PRESIDENTIAL CAMPAIGN OF 1928 STARTED

LOWDEN MOVEMENT TO FORCE ACTION BY OTHERS.

BY DAVID LAWRENCE

Washington, April 6.—The presidential campaign of 1928 has really begun. The announcement by former Governor Lowden of Illinois that he is a receptive candidate for the Republican...

Governor Lowden's declaration that he will be a candidate if the agricultural west wants him is interpreted here to mean that enough western states will demand his nomination and make it obligatory for him to seek delegates in other states.

Party Survey Begins. William Butler of Massachusetts, chairman of the Republican national committee, and Charles D. Hillis, a former Republican chairman, are beginning a "survey" of the national political situation.

While Mr. Coolidge himself has said no word about seeking another term, most of the organization Republicans are taking it for granted that he will do so.

TWO AMERICANS TAKEN IN RAID

Sack Soviet Embassy at Peking

Peking, April 6.—(AP)—A raid by northern soldiers on buildings attached to the soviet embassy here and the detention at a hotel of two American journalists, one a woman, who are known to have incurred the displeasure of the northern command by contributions to hostile publications, today introduced new international aspects to the Chinese civil war imbroglio.

Both the raid, which resulted in the removal of 22 Russians and about 50 Chinese, described as agitators, from the embassy compound, and the detention of the Americans, were conducted by representatives of Marshal Chang Tso-lin, the Manchurian war lord who is commander of the northern forces defending Peking.

Peking was still agog with excitement this evening over the raid which began this morning and was still in progress tonight with the search of various buildings within the embassy compound.

CAL OPPOSES INDEPENDENCE OF FILIPINOS

PROPOSAL TO VOTE ON PROPOSITION IS VETOED.

Washington, April 6.—(AP)—Any prospect of immediate Philippine independence was killed today by President Coolidge in a veto of the proposal of the insular legislation for a plebiscite on the question.

The plebiscite bill had been vetoed by Governor General Wood but passed over his veto. The action of Mr. Coolidge definitely shelve it.

Criticizing the plebiscite suggestion as well as agitation for immediate independence which also was opposed by Carmi Thompson, special investigator of the president's in the Philippines, Mr. Coolidge expounds his views at considerable detail in a 2,000-word message to General Wood.

The president summarized his reasons for opposing the measure as follows: "The plebiscite, under conditions provided or in fact now possible would not accomplish the stated purpose. The result of the vote would be unconvincing."

"It might create friction and disturb business, slowing down progress. "It might be taken to mean its approval by the United States or as an act likely to influence the United States."

Million Loss When Flames Raze Factory

Parco, Wyo., April 6.—(AP)—Fifteen workmen were killed and seven others were injured by an explosion and ensuing fire at the refinery of the Producers and Refiners corporation here early today.

Damage to the plant was estimated tonight at between \$500,000 and \$1,000,000. Nearly every window in this model town of concrete buildings was wrecked by the terrific blast that wrecked a high pressure still, and scattered blazing oil about.

Awakened by the detonation, residents rushed to the plant to find it a mass of flames, but succeeded in rescuing a few of the injured workers.

The majority of those killed died almost instantly. The bodies of all were badly charred.

Two of the men were trapped on top of a 50-foot dephlegmator tower. R. N. Shoerman jumped to escape the flames, which had heated the steel tower to a white heat, but landed in the seething furnace of the burning still below.

William Dodd, the other worker, clung to his perch on the tower and the rescues found his charred body when the steel had cooled sufficiently to permit climbing it.

FINAL VOTE ON MEASURE, 83-12

Opposition Frantically Throws Up Amendment Barrage.

Lansing, April 6.—(AP)—The administration workmen's compensation bill, increasing the maximum weekly payments for injured employees from \$14 to \$18 was adopted by the house of representatives today. The vote was 83 to 12.

The fight against the bill was launched by Representative Milton R. Palmer of Detroit. He proposed an amendment to permit reviews of the findings of the state commission of labor and industry by the supreme court.

MEASURE WILL BE VOTED OUT OF COMMITTEE

STATE MAY VOTE ON MATTER AT 1928 ELECTION.

Lansing, April 6.—(AP)—The Armstrong-Palmer capital punishment bill, consigned once to the scrap heap of the senate judiciary committee, was brought back suddenly today to the committee to reason to bits, and pasted rapidly together again.

Thursday, the committee intends to vote out, with or without recommendation, a virtually near bill bearing an amendment which will put the issue before the people in the fall election of November, 1928.

Despite the remonstrance of Senator George M. Condon, veteran chairman of the committee who has steadily opposed any capital punishment bill, a majority of the members submitted amendment after amendment with the announced intention of placing the measure on the floor of the senate.

the motion of Senator Seth Q. Pulver of Owosso, who immediately offered an amendment which would place the issue before the voters in 1928. His attempt to place the discretion of sentence in the hands of the judge was defeated. Senator Pulver announced that he would probably vote against the bill on the floor, but wished to see an expression of sentiment by the senate.

Members Vote Consistently. Senator Pulver's motion to vote the amended bill out without recommendation was superceded by the Senator's own motion to adjourn.

With the exception of Senators Condon and Person, the members of the committee voted consistently on motions which anticipated the final approval of some sort of bill.

Sensors Cass J. Jankowski and Albert J. Engel, who had voted against reporting the original Armstrong, Palmer bill shifted today, placing a five to two majority in favor of losing the issue upon the senate.

Amendments were adopted only after debate reviewed again the sentiments expressed earlier in the session by both proponents and opponents of capital punishment.

As the bill now stands, no member of the committee is in entire agreement with all its provisions. Compromises saved the bill from defeat.

AGITATION AGAINST WHITES. Shanghai, April 6—(AP)—While foreigners today continued their exodus from the Cantonesse controlled sections of China and from the northern districts into which the Cantonesse are threatening to extend their power, agitation definitely against Americans was reported to have broken out at Changhai, capital of the province of Hunan in southern China.

