

CAL GIVES CONGRESS BUDGET MESSAGE

RADICALS OUT OF REPUBLICAN PARTY MACHINE

COMPLETE CLEAVAGE EFFECTED THIS WEEK.

BY DAVID LAWRENCE

(Copyright 1925, by the Escanaba Press.) Washington, Dec. 9.—The cleavage between "conservative" and "radical" has been rendered complete by President Coolidge as well as republican leaders in the newly assembled congress.

The president's speech at Chicago taking his stand firmly for government encouragement to co-operatives with no direct intervention by the government in price-fixing is a better definition of conservatism in agricultural policy than anything else that has come thus far from the executive.

Also, the action of the house republicans in returning to the rules which give the majority absolute control of debate is another outstanding evidence of the way the conservative thinks the legislative machinery should be conducted.

It is a defiance of the minority who have insisted heretofore on the right to force a vote on questions that are buried in committee.

Power is justified. On the face of it, the triumph of conservatism in the elections in 1924 has justified a decisive use of power by the regulars.

No Minority Issues. The minority in both houses up to the moment has no real issue, however, on which to base much popular support.

Farm Legislation. The Coolidge administration has tried for a year to make up its mind just how far to go on agricultural relief.

PERJURY CRY LIVENS TRIAL OF MITCHELL

MAJOR GULLION MAIN FIGURE OF HOT SESSION.

Washington, Dec. 9.—(AP)—Proceedings of the Mitchell court-martial were enlivened today by suggestions of impeachment and perjury and a motion that one of the prosecution counsel be placed in contempt of court.

Major Allen Gullion, assistant trial judge advocate, stood out as the principal figure in the turbulent forenoon session. It was he who introduced Capt. Thomas C. Hart, a prosecution witness brought from duty with the battle fleet in the Pacific and started to offer evidence that Colonel Mitchell "deliberately cribbed" without "permission or authority" substantial parts of the book "Winged Defense."

Reid Defends Book. Before the court ruled out the major's plea and other references to the book's authorship, he argued that the evidence he sought to offer was "admissible to impeach the accused as a witness."

Major Gullion's declaration that the rule, "false in one, false all," applied as a justification for the admission of Captain Hart's testimony brought a sharp retort from Mr. Reid, who said, referring to opposing counsel, that a "fool in one thing was a fool in everything."

Contempt Charge Sought. As soon as the court announced its decision to throw out all mention of the incident, Col. Herbert A. White, military counsel for the defense, came to his feet with a motion that Major Gullion be placed in contempt of court for his intension in attempting to bring in evidence which had twice before been rejected.

War Veterans Testifies. During the afternoon session while the court was hearing Howard C. Rath, Los Angeles, Cal. war veteran, told his day bombardment squadron had suffered from anti-aircraft fire and weather conditions during the St. Mihiel offensive in France.

State Cannot Seize Coal Mines, Opinion. Washington, Dec. 9.—(AP)—Attorney General Woodruff of Pennsylvania, replying today to an inquiry by Representative Jacobstein, Democrat, New York, held that Pennsylvania had no authority to seize the anthracite coal mines but suggested that public control might be brought about through a compact entered into by the states using this fuel, to be ratified by congress.

Mary Gets Bigger Kick from Radio Than from Men?

New York, Dec. 9.—(AP)—Mary Garden, of the Chicago Civic Opera company, returned on the White Star liner Homeric today talking of the radio, Russian noblemen, Paris fashions, fur coats, lingerie and marriage.

"The radio gives me more emotion than any man I ever met in my life," she said. "I adore it. I have a perfect radio voice and broadcasting has convinced me of it. Only a man or woman with personality can broadcast. I have a radio set in my Monte Carlo villa. I have one in my Chicago apartment. I will have one when I go to sea ships."

Mrs. Garden said singers always wear thin clothing and heavy furs. "I never change my lingerie all the year around," she said. "I mean—the weight; but I often change the weight of my fur."

"When I retire I hope it will not be through marriage," she said when asked the usual question. "Rather I will live myself to a nunnery; or, perhaps have an apotheosis such as ends Faust."

White Plains, N. Y., Dec. 9.—(AP)—Interest in the Rhineland marriage annulment case which had subsided following the jury's verdict last week, favorable to Leonard Kip Rhineland's mulatto wife, was revived today when Supreme Court Justice Morschauer ordered a grand jury investigation of alleged tampering with the jury.

The investigation was ordered after Frederick C. Sanford, one of the jurors who heard the case, had reported that he had been approached by three citizens of Yonkers during the progress of the trial. One of these citizens who he named to Justice Morschauer as having discussed the case with him, was Dr. James C. Bennett, an eye specialist of Yonkers.

Dr. Bennett subpoenaed. Both Dr. Bennett and Sanford were subpoenaed to appear before the grand jury tomorrow when it is to begin its investigation. Sanford said that none of the persons who talked with him about the case, had spoken in favor of Rhineland or his wife, nor was he urged to vote either way. He said he could not recall the names of the other two persons whom he represented as having discussed the case with him.

To Attack Verdict. Isaac N. Mills, attorney for Rhineland, said today that he would submit a brief, 20 pages in length, to the court Friday. The brief will embody his argument to have the verdict of the jury in the annulment suit set aside on the ground that it was contrary to the weight of evidence.

Concerning the jury tampering charges, Judge Morschauer said: "I do not see how we could take any action. According to the report as I get it, the gentleman, in what he said, favored the plaintiff. In the plaintiff had won, the other side might have made an exception to the verdict, but the case is reversed here."

\$2,700 QUOTA SET FOR CITY TO AID WORK

35 MEN SELECTED TO SOLICIT MONEY.

Thirty-five Escanaba business and professional men will go out today, to raise the \$2,700 which the local Salvation Army post will need to carry on its work during 1926.

Districts the workers will cover were assigned at a meeting held last night in the Ludington hotel. All of the solicitors were present, received their supplies and promised they would be on the job this morning.

L. M. Beags, vice chairman of the advisory committee which will have charge of the campaign and also will supervise the expenditure of the funds raised, presided. He expressed a belief that the campaign will be completed successfully before nightfall.

Fills Great Need Here. "There can be no question that the Army is doing great work here," he told the men. "It fills a need and a mission which can be duplicated by no other agency. Every cent of the money contributed by the people of Escanaba will be spent right here in Escanaba and the budget, controlling these expenditures, has been carefully checked and approved by the advisory committee. I am sure the reception given everywhere in the city to you who will serve as solicitors, will be hearty and generous."

