

TWO RADICALS SENTENCED TO DEATH

LAWYER SENT TO NEGOTIATE DIAZ TREATY

SEEKS STABILIZATION OF GOVERNMENT IN MEXICO.

BY DAVID LAWRENCE

Washington, April 9.—President Coolidge has determined to tackle the problem of relations with Nicaragua on a broad basis that will guide his administration in the future in dealing with the Central American questions.

Whether this will be accomplished by means of a treaty wherein the United States will agree to accord recognition only to certain governments that come into power by legal means...

Mr. Stimson is a lawyer rather than a diplomat. He does not go as a substitute for the American minister or because there is any lack of confidence in the latter.

First of all, the treaty relations of the United States are vague. The United States, encouraged by the Central American powers to adopt treaties as between themselves...

The sending of Mr. Stimson comes at a time when the Diaz government is reported to have won a military triumph. This has been brought about through the active support of the American government.

The Diaz Wins Fight. The sending of Mr. Stimson comes at a time when the Diaz government is reported to have won a military triumph.

Increasing the maximum weekly payments for injured employees under the workman's compensation act from \$14 to \$18 passed the house and is in the senate committee.

The senate and house voted a \$5 a day boost in salary, labeling it "expense money" and sent the bill to the governor, despite a ruling from the attorney.

Mr. and Mrs. Howard O. Barker, 40 Merritt street, Battle Creek, were injured when their automobile was forced into a ditch just outside the city today.

Warne county contributed \$4,977,495.93 and Kent county \$662,824.34.

Mr. Coolidge is following the policy of President Wilson in using personal envoys, a policy that was bitterly criticized by his opponent when he sent John Lind to Mexico and Colonel House to Europe.

Cat Loses Kittens, It Mothers Skunks

Quincy, Ill., April 9.—(AP)—Maternal instinct in a cat resulted in a strange nature story told by F. A. Jones, farmer living in Brookfield, Mo., near here.

JAM IMMINENT IN LEGISLATURE

Important Bills Must Be Disposed of Before Adjournment.

Lansing, April 9.—(AP)—Highway finance, crime prevention, labor proposals and a tangled budget were crowded to the surface of the legislature this week.

The reported decreased capital punishment bill showed signs of coming to life. The important criminal procedure code, with a provision embodying the Baumes principle of life sentences for habitual offenders, was passed by the house and sent to the senate.

The submission of a special financial message by Governor Green threw appropriation measures away. He presented an audit showing the general fund to be more than \$5,000,000 in the red.

Superior, Wis., April 9.—(AP)—Gov. Fred R. Zimmerman has been asked to assume the role of arbitrator in the Superior school strike.

Within ten days the original group of 800 Central high school students who left their classes because the board of education refused to consider reinstatement of an English teacher who has been ousted after 24 years of service, have been joined by 500 other students, some from other high schools in the city.

Strike leaders today started to canvass the town, selling blue cards to raise funds for strike advertising, literature and other costs.

Remaining quietly in the background is Miss Lulu J. Dickinson, the English teacher whose ousting by the board for what was declared to be "opposition to school system policies" precipitated the trouble.

Washington, April 9.—(AP)—Southern cities lead in the amounts of money allocated to veterans bureau offices for loans to veterans on their adjusted service certificates. A recapitulation up to the close of business today showed that \$5,780,000 had been allocated.

The veterans bureau has sold \$5,000,000 of the liberty bond holdings in the government life insurance fund which brings the amount available for loans during April to \$13,000,000.

FLOOD'S TOLL RISES TO 20; STILL SERIOUS

RIVERS THREATEN TO INUNDATE LARGE SECTIONS.

Kansas City, Mo., April 9.—(AP)—With thousands of acres of farm lands already under water, other thousands were threatened with inundation tonight in extreme southeast Kansas where the Verdigris and Neosho rivers were slowly reaching the point where they would spill their waters over the countryside.

Farmers in the lowlands along the river began moving out their stock and household goods and sought safety on higher ground. The surging flood waters that claimed the lives of 17 persons in southwestern Oklahoma the last three days, appeared to be abating late today.

At Coffeyville, the Verdigris had less than two feet to go to spill over its banks and was slowly rising.

Farther north in the state, the rivers seemed to have reached their crests.

Memphis, Tenn., April 9.—(AP)—Vigilance and confidence prevailed tonight along the wide course of the Mississippi river from Cairo, Ill., to New Orleans and river engineers predicted that the government levees would continue to hold "all the water in sight."

Acute distress at Columbus, Ky., where a private dyke protects the town against the floods was somewhat relieved during the day as the waters there, several feet above the level of the town and almost at the top of the embankment, began to fall slowly.

With a stage of slightly more than 41 feet, the river at Memphis late today was rising slowly.

Our levees from Cairo to the mouth of the White river (more than 100 miles south of Memphis) are holding well," Major D. H. Conolly, United States engineer in charge of the Memphis office, reported.

GOVERNOR MAY SETTLE STRIKE

Over 1300 Students Protest Dismissal of Instructor.

Superior, Wis., April 9.—(AP)—Gov. Fred R. Zimmerman has been asked to assume the role of arbitrator in the Superior school strike.

Washington, April 9.—(AP)—Southern cities lead in the amounts of money allocated to veterans bureau offices for loans to veterans on their adjusted service certificates.

The veterans bureau has sold \$5,000,000 of the liberty bond holdings in the government life insurance fund which brings the amount available for loans during April to \$13,000,000.

FIRST PICTURE OF BURNING OF PINEDO'S PLANE

When the seaplane of Commander Francesco de Pinedo caught fire and was completely destroyed at Roosevelt Dam, Ariz., after the famous Italian aviator had brought it safely from Italy to the United States, via Africa and South America, a cameraman for the Daily Press and NEA Service was on the scene.

London dispatches say the demands will be presented early next week and will call for reparations, apologies and punishment of those responsible for the outrages.

3 Youngsters Buried Alive in Play Cave

Columbus, Miss., April 9.—(AP)—Three children were killed when their cave playhouse at Franklin school here collapsed late today.

The victims were Otis Gavin, 4; Edwin Gavin, his brother, 6; and J. W. Jemp, 8.

The roof of the cave, apparently weakened by heavy rains, gave way without warning, burying the children under five tons of dirt and sand.

John Perkins, negro, who was hauling sand from the lot, discovered the tragedy when he saw a foot of Otis Gavin protruding from the debris.

Grand Rapids, Mich., April 8.—(AP)—Meech, Arnold and Meech of St. Joseph, Mich., building contractors, today filed a petition in bankruptcy in federal court, through Julius Arnold, vice president, and Frank M. Meech, secretary-treasurer.

SOVIETS ORDER PEKING ENVOY HOME AT ONCE

WILL CLOSE EMBASSY AS PROTEST TO RAIDS.

Moscow, April 9.—(AP)—Soviet Russia has recalled her charge d'affaires in Peking as a protest against the raiding by the northern Chinese authorities of the embassy compound in Peking.

Shanghai, April 9.—(AP)—The Cantonese northward advance toward Tientsin and Peking has met with an unexpected reverse.

Reorganized northern forces under General Sun Chuan-fang, whose army crumpled under the Cantonese advance on Shanghai in February, are reported to have repulsed the Cantonese on two fronts—along the Tientsin-Pukow railway and on the grand canal, to the east.

The latest incident in the intermittent warfare between foreign warships and Chinese along the Yangtze involved the British destroyer Veteran which was fired on with shrapnel and rifles yesterday near Chenkiang.

The Cantonese flag is reported to have been hauled down at Chinkiang, midway between Nanking and Kiangyin, on the Yangtze. Hundreds of Cantonese wounded have been brought southward across the river.

Meanwhile, the American, British, Italian and Japanese ministers in Peking met today to consider, it is believed, the demands to be made on the Cantonese in consequence of a foreigner killed or injured and foreign property destroyed.

London dispatches say the demands will be presented early next week and will call for reparations, apologies and punishment of those responsible for the outrages.

Groups of Americans continue to leave Peking, the northern capital and many Britishers are passing through toward Tientsin from points in the neighboring provinces of Shansi and Honan.

Washington, April 9.—(AP)—The third group of 1500 marines to reinforce American forces in China will sail from San Diego on April 12 or as soon thereafter as possible aboard the Dollar Line steamer President Grant.

Announcement of arrangements for their departure came today while Americans in northern China began concentrating at Peking and Tientsin and as Minister MacMurray and other Peking diplomats continued consideration of their course in demanding reparations for mistreatment of foreigners by Cantonese nationalist troops.

Under the urging of Mr. MacMurray, Americans all over north China are moving toward Peking lest they be caught in a flame of anti-foreignism like that which raged at Nanking.

Grand Rapids, Mich., April 8.—(AP)—Meech, Arnold and Meech of St. Joseph, Mich., building contractors, today filed a petition in bankruptcy in federal court, through Julius Arnold, vice president, and Frank M. Meech, secretary-treasurer.

