## Mississippi Flood Toll Over 60; 100,000 Driven from Homes

### RESCUE CREWS WORK FAST TO CHEAT DEATH

#### THOUSANDS CARRIED OUT OF INUNDATED REGION.

(By The Associated Press)

More than sixty persons are known to have perished in the most extensive Mississippi valley flood of record and there are unconfirmed reports that upwards of one hundred and fifty others have been drowned.

Those made homeless over the thousands of square miles now under water in Mississippi, Arkansas and six other states, is estimated at 100,000.

As the floods swept over additional Mississippi towns, including Leland, Cleveland, Shaw and Denote, as well as intervening plantations, the millions in property damage was steadily mounting.

Warnings of flood dangers in Louisiana from the Red and Natchez, Baton Rouge and New Orleans were issued by the weather bureau.

Red Cross and federal agencies moved swiftly to organize relief work and to evacuate refugees from inundated towns and those in the path of the raging waters.

Immediate concentration was on Greenville, Miss., hardest hit of all the towns where suffering was reported both from water and food shortages.

Naval seaplanes flying from Pensacola, Fla., began aiding in rescue work both in Arkansas and Mississippi.

Appeals went out from many districts for small boats to carry to safety hundreds marooned in treecrope or on the roofs of barns and houses.

Additional thousands of flood sufferers have been taken to safety, but hundreds isolated on levees on the Mississippi were in danger.

#### THOUSANDS RESCUED.

Memphis, Tenn., April 23—(AP)—Thousands of those made homeless by flood waters of the Mississippi river, its tributaries were carried to safety today while still other thousands awaited succor. Many were in precarious positions on levees and promontories or were clinging to trees and to the roofs of houses and barns.

Although every possible agency for rescue was brought into play, the death list continued to mount, reaching beyond the 60 mark. There were unconfirmed reports that upwards of 150 had perished.

As the flood waters, pouring through the crevasse at Spots Landing, above Greenville, Miss., pushed on across the delta, new towns were inundated, among them Leland, and the millions in property damage already wrought from Illinois and Missouri on the north to Arkansas and Mississippi on the south was steadily increasing.

#### Dykes Strengthened.

While small armies strengthened the dykes on the lower Mississippi in Louisiana, augmented forces were set to work rescuing the marooned and moving to more advantageous places those who had been taken to river towns.

Many agencies of the government were brought into action as the Red Cross prepared to take care of the situation.

Henry M. Baker, disaster relief director of the American Red Cross was placed in charge of the work in the whole flood district with headquarters at Red Cross flood division was directed by President Coolidge to proceed to Memphis to establish an enlarged organization and to study the necessities of the situation.

#### Steamers Commandeered.

By direction of Secretary Davis, Major Q. T. Ashburn in charge of the Mississippi Barge line, ordered the commandeering of all river steamers to assist in relief work, principally to remove refugees from threatened river towns.

Red Cross estimates placed the total number of refugees at nearly 100,000. An even larger number of people are threatened by present or prospective floods as the crest of the high water moves slowly down the river past Memphis.

Evacuation of Greenville, Miss., the largest city to be flooded, probably will be completed tomorrow and attention then will be turned to Helena and other

### Officer Sentenced for Killing Carrier

Detroit, April 23—(AP)—A sentence of from six months to three years in Michigan state prison at Jackson was passed today upon E. L. Benway, federal prohibition agent, in connection with the slaying of William A. Niedermeyer, South Rockwood mail carrier, last December.

Judge Charles C. Simon, of federal court, in passing sentence recommended the minimum term. Notice of appeal was filed.

Benway was convicted in federal court last month. George B. Pratt, charged jointly with Benway in the mail carrier's death, will not be brought to trial, the charge against him having been nolle prossed following Benway's conviction.

### FLOOD RELIEF WORK STARTS

#### Hoover Goes to Memphis to Make Survey of Situation.

Washington, April 23—(AP)—President Coolidge and the Red Cross acted today to enlarge and expedite efforts to relieve suffering caused by the Mississippi valley floods.

Secretary Hoover was directed by the president to go to Memphis to expand the Red Cross organization on the ground and to make a detailed survey of necessities of the situation, while the Red Cross appointed its director of disaster relief, Henry M. Baker, director of relief activities.

In addition, to facilitate movement of relief trains, the interstate commerce commission declared a transportation emergency in the flooded region, permitting railroads to abandon usual requirements for routing of freight.

Secretary Hoover arranged to leave Washington tonight, his arrival in Memphis being scheduled for early Monday morning. At Memphis he will go down the river by steamer to make a first-hand study of the situation. He plans to remain in the region for a week. He will be accompanied by Maj. Gen. Edgar Jadwin, chief of army engineers, and James L. Plesier, acting chairman of the Red Cross.

Mr. Coolidge and Hoover both are Red Cross officials and it was explained at the White House that they were acting in that capacity.

As dictator, Mr. Baker will be assisted by officials of the army, navy, commerce department, coast guard, public health service and the veterans' bureau. He has authority to charter or commandeer boats on the rivers, estimated to number 40,000.

### Americans Found Dead Near Paris

Paris, April 23—(AP)—Julian Francis Meredith, vocal student of Buffalo, N. Y., was found dying and Marion Roberts, New York pianist, to whom he was engaged, was found dead at dawn today in an automobile parked at the roadside near the chateau de Labar, southwest of Paris.

The day was the anniversary of their engagement and Miss Roberts had come to France to spend it with her fiance.

When found, her body, with three bullets in the head, was already cold while Meredith, who had a bullet wound in his temple, was breathing faintly.

Meredith died soon after gentlemen, called by an elderly workman, had arrived.

Police decided that the case was one of murder and suicide but could find no trace of a motive.

### President of Cuba Visits White House

Washington, April 23—(AP)—Through the medium of interpreters, President Coolidge and President Machado of Cuba discussed relations between the two countries today at an hour's conference at the White House.

Later, at a luncheon tendered by the governing board of the Pan-American Union, assurances of mutual national friendships were exchanged by Secretary Kellogg and the Cuban executive. The two presidents carried on this conference with the assistance of Ambassador Ferrari and Stokely Morgan, chief of the state department's Latin American division, as interpreters. The subjects discussed were not disclosed.

### DRYS HUNTING DEMOCRAT TO OPPOSE SMITH

#### WALSH OF MONTANA MAY BE ENTERED IN RACE.

BY DAVID LAWRENCE  
(Copyright 1927, by the Escanaba Press)

Washington, April 23—The drys in the Democratic party are looking for a candidate. They are not sure they will be able to draft William Gibbs McAdoo. He shows a disinclination to get back into the political arena. The latest suggestion, is therefore, that Thomas Walsh, of Montana, be given the support of the drys. The idea is advanced at a time when the opponents of Al Smith realize that a dry have been misinterpreted as really being arguments against Al Smith's religion.

Senator Walsh of Montana is of the same religious faith as Governor Smith. He was popular enough at the last Democratic national convention, over which he presided, to be sought for vice president. It is a fact that the convention was about to nominate him for that office when he recognized a motion to adjourn, and urged that the matter be deferred until it would be further canvassed.

Eliminate Religion.

The viewpoint of the drys is that by offering a "dry" Catholic as a candidate, they will help to eliminate the religious issue and confine the fight to prohibition. This unquestionably will be the line of attack unless, of course, between now and the next convention, Al Smith makes a statement on prohibition which will permit the middle-of-the-road "drys" to rally to his standard.

Another outstanding dry who is being talked about is Edward T. Meredith of Des Moines, Iowa, secretary of agriculture in the cabinet of President Wilson and a staunch friend of former Secretary McAdoo. Meredith comes from a part of the country in which disaffection prevails against the Coolidge administration. He is not known as a radical but as a liberal. He is a business man who has the confidence of business groups in the east, before whom he has made several speeches in recent months.

Mr. Meredith's only handicap is that the Democrats do not like to select a candidate from a state whose electoral vote they rarely if ever carry.

Plenty of Wets.

Outside of Senator Walsh and Edward Meredith, the drys are really at a loss for outstanding candidates. There are plenty of "wet" candidates. Governor Ritchie of Maryland, and Senator Reed of Missouri, are alternates if Al Smith doesn't win. The disinterested political experts who are not pushing any particular candidacy, especially national committee men from southern states, seem to think that if any wet is going to be nominated, Al Smith has as good a chance as any, but they are insistent that a man who has not been identified with the prohibition fight would be a much more likely choice.

### Detroit Skyscraper Changes Ownership

Detroit, April 23—(AP)—Sale of the Union Trust company building, an 11-story structure in the downtown district, to the Fidelity Trust company by the American Life insurance company, was announced today by Luther D. Thomas, president of the Fidelity company. The consideration was approximately \$2,000,000.

### Dry Law Failure? No! Says Wheeler; Yes! Says Darrow

#### PROHIBITION DEBATED

A large audience in Carnegie hall, New York, heard the dry law debated pro and con last night by Wayne B. Wheeler (above) and Clarence Darrow (below).

### Bishops Deny Evading Mexican Court Trial

#### State They Were Forced to Leave Country by Pres. Calles.

Laredo, Tex., April 23—(AP)—Arch Bishop Mora del Rio of Mexico City and five prelates of the Catholic church who were expelled from Mexico today flatly refused the explanation of their departure from Mexico City as given by the Mexican government.

Announcement from the Mexican government was that when faced with alternative of leaving the country or court action the dignitaries chose to leave Mexico.

Denial also was made by the prelates of charges that the Mexican episcopate was responsible for the robbing and burning of a passenger train in Jalisco last Tuesday night in which many persons were killed.

