieces put a third of the vegetables in the casserole. Arrange in layers, slicing onion through them. Season with salt and pepper and cover with a piece of meat. Continue layer for layer of meat and vegetables until all is used. Add 1 cup of boiling water. Cover and bake in a moderate oven for 2 1/2 hours. Serve from casserole.

**Breakfast**—Stewed dried peaches, cereal, thin cream, French toast, syrup, milk coffee.  
**Luncheon**—Tomato toast, shredded lettuce and cottage cheese salad, whole wheat bread, plain cookies, milk, tea.

**Dinner**—Beef loaf with baked bananas, baked sweet potatoes, creamed cauliflower, apple-celery-nut salad, graham bread, floating island, milk, coffee.  
The sweet potatoes are baked in their "jackets" and served just like plain baked Irish potatoes. A rather highly flavored vegetable is planned with the dinner, as the other dishes mentioned are quite bland. Home made pickles can be served to adults with good effect in this dinner.

**BEF LOAF WITH BAKED BANANAS**  
One pound round steak ground, 3 large bananas, 1 egg, 1 teaspoon

## GOOD VOLUME OF HARDWOODS KEPT MOVING

Prices Still Show Tendency To Climb.

The principal softwood mills during the week ended Nov. 21 shipped 230 million feet against production of 221 million feet, and they booked new orders for 238 million feet. The American Lumberman, Chicago, says these figures indicate the strong position of the market. Prices of the principal softwoods have in fact recently shown an upward tendency.

Stocks of the southern pine mills were almost ten percent less on Nov. 1 than on Oct. 1, and it is becoming hard for them to fill orders, especially as continued rains have curtailed production by making logging impossible. Northern and eastern yards, in an effort to hold down their stocks until after close to current requirements, but they find trade so well sustained that frequent replenishments are necessary. The most active trade is with the South, however, and it is expanding, Florida especially taking large quantities. Prices on southern pine are strong, and those of scarce items are making gains.

The West Coast fir market has made quick recovery from its temporary dullness, and evidently buyers have abandoned expectations of a high output bearing down quotations. The mills decline to book for future delivery

at current prices, being bullish on the trend of the market. Rail trade has made good gains, consignment shipments to the Atlantic coast have been cleared up, and there is an expansion in the movement to Florida and other southern territory. At the Coast, however, the feeling persists that an extended Christmas shutdown is the part of wisdom, in that it will give buoyancy to prices, which show advances above the levels of a couple of weeks ago.

**Good Volume Moving.**  
Orders for southern hardwoods during the week ended Nov. 21 were eighty percent above production, and the week before had been seventy-four percent above. Renewed rains have practically stopped logging, with the result that more mills are being forced to close. Price advances and prospects of shortage are drawing more buyers into the southern hardwood market. Northern hardwoods continue to move in good volume at firm prices. The most recent reports say that the log input in the North will be curtailed this winter, so that there is every likelihood that prices will take on a stronger tone.

TODAY'S NEWS OF THE SPORTING WORLD

BIG TEN TO BAR MOVIE SCOUTING

Football Practice Cut to Two Hours Each Day.

Chicago, Dec. 4.—(AP)—Curtailing of football practice in the "Big Ten" and prohibiting the use of motion pictures for scouting purposes was the important legislation taken by athletic directors in the Western Conference in their meeting preliminary to the football schedule tomorrow.

Actual football practice under the direction of a coach was fixed at two hours a day. The new ruling does not prevent individual players from going on the field and practicing punting and forward passing but is designed to stop organized drills.

Motion pictures may be taken of teams in action in games but they must not be used for scouting purposes, the directors ruled.

In a few games, movies have been shown up and used to distract plays and formations.

Coch "Hurry Up" Yost of the University of Michigan endorsed the move to limit the practice session to two hours only.

"I don't see how coaches could drill their players longer than that," Yost said. "If they engage in scrimmage and other strenuous work, two hours certainly is long enough."

The problem of scheduling football games for 1925 comes up tomorrow with indications of a renewal of relations between Wisconsin and Illinois and also Minnesota and Indiana.

Coach Yost of the Wolverines has already arranged a schedule of seven games but no dates have been set.

The Ohio State relay meet will be held at Columbus on April 17, the same date of the Kansas relays.

Representatives of rubber concerns appeared before the coaches to display rubberized canvas designed to cover football gridirons in the event of rain or snow.

Faculty representatives went into session tonight with indications that they might take action in regard to the situation presented by the case of Harold "Red" Grange in quitting school to play professional football.

Two European Press Groups Consolidate; Unbiased News Seen

London, England, Dec. 4.—(AP)—The Yorkshire Post, discussing today the amalgamation by which the Press Association of the United Kingdom, and the proprietors of Reuters, Limited, become joint owners of Reuters's Agency, points out the international significance of the fusion.

Reuters continues under the direction of Sir Roderick Jones, and the new combination continues its arrangement for the exchange of news with the Associated Press.

BASEBALL MAGNATES ENTER ARENA

Many Famous Gridders Close College Careers

By NEA Service. New York, Dec. 4.—Many famous football players passed out of the collegiate picture with the close of the 1925 season. In the east, south, middle west and out on the Pacific slope the final games marked fins for some of the greatest stars the pastime has produced in years.

The outstanding performer to terminate his college career was, of course, the sensational "Red" Grange of Illinois. For three campaigns the sorrel-thatched lad roamed the football fields pretty much to his own liking.

Northwestern will lose Tim Lowry, sterling leader and center; Iowa, Capt. Griffen; Wisconsin, Capt. Polaski, while Larry Marks of Indiana and Melvin Tual, Purdue, have likewise played their final college games.

In the south Flounroy and Lamprecht of Tulane; Wycoff, Georgia Tech; Reese, Vanderbilt, and Brown, Alabama, are a few of the leading lights who wound up their varsity grid careers this season.

On the far west coast the wonderful Ernie Nevers of Stanford; Elmer Tarsous, Washington, and "Tut" Imlay of California have played their college uniforms for the last time, or at least will have when the present schedules are completed.

Summer up, the end of the 1925 chase closed the collegiate playing careers of one of the greatest galaxy of stars in the game's annals; gridders that for the most part have been wearing football history for the past three seasons.

But though they have passed from active participation their names and deeds on the field of battle will remain for many campaigns to come.

Tonight's battle promises local court fans some real action and should draw a fair-sized crowd. The two teams are pretty evenly matched with the All-Stars, outweighing the Independents but with the latter making up for this with more practice. A small admission charge will be made for the game.

The Independents will meet Menominee here next Saturday night.

Veteran Hockey Star of Montreal Team Ill Montreal, Dec. 4.—(AP)—Georges Verina, veteran goal keeper of the Montreal Canadian club of the National Hockey League and known as the "Chicotini Cucumber" for his coolness under playing fire, has been ordered out of the winter game permanently by his physician.

CAVOSIE FEAT GOES IN BOOK

Longest Drop Kick Recorded on Any Gridiron This Year.

John Cavoise's 55-yard drop-kick in Ironwood's defeat of Menominee high school, was the longest on any gridiron in the United States this year, according to the records of Parke H. Davis, national football statistician.

Of Cavoise's achievement, Mr. Davis comments: "Field goal scoring has been more abundant this fall than ever before. Each year for the past 10 years has seen an increase in the number of goals kicked from the field. The longest goal to be scored by a drop kick, 55 yards, was achieved by a high school boy, John Cavoise, of the Ironwood High school of Michigan."

