

EARTHQUAKE KILLS HUNDREDS IN JAPAN

Two Cities in Interior Feel Several Shocks; Property Damage Huge

COMMUNICATION CUT OFF; MEAGER REPORTS STATE FIRES DESTROYED SEVERAL VILLAGES.

(BULLETIN)

Tokyo, March 8.—(P)—(8:20 a. m.) Reports received by the vernacular newspapers from Mineyama are that the Tango district, Kyoto prefecture, was badly hit by yesterday's quake, several hundred being dead or injured.

Details are meagre owing to interrupted communications, but Osaka and Kobe apparently were not seriously damaged.

CHURCH BLAST STILL MYSTERY

Unidentified Man Slain After San Francisco Bombing.

San Francisco, Mar. 7.—(P)—The motive for repeated attempts to destroy St. Peter's and St. Paul's Catholic church here remained a mystery tonight, although police officials expressed the opinion that bombings at the edifice were the work of religious fanatics who wished to discourage attendance at the church.

Police officers who fired on Eklund suspected him as a lookout for the man who threw the bomb which was found to contain 23 sticks of dynamite. The fuse was snuffed out by an officer in time to prevent an explosion.

Several persons told the authorities they had seen the slain bomber but none could name him. A soldier said the body was that of a street sweeper, and an Oakland night watchman declared the dead man was the bomber responsible for four attempts to dynamite a garage there.

WEATHER

UPPER MICHIGAN — Fair Tuesday; Wednesday probably rain or snow; moderate temperature.

Temperatures—Low

Table with 2 columns: Location and Temperature. Locations include Alpena, Marquette, Sault Ste. Marie, etc.

Daily Road Report

The following state trunk lines in the upper peninsula are being maintained and are open for winter wheel traffic: M12—Sault Ste. Marie through St. Ignace-Mackinac-Keweenaw-Iron Mountain-Battle-Crestal-Fall-Johnson River to Ironwood.

NEGROES MAY CAST BALLOTS IN PRIMARIES

COURT RULES PRIVILEGE CANNOT BE DENIED THEM

Washington, March 7.—(P)—Negroes under the federal constitution have the right to participate in state primaries and cannot be deprived of that privilege by state laws, the supreme court in an unanimous opinion decided today in a case from Texas.

The decision, delivered by Justice Holmes in being closely studied by congressional leaders for its effect on the much discussed question of federal jurisdiction over primaries, raised in the Smith and Vavca cases from Illinois and Pennsylvania.

It has been well established, that private damages could be caused by deprivation of political rights. The Texas law was described as a direct and obvious infringement of the fourteenth amendment, which, it was declared, had been adopted "with a special intent to protect the blacks from discrimination against them."

This meant, the court stated, that the law of the states shall be the same for the black as for the white; that all persons, regardless of color, stand equal before the laws of the states; and that no discrimination shall be made against negroes because of their color.

The federal district court for western Texas, where Nixon sought \$5,000 damages for alleged deprivation of rights under the federal and Texas constitutions, dismissed the suit, holding that no question with in its jurisdiction was presented.

The federal district court for western Texas, where Nixon sought \$5,000 damages for alleged deprivation of rights under the federal and Texas constitutions, dismissed the suit, holding that no question with in its jurisdiction was presented.

State Will Undertake Vast Highway Program

Lansing, March 7.—(P)—The greatest highway maintenance program in the state's history is to be undertaken this year. The state administrative board today set aside a fund of \$4,500,000 as compared with \$3,700,000 last year.

The board went on record as favoring paying the counties more than \$225,000, due them for maintenance work as soon as possible. The counties exceeded the budgets for maintenance allotted them by the state by \$113,000 in 1924, \$45,000 in 1925 and \$144,000 in 1926.

CAGE VICTORY IN ANN ARBOR CAUSES RIOT

Ann Arbor, Mich., Mar. 7.—(P)—Police brought tear gas into play here tonight to quell a disturbance caused when a mob of approximately 500 students and citizens, celebrating Michigan's winning of the Big Ten basketball championship, attempted to rush two downtown theatres.

Two students and a local resident were injured in the clash with police which occurred in front of the Majestic theatre. They are: John Blakely, Rockford, Ill., senior, burned by a wad from a tear gas bomb.

Marvin Slater, a graduate of Michigan, of Ann Arbor, cut and bruised by flying missiles. Victor Westerman, a resident of Ann Arbor, cut and bruised.

The crowd of students and enthusiastic followers of the Michigan team gathered on the college campus immediately after the game and marched to the downtown sections where they attempted to enter the Arcade theatre, a motion picture house.

They were refused entrance by police on guard at the place and after several minutes wait, moved on to the Majestic theatre, several blocks away. Meantime a special detail of police had been called and met the celebrators at the entrance of the Majestic.

After the fracas police said no action would be taken and that the whole affair will be dropped. None of those injured suffered serious hurts and were able to go to their homes after first-aid treatment in downtown drug stores.

All business houses in the section where the disturbance occurred were forced to close up, however, because of the fumes from the tear bombs and several persons reported eyes burned by the gas.

MAZER TO TELL MELLETT TALE

Confession Turns Suspect Into Witness for State.

Canton, O., March 7.—(P)—Louis Mazer, first of four men arrested for the killing of Don R. Mellett, Canton editor, will assume the role of state's star witness when Floyd Streitberger, former Canton city detective, is brought to trial, for first degree murder.

Mazer, Saturday, in a long conference with Henry W. Harter, Jr., county prosecutor, broke the silence that has surrounded the case since Mellett was shot down last July 16. Harter today revealed that he had promised Mazer immunity in return for what he revealed and that Mazer will go before the county grand jury which meets tomorrow to repeat his story.

In this role Mazer will replace Steve Kaschok, informer on whose testimony the state convicted Patrick McDermott and Ben Ruder, both of whom are now serving life sentences.

INQUEST INTO CAR ACCIDENT IS POSTPONED

IVAN LANCOUR TELLS STORY OF MISHAP YESTERDAY.

With the testimony of only one witness—Ivan Lancour—completed, and Otto Scheriff on the stand, the coroner's inquest into the causes and circumstances of the accident in South Tenth street Saturday night, which resulted in the death of Mrs. Selma Carlson, was adjourned last night for two weeks. By that time it is hoped that Mrs. Martin Anderson, who was severely injured by the car in which Lancour and Scheriff were riding, will be able to make a statement to the members of the jury.

Mrs. Anderson's condition, yesterday, was regarded as "unchanged." She is still very nervous from the severe shock. Her left leg and her left collar bone are fractured and she has serious bruises about the head and face. She has a chance for recovery, if there are no complications, the attending physician said.

Lancour on the stand for more than an hour. He was examined by Coroner G. C. Bartley and cross-examined by Attorney Torral E. Strom, representing Mr. Scheriff, and County Prosecutor Glenn W. Jackson.

Lancour said he was 17 years of age and that while he was not employed regularly by Otto Scheriff as a deliveryman for the Scheriff grocery store, he occasionally worked in that capacity. He told of leaving the store, in the south part of the city, to drive Otto Scheriff to police headquarters. In the 300-block in South Tenth street, he testified, he was confused by lights on a car approaching him from the north and from the rear. The windshield was described as "dirty" and covered with rain.

He denied that he saw either Mrs. Carlson or Mrs. Anderson in the road, but felt and heard the impact. He alighted, assisted in carrying the two injured women from the street, and stayed on the scene "about ten minutes" he testified. Then he testified, Scheriff told him to drive the car home and say nothing about the accident.

Denies "Silence" Order Mr. Scheriff emphatically denied that he told the lad to keep still. He merely told the boy to "put the car away," he asserted. There also were discrepancies in the two stories in several particulars, notably the condition of the lights, the exact spot where the accident took place, and the position of other cars in the street at the time.

Adjournment was taken before Mr. Scheriff had been given an opportunity to offer an explanation of his failure to report the true facts concerning the accident to the police immediately afterward. He said, however, in response to a question by Mr. Jackson, that he was in a highly nervous condition.

Lancour's eyes, it was brought out, are very bad. He was unable to read the large type at the top of an advertising calendar, halfway across the room, and Coroner G. C. Bartley told the jury that the boy's vision, apparently, was about "half-normal."

Mr. Scheriff gave his age as 50 years. He has lived in Escanaba 45 years, he said, and has been in police work—city and county—for the last 18 years. Members of the jury are: Joseph Belland, Albert Villemure, John Sullivan, Peter Thompson, Axel Carlson and Fred Soper.

Mr. Scheriff was represented at the inquest by Attorneys Torral E. Strom and J. L. Loell. No warrants will be requested for the arrest of either of the men for the present, Chief of Police John J. Tolcan said last night.

Tear Bombs Quell Student Celebration

Jury Rapidly Chosen for Trial of Sinclair

Washington, Mar. 7.—(P)—A trial jury for the contempt case brought by the senate against Harry F. Sinclair, multimillionaire lessee of the Teapot Dome naval oil reserve in Wyoming, was selected so rapidly today in the District of Columbia supreme court that government counsel found themselves unprepared to begin the trial. At his suggestion, Justice Hitz adjourned court until tomorrow. At that time the opening statement will be made to the jury and the presentation of the evidence will begin.

The government's evidence will be almost wholly documentary in character and will consist of the contract to the Teapot Dome reserve awarded to Sinclair's Mammoth Oil company by Albert B. Fall, as secretary of the interior, and the copies of six questions which Sinclair refused to answer before the senate public lands committee submitted in the sixth investigation of land leases in 1923 and 1924.