In a joint statement, the prelates said:

"The official statement from Mexico City explaining the departure of the six Mexican prelates is utterly false. It was not proposed to us either to submit to a judicial verdict or leave the country. The minister of the interior at 8 p. m., intimidated the prelates that by order of President Calles, they should leave the country because the episcopate was considered an agitator of the rebellion. We refused the charge before Minister Tejeda, assuring him that the episcopate has limited itself to state that the Catholics are in

### State They Were Forced to Leave Country by Pres. Calles.

their right to defend themselves against the tyranny that oppressed them.

"At 5 o'clock that night, escorted by five secret service men, we were taken to the station and made to board a train departing for Laredo where we have been treated with every courtesy by American Consul Walsh. It is to be noted that the Mexican government only paid our railroad fare in second-class coaches and we had to pay the balance as well as for our guard to go into the first-class car."

WERE GIVEN ALTERNATIVE

Mexico City, April 23—(AP)—The government today in a statement asserted that Arch Bishop Mora del Rio of Mexico City and the other leading prelates of the Catholic church chose to leave the country rather than face a court trial here. The arch bishops and bishops, the government declares, confronted with "grave charges" based upon "incontrovertible proofs," were told they could choose trial or departure and selected the latter. The statement reads:

"After an interview with the principal prelates of the Mexican episcopate, these gentlemen, facing grave charges against them based upon incontrovertible proofs and facing the alternative of being subject to the courts or leaving the country, chose the latter, doubtless being conscious of the responsibilities they incurred."

This statement which is all the

### Crowded Hall Hears Debate

#### Discussion Sponsored by Forum Ends Without Decision.

New York, April 23—(AP)—Clarence Darrow, noted Chicago criminal lawyer, and Wayne B. Wheeler, general counsel of the Anti-Saloon League, debated prohibition tonight before a large audience in Carnegie Hall.

Wheeler took the negative, and Darrow took the affirmative. The subject: "Resolved, that prohibition of beverage liquor traffic is detrimental to the public welfare." There was no official decision. The debate was sponsored by the American Forum, a non-partisan group.

Darrow, declaring it a minority measure, and legal tyranny, said prohibition was a failure: That it could not and had not been enforced. He said repeal was impossible and ventured that "personal liberty" which he charged was invaded by the eighteenth amendment, could be restored only by nullification—disobedience of the law and official negligence. He charged that law makers and those attempting to enforce the law were drinking, that more than a million citizens had become users of intoxicants "because of prohibition," and that 66 per cent of the nation's population is opposed to it.

Wet Majority.

Wheeler said prohibition was a success and is the will and wish of the majority.

He said that most wet propaganda was conceived and fostered by "liquor interests" and that the nation was still preponderantly "dry."

Of repeal and nullification, Wheeler said: "If so (that the constitutional amendment was effected by a minority) a wet majority can extract it (the eighteenth amendment) from the constitution. It has always been the right of the people to change their constitution by legal methods, but to attempt to nullify or defy it is anarchic."

The chief point of difference revealed by the debaters, aside from their methods of exposition, seemed to be their ideas of the effect of intoxicants upon men. Wheeler painted alcohol as a monster, habit-forming, sordid and insidious, that drove men to brutalities and economic disasters and corrupted morals generally.

Sees No Sorrow.

Darrow could not see the harm in drinking "in moderation," and expressed no concern for those who drank otherwise.

Darrow avowed he could not disassociate prohibition from protestantism and alleged that the crusade of prohibition was the protestant church.

Wheeler said he nowhere found any proof of harm being done by prohibition, but on the contrary found a great deal of good.

### Good Will Flyers Back on U. S. Soil

Miami, Fla., April 23—(AP)—Their mission of spreading friendship and good will throughout a score of Latin American countries successfully completed the United States army's Pan-American flyers rested tonight on their native soil for the first time since they started their special journey of peace four months ago.

With ranks depleted as the result of a collision between the planes "New York" and "Detroit" over Buenos Aires, February 26, that cost the lives of Captain Clinton W. Woolsey and Lieutenant John W. Benton, the army's eight "aerial ambassadors" landed here at 1:57 o'clock this afternoon from Havana, making the hop in three hours and twelve minutes.

Escorted by Major General Mason M. Patrick of the army air service and nine commercial planes, the New York II, San Antonio and St. Louis were cheered by thousands as they ended their 20,000 mile pathfinding voyage that started December 21 at San Antonio.

"We made lots of new friends, but, gosh, it's good to get back among the home folks," was the expression of Major Herbert A. Dargue, flight commander.

"The air service had no fiercer men than Captain Woolsey and Lieutenant Benton," Dargue said. "I say this, not because they are dead, but because I know them so well in the day of their active service as pilots."

### Canada Questions Immigration Laws

Washington, April 23—(AP)—New immigration regulations, promulgated yesterday and which would levy a head tax on occupational immigration from Canada, have been brought into question by the Canadian government. A conference on the subject has been asked of the state department by the Canadian legation.

In a note delivered today the legation urged that no final decision be reached on the question until discussions could be held on the points at issue which it described as having regarded as "reciprocal."

The regulations apply the immigration law to persons residing in Cuba, Mexico or Canada who regularly or frequently cross the border.

### LEGISLATURE TO ADJOURN SOON

#### Only Three Pressing Problems Remain to Be Settled.

Lansing, Apr. 23—(AP)—The present session of the state legislature which was at one time threatened with prolongation into mid-summer probably will end before the middle of May.

Only three pressing problems remain to be settled; the block in which the house refused consideration to senate bills and vice versa, seems broken and although the last of April adjournment, which was at one time moved on the floor of the house seems not to be feasible, the end of the session will come during the week of May 8, legislative leaders believe.

There is a possibility, however, of a special session. Gov. Fred W. Green has indicated that if a clear understanding with the Grand Trunk concerning the removal of tracks to make way for wider Woodward avenue is not provided for, he may call an extra session.

Appropriation bills have been arranged so that passage of a schedule suitable to the administration, which reported a deficit in state funds, seems a likelihood of the near future.

Highway finance problems promise a bitter fight but seem close to some solution.

Capital punishment legislation whose apparent demise in senate committee brought about ill-feeling between the branches, has taken on new life. An attempt to bring it out of committee is pending the senate.

With these problems out of the way, as seems probable by early May, and routine adjournment is looked for by the 13th.

### DRILLS CLOSE WITH TRAGEDY

#### Sailor With U. S. Fleet Off Haiti Drowns in Ocean.

United States Fleet, Off Haiti, April 23—(AP)—Tragedy marked the closing hour of the last of three sea maneuvers in the Caribbean sea. A few minutes before the end of a temporary anchorage at Gonaves Bay, Haiti, Ward Thomas Nivell, seaman on the battleship Pennsylvania, fell from the ship's deck to his death in the sea. The home of his mother is in Detroit.

The sailor's fall was witnessed by his comrades and a "man overboard" call brought into instant action for his rescue the battleships Pennsylvania, New Mexico, Nevada, the tender Lark and a destroyer, aided by a seaplane which was launched immediately from the Pennsylvania.

Swimming strongly and easily amidst five life bouys hurled to him, Nivell appeared in no danger until the 16 knots speed of the fleet brought him into the course of the Nevada when he disappeared. A two hours' diligent search of the sea nearby with the fleet of battleships standing by, failed to locate the seaman.

Minus the battleship New Mexico which left the Bremerton navy yard for overhauling, the combined Atlantic and Pacific fleet, which has been conducting maneuvers in the Caribbean, will proceed for New York today using seven days for further maneuvers and problems on the cruise to New York.

Excavations at the site of the ancient city of Ostia, in Italy, show that five-story houses were built in that day.

### DETROIT BLAST KILLS TWO; 29 MEN ARE HURT

#### 200 MENACED; DAMAGE AMOUNTS TO \$3,000,000.

Detroit, April 23—(AP)—With two known dead and the death of some 29 others in two hospitals expected, the blackened and smouldering ruins of a new five-story building of the Briggs Manufacturing company tonight held the solution of whether others met death in a fire, kindled by a series of explosions which destroyed the structure early today.

James Gillian, who died shortly after his admittance to Receiving hospital, and Harry Mason, who died this afternoon, constitute the known dead. Both were negroes.

Estimates of the number of dead ran as high as from 50 to 100, although J. W. Carter, head of the service department, announced late today that a check of the employment records accounted for all the 200 men employed in the burned building. More than 2500 are employed in all departments of the plant, an automobile body firm, located in several buildings.

Early reports of Charles T. Earl, a deputy coroner who visited the scene of the tragedy, were that from 50 to 100 men were killed. Firemen placed the number at 29, but Thomas J. O'Grady, deputy superintendent of police, refused to set a figure after visiting the scene. He said it probably would be several days before search could be made for any bodies that may remain in the ruins.

The total number of injured was estimated unofficially at 100 or more. This number included scores less seriously injured who received first aid treatment at the two hospitals and the company's office and returned to their homes.

One fireman was overcome, but early reports that two firemen stationed on the roof of the building had fallen to their death in the blazing interior, proved to be unfounded. A number, however, narrowly escaped being crushed under falling walls and the roof.

On Third Floor.

The fire originated on the third floor of the building after the first blast in the painting department. Workers in other parts of the building fled out calmly when a fire alarm was sounded.

Several workers on the third floor, including three women, were rescued by a squad headed by Edward Stencen, 26, a mill foreman.

"Our department," Stencen said, "is a two-story building next to the paint shop where the fire started. When I heard the explosion I ran through the mill, ordering the men to get out.

"Then we organized a rescue squad and went to the roof of our building which came right under the windows on the third floor of the paint shop. We carried quite a few men out through the window and also three women.

"The men were badly burned. Most of them had all of their clothing burned off."

\$3,000,000 Loss.

John French, president of the company, estimated the loss at \$3,000,000.

Search of the ruins is expected to clear up a theory of firemen that some of the workers were killed on a spiral fire escape leading from the third floor to the lower part of the building.

