

# NAVAL ARMS CONFAB NEARS PRECIPICE

## CRUISER SIZE, KEY PROBLEM, UP TO BRITAIN

### AMERICANS WILLING TO SET 400,000 TON LIMIT.

Geneva, Switzerland, July 5.—(AP)—A crucial stage has been reached in the tripartite naval conference. Whether events at this critical turning point pushed the purport toward an actual rupture or toward an actual treaty undoubtedly depends chiefly on Great Britain.

The United States today, actuated, it is said, by a conciliatory desire to understand British cruiser needs and meet them as far as possible, practically told the naval delegates that it would go to the extreme maximum limit of 400,000 tons, which is 100,000 tons more than the maximum for cruisers contained in the original American proposal, but strongly indicated simultaneously that it would exert continued effort to put limitation well under 400,000 tons.

The sudden American initiative induced W. C. Bridgeman, first lord of the British admiralty, to receive the press representatives tonight, and to them he vigorously denied reports that Great Britain was animated by aggressive designs in asking for a large number of small cruisers.

He described Great Britain as a country in constant danger of interception of food supplies and remarked that during the war 70 cruisers were occupied in chasing the German raider Emden with 29 at her heels one time, before she was "run to earth."

Mr. Bridgeman's answer to one question confirmed the impression that the conference now is actually on the border of a precipice. The question was: "Do you consider the conference better now than on the first day?" The answer of the head of the British delegation was: "The prospects on the first day were not as good as I had hoped, but I will be greatly disappointed if I do not find some way to agree."

The naval delegates as a whole appear to desire to understand British cruiser requirements, but it was indicated that the United States must still higher if Great Britain's needs are to be fully recognized. The situation is that the United States has raised the figure in cruiser tonnage, but the question remains whether Great Britain, manifesting a similar conciliatory attitude, will abandon her original demand, which amounts to something under 600,000 tons, and accept the new maximum of Uncle Sam.

### Weak in Cruisers.

The United States are singularly weak in cruiser strength, because of numerous antiquated ships, but relatively strong in destroyers and submarines. Hence, it is pointed out, a treaty confined to the latter categories would merely be detrimental to United States interests and leave wide open the greatest problem of all—greater even than that of battleships—the problem of what powerful cruisers, which themselves decide the supremacy of the seas.

## Lindbergh's Plane Will Be Overhauled

Teterboro Airport, N. J., July 5.—(AP)—The "Spirit of St. Louis" is taken to the Wright Aeronautical corporation hangar today where experts will tune up her motor tomorrow. When Col. Charles A. Lindbergh landed here from Otawa yesterday, his famous plane was stored for the night in the Fokker hangar as the Wright hangar was filled.

## France, Italy Will Patch Difficulties

Paris, July 5.—(AP)—Recent incidents on the Italian-French frontier in the neighborhood of Montecenis will probably be ironed out without friction between the two governments, the French government taking the matter lightly.

## Plane Crash Delays Grace Three Weeks

RICHARD GRACE

## MANA, Island of Kauai, Hawaii,

July 5.—(AP)—The Cruiser plane in which Richard Grace, Hollywood stunt flyer, crashed yesterday morning just after he had taken off for a flight to the California mainland will be shipped immediately to Pearl Harbor to be rebuilt.

Estan B. Koger, Grace's mechanic, said today that it is hoped he will have the plane ready within three weeks to make another attempt to hop off.

The entering edge of the wing was smashed and the fuselage and landing gear torn away, but the motor, propeller and gas tanks are intact.

Koger's survey of the damage to the plane shows that the stern post gave away at the top fitting, apparently because of a flaw in the material, which broke when the plane hit air bumps after the take-off.

Hollywood, Cal., July 5.—(AP)—Grant E. Dolge, brother of Richard E. Grace's proposed solo flight from Honolulu to California, which was temporarily abandoned when the aviator crashed with his plane yesterday, said today that the flight would be carried out regardless of whether the plane could be repaired.

"I am trying to get more details concerning the damage to Grace's machine," he said. "Then we will either obtain a new plane for him or repair the old one. At any rate, we are going through with the idea to fly from the islands to California and Grace will be the man behind the stick."

Dolge said his plans for the movie stunt flyer would be made known in a statement as soon as complete information comes to him from Honolulu.

## Northern Michigan Counties Organize League of Bankers

Marquette, July 5.—(AP)—Marquette and Alger counties are the seventy-second and seventy-third counties in Michigan to adopt the vigilantes plan sponsored by the Michigan Bankers' association. At a meeting held here Tuesday night organization of a Marquette county bankers' federation was effected.

Marquette county will have the protection of 64 picked men who will act as vigilantes while Alger's will consist of 36. Federal reserve officers for both counties were elected, as were the respective counties' protective committees.