Radio Romance Ends With Radio Wedding

Chicago, April 9.—(AP)—A radio wedding, with bride and bridesmaids playing their own wedding march, went on the air to night from station WLS when "Ralph and Elsie" became Mr. and Mrs. Ralph Emerson.

There was a real minister, real bridesmaids, real best man and real rice and the entire proceedings travelled forth into night on 345 meters.

For several months, Ralph Emerson and Elsie Mae Look, organists for WLS, have carried on a radio courtship which has been accepted by the biased radio audiences as more or less "program stuff."

Washington, April 9.—(AP)—Vice President Dawes transgressed the rules of the senate in filling the vacancy on the senate campaign investigating committee in the opinion of Senator Reed, Republican, Pennsylvania, who led the successful filibuster in the closing days of the last session against the resolution specifically continuing the committee.

Returning today from a vacation in Bermuda the Pennsylvania held hurried conferences with other Republican leaders and then issued a formal statement assailing the vice president and reiterating his own conclusion that the committee headed by his distant cousin, "Jim" Reed, of Missouri, is dead.

A similar view was taken by Chairman Keyes of the audit and control committee, who holds the senate purse strings.

"Even if the committee were still in existence," Reed of Pennsylvania said, "the senate has not given authority to the vice president to do more than designate the original five members of the committee. Under the rules of the senate, any vacancies must be filled by election by the senate itself."

Furthermore, the presiding officer of the senate when the senate is not in session, has not authority whatever, I regard the attempted appointment of Senator Fess (Republican) Ohio, as a nullity.

Calling attention that the whole question was up for judicial decision in the federal courts in Pennsylvania on an action brought by the campaign committee itself, Reed declared, all parties concerned "should await that decision before attempting further action."

There has been no indication that the campaign investigating committee intends to meet again until after the hearing.

Reed, Sapiro Rest After Week's Grind

Detroit, April 9.—(AP)—Worn by the strain of nine days of matching wits with each other, Aaron Sapiro, Chicago attorney suing Henry Ford for \$1,000,000 for alleged libel and Senator James A. Reed, chief of the Ford counsel, relaxed and rested today for another siege next week.

Attorneys for both sides were agreed that Sapiro probably would continue under cross examination virtually throughout next week.

After that Ford's appearance as the next witness will be demanded, according to William Henry Gallagher, chief of Sapiro's counsel.

YOU CONDEMN INNOCENT MEN JUDGE IS TOLD

SENTENCE ASSAILED BY REDS THROUGHOUT WORLD.

Dedham, Mass., April 9.—(AP)—After seven years of waiting, Nicola Sacco and Bartolomeo heard the sentence of death pronounced upon them today.

In those seven years, echoes of the case have been heard on several continents. In the same court where they were convicted of murder by a jury in 1921 they were condemned today to be electrocuted at the state prison in the week of July 10.

Sentence was imposed by Judge Webster Thayer who presided at their trial.

Both men accepted the court's invitation to make statements before sentence was pronounced. In dramatic addresses, neither asked for mercy, but each protested his innocence of the crime of which they were found guilty—the murder of two payroll guards during an attempted robbery at a South Braintree shoe factory April 15, 1920, and accused Judge Thayer, the jury which convicted them and the district attorney who prosecuted them of prejudice.

They contended they did not get a fair trial on account of their radicalism, a charge that has resulted in world-wide agitation by radical organizations for a new trial.

Neither showed any change of emotion as he heard himself condemned to die although both interrupted the sentence. Vanzetti to ask to speak to his counsel and Sacco to cry out: "Those are the same words you pronounced seven years ago. You condemn two innocent men."

With the imposing of the death sentence there remained possible two courses by which the condemned men might continue their fight for life. One is an application to the U. S. supreme court on a writ of certiorari, the other an appeal to Governor Fuller to exercise executive clemency.

The latter course will be taken immediately, their counsel, William G. Thompson and Herbert G. Ehrmann, announced tonight.

The proceedings took less than an hour.

Appeals to Judge. "You know, Judge Thayer—you know all my life, you know why I have been here—and after seven years that you have been persecuting me and my poor wife and you still today sentence us to death," Sacco told the court.

Vanzetti, he referred to as the "man kind to all the children," the man whom, he said, Judge Thayer twice had sentenced although, he told the judge, "you know he is innocent."

"What I say is that I am innocent, not only of the Braintree crime (the murder for which he was sentenced today) but also of the Bridgewater crime (the attempted robbery charge on which he has been serving a sentence)," said Vanzetti. "That I am not only innocent of these two crimes but in all my life I never stole and I have never killed and I have never spilled blood."

He said that he had struggled all of his life "to eliminate crime from the earth." He launched into an exposition of his principles, declaring that not only had he opposed crime, but he had "refused myself the commodity or glory of life, the pride of life of a good position because in my consideration it is not right to exploit man."

WEATHER

Table with weather forecasts for various locations including Alpona, Atlantic City, Boston, Buffalo, Chicago, Cleveland, Denver, Detroit, Duluth, Escanaba, Galveston, Grand Rapids, Jackson, Kansas City, Los Angeles, and Louisville.

Fishing Is Losing Popularity--Hoover

Chicago, April 9.—(AP)—Fishing as one of the great American pastimes has steadily lost ground and will continue to suffer unless sportsmen's clubs, the federal and state governments cooperate more effectively to increase re-stocking, Herbert C. Hoover, secretary of commerce, told the Izaak Walton League at the closing of its convention tonight.

Florida Speculator Arrested for Fraud

West Palm Beach, Fla., April 9.—(AP)—Paris M. Singer, of New York and Palm Beach, and son of the late Meritt Singer, founder of the Singer Sewing Machine Company, is under \$20,000 bond today following arrest last night on charges of conspiracy with "intent to defraud the general public of Palm Beach county."

PORT WORKERS PROTEST

Buenos Aires, April 9.—(AP)—The Sacco-Vanzetti protest strike called yesterday by port workers, bakers and taxicab chauffeurs was intensified today with the announcement of the passing of the death sentences on the two men at Dedham, Mass. Emergency crews, however, took the place of the port workers and

operations in the port were normal. Several disturbances among strikers were reported.

NEW APPEAL MADE. Moscow, April 9.—(P)—The sentencing to death at Dedham, Mass., of Sacco and Vanzetti, has caused the red prisoner relief to make a new appeal to world leaders against "this new crime of the American bourgeoisie."

RAISE RUBBER LIKES APPLES

By NEA Service. Akron, O.—On a million-acre plantation in Liberia, down on the west coast of Africa, Harvey S. Firestone, tire manufacturer, is going into the rubber farming business. Just how does one go into rubber farming? Much, it's explained at the Firestone offices, as one goes into apple raising. For rubber grows on trees—or comes from trees, if you will.

Liberia has offered Firestone concessions that will permit American industry, he believes, to compete successfully with British and Dutch planters in rubber production. Firestone's son, Harvey Firestone, Jr., is in personal charge of the Liberia enterprise. Millions will be invested. Rubber growing requires heat and humidity in great proportions. Liberia has these. It is in a band around the earth extending along the equator and stretching 10 degrees latitude either way, that is most fertile and most practicable for rubber production. In this band lie Ceylon, Java, Sumatra, Malay, Borneo, the Congo, Brazil—all highly productive rubber territories, mostly under British and Dutch control.

Shipping and Foreign Trade Today Require Men With High Morals

BY ROGER W. BABSON. Babson Park, Fla.—Roger W. Babson continues today a discussion of his topic "Your Boy's Business," with special reference to opportunities in shipping and foreign trade. Mr. Babson believes this is a good field for young men with energy and willingness to make sacrifices, but that it is a very competitive field. Says he: One Hundred Years Ago. One hundred years ago, shipping offered the very best opportunities for ambitious young men. Several of my ancestors of Gloucester, Mass., went to sea when 14 years of age and working up to be masters of their ships. They sailed these ships to Asia, Africa and the South Sea Islands, taking loads of textiles, hardware, and other New England products and trading them for tea, pepper, spices, etc. This was a wonderful training for young men as these trips developed courage, initiative, and judgment as well as integrity, industry and knowledge. The modern youth would think it a great hardship to travel even for one night in one of these sailing vessels to say nothing of being out six months or a year.