BY RODNEY DUTCHER, NEA Service Writer. Washington, Mar. 7.—Four cases three of them criminal and one civil, involving Harry Sinclair, Albert B. Fall and Edward Doheny and their naval oil reserve leases still are in the U. S. courts. They are:

1.—Indictment against Harry Sinclair charging contempt of the U. S. senate; Sinclair now on trial. 2.—Government's civil suit to cancel Sinclair's Teapot Dome lease, now in the U. S. supreme court on appeal. 3.—Conspiracy case against Sinclair and Fall, now scheduled for trial here April 25. 4.—Bribery case against Doheny, Fall and E. L. Doheny, Jr., involving delivery of \$100,000 to Fall by Doheny through the latter's son.

Date of the trial of the latter case is indefinite. The trial was postponed because of Fall's recent illness. Two Cases Ended. "The oil scandal" cases already disposed of were the conspiracy case against Doheny and Fall in which they were acquitted a few weeks ago, and the civil suit to cancel Doheny's Elk Hill lease, which the government has just won in the supreme court. The indictment to which Sinclair is now answering in a District of Columbia court was the very first formal charge brought against any of the noted trio.

Sinclair was virtually pushed into the courtroom by Senator Tom Walsh of Montana, the Sinclair-Fall-Doheny nemesis. Walsh largely was responsible for the indictment. When Sinclair sought shelter behind a screen of technicalities, it was Walsh who tore the screen down. Sinclair's day of reckoning follows close behind the decision of the supreme court handing Doheny's Elk Hill naval oil reserve lease as fraudulent and ordering them canceled.

FRIENDS THINK DAUGHERTY IS SMITH'S 'GOAT'

ATTORNEY-GENERAL KNEW NOTHING OF CONSPIRACY.

BY DAVID LAWRENCE (Copyright 1926, by the Escanaba Press) Washington, Mar. 7.—Now that the prosecution of Harry M. Daugherty has been dropped due to the failure of two juries to agree, the story may be told of what the intimate friends of the former Attorney-General are convinced did really happen.

Unless one knew the incredible personality of Jess W. Smith who committed suicide and the circumstances which woven together shed light on the mystery there is difficulty in understanding the whole episode. For Jess Smith is dead—and nothing that can be said about him can be corroborated. At least it would have been useless to tell the story to a jury and Harry Daugherty is not the type who would rely on revelations about his dead life-long friend as a defense.

Smith Received Money. That Jess Smith received money from various persons who sought to influence government action is unquestioned. That Harry Daugherty knew nothing about it until it was too late is also accepted by friends as absolute truth. Although Jess Smith worshipped Harry Daugherty, he concealed from him what he was really doing in Washington. On this point the comment today of Mrs. Mabel Walker Willebrandt, assistant attorney-general, is pertinent.

"I once brought to the attention of the attorney-general," she said, "the case of some Ohio bootleggers who had fled to Canada. I wanted extradition proceedings brought. I heard that Jess Smith was somehow mixed up in the case but I didn't know to what extent. But despite the fact that Jess Smith was impersonating the attorney-general I did not begin extradition proceedings. I accepted my recommendation that special counsel be employed to prosecute. I did not know until a long time afterwards—in fact after Jess Smith died, and one of the defendants admitted it—that Jess Smith had received \$25,000 to help them with their case."

Daugherty in Dark. Mrs. Willebrandt is convinced also that there were many other instances in which Jess Smith sought to use his influence and that he never let the attorney-general know he was being paid for his services. Jess Smith was not a government employe, but Mr. Daugherty allowed him to use a desk in the department of justice because he attended to many personal matters for him. He was as ready to serve as a valet as he was to be a secretary. He fell in with lobbyists who had been active in politics. The supposition is that they often inveigled Smith into their plots.

It is confidently assumed by friends of the former attorney-general that he did not discover Smith's duplicity until a few days before the suicide. Harry Daugherty is believed to have expressed himself in such strong terms that it was one of the immediate causes of the suicide of Jess Smith. He was just the kind who would feel that having lost the friendship and confidence of his best friend there was nothing else to live for.

Mind Not Well Trained. Jess Smith had an idea that practical politics permitted lobbying so long as he was not in the government service. He had the

The unique rock formation, shown in the upper photo, is what gives the name "Teapot Dome" to the oil field which is at stake in the government's fight with Harry Sinclair (below). The field is in Wyoming.

MOORS CAPTURE FOUR AVIATORS

Fliers Held for Ransom; Are Not Mistreated, Says Message.

Madrid, Mar. 7.—(P)—The first direct news from the Uruguayan aviator, Major Tadeo Larre-Borges, who with three companions is believed to be held for ransom by Moorish tribesmen, was received here today and stated that he and his crew were in perfect health and were being well treated.

The news was received at the foreign office from the director of Spanish Morocco who transmitted the message from the representative high commissioner at Cape Jubi which is sixty miles from the spot where the shattered trans-Atlantic airplane of the Uruguayan aviators was found last Saturday.

The high commissioner's representative at Cape Jubi heard from Major Larre-Borges through a letter delivered by a native. There was no indication in the representative's message of where the Uruguayan aviators were or of any demands for ransom. The message delivered to the foreign office read: "The commander of the airplane, Major Tadeo Larre-Borges, has communicated with me by means of a letter delivered by a native asserting that he as well as the rest of the crew is in perfect health and is being well treated. He urges me to communicate the news to his family in Montevideo, as well as to the Uruguayan government."

Reports received by radio from Las Palmas in the Canaries say that information received there from Cape Jubi indicated that the Uruguayan aviators should be located in a place called Hartzigdit, that they were perfectly healthy and that they were expecting to be "ransomed" before tomorrow by the high commissioner of the Spanish Morocco.

DISCIPLINE

Discipline determines to what good purposes we may direct our abilities and correct our faults. It gives poise to our character and fits our combinations for contact with the world. It is the test and developer of every real quality of heart and mind. Discipline welds experience into wisdom. It develops a man's best faculties and teaches him the ways in which to bring forth the best that is in him. A little regular reading of the Press's Classified Ads is good discipline for our desires—it helps turn day-dreams into realities!

with four factories destroyed and numerous houses caved in. Numerous casualties in towns near Miyazu were reported by the newspaper Asahi. Shimon, which said that most of the country people remained out of doors throughout the night.

Tokyo, Mar. 8 (AP) (2:40 a.m.)—Eleven persons were killed and 52 injured by yesterday's quake in the city of Osaka, say reports from the prefectural police received here early this morning. Four factories and numerous houses were destroyed.

Unconfirmed dispatches to Asahi Shimbun report that the towns of Kaetsu, Yamada and Iwatai near the city of Miyazu were destroyed, the region being that in which the earthquake was heaviest. Numerous casualties were reported in this district.

Most of the country people remained outdoors throughout the night and frequent shocks were being felt at intervals.

A destroyer in Miyazu bay was reported to have landed blue-jackets to maintain order.

The last earthquake of moment in Japan occurred last August, the center being about 11 miles seaward from Tokyo. This quake was strong enough to put the lighting system out of commission temporarily, to burst water mains and to interrupt communications. Minor quakes have occurred at intervals since.

The earthquake of 1923, which ranked as one of the most destructive on record, caused enormous losses. The official death toll was placed at 99,331 with 163,733 injured and 43,476 missing. The fire, which followed the quake, was responsible for many of the casualties and for a great preponderance of the property destruction. The losses were estimated at not far from \$5,000,000,000.

The principal center of this quake was under Sagami Bay to the south of Tokyo, where it was found later that the sea bed had been lifted in some places and depressed in others.

WOMAN DROWNED. Tokyo, Mar. 8 (AP)—An unidentified American woman was drowned, says a report received here, and two men were injured by the falling of the gangplank of the steamer California, which was preparing to leave Kobe when the earthquake occurred.

The gangway was crowded at the time and there was a panic among the tourists, some of whom fell into the water.

NEGROES MAY CAST BALLOT IN PRIMARIES

(Continued From Page One.)

ship of "primaries" to "elections." As analyzed by the court, during oral argument, the controversy was narrowed in all of its constitutional aspects to the question whether party primaries are elections. The constitutional guarantees against discriminating on account of race, color or previous condition of servitude had been annulled. Nixon contended, by the law of Texas under which negroes are prohibited from voting in Democratic primaries.

The fifteenth amendment to the federal constitution was restricted, he asserted, to the right to vote. Democratic primaries in Texas were conducted, he asserted, for the selection of candidates by voting. Declaring that he had long been a Democrat, and had complied with all laws regulating the qualification of citizenship.

JURY PICKED IN SINCLAIR TRIAL

(Continued From Page One.)

testify. Sinclair was indicted in the District of Columbia courts under senate statutes governing contempt.

Sinclair appealed the indictment to the circuit court of appeals.

Last summer Senator Walsh put through a law prohibiting special appeals from District of Columbia indictments not yet tried, and made it apply to Sinclair's case by a retroactive provision. Following this the circuit court last October dismissed appeals from indictments in the Sinclair contempt case, the Fall-Doherty conspiracy case and the Fall-Sinclair conspiracy case.

Committee Cannot Meet to Consider Further Tax Cut

Washington, Mar. 7 (AP)—Detailed study of the congressional record today disclosed to Chairman Green of the house ways and means committee that his committee apparently failed to get official consent of congress to meet before the December session to consider further tax reduction.

While early on the last day of the session the senate approved the house resolution authorizing the committee to meet during the recess for this purpose, the record showed that later Senator Harrison, Democrat, Mississippi, moved to reconsider approval of this resolution. His motion was not acted upon nor withdrawn in the closing hours and the resolution is therefore declared not to have been approved.

Harrison said today that in the last minute of the final session he sought to withdraw his motion but could not obtain recognition from Vice President Dawes.

Representative Green, however, is intent upon getting the committee into session for a running start on the tax reduction problem before congress meets in December and he is confident he will get a way out, despite the lack of official authority.

