

FINANCE BODY ENDS WORK ON TAX BILL

EYES FIXED ON TARIFF BOARD CHAIRMANSHIP

PRESIDENT'S ACTION TO HAVE BEARING ON RESULTS.

BY DAVID LAWRENCE. (Copyright 1926, by the Escanaba Press.) Washington, Jan. 16.—When the United States tariff commission met yesterday, Chairman Marvin, of Massachusetts, republican, retired in favor of Vice-chairman Alfred Dennis, of Maryland, Democrat, but at the white house it was stated that President Coolidge had until midnight under the law to designate a new chairman.

The incident is of national importance because of the appointment of a new chairman may depend the whole policy of the commission toward tariff changes. The commission is bi-partisan—three republicans and three democrats—but the republicans have had the aid of a Democrat member, Henry Glasie of the District of Columbia, so that by a majority of four to two they have made most of the decisions in recent months.

Chairman Wield Power. The chairman wields a good deal of power in saying what cases shall be considered and in expediting action on pending business. Two nominations have yet to be submitted to the senate as a sequel to recess appointments so that in effect a reorganization of the commission is in progress.

Mr. Dennis who is acting chairman is a Democrat but also a close personal friend of Mr. Coolidge. He wrote for the Saturday Evening Post during the last presidential campaign a biographical sketch of Mr. Coolidge which was regarded as the best picture of Mr. Coolidge's personality that had been presented up to that time. Mr. Dennis was commercial attaché in Berlin and London for the Department of Commerce and was then made assistant to Secretary Hoover, so his experience along economic lines is in conformity with the work before the tariff commission.

Work Purely Advisory. If Mr. Coolidge permits Mr. Dennis to remain as chairman it will be the third governmental commission which by the rotating process has a democrat in charge. Thus Mr. Nugent is at the head of the federal trade commission and Mr. Eastman is the new chairman of the interstate commerce commission. In the latter two cases, however, the commissions do not impose so much power in their chairmanships.

There are evidences that Mr. Coolidge would like to cure the tariff agitation by making the flexible provisions of the tariff law effective. Mr. Dennis has recently taken issue with his colleagues on the ground that they never permitted a duty to be lowered and always advocated increases. The commission recently advocated an increase in the duty on cotton gloves but President Coolidge refused to accept the recommendations. Under the law he regards the recommendations of the tariff commission as purely advisory. It is indicated that he does not want the commission to look at its task in a one-sided way and that he really wants the opinions of economists rather than politicians to govern.

Congress Asks Questions. The mere change in chairmanship will be taken by the commission as a sign of changing policy and as an index of the White House desire to make the flexible provision of the tariff law really "flex," as one member has remarked.

Undoubtedly there will be a congressional investigation of the tariff commission. Mr. Coolidge knows this and realizes that some change might better be made now while the initiative is his than when the congressional committee by its disclosures forces a change in personnel. It is possible that Mr. Coolidge will designate a republican as chairman, naming a new man to one of the vacancies on the board.

Automobile Show Smashes Records for Retail Sales

New York, Jan. 16.—(AP)—The twelfth national automobile show broke all retail sales records of previous motor car exhibitions, officials of the show said at its closing session tonight. Attendance figures, it was estimated, would be close to the 200,000 record mark established by the show of 1922. Automobile men tonight began removing their exhibits to Chicago for the Coliseum show. Virtually all the displays of accessories and parts, and many of the cars are being sent there.

IN BIG DEAL

When Clarence Dillon, new giant of Wall Street, announced that he had acquired control of the National Cash Register Company, it was also announced that F. B. Patterson (above), president of the company, would keep his job. The Dillon deal, involving millions, gave Wall Street one of its most recent thrills.

LAKE "PIRATE" LEAVES PRISON

Joseph Kerwin Had Robbed Women on Lake Steamer.

Detroit, Jan. 16.—(AP)—Detroit's last "pirate" is free. With the release of Joseph A. Kerwin from the federal penitentiary at Leavenworth today goes a story of great courage, an iron will and the conquest over all but insurmountable obstacles.

Kerwin, when 22 years old, was convicted of piracy on the high seas. On the night of September 13, 1907, when the steamer Western States on which he was an officer was 17 miles from Detroit on its return trip from Buffalo, Kerwin went into the stateroom of Mrs. Adelia Sweeting of Jackson and, throttling her, stole \$40 and jewels valued at \$300.

Sentenced for Life. Under the state law the maximum penalty for his crime would have been five years imprisonment. But he had committed the crime on the high seas; it was piracy and the penalty under federal law was death.

The late Judge Henry S. Swan of the United States district court who heard the case, decided it was within his power to inflict either the penalty prescribed by federal law or by Michigan.

Kerwin was sent to Leavenworth for life. Kerwin was reputed to have been a habitué of dives, a rough and ready brawler. Before going to Leavenworth he was held for several years at the Detroit house of correction where he was far from a model prisoner. In his youth he served four years in a reformatory at Pontiac, Ill.

Studies and Reforms. At Leavenworth, however, Kerwin did an about-face. There he was a model prisoner. He began to study. He became, theoretically, at least, an expert mechanical and electrical engineer. He attained proficiency in music. He acquired a literary skill not at all negligible which led to his becoming editor of The New Era, the penitentiary magazine, eight years ago.

He has been pardoned and has joined the staff of the Kansas City, Mo., department of welfare.

Chicago Gangster Killed by Bullet; Murderers Escape

Chicago, Jan. 16.—(AP)—A bullet today ended the career of Harry Schneider, credited by the police with involving Frankie Lake, rich young bear baron, in a murder mystery and precipitating in the recent Cook county jail scandal.

Schneider, aged 56, was killed as he was about to enter his home. The killers escaped unseen. After Schneider's arrest in connection with the killing of "Big Steve" Wisniewski, a warrant charging Lake with participation in the slaying was issued. The warrant, the police declared, was obtained upon information furnished by Schneider.

In attempting to serve it in the county jail, deputy sheriffs found that Lake had been released before the expiration of his sentence. Then followed the expose of jail conditions which involved Lake's partner, Terry Druggan, Sheriff Peter M. Hoffman, and former Warden Wesley E. Westbrook. Lake and Druggan recently were reported resting in Florida.

HOUSE VOTES APPROVAL OF 5 DEBT PACTS

ABOUT \$600,000,000 INVOLVED IN AGREEMENTS.

Washington, Jan. 16.—(AP)—The war debt agreements with Belgium, Rumania, Latvia, Estonia and Czechoslovakia, involving approximately \$600,000,000, were approved today by the house in rapid succession. By adopting resolutions to authorize acceptance of the terms recommended by the American commission, the House disposed of the last of the settlements negotiated during the summer, that with Italy having been approved yesterday.

As sent to the senate, all of the agreements, provide for a funding of respective obligations over a 62-year period. Including the Italian debt the United States will receive approximately \$2,000,000,000 from the six war loans.

War Loans Total 19. Of the 19 war loans to foreign nations, settlements with Great Britain, Finland, Hungary, Lithuania, Poland and Nicaragua have been ratified by congress while the action by the house today brings half a dozen more loans to the last step in their congressional journey.

Of the seven other loans, Austria has been granted a 20-year moratorium while France, Greece, Liberia and Yugo-Slavia have yet to agree finally on their respective settlements. The present Russian government has repudiated an American loan of \$192,000,000, and Armenia, with an obligation of \$12,000,000, has ceased to exist as an independent nation.

Belgian Pact Vote 314-24. Interest in the five agreements approved by the house today centered chiefly on that with Belgium, which was accepted by a vote of 314 to 24.

Speaking in favor of the agreement, Representatives Burton, Republican, of Ohio, and Crisp, Democrat, of Georgia, both members of the debt commission, described the havoc of the World War brought to the little kingdom while Representative Andrew, Republican, Massachusetts, asserted that he regretted that the United States was alone among nations in asking repayment of money loaned that country while its territory was occupied by German troops.

Teller Arrested for \$107,550 Peculation

Baltimore, Jan. 16.—(AP)—Embezzlement of \$107,550 from Robert Garrett and Sons, banking and brokerage house, was disclosed today with the arrest of Clarence O. Dix, 30-year-old teller. Dix previously had confessed to officials of the firm and repeated his confession to police. First suspected with the beginning of an audit at the close of business December 31, Dix had been under observation in the hope that his movements would disclose the whereabouts of the money. He told police he lost it in stock speculation and horse racing.

"I am glad they caught me," he said. He declined the services of a lawyer and expressed a desire to be sentenced as soon as possible. An Essex couple recently made their own home, the bridegroom even made the furniture.

Prohibition Is Subject of Heated Argument in Senate

Sixth Anniversary of Its Ratification Is Occasion.

Washington, Jan. 16.—(AP)—The sixth anniversary of the ratification of the eighteenth amendment today was made the occasion for a prohibition field day in the senate with opponents of the Volstead act replying vigorously to claims of improved conditions in the country since the dry law became effective. The debate was opened in mid-afternoon by Senator Jones, Republican, Washington, who defended the enforcement act and before it ended the night was well under way and the chamber had become almost deserted, only eight or ten senators being on hand.

Sharp Exchanges Frequent. Senators Jones and Sheppard, Democrat, Texas, a dry leader, carried the burden of defending prohibition with the assistance occasionally of Senator Feas, Republican, Ohio. Senators Edge, Republican, New Jersey; Bruce, Democrat, Maryland, and Broussard, Democrat, Louisiana, moved vigorously to the offensive.

Idealism Needed for Newspaper's Success, A. P. Chief Asserts

Washington, Jan. 16.—(AP)—The reporter's contribution to newspaper idealism and to general human understanding was described by Kent Cooper, general manager of the Associated Press, in an address tonight before the American Society of Newspaper Editors. He urged that through the newspapers themselves the public be given a clearer picture of the romance of newsgathering, so that readers can better understand the ideals and the emotions of those who produce newspapers. The code of newspaper ethics drawn up by the society, he suggested, should be published so frequently and so prominently that the public would come to recognize it as the badge of the profession. "The editorial effort which perceives that its opportunity is found upon sentiment for an idealism not only contributes to constructive human relationships but it brings financial success," said Mr. Cooper. "In fact, the former is responsible for the latter."