I don't know what would happen under such conditions to the modern salesman who thinks he must travel in a Pullman car and have a private bath when stopping at a hotel! Yet it was the courage, industry, and thrift of their ancestors, who traveled in sailing ships, that provided the money which later built America's transcontinental railroads and the best hotels in her western cities. Yes—that was great training both for business and life. It was a training which developed the good habits which young men today so severely lack. Frankly, our colleges will never succeed in training for business until they discover some way of doing something that "going-to-sea" and the "apprentice system" accomplished years ago. Knowledge always can be purchased, but good business habits can only be acquired through experience. Present Day Conditions. Conditions in shipping and foreign trade are now infinitely better than they were 100 years ago. Fine steamers take the place of sailing ships; the United States now has consuls at every foreign port of any consequence; when ashore it is always possible to get a clean room and fair food; while one's life when in a foreign land is in no danger as it was formerly. Yet—compared with a good job at home ashore—the best job aboard ship, or in a foreign land, is much more strenuous and difficult. To begin with the temptations of such a life are far greater than with a life at home. Hence to succeed in the merchant marine or in foreign lands a young man must be temperate, clean and upright. Most of the men whom I know to have succeeded in such work had moral and physical stamina. Of course, thousands of Americans are in this work who both drink and run around, but they are not the ones who succeed. Moreover, they harm the reputation of the entire country because we really are judged abroad by the character of those we send abroad. Many feel that to succeed in shipping or foreign trade, much entertaining is necessary. It is true that the "non-mixer" is often handicapped in dealing with Latin Americans and certain others who demand much attention before doing business. But a man may be a good mixer and yet not touch liquor or be promiscuous. One of the best entertainers in the United States—a man who has built the electric water or gas plants in several of the large South American cities—is a teetotaler. He buys or rents a fine home in the foreign city in which he is to operate, taking there his wife and servants, and entertains royally. His entertaining, however, is a credit to his country and it never becomes the

unreasonable politicians. Labor legislation by the United States alone is an useless in connection with foreign trade as a tariff legislation. For either to do any good, it must be done internationally and applicable to all nations. However, this is too large a question to discuss here.

A good illustration of what has taken place in connection with this since 1914 is shown by the quotations on Atlantic Gulf and West India S. S. Co., common stock. This was selling at 7 in June 1914 when Germany declared war. After the war it rose to a price of 192, and then gradually fell to a low of 34. Today it is selling around 30. All shipping stocks have not had such gyrations; but on the other hand some have gone to nothing and have been wiped out completely. Because of this severe readjustment, shipping securities should be attractive speculations when the next buying season comes. The same thing is true regarding the stocks of certain companies organized during the war to carry on foreign trade. The American International Corporation is an example of such. Its common stock was sold during the war at par; it rose to 132 then declined to 16 and is now selling around 40. Other stocks worthy of study by those interested in shipping and foreign trade are International Mercantile Marine, American Ship and Commerce, Bethlehem Steel and Electric Boat.

General Business Outlook. Shipping and foreign trade is closely related to the general business situation. Yet often during a period of business depression in the United States these employed in foreign trade have done their best business. This has been due to the fact that, at such times, manufacturers were unable to sell their output here at home and hence were forced to find foreign markets. The corporations and individuals who are trained to put these American manufacturers in touch with these foreign markets, reaped a handsome reward. Today we are facing a period when production will exceed consumption. Mills can continue operations and labor remain employed only as we are able to sell our surplus goods abroad. This means that our manufacturers will soon be compelled to develop foreign markets. Then once more those who are now training to sell abroad will have a real opportunity.

In view of these probable conditions it is very necessary for us to get an international mind and see the world as a unit. So long as the United States remains selfish and conceited, it will never succeed in developing much foreign trade. If personal friendship is an important factor in enabling an American salesman to sell in a foreign country, surely national friendship is even more important. Business still re-

Whale Bites Cable, Cuts Communication

Seattle, Wash., April 9.—(P)—This is the tale of a whale or vice versa. The U. S. Cable steamship Dellawood reported today that a whale, hungry or curious had bitten into the army's signal corps Alaska cable last Sunday thereby severing communication. Once before, 20 years ago it is asserted a whale bit into the Seattle-Sitka cable and caused a break. On that occasion the whale became entangled in the wire and was fished up by the repair ship.

Local Men Attend National Cash Register Convention

A. H. Backs and L. J. Tandy of the local branch of the National Cash Register company are expected to return to this city today from Chicago where they attended a convention of cash register dealers and salesmen. Mr. Backs is in charge of the local office during the illness of Louis A. Bove.

main good and the Babsonchart continues to register around 12% above normal. Although we do not now need the help of Europe, China or Latin America, we some day will be very glad of their trade. Hence let us now encourage these corporations, investors, and such young men as are now interested in shipping, foreign trade, and other constructive international work.

State Briefs

Grand Rapids, Mich., April 9.—(P)—Former Sheriff William L. Smith will be tried April 19 on two charges of negligently allowing prisoners to escape. Grand Rapids, Mich., April 9.—(P)—Some 2000 children entering school for the first time next fall will undergo thorough physical examinations under plans just completed by the parent-teachers' association. Grand Rapids, Mich., April 9.—(P)—Grand Rapids goes on daylight saving time at midnight tonight. Niles, Mich., April 9.—(P)—A ministerial protest against an egg and rabbit hunt planned for Easter, has been made to its sponsors, the local lions club. Protestant and Roman Catholic divines joined in a request for postponement to Monday.

is propelled by a triple expansion engine, and has a capacity of 12,000 tons.

Will Hold Hearing on Issue of Bonds

Lansing, April 9.—(P)—The Gas Corporation of Michigan with headquarters at Ludington has been granted a hearing April 13 by the Michigan Public Utilities commission on its petition to issue stocks and bonds in an amalgamation of gas companies in western Michigan. The Gas Corporation of Michigan will represent a union of the Ludington Gas company, Michigan Gas company of Greenville and the Central Gas company of Mount Pleasant. Permission is asked to issue \$500,000 par first mortgage bonds and \$300,000 declared value common stock.

ADMITS ROBBING RURAL SCHOOL

Clifford Kallshek Apprehended in Home at Gladstone.

Clifford Kallshek, whose home is on the Gladstone bluff, was arrested by members of the sheriff's and Gladstone police departments yesterday afternoon, and admitted to the officers of his taking part in the White school robbery in Escanaba township on March 23.

According to Kallshek's story he went to the school house with companions who stole about \$70 worth of property in the form of school accessories and clothing, while he waited outside.

In a large box, located in the woods about one block in the rear of Kallshek's home all the clothing and text books were found. The clothing was identified by Miss Alice Jaegers, teacher at the school, as belonging to her. A number of Kallshek's letters were found in the bottom of the box.

Kallshek was arraigned before Justice Phil Hupp in Gladstone and bound over to circuit court. He was released under bonds of \$1000.

Easter Pageant to Be Presented in Swed. M. E. Church

A beautiful Easter pageant called "The Sacred Flame," will be given in the Swedish Methodist church tonight at 7:30 o'clock under the leadership of Miss Anna Jackson. The pageant combines music, color and action and the spoken word. About thirty people will participate in it.

"Uncle Bob" Campbell to Accompany Wolverine Band on Tour of U. P.

When the University of Michigan band comes to Escanaba on April 16, Mayor Robert A. Campbell of Ann Arbor will accompany the college students in the capacity of faculty advisor. Mr. Campbell, who is treasurer of the university, has been faculty manager and advisor of the band for the last decade and accompanies the band wherever they go. He is like a father to the boys and they respect him as such, affectionately calling him "Uncle Bob." Taking care of their affairs with as much care and detail as he does in attending to his official duties as mayor of a college town, is only one phase of the cheerful duties arising from his connection with the band. Mr. Campbell has been one of the most consistently devoted workers for the efficient organization that the university now enjoys for the training of bands, both varsity and reserve.

Mayor Campbell, besides being faculty manager and advisor for the band, is a member of "Mimes," the University of Michigan's honorary dramatic organization, Associated Fraternity, Phi Mu Alpha, national musical fraternity, Delta Sigma Pi, and other Greek letter organizations connected with the realms of music.

At Ann Arbor "Uncle Bob" is the same to music as Fielding H. Yost is to football and athletics. He accompanies all musical organizations when they go on their trips and aids them in other ways from his university office on the campus.

The University of Michigan band will begin its annual spring tour on April 16 and will give a typical

ORIOLE CHORUS NOT MEDIOCRE

Presents Classical and Secular Music of High Quality.

The Oriole chorus, which will appear in a concert in the Ev. Lutheran Bethany church of this city Friday, April 22, is not a mediocre college glee club. This chorus is not satisfied merely with the rendition of a few poppy, catchy college songs. It has striven to accomplish vastly more than that. Although its repertoire is made up of a number of secular songs, carefully selected so as not to lower the high standard of their programs, they have given themselves to the study and rendition of music of the recognized masters within the realm of music.

The program which will be rendered will be well-balanced, made up of both secular and religious songs.

The chorus will be ably assisted by its soloists, Erval Lawson, violinist, and Miss Elizabeth Barbour, pianist. Both have been selected for this tour because of their outstanding ability as performers on their respective instruments.

Several members of the chorus have been connected with the

chorus during the last two and three years. Rules for admittance to the chorus are very rigid, hence only the very best material available is chosen.

Augustana college has sent into this territory some splendid musical talent in the past. The concert given by its Concert band in this city last year is favorably commented on yet by many who had the pleasure of hearing them. Another organization that has visited here from that institution is the Wennerberg male chorus. This organization will tour westward as far as Denver during the coming Easter vacation.

Tickets for the Oriole concert are now being sold, and it is reported that the sale is very promising.