The workers and the territory they will cover follow: 200-300-Blocks—George Harvey, 400-Block—Fred J. Earle, 500-Block—O. E. Anderson, 600-Block—George Geniesse, H. D. Bradley, 700-Block—O. I. Bandeen, Dr. W. A. Cotton, 800-Block—Walter Dickson, Elmer Swanson, 900-Block—O. Sundquist, L. J. Jacobs, 1000-Block—Glenn Peterson, W. H. Needham, 1100-Block—W. J. Clark, Sam Dunn, 1200-Block—J. C. Baker, F. F. Davis, 1300-Block—C. R. Henderson, 1400-1500-Blocks—Carl Peterson, 1600-1700-Blocks—Henry Breault, Cliff Vodnois.

Other Districts. Stephenson Avenue, South of C. & N. W.—George Portman, Art Nordgren, Stephenson Avenue, North of C. & N. W.—L. G. Sawdy, North Escanaba, Hartnett and Stephenson Avenues—Alex Madalla, Third Avenue North—L. K. Edwards, Ed Brunelle, Miscellaneous South Side—Clarence Lambert, A. J. Young, South Tenth Street—C. E. Husband and Wife Seek Each Other in Streets of Escanaba for Days

Joe Tarvid's week's of anxious waiting at local railroad stations for the arrival of his wife, Ann, from Lithuania, to join him after a three-year separation, took an unusual and unexpected turn yesterday.

Tarvid was informed by friends that Mrs. Tarvid reached Escanaba a fortnight ago, that she seemed to be discouraged because she was unable to locate him, but announced her intention of seeking employment while she continued her quest. None of the Lithuanian folk with whom she talked had seen her for more than a week, Tarvid was told.

Tarvid has been working in this locality since he came to the United States. He has no trade and has changed jobs frequently. He saved sufficient money, however, during that time, to bring his wife to this country and provide a home for her. He sent the money several months ago and was delighted when the news came that she had left her native land on her long journey to Escanaba. She did not let her husband know, definitely, when she would reach this city. As the time drew near his impatience grew. Then he began to fear that some mishap had prevented her from finishing the trip. The news he received yesterday started a frantic search.

D. McCauley, 325 South Fifteenth street, has taken a special interest in the case and suggested, last night, that any information concerning the woman's whereabouts be telephoned to him.

MAN, 78, WANTS TO WED GIRL, 26

Friends Think He Is Insane; Seek Guardian for Estate.

Grand Rapids, Mich., Dec. 9.—(AP)—Hearing on the petition of friends of Jacob Wilhelm, 78, that the Michigan Trust company of Grand Rapids be appointed his guardian and given charge of his estate of \$10,000 in real estate and \$30,000 in personal property, will be continued tomorrow in probate court.

The petition was made by friends of Mr. Wilhelm when he asked for a license to marry Louise C. Schneider, 26, who came here from Germany only three months ago. The marriage license application was withheld until tomorrow and then if the aged lover is declared mentally incompetent the license will be suspended.

According to friends, the Wilhelms for several years prior to Mrs. Wilhelm's death, had talked of bringing Miss Schneider to this country, adopting her as a daughter, that she might inherit their property. Meanwhile Mrs. Wilhelm died. Shortly following her death Mr. Wilhelm resumed his efforts to bring Miss Schneider to Michigan. This accomplished, he sought to marry her.

His friends say he is not mentally competent and he will be examined to determine this point.

CONGRESS AT WORK ON TAX CUT MEASURE

COOLIDGE'S BUDGET MESSAGE ALSO RECEIVED.

Washington, Dec. 9.—(AP)—The house plunged forward today with its work on the tax reduction bill while the senate marked time with a day's recess to permit clearing up of final details of organization.

An atmosphere of mid-session activity prevailed in the house which worked until dark. Before resuming debate on the revenue measure, it received the budget message of President Coolidge recommending an increase in next fiscal year's appropriations of \$160,000,000 over the year.

While bills continued to pour into the hopper, many proposing to carry out proposals urged by the president in his message read to congress yesterday, some of the house committee were already at work whipping the measures into shape. Chairman Madden of the appropriations committee, promised to supply bills by next week, which leaders said would be taken up immediately upon passage of the tax bill.

A large representation of members listened attentively today to four hours of debate on taxes in the house, which included the first assaults on the non-partisan bill drafted by the ways and means committee to slash the federal tax burden by \$325,000,000 next year.

Seek Several Changes. Representative Rainey of Illinois, a Democratic member of the committee, declared he would not support the measure "unless materially changed" and, with Representative Hull of Tennessee, another Democratic member of the committee, urged a lesser reduction in the surtax rates and elimination of the provision to increase the personal exemptions from \$2,500 to \$3,500 for married persons and from \$1,000 to \$1,500 for single persons. Instead, they would repeal all of the war excise taxes and special levies on various forms of business which they declared were "purely war taxes."

Other members of the committee, including Representatives Hawley, Oregon, and Mills, New York, Republicans, and Dickinson, Democrat, Missouri, came to the defense of the measure. Each admitted he was not in accord with every provision of the bill but they endorsed it "in its entirety."

Passage is Assured. With passage of the measure, almost without change, practically assured by the end of next week because of the bi-partisan support, Chairman Smoot announced today he would call the senate finance committee together January 7 to begin work on it. A report of the measure to the senate by January 15 was set as the goal for his committee by Mr. Smoot who said this would give every opportunity to the senate to act on it and permit it to become law by March 1, in accordance with the desire of President Coolidge.

Enactment of the bill by that time will permit income taxpayers to take advantage of the proposed cuts in these schedules when first installments fall due, March 15.

GOV'T RUNNING COST REACHES LOWEST POINT

—Coolidge SAYS EXPENDITURES WILL INCREASE IN FUTURE.

Washington, Dec. 9.—(AP)—Government expenditures for the fiscal year 1927 were estimated at \$3,896,207,921 in budget figures, submitted to congress today by President Coolidge, who declared that the minimum cost of running the government had about been reached.

The estimate represented an increase of \$160,033,326 over the funds appropriated for the current fiscal year, and the executive suggested that the normal expansion of a growing nation would henceforth involve added expenditures to keep the government's machinery in motion. Despite the increase in the total estimate, the budget figures showed an anticipated surplus for 1927 of \$330,307,000 and an estimated surplus of \$262,041,750 for the current year.

Postal Budget Higher. While estimates for most of the government agencies disclosed about as many decreases as increases, compared with current appropriations, numerically the postoffice department and the veterans' bureau were given important increases in the amounts which congress is asked to appropriate for them. The postal service was estimated to require \$103,808,148 more than it had this year, while the veterans' bureau was accorded an increase of \$53,265,000.