MOSES FLAYS WORLD COURT

New Hampshire Senator Refers to It As "League Court."

Washington, Jan. 16.—(AP)—An effort to deprive the world court proposal of its position of priority before the senate failed today and when Monday's session begins the court resolution will remain the first order of business. Senator Moses, Republican, New Hampshire, who made the only speech on the subject today, sought to produce a legislative situation giving general legislation the right of way on Monday but on motion of Senator Lenoir, Republican, Wisconsin, the senate voted to keep the court issue in its position of vantage.

Called "League Court." Delivering a prepared address, Senator Moses attacked the world court as a "league court." It not only is a creature of the League of Nations, he said, but the "lawyer and apologist" for the league as well. Another reservation to the court resolution was offered by Senator Frazier, Republican, North Dakota. It would propose establishment of an international "police of the sea," and destruction of all other armed naval craft and would set forth that American adhesion would be conditional upon the "police of sea" operating to the satisfaction of the United States.

MOVE FOR CLOTURE. Washington, Jan. 16.—(AP)—A move to invoke cloture on the world court issue so as to set it out of the way speedily to make way for the tax reduction bill developed late today in senate circles.

Some of those initiating the movement said the effort to limit debate to one hour for one speaker might be made Monday. A two-thirds majority would be necessary to make the cloture rule operative. This subject was discussed today in the finance committee with a number of members favoring such a step under the apprehension that some opponents of the court might undertake to delay action on the tax bill if that should displace the court on the senate calendar. Some Democratic senators also are identified with the cloture movement. They conclude that delaying tactics have been resorted to by opponents and that the senate should act on a matter which has been pending for nearly three years.

Cardinal Mercier's Condition Improved

Brussels, Jan. 16.—(AP)—Cardinal Mercier was able to leave his bed for an hour this afternoon and his general condition was pronounced satisfactory. Today he had the pleasure of attending mass celebrated by his own nephew, but it was in the sick chamber.

U. S. Employment Better in December

Washington, Jan. 16.—(AP)—Employment in the United States increased slightly during December over November, the labor department reported today, while wage earnings increased more substantially. The total wage paid was represented in December by the index figure of 97.3 while for November it was represented by 96.2.

Chicago Gangster Killed by Bullet; Murderers Escape

Chicago, Jan. 16.—(AP)—A bullet today ended the career of Harry Schneider, credited by the police with involving Frankie Lake, rich young bear baron, in a murder mystery and precipitating in the recent Cook county jail scandal.

Schneider, aged 56, was killed as he was about to enter his home. The killers escaped unseen. After Schneider's arrest in connection with the killing of "Big Steve" Wisniewski, a warrant charging Lake with participation in the slaying was issued. The warrant, the police declared, was obtained upon information furnished by Schneider.

In attempting to serve it in the county jail, deputy sheriffs found that Lake had been released before the expiration of his sentence. Then followed the expose of jail conditions which involved Lake's partner, Terry Druggan, Sheriff Peter M. Hoffman, and former Warden Wesley E. Westbrook. Lake and Druggan recently were reported resting in Florida.

MOVE TO END COAL STRIKE IS LAUNCHED

COPELAND PROPOSES COOLIDGE SEIZE MINES.

Washington, Jan. 16.—(AP)—After President Coolidge had been attacked and defied today in the senate for inaction in the anthracite suspension, a proposal was put forward that would give him full authority to bring about a resumption of mining. It was the form of a joint resolution by Senator Copeland, Democrat, New York, and would wages of employees and compel the mines, fix the price of anthracite at the mines as well as empower the president to seize the mine owners.

ARMY AVIATOR TO FLY NORTH

Major Lanphier to Join Detroit Aviation Polar Party.

New York, Jan. 16.—(AP)—Major Thomas G. Lanphier, commanding officer of Selfridge Field, Mich., and leader of the army pursuit squadron, has been granted a four-month leave to join the Detroit Aviation society trans-Polar flight in the spring.

Captain George H. Wilkins, who will command the flight, in making the announcement today, said Major Lanphier had been associated with him from the start in drawing plans, but that his connection with the flight had not been made public until it was certain the necessary leave would be granted.

Major Lanphier will not join the expedition as an official army observer, but as an unofficial observer and advisor, at Point Barrow, Alaska, the starting point. "Because he will still be an army officer, he cannot be given a post of command within the expedition," Captain Wilkins said. "It is expected, however, that he will take the control of one of our airplanes for several of the flights. In case new land is discovered, he will be asked to claim it for the United States."

In a telegram today Major Lanphier expressed interest in the importance of test flights to be made in Alaska before the expedition starts its non-stop jaunt across the pole. Captain Wilkins said the army flier is expected to be of special service in these test flights.

EYES TOWARD CAPITAL

Hazelton, Pa., Jan. 16.—(AP)—Activities of national legislators and others at Washington in the effort to find a way to end the anthracite strike are being closely watched by leaders of the United Mine Workers, but no comment is forthcoming from them or any phase of the situation. President John L. Lewis of the United Mine Workers, who came here to attend a meeting of the miners' scale committee on Thursday, was disinclined today to make any statement on the efforts being made at the national capital in the interest of a settlement.

Berlin and Bride Secluded in Room

London, Jan. 16.—(AP)—Mr. and Mrs. Irving Berlin, who are spending a part of their honeymoon in London, have remained secluded in their suite at the Carlton hotel since their arrival, refusing to communicate even with their friends.

Negro Prowler Shot to Death in Detroit

Detroit, Jan. 16.—(AP)—After capturing an unidentified negro prowler in the attic of Mrs. Eda Schwaller's home on the Seven Mile road today, Peter Schwaller, her brother-in-law, shot and killed him as he attempted to escape.

WEATHER

UPPER MICHIGAN — Cloudy Sunday and Monday, probably snow flurries; not much change in temperature. Temperatures—Low. Alpena — 18 Marquette — 22 Atlantic City 24 Medicine Hat 23 Boston — 25 Memphis — 42 Buffalo — 18 Milwaukee — 24 Chicago — 20 Minneapolis — 24 Cleveland — 16 Montreal — 2 Denver — 23 New Orleans 48 Detroit — 18 New York — 28 Duluth — 18 Port Arthur — 28 Escanaba — 22 Saginaw — 30 Galveston — 54 St. Louis — 32 Grand Rapids 20 Salt Lake — 18 Jacksonville. 48 S'n Francisco 40 Kansas City— 38 Soo, Mich. — 14 Los Angeles. 50 Tampa — 48 Louisville — 26 Washington. 24 Ludington — 24 Winnipeg — 6

TO REPORT TO SENATE ON TUESDAY

VOTES REPEAL OF INHERITANCE TAXES.

Washington, Jan. 16.—(AP)—Senate Republicans and Democrats on the finance committee compromised their differences on tax reduction today and ordered by unanimous vote a report of the house revenue bill to the senate with considerable modifications. The compromise which involved principally further reduction in the surtax rates and repeal of the inheritance tax, increased the total reduction provided by the house measure for this year from \$330,000,000 to \$360,000,000, and cleared the way for early passage of the bill by the senate. To Senate Tuesday. Chairman Smoot said he would report the measure to the senate on Tuesday, but would hold up its consideration for a couple of days at least, if the cloture rule was invoked to permit an early vote on the world court. Spokesmen of the two parties in the senate expressed satisfaction with the compromise and declared a final vote on the bill by the senate early in February was almost certain. The agreement came suddenly and the committee concluded its consideration of the bill in a cordial spirit. Ending its work within two weeks after the bill was first taken up, the committee established a new record in the consideration of revenue legislation.

APPROVES NEW TRAFFIC RULES

Uniform Ordinance Not Only for Detroit, Says Straight.

Detroit, Jan. 16.—(AP)—The Michigan uniform traffic ordinance, as finally approved by several score municipalities of the state at Grand Rapids last October, represents the best thought of safety and traffic experts throughout the country. Alan G. Straight, commissioner of public safety for Michigan, said today. His statement was made in answer to the action of Commissioners W. A. Davis and H. G. Bebe of Jackson opposing unreserved acceptance of the ordinance for their city.

"I deeply deplore the attitude taken by Commissioners Davis and Bebe," Straight said. "There is no ground for the assertion that the ordinance was virtually written for Detroit and I can hardly imagine a criticism of this sort being made with a full cognizance of the facts of the case."

Commissioner Straight said that already 137 towns, villages and cities have adopted the ordinance as a whole. "At Manistee and Sault Ste. Marie, the ordinance now is in effect. In Grand Rapids, Lansing, Kalamazoo, Port Huron, Flint, Saginaw, Bay City, Ann Arbor, Battle Creek, Muskegon, Marquette and Escanaba, among others, the ordinance is before the town councils for consideration."

Judge Uses Movie to Stage Solomon Stunt With Baby

Detroit, Jan. 16.—(AP)—King Solomon's methods, revamped for the movies, were adopted by Circuit Judge Vincent M. Brennan today as a means of aiding him in deciding to which of two women he should award a 3-year-old girl. Instead of threatening to dismember the child with a sword, as did King Solomon, Judge Brennan announced he would award the child neither to Mrs. Julia Przybilla, natural mother of the baby Irene, nor Mrs. Irene Coosen, foster mother of Irene, and formerly Mrs. Przybilla's sister-in-law. Instead, he told the women the child would be placed in an institution.

At the very instant he made his statement, a moving picture cameraman trained his camera on the two women, to record their emotional reactions on film. Judge Brennan said he would employ psychologists to aid him in studying the film and would award the child to the claimant whose features showed the greatest grief. Decision is expected Wednesday.