The agitation has taken the form of a strike and boycott of American goods both going into effect at noon Monday. Messages from Changsha which recently became the center of anti-foreign agitation, say the American consul there has gone aboard the U. S. gunboat Palos on the Yangtze river. The labor and anti-foreign manifestations in Changsha have resulted in the general evacuation of foreigners from Hunan, which will be completed shortly.

Further Disorders. Shankow, Kiuksang and Chanton were the scenes of further preparations by foreigners against disorders. Hankow and Kiuksang being steadily evacuated by the last of the foreigners still remaining in them. In Canton, the defense of the British and French concession at Shamshun, an island, was further strengthened and the U. S. gunboat, Helena, and the two British and two French war vessels are lying off the island ready to land men should the necessity arise.

While the Cantonesse are continuing their drive northward with Peking as their ultimate goal, the northerners staged an air bomb attack at Nanking, only recently lost by them to the Cantonesse after the capture of prevent records from falling into the hands of the northerners. Two fire brigades rushed to the buildings and extinguished the flames in a short time, although not before some ammunition in the structure exploded, wounding one Russian dangerously.

Reliable information indicated that officially there is considered to be a great distinction between the soviet embassy proper, where the officers and residences of leading officials are situated, and the other part of the embassy grounds containing the Dahibank, the Chinese eastern railway offices and the residences of many minor officials and other Russians.

Theoretically, the raid was said to be not on the embassy, but on the eastern railway building and the Dahibank. To reach the railway building, however, the troops and police had to go several hundred yards along a road within the legation quarter. For this, permission was asked from and granted by the diplomatic corps. The railway is partly Chinese-owned.

TWO AMERICANS TAKEN IN RAID

Mrs. Mitchell has been editor of the Chungwei News Agency, which was founded by the American character and later served as an organ of General Peng Yu-Hsiang who is an active opponent of Chang Tso-Lin. Not long ago the American legation withdrew its protection from the Shungwei agency on the ground that it was circulating pro-Cantonesse and anti-British propaganda. It was stated that recently she has arranged to leave Peking to join a Cantonesse news agency at Hankow.

Mr. Burton is correspondent for the China Courier of Shanghai, which is an organ of the Cantonesse.

Troops Make Raid. The raid on the soviet buildings was carried out by troops attached to the army of Marshal Chang Tso-Lin assisted by local police. The buildings raided were the Dahibank (soviet bank), the eastern railway building and a building formerly used by the Russian legation guards in carlist times.

The raiders rushed the compound this morning. One shot was heard and soon afterward a Russian was dragged from the compound fighting and kicking. He was tied up and carried off in an automobile. The raiders searched the buildings and by noon a large crowd of foreigners and some Chinese had gathered at the gateways of the embassy to watch the prisoners dragged out. Some went quietly and others struggled violently.

While the raid was in progress fire started in the building formerly occupied by the Russian legation guard. A report was circulated, although its truth could not be confirmed, that the fire was started to prevent records from falling into the hands of the northerners. Two fire brigades rushed to the buildings and extinguished the flames in a short time, although not before some ammunition in the structure exploded, wounding one Russian dangerously.

Reliable information indicated that officially there is considered to be a great distinction between the soviet embassy proper, where the officers and residences of leading officials are situated, and the other part of the embassy grounds containing the Dahibank, the Chinese eastern railway offices and the residences of many minor officials and other Russians.

Life-Long Partnership of Brothers, Split by Love Spat, Described

Chicago, April 6—(AP)—A life-long partnership of brothers, split by a quarrel centering about the wife of one, was described in circuit court by Col. Edward C. Carrington, New York lawyer, in his suit for divorce here today.

He and his brother, Campbell Carrington, whom he names as co-respondent, in all their years of law practice never had a quarrel of any consequence, over fees, arrangement of business or pleasure, until difficulties arose over his wife, the colonel testified.

The fifth witness to take the stand in the trial which opened today, Colonel Carrington graphically described finding a letter from his brother to Mrs. Ann Walsh Carrington, defendant.

Discovery at Camp. The discovery, he said, was made at the Carrington camp at Saranac Lake, N. Y., and on returning, the colonel said he found his wife and Mrs. Gerard Foster of New York City hastily searching for something. He told them if they were looking for a letter from Campbell Carrington, he had it in his pocket.

He asked Mrs. Foster to go home, the colonel testified, and with difficulty prevented his wife from committing suicide when he refused to return the letter, which ended:

"I would give anything, darling, to have you in my arms and to hold you real tight. I am terribly hungry for you and it seems like you have been away from me for years. Are you going to arrange some way to see me when I get back or are you satisfied to go on without seeing me."

"All my love and a million kisses."

Admitted After Wrangle. The letter was admitted in evidence after a wrangle between George L. Schein, attorney for Mrs. Carrington and Paulus Koenig of counsel for Carrington.

Colonel Carrington, as he testified, glanced occasionally at his wife, who displayed but little nervousness.

The immediate cause of the breach, he testified, was that his wife would not live away from her mother and two children and he would not live with them. When the colonel demanded Mrs. Carrington's mother and the children leave his home, he said his wife told him to get out and stay out, and if he returned he would find an axe at one door and a shotgun at the other.

He left and sent his butler for his clothes the next day.

The Carrington brothers' partnership was split when the colonel found that his brother was violating an agreement to stay away from Mrs. Carrington, he testified. Campbell Carrington was recently cabled by his brother near an apartment in New York City occupied by Mrs. Carrington.

SENATE OKEHS A. T. & T. PROBE Adopts Measure Demanding Company to Turn Over Books.

Lansing, April 6—(AP)—The Lenon bill which gives authority to the Michigan public utilities commission to demand the books and records of the American Telephone and Telegraph company, was adopted by the senate today.

The measure provides that the A. T. & T. holding company for the Michigan Bell Telephone company, must upon request of the commission disclose the details of the contract by which they collect four and one-half per cent of the earnings of the Michigan Bell Telephone company for services and materials rendered.

The Condon bill which places wayward minors under the jurisdiction of the judges of probate, was also adopted.