RAINS SLOW UP CHINESE FIGHT

Cantonese Troops Said to Be Slowly Moving North.

(BULLETIN) Washington, Mar. 7 (AP)—Radio advices to the navy department today from the destroyer Noa reported that troops of Marshal Sun's command had commandeered three Standard Oil barges.

The barges were in the grand canal, connecting Hangchow and Tientsin, but details of their seizure were not given.

Shanghai, March 7 (AP)—Heavy rains have slowed down developments in the tangled military situation here.

Increasing movement of the Cantonese troops northward is indicated by the often conflicting reports received from both sides, with Soochow, 50 miles west of Shanghai, their probable objective. If the Nationalists were able to capture Soochow they could sever the Shanghai-Nanking railway, the chief line of communication of the northeners, who are defending Shanghai.

Rumors circulated by natives today that the Soochow had been taken by the Cantonese proved unfounded. Both sides are hurrying reinforcements toward Soochow. General Chang Tsung-Chang, leader of the Shantung forces which have come to the aid of the defenders of Shanghai, is rushing artillery to Soochow to prevent the severing of his line of communication.

The movements now under way seem to be mostly maneuvers for tactical advantage. There is no indication of a direct drive toward Shanghai by the Nationalists who are continuing to push northward, and according to latest reports, have reached Taiping, 40 miles southwest of Nanking.

The news today that Chen Tiao-Yung, governor of the province of Anhwei, had taken side with the Cantonese against Chang Tsung-Chang, is taken to indicate that the situation is subject to the usual dickerings among the Chinese warlords and that such deals may change the fortunes of war at any time.

Pupils Are Taught "Run" Song Pastor Tells Association

Grand Rapids, Mich., Mar. 7 (AP)—Late at night sat Ivan on the divan;

"In his hand he held a glass of rum;

"There drowned his sorrow,

"Dreaded of love and happiness to come."

Thus runs a song which Reverend Cornelius Quartel, pastor of Ada Congregational church, says is being taught children in the public schools here. Mr. Quartel made a protest Monday preceding a meeting of the Grand Rapids Ministers' Association.

The pastor said he was walking near Sigbee school when he heard a little girl singing the song in question.

"I asked her where she learned it," Mr. Quartel said. "She told me her teacher taught it and I visited the teacher and asked for the words of the song. She gave them to me and when I protested she said they were all right—new Russian art. I guess I am too old-fashioned to appreciate that kind of stuff."

Other ministers who read the words of the song called it "damnable outrage" and "scandalous."

Every Englishwoman is a law-breaker unless she wears flannel, according to an ancient law regulating wearing apparel.

Why Children Need Breakfasts that "Stand By"

80% of the Day's Important School Work Falls in 4 Morning Hours, Noted Educator Reveals

ARE you letting listless mornings, brought on largely by wrong breakfasts, handicap your child's school work?

Recent investigations, conducted in over 2,000 American schools and colleges, reveal 80% of the so-called "hard" studies as falling in the morning. This percentage is confirmed by Prof. Willard, of Northwestern University, and other leading educators.

Thus Quaker Oats breakfasts, providing the excellent food balance of protein, carbohydrates, vitamins and the "bulk" to make laxatives seldom needed are being urged as a duty of parents in protecting their children's most important working hours. No other cereal grown compares in food balance.

Serve every morning. Their rich Quaker flavor makes them savory and enticing... delicious breakfasts that yet "stand by" one. Get either Quick Quaker, which cooks in 2 1/2 to 5 minutes, or regular Quaker Oats today at your grocer's.

Quaker Oats

THE DAY IN WASHINGTON

The Sinclair contempt jury was selected.

Supreme court held invalid the Ohio law permitting prohibition trials by mayors.

The Texas primary law excluding negroes from voting was declared unconstitutional by the supreme court.

Bids on the construction of six new cruisers authorized by congress, were asked by the navy department.

SUGGESTS CAL DIRECT RADIO

Bloom Says Commission Cannot Act Without Funds.

Washington, Mar. 7 (AP)—Questioning the right of the newly created radio commission to function in the absence of funds which were denied when the senate failed to pass the second deficiency bill, Representative Bloom, Democrat, New York, suggested to President Coolidge today that he declare a "national emergency" in the broadcasting field and take over the directing authority himself.

In a letter to the president, Bloom pointed out a provision in the act urging the executive to suspend radio regulations during an emergency, which he declared exists now. The president then could re-delegate licensing power to Secretary Hoover or even to the commission, Bloom contended. He argued that unless that step was taken any action by Hoover or the commission would invite court action by dissatisfied broadcasters.

Meanwhile plans were made for a preliminary meeting here next week of three of the commission members. E. O. Sykes, of Mississippi, one of the three appointees confirmed by the senate, is expected to confer with O. H. Caldwell of New York and H. A. Bellows of Minnesota, who were given recess appointments, to arrange for the first formal session later when John F. Dillon, another confirmed member, will have arrived from California. Rear Admiral W. H. G. Bullard, retired, fifth member, is in China and is expected during April. President Coolidge today designated Bullard chairman of the committee.

JUDGE INVOLVED IN CASE BARRED

Supreme Court Decides He Is Not Qualified to Sit.

Washington, Mar. 7 (AP)—In an unanimous decision, the supreme court held today that judicial officers are disqualified from sitting in cases in which they are financially or otherwise interested. The opinion was delivered by Chief Justice Taft in a case in Ohio in which Ed Tumeay had been convicted by the mayor of the village of North College Hill on a charge of violating the prohibition law.

The court held that the Ohio statutes aimed to enforce the prohibition law and the village ordinance under which the mayor was allowed fees on conviction was an encroachment upon the due process provisions of the 14th amendment to the federal constitution. He was of the opinion that the mayor sitting as a judge, had pecuniary interest in the result of the trial which disqualified him.

Statutes Condemned. The Ohio statutes and the village ordinance were condemned as meaning that there was "no way by which the mayor may be said for his services as judge, if he does not convict those who are brought before him."

Legislatures may stimulate prosecutions by offering rewards, the court held, but they have no right to vest the judicial power in one who by reason of his interests, both as an individual and as chief executive of the village, is disqualified to exercise it in the trial of the defendant.

Officers acting in a judicial or quasi judicial capacity are disqualified as a general rule, it was declared, by their interests in the controversy.

There was no reason for the mayor to sit in the Tumeay case, it was added, because other judicial officers, who had no disqualification, were available.

The mayor was found to have a "direct personal pecuniary interest in convicting the defendant," the court explaining that he could not have received the costs had he acquitted him.

Compensation From Fees. Referring to the contention that in Ohio and other state justices of the peace and judges of inferior courts derive their only compensation from fees and costs

ISLAND FEARS ANOTHER STORM

Cyclone Wrought Great Havoc in Madagascar—Thursday.

Paris, Mar. 7 (AP)—There was much anxiety in France tonight over the report that still another cyclone was threatening Madagascar and its neighboring French insular possession Reunion Island, nearly five hundred miles to the east. Madagascar was swept by a cyclonic storm last Thursday from which Reunion Island also suffered considerable damage.

The difficulty of communicating with the islands served to increase the uneasiness here. Both cable and wireless services were put out of commission by last week's storm and the only means of obtaining news from this part of the Indian Ocean now is by wireless ships at sea.

No direct communication has been received from either island since a brief despatch this morning from St. Denis, Reunion Island, which said a new cyclone of great intensity was threatening that island and it was feared by the temperate already had passed over Madagascar. The minister of colonies has little information from the island besides what has been published in the newspapers.

It appears that the town of Tamatave, on the east coast of Madagascar was virtually wrecked by last Thursday's storm. The number killed in Madagascar Thursday remains a matter of speculation. One estimate placed it as high as five hundred and another today said it would not exceed 30. Tamatave was struck by a tidal wave according to reports which increased the damage to shipping. A number of small ships were sunk. The steamer Sainte Anne from Madagascar is missing and it is feared it may have been sunk.

Methodists Endorse Move to Introduce Bible Into Schools. Detroit, March 7 (AP)—Indorsement of a bill before the Michigan legislature making mandatory the reading of Scripture selections in all public schools of the state, was contained in a resolution adopted by the Methodist Pastors Union of Detroit, today.

MEN HELD FOR BEATING EDITOR

Publisher Whipped Into Insensibility by Four in Hoods.

Soperton, Ga., Mar. 7 (AP)—Sheriff W. L. Thigpen of Treutlen county, Joe Lee, Raymond Lee and Henry McLendon was arrested here late today charged with being participants in the flogging of H. M. Flanders, editor of the Soperton News, the night of February 25.

The editor was dragged from his automobile and whipped into insensibility by a band of hooded men.

The men are held under \$3,000 bond.

The officers who made the arrest refuse to disclose their evidence.

Flanders still was confined to his bed as a result of the flogging and had no comment to make when informed of the arrests. According to Mrs. Flanders he was in no condition to make a statement. The editor was flogged by three men just after dusk because of his alleged activities against lawlessness and the bootleggers in Treutlen county, he was told by his assailants.

How long he remained unconscious after the flogging or what the men used to beat him, the editor was unable to say. When he recovered his faculties he made his way to Soperton. He was carried to his home.

Flanders has been in a critical condition since the flogging.

Although posess were organized immediately, and the county was scoured, no trace of the floggers was found. Rewards totalling more than \$2,500 were offered for the apprehension and conviction of the men.

Sheriff Thigpen and the three men arrested with him refused to comment on the action.

Millionaire Saved From Drowning by Chicago Youth, 17

Chicago, March 7 (AP)—William L. Bush, 64, millionaire president of the Bush and Gerts Piano company, and head of a conservatory of music here and one in Dallas, Texas, was rescued from the Chicago river by a 17-year-old boy today after he leaped or fell into the water from the Michigan avenue bridge.