Much of the added burden for the postoffice department was attributed to the payroll increase, while growing requirements under the soldier bonus law forced the increase for the veterans' bureau.

Praises Tax Bill. Concerning the tax bill, already drawn by the House Ways and Means Committee, the president said it had gone somewhat further than his judgment dictated with respect to amounts and exemptions but he praised the non-partisan character of the work done and urged that the same spirit be carried through in consideration of the bill by house and senate.

Competition between the government and the airplane industry is not contemplated. Mr. Coolidge said in referring further to the air transportation question. He felt that with the appropriations already made and the estimates carried in this budget the industry which he said should be kept alive for a national emergency, would be assured of a normal and proper growth.

Returning to the fiscal affairs of the government, the president expressed hope that further reductions in taxes now proposed would serve as a fresh stimulus to general business. He believed it would produce fresh tax sources and increase or at least maintain the government's revenue requirements without the higher tax levies of the present day.

Predicts Good Year. "The outlook of the coming fiscal year, 1927, is most favorable," Mr. Coolidge continued. "For that year it is estimated that the ordinary receipts will be \$3,494,222,000. This indicates a surplus of \$330,307,000.

"The outlook for 1928 is also favorable. It is estimated that the ordinary receipts will be \$3,494,222,000. This indicates a surplus of \$330,307,000.

FARM BUREAU HEAD ELECTED

S. H. Thompson of Quincy Defeats Bradfute at Chicago Meeting.

Chicago, Dec. 9.—(AP)—S. H. Thompson of Quincy, Ill., was elected president of the American Farm Bureau federation on the eighth ballot tonight. It was a victory for the forces advocating a federal export corporation. He defeated O. E. Bradfute of Xenia, Ohio, for three years president of the organization and A. E. O'Neal of Montgomery, Ala., the present vice president.

Mr. Thompson for the past three years, has been president of the Illinois farmers' organization, the second largest group in the A. F. B. He led the fight against the Grain Marketing company. The voting showed relatively the same strength for the three candidates for seven ballots, breaking in favor of the Illinois man only when Mr. O'Neal threw his strength to him.

The first ballot showed Thompson 18, Bradfute 17, and O'Neal 9. The last was Thompson 24; Bradfute 19, and O'Neal 1. The election thereupon was made unanimous.

E. A. O'Neal of Montgomery, Ala., was re-elected vice president of the federation by acclamation.

Mr. Thompson is president of the Broadway bank of Quincy, although until four years ago he actually lived on his farm. At that time he left the farm to increase his activities in behalf of the farmers as a group.

The 44 voting delegates, each representing a minimum of 1,000 A. F. B. memberships, with additional voting delegates for each additional 20,000 memberships. It was considered that the election of Mr. Thompson by the forces favoring establishing a federal export corporation had done away with what had been expected to be a strenuous fight on the thirty-sixth resolution, which as prepared, read:

"We endorse the enactment of a federal law based on the principle of a farmers' export corporation providing for broad powers for the purpose of so handling the surplus of farm crops that the American producer may receive an American price in the domestic market and we instruct our officers and representatives to work for the early enactment of such a law founded on sound economic policy and not involving government subsidy."

Ford's Latest Fiddler Takes Trip Through Auto Factory

in addition there were eight newspapermen including four from Boston and one from Portland, Me.; four photographers, three motion picture camera men and one official representative of the state of Maine.

Ford representatives were quick to let it be known that nothing unusual was going to happen as a result of the invitation to the Dunhams. They said Mr. Ford had brought fiddlers to Detroit from many parts of the country since Jep Bisbee, the old Michigan fiddler, first intrigued Henry Ford with his dance tunes and caused the motor manufacturer to take an interest in the revival of the old dances.

It was also pointed out that Mr. Ford had never heard Fiddler Dunham and did not know whether he could contribute any new tunes to the Americans of old-time dances. If he knows any tunes that are not already in the Ford compilation, they will be added. The Maine fiddler will play Friday night for an old-time dance at Dearborn, but it will be the regular weekly dancing class that has been organized and running under Ford's direction for some time. A few personal friends may be invited to hear the fiddler at this time, but there will be no public exhibit as far as the Ford organization is concerned.

Believes Tax Cut Large. The ways and means committee of the house of representatives has been informed of our prospective surplus for 1927. That committee has prepared a tax reduction measure. While this measure somewhat exceeds my judgment in amount and in extension, yet with continuing pressure for economy in the federal service and the stimulation to business which will result from tax reduction, perhaps we can make further reduction in rates of about the sum total of our prospective surplus for 1927 without jeopardizing the balancing budget.

The navy's appeal for general replenishment which included retraining to its full authorized strength of 85,000 men together with slightly larger purchases of aircraft was responsible for a proposed increase of \$8,007,052 in that service's appropriation. Three million dollars would be added for navy pay, and \$4,110,000 for aviation. The estimate contemplates continuation of all present work, active operation of present yards and stations and the laying down of three of the previously authorized eight scout cruisers. No material change was proposed for the marine corps.

MOTOR DEATH RATE HIGHER

15,528 Killed in Auto Accidents in U. S. During 1924. Washington, Dec. 9.—(P)—The 1924 motor accident death rate for the United States was placed by the commerce department today at 15.7 per 100,000 of population, compared with 14.9 in 1923, 12.5 in 1922 and 11.5 in 1921.

War Dep't Expenses Cut. War department expenditures show a cut of \$4,124,496, much of which is taken up through curtailment in the estimates for rivers and harbors. That item amounts to \$56,037,600 compared with \$59,277,990 for the present 12 months, the new estimate carrying \$10,000,000 for flood control on the Mississippi river.

California's death rate from motor accidents was the highest in the list of states for 1924, being 22 per 100,000, though the actual number of deaths there, 1,254, was smaller than those in New York or Pennsylvania. Wyoming's rate, 27.2 per 100,000, was next highest, followed by Florida with 22.6; New Jersey, 21.7; and Michigan 21.2.

### JOINT BASKET WORK PLANNED

#### Women's Clubs and Salvation Army Will Unite Efforts.

Members of the Charity committee of the Escanaba Woman's club and the Escanaba Salvation Army corps will again this year unite their efforts in providing Christmas dinner and Christmas cheer for a large number of poor families in the city.