Senator George M. Condon introduced a bill which gives trust companies authority to carry savings accounts. The measure, in effect, substitutes for an earlier bill introduced by Senator Condon which gave the trust companies the full authority vested in state banks.

A compulsory insurance law was proposed in a bill introduced by Senator James C. Quinlan.

Owners of automobiles would be given three alternatives, either to secure adequate insurance against accident or property damage or public liability, or to file surety bond or give a financial statement which would satisfy the secretary of state as to the financial responsibility of the owner.

Insurance agents refusing to grant such insurance would upon complaint from the applicant be given a hearing by the secretary of state who would have the authority to compel the issuance of a policy, or demand revocation of the agent's license.

Kent Bankers Form Protective Ass'n

Grand Rapids, April 6—(AP)—At a meeting held tonight bankers in nearly all of Kent county voted unanimously to organize the Kent County Bankers' Federation for the purpose of creating a protective committee that will oversee the organization and working of a body of vigilantes to protect banks against forays by bank robbers and to aid in capturing the bandits as fast as they can be located.

The committee will appoint its vigilantes and take steps to arm and train them at a meeting of the committee April 18.

The cashier of each bank in the county is a member of the body. Each bank will arm and support three vigilantes who will be on call at all times.

Dodge Embarks for Hawaiian Islands

San Francisco, April 6—(AP)—Horace E. Dodge, scion of the Detroit automobile manufacturer, left here today for Hawaii on the Matson liner, Wilhelmina, which had awaited for him two and one-half hours beyond her sailing time while Dodge was completing the trip from Los Angeles by airplane.

Reports here said that Dodge was to join his wife and two children at Honolulu, but he refused to discuss the matter. Mrs. Dodge filed suit for divorce in Detroit early in January, alleging incohabitation.

Dodge, who recently returned from Europe, reached Los Angeles by train early today. He chartered the plane and expected to reach here before the liner left the dock, but was delayed enroute.

The Wilhelmina had left her dock and was lying off Alcatraz island when Dodge arrived in San Francisco. An automobile whisked him to the army transport docks, where a speed boat awaited him. He was carried at full speed to the liner, which left as soon as he was aboard.

WANTS TO JOIN GOGEBIC COUNTY Bergland Township Tells Troubles to Senate Committee.

Lansing, April 6—(AP)—The plaint of an unhappy northern township which seeks removal from a poor county to a rich county was heard by the senate committee on towns and cities tonight with representatives of the two counties entering their supporting or dissenting arguments.

Bergland township, the richest township and the only township to show an increased assessed valuation last year in Ontonagon county, through its representative, W. S. Baird, asked release from its mother political unit.

Ontonagon county, through its prosecuting attorney, J. M. Donnelly, pleaded with the members of the committee to defeat the bill which would shift Bergland township into Gogebic county.

Would Be Death Blow. Mr. Donnelly declared the loss of Bergland township, situated as it is at the head and partially surrounding Lake Gogebic would strike a death blow at Ontonagon's hoped-for prosperity. He presented figures showing that approximately 184,000 acres in the county had gone tax delinquent during the past year, 160,000 during 1925 and 130,000 acres during 1924.

Baird declared Bergland wished to become a part of the richer county of Gogebic because of benefits, he said, would accrue in better business opportunities, and the desire of the county to protect Lake Gogebic from industrial exploitation.

Bergland township, if added to Gogebic county, would give the latter county full control of the lake.

County Would Suffer. Connelly declared that if the dam now constructed on the Ontonagon river, at the north end of the lake, was removed, the county would suffer. The county's one hope of prosperity, Mr. Donnelly said, lay in the future

development of a power plant at the dam now held by the Victoria Mining company.

Representatives from Gogebic county complain that this company with its dam, lowers the level of the lake, thus injuring the resort possibilities of the second largest lake in Michigan.

A large section of Bergland township lies on the west side of Lake Gogebic facing Gogebic county, the rich Gogebic range and the cities of Bessemer, Wakefield and Ironwood.

Load Constructed. The county of Gogebic has now constructed a highway reaching from Trunk Line No. 12 at the south end of the lake to the county line a distance approximating half the length of the lake. Gogebic hopes to complete this road.

The chairman of the committee which heard the discussion is Senator Walter F. Truettner of Bessemer, Gogebic county. Senator James Wilcox of Ontonagon who is not a member of the committee, proposes the change.

WADEEN AGAIN FACES COURT

Driver of Fatal Car Is Charged With Posses- sion of Liquor.

Carl Wadeen, who is serving 90 days in the county jail for driving an automobile while under the influence of liquor, was arrested again yesterday by members of the sheriff's department on a charge of possession of liquor. He was arraigned immediately before Justice James S. Doherty, waived examination and bonds were fixed at \$500. He was returned to his old cell in the county jail.

Wadeen was sentenced to 90 days, by Justice Phil Hupy of Gladstone in connection with the accident which caused the death of Gust Jarvenpa of Rock, two weeks ago. Information received from County Prosecutor Glenn W. Jackson indicated that in addition to the intoxication which caused the accident, Wadeen was carrying a bottle. Mr. Jackson sent Sheriff Swanson and Under-sheriff Carney out to investigate.

Swanson and Carney learned that a few minutes after the fatal accident, Wadeen again drove his car into the ditch. Carl S. Suckrow of Perkins helping him back into the road, took a bottle from him. This bottle was turned over to the authorities yesterday.

Wadeen will be arraigned in circuit court before Judge Flannigan on the "possession" charge this month.

Police Raid Leduc Place; Find Pint

Fred LeDuc, 1208 Ludington street, was the victim of a raid conducted by members of the police department yesterday afternoon. About a pint of alleged moonshine whiskey was found in the building by the officers. LeDuc was arraigned in Justice Henry E. Ranquette's court where he demanded a preliminary examination. Bonds were set at \$500.

Mostil's Future.

What does the future hold for Johnny Mostil?
Will he ever resume his place in the White Sox outfield?