The first explosion blew out a hole on the Harper avenue side of the building and bricks and stones from the debris broke show windows in a confectionary store across from the plant.

Harry Berman, proprietor of the store, said, "All at once I heard an explosion. The bricks, stones and broken glass showered against the front of the store and the front windows were broken. I had leaped back inside the store at the sound of the explosions and so escaped without being injured. When I looked out again the flames were shooting through the hole in the wall caused by the explosion. Men were leaping from the third floor window to the roof of an adjoining building."

Doctor Gives Description.

Dr. Stanley Graham, in charge of a first aid station for the company, described scenes at the plant after the explosion.

"We (Dr. Graham and his stenographer, Miss Margaret Burnett) were alone in the office when the first man was brought into the station. He was badly burned. I had no more than dressed his burns than another man came in, also badly burned. Then someone rushed in and told me there had been an explosion. We went to the windows and looked out to see great clouds of smoke rolling away from the plant.

"The station became a bedlam. The rooms were filled with screaming and groaning men, many of them with their clothing entirely burned off. Some of them were

...ing me to put them out of my misery, others were rolling on the floor. One man ran amuck and had to be held while I dressed his burns.

**Prosecutor Investigates.**  
Prosecutor Robert M. Toms, of Wayne county, announced late today that his office would investigate the conflagration immediately, with a view to determining if any criminal responsibility.

The cause of the explosions had not been determined tonight. French said the blasts might have been caused by the breaking of an incandescent light bulb. The materials used in the paint department, he explained, are highly inflammable and all new workmen are instructed to exercise extraordinary care. He also said that the building was equipped with a sprinkler system, but that it doubtless was disabled by the explosions.

**John M. Bischoff, city commissioner of buildings and safety engineering, said tonight that Halstead H. Mills, chief safety engineer, would start an investigation of the explosions and fire as soon as he returns to Detroit.**

**TWO SIMILAR BLASTS.**  
Detroit, April 23—(P)—The explosions and fire at the plant of the Briggs Manufacturing company today recalled two previous severe explosions in Detroit in which there was loss of life and much property damage, both believed to have been caused by low water in a steam boiler.

Thirty-seven persons were killed on November 6, 1895, in an early morning explosion at the building of the Detroit Journal. Forty-five persons were in the building at the time, eight being rescued alive. The other conflagration was at the works of the Penberthy Injector company on the morning of November 26, 1901. Thirty persons were killed and approximately fifty injured. Debris from the explosion was found nearly a half mile from the plant.

**Drunkenness Tested by New Instrument**

Chicago, April 23—(P)—When a defendant of the future faces the judge and hears the usual question "had you been drinking?" he will not need to reply if an instrument perfected by William D. McNally, coroner's chemist, comes into general use.

A tube of the defendant's breath, taken when he was arrested, will tell the tale. If the court is not certain he can examine a second tube of the defendant's breath which has been subjected to chemical analysis.

If the second tube shows a rich green, the defendant's potions were considerable; if it is a light green, he didn't have so much, and if colorless, the judge, according to Dr. McNally's findings, should promptly say "not guilty."

As at present arranged Dr. McNally's "smelling" device consists of two bottles bound together and connected with glass tubes running into a deodorized solution. When breath containing alcohol mixes with the solution, iodoform is generated. The color tests are arranged

**BISHOPS DENY EVADING TRIAL**

(Continued From Page One.)

government has said concerning the matter does not specify the nature of the charges but in a previous statement issued from the president's office with the approval of President Calles, it was asserted that the Mexican Catholic episcopate had fomented rebellion against the government, had directed the attack on the Guadalupe train early in the week and that the leaders of the train outrage included Catholic priests.

**Tranquil Day Spent by Chinese Armies**

Shanghai, April 23—(P)—The last 24 hours in China have been more tranquil than at any time in recent months. Only a few sporadic disorders and battles were recorded and although reports from Canton told of difficulties through red labor activities, late dispatches said the moderate forces were in complete control.

Firing across the Yangtze river in the Nanking region between the northern forces on the north bank and the Cantonese (nationalist) troops in Nanking, on the southern bank, was not so heavy as in recent days.

Unconfirmed reports were received that two so-called communist armies of several thousand men were advancing against Chiang Kai-Shek, who recently separated from the nationalist regime at Hankow and set up a new government in Nanking. These armies were said to be marching on Nanking from Hankow while two southern armies were proceeding northward, one from Nanking to Suohow and the other from Chikiang toward Yangchow. In Shanghai rumors were about that red labor union agents were secretly recruiting native laborers for service in a "communist army" to launch a campaign against General Chiang Kai-Shek.

**Miss Stokes Guilty of Murdering Lover**

Chicago, April 23—(P)—Florence Stokes, 23, today was found guilty by a jury of manslaughter for the killing of her sweetheart, James Glennon.

The verdict was one of few guilty findings obtained in many trials of women in Cook county for murder.

A motion for a new trial for the red-haired defendant will be heard on April 30.

The prosecution after qualifying the jury for a death penalty, said in final arguments that they would not ask for hanging. The family of Glennon did not desire another death as atonement.

ed by mixing with the solution sulphuric acid and potassium dichromate.

**BY THE NEA BOOK SURVEY.**

Since this question-asking vogue hit the world, we have done all we could do personally to discourage it.

We have lived in daily fear that someone would poke a pore of the questions, under our nose and reveal our appalling ignorance. We have considered an organization of conscientious objectors. But the thing has gone beyond our control. Within a single week 10 different volumes of questions have reached this desk. We had thought, in such an emergency, to pick one containing the easiest questions, and give it our desperate backing. Alas, instead of growing simpler, they seem to us to grow harder.

How may we be supposed to know what fish lays the most eggs or what supper club in London has been going for two centuries? What's more, we don't care.

Yet, since there are many that do, we beg to announce that "What's Your Average?" (Dutton) includes an introduction by Kathleen and Charles Norris; that a second volume of "Ask Me Another" (Viking), the first of these nuisances, is on the way; that the "Quiz Book" (Brentano) has a speech by Henry Seidel Canby; that "What's the Answer?" (Putnam) has questions framed by celebrities; that "Is That So?" (Bonl. Liveright) is made up of questions appearing in "Time"; that—oh, but what's the use!

Of the big news in the book world perhaps the most important is that the winner of this year's Dodd, Mead Co., \$10,000 first prize is Ed Howe's little girl, Mattie, and the name of her book is "Rebellion." It must be pretty good because First National Pictures, who add \$6500 extra for movie rights, has refused it as unfit for picture material.

The complete name of the winner is Mrs. Matiel Howe Farnham and she has been married for 18 years to an industrial engineer. Yes, she has bobbed hair.

Condensed, we understand, by some 300 or more pages, Theodore Dreiser's epic "The Financier" (Bonl. Liveright) now appears in a completely revised edition.

With this editing, it seems to us, Dreiser may well be proud to what this Survey always has considered his masterpiece. Those who have been through the two volumes of "An American Tragedy," the sale of which has been amazingly large for a Dreiser work, must read this if they are to know Dreiser. Somehow we have never been able to agree with those who found the "tragic"

**\$175,000 in Taxes Will Be Refunded**

Washington, April 23—(P)—Internal revenue collections were instructed today to begin refunding \$175,000 in taxes illegally collected from manufacturers of automobile parts and accessories. Payments will be made on representation of a bond from the claimant covering the amount of the refund.

Refunds will be made to manufacturers, to be distributed by them to the purchasers who paid a tax at the time the motor vehicle part or accessory was bought. Proof of distribution to the purchasers will be required by the treasury in the form of affidavits.

**Ramsay MacDonald Suffering a Cold**

Philadelphia, April 23—(P)—Former Prime Minister J. Ramsay MacDonald of Great Britain, is a patient in Jefferson hospital here, suffering from a cold that is yielding to treatment. The British statesman was admitted to the hospital this afternoon. He is suffering from a sore throat. His condition is not serious.

ed" a classic. "Jennie Gerhart" has been one of our favorite love stories and "Sister Carrie" had a characterization that we will never forget. But for sheer strength give us "The Financier." In 1915 Dreiser delivered the manuscript of this novel. We are told he did not wish to; that he was unsatisfied and wanted revisions. It was a lumbering volume, even for the lumbering Dreiser, but with all its faults of construction and writing there was no gainsaying its strength. For 15 years, we are told, the author has been going over the book and has, in many places, actually rewritten whole sections. It has been so long since we read the original that these changes are lost to us, but it is certain that nothing has been lost and, perhaps, a great deal has been gained. We will venture the opinion that Frank Cowperwood will live as Dreiser's greatest character.

Then there is a new novel from the dreamy, romantic Donn Byrne, "Brother Saul." We did not think a great deal of "Hangman's House," his last, but here is a fine and dramatic tale in the method of "Messer Marco Polo." Byrne has that romantic and musical Irish slant—as when Saul meets Anna of Calaphas: "Her face was white sun on a white shield." And such Byrnesque phrases as these: "the snarling yellow wind"; "bare-armed girls, quick-clever, as spiders"; "she came down the golden sand softly as a spent arrow falling."

**LIVE ON CHICKENS.**  
New Madrid, Mo., April 23—(P)—Flood-bound inhabitants have accustomed themselves to living in the upper stories of their homes and eating chicken for breakfast, lunch and supper. This town, with only about 20 persons still here out of a normal population of 3,000, resembles Venice with its canals. When provisions became scant, the young men board their boats and search out the nearest hen roost. Fowls, wet and bedrag-

**RESCUE CREWS WORK FAST TO CHEAT DEATH**

(Continued From Page One.)

river towns. Appalling conditions existed at Greenville, where the water stood more than waist deep, sanitary conditions were described as deplorable due to the failure of the water and sewerage systems. Spread 20 Miles.