## Chicago Chinese Area Labyrinth of Tunnels

Chicago, July 5.—(AP)—The tunnels of Chicago's Chinatown were revealed today as a fact.

A mass of Chinatown, narcotic agents testified. The underground passageways were so extensive that some of the agents actually lost their way for hours.

"Every Chinatown has a few tunnels beneath it, but are generally confined to connections between a few houses," said Major Joseph A. Manning, head of the local unit of federal narcotic agents.

"This system covered an entire block, running down alleys, through vacant lots and through the basements of buildings."

## Detroit Balloon Lands in Carolina for New Record

### BREEZE DRIVES BAG 580 MILES

#### Rasmussen Descends as Dangerous Atlantic Appears.

Detroit, July 5.—(AP)—The reported arrival of the Detroit II, a balloon entered in the Detroit News trophy race and piloted by A. U. Rasmussen of Detroit, near Kingston, N. C., tonight has apparently established a new world's long distance record for balloons of the third category, and possibility of an endurance record.

The present world's record is about 500 miles, while the air-line distance between Detroit and Kingston is approximately 580 miles.

In addition to the landing of the Detroit III, at Mountaineer, Va., 20 miles east of Roanoke at 7:45 o'clock tonight has broken the world's endurance record of 23 hours and 28 minutes in the air. The Detroit III, owned and piloted by E. J. Hill, ari. A. G. Schlosser of Detroit was the first of five balloons to leave the Ford airport here at 5 o'clock Monday afternoon. They were in the air 26 hours and 45 minutes.

One in Air.—But one balloon apparently remains in the air, the Goodyear V, entered by the Goodyear Tire & Rubber company and piloted by J. A. Boettner of Akron, O.

Both Rasmussen and Boettner have won previous races and Rasmussen could not have sailed much further without endangering his life over the Atlantic ocean. Rasmussen holds the trophy race record with 225 miles in the 1925 event.

Walter W. Morton, of Akron, pilot of the Goodyear IV and Dr. George M. Legalle of Detroit, piloting the Detroit I have both landed with distances of 185 and 70 miles, respectively.

### TWO OTHERS DOWN.

Detroit, July 5.—(AP)—Two of the balloons entered in the third annual Detroit News race had landed tonight after covering distances from Detroit, measured by a straight line, of approximately 185 and 70 miles. Five balloons took to the air from the Ford airport late yesterday.

The Goodyear IV, entry of the Goodyear Tire & Rubber company piloted by Walter W. Morton, of Akron, O., came down shortly after noon today near Stouffville, O. Morton had covered approximately 185 miles.

Dr. George M. Legalle, piloting Detroit I, entered by the Detroit Flying club, landed shortly before noon about seven miles west of Bothwell, Ont. The town is approximately 70 miles from Detroit. A circuitous route accounted for the shorter airline distance.

### Two in Ohio.

A dispatch from Lancaster, O., told of the sighting of two balloons in that vicinity today. Lancaster is 10 miles from Stouffville. Earlier in the day a balloon thought to have been the Detroit III was seen at Marion and Galena, O. The Detroit III, the only craft in the race carrying two pilots, was the first to take off yesterday. The pilots are E. J. Hill and A. G. Schlosser, both of Detroit, who designed and built their balloon and entered as independent contestants.

### Hydroplane Plunges Into Lake; 4 Dead

Seattle, Wash., July 5.—(AP)—Four persons were killed late today when a seaplane fell into Lake Washington here.

The dead are: Olaf Johnson, pilot; Roy Olin, Seattle insurance agent; J. Beck, manager of Lake Arrowsmith Lodge, Los Angeles; Fred Stancliffe, Seattle insurance agent.

The seaplane, which belonged to the Puget Sound Airway company, took off from the Sand Point naval aviation field near here at 4:30 this afternoon on what was to have been a short flight.

While 600 feet above the lake between Kirkland and Seattle the plane, piloted by Johnson, suddenly was seen to go into a tail spin and plunge into the water.

## FRANCE'S LOVE GOES OUT TO OCEAN FLYERS

### BYRD ASSUMES ROLE OF 'AIR ENVOY'; WINS PARIS.

Paris, July 5.—(AP)—The American aviators who flew across the Atlantic in the "Columbia" and "America" had another busy day of receptions from breakfast until dinner in the evening and then they were allowed the night hours, to do with as they pleased. Some of them decided to get a well-earned rest, while the others attended the tourist trek to Monte Carlo.

Commander Byrd again was the center of interest in all the public appearances of the airman made. With his gracious ways and words he has captivated the hearts of the French, as well as their admiration—just as Lindbergh did before him.