Miss Martha Green, chairman of the Woman's club Charity committee, issued an appeal yesterday to the Good Fellows of Escanaba for donations of money to make possible the carrying out of this annual worthy movement. Dolls are wanted to brighten the hearts of children in the families of the city's unfortunates, together with donations of other toys. The preparation of the baskets for distribution among the poor families of the city this year will be in charge of Mrs. Clella Cummlakey and contributions of food-stuffs may also be solicited shortly before the baskets are to be filled.

"There never was a greater need for Escanaba to open its heart and its purse at Christmas time for the city's poor and needy, than this year," said Miss Green yesterday. "The Salvation Army and members of the Charity committee of the Woman's club are co-operating closely in the preparation of the list of those to whom Christmas baskets must be sent, if Christmas dinners are to be made possible in many homes."

"The response of Escanaba's Good Fellows has always been most generous and we hope that our appeal will be heard and generously responded to this season."

#### 40-Hour Devotion Services Closed in Local Parish

The closing ceremonies of the annual forty hours' devotions which were held at St. Patrick's church this week were very solemn and attended by a large number of persons.

The solemn procession with the blessed sacrament and a number of little children marching was very impressive. Very Rev. Fr. Buchholz of Marquette officiated at the solemn benediction with the blessed sacrament, assisted by Very Rev. Fr. R. G. Jacques and Rev. Fr. P. N. Juras.

Other priests who assisted in the devotions were Rev. Fathers Joseph Brault, Bark River; Joseph Guertin, Rapid River; George Stuntebeck, Loretto; Sebastian Malers, Gladstone; A. Weachter of St. Anne's parish, and the pastor, Rev. Fr. John Mockler and assistant pastor, Rev. Fr. Neil Stehlin.

About one thousand received holy communion during the three days.

#### Good Specialties to Be Presented With "Seventeen"

Good music and clever specialties between the acts of "Seventeen," the annual play of the Junior class at Escanaba high school, will help to make the production, next Friday night, an enjoyable affair throughout.

The high school orchestra will play. There will be a novelty dance, "Cupid and the Butterfly," by the Misses Grace Kemp, Iona Bergman, Evelyn Harder and Jane Kennedy. Another specialty will be a blackface turn, "If Sambo Arrives in Time," by David Alprovit and Harry Erickson.

There has been a brisk demand for seats. Only a few good ones remain on the board at the Office Service company. If the space is needed, the balcony will be opened for spectators. It was announced last night.

#### NOTICE

ST. ANNE'S HOLY NAME  
Members are requested to meet this evening at the residence of late Napoleon Benard, 814 1/2 North Eighteenth street, at 8:00 o'clock for the recitation of the rosary.  
(Signed) Thomas J. Tausig, 7525-344-11. nant. secretary.

### SOCIAL

#### Pythian Sister Dance.

Friday night, December 11, will be a "big night" at the Colliseum for the Pythian Sisters are giving their annual invitational dance, to which all dancing couples in the city and vicinity have been cordially invited, and young people of the city will mingle with the older dancers to the music of Mar's Midnight Entertainers.

The members of the Past Chiefs club will chaperone the dance, and an evening of great enjoyment is predicted and anticipated.

#### Bar: P. T. A. Meets.

Reverend Father Jacques was the principal speaker at the regular meeting of the Barr school P. T. A., held Tuesday afternoon. His topic was "The Crippled Children's Clinic."

The meeting was opened by Mrs. Labre, president, followed by the reading of the minutes for last month. Father Jacques' talk was next after which Miss B. Speyer rendered two musical selections.

Miss Bacon's room was awarded the prize for the best attendance. The meeting closed with the "Mother's Tribute."

#### Block Party Tonight.

An old-time block party with \$2.50 in gold as a prize to the winner, will feature tonight's skating program at the Coliseum Roller Rink. There will also be the usual matinee in the afternoon. For next Sunday, plans are being made for another racing program.

#### Will Doyle to Wed.

Will Doyle of Menominee, widely known in Upper Peninsula football and amateur athletic circles, and Miss Catherine Kennedy, daughter of Mr. and Mrs. John Thomas Kennedy, of Madison, Wis., will be married December 28 in St. Paul's university chapel at Madison. It became known here yesterday. Mr. Doyle formerly was on the editorial staff of the Daily Press. For the last three years he has been in the advertising department of the Lloyd Manufacturing company.

#### Ladies' Aid Meet.

The Ladies' Aid society of the Swedish Lutheran church will hold their monthly meeting in the church parlors this afternoon. The hostesses are Mrs. Nels Ahlquist and Mrs. Axel Johnson. A cordial invitation is extended to all.

#### J. S. F. Club.

The J. S. F. club held its regular weekly meeting last evening at the home of the Misses Ann and Rose LaFave, 609 South Twelfth street. Dancing and games were enjoyed, after which delicious refreshments were served.

#### Other priests who assisted in the devotions were Rev. Fathers Joseph Brault, Bark River; Joseph Guertin, Rapid River; George Stuntebeck, Loretto; Sebastian Malers, Gladstone; A. Weachter of St. Anne's parish, and the pastor, Rev. Fr. John Mockler and assistant pastor, Rev. Fr. Neil Stehlin.

#### INSURED

THERE is only one way to feel SURE—and that is to INSURE. Fire losses promptly paid by one of the world's strongest companies. We like to have you ask questions.

### DAIRY FEEDING SCHOOL BOOKED

#### J. G. Wells Will Spend Four Days Next Week in Delta.

J. G. Wells, dairy specialist of the Michigan State college extension forces in the Upper Peninsula, will spend four days of next week in Delta county conducting dairy feeding schools. It was announced yesterday by E. Turner, county agent.

Four schools have been arranged for by Mr. Turner. They are as follows:  
Tuesday—St. Nicholas.  
Wednesday—Bark River town hall.  
Thursday—Danforth Grange hall.  
Friday—Alton Grange hall.

Mr. Wells will have some very interesting information for all farmers interested in livestock feeding, and farmers attending the meetings will be urged to present their particular problems to him for solution and advice.

All of the meetings will begin at 1 a. m. Mr. Turner believes that the attendance at the schools will be exceptionally large.

#### William Peters to Represent E. H. S. in Sub-district Meet

William Peters, a freshman, was chosen the Escanaba high school declaimer at the declamatory contest finals held at the high school auditorium yesterday afternoon. William Peters will therefore represent the local school at the sub-district declamatory contest to be held next spring.

Yesterday's contest was very close with Helen Snyder, who won second place, pressing young Peters very closely for first honors. Miss Snyder represented the sophomore class. The two other contestants, John McRae and Kenneth Gunderman, also spoke well.

