

ASK DARROW TO DEFEND MARTY DURKIN

POLICY CHECKS TAXATION BILL, NOT SCHEDULES

MELLON IS AWAITING FINAL AGREEMENT.

BY DAVID LAWRENCE. (Copyright 1926, by the Escanaba Press.) Washington, Jan. 21.—Twenty six millions of dollars represents the difference between the amount by which Secretary Mellon has indicated that taxes should be reduced and the reduction proposed in the bill which the senate finance committee is about to report as the compromise between democrats and republicans.

Problem of Policy. The problem is one of policy rather than statistics. The treasury announced that it expected a surplus of about \$330,000,000 and that the taxpayers could be given the benefit of that surplus through diminished rates. Judging by past experience—and the treasury experts have been remarkably accurate in predicting incomes from particular groups—the new bill prepared by the senate finance committee would seem to absorb \$26,000,000 more than the \$330,000,000 limit.

Simmons Wants 26 Years. Incidentally the administration looks with disapproval on the suggestion that the sinking fund arrangement be changed so as to diminish the amount used to retire the public debt and divert some of the money for further tax reduction. Senator Simmons, the democratic leader on the finance committee, has proposed that a half percent instead of two and a half percent be used for the sinking fund and that the amount used for debt retirement be fixed at \$350,000,000 a year from money needed for interest. Thus he expects \$175,000,000 out of the payments by foreign governments to be used as a part of the \$350,000,000 and the difference needed each year would be made up by taxation.

Senator Simmons argues that his plan would retire the public debt in twenty six years. Mr. Mellon's plan of using a \$250,000,000 sinking fund as well as all payments from foreign governments and all surpluses to retire the public debt may do the trick in eighteen years. The argument of the Treasury is that it would delay passage of the bill to open up the whole question of changing the historic policy of the government on debt retirement. It is insisted, for instance, that the American government had better pay off the debt as quickly as possible while the dollar is cheap. In other words, the purchasing power of the dollar in 1917 was about 43 cents on the dollar. It is a little more than 62 cents now. If the dollar should go to par, it would require more effort and increase the burden of taxation in retiring the public debt in the opinion of Treasury officials.

Flexibility Needed. The administration, of course, has always felt that it should have flexibility in debt retirement so that if perchance the estimates on receipts did not come up to the expectations due to business conditions, there would always be a cushion to fall back on through the diminished payments on the public debt for a given year. Setting a \$350,000,000 limit would make the debt retirement policy rigid. There are indications, on the other hand, that Senator Simmons will explain his views to the senate in the hope of converting his colleagues to the advantages of the alternative scheme he presents.

Escanaba's Industrial Development Can Be Hastened

Recommendations for Advancement of City

Among the definite recommendations for Escanaba's advancement, following preliminary survey of The Pace company of Chicago, follow: A carefully planned, continuous campaign for the industrial development of Escanaba. A campaign of intensive, practical reforestation and conservation to save the timber resources of the Escanaba zone. A trade extension campaign that will cover the city of Escanaba and all of the district within a radius of fifty miles. Internal development work within Escanaba, among certain commercial and industrial institutions. An intensive, practical campaign of agricultural development, based upon a further survey of the conditions in the Escanaba zone. A campaign to bring about the standardization of production, grading and packing in the farm field of the Escanaba zone. The development of an efficient marketing system for the benefit of the farmers in the Escanaba zone or the connecting up of the farmers in this district with existing, effective marketing agencies. A practical and economical campaign for the various advantages of the Escanaba zone. A practical and sound campaign for colonization. Active cooperation with campaigns to develop waterway facilities, particularly the Great Lakes-St. Lawrence deep waterway. A study of the present tax situation as it affects the farm and timber lands in the Escanaba zone.

Prohibition Is a Joke, Says Senator Edwards in Wilmington Address

Wilmington, Del., Jan. 21.—(AP)—"Prohibition is a farce and every adult human being knows it," Senator Edwards, Democrat, New Jersey, declared in an address here tonight before the Delaware division of the Association Against the Prohibition Amendment. Describing the Volstead act as the "most despot, corrupt, tyrannical and autocratic piece of class legislation ever placed upon the statute books in a once free country," he said it was passed over President Wilson's veto "by a subservient congress" because a "sinister minority lobby of we are better than those enthusiasts set in the senate and house galleries juggling the destinies of legislators in the hollow of their hand."

Mrs. Seyburn Enters in Dodge Will Fight

Detroit, Jan. 21.—(AP)—Mrs. Wesson Seyburn, formerly Winifred Dodge, tonight joined her brother, John Duval Dodge, in his suit for a share in the estate of Anna Margaret Dodge, posthumous child of John F. Dodge. A probate court decision this week held that John Duval Dodge was entitled to share only in the real property of the deceased child, a share amounting to approximately \$1,100. An equal share in the personal property would amount to nearly \$2,000,000, it is estimated.

WEATHER table with columns for location and weather conditions.

PACE REPORT GIVES FACTS OF SITUATION

NEED CAMPAIGN TO REPLACE WANING INDUSTRIES. That Escanaba faces the absolute necessity of an aggressive industrial campaign for the replacement of now waning industries that could be induced to locate here because of low operating costs, rather than any relation to any of this district's raw materials, is the decision of the Pace company of Chicago, following an exhaustive preliminary industrial survey of the Escanaba field, which was submitted to a forum meeting of the Escanaba Chamber of Commerce last night by Anderson Pace, head of the Chicago company of industrial specialists. True Conditions Revealed. The report submitted to the Escanaba Chamber of Commerce by the Pace company proved a far more imposing array of facts than directors and members of the industrial committee of the Chamber of Commerce had believed possible. Facts relating to Escanaba were presented in the report as they were actually found by a corps of investigators engaged by the company, who spent six weeks in this field in the work assigned to them. Some of the facts developed were not complimentary to Escanaba, but all were assembled to provide definite program of action for the future to meet the situation. New Industries Obtainable. It was most aggressively pointed out by Mr. Pace last night that unless Escanaba is prepared to undertake the program that has been laid out with a firm determination to carry it through to a final conclusion, it would be useless to waste time, effort or money by engaging in the task. Against unfavorable facts, Mr. Pace was able to present other facts warranting a most definite belief that a properly directed and continuous effort on the part of Escanaba to secure the location of certain industries here will be successful. Broad Survey Made. Through the investigation of the experts conducting the survey which carried them not only throughout the peninsula but to Washington, New York, Chicago, Cleveland and other mid-western cities it was learned and definitely established that there is at present under way a movement of both large and small industries from congested centers to smaller cities. It was established that this movement is being carried out without any particular reference to the location of raw products, but solely for the purpose of bringing about lower manufacturing costs. In order to obtain the reaction of the larger manufacturers of the United States those in charge of the survey mailed a brief letter to national magazine advertisers in which the officers of those concerns were asked if

ROBBERS KILL MAN IN HOLDUP

Take \$6,300 From Express Office in New Jersey; Escape. Hackensack, N. J., Jan. 21.—(AP)—An American Railway Express company messenger was mortally wounded today by two young gunmen who looted the express office of \$6,300 and escaped. Police tonight were practically without clues. The express company office is in the heart of the city. A traffic policeman was on duty nearby and there were many witnesses of the affair. The messenger, Frank Brannon of Patterson, had brought the money from the People's Trust and Guaranty company, and from the office of the New York Telephone company for shipment. Two men followed him into the express office and shot him down as he stepped towards the cashier's cage. L. M. Tallmadge, office manager, pursued the two men from the office, but his pistol missed fire. The robbers escaped in an expensive automobile which a third man had waiting. Brannon died in a hospital. (Continued On Page Two.)

Coal Operators Desire Workable Contract, Claim

Philadelphia, Jan. 21.—(AP)—William J. Richards, president of the Philadelphia and Reading Coal and Iron company, one of the largest mining concerns in the anthracite region, in a statement tonight said that "the operators are united in their position in the present controversy" with the mine workers. While it was silent on the subject, it is believed the statement was a reply to the recent assertions of John L. Lewis, president of the United Mine Workers, that a settlement of the hard coal strike was being held up by a minority of producing companies. "If the region is to be prosperous," the statement adds, "a long term agreement is necessary. Any agreement reached must be workable and must stand the test of producing steady work for the mines. Therefore, it should provide a way to meet the economic conditions arising during the life of the contract." "The Philadelphia and Reading Coal and Iron company is in accord with the other operators in a desire to secure an agreement that will provide constant earnings for the workers, a dependable supply of coal for the consumers of our productions and prosperity from the region."

Wife Drops Suit When Hubby Gets Year's Sentence

Detroit, Jan. 21.—(AP)—Judge Guy A. Miller's court was thrown into confusion today when Mrs. Anna O'Keefe rushed in during a hearing and with tears running down her face exclaimed: "Don't send my husband to the workhouse, judge, please don't." The court gazed at her in astonishment. He had just sentenced her husband, Lawrence O'Keefe, a locomotive engineer, to a year in the Detroit house of correction for failure to pay \$1,950 temporary alimony upon the complaint of Mrs. O'Keefe. "It's up to you," said the court at the interruption. "You can take your choice, jail for him or take him home. But don't ever come into this court again with your marital difficulties." O'Keefe kissed his wife forthwith and even his mother-in-law. The three departed with the statement that they intended to take up family life again.

MID-WEST HIT BY COLD WAVE

Sub-Zero Temperatures Are Forecast for Today. Chicago, Jan. 21.—(AP)—The middle west tonight shivered in the grip of another cold wave, brought here in the teeth of a high northwest wind and moving rapidly eastward. Temperatures of five below zero were anticipated for Chicago by morning with zero temperatures expected in many sections of the middle west and north-west. The weather bureau held out hope, however, that the extreme cold snap will be short-lived and expected moderating temperatures by Sunday. Tonight the cold was general from the Rocky Mountains almost to the Ohio river and was moving on eastward with prospects for lowered temperatures as far as the Atlantic seaboard by tomorrow. COLD IN DETROIT. Detroit, Jan. 21.—(AP)—The comfortable weather of the past few days vanished abruptly today under a wave of cold that was expected to bring sub-zero weather to Detroit and lower Michigan before morning. "Much colder," said the official weather forecast, "with sub-zero temperatures tonight or Friday morning."

Erie Stockholders Object to Merger

New York, Jan. 21.—(AP)—Belated opposition to the Nickel Plate merger plans of the Van Sweringen interests developed from an unexpected source today when a protective committee was formed to represent dissatisfied holders of Erie Railroad first and second preferred stocks. The committee, which is headed by Frank Bailey, has retained the law firm of Sullivan and Cromwell as its counsel. Beyond indicating that the committee might make public soon its objection to the Nickel Plate project, the lawyers had no comment to make.

World Court Foes Refuse to Agree on Voting Date

Senator Reed Filibusters for Three Hours in Senate. Washington, Jan. 21.—(AP)—A war of attrition on opponents of the world court was begun today in the senate. The campaign was inaugurated by administration leaders after negotiations looking to a consent agreement for a time to vote had failed with the two sides so far apart that further conversations were regarded useless. A seven-hour session of the senate tomorrow was arranged, with indications that even longer hours would follow in the effort to wear down the opposition and bring about a vote. Tax Bill on Calendar. While this warfare is being waged, the \$352,000,000 tax reduction bill remains on the senate calendar. It became definitely involved in the court row and proved one stumbling block in the way of an agreement for a vote on the resolution of adhesion to the Geneva tribunal. Opponents of the court have consolidated their forces and are determined to carry the battle along to the point where they believe the administration forces will be obliged to take up the revenue measure which must be passed by next month if taxpayers are to get the benefit of the reduction in the returns which they must make on March 15. Foes Won't Agree. Refusal of the anti-court forces to agree to any definite date for a vote on the resolution of adhesion proved the main obstacle in the negotiations which were begun late yesterday. Pro-court leaders were insistent that a date be fixed. Opponents proposed that the court be laid aside for the tax bill; that four days after the passage of that measure the protocol and statute be read and then a limitation be placed on debate on the reservations, but without any date for a vote on the adhesion resolution. Advocates proposed first that a vote be taken on February 10 but presented a counter proposition that the court question be laid aside for passage of the tax bill under an agreement fixing a definite day and hour for the court vote thereafter.

HEADLESS AND LEGLESS BODY OF GIRL FOUND

TORSO DISCOVERED ON ESTATE AT MEDIA, PA. Media, Pa., Jan. 21.—(AP)—The headless and legless body of a young woman was found in a clump of trees today, about one and a half miles north of this place. An hour later the legs were discovered in high grass 15 feet away. The head was not found. On the left wrist was a gold watch, which furnished the chief clue on which the state police are working to identify the woman. It bore the initials "H. B. Z. to T. T." There was stamped near the initials the letter "H." followed by the numerals "6-16-23." The body was found on the extensive estate of Samuel J. Henderson, a Philadelphia lawyer, and lay a short distance back from a road. Found Near Clubhouse. The spot is near the clubhouse of the Rose Tree Hunt, whose members are socially prominent in and about Philadelphia. Mrs. Sallie Worrell, who resides at Rose Tree nearby, while passing the spot noticed a blood-stained bundle and reported it to William L. Rowson, a blacksmith. He investigated and in the underbrush found a large brown paper bundle with two men's heavy belts. Opening the bundle, he discovered the body covered with two newspapers. One bore the date of December 22 and the other of January 19. Examination of the body by physicians showed that it had been dismembered apparently by an expert. The woman, thought to be in her early twenties, weighed about 120 pounds. The clothing indicated evidence of refinement. Until Saturday workmen employed by Mr. Henderson had been cutting trees 60 yards from the spot where the body lay. The police do not believe, therefore, that the murder could have been committed earlier than Saturday afternoon. The presence of the newspaper of last Tuesday was taken to indicate the young woman was not killed before that day.