The flood waters from the Mississippi breaking through to the north of Greenville had spread eastward for 20 miles. Communication with this district was difficult, but reliable reports were that a number of small towns had been flooded.

Engineers estimated that before the flood has passed beyond Vicksburg, probably 2,000 square miles of the delta country would be flooded. The waters will be drained off again into the Mississippi to add to the torrent which will descend upon the cities lower down the river.

Some improvement in Arkansas was reported during the day with a fall of the waters of the Arkansas and White rivers, but vast territories are still under water, including the towns of Clarendon and Hughes and thousands of persons are in need of help. On the Mississippi, above Memphis the danger point appears to have passed Hickman, Ky., but the crevasse in the Missouri levee at Dorena had widened to more than 3,000 feet and was still crumbling, with army engineers reporting a depth of rushing water at from 15 to 65 feet.

Rescue work in the northern flood area is being pushed by the coast guard which today ordered a relief party consisting of the entire personnel at Louisville to proceed to Cairo to aid in this task. More than 3,000 refugees have been taken out by the coast guard cutter Kankakee.

**RESCUED BY CHICKENS.**  
New Madrid, Mo., April 23—(P)—Flood-bound inhabitants have accustomed themselves to living in the upper stories of their homes and eating chicken for breakfast, lunch and supper. This town, with only about 20 persons still here out of a normal population of 3,000, resembles Venice with its canals. When provisions became scant, the young men board their boats and search out the nearest hen roost. Fowls, wet and bedrag-

gled, are perched on boxes, roofs of low buildings and floating timber and when darkness comes they are captured with ease. The four telephone operators who have clung faithfully to their switchboard while the waters have swirled about the streets feel they have been compensated to some extent by daily meals of chicken—fried, broiled, roasted and baked.

New Orleans, April 23—(P)—The office of the state engineer here tonight confirmed a report that a ship had rammed the levee at Junion Plantation, 35 miles below New Orleans, and said they had a report of a "small break" there.

The engineer's office said that they could not say how serious the break was, but that every possible effort was being made to stop the flow of water. They said that the last report they had was that the ship was still stuck in the levee and would be held there until the damage done is ascertained.

**CREST EXPECTED MONDAY.**  
St. Louis, April 23—(P)—With the crest of the Mississippi river flood due here Monday at 35.5 feet, the highest stage in 18 years the weather bureau announced today that flood conditions in this section would be over within a week.

Recession of the Mississippi, the Missouri and lesser streams in this district will drain water from thousands of acres of farm land and will relieve the anxiety of numerous residents of farms and villages that additional levee breaks might wipe out their homes.

Iola, Kans., April 23—(P)—Kansas flood waters claimed three more lives late today when Lawrence Kratz, 16; Ralph Morell, 14, and Richard Hildebrand, 11, all of Iola, were swept from a rowboat in which they were fishing, into the swollen Neosho river and drowned. Merlin Lanferman, 14, fourth occupant of the boat, escaped.

**Ross Seeks Permit to Become Director of Wheeling, Erie**

Washington, April 23—(P)—Walter L. Ross, president of the Nickel Plate railroad, sought from the interstate commerce commission today, permission to become a director in the Wheeling and Lake Erie railroad and its allied corporations. The Nickel Plate recently bought an interest in the Wheeling and Lake Erie in conjunction with a similar purchase made by the New York Central, the president of which, P. E. Crowley, also has applied to become a Wheeling director.

IN NEW YORK

New York, April 23.—Year upon year the same tide of pretty maidens from Main Street washes across Broadway in search of a place in the spotlight.

Year upon year the same army of the optimistic becomes the great army of the discouraged. There seems to be no way of heading them off. Each seems to think she has been selected by nature as the type for which the musical revues are howling.

Now, as a matter of fact, there are always openings for beautiful girls in the ranks of chorines, but tens of thousands of laundry workers, waitresses, shop girls and stenographers have somehow come upon the idea that they possess the requirements.

And now I come to a point that should be carefully pondered by any of the army of ambitious:

A few weeks ago a call for chorines went out from one of the biggest producers of musical shows. There were more than 200 girls—all attractive—gathered on the stage. Yet not one of them was chosen.

The same thing happens time after time. Out of 500 or 1000, perhaps, a few will survive the test. The number of pretty girls trying to crash the gate is amazing; yet such are the requirements of the Broadway producers that few indeed make the grade.

Perhaps the best advice I have heard comes directly from Broadway itself. In our favorite theatrical exponent, "Variety," "N. T. G." puts the proposition pretty directly: "Any girl who is physically perfect and can dance does not need worry about a job in New York, but it's tough on the kids with but slim claims to beauty. They would do themselves and the stage a big service by going back home and forgetting it."

There are too many girls of the laundry type trying to find places and clattering up the stage. There are too few good lookers and too few good dancers.

Viewing an average Manhattan musical show many, doubtless, are ready to jeer at the idea that Broadway is particular.

True it is that few shows have what might be termed a perfect chorus. But, on an average, they take the best they can get and select types that have proved appealing to the boys in the front rows.

And if they don't always seem as fresh as they might be, and a little of the shop-worn is revealed—remember, please, that first choice frequently comes to those with experience.

While I'm on the subject—in the whole length and breadth of Broadway there is no more pathetic object than the beautiful chorine of yesterday upon whom the years have dropped none too gently. Girl has come to her waistline, her hair has undergone several coats of dye and there is that to her face that suggests liftings.

She still calls at the agencies only to receive a polite, friendly

CELEBRATING GOLDEN WEDDING

MR. AND MRS. HENRY D. BOHNENKAMP

Mr. and Mrs. Henry D. Bohnenkamp of Detroit, residents of Escanaba for twenty years, are celebrating their golden wedding anniversary at the home of their daughter, Mrs. L. M. Beggs.

Mr. Bohnenkamp is 74 years of age, was born in Rinkarode, Germany, September 17, 1852, and moved to this country when 19 years old. He was married April 24, 1877, in Kewaunee, Wis. Mrs. Bohnenkamp is 68. She was born in Kewaunee, July 10, 1859. Her father was the first man to settle in this locality.

The aged couple have five children living and thirteen grandchildren. The children are: Theodore Bohnenkamp, 315 North Thirteenth street, Escanaba; A. J. Bohnenkamp, St. Paul; Mrs. John Terens, Bark River; Mrs. R. J. Pearce, Detroit; and Mrs. L. M. Beggs, 516 South Ninth street. All of the children except Mrs. R. J. Pearce of Detroit are here for the anniversary.

Nine of the thirteen grandchildren who will be present are: The Misses Ruth and Arleen Bohnenkamp, of St. Paul; Harold Terens, of Bark River; Miss Janet Stephenson, of Sturgeon, Bay, Wis.; Stanley, Robert, Lyman and Donald Beggs.

Upon arriving in this country from Germany, Mr. Bohnenkamp came directly to the middle-west and was a witness of the great Chicago fire in December, 1871. From Chicago he went to Kewaunee, Wis., where he engaged in the lumber business for six years. In 1877

but positive negative. Sometimes she sinks to the level of the cheap burlesque, when all other efforts fail, and joins that army of ancient looking old mariners who pathetically attempt to carry on the capers of youth.

Not long ago a musical producer, deciding to put on an "Amazon" drill number of the good old type, advertised for "old timers" who again wanted to put on the harness and go to work.

Nearly 300 women of all ages and ages came rushing to the stage door crying for an opportunity to get one last fling at the footlights.

—GILBERT SWAN.

he was married and started the first United States government mill stage running from Kewaunee to Casco, Wis., and operated under that contract for fifteen years.

While a resident of Kewaunee, Mr. Bohnenkamp had an interesting business career. He was elected city marshal in 1892 and was in charge of the first government light for guidance of ships in Kewaunee harbor.

Leaving Kewaunee in 1900 the couple moved to Watson, Mich., where Mr. Bohnenkamp again engaged in the lumber business, operating a saw mill there.

After three years they moved to Escanaba where they made their home until 1922. In 1911 they left this city for a few months' visit in Germany. In 1922 they left Escanaba for Milwaukee where they made their home with their daughter, Mrs. R. J. Pearce. Later they moved to Detroit with Mr. and Mrs. Pearce.

George E. Bishop to Be Speaker at Kiwanis Meeting

George E. Bishop, secretary-manager of the Upper Peninsula Development bureau, will address the Escanaba Kiwanis club at its regular weekly luncheon Monday, in the Ludington hotel, on "Forestry and Forest Fires."

The address will be in line with National Forestry week, and its observance in this locality, it was pointed out by George E. Harvey, county chairman of the national forestry week organization.

Mr. Bishop has made a thorough study of conservation and reforestation, and is a speaker of unusual ability. His message to the Kiwanians is certain to be well worth-while.

FRINGED HAIR

The old boyish bob is no longer smart unless it is relieved by curled ends, or a lock curled forward over each ear to make a little fringe on the cheek.

O'Neill Elected to Michigan U Faculty

Ann Arbor, April 22.—(AP)—Prof. James Milton O'Neill, head of the department of speech of the University of Wisconsin, tonight was elected professor and chairman of the department of speech of the University of Michigan. He succeeds Prof. Thomas C. Trueblood, who retired from the Michigan faculty at the end of the last school year. By Professor O'Neill's designation, the words "public speaking" are eliminated from the name of the Michigan department.

He was at one time editor of the Quarterly Journal of Speech Education and is the author of several books on discussion, speaking and writing. He is one of the past presidents of the National Association of the Teachers of Speech.

Fire Causes \$250 Damage to Home

Fire believed to have started from a spark on the roof caused damage that may total more than \$250 to the Lewis Walker home in Meadow Park farm yesterday afternoon.

When the blaze was noticed, both the Escanaba and North Escanaba fire departments were summoned and arrived just in time to check it with chemicals. With no water connections available the combined chemical tanks of the two trucks were necessary to stop the blaze.