Mr. Bush first was seen in the water near the Clark street bridge, four blocks from the Michigan avenue span. Alvin Ott dived from the Clark street bridge and after a struggle, brought Mr. Bush to shore.

Officer Kills Man Who Puts Hands in Pocket During Quiz

Detroit, Mar. 7 (AP)—Guerra Ferruccio, 25, was shot to death here tonight by Detective George Rose, when he put his hands in his pockets while the officer was questioning his regarding a dispute with an automobile dealer. Rose said he thought the man was reaching for a gun, but a search of the youth's clothing failed to reveal a weapon.

The detective was exonerated of all blame in connection with the shooting by William D. Brusstar, assistant prosecutor.

New postage stamps issued during the last twelve months number 2039, bringing the world's total up to 45,378 standard varieties, exclusive of shades, perforations, and so on.

Michigan President Will Collect Mice

Ann Arbor, Mich., Mar. 7 (AP)—A prolonged trip in search of mice for experimental experimental purposes will be made by Dr. Clarence Cook Little, president of the University of Michigan, during the summer, it was announced tonight.

WOMEN

To End Cramping and Pains. This Quick-Acting Formula is Safe. Now Used Widely.

THOSE "off days" rob you of pleasure—lower your general vitality. This way relieves them. Anacin dissolves and is working 30 seconds after reaching stomach. It compounds not to upset stomach or affect the heart.

Anacin is a balanced formula of Quinine Sulphate, Para-Acetphenidin, Acetylsalicylic Acid, Caffein.

Physicians prescribe it widely in daily practice. Get 25c metal box at any drug store. Keep for emergency—headaches, toothaches, etc. Relieves colds, chills and fever almost instantly.

PRICE TEMPTERS When the Prince of Tempters met the Empress of Vamps, he matched his art against her heart and won! with Lois Moran Ben Lyon Lya De Putti and Mary Brian, Ian Keith, Sam Hardy, Olive Tell. Adapted from "The Ex-Duke" a novel by E. Phillips Oppenheim. ALSO SONG CARTOON "SWEET ADELINE" TOMORROW— "WHISPERING WIRES" A Mighty Good Mystery Story.

"It was while playing in a revival of Victor Herbert's 'Mlle. Modiste' I smoked my first cigarette. I was afraid it would make me cough and affect my voice. It seemed to ease it. I looked at the name. It was a 'Lucky Strike.' That is why it is the only cigarette I ever smoke. Cork tips, rose tips, or gold tips do not tempt me—I stick to Luckies."

Fritzi Scheff

The Melodious Voice of Fritzi Scheff

To safeguard the throat she recommends Lucky Strike

DELIGHTED audiences for many years have applauded Fritzi Scheff—light opera prima donna. Her songs have gained nation-wide popularity. Her voice is ever pleasing, ever in control.

When smoking, she prefers Lucky Strikes, because they give the greatest enjoyment and throat protection.

Lucky Strikes are smooth and mellow—the finest cigarettes you ever smoked. They are made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process in treating the tobacco.

Smoke Lucky Strikes—you'll like them.

"It's toasted" Your Throat Protection

When in New York you are cordially invited to see how Lucky Strikes are made at our exhibit, corner Broadway and 45th Street.

ROTARY HEARS WAR VETERAN

Club Speaker Sketches His Map on Familiar Ground.

How Hollingsworth, a member of the Rotary club of Sault Ste. Marie, visited the Escanaba club yesterday and gave to local Rotarians a description of the World war from a new and interesting angle. Mr. Hollingsworth, who served through-out the war in the supply department of the Thirty-second division, figuratively lifted the battle of the Argonne from northern France and re-established that battle front in the upper peninsula.

He sketched the battle line as extending from Manistique to Trenary and from Trenary to Crystal Falls. He fixed Escanaba immediately back of this imaginary battle front, as the proper location for an important railroad. In this setting Mr. Hollingsworth proceeded to visualize and describe the various activities that would be seen here, if the same conditions were to develop as were found in the Argonne in the fall of 1918. He told of the placing of the various divisions, spreading a division of 12,000 infantry, artillery and other service branches to make up approximately 30,000 men, backward over each two and a half miles of battle front. He described the scene that would be enacted when a new division was sent to relieve another on each sector of the battle front, crowding a total of 60,000 men and equipment into each sector in a single night as one division marched out and another division took its place. He visualized the trains of trucks, columns of marching men, artillery and other equipment, moving in opposite directions over the same road, making what would constitute a solid, closely packed mass as far back from the firing line as from Trenary to Escanaba and in less compact masses from Escanaba to Green Bay, when one division moved to the front and another retired to a rest area.

He described the machinery set up to send forward from the supply bases a never-ending, never-faltering stream of ammunition, food and other supplies, necessary to maintain an active division on a battle front. He described the placing of the forward and relief lines of infantry, the field artillery, the heavy artillery and other sections of the combat force. Within the fighting area he visualized the setting up of advanced supply stations, division and regimental headquarters, intelligence offices and every detail necessary to an effective fighting organization.

Reads War Document. Mr. Tollingsworth lent dramatic reality to his narrative by reading excerpts from an actual intelligence report received by him on the Argonne front on October 16, 1918, in which the intelligence department gave to the fighting forces, intimate information as to the condition of the enemy forces in their immediate front. He described the manner in which the battle would progress, as taken from the actual facts on the Argonne front. He described the preliminary artillery preparation, when the earth shook

OBITUARY

JAMES GUNVILLE.

Funeral services for James Gunville of Spalding were held at St. Francis Xavier's church at Spalding Monday morning at 9 o'clock with Rev. Fr. J. Schaul as celebrant at the requiem high mass. The close friends who served as pallbearers were: Xavier Labre, Sr., Xavier Labre, Jr., Joseph Bette, Thomas McInnis, Moses LeDuc and Xavier Bassinestuit.

MRS. CHARLES CARLSON.

The body of Mrs. Charles J. Carlson was removed from the Anderson Funeral Home Monday afternoon at 4 o'clock to the family residence, 407 South Tenth street, where it will remain until this afternoon at 3 o'clock when Rev. C. A. Lund, pastor of the Swedish Lutheran church, will officiate at the services which will be held at the family residence. Burial will be in Lakeview cemetery.

ERICK ABRAHAMSON.

Funeral services for Erick Abrahamson, pioneer resident of this city, will be held this afternoon at 1:30 o'clock at the Anderson Funeral Home, and at 2 o'clock at the Swedish Mission church, when Rev. J. H. Hanson will officiate. Burial will be in Lakeview cemetery in the family lot.

MRS. ANNA THORSEN.

Mrs. Anna Thorsen, age 81, widow of the late S. Thorsen of Stonington, passed away Sunday evening as if convulsed by a heavy earthquake when the infantry moved forward to mop up the sector upon which the artillery fire had been directed. He told of the occasional necessity to return to the original lines because of the return bombardment of the same sector by the enemy artillery; the moving up of the field artillery and the continuation of the bombardment by the entire artillery force until enemy resistance had been largely quieted. He described the scenes on his own front during the closing days of the war and made his narrative, by far, one of the most interesting addresses heard by members of the Escanaba Rotary this year.

MARTYR TO PAIN FOR 16 YEARS

Finds relief after spending much money in vain

After spending a great deal of money on medicines without results, a woman who had suffered from a long-standing case of rheumatism, got quick and complete relief by a simple home treatment.

"I have suffered from rheumatism for 16 years and I have spent a great deal of money in trying to get something which would ease the pain," she writes. "I am grateful to say that in Sloan's Liniment I have found instant relief."

Sloan's helps when other remedies fail because Sloan's doesn't just deaden the nerves. It stirs up the bodily forces to throw off the poisons that are causing the pain. Then relief comes as a natural consequence.

So easy, pleasant and clean to use, too. You don't even have to rub it in. Just apply gently, and the medicine brings the relief.

Get a bottle today and have it on hand. All druggists \$.35 cents.

NEW VICTROLA DEMONSTRATED

Machine Plays 13 Records Without Change; Dealers of U. P. See It.

Just load 12 records on a spindle, put another one on the revolving plate, but a button and settle back to enjoy an hour's music without having to approach the machine. That is the latest contribution of the Victor Talking Machine company to America's household music.

The new machine was demonstrated at the Delta hotel yesterday for upper peninsula Victrola dealers by Miss Madeleine Davies, of Camden, N. J., representing the Victor company, and Jeff Dalley, of the distributor's unit in Milwaukee. Distributors from Minneapolis and Chicago also were present.

Twenty-first street, who suffered injuries when his right hand was caught in gears while employed at the Escanaba Paper mill Saturday evening, is resting easily. Charles Pariseau submitted to an operation for appendicitis and is as well as can be expected. No visitors are allowed for a few days. Steve Stambo of Trenary is doing nicely. Raymond Mornson is slightly improved. Mrs. John Phillips of Gladstone is improving favorably.

Warning Issued Against Telephone Directory "Graft"

Independent publishers in Michigan are sending out solicitors for advertising in "telephone directories" of various cities. It was announced yesterday at the Chamber of Commerce. They have been attempting to sell directory space in several cities.

The telephone directories furnished by the Michigan Bell Telephone company are furnished free to subscribers as a part of the service. There is only one authorized and "official" directory and that is printed by the Telephone Directory Advertising company of Detroit. Their solicitors always present proper credentials from the "Michigan Bell" when making advertising calls.

It is pointed out that there is but the one official directory, and merchants and others are urged to make sure that they are dealing with this one when they place directory advertising.

Everywhere families are talking about ENZO JEL as the finest dessert known to the world. —Adv.