English Pianist Fails to Appear; Leaves Only Note

Evansville, Ind., Jan. 21.—(AP)—A note found here today from Ethel Letinska, English pianist who failed to appear for a concert last night, indicated that she went to New York yesterday. A bell boy at her hotel had kept it, intending to deliver it to E. Mackillen, her manager, who also disappeared last night. STEFFEN ARRESTED. Fort Wayne, Ind., Jan. 21.—(AP)—Herbert Steffen, arrested here today, was ordered held under \$1,000 bond. Police say he is wanted on various charges in Flint, Grand Rapids and Battle Creek, Mich.

French Situation Remains Unchanged

Paris, Jan. 21.—(AP)—The daily change in tactics on the part of the radicals and socialists in the fight with the government over financial measures has brought no change of front. Both parties remain on their positions, awaiting the next move by the adversary. Premier Briand's policy seems to be to await the result of the cartel's deliberations in the finance committee, then demand a vote in the chamber. The debate on the question will come, probably early next week. M. Briand, sneaking in the chamber lobbies today, let it be understood that he would not put a question of confidence on M. Doumer's project for a stamp tax if the chamber could furnish him with a solution capable of bringing in immediate receipts for the treasury. (Continued On Page Four.)

VERY SICK

Mrs. Grace Wilson Vanderbilt, wife of Brigadier General Cornelius Vanderbilt, is very sick at her New York home.

FARMERS HEAR SEC. JARDINE

Speaker Admits There Is a Farm Surplus Problem. Urbana, Ill., Jan. 21.—(AP)—Admitting that the "agricultural surplus problem" does exist and that it can be solved, William M. Jardine, secretary of agriculture, went a step farther than his chief, President Coolidge, and in an address before the Illinois Agricultural association here today indicated a changing attitude in Washington. Before the American Farm Bureau Federation in Chicago, December 3 and President Coolidge virtually denied there was a "surplus problem." Today his secretary of agriculture admitted that surplus production is pulling down agricultural prices and pleaded for "sympathetic consideration" while the government grappled with the "undeniable economic conditions back of the problem." Reaction among the farmers who heard him varied from extreme disapproval and statements that such speeches "make more Democrats in the West" to warm endorsement. Sam H. Thompson, Quincy, Ill., whose election as president of the American Farm Bureau Federation was regarded among Illinois farmers as a reaction from President Coolidge's address in Chicago and who criticized the president as "ignorant of true conditions," declined to comment on Secretary Jardine's address. Applauded Only Once. The farmers applauded Mr. Jardine only once when he declared "the community at large must be made to understand the case for agriculture in terms of national welfare rather than partisan gain. The farmer must be given an equality of opportunity because, in the long run that is not only good for him but it is the best thing for the country." Regarding the federal farm board as proposed by former Governor Frank O. Lowden, who will speak here tomorrow, he said: "It has seemed to me that something constructive could be done toward reducing the handicaps which surround certain phases of agricultural merchandising, and this could and should be done through some farmer-controlled agency." "There has been general discussion of late as to the formation of a federal farm board or commission as embodied in the Dickson bill. I see in a rightly constituted agency of this nature the possibility of attacking the surplus problem in a constructive and scientific way. Furthermore, there is a broad field of action for such a board as a powerful spokesman for American agriculture."

WILL ARRAIGN SHEIK BANDIT THIS MORNING

STATE TO DEMAND NOOSE FOR SLAYER.

Chicago, Jan. 21.—(AP)—Which of two murder indictments the state will select as the basis of its demand for the death of young Martin James Durkin, automobile thief and pistol-fighter, will be decided upon his arraignment tomorrow morning before Judge Harry B. Miller of the criminal court. One of the true bills alleges the murder of Edward C. Shanahan, federal department of justice operative, and the other the slaying of Harry Gray, Chicago detective sergeant. Durkin admitted promptly upon capture at St. Louis yesterday that he killed the United States officer, but though he was a bandit attempting to obtain \$2,000 Durkin carried. Blamed nervous detectives for slaying Gray, as they did Lloyd Austin, uncle of Durkin's sweetheart, Betty Werner, in whose home the police laid a trap for Durkin which failed today. The decision to arraign Durkin tomorrow and choose the indictment best fitted to halt his criminal career by the noose was the net result of a day of activity in the state's attorney's office. Durkin, his young bride, until a few weeks ago Irma Sullivan, 18 year old daughter of the village blacksmith at Cornell, Ill., and Betty Werner, formerly Durkin's sweetheart, were questioned in the state's attorney's office but the examinations brought forth no revelations. Durkin was removed from a police station to the county jail this afternoon just before his attorney filed a petition for a writ of habeas corpus to take him out of police hands. It also was stated that it was planned to seek writs for the release of Durkin's wife and Miss Werner, who are held in technical custody. Durkin's Travels Told. Statements made early today by Durkin and his wife were made public by the prosecutor. That of the young desperado gave in minute detail his wild ramblings in an attempt to evade capture. He fled from Chicago to Valparaiso, Ind., first, thence to Cleveland, Ohio, to Kansas City, Mo., back to Chicago, then to the eastern seaboard, back to Chicago and across country to the Pacific his version of the shooting affairs, confirming reports that he had been shot twice, once dangerously through the chest, but added nothing more that had not been pieced together before his capture. A statement by his young bride revealed that she "went with" him several months in Chicago, and had known him two years. It coincided with that told by Durkin as to the period since they were married, December 4, last. Ask Darrow's Aid. Attorneys representing Durkin began plans for his defense today. Clarence Darrow, noted criminal lawyer, said he had been approached with regard to defending Durkin but hesitated to take the case at his advanced age because it involved much work. Durkin's lawyers filed a petition for a writ of habeas corpus to have Durkin turned over to the sheriff and taken out of the hands of the police and also for the release from custody of Durkin's wife, and of Betty Werner. Durkin was turned over to the county jail authorities while the hearing on his writ was in progress and it was continued until tomorrow. His wife was released from custody and went with her parents to the home of relatives, promising to return to the state's attorney's office if wanted. Miss Werner refused to leave the custody of the state's attorney, declaring she was remaining voluntarily. Viscount Halifax Calls on Mercier. Brussels, Jan. 21.—(AP)—Cardinal Mercier, far from being fatigued by the earnest talks he has had with Viscount Halifax, president of the English Church Union and Queen Elizabeth, actually seems to thrive under the stimulus of such visits. After Lord Halifax's departure today, the cardinal began to write for the first time in many days, presumably concerning the project of the union of Christian churches, which has been occupying his every waking thought. The meetings of the cardinal and Lord Halifax this morning deeply moved all witnesses. The head of the English Church Union knelt at the prelate's bedside, grasping his hand which he kissed fervently. Suddenly the cardinal, in a supreme effort, sat upright, tendering both hands to Halifax, whose devotion during the mass said in the sickroom inspired all.

BIRTH CONTROL FIGHT PLANNED

Episcopal and Catholic Churches to Unite in Campaign.

New York, Jan. 21.—(P)—The Episcopal and Roman Catholic churches have agreed to join forces in combating legislation at Washington which would legalize dissemination of knowledge concerning birth control in America.

The Episcopal national council announced today that it had authorized its president to protest in the name of the council "when and in such terms as it may deem best."

The National Lutheran council, in annual executive session, today voted not to meddle in birth control matters. A letter from Rev. John J. Burke, C. S. P., general secretary of the National Catholic Welfare Council, to the Lutheran body was reported back with the notation that the Lutheran church "believes it a matter about which the Lutheran council had nothing to say."

Marshal Foch Pays Tribute to America

Paris, Jan. 21.—(P)—Marshal Foch paid a tribute to American participation and cooperation in the last year of the great war in a speech today before the American Club of Paris.

MERGER RUMORED

St. Louis, Jan. 21.—(P)—Officials of the St. Louis-San Francisco & Missouri-Kansas-Texas railroads at operating headquarters here were without information of negotiations for merger of the lines, reported in Wall Street today.

Smokers in the U. S. paid almost two billion for tobacco in 1925. You can put that in your pipe and smoke it.

Grandstand Crash at Pasadena Fatal to W. C. T. U. Lecturer

Long Beach, Cal., Jan. 21.—(P)—Injuries received in the collapse of a grandstand at Pasadena, New Year's day, led today to the death of Miss Marie S. Brehm, 66, who in 1920 nominated William Jennings Bryan for president on the prohibition ticket and who herself was the party's candidate in the same year for vice president.

The elderly temperance worker, nationally known as a lecturer and for years a leader in the prohibition party, died of heat disease aggravated by the shock of what were looked upon as minor injuries at the time of the grandstand crash.

Miss Brehm was born at Sandusky, Ohio. She became a national lecturer for the Women's Christian Temperance Union in 1891.

NIP PLOT IN JUGO-SLAVIA

Belgrade, Jan. 21.—(P)—Intense excitement prevails among the Syndicalist workers in consequence of the arrest throughout Jugo-Slavia today of more than 200 suspects, after the discovery of an alleged communist plot to overthrow the government.

The police yesterday forbade demonstrations which had been planned, but the workers were determined to hold them, and gathered in large numbers before the national assembly building. It required mounted troops to disperse the crowds, and many arrests were made at that time.

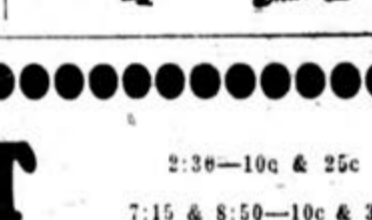

The minister of the interior this morning issued a declaration that all unions were illegal and must be disbanded. This was considered a blow by the syndicalists who have called a party congress for January 25.

The homes of fifty communists in Zagreb and Sarajevo were raided and through documents seized, it is asserted the plot against the government was unearthed. Among those arrested are men of importance, including Professors Novkovic, Simon and Timotijevich, the last named the son of a former minister of justice.

Inspector of Beauty Parlors Is Selected

Detroit, Jan. 21.—(P)—Dr. Frank H. Broderick, former councilman, today was appointed enforcement officer for the newly adopted ordinance regulating beauty parlors and cosmeticians.

IF IT WEREN'T FOR BEING BROKE A LOT OF COLLEGE STUDENTS WOULD NEVER WRITE HOME.

WIFE INJURED; HE HIRES TRAIN

Paw Paw Attorney Makes Speedy Trip, Detroit to Kalamazoo.

Detroit, Jan. 22.—(P)—William J. Barnard, Paw Paw attorney, made a trip from Detroit to Kalamazoo in two hours and 26 minutes on a special train on the Michigan Central here last night.

He was enroute from Cincinnati to the bedside of his wife, who was injured yesterday morning in a gasoline stove explosion at Bloomington.

Barnard went to Cincinnati late yesterday to obtain depositions in connection with the second trial of Arthur Rich, accused of attacking Miss Louise King, Battle Creek college student. Yesterday morning while his wife was preparing breakfast a gasoline stove exploded, burning her severely, but not dangerously.

Mr. Barnard was taken to the Old Borgess hospital at Kalamazoo and her husband notified. Barnard arrived in Detroit on a regular train from Cincinnati tonight, but would have been delayed in getting a train for Kalamazoo.

To avoid this delay, the attorney ordered a special train and within one minute after he reached the Michigan Central depot here he was on the special train enroute to Kalamazoo. The train left Detroit at 9:40 eastern standard time last night and arrived in Kalamazoo at six minutes after midnight this morning. The rail distance from Detroit to Kalamazoo is 142 miles. The train averaged 58.356 miles an hour on the trip.

Slight Earthquake Recorded in East

Somerville, Mass., Jan. 21.—(P)—Three jarring shocks that frightened citizens here and in neighboring towns and set houses quivering were still unexplained tonight. The seismograph at Harvard recorded a disturbance for three-quarters of a minute at 2:57 p. m., the time of the third shock, and authorities there said that unless information of a large explosion within about ten miles of the instrument came to light, the disturbance would have to be attributed to a slight earthquake.

Extensive inquiry in this region revealed no such explosion. The earthquake, if it was one, Prof. Kirtley F. Mather of the Harvard department of geology said tonight, was a slight local disturbance and not the fringe of a big earthquake elsewhere.

WEEKS IS SUE'D.

Washington, Jan. 21.—(P)—A suit against John W. Weeks, former secretary of war, for \$1,102,000 alleged to be involved in claims settled in 1921 in connection with the purchase by the United States of Austrian ships, was filed here today by Charles B. Brewer, former department of justice employe.

FAKE DOCTORS.

Tokio.—Laws have been passed to provide corporal punishment for persons who practice medicine without a license. There are a great number of fake doctors here who are said to be making a huge amount of money from their illegal practice.

COURT TESTS OPIUM.

Sydenham, Eng.—When a controversy was started over whether or not the evidence in a narcotic case was opium, the judge ordered it brought to the bench where he tested it and proclaimed it opium.

Ancestors Cannot Be Defamed, Says Kansas City Court

Kansas City, Jan. 21.—(P)—It is not possible to defame one's ancestors because of the changing standards of living.

This was the ruling today of Federal Judge Albert L. Reeves in sustaining a demurrer of the title to the one million dollar suit of Mrs. Virginia Bridger Hahn, alleging that the motion picture, "The Covered Wagon," defamed her father, Jim Bridger, famous Indian scout. By depicting him as the husband of Indian wives and a drunkard, Mrs. Hahn contended, the picture cast reflections upon her life.

Judge Reeves held that one's ancestors might not be defamed because of the habits and standards change so with the generations that what might be considered perfectly proper in one age would be considered improper in another.

By common consent the ruling went on, the individual of today is granted the right of standing or falling, gaining or losing, on his own efforts and life, and not on that of any ancestor.

WILSON FLAYS WET ACTIVITY

Chicago, Jan. 21.—(P)—Increasing boldness of anti-dry activities was deplored today in the annual report of the board of temperance, prohibition and public morals of the Methodist Episcopal church. It was presented to the annual meeting of the world service commission of the church in session here.