The Cross of the Legion of Honor will be conferred upon Commander Byrd, the government having decided today to honor him in this manner. The same decoration may also be conferred upon Acosta, Noville and Balchen, Byrd's three companions on the flight, but this is not yet definitely determined.

### Given Gold Medal.

The commander also was presented with the gold medal of the French Aero club. This medal was awarded to Colonel Lindbergh when he was received at the club after his New York-to-Paris flight.

The flyers began their day at Le Bourget and ended it at guests of the French senate. Between these two engagements the crew of the "America" lunched at the ministry of marine, visited the newspaper plant of L'intréprent and met many of the air forces of Europe at the reception at the Aero club of France.

Tomorrow morning they will visit the wounded aviators of France at their home in Paris. Then lunch with the Anglo-American Press association, whose members have worn out countless yards of typewriter ribbons telling the folks back home about Chamberlin, Byrd and company.

Both Chamberlin and Byrd went to Le Bourget in the morning, but on different missions. Chamberlin made the trip to look over his plane; Commander Byrd's visit was a formal one, to inspect the 34th regiment of aviation.

Acosta and Balchen went along with him. Troops and planes alike were lined up for the Commander's inspection, while overhead scout planes went through the whole gamut of aerial acrobatics.

### Gateways Decorated.

The gateways to the great landing field were bright with the banners of France and America.

Col. Poll Marchetti, in toasting the commander of the "America" at the officers' mess, told him that the French comrades felt great admiration for his exploit. "You have succeeded over great difficulties with real science," said Colonel Marchetti.

"When you compliment me on the science of the flight," he said, "I appreciate that deeply, for as a distinguished flying officer you know, Colonel Marchetti, the difficulties encountered."

"The flight was also to promote international relations, and if any American has doubt as to the feeling of France, for America she should make a non-stop flight from New York to this country. I hope a French aviator will soon cross from Paris to New York; we shall be able to return the hospitality you have shown us."

## WEATHER

UPPER LAKES.—Fresh shifting winds, mostly south to southwest and turning to westerly by Wednesday night; showers and thunder squalls.

UPPER MICHIGAN.—Showers Wednesday and probably Thursday, warmer in north portion Wednesday; cooler in north portion Thursday.

### Temperatures.—High

## FIRE DESTROYS RESORT HOTELS

### Part of Atlantic City's Famous Board Prom- enade Razed.

Atlantic City, N. J., July 5.—(AP)—Nearly a block of the boardwalk, between Missouri and Arkansas avenues, was razed in one of the most disastrous fires in years here today. Three firemen were overcome and more than 500 persons were made homeless.

Discovered shortly after 3 o'clock in the boardwalk restaurant, the flames rapidly spread, aided by a stiff breeze. A general alarm was sounded. Firemen battled the blaze three hours.

Eight hotels and rooming houses sent vacationists scurrying to the street. Most of them were on the beach at the time and their belongings were either burned or ruined by water and smoke.

Hotels destroyed or damaged included the Prescott, Regent Hotel, Leonard, Lutz, Boardwalk, Bella Napoli and the Suvardale. Between eight and ten houses or cottages were destroyed or gutted.

The million dollar pier opposite the Boardwalk Hotel was in imminent danger for a time. The Remington Arms exhibit went down in flames, a loud rat-rat started up and continued, but no one was hurt by the bursting shells. The beach was jammed with bathers and spectators who watched the spectacle. Vast volumes of smoke rolled up from the fire and were carried by the wind far over the city.

The Remington exhibit was on the boardwalk. The fire was caused by a lighted cigarette carelessly thrown onto the boardwalk, near the entrance to an amusement place, according to tenants of nearby buildings. The cigarette is believed to have become imbedded in a crevice of the boardwalk and to have ignited the pitch pine planking.

Fire Chief Barnett estimated the damage at \$300,000. This does not include the loss of personal belongings.

## Wire Falls Across Street Car; Panic Results; Two Hurt

Detroit, July 5.—(AP)—A panic which ensued when a broken trolley wire fell across an Oakland avenue street car late today resulted in the injury of two persons. Several persons were trampled under and received slight injuries in a rush for the exits. Several of the passengers leaped through windows.

George Mason, 25, was burned on the hip by the wire and Samuel Barkowski, 60, injured a leg in jumping through a window.

## Shorten Sentences of Loyal Convicts

Lansing, Kan., July 5.—(AP)—Warden W. H. Mackey, of the Kansas penitentiary today announced that 293 prisoners, who remained loyal in the recent mutiny in the prison coal mine, would have six months loosed off their sentences, by order of the state board of administration.

## President Interested Spectator at Round-up

Bellefleur, S. D., July 5.—(AP)—From the center of a mammoth crowd of westerners, President Coolidge, wearing a "ten gallon" hat, today watched the tri-state roundup, a spectacle of skill and daring on horse and steer.