"So amazing is this performance by a school boy that it can only be appreciated when it is stated that only two collegians in the annals of football have kicked longer scoring drop kicks than this high school boy. Cavoise is a native of Shenandoah, Pa. He is six feet two inches high and capable of making any football position on any college team in the United States. Cavoise's goal was scored against the Menominee High school."

Cavoise's longest punt of the season was a 94-yard boot against Redford high at Detroit Thanksgiving day. He stood on his five-yard line and drove the ball over the safety's head in mid-field and then rolled to Redford's one-yard line.

The Records. Complete record scoring plays for the year, as compiled by Mr. Davis, follows: Longest run-back of a kick-off—99 yards, Edward L. O'Connor, New Hampshire vs. Tufts.

Longest run from scrimmage—92 yards, Jacob Slagle, Princeton vs. Yale. Longest run with a complete forward pass—60 yards, Charles M. Spangier, Gettysburg vs. Ursinus.

Longest complete pass—55 yards, Andrew J. Oberlander to Henry A. Sage, Dartmouth vs. Cornell. Longest scoring forward pass play, pass plus run—80 yards—Andrew J. Oberlander, 35 yards to George M. Tully, 54 yards, Dartmouth vs. Hobart.

Longest run with an intercepted pass—96 yards, Cecil Brown, Milligan vs. Tennessee Wesleyan; Charles Sweeley, Dickinson vs. Penna, Mil. Col. Longest run-back of a punt—82 yards—Robert Maniere, Detroit vs. St. Louis; Richard Converse, Worcester vs. Mass. Agricultural college.

Longest field goal from drop-kick (scholastic)—55 yards, John Cavoise, Ironwood High vs. Menominee high. Longest field goal from drop-kick (collegiate)—60 yards, Felix J. McCormick, Bucknell vs. George Washington; John Broderick, Villa Nova vs. Muhlenberg.

Longest field goal from place-kick—55 yards, Lloyd M. Trimmer, Bucknell vs. George Washington. Most field goals, drop-kicks, one game—3, Felix J. McCormick, Bucknell vs. Gettysburg. Most field goals, place-kick, one game—3, Andrew J. Gustafson, Pittsburgh vs. LaFayette.

Scoring most points—128, Priestly Flournoy, Tulane. Newberry Wins from Marist by 25-8 Score Newberry, Mich. Dec. 4 (Special)—Newberry high school won the first basketball game of the season here tonight by trimming the speedy Marist aggregation by a 25 to 8 score.

The game was close and well played, although both teams are far from being anywhere near mid-season form. Mid-West Colleges Plan Hockey Loop Minneapolis, Minn., Dec. 4.—(AP)—Plans for organization of a large intercollegiate hockey league comprising all the middle western states where weather permits play, and including junior colleges, normal schools, state colleges and universities, were announced tonight by Emil Iverson, coach of the Minnesota hockey sextette.

Sponsored by the Minnesota Athletic department, the league, if plans materialize, will comprise institutions in Minnesota, Montana, Michigan, Indiana, Illinois, North and South Dakota, Wisconsin and Iowa, and is intended to place intercollegiate hockey on a sound footing in the middle west.

Invitations to attend an organization meeting have been sent out by Coach Iverson to more than fifty schools. The league will also stimulate the game in high schools.

Plenty of Backfield Material Available for Michigan's 1926 Football Team, Survey Shows

Ann Arbor, Mich., Dec. 4.—(AP)—Michigan's football players have turned their attention to their school work, with the exception of a few members who are being entertained at dinners in honors of their exceptional work on the gridiron this season.

Semester examinations follow shortly after the holidays and members of the 1925 'squad have been asked to place special emphasis upon school work for the next few weeks.

While some freshmen fell by the scholastic wayside last year, second and third year men were all in good standing in September. It is hoped the present squad will uphold this record. The loss of one or two veterans might have a serious effect upon the building of next year's team.

Throughout the season the men have been asked to be especially careful in keeping their studies in good shape. Worry About Next Year. While members of the squad are still receiving honors for the success of the present year, members

of the coaching staff have taken thought of the coming year and have been reviewing the records of the men who may make up the next year's squad—the first eleven and the first string substitutes.

The coaches consider the largest task is to fill the three pivotal places on the line, right and left tackle and center. A problem presented in the Ohio State game this year confronts the coaches, that of developing an effective running attack when the overhead game is stopped.

By a peculiar combination of circumstances, Friedman met, under favorable playing conditions, but one of the teams under the same coach as last year. This was in the Ohio State game where Wilce had prepared to stop the forward passing game.

Friedman locked the Michigan forward passing game builded around Friedman just as effectively as every team stopped the running attack of Harold "Red" Grange the second time of Wilce in solving the problem.

Friedman opened his conference campaign against Wisconsin and went on to play against Minnesota, Northwestern, Ohio State and Iowa. Wisconsin and Minnesota changed coaches during the year, Northwestern was met under conditions that made passing impossible and Iowa was not on the 1925 schedule.

If other coaches and teams meeting Friedman for the second time are able to stop his passing, Michigan's team next year must have a better running attack if the team is to have a successful season, the coaches point out.

Michigan coaches are aware of the fact that a study will be made during the next ten months of way to stop the Wolverine passing attack. They are also aware that Zuppke, Owsley, Thistlethwaite and Little and their respective squads will be added to the forces of Wilce in solving the problem.

Plenty Backfield Material. It is considered possible that Michigan already has a running attack adequate to supplant the formidable forward passing offensive. Perhaps Gilbert will develop into a great offensive player carrying the ball if given the proper plays and training; that forward passing combinations with Friedman receiving the ball from straight formation plays might "cross up" the opposition.

And too there is to be considered the reserves and Freshmen are potential sources from which may be drawn men who will add to the power of the Michigan running and line plugging attack.

Michigan loses two backfield stars by graduation, Gregory and Herstein. It is expected however that Fuller, Miller, Hoffman, Garber, Stammen, Walter Webber and Sam Babcock, of the present squad to fill the places of the two. Rich and Kelley of the freshman squad also are possibilities for the 1926 season. The former is a strong, rugged back, and the latter has the same fast running, elusive faculties that made Sam Babcock a continual threat this season.

Paul Cook, of Muskegon, if at peace with the faculty, is considered an effective running back, and would be a constant threat if the other team elected to use the forward pass.

Black, Dombhoff, and Skidmore, are other likely backfield possibilities. Line May Be Weak. Oosterbaan and Flora, the Muskegon pair, are eligible for another year at end together making the flanks a safe proposition. Inside the ends the Michigan team will be made up largely of inexperienced men in spite of the play given the men this year.

Lovette and Baer, or Lovette and Gabel may appear at the guard positions with either Baer or Gabel filling in at one tackle and Oade at the other. Thisted had the call on Schoenfelt as a substitute center this year and the two will have some support from members of the freshmen squad.

BILLY EVANS Says

NEW FIELD. Football is beginning to have something in common with a major league baseball franchise. This goes for the college and professional brand.

First, the ball magnates made use of their stadiums in promoting outdoor fights. These brought in much additional revenue during the summer months.

Football now gives every promise of being far more profitable to major league club owners than outdoor boxing.

There is little or no expense connected with college football. With boxing it is different, the headlines get most of the receipts.

BIG BUSINESS. Once upon a time a baseball magnate had only 77 days to realize on his investment, that being the number of at home games. It's different now.

While attending the Army-Navy game I had a long chat with Ed Barrow, business manager of the New York Americans. He is hopeful of landing the West Point-Annapolis game for next year.

The biggest game staged at the Yankee stadium this fall was the clash between the Army and Notre Dame. Close to 75,000 attended and the receipts were in the neighborhood of \$250,000.