It is "alarmingly true" that opponents of prohibition have gained almost complete control of the metropolitan centers and that congressional representatives of the liquor interests are waging open warfare in their activities, Dr. Clarence True Wilson, secretary of the board, asserted. Abandonment of public school instruction relative to the physiological results of alcohol consumption was regarded as a strong factor in the tendency of young people to regard violation of the dry law as a joke.

Race track betting, prize fighting and daring stage productions, recognized as having made "amazing progress since the war" were strongly deplored against.

China finds it difficult to distinguish between idealistic Christian principles and "western civilization," it was stated in the report of Dr. R. E. Diffendorfer and Dr. John E. Edwards of New York, general secretaries of the board of foreign missions.

The work of the missionaries has been found substantially handicapped by this situation, the report said.

PERMITS BOND ISSUE

Lansing, Jan. 21.—(P)—The Iron Mountain Gas company will be permitted to issue \$100,000 in bonds to rebuild its plant and extend its service, members of the state public utilities commission indicated today. The necessity for expansion was attributed to the growth occasioned by the location of a Ford industry near Iron Mountain.

TILSON BACKS HOOVER'S ACTS

Praises Efforts to Protect Rubber Industry.

Washington, Jan. 21.—(P)—Secretary Hoover's action in bringing about an inquiry into foreign crude rubber monopolies was defended in the house today by Representative Tilson of Connecticut, the Republican leader, who replied to a number of recent attacks on the secretary by Democrats.

Hardly had Mr. Tilson concluded, before two Democrats again took occasion to assail the secretary's course.

Mr. Tilson described the secretary's action as a "well-directed effort" to protect the rubber industry from higher prices. He conceded that American business men might have not shown more foresight in developing a supply of rubber, but asked if this "is any reason to fold our hands."

The present inquiry of the house commerce committee, he predicted, will bring about a better understanding among the nations interested in the rubber situation.

Gooding Bill Given House Body's Okeh

Washington, Jan. 21.—(P)—A favorable report was ordered today by the senate interstate commerce committee on the Gooding bill, which would prohibit the present practice of the railroads charging a greater freight rate on a short haul than on a long haul.

The measure is designed primarily to stop what is described as discrimination against the inter-mountain territory in favor of the Pacific coast territory by the trans-continental carriers in the effort to meet water competition from the Atlantic to the Pacific via the Panama Canal.

An identical bill was passed by the senate at the last session, 54 to 23, but was shelved in the house interstate commerce committee.

Approval of the Gooding bill was given by the senate committee without a record vote and after only four days of hearings.

PACE REPORT GIVES FACTS OF SITUATION

(Continued From Page One.)

they would be interested in details of a location in a city situated as Escanaba is, where lower costs and improved labor conditions could be established. Sixty such letters were mailed and 40 replies were received within a few days and with the exception of a small percentage, an affirmative answer was given.

A similar letter was later prepared and sent to a much larger list of manufacturers, with the result that a total of 1120 replies were received.

Nineteen per cent of the industries answering that letter have financial ratings of over \$1,000,000; 36 per cent over \$500,000; 58 per cent over \$300,000 and 81 per cent over \$100,000.

The following large cities were represented in the replies received: Boston 2; Chicago 95; Detroit 12; Indianapolis 26; New York 22; Philadelphia 23; and St. Louis 10. The industries represented in the replies received were as follows: steel, lumber and allied lines, furniture, food products, rubber, paper, wool and textiles.

After giving to this phase of the survey the most careful consideration possible, Mr. Pace strongly recommended that Escanaba undertake an intensive industrial development campaign which will seek to interest medium-sized manufacturing plants, not now located here, in particular, and to a limited degree larger plants that might be induced to establish either branch or primary plants here.

The entire survey of Escanaba and the surrounding district was based on the following questions: 1. "Should Escanaba engage in an industrial development campaign, and if it should, what feature of the campaign should be carried out in order to produce the greatest ultimate benefit for Escanaba?"

2. "To give a limited picture of Escanaba's principal advantages and disadvantages." 3. "To present recommendations and plans which this preliminary survey has determined to be feasible and, at the same time, profitable for Escanaba to pursue."

Campaign Is Planned. Mr. Pace has prepared a carefully formulated campaign of action along the lines he has recommended that will be laid before the members of the Chamber of Commerce board of directors and industrial committee. Under that plan Mr. Pace will offer to the Chamber of Commerce the services of an organization that will serve as a traveling salesman for Escanaba, visiting personally the executives of industries who have indicated a desire to establish either a branch or primary plant at some point where production costs can be lowered. That organization would also undertake an intensive mail and advertising campaign in which Escanaba's advantages would be emphasized for certain industries and through a continuous effort, over a period of years it is hoped that mighty

PARTY DEPARTS FOR HOLY LAND

Bottles Carried to Get Water From Jordan River.

New York, Jan. 21.—(P)—The steamship Republic of the United States today sailed from Hoboken today with 519 passengers bound for the Holy Land on an inter-nominal pilgrimage. Many of the passengers had mortgaged their possessions to pay the fare for the trip, which will take 50 days.

Bottles were carried by the passengers to bring back water from the Jordan river. The pilgrimage is sponsored by the Christian Herald.

Letters and telegrams from all parts of the country poured into the pilgrimage headquarters when the trip was announced. One man wrote, saying he had made up a poem on each of the important events of the Bible. He wanted to sing the verse about Jonah and the whale at the precise spot in the ocean where the whale is said to have swallowed Jonah, he wrote. He was aboard when the boat sailed today.

Two missionaries from the West Indies were in the party. One writer who said he was unable to leave his home in Danville, Ill., asked that special attention be paid at the River Jordan to the position of the 12 stones left after the crossing of the children of Israel.

"See if they are in the same position as they were after the crossing," he wrote.

Among those going on the pilgrimage were Dr. Charles M. Sheldon of Topeka, Kan., author and writer, and Dr. Francis E. Clark of Boston, prominent in the founding of the Christian Endeavor movement in this country.

DELFT 4 Days Comm. 4 Monday, 25 January 25

NOTE—Monday Matinee. 4:00 o'clock; other matinees 2:30. Children 15c, Adults 35c. Nights—One show only—All seats reserved. Main floor 50c; Balcony 35c. Seats on sale Saturday.

IMPORTANT—Our matinee on Monday will be at 4 o'clock for the benefit of school children. Adults are requested to avoid Monday matinee.

DOUGLAS FAIRBANKS

DON Q SON OF ZORRO

Trigger Action And startling surprises feature this great Fairbanks picture. The finest adventure tale ever screened. The dashing, daring, Don Q bars all worry and you live in laughs and thrills. Fast as Lightning

New York Critics Hail "Don Q" "Douglas Fairbanks has hit the bull's-eye again. In 'Don Q, Son of Zorro,' he exhibited a feature every bit as good as 'The Thief of Bagdad' although the two productions are as dissimilar as it would be possible to make them. In 'The Thief' he showed what could be done with fantasy, while here he reveals in gripping melodrama. Don't miss it."—N. Y. Eve. World.

DELFT 2:30-10c & 25c TODAY And Tomorrow 7:15 & 8:50-10c & 35c COLLEEN MOORE WE MODERNS Adapted from Israel Zangwill's stage success. ALSO—OUR-GANG COMEDY—"GOOD CHEER"—IT'S A DANDY.

STRAND 7:15 and 8:50 10c and 30c. TODAY And Tomorrow The New Commandment with Blanche Sweet and Ben Lyon She, rare flower of Paris night life. . . . He, over-nourished with millions, under-nourished for the test that was to make or break him. . . . Together, with love as a staff, thrashing their way up the long hill to the golden light . . . striving . . . struggling . . . sacrificing . . . to find the beacon that points the way for true lovers—the NEW commandment. The strangest drama of youth and love ever filmed. A sensation at every turn—gorgeous in settings—touching in its intimate story of humanity.

LITTLE GIVES CANCER TALK

Disease Causes Thousand Deaths Yearly in U. S., Claim.

Detroit, Jan. 21.—(P)—Cancer in some form is responsible for over a thousand deaths annually in the United States, declared Dr. Clarence Cook Little, president of the University of Michigan, in a radio address from station WCX here tonight. The address marked the opening of cancer week in Detroit, in which a series of meetings to discuss combative methods for cancer are to be held.

Word is misleading. The use of the word cancer to describe these cases, asserted Dr. Little, is misleading. "A cancer is a region of uncontrolled growth—not of a foreign substance to the human body which supports it, but of the tissue of that body itself."

As the body matures, it reaches a condition of balance where healthy growth keeps pace with the need of repair, and no more; this balance, he declared, is ordinarily maintained throughout life.

"Local conditions in a part of the body of some persons, however," he continued, "become abnormal and get out of control of normal growth-regulating machinery. As a result, a rebel center arises in that region which begins to grow at an abnormal rate compared with surrounding tissues. Ordinary methods of feeding tissue by blood stream are overtaxed; the effective balance of the body is overturned, and disaster results.

Problem for Biologists. "It is possible in many cases to prevent or postpone such disaster by operation or other treatment. In its earliest stages, many types of cancer are actually healthier than the surrounding tissue—and therein lies part of the trouble, since that very vigor makes it difficult to control them.

"The cancer problem is therefore one of growth, normal and abnormal, and what controls it. As such it is a problem for biological rather than medical research. Some day a group of far-seeing citizens will establish at one of our great universities an institute for research in the cause of cancer. It will be biological and will cooperate with the medical sciences. Its task will be long and difficult, but the likelihood of progress in the prevention of these cases of uncontrolled growth would justify its establishment today."

THE DAY IN WASHINGTON

Efforts to fix a date for a world court vote failed. Hearings were begun on the Cummings railroad consolidation bill.

The Gooding long and short haul bill was approved by a senate committee.

Secretary Wilbur again gave his views on the national defense organization.

Attorney General Sargent and Assistant Attorney General Donovan testified in the aluminum inquiry.

The senate judiciary subcommittee continued its investigation of Judge Harry R. Anderson of Memphis.

ENGLISH RADIO PROGRAM HERE

New York, Jan. 21.—(P)—English radio programs for two of the three days that stations in that country are to broadcast during the international radio test week, January 24 to 30, were received today by the radio week committee. The stations which will participate are 2LO, London; 6DM, Bournemouth; 5WA, Cardiff; 5XX, Davenport; and 2BD, Aberdeen. The programs will be broadcast Sunday, Tuesday and Thursday night, between 11 and 12 o'clock, eastern standard time.

The Sunday program from station 2LO at London, includes: 11 o'clock (eastern standard time), radio quartet; 11:15, Charles Leggett, cornet solo; 11:30, Clay Thomas, baritone; 11:40, not yet announced.

From station 6DM, includes: 11 o'clock, wireless orchestra; 11:15, Gerald Kaye, tenor; 11:30, Philip Taylor, baritone; 11:45, Winifred Ascott, soprano.

Tuesday, from station 5WA, 11 o'clock, station trio; 11:15, Paul Specht's Canadian band; 11:30, Frederick Hall, harpist; 11:45, Walter Glenn, tenor.

Station 5WA will broadcast at 351 meters and station 5XX will relay the same program at 1601 meters. From station 2BD, 11 o'clock, wireless quartet; 11:15, wireless orchestra; 11:30, Dorothy Forrest, mezzo-soprano; 11:45, Robert Anderson, baritone.

The program for Thursday night has not been received.

Complete Testimony in Liquor Inquiry at Ohio State Univ.

Columbus, O., Jan. 21.—(P)—Having reached the end of its arranged program of taking testimony, the Ohio State university trustees' investigating committee tonight awaited "anything pertinent" anyone may suggest for furthering its inquiry into alleged liquor law violations and Communistic activities at the institution.

Hearings which have been under way for five days during which 62 witnesses have been interviewed were concluded with the statement the committee felt it had followed an every lead which had occurred to it and called attention to the fact that "no specific charges were in the beginning presented to this committee."

The committee will now begin presentation of its report to Gov. Vic Donahey who requested the inquiry following a report received by him from S. A. Propst, deputy state prohibition commissioner, charging liquor drinking and "parlor Communism" were rampant at the university.

Propst's report was written following arrest of Dabney Horton, graduate instructor after a liquor still had been found in his residence.

OBITUARY

HENRY LABELLE.
Funeral services for Henry Labelle, 14-year-old son of Mr. and Mrs. Telephone Labelle of Perkins, will be held this morning at 9 o'clock at St. Joseph's church at Perkins. Rev. Fr. A. Colquhoun, pastor of the parish, will be the celebrant at the requiem high mass. Burial will be in Perkins cemetery in the family lot.

HAIR AIDS POOR.
Los Angeles.—The Goodwill Industries are collecting hair which they turn into profit for charitable purposes. In one week this organization received more than 50 pounds of hair from young women who had shorn their long locks. This hair was made into wigs and switches. The proceeds were devoted to work among the poor.

HAS 'TUBER COALHOUSE'
London.—A woman sought aid of hospital physicians after the family doctor diagnosed her husband's illness as "tuber coalhouse." The hospital physicians gave the same diagnosis, claiming the man's illness was due to working in the coal yards.

Ladies of St. Patrick's Church are giving a Social and Card Party Friday evening, January 22nd. Proceeds to go to Decoration Fund. Tickets 25c. Everybody welcome.

FRATERNAL
Auxiliary Meets.
The Woman's Auxiliary of St. Stephen's church will hold a meeting at the home of Mrs. L. J. McMarrin, 1015 Sixth avenue south, this afternoon at 2:30 o'clock. This is to be a program meeting and all members are requested to be present.