CHRYSLER "60" Built to Give Superior Performance Results

60 miles plus—with exceptional ease
7-bearing crankshaft
4-wheel hydraulic brakes

Chrysler "60" prices—
Touring Car, \$1075; Club
Coupe, \$1125; Coach,
\$1145; Roadster, (with
runable seat), \$1175;
Coupe, (with runable
seat), \$1245; Sedan, \$1245
R. O. E. Drive, subject to
current Federal motor law.

Chrysler dealers are in position
to extend the convenience of their
purchase plan. All Chrysler
cars are protected against theft
under the Buick system.

Walter P. Chrysler and his engineers, in designing and developing the six cylinder Chrysler "60", strove for a quality of road-ease and road-readiness and supreme comfort which would at once set it apart as a car among cars, unprecedented at its price and its class.

The extent to which the Chrysler "60" is dominating its own field, is thus a dream gloriously realized and an ambition splendidly fulfilled.

Mechanically, the "60" has many of the very same features to be

found in the higher-priced Chrysler "70" and Chrysler Imperial "80" which include seven-bearing crankshaft, invar-strut pistons, impulse neutralizer, manifold heat control, air cleaner, oil filter, full pressure lubrication, hydraulic four-wheel brakes and shock absorbers.

Come, see the Chrysler "60"—and note the essential fineness of its Standardized Quality manufacture.

You'll recognize it, especially after driving it, as a value utterly unapproached by any other six of medium price.

SEDAN
\$1245
L. A. D. Drive

Geo. D. MacKillican

611 LUDINGTON STREET. ESCANABA, MICH.

CHRYSLER MODEL NUMBERS MEAN MILES PER HOUR

How far will your car go before the miles begin to tell?

If you buy a new car every 10,000 miles or so, almost any car will give you satisfactory results.

But if you want the same fine service on through the second, third and the many following tens of thousands of miles, buy a Buick!

The unremitting care in Buick design—the constant tests at the Proving Ground—the unceasing quest for better performance—these safeguards are responsible for Buick's superior efficiency.

Accurate tests at the great Proving Ground of General Motors, where all cars are driven and examined, show Buick's sturdy structure and powerful Valve-in-Head Engine still gaining in efficiency at the point in miles where other cars are distinctly on the down grade.

Savings resulting from enormous volume make possible both this extensive research and Buick's superior construction.

Buick cars are built for greater satisfaction to their owners.

Buy a Buick for years of exceptional service.

The Piffle Hook

CHICAGO has been all-a-buzz for weeks about a mythical young woman who was supposed to have consumed a plate of chop suey in a downtown restaurant...

Now it is impossible to say what the future will bring, and it may be that some day we shall indeed find ourselves at sword's points with Mexico.

But before that day comes we ought to have a great deal more light on these hidden influences.

DAUGHTERS OF MIDAS

CHAPTER XIX Billy and her mother seated themselves on a divan at some distance from Nyda Lomax and Winnie Shelton...

"Oh, Mrs. Wells," Winnie broke in eagerly, "you can't imagine how lovely those society wretches were to us..."

"Good morning, girls. Er—good morning, Mrs. Wells. I presume it's Mrs. Wells?"

Nyda rose, posing a little self-consciously, with one long, slim hand on her hip...

"Quite all right, under the circumstances," T. Q. limited slightly. "And your father, I believe it is, Miss Winnie?"

"Yes, I must have no mother," Winnie's small, musical voice struck a plaintive note...

"I had hoped the messages would arrive early, but you can talk my proposition over with your father and your mother this evening..."

"The department store owner took his own seat behind his big desk, and the lawyer, Warburton, drew a straight, high-backed chair up to the desk for himself..."

"You may recall," T. Q. Curtis began, "that, in announcing the twin winners of the second contest, I told you that I felt the need of young life about me..."

When he straightened, he held a violin in his hands. The beautiful, gracious thing that he held clumsily drew the girl out of her chair...

"Professor Navratil made a trip to Kansas City especially to buy it for me," T. Q. explained, his own voice shaking a little with excitement...

"Now, girls, I do not want you to decide without taking time for thought. Mr. Warburton here has prepared an agreement..."

"While the lawyer read the heavenly phrased legal document, Billy sat huddled in her chair, vaguely she heard clauses that sounded queer—something about promising not to be married during the year..."

"I don't intend to keep you in suspense long," T. Q. grinned at them. "As briefly as possible, this does make you three girls my wards for a period of one year..."

"Miss Shelton—" T. Q. resumed after a slight pause. "Oh, please call me Winnie, if I'm going to be your daughter..."

"Clay dampens Billy's joy with his dark forebodings as to her future as T. Q.'s ward. Read tomorrow's chapter."

WE AMERICANS

Marks of the typical American exterior are a heavy tread in men and a quick provocative step in women, confides a magazine writer...

"How come you want to print a bunch of war songs?" asks an anonymous post card which fluttered from our mail Saturday...

Think of the publicity being heaped from the mails would bring us.

And the thousands of new readers we'd acquire.

We may try it.

CITY BRIEFS

Mrs. L. C. Valentine has returned from New Mexico. She was accompanied by her granddaughter who will visit here for some time.

Peter Houle of Harris was a business visitor in the city the past week.

Mrs. Louise Quill of Cleveland is visiting at the home of Mr. and Mrs. Frank Rodgers.

Mr. and Mrs. A. J. Powers, Mrs. M. E. Powers and son Llewellyn and Leo Fillion have returned from Foster City where they attended the funeral of Kenneth Olson.

Mr. and Mrs. J. E. Ranger and daughter Leone have returned to Stephenson after a visit with relatives here.

Mr. and Mrs. Andrew Dahlberg have gone to Ann Arbor to visit at the home of their son, Algot Dahlberg and to meet their four-month-old grandchild for the first time.

Mrs. Margaret Shandonay of the Holy Family convent at Manitowoc, Wis., will arrive in this city Monday morning to spend her Easter vacation at the home of her parents, Mr. and Mrs. Thomas Shandonay, 1523 Sheridan road.

Mrs. Lena Corey of Powers returned to her home after a visit in this city.

John Donovan, Ollie Pfeister, Jake Bink, Carl Sawyer and Earl Taylor have returned from a trip to Peoria, Chicago and Menominee. Win Schuldes stopped at Green Bay to visit relatives over Sunday.

Mrs. T. P. Larson of Marinette is visiting friends in the city over the week-end.

Mr. and Mrs. Simon Lemay of Port Washington, Wis., have returned to their home after spending a week with friends in this city.

Frederick Olson of Green Bay was left for his home after a visit with friends in this city.

Mr. and Mrs. S. B. Johnson of Aurora, Ill., are visiting friends in the city over the week-end, enroute to the Copper Country where they will visit for a week.

Miss Thelma Smith of Racine has returned to her home after a few days' visit with friends in the city.

Miss Gertrude Jaeger of Chicago is spending a few days in the city, having been called by the death of her aunt, Mrs. F. A. Weisert.

Miss Tillie Anderson left Saturday for a month's visit at the home of friends at Kenosha.

Mr. and Mrs. Frank Hartwig motored to Menominee yesterday and were accompanied on their return by Mr. and Mrs. Edward Teichler, who will be the guests of Mr. and Mrs. Hartwig over the week-end.

Joseph Rice, student at Marquette university in Milwaukee, is enjoying his spring vacation at the home of his parents, Mr. and Mrs. M. J. Rice, Ogden avenue.

Masonic Meeting—The second degree will be conferred at a meeting of Delta Lodge, No. 195, P. and A. M., Monday evening.

Average Salary of Michigan Teachers Is \$1,717 a Year

Lansing, April 9—(Special)—There were 29,390 teachers in the public schools of Michigan in 1925, the last year for which these statistics are available, according to the "Public School Handbook," the educational manual recently published by the Michigan Education association. Less than 2,000 of this entire number are not now members of the association.

The average salary of high school teachers in that year was \$1,717. The minimum average for teachers in one-room rural schools was \$847. Averages for other teachers were: intermediate, \$1,568; elementary, \$1,332; rural and unincorporated villages, \$1,037; consolidated schools, \$1,090. The average time spent by persons in teaching in the different school groups was: High school, 4.7 years; elementary, 5.4; intermediate, 5.6; one-room rural schools, 3 years. Proportion of men to women teaching in the high schools was from 40 to 50 per cent. No figures are obtained for the elementary and intermediate schools because most of the teachers are women.

RESORT BOOM IS STILL ON

Lower State Interests Are Buying Tracts of U. P. Land.

Sault Ste. Marie, April 9—The resort boom that began in Mackinac and Schoolcraft counties in 1926 is beginning to be felt again this year and St. Ignace and Manistique are anticipating the greatest land boom in history.

Purchase of 1,200 acres of land in Hiawatha township, Schoolcraft county by H. A. Gleason and other Detroit men has been announced. The property includes Casemore and Doyle lakes. A club with cottages and a golf course will be erected this summer. Purchase of other land on the lake shore by lower Michigan men has been announced.