Mr. Barrow informed me that the New York club got \$75,000 for its share, while each college received the same.

Just think of it, \$75,000 for staging one college football game. Fifteen years ago that would have been considered a good season's profit for a major league club owner.

GRANGE'S DEBUT. New York is all excited over the Gotham debut of Red Grange. Incidentally Red will play before just about the most critical audience he ever faced.

For three years New York has been reading about Grange. It has proved an ideal ballyhoo for his professional appearance. Already the speculators are asking fancy prices for seats.

However, Grange must have one of his big days if he is to satisfy his New York audience. He must pull one or two of the long runs for which he is famous, or he will be placed in the lemon class.

New York has read much about Grange and now it is ready to be shown and nothing short of a sensational performance will satisfy.

Grange, like most of the truly great in sport, has a habit of proving equal to the occasion.

PRO AND CON. What do you think about Grange playing professional football? That question has been put to me scores of times since Grange made the leap from the college to pro ranks.

Incidentally I have asked the same question and have received as many negative as affirmative replies. I think Coach Bob Zuppke of Illinois summed up the situation pretty well when he said:

"Grange owes amateur sport nothing. He has done much for Illinois and football. It is perfectly proper that he should do as he sees fit and there is no reason why he should be criticized."

ST. JOE LOSES TO MUNISING

Alger County Crew Wins First Game by 35 to 10 Score.

Munising, Mich., Dec. 4 (Special)—Munising high school opened its 1925 basketball season here tonight by cleaning up on the St. Joseph high quintet of Escanaba by a 35 to 10 score. The game belonged to the local five from the first quarter.

The Munising crew played good basketball and give promise of offering strong competition when they run up against some of the stronger teams in the peninsula.

The parochial quint from Escanaba showed weakness in both defensive and offensive play.

LLOYDS ENTER TEAM IN "PRO" CAGE CIRCLES

Menominee, Dec. 4.—(Special)—Menominee will have faster semi-pro basketball this year than ever before. This announcement comes today from the offices of the Lloyd Manufacturing Co., world's largest baby carriage making institution which has organized and will sponsor and finance the local club.

Permission has been gained from the Menominee board of education to use the high school gymnasium every Saturday night the rest of the winter and with this hall as a suitable place in which to play games and the fans of the city clamoring for the organization of a semi-pro team, the Lloyd plant starts out on its program of winter activities.

A few preliminary games will be played between local teams after which the Lloyd crowd will be open to games with any teams in Northern Michigan or Wisconsin. Several strong professional outfits from Chicago will be brought here later in the season.

Some Star Tossers. The Lloyd factory has in its employ eight basketball players who have been on mid-western colleges, high schools and normal college teams and bids strong for titular honors of the two states.

Manager Herbert Quist who is connected with the company has instituted a training plan and is now busy making schedule for the winter months.

"We are open to meet any team in Wisconsin or Michigan either on our home floor or away although we prefer to play home games this season because we want to revive the interest in town basketball which has been dead for three years" the manager said today.

Sponsored by the Minnesota Athletic department, the league, if plans materialize, will comprise institutions in Minnesota, Montana, Michigan, Indiana, Illinois, North and South Dakota, Wisconsin and Iowa, and is intended to place intercollegiate hockey on a sound footing in the middle west.

THE REFEREE

How long was Art Fletcher with the New York Giants?—D. F. H. From 1909 to 1920, inclusive. What was Pennsylvania's standing in the eastern intercollegiate basketball race last winter?—F. E. R.

Tied for second with six victories and four defeats.

STRIBLING WINS

Grand Rapids, Mich. Dec. 4.—(AP)—Young Stribling, the heavyweight boxer from Macon, Ga., won over Tommy Burns of Detroit in a ten-round no-decision bout tonight.

The fighting was slow throughout, at times causing comment from the crowd. The Detroit fighter was apparently content to block as many of Stribling's leads as he could. Stribling weighed 179 pounds and Burns 167.

Evans All-American to Appear Sunday in Daily Press

BILLY EVANS' All-American football team, and his analysis of the opinions and scores of coaches, writers and critics who helped him gather the material, will appear in The Press Sunday morning.

The league will also stimulate the game in high schools.

The NUT CRACKER by Joe Williams

The skin you love to touch... In college it used to be the sheepskin, now Grange has made it the pikskin.

Don't complain if the young son is head-strong... Let him grow up and be a head balancer in vaudeville.

What with the winter resorts and all, it's harder and harder for the roto editors to get the bathing girls out of their one-piece by Christmas.

When you read a trade for a star like Harry Hellmann is brewing you can usually bet that is not all that is brewing.

Mr. O'Goofy is not interested in knowing buck-shooting is good in Canada... He says he shot a buck at the lodge last night and lost it, so why go to Canada?

They say Opportunity knocks but once... Which is proof enough that Opportunity is neither a politician nor a "close friend of the family."

Willie Hoppe not being entered, this year's billiard championship has all the authenticity of a world series opened without Judge Landis.

Of course you can get used to anything... There was a time when we supposed it would be impossible to survive a harness race season without Pop Geers.

The National League is safe in naming Rogers Hornsby the most valuable player in the league... Rogers' team will never get in a world series.

We read "steps are to be taken to prevent recurrence of the Grange situation"... This may or may not have something to do with birth control.

About the only reason we have for not believing Bennie Friedman is the greatest quarterback in the game is that all the experts say he is.

The women golfers of America want to run their own tournaments in their own way next year... And the U. S. G. A. rises to task, whaddamean next year?

The knowledge that Parke H. Davis, official football statistician, has accepted John Cavoise's 55-yard drop-kick, made this season against Menominee high as a record, is immensely gratifying to followers of the sport in the up-state district.

The comments of Detroit newspapers on his punting in the Redford game, Thanksgiving day, also give the Upper Peninsula fans a thrill. Cavoise's most luminous achievement in that battle was a punt from Ironwood's five-yard stripe, over the safety man's head, the ball rolling to the Redford one-yard line.

Twice, he kicked more than 50 yards against the wind in the Redford game and he handled himself spectacularly in all other departments.

"He is capable of making any fullback position on any college team in the United States," says Mr. Davis' comment on the Ironwood boys' record for the year.

Football in the peninsula has been on a low level, compared with the sport below the straits for several years past. Lower Michigan teams had little difficulty in winning their tilts with up-state invaders for several years. Then, this season, Ironwood came along and set them all to thinking, down there. Which in itself was mighty gratifying.

Risks His Neck to Save Favorite Ball

Iron River, Dec. 4.—Awakened by the shrill scream of the fire siren at 4 o'clock in the morning, C. A. Robinson, proprietor of the Iron Inn and dean of Iron County bowlers, hurriedly donned his clothing and rushed to the scene of the fire.

Following the crowd he was informed that the Recreation bowling alley were a fire. He opened the door and plunged in, becoming lost in the smoke and darkness.

A moment later he emerged carrying under his arm his bowling shoes and favorite ball.

Things could be worse. If this month was February you would have to pay a month's rest for 25 days.

While Oberlander of Dartmouth is a star, he lacks the color that has been attached to Grange's three years at Illinois. He would not prove the drawing card that Grange has a pro.

Players like Grange come about once every 25 years, so his leap to the pro game will be something from which the colleges will be able to recover.

HERRING WINS. Detroit, Dec. 4.—(AP)—Red Herring, Gulpot, Miss., junior welterweight, won the judges' decision over Sammy Morco of Montreal here tonight in ten rounds.