Now Comes the Easiest Washday of all

THINK of it—a washday without hand-rubbing a single garment! Not even collars, cuffs and wristbands. A washday without constant changing of washing water because the Maytag's cast-aluminum tub is heat-retaining and keeps the water hot for an entire washing. A washday that lasts but an

hour because of the Maytag's tub capacity and speedy washing. Remember the Maytag tub holds four gallons more than ordinary washers and washes as much as 50 pounds of clothes (dry weight) in a single hour. A washday made easy because the Maytag wringer automatically adjusts itself to a handkerchief or a blanket, and wrings both dry.

Free Home Demonstration

You can use a Maytag in your own home at any time most convenient to you. You can have the Maytag do a week's washing FREE. You can have ample time to thoroughly test every exclusive Maytag feature to prove to yourself the extraordinary helpfulness of the Maytag on washday. There is no expense. No obligation of any kind. The Maytag must sell itself to you, or you do not keep it.

SPRING IMPROVEMENTS.

Mr. Householder: The almanac says spring is coming soon. On one of these nice sunny days...

Neatness and beauty are also catching. If you are seen carting off refuse or removing defects...

Don't think you are exempt if you happen to rent a home or apartment instead of owning it.

AN ODE TO SPRING FEVER.

It is only in the very early spring time, properly speaking, that mankind can be said to revert to the untroubled wisdom that was its original heritage.

This is only another way of saying that spring fever, which is usually maligned as a disguised form of ordinary laziness...

Spring fever, oddly enough, does not appear in its most virulent form when spring is actually here.

For weeks there has been disagreeable weather—rain, snow or cold, or at best gray days without character or color.

What are the symptoms of this malady; and why should one remark that it represents a state of extreme wisdom and blessedness?

Well, consider it for a moment. On all ordinary days the average man has his nose so close to the grindstone that he cannot look about him and see truly how fair is the world in which he lives.

CHAPTER XXXIX
I mean to question everybody concerned, Mrs. Barron. Stone said. "I talk to you alone only because I think it less distasteful to you than to be asked questions before others."

"I saw him the night before in the lounge of the hotel. But I did not meet him."

"You are not friends?" "Merely acquaintances. She is very beautiful, but she is not the type of woman I make friends with. I like her companion, Mrs. Barnaby, better."

"You know nothing of Mrs. Valdon to be disadvantage? I'm sorry to be so plain spoken, but I know that we both have at heart only the cause of Croydon Sears, and any possible slight I can get on this matter may help us."

"The old do that? Do you mean she continues to do so?" "Yes, my nurse knows her chambermaid, and I insisted on her telling me."

"That is helpful and you have done right in letting me know. Rest assured such information will only be used in furthering the cause of justice, and it is through some such chance knowledge that we often reach the facts."

The Barrons were excused from attendance and Robin Sears and Angel Fair were sent away to dance.

Then Croydon Sears and the detective accepted an invitation, brought them by Tito Riggs, to hold the session in the rooms that had been Folsom's and were now occupied by Dan Pelton.

"I am glad you are here, Mr. Stone," Anastasia said, in her straightforward way. "I wish I might have engaged you. I have one detective already, and I find no fault with him. But he has not your experience, whatever talent he may possess. Now, I hope you two will work together, for there is much to be done. I know, as well as you do, that Mr. Sears is coming into notice, and if ever there was a ridiculous suspect, he is it!"

"Why?" and Stone looked at her gravely. "I came down here, Miss Folsom, to save my friend, Croydon Sears, from a possible false accusation, and if you, so lightly too aside the danger of such, I shall think I came unnecessarily."

"Maybe unnecessarily for that effort, but there is still the question of who killed my brother. That has to be answered, Mr. Stone, and if you will take it upon yourself to solve the mystery, I will gladly pay any bill you may present."

"To my mind, Miss Folsom," Stone said, "the best and surest way to save Mr. Sears' name from unmerited accusation is to find the real murderer. In this I am quite sure you agree with me."

AMUSEMENTS

AT THE DELFT. Excellence of the photography in "The Prince of Tempers" which is now playing at the Delft theatre, greatly impressed audiences who saw the picture yesterday.

FLAPPER FANNY SAYS:

The trouble with these promising young men is that they'll provide anything.

Coming to you

...a New Thrill!

Right in your own home you'll soon get your chance to see the wonderful New Easy wash and dry your clothes at the same time

DOES it sound too good to be true—your clothes washed and damp-dried at the same time, the water handled for you, and the whole wash on the line in half the time, without a single button to be sewed on, and without deep wrinkles that are hard to iron out?

Well, you can see it all happen with your own eyes, right in your own home, without one cent of cost. We will lend you a New Easy and let you do your week's washing free. We have done this for thousands of other women and we will do it for you. Only in that way can you appreciate the wonders of this amazing machine.

Two tubs—one washes while the other dries

While one big batch of clothes is washing in the New Easy, another big batch is damp-dried

ready to be hung out. Sixteen double sheets (or the equal in other clothes) are handled at one time; two things are done at once. Is it any wonder that the New Easy cuts time in half? And yet, if you did all the work with your own hands from start to finish, you couldn't wash the clothes any more safely than the famous Easy Vacuum Cups, or damp-dry them any more gently than the wonderful new Easy dryer.

Wash-day is made so easy

The New Easy is so simple to operate. All you do is press a button and move a lever. The work it saves you is simply marvelous.

Even the water is handled for you in the New Easy. As the suds, the rinse and the bluing water are removed from the clothes in

the dryer, each in turn runs back into the proper tub. You never have to heat up extra water, for a special gas heater beneath the Easy keeps the water hot all through the washing. And when finished washing, the machine even empties itself.

Your next washing FREE—act today

All these conveniences, and more, you will find in the New Easy. But you must see them to appreciate them. That's why we make you this remarkable offer and will lend you a New Easy to do your week's washing. Don't wait—phone the nearest Easy dealer at once, or write us, and next washday the Easy will be in your home. If you wish to keep it, you can make a small down payment and the Easy stays right there.

MODEL M

This is the famous Easy Washer with one-piece aluminum wringer. The hundreds of thousands of these washers in use today have created a permanent demand for this model. We shall therefore continue to make it, embodying the same fine materials and unhurried skill.

FALSE BOTTOM FOILS COPS AT DRINK PARLOR

Continuing their series of inspections under the Manistique beverage shop ordinance, Chief of Police John A. Peterson and Officer Mike Bond visited the soft drink parlor operated by Elmer McClellan, Walnut street, on Saturday evening.

Barbara Worth Here Tomorrow

For Wednesday evening, a special movie feature at the Gero theater has been announced by the Presbyterian guild of Manistique. The feature picture will be "The Winning of Barbara Worth" from the Harold Bell Wright novel, and the proceeds will go to the fund to provide Manistique with a hospital.

CITY BRIEFS

Frank Sandberg, who has been employed at the Cookson-Lalloy hardware, has resigned his position and will leave for Washington state, where he will remain for some time.

Communication

Manistique, Mar. 7.—(To the Editor)—Enclosed find a communication that we would appreciate your printing in the Manistique section of your first issue.

Yours, very truly, DR. SAUNDERS, DR. McPHAIL, CLAUD SMITH, H. M. STACK.

Answer to the councilmen's publication in the February 24th issue of the Escanaba Daily Press has been delayed as we wished to check up the records of the city. We had a competent accountant

ANALYSIS OF 1925-26 AND 26-27 DISBURSEMENTS.

Table with columns: Department, Current Operating 1925-26, Current Operating 1926-27, Capital Outlay 1925-26, Capital Outlay 1926-27. Rows include General Fund, Water & Sewer, Streets, Police, Fire, Buildings, Park, Lighting, Bonds, Interest, New Equip., Sowers, Engineering, Health, Water, Less Equipm't, Totals, and Trl. Disb'ts.

Upon checking or rather attempting to check these figures, our accountant in checking the first item, General Fund \$5,331.04 in current operating expenses for 1926-27, found the total \$2,963.32, an increase of \$2,367.72.

The next item he wished to check up on was the amount of item \$21,360, streets capital outlay for 1926-27, to determine what part of same was assessed directly to property owners.

The most glaring error that our partial check-up developed was that the manager's figures as set up in this article for the years 1925-26, covered a full twelve months period while for 1926-27 the first item checked was for only ten months.

Frank Sandberg, who has been employed at the Cookson-Lalloy hardware, has resigned his position and will leave for Washington state, where he will remain for some time.

go to the City Hall on Saturday, February 26th for this purpose. He was informed that owing to the City Clerk being out of the city nothing could be done that day, but to come back Monday.

Upon coming back Monday he was told that there was a Supervisors' meeting so that nothing could be done but to come back Tuesday. Tuesday he was told that the manager was getting together all detail and our committee would get a copy of same Wednesday. The following is a detailed copy of the manager's figures:

any being paid him in accordance with those paid in other Upper Peninsula cities. Let's compare with our immediate neighbor, Escanaba. Escanaba is a lot larger city and has besides a municipal waterworks, a very large and intricate municipal gas and electric plant which earns for the city yearly a very substantial sum of money.

Regarding necessity of purchasing a new cemetery. Assuming as the councilmen state that the topography of the country around the present cemetery will not permit of making any more room, why pay \$2,500 for the brick farm, which consists of 101 acres, 50 acres of which is swamp and flats and 20 acres not safe for burial purposes on account of land slides which take place each spring, leaving 31 acres fit for burial purposes on a piece of property without a water supply. The brick well is not good, because the driller could not wall off the quicksand which plugs up the well.

In checking up the amount actually spent on streets today for the period of 1926-27, everybody at the City Hall was anxious to get away and were in a hurry. The City Clerk read off these amounts to our accountant and on account of the discrepancy be-

KEIL FIVE TO PLAY AT MARQUETTE

Gladstone will go to the Upper Peninsula basketball tournament at Marquette Friday and Saturday, following the Class C district tournament at Kingsford March 4 and 5.