Barker and Graham, owners of Evergreen Shoals resort, adjoining the St. Ignace city limits on the north, are daily receiving

letters from prospective purchasers asking details of their resort. The property lies between Rabbit's back and Hoban's creek at the north end of the pavement. There are no reports of extensive exchanges in Chippewa county this spring, although it is understood that river and lake front property to be sold at the delinquent sale at the county treasurer's office next month will be in demand by several who will hold the land for speculative purposes. The boom that has crept along Lake Michigan and Huron shores, it is believed, will advance along St. Mary's river the coming summer. Sugar Island is also expecting a land boom with the completion of the ferry communication with the mainland this year.

tersectional meet here today. One of the outstanding upsets of the day was the defeat in exhibition races of Roland Locke, world's record holder in the 220-yard dash by Phil Barber, graduate California student. Barber showed his heels to Locke, a graduate of Nebraska, in both the century and furlong events.

SOUTH AFRICA BUYS
South Africa is one of America's best customers. Last year's count of automobiles there showed that three-fourths of its cars had been imported from the United States and Canada.

HUPMOBILE'S ADVANCE SHATTERING SALES RECORDS

The month of March just closed registers important new sales records in the Hupmobile business.

These impressive facts are presented for the guidance of intending buyers of motor cars. They clearly show that the Hupmobile Eight is extending its inroads into the field of higher-priced sixes, and in-

creasing its leadership among the eights; while the Hupmobile Six, the closest-priced Six in America, is rising still higher in public favor.

See these cars. Drive them. Ride in them. Nineteen beautiful body styles.

During the month Hupmobile had:—

1	The largest single day's shipment of Eights to a single distributor	79 cars
2	Largest number of cars shipped in any one month to a single distributor	723 cars
3	The largest single week's shipment from the factory	1371 cars
4	March shipments from the factory larger than March, 1926	4957 cars
	February, 1927 shipments greater than February, 1926	4106 cars

Hupmobile Eight—Fourteen Distinguished Body Types—priced from \$1945 to \$5795 f. o. b. Detroit, plus revenue tax. Custom Bodies designed and built by Dietrich.

Hupmobile Six—Sedan, five-passenger, four-door, \$1385. Brougham, five-passenger, two-door, \$1385. Coupe, two-passenger, with rumble seat, \$1385. Roadster, with rumble seat, \$1385. Touring, five-passenger, \$1325. All prices f. o. b. Detroit, plus revenue tax.

WILLEYS KNIGHT

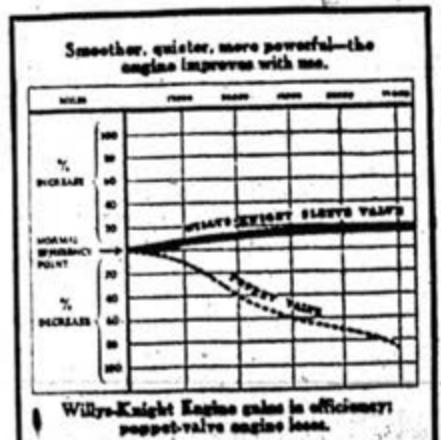

After 43,000 miles
"SMOOTH AS EVER"

"After driving my Willys-Knight 43,000 miles, the motor ran as smoothly as when I bought it." From one of many enthusiastic owners.

The Willys-Knight engine is the only type of engine that improves with use—constantly gaining in smoothness, power, economy.

In addition, the Willys-Knight offers these important advantages:

Bellflex shackles for chassis silence. Positive, mechanical 4-wheel brakes. Skinner oil rectifier prevents crankcase dilution. 7-bearing crankshaft. Narrow front posts for greater vision. Light control on steering wheel. Adjustable front seat. 8 Timken bearings in front axle. New-type air cleaner. Thermostatic temperature control of cooling system.

"70" Willys-Knight Six priced from \$1290 to \$1495. Willys-Knight Great Six. For those who want the finest, \$1180 to \$2200. Prices f. o. b. factory and specifications subject to change without notice. Packages may be arranged on approved terms. Willys Overland, Inc., Toledo, Ohio.

Abner Bangs Author of New Questionnaire Book; Gives a Few Specimens

Misery Bay, April 9 (To the Editor)—The school teacher that boards at my place got through the postal mail the other day the printed copy of a book which is made up exclusively in its whole entirety of questions. I think the name of it is: "Now You Ask One," or worth to that effect. Testotally at random without selective picking, I quoterfully repeat some of the interrogative queries:

No. 9—Did Cleopatra eat catfish?

No. 71—What famous motion picture star was an uncle of Daniel Boone and a cousin of Virginia Dare?

No. 126—Of what 'well-known' neuralgist is the Outline of History the autobiography of?

No. 315—Who invented the collar button? The scissor? The kidney bean? Ice water?

No. 411—What famous American general crossed a river standing up in the boat?

No. 667—What is Calvin Coolidge's given name?

Too "Elementary."

The teacher says the questionnaire quizzical craze is sweeping the country like mad-fire, and unless I get busy without delay shortly, all of the questions that the human brain can conceive of will be already answered. She little reckes of the deep abscesses which have burned their way into my brain for the receptive holding of informational knowledge. Her book is too elementary, I am writing a question-answer book of my own. Knowing your interest in young authors and their struggles, I am sure you will give me space for a few of the ones I

have already made up. I have them grouped together in what I have been pleased to term classification groups.

The first is about Art:

ART QUESTIONS.

1—Which is the tallest, Mutt or Jeff?

2—What would Venus von Milo do with her hands if she had any?

3—What political party is most generally designated by artists as a donkey? As an elephant?

4—What is the name of the picture of the guy that would walk a mile for a camel?

5—What is the name of a retired army officer that his daily life appears in the Press?

HISTORY QUESTIONS.

1—Why is Andrew Volstead? (Answer yes or no).

2—For what war-time speech is Albert E. Sleeper most usually remembered in Escanaba?

3—What distinguished writer and columnist is a candidate for governor of the State of Superior?

4—Give the names of three veterans of the World War.

5—What well-known city manager has got a summer home on beautiful Misery Bay built by Agt Haller?

LITERATURE QUESTIONS.

1—What well-known Michigan publisher is an expert maple syrup manufacturer?

2—Name at least one famous writer that lives in Misery Bay, Michigan.

3—Which do you prefer, True Story Magazine or the Cal-

gary Eye-Opener?

4—In what publication does the literary work of Walloon and Areteebse appear?

5—Who wrote the Autobiography of Ben Franklin?

SPORTING QUESTIONS.

1—What is the negotiable cash value of three deuces?

2—What Michigan state senator is the owner of a horse named East Wind?

3—Who is going to manage the Escanaba ball team this year?

4—What spring-time game played by boys is pretty hard on the knees of their stockings?

5—Who defeated Jack Dempsey the last time? And How?

Of Great Value.

These questions, of which there are thousands more in the formative making, are intended to be instructively teaching as well as pleasant to the imagination.

Sincerely & Truly,

ABNER BANGS, esq.

P. S.: The school teacher that boards at my place was able to answer only three of the above foregoing correctly right but she is withall, a pretty fair school teacher.

—A. B.

The British Royal mint produced 56 million fewer coins in 1925 than in 1924. The output in 1925 was 188,775,657.

AMUSEMENTS

At the Delft: Dorothy Mackall in a comedy drama, "Just Another Blonde."

At the Strand: Lefty Flynn, the former Yale halfback, in a football picture, "The College Boob."

Paul Wegener, the noted European stage and screen actor, has made his first appearance in a picture to be produced by an American company in Rex Ingram's "The Magician," which was photographed on the Continent for Metro-Goldwyn. This feature will have its first showing at the Delft Monday.

Wegener will be remembered in this country for his remarkable performance in "The Golem," a German made film released several years ago, which was highly praised by the press and public and established Wegener as a great international artist.

Wegener is a man of powerful physique and strength. His type of face is strikingly Mongolian and he himself is convinced that he was a Chinaman in a former existence. He has the greatest admiration for the old civilization of China and has one of the most marvelous and complete collections of Buddahs in the world.

In "The Magician" Wegener enacts the title part. Before Rex

Ingram secured the rights of this Somerset Maugham story, he made sure he could get Wegener for this role, for he had been a great admirer of the famous German actor ever since seeing him in "The Golem."

Alice Terry has the leading feminine role in "The Magician" and among other notable members of the cast are Firmin Gémier, Ivan Petrovich, Gladys Hammer and others. The entire production was made in Europe.

AT THE STRAND.

The success of the Dorothy Gish-Herbert Wilcox producing team in British National Limited's, "Nell Gwyn," prompted a second picture, "London," which Paramount is releasing and which arrives at the Strand Monday. In this last film, they have added a third helper in the form of Thomas Burke. Burke, you know, won world fame with his "Limehouse Nights."

"London" begins in Mr. Burke's familiar haunt, Limehouse, and then returns to Limehouse. Miss Gish plays Mavis Hogan, the little girl of the slums, who, thinking to find happiness in Mayfair, journeys there only to become disillusioned, and returned to her own environment where she discovers true love.

