BILLY EVANS SAYS

GRAND OPENING DAY.

The baseball fans of the country comprising the jury, brought in the verdict on the national pastime on opening day in the major leagues, April 12.

Throughout the winter, baseball has been harassed by scandal. First it was the Ty Cobb and Tris Speaker case. When the odor of this had blown over, came the charges of Chick Gandil and Swede Risberg, implicating many of the game's greatest stars.

For weeks baseball occupied the headlines on the front as well as the sports page and most of the comment was of a decidedly uncompromising nature.

During the winter, hundreds of times I was asked as to what I believed the reaction would be. My reply was always the same.

"The game is greater than any individual or group of players. It will continue to thrive because the public believes in it, despite the wrong doings of a few."

TRIBUTE FROM 72,000. It was my very good fortune to umpire the game that stands out as the greatest tribute that has ever been paid to baseball.

New York fans on opening day, to the extent of 72,000, answered the scandal mongers as to their faith in the game. It was the biggest crowd that ever attended a professional ball game.

From the window of our dressing room at the Yankee Stadium, it was possible to see the crowd that had been unable to gain admission—milling about, hoping against hope some way might be

in Cuba," by Senator Thurston. Fourth sub-district—Irene Trotter, Norway—"The Mother of Lincoln," by General Black.

found to gain entrance to the park. Everywhere was a sea of faces. I feel that I am conservative in saying that 25,000 were turned away. If the Yankee Stadium could have accommodated the crowd, I am sure the attendance figures would have reached 100,000.

Throughout the major league circuits one-quarter of a million people saw the opening day games. Proving that the word of Dutch Leonard, Chick Gandil and Swede Risberg could not change the public's faith in baseball.

COBB CHEERED LOUDLY. Eddie Collins and Ty Cobb, two of the stars implicated in the charges of last winter, were given tremendous ovations.

The applause showered on Collins was not at all unusual. He has always been a prime favorite in New York and his every appearance during the season draws a big hand.

As Ty Cobb walked from the Athletic bench to the home plate carrying the regulation three bats and swinging them with his old-time enthusiasm, the stands fairly rocked with applause.

"That's the best tonic I have had this spring," said Cobb to me, preparatory to stepping into the batter's box. "It is more appetite than I have drawn in New York in 20 years." It shows the fans believe in me.

Cobb was visibly impressed by the ovation. Always the fighter, he had been used to the "razzberry" chorus in New York rather than the glad hand.

Yes Sir! The baseball fans, as the national jury, have given their answer to the scandals of the past winter and the verdict is 100 per cent in favor of the game.

THE WAR WAS ON Acquaintance—Is your other little daughter at all like this one? Fond Mother—Oh, no, she's quite a contrast. Acquaintance—How nice? Punch.

AMUSEMENTS

AT THE DELFT. How does a man act when the police submit him to the "third degree"? That was the question which confronted Michael Curtis, director, and Jason Robards, leading man, during the production of "The Third Degree," starring Dolores Costello, and now playing at the Delft.

That the scene might be correct in every detail, they sought inside information from Chief of Police Davis of Los Angeles, and Deputy Commissioner Lendorf of New York, then in Los Angeles on the trail of a dangerous criminal.

Both of these men had vivid recollections of the days, not so long ago, when the brutal institution of the third degree was in full force, and the tense results show in the picture.

"The Third Degree" was adapted from the famous Charles Klein stage melodrama by Graham Baker. In the cast are Louise Dresser, Rockliffe Fellowes, Kate Price, Tom Satchel, Harry Todd, Mary Louise Miller, Michael Vavitch, David Torrence and Fred Kelsey.

AT THE STRAND. Charlotte Walker and Amelia Summerville are among the featured players in "The Great Deception," now playing at the Strand. Miss Walker has a strong emotional role and Miss Summerville a comedy-dramatic part. Both have enjoyed long and brilliant careers with Broadway stage productions. Ben Lyon, Aileen

Pringle, Basil Rathbone, Howard Higgin and other notables also appear in the picture. Miss Pringle's role demands that she wear a large number of gorgeous gowns, and she also has some thrilling airplane and automobile exploits.

SCOFFLAW'S REWARD. "My goodness," remarked the old man to the lad with a fine string of trout. "You've had a successful day, young man. Where did you catch all those fish?"

"Just walk down that path marked 'Private,'" directed the boy, "cross the field where the signs says 'Beware of the Bull,' and keep right on until you come to a notice 'Trespassers will be prosecuted.' A few yards farther on there's a pool with a sign saying 'No fishing allowed'—and there you are, sir!"—Sporting and Dramatic Yarns.

High School Lyceum Course Begins With Piano Duet Numbers

The Misses Ethel Gessner and Irene Fragile, appearing as the first number of a high school talent "lyceum" course, in the roles of the Colonial Sisters, entertained the student body of Escanaba high school with two piano duets yesterday afternoon.

The selections rendered were: "A Midsummer's Night Dream" and "Diana."

Principal John A. Lemmer announced yesterday that a number of the programs are to be given during the general assembly period throughout the remainder of the school year.

Conservation Is Theme of Woman's Club Program

Conservation of Michigan's wild life was the keynote of the program, yesterday, at the regular meeting of the Escanaba Woman's club held in the parlors of the First Presbyterian church.
The meeting was opened by the singing of "Michigan, My Michigan." Mrs. W. J. Clark read the president's proclamation on conservation and Mrs. A. E. Ellsworth read the paper, "Camp Fires and Forest Fires," which had been assigned to Mrs. E. J. MacMartin.
There were also addresses by G. N. Harder on conservation and reforestation, and E. C. Voght on the conservation of fish and game. Richard Carlson, a young singer, also pleased with a vocal solo.
Miss Margaret Yelland played two piano selections and pupils of the seventh grade of the Jefferson school sang three songs, "Radiant Summer," "Sand Man" and "The Linden Tree" under the direction of Miss Grace Mills.