CORNELL IS COMMISSIONER

W. T. S. Cornell, candidate for county school commissioner in the primary election yesterday, was leading his only opponent, Mrs. Ada S. Watson by a margin of 150 votes by the returns from 13 out of 14 precincts last night.

WOMAN DIES ON BIRTHDAY

Chicago, Mar. 7.—Favorable conditions for the new domestic crop together with price breaks at Winnipeg, led to weakness in wheat. Domestic wheat advanced, Chicago wheat closed higher, 5-8 to 3-4 net lower, with corn unchanged to 3-4 at 1/2 higher, with unshelled to 1-2 net, and provisions varying from 1/2 to 1/4 decline in a rise of 1/4.

CHICAGO BUTTER

Chicago, Mar. 7.—Butter today ruled steady on top scores and firm on lower grades. The centralized car market was steady with a fair trade reported.

SAINT and SINNER

When Bob Hathaway came later that afternoon, his arms filled with paper bags of delicatessen foods and fruits, and a tissue-wrapped cluster of purple and gold pansies for Joy, Faith met him at the door with a finger at her lips and fear in her great brown eyes.

SOME PEOPLE GET BEHIND THEIR WORK

BOOTS AND HER BUDDIES

BY MARTIN

Michigan Clinches Title, Trounces Iowa, 31-29

CHAMBERS STAR IN FAST RALLY

Captain's Sensational Game Wins Title for Wolverines.

STANDINGS

Ann Arbor, March 7—(P)—The standings in the Big Ten basketball conference, including tonight's games, are:

W	L	Pct.
Michigan	10	2 .835
Indiana	8	3 .727
Iowa	8	3 .727
Wisconsin	7	4 .690
Illinois	7	5 .583
Ohio State	6	5 .545
Northwestern	6	5 .545
Chicago	5	6 .455
Minnesota	4	7 .364

Only three games remain to be played. They are Indiana at Ohio State, March 9, Wisconsin at Iowa, March 11, and Chicago at Purdue, March 12.

Ann Arbor, Mich., Mar. 7—(P)—Michigan clinched the Big Ten basketball title here tonight when the Wolverines defeated Iowa, 31 to 29, in their last conference game of the season.

Michigan came from behind to win the contest, one of the most sensational ever witnessed here, and rode through to the title on the sensational shooting of Captain Chambers.

During the first half the Wolverines could not get going and registered only one field basket. The score at half time was 19 to 7, in favor of the visitors.

Iowa ran her lead up to 14 to 8 shortly after the start of the second period when Captain Chambers of Michigan got started on his sensational scoring spree which ended only after he had registered 15 points to make the count 29 to 16, in favor of Michigan.

Iowa Takes Lead. Iowa again took the lead, however, and held a three-point margin over Michigan until three minutes before the final whistle when a field goal by Oosterbaan and a foul goal by Oosterbaan evened the count at 27 all.

In the five minutes overtime period, Phillips, a substitute Iowa forward, made a long basket and Captain Chambers made two.

This is the first year the Wolverines have advanced to the top in the Big Ten basketball race without sharing championship honors with other schools of the conference.

Last year Michigan, Purdue, Indiana and Iowa tied for the lead while in 1921 Michigan, Wisconsin and Purdue split first honors three ways.

The Wolverines, the last of the Big Ten schools to take up basketball, finished their tenth season of conference competition with tonight's game. Michigan began conference play in the 1917-8 season.

Last Only Two. Only two conference games were dropped by Michigan this year. Indiana once took the measure of the Wolverines, 37 to 34, and Purdue accomplished the same feat by nearly the same figure, 37 to 32.

Games won and the scores were: Michigan 31; Minnesota 20. Michigan 41; Iowa 32. Michigan 25; Illinois 24. Michigan 31; Indiana 27.

Michigan 32; Minnesota 20. Michigan 51; Chicago 23. Michigan 30; Illinois 28. Michigan 48; Purdue 28. Michigan 34; Chicago 13. Michigan 31; Iowa 29.

PURDUE VICTOR

Chicago, March 7—(P)—Purdue wound up the Northwestern Big Ten basketball season tonight by defeating Northwestern, 43 to 36, defeating Northwestern for the first time in 10 years.

In a game that was never any doubt of the result, Northwestern held on to a grim lead for a few minutes, but when the score reached 19 to 10, Purdue began a spurt which lasted well into the second half.

Nahma Cagers Beat 'Chokers, 56 to 21

St. Paul, Mar. 7—(Special)—The Nahma cagers defeated the Heringchokers, 56 to 21, at the clubhouse gym here Saturday night in a game that was featured by the sensational basket shooting of Warner and Camp, forwards.

Nahma will play Manistique here Friday night, and will entertain Hermanville on the home floor Saturday night.

The word "please" used in telegrams is said to cost \$10,000,000 in the United States annually.

Edison, 80, Smashes a Sizzling Liner to Ty

Atlanta, Ga., March 7—(P)—Ty Cobb who has snagged many a hard drive from the bats of the greatest stars during the past score of years was forced to a clever acrobatic maneuver today in his first workout to avoid a smashing liner and it came from the bat of an eighty year old rookie, Thomas A. Edison, of electrical fame.

Working at Fort Myers, Fla., under the banner of Cornelius McGillicuddy who directs by the command of Connie Mack, the time honored and slightly graying "peach" went to the mound with his 64 year old boss looking on—and then to complete the "old painting," Mr. Edison went to the plate and took an over anxious stance.

Ty lobbed the ball over and it came sizzling back, lined straight for his head. He ducked and fell just in time to avoid it striking him in the face. "I can hardly be charged with an error," Cobb laughed and Mr. Edison, surprised at his feat at the ball said: "If you're that spry when you're 80, Ty, you still ought to be playing ball."

International Golf Tournament Starts

Miami, Fla., Mar. 7—(P)—The Cruickshank-Armour and Sarazen-Espinoza teams won their way into the semi-finals of the international four-ball golf tournament at the Miami-Biltmore course today with the Hagen-Hutchison and Boyd-Carberry combinations appearing almost certain survivors although these matches had not been completed.

Cruickshank and Armour eliminated Hackney and Hampton, 4 and 3, while Sarazen and Espinoza defeated Murray and Klein, 5 and 4. Hagen and Hutchison had a comfortable lead on Walker and Brady while Boyd and Carberry, although favored by an early lead, were being forced to extend themselves against Burke and Mehlhorn.

Good news also came to the camp of the Cincinnati Reds at Orlando with announcement that Rubbles Hargrave has signed his contract and would report soon. Manager Jack Hendricks said as for the exhibition clash tomorrow with Cleveland, he has selected Eppa Rixey for pitching duty.

Manistique-Esly Elks Bowlers to Play Return Game

The following Escanaba Elks have registered for the trip to Manistique, when they will engage their brother bowlers in a return match: O. Kraus, W. Shepeck, G. Nolden, W. Roberge, W. Steinhauer, R. Andrews, W. Gillette, F. Hess, M. Lang, E. Norvus, P. L. Sullivan, R. Fryal, W. Needham, H. Needham, G. Harvey, C. Javorsek, G. Geniesse, J. Norton, J. Andrews, H. Brackett, D. Treiber, E. Moersch, G. Clearry, C. Hansley, J. Bink, E. Taylor, W. Schudde, J. Bartella and E. Packingham.

Those who are not registered and desire to make the trip are asked to phone 1245 before noon today.

20,000 Votes Cast at Detroit Primary

Detroit, Mar. 7—(P)—Only slightly more than 20,000 votes were cast in the spring primary election today, election officials estimated tonight when the polls closed. A light vote had been expected because of the absence of especial interest in any of the contests.

Rainfall late today is believed to have cut down the number of voters considerably. A late canvass revealed that not one of the 64 precincts in the city had polled more than 10 per cent of its registration.

The only race in which any interest seemed to center was in that for the Republican nomination for auditor of Wayne county. John C. Cowan was seeking re-nomination and was opposed by Charles A. Buhner and Milton L. Hineckley.

Other officials on the ballots were those of the school board and justices of the peace.

Two Taken Thought to Be d'Autremont Twins, Mail Robbers

Asbestos, Que., Mar. 7—(P)—Two men are being detained here on suspicion of being Roy A. A. and Charles d'Autremont, twin brothers, who with another brother, Hugh, are believed by U. S. police to have held up a train and killed three trainmen and a mail clerk in the Siskiyou mountains of Oregon, October 11, 1925.

The allegation that the men held here are the d'Autremonts was made in an affidavit by James Pinesaud, who, with the two, requested a night's lodging in the police station from Chief of Police Ferland. Chief Ferland received inquiries from Princeville, asking if he had seen three strange men, and on his further questioning, Pinesaud, the latter made out an affidavit before a notary.

In the affidavit Pinesaud states he had met the brothers in Quebec about February 18 and they had informed him confidentially that they were Roy and Charles d'Autremont. The three went to Parent, Que., later making their way to Asbestos by way of Charney, Craig's road and Danville.

Pinesaud said the two men had told him how they had jumped a mail train at Siskiyou, Ore., what sum they had obtained, of their arrival at the Canadian border at Saskatchewan, going from there to Winnipeg, Montreal and Quebec.

Provincial detectives will take them to Montreal for identification.

ELKS SELECT HANDSOME TEAM FOR NEXT BOUT Would Easily Defeat Manistique For Beauty Prize

Fifteen of Michigan handsomest bowlers, all members of the Escanaba Elks, will go to Manistique Wednesday night to return the social and professional call the Schoolcraft pin-spillers paid the local lodge a few weeks ago.

The match were to be a beauty contest, there is no doubt about the Escanaba team's winning qualifications. The affair, however, is to be decided upon the ability of the members of the two teams to spill temples with a large ball rolled down an alley.

