IDOL OF KINGS GOES HOME TO SEE HIS PALS

5,000 AWAIT LINDBERGH'S ARRIVAL IN RAIN.

St. Louis, Mo., June 17.—(AP)—A graceful, silver monoplane, trailed by a work-worn biplane of the U. S. air mail service, hummed suddenly out of the deep haze over Lambert-St. Louis field at 3:32 o'clock this afternoon and five minutes later Col. Charles A. Lindbergh was home.

Of all the planes up to meet the world-acclaimed hero only that piloted by a buddy of the air mail service from which the young history-maker is on leave, was able to find him in the murky 15 miles between the flying field and St. Louis. It was flown by Philip R. "Red" Love and carried an Associated Press correspondent as a passenger.

Hundreds of thousands of St. Louisians grouped on roofs, river banks and in open spaces had cheered "Lucky Slim" to an echo perhaps inaudible to him as for 20 minutes he maneuvered his "Spirit of St. Louis" over the downtown and residence districts, cavorting in sweeps and swirls of sheer joy at being again over his own home town.

But it remained for Love to be the first to greet the intrepid pilot of the air and guide him to Lambert-St. Louis field, where 5,000 rain-drenched men and women, including the world-famous young flyer's mother, Mrs. Evangeline Lodge Lindbergh and Dwight Davis of St. Louis, secretary of war, waited to greet him.

ently sought to make up for its enthusiasm. "Slim" soared low over the row of hangars, banked, swept over the heads of the crowd and headed again into the wind. He quartered back, "crabbing", that is, going forward sideways and again turned, looping up over the crowd, and slanting his beloved ship into the wind for a landing on the precise spot marked off for him by strips of white cloth laid upon the ground.

Beautiful landing. It was a typical Lindbergh landing, a sharp turn and a side slip—and light as a feather. Immediately his plane was surrounded by olive drab garbed soldiers, who locked hands in circles about the Spirit of St. Louis.

The crowd apparently awed by the return of the youth acclaimed by President Coolidge and the kings of Belgium and England as the era's outstanding hero, fell silent. They remained perfectly still and there was only the sound of Colonel Lindbergh's motor as he whirled and taxied over to the reception committee.

Then there went up a relieved cheer. Another rent the air when Lindbergh opened the door of his plane and slowly crawled out, apparently as fresh as a daisy except for a smudge of grease along one cheek. There was a continuation of cheering at his every movement, while he performed the double function of unlimbering and walking up and down for photographers, while he shook hands with some of his backers in the flight, while he was being greeted by his mother, and while he walked to the automobile in which he was whisked away from the field within 10 minutes after he landed.

Remains in Car. Until her illustrious son had seen to the condition of his ship, posed for the picture-machines and greeted a few of his friends, Mrs. Lindbergh remained in the backgrounds. She arrived at the field more than an hour before Lindbergh was due, and sat quietly in a big, closed motor-car until he was reported over St. Louis. Despite a driving rain falling at the time, she left the car then and walked out on the field, using her open umbrella to shield herself from photographers. Policemen drove away the picture men.

STOCK CO. PROBED. Wilmington, Del., June 17.—(P)—Stock selling activities of the Lindbergh Aeronautics corporation, represented here by Vincent Dudas, of Cleveland, in which state the company was formed recently, are being investigated by the William J. Burns Detective Agency, at the instance of the Wilmington Chamber of Commerce. It was learned today, investigators have learned, they said, that the corporation, capitalized at \$500,000, was planning to sell one million shares of no par value stock at \$100 a share.

Application has been made at the local postoffice, they determined further, for 100,000 envelopes, the intention being to circulate in Wilmington, Flint, Mich., Trenton, N. J., and especially Newark, N. J., "Do Everything." The prospectus of the company which led to the commerce body's action states that "The Lindbergh Aeronautics corporation has been organized under the laws of Ohio to manufacture and sell airplanes and do everything pertaining to aeronautics." Temporary directors were named as: Oscar P. Lindbergh, A. C. Kearney, W. M. Fisher, Eugene Bailey and E. E. McClelland of Cleveland. The prospectus was signed: "The Lindbergh Aeronautics Corporation, Equitable Trust Building, Wilmington, Del. (and in many other cities soon)."