SPARE THE STUMP.
Corydon, Ind.—A shed now protects the stump of the Hoosier elm here to prevent its deterioration by weather. It was under the tree that Indiana's constitution was drawn up in 1816. The tree died last winter in spite of all efforts of tree surgeons. The limbs and trunk were made into souvenirs. Patriotic societies hope to preserve the stump for many years yet.

Some Married People Get Along Because They Do As She Likes.

STATE TRAFFIC LAW ADOPTED

Escanaba Joins Michigan's Uniform Ordinance Group.

The Michigan Uniform Traffic ordinance, recommended by the recent state conferences of safety officers and traffic experts, was passed by the city council last night.

The ordinance prohibits complete turn-arounds at street intersections but permits such turns in the middle of blocks where space permits.

The council also adopted a clause providing for parallel parking instead of the present "angle" system. This was necessary because of the street intersection turn-around prohibitory clause, since "angle" parking would not give motorists sufficient space to turn in the center of a block.

The ordinance will be effective after the usual publication and other formalities have been completed.

Discuss Train Service.
The council will ask for a conference this afternoon, with local officials of the Chicago and North Western relative to passenger train service between this city and points south. The removal of two trains, recently, particularly the one which formerly arrived here from Chicago at 8:15 p. m., was a severe blow to Escanaba, members of the council said. Its restoration with a better schedule from Green Bay to Escanaba and better accommodations will be demanded, according to the discussion last night.

Councilmen Needham and Burns, delegates to the convention of the Great Lakes Harbors association, held in Detroit last week, gave a very interesting report of the session. Resolutions approving the action of the association were adopted.

Meet Again Monday.
An application of the Standard Oil company for a filling station at Lake Shore Drive and South Eleventh street was referred to the city manager and city attorney for a report. Action on an application from Cloverland Post, American Legion, for a street carnival permit, was deferred until a later date.

The council will hold a special meeting Monday night, it was announced. Illness of City Manager Fred R. Harris prevented him from being present last night.

HEAD OF CULT

Charles Garland, eccentric Massachusetts millionaire, who was arrested on a statutory charge at April Farm, alleged free love colony near Allentown, Pa. The arrest followed the death of a baby at the farm. It was charged the child had received no medical attention.

LIVING IN PAST.
San Francisco—Columbia, Cal., has just made an official count of its population, a small joy it was too! At one time this town boasted not only of a population of 15,000 and a position of third largest city in the state, but also it claimed a gold yield of approximately \$60,000,000. The count showed 300 inhabitants but they all say that the old town's coming back some day!

HIGH HEELS FOR WOMEN.
Paris.—The French tango is expected to influence style. High heels on shoes will be the vogue as the "cut in" steps of the tango can be accomplished more emphatically and gracefully with the high heel.

Figs for Food

FOR thousands of years the picturesque Arabs, famed by romance and song, and more recently by the "Movies", have used figs for food.

These figs of ancient Turkey and Smyrna are the finest in the world, and the only kind that are used in the delicious fig-filled cookies we call, Quality Fig Bars.

QUALITY COOKIES

WARS AGAINST HIGH GAS TAX

Detroit, Jan. 21.—(P)—Warning that a four-cent, and possibly a five-cent gasoline tax in Michigan is in sight was sounded today by H. H. Ragie of Jackson, president of the Michigan Independent Oil Men's association, at the opening of the annual convention. He also issued an open challenge to show where any municipal, state or federal tax collection agency can show a 100 per cent collection record.

"The oil industry is expected and compelled by law to assume 100 per cent responsibility for the gasoline tax without compensation. The least we can do in the event of a four-cent tax being enacted is to see that we are reimbursed for labor and expense entailed in collecting this tax."

More than 250 oil men have registered for the convention.

Andrews to Explore Asiatic Wilds Again

Detroit, Jan. 21.—(P)—Expressing confidence that his newest expedition will yield important revelations concerning primitive man, Roy Chapman Andrews, explorer, announced today at a private lecture in the Dodge Brothers plant that he will sail March 5 from Vancouver or San Francisco on his fourth trip into the heart of Mongolia.

He will sail for Peking where his party of 40 will be organized from among the same men who were with him on the last expedition which last November brought back a nest of dinosaur eggs said to be 10,000,000 years old.

The party will travel by motor car into the Gobi desert, overtaking a caravan of 150 camels carrying supplies for the expedition which will leave Kalgan, February 15.

"In all friendliness I would like to make a wide-open challenge, free for all, to name any township, village, city, county, state or federal tax collection agency which can show a 100 per cent tax collection record."

"The oil industry is expected and compelled by law to assume 100 per cent responsibility for the gasoline tax without compensation. The least we can do in the event of a four-cent tax being enacted is to see that we are reimbursed for labor and expense entailed in collecting this tax."

More than 250 oil men have registered for the convention.

REGISTER CO. DENIES CHARGE

Washington, Jan. 21.—(P)—The National Cash Register company of Dayton, Ohio, in an answer filed with the federal trade commission today to a complaint charging it with unfair methods of competition, denied the allegations and declared it was not attempting to restrain manufacture and sale of cash registers.

The company further denied that it was trying to force out of business the Remington's Cash Register company of Lion, N. Y., which was described in the complaint as its chief competitor.

Challenging the jurisdiction of

BABY WAS SAFE.

London.—"Here, take my baby," Edward Dawson, civil engineer, said as he thrust the child into the arms of a perfect stranger. "If anything happens take her to the police," he continued, and dived into the Thames. He reappeared with two boys who had just gone under. Both the boys and their rescuer were brought to shore safely.

TODAY'S NEWS OF THE SPORTING WORLD

STARS IN PINCH IS NOW REGULAR

From Pinch Hitter to Regular in One Season French's Record.

BY BILLY EVANS. From just a pinch-hitter to a regular big league berth in the outfield in one short year. In a sentence that sums up the career of Walter French as a member of the Philadelphia Athletics. Not so many years ago French was a football star at West point, as well as a sensational diamond performer.

BILLY EVANS SAYS

Because Red Grange, Ernie Nevers and a few other college grid stars decided to turn professional before graduating, college reformers have been deploring the football status in our institutions of learning. However, there are a few optimists among the college presidents and professors. One of them is President John M. Thomas of Rutgers. His remarks are refreshing coming at this particular time.

TUNNEY-JACK BOUT IN SIGHT

Rickard Gives Impression It Will Be at Jersey City.

New York, Jan. 21.—(AP)—Tex Rickard, whose promoting hand is credited with maneuvers believed to be preliminary to matching Jack Dempsey for the heavyweight title fight with the ex-Marine, Gene Tunney, broke his silence today, sufficiently to give the impression that he figures on staging this battle at his Jersey City arena, Boyle's Thirty Acres, next September.

The NUT CRACKER

by Joe Williams

The annual business of de-fattening Mr. George Herman Ruth is now on in full steam, with the exhaust wide open and the sweat valves gurgling the spring song from Rubberstein. The Babe is about to perform his yearly miracle of changing a balloon tire belt line into a baptismal ring.

BOWLING HAS GREAT FUTURE

Such is Declaration of Jimmy Smith, World famous Maple Mauler.

BY ART CARLSON. "Has the bowling game reached its limits? 'Far from it! The rosy era has just begun. The resources, possibilities of this splendid recreation have hardly been touched upon. A great future for the sport is certain."

FAMOUS LEATS COLLEGE STARS

WON THREE TITLES. Harvard has accomplished about as much on track and field during the last few seasons as it has in football.

After two weeks of rest the St. Joseph high school basketball team will go into action tonight against the strong Stephenson high basketball team at Stephenson. The locals have been put through some tough practice sessions during the past two weeks and are reported to be in first-class condition and should give the Stephenson crew a hard battle.

ST. JOE PLAYS AT STEPHENSON

Is First Battle in Two Weeks for Local Parochial Quint.

The clean-fielding Yankees had a great run for perfect or near perfect play from the first day of September to the finish on October 4. In the 33 games played in this period, the Yanks made but 25 errors, and in 15 of these games they registered perfect play.

WORTH IN SPORT KNOWING

The St. Louis Browns made the season's record for errors in the American League in that wild game which started the 1925 campaign on April 14.

The basketball team of the Escanaba high school will leave this morning for Menominee where they will play Menominee high school tonight. Coach Roglis sent his squad through a light workout yesterday in order that they might be in the best possible condition for the game tonight.

SEEKS TO STOP BETS AT RACES

Baltimore, Md., Jan. 21.—(AP)—Hearing of arguments on an injunction petition to restrain race track betting in Maryland ended abruptly this afternoon when Federal Judge Morris A. Soper held the bill of particulars insufficient.

MAJOR LEAGUE CARD DRAFTED

Schedules to Be Submitted to Club Owners to Ratify.

Pittsburgh, Jan. 21.—(AP)—The National and American Baseball League schedules for the coming season have been drafted and are ready for submission to the club owners who will meet to ratify them early in February.

INSISTS PEARY REACHED POLE

MacMillan Tells Why Explorer Sent Back Companions.

Chicago, Jan. 21.—(AP)—The reason Peary sent back his five white companions and took a negro with him on the last leg of his trip to North Pole was told by Commander Donald B. MacMillan, one of his companions, in a radio address tonight. The address was broadcast by station WJAZ.

WORLD COURT FOES REFUSE TO FIX DATE

Geneva, Jan. 21.—(AP)—The Geneva tribunal were able to hold the second floor continuously today with the employment of only two speakers, Senators Reed, Democrat, Missouri, and Harried, Republican, Oklahoma.

Zivic Favored to Defeat Milligan

New York, Jan. 21.—(AP)—Jack Zivic of Pittsburgh is a favorite to defeat Tommy Milligan of England in their 10-round international welterweight match at Madison Square Garden tomorrow night.

Rain Prevents Helen From Playing Tennis

Canis, France, Jan. 21.—(AP)—Helen Willis, American women's tennis champion, had an unwelcome rest from competition in the metropole tournament today when rain replaced the Riviera sunshine, causing the postponement of her quarter final match with Mrs. C. F. Aeschlimann, formerly Miss Leslie Bancroft, of Boston.

RENAULT KNOCKS OUT SAAVEDRA OF CHILE

Tampa, Fla., Jan. 21.—(AP)—Jack Renault, Canadian heavyweight, tonight knocked out Clement Saavedra, of Chile, in the second round of a scheduled ten-round bout.

MINNEAPOLIS WINS

Four goals in rapid succession in the last 20 minutes of play gave Minneapolis a sensational 5 to 4 victory over the Canadian Soo Greyhounds here tonight in the U. S. Amateur Hockey League.

STATS OF GRANGE

Recently there appeared a story in the press that Red Grange's famous 77 sweater had been removed from the trophy room at Illinois, and was being kicked around the locker room, that his fraternity brothers had turned his picture to the wall and much more kuff of a like nature.

OTTAWA WINS

Ottawa, Jan. 21.—(AP)—The leading Ottawa Senators of the National Hockey League added another triumph to their long winning streak tonight by defeating the New York Americans, 3 to 2.

HOWELL TO ATTEMPT SWIM OVER CHANNEL

Chicago, Jan. 21.—(AP)—Dick Howell, captain of the Northwestern university swimming team and holder of several swimming records, tonight announced he will try to swim the English Channel next summer.

WARD PLANS MERGER OF FOOD COMPANIES

New York, Jan. 21.—(AP)—William B. Ward, former president of the Ward Baking company, is negotiating a merger of several food products companies. It was learned in Wall Street today.

SILK DEATH NOOSE

Midstone, Eng.—Suicide by hanging herself with her own silk stockings was the authorized verdict when Kate Bourne, 65 years, was found hanging from a hook by a pair of silk stockings.

HAUL CINDERS FOR ATHLETIC FIELD

Work on the local athletic field will be resumed today when cinders will be hauled from the North-Western yards to the parking place in front of the field.

Penn Pilot

RUSSELL WOLF

He's captain of the Penn track team this season. A speedy runner, the Red and Blue school is looking to him for a large quota of points during the campaign. Wolf is losing no time getting into shape, either, the photographer catching him doing a bit of prepping up on the outdoor track at Franklin field the other day.

WHY MEN WHO KNOW PREFER DUOFOLD UNDERWEAR. The patented and exclusive features of the Duofold Underwear permits a maximum degree of warmth with a minimum measure of bulk. The construction of Duofold Underwear material is such that an air space between the body surface and wear surface is permitted. This space has a tendency to retain the heat generated by the body and is decidedly more effective than three or four additional layers of material would be.

MARKET NEWS

STOCK PRICES RISE, DECLINE

Table with columns: Date, Industrials, Railroads. Rows: Thursday, Wednesday, Week ago, Year ago, High 1926, Low 1926.

New York, Jan. 21.—(P)—Stock prices bounded upward at the opening of today's stock market, but the higher prices were met with a flood of bear selling and profit-taking which carried a wide variety of railroad and industrial issues down to nearly 6 points below Saturday's closing quotations.

The initial uptick, which ran from 1 to 5 points in many issues, was largely due to a continuation of the short covering movement which set in late yesterday on the dramatic reappearance to the market of William C. Durant on the long side.

Pools resumed aggressive operations and bears temporarily stepped aside, but when it became apparent that so-called public buying was not following up the advance, short selling was resumed in large volume and quoted values rapidly melted away.

The principal commodity markets also were reactionary. Wheat futures dropped about 2 1/2 cents a bushel in sympathy with the lower prices in the foreign markets.

Cotton closed 3 to 15 points net lower. Raw sugar was unchanged, but futures displayed a firmer undertone. Except for January options, which closed 25 points higher, coffee prices moved within rather narrow limits.

United States Steel common opened with a block of 5,500 shares at 135, which proved to be the high price of the day. The stock later selling at 134 1/2, closing at that figure for a net loss of 2 points. Baldwin, known as the Durant stock and American Can, were among the few active industrials to show gains on the day.