A perfect day added to the president's pleasure at viewing for the first time a celebration of this kind in a natural setting and as the bucking bronchos and unruly steers charged about in the arena before him, he looked on with a broad smile.

Cowboys and cowgirls dressed in the clothes of the west tackled wild steer and unridden horses by their entertainment and when for his entertainment and when for an especially daring or skillful piece of work was done he appeared or turned to Senator Norbeck for an explanation.

One of the events which seemed to please both the president and Mrs. Coolidge most was the Omaha Indian dance in which a hundred redskins participated.

## Express Train Hits Freight; Five Dead

Ionia Island Station, N. Y., July 5.—(AP)—Filled with passengers homeward bound from the Fourth of July holiday an express train plunged into the rear of a freight train pulling onto a siding near here today. Five persons are feared seriously injured were rushed to hospitals in the vicinity.

The wreck occurred when the freight train was getting out of the way of a southbound New York, Ontario and Western Express, running from Kingston, N. Y., to Wheeling, N. J. Those killed were riding in the front passenger coach which was telescoped into the baggage car ahead.

Boy Scouts from a nearby camp, marines from the United States naval munitions depot and passing tourists rushed to the scene of the wreck. They had to chop away the wreckage to free some of the injured passengers.

## STOPS PAYMENT OF GOGEBIC TAX

### Lord Insists Valuations Set by Supervisor Are Illegal.

Lansing, July 5.—(AP)—George Lord, chairman of the state tax commission, has advised owners of property in Ironwood township, Gogebic county, to refuse to pay taxes on valuations increased by John Hell, supervisor, he stated today.

Hell recently complained to W. W. Potter, attorney general, and Governor Green that 1925 valuations fixed by the state tax commission were discriminatory. He was advised to reassess the property. According to Lord, the board of review met and passed upon the assessments June 13 and 14. Hell, after his visit to Lansing, returned and called an "adjoined meeting" of the board on June 25. Changing the assessments invalidated the entire tax roll and the owners affected should not pay the tax, Lord said.

The tax commission chairman charged Attorney General Potter, by his advice to Hell, with making the tax in that township illegal. Lord received a letter from D. E. Sutherland, protesting against an increase of \$100,000 placed on property owned by the Oliver Iron Mine company by Hell. Another letter from the Fisher Body company asked for relief from an increase of \$88,475.

The letters charged Hell and announced he had been authorized by certain state officials to reassess and revamp land he claimed was valued too low by the tax commission in 1925. According to Lord this reassessment is "ridiculously illegal." The state law provides, he said, that no change in valuation can be made by local officers within three years after values have been fixed by the state commission.

## Escaped Marquette Pen Forger Caught

Marquette, July 5.—(AP)—The capture of Harry Campbell, St. Clair county forger, who escaped from the Marquette branch prison on September 3, 1926, has been reported to Warden James P. Corbett by Sheriff I. C. Chambers, of Campbell, Tenn. Campbell, Huntville, Tenn., is serving a two to 14 year term, is serving a two to 14 year term, is serving a two to 14 year term, is serving a two to 14 year term.

## BYRD'S HOP TO EMBOLDEN AIR WARY SOLONS?

### FLYERS WANT UNCLE SAM TO BACK EX- PERIMENTS.

BY DAVID LAWRENCE  
(Copyright 1927, by the Escanaba Press)

Washington, July 5.—Army and navy officers are hopeful that one of the concrete achievements of Commander Byrd's trans-atlantic flight will be to persuade congress that the time has come to appropriate funds for further experiments instead of depending on the generosity of private citizens.

Although flights by dirigible and airplane have in the past been regarded by many members of congress as stunts, Commander Byrd has succeeded in emphasizing the scientific importance of better information on conditions in the air. The government has for many generations recognized its obligations to chart the sea coast and locate ocean currents as an aid to ship navigation. Now it is felt that the government may undertake the task of developing aerial navigation, co-operating with other nations so that airways may be properly lighted or such devices introduced as will enable visiting planes to land not only with safety to the aviators but to the persons on the surface.

### Byrd On Leave

Ever since the navy wanted to send a dirigible to the north pole and the plan was abandoned because of possible criticism in congress, there has been a certain feeling of hesitation about undertaking hazardous flights. Commander Byrd, for example, was obliged to ask leave of absence from the navy when he went to the north pole. That expedition was privately financed just as was his transatlantic journey. The army fliers who went to the Hawaii under the auspices of the war department really established something of a precedent, for not since the round-the-world flight has there been any lengthy journeys officially sponsored by the government.