Dudas was reported by Burns agents to have told them the company "hoped to push the sale of stock over quickly due to Colonel Charles A. Lindbergh's popularity." The trans-Atlantic flyer would not be president of the company, Dudas said, but most likely would be made vice president.

Different Spelling. Dudas further told the agents, they said, that the stock selling campaign was begun here because "Delaware had no supervision of sale securities." The local salesman also called attention to the difference in spelling as between the company's name and that of the New York-to-Paris flyer.

Awaiting hearing in federal court for removal to Oregon on charges of robbing the mails and killing four men, Ray De Autremont (circle) and his brother, Roy, were held under close guard in jail at Steubenville, O., where they were captured. KANSAS PAPER GROWS UNDER BLIND EDITOR

Coldwater, Kan.—Although its editor has been without sight for the past 17 years, the Western Star, published here, is one of the leading newspapers in Kansas and has steadily gained in advertising patronage, circulation and size for 29 years.

The weekly was purchased in 1898 by H. V. Butcher, who had been a school teacher and superintendent. In 1910, after an operation for the removal of cataracts, his sight began to fail and in a short time he was unable to read at all. Undaunted, Butcher carried on. Two nephews, Ward and Merle Butcher, became associated with him and took charge of the mechanical end of the business.

WAR GRAVES BEING MARKED PERMANENTLY

Suresnes, France.—Marble crosses are being raised to mark permanently the resting places of the 30,000 American soldiers buried in France. General Pershing was present when the first cross was placed here over the grave of Hugh W. Pruett, of Texas, private of the 167th infantry, 42nd Division of the A. E. F., who died October 29, 1918.

Before Memorial Day several hundred of the marble crosses will have been erected here where 1,500 soldiers lie in the American military cemetery. Impressive ceremonies are observed in the cemetery each Memorial Day and flowers are placed upon all graves. The crosses, which are made at Pietrasanta, Italy, are 40 inches high and 20 inches across. The inscription is more complete than it was on the wooden crosses. Name, rank, regiment, branch of service, division, state and date of birth are carved on the marble.

SLEEVELESS SWEATER. Dainty sleeveless sweaters, worn this spring under suits, are being replaced by sweaters with sleeves that have sleeveless sweater coats over them.

Dearborn Celebrates Hundredth Birthday

Detroit, June 17.—(P)—With the assistance of Henry Ford, Dearborn today celebrated its 100th birthday. The observance lasted most of the day and into the night.

Ford and his son, Edsel, participated in the morning exercises when "Satella," one of the first locomotives to pass through Dearborn on the Michigan Central, was steamed up, and using the interurban tracks, furnished the feature of the early part of the performance by puffing through the village with the Fords as passengers. A second trip was made in the afternoon, without the Fords, but L. W. Howe, whose father was the first Michigan Central station agent in the village, had a part.

An historical parade, in which old-time vehicles and dress played an important part, was held in the afternoon. Henry Ford and Mrs. Ford viewed the parade from their automobile. The parade told the story of transportation, with wagons, carriages, the first Ford automobile and the 15,000,000th machine in the line of march. Airplanes from the Ford airport circled overhead.

MR. HERBERT J ARVIN BROWNE, the world's long distance weather forecaster, reiterates that the year 1927 will be summerless. There will be killing frosts in July, he avers, and food crops will be reduced to an extent which will bring the world face-to-face with famine.

HKR: Prof. Ross told a crowd at the high school Thursday night that the world is getting better. The news wires report that June marriage records are being broken in a number of large cities.

ACCUSATIONS that colleges are not keeping pace with modern ideals appear to be refuted in the news that students stuffed the ballot boxes in a campus election at Cornell university.

Jumping the Breath

CHAPTER XIX
The old man, glad to receive another auditor, thrust out his skinny hands. "He has escaped," he mumbled excitedly.

"When did he get out?" "Last night, the gendarme have tell me. Or three morning early maybe. They do not know. Bad man, Leemey. He kill other man soon, too. You see, maybe. Nice Englishman, nice; bad Englishman, bad, worse more than bad Brazilian, bad Italian, bad anything. Kill somebody, you see may be. You go see self, you don't believe me he escape, you go."