WOMEN WITH BOBBED HAIR VERY EASILY GET RID OF GRAY HAIRS

With Color Glands Normal Nature Keeps Hair Natural Shade
SENSIBLE ADVICE TO WOMEN TURNING GRAY
Everyone knows if their color glands and hair roots are active and normal they will continue indefinitely to have rich, natural colored hair entirely free of gray, or off-colored locks, so why use dyes or tints?
A doctor several years ago asked himself this question: "If with certain medicines I can stimulate my patient's other organs, why not rub a stimulating tonic into the scalp that will revive, strengthen and tone up these inactive glands so that nature in her own inimitable way will resume putting plenty of pigment into the hair tubes? Surely the hair will then again resume its original shade and color regardless of the users age or previous condition of their hair. REMARKABLE DISCOVERY. He didn't want an artificial dye or tint and it of course must be harmless and something that could be used for years and years without the slightest injury to hair or scalp. Just like a tonic that builds up a person's strength after some long wasting illness, he wanted a tonic that would revive and stimulate the inactive, weak, or dormant hair roots and color glands.
Under the name of Lea's Hair Tonic anyone may now purchase the scalp food and tonic he finally perfected. For several years hair dressers and specialists have been using it. Results are so natural, gradual and nice that men as well as women use it.
It doesn't stain the scalp. One's friends seldom notice the gradual change and to test what it will do one need only apply it to some small spot for a week or two and watch results.
Men and women in all walks of life have been amazed at the younger appearance that comes with the disappearance of gray hairs from their head. Evidently one need never become gray if they keep the scalp and roots toned up with an occasional massage with Lea's Hair Tonic.
If any reader desires to try a bottle of Lea's Hair Tonic on the maker's absolute guarantee of satisfaction or money back, they should purchase a bottle at Ellsworth's Drug Store, or any good drug store or put a dollar bill in this advertisement and send with name and address plainly written to Lea's Tonic Co., Brentwood, Md. 31 bottles parcels post anywhere, with full directions.
No one need have gray or off-colored hair any more. —Adv.

township are equally bad in the neighbouring township of Garden, we had thought worse until neighbor Greene enlightened us. The spring has again arrived, and with it are, as usual, stories of dogs chasing innocent cattle, visiting garbage pails and hen coops, tearing up flower beds, and later, seeded gardens. And we never could understand why some citizens would unwillingly pay their dog tax while others would just as willingly leave them unpaid. Our plea is either enforce or annul. Harry Greene and Frank Landonde are making some much needed improvements on the township road east of town. Conditions on the County road in Fairbanks township are greatly improved. Much grading and graveling has been done. There is still much to be desired in the way of improvements. Joe. Baltrinus has returned from a business trip to Chicago. He was accompanied by two of his Chicago friends who are carpenters by trade. They are making extensive improvements on Mr. Baltrinus' property east of town. From here, he went early this week to Isle Royale. John Christensen states that he has been given the agency for the Lange Medical Co., of De Pere, Wis. His territory includes the whole of the Garden Peninsula and up as far as this side of Rapid River. He also has a part of Schoolcraft County, including the Cooks district. Your Kidneys Must Function Properly For You to be Well LATE hours, rich foods and stimulating drinks are all hard on our kidneys. If their action becomes sluggish, they do not thoroughly cleanse the blood of poisonous wastes. Such impurities may make one dull, tired and aching, with often a toxic backache, drowsy headaches and dizziness. A common symptom of imperfect kidney function is scanty or burning excretions. Thousands have learned the virtue of Doan's Pills, stimulant diuretic in these conditions. 50,000 users have publicly recommended Doan's. Ask your neighbor! 50,000 Users Endorse Doan's! Lambert W. Cox, Westover, Md., says: "Doan's Pills proved their value to me. My kidneys acted sluggishly and the secretions were scant and aching. There was such a nervous aching in my back that I couldn't lie or sleep. I was told to use Doan's Pills and I shall always be glad that I did. They put me in fine shape."

STOCK MARKET UNSTABLE AGAIN

Table with columns for Date, Industrials, Railroads, and various stock prices.

New York, April 20-(AP)—The stock market turned irregular today after an opening outburst of strength. Buying was of a very selective character with some rather sharp gains being recorded by a few rail, mercantile, oil, food and railroad equipment shares.

Youngstown 2 1/2, Republic 1 1/2 and U. S. Steel common, Bethlehem and Ludlum yielded fractionally. Although Hudson Motors showed a substantial gain in first quarter earnings over last year, the report apparently had been discounted as the stock closed fractionally lower at 75 1/2 on profit-taking.

Buying of the rails was stimulated by the publication of a favorable traffic report and rumors of early dividend action on Texas and Pacific common, which soared 6 points to a new high at \$1 1/4 and then slid back to 79.

SAINT and SINNER

Mr. Wiley didn't seem to be scared, just impatient to get away. Rowan admitted conscientiously. "You had no further conversation with him, other than that which you have testified to?"

"You were surprised, Mr. Bates? You had seen the newspaper accounts of the approaching marriage of Miss Lane to Mr. Ralph Winston Clancy?"

"You name?" Banning began the examination curtly. "Henry Weldon Bates," the clergyman answered in a low, gentle voice.

"Did you follow them at once?" Banning prompted him. "I did not. I was locking windows in the living room, after having bolted the kitchen door and stoked the furnace, when I heard a car drive up and stop."