Berlin and Bride Secluded in Room

London, Jan. 16.—(AP)—Mr. and Mrs. Irving Berlin, who are spending a part of their honeymoon in London, have remained secluded in their suite at the Carlton hotel since their arrival, refusing to communicate even with their friends.

Negro Prowler Shot to Death in Detroit

Detroit, Jan. 16.—(AP)—After capturing an unidentified negro prowler in the attic of Mrs. Eda Schwaller's home on the Seven Mile road today, Peter Schwaller, her brother-in-law, shot and killed him as he attempted to escape.

Malaria Spreading in Mexican Flood Area, Says Report

Tucson, Ariz., Jan. 16.—(AP)—A report received today from the relief committee in the flood-stricken state of Nayarit, on the west coast of Mexico, states that the loss of life is 150, property damage \$5,000,000 and 15,000 persons are homeless. "Malaria and other diseases are spreading fast," the report said. "Medicine is badly needed to combat the diseases. One horsepower is equal to 746 watts."

FAIRMONT MINE BLAST PROBED

Final Check-up Shows 20 of 39 Men Escaped in Explosion.

Fairmont, W. Va., Jan. 16—(P)—R. M. Lambie, chief of the West Virginia department of mines, with a corps of inspectors, spent today examining No. 5 mine of the Jamieson Coal and Coke company at Fairmont in an effort to determine the cause of the blast which on Thursday night cost the lives of 19 of the 39 men in the workings. A final check shows 20 escaped after having been entombed more than eighteen hours.

The coroner has named a jury to sit at an inquest which will be held after examination of the mine has been completed by the experts. The explosion, investigators said tonight, affected an area about a mile square. It was prevented from going into the far reaches of the workings, they said, by a wide water hole. It was prevented from coming outward to the shaft because the mine, just previous to the blast, had been thoroughly sprinkled for some distance back.

ARMS PARLEY FUND DEBATED

Washington, Jan. 16—(P)—The house today took up but failed to reach a vote on a resolution to appropriate \$50,000 to defray expenses of American delegates to a preliminary disarmament conference at Geneva. It will be in order again Monday.

Drafted at the request of President Coolidge to permit acceptance of an invitation from the League of Nations to attend the conference, the resolution was endorsed by a number of members.

Chairman Porter of the house foreign affairs committee and Representative Burton, Republican, Ohio, both endorsed the proposed conference as a step looking to further disarmament of nations and in line with the world peace movement.

Representative Connally, Democrat, Texas, declared the movement for the conference as that for the Washington arms conference, radiated from the tomb of Woodrow Wilson.

"It is the spirit of Wilson that prompts the action of accept this invitation," he said. "In death Wilson is winning over those who opposed him in life."

Premier Mussolini Challenges Foes

Rome, Jan. 16—(P)—Premier Mussolini today cast a challenge at his opponents to debate openly their accusations of his complicity in the murder of the Socialist deputy, Matteotti.

Sell for Profit thru Press Ads.

THE DAY IN WASHINGTON

Senator Moses again attacked the world court proposal. Agriculture legislation was advanced in both senate and house. Governor Pinchot talked prohibition questions over with Secretary Mellon.

Senator Copeland introduced a resolution for the seizure of the anthracite mines.

President Coolidge's tariff commission policies were assailed by Senator Norris.

The house approved debt settlements with Belgium, Rumania, Estonia, Latvia and Czechoslovakia.

The Watson-Parker railroad labor bill continued before the senate interstate commerce committee.

Senator LaFollette asked the senate to obtain state department information concerning recognition of Mexico.

The senate finance committee voted to reduce the surtax rates and for repeal of the inheritance tax.

FRAZIER OFFERS FARM MEASURE

Washington, Jan. 16—(P)—Farm relief legislation continued to claim considerable attention today in congress.

Direct government control of grain and other products was proposed in a bill introduced in the senate by Senator Frazier, Republican, North Dakota, and one presented in the house by Representative Little, Democrat, Kansas.

Though dissimilar, both measures are intended to relieve the farmer of violent price fluctuations and to insure sale of surplus crops.

Senator Frazier's bill would appropriate \$200,000,000 to create a federal agricultural marketing board to handle corn, wheat and cotton.

Representative Little's proposal seeks to set aside \$100,000,000 for a revolving fund to be used by the government to establish bonded elevators, store wheat in them and sell it at home and abroad, at prices calculated to bring the growers fair returns.

New President Is Inaugurated by Nicaraguans

Managua, Nicaragua, Jan. 16—(P)—Emiliano Chamorro was inaugurated president of Nicaragua this afternoon. He takes the place of Carlos Solozano, whose resignation was submitted to congress Thursday.

Remove 20 Convicts From Penitentiary

Leavenworth, Kan., Jan. 16—(P)—Twenty prisoners at the United States penitentiary here are scheduled to leave early tomorrow morning for Chillicothe, Ohio, where they will become the first inmates of the national reformatory.

The 20 "pioneers" at the national reformatory will be detailed at once to the task of preparing buildings.

Only first offenders and federal prisoners under 30 years of age will be sent to the reformatory.

WAVELENGTH THEFT ALLEGED

U. S. to Prosecute Zenith Radio Corporation.

Chicago, Jan. 16—(P)—The right of the federal government to regulate the use of the air for broadcasting by radio stations was brought to the test for the first time today with the receipt in Chicago of orders from Attorney General Ladd to prosecute the Zenith Radio corporation, operators of station WJAZ, for usurping a wave length assigned to a Canadian station, which is not used.

The Zenith station was assigned to the government this week by the government on 323.5 meters which under international agreement is assigned to a Canadian station.

This was done without permission from federal authorities and brought prompt action from Washington, District Attorney E. A. Olson tonight said. The offenders would be prosecuted to the full extent of the law—if there is any law to fit the case, he added.

The Zenith station was assigned the same wave length as station KOA of Denver, Colo., which by priority on the air, it was claimed, had obtained a large portion of the most desirable time for broadcasting.

President Eugene F. McDonald, Jr., of the Zenith corporation, tonight refused to comment on the action of the government.

General Pershing Pessimistic Over Tacna-Arica Case

Arica, Chile, Jan. 16—(P)—General Pershing is returning to the United States without much hope that his successor, Major General Lassiter, due here in a few days, will soon see affairs so shape themselves that a plebiscite can be carried out in Tacna and Arica.

He is said to feel that failure can be the only result, unless there is a decided change in the conduct of the Chilean residents of this territory, to bring about which a restraining influence by the representatives of their government seems necessary.

President Coolidge's denial of Chile's appeal leaves the situation just as it was a month ago when the Chileans, before appealing, frankly sought to end the plebiscite by withdrawing from the plebiscite commission.

Ruffus laid down by General Pershing to which there was such a vigorous objection of the Chilean representatives, will stand.

Rotary Club to Meet Wednesday

The regular weekly meeting of the Escanaba Rotary club, usually held each Monday noon, will this week be held on Wednesday, when E. D. Cochran, secretary of the Michigan State Conservation Commission, will be the speaker of the day.

It was found impossible for Mr. Cochran to come to Escanaba on Monday and for that reason Wednesday was selected as the meeting date.

SOCIAL

F. B. A. Dance.

The Fraternal Benefit association will hold a dance and elimination contest at the North Star hall Wednesday evening, January 20. A prize of \$5 in gold will be given for the best Charleston exhibition. The Midnight Entertainers will play.

Farewell Party.

Miss Florence Mallory was the guest of honor at a farewell party held by members of the Escanaba high school faculty Friday night. Miss Mallory will leave the faculty at the end of the present term. A most enjoyable evening was reported by those attending.

Knox Receives Fine Promotion

J. W. Knox, who for the past several years has served as salesman for the Austin Western Road Machinery company in the peninsula, with Escanaba as his headquarters, has been promoted to the position of sales manager for that company in the states of Iowa and Illinois.

Mr. Knox will make his headquarters at Des Moines, Iowa, and will leave on Monday night for that place.

Since coming to Escanaba, both Mr. and Mrs. Knox have made a large number of friends who will regret their removal to another city.

Memorial to Bryan Planned at Capital

Washington, Jan. 16—(P)—The life and works of William Jennings Bryan will be commemorated, it was decided here today, by the erection of a memorial surmounted by the first carillon to be constructed in the nation's capital.

A meeting of leaders in the movement, headed by Josephus Daniels, secretary of the navy in the Wilson cabinet, considered plans for a fitting memorial to the former secretary of state, but reached a decision on only one phase of the program, the establishment of the carillon.

Daniels said it was the unanimous thought of those associated with him that Washington should be the site for the memorial. The detailed plans for the memorial would be left to a committee of six members.

Wilburton Buries Mine Blast Victims

Wilburton, Okla., Jan. 16—(P)—Wilburton tonight had buried most of its dead. More than forty of the 91 men known killed in the explosion in the Deegan-McConnell mine Wednesday were buried today. Some were buried yesterday and others were sent to other towns.

Rumania Is Placed Under Martial Law

Vienna, Jan. 16—(P)—Reports have reached Vienna that open agitation in Rumania for the recall of former Crown Prince Carol has led the Rumanian cabinet to proclaim martial law in six districts. Further reports have it that numerous civil and military agitators are favoring the imprisonment of Carol.

January Clearance Sale. WE'RE CONTINUING THIS SALE THREE MORE DAYS MONDAY—TUESDAY—WEDNESDAY

The intense interest shown in this sale Friday and Saturday prompted us to prolong this great value-giving a few more days to give the public more time to SHARE IN THE GREAT BARGAINS THAT PREVAIL THROUGHOUT THIS BIG STORE. But Wednesday will be the last day—We must then close this sale and take inventory of our stocks. THESE THREE REMAINING DAYS WILL DEVELOP THE GREATEST BARGAINS OF THE ENTIRE SALE

—Owing to the many small lots and the slow moving items which will now suffer deeper price cutting in order to clean the decks before stock taking time. We'll have no mercy for value—We must clean house. If red-hot bargains will interest you—then we advise coming each remaining day—for we're going to commit murder among the remaining prices. —:— COME PREPARED FOR SURPRISES —:—

SWAMP SEARCH LEGALITY HIT

M. J. Doyle Raises Important Legal Question at Sault.

Sault Ste. Marie, Jan. 26.—Must prohibition agents procure search warrants permitting them to hunt for stills in swamps, woods and other out-of-the-way places...