"I have never seen so many tiny ... lakes." The old man said, as he stood on an abrupt red cliff and looked at the watery surfaces dotting the black vista unfolded before him.

"I don't know, but I do know that as Elise said it makes it awfully dangerous here in the flood seasons, particularly when the rain comes down as hard as it is coming now."

Her cousin flicked some cards in his long fingers, then extracting the queen of spades with a few deft strokes of the pencil changed the outlines of the crowned head, and sketched in a few figures behind it. He gave the card to Elise.

With an appearance of being quite casual, Vilak began kicking about the leaves to see what he could discover. Finding nothing here, in the course of conversation he gained the other's permission to visit the inside. In a dark corner of the cell, something metallic glistened. He walked over to it.

"I have not looked, senator. Of what use, even should I find it? A file is ... but a file. Is it not so?"

"What glorious conceit!" she flashed. "Seriously," he went on, "don't get over confident. It's one of your new faults. Keep close watch over Tinky and over yourself."

# *Do women read advertisements?*

**D**O YOU? Do you clip recipes from the fascinating messages that advertise a new salad oil, a new frying fat, a new cake flour? Do you think twice about your skin, those wrinkles at the corners of your eyes, your tell-tale past-thirty neck because of beauty ads that bring romance about happiness, love and youth?

In planning advertisements, the question is often asked, "Do women read advertisements?" The experienced advertiser answers, "Yes, if they are interesting and instructive to read."

This is the spirit of the modern advertising. More and more, the ideal is to show you definitely how a new product can work to your well-being, your pleasure in life, your greater happiness. By reading advertisements, you can be a better housewife, a more efficient home manager, a shrewd and thrifty buyer. The advertising pages of this newspaper contain information that is valuable and important. If you do not read advertisements, join the large army of women who do, in order to know the best things to buy for yourself, your children and your home.

# Armour Captures American Open Championship

## Vanquishes Cooper in Sensational Comeback; Ends Round Three Up

By ALAN J. GOULD, Associated Press Sports Editor.

Oakmont, Pa., June 17—(AP)—Tommy Armour of Washington, D. C., doughty steel-nerved son of golf's native domain, today became the open champion of the United States.

In a comeback as flashing and dramatic as the finish that carried him to a tie the day before, the lean, war-scarred Scotch professional broke the heart of the dashing and sleek-haired Los Angeles professional, Harry Cooper, captured their 18-hole play-off for the title by a margin of three strokes and stepped to the throne that Bobby Jones had left in the sand traps of Oakmont's embattled terrain.

Armour triumphed by the decisive score of 76 to 79 for the final round that broke the deadlock in which they finished yesterday in 301 strokes for the regulation 72 holes of tournament competition and sent the coveted silver trophy cup to the mantle of the fashionable Congressional Country Club, where Tommy is the "pro."

### Loses in Sand

Armour clinched the championship today on the sixteenth hole where Cooper fought a losing battle with

Armour, straying from the line, got into trouble. Tommy banged his way from one trap to another on the eleventh but saved himself from worst disaster by remarkable recoveries each time.

Finds Trouble.

Cooper began finding trouble on the short thirteenth, after he had halved the long twelfth in five. Harry's iron shot from the tee trickled off the green and he took two putts after chipping back on, while Armour regained a stroke with a par three.

Oakmont traps buried Cooper's hopes on the next three holes. He was saved from damage on the fourteenth with Armour also got into trouble and took three putts so that they halved it in five. On the fifteenth and sixteenth Harry's ultimate downfall was in sight as he lost three strokes to his rival and the lead.

Through his winning stretch, Armour's putter as well as his irons had a magic touch behind it for his 55-footer to save a par four on the fifteenth and his three-footer on the sixteenth for a three proved decisive blow. These factors, plus Cooper's own mistakes and Armour's unflinching steadiness under fire, his cool and calculating ability to offset the most discouraging setbacks combined to produce the new champion.

### Brilliant Comeback

Armour's final triumph over a field composed of the foremost British and American amateur and "pro" aces was always an uphill fight. He was well behind the leaders at the start with a 78, but thrust himself back into the picture the second day with a brilliant 71.