The trip to South America was accomplished in short hops. Both the army and the navy are anxious to pioneer in untried paths as to determine the maximum utility of aircraft. The reason for this is that private capital cannot always be found to undertake apparently profitless adventures and unless the government comes to the rescue, commercial aviation will not progress as rapidly as is desired from the viewpoint of national defense. Despite the traditional conference in other weapons of warfare, the importance of finding out just what the airplane and dirigible can do from a defensive as well as an offensive standpoint is beginning to be regarded as paramount.

Discussions.—The war department and the navy department officials realize that if any of the hazardous experiments should result in tragedy they would be bitterly criticised and yet they know that unless funds are available for research, the instruments and devices necessary to aid navigation in the air may not soon be perfected.

There is a good deal of discussion here as to the reward that should go to the individual fliers who distinguish themselves in the various exploits which are developing the science of aviation. Published reports that Colonel Lindbergh might decline the congressional medal of honor if it should be tendered him, are accepted as plausible because, technically, he did not face the enemy in the sense for which other medals of honor have been awarded. A suggestion is being made that congress might amend the law so as to establish a congressional medal of honor for peace-time achievements which aid the cause of national defense.

## Investments Abroad Now Twelve Billion

Washington, July 5.—(AP)—Americans now have invested \$12,500,000,000 in foreign securities, it was disclosed today in commerce department figures estimating that \$783,834,075 was sent abroad during the first half of 1927.

The sum constitutes the total of American balances of investments abroad after allowing repayments of maturing debts, and includes loans made during the second quarter of the year with a total par value of \$411,211,375. The figures, prepared by W. E. Thorne, department expert, include only the private investments of Americans made in publicly offered securities on foreign governments and foreign enterprises.

Mr. Thorne estimated American investment in Europe at \$3,500,000,000; in Latin America at \$4,500,000,000; in Canada at \$3,200,000,000; and in Asia and outlying portions of the globe, \$980,000,000.

BOMB FOUND IN NEWS BUILDING

Attempt to Blow Up Office of Washington Paper Fails.

Spokane, Wash., July 5.—(AP)—An attempt to blow up the business office of the Spokesman-Review and the Chronicle with a powerful dynamite bomb failed here today when the fuse of the infernal machine burned to within two and one-half inches of the percussion cap and then went out.

GARDEN BAY

Mr. and Mrs. Frank Tebo, Ed Tebo and Janet Tebo left here on Thursday for Green Bay. Vern E. Hazen of the Garden Auto Sales and Service Co., delivered a new Essex coupe to Swan Lindblad of Forest Lake on Saturday last.

10,000 Teachers Go to School at Meet

Seattle, Wash., July 5.—(AP)—Ten thousand school teachers, representatives of the vast "body" of workers who direct the destiny of America, went to school again today when the National Education association, meeting in convention here, separated into a score of specialized groups for discussion and study of common problems.

COOKS

Mr. and Mrs. Russell Minor and family motored to Munising on Sunday. Mr. and Mrs. Olie Minor and family of Corning visited relatives and friends here on Sunday.

13 PLANES LAND IN CINCINNATI

Reliability Flyers Make Hop From Columbus During Day.

Cincinnati, July 5.—(AP)—The 13 planes remaining in the national reliability air tour completed another leg of their long flight when they landed at Cincinnati from Columbus this afternoon.

High Court Upholds Profit Tax Statute

New York, July 5.—(AP)—Constitutionality of the section of the revenue act of 1921, which provides that profit tax on securities received as gifts shall be based upon increases in value from the dates on which the securities were received by the donors, was upheld in two decisions handed down today here in the United States circuit court of appeals.

STAGE SET FOR BIRGER'S TRIAL

Every Precaution Taken by Sheriff to Maintain Order.

Benton, Ill., July 5.—(AP)—The stage was set tonight for the opening here tomorrow of the trials of Charlie Birger, southern Illinois gang chieftain, and two of his former associates, charged with the murder of Mayor Joe Adams of West City last December.

High-Powered Boats Fail to Set Record

New York, July 5.—(AP)—William J. Conners, Sr., 78, of Buffalo and his wife, 28, drove high-powered motor boats down the paledaded sweep of the Hudson today in vain races against time. Motor trouble robbed both of success when on the last quarter of the run from Albany to New York.

FOSTER CITY ITEMS.