The unsuccessful attempt of Mostil to take his life probably ended his career as a player. I had a long talk with Manager Ray Schalk of the Chicago club on the subject. It was Schalk who first discovered Mostil's plight. Had it not been for the first aid he gave him, Johnny would have died, so the attending physicians said.

Schalk told me, that as far as he knew, there was not one reason for Mostil's actions. He was in the best of health, had no financial troubles and could have been one of the outstanding players in the majors for from five to ten years.

Schalk pessimistic. "I am not counting on Mostil being of any use to the White Sox this year," says Schalk. "Possibly he will never recover sufficiently to play big league ball again."

"It was a tough blow to lose a great ball player like Mostil and I worried plenty for about a week. Then I came to the conclusion that worry wouldn't help fill the hole in center field."

"To play safe, I have taken the pessimistic angle of the affair, that Mostil will never play baseball again. If he does, it will be a most agreeable surprise. I'm hoping it works out that way, but doubt it."

"The fear is Mostil has so severed the tendons in the wrist that he will lose the use of the fingers, preventing him gripping a ball or bat. Otherwise, he has a chance to beat the other self-inflicted injuries."

Prone to Worry.
The last report I had on Mos-

til when I watched the White Sox in action at Dallas, Texas, was that he was able to move the fingers of the hands only slightly. Of a nervous temperament, highly sensitive and the possessor of a moody disposition, Mostil was his own worst enemy.

Any time the Chicago White Sox lost a ball game, Mostil, prone to worry, could always pick some flaw in this play, to which he could attribute the defeat.

If one of the other outfielders dropped a ball, Mostil's line of reasoning was that he might have caught it, had he insisted on making the play.

If he attempted to steal a base and was thrown out, he would always argue that had he slid into the base some other way, he could have avoided the touch.

In other words, Mostil took the burden of all White Sox defeats on his shoulders.

Taunts of Players.
Perhaps the greatest handicap Mostil will have to overcome, if he is ever physically able to resume play, will be to throw off the taunts of players and public.

It is to be regretted, but if Mostil ever comes back he will have the stigma of the attempted suicide to overcome.

Players and public will flaunt the act in his face. While most of the fans and players will sympathize with him, the hard-hearted fans and athletes, and such a species exist, will taunt Mostil at the slightest provocation.

The case of Johnny Mostil, one of the finest boys that ever walked on the ball field, is a grim tragedy.

Lingerie is more elaborate. Lace embroideries and applique flowers in contrasting colors lend a spring note.

As We Grow Older Proper Kidney Function is More Than Ever Important

As we grow older, there is apt to be a gradual slowing up of bodily functions.

The kidneys are the blood filters. If their action becomes sluggish they do not thoroughly cleanse the blood of poisonous wastes. This tends to make one tired and achy, with often a toxic backache, drowsy headaches and dizziness. A common symptom of imperfect kidney function is scanty or burning excretions.

DELTA FOURTH IN MOTOR CARS

County Paid State \$81,000 Last Year; \$31,000 Returned.

Delta county paid \$81,824.59 to the state in automobile license last year, according to figures made public at Lansing. Dickinson county led the peninsula with license sales of \$102,551.81. Marquette was second with \$99,695.00 and Houghton third with \$99,662.46. Delta ranked fourth.

Figures on other counties of the peninsula follow: Alger \$21,170.13; Baraga \$20,957.01; Chippewa \$54,110.64; Gogebic \$73,185.09; Iron \$53,712.62; Keweenaw \$7,677.39; Luce \$13,254.22; Mackinac \$19,180.70; Menominee \$57,885.42; Ontonagon \$24,875.05 and Schoolcraft \$23,841.95.

Wayne county, with Detroit as its center of supply, leads all other counties with a total revenue of \$6,237,608.29. The total of all counties in the state is given as \$15,716,193.32.

County Gets \$31,000. Of the \$5,000,000 of license money apportioned to the various counties for state highway improvement Dickinson county gets \$39,151.59; Marquette \$28,040.74 and Houghton \$28,048.32 as the three counties showing the greatest revenue. The amount of return to other counties decreases, proportionately, with the amount of revenue received from the sale of licenses.

On that basis Alger county gets \$5,082.16; Baraga \$5,000.80; Chippewa \$20,657.91; Delta \$31,238.44; Gogebic \$27,940.77; Iron \$20,505.97; Keweenaw \$2,931.01; Luce \$5,060.09; Mackinac \$7,322.50; Menominee \$22,059.02; Ontonagon \$9,496.59; Schoolcraft \$9,102.19.

Total receipts from the gasoline tax during 1925 are given at \$8,019,683.85; and 1926, \$10,700,455.07.

The amount turned over to the state highway department for its fund is given as \$9,745,859.73 with the balance of \$1,297,825.00 designated for various fees in connection with the collection of the tax.

University of Michigan Band Concert Profits to Be Used for Scholarships

The visit of the 55-piece University of Michigan band to Escanaba on April 16, will be the means of helping some young men and young women to get a college education. Profits from the two concerts will be divided between the Escanaba Woman's club and the University of Michigan Alumni club. Both organizations will use the money for scholarship purposes, the "U. of M." club for its annual high school award, and the Woman's club in the revolving scholarship fund from which loans to worthy young women are made.

The sale of tickets will be under the supervision of a committee of Women's club members, headed by Mrs. A. E. Ellsworth. This committee has already mailed tickets to members of the two organizations interested in the event. Since the seating capacity of the high school auditorium is limited and the demand for seats is to be heavy, it has been urged that persons to whom the tickets are offered make their returns to Mrs. Ellsworth as soon as possible. Tickets which are returned will immediately be made available to the general public. Seats are also on sale at Ellsworth's drug store, the Hill drug store, the West End drug store and Hoyer's Tea Room. Adult tickets are selling at one dollar each.

Tickets for the matinee, at the high school in the afternoon, will be in charge of the Orange and Black society. They will cost fifteen cents for grade school pupils and twenty-five cents for high school students.

Reservations for fifty Manistique tickets were made yesterday by Michigan alumni of that city. There also will be good-sized delegations from many other surrounding towns. For this reason, Escanaba people who desire to hear the band—conceded to be one of the finest college bands in America—are urged to buy their tickets at once.