# MAY ABOLISH LEFT TURNS

## Uniform Traffic Code Is Presented to City Council

Left turns on Ludington street will be prohibited if the uniform traffic ordinance, framed by the Michigan Safety Congress, is adopted by the Escanaba city council. Right turns against traffic would be permitted, but the ruling would prohibit motorists from making complete turns at street intersections.

The ordinance has been offered and explained to the city council by John J. Tolian, chief of police, one of the members of the state-wide special committee appointed by the congress to frame the ordinance. It has been introduced by title and it may be passed in time to put Escanaba on record as one of the first cities of the United States to go "the full route" in conforming with the suggestions made by the Hoover conference at Washington, which is seeking to establish national traffic regulations.

**Michigan Takes Lead.**

Because Michigan is the home state of the automobile industry, the national conference, called by Herbert Hoover, secretary of commerce, urged Michigan to frame the model ordinance. This has been done and the code is now being presented to city councils everywhere for approval and adoption. The state legislature will be urged, at its next session, to take the action required by that body.

Some of the other provisions, which will change traffic rules here, recommended by the ordinance include the establishment of parallel parking in Ludington street. This, it was pointed out by Chief Tolian, will permit motorists to turn their cars around in the middle of the block and effectively abolish turning at intersections without inconveniencing anyone.

Parallel parking has been urged throughout the country, by a vast majority of safety officials and is now effective in most cities. Escanaba has been able to retain the "angle" parking system because of the unusual width of Ludington street.

A system of automatic traffic signals on busy street corners also has been urged by the chief.

**Escanaba Honored.**

"Michigan is blazing the trail in this work," said Mayor W. J. Hanrahan yesterday. "It is very gratifying to note that the Hoover conference left the important task of framing the first uniform ordinance to Michigan. It is also highly pleasing to know that an Escanaba man—Chief Tolian—was selected to help frame this ordinance."

Chief Tolian has had the opportunity to study the traffic problem in Escanaba, and to get, first hand, the views of the best traffic experts of the country, in his work on the special drafting committee. His recommendations to the council will receive the very careful consideration they deserve. We are not going to be unduly hasty about the proposition, but we would like very much to be able to report to Secretary Hoover, when the next meeting of the national commission is held, that Escanaba is co-operating with the federal government in the attempt to untangle the maze of conflicting and confusing traffic restrictions.

**ST. FRANCIS HOSPITAL**

A. Bernier is improving rapidly and will be able to return home soon.

Leo Lancour is improving after an operation.

Moses Root, who had a blood transfusion Wednesday night, is reported as improving.

Miss Mary Olson of St. Jacques is improving.

Catherine Stoik is improving after an operation.

Mrs. Albert Palarski of Harris is improving after a serious operation.

Mr. and Mrs. Tony Chepak are the parents of a son.

Mrs. Ed Bouchard will be able to get up today.

Mrs. Theodore Kleikamp has returned to her home.

Miss Marie Greis, 316 South Eleventh street, is reported as improved.

Mrs. E. Frank of Gladstone is on the road to recovery.

Mrs. George Frasher is doing nicely after an operation.

Mrs. Jane Warden of Lathrop is doing nicely.

Baby Rose Phillips is able to be up and about her room.

David Westenberg is improving after an operation for ruptured appendix.

# SHE'LL MARRY GRIDIRON HERO

Eleanor Blanche McCormick of Senatobia, Miss., is to be the bride this month of Herbert Hunt Covington, captain of the Center College football team last year and one of the South's star athletes for three years. He is now a realtor in Florida.

# SANTA CLAUS TO ARRIVE TODAY FOR XMAS STAY

## Jolly Old St. Nicholas to Reach City This Afternoon

Santa Claus will arrive in Escanaba for his annual pre-Christmas stay at the Fair Savings Bank store, at 2 o'clock this afternoon. An appropriately decorated automobile will meet him at the North-Western station, when he alights, and will be escorted to the Coliseum where he will tender a reception to the children of Escanaba. It is expected that thousands of youngsters will greet old Santa in the afternoon and form in line with his train of admirers in the march to the Coliseum. The Escanaba Boys' band will also appear this afternoon in the Santa Claus parade line and at the Coliseum will present a program of musical numbers. In addition a varied program of entertainment will be provided for the youngsters. Souvenir cards, candy, cracker jack and other articles dear to the childish heart will be distributed among the guests.

# Mrs. Mary M'Guire Injured in Fall

Mrs. Mary M'Guire, 322 South Eighth street, fell on an icy walk on her way to church Friday morning and was seriously injured. She was taken to St. Francis hospital in an ambulance and X-rays taken of the injuries. Up to a late hour last night the extent of her injuries was not determined but she will be confined to the hospital for some time. Yesterday she suffered intense pain.

**CRANES MEAN HAPPINESS**

Tokio—A pair of cranes, symbolical of married happiness, have made their nest in the topmost branches of an ancient pine tree that stands in the Fukiage Imperial garden. The natives, who believe in the quaint Japanese superstitions, hold this to be a joyous sign.

**BRITISH FILMS HELPED**

London—British films probably will receive some stimulus from an Australian bill recently passed requiring 1,000 feet of British film in each program. English producers declare the limit too small, but are hopeful for a possible 50 per cent ruling later.

# OBITUARY

**CHARLES SCHRAM.**  
Funeral services for Charles Schram will be held at his home Sunday afternoon at 2:30 o'clock and at the German Lutheran church at 3:00 o'clock. Rev. Guetke will officiate. Burial will be in the Rapid River cemetery.

**JOHN BURKE.**  
Funeral services for John Burke were held Friday morning at 9 o'clock at St. Patrick's church when Rev. Fr. John Mockler, pastor of the parish was the celebrant at the regular high mass which was attended by a large number of bereaved relatives and friends.

Many beautiful flowers and spiritual offerings were received at the home of his parents, Mr. and Mrs. J. Burke, Sr., 1720 First Ave., where the body lay pending funeral services. Tokens of esteem from a large circle of friends.

The close friends who carried the casket to and from the funeral car were chosen among the members of the B. of R. T. and were: Messrs. C. L. Malloy, T. L. Powers, A. J. Powers, F. Neinaber, Herbert McArthur and Napoleon Motin.

Burial was in the family lot in St. Joseph's cemetery. Out of town relatives who came here for the services were Frank Burke, Cleveland, Ohio, Miss Madeline Burke, Chicago, Miss Catherine Flynn, Oconto, Wis., and Mrs. Guay, Peshtigo, Wis.

**MRS. PETER JUNION.**  
The body of Mrs. Peter Junion of Harbor Springs, who passed away at the home of her parents at Spalding Thursday afternoon

after an illness of several months' duration, was removed from the Alto Funeral Home to the home of her parents where it will remain until the hour of the funeral services which will be held at 9 o'clock Monday morning at St. Francis Xavier church at Spalding. Rev. Fr. Joseph Schaul will officiate. Burial will be in the Spalding cemetery.

Her husband, Peter Junion, arrived Friday from Harbor Springs, having been called when her condition became critical.

# Former Esky Man Victim of Wierd Holdup, Robbery

Will H. "Deacon" Wright, a former foreman of the Daily Press composing room, was the victim of an unusual holdup at Urbana, Ill.,

last week. Mr. Wright and two companions were conversing in a garage when three bandits appeared with guns in their hands. They forced the trio into an automobile, searched them, took \$3.75—all the money in their pockets—and then transported them to a rural school house 45 miles away in which they tied them with barbed wire. The

men were released by the teacher when she came to start her work the following day. Mr. Wright was on the Daily Press staff in 1917-18. He is now superintendent of the Daily Courier's shop at Urbana.