Director Wilcox has treated the story in fresh style, injecting scenes of the city wherever they

are needed. As a result, in addition, to serving as excellent entertainment, "London" actually becomes a pleasant dramatized travelogue. Paul Whitman, America's King of Jazz, makes a brief appearance in the Kit-Cat night club sequence.

CLUB POSTS MANY SIGNS

More than 6500 temporary detour signs were erected in four days by the Automobile Club of Southern California during the recent heavy rains in the club's district. This is an average of more than 1500 signs daily.

NOTABLES TO JUDGE ESSAYS

Prominent Men Lend Aid in Selecting Best Contributions in Big National Contest

Upper Left: Dr. Royal S. Copeland, U. S. Senator from New York; Upper Right: Dr. W. W. Skinner, Asst. Chief Bureau of Chemistry, U. S. Dept. of Agriculture, Washington, D. C.; Lower: A. H. Kirchhofer, President, National Press Club, Washington, D. C.

These distinguished men will select the winners in the \$2,000 Cash Prize Essay contest sponsored by the American Bottlers of Carbonated Beverages on "Why Bottled Carbonated Beverages Are Good and Good for You."

Dr. Royal S. Copeland is a noted authority on health and dietetics; Dr. W. W. Skinner is in charge of the enforcement of U. S. Pure Food Laws; A. H. Kirchhofer heads one of the best known organizations of newspaper men in the world.

When Touring does your Insurance Protect You?

DRIVING around home is one thing—but crossing a state line is another.

Who has not experienced this: when touring, you cross a state line, leaving your own state behind and enter a state where you are unknown, where you have no friends, and where the laws are unfamiliar. Back home you may know the chief of police, two judges and the mayor, but here you are a stranger in a strange land—and it behooves you to "watch your step".

The summer touring season is approaching—and everybody is planning a long trip. The good roads are calling you "over the hill and far away", and you will find the traffic conditions just a little worse than last season, with consequently greater danger of serious accident to yourself, your fellow tourists and pedestrians.

April is automobile insurance month. Get yourself protected now, with a good strong stock company policy that will cover you as well in New York as Michigan; Kansas as Indiana; Oregon as Illinois. One of the men listed below can furnish you with a policy backed by a stock company with nation wide representation. This means that should your car cause a casualty while driving far from home, a representative of the company would be right there on the spot to look after your side of the case—get you out of trouble and let you be on your way with a free mind.

Make your tour—but first insure!

WHEN YOU BUILD OR REMODEL USE Bestwall

The Permanent Wall Board

In your summer home its decorative possibilities and permanence as well as its protection from heat or cold will prove the excellence of this gypsum product that will not warp or swell. Line your garage with it—learn how its rock-like body keeps out the frost and gives you a permanent wall—one that is easily applied in winter or summer, without fear or failure, without muss and litter, without delay waiting for it to dry. Extra strength and exclusive, creamy, sized surface noted for its decorative and redecorative possibilities and imperviousness to moisture; fire-proof, exceptionally heat and cold retarding, economical—such are the qualities of genuine Bestwall. Prove them for yourself—test and compare.

BRIEFLY TOLD

P. T. A. Council—The meeting of the P. T. A. Council which was scheduled for Monday afternoon has been postponed to Thursday afternoon at 2:30 o'clock and will be held at the Carnegie library.

M. B. A. Meeting—The Modern Brotherhood of America will hold its regular meeting at the North Star hall Monday evening at the usual hour. A large attendance is anticipated.

Westminster Meeting—The Westminster Circle will meet in the parlor of the First Presbyterian church Monday night at 7 o'clock.

Templars Easter Ceremonies—Escanaba Commandery, No. 19, Knights Templar, will attend the first Baptist church Easter Sunday in full regalia. It has been announced. The custom of attending church in a body on Easter is an established one with the order.

Eastern Star—There will be a special meeting of R. C. Hathaway Chapter, No. 49, Order of Eastern Star, in the Masonic temple Tuesday evening, April 12, at 7:30 o'clock with initiation and refreshments.

Noble Grand Club—The Past Noble Grand club of the Rebekah lodge will meet Tuesday evening in the dining room of the I. O. O. F. hall. Mrs. Charles Anderson will be the hostess.

Auditors' Meeting—The meeting of the Delta county auditor's committee will begin tomorrow afternoon at 3:30 o'clock in the courthouse.

Supervisors' Meeting—George E. Harvey, county clerk, has been notified to call a meeting of the Delta county supervisors' committee to begin Wednesday morning at 10 o'clock at the courthouse. A chairman will be elected and a number of committees chosen at this time.

At the Coliseum—The third series of races will be held at the Coliseum this evening. The program includes a half-mile for girls, with Little Irene and Beatrice Limerand competing for honors, a half-mile race in which two eight-year-old girls will appear, and a mile race for men. Entrants in the men's race include Stephen Lyons, Bob McCauley, Francis Papline and Roy Beauchamp. The winners of tonight's races and those eliminated in previous events will compete next Sunday night for championship honors in the race that will close the season. Peter Dube will judge all events. The championship cups are on display at the Blomstrom and Petersen jewelry store.

Dock Agents Attend Cleveland Meeting

H. J. Robertson and George Stok, ore dock agents, respectively, for the Chicago & Northwestern and the Chicago, Milwaukee & St. Paul, have gone to Cleveland to attend the annual spring conferences between dock managers, steel and shipping interests. Definite dates for the opening of the ore season here will probably be announced shortly after their return.

Escanaba Man, 85, Wins Jingle Prize

B. W. Bailey, 85, 923 First avenue south, recently won a jingle contest sponsored by radio station WENR, Chicago, receiving an eliminator valued at \$50 as the prize. Mr. Bailey, who is an enthusiastic radio fan, was awarded the prize over hundreds of other jingles sent into the station.

store. A "kitty" party will be held tonight, as usual.

D. of I. Meeting—The Daughters of Isabella will hold a meeting at the K. C. club rooms Monday evening at 8 o'clock. All members are requested to be present.

PROCLAMATION

WHEREAS, Escanaba is a "city of churches" and proud of the influence these institutions wield in civic affairs; and WHEREAS, Good Friday, April 15, commemorates the death of the Great Founder of Christianity; and

WHEREAS, The moments of Divine Agony on the Cross have a particular significance for all Christians;

THEREFORE, I, George G. Genesee, mayor of the City of Escanaba, respectfully request and urge that all business in the city be suspended, so far as may be possible, between the hours of noon and 3 p. m., on Good Friday.

Given under my hand and seal this seventh day of April, Nineteen-twenty-seven. GEORGE G. GENESSEE, Mayor.

"The Risen Christ" Subject of Lecture

"The Risen Christ" is the subject of an unusually interesting and dramatic stereopticon lecture on the crucifixion and resurrection of the Master, at the First Presbyterian church. Over 50 beautifully colored slides vividly portray the details of the crucifixion, filling up the gaps in the Biblical account. The lecture that accompanies the slides is well written, taking the audience from tragedy to glory as one after another of the slides appear.

Last Sunday night, the first part of the lecture was given, presenting the trial of Jesus and the beginning of his march toward Calvary. The lecture tonight continues the theme, but will be perfectly intelligible if the preceding lecture has been heard. It is an unusually realistic portrayal.

SOCIAL

Pastor's Wife Surprised. Mrs. J. H. Hanson, wife of the pastor of the Swedish Mission church, was pleasantly surprised Friday afternoon at their home by a large company of women members of the congregation and friends. The occasion was Mrs. Hanson's birthday. She was presented with a beautiful bouquet of roses and a substantial purse of money. The afternoon was spent in music and conversation and an appetizing lunch was served.

Like the running cold water in some hotels, there's radio on tap in each of the 300 rooms of the George Washington hotel at Jackson Park, Fla. All the guest need do is plug in his loud speaker cord to one of two wall outlets, one for the local station and the other for distant programs.

NASH

Leads the World in Motor Car Value

Special Six Special Sedan \$1485 f. o. b. factory

A More Distinctive Style in Motor Cars—Achieved by Nash

For those who hope to find their cars at the very peak of style and luxury, Nash has created this charming Special Sedan on the Special Six Chassis.

Its graceful profile suggests the custom-car design of Parisian boulevards. Here is the low-slung French-profile effect so desirable today.

Every interior detail is luxurious. The upholstery is tailored in exquisite Mohair Velvet. Window mouldings, door panels and instrument board are in walnut finish. And there is a walnut steering wheel.

And the way this car performs is every bit as enjoyable as its sparkling style.

It has the Nash 7-bearing motor—do all Nash models—for superlative smoothness at every speed.

It has the Nash tubular-trussed frame, for extra strength and steadiness, to guard the body from destructive strains.

And it has power! Nash models, all of them, have extra power for exhilarating acceleration, on the hills, and in the traffic.

Compare this car to others sold at the same price—\$1485 f. o. b. factory—and you cannot fail to decide you would rather have the Nash.

BOTTLERS WILL PAY \$2,000 FOR ESSAYS

Local Manufacturer Offers Help to Writers on Bottled Carbonated Beverage Theme.

Do you know Why Bottled Carbonated Beverages are Good and Good for You?