This is a question, raised by Attorney Michael J. Doyle of Menominee, upon which Federal Judge Fred M. Raymond is expected to rule at this term of court.

When arraigned before C. F. Buton, U. S. Commissioner in Marquette, Mr. Doyle asked that the charge be dismissed, on the ground of illegal trespass...

Arguments on the motion were heard by Judge Raymond, the action of the federal agent being upheld by E. J. Bowman, district attorney.

If the court rules with Mr. Doyle it will place the stamp of illegality upon a method of hunting and seizing stills which Leo J. Grove, liquor law enforcement chief in the upper peninsula and his aides, have practiced regularly.

You hear a lot of talk about self-made men, but all men are that.

Kiwanis Boy's Band to Hold Contest Wednesday

Twenty-four members of the Kiwanis Boys' Band will compete Wednesday night at the high school in the organization's first annual solo contests.

Two gold watches will be awarded. The first will go to the lad whose solo is the best. The second class will be open only to boys whose musical studies began when the Kiwanis band was organized in June, 1925.

Contestants. The contestants and their selections are: Harold Christensen, cornet, "Let Me Call You Sweetheart," Gordon Baird, cornet, "Somewhere a Voice is Calling," William Karas, cornet, "Drink to Me Only With Thine Eyes," Don Anderson, cornet, "Melody in F," George Harvey, trombone, "The Prisoner's Song," Marshall Lilquist, saxophone, "Swanee River," Henning Peterson, piccolo, "The Marsellias," John Bartella, trombone, "Oh, How I Miss You Tonight," Leon Laur, trombone, "How Can I Leave Thee," Harlan Lippold, saxophone, "Only a Year Ago," Bob Bartella, cornet, "Let Me Call You Sweetheart," Gerald Brown, trombone, "Old Kentucky Home," Victor Peterson, clarinet, selected, Rusie Varino, saxophone, selected, Willard Fisher, cornet, selected, Henry Newitt, cornet, selected, Phillip Miron, cornet, "Then You'll Remember Me," John Manley, alto, "O Soli Mio," Alvin Steed, cornet, "Let Me Call You Sweetheart," Alfred Valentine, baritone, "Swanee River," Lester Plasky, saxophone, selected, Gerth Thiek, cornet, "Believe Me If All Those Endearing Young Charms," Robert Thiek, cornet, "The Rosary," Victor Moresau, clarinet, selected, Short Band Program.

Wolf Hunters Are Unlucky. Gladstone, Jan. 16 (Special)—About twenty hunters, including Deputy Game Warden John Vestine of Munising, State Trapper Walker of Strong and Warden Charles Coon of this city, returned tonight from the woods and plains near Stonington where they spent the first day of their two-day wolf hunting trip.

Augmented by about twenty or thirty more hunters, the party will leave again early Sunday morning to continue the hunt. The hunt will be carried on in the Stonington locality, and probably will be shifted to the Alton district during the day.

According to the hunters, three of the four wolf hounds used in the hunt performed remarkably well. The fourth dog, they said, on several occasions left the wolf tracks to chase for several hundred yards deer that happened to appear on the scene. The dogs were in charge of Trapper Walker.

They reported seeing a large number of wolf tracks, but none of the party saw any of the animals during the day.

SOCIAL

Old-Time Dance. The North Star society will give an old-time dancing party Tuesday evening, January 19, at the North Star hall.

HAYMAKERS THAT MADE HISTORY

Leonard's Sensational Win Over Mitchell

BY JOE WILLIAMS Ritchie Mitchell, a lean, hungry-looking youngster with a nose like a grappling iron and long arms that waded like willows in a wind, gave one of the most remarkable exhibitions of ring recovery the boxing world had ever seen when, after being felled three times in less than a minute, he rose to send Champion Benny Leonard crashing to the canvas with a left hook that came within a single second of crowning a new lightweight champion.

Four clean knockdowns as crammed full of drama as a Shakespearean play combined to make that first round at old Madison Square Garden, New York, on the night of January 14, 1921, as spectacular a scene as you could find since John L. pulled leather over his gnarled knuckles.

NAHMA LEGION BEATS CARDS

Last Minute Rally Gives Mill Town Veterans 19-18 Victory.

NAHMA, Jan. 16.—(Special)—The Nahma Legion nosed out the Escanaba Cardinals in the last minute of play, here tonight, winning a hard-fought basketball game by a score of 19 to 18.

Table with columns: NAHMA (19), B, F, TP. Rows: Ranguette, Grand, Camp, Malcolm, Tatro, W. Ranguette.

THE REFEREE

How long has Earl Smith, Pittsburgh catcher, been in the majors and with what teams has he played?—F. G. R.

Such information as could be gathered indicated that Gillette was responsible for this condition. Piteous and appealing letters to Gillette were found and produced. She begged him to marry her, but he was engaged to a prominent young society girl and apparently decided to be rid of his factory girl. He was convicted and the entire nation was aroused by the details of what made a most sensational newspaper story.

Record Established in Maine Dog Race

Poland Springs, Me., Jan. 16.—(AP)—What was believed to be a world's record for a 40-mile dog race was established here today when Arthur Walden's team, headed by the veteran Chinook, won the dog derby of the New England sled club in the time of four hours, one minute and 55 seconds.

CORAL GABLES WINS

Coral Gables, Fla., Jan. 16.—(AP)—After trailing for three periods, the Coral Gables Collegiate today defeated the New York Giants, 14 to 13, in a professional football game.

BILLY EVANS SAYS

UNIQUE RECORD

Ernie Johnson, utility infielder of the New York Americans, is to go back to the minors as player-manager of a Pacific coast league club. Strangely enough he came from just such a berth when he joined the Chicago White Sox. At that time he managed and played short for Salt Lake City.

Johnson is a smart ball player. He is fast, a good baserunner and a mighty dangerous man at the plate. He's tough in the pinch.

PINCH HITTER ROLE

While Johnson at various times filled in as substitute for short in intervals, his greatest asset was the ability to hit in the pinch. For the past two years he earned most of his salary in that capacity.

In Johnson's opinion too many pinch hitters fail to do the very thing they are sent to the plate for—hit. Getting the pitcher in the hole, instead of whaling away at the crippler they start to think about a base on balls.

DIFFICULT TASK

There really is no more difficult role in baseball than that of the pinch hitter.

Helfrich Ruled Out in Fordham U. Races

New York, Jan. 16.—(AP)—Alan Helfrich, former Penn State middle distance star now running under the colors of the New York A. C., was disqualified in the special invitation half-mile, feature event at the Fordham university indoor games tonight, for cutting in on the last turn.

High School Youth Breaks Rifle Mark

Newton, Mass., Jan. 16.—(AP)—L. Samuel Moore, 17-year-old Newton high school senior, completed nearly eight hours of continuous rifle shooting to his credit but uncertain whether he had captured another Moore, firing a 22 caliber rifle at a 50-foot range, from prone position, under the supervision of officials of the Boston Rifle and Revolver association, scored 24 consecutive "A" bulls eyes. This is a new record for junior marksmen.

Slattery Defeats Todd of England

Boston, Jan. 16.—(AP)—Jimmy Slattery of Buffalo, N. Y., won a judges' decision over Roland Todd of England in their ten-round bout here tonight. Slattery weighed in at 164 and Todd at 162.

PRINCETON BEATS YALE

Princeton, N. J., Jan. 16.—(AP)—Princeton defeated Yale, 30 to 14, here tonight in an intercollegiate basketball game.

PETER DUBE TO EXHIBIT SPEED

Escanaba Skater Booked for Exhibition at Iron Mountain.

Iron Mountain Jan. 16.—Two interesting events will be held Sunday afternoon at the Crystal Lake skating rink.

The rink is being maintained jointly by the city and the Ford Motor company. Lights were being installed today and the area was re-flooded this afternoon.

The NUT CRACKER

The golf regulations have been changed so that 32 players instead of 16 will qualify in the national amateur next summer. This merely means Bobby Jones will finish ahead of 32 players next summer instead of 16.

So Helen Wills has been ranked first among the women tennis players. Well sir, wonders will never cease, as the fellow said.

Personally we think it most unwell to ask how Miss Wills ever managed to be good looking and a tennis champion at one and the same time.

Despite the fact that Joe Sewell is one of the steadiest short-stoppers in the business, the records show he had more assists than anybody else last season.

TODAY'S RADIO

SUNDAY JANUARY 17. BEST PICK. WENR (266) 2—Classical, 9:30—Poplar.

NATIONAL BALL ASS'N ELECTS

Detroit, Jan. 16.—(AP)—Virgil E. Zetterlind of Detroit, who was vice president of the National Baseball Federation, was advanced to the presidency, succeeding Ralph Davis of Pittsburgh at today's session of the federation's annual convention.

The federation voted to make the semi-professional class triple "A" a separate organization. It decided also to hold the next annual convention, at Philadelphia, a month later than usual to take advantage of dates on which major league clubs are idle.

Coach Rockne Feeds Team Sugar During Half Intermissions. South Bend—At least one of the myriad of legends, some true, some ridiculous, to which the football coaching tactics of Knute Rockne, Notre Dame athletic director, have given rise finds sound basis in modern dietetics.

One of football's ever-recurring mysteries to spectators is what really transpires in dressing rooms between halves of any game, but especially at the intersectional combats which for several years have been the weekly task of Notre Dame gridiron squads.