Doing nothing takes up about twice as much time as doing something.

# Does Nature Give Us Gasoline?

The Standard Oil Company (Indiana) believes that much of the misunderstanding of the petroleum industry, on the part of the public, may be charged to lack of information respecting this very point.

Nature does not give us crude oil, much less does she give us gasoline. She makes us pay for every barrel of crude we get in money, in time and laborious effort.

"Of the 18,500 wells drilled in the United States between January 1 and September 30 this year, more than 6,500 failed to find oil."

The drilling of these wells called for heavy investments of capital. The producers of crude oil pay enormous sums of money annually for machines, equipment, engines, boilers, motors, pumps, pipes, tools, cement, tile, brick and scores of other materials.

The cost of producing crude is great, and growing. It has been calculated "that in the producing branch alone over a half a billion dollars a year are spent in the effort to maintain the country's oil supply."

More than one-third of this tremendous investment is lost by reason of the wells failing to reach an oil strata. The other two-thirds represent producing wells.

When the oil is above ground, it must be handled and rehandled before it can reach your tank as gasoline.

First, it must be transported long distances through pipe lines.

Second, it must be stored in quantities sufficient to insure a steady supply for the refiners.

Third, it must be refined in plants that represent a total investment of hundreds of millions of dollars.

Fourth, it must be transported in special tank cars to point of distribution.

Fifth, it must be stored in bulk stations until called for by the consuming public, and,

Sixth, it must be hauled in tank wagons to service stations, garages, or to the tank of the ultimate consumer.

Each of these steps calls for large investments of money and heavy operating charges all of which the Standard Oil Company (Indiana) furnishes that you may have your gasoline when and where you want it at a reasonable price.

No, nature does not give us gasoline!

—is ready in every department—Let us solve that Christmas gift problem.

# DR. ROTH DIES AT ANN ARBOR

Was First Professor of Forestry at University of Michigan.

Ann Arbor, Mich., Dec. 4.—(AP)—Dr. Filbert Roth, professor emeritus of the forestry department of the University of Michigan, died at his home here today after a long illness. He was 67 years old, and a national authority on timber. Professor Roth was the first professor of forestry in the university. Professor Roth was born in Wurzburg, Germany, in 1858, and came to Ann Arbor in 1871. During his late teens he spent his time in Montana, living the life of a frontiersman as a cowboy, hunter, wolf trapper, Indian trader and prospector. In 1882 he went to Wisconsin and taught school for a short time, but later came back to Ann Arbor and entered the University of Michigan, where he graduated in 1890, with a bachelor of science degree. He was married in 1888 to Miss Clara Hoffman of Merrill, Wis.

## Ship Sends Distress Signal on Atlantic

St. John N. B., Dec. 4.—(AP)—The Norwegian motor ship Tallman reported by wireless at 11 o'clock tonight in an S. O. S. signal that her engines had broken down about 19 miles off Sable Island. There were several vessels in the vicinity of the Tallman at the time the message was received, but there was no report of any steamer having gone to her aid. The Tallman is bound for Halifax. The distress signal from her was picked up by Red Head station.

The Tallman is a vessel of 2,835 tons gross. Available shipping records show that she left Rotterdam November 24 for New York.

## End Arguments in Oil Plot Demurrer

Washington, Dec. 4.—(AP)—The demurrers filed to the new Fall, Bohemy-Sinclair conspiracy indictments in the government's naval oil lease litigation were taken under advisement late today in the District of Columbia supreme court upon the completion of arguments by counsel. The indictments which were returned here against former Secretary Albert B. Fall, Harry F. Sinclair of New York and Edward L. Bohemy of Los Angeles after previous charges against them had been thrown out because of the improper presence of a special assistant to the attorney general in the grand jury room, were assailed by an imposing list of defense counsel and upheld by Owen J. Roberts of Philadelphia and Albert J. Pomeroy of Cleveland, the government's special oil counsel.

Pumps and mules of delicate colored satin with a headed or hand-painted motif across the vamp are very smart.

Liverpool.—A robin which has its home in a tree in the garden of a suburban home has been successful in keeping out all other robins. The bird has been called Jerry by the garden owners. Jerry tolerates all other birds but will not let another robin make a home in the garden.

The plumed hat is gradually making its way back into the fashionable woman's wardrobe. The plume usually falls from a small brim, however, and drips over the shoulder.

## Detroit Police Head Wants Larger Staff

Detroit, Dec. 4.—(AP)—Frank H. Cronk, commissioner of police, today sent a communication to Mayor John W. Smith, asking the addition of 496 men to the personnel of the Detroit police force and requesting that three police stations be built during the year. Mr. Cronk said the new policemen were needed to police adequately the territory recently annexed to the city, and to supply precinct stations new inadequately manned. If the request is granted the police force will number about 3,200 men, including 200 civilians, Mr. Cronk said.

Two new inspectors, six lieutenants and 12 sergeants would be appointed if the plan is carried out. The new stations would cost approximately \$65,000 each.

## Gloria Swanson Must Pay Fine, Ruling of Court

New York, Dec. 4.—(AP)—Gloria Swanson, the Marquise de LaFayette de LaCoudrale, film star, must pay the fine of \$250 ordered for contempt of court, the appellate division ruled in an unanimous decision today.

The order of Supreme Court Justice Ford refusing to vacate the fine which was levied for her alleged refusal to accept a subpoena to appear in the divorce trial of Janet Boecher, actress, was upheld by the appellate division.

The blue evening gown is making a bid for attention this season, and is very lovely when combined with silver lace or pearl and brilliant embroidery.

France has received so many inhabitants from other countries since the war, that a proposal has been put forward whereby all foreigners who stay on French soil beyond a certain period will be compelled to become French subjects.

**NOTICE OF MORTGAGE SALE:**  
WHEREAS Charles F. Phalen and Margaret, his wife, of the city of Escanaba, Delta County, Michigan, and now of the City of Milwaukee, Milwaukee County, Wisconsin, made and executed a certain mortgage bearing date the thirtieth day of October, A. D. Nineteen hundred and twenty-four, to Margaret Morrison of the City of Escanaba, Delta County, Michigan, which was recorded in the office of the Register of Deeds, of the County of Delta, Michigan, on the seventeenth day of October, A. D. Nineteen hundred and twenty-four, at ten minutes after ten o'clock in the forenoon, in Liber "111" of Mortgages, on pages "100-112" thereof; AND WHEREAS, the amount claimed to be due upon said mortgage is the sum of Two thousand and no/100 (\$2,000.00) Dollars, and one hundred forty and no/100 (\$140.00) dollars interest at the date hereof, making a total of Two thousand, one hundred forty (\$2,140.00) dollars; and no suit or proceeding has been instituted at law to recover the debt now remaining secured thereby or any part thereof; AND WHEREAS, default has been made in the payment of the money secured by said mortgage, whereby the power of sale contained therein has become operative;

**NOW THEREFORE,** Notice is hereby given that by virtue of said power of sale and in pursuance thereof, and of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises at public vendue to the highest bidder at the west front door of the Court House in the City of Escanaba, in the County of Delta, and State of Michigan, that being the place of holding the Circuit Court within said County, on Tuesday, the Second day of March, A. D. 1925, at two o'clock in the afternoon of said day. The description of the land and premises contained in said mortgage which has not been released is as follows: All that certain piece or parcel of land, situate in the City of Escanaba, in the County of Delta and State of Michigan, and described as follows: The west eighty-five (85) feet of Lot number sixteen (16) of Block numbered forty-nine (49) of the Original Plat of the City of Escanaba, according to the recorded plat thereof.