(Chas. B. Wheeler, corr.) Among those from out of town who were Fourth of July visitors here, were: Mr. and Mrs. Carl Kling and sons, Axel and John, Chicago; Mr. and Mrs. Aymor Schilleen and son Stige, Chicago; Mr. and Mrs. John E. Millener and son of Daggott; Otto Heller, Laura Bouschard, Albert Heller, Roger White, Lewelin White and Mr. Keenerman, Milwaukee; Mrs. Tillie Wick, Melvin Wick, Gustav Thaksen, Linnea Ashberg, Ida Thakansen, Chicago; Mr. and Mrs. Albin Olsen, Iron Mountain; Mr. and Mrs. Julius Hansen, Iron Mountain; Mr. and Mrs. Carl Johnson, Sidaw; Marie Harding, Spaulding; Mrs. Alice Hamscher, Spaulding; Enfred Ericson, Iron Mountain; Mr. and Mrs. Eugene Rechette, L'Anse; Mr. and Mrs. Earl DeHart, Myrtle Cranberry, Laura Cranberry, Pestigo; Mr. and Mrs. Fred Englequist, Waukegan; William Metz, Oshkosh.

League Opposed to Blue Laws Willing to Aid Ball Teams

Washington, July 5.—(AP)—An offer of its legal staff, headed by Clarence Darrow, for use in carrying to the supreme court, the recent test case by which Sunday baseball was forbidden in Pennsylvania, was made to the Philadelphia American League club tonight by the Association Opposed to Blue Laws.

CITY BRIEFS

Miss Grace McCarthy and Miss Blanche Hawley are spending a week's vacation at Mackinac Islands. Mrs. B. Bedowitz and son William of Brooklyn, New York are guests at the Nimatzky home. Miss Adel Dupont of Chicago, was called to this city by the death of her father, Phil Dupont. The Misses Ruth Ford and Elizabeth Soper are spending their vacation at West Haven, Ill. Mr. and Mrs. George Waskey, Mr. and Mrs. Alex Cardieu and son Jack Woodrow of Waukegan, Wis., and Mr. and Mrs. Lewis Peterson of Marinette, who have been visiting at the J. A. Wilson home, Ninth Avenue South, for the past week, have returned to their homes. Charles Primeau, of Marinette, was an Escanaba visitor over the Fourth of July. Leo McGuire, of Milwaukee, spent the Independence Day holiday with relatives and friends here. Mr. and Mrs. H. W. Moore of Wells spent the Fourth at Indian Lake. The Misses Olga Hansen, Marie Thorsen of this city and Miss Alvina Anderson of Gladstone motored to Ishpeming and returned Sunday to visit with Mr. and Mrs. M. T. Thorsen. Mr. and Mrs. H. McMonagle and family and Mr. and Mrs. John Wall spent Monday at Thunder Lake. Mr. and Mrs. Alton Crepeau of Green Bay are guests at the home of Mr. and Mrs. Louis Dault of this city. The Misses Edith and Mildred Peterson, Hilder and Olga Olson of this city and Bert Carlberg of Sheboygan, Wis., motored to Iron River for the week-end holiday. Mr. and Mrs. Charles J. Perryman, and son Bobby, motored to the Copper Country for the holidays. Mrs. Perryman and son will remain for two weeks' visit with friends and relatives before returning. Mr. Perryman returning Tuesday. Mr. and Mrs. E. Nyberg and two daughters, Mr. and Mrs. Berger Joslin, two sons and daughter of Rockford, Ill., who were guests at the home of Mr. and Mrs. A. Peterson, have returned to their home by motor. Mr. and Mrs. Oliver Lenhart and family spent the week-end holiday with friends at Florence, Wis. Mrs. Mary Maves and son Paul spent the week-end with relatives at Hermanville. Mrs. E. Lavigne and daughter William have left for Blaney, Mich., where they will be employed at a summer resort during the summer months. Hans Bonfeld and family spent Monday with relatives at Washington Island. Art Anderson spent Monday at Washington Island. Louis Rousseau, Mrs. Emil Rousseau and family have returned to Rochester, Minn., after a visit with Miss Evelyn Rousseau and Mr. and Mrs. T. Thompson of this city. Very Rev. R. G. Jacques has returned from a visit at points in Canada. Mr. and Mrs. Fred Lind and four daughters of Gladstone were called to this city by the death of Mrs. Lind's father, Phil Dupont. Miss Eunice Dupuis is enjoying two weeks' vacation at her home at Schaffer. Miss Evelyn Aronson of the sales force at the J. C. Penney Store is enjoying a vacation of two weeks duration. John Powers, 226 No. 19th, accompanied by his daughter, Mrs. W. M. Abrahamson and three granddaughters, Loreita and Helen Gallagher and Orene Abrahamson have left for a motor trip to points in Ohio. Miss Frances Herick of this city accompanied by her brother Richard of Gladstone left yesterday for a "Loop the Lark" trip. They were accompanied as far as Michigan City, Ind., by their mother who will spend several weeks with relatives there after which she will return to Gladstone by rail. Wm. Cleary of Milwaukee is visiting at the home of his mother-in-law, Mrs. Mary Shy, So. 12th st. Mr. and Mrs. J. J. Boudreau, Misses Marion and Bernadette Beaumier, motored to the Soo and returned for the week-end holiday. Miss Barbara Ammeo has returned to Chicago, where she is employed after a vacation of two weeks spent at the home of her parents in this city. Mr. and Mrs. George Dumas of Indianapolis, Ind., have returned to their home after a visit with relatives in the city. Mr. and Mrs. Russel Joachim of Peshtigo, Wis., have returned to their home after spending the holiday with Mr. and Mrs. Peter Matley of this city. The Misses Anna and Rose