His final day's play, a pair of 76's, failed to reveal his almost shattered chances on the start of the last nine holes and his surging finish, par for five holes and long putt for a birdie on the last green to the Cooper.

### "Break" Upsets Cooper.

Perhaps this unexpected "break" upset Cooper for his tee shot was wild and caught a trap off the edge of the sixteenth green and his chances slipped fast as he failed to get out on his explosion shot, finally chipped short and required two putts for a disastrous five. Armour, too, was in a bit of trouble, the rough, just off the green but he chipped close and sank his par three to jump to a lead that seemed too great for Cooper to overcome in two holes.

### Dempsey Will Not Fight Tunney for 15% of Receipts

Los Angeles, June 17—(AP)—Jack Dempsey will never fight Gene Tunney for 15 per cent of the gate. That was the parting word from the former champion today as he departed for New York.

Dempsey, apparently in fine condition after months of work in a mountain training camp and happy as a boy, said he was willing to meet Jack Sharkey on July 21 for 37½, or even 30 per cent of the receipts, but he would not take on that match if it carried the proviso that he meet the champion on a 15 per cent basis.

There was a hint that if he could not make better terms with Tex Rickard, New York promoter, he would look elsewhere.

He said he intended to confer with "several promoters" on the way east.

Dempsey was accompanied by his wife, Estelle Taylor, motion picture actress, and Jerry Luvadis, trainer.

A stop probably will be made at New Orleans for a day or so, also at Wilmington, Del., where Mrs. Dempsey's parents reside.

### Flowers Wins Over Heavier Opponent

Detroit, June 17—(AP)—Tiger Flowers, negro middleweight boxer, outpointed Bob Sage, local heavyweight, in a 10-round bout here tonight. Flowers won six of the ten rounds from his heavier foe and one was even.

In the sixth round Flowers opened a bad cut over Sage's eyes and the injured member bothered the local man considerably. Sage was aggressive but seldom landed on the elusive negro.

Jimmy Robe of Kalamazoo won on fouls from Roger Bernard of Flint, in the fourth round of a scheduled 10-round match. Bernard was leading by a wide margin when he unintentionally struck a low blow.

Alex Woods, local featherweight, stopped Carl Leno, also of Detroit, in two rounds.

### Michigan Nine Bows to Cincinnati, 5-4

Ann Arbor, Mich., June 17—(AP)—The University of Cincinnati nine uncorked some long distance hitting today to defeat the University of Michigan, 5 to 4. Of their six hits, two were home runs and two triples. A spectacular catch by a Wolverine outfielder robbed Cincinnati of another circuit clout.

The Score: R. H. E. Cincinnati 002 020 001—5 6 5 Michigan . 001 020 100—4 6 1

## YANKEES SPANK BROWNS, 3 TO 2

### Shocker, Spitball Artist, Leads New York to Sixth Win.

New York, June 17—(AP)—The New York Yankees won their sixth straight game of the season from St. Louis today by 3 to 2, the veteran spitball pitcher, Urban Shocker, holding the Browns to four hits.

The deciding run came in the eighth when Morehart scratched an infield single, took second on Nevers' wild throw, third on another wild pitch by Rice and scored on Durrut's sacrifice fly. Ruth played only one inning, retiring because of a wrenched leg which he injured while swinging at a third strike yesterday.

SENATORS BEAT TIGERS, 3 TO 1  
Lisenbee, Memphis Recruit, Pitches Good Ball Game.

Washington, June 17—(AP)—Lisenbee, the recruit from Memphis, pitched another good ball game today, and Washington took the second game of the series from Detroit, 3 to 1.

Another Washington recruit, Reeves, who came here from Georgia Tech, helped win the game with a single in the fourth which brought in two runs and put the Senators in the lead.

Manager Harris announced he had sold outright to the Jersey City International club, Dick Snelling, pitcher recently drawn from Dayton university.

Rip Collins completed the game for the Tigers and was credited with ten hits, four more than Lisenbee allowed the Detroit team.

The lone Detroit run was in the second inning.

Fothergill Doubles.