General Electric rose 7 1/2 points to 331 and then rallied 2 points. U. S. Cast Iron Pipe which inaugurated dividends today at the rate of \$10 annually, showed a net loss of nearly 3 points at 192 after selling as high as 197.

Some of the other outstanding weak spots in the industrial list were Dupont, General Motors, Hudson Motors, Mack Trucks, Sears Roebuck, U. S. Industrial Alcohol, American Smelting, Famous Players, General Asphalt, Stewart Warner Speedometer and United Fruit. Independent strength was shown by a few specialties.

Atlantic Coastline broke 12 points to 238 and Atchison, Chesapeake & Ohio, Louisville & Nashville and Norfolk & Western declined 2 points or more.

Call money renewed at 4 per cent and held steady at that figure. Time money and commercial papers were unchanged.

A spirited advance of 20 points in Japanese yen, which crossed 45 cents to the highest price in three years was the feature of the irregular foreign exchange market.

Chicago, Jan. 21.—Increasing shipments from Argentina, together with large arrivals of German wheat at Liverpool, led to a sharp rise in wheat prices today. The wheat market here closed heavy, 2 1/2 to 3-cents lower.

COUNTY CUTS BOVINE "TB"

Heyden's Annual Report Shows Chance for Credit This Year.

Delta has an excellent chance this year of attaining a place on the federal accredited list of counties which have less than one per cent of tuberculosis in their dairy cattle, according to the annual report of Dr. L. J. Heyden, in charge of testing work here, submitted to the county board.

Table with columns: Township, No. Cows Reacted, No. Cows. Rows: Brampton, Baldwin, Maple Ridge, Nahma, Bay de Noc, Masonville, Wells, Ensign, Bark River, Cornell, Ford River, Escanaba, Garden, Fairbanks.

The figures in detail follow: Township No. Cows Reacted No. Cows. Brampton 475 2, Baldwin 623 6, Maple Ridge 1772 23, Nahma 496 1, Bay de Noc 653 9, Masonville 1001 25, Wells 963 25, Ensign 693 25, Bark River 2075 32, Cornell 966 14, Ford River 1004 14, Escanaba 911 13, Garden 1361 16, Fairbanks 1667 16.

Totals 14,660 206. Retest to Date. Township No. Cows Reacted No. Cows. Masonville 263 9, Garden 234 8, Fairbanks 191 8.

RAILROADS OF U. P. COOPERATE IN FIRE TRAIN

Full co-operation in running the "Forest Fire Fighting Flyer" over their lines is the word received from the Chicago and North-Western and Lake Superior and Ishpeming railroads. This completes the list of Upper Peninsula railroads that will co-operate in putting on the special.

Exhibit material is going forward to East Lansing where it will be arranged in the train by L. F. Livingston, agricultural engineering specialist of the Michigan State College, and R. G. Schrech, in charge of the National forest at East Tawas. One of the exhibits sent by the Cleveland-Cliffs Iron company of Ne-gaunee is a two-man gasoline driven pump which has proven effective the past two years.

A smoke mask is another exhibit from the same company. The first stop of the "Flyer" in the Upper Peninsula will be at Moran, March 15. Trout Lake will be the next stop and from there the Soo Line will be traversed.

Debating Teams in Action Next Friday Evening, Jan. 29

The debating teams of the Escanaba high school will participate in their first debate of the season next Friday when the local affirmative team debates the Ishpeming high school negative team at the high school auditorium. The local negative team will travel to Iron Mountain where they will debate the Iron Mountain affirmative team.

The Escanaba teams are under the direction of Coach J. Merrill Heaphy. The negative team is composed of Warren Edwards, captain, Robert Beggs, John Hughes and Joseph Kohler. The affirmative team is captained by Edward Curran with Janet Owen, Harry Erickson and George Embs as the members.

SOCIAL

Young People's Society. The Young People's society of the Norwegian Lutheran church will meet at the home of Soren Jensen, 704 South Twelfth street, tonight.

St. Anne's P. T. A. "Thrill" was the topic of an interesting talk given by William Warming at the regular meeting of the St. Anne's P. T. A. held Wednesday evening. Over 140 members of the organization were present at the meeting.

"A Tribute to Our Colors," selection—Seventh grade. "The Thrift Assignment," playlet—Seventh grade. "Thrift Melody," song—Seventh grade.

"Take Me Back to Your Heart," vocal solo—Mrs. Thomas Tousignant. "Pal of My Cradle Days," vocal solo—Victor Moreau. "My Heart is Singing," vocal solo—Mrs. Thomas St. Jacques.

The attendance award was won by the seventh grade. Following the program, refreshments were served.

Lycium Committee Meets. The Lycium Course committee held a meeting at the Carnegie public library at 5 o'clock yesterday afternoon. The program for next year was a subject of discussion.

Pancake Supper. The Married Ladies' Altar society of St. Joseph's parish are sponsoring a pancake supper to be given at the clubrooms Monday, January 25, from 6 to 8 o'clock, or until all have been served.

Card Party Tonight. The ladies of St. Patrick's parish will be hostesses this evening at a card party which will be given at 8 o'clock in the parish hall when bridge and five hundred will be featured and six very fine prizes awarded to holders of high scores.

O. E. S. Party Tonight. Members of the R. C. Hathaway Chapter, O. E. S., Masons and their families will be entertained in a royal manner this evening at the Masonic Temple when the Mid-night Entertainers will furnish the musical numbers of the party which is being sponsored by the O. E. S. members.

A good time is assured Masons, Stars and their families at this party. An admission fee of fifty cents per person will be charged.

Henry Newitt's Name Omitted

In printing the list of names of the members of the Kiwanis Boys' band who participated in Wednesday night's solo contest, The Press inadvertently omitted the name of Henry Newitt, a youngster whose contribution to the program was very pleasing to the audience.

When you are miserable you might as well be glad if it were you it couldn't be glad when you are not miserable.

COLDS Break a Cold Right Up with "Pape's Cold Compound" Take two tablets every three hours until three doses are taken. The first dose always gives relief. The second and third doses completely break up the cold. Pleasant and safe to take. Contains no quinine or opiates. Millions use "Pape's Cold Compound." Price, thirty-five cents. Druggists guarantee it.

URGE FEDERAL FOREST IN U. P.

Bishop and Bush in Wash., to Meet Senate Committee.

G. E. Bishop of Marquette, secretary of the Upper Peninsula Development Bureau, and John M. Bush of Negaunee, chairman of the bureau's committee on forestry, have gone to Washington, D. C., for a meeting with the senate committee on forestry, which was to be held yesterday. Mr. Bishop and Mr. Bush will present reasons in favor of the proposed 500,000-acre national forest in the Upper Peninsula.

The federal government has already taken over a tract in the Lower Peninsula which will be added to the national forest in the vicinity of East Aawas. This includes forestry tracts of the Michigan State college. The U. P. national forest will be the next step. The first thing done by the national government on establishing the forest, according to Mr. Bishop, would be the stationing of wardens and rangers. The merchantable timber would be cut and marketed and reforestation begun where necessary. Every precaution would be taken to keep fires out of the area.

Part in Delta. The proposed tract includes parts of Luce, Schoolcraft, Delta and Alger counties, reaching from Lake Michigan almost to Lake Superior. A stabilizing effect on the business of towns in the district is forecast by authorities in the matter. Senator Woodbridge N. Ferris is a member of the forestry committee now considering the measure. Telegrams to Mr. Ferris have been sent by W. J. Hanrahan, mayor of Escanaba, Gerald J. Cleary, chairman of the county Democratic committee, and other prominent citizens, who urge the immediate establishment of the preserve.

NEW DANGER IN LONDON. London—A new traffic danger confronts the city. Women have adopted new hat styles which are called "blinders" and make it nearly impossible to see approaching machines or far wear the new style hats so far over their ears they are unable to hear.

VOGHT SPEAKS TO CITY CLUB

Escanaba Conservationist on Hamilton Game Dinner Program.

Chicago, Jan. 21 (Special)—Conservation of wild life in the United States is too big and too important to be handled by sportsmen alone; it is a job for all the people, Edward C. Voght, of Escanaba, Mich., a past president of the Michigan Congress of Sportsmen's clubs, told members of the Hamilton club at their annual game banquet here tonight.

Speaking on the subject: "Some Modern Angles of Conservation," Mr. Voght declared that the sportsman's interest is a selfish one. He wants more game and more fish so that there will be more game for him to kill. But the "outsider" who is in favor of conservation measures because he loves Nature and sees in the wild things a vital and valuable asset to the country as a whole, attacks the problem from a broader viewpoint. It is to the non-sportsman that the country must look to solve the problem, Mr. Voght declared.

Edward Cochran, secretary of the Michigan conservation commission, was another speaker at the banquet.

Escanaba to Help Advertise U. P. at Out Door Show

That the Upper Peninsula will be represented by an exhibit at the Outdoor Life Exposition in Chicago, May 10 to 16, was decided at the Upper Peninsula Development bureau meeting last week. Every effort will be made to have an exhibit representative of the entire peninsula. Already Escanaba, Mackinac Island and Sault Ste. Marie are reported by G. E. Bishop, Secretary of the Bureau, to be willing to cooperate in putting on the exhibit.

"The Outdoor Life Exposition affords an arena where various tourists objectives of the Middle West compete for Chicago's tourist trade," said Mr. Bishop, "We want to properly advertise the beauties and attractions of Cleveland so as to keep the tourist stream increasing. It is hoped that every city in the Upper Peninsula will co-operate to make this exhibit the best ever."

"Extra" Husband Unable to Find Bondsman for Wife

Joseph Gaudry, alleged to be husband No. 2 of Mrs. Blanche Carr Fritzell, now in the county jail awaiting trial on a charge of bigamy, has been unable to find anyone who would gamble a \$500 bail against the woman's appearance before the circuit judge.

"Y" Will Be Taxed Under Michigan Law

Lansing, Jan. 21—(P)—Y. M. C. A., and Y. W. C. A., property, which in many localities has been tax exempt for years, will go on the tax rolls this year, George Lord, chairman of the state tax commission announced today.

Under the authority of an act passed by the 1925 legislature directing the tax commission to investigate so-called charitable, religious and educational property to determine whether it is being used solely for these purposes, Mr. Lord has started an exhaustive investigation. He has decided, he asserted, that Y. M. C. A., and Y. W. C. A., property shall not go "Scot free." His inquiries thus far have disclosed that properties in these classes charge for their facilities and in many instances make a profit. According to Mr. Lord, they are in direct competition with hotels, boarding houses and other businesses which pay taxes. The extent of taxable liability will be determined by personal investigation.

Parochial schools will continue to be tax exempt under the new law.

NEW HATS CALL FOR PATTERN FACES, SO—

London—Three-cornered hats are to be worn this season, says a Paris fashion edict.

And for a woman to look the best in one of them she should have a fat, round face.

So to meet the demand of many who have reduced until their faces are but skin and bones, manufacturers are putting out neat little supports to be worn inside the mouth.

The supports rest against the teeth on each side and give to the cheeks a full, rounded appearance.

Another aid to fashion and beauty is the kiss-proof lip-stick. The paint is guaranteed to be waterproof.

It is winning much favor with women fond of emotional plays, where tears are a menace to carefully prepared complexions.

Buenos Aires—A former Scotland Yard officer has inherited a fortune, left him by a Buenos Aires millionaire as a showing of appreciation for being saved from a gang of swindlers in London shortly before his death.

CITY BRIEFS

Miss Aida Grant has returned from Chicago where she took a ten-day post-graduate course in beauty culture.

Get Voco, the cold breaker. 7764-5-Jan.

Mrs. Ed Reeves, who is a patient at Laing's hospital, is reported as improving.

Two Lumberjack Accident Victims at Local Hospital

Gordon Drotloff met with a very painful accident while employed at Camp 9 of the I. Stephenson Co., Trustees, when a log rolled off a sleigh and crushed his leg. He was rushed to St. Francis hospital in this city, where he is being cared for. He is in a very weakened condition, owing to the loss of blood.

Mr. Drotloff's home is in lower Michigan.

Peter Martin, 50, of Schaffer was taken to St. Francis hospital Wednesday after receiving injuries to his chest when he was crushed between two loads of logs while working at a lumber camp near Foster City.

Mr. Martin was resting easily late yesterday, although he has some difficulty in breathing, owing to the crushed condition of his chest.

English Classes to Study Child Labor

The English classes of the Escanaba high school will celebrate the national child labor day in the United States on Monday when they will prepare for their assignments information on the child labor question. Child labor is the question that the Escanaba high school debating team is discussing this year.

Kobe Japan—This city has a population of 642,568 persons, according to an official report on the 1925 census taken throughout the nation. This is an increase of about 24,000 since the 1920 census.

EDITORIAL

BRINGING UP FATHER

THE ESCANABA DAILY PRESS

A Morning Newspaper Published by The Escanaba Daily Press Co. 110 N. Front Street, Escanaba, Mich. Entered as Second class matter April 4, 1910, at the postoffice at Escanaba, Mich., under the Act of March 3, 1879. Member of The Associated Press. Second Class Post Office. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper, and also the text here published hereon. The Daily Press is the only daily paper printed in an extensive field of 60,000 population, covering Delta, Schoolcraft and Alcona counties thoroughly, with branch offices and carrier system in Mackinac and Chippewa. Advertisers' rates cards on application. OFFICE: 100-102 LUDINGTON STREET, New York Office: 119 East 37th St.

facular, but the latter is far more useful. When a person makes a success in life, and towers above his fellows, he is accomplishing no more than he ought to. Every person ought to be successful. If nine persons out of ten fail, they should be blamed for it, but the tenth one deserves no honorable mention. He is simply doing his duty, while the others did not. An average person who fixes his eye on an average standard will do average work—which is far below the standard that should be maintained. About 90 per cent of the world's woe is attributable to second-rate methods in the hands of one whose creed is, "I'm as good as the average." He is right, and that is the reason he is not farther along in the world. The average person is needed for the reason that there are precious few of those, above the average. But the second need is the greater.