The canny individuals who, after a first half not so brilliant as is the team's wont, accompany with a knowing wink their convincing conjectures of "I'll bet Rockne is laying the lash on those guys" would be somewhat surprised. They would see the Notre Dame mentor filing in and out among the benches of the dressing room, bestowing a paternal pat on the back here and a friendly suggestion there, but invariably handing his perspiring athletes, whether they be illustrious "Horsemen" or the veriest tyros, a couple of lumps of sugar.

The method of company commanders in reviewing troops after long marches by judicious use of sugar, milk chocolate, and concentrated carbohydrates have been transplanted by the intrepid Rockne to the football dressing room. The results are equally effective.

Strict, sensible conditioning of good material, expert field generalship, instantly formed interference behind perfectly timed plays, constant maintenance of a real triple threat, and, not the least important—two lumps of sugar between halves—seem to be the components of the Rockne mystic potion for gridiron pre-eminence.

Belmont Futurity Now Richest Stake

New York, Jan. 16.—(AP)—The Belmont futurity, autumn racing classic for two-year-old thoroughbreds, will have a value in excess of \$130,000 for 1928, and as such will be the richest stake event ever contested for in any country, the Westchester Racing association disclosed today. The futurity last fall, won by Powpey, had a value of approximately \$75,000.

PURDUE WRESTLERS WIN

Chicago, Jan. 16.—(AP)—Purdue wrestlers defeated Northwestern University grapplers, 21 to 2, in a Western Conference contest at Evanston today. Purdue took everything except the 158 pound class, in which Northwestern won a decision.

FAMOUS FEATS

COLLEGE STARS ART CARLSON. CRAIG EQUALS RECORD. One of the best sprinters of 30 years ago was Bernie Wefers of Georgetown university. Wefers was greatest over the 220-yard distance.

On May 30, 1896, Wefers tripped the furlong event in 21 1-5 seconds, banking up a collegiate record. So brilliant was the Georgetown boy's performance no campus pastime was even able to equal it until almost 15 years later.

Then again came Ralph Craig, the Michigan flyer. Craig started out as a hurdler but proved so speedy he was switched to the sprint events, making good with a vengeance.

At the eastern intercollegiate at Philadelphia in 1910 Craig leaped into track fame by doing the "220" in 21 1-5, equalling the mark set by Wefers years before.

The following year the Michigan flyer showed his effort was no fluke by duplicating the performance. This time at Cambridge, Mass. He performed the unusual feat of twice tying the collegiate mark in successive seasons. The record still stands as the best on the college books.

It was later tied by both Don Lippincott of Penn and Howard Drew, the colored star from Southern California. Lippincott hung up his mark in 1913 and Drew the next year.

Ralph Craig, in case you don't know, was the first of the famous Craig boys, who made athletic history by breaking into the spotlight mainly as a footballer, playing halfback on the 1911-12 Michigan eleven. He was chosen on the late Walter Camp's All-America one's season.

Stribling Worried About Fighting and Attending College

New York, Jan. 16.—(AP)—The problem of trying to get a college education without giving up his boxing career is harassing Young Stribling, now that his honeymoon in New York is at an end. Stribling expressed a desire to take up studies at the University of Georgia but added: "Of course I would want to keep up my boxing and I am afraid that I would be dismissed if I cut classes to fight."

BY THE NEA BOOK SURVEY

Whether or not this news please the ears of prohibition agents, the drinking song has found a definite place in literature.

If prohibition is ever achieved there still will be those who can "sing to thee only with mine eyes." And these songs, many penned by immortals, have been collected in a volume, so splendidly illustrated with merry sketches by Edward A. Wilson, that the most persistent padlock would find pleasure in it.

Rye whiskey is blamed for the fact that America produced so few drinking songs. Such verses grew more from "light wines and beer" or even hard cider. Oliver Wendell Holmes, the celebrated philosopher, did break into a fine song and, in later days, Florida, Christopher Morley and Don Marquis contributed their shares.

Readers are always interested in the real life incident that furnished an author with material for a novel. In the case of Theodore Dreiser's much discussed "American Tragedy" the Chester Gillette murder trial of some twenty years ago has been paralleled almost to the exact detail.

A lake had been found drowned in a lake in the Adirondacks. Her head and face had been battered. She was identified as a young worker in a factory operated by wealthy relatives of Gillette. A strong circumstantial case was made against young Gillette. He had been familiar with the girl whose condition indicated that she was about to become a mother.

United Cigar Store

Open 6 a. m. to 12 p. m. for a good smoke is easily satisfied by a visit to the United. If It's On The Market, We've Got It.

NORRIS FLAYS CAL COOLIDGE

Washington, Jan. 16.—(AP)—President Coolidge was charged the senate today by Senator Norris, Republican, Nebraska, with violating the laws of the land through secret understanding with his appointees to independent commissions.

Speaking in behalf of resolutions for the investigation of the tariff commission, Senator Norris declared that the president belonged to the group that believed the commission should be used for partisan purposes and that he had used his high office to misconstruct the letter and spirit of the tariff law.

Cites Lewis' Appointment
He charged that Mr. Coolidge reappointed David J. Lewis, Democrat of Maryland, to the commission for political purposes but in bad faith. Before the appointment was made, the Nebraska senator said, the president requested Lewis to give him a blanket letter of resignation which the president would be authorized to execute at any time.

Although Lewis refused to give the letter, the senator added, the appointment was made. "I wonder how many more resignations President Coolidge is carrying around to hold over members of independent commissions," he continued.

"This is a very forceful method of influencing commissions."

Hadley Bank Bandits Are Held Under Bail

Lapeer, Mich., Jan. 16.—(AP)—Ball of \$5,000 was fixed for each of four men held for robbing the Citizens' bank of Hadley last Wednesday, when they demanded a \$25,000 ransom. Justice of the Peace N. C. Karr arraigned the men, three of whom were in bed suffering from wounds which resulted in their capture and the recovery of nearly \$5,000.

Andrew Barry, Benton Ford and Franklin Todd are recovering from their injuries and are expected to be able to appear in court for a hearing January 30. The fourth man, William Willard, was captured without shooting.

Latin-Americans Sent to Marquette for Clothing Theft

Kalamazoo, Mich., Jan. 16.—(AP)—Convicted of stealing \$700 in merchandise from a clothing store here, two Latin-Americans were today sentenced to from two to five years in Marquette penitentiary. The men, Alfonso Moreno, Argentine, and Luis Costello, Cuban, stuffed their suitcases with clothing while a clerk was busy at the cash register changing a bill of a large denomination.

Mgr. Mooney to Be Elevated in Catholic Church

Rome, Jan. 16.—(AP)—Monsignor Edward A. Mooney, spiritual director of the American college in Rome, recently named by the pope as apostolic delegate to India, will be consecrated titular archbishop on January 31. Cardinal Van Rossum will conduct the ceremony. Many friends of Monsignor Mooney will be present, high prelates, Indian students, students of the American college and residents of the diocese of Cleveland, Ohio, to which Monsignor Mooney once was attached.

Original Epitaph of Ben Franklin Given to Public

New York, Jan. 16.—(AP)—Benjamin Franklin's original epitaph, which had been kept hidden in the collection of a Chicago bookseller since its discovery 20 years ago, has been made public on the eve of Franklin's birthday tomorrow.

The inscription differs in only a few words and punctuation marks from the widely known epitaph of "Poor Richard". It follows: "The body of

B. Franklin. Printer. "Like the cover of an old book 'tis contents turn out.

And strip of its lettering and gilding "Lies here food for worms. But the work shall not be wholly lost

"For it will, as he believed appear once more, In a new and more perfect edition. "Corrected and amended. By the author."

Opera in New York to Stand on Own Musical Feet--Kahn

New York, Jan. 16.—(AP)—Opera in New York can stand now on its own musical legs, without the necessity of being a social event. Supported by the general public on purely artistic grounds, opera is not solely dependent upon the diamond horseshoe whose wealth has made possible the production of opera for more than half a century. That is the opinion expressed today by those associated with Otto Kahn and his colleagues in the project for a new Metropolitan Opera House.

Plans for a new home for opera will not permit the ownership of boxes by estates. Since between twenty and twenty-five per cent of the boxes of the present Metropolitan are owned by estates, a newer diamond horseshoe may find missing some of the socially prominent. Hereafter, boxes may only be leased.

It was stated by Kahn's friends that if certain representatives of "first families" drop out and refuse to enter into the new scheme, he believes there will be others of "equal quality" to step in and fill the gaps in the ranks.

Muskegon, Detroit Bid for 'Y' Meet

Kalamazoo, Mich., Jan. 16.—(AP)—Detroit or Muskegon will get the 1937 convention of the Michigan State Y. M. C. A. It was decided today at the closing session of the fifty-first annual meeting here.

Both cities entered the race for the next convention, but a final decision was left to the executive board meeting in May.

C. E. Allinger of Detroit was elected president and V. O. Nelson, Ann Arbor, secretary. Other officials are appointive. The two-day conference was attended by nearly 200 delegates from all sections of the state.

P. H. Connell, veteran C. & N. W. conductor, left last night for Chicago enroute to Indianapolis to visit his sister, Mrs. Charles Sandberg. From there he will go to Mena, Ark., to visit his brother, J. E. Connell, and family. Continuing his three months' trip, Mr. Connell will go to Miami, Fla., to visit friends; will attend the Mardi Gras festival in New Orleans; then will go to Los Angeles to spend the remainder of the winter.

Use Sanoline for cleaning painted walls, windows and furniture. Phone 244-W and sample will be delivered to you. 7886-17-3t.

Mr. and Mrs. C. M. Thatcher left last night for Los Angeles, Cal., where they will spend the remainder of the winter.

attention and information will be gladly given. 7887-17-2t.

Put your best effort in the making of a plaque for the picture you love best. Lessons will begin early this week. Make your application at the Anna K. Fax Shop and Studio.