The Michigan band makes only one tour a year. This invariably comes during the Easter vacation. Last year the band went east to New York, stopping at several of the larger cities. A southern trip had been planned this year. Through the efforts of prominent Michigan men of the peninsula, however, the management was persuaded to change its plans and give the region north of the Straits an opportunity to hear the boys. The band is spending all of next week in the peninsula.

State Forester Plans Visit to Peninsula in May

R. F. Kroodsma, extension forester of Michigan State college, will visit the upper peninsula soon in the interest of state forestry work. While here he will inspect forest plots planted three years ago through the cooperative action of the college, the Upper Peninsula Development bureau and landowners in various counties. Mr. Kroodsma plans to spend May 11 in Delta county. He will visit Menominee county May 12; Dickinson, May 13 and 14; Iron, May 16; Gogebic, May 18; Ontonagon, May 20; Houghton, May 21; Marquette, May 23; Alger, May 24; Luce, May 25; Chippewa, May 26.

While in the peninsula, Mr. Kroodsma will confer with organizations in regard to creating more interest in forest planting. Boys and girls tree-planting clubs are conducted with success in several states and Mr. Kroodsma believes that such a program would be of much benefit to the upper peninsula.

Will Try to Break Young Millionaire of English Habits

"Pinkey" Butler and "Skeet" Snyder, cowboys of the Ruby Heart ranch, have a real task on their hands when they undertake to cure Deering Hamilton, wealthy young man from Chicago, of his too-gentlemanly attitude. This task is only part of the story those attending "Mall Order Brides," at the Presbyterian church Friday night, will see the two westerners doing.

The three-act farce is given by the First Presbyterian society of the new auditorium. Special arrangements have been made with the Walter H. Baker company of Boston, Mass., for the use of this play, written by J. C. McMuller. Miss Alma Suter, advisor of the organization, is in charge of the production.

Special numbers are on the program also. The play will start at 8 o'clock. The public is invited to attend.

DICKINSON TO BUY TB SHARE

Voters Approve Special Issue of Sanatorium Bonds.

Iron Mountain, April 6.—Dickinson county voted Monday to issue \$90,000 in bonds for the purchase of a third share in the Delta-Menominee tuberculosis sanatorium at Powers.

Returns from 18 of the 23 precincts in the county showed the bond issue leading by 1555 votes. Only a plain majority was required to carry the issue.

Estimates were that the bond issue would finally wind up with a majority well over 1600 and possibly more than 1700.

The success of the issue was far greater than that hoped for by its strongest supporters. While in some quarters it was believed that the bonds would be approved, the majority expected was well under 500 votes. Most persons predicted the defeat of the issue, principally because of soft industrial conditions and the fact that pre-election reports declared all rural districts were lined up solid in opposition.

The vote, however, revealed that in those rural districts that did not give the issue a majority, the margin of defeat was small.

Norway Best Supporter.
The city of Norway gave the issue the best support. It went over in each of the three wards by smashing big majorities and left no doubt of the prevailing sentiment in that community.

The issue also passed in all five wards of the city of Iron Mountain, but not by the proportion of votes reported in Norway.

The third ward in Iron Mountain gave the bonds a majority of only one vote, 196 to 195. The first, fourth and fifth wards rolled up substantial majorities, but in the second the edge was only 22 votes.

Foster City in Breen township went almost three to one against the bonds, but Ralph in West Branch township, only a few miles away, went better than four to one for it.

Buy Third Interest.
Under the terms of the issue the county board of supervisors is now authorized to issue \$90,000 in bonds for the purchase of a third share in the Powers Institution, Dickinson becoming a partner of Menominee and Delta counties.

The sanatorium has 75 beds and of these 25 beds will always be available to Dickinson county patients. Those Dickinson county patients unable to pay for all or part of the treatment will receive it without charge. In these cases the state pays the hospital \$1 a day for each free patient. The annual deficit of the sanatorium will be split three ways by Delta, Menominee and Dickinson counties.

The sanatorium was erected about five years ago and is entirely modern and fireproof. It has been brought up to a high standard of efficiency and is considered one of the best in the country.

DeMolay Supper Is Successful Affair

More than three hundred people were served at the second annual supper given by Delta Chapter, Order of DeMolay, at the Masonic temple last night. Serving began at 5:30 and a steady stream of diners partook of the meal until early evening.

A committee of boys, under advisement of D. L. Cook, arranged the details of the supper. Mothers of the boys, under supervision of Mrs. Sam Dunn and Mrs. Paul St. Mitchell, made preparations for the meal, assisted by Mrs. Graham, as caterers.

The entire affair was a successful undertaking, and the financial gain will greatly help in the covering of expenses of the chapter during the coming year.

I'm Most Grateful Every Month

Here's glorious news for long-suffering womankind! To every woman who periodically has suffered pain, Menstruation need no longer be painful. And it is Science that is speaking!

Specialists have developed a tiny tablet-called midol. It's a simple thing, utterly harmless to a girl of fourteen, but it brings relief in five to seven minutes. And is effective twelve hours or longer!

Midol is NOT a narcotic. It has no effect whatever on heart or nervous system. It acts directly on those organs affected by menstruation. They function normally, as they should, but the pain is banished. Complete relief—yes, perfect comfort—follows midol.

Your drugist has midol for 50 cents, in a slim aluminum box to tuck in your purse.

"MUSCLES ALL TIED UP IN HARD KNOTS"

Limbers up quickly after hard ride

"After several years' absence from the saddle, I took a hard horseback ride, and the next day my muscles were all tied up in hard knots. I applied Sloan's Liniment. Right away the tension in the muscles began to relax and in an hour or so, they felt as limber as ever."

The makers of this wonderful liniment have received many thousands of letters like this telling of the amazing relief that Sloan's gives to every kind of muscular pain.