SUBSCRIPTION RATES

Daily by carrier, per week - 15 cents
Daily by carrier, per yr. (in advance) \$7.50
Daily by mail, per yr. (in advance) \$8.00

AN IMPORTANT JOB.

It is an investigation of far-reaching importance that members of the legislative committee of the Delta county board of supervisors are to undertake, as a result of a resolution introduced at the board meeting on Wednesday. Members of that committee are to investigate the advisability of submitting to the people a proposal for the adoption of a "board-manager" government for this county. The report of the committee will be submitted at the next meeting of the county's governing body and a decision will then be reached as to whether a referendum on the question is advisable.

WHY ADVERTISING PAYS.

There was probably a time in the history of newspapers when advertising was little considered and even a peep when the buying of space in a newspaper meant that the purchaser could say practically anything he cared to, regardless of facts, as long as no libel suit was involved. Things have very much changed since the periods referred to. Advertising is a distinct and very important feature of practically all publications. Newspapers now establish a standard of advertising and strictly adhering to the principles set forth, gain friends and importance through their advertising columns as well as in other departments.

THE AVERAGE.

The world's work is carried on by average folks. Occasionally we have a Burns, a Shakespeare, a Caesar, or a Napoleon, but they are rare. The output of humanity is, on the whole, only fair; fair sermons, fair poems, fair manufactured products, fair crops raised, fair business and professional accomplishments. This is because most people are not willing to put forth the utmost effort. They are content with the average. Not "some-what better," but "that will suffice." Instead of most of us giving all we can of self, we try to figure out what the smallest amount is that will answer.

OUR BOARDING HOUSE

Advertising having become a legitimate and well thought of feature of the newspaper it has also become understood by the public and intelligent reading of the advertising pages is a part of the duty of housekeeper and business man. Admitting that the news, sports, society and editorial pages are given first attention, it is acknowledged without reserve that the well placed and attractively arranged advertisements get plenty of attention—more than that, in reputable publications the advertisements are taken at face value, and become a paying investment for the advertiser.

SPINSTERHOOD

BEGIN HERE TODAY. BARBARA HAWLEY, 35, JILTA BRUCE REYNOLDS, an architect, and gets a job on the Press. Bruce joins the firm of Manners, Stone and Reynolds, promoting Vale Acres. He meets 'LYDIA STACY,' rich widow. Barbara finds thrill in a reporter and meets BOB JEFFERIES, police reporter, and JEROME BALL, man about town. Barbara, covering a suicide, finds a red scarf she links with a dress of Mrs. Stacy's. Mrs. Stacy like Bruce but she refuses her attentions so she tells AN-DREW McDERMOTT, editor of the Press, that Vale Acres is crooked. A member absconds and Bruce is indicted. Barbara forces Lydia to clear Bruce by confronting her with the scarf. VIOLETTA CRANBY, factory girl, writes to Barbara's 'lovelorn' column. Bruce despairs of winning Barbara and wedds Violetta suddenly. McDermott's daughter, Fancy, comes to live with Barbara. She slopes with Jerome Ball, against Barbara's advice. Violetta and Bruce have a child. Barbara leaves to join the staff of Footlights magazine in New York. Elizabeth FURNIVALL, unmarried at 46, becomes Barbara's friend at the Footlights office. She is hurt when Barbara moves to Greenwich Village at the advice of Marie Capri, top verse writer. Marie haunts Barbara's home. Barbara goes home one afternoon to find it ransacked and her mother's diamond rings missing. NOW GO ON WITH THE STORY CHAPTER LI Barbara jerked the drawer out and emptied its contents on the floor. Then she searched through the gloves and ribbons and handkerchiefs. But the rings were not there.

SPINSTERHOOD

Barbara turned. "Are you very busy today today? Miss Furnivall hasn't shown up yet and we're almost swamped. Could you run off some 'Back Stage Brevités' for her column before you start out to get that Telegan interview?" Barbara walked toward him. "I'll manage it somehow, Mr. Miller. Have you any idea what's delaying Miss Furnivall?" She peered into the room. It looked just as when she had left the night before. The top of Miss Furnivall's desk was cleared and the hatrack was bare. "Not the slightest," said Miller, removing his big cigar. "Duced inconvenient time for her to play off on us, with the anniversary number going to press in two days. Her telephone doesn't answer." "She must be sick," interposed Barbara. "She went home early yesterday." "Oh, yes, I know she'd be here if possible. Betsy is the soul of reliability. Lord, I guess she has a right to be sick, after these 20 years of work. Betsy isn't the sort who ought to be working for her living, anyway. She's not hard enough to hit back at the world when it tries to knock her down. She ought to be knitting beside some man's fireside." Barbara sniffed. "And working harder for room and board than she works for the salary you pay her. I don't know that she would be any better off, depending on some man. If a woman must be a purse slave to anybody, I think she'd better be a slave to an employer than to a husband. You can change an employer if he gets disagreeable." Miller laughed. "Calm down, Miss Hawley, calm down. Nobody is trying to urge you into matrimony. I was just speaking of Miss Furnivall." Barbara laughed, too. "On that topic I suppose I'm not responsible. I've heard men pity unmarried women so often that I can hardly hold my peace any longer. I'll run over to Miss Furnivall's home this afternoon and see how she is."

THE PRAIRIE SCOOTER.

home this afternoon and see how she is. "Good idea," said Miller. "Just before noon the office boy entered Barbara's room. "Queer-looking dame outside wants to see you, Miss Hawley. Says her name is Olive Oil or something like that." Barbara smiled. "Show her in." The woman who entered a moment later was slim and graceful. Her skin was dark, and a rich color burned in her cheeks. She wore a coat of some strange, embroidered fabric in many colors. "I am Daisy Olivero," she announced. "Since I couldn't see you the other day, I've come to atone for it. I'll give you the interview now, if you like." "Yes, indeed, though it will have to go in the next number now. It's too late for the current number. But first tell me whether the samovar arrived yesterday." Miss Olivero smiled languidly. "Yes, it came. And I was glad to see it too. I rather thought my little pet was gone for keeps that time. Maria had a host or original little stunts like that. But this was the most serious she ever played on me." "I didn't understand that, she had actually taken it without telling you," said Barbara. "I supposed she had explained about it and meant to take it back to you in a few days. But it seems she meant to pay for my rings with it." Daisy Olivero laughed again, this time more heartily. "No, she didn't take it for that purpose. Maria never thought that far ahead. She confiscated it one day after an argument we had on Schopenhauer. She maintained the most stupid obstinacy about him, and I was very angry and went away. When I came back, the samovar was gone. I didn't worry so very much, for I thought it would return one day, as soon as Maria got over her grouch. "But things got worse instead of better. We quarrelled next

LYRICS OF LIFE

By Douglas Malloch
A JOKE ON DAD.
I've got the funniest joke on Dad:
I use the hammer quite a lot;
What always makes my father mad,
I never put it in the spot.
Where it belongs. My father said
The next time that I lost it, too,
And didn't hang it in the shed,
He'd wallop me, that's what he'd do.
And then today he couldn't find
The hammer, somehow, anywhere.
Each barrel and box he looked behind,
And still the hammer wasn't there.
And so he took me on his knee
And did just what he said he would:
He said that he would wallop me,
And so he did, and did it good.
And then, inside an hour or so,
It wasn't any more than that.
He found it in the kitchen, though,
Right in the place he'd left it at.
Yes, he had gone and walloped me
When he himself the hammer had,
Had lost the thing himself, you see -
It surely was some joke on Dadi!

ANNOUNCE SALE OF PROPERTIES; PRICE \$322,470

Purchase of Consolidated Lumber company holdings by the Stearns Coal and Lumber company of Stearns, Ky., at a price of \$322,470.43, was announced yesterday by L. C. Harmon, official of the Manistique concern.

The advertised sale of the lands, timber and other property of the Consolidated Lumber company of Manistique took place at Manistique, Wednesday, January 20. Excepting some timber sold Louis Hanneman of Steuben and some personal property to the value of about \$50,000 retained by the Consolidated Lumber company, all other property was sold for the sum of \$322,470.43 to the Stearns Coal and Lumber company of Stearns, Ky.

The Stearns interests have extensive lumber interests in Michigan and on the coast.

NO ESCAPE

You can't escape jazz. This citizen of Belgian Congo serenaded members of the Marshall Field Expedition with his queer music.

COOKS SQUADS HERE TONIGHT

Two basketball games with Cooks high teams, and an interclass preliminary between the juniors and seniors is the bill offered Manistique fans at the high school gymnasium tonight.

Following the curtain-raiser, which marks the first meeting of the junior and senior squads, the Manistique girls will play the Cooks girls, this game starting about 7:30. After this, comes the contest between the Cooks high cagers and Coach Bill Cook's high school crew. This is the first appearance of the Inwood township lads on the local floor.

Manistique plays the next game of the season with Garden, and after that there are two games with Gladstone, one here, and one there.

POISONER

Mrs. Laura Christy of East Liverpool, O., was arrested and charged with murder in the death of her fifth husband, Rev. William Christy. Three of Mrs. Christy's five husbands are dead. She is said to have confessed poisoning Rev. Christy because he suffered from indigestion and asked her to give it to him.

FUNERAL OF MRS. TILLMAN HERE TODAY

The funeral of Mrs. V. E. Tillman, widely respected citizen of Gladstone, who passed away Tuesday morning, following an illness of two years, will be held in Gladstone this afternoon.

A home service will be conducted at 2 o'clock at the family home, 1112 Minnesota avenue, Rev. H. W. Colenso, pastor of Alice Memorial Methodist church, officiating.

At 2:30 o'clock, services will be held at the Alice Memorial Methodist church. Special music will be given during the funeral services and a short sermon will be delivered by the pastor.

Burial following the service will be made in the family lot at Fernwood cemetery. Close friends will act as pallbearers.

Members of the Auxiliary to the Brotherhood of Railway Conductors, the Royal Neighbors society and the Lady Macabees will attend the services.

Here for Services.

Mrs. Jack Lince, Mrs. Ellis Fillmore and Lloyd Watson of Flint, arrived here Wednesday night and Mr. and Mrs. Hall of Winona, Minn., arrived Thursday morning. Other relatives will arrive here this morning.

Mrs. Tillman was widely known and respected in the room in which the body lay in state has been banked with flowers, offerings from her many friends.

SERVICES FOR JOHN JOHNSON HELD THURSDAY

Funeral services for John Johnson, 71, a resident of Gladstone for the past twenty years, who passed away Monday, following a long illness, were held in Gladstone Thursday afternoon.

Services were conducted at the home, 608 Eleventh street at 2 o'clock and at 2:30 o'clock services were held at the Swedish Mission church. Rev. Isak Skoog, pastor, officiated.

During the services two duets were sung by Mrs. John M. Olson and Miss Ellen Lindblad, Miss Astrid Skogquist playing the accompaniment.

The funeral sermon was delivered by Rev. Mr. Skoog, who paid a high tribute to the life and character of Mr. Johnson.

At the close of the services the funeral procession went to Fernwood cemetery where burial was made.

Pallbearers were: P. J. Lindblad, August Goodman, P. G. Erickson, Carl Nyberg, Louis Skogquist and Swan Blomquist.

PLAYGROUND COMMITTEES ARE NAMED

Committees to take up the project of turning the block of school property on Central between Montana and Minneapolis avenues, into a school playground, were appointed Tuesday night at the regular meeting of the Central School Parent-Teachers association.

The general committee appointed is M. I. Call, Sam Holman and C. E. Hawkins.

The finance committee, each member of which will select three others to assist her, is: Mrs. C. E. Hawkins, Mrs. C. H. Teague, Mrs. M. J. Magon, Mrs. M. I. Call and Mrs. Frank Locke.

These committees will be in charge of raising funds for the project by means of entertainments or in accordance with other plans they may have, in order that the work may be started as soon as possible.

The meeting of the association was well attended and an enjoyable program was carried out.

An address on "Thrifty" in observance of National Thrift Week, was given by John M. Olson of the Gladstone State Savings bank and the talk, throughout, proved highly instructive and interesting.

A social hour and refreshments followed the business meeting.

At Next Meeting.

Further plans for the playground and consideration of organization of a high school parent-teacher association will be taken up at the next meeting.

ICE SLIDE AT SHERIDAN PARK READY FOR USE

The ice slide at Sheridan park, South Gladstone, is now open for use, it was announced yesterday by E. M. Perkins.

The slide has been enlarged and improved and is faster than last year, while a canvas covering has been placed on it to insure good ice at all times.

A warming place has also been prepared at the station nearby where coffee and doughnuts will be served during sliding hours from 3 to 6 o'clock in the afternoon and from 7 to 10 o'clock in the evening.

Private toboggans will be admitted to the slide and no charge will be made for their use.

MONEY IN COFFIN

Jersey, Eng.—Captain Henry Horace Eden, 90, lost \$300 to thieves so he had a coffin built to fit himself, placed it under his bed and now keeps his money in it.

Betty Bronson in Manistique Again

Betty Bronson, who made a hit with Manistique fans in "Peter Pan" is here again tonight in "The Golden Princess," a picture that marks her debut as a screen star. This new picture also deals with a picturesque period of American history, the California gold rush of 1849.

Ever since Betty scored such an instantaneous success with her delightful portrayal of "Peter Pan," her meteoric career has been watched with a good deal of undisguised admiration, and there will be none to begrudge her this crowning promotion which elevates her to stardom.

As the heroine of "The Golden Princess," Betty is said to have a part that suits her to the proverbial "T." Picture her as a little mountain girl, made an orphan through the violent death of her father and the desertion of a faithless mother, reared by a Spanish mission padre at an Indian settlement, and suddenly brought into contact with the rough and ready atmosphere of the gold mining camps.