In the rug making—we have a nicely curved little hook, best adapted to the use of rags—the kind that was so well liked in the olden days—when Mother used up all the odds and ends. Designs will be made for the use of rags—as well as of yarn. Any

Realtor in Detroit Killed by Robbers

Detroit, Jan. 16.—(AP)—Leo J. Zieske, well-to-do realtor, was shot dead tonight in a scuffle with four men who attempted to rob him. Telephone wires to his office had been cut beforehand. No money was obtained by the robbers, who clubbed Zieske's aged mother when she ran to spread the alarm.

FADA Radio

WHY WAIT FOR TOMORROW LISTEN IN TODAY!

WAITING for someone to invent a better radio than Fada Radio is like saying—"I won't buy a car yet—we'll all be driving planes one of these days!"

Waiting Time is Wasted Time When Joy is on the Air!

"Fada Radio—the Standard of Reception" promises these things and proves them!

Splendid clarity and tonal values—Absolute control of volume—Ability to get remarkable distances—Certainty and ease in tuning in and tuning out—A demonstration of these qualities in your home or at our Escanaba Fada Agency, and without obligation—A Fada Service that guarantees satisfaction.

If You Waited Fifty Years You Couldn't Improve on That

Call up the local Authorized Fada Dealer, 409 South 14th street, Phone 1199-W, and ask him to demonstrate Fada Radio in your home tonight. Try it before you buy it—let your "listening-in" decide!

Our Escanaba Fada dealer will be glad to arrange convenient terms of payment. Send for the book F. "Fada Radio—the Standard of Reception."

F. A. D. ANDREA, INC.

CHICAGO NEW YORK SAN FRANCISCO
Fada Radio, Ltd.—Toronto Fada Radio, Ltd.—London

Manufacturers of TUNED RADIO FREQUENCY receivers using the highly efficient NEUTRODYNE principle

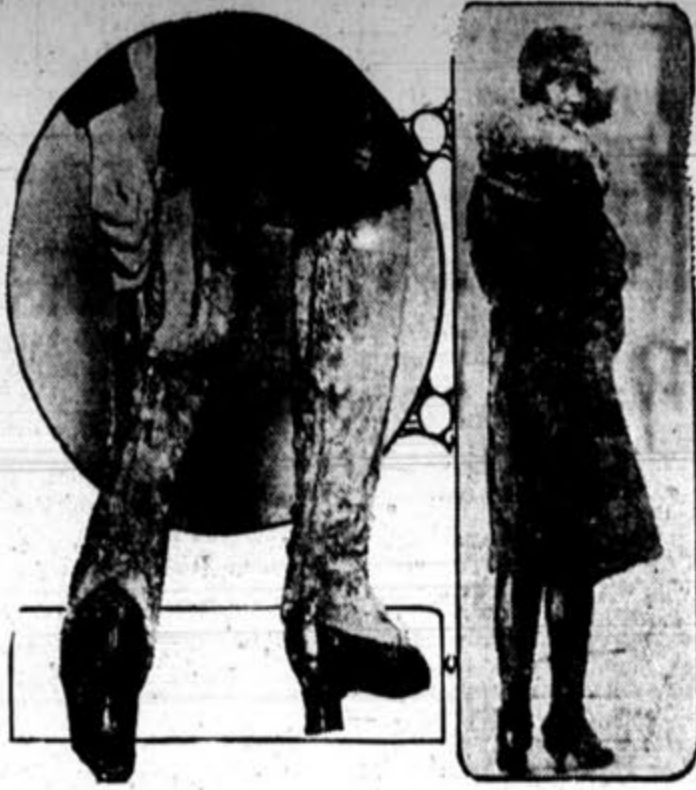

There is a Fada Radio model for every purse—all 5-tube Neutrodyne sets for dry cell or storage battery tubes, from \$85 to Art Cabinet models up to \$300. Illustrated is the Neutrola. Some with cabinet.

NOW THEY AREN'T SPEAKING—When Mrs. Virginia Le Gette married Willbur Le Gette in 1920 she was a rich San Francisco society woman. Now she's prosecuting him for obtaining money under false pretenses and suing for annulment of her marriage, charging that he hadn't divorced his first wife when he married her.

CHOPS IN—Irene Rosenius is keeping her pledge to swim every day in practice for her attempt to swim the English channel. She had to chop space through the ice the other day near her home in Winthrop, Mass.

FURS WHERE THEY OUGHT TO BE—Fur stockings in Musquash are the latest in Paris. Left picture shows how they are held by an automatic steel fastener.

MOTOR SKATES—Herr Gebhart, Munich inventor, is demonstrating his motorized roller skates.

SHE'S THE ENTIRE STAFF—Miss Mattie Thomas, 53, is the entire reportorial staff of the Eufaula, Ala., Daily Citizen. She covers the town with the aid of her bicycle, which she has been riding for the past 28 years.

KITTIES CAPTURE KLUB'S CROWNS—Mrs. Ramon Fiva with "Pussy Blossom" and "Ramona" who won the blue ribbons at the 24th annual show of the Atlantic Cat Club.

HAIR PARTED—Patrolman O. B. Flaherty of Kansas City, Mo., went into the Argyle State bank and stopped three bandits who had taken \$20,000 and locked the clerks in the vault. One of the bandits shot at him and the bullet pierced his cap just above the badge, parting his hair but leaving him unharmed. The hole in the cap can be seen in the picture.

IT'S THE "TOTEM TOKEN" NOW—Miss Lillian Tashman, Hollywood actress, claims to have the most photographed legs of any member of the movie colony. Here she's demonstrating her latest fad—"totem tokens," little things that are worn strapped to the knee. Inset shows what they're like at close range.

SOLVES PROBLEM—Kathleen Key, descendant of Francis Scott Key, has solved the problem that confronts every girl: "What to do with dumbbells?" In this day of soft shiks and catlike exiles, the dumbbell is a menace to every girl who craves action. "I swing 'em," says Miss Key. And, lo and behold, here she's ready for action.

IRVING BERLIN'S LATEST HIT—Irving Berlin and the girl who used to be Ella Mackay posed in their billing and coiffing at the Ritz-Carlton at Atlantic City long enough to pose for photographers.

SAFE IN PEN—Hasty transfer to the state penitentiary at Frankfort, Ky., was about all that saved R. C. Davis (above) and Tom Brown (below) from being lynched by infuriated citizens of Lexington, Ky., after the two were arrested charged with the murder of Nelson Fant during a hold-up. The two will remain in the penitentiary until time for their trial.

HE'S TALLEST—Charles Snyder, Barberton, O., who claims to be the state's tallest man, sleeps in a specially built bed and spends the greater part of his life ducking chandeliers and low bridges. He is seven feet four inches tall.

Bee Jackson (above), demonstrates the Charleston, which she insists is an aid to beauty. At the left, however, Mrs. W. L. Keep shows the "pter handle silhouette," which she predicts will be the result of too much Charleston.

UPHELD—Rabbi Stephen S. Wise, who created a sensation in Jewish circles by his declaration that Jesus was a man, not a myth, has been refused by the Palestine Foundation.

MARRIAGE-MATES CAPTURE SOUL-MATES—The husband of Mrs. Anthony Rafti (left) and the wife of Abraham Ubrow (right) trailed their mates from New York to Philadelphia, where they had them arrested on Mann act charges. Ubrow was pummeled by Rafti in the court corridor. Mrs. Rafti preferred jail to bail offered by her husband.

FIREFIGHTERS DESTROY STORE AT COOKS

While most of the town was attending a basketball game and dancing at the Inwood township high school, fire broke out in the little hamlet of Cooks, completely destroying the two-story frame building which housed a general store, the United States postoffice, and the residence of the postmaster, Edward Deloria. The disastrous blaze started shortly before 11 o'clock Friday night. Before it could be checked, it had gazed the structure, causing damage estimated up to \$9,000. All postoffice records, newspapers in the store, and household furnishings of the postmaster's house was burned, and only two sacks of mail were saved from the burning postoffice.

PRESENCE OF MINERALS LEAD TO INVESTIGATIONS AT SEUL CHOIX; C. C. TO HEAR REPORT

Once the center of a mining industry that supported a settlement of 1,000 people, now dwindled to a few dwellings, the isolated, picturesque, rocky point known as Seul Choix, promises to again become prominent in public interest, through mineral investigations being conducted in that vicinity.

ELKS BOWLERS CONSIDER TILT WITH GLADSTONE

With Dr. Southard leading the barrage, the Pirates took the long end of the match from the Lions. "Doc" hit the maples for a total of 588 for an average of .196. Tip Tiggers also won two out of three from the Glants. The Cubs were full of fight with Thomas and W. S. Crowe hitting the maples for averages of 160 and 186, respectively, and took the Bear Cats into camp.

Remell registered high score for the week with a count of 213 with Southard second with 211. The members were pleased to see Dr. Mead back in the game, and henceforth he will be seen bowling with Ludlow's Glants.

DELPHIAN SOCIETY GATHERS MONDAY

A meeting of the Delphian society will be held at Manistique Monday, January 18, at the home of Mrs. A. S. Putnam. The subject tomorrow will be "The Artistic and Classical School of Poets" and the assignments are as follows:

Preparatory Reading - Mrs. Gordon Shipman.
 Dryden's Satires, Part VIII.
 156 - Mrs. W. L. Middlebrook.
 Milton and Alexander's Feast, Part VIII, 159 - Mrs. A. S. Putnam.

Pope's Life, Part VIII, 164 - Mrs. W. S. Crowe.
 Eloise to Abelard, Part VIII, 166 - Miss Mary McLellan.
 From the Rape of the Lock, Part VIII, 167, Mrs. Frank Murray.

From Essay on Man, Part VIII, 171 - Miss Mary Mitchell.
 Satire on Addison, Part VIII, 172 - Mrs. Russell Wilson.

CARD OF THANKS.
 We wish to express our thanks for all the help, sympathy and flowers given us during the illness and at the time of the death of our daughter, Mildred, Mrs. Jennie Oliver, Miss Gertrude Oliver, 7884-17-11.