Manistique lost the first match of the series and has been making elaborate preparations to turn the tables on the Escanabans this week.

Reports from Manistique indicate that the dinner is to be planned with a view to satisfying all the various nationalities which are represented in the Escanaba delegation. There will be lutefisk, chop suey, pea soup, corned-beef-and-cabbage, broiled snails, spaghetti and chile con carne. Manistique is a city noted for its internationalism along culinary lines and a great spread is in prospect.

Horemans Leading Billiards Tourney

Washington, March 7—(P)—Edouard Horemans of Belgium went into the lead in the world championship 18.3 ball game tournament tonight by defeating Willie Hoppe of New York, present titleholder, 4 to 3.

Many Eskimos have placed orders for motor boats to take the place of their native craft known as kayaks.

Schleisman Victor in State Billiards Championship Play

Detroit, Mar. 7—(P)—Jacob Schleisman of Highland Park won the state open pocket billiard championship here today by defeating Marcel Camp of Detroit, 10 to 9, in 38 innings. Schleisman averaged better than two points to his opponent's one through the tourney.

Phillies Reinforced

Stuffy McInnis of the Phillies went to work with a squad reinforced by arrivals Sunday and today. Baldwin, Rice, Spaulding, Russell, Wrightstone, Nixon, Leach and Cy Williams all have reported at Bradenton.

The New York Giants opened their "grape fruit" season today with a game at Sarasota. Tomorrow McGraw's men meet the Athletics. Washington also resumes a series with the Braves at that time while the champion Cardinals are hosts to the University of Florida players.

Shreveport reported the White Sox getting in a snappy drill before a heavy rain began descending. Charles Barnebee, southpaw who came from the Texas League arrived during the day.

Haney, utility outfielder and Baby Doll Jacobson, outfielder, worked out for the first time today in the Boston Red Sox camp at New Orleans. Pitchers were sent to the box for a few minutes to warm up and bunting was the order of the day for those at the plate.

Uncle Sam is the world's soap maker, exporting \$14,000,000 worth in 1925.

THE REFEREE

What clubs has Walter Maranville played with?—E. L. He started with New Bedford in the Western League, was sold to the Boston Braves, then to Pittsburgh, then to the Chicago Cubs before going to the International League.

When and where was Johnny Dundee born?—Is that his correct name?—B. M. Dundee was born in Sharkal, Italy, on Nov. 22, 1893. His name is Joseph Carrora.

Has Si Perkins ever gone through a game without a fielding chance?—T. D. L. Perkins caught two successive games in September, 1922, without a fielding chance. He also caught a 13-inning affair in May, the same year, without a fielding chance.

Who do you think is the best football coach in the Southern Conference?—H. E. P. That is a matter of opinion. McLaughlin at Vanderbilt, Alexander at Georgia Tech and Wade at Alabama are the three outstanding coaches at this time.

Horemans Leading Billiards Tourney

Washington, March 7—(P)—Edouard Horemans of Belgium went into the lead in the world championship 18.3 ball game tournament tonight by defeating Willie Hoppe of New York, present titleholder, 4 to 3.

Michigan Puck Team Whips Badgers, 1-0

Windsor, Ont., Mar. 7—(P)—All but four minutes of the allotted half hour overtime was required to decide a Big Ten hockey game as a 1 to 0 victory for Michigan over Wisconsin here tonight.

Eighty-six minutes of see-saw play passed before Larson took Gabler's pass and shot it past Mitchell. The red light had flashed twice for Michigan after about 15 minutes of overtime, but both goals were disallowed. On one the puck was thrown into the net. On the other offense had been called before it went in.

Press Cage Tournament in Spotlight Tomorrow

The second annual Daily Press basketball tournament to decide the amateur champions of the city will open at the high school gym at 7:15 o'clock tomorrow evening.

Semi-finals will follow on Thursday night at the Webster gym, and finals at the high school Friday night.

Eight of the local teams will enter the first rounds of the tournament. They are The Swedish Lutheran Vikings, The Swedish Methodist Palmsingers, Norwegian Lutheran Herringchokers, the Baptist Baracas, the Presbyterian Kilties, the North Escanaba Roughhouse Gang, the E. F. I. Ramblers, and the Daily Press Typsetingers. All teams are strongest of their class and the well matched drawings for the first games indicate that anyone attending the opening rounds will see four good contests.

Individual Awards. Individual awards will be given to the members of the three teams winning first three places and the tournament ball to the team winning fourth place. The trophies will be on display in the Young and Fillion Co. window today.

Season tickets are now on sale for students and adults, and a straight single admission ticket will be on sale at the door. Members of the teams who are selling tickets are asked to check in to Clifford Beaudoin at The Press sometime today.

Permission was granted to allow the Swedish Lutheran Vikings to make two changes in their lineups. Roy Anderson who is leaving town tonight, and Eddie Anderson, suffering from an infection in the leg will not be able to play, and G. Hornblad and M. Monson will be the substitutes.

The NUT CRACKER by Joe Williams

There is no end to the mysteries of the prize ring. . . An English heavyweight made his debut in America the other night and was not knocked out.

It is untrue to say that nobody wants to see Babe Ruth quit baseball. . . There are at least 40 pitchers in the American League who hope he does.

After Paulino, the Spaniard, had finished whipping Hansen in Madison Square Garden he turned somersault in the ring. . . Thus proving beyond doubt that as a prizefighter he is a great acrobat.

People who live in glass houses should be sure of their shapes.

Mr. O'Goofy says a pickle is just a banana with a peasant's disposition.

Fable: Once upon a time there was a veteran big league pitcher who didn't tell the reporter in the spring that he expected to have his greatest season.

While gentleness may prefer blondes, perdition is what they mostly get.

In the meantime a young man's fancy lightly turns to box scores, mangle shots and lawford strokes.

Local Girl Stars on Augustana Quint

Rock Island, Ill., Mar. 7—(Special)—The Augustana girls' team won its second quarterly cage pennant in as many consecutive seasons here Saturday night by humbling the Northwest Turners of Davenport, 16 to 13, in the final battle of the first annual Augustana college girls' cage meet. Miss Ida Johnson of Escanaba starred for Augustana, making eight points.

CAGE SCORES

Michigan 31; Iowa 29 (overtime). Purdue 24; Northwestern 36. Now read the Classified page.

P. A.
and a pipe
—that's my dish!

I COULDN'T ask for more. Prince Albert gives me everything I want in a smoke. It is fragrant, delightfully fragrant . . . both in the tidy red tin, and as I smoke it in my old jimmy-pipe. It is cool and sweet as an orange just off the ice. Refreshing!

If there's one thing more than any other which I like about this grand old tobacco, it is its mildness . . . mildness that is balanced, however, by a full, rich body that satisfies my smoke-taste all the way down. It was this rare combination of mildness and tobacco-body that won me to P. A. right off the bat.

I can't give you the complete picture, for taste is a thing that must be experienced. But I feel so sure that you will enjoy P. A. as you never enjoyed any other tobacco, that I am telling you, here and now, to buy a tidy red tin and get started. You can't lose, Men.

Thousands of pipe-smokers who thought they were all set have taken similar advice. They've agreed that it was worth the experiment. Today they are among the millions of P. A. regulars . . . the most contented bunch of pipe-smokers in the world. Come on in—the smoking's fine.

PRINCE ALBERT
—no other tobacco is like it!

INTERURBAN AND AUTO IN CRASH

Car Was Going 35 Miles an Hour; Driver Is Unhurt.

Andrew Kragnak, 509 North Nineteenth street, narrowly escaped death Sunday evening at about 7:45 o'clock when the automobile which he was driving alone collided head-on with a southbound street car.

Kragnak, according to eye-witnesses who were walking in the 500 block less than 25 feet from the scene of the accident, declared that Kragnak was driving at about 35 miles an hour when he hit the street car.

IN NEW YORK

New York.—Scattered notes from a ramble about Manhattan: The Williamsburg bridge just after the dawn. . . . Here are the faces and the voices of the world. . . . Trudging stolidly behind pushcarts. . . .

Here is Assyria and here Bucharest; here is the ancient Orient caught upon a face that many climes and generations have helped to chisel; here is the Holy land and there Damascus. . . .

All trudging over the great bridge with their little cartloads of vegetables and fruits. . . . There is a heritage of market places. . . . Their brothers sing the street chants of Palestine, Constantinople, Algiers, Tunis, Sofia and Smyrna. . . .

By snuffing their carts flash all the colors of fruits and vegetables. . . . They have come across the great bridge with the dawn and paraded down the cobble pavement, clattering the carriages through the alleys of the east side, there to camp the long hours, come rain, shine or snow.

The slush piles deep about them just now and all the refuse of the day forms a filthy, smelling river by nightfall, flowing slowly to the gutters along the lanes of drab tenements.

When the nights grow cold they break their boxes and stand in circles about the communal fire. . . . No customers are out, but the code of the market places prohibits closing shop. . . .

So they stand and stomp their feet and beat their hands before the burning boxes and seldom a word is spoken. . . . Now and then a shawl-wrapped woman, whose dark skin grows bronze and gold as the reflection of the flames strikes it, comes to stand watch.

The man disappears into the night. . . . They are like the pioneers who trekked west in their covered wagons. . . . Children of every land, they have torn up their roots in Russia, Greece, Algiers, Turkey and Jerusalem.

They have trekked to this country and have fought against every discouragement and difficulty. . . . They meet hunger, poverty and privation on their own terms and ask no quarter.

They are strangely virile in a time when decadence is all about. . . . Each is a potential merchant prince, though many have grown greivous in a little rectangular cart while the children absorbed the ways and habits of an alien land and race.