Sloan's gives real and lasting help because it doesn't just deaden the pain; it gets at the cause. Right to the place that hurts it brings a healing stream of fresh, new blood. And stiff muscles quickly relax, and pain stops as the healing stream carries off the "fatigue poisons." Get a bottle today. All drugists—35 cents.

The Car that Attained the Speed of 203 Miles an Hour was

DUNLOP Equipped!

The Story of the World's Fastest Mile on TIRES

Since the war and the great development of gasoline motors for aeroplanes, automotive engineers have had motors powerful enough to go 200 miles an hour. Tires to withstand the heat and strain of carrying a heavy car at such a speed have been the big difficulty.

The record breaking achievement of Major Segrave is a tribute to the Major's iron nerves as well as to machine and TIRES. The slightest quiver in the steering wheel or the smallest deviation from his course might have meant instant death. A TIRE failure would almost certainly have meant an overturned car.

At the speed that Segrave travelled his wheels were making 30 revolutions a second. That is, every inch of his TIRES was taking the hammering of a three ton weight 30 times a second. As a piece of iron becomes red hot with constant hammering, the TIRES generate heat under the strain. DUNLOP TIRES proved strong enough to withstand the strain and light enough to keep from generating too much heat.

Major Segrave's record mile is the fastest mile that anything ever has travelled on earth. Only bullets and aeroplanes, and the latter only on rare occasions, have exceeded this speed, speed twice faster than that of an arrow in flight, two and one-half times faster than a golf ball on a long clear drive. Had the car been dropped from a precipice a quarter of a mile high it would not attain such speed until at the end of its fall.

ONLY A VERY GREAT TIRE COULD HAVE WITHSTOOD THE GRUELING TEST IMPOSED BY THE TERRIFIC SPEED OF THIS AMAZING CAR.

See our window featuring the tire angle of the new world's speed record.

DUNLOPS DID IT!

The human mind can hardly conceive the gigantic strain inflicted by pounding and friction heat that the four Dunlop tires withstood during the brief interval in which they whirled Major H. O. D. Segrave and his giant Sunbeam racer to new, amazing speed achievement at Daytona, Fla., last Tuesday.

It is significant that the founders of the pneumatic tire industry can, and have been building a tire materially greater than the most drastic wheel demand of the age.

While the average tire buyer today would shudder at the possibilities of traveling 200 miles an hour—he can not but realize that a tire standing this pace will more than answer his every day needs. Why not have super-quality when the cost is no greater than tires that merely aspire to Dunlop standards?

"Fear and Faith" Sermon Subject

Special meetings are continuing at the Methodist church in Manistique. The sermon topic tonight will be "Fear and Faith."

Over week-ends an entertainers black bottom dancers and night club entertainers who are grateful for this brief escape from their late shift in a world of tobacco smoke, jazz bands, fat buyers from out of town and clinking glasses.

NTG this fellow is known to radio fans, and Granlund is the family moniker.

For 14 years he has made and lost money on the "main racket," as Broadway is often dubbed.

Mary Miles Minter and Clara Bow were but two unknowns that he spotted.

This case is not at all unusual. Most Broadway folk, as soon as they get sufficient money together, buy places in the country and run to them as an escape from the hectic demands of the bright light belt.

Jeanne Eagles invested considerable of her profits from "Rain" in a place on the Hudson.

The Rooneys, of vaudeville fame, live in a big vaudeville colony on Long Island. Tom Meligan raises his family at Great Neck and Gloria Swanson, when in New York, spends week-ends at her country place at Croton-on-Hudson.

Blanche Ring, Ethel Barrymore and a score of others have country places "down the island."

As summer nears, the rush away from Broadway grows greater. Those who have been particularly prosperous keep both in the country and at the seashore.

While the incomes of Broadwayites sound large on paper, most of the "big names" spend accordingly and many find themselves in embarrassing economic circumstances when the wind changes.

Keeping up city, country and seaside places, with servants at each, runs into terrific overhead; so saying nothing of the town and country cars, the yachts and the entertainment. A salary of a thousand or more a week is necessary to keep up even a pretense at this life.

But for the investments of business managers many would have long since encountered the "rainy day."

Classics Decline In Age of Jazz

Berlin—Further evidence that the kultur of old is fast succumbing to the jazz age is submitted by the German Book Publishers' association, which in its annual report deplores the fact that "trashy" novels are supplanting the classics.

While the number of books published or republished decreased only slightly last year, the report states, there was a decrease of from 20 to 30 percent in purely literary works, books on art, religion, theology, history and geology.

A corresponding increase is reported in works of modern fiction, sex problems, psychology, medicine, law and technology. Sixty percent of all translated books were from the English, with Russian second.

Name New Pastor at Annual Church Meeting Tonight

Selection of a pastor and framing of the church budget are matters to be disposed of at the annual meeting of the Manistique Presbyterian congregation, to be held in the church parlors tonight at 8:00 o'clock.

Several applicants for the local pupil have been heard here, and at this meeting members of the congregation will make their final selection and formally issue a call to the man selected.

Following the business session, refreshments will be served.

IN NEW YORK

New York, April 6.—Generally speaking, but one side of the Broadway picture is familiar to the average person in or out of Manhattan.

And this is the kaleidoscope of lights, theaters, night clubs, chorines, producers and such.

Caught in this maze are scores who turn rural to the slightest opportunity, using fortunes made on the big streets to build up a quiet home life in the country.

There is, for instance, one Broadway figure whose ups and downs have become almost mythical.

With the first breath of spring he is off to his farm at Ramsey, N. J., and on Sunday morning you will find him milking the cows and feeding the chickens.

He prides himself on an army of hens and once brought 40 dozen eggs back stage of a theater to show the performers how well his hens were getting along. He gets more fun out of bringing eggs to market than signing a big contract.

Last winter he went up to his farm for a week-end and was snowed in. Unable to get out the following day, he got the thrill of his life being imprisoned and rendered completely helpless by the blizzard.

Over week-ends an entertainers black bottom dancers and night club entertainers who are grateful for this brief escape from their late shift in a world of tobacco smoke, jazz bands, fat buyers from out of town and clinking glasses.