Lefebvre of Milwaukee have returned after spending the Fourth with their parents, Mr. and Mrs. Prioleu Lefebvre. Wm. Melberg of Manitowish, Wis., has returned to his home after a visit in the city. Mr. Melberg is former resident of this city. John S. Back was a week-end visitor at Menominee. Dr. and Mrs. A. J. Connelly returned Sunday morning from Chilton, Wis., where they attended the funeral of Dr. Connelly's mother. Dr. and Mrs. N. B. Fox of Hancock and Mr. and Mrs. S. L. Coprad of Manitowish, Wis., spent the July Fourth holiday at the T. W. Stodden home. Miss Isabelle Macrae of St. Paul and Marcus Macrae of Chicago spent the week-end at the home of their parents, Mr. and Mrs. D. P. Macrae of this city. Miss Mary Elizabeth Legault has returned from Menominee, where she spent two weeks at the home of her grandparents. Mr. and Mrs. Herman Bittner and Mr. and Mrs. Robert Doyen of Holland, Mich., are visiting at the home of Mr. and Mrs. Louis Dault of this city. Mr. and Mrs. Mike Etenhofer and two sons, Mr. and Mrs. Chris Javorek, Mr. and Mrs. J. G. Jenkins and Miss Millie Seafeld spent Monday at Thunder Lake on a picnic. Mr. and Mrs. Peter Sjogren and son Norman of Menominee motored to this city and return and spent the week-end at the home of their son-in-law and daughter, Mr. and Mrs. E. J. Legault, So. 8th st. Miss Lillian Gross who is employed in Milwaukee has returned after a visit at the home of her parents in this city. Mr. and Mrs. J. H. Newhouse and daughter Virginia have returned to the Soo after a brief visit in this city. Miss Ruth Jensen left last night for Chicago. Mr. and Mrs. Raymond Taylor and daughter Margery, Mr. and Mrs. Julie Lee and son Russel and C. Peterson motored to Marquette and return Monday where they spent the day. Miss Eva Gross is visiting with relatives and friends at Milwaukee. Miss Eleanore Anderson of Engen visited in the city yesterday enroute to Evanston, Ill., where she is employed. L. K. Edwards left for Chicago last night on a business trip. Mr. and Mrs. Biles Duncan of Marinette, have returned to their home after a visit in the city. Wilfrid Trudell has returned to Marinette after a visit in this city. Miss Agnes Olson left for Chicago Tuesday evening. Rev. and Mrs. C. A. Lund and family motored to Sunset Lake Monday where the Augustana Lutheran church held a conference. Wendell Lund gave the principal patriotic address of the day's program. A pageant was held at Sunset Lake. Miss Stella Gabourie returned to Gary, Ind., last night after a week-end visit at the home of her parents, Mr. and Mrs. A. D. Gabourie, So. 13th st. J. McKensie left last night for Chicago. Mr. and Mrs. C. M. Beaudin and children returned yesterday from a visit in the copper country over the week-end. Mr. and Mrs. M. J. Quinn and daughters Patricia and Joan of Kenosha, Wis., are guests at the home of Mrs. Susan Trueblood. Mr. and Mrs. John Falk of Manitowish were Escanaba visitors Sunday. Charles Larson of Rock was a business visitor in the city Tuesday. E. McGee of Chicago visited in the city Monday. Mr. and Mrs. Sidney Greenwood and family of Kenosha, Wis., have returned to their home after spending the Fourth at the home of Mrs. Susan Trueblood. Stephen Nutt of Chicago who