Funeral services will be held at Manistique on Monday for Mrs. Josephine Carrow, 70, who passed away Thursday at her home on the River road. The burial rites will be conducted at St. Francis de Sales church tomorrow morning, with interment in Lakeview cemetery.

S. O. S. ON SHORT END; MUST GIVE BANQUET MON.

The last match between the ten leading bowlers in the Elks' League was won by Forshar's S. O. S., by a margin of 184 pins. However, they could not overcome the lead gained by their rivals in the second match and fell short 127 on total pins.

Remell hung up a new high score for the season with 266, smashing the previous record of Walter Drevdahl of 250. Vic started out with a split and then hit the maples for nine straight strikes. Remell was the star performer during the entire series, gathering an average of 197.

Daniel Perry tumbled enough pins in the last match for an average of 181.

Although losing the series, Forshar's aggregation will collect the fine levied, for the team having the largest number of blows, the winners having 79 of them chalked against them.

Members of both teams are asked to be present at the dinner given by the losing team, which will be at the Ossawanimakee hotel Monday evening.

MRS. KANNEY GIVES TALK AT MEETING

A fine talk on "Physical Defects and Chronic Abnormalities Found Among School Children," was given by Mrs. M. Kanney, school nurse, at the regular meeting of the Eastern unit, Parent-Teachers association held Wednesday night at the East. End school, Miss Empson's room.

The meeting which was thoroughly interesting and enjoyable was attended by a large number of fathers and mothers.

The meeting was opened by Mrs. Henry Rosenblum, president, and the routine business was given attention.

Two numbers were given by the High school string orchestra, with Mr. Murphy leading, and "America," sung by the assembly, followed.

Mrs. Kanney's talk, the next number, was an interesting resume of the conditions as she has found them in her experience as a school nurse.

She told of the number of records on file at her office, of suspects found during the past nine months and showing that among the chronic abnormal conditions found in general are defective vision, hearing, heart disturbances, tonsil and adenoid growths and decayed teeth.

Mrs. Kanney went into detail on the goitre problem, giving percentages of suspects in a survey made by her in the spring of 1934, and reading a message of Dr. Olin, state health commission, given by radio in November.

She spoke in detail of abnormalities of the eye, defective vision, percentage of suspects on record, illustrating with black-board drawings and explaining vision tests given at school.

In conclusion she spoke of the

BANQUET MARKS ANNIVERSARY OF COTERIE

The Coterie observance of the thirtieth anniversary of its organization Friday night at an anniversary banquet served in the Community building auditorium.

Members of the Coterie, their husbands, or another guest in cases in which the husbands of members were unable to be present, were at the banquet.

The tables were attractively decorated with cut flowers carrying out a color scheme of red and white and the same colors were in the caps and aprons worn by the daughters of the Coterie who served.

The banquet was served at 7 o'clock. At the close of the banquet-an enjoyable program was given with Mrs. A. H. Miller, Coterie president, acting as toastmistress.

A poem written by Mrs. William Marble and Mrs. Paul Bushong and given by Mrs. C. W. L. Faver, and the history of the Coterie by Mrs. Webster Marble were features of the program.

Greetings from members who now live away from here included messages from Mrs. Sam Goldstein of St. Paul and Mrs. Charles Mason of southern Michigan.

At the close of the program numbers a social time was enjoyed with games and card contests of lotto and bridge.

Mrs. Empson Chairman.
 Mrs. G. R. Empson was chairman of the committee in charge of the enjoyable affair and assisting here were Mesdames J. D. Staple, J. F. Card, C. H. Teague and A. H. Miller.

COMMITTEES APPOINTED AT POST MEETING

Forty service men were out for the regular meeting of August Mattson post, American Legion, held Friday night at the legion club rooms in Wasa hall.
 A large number of the service men signed up for the year at Friday's meeting and a number of others signified their intention of doing so at the next regular meeting.
 Appointment of three members of the executive board, who with the officers form the personnel of the board, was made. They are: Ole Westcott, William Green and Cliff Murker.
 A welfare committee of two members, Hilding Granberg and Helmer Skogquist was also appointed. This committee will work in assistance to any former service man needing help.
 Following the business meeting a smoker was held and lunch was served.
 Initiation of a large number of men will be held at the next regular meeting, Friday, January 29.

Auxiliary Meets Wednesday Night

The social meeting of the Ladies' Auxiliary to the Brotherhood of Railway Trainmen has been postponed until Wednesday evening, January 20. The meeting will be held at the home of Mrs. Allen Gillis, Wisconsin avenue. Mrs. Gillis and Mrs. Leslie Davis will be hostesses.

Degree of Honor Meeting Monday

A Degree of Honor meeting will be held Monday evening, January 18, at the Community lodge rooms. The meeting will be called to order at 8 o'clock. All members are urged to be present.

Services will be conducted this afternoon at Masonville, Rev. H. W. Colenso, pastor of Alice Memorial Methodist church, announced yesterday. The services will begin at 3:30 o'clock.
 Bent the Classified Way.

THEATRES

"EAST OF SUEZ"

"East of Suez," a new Paramount picture starring Pola Negri, opens Monday at the Community theatre for a run of two days.
 The screen play, produced by Raoul Walsh from Sada Cowan's adaptation of the stage play of the same name by Somerset Maugham, features Edmund Lowe, Rockcliffe Fellowes and Noah Beery in support of the star.
 Pola Negri as Daisy is the girl around whom the theme is woven. The story opens with her enroute to her father in China. She has not seen him since she was eight years old. On the boat, George Teris (Edmund Lowe) and Harry Anderson, played by Rockcliffe Fellowes make love to her. She is attracted to the former.
 Inspections were completed last week under the direction of Dr. D. N. Kee, health officer. These inspections will be made regularly and milk analyses will be made regularly in the city laboratory by Miss Flora LaRoche.
 The permits now being used issued expire May 1, at which time they may be renewed upon application provided the conditions prescribed are continued.

COMING MONDAY.

"Heads Up!," a rare combination of burlesque, adventure, romance and melodrama, comes to the Lyric theatre for a two day run on Monday with Maurice (Lefty) Flynn in the stellar role and a corking cast in support. Harry Garson produced and directed this F. B. O. picture, and it is a whale of a show, according to all accounts from the coast, where it was accorded a big reception at its opening showings. The story, by A. B. Barringer, was adapted for the screen by Rob Wagner. Author and Scenarist have combined to give the popular and athletic Lefty a splendid vehicle in which to display his ability. Mr. Flynn's scenes in which he impersonates the effeminate Commandante of the South American prison are superb comedy. Altogether "Heads Up" is the sort of a picture in which the former Yale athlete ought always to appear, for he has at his command a talent for burlesque that is not often equalled, as well as the ability and physical size to make his thrilling scenes stand out in bold relief.

AT THE LYRIC.

"Wages for Wives," the William Fox production of the John Golden success, "Chickenfeed," comes to the Lyric theatre today. This clever comedy drama is based on the moot question of whether wives should be paid for their household services or not. It is filled with laugh-provoking situations and the characters are very real indeed. So real are they in fact that more than one member of the audience will recognize their next-door neighbor among them.
 The argument, upon which the story is based, arises on the day of Nell Bailey's wedding, when her father discovers her mother has held out on the premium payments to provide Nell's trousseau—and her mother discovers that her father has borrowed on the policy itself to invest in non-too-certain bonds.

MILK PERMITS TO BE ISSUED AT CITY HALL

In keeping the standard of milk used in Gladstone at a high grade, the city administration has adopted a permit system whereby all producers and dealers are required to make application for a permit to carry on the business.
 The permit application gives the privilege of selling milk in the city provided the dealer conforms with the provisions of Ordinance Number 140, dealing with the matter, and follows the regulations of the Board of Health.
 These permits carry no license fee with them, but they must be obtained by all dealers. They have no connection with the pedler's license which is required of outside companies which may come into the city to sell milk.
 Two applications have already been received and this week will be given other dealers to secure their permits.

Building and Loan Enjoys Prosperous Six-Month Period

The Detroit and Northern Michigan Building and Loan association has completed a successful six months period, according to figures set forth in its financial statement appearing in today's Press.
 The total assets of \$7,144,352.37 show an increase of \$271,984.59 since June 30, 1925. The increase for the entire year 1925 is \$456,267.28.

Building and Loan Enjoys Prosperous Six-Month Period

During the period under review the association paid the holders of prepaid stock, dividends in cash aggregating \$63,757.00, while dividends amounting to \$106,536.38 were added to the accounts of the installment stockholders, making a combined total of \$160,293.38, or \$5,000 greater than the total for the previous period.
 The general reserve received an addition of \$20,442.55 and now stands at \$235,259.37, emphasizing the growing stability of the institution.
 Real estate held by the association has been decreased by \$42,811.45, brought about by sale of houses to people desiring to own their home and to discontinue accumulating rent receipts.
 Evidence of the usefulness of the association to the home-builder is brought to light by the increase of over \$490,000 in first mortgages

throughout the upper peninsula, Detroit and Flint.

Several years ago, practically all business of the association was confined to the Copper Country, especially loans. Since, however, the officers and directors, in endeavoring to keep the organization in harmony with the ever changing conditions of the business world, decided to extend the operations of the association, to include the growing and more prosperous cities, such as Detroit and Flint, where today there is over 81 per cent of the total loans and contracts. The financial statement published elsewhere in this issue shows the complete distribution.
 As further evidence of the continued confidence placed in the association and the management, its installment and prepaid stock increased \$196,418.59.
 From all indications, sound business conditions will continue throughout the country, and the officers of the association view the future with satisfaction and look forward to the opportunity of being of greater service in many communities.

ST. FRANCIS HOSPITAL.

Miss Belle Center of Flat Rock who submitted to an operation Friday evening is as well as can be expected.
 The condition of Fr. Daniel Linfert is slightly improved.
 The patients who returned to their homes yesterday were Miss Mary Hink, Mrs. Peter Kallin and Mrs. M. J. Holmes.