NTG this fellow is known to radio fans, and Granlund is the family moniker. For 14 years he has made and lost money on the "main racket," as Broadway is often dubbed.

Before that a sporting editor. He has become celebrated for his "eagle eye for newcomers."

JUNIOR BENEFIT SHOW TONIGHT

Picture and Entertainment Will Be Presented at Community.

A work of the late Joseph Conrad, hailed by critics and public as the greatest writer of sea stories, has been brought to the screen for the second time in history in "Paramount's" screen version of "Lord Jim."

This story is regarded as not only a classic among famous sea tales, but also as one of the most touching romances and stirring novels of adventure in modern fiction.

Percy Marmont, Shirley Mason, Noah Beery and Raymond Hatton are featured in the principal roles of the production, which was adapted for the screen by John Russell and directed by Victor Fleming, who made "Empty Hands," "To the Last Man" and "Adventure."

In deserting his ship, Percy Marmont, as Jim, second mate of the ship Patna, had fallen in the traditional ruling of the sea—"passengers first," and had thought first of himself to the ultimate destruction of those he was supposed to protect.

Tragedy to be from the world, he eventually found he was feeling from his own conscience—that the words of "coward" that kept ringing in his ears were the words of the outside world.

On Patana, he walks into certain danger and almost certain death. Redeeming himself with himself he forces a stockade and is victorious. With new confidence because of his first victory over himself, he eventually becomes the rules of the island. How he meets a pretty native girl, gives his life for her in atonement is one of the greatest stories of present-day literature.

As a Paramount picture, "Lord Jim" is bigger and finer than any adventure-drama ever filmed. If you have an idea that this is a "high-brow" tale, don't fail to take it in at the Community theater. You're in for a mighty agreeable surprise.

In addition to the picture program there will be a group of special acts which will be presented by the Juniors between shows, including two orchestra selections, two dances, concertina numbers, and numbers by Murphy's string quartet.

The orchestra selections will be played by the high school orchestra members, Robert Kee, Donald Swan, Robert Pare, Richard Anderson, Theodore Murray, Wava Moore, Margaret Blodgett, Fern Woodhall, Don Richardson, Marguerite Hupp, Elizabeth Kee, Alton Kircher, Vincent Johnson, Gertrude Kee, Claire Clark, Winthrop Grant, Freeman Empton and Robert Skellenger.

The numbers are "Intermezzo L'Arlesienne," "Suite, No. 2," and "Stony Point," a march.

The dances will be "The Glow Worm," a solo dance by Ruth Moore, and the Clown Dance and an Acrobatic act by Katherine Kinsella, Dorothy Hood, Irene Kee, Pearl Brodrene, Ethel Roman, and Hazel Sword. They will be under the direction of the Girls' Physical training department.

The concertina act will be given by Branko Marohnic, who is a talented player of the instrument.

Members of the quartet under the direction of Mr. Murphy are Donald Swan, Robert Pare, Robert Kee and Richard Anderson.

The entire program will form an attractive entertainment.

The advance ticket sale has been large and with this and the sale of tickets at the door tonight the benefit, it is believed, will be a financial success.

The proceeds of the show will be placed in a fund with which to defray the expenses of the Junior Prom. For a number of years the prom expenses were paid by individual members of the class, but the system of an entertainment by the class to raise money, inaugurated by Miss Helen Woessner a few years ago, was found to work out much better and it is being adopted as traditional policy.

The benefit show tonight will not only furnish a fine program, but will in addition be an opportunity to aid the Juniors in entertaining at their annual prom and the patronage of it is certain to fill the theater for both shows.

Prin. C. C. Strickland and George Nelson, class advisor, are assisting the students.

SERMON AT SERVICES HERE TONIGHT

"Entire Sanctification," will be the topic of the Lenten sermon to be delivered this evening by Rev. H. W. Colenso, pastor of Alice Memorial M. E. church, at the special service.

Last evening the pastor spoke on "Christian Healing."

Services which opened Sunday at Alice Memorial M. E. church are being held every evening and will continue until Easter Sunday.

UNIVERSITY BAND TICKETS ON SALE HERE

The Child's Welfare club will sponsor the sale of tickets in Gladstone for the concert which the University of Michigan band will present in Escanaba the evening of Saturday, April 16. It was announced here yesterday.

The ticket sale in Escanaba is in charge of the Woman's Club and the Gladstone sale is being directed by the Child's Welfare club.

Tickets for the concert will be sold at the Henry Rosenblum store, the J. D. McDonald store, the Dehlin drug store, and the G. R. Empton and J. D. Staple homes.

The band which is on tour, will appear in Escanaba for the first time on April 16, and will give a concert that evening in the Escanaba high school auditorium.

Considerable interest is being shown in the coming of the university band and the announcement that tickets for the concert may be obtained in Gladstone will be well received.

MRS. DAMITZ NAMED HEAD OF EASTERN STARS

Election of Officers Held at Annual Business Meeting

Mrs. Milton Damitz was named Worthy Matron of Minnesota Chapter, No. 96, Order of Eastern Star, at the annual election held at Tuesday night's meeting at the Masonic temple.

The complete list of officers chosen is: Mrs. Damitz—Worthy Matron.

Mrs. Alvin Nelson—Conductress.

Mrs. Helen Murker—Associate Conductress.

Mrs. Ethel Tordour—Secretary.

Mrs. Bertha Page—Treasurer.

Other appointive offices in the chapter will be named later.

SERVICES AT CHURCH ON PALM SUNDAY

Baptism and reception of members will be part of the services at Alice Memorial Methodist Episcopal church on Sunday, Palm Sunday.

It is asked that notice of both baptisms and receptions be made to Rev. Mr. Colenso previous to Sunday.

Both services, which usually take place on Easter Sunday will be on Palm Sunday this year with all services on Easter Sunday given over to the special Easter programs.

Cast Meeting Friday Night

The entire cast of "The Song of the East and the West," tabloid drama, is asked to meet with Mrs. J. R. Halnds and Miss Elsie Wolfe Friday evening at 7:30 o'clock in the auditorium of Westminster Presbyterian church.