Part of the roof was badly damaged. Smoke spread through the entire house. An upper room was damaged partly by the chemicals and the flames.

"Who is this here Quo Vadis?"

"I dunno, one of them old Roman fellars, I guess."

Do you know who handles your insurance. Do you know the name of the company to whom you must turn should fire, accident or other misfortune leave you little left other than the protection afforded by your insurance policies? WHICH WAY IS RIGHT?
Who has the right claim on big business—Henry Ford or the General Motors Corporation?
Ford has followed his own course and has been enormously successful.

General Motors has followed an opposite course and has gained a superior name as a manufacturer.
Which way is right?
Ford's way is to keep all of the stock in his own hands. His aides are all salaried men; not one (with, of course, the exception of his son Edsel) shares in the business of a stockholder.

CRIME AND PUNISHMENT.
Year by year our crime bill grows, until now, according to such authorities as Mark Prentiss, who organized the National Crime Commission, our annual payment to lawlessness is larger than the combined total of farm products, larger than the entire European debt to this country.

So They Say:
If dancing is the poetry of motion, the Charleston is the vers libre.—Punch.
June is the month of brides. The other eleven are devoted to divorces.—Wall Street Journal.

EDITORIAL
moral law. But their innate animal instincts always keep them in fear of searing, physical pain.
ELEVATING JAZZ.
Now they are starting a campaign to elevate, purify and refine jazz music.

JAYWALKERS.
The traffic commissioner in a large city has announced that hereafter he will pay no attention to traffic accidents in which pedestrians are injured unless those accidents occur at regular cross walks.

FRANKS OF DESTINY.
Destiny plays queer pranks, sometimes.
On the campus of Oberlin College, in Ohio, stands a memorial arch dedicated to the memory of the many Oberlin graduates who were killed in the Boxer rebellion in China.

GOOD VACATION GROUNDS.
Wholly aside from any political effect it may have, President Coolidge's forthcoming vacation in the west will be a good thing for the country.
It will call the attention of many people to the splendid summer vacation grounds of the middle and far west.

The Piffle Hook

HOMER, we are informed, could recite the Odyssey and the Iliad from memory, and what is more interesting, he could even quote lengthy passages of them in Greek.
A home helping quibbler argues us to "rub shiny clothes" with "sandpaper and steam" but rubbing them with steam isn't so easy either.

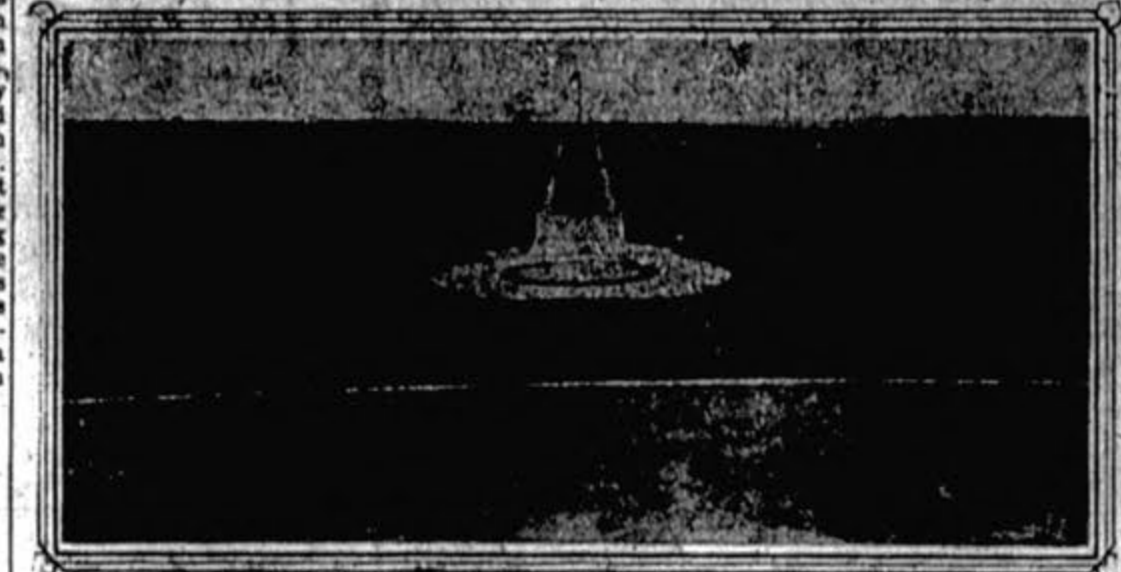

ARTEEBEE
A Short Piece of Lead Pipe Is Just as Effective And Less Noisy.
A member of the faculty at Purdue, arrested as a window peeper, explained that he had been assigned to the task of spying on a girl to ascertain whether she smoked cigarettes. Why didn't he ask her?

SOME FIEND in human form, hiding behind the dark and cowardly curtain of anonymity, mailed us a clipping which described how a frozen dessert may be made from carrots. We shall turn the dangerous and indecent document over the federal postal inspectors and urge them to do their durnest.

THE IRISH SETTER
Thus Ended the Great Molar Mystery.
H.K.R.: The Irish Setter is some detective and I believe before the winty blasts of 1927 are upon us, the mystery of the missing tooth will be as famous as the problems of Sherlock Holmes.

FLOUR TINS.
If cake tins are given to burning, grease them with unsalted fat of some kind, and sift lightly with flour before pouring in batter.
CHINTEZ JACKET.
Charming costumes for outdoors are composed of bright cretonne or chintz jackets and pleated white crepe de chine skirts.

America's Greatest Battle Fought at Meuse-Argonne

After the first phase of America's greatest battle on September 26 and 27, 1918, had well advanced the long line which had its left on the western edge of the Argonne Forest and its right on the banks of the River Meuse, and had moved around and over the great hill of Montfaucon, there was a pause along this sector to the north of that hill.

Relief Sent In
And then the 5th division was sent in to relieve the 3rd. On the 13th and 14th of October units of the 32nd were into the town of Romagne, and sometimes to the right of it where units of the 3rd had been in and out, and where units of the 5th were driving ahead.

Signs Disappearing.
The signs of the battlefields are disappearing, except at places like Montfaucon, where they are purposely preserved. The plow is on the country again, and where it is not plowed, weeds grow up and cover old ruins.

OLD MASTERS
Thou wast not born for death, immortal Bird!
No hungry generations tread thee down;
The voice I hear this passing night was heard
In ancient days by emperor and clown;

DAUGHTERS OF MIDAS

CHAPTER XXXI
"Tell me about you and Nyda before you came to live at Mr. Curtis' house," Dal Romaine suggested, as the roadster sped away from Colfax.

What sort of chap—Banning? Dal asked casually, his eyes on the road.
"Ob, a roughneck, I suppose you'd say, not too chivalrous toward women, not even toward Nyda. But he suited Nyda—then, before she was thrown into luxury and a society for which she was not fitted.

Winnie. He smiled indulgently, as if she were a stubborn child.
"Winnie," and Billy's voice hardened slightly, "was the prettiest girl in the store, and the men spoiled her. She could always get any man she wanted and no girl's best beau was safe if Winnie wanted him. If T. Q. hadn't taken her up, she would probably have married Clyde Stewart, or someone like him, and glad of the chance.

And you? Dal smiled.
"Ob, I'm afflicted with a conscience," she caught her lower lip between her teeth to keep from trembling in the awe of feeling that swept over her. "I'll live up to my contract. Not that I expect to be besieged with offers of marriage," and she flashed that impudent grin at him again.

NEW CURTAINS.
Now is the time to dress up windows with new curtains. If your other rooms do not need them at least the kitchen should have some new checked ginghams or chintz to tell you it is spring.

Right does not always win.
I would not tell you so.
Virtue may lose to sin.

### FOREST WEEK NEEDS CITED

Mayor Urges Citizens to Help Make It Successful.

**PROCLAMATION.**

WHEREAS, President Calvin Coolidge and Gov. Fred W. Green, in proclamations, have urged the nation and the state to observe this week as National Forestry Week; and WHEREAS, the restoration and conservation of forests are of vital importance to the Upper Peninsula of Michigan, and to the City of Escanaba; THEREFORE, I, George G. Geniesse, Mayor of the City of Escanaba, respectfully request and urge that all citizens join, in every way possible, in spreading the lessons of conservation, caution and fire-prevention which the week is intended to teach.

Escanaba, April 23rd.  
GEORGE G. GENIESSE,  
Mayor.

National Forestry Week, set aside for the purpose of calling attention of the people of the United States to the necessity of a definite and constructive reforestation program, as well as the constant menace to remaining stands of timber from forest fires, will be observed in Delta county.

George E. Harvey, county chairman, has appointed committees in every locality, and many organizations, schools, clubs and societies will give all or part of their weekly programs to the subject.

Supplies of literature have been received here. Stickers for automobile windshields also are to be distributed.

Mayor G. Geniesse, in a proclamation issued yesterday, pointed out the especial interest this locality has in forestry and forest-fire prevention, and asked that all the citizens do what they can to "spread the gospel."

The Escanaba Kiwanis club's entire program Monday will be occupied by forestry topics. The speaker will be George E. Bishop of the Upper Peninsula Development Bureau, who has made a special study of the problem as it applies to the peninsula, and who is able to discuss the subject in an interesting manner.

### Lutheran Delegates to Attend Meeting

Rev. C. A. Lund, pastor of the Swedish Evangelical Lutheran Bethany church, of this city, and delegates from several organizations will attend the annual meeting of the Superior conference, April 28 to May 1 at Ironwood.