Fothergill began the inning by doubling to center. Heilmann fled out to Rice, but when Blue lifted a fly which was taken by Goslin, Fothergill crossed home plate. Tavener attempted to keep the scoring going by singling and Bassler did the same, but Collins forced the latter to make the third out.

Washington got their first run in this inning.

After Gehring threw out Speaker and Judge lifted a fly to Fothergill, Ruelb doubled and Bluege walked. Ruel scored on Reeve's single to right. Lisenbee made the third out by lining to Blue.

Reeves' single which produced two runs in the fourth came after Judge had singled and Ruel beat out a bunt. Tavener threw out Bluege, but the two runners completed the circuit when Reeves' blow alighted safely in left field. Reeves advanced a base on Lisenbee's sacrifice, but died there when Rice fled out to Heilmann.

The box score:

ATHLETICS 8; SOX 3.  
Philadelphia, June 17—(AP)—Philadelphia upset the Chicago White Sox today by 8 to 3, Rick Walberg triumphing on the mound over Charley Barnabe, a recruit southpaw, and Ted Blankenship. The Mackmen broke a string of 20 consecutive scoreless innings by registering four runs in the fourth frame. Walberg fanned seven of the Pale Hose and allowed only three hits after the third inning, one of which was a home run by Shryly in the ninth.

Coveleskie, Veteran Pitcher, Released  
Washington, June 17—(AP)—Stanley Coveleskie, pitching veteran of many big league seasons, has been given his unconditional release by the Washington Senators.

Covey, who came with Washington from the Cleveland Indians, developed trouble with his arm shortly after the present season opened and efforts of physicians to relieve him have failed so far.

He said today he would return to his home in Pennsylvania to rest up for an attempted comeback.

Coveleskie was for years, one of the brightest stars among the American League pitchers. He defeated the Brooklyn Nationals three times in the world's series of 1920. He was the leading pitcher of the American League in 1925, when Washington won its second championship.