William Peters, last spring, won the eighth grade declamatory contest staged by the Orange and Black society for Escanaba students. He is a good speaker and should prove an able representative of the local school.

#### Turkey Dinner.

The annual turkey dinner and fancy-work sale of the First Presbyterian church will be held this afternoon in the church parlors. The sale will begin at 2 o'clock and the dinner will be served from 5:30 on. For weeks past the ladies of the church have been busy in preparation, until at this time it is safe to prophesy unusually successful results. The fancy-work sale will include a wide variety of articles, which will go far to help solve the Christmas shopping problem.

The menu is as follows: Roast young turkey and dressing, mashed potatoes and giblet gravy, mashed turnips, cranberry sauce, pickles, home-made rolls, fruit salad, apple pie, cheese, coffee.

The tickets are numbered and the guests will be served in the order of their ticket numbers. Tickets for the affair will be sold at the door tonight.

#### Pantry Sale.

Bread, cakes, rolls, pies, cookies and other delicious baked goods will be offered for sale Saturday at the Needham Electric shop, by the Woman's Auxiliary of St. Stephen's Episcopal church.

#### FRATERNAL

#### Cora Hive Meeting.

Members of Cora Hive, I. O. F. M. will hold their regular meeting this evening at the North Star hall when there will be initiation of candidates. A pot-luck lunch will be served. A large attendance is desired.

#### Rebekah Lodge Meeting.

The Phoebe Rebekah Lodge will hold its regular meeting Friday evening at the I. O. F. hall when a class of candidates will be initiated and election of officers will be held. Lunch will also be served and a large attendance is desired.

#### Past N. G. Club.

The Past Noble Grand club met at the I. O. F. hall Tuesday evening and enjoyed a program of cards and bunco after the business session.

Mrs. Elmer Norman won the bunco prize and Mrs. Martin Peterson the second prize. Prizes for five hundred were awarded to Mrs. John Moe, first, and Mrs. Harry North, second. Refreshments were served.

#### Council Inspects North Side Area

Members of the city council, yesterday afternoon, went on an informal inspection tour of the north-side district which the proposed extension of North Twelfth street will serve. The council spent about an hour, looking the ground over and discussing various phases of the subject. No announcement was made concerning conclusions or opinions, if any, were arrived at.

### Police Look Into New Booze Swindle

Police, yesterday, were investigating reports that a well-organized ring in the North-western depot district has, for several weeks, carried on an unusual swindle in connection with promised deliveries of liquor. The operators, the reports say, hunt up strangers, particularly woodmen hunting work, offering to procure bottles of white mule for curbstone delivery. The customer pays in advance and the agent disappears. That's the last the buyer of the bottle sees of the seller, the money or the booze.

#### Liquor Is Poured Into Sewers by State Trooper Squad

Thousands of headaches, perhaps a few cases of partial blindness and a good many rousing jags went into the Escanaba sewers from police headquarters yesterday afternoon.

Members of the Michigan State police detachment at Negaunee destroyed evidence in about forty cases, involving violations of the prohibition laws, which had been disposed of in the courts.

The evidence ranged from "nip size" bottles to one fifteen-gallon cask. In all, it was estimated at about 35 gallons.

None of it was bonded whisky and most of it appeared to be a very crude brand of moonshine. Corks in several of the bottles had been entirely burned away by the fire-water, leaving only the official sealing-wax over the top.

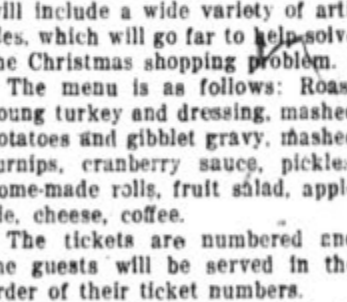

The Mitchell trial is nothing new. Aviation always has its ups and downs.

#### GLORIFYING THE APPLE.

#### NOT AN EXPENSE, BUT AN INVESTMENT

With 35 square feet of radiating surface to every square foot of grate surface the powerful Rudy furnace GENERATES and DELIVERS more heat with less fuel. It will save one-third to one-half on your fuel bills and keep the doctor away. That's why we recommend and sell it.

The Rudy is made of Rudy Charcoal Iron—the massive castings absorb all the heat from burning gases and hold a constant, even temperature.

SUBORDINATE POLITICS.
An American authority who recently has made an extensive study of municipal government in Europe made this declaration at the meeting of city managers in Grand Rapids last week: The cities of Britain and the Continent would no more think of putting an untrained and incompetent man in an important municipal office than they would of putting dynamite under the city hall. For generations these foreign cities have maintained the practice of putting only men of ability into administrative positions, and of keeping such men there. These cities have not reached the millennium stage and they are not free of politics. But politics, certainly politics of a cheap type, has not been allowed to interfere with the administrative side of local government.

More Ferries Needed.
An addition to the present state ferrying facilities between the two peninsulas is probably to be provided as the result of the ever increasing traffic at that point.

When Senator Frank P. Bohn, this district, introduced a bill to the state legislature three years ago for the establishment of a state owned ferry between St. Ignace and Mackinaw City, it was largely because of Senator Bohn's popularity and the leadership he had assumed in Michigan's upper house, that the measure was passed.

President Coolidge absent-mindedly left Chicago without his overcoat, recalling the experience of the man who lost a bass drum.

Football imposes an unbearable emotional strain on the players, according to a Princeton professor. Surely his tests were not carried out at Princeton. No one could have been greatly agitated over that eleven.

Harold Grange may now consider himself really famous. Several women in various parts of the country, claim to be engaged to him.

President Coolidge's message, admitted to the sixty-ninth congress on Tuesday, contains little to occasion nation-wide comment. It will be generally accepted as a clear, concise statement of the nation's affairs and needs, or in other words, it is just such a message as the people have come to expect from President Coolidge.

President Coolidge has again the need for economy in conduct of national affairs. Indeed that part of his message is again made its keynote. It places his stamp of approval on recommendations as to federal tax reductions already agreed on by the house ways and means committee but insists that in greater reductions can be possible through greater economies.

President Coolidge steered the national air board, now engaging the attention of the nation through resolutions being made in the Mitchell martial proceedings, by endorsing the recommendations of his own air board for strengthening the national air force. The president takes advantage of the present anti-aircraft strike by again advocating the creation of power by concentrating the chief executive with labor disputes in the industry, as he recommended some time ago.

NO WOMEN FOR HIM.

Old Windsor, Eng.—Not once in the 50 years during which he lived alone in a six-room cottage here did William Pritchard who died at the age of 90, allow a woman to cross his threshold. It is believed that the old man, who was known as the Hermit of Old Windsor, was jilted about 70 years ago when he was a soldier in "The Blues."