Rev. Lund will leave Tuesday for the conference while laymen will leave later in the week. Following are the delegates who will attend: John Back, delegate of the congregation; Mrs. C. Albert Lund, president of the Women's Missionary society of the conference; Miss Anna Anderson, president Green Bay district of Women's Missionary society; Miss Edith Carlson, Conference Junior Mission band secretary; Mrs. Andrew Dahlberg, delegate from local Women's Missionary society; Miss Edith Lindstrom, local Junior leader; Miss Tori Nelson, delegate from the local Young Women's Missionary society.

Fred and John Wilson of Milwaukee are visiting friends in the city over the week-end.

### CITY BRIEFS

Lyle Tonne, a student at the Michigan College of Mines, is spending a few days at the home of his parents, Mr. and Mrs. William Tonne, South Eleventh street.

Mr. and Mrs. A. J. Jahnkamp and son Carl of St. Paul are in the city to spend a few days with relatives.

Miss Janet Stephenson of Sturgeon Bay, Wis., is spending a few days with relatives in Escanaba.

Iver Soderberg has returned from a visit in Crystal Falls.

Mr. and Mrs. John Carlinski have returned to Iron Mountain after a visit in this city.

Miss Florence Leclair left yesterday for Perkins where she will visit for a few days.

Miss Eleanor Voelker and brother Robert of Brampton were visitors in the city Saturday.

Miss Marie Kleiman of Milwaukee is visiting at the home of her sister, Mrs. Emil Perrow, First avenue south.

Mr. and Mrs. George Poupore of Iron Mountain have returned to their home after a visit at the home of Mrs. J. Sharkey, South Tenth street.

Mrs. H. E. Olson will leave this evening for Chicago for a visit.

Miss Mary Wagner left last night for Chicago where she will be employed.

Mrs. George Page of Gladstone visited here yesterday enroute to Menominee where she will visit for a few days.

J. Hector Lahala left yesterday for Menominee on business.

Mrs. H. Lahala, who has been a patient at the University hospital at Ann Arbor for several weeks, is reported as improving slowly.

Miss Yvonne St. Pierre, Miss Eva Grenier, Miss M. Shandonay, Miss

L. Servant of this city and Miss Mary Mercier of Garden have returned to Holy Family convent at Manitowoc, Wis., after an Easter vacation at the homes of their parents.

Mr. and Mrs. James Nelson of Chicago are spending the week-end with friends in the city.

The Misses Anna and Rose LeFebvre have returned to Milwaukee after spending the Easter holiday at the parental home on South Twelfth street.

### CORNS

Removal guaranteed with Ellsworth's Corn Remedy. Money back if it fails. 25c per bottle.

Sold only by ELLSWORTH'S DRUG STORE, Escanaba, Mich.

There's a lot of pleasure in knowing that your motor is going to run along mile after mile without the slightest trouble due to gasoline or oil. It takes superior fuels to make this possible. That's exactly what QUALITY is.

(Quality Gasoline and Quality Oils) have proven the best for 16 years.

HANSEN & JENSEN OIL CO.  
Oldest Independent Oil Dealers in Delta County.

## Masterful Power

Over the top with plenty to spare

Hills that have been the traditional test for motordom's most powerful cars are topped by the Hudson Super-Six on a rising speedometer.

Alertness and immediate response to the throttle account for the way the New Hudson Super-Six takes advantage of every driving opportunity.

There is no motor labor. There is no sense of the mechanical. All feeling that there is a motor and complicated mechanism is absent.

And whether in city driving or in high sustained speed over country roads the action and comfort of your Hudson is the very luxury of motion.

# OUTSELLS

Because It Excels Every Other Six of Its Price

60 miles plus—with exceptional ease 7-bearing crankshaft 4-wheel hydraulic brakes

Sedan \$1245 f. o. b. Detroit

Its tremendous popularity is evidence that the Chrysler "60" offers a type of performance so utterly different as to stamp it unique in its field and at its price.

The public has enthusiastically preferred its outstanding qualities of dash and vigor and aliveness and riding comfort—and while this success was early assured, it was never for an instant expected to assume the startling proportions of Chrysler "60" sales today.

Drive the Chrysler "60" yourself and you'll instantly appreciate the unique character of its performance.

You'll realize then why public preference of its smooth 60-mile-an-hour performance, its economy, its easy steering, its smooth riding and its safety, has played such an important part in raising Chrysler from 27th to 4th place in three years.

Chrysler dealers are in position to extend the convenience of time payments. Ask about Chrysler's attractive plan. All Chrysler cars are protected against theft under the Egedco System of numbering.

YOUR MOST PRICELESS POSSESSION
How few of us ever stop to think of the relation between good eyes and good health!
We would part with almost any member of the body rather than our eyes, yet we abuse and neglect our eyesight more than any other human organ. Eye-strain is responsible for many things, especially headaches and "nerves."
For most other ailments we run to the doctor on the slightest provocation. We are even learning to make regular visits to the dentist. Yet, these all important organs are neglected, when an examination would reveal the cause and give the basis for their correction. Why not, regularly, have your eyes examined? Then you will KNOW their exact condition.

NASH Leads the World in Motor Car Value

You can see why Nash has extra power

Advertisement for Wolverine Motor Co. Includes text: 'The extra power that makes Nash a more capable car to drive, particularly on the hills or in dense traffic, is directly due to extra-efficient design. The Nash Straight Line Drive, for instance, diagrammed above. Nash power flows directly from the engine to the rear axle in a straight line. There are no angles along the route to waste energy, as there would be if the motor were mounted parallel to the frame, as the ordinary motor is. The Straight Line Drive accounts in part for Nash aggressiveness—for the powerful pick-up at low speeds (where you need it most). You will always notice it is the Nash that gets away soonest when the traffic starts. The Straight Line Drive also avoids wear on the universal joints, and thereby prevents noise and looseness. Of course, it takes a little longer and costs more to build Nash this better way—But any Nash owner will tell you it makes a lot of difference in the results he gets. Drive a Nash, before you decide which car to buy! [26 Different Nash Models at from \$865 to \$2090 f. o. b. factory] Wolverine Motor Co. 816-820 LUDINGTON STREET. ESCANABA, MICH. EXTRA HOURS OF EXTRA CARE IN EVERY NASH.'

Large advertisement for Diamond Tires. Includes text: 'We are Looking for A MAN! We want to find a man who has not used Diamond Tires. We want to show him what economy and value he's missing. If he will use Diamond Tires on his car we will continue to sell him Diamond Tires in the years to come. Diamond service makes satisfied customers. Our business has been built by Diamond quality. Once a Diamond user, always a Diamond user is a saying that has more truth than poetry in it. If you are the motorist who has not used Diamonds, come in. We have something that will interest you.' Includes an illustration of a Diamond tire and a person standing next to it.

Large advertisement for 'Insure in April' campaign. Includes text: 'Insure in April. Going Strong! AUTOMOBILE owners are rousing out of their apathy. Everyone is talking automobile insurance, and very few who consider it are postponing its advantages. For few can resist the logic of protection against heart-breaking, ruinous damage suits in these days of continual accidents. Reports from all over the state indicate that people generally are awake to the advantages of care-free driving, unworried by fears of costly lawsuits, false testimony, adverse verdicts and bankrupting settlements. Your fellow townsmen, the insurance agents who are conducting this "Insure in April" Campaign, and the stock companies that back their policies with all their assets, deeply appreciate the splendid response to their efforts. April will be a record breaking month in their history, and a month to be remembered with satisfaction by every automobile owner who heeds the warning—"Insure in April"'. Includes an illustration of a car and a large sign that says 'Insure in April'.

Concert at Church Tonight

John Agnew One of Last of Old "Pine Woodsmen"

Concert, including "Open the Gates of Temple," sung by Evan Williams...

John Agnew, 78-year-old fireman at the Delta county poor farm, who died Friday from injuries received...

Mr. Agnew was a member of one of the old substantial families of central Wisconsin...

Program is as follows: "Melodie in F" (Rockwell), "Hymn No. 61, v. 1, 4."

He was six feet two inches tall and possessed of tremendous strength and almost boundless energy...

Among the old-timers he was widely known and immensely popular. News of his death yesterday recalled to many of the men, much younger than himself...

Response—"Jesus Saviour Pilot Me"—Henry Burr with Orchestra. Announcement.

He came to this locality from Wisconsin about 45 years ago. His fellow workmen knew him as a man who could be depended upon to swing an axe or drive logs with the best of them...

The body will remain at the Alto Funeral Home until this evening when it will be shipped to Mapleton, Wis. where funeral services will be held Monday in the Catholic church.

Prayer. Response—"Jesus Saviour Pilot Me"—Henry Burr with Orchestra. Announcement.

He was six feet two inches tall and possessed of tremendous strength and almost boundless energy until a few years ago when old age began to make itself manifest.

Among the old-timers he was widely known and immensely popular. News of his death yesterday recalled to many of the men, much younger than himself...

BRIEFLY TOLD

Message for Victor Blazing—T. J. Curran, 215 Ogden avenue, received a telephone message from Munsing for Victor Blazing...

ure, as Peterson's orchestra has earned an enviable reputation as disseminators of high-grade music for dancing.

At the Coliseum—The Coliseum will be open for its regular Sunday skating program tonight. There will be only two more evening skating parties before the closing of the rink.

St. Joseph Dance—Mothers and fathers of the St. Joseph's P. T. A. sponsored a dance for high school students in St. Joseph's hall Friday night.

Peterson's Orchestra—By special arrangement Terrace Gardens has secured the Walter F. Peterson eight-piece orchestra for Wednesday night, April 27.

Westminster Circle Meet—Members of the Westminster Circle will meet at the Presbyterian church parlors Monday, April 25, at 7:15 o'clock.

That's That. MAGISTRATE: You are charged with striking the plaintiff and injuring her.

M. B. A. Meet—The Modern Brotherhood of America will hold their regular meeting Monday evening at the North Star hall at the usual hour.