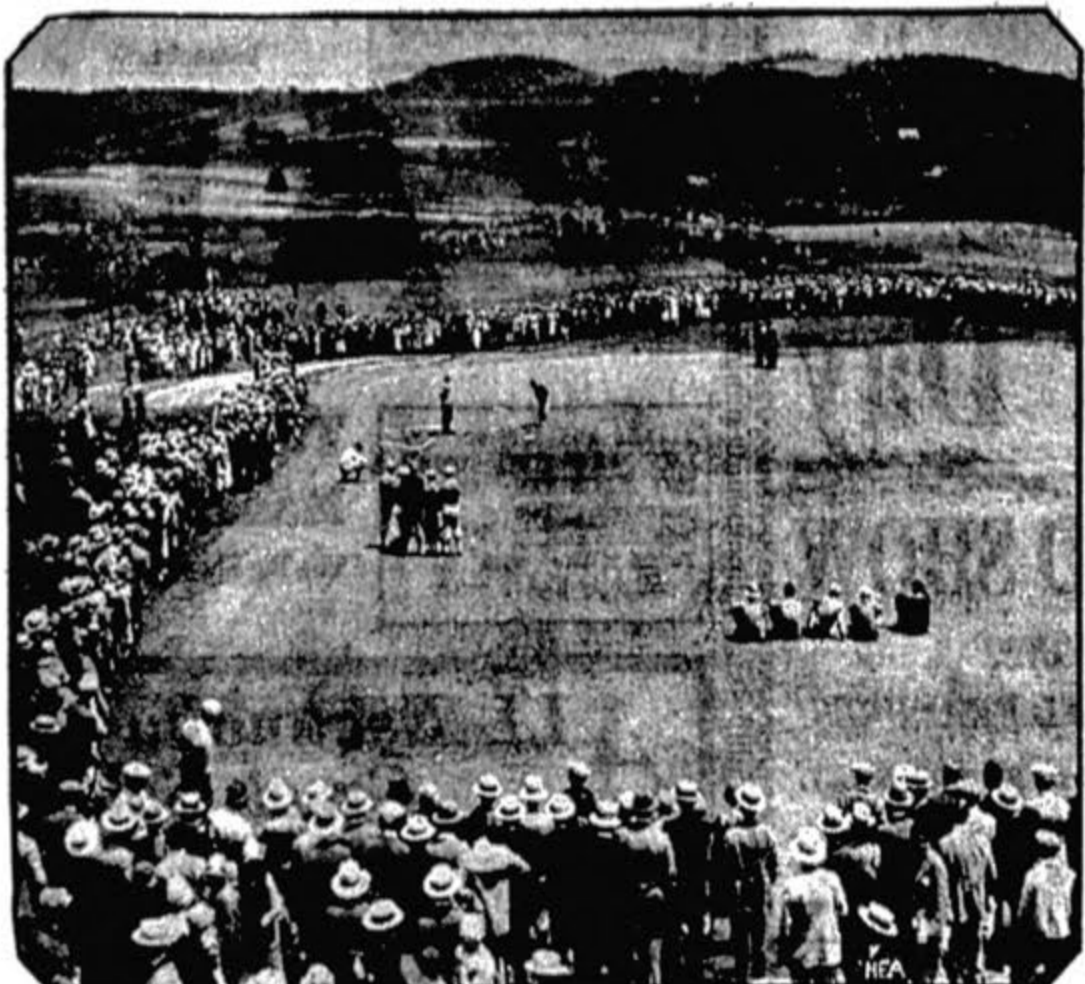

Sherlock Holmes Still a Favorite  
London (AP)—Sherlock Holmes has come to the front again as the most popular fiction character with the boys' clubs, says a report of the Carnegie United Kingdom Trust relative to its libraries.

Other popular books among the boys are the works of Wodehouse, Edgar Wallace and "Sapper." Girls prefer books by Maud Diver, Sir Philip Gibbs and Ian Hay.

Severe criticism of the inefficiency and inadequacy of many public libraries is contained in the report. Complaint is made that the tax as levied is not sufficient, and consequently these libraries cater almost entirely for the reader of simple tastes, the student, the scholar, the commercial man and the scientist to go elsewhere.

GOOD TAX RETURN.  
An eastern state reports a cash revenue from motorists of \$12,000 for each mile of state highway last year. Showing that good roads more than pay for themselves.

## BRAVES RALLY, SCALP PIRATES

Pittsburgh, June 17—(AP)—A ninth inning rally gave Boston an 8 to 7 victory over Pittsburgh today. The Pirates rallied in their half but could push over only one run. Joe Dawson, purchased from Louisville, made his first appearance in a Pittsburgh uniform, relieving Johnny Morrison in the seventh. Dawson was charged with the defeat. The Braves pounded three Pirate hurlers for 18 hits. Paul Waner hit safely in his 80th consecutive game.

## INDEES MEET RAPID SUNDAY

### Good Game on Tap for Escanaba Baseball Bugs This Week.

The Escanaba Independents will meet Rapid River in a Delta-Schoolcraft Amateur League baseball game at South Park Sunday which is likely to fracture the triple tie for third place in the league's standings.

The Northwesterns and Gladstone will battle at Gladstone to decide the matter of top position.

Manager Olmstead of the Independents said yesterday that his gang would show fans here some of the best baseball they have seen since the league was organized. Burns will probably pitch.

Rapid River has a good team, one that has been slow in hitting its stride, and the visitors will furnish plenty of competition to make things interesting.

PHILLIES 12; CUBS 2.  
Chicago, June 17—(AP)—Clarence Mitchell, star southpaw of the Phillies, led Chicago down with six hits today while his teammates hammered three local twirlers hard for a 12 to 2 victory which broke the winning streak of the Cubs who had won 12 games in a row. The locals were able to bunch hits in only one inning. Wrightstone led the attack for the visitors with a home run, a double and a single while Mogan collected two doubles and a single.

Boston, June 17—(AP)—The Cleveland Indians celebrated Bunker Hill day here with a double victory over the Red Sox, 6 to 3, and 4 to 3. Hudlin's pitching and batting were the deciding factors in the first game, the pitcher having a share in three of the Cleveland runs.

In the second game Walter Miller held the Red Sox to two hits until the eighth when they made three runs with none out. With a man on second Shaute went in and shut out the Boston team for the remainder of the game.