Dated at Escanaba, Michigan, November Sixteenth, A. D. 1924.  
MARGARET MORRISON, Mortgagor.

## BIG JOB CONFRONTS HIM

**NEWMAN HORTON**  
This fellow has one tough job confronting him. He's the newly elected captain of the Dartmouth football team for 1926 and will endeavor to lead the Big Green through as successful a campaign as the Hanover institution enjoyed this year. Inasmuch as Dartmouth had one of the best aggregations in the entire country during the recent season, Horton's task looms far from easy. He's a fullback and one of the outstanding players on the squad.

No charge for boxes.

EDITORIAL

THE ESCANABA DAILY PRESS
A Morning Newspaper Published by The Escanaba Publishing Co. Inc.

to have under favorable consideration.
The president not only entertained but he gave it everything it needed.

ALL EYES UPON MANISTIQUE.

Whether the city of Manistique will continue to conduct her business affairs on a basis of political expediency, or will adopt sound business methods in the administration of the municipality's business affairs, is to be determined on Monday.

At that time the people of Manistique will decide whether a council manager charter is to be adopted and placed in effect, or whether the city's present aldermanic government is to continue.

That the people of Manistique are seeking a more modern form of government is no reflection upon those officials who are administering the affairs of that city today or in the past.

The present movement, looking to the adoption of a council manager charter, but voices a desire to provide a more efficient machine for the collection and expenditure of the city's money; it but voices a desire to eliminate political considerations from the conduct of the city's business and its affairs at large.

COOLIDGE THE "BARBARIAN."

Well, it seems we were wrong. We thought President Coolidge had done a rather smart thing in commuting the twenty-five year sentence of Gerald Chapman, or at least that the officials at New Britain, Conn., had suggested a rather smart thing and the president had sensibly complied with the suggestion.

Perhaps you don't remember J. A. H. Hopkins. He was chairman of the Committee of Forty-Eight, a profound group of men and women who struggled mightily for progressivism and thus had a hand in bringing about Senator La Follette's presidential candidacy.

Now Mr. Hopkins turns up as chairman of the examining committee of the National Bureau of Information and Education—whatever that is.

We didn't know the president had commuted Chapman's sentence until the fact was disclosed by the New Britain officials. But it seems Mr. Hopkins received information that a commutation was contemplated.

It seems to me—so ran the letter—"particularly important for the American people to know whether the president of the United States is seriously considering the possibility of forcing a pardon or commutation upon Chapman, not because the merits of the case call for such action, but simply and solely because if this can be accomplished he can be turned over and legally murdered by the Connecticut authorities under the capital punishment statute which, to our shame, he said, still exists in Connecticut and certain other states.

Furthermore, I resent the imputation contained in those reports to the effect that the president of the United States would for an instant entertain a proposal so barbarous and inhuman as that which you are said

A THOUGHT

The love of money is the root of all evil; which while some coveted after, they have erred from the faith and pierced themselves through with many sorrows.—I. Tim. 6: 10.

Money and time are the heaviest burdens of life, and the unhappiest of all mortals are those who have more of either than they know what to do with.—Johnson.

LYRICS OF LIFE

By Douglas Malloch
THE CROSSING COP AT HOME.
I'd like to see a crossing cop
At home, some way of knowing
If when at home he hollers "Stop."
Where do you think you're going?
I wonder if he scatters gloom
And does as much of bossing
When he is in a dining-room
As when he's at a crossing?
I wonder if the other folks
Back up when he is present,
Or if he cracks his little jokes,
These jokes so seldom pleasant?
If so, I'm sorry for his wife—
It must be something awful
To feel each moment of your life
You're doing things unlawful.
I often have suspected, though,
At home it's Mrs. Copper
Who tells the traffic how to go,
And does it good and proper,
And then he hurries out, mayhap,
To where the autos pass him
And takes it out upon some chap
Who doesn't dare to sneeze him.
So, Mrs. Copper, hear my plea:
Deal gently with the erring,
Because your man takes out on me
The things at home occurring,
Please be as gentle as a dove,
Observe his faults with blindness,
And put him on a diet of
The milk of human kindness.

SPINSTERHOOD
BEGIN HERE TODAY
BARBARA HAWLEY, 25, breaks with her fiancé, BRUCE REYNOLDS, and gets a job on the Press in order to see life.
ANDREW McDERMOTT is managing editor of the paper.
After many exciting adventures, Barbara finds herself in hot water over a story she has written about the lingerie in the inaugural wardrobe of the governor's lady.

Barbara found herself alone in the room, with a blanket-covered body and the silent woman in the alcove. The stillness was unbearable.
"Barbara crossed the room. "Who was that awful woman in spangles?" she whispered.
"Barbara crossed the room. "Who was that awful woman in spangles?" she whispered.
"Barbara crossed the room. "Who was that awful woman in spangles?" she whispered.

# GLENN WHITE, HIT BY CAR, BADLY HURT

Miss Glenn E. White of Akron, O., daughter of C. A. White of this city, is in a critical condition at Akron as the result of injuries when she was struck and run down by an Akron driver Sunday morning.

The accident occurred as Miss White stepped from a street car about 9 o'clock Sunday morning. The driver, evidently believing that he could pass the car before passengers left it, did not stop, and as she stepped from the street car, she was struck and thrown to the pavement.

Medical aid was immediately summoned, and first aid given. Examination later showed her to be in a critical condition, suffering from bruises of the lungs, a slight congestion of the brain, and severe face and body bruises, the injuries resulting in a temporary paralysis of both legs.

Word of the accident was sent to members of the family here by Miss White's sister, who lives at Akron and with whom she had been making her home.

With Sister. The young woman made her home in Gladstone until this fall when she went to Akron to take a position. She is well known to many people here.

## OFFICE MEN WINNERS OVER ROTARIANS

The Office Men won from the Rotarians Thursday evening in their bowling match at the Community alleys. The totals were 2257 to 2100.

Individual scores were:

OFFICE MEN.	
J. Richardson	179 135 131

# MANISTIQUE

## COLLECTS GAS BILL; CHARGED WITH ASSAULT

Strenuous methods alleged to have been used by Al Sheets in collecting a gasoline bill from Frank Robbins, brought the two men before Justice W. A. McKinney on Thursday, the latter making a complaint against Mr. Sheets for assault and battery.

## Pastor and Wife Given Reception

Rev. R. S. Sidebotham and Mrs. Sidebotham were the guests of honor at a reception given by the congregation of the Presbyterian church in the church parlors Thursday evening. The occasion was the sixth anniversary of Reverend Sidebotham's installation as pastor of the church of the Redeemer at Manistique.

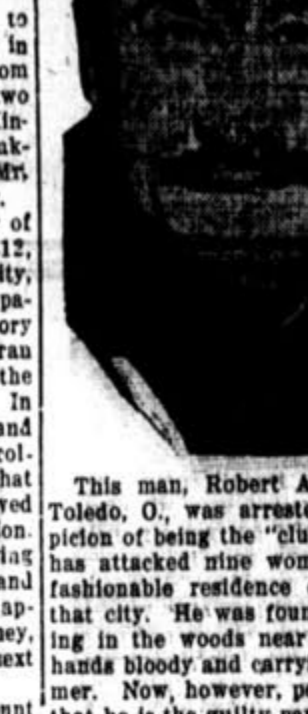

## Mix Arrives on His Horse, Tony

Promising even more thrills than "Riders of the Purple Sage," Tom Mix appears at the Gero theater tonight in "The Rainbow Trail," sequel to the other Zane Grey story which showed at Manistique a few months ago.