**MARJORIE JANE GELZMAN** is only 16 months of age and doesn't talk very plainly yet, but she can make a set of trap drums get up and give a speech. The Cleveland tot recently played with an orchestra at an entertainment and more than 500 persons marveled at her uncanny sense of rhythm. She can play a mouth organ, too.

"**YOU MIGHT call me the feminine Jesse James,"** said 18-year-old Anita Del Valle to Arizona officers. "I'm from Toronto, and have been nearly everywhere and seen everything." Officers at Tombstone, Ariz., detained Anita and jailed a male companion for banditry.

**UNBOBBED IS** pretty Ruth McCauley, who has been designated by her fellow students to reign at the forthcoming campus carnival at Swarthmore College. Her mother, Mrs. E. M. H. McCauley, is Pennsylvania state director of public welfare.

**CROWDS ON A** street corner in Rapid City, S. D., recently saw a wisp-like girl of 18, whip one of the city's well known merchants. The girl was Miss Nell Kirby, the whip was a rawhide riding quirt and the man was S. O. Smith, bakery proprietor. The Miss Kirby filed suit for \$10,000 damages against Smith, charging slander. Smith swore out a counter complaint, charging disturbance of the peace.

**THE COMTESSE ALEXANDRA DAGMAR FIANCES** MARGRETHE of Rosenberg flatly declined to be interviewed the other day at Arcadia, Calif., where her parents, the Prince and Princess Erik of Denmark, live on their estate. But she sleepily consented to pose. The princess, her mother, is holding her. She is the former Lois Booth, daughter of the Canadian lumber king.

**FROM A SEA-GULL,** Leonard W. Bonney obtained inspiration for design of his airplane. It proved successful by forthcoming tests at Mitchel Field, Long Island, he hopes that it will revolutionize airplane construction. By means of a hydraulic appliance, the angle of incidence of the wings may be changed at will. One advantage this aMords is that by turning them to a vertical position as the plane touches the ground upon descending, it "can be stopped on a handkerchief."

**THE BIG ONE** is Babe Ruth and the little one is Charlene, and the photo shows how glad Charlene, who is just one of the many crippled kids at the Junior League home in Nashville, Tenn., was when the big Bambino visited the home before opening day. Babe has received many ovations, but the one he received from the youngsters at Nashville tops 'em all. Charlene, however, was the only one who really showed her affection—she gave him her biggest hug!

The girls are carrying spare stockings with them these days because when they go out for a walk, a run spoils everything. This one is carried in a garter, folded just like the garters fold their hose. Betty Jewell, of Hollywood, is demonstrating.

**JOHN J. PERSHING,** general of the armies, salutes the French unknown soldier at the Arc d'Triumph in Paris, after placing on the tomb a wreath commemorating the tenth anniversary of America's entry into the World War. On the general's left stands James F. Barton, of Fort Dodge, Ia., national adjutant of the American Legion.

**ANOTHER RECORD**—White Acosta and Chamberlain were smashing the world's endurance flight record at New York, Lieutenant George R. Henderson, Navy pilot, attained an altitude of 24,303 feet over Anacostia, D. C., with a useful load of 500 kilograms—the highest a seaplane ever ascended with such a burden.

**JANE KENDALL,** Washington society beauty, has been described by Mrs. Coolidge as "the prettiest girl who ever entered the White House." Must be right! This charming shot of Jane was made upon her return to New York from Paris, where she bought a trousseau for her marriage to George Grant Mason, Jr.

**HELEN KONKAK,** police say, is Chicago's first baldheaded flapper bandit queen. With three men companions she fought off a shotgun squad of bluecoats until overcome by tear bombs. She lost her blond hair through a scalp disease, she told police.

**WORD FROM PARIS** that Countess von Hoogstraeten, nee M'Ilcent Rogers, has obtained a divorce recalled start of the von Hoogstraeten's honeymoon after their unceremonious marriage in New York in January, 1924, as pictured here. The photo was made as the newlyweds sailed for Europe.

**NINE RAILROAD PRESIDENTS** were among the 300 railroad officials who gathered recently at Omaha, Neb., to honor Carl Gray, on the observance of Mr. Gray's seventh year as head of the Union Pacific. They are, left to right: (sitting) W. G. Bierd, president, Chicago and Alton; T. C. Powell, president, Chicago and Eastern Illinois; H. E. Byram, receiver for the Milwaukee; (standing) Charles Donally, president Northern Pacific; Fred W. Sargent, president, Northwestern; Carl R. Gray, president, Union Pacific; L. A. Downs, president, Illinois Central; Colonel N. L. Howard, president, Great Western; J. E. Gorman, president, Rock Island.

**JUDGE IGNACIO BATO,** Mexico Justice of the peace, finally submits to the camera he so studiously evaded after marrying the eloping Charlie Chaplin and Lita Grey in his home at Empalme, Sonora, Mexico. Here is the judge and his humble abode. Undoubtedly they will come in for frequent mention at the forthcoming trial of Chaplin's divorce suit.

# THOUSANDS OF TROUT ARRIVE

## Herman Liesner Engaged in Spring Fish Planting.

More than 400,000 advanced brook trout fry are being planted in the streams of this section by the state department of conservation, it was made known here yesterday by Warden Herman Liesner. All the streams in Delta and Menominee county have been stocked with the baby trout, 140 cans, averaging about 2000 fish to a can. Mr. Liesner said. Seventy cans will be planted Monday in the Nahma region, and in streams reached by the Nahma & Northern railroad, and about 40 cans will be taken north to the creeks and streams in the Trenary section, and the headwaters of the Whitefish.

Planting conditions are first rate, Mr. Liesner said. The fish, raised at the Thompson hatchery, apparently are sturdy and healthy for their age, and should have a good chance of surviving.

More fish from Thompson will be planted in this region later. Mr. Liesner's new patrol boat, a craft captured from run runners in the Detroit area, is being put into condition and will be started on her season's work shortly.

### SOCIAL

#### Birthday Party.

Miss Camille Milecki was pleasantly surprised at the home of her parents yesterday, the occasion being her twelfth birthday anniversary. Miss Milecki was presented with many pretty gifts. The following were present: Yerna and Evelyn Stockemer, Marie and Louise Boucher, Margaret and Bernice LaComb, Mildred and Lorraine Taylor, Stella and Ladema Johnson, Frances Cashin, Leona Vanderlin and Bernice Milecki.

Now read the classified page.

# Abner Bangs Refuses to Lease Home to Coolidge

Misery Bay, April 23. (To the Editor)—Several numerous people have approached me to write an invitation to President J. Calvin Coolidge and family to spend their summer vacations at Misery Bay. If you will recollectively recall correctly right, I don't that self-same identical thing last summer. I penned him a voluminous letter in the media of your valuable paper and I have not yet to date received an answer back in return from him. I can not afford to be wasting stamps on people that will not write to me, especially people that does not have to pay postage.

In addition besides, I have not fully decided that I want to surrender my place to the Coolidge family. In the first place I suppose they would want to paint it white and when a fellow is trying to approachfully enter a white house after darkness has fallen, it is hard to distinguish it from the birches and the dainty white undermentionables on the clothes line in the second place. Personally, I always prefer an unpainted house, because you don't have to fret about whether it will need another coat in the Spring.

They tell me these city people are awfully wasteful of victuals and if I rented it to them I suppose I would have to buy a new garbage can. I would not think of giving up my new garage and Cal would have to let his car stand outside, which it might be stole on him, and we would also have to buy some new dishes for them because my wife says nobody can ever use that watermelon plate with the forget-me-nots and splash plants painted on it she got for taking up a soap order. Cal takes cold easy and I would have to plug up the leak in my dory, so he would not get his feet wet, and his secretaries and visitors would probably no doubt eat up all the dandelions and grapes on the place which I have got other uses for.

I do not see why the president of the United States anyway wants to be bothering people by trying

to rent a furnished home. He can not expect to stay in Washington forever and it looks like they would be looking for a permanent location somewhere and buy or build.

Another thing, I suppose there would be several newspaper men hanging around a good deal of the time and asking me "how do you spell maintenance" and other hard words and wanting to photograph my picture for the public prints, which I got plenty of publicity that time I started the whole ranch in the bay out here nearby in close approximation to my home. There would be lots of dancing and parties going on, and Nate Heppson would have to get his accordion vulvarized where it leaks and I would have to learn some new tunes on my fiddle. Andy Skaggs would have to get ready to sell a lot more sandwiches on his barbecue lunch and goodness knows Andy's wife has all she can take care of now, with Andy all stove up, with inflammatory rheumatism in the vertebrae of his back.

No, taking it all and all, I think if the Coolidge family goes somewhere else for the summer, I for one will be perfectly contented and fairly well satisfied.

But of course, if they insist on taking my place, the only thing I can do will be to let them have it under protective demurrer and charge them an exorbitant plenty for rent.

Sincerely & Truly,  
ABNER BANGS, esq.  
P. S.: The school teacher that boards at my place says Coolidge

### AMUSEMENTS

**TODAY'S PROGRAMS.**  
At the Delft: "Ankles Proffered," with Madge Bellamy, Lawrence Gray, J. Farrell McDonald and other "well-knowns" in the cast.  
At the Strand: "The Deadline," a western picture in which Bob Custer is starred.