OTHERS MIGHT HAVE GIVEN HER LESS.

Others might have given her less. And she knows it well. Less of lasting happiness. Less of joy to tell. Less of love that you have told her. Hands to help her, arms to hold her. There the things that they recall. Things they want the most of all.

OTHERS MIGHT HAVE GIVEN HER MUCH.

Others might have given her much. You have given her more. Every time your lips would touch at the open door. Gold allures when years are young, But a woman's heart will hunger. Give your kindness, your care—

Experiments in psycho-analysis which have been in vogue over a period of years, have led to some strange situations but the other day I heard of the funniest yet.

A New York woman, possessed of a disposition that led to unpopularity and much unhappiness, consulted a psycho-analyst.

The psycho-analyst advised her to arrange a party and invite only her enemies. When all the people who disliked her had gathered, he was to sit on the sidelines and study his patient in relationship to her guests.

It is my opinion that another way of achieving a similar end would be to invite only friends, hang dictophones about the room and arrange to have the hostess phone for a time using the dictaphone to find out what her friends had said behind her back.

BERT SHIPMAN DIES SUDDENLY WHILE WORKING

Bert Shipman, 45, formerly stationary engineer at the municipal pumping house, died suddenly in Detroit last Thursday, according to word received from members of his family by friends in Gladstone.

A letter received in the city from Myrtle Shipman of Detroit, a daughter, gave only meager details of the incident. It is understood that Mr. Shipman was working as a carpenter in the erection of a large building in Detroit. He had just carried a plank a short distance, the letter said, and complained to a fellow workman that he was not feeling well as he went to another part of the building.

TODAY'S NEWS OF THE SPORTING WORLD

STARS BATTLE HERE SATURDAY

Strong Line-Ups Indicated in Independent-Menominee Fracas.

A galaxy of former high school stars, all of whom left their imprint on the upper Michigan high school basketball records during the past three years, will be seen in action at the Escanaba high school gymnasium Saturday night when the Escanaba Independents meet the Lloyd City basketball team of Menominee.

Utecht and Boucher will start at the forward berth for the Menominee aggregation. Utecht was picked as an all-Upper Peninsula forward last year and Boucher shone brilliantly during the 1924 season. L. Peterson, was chosen as an U. P. guard last year and Christopherson, who holds down the other guard position, also is a brilliant performer. Larson, center, starred on a western team during last season. Among the subs carried on the team roster are Anderson, H. Peterson and Brown. Of these, Brown was a member of the Carlton college team last year.

Of the Escanaba team, little need be said. The merits of each member of the squad are already well known to every follower of high school and semi-pro basketball in this section of the peninsula. Gafner, Schram and Anderson, forwards, were all high school stars and have added to their laurels since they began to play for the Independents. The records of Blomstrom, center, and Vandenberg, Soderberg and St. Louis, guards, are also well known in local cage circles.

BAN JOHNSON GIVEN RAISE

American League Leader to Receive \$40,000 Per Year.

New York, Dec. 9.—(P)—Ban Johnson, who a year ago was stripped of his position as president of the American League and threatened with being deposed from the presidency of the American League for attacking the rule of Commissioner Landis, has staged a modern "return from Elba."

This seemed apparent to baseball observers tonight after the same American League club owners, who a year ago disciplined their chief, had voted to add five years to Johnson's term of office—extending his contract from 1930 to 1935—and giving him an increase of \$10,000 in salary, which boosts his annual figure to \$40,000.

Johnson's old contract under which he received \$30,000 a year was torn up by the magnates who approved by unanimous vote a new one embodying the additional term in office and increased salary. A year ago, at Chicago, representatives of seven of the eight clubs voted to discipline their president, only Philip D. Ball of St. Louis, supporting him.

While there was no indication that this unexpected expression of confidence in Johnson itself marked a return to a belligerent condition of major league affairs, future controversy was provided when the American League owners today opposed the action of the National League men yesterday in approving the use of rosin pitchers and opposing the playing of inter-sectional games on holidays.

Cortwright Refuses State's Assistance in Re-trial of Rich

Lansing, Dec. 9.—(P)—Clyde B. Cortwright, prosecuting attorney of Calhoun county, prefers to conduct the retrial of Arthur Rich, charged with attacking Louise King, Battle Creek co-ed, without the assistance of the state, he told Clare Retan, deputy attorney general, today. Prior to the first Rich trial Cortwright had requested state assistance. He told Retan that since he had tried the case once he would prefer to handle it when it is retried.

O. L. Smith, assistant attorney general, will go to Battle Creek the first of next week to investigate reports that Justice Carl Gray dismissed five indictments because a jury failed to convict Rich. He was ordered there by Governor Grossbeck and Atty. Gen. Andrew B. Dougherty.

THE REFEREE

Did Lewis Vincentini ever knock out Rocky Kansas? If so, when and in how many rounds?—D. F. W.

Yes, on July 14, 1924, 11 rounds.

How many games did Owen Carroll, Detroit pitcher, take part in last season?—G. F. W.

Ten.

How many times did Jake Schaefer beat Willie Hoppe for the billiard title?—G. H. T.

Twice, 1921 and 1923 in tournament play and successfully defended the crown on another occasion.

When did Johnny Garrels play football at Michigan?—F. G. H.

In 1905-06.

YOST REVEALS GRID SCHEDULE

Michigan to Open Season With Oklahoma Aggies

Saginaw, Mich., Dec. 9.—(P)—Fielding H. Yost, Michigan athletic director, and head football coach, tonight announced the complete 1926 Michigan football schedule at the annual Kiwanis club dinner to the football teams of the two local high schools, at which he was a speaker.

Yost said Johnny Maulbetsch's Oklahoma Aggies would play the season, October 2 at Ann Arbor and Michigan State would play at Ferry Field October 9. The other games have been previously as follows:

October 16, Minnesota at Michigan; October 22, Illinois at Michigan; October 30, Navy at Baltimore; November 7, Wisconsin at Michigan; November 13, Ohio State at Columbus; November 20, Minnesota at Minneapolis.

Coach Yost, referring to the proposed Michigan stadium, said he did not see how its erection could be prevented, declaring the people of Michigan had a right to demand a place large enough to accommodate the 75,000 which the stadium would seat.

He declared that his 1925 team was the greatest team he had ever coached. He called Harry Hawkins of Saginaw, the "greatest lineman of the year," and said he would be on all the all-American teams if he had played tackle all year. He paid high compliment to Captain Brown, Captain-elect Friedman, and the Michigan coaching staff, saying no coach was "ever so fortunate in the type of men for assistants" as he was.