Can't you imagine her dressing up in typical miner's outfit, discovering gold, winning love, fighting handits and stirring up no end of excitement? Well, that's just exactly what she does!

Neil Hamilton, Rockliffe Fellowes, Phyllis Haver and Joseph Dowling are the principal supporting players.

CITY BRIEFS

Mr. and Mrs. George B. Miller are now occupying rooms at the Nelson Phenex residence on Oak street. Mr. Miller is the jeweler at the A. S. Putnam store in Manistique.

Mrs. George Burch is able to be about again, following her recent illness.

A series of meetings was held this week at the Free Methodist church in Manistique, with Rev. A. D. Zahniser of Pittsburgh as the speaker. Reverend Zahniser has traveled extensively, and proved to be an excellent speaker.

Join the gang at the Manistique skating rink tonight. M696-2211.

Charles Robinson of Iron River visited friends in Manistique this week.

The following out-of-town people attended the funeral of Miss Edith Anderson at Manistique on Wednesday: Mr. and Mrs. Gerald Morrison, Hermansville; Mrs. Lloyd Moffett and mother, Mrs. E. Carlson, Hibbing, Minn.; Miss Tillie Peterson, Boyne City; Miss Hildur Peterson, Rochester, Minn.; Carl Anderson, Hermansville; also Joseph Ivens of Marquette, president of the class at Marquette normal of which Miss Anderson was a member.

New Spring hats now being shown at DeSautell's, N. Houghton avenue. M694-22-11.

Jack Mac Closes His Candy Shop

This week marked the closing of Jack Mac's candy store, 207 Cedar street, operated during the past few months by J. H. McLellan. It is understood that Mr. McLellan plans to engage in other lines of business, and will close up the candy shop.

MISS LILLQUIST IS BRIDE OF OLLIE NELSON

A quiet but pretty wedding ceremony was performed Wednesday afternoon when Miss Evelyn Lillquist, daughter of Mrs. Matt Major of this city, became the bride of Ollie Nelson, son of Mrs. Gust Nelson, also of Gladstone.

The wedding service was read at 4 o'clock Wednesday afternoon at the parsonage of the Swedish Lutheran church by Rev. C. E. Olsson, pastor of the church.

The attendants were Miss Evelyn Lillquist, sister of the bride, and Einar Olson, a close friend of the bridegroom.

The bride wore a gown of plum shaded tulle, heavily beaded in silver and carried an arm bouquet of roses and snapdragons. The bridesmaid wore a gown of henna shade and carried a bouquet of roses.

Following the ceremony a wedding supper was served to members of the bridal party.

Mr. and Mrs. Nelson, after a short wedding trip, will make their home in Gladstone.

The bride is a member of the Buckeye store force, while Mr. Nelson is employed at the flooring mill of the Cooperage plant.

Both young people have a host of friends who will wish them every happiness during their married life.

DUAL DEBATE WITH MEMONINEE ON WEDNESDAY

Arrangements have been completed for one of the most interesting events of the debating season, the dual debate between Menominee and Gladstone high schools, which will be held Wednesday evening, January 27.

The debate, on the Child Labor question, will be held in the two cities at the same time, one Gladstone team going to Menominee to meet a team there Wednesday night, and a Menominee team coming here to debate with Gladstone.

The debate will be held in the high school auditorium and the public will be invited to attend.

Announcement of the debating teams and of the judges will be held in the high school auditorium and the public will be invited to attend.

Announcement of the debating teams and of the judges will be made by Principle C. C. Strickland later in the week.

TRAMWAY FOR HARBIN

Berlin—The Siemens-Schuckert Works have obtained contract to supply the material to build an electric tramway to Harbin.

INDEES WIN MATCH FROM LEGION TEAM

The Indees took the long end of 2542 to 2529 score at the Community alleys Wednesday night defeating the Legion by a good margin.

Individual scores were:

INDEES.	
W. Larsen	158 124 158

Total	829 838 915
Grand total	2582
Team average	172

LEGION.	
E. Olson	165 159 174
B. Chatfield	200 128 165
W. Green	178 189 158
J. Sturgeon	130 215 155
G. Nylund	148 159 206
Total	821 850 858
Grand total	2529
Team average	168

Warden Leaves on Business Trip

Charles Coon, Gladstone warden, left Wednesday night on a business trip which will take him through Oregon, Washington and other states. He will be absent for a month or six weeks.

Returns From a Trip to Pontiac

Mrs. Jennie Mutart, 716 Manistique avenue, arrived home Tuesday night from a ten-day visit with her daughter, Mrs. T. W. Pawley of Pontiac. Her son, C. G. Mutart, of Raleigh, N. C., who had been attending the Dodge Brothers convention, as a representative of North Carolina, joined her in Pontiac, and a reunion was held at the Pawley home.

MRS. MERSEREAU DIES SUDDENLY IN BERKLEY, CAL.

Mrs. Margaret Mersereau, former well-known Manistique resident, died suddenly at her home in Berkeley, Cal., on Tuesday night, according to a message received Wednesday by relatives in Manistique.

Mrs. Mersereau was the widow of the late Charles B. Mersereau, who passed away last April. He was one of Manistique's early bankers, also postmaster here, and prominent in business circles during his residence here. Mrs. Mersereau was active in social affairs, and has scores of friends in this city.

The survivors include a son, John, and two daughters, Margaret and Edith.

SPORTSMEN MEET TONIGHT AT CITY HALL

A special meeting of the Gladstone Sportsmen's association will be held tonight at the city hall at 8 o'clock to choose a delegate to the meeting which will be held at Marquette January 28, to determine the trout streams which will be open this year.

The meeting at Marquette will be in charge of A. J. Vezina, assistant fire warden.

It is urged that every member of the association be present tonight at the meeting, as a general discussion of what trout streams should be open will be held and the wishes of the sportsmen's association made known by its representatives at the hearing in Marquette.

ANOTHER GOLD RUSH

Yakutsk, Siberia—This town is swarmed with persons, with nothing but quickly constructed huts to live in, who have hurried here in response to word that gold has been discovered here.

NOTICE TO REBEKAHS

Special meeting cancelled. All members try to be present at regular meeting Monday evening, January 25, at Eagles' hall.

CLASSIFIED ADS

FOR SALE—Five-acre farm of the late Mrs. Josephine Carrow. Located on the River Road, 4 miles from Manistique. M692-20-41

More Cash Given for Cooks Family

Cash totalling \$32 has been given at Manistique so far for the aid of the Deloria family at Cooks, whose belongings were wiped out by fire last week.

Contributions reported yesterday were:

Catholic Ladies' Aid	\$10.00
Mrs. A. S. Putnam	5.00
A friend	.50

The above sum, together with a quantity of clothing and some household furniture, has been delivered direct to Mr. Deloria at Cooks.

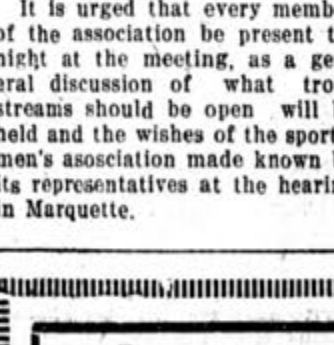

CARD OF THANKS

Our sincere and heartfelt thanks are extended to our many kind friends who so generously expressed their sympathy and assistance to us in our recent deep sorrow, the death of our beloved daughter and sister, Edith.

We wish especially to thank Evergreen Lodge, Knights of Pythias; Ossawanna Temple, Pythian Sisters; to those who so kindly furnished automobiles, and for the many beautiful floral offerings.

Mr. and Mrs. L. J. Anderson
M698-22-11. and family.

KEILMEN AND NORWAY BATTLE HERE TONIGHT

Basketball fans who were deprived of their game last Friday when Coach Keil and his men were at Newberry, will be out in full force tonight when the Gladstone quintet will meet the speedy Norway five on the floor of the high school gym.

The game promises one of the snappiest exhibitions of basketball seen this year.

Norway, judging from past performances, will come here with a strong, fast five, of the calibre that beat Gladstone, twice last season, the second time by one point, the last game of the tournament.

The Keilmens, however, are out to wipe out last season's defeats and to do a little squaring up on their own account which is going to make things interesting.

Norvus will start at center; Kircher and Fillmore, forward; and Weingartner, Bo Lapine or Peterson at guard.

The team is in good condition and things are looking much better than they did last week, Coach Keil said yesterday.

Preliminary.

A preliminary between the Freshman and a picked team of high school players will begin at 7:15 o'clock. The big game will follow.

Williamson of Gwinn will referee.

THEATRES

"ANNA CHRISTIE." "Anna Christie," adapted from the remarkable stage success of Eugene O'Neill and presented on the screen by Thomas H. Ince, accomplishes far more than an evening of rare entertainment at the Community Theatre, where it has just opened. It is a First National picture.

It is a finely wrought piece of stark realism, presented with such finish and such emotional power that it opens enraptured vistas to the picture fan with its promise of what may be hoped for from the silver sheet when the art of the silent drama ripens into maturity.

It may seem strange that an Irishman should have conceived this colossal drama of an old Swedish captain, his daughter, who becomes a victim of his fear of the sea, which he makes an excuse for evading parental responsibility, and of an Irish stoker who falls in love with the girl and comes into conflict with the old seahound, who is fanatically determined that his girl never shall marry a sailor.

TOM MIX TODAY.

Tom Mix and his inseparable companion, Tony, in their latest western production, "The Lucky Horseshoe," will begin an engagement today at the Lyric theatre.

The four-footed star seemingly enjoys his part in the newest Mix production, for he goes through it with unusual dash. The picture is for the most part a radical departure from the westerns in which American film-lovers have been accustomed to seeing Tony and his master.

The dream portion of the production provides a most surprising and effective contrast to the ordinary run of western pictures. Tom appears in all the gay accoutrements of the dashing lover of Spain, with the rest of the company attired accordingly.

CITY BRIEFS

Mr. and Mrs. Edward Miller and Mr. and Mrs. Alfred Raddant have returned from Shawno where they were guests at the home of Mr. Raddant's parents.

Mrs. A. Woodhall was the guest of Mrs. G. Lueck at Escanaba Wednesday.

Miss Delina Tlissier's Beauty Shop at Sam Rosenbaum's store, Phone 141, 823-22-11.

Mrs. Jack Lince, Mrs. Ellis Fillmore and Lloyd Watson arrived Wednesday night from Flint to attend the funeral of their aunt, Mrs. V. E. Tillman.

Mrs. W. J. Moore was an Escanaba caller yesterday.

SON IS BORN TO MR. AND MRS. MATT WAGNER

Gladstone friends will be interested in the announcement received here of the birth of a son to Mr. and Mrs. Matthew Wagner at Chicago, on January 15.

Both Mr. and Mrs. Wagner were Gladstone residents until this summer. Mr. Wagner engaged as an instructor in English at the Gladstone high school and Mrs. Wagner, an instructor in the Central school.

They are well known here and the announcement of the birth of a son to them will be received with interest and pleasure.

EGYPT PRINCE BOUGHT.

Cairo — British authorities were asked to help the Egyptian government capture Prince Ahmed, half of King Fuad. The prince had been confined in an English insane asylum from which he mysteriously escaped. Princess Nevil, Ahmed's mother, has petitioned King Fuad to allow Ahmed to end his days in Egypt, his native country.

ALL WRAPPED UP IN ITSELF

The tires were salvaged after this auto—guess the make—hit a telegraph pole near Washington, D. C.

SPINSTER HOOD

(Continued From Page Seven.)

the world. It's the best an artist can find, in this day and age.

"But, unluckily, in the village, we're all poor. And even I can't live on sincere appreciation of my art. I have to have bread and beans and lots of coffee to keep this poor machinery going."

"That's why I'm going up on Broadway if I get the chance, to make enough money to slap Broadway in the face and go back and play for nothing in the Village the rest of my life. But you needn't print that in your story."

Barbara gazed admiringly at the earnest face of the woman. "I wish I knew your Village. It's just a legend to me at present, Miss Olivero."

The actress lifted her eyes to Barbara's. "Would you like to meet the real Village?" she said. "Come to my house tonight. There's to be a little studio party, for a few people who are doing things. Wear whatever you like. But most of my guests like to sport their best clothes when they have a party. There'll be plenty of them in artists' smocks, however, if you chose to wear daytime clothes. It's just a hodge-podge. But it's good fun. There will be some music and much argument and some pre-war bottled cheer. If you have a soul-mate bring him along. We'll feed him well and let women will let him alone. We don't poach in the Village."

Barbara smiled. "I'll come, gladly. But I'll have to come alone. There isn't a man I can ask in New York."

Miss Olivero was gathering up her purse and gloves. "Right-o. Catch a taxi and come alone, about nine o'clock."

She left the office and it seemed to Barbara as if a cloud had come when the bright coat left.

At five o'clock she left the Footlights plant and walked toward Fifth avenue. Miss Furnival's apartment was in a building on West 59th, just off the avenue.

Barbara walked along in the crush of pedestrians, looking at shop windows and passersby with keen interest. The panorama of New York was still fresh enough to intrigue her, though with acquaintance, Broadway and its theaters were growing staid.

There were no business in sight on the avenue, so Barbara walked leisurely up the street, breathing the clear wintry air with pleasure.

The apartment building in which Elizabeth Furnival lived was shabby. It was situated, with characteristic New York incongruity, between two pompous stone houses with fretted doors. On the steps of one stood a large stiff-necked footman, holding a Pekinese dog not much larger than a rat. The man stared over Barbara's head as she went by.

"When she entered the hallway of Miss Furnival's building, she was surprised at its appearance.

MOTHER!

Child's Harmless Laxative is "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you'll have a well-playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

HUGE DIRIGIBLE IS BEING BUILT

Make Trip Across Atlantic in Two Days.