If you do and can write your story convincingly, it may be worth \$1,000 to you, because that is the first prize in a big \$2,000 cash prize contest for essays on that subject which is being conducted by the American Bottlers of Carbonated Beverages.

Thirty cash prizes are offered in this contest, according to the announcement made today by Mr. A. T. Hoffman of the H. & A. Bottling Co., a member of the national trade association which is conducting it. They include: First Prize, \$1,000; Second Prize, \$500; Third Prize, \$125; Fourth Prize, \$75; Fifth Prize, \$50; Sixth Prize \$40; Seventh Prize, \$35; Eighth Prize, \$30; Ninth Prize, \$25; Tenth Prize, \$20, and twenty prizes of \$5 each.

"I want to see that first prize of \$1,000 go to a resident of this section" Mr. Hoffman told a reporter for the Press when he announced the contest, "and I invite every person who wishes to enter this contest to visit our bottling plant and get first hand information as to 'Why Bottled Carbonated Beverages are Good, and Good for You.' We'll show them how the goodness is put in the bottles—every step of the manufacturing process from mixing the ingredients to the marketing of them in clean, sterilized containers.

"Here is an unusual opportunity to profit handsomely from a little study and a few minutes given to writing an essay of 500 words or less on a most interesting topic. Bottled carbonated beverages have been demonstrated to be nourishing as well as palatable by leading authorities on health and dietetics. The modern bottled carbonated beverage is a pure, wholesome food as well as a delicious drink. It is served in hospitals because of the ease with which it is digested.

"The H. & A. Bottling Co. extends a cordial invitation to all who wish to take advantage of it, to visit our plant during working hours to learn for themselves just how bottled carbonated beverages are produced, and to receive information as to their ingredients and qualities which should prove valuable in composing essays on this subject."

The essay contest closes June 15 and all entries must be mailed before that date to the "Good for You" Editor, American Bottlers of Carbonated Beverages, 847 Bond Building, Washington, D. C.

Safe

Insurance is the best bet in the long run. The car owner who has full coverage on his car eliminates the greatest worry of car ownership—always possible expensive accident. We sell every form of automobile insurance. Claims are paid promptly. The cost is exceptionally low.

Wednesday night fifty new members.

FIRST BAPTIST.
Sunday School—9:15.
Morning Worship—11:00.
Young People's Meeting—6:30.
Evening Service—7:30.
During the week beginning April 10 spe-
cial services will be held every evening at
7:30 with the exception of Friday and

were voted into the church by the Session.
There are about twenty more who are to
be added before the season this morning at
10:30 in the church parlor. Any wishing
to unite with the church may present them-
selves at that time. The Palm Service will
be held in the church parlor. There will
be infant baptisms, adult baptisms, the
reception of about seventy people into the
church on confession of faith and by let-
ter, the ordination of two new elders, and
the celebration of the Lord's Supper. The
service has been planned so that it will
take no longer than the customary time.
Last Sunday the Bible School reached a
record when there were two hundred and
forty-six in attendance. The Primary and
Beginner department will furnish special
exercises for the opening period this morn-
ing.
The evening service will give the last
stereoscopic lecture on the life of Christ.

Offertory—'Nocturne'—Borowski.
Evening
Epworth League—6:30.
Evening Service—7:30. A lantern lec-
ture will be given at this service on 'Porto
Rico.' The public is cordially invited to
this service. The slides are the best, and
the lecture is most interesting. The lec-
ture is not exclusively Methodist, it shows
what other denominations are doing in
Porto Rico.
The Official Board will meet at the
church on Monday evening at 7:30. Every
member is asked to make an effort to be
present.
Thursday evening the Sacrament of the
Lord's Supper will be administered at 7:30.
Friday—Union Service at 7:30 p. m.
This is an annual affair and takes in the
English speaking churches and the Salva-
tion Army. Rev. H. C. McDonald of the
First Baptist church will preach the ser-
mon.

TURNER BILL GIVEN
Official Approval
of School Chiefs

Lansing, April 9.—(Special)—En-
dorsement of the Turner bill, which
sets aside \$2,000,000 annually of
the state corporation tax to be used
by the school districts of the state
which has unusual school tax bur-
dens, has been officially made by
the representative assembly of the
Michigan Educational association,
and the department of superintend-
ents and school board members.
The Turner bill uses the now
well-known "Escanaba Plan" or
formula for distributing the money.
It takes the funds, however, from
the corporation tax instead of from
the primary school funds.
Many other proposals, now be-
fore the state legislature affecting
education, were endorsed by the
school men.

3 Local Churches
Unite in Worship
Three local churches will unite
in the observance of Passion
Week, with services every even-
ing as follows:
Monday—Swedish Mission.
Tuesday—Swedish Baptist.
Wednesday—Swedish Meth-
odist.
Thursday—Swedish Mission.
Friday afternoon at 1:30
o'clock—Swedish Baptist.
Songs and music will be fur-
nished by Rev. and Mrs. Hanson
at several of the services. The
three pastors will preside over
the worship.
The first telephone exchange in
London was opened 47 years ago.
There are now more than 500,000
subscribers in the 700 square miles
of the London district.

ST. STEPHEN'S EPISCOPAL.
Rev. John Crippen Evans, Rector.
Sunday Next Before Easter Palm Sunday)
Church School—9:30 a. m.
Kindergarten department—10:45 a. m.
Morning Prayer and Sermon—10:45.
The service will be in charge of Donald
Cook and Marvin Folke and the latter will
read 'A Palm Sunday Meditation' written
by the rector. Rev. Mr. Evans is assisting
the Rev. Lewis J. Bailey in special services
at Menominee.
Holy Week devotions will be as follows:
Monday at 4:15 p. m., Tuesday at 4:15
p. m., Wednesday evening at 7:30 p. m.,
Maundy Thursday (The Day of the man-
date 'Do This in Remembrance of Me')
Holy Communion at 7:30 p. m. in com-
memoration of the institution of the Sacrament.
Good Friday, Service of the Three Hours
from 12 m. to 3 p. m. The rector will be
assisted in the meditations on the Seven
Words of the Cross by the Rev. John B.
Hubbard who will speak on 'The Sixth
Word.'
Holy Saturday, The day of Baptisms—
'Buried with Christ.' Children or adults
so desiring will receive the Sacrament of
Baptism at 2 p. m. Saturday night, at
8 a service of preparation for the Easter
Communion. The Holy Communion is the
Feast of the Resurrection, in which Chris-
tians receive the Risen Body of Christ.

\$1.00.

NO DOUBT ABOUT IT
There is true satisfaction in a
car that you can buy with confi-
dence... and own with pride.
And proved on the Proving
Ground... proved in the
trials of months and miles...
proved by the unerring evi-
dence of ever increasing popu-
larity and owner praise—Olds-
mobile assures you brilliant
performance, thrift and long
life, comfort and beauty...
lasting satisfaction. But get
behind the wheel; your own
experience is the final proof.
See it yourself—drive it your-
self—know it yourself... and
then you will say—
"Here is a truly great car...
no doubt about it!"

A Vital Precaution
—Your Home MUST
BE Well Insulated.

One of the most important facts that our years
of experience in the building supply business has
developed, is that dwellings erected in this area
MUST BE THOROUGHLY INSULATED. And
in spite of the importance of home insulation it is
one of the things that is most commonly
sighted!
Economize, if you will, on some other phase of
construction, but do not overlook INSULATION.
A well insulated home means warmth in winter
and coolness during torrid months. It saves fuel
and preserves health. If you plan to build—con-
sult us—we'll gladly tell you what is best for
your particular building—and you'll save money
in the bargain.

PRESS PAGE OF NEIGHBORHOOD NEWS

RAPID RIVER

(Mrs. Elizabeth Barboe, corr.) Richard Caswell has been on the sick list this week but has resumed duties at the store again. Among the voters from Masonville who were in town Monday: Mrs. DeRoy, Mrs. Corvau, Mrs. Durancan, Mrs. Neveau and Mrs. Laffance.

Bark River-Harris

(Helen Flynn, Correspondent) Mr. and Mrs. Alvin Bizier of Iron Mountain spent the week-end with relatives and friends at Harris.

NAHMA NEWS.

Charles Anderson left here on Tuesday morning for Manistique after spending several days at the home of his sister, Mrs. Frank Blowers. He expects soon to make a business trip to the Soo.

ISABELLA NEWS.

Local fishermen are preparing for their spring work. Those living by the beach, state that on one or two recent evenings, the ice cracked in such manner as to closely resemble thunder. It is expected that the ice will be all out by the time readers see this note.

ENGADINE

Our eighth grade teacher, Ed Cantin, left Saturday for Mt. Pleasant where he will continue his studies this spring and summer. He will then be entitled to a Life Certificate. His sister, Mrs. Norma Brawley is here finishing out the year for him.

ROCK

(Lillian Larson, Correspondent) One of the finest home talent plays, presented in this vicinity in a number of years, was witnessed by two capacity crowds at the high school auditorium Thursday afternoon and evening when the senior class play, "The Hospitality of Mr. Humphrey," was presented by a very capable cast of characters, under the direction of their class advisor, Miss Veronica Larson.