Gladstone Girls Beat Esby Team

The team of Escanaba young ladies who played a match game with a team of Gladstone young ladies Tuesday evening at the Community alleys, took their trimming like good losers. The girls enjoyed the contest immensely and invited the Gladstone girls to come to this city for a game at the Arcade Alleys Sunday afternoon, December 13, at 2 o'clock when they will again try their luck.

The scores for the two teams were:

Table with 2 columns: Player Name and Score. ESCANABA: Laura Lauzon 91, Johanna Beljan 84, Marie Pepin 52, Alta Todd 97, A. Tousignant 99. GLADSTONE: F. Heric 113, C. Corbett 82, M. VanDeWeghe 98, L. Murphy 85, A. Cameron 107.

Discuss Prohibition at Methodists Meet

Washington, Dec. 9.—(P)—More fuel was placed beneath the capitalist's boiling prohibition pot today when the board of temperance, prohibition and public morals of the Methodist Episcopal church, assembled in the Methodist building for its annual, two-day gathering.

The meeting, attended by prominent ministers and laymen from all parts of the country, was told by the board's secretary, Rev. Dr. Clarence True Wilson, that he personally wished "we had let the Democrats nominate Al Smith on a wet platform" in the 1924 campaign because John W. Davis and Charles W. Bryan, who made up the ticket, were "too good to waste on the situation."

Woman Hurt While Going to Funeral

Jackson, Mich., Dec. 9.—(P)—While going to a funeral, Mrs. C. F. Young, 40, of Jackson, sustained a bruised nose and lacerations about the face when the taxicab in which she was riding collided with a coupe. She was being treated at Poole Hospital at the time the funeral was to be held.

Grange's Contract for Films Revealed by Movie Company

New York, Dec. 9.—(P)—Prompted by intimations that he did not have a genuine contract with "Red" Grange calling for the football-star to receive \$300,000 for his first motion picture, E. W. Shallenberger, president of the Arrow Pictures corporation, today issued a statement detailing the agreement he drew up with Grange and the latter's manager, C. C. Pyle.

"I have signed contracts with Grange and Pyle under which they will receive a percentage from Grange's first picture, the minimum amount of which is guaranteed to be not less than \$300,000," said Mr. Shallenberger.

"Pending completion of the first picture, however, a check for \$300,000 made out to Grange, is to be held in escrow, together with the original signed contracts, in a Chicago bank. As a guarantee of our good faith, Grange has been paid \$10,000 in advance but he will not get the entire amount until the contract is fulfilled."

Ohio State Prof Makes Moonshine; Cleanup Ordered

Columbus, O., Dec. 9.—(P)—Gov. Vic Donahey tonight ordered the board of trustees of Ohio State university to make a "thorough house cleaning" at the university as a result of a raid by the state prohibition department, on the home of Dabney Horton, a graduate instructor in the English department, on a charge of possessing liquor and paraphernalia to manufacture liquor. The prohibition inspectors reported finding a ten-gallon still and a large quantity of molasses mash for rum in Horton's home.

SEASON'S CARD PUZZLES NATS

Baseball League Cannot Decide on Closing Date in 1926.

New York, Dec. 9.—(P)—Fall-up of the National League to agree today on a tentative schedule which would assure closing the season prior to October 3, one week later than the date in the American, contributed a new problem for discussion at the joint meeting of the two circuits tomorrow.

Although President John A. Heydler held out hope that the schedule committee might find it possible to complete the campaign on September 29 he indicated that geographical and anti-Sunday baseball conditions faced by the older circuit pointed strongly to an October closing date.

President Barney Dreyfuss of the Pittsburgh club and Mr. Heydler constitute the schedule committee into whose hands the problem was committed. The former presented strong arguments today against shortening the season purely with the aim of avoiding unsettled weather in the world series.

"As far as the encroachment of football on the baseball season is concerned," said Mr. Heydler, "we feel that few if any major gridiron contests are played during the world's series. Furthermore the meeting could see no reason why so old-fashioned a game as major league ball should step aside for football."

Delay of players in reporting to training camps, discussed at length yesterday, came in for another generous inning this afternoon. Reduction in salary is the league's plan for curbing the practice, recommendation of which will be presented at tomorrow's joint meeting, Mr. Heydler said.

RADIO LINKS CITIES

Tokyo—Due to the failure of telephone or telegraph communication in times of emergency, the Japanese government is linking cities together by radio communication. This will insure communication if all wires are down.

Jarvis, British Flyweight, Is Over-Praised, Declares Williams

BY JOE WILLIAMS.

New York, Dec. 8.—They are calling Ernie Jarvis, recently arrived from England, a second Jimmy Wilde. He is just that. Which is to say in a race with Wilde he would have finished second, and a rather embarrassed second at that.

Like Wilde, Jarvis is a flyweight. He has had three fights in this country to date and has yet to be beaten. His victims were Black Bill, Johnny Breslin and Young Denico. In the open market you can buy these kind of fighters in bunches, like carrots, cashews and filvers.

If the foregoing sentence conveys the idea that the caliber of opposition which the midget from Fleet street has been called on to meet since his arrival, the words describe the facts accurately and with eloquence.

Against the spear carriers of the flyweight division Jarvis will hold his own and more; but against the more gifted performers, the Fidel La Barbas and the Frankie Genaros, he will not get very far. The truth is Jarvis is just a fair battler, possessing no marked ability either as a puncher or a boxer.

IRONWOOD BOY GETS PLACE ON "ALL" ELEVENS

For the first time in years, Detroit newspaper writers have placed an Upper Peninsula high school player on their all-state teams. Experts of the Detroit News and the Detroit Times place John Cavosie, the Ironwood sensation at fullback on their mythical aggregations.

The only other Upper Peninsula player to be noticed was Captain "Petock" DeMarsh of Menominee, who was given honorable mention by the News. The Times and News made similar selections for most positions. The Times' team is: Ends—Linder, Grand Rapids and Cornwell, Grand Rapids.

Tackles—O'Neal, Battle Creek and Young, Flint. Guards—Frankowski, Muskegon and Lubahn, Mr. Clemens. Center—Haffey, Detroit Central. Quarterback—Parasca, Grand Rapids. Halves—Briault, Flint and Rojan, Muskegon. Fullback—Cavosie, Ironwood.

GRANGE BOOED WHEN HE LOSES

Providence Gridders Beat Chicago Bears By 9 to 6 Score.