## Foresters Will Meet Wednesday

A meeting of Sacred Heart Court, Catholic order of Foresters, will be held Wednesday evening December 9, in the parish hall. Business matters will be transacted. All members are asked to be present.

## CLUBBER? CHANGES PLEA; IS FINED \$50

## GIRL SCOUTS IN RALLY; ENJOY FINE PROGRAM

A general Girl Scout rally of all Manistique troops took place at the high school auditorium Thursday evening, under the direction of Miss Doris Brooks, local captain.

## Deaths Exceed Births By One

Seven births and eight deaths were recorded at Manistique during the month of November, as shown in reports filed at the office of the city clerk. Two of the deaths were infants.

## PRESENTS FRUIT.

London—The annual presentation of fruit to the lord mayor took place this fall at the Mansion House. The custom started at the time the lord mayor claimed the right to receive a portion of every load of fruit which entered the city, and the annual presentation is an acknowledgment of this ancient claim.

## STOLBERG MOVING TO IRON MOUNTAIN

Having disposed of his tailoring business to Martin Johnson, Oscar Stolberg is preparing to move to Iron Mountain, where he will be associated with his brother. Equipment was being removed yesterday from the Stolberg shop on Cedar street, and his trade has been taken over by Mr. Johnson.

## Pythians Elect Officers; Hold Venison Dinner

The annual Knights of Pythias election took place at Manistique Tuesday evening, with a record crowd in attendance. A venison feed and social session followed the business meeting.

## Epidemic Wanes; Only Four Cases At Manistique

Health department observation indicates that the scarlet fever epidemic is on the wane at Manistique. During the past two days no new cases have been reported, and some of the earlier cases have been released from quarantine.

## ATTENTION! Sailors—something new.

Sell Hult's Anti-Frosting, a modern safety device. It makes no difference, frost, mist, rain or glowing headlights, your driving vision remains clear. Pick your territory now. Write P. M. Peterson, 703 W. "A" Street, Iron Mountain, Mich. 7419-337-31.

GET a sweetheart. Exchange letters. Write me enclosing stamp. Violet Ray, Denmark, Ohio. 6953-335-11.

## ELIMINATE NOISE.

London—Passenger airplanes are installing heavy sound-proof walls around the passenger-carrying compartment. The sound of the engine and propellers keep up a constant drumming noise which can be heard unless checked by special walls.

## "STEAK" FROM COTTON.

London—Beefsteaks made from cottonseed are forecast by Dr. Davis Neeson. "It is only a question of time," says Neeson, "before chemists discover how to produce a meat substitute from the seed."

## LEARNS TANGO AT 84.

London—They don't grow too old to dance, is the slogan of one dancing academy. As a proof, one of the students of the academy is an 84-year-old man who is learning to dance the tango.

## MISSING HEIR

Six years ago Robert William Bradley ran away from his home in El Dorado, Ark., to join a circus. He was 13 then. Now he has been left a fortune of \$200,000, but executors of the estate cannot find him. This photo was taken before he left home.

**Deaths Exceed Births By One**

Seven births and eight deaths were recorded at Manistique during the month of November, as shown in reports filed at the office of the city clerk. Two of the deaths were infants.

Of the seven births reported, three were boys and four were girls.

**Fined \$10 Under City Ordinance**

William Pierce, 33, was arrested Thursday evening at 11:30 by Mike Bond, Manistique night policeman, charged with being intoxicated on the city streets. Arraigned before W. A. McKinney, local justice, the next morning, Pierce pleaded guilty and paid a fine and costs of \$10.

**Stolberg Moving to Iron Mountain**

Having disposed of his tailoring business to Martin Johnson, Oscar Stolberg is preparing to move to Iron Mountain, where he will be associated with his brother. Equipment was being removed yesterday from the Stolberg shop on Cedar street, and his trade has been taken over by Mr. Johnson.

Mr. Stolberg has been in Manistique for five years, and was formerly located in the Sandberg building on Main street now occupied by the Cloverland Dairy. Later he leased the residence on Cedar street which he has occupied up to the present time.

Mr. Johnson is a veteran in the tailoring business, and has been a resident of Manistique since 1892. He will not operate the Stolberg shop, but will remain in his present location in the Peterson building.

**CLUBBER? CHANGES PLEA; IS FINED \$50**

Changing his plea of not guilty to one of "nolle contendere", John Malda of Inwood township took a fine of \$50 and costs in justice court at Manistique Thursday afternoon, on a charge of driving a car while intoxicated.

The complaint in the case was made by Clarence Fletcher, also of Inwood township, who claimed extensive damages had been done to his auto in a collision with Malda on what is known as the "Herman Winkle road." It was alleged that Malda was under the influence of liquor at the time of the accident.

When arraigned, the defendant entered a plea of not guilty, and asked a jury trial, but changed his plea after the jurors had been selected, and they were discharged without having served. Judge McKinney imposed a fine of \$50, together with costs of \$5 to pay the five jurymen.

The following men composed the jury: P. H. Myles, Joseph Bebeau, Joseph W. Scott, Ole Olson and Fred Ekberg.

### GIFT MAIL TO BE FIRST OUT

Calendars and Circulars Must Be Mailed by Dec. 20.

Calendars and Christmas circulars, must be in the postoffice before December 20. If their mailers expect them to reach the addresses before the holiday, it was announced yesterday by Postmaster John A. Semer. The ideal mailing date for such matter is December 15, he said. No attempt will be made by the post office staff here to handle advertising circulars, calendars, mailed after December 20, until all other Christmas mail is out of the way. This means, virtually, that they will not be delivered until after the Christmas rush has subsided.

"We think every fair minded person will agree that the ruling is a just, fair and sensible one," said Mr. Semer. "Christmas letters and package-gift mail should have the right-of-way, and every effort will be made to handle it rapidly and efficiently."

"There is no reason for anyone dumping tons of advertising circulars and calendars in the office during the peak holiday period. This matter can just as well be mailed early or held until after the annual rush."

"The department's ruling will permit an improvement of the Christmas time service materially, in all parts of the country."

### IN NEW YORK

New York, Dec. 4—While the "melting pot" boils away many of the European customs of immigrants, there are some, beloved of the children that no more can be removed from the calendar of childhood than the Santa Claus parade. One such is the "ragamuffin parade," to be seen only in New York.

The "ragamuffin" game is an importation from Southern Italy and the Balkan countries, but in New York it has spread among the children of all nations. The youngsters ransack the cellars and garrets for the discarded clothes of their elders and appear in the streets by the tens of thousands, some with faces chalked like clowns, some in their mother's petticoats, some in dad's old overalls, some in derbies and some in silk hats.

In Europe it was the fashion to let the children take on the complete role of beggar and seek alms in the street and at the doors as well.

When the amusing pageant was introduced to America the begging idea came right along and, quite naturally, found popularity among American youngsters who saw in it a means of getting extra dimes for the movies and ice cream sodas.

This year the "melting pot" took steps to boil out this mendicant habit. As usual the ragamuffins thronged the streets in their comical clothes, but everywhere they were greeted by signs turned out by boys' organizations reading: "American boys do not beg!"

"Once a showman, always an actor," goes a Broadway axiom. Actors may leave the stage and enter other professions, but the old hankering to "do a number" is never lost. Take Harry Cooper, for instance.

Some years ago Cooper left the footlights to become a successful insurance agent. Yet on Thanksgiving or Christmas he gets back into the game for a brief hour, appearing at charitable theatrical performances.