Pasteurization Helps Prevents Tuberculosis

Dr. Linsly R. Williams, National Tuberculosis Association, New York City, highly recommends pasteurization in the following statement:

"The National Tuberculosis Association has constantly recommended the general pasteurization of milk as a useful measure in preventing tuberculosis. We constantly recommend the use of pasteurized milk and statements are made in many of our pamphlets, urging that milk be pasteurized before using. . . ."
LIED'S MILK IS PURE, SWEET, SAFE, PASTEURIZED MILK.

Always a Wise Now Investment Better than ever before

Dodge Brothers, Inc. have announced astonishingly low new prices.
 They have announced important refinements in their product. Always building an exceptional car, they are now building better than ever.
 Better in many ways—in beauty, comfort, driving vision, engine smoothness, snap, elasticity and getaway.
 The simultaneous offering of lower prices and vital improvements is made possible by a gigantic expansion of buildings and equipment.
 Ten million dollars so invested permit great savings through vastly increased volume and efficiency.
 Part of these savings goes into further betterment of the car. The other part goes directly back to the buyer—in the form of a price reduction that staggered the industry.
 Those who chose Dodge Brothers Motor Car in the past invested their money wisely.
 Today they invest more wisely than ever before.

EDITORIAL

BLEA MAY TO A DIPLOMATY ATTACK RESENT

BY DAVID L. ... beneficially of Washington, Jan. 17. The speech of senator ...

I HAVE BEEN FAITHFUL. A Minneapolis nurse was being taken up to the operating room of a hospital where she was to undergo a serious operation, so serious, indeed, that it was doubtful whether or not she would live through the experience.

AN UNDEVELOPED RESOURCE. Some day the people of Escanaba and of the rest of the peninsula are going to fully awaken to the possibilities of developing this region as a winter resort, as well as a summer resort region.

A THOUGHT. Thou shalt not go up and down as a talisman among thy people: neither shalt thou stand against the blood of thy neighbor.—Lev. 19:16.

flourishing winter resorts of the east. The Detroit News, the other day, carried an editorial that pointedly commented on this undeveloped possibility.

Mr. Abiet put his finger on a fact that somebody some day is going to capitalize. Northern Michigan is not only a summer resort, it is a winter climate that beats Switzerland's.

Nurses seldom serve on committees of public welfare. Sick folk must be cared for at the time that committees are meeting.

The nurse does her work unheralded and unsung. Yet she will walk the streets of the city, take up their work where they left it, run for office, organize community drives, go back to church and straightway forget the minister of mercy, robed in white, who dragged them back from the edge of the grave.

Two billion years ago this earth was a part of a spiral nebula, according to a Chicago scientist. When he fixes the exact date perhaps Escanaba can start getting ready for a world's fair to celebrate the three billion anniversary.

M. P. Sawyer says that as a result of the boundary suit Menominee county is certain to get 97 islands now claimed by Wisconsin. Does that include the most historic of all Upper Peninsula battle grounds—Boom Island?

WINTERHOOD

BEGIN HERE TODAY BARBARA HAWLEY, 25, fills her spare time with her pen and ink. She is a writer for the Press, and has written a column for a roadside where a prominent man kills himself.

Barbara made some quick computations. "I think it will be admirable," she said to Miss Furnival. Before they left, she had written a check for the first month's rent.

Barbara rose nervously. The office was becoming heavy with gloom. Miss Furnival flashed one of her unexpected smiles at the girl. "Don't mind me. I don't mean to creak. You're young and have everything ahead of you."

Barbara ran to the telephone and called the Leader-Board. "Hello," she said a moment later. "I have a home of my own now and I'm dying to entertain somebody. Will you come to dinner with me Sunday?"

Barbara answered hotly. "The Press was rather an independent newspaper, Mr. Miller. That's one reason I liked to work for it. Mr. McDermott would print anything that was real news, no matter how it hit."

THE NEW BIRTH

Jesus answered, Verily, verily, I say unto thee, Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God.

BY WM. E. GIBROY, D. D. Editor of The Congregationalist. If there had been throughout history no questioners and doubters and anxious inquirers, the world would have had very much less light upon many things.

IN NEW YORK New York, Jan. 16.—In these winter days of short days and long nights, the New York night clubs are doing everything possible to make the days shorter and the nights longer.

TOM SIMS SAYS No one chair is too small for the newly married couple to sit together in. Most men who cuss congress forget to vote.

LYRICS OF LIFE

By Douglas Malloch THE OUTWARD LOOK. One window open unto heaven Is better than a hundred halls, Although the hand of Hambrandt even Find decorated all their walls.

HOW TO DANCE THE OLD DAN TUCKER

Illustration shows the "grand right and left, changing partners," and the inset sketch, the same as executed by four couples. Posed by Prof. Robert Burns, president Cleveland Dancing Teachers' Ass'n, Inc., and Mrs. Burns.

Old Dan Tucker is a regular good-time dance in which any numbers of couples may take part. Metronome is 112. Allemande left—eight bars. (Each gentleman turns lady at his left with right hand, then turns his own partner with his left hand.)

through an amusing circumstance rather than through any contract. It is probable that Warfield has turned down offers of startling amount. But the other day Maurice Campbell was shooting a scene on Central Park West when out of an apartment house door swung Warfield.

FRANK T. LODGE TO SPEAK HERE

Prominent Michigan Mason Coming for Educational Rally.

Frank T. Lodge, one of the leading figures in Michigan Masonry, will come to Escanaba, January 25, to deliver the principal address at the first "Masonic Educational Rally" ever held in the state.

The rally will open a series of similar gatherings to be held in Ishpeming and Crystal Falls in the Upper Peninsula, and a large number of Lower Peninsula cities.

Mr. Lodge is now chairman of the Michigan committee on Masonic Education. He is a leading Detroit attorney, and a speaker of unusual ability.

Masons of Escanaba, Manistee, Gladstone, Stephenson, Menominee and Norway are expected to attend.

The program will include a banquet at 6:30 p. m. and a program of vocal and instrumental music.

Mr. Lodge will be accompanied in Escanaba by some member of the state grand lodge and it is possible that Douglas D. Martin, secretary of the commission, also will be present. Mr. Martin is a former resident of this city.

Novel Program Is to Be Staged by Kiwanians Monday

The Escanaba Kiwanis club will participate in a decidedly novel program Monday.

The meeting will be held at the high school. Members will get their lunch at the cafeteria, maintained at the school for the convenience of students and teachers who are unable to go home, at noon, for their meals. Luncheon will be followed by a program, the nature of which R. E. Cheney, chairman of the education committee, has steadfastly declined to disclose.

"I think, however," he said, "that the members will find it interesting, entertaining and instructive."

Officers of the club are making a special effort for a "hundred percent" attendance.

Former School Head of Escanaba Is Now Selling Insurance

F. E. King, formerly superintendent of the Escanaba public schools, is now engaged in selling insurance with the firm of Howker and Biden, Lansing. From Escanaba Mr. King went to Marshall where he was superintendent of the public schools. From Marshall he went to Coldwater and from there to Lansing.

ADANAC FOUR HERE TUESDAY

The Adanac male quartet, well-known Canadian vocalists, the next number on the local Lyceum course, will appear here Tuesday, January 19.

This quartet was organized several years ago by H. Ruthven McDonald, noted Toronto basso, and under his able leadership it has secured enviable recognition throughout the United States and Canada.

Each member of the quartet is a skilled soloist, while the ensemble work of the group attains the perfect blend and unanimity of tone so essential to that type of singing.

The Adanacs sing with perfect ease and with a proper consideration for shading, while their dramatic effects are sure to thrill and please their audience.

The Adanac Male Quartet is considered one of the finest singing organizations in the Dominion of Canada.

Many Skaters Use Municipal Rink

The Escanaba municipal skating rink is attracting larger crowds this year than ever before. It has become necessary to flood the rink at the Yellow diamond almost every day. The officials in charge are satisfied to see so many people taking advantage of what the city is doing for them. Another rink is being made at the practice field in back of the high school. This field was leveled off last fall and was intended for a football practice field. It is hoped that there will be enough cold weather in the next week to make this rink ready for use within a short time.

Hot dog sandwiches are becoming popular in London.

M. B. JENSEN LEAVES STATE HIGHWAY FORCE

Takes Position With Manufacturer of Cement

Michael B. Jensen, assistant to District Engineer H. I. Davies of the state highway department here for the past five years, has taken a position as field agent for the Portland Cement association, with the entire upper peninsula of Michigan as his territory.

Mr. Jensen's resignation with the state highway department became effective on Friday and yesterday he assumed his new duties. He will continue to make Escanaba his headquarters, covering all sections of the peninsula out of this city. During his service as assistant

to District Engineer Davies at the Escanaba office, Mr. Jensen has been in charge of maintenance and construction on all trunk line highways in the peninsula and in that capacity has established an unusually wide acquaintance that will prove most valuable to him in his new work.

Through the resignation, R. Martin will succeed Mr. Jensen as maintenance engineer, and A. R. Shafer will succeed Mr. Martin as resident road engineer.

Conservation Group to Meet on Monday

George G. Geniesse, chairman of the conservation committee of the Escanaba Chamber of Commerce, has called a meeting of the committee for Monday, at 7:30 p. m., in the chamber's offices. It is understood that matters pertaining to regulation of

Fire in McEwen Building About 7:00 Last Night

The fire department was called out at about 7 o'clock last night by a fire in the rear of the George McEwen building, 300 Ludington street. The blaze which had started from inside the building had made good headway before it was discovered, with the result that the rear of the structure was badly burned.

The origin of the blaze is undetermined as the party who had been living there had not been at home for some time. It is thought that somebody had broken into the place for a smoke and had left a cigarette laying around.

commercial fishing and the enforcement of fishing laws will be among the topics discussed.