Sometimes, after nightfall, when the cluster of lights of the oil torch casts its wan glow over the sidewalk, a typical, bo-haired fapper will breeze up the street and wave her "Hullo Pop" to the patriarch of the push cart. . . . For there are many attractive butterflies from this strange chrysalis.

But it is upon a rainy day that the dismal, dreary monotony of this class is accentuated. . . . Tailored straw launch-tail waterfalls all about. . . . The streets swim with torn cabbage leaves and skins of fruit. . . . Tucked in cheap overcoats the little regiment of street merchants stand. . . . A few huddle in nearby doorways when the wind whips up the rain. . . .

There are few people upon the streets and trade is dull. . . . Passing wagons and motors splash mud upon skirts and trouser legs. . . . The day never seems to come to an end. . . .

And, at daybreak upon the sorrow they must be up and off across the Williamsburg bridge to set their wares. . . . The faces and voices of the world trudging stolidly behind the pushcarts. . . . —GILBERT SWAN.

Its tempting fragrance and rare favor have won many users—ENZO JEL.

CITY BRIEFS

Mrs. Mathilda Rose and daughter Helenjoy returned yesterday morning from Milwaukee where they spent the week-end with Mrs. Rose's daughter Evelyn, formerly of this city.

Mr. and Mrs. Michael Bink left Sunday night for Bloomington, Ill., where Mrs. Bink will submit to an operation for the removal of a gallstone.

Mr. and Mrs. Lester Winegar of St. Paul who spent Sunday at the home of Mrs. B. D. Winegar, Fifth avenue south, have returned to their home.

Mr. and Mrs. Eugene Caulfield and son Jack have returned to Chicago after a visit with relatives in this city.

Mrs. Earl Kempe of Wells has returned from an extended visit at the home of her parents at Wausau, Wis.

Mrs. Archie Doucette has returned to Chicago after a visit at the home of her parents, Mr. and Mrs. Isadore Chartrand, South Tenth street. Her daughter Jeanette will remain in this city to continue her studies at St. Anne's school.

Miss Margaret Garrity has returned from a week-end visit at Marquette, where her sister is attending the Northern State Normal school.

Mrs. William Martin and two children left yesterday for a visit in Marinette.

Fred Rydi is visiting with relatives and friends at Rock.

William June returned last night from Marquette, where he was called by the illness of his mother.

Rt. Rev. Bishop Paul J. Nussbaum returned to Marquette Monday afternoon after a brief stay in this city.

Mr. and Mrs. J. E. Burns will return this morning from a two weeks' trip in the eastern states.

Ellis Ramadell of the Ramadell Hardware company, Norway, Mich., attended the Victor demonstration at the Delta hotel yesterday afternoon.

YOUTH INJURED IN AUTO CRASH

Alphonse Lessard Badly Bruised About Head Sunday.

Alphonse Lessard, age 17, was seriously injured about the head and face when the car in which he was riding was overturned on the state road Sunday morning about 1:30 o'clock.

Lessard, who is a son of Mr. and Mrs. Alphonse Lessard of Bark River, and Homer Schultz of Teach accompanied by two girls, Viola Perrow and Helen Courville of Bark River, had been in Escanaba to see a show. After the performance they went for a ride and were coming towards this city when another car passed them. The passing car caught the Ford touring by the axle and the car was overturned under the wreckage and the weight of the car was on his head. The injuries sustained are serious and his condition is considered grave. He was taken to St. Francis hospital where he was resting easily last night.

Homer Schultz was driving at the time of the accident. Lessard is badly bruised about the head and face and his head is swollen to almost twice its normal size.

More and more people in our city insist on ENZO JEL for it is decidedly better. —Adv.

NEW SHRINE IS DEDICATED

Bishop Nussbaum Officiates at Impressive Rites in St. Patrick's.

A large number of persons were compelled to stand Sunday evening at St. Patrick's church when the solemn dedication of the shrine of St. Therese took place at 7:30 o'clock.

The beautiful shrine which is made of sacagliola and the life-size statue of the saint both of which have been donated to the church, were installed Saturday evening by a committee of men from the parish.

The beautiful lighting effect which cast a soft glow on the new shrine added to the scene, coupled with the solemnity of the ceremony, was very impressive.

Rt. Rev. Bishop Paul J. Nussbaum, D. D. of the diocese of Marquette and Sault Ste. Marie, officiated at the ceremony, assisted by Very Rev. Fr. R. G. Jacques, Rev. Fr. A. Weatcher, Rev. Fr. John Mocker and Rev. Fr. Raymond Bergeron.

At the solemn benediction with the blessed sacrament, Very Rev. Fr. Jacques was the celebrant, assisted by Rev. Fr. Weatcher and Rev. Fr. Bergeron. Rev. Fr. Mocker was master of ceremonies.

The eloquent sermon delivered by Rt. Rev. Bishop Nussbaum was a masterpiece. Bishop Nussbaum spoke of the life of the young saint and her many virtues. He chose the saint as a model for the young women of the present day and age, and advised them to pattern their lives after her as a model of purity and innocence.

Excellent music was rendered by the choir. Mrs. John Kress sang a solo, "Ave Marie." After the ceremony the relic of the relic of the saint took place. Bishop Nussbaum spoke at the three masses yesterday.

Mr. and Mrs. J. E. Burns will return this morning from a two weeks' trip in the eastern states.

Ellis Ramadell of the Ramadell Hardware company, Norway, Mich., attended the Victor demonstration at the Delta hotel yesterday afternoon.

Millions Made by Shrimp Fishermen

Biloxi, Miss.—(AP)—Millions found on the ocean floor off the Mississippi coast.

The long-sought treasure of Jean LaFitte? Not by a jug full. But a nation's supply of shrimp cocktails. There is no great excitement such as periodically attends hunts for the treasure of the buccaneer, but the romantic life of the people who cater to America's palate is hardly less interesting.

Slipping away quietly in the early dawn, the shrimp fishermen need no detector to locate their buried treasure. The long brown lanes in water, formed of mud and debris kicked up by the shrimp feeding on the bottom are more certain than a radio treasure detector—and the reward is greater.

Far from fanciful, the shrimp and oyster boats that ply the warm waters of the gulf are built along utilitarian lines. From 30 to 50 feet in length, they are thoroughly seaworthy and frequently battle West Indian hurricanes coming up from the Caribbean.

The old two-master gradually is giving way to the power "trawler-boat," but many of the older men refuse to use the new-fangled skills.

Shrimp nets are from 15 to 20 feet in depth and 75 to 100 feet in length. The catch is interesting to the land-lubber and contains many queer denizens of the deep. It is quickly sorted and non-edible portions thrown back.

A total eclipse of the midnight sun is scheduled for northern Sweden on June 29, 1927. At that time the sun is visible all night north of the Arctic Circle.

BRIEFLY TOLD

Fidella Class Meets—The Fidella class of the First Baptist church will meet this evening at the home of Mrs. Dixon, Eighth avenue south.

Father-Son Banquet—Torval E. Strom will be the principal speaker at the annual Father and Son banquet which will be held in the First Presbyterian church next Friday night.

China's Hopes, Aims Reviewed—Merely Wants Chance to Take Place Among Nations, Says Speaker.

China's awakening national consciousness had its beginning in 1900 when the United States set aside the money paid by the Chinese as indemnity for Boxer outrages, as a fund for the education of Chinese young men in American universities.

China, led by these young people who are guided by the ideals they acquired in America, are joining the struggle of their country for freedom from foreign domination," he said. "They are shaking off the fear and superstition which for centuries have held China in an iron grip."

China wants to work out her own destiny. She resents the oppressive taxation, the 'zones of influence' and the 'international ports' which foreign powers have forced upon her. She believes that she deserves a chance to try really to govern herself. China has an area of a million and a half square miles and a population of 400,000,000, nearly one-fourth of the people in the world. She is rich in natural resources. She is ages older than any other country in civilization.

In other words, she wants to take the place she believes her importance warrants, among the great nations of the world.

Miss Bink sings. Miss Rose Bink, one of Michigan's "prize peaches" in a recent metropolitan newspaper beauty contest, demonstrated once more to the Kiwanians that with her beauty she has a wealth of real talent. She sang three solos, all of which were enthusiastically applauded.

There also was a short address on public accounting by C. I. Smith of Green Bay, who was the guest at the meeting of Charles J. Byrns. All of the club's standing committee chairmen were called upon for brief reports of their activities.

Carried No Insurance—No insurance was carried by Mrs. Johanna Lyons, 509 South Ninth street, on the furniture damaged in last Saturday night's fire in her home. Defective electric wiring is blamed by Mrs. Lyons for the blaze. She said yesterday that she had been out of the house, but arrived at home about the time the firemen reached the place.

Barr P. T. A.—There will be a meeting of the Barr school P. T. A. Wednesday evening at 7:30. A special effort has been put forth to make this a very interesting meeting. An excellent program has been planned. Fathers as well as mothers are urged to attend. Refreshments will be served.

Berean Class—The Berean class of the First Baptist church will meet tonight at the home of Mrs. John Sourwine, 913 Sixth avenue south, at 7:30 o'clock.

W. R. C. Meeting—A business meeting of the W. R. C. will be held this afternoon at 2:30 o'clock at Grenier's hall.

Kiwanis to Hold Convention Here

John H. Moss, past international president of the Kiwanis clubs, and Fred High of Chicago, nationally known speaker, will be among the prominent Kiwanians attending the upper peninsula Kiwanis convention which will be held here in May. It was announced yesterday.

Torval E. Strom is chairman of the local committee. Other committee members are E. G. Bennett, George Nolden, J. J. Manniv and E. O. Anderson.

Highway Committee Will Meet Today

The newly formed highway committee of the Escanaba Chamber of Commerce will meet in the Delta Hotel at noon today to discuss matters of general interest along highway lines, and start to formulate its program.