GARDEN BAY

Worship Wilson, well known throughout the Garden Peninsula, died at his home in Munising on Sunday, March 27, after an attack of apoplexy. He was born at St. Martin's Island on June 14, 1875.

There are several small notices and advertisements at the bottom of the page, including 'DEER LACK FOOD', 'MAKE SYNTHETIC GAS', 'BASEBALL LESSONS', and 'ESTHONIA ON THE AIR'.

SPONGE SQUADS NET BIG HAULS

Sheriff's Net Gathers in Several Gladstone Distillers.

John Marcello, Dave Jackovitz and Tony Blecie, were arrested in three raids yesterday afternoon when members of the sheriff's and Gladstone police departments swooped down on Shelton road in Gladstone.

One of the biggest hauls in recent months was netted when the combined dry squads entered the Marcello place, getting 275 gallons of moonshine whiskey, 350 gallons of mash, 50 gallons of wine and two stills of 75 and 50-gallon capacities.

The 75-gallon distilling apparatus was operating full blast at the time of the raid.

This is the third time that Marcello has been the victim of raids in this county during the past few years. He was arraigned before Justice Phil Hupp at Gladstone and bound over to circuit court under bonds of \$1000.

In the Jackovitz place, the officers found 10 gallons of alleged moonshine whiskey and one complete distilling apparatus not in operation. Jackovitz was arraigned in Justice Hupp's court and bound over to circuit court under bonds of \$500.

A quantity of moonshine was found at the home of Matthew Furlick, 1619 North Sixteenth street, last night by members of the city police department in a raid. Furlick was arrested on a charge of sale and possession.

NO GREATER LOVE.
Tallahassee, Fla.—James G. Brown of Marianna, Fla., was a life-long friend of D. L. Burns. Burns was sent to the penitentiary and now Brown has requested Gov. John Martin to allow him to do the prison stripes and serve the remainder of his friend's sentence. The matter has been referred to the pardon board.

Talks on Health

By Dr. Morris Fishbein

No single food substance contains everything that is essential to the human diet. Dr. Alonzo K. Taylor is authority for the statement that a quart of milk and 400 calories consisting of fresh fruit and green vegetables, containing together 1000 calories, will supply all the desirable factors of the diet for one person for one day. Actually most of us eat about 2600 calories per day, which supplies the needs of the body, including energy necessary for physical work.

Food taken into the body may be divided into two groups, the first of which contributes to the body growth and repair, and the second of which supplies fuel. Sugar is the chief fuel food. The average amount of sugar taken in the United States is 100 pounds per person each year, so

that sugar represents about 19 per cent of the fuel substance that each person uses.

If sugars or sweetened substances are taken previous to a meal they tend to take away the appetite for other substances. Therefore it is undesirable to eat candy or pastries between meals, whereas taken as a dessert they have the particular value of making a meal seem especially satisfactory. It is reported that over a billion dollars was spent for candy in the United States in 1926.

The contrast in the sugar intake is emphasized by the fact that the average consumption per person per year was 11 pounds in 1825, as compared with 107 pounds in 1926. Although a person may live on a diet that is largely vegetables, there is no combination of vegetables that will furnish enough protein to the body without giving too much carbohydrates or sugars, and without throwing special burdens on the digestive organs for the handling of these substances when these organs are not endowed by nature with the equipment to handle a one-sided diet. It should be remembered also that the protein needs of children are greater than those of adults, since they grow more rapidly and are far more active.

Three Deaths Occur in Local Woman's Family in 2 Weeks

Three deaths occurred in the family of Mrs. George Eastwood of this city during the last two weeks, it became known here yesterday.

Mrs. Eastwood was in attendance at a funeral of her aunt about two weeks ago, when she received word that her mother, Mrs. A. M. Stephenson of Joliet, Ill., 81, was seriously ill. Taking the elderly woman to Evanston, Mrs. Eastwood found her grandfather in a very serious condition. Shortly after word was received that Mr. Eastwood's mother had died in this city. Following the funeral of Mr. Eastwood's mother, Mrs. Eastwood returned to Evanston and while on the way received a wire to the effect that her grandfather had passed away.

Mrs. Eastwood's son, F. A. (Jack) Eastwood of Lansing, was called to Evanston, also, following his grandmother's funeral in this city.

ERRORS OF VISION

Many are the causes of visual errors. The two leading causes may be traced to either a defect in the size or else the shape of the eye. To change the eye itself is practically impossible. But it is not impossible to correct the vision of the defective orbit. This may be done by the proper application of glasses, the lenses of which are ground to meet the needs of the individual patient. An examination will prove to your satisfaction the necessity of glasses—We recommend them only when actually necessary.

Lake Michigan Up Foot Higher Than It Was Year Ago

Water levels of every one of the Great Lakes in March were higher than in March, 1926, according to the United States lake survey bulletin just issued. Lake Michigan is about one foot higher than last year, and the levels of the other lakes have gone up slightly more than that.

The comparative levels of March, 1926, and March, 1927, follow:

Lake Superior	1927	1926
.....	601.31	600.19
Lake Michigan-Huron	578.48	577.45
Lake Erie	571.10	570.02
Lake Ontario	245.71	244.14

The continued upward trend of lake levels bears out predictions made last year that the Great Lakes basin was entering upon a period of heavy rainfall, and that the levels of the lakes would be improved as a result.

Marine engineers having their predictions on past records have mapped out an expectancy curve which they say will show the water levels in 1930 higher than ever.

The levels of all the lakes average a foot higher than last year, indicating that lake steamers may be allowed better draft this year than last.

WOODLAWN NEWS

(Mrs. V. A. Lundgren, Corr.)
Arno Suojanen, who has been attending a school of mechanics in Detroit, arrived home last Wednesday.

John Kurus of Owen, Wis., is visiting his sister, Mrs. Oscar Fors. Alex Mattson and Leo Kivi made a business trip to Wells and Escanaba last Tuesday. They returned Wednesday, each of them having purchased a horse.

Rev. D. L. Cathcart of Escanaba conducted services at the school house last week.

A majority of the men of this settlement went to the election at Cornell last Monday.

Charles Kempainen, who is repairing and adding to his house, made a trip to Wells last Friday to purchase flooring and other building supplies.

Miss Freda Anderson entertained Mrs. V. A. Lundgren at her home last Tuesday afternoon. In the evening the other members of the teachers' study class were also present for the regular meeting. An enjoyable and profitable study was conducted which was followed by a lunch.

Y. M. C. A. Quartet Highly Praised

"I cannot tell you how many people said it was the best quartet they ever heard."

Such is the report from Marion, Ohio, concerning the Y. M. C. A. college quartet of Chicago. The quartet will appear in the Escanaba high school, April 23. It was originally booked for April 22, but due to a conflicting concert at the Swedish Lutheran church, the date was changed.

A varied program of humorous, secular, popular and sacred songs is presented by the quartet which has always been enthusiastically received. Their programs have been given over KYY, WGN, WLS and other Chicago broadcasting stations.

Among the cities they have visited are Cedar Rapids, Ia.; St. Paul, Minn.; Milwaukee; Dayton; Fort Wayne, Detroit and Green Bay.

The quartet is composed of W. B. Kincaid, George W. Campbell, Dean Upson and Guy W. Croson. George W. Campbell, well known here as song leader at the Older Boys' conference, directs the work.

Lapin sports coats, in white or dyed pelts, are the outstanding choice for motoring garb.

for THAT HOME

EVERY man, at some time in his life, desires a home, a place to call his own. And a Savings Account, stimulated with regular deposits, will be the starting point to that goal.

MAN TO MAN BANKING

When the size of a bank interferes with its close, personal relationship to its clients, then size ceases to be an asset.

This institution seeks to maintain an intimate, helpful, man-to-man contact with each client it is privileged to serve.

Perhaps, that is why it is today,—as it has been for so many years—so closely allied with the growing and successful business of the community.

We welcome new accounts.

Never a Wrinkle in Your Smart

All-Season Knit-tex Coat

If you want a coat that can't wrinkle, examine a Knit-tex. The makers knit the goods themselves. The cloth looks like a fine imported overcoating.

It drapes beautifully. It retains its well-bred smartness through years of wear and weather.

The label guarantees it for three years' satisfaction. And this is an All-Four-Seasons' coat—serviceable 10 months in the year—in warm months and chilly months—for it has warmth without weight.

Come in, try on a Knit-tex, and tell us exactly what you and the mirror think of this famous coat. It's just the coat for this weather.

In all sizes—Regular and Extra.

Price \$30

FAIR SAVINGS BANK

Every GENUINE Knit-tex coat has the Knit-tex label
Yoke and sleeve lining of Skinner's satin.

Who Is Saving Your Money?

ARE you saving your money or is someone else? The money you waste eventually finds its way into the savings account of someone. The money that should be working for you is earning interest for someone else.

Why not capitalize your own income? Systematic saving in this bank will give you capital and independence.