BY FRANK COCHRAN

NBA Service Writer

Akron's 1926 super-dirigible, a giant air liner to cross the Atlantic ocean in two days, is in the making.

It is to be the world's largest lighter-than-air craft, with nearly three times the gas capacity of the Los Angeles and Shenandoah and 200 feet longer.

Business men can walk into a cabin of this mammoth "bird" on Saturday, shoot swiftly to London, spend four days in England's capital and be back home on the following Monday.

Eight days for a trip to Europe and back home! The plans are nearly complete for the great ship and construction is soon to begin. It will be Akron's 1926 gift to the world of speedy transportation.

The craft will be known as the Goodyear-Zeppelin-1. It will be built in the Goodyear factories and the plans of the designers call for:

A ship 850 feet in length, with a gas capacity of 6,500,000 cubic feet.

For 100 Passengers.

A carrying capacity of 100 passengers, baggage, food, fuel supply, supplies for the crew and auxiliary apparatus for flying 8000 miles at the rate of 75 miles an hour.

Eight Liberty motors, all with the exception of the stern motors to be built inside the hull and all to have radiators that will not freeze in the highest altitudes.

Propellers geared out from the side of the ship to grip a free flow of air.

Steps and walks, corridors and runways instead of catwalks and narrow girders. Thus the crew will be able to visit every part of the craft, examine every foot of gas cell, repair leakages, test valves and controls.

The ship is designed, with an added knowledge of storm conditions. According to its designers it will be able to weather the most severe storms.

Beryllium, an aluminum alloy, the most recent metal developed for aircraft construction, will be used for the frame-work throughout, assuring lightness as well as unusual strength and durability.

The plans are to inflate the great craft with helium, the non-inflammable gas.

The sleeping quarters on the giant blimp will be Pullman style, seats by day and beds by night. Dining and sleeping quarters will be of two main corridors running the entire length of the ship, like the corridors through the passenger section of an ocean liner.

Weapon in War.

In times of war the GZ-1 would be a powerful weapon. Used as a mother-ship, it could carry 20 attack planes. It could cross coastlines and frontiers, carrying its own protecting planes or could fly out into the sea with bombers, release them against a hostile fleet and stand-out of range as a supply base.

Three men in Akron are bringing this dream to a reality. They are P. W. Litchfield, vice president of the Goodyear Tire Co., and manager of the Goodyear-Zeppelin corporation; Dr. Karl Arnstein, designer of the Los Angeles and six other Zeppelins, and Capt. Ernest A. Lehmann, who before the war made 1000 flights in commercial Zeppelins.

The war and the dirigible made Dr. Arnstein and Capt. Lehmann famous. Their inventive genius and daring were back of those German raids that struck fear into the hearts of the allies. But the armistice made them jobless. Now they are Akron residents, working for American interests.

FINDS PEARL.

New York — "Something's wrong with this oyster," said William F. Brennan, custodian at police headquarters, as he made a sudden pause while consuming an oyster cocktail. But Brennan didn't take the oyster bark or direct a verbal outburst at the waiter, for in the oyster he found a pearl the size of a marble. Jewelers say the pearl is worth \$10,000.

No matter how great a range the new photographs have, a kitchen range sounds better.

AMUSEMENTS

AT THE DELFT.

"We Moderns," a story of the younger British generation, with the ever ebullient Colleen Moore as the star, will prove a surprise to patrons of the Delft theatre, where it will be shown today and Saturday.

Fights against a canvas that fairly palpitates with the din and bustle of London life, photographed in the actuality, Miss Moore is seen not only in an entirely new frame, but presents a distinctly British after-the-war development, in her characterization of Mary Sundale.

The play is adapted from an Israel Zangwill novel, with June Mathis responsible for the screen version. It was directed by John Francis Dillon, who gave screen fans those two flapper epics, "The Perfect Flapper" and "Flaming Youth," by means of which Colleen originally climbed to stellar heights on the screen.

Surrounding Colleen in her new medium are Jack McHall, who is always interesting and convincing; Claude Gillingwater, Carlisle Selwynne, Carl Miller, Cleve Moore, and others.

AT THE STRAND.

"The New Commandment," a society melodrama, comes to the Strand theatre today and Saturday.

"The New Commandment" is a screen adaptation of Colonel Freely Lanchester's great novel, "Invisible Wounds." Saga Cowan and Howard Higgin made the screen adaptation. Higgin also directed this screen masterpiece.

Blanche Sweet, Ben Lyon, Holbrook Blinn, Effie Shannon, George Cooper, Pedro De Cordoba.

are seen in the greatest roles of their careers in "The New Commandment."

It is full of thrills, romance, drama, laughs and pathos and offers the patrons of the Strand the most unusual cinema treat of the year.

OLD TURK STILL ON JOB AFTER 150 YEARS

Constantinople — Zaro Agha has won a niche in the Hall of Fame. Claiming to have been born in 1775, he has had steady work and 11 wives during that time.

Zaro Agha is devoted to his present 27-year-old wife, and the only member of his family who gives him trouble is his son, age 93, who thinks he is too old to earn a livelihood.

"I don't see why I should have to keep him," declared Zaro Agha indignantly. "If I can work, surely the boy can, too."

Although he is running into his second century, according to documents which he has to prove his age, Zaro Agha has joyfully accepted an offer from the Constantinople authorities to join the staff of guards at one of the imperial palaces.

YOST TO SPEAK AT MARQUETTE

Famous Coach Among Men to Appear at Boy's Conference.

The program for the Older Boys' conference, which is to be held in Marquette, February 19 to 21, is practically complete. In addition to Fielding H. "Hurricane" Yost, famous coach of Michigan, who talks at the opening sessions on Friday, the boys will hear other prominent men. A. J. "Dad" Elliott, of Chicago, Y secretary for the college students of the middle west, is a compelling speaker. He has been chief speaker at the big state Boys' Conferences in Illinois, Minnesota, Wisconsin and the Dakotas. He is a famous Northwestern athlete, and a close friend of Yost's. He organizes the great student conferences held each summer at Lake Geneva, Wis.

Another speaker of wide experience with high school boys is Paul V. Barrett of Findlay, Ohio. Fred B. Freeman of Detroit, remembered from past conferences, will be present. The conference singing will again be directed by George W. Campbell of Chicago. Two of the conference sessions on Saturday will be given over to discussion groups, when the entire conference will be divided into discussion groups of 25 boys each.

Bracket Local Chairman. Other interesting features of the three-day program will include the great banquet on the opening night, given to the conference by the people of Marquette, the conference parade and picture, and the variety of recreation Saturday afternoon. Two committees of boys and men are at work in Marquette making arrangements to entertain the biggest conference yet held.

A chairman has been appointed in every Upper Peninsula town to assist in securing and organizing the delegates. Harry Brackett is acting as the local chairman for Escanaba in organizing a delegation. F. B. Bement is the chairman for Delta county. Mr. Cheney at the high school and Hugo Swanson are also assisting in the securing of the Escanaba delegation.

700-YEAR-OLD CLOCK

London—On the Wells Cathedral here is a clock, constructed by a monk from primitive material and with primitive tools, some 700 years ago, but which still is in faultless condition. Besides giving the hour the clock records the quarters of the moon and on the stroke of the hour a group of medieval figures break into life and whirl round until the last chimes die away.

MELTING ICE FORMS BAY.

Vancouver, B. C.—Two glaciers in northern Canada have melted and opened the district to a good harbor. When the international boundary line was fixed between Alaska and Yukon territory it ran through two big glaciers, from which Glacier Bay derived its name. Since that time the glaciers have melted and the bay now extends across the Canadian territory.

NATION-WIDE HUNT FOR PRETTY GIRL

Miss Julia Deffrey, pretty 17-year-old school girl, has disappeared from her home at Kenosha, Wis. An intense desire to study art is believed to have been the cause of her disappearance. A nationwide search is being conducted.

SMUGGLED FIRST RUBBER SEEDS INTO BRITAIN

Lack of Curiosity of Brazilians Started Monopoly.

BY W. M. BRAUCER

The romance of rubber has been the story of men who dared new things in the face of their neighbors' scorn. Like people laughed at the Wright brothers when they tried to negotiate the air, so they jeered the pioneers in rubber, men who tinkered with "cracky compounds" to test tubes or who sailed the seas after the wild goose. Joseph Priestley, an Englishman, was the sort of man forever "playing with some nonsensical contraption." But one fine day he gave the world oxygen. Another day, in 1770, while experimenting with a ball of rubber he found it would erase pencil marks. Artists bought the rubber erasers eagerly, but most of the people were content with the remark that "seventy-five cents an inch was a little too much" to spend for something they always had managed to get along without.

Sir Henry Wickham gave England one of the heartiest laughs in the empire's history when he sailed into port one day with a bunch of seeds in a glass case. But Wickham merely was following up Priestley. The hardy British adventurer had brought back the rubber that some later day would wipe out the nation's World War indebtedness.

If the customs officers at Para, Brazil, only had been a little more curious! Wickham and his glass case might have been stopped on the dock. America's 1925 rubber bill of about \$400,000,000 might be cut in half, and Brazil still would be King Rubber.

Wickham was a dreamer and a doer. One day while ruminating on the hardships of life in Brazil he conceived the idea of transplanting the seeds to a more accessible country, where the rubber might be cultivated by the planta-

tion system and where traders would not have to depend on savages who held the keys of the jungle.

He first experimented with planting in Brazil. Then came the task of getting rubber seeds to Britain in proper condition. The seeds are full of oils and rot easily. So he designed a glass case, carefully packed his treasure and off he went to the dock.

If the Brazilian inspectors had known what he was about Sir Henry and his ship and seeds and all might be lying at the bottom of the river in Brazil.

But the inspectors couldn't see how seeds in the Kew Botanical gardens, in London, would do the British empire any great and lasting good. So they waved Sir Henry a cordial goodbye.

Wickham sailed peacefully out of the harbor at Para. His only audience was a few gunboats that stood idly by, watching the most stupendous feat of smuggling the world ever has known.

The seeds went to the Kew Gardens, to be sure. But from there they went to Ceylon and Singapore, to every other tropical British possession. The seeds sprouted into Britain's rubber, belt around the world.

Sir Henry left three million or more acres of rubber in Brazil. There always will be lots of it left in Brazil. It is too hard to get out. But under the British plantation system, Sir Henry made possible in the east, getting the rubber out is easy as pie.

Development and perfection of rubber's usage grew slowly with the centuries. The savages knew how to make rubber suits, but the rubber was sticky and subject to every whim of climate. So the elastic gum was regarded as a curiosity for years. When the king of Spain sent his boots to Brazil in 1775 to be waterproofed the Spaniards regarded it more or less as his majesty's whim.

Then came Charles Macintosh. The Scotchman "foiled around with a few strips of cloth and a thin sheet of rubber dissolved in coal naphtha. His name still stands for raincoats.

But the Scotchman's raincoats were a bit sticky. Sometimes a man sat down in one and couldn't

get up. It remained for Charles Goodyear, in 1839, to make rubber safe to sit in.

ENGLAND DROPS BROAD ARROW AS CONVICTS' MARK

London—The British "broad arrow" is to disappear from prisoners' clothing. The broad arrow is the mark used in English prisons to designate convicts as stripes are sometimes used in this country.

The move has been taken in order to remove unnecessary degradation from prisoners, whose sentences may be the result of circumstance or of error.

The broad arrow was adopted as the badge of a criminal about the end of the seventeenth century. At that time the Earl of Romney, while master of ordinance, found that the government had no distinguishing mark with which to brand its possessions. The result was that losses thru theft were heavy.

Materials under his control to be marked with the pheon or broad arrow, a part of his own coat of arms. Since the clothing of prisoners is a government function, it has followed that all prison wear has been marked with the broad arrow.

OLDEST BELL IN EUROPE

Lanark—This town claims to have the oldest bell in Europe. It is in the Town Steeple and still is in good condition.

Wood Cutters Haul Across Bay Ice

The snow which fell this week has made it possible for the woodcutters of the Stoughton peninsula to begin hauling their product across the ice to Escanaba. Yesterday's clear, cold weather saw many teams engaged in the traffic. Ice cutting also is in full swing in the bay which now has taken on its mid-winter appearance.

Nice thing about the present dance steps is you can't tell if the dancers are drunk or sober.

Keep Slim

To keep loose All ideas of charm and beauty include slenderness today. A woman who carries excess fat does herself injustice. Millions have learned an easy way to reduction. No abnormal exercise or diet is required. Just take a Marmola Prescription Tablet four times daily. Our latest book tells every ingreduent used. It is so reliable that every user is now offered a guarantee. The reduction is gradual—not over a pound a day. So the body adjusts itself to the new condition. Every person who suffers overweight should learn what Marmola does. A way so widely used, so long used, deserves a test. Let it do for you what it is doing for people all about you. Marmola Prescription Tablets are sold by all druggists at 51¢ per box. Send this coupon for our latest book, 25¢. Sample free. See our guarantee. Clip it now.

CRICKET FOR FRANCE.

Paris—French soldiers soon may blossom out with blazers, ties and scarfs of various hues and brilliancy. Plans are being made to teach them to play cricket, and to organize cricket teams in all barracks. English comment on the proposal indicates that the mercuric temperament of the Frenchman may make him unwilling to wait three or four days on the sidelines for the outcome of the game.

HORSES FOR SALE

At The Old Hessel Stand

If you are in need of anything in the horse line, call and see us. We have a lot of horses weighing from 1600 to 1800 lbs. and not fat, but in good shape to go to work. We also have three good drivers and two teams of big cheap horses that will have to go for any one.

The time is short for hauling so don't put off buying and get caught with a lot of stuff in the woods. A few days hauling may make the price of a team and have the team left.

Call and look them over. We will not ship in any more big horses this season. Terms cash or time with good security.