Boston, Dec. 9.—(P)—Harold "Red" Grange and his Chicago Bears were crushed by the superior Providence Steam Rollers, 9 to 6 today in Boston's first professional football game which drew a crowd that did not exceed 15,000.

Grange appeared tired and listless and when he retired from the game after playing exactly 44 minutes, he was booed by a few hundred of the spectators. The new wealthy football fan played safety first football during his stay in the game.

He carried the ball only five times, all on end-runs for a total yardage of 13 yards. He ran the single punt he caught back eight yards, attempted three forward passes, one of which was intercepted and made two unimpressive tackles. This action did not take more than four minutes of his time. During the remaining forty minutes of his stay in the game, Grange stood back beside the defensive quarterback far from the scrimmage line.

Grange's teammates were outplayed, outfought and outthought by the powerful Steam Rollers, a team composed of former Eastern college stars, with the exceptions of Miller and Crowley, two of Notre Dame's famous "four horsemen" of 1924, and Garvey, also of Notre Dame.

Hilltop Cagers to Play Next at Gwinn

Coach C. B. Roells, of Escanaba high school, will start Tarzan Johnson at center, Captain Lawrence and Rockberg at forwards and Dunphy and Smith at guards, when his basketball team invades Gwinn next Friday night. The Hilltop performers have shown considerable improvement this week, but they are not yet showing the form Roells would like to see. Gwinn, on its home floor, is expected to put up a hard fight.

MANSON IS GIFT

London—A country mansion valued at \$150,000 has been given to Cardiff infirmary as a testimonial of gratitude to the community by Sir Edgar W. Nichols, milling magnate.

When it's Christmas Eve—and the glistening tree is ready and trimmed with gifts and toys—when the peace and good cheer of Christmas are almost here—have a Camel!

Camels represent the utmost in cigarette quality. The choicest of Turkish and domestic tobaccos are blended into Camels by master blenders and the finest of French cigarette paper is made especially for them. Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

WHEN the happy work of Christmas Eve is done. And the clock calls the approach of midnight. When the gifts and toys are in their place on the children's tree—have a Camel!

For to those who think of others there is no other gift like Camel. Camel makes every great day greater, increases the gladness in giving, makes life's anticipations brighter. Before Camel, no cigarette ever was so good. Camels are made of such choice tobaccos, are so skillfully blended, that they never tire the taste, or leave a cigarette after-taste. Into the making of this one cigarette goes all of the skill of the largest tobacco organization in the world.

So on this Christmas Eve, when your work for others is done—when you're too glad for sleep with thoughts of tomorrow's happiness, oh, then—taste the smoke that every day brings contentment to so many millions. Know the mellowest mildness, the most rich and fragrant taste that ever was put into a cigarette.

Have a Camel!

It is well to remember your few closest friends with a supply of Camels for Christmas Day and the days to come. Get your Camel cartons now and then they will be ready! R. J. Reynolds Tobacco Co.

### COUNTIES MUST PLANT FORESTS

#### Charles Lawrence Urges "Start at Home" Effort.

That the counties of the Upper Peninsula should make the start in the matter of re-forestation, is the opinion of Charles E. Lawrence of Caspian, a Director of the State Department of Conservation. In a recent letter to G. E. Bishop of Marquette, Secretary of the U. P. Development Bureau, Mr. Lawrence writes: "If each county in the Upper Peninsula, with their large cut over areas, will get away from wanting the State to do everything in the way of reforestation, the work will proceed more quickly. The State cannot do all this any more than they can build all our roads. We must do something for ourselves. The remedy rests with each 'individual county.'"

"To me, the lumbermen should do something themselves," continued Mr. Lawrence. They carry a fire hazard which should be eliminated, and they should be held some of the damage they are doing. This is the principle laid down by the Liability Act, which compels each association of men to take care of their accidents, and help build up the damage to the human being through the Compensation Act. The people of the State of Michigan have neglected the timber proposition and the waste in the business has been like 'Eau de Cologne' for a generation. The State is land in taxes, which should be rebuilt for the future."

In Mr. Lawrence's home county, Iron, the Board of Supervisors are working on a plan to establish a nursery to raise their own stock and re-forest about 5,000 acres of county and state land, as well as have seedlings for sale to residents of the county.

Especially do we thank those who sent flowers, the choir of the Congregational church, those who donated the use of their cars or who in any manner helped us to bear our sorrow.

Signed: Sons and Daughters of Charles Schram.

### BOYS NARROWLY ESCAPE DEATH

#### Police Again Appeal to Parents to Help Halt "Hitching".

Two small boys, who fled before their names could be taken, narrowly escaped serious injury or death late yesterday afternoon in South Tenth street when the sled they had "hitched" on behind an automobile overturned in the path of another car. The boys rolled out of the path of the second car, narrowly escaping being run over. The sled was demolished.

Parents responded splendidly, yesterday, to the appeal of Chief John J. Tolon, asking co-operation in the homes to break up the "hitching" practice. The number of boys found indulging in the pastime was

much lower than it had been earlier in the week.

However, several motorists reported to the police that they had been able to avert running over children, hitching onto other cars, and these were other similar incidents which were not reported.

Police will continue to devote considerable time to the campaign, it was said. It may be that sleds will be taken away from boys caught "hitching" in the future.

### Final Shipment of TB Cattle Tuesday

The final shipment of tubercular cattle from Delta county this year will be made at Rapid River next Tuesday, County Agent J. E. Turner announced yesterday. The shipment will contain about 27 or 28 animals which reacted to the tests which have been recently completed. The car must be loaded by 11 a. m., Mr. Turner said, and farmers who fail to have their cows on hand will lose any chance of collecting indemnity.

## Diet for the School Child

Nourishment afforded by this tasteful spread keeps them healthy and strong

SCHOOL authorities recommend margarine in menus for children.

Bulletin 57 from the University of Iowa Extension Division says this to mothers, "Fat is essential to growing children"; and, afterwards, when discussing spreads says, "Substitutes made from animal fats may be used."

at the dining table. They simply love the flavor—think it's the finest spread ever—and eat it gleefully. GOOD LUCK pleases childish appetites and at the same time repairs inroads made on energy by constant activity, supplying vim and vitality, keeping children well and strong.

This statement exactly describes Jelke GOOD LUCK Margarine. It is a delicate blend of three choice fats—full-cream milk, wholesome beef fat and nourishing pork fat. These three combine in a delicious spread that has all the food values, including vitamins, that are insisted upon by the University.

If you have not been using GOOD LUCK Margarine, make inquiries about it among your neighbors.