Car owners waste \$52 apiece in needless repairs each year

## How to avoid needless car expense

THE failure of lubricants to master deadly heat and friction needlessly costs the car-owners of this country more than a billion dollars each year in repair bills—an average of \$52 for every car in this vicinity.

Needless—because there is one oil—Veedol—that successfully resists heat and friction, the two causes of 75% of all motor repairs. Veedol keeps a thin tough film of oil between all the whirling flying metal surfaces in your car. Not even the heat developed in the modern motor can penetrate that fighting "film of protection". Destructive friction has no chance to begin its insidious work.

In Veedol, Tide Water technologists perfected an oil which masters heat 100 degrees hotter than the hottest friction-spot in your car.

Let Veedol guard your motor against repairs—and your pocketbook against repair bills. Drive to a dealer who displays the orange and black Veedol sign. Always ask for Veedol by name.

WHITE ARMS FOR COPS.

### LEGION READY FOR REUNION

#### Iron River Post Prepares to Entertain Annual Reunion.

Iron River, June 18—Stirred with enthusiasm over the approaching convention to which it will play host, the Iron River post of the American Legion last night finished off plans for a three-day demonstration unprecedented in upper peninsula Legion circles.

A parade glistening with the fixed bayonets of firing squads, the rousing colors of floats, and the blare of several bands will be in general charge of A. H. Tegge, with a small army of co-workers to see that it is befitting of the occasion. In charge of floats will be Fred Papin and L. P. Diederichs, ex-post commanders, and John Rombouts, important among the entries will be a float symbolic of the generations of veterans who served in the U. S. forces in the various wars to be entered by the local post.

Prizes were announced as \$20 for first, \$10 for second, and \$5 for third, with \$5 and \$3 set aside for comic entries. The shortest Legionnaire in procession will receive \$5 and the tallest Legionnaire will receive a like sum. Both must be in uniform to be eligible.

Police Forces. Cognizant of the need of adequate police forces during the three-day sessions because of the large number of visitors, the post has made request of the sheriff and city police departments for authority to handle the convention crowds. Politely the post has requested a "hands off" policy with a promise to handle the situation efficiently and forcefully. Like in old army days, the soldier in attendance at the reunion will see the much respected and sometimes hated M. P. (military police) attired much as he was in the days of actual service. In charge of the squad will be John Wysonick.

Iron River will be transformed into a military post if the suggestions of the local post are followed. Legion members are being urged to wear uniforms during the reunion and to aid local members, uniforms are available with the post meeting one-half of the cost.

A membership report made by George Bradford showed 176 paid up members. The delegates elected from the Iron River post are R. C. Mahon, Walter Schewe, George Bradford and George Zambon.

A comprehensive report of the activities of the convention committee was given by Guy M. Cox, and amid a buzz of discussion, inspired by coming days of good times and much activity, the members voted its acceptance.

### AMUSEMENTS

#### AT THE DELFT.

A story of fighting love and a succession of rousing thrills are revealed at 'The Delft' in "Arizona Bound," the first picture presenting Gary Cooper, Paramount's new Western star. It proved interesting not only because of the production itself, but because it introduces a film hero who seems destined to achieve marked popularity in the Western field.

Cooper impresses one as being an actor of exceptional personality, with a tall, splendid physique that accords perfectly with the prevalent idea of the typical cowboy.

The picture abounds in suspense and thrilling action, and its manner of unfolding reflects great credit on John Waters, Paramount's famous director of Zane Grey stories, and now assigned to insure the new star an auspicious start. The backgrounds are especially beautiful. "Flash," Cooper's horse is one of the stars of the picture.

#### AT THE STRAND.

"Hogan's Alley," the screen version of Gregory Rogers' thrillingly entertaining story of life on the East Side of old New York, of the conflict between young love and wealth, will be seen at the Strand again today.

Monte Blue, the star, appears as a young Irish pugilist, the idol of the pig-tailed terror with whom he falls in love. Willard Louis is a comedic treat as her old Irish father and Louise Fazenda more amusing than ever as a saucy Broadwayite. The remainder of the cast is consistently excellent, and the direction of Roy Del Ruth has intensified the thrills, drama and pathos of this comedy-melodrama which makes one of the best photoplays of the season.