For 29 years Cooper has appeared on Thanksgiving day before the prisoners on Welfare Island, New York's workshop.

The office of one of the hundreds of New York bookmakers who handle the fortunes in racing bets when each day change hands, happens to be located in a suite formerly occupied by a business college.

Just over the door where the "suckers" wait for returns I noticed this appropriate sign: "Students' room."

—JAMES W. DEAN.

BLUE FOR EVENING. The blue evening gown is making a bid for attention this season, and is very lovely when combined with silver lace or pearl and brilliant embroidery.

### GIRL AND MOTHER ROB BANK

Here are the northwest's first women bandits—Mrs. Catherine Rogers, 49 (left), and her daughter, Zera Rogers, 25, both of Sioux Falls, S. D. They held up the First State Bank at Renner, S. D., with revolvers and escaped with \$930. They were caught when they appeared at Sioux Falls with hundreds of pennies to make purchases. Mrs. Rogers' husband is a shell-shocked war veteran, confined to his bed.

### ROCK NEWS.

Under the direction of Miss Helen Pryal a vaudeville show, the Kleptomaniac, will be staged at the Rock high school Wednesday evening, December 9, by an exceptionally capable cast of high school amateurs. Other numbers on the program are as follows:

Collegians—Collegiate. First You Stand—Alice and Hazel LaMontague. Collegians—Blue. Monstrel.

Collegians—I'm Knee-Deep in Dainties. Play—Kleptomaniac. Collegians—Yes, Sir.

Dance—All Rightmate. Collegians—Collegiate. Mr. and Mrs. Bert Bonquette, daughter Agnes and son, Wilfred, visited with relatives here Wednesday.

Gilbert Larson, who has been confined to his home by illness, has recovered.

Wilbert Larson and Jesse Kleiber returned to Detroit Friday after spending a few days with relatives here.

Robert Boudette, who was the guest of his sister here last week, returned to his home in Minneapolis Friday.

Miles Thomas of Escanaba was a visitor in Rock Monday.

Miss Margaret Bond returned to Rock Monday after spending the Thanksgiving holidays at her home in Appleton, Wis.

Charles Larson transacted business in Escanaba Monday.

A large crowd attended the basketball game at Larson Bros. hall Friday evening when the Rock high school team defeated Gardn by a score of 8 to 2. Several young people from Gardn were also in attendance.

Miss Elma Lindgren is ill at her home.

The Royal Neighbors of America held their regular monthly meeting at the town hall Thursday afternoon.

A candy sale was held at the high school library Thursday by the Sewing club. The proceeds will go toward an electric flat-iron.

Fred Carlson and Ila Blake were Perkins visitors Sunday.

Mr. and Mrs. Norman Neveus were Escanaba business callers Friday.

Alden Trombley returned to Detroit Monday after spending a few days with relatives here.

France has received so many inhabitants from other countries since the war that a proposal has been put forward whereby all foreigners who stay on French soil beyond a certain period will be compelled to become French subjects.

### SEAL CAMPAIGN OPENS MONDAY

Woman's Club Sponsoring Work Again This Year.

Sale of Red Cross Christmas seals the attractive little stamps which have been the means of helping thousands of victims of the White Plague during the last few years, will begin in Delta and Menominee counties next Monday.

The Escanaba Woman's club, the Gladstone Woman's club, the Menominee Woman's club and the board of trustees of the Delta-Menominee sanatorium are the sponsors of the campaign in the two counties this year.

A definite program has been worked out. It includes a full-time health nurse for the district, a health camp next summer, free chest clinics and health education for schools. In addition, innumerable services are rendered to tubercular patients and their families.

"The light of Christmas candles will shine all the year, throughout Michigan, if you buy and use the Christmas seals," says a bulletin issued from headquarters here yesterday. "They bring: 1. More sanatorium beds for tuberculous children and grown folks.

2. More open air schools for frail boys and girls.

3. More medical inspection for all school children.

4. More public health nurses.

5. More free clinics to help find the sick that they may be well.

6. More health movies.

7. More general knowledge of health problems.

8. Definite health teachings and a definite health curriculum in the public schools.

9. One or more after-care colonies where discharged sanatorium patients may harden-up for normal life."

10. More general knowledge of health problems.

11. Definite health teachings and a definite health curriculum in the public schools.

12. One or more after-care colonies where discharged sanatorium patients may harden-up for normal life."

13. More general knowledge of health problems.

14. Definite health teachings and a definite health curriculum in the public schools.

15. One or more after-care colonies where discharged sanatorium patients may harden-up for normal life."

23. Definite health teachings and a definite health curriculum in the public schools.

24. One or more after-care colonies where discharged sanatorium patients may harden-up for normal life."

25. More general knowledge of health problems.

### TOYS, DOLLS COMING INTO REPAIR SHOPS

City, Woman's Club Building Fine Assortment.

An electric crane, which may be a miniature of one of those which played an important part in the rebuilding of the Escanaba one docks last year, is the latest addition to the pile of toys being collected at the city hall for distribution with the Christmas baskets. It can quickly be converted into a steam shovel but the shovel needs some repairs. The fireman, who are running the "fixing ship" will see that it is in good condition.

Games of many sorts, sleds, wagons, mechanical toys, rocking horses—in fact almost everything in the toy catalogue—are being taken to the city clerk's office by youngsters who desire to make other youngsters happy on Christmas day. And the firemen are spending some enjoyable hours with paint brushes and carpenter's tools, repairing those which need repairs.

At the public library, where the Woman's club is collecting dolls for Christmas distribution, the collection also is going rapidly. Many girls of the city who last year dressed dolls for the Girl Scout array, are busy again this year and the club expects to be able to provide niftily-attired dolls for every youngster in town in whose home Santa Claus needs assistance.

### Trips on Rug, Hip Fractured

Mrs. Thomas Coulhan, 412 South Seventeenth street, tripped on a rug at her home last Friday and fractured her hip. Mrs. Coulhan was cared for at her home but later when complications set in she was removed to St. Francis hospital where her condition is considered critical. Mrs. Coulhan is 64 years of age and her health has been rather poor during the past few months which may be a drawback to her recovery.

Butterflies and grasshoppers have been recorded to come to rest on the surface of the water during long trans-oceanic flights.

MOVIEGRAM form with fields for name, address, and suggestions for a moviegram.

The Chicago Tribune Is Paying

# \$1600.00 a Week for Moviegrams

A Remarkable Offer—Open to Everyone!

HERE is an interesting new game! Play it and win a cash prize of \$100.00

Simply write a MOVIEGRAM. A Moviegram is a sentence of 10 words or less about any motion picture actor or actress. The first letter of each word must be the same as the first letter of the star's last name.

For example: If you choose to write about Douglas Fairbanks each word of your Moviegram must start with the letter "F." You might write: "Fairbanks' Fine Face Furnishes Fun For Film Fans."

Easy— isn't it? Write your suggestion on the Moviegram Blank below or on a separate sheet of paper. Send it to "MOVIEGRAMS," The Chicago Tribune, Post

Office Box 1539, Chicago, Ill. Send as many as you wish. Use the dictionary for suggestions, if you want to.

The Chicago Tribune is paying \$1600.00 a week for the best original Moviegrams submitted. \$100.00 is being paid for each Moviegram accepted and published. Two winners are now being published in The Chicago Tribune every day and four every Sunday.

This offer is open to everybody—men, women, boys and girls! It does not matter where you live.

It costs you nothing. Simply tear out the Blank below, fill it in and send it. Watch The Chicago Tribune Daily and Sunday for names of winners.