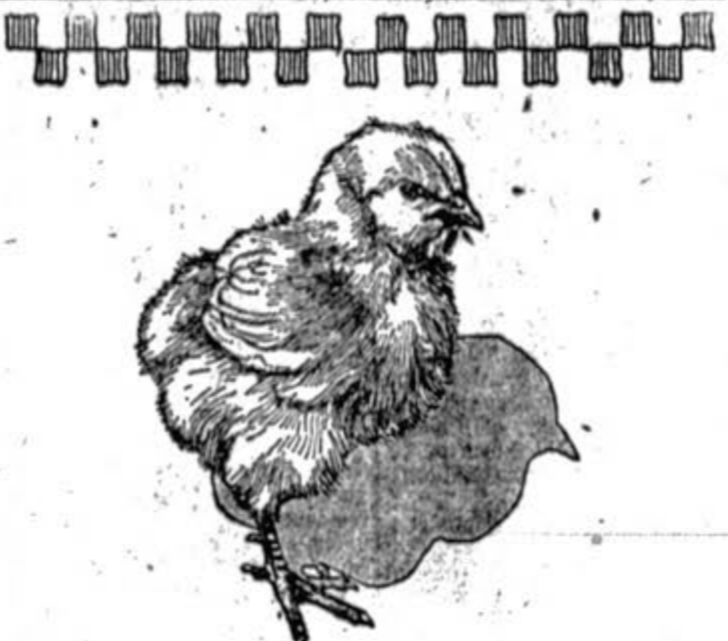

**AT THE STRAND.**  
Eva Novak, is the star in "Duty's Reward" at the Strand Monday and Tuesday. In the role of the heroine of this stirring drama of police and politics Miss Novak has a chance to display her talents to good advantage.  
Other members of the five star cast of this Elites Picture are George Fawcett, Alan Roscoe, Lou

Archer and Vincent Brownell, Bertram Bracken as director and A. B. Barringer as author have given to film fans another exciting story.

**THE MUSIC MASTER.**  
"The Music Master," a revival of the famous stage play with the veteran Alec B. Francis in the title role, will come to the Delft theatre Monday and Tuesday. A New York reviewer said of the picture:  
Alec Francis, in the title role, does the best work of his career, portraying the lonely old musician with great sympathy and feeling.  
Lois Moran brings to the role of the daughter that subtle spiritual quality which, combined with her youth and beauty, has made her one of the most promising of the young screen stars.

coming out here would be splendid advertising for Misery Bay. I grant her that, but I am not one of these publicity fiends that is willing to sacrifice my home and all that I ownfully possess just to get my name in the paper.  
—A. B.

**CHICHESTERS PILLS**  
FOR ALL KINDS OF COLIC, BRUISES, AND ALL THE AFFECTIONS OF THE BOWELS. They are the only pills that are safe for the young and old. They are sold by all druggists everywhere.

## Will you give a Penny for its Life?

IT costs one cent more per chick to feed Purina Poultry Chows for the first six weeks than to feed uncertain unbalanced mixtures. Of the chicks fed average mixtures 50% die. Purina saves 90%. It costs a lot more to let chicks die than to save them. The best feed you can buy is by far, the cheapest. You can save a cent—or a life. Which will it be?

Phone us your answer.

**This is THE MOST BEAUTIFUL CAR IN AMERICA**

6-75 Sedan \$1695

6-75 Cabriolet, \$1995

Topping the "Sixes" in the wide Paige line of "Sixes" and "Eights" is the magnificent 6-75. This Paige is a big car; extremely well made, and beautifully styled. And yet it is not costly. Indeed its price is so moderate, in relation to its size and luxury, that it is attracting many of those who prefer the greater comfort of a large automobile.

Much of the charm of the 6-75 models is due to the consummate skill with which Paige body designers have achieved interior roominess without sacrifice of graceful exterior lines. Notice the graceful sweep that extends from the ball back of the top to the tip of the front fender. Note the great length of the car, and its lowness accentuated by the clever blending of the two tone colors.

To appreciate fully the true magnificence of this motor car, you must sink into its luxuriously upholstered cushions, take its wheel and actually drive. For in addition to its great beauty, and its exquisite appointments—it performs beautifully. When may we take you on a demonstration drive—there's no obligation?

The 6-75 5-passenger Sedan illustrated above lists at the factory for only \$1695. A 7-passenger Sedan, a Limousine, a Coupe, a Cabriolet Roadster, and a smart Phaeton are also available on the 6-75 chassis at similarly low prices. The complete Paige line of twenty models offers a wide variety of selection at prices from \$1095 to \$2795. All prices f. o. b. factory.

**SUITS THE TASTE OF EACH... FILLS THE NEEDS OF ALL**

**A CAR FOR THE WHOLE FAMILY**

Because it is so attractive, dependable, safe and easily operated, Oldsmobile is continually referred to as an ideal car for women. Because it is so smart, so lively in performance, it delights the spirited generation of the teens. Because it is so solidly comfortable and reliable, so thoroughly excellent, so thrifty in operation and so long of life, it represents both wise selection and sound investment for the man. Father, mother, sister, brother—it suits the taste of each, fills the needs of all... and Oldsmobile Six has come into its own as the car for the American family.

**WHITE PINE**

**Use WHITE PINE For All Exterior FINISHING**

Specify **WHITE PINE**

No other lumber will stand the continual onslaught of the elements as long and as successfully as WHITE PINE. In fact, for a great many years, it was generally believed that WHITE PINE was the only lumber for all building purposes. This belief resulted from the marvelous service homes constructed of WHITE PINE rendered.

We carry a complete stock of WHITE PINE lumber which we recommend for the more important phases of outside construction such as siding, window frames and other exterior finishing. It may also be used for interior trim.

MARKET NEWS

BIDDING SHIFTS TO RAIL STOCKS

STOCK SALES AVERAGES. Twenty Twenty Saturday - 154.09 141.65 Friday - 154.29 141.40 Week ago - 153.67 139.88 Year ago - 131.41 112.94 High 1927 - 154.29 141.65 Low 1927 - 141.23 125.58 Total stock sales 1,204,900 shares.

New York, April 23-(AP)-Chief speculation interest in today's brief session of the stock market switched from the industrials to the rails, several of which attained record high prices.

Heavy accumulation of the rails presumably was in anticipation of the appearance of several excellent March earnings statements next week.

Consolidated Gas, Erie Railroad, Pennsylvania, and Chesapeake & Ohio also reached new high ground.

Renewed selling of the motors may have been inspired by the publication of the annual report of the Yellow Truck and Coach company which showed a net profit of \$750,178 as compared with \$2,330,748 in 1926.

A further advance in Italian lire to around 5.25 cents, the highest since May 1922, was the only change of consequence in the foreign exchange market.

CHICAGO GRAIN

Chicago, April 23-Corn advanced the grain markets today by scoring a substantial independent advance. Prospects that deliveries of corn in May contracts have will be less of a burden than has been looked for of late were largely responsible.

CHICAGO LIVESTOCK

Chicago, April 23-Hogs, receipts 4,000; heavy weight hogs, 18.10 to 18.50; medium, 18.25 to 18.50; light, 18.50 to 19.00; light hogs, 18.50 to 19.00.

CHICAGO POTATOES

Chicago, April 23-Potatoes, receipts, new 6 cars, old 13 cars; on track, new 65, old 209; total United States shipments 689; old stock supplies liberal, demand and trading slow, market firm.

CHICAGO BUTTER

Chicago, April 23-Liberal offerings of butter today and very little buying interest resulted in a rather sharp decline on all grades.

BEHIVE STITCHING

Yokes of wraps are sometimes trimmed with beehive stitching, giving the effect of lattice work confining the fullness.

QUARTET PLEASES CROWD

George Campbell's Chicago Boys Give Excellent Entertainment.

George W. Campbell's quartet from Chicago Y. M. C. A. college poured a generous quantity of intimate harmony into the ears of a good-sized audience in the high school auditorium last night and the audience, on the first ballot, found the boys guilty of being exceptionally clever and satisfactory entertainers and songsters.

The program ranged from a four-part arrangement of the "Lucia Sextet" and favorite and familiar hymns, to negro spirituals, ballads, humorous songs and the variety of ditties commonly known as "nut stuff," presumably because they are.

Mr. Campbell, remembered and loved because of his song-leadership at several Upper Peninsula Older Boys conferences, including the one here last February, is the baritone, director, accompanist, master-of-ceremonies and leading comedian of the quartet.

B. W. Kincaid is the first tenor, Dean Upson the second tenor, and Guy Cronoe the bass.

The concert was given under the auspices of the Mortarboard society of the high school.

SMITH BOOKED FOR TWO TALKS

Engineer to Address Woman's Club and Forum Thursday.

Leonard S. Smith of Madison, consulting engineer whose plan for re-establishing the Ludington park bathing beach and swimming pool are now under consideration by the city council, will return to this city next Thursday for two addresses.

OBITUARY

MISS HELEN BODA. The body of Miss Helen Boda was removed from the Allo Funeral Home to the home of her sister, Mrs. Peter Blake, 298 North Eleventh street, Saturday afternoon where it will remain until Monday morning when funeral services will be held at St. Anne's church at 9 o'clock, with Rev. Fr. R. G. Jacques as celebrant at the requiem high mass.

Burial will be in the family lot in St. Anne's cemetery. Members of St. Anne's Altar society will meet at St. Anne's hall Monday morning at 8:30 o'clock to attend the funeral services in a body.

Carolina Agitated by Leper's Escape

Raleigh, N. C., April 23—(P)—Agitation of North Carolina officials over the presence in the state of John Early, escaped inmate of the Carville, La., leper camp, today led to issuance of an order for his arrest and return to Carville. The order was sent to Sheriff Hugh Banks of Yancey county by Charles Laughlinhouse, state health officer, but at Burnsville, near which town Early has encamped in the mountains, Sheriff Banks cogitated upon his task with misgiving. The sheriff late today had found no volunteers willing to take the man into custody and accompany him home.

Busses Will Meet Powers Mail Train

Although North Western train No. 221, arriving here at 8:35 a. m. from Chicago, will be discontinued tomorrow mail service will not be impaired. John A. Semer, postmaster, announced yesterday. Arrangements have been made with the Gray Transportation Co. whereby the busses will carry the mail from Powers to Escanaba, meeting No. 221 at Powers each morning.