The meeting was called for Thursday but was postponed one evening to avoid conflict with the junior class benefit.

Prayer Meeting Is Cancelled

The regular Thursday evening prayer meeting of Westminster Presbyterian church will not be held this evening. It was announced yesterday. The meeting for this week was cancelled in courtesy to the Junior class of Gladstone high school, which is presenting its benefit show tonight.

Trinity Guild Meets Today

Trinity Guild of Trinity Episcopal church will meet in the church parlors this afternoon at 3 o'clock. All members are requested to be present.

SAINT and SINNER

Good-looking Bill Warren proved a difficult witness for Banning to handle. It was soon evident that Bill had come to court under protest.

"Now, Mr. Warren, do you know this defendant, Cherry Lane Wiley?" "I do! She is a very dear friend of mine."

"Confine your answers to yes or no when the question calls for a yes or no," Banning frowned.

"I am going to show you a letter, Mr. Warren, and ask you if you can identify it," Banning spoke sharply.

"There is no need for me to cross-examine Mr. Warren," Churchill smiled broadly.

"Call Mr. Albert Ettleson!" Banning barked at the court crier. Albert Ettleson, minus his coonskin coat, was flashily dressed in a tightly fitting suit of black and white checks.

"Your name?" "Albert Ettleson," the witness stated proudly.

"I am a traveling representative of the Tip-Top Gas Range Company of Indianapolis."

REED ATTACKS LOWDEN; JUDGE REPROVES HIM

(Continued From Page One.)

Pullman of the Pullman Car company... the senator asked in conclusion.

"I don't think he makes his living as the son-in-law of Pullman," defended Saprio.

Another time Judge Raymond ruled out a letter with the remark that he did not want to open the doors so wide it would take a year or two to try this case.

Saprio testified that the reason he resigned from the post of counsel for the marketing committee of the American Farm Bureau Federation was that it became evident the organization was not going ahead with a program for national wheat marketing.

Reasons For Withdrawal. Concerning his withdrawal from the Oklahoma Broom Corn association in 1924, Saprio said he received two accounts of why it was wished he sever his relations.

"One was that the Dearborn Independent's articles had damaged my standing in Oklahoma, and that the association did not feel it was being helped by my name," he said.

OBITUARY

MISS MARIE VERBESKY. Funeral services for Miss Marie Verbesky will be held this morning at nine o'clock at St. Bruno's church at Nadeau with Rev. Fr. P. Sperline as celebrant at the requiem high mass.

ADOLPH LAFAVE. Funeral services for Adolph Lafave were held Wednesday morning at St. Anne's church when Very Rev. Fr. R. G. Jacques was celebrant at the requiem high mass.

MRS. F. A. WEISSERT, SR. The body of Mrs. F. A. Weissert, Sr., was removed from the Alto Funeral Home to the family home on the Ford River road, yesterday afternoon where it will remain until Friday morning at 9 o'clock.

Cottage Burns to Ground; Overheated Stove Causes Fire. Fire, believed to have started from an overheated stove in the kitchen of a summer home on route M-91, burned the building to the ground last night about 7:45 o'clock.

Several children of the deceased who are out of town, are expected to arrive here today to attend the funeral.

New Class Song Introduced at Franklin School

That musical talent in the grade schools of this city is not lacking was demonstrated at the Escanaba high school auditorium yesterday afternoon when 39 boys comprising the Boys' Glee club of the Franklin eighth grade rendered three numbers to the high school student body.

The new class song of the eighth grade was given and exceptionally well received by the high school students. The song has not yet been given a name. The words were written by Mrs. A. J. Carlton and her daughter, Jane, and were put to music by Daniel Carlton, a student at the University of Michigan.

The program consisted of: "Nancy Lee," "The Navy" and the new class song.

An old bachelor whose name could not be learned had been living in the house for a few days and was present when the fire started. The dry building burned quickly, making the efforts of the firefighters who tried to save some of the contents of no avail.

In Great Britain the largest railway station is Waterloo, where, in 24 hours, 1,400 trains are dealt with at 23 platforms. The busiest junction is Clapham, through which more than 2,000 trains pass every 24 hours.

have not developed any other champion from the dry side. In order to block the nomination of Governor Smith, a dry will have to be brought forward.

Meanwhile, the Democratic leaders, most of whom are wet in the east and middle west, are counting upon a lukewarm feeling on the part of the southern leaders toward the necessity of nominating a dry.

The southern Democrats are, of course, eager to win because it means patronage for their states as well as important committee chairmanships when a Democratic nominee is strong enough to carry into office with him a Democratic congress.

The spectacle may be presented of a Democratic nominee being chosen through combinations from other states—though this is only another way of saying that unless the two thirds rule is abolished the chances of another deadlock at the next Democratic convention with a compromise candidate in the distance are bright.

pendent Oil and Gas company, and a number of others of lesser importance. He explained that for the time being at least his investment holdings in these various enterprises would remain undisturbed.

In addition to guaranteeing the financial responsibility of the companies producing the Star car and the stability of policies and integrity of management, Mr. Durant's plans contemplate setting aside for the benefit of Star dealers a considerable block of Durant Motors, Inc. stock purchased in the open market.

Political Move Charged. Representative Robert Wardell of Detroit, who voted against

New Deferred Financing. Mr. Durant also announced a new departure in deferred financing of automobile sales under which the entire cost to purchaser will amount to six per cent annual interest charge on deferred payments, all other charges to be borne by him.

bill's farmer supporters would have "dropped it like a hot potato" if it included farm labor in the compensable list.

the bill, asserted it was being crammed through to make political capital for the governor. "I refuse to accept the dictates of an inviolable governor or one in the front office," he said.

Detroit, Laurence Fisher of the Cadillac Motor company and others, urged its adoption. Except for a few absentees all the members except Representatives Cover, Clement, Deshazo, Hart, Johnson, Main, Nettles, Palmer, Skeels Upjohn, Waters and Wardell voted for the bill.