visited at the home of Mr. and Mrs. Jacob Ammel, So. 12th st., has returned to his home at Chicago. Mr. and Mrs. Harry Cooper spent July 4 with relatives at Racine. Miss Ina Widell, who has been teaching at Long Beach, Cal., has arrived in the city to spend the summer months at the home of her mother, Mrs. Ida Widell. Mrs. Ed Nelson and daughter Tora returned this morning from Rockford, Ill., after visiting one week with her son Herman. Mr. and Mrs. C. Devost motored to Iron Mountain where they spent the week-end at the home of Mr. and Mrs. Nearman. Mr. and Mrs. E. W. Nelson, Gust Gronblad of Ann Arbor are spending several days in this city, having accompanied the body of Mrs. G. Gronblad to this city for burial. Mrs. H. Moorehouse of New York City is spending a few days in this city. Mr. and Mrs. John Keiffer and daughter Frances Mary of Milwaukee are visiting with friends and relatives in the city. Mrs. H. L. McDonald of Milwaukee is visiting with relatives in this city. Miss Esther Baldwin returned recently from an extensive trip which included stops at Minneapolis, Eau Claire and Appleton. Miss Baldwin attended the national convention of the Theta Sigma Phi at Minneapolis, June 21-26. At the convention Zona Gale was one of the principal speakers. The St. Paul Pioneer Press gave a luncheon for the members of the Journalistic Sorority in the cafe of the capitol building. Miss Baldwin also visited at the home of Miss Muriel Kelly at Appleton and returned to this city by motor. During her stay in Minneapolis Miss Baldwin and forty members of the sorority spent a week-end at Old Orchard, on Lake Minnetonka, and also enjoyed a ride in a hydroplane. Mrs. A. N. Shook of Grand Rapids is visiting her sister Mrs. F. L. Baldwin of this city. Mr. and Mrs. Harry Shook of Grand Rapids will motor to this city in the near future to visit the Baldwins and will be accompanied by Mrs. Shook on the return trip. Chief of Police John J. Tolan has returned from a visit at the home of his son, James Tolan at Hibbing, Minn. Charles Kelly and daughter Miss Muriel have returned to their home in Appleton after a visit at the home of Mrs. F. L. Baldwin. Carl Arnold of Detroit is visiting at the home of his parents, Mr. and Mrs. Peter Arnold, Second avenue south. Miss Pearl Monson has returned to Chicago after a visit at the home of her parents, Mr. and Mrs. Peter Monson, South Thirteenth street. Mr. and Mrs. J. Edward Moran and daughter of Chicago are the guests of relatives here. Mrs. R. P. Mason and daughter Eleanor have returned from a motor trip to Cleveland, Ohio.

**PHIL DUPONT PASSES AWAY**  
Complication of Diseases Is Fatal to Old Citizen.  
Phil Dupont, aged 68, died at his home, 1010 Third avenue south, at 2 o'clock Monday morning, July 4, following several months' illness due to a complication of diseases. Mr. Dupont was born in Grandville, Belgium, and came to this country with his parents when twelve years of age. The family settled at Green Bay. When he was twenty years of age Mr. Dupont came to Delta county and was employed by the Ford River Lumber company for several years. Later he came to this city and was employed as caller for the C. & N. W. Ry. Co. This occupation he held for six years. He was engaged in business for many years and had a host of friends in this city and surrounding places. Mr. Dupont was a supervisor for many years and a trustee of St. Anne's church until eight years ago. He was a charter member of the B. P. O. Elks, a member of St. Anne's branch of the Holy Name society and the Institute Jacques Cartier. Members of the Holy Name society will meet at St. Anne's hall this evening at 8 o'clock to go to the home in a body to recite the rosary. Mr. Dupont is survived by his wife and the following children: Mrs. Joseph Weber at Manitowish, Mrs. Pat Newitt, Ed Dupont, Mrs. Eva Brasseur and Wilfred Dupont of this city, Mrs. Fred Lund of Gladstone, Miss Adel Dupont of Chicago. There are ten grandchildren and two sisters, Mrs. John Dennis of Green Bay and Mrs. Francis Lacrosse of this city. Funeral Thursday. The body was prepared for burial at the Allo Funeral Home and was removed to the family residence Tuesday morning. Funeral services will be held at St. Anne's church Thursday morning at 9 o'clock, with Very Rev. Fr. R. G. Jacques as celebrant at the requiem high mass. Burial will be in the family lot in St. Anne's cemetery. The close friends who will act as pallbearers are A. D. Gabourie, Peter Murray, Fred Trojter, Procupe Lefebvre, Herman Roberge and M. Perron. Miss Adel Dupont of Chicago, Mr. and Mrs. John Dennis and Mr. John Dupont of Green Bay will come to this city for the services.

**CAR WRECKED TWICE IN DAY**

**Two Women Injured When Machine Goes Into Ditch.**

Mr. and Mrs. Frank Rae and daughter Frances, age 14, of Stambaugh and Mr. and Mrs. Charles Burnett of Iron River and son James who left Iron River early Sunday evening to come to this city to visit at the home of Mr. and Mrs. Joseph Poquet, met with two accidents enroute to this city. Just as they left Spalding a small car passed them from the opposite direction. As the car passed the machine driven by Mr. Burnette the front wheel of the passing car hit the front wheel of their car and tore off a tender, crowding their car into the ditch. None of the party was injured, only badly shaken up. After about five hours work they managed to get started on their journey to this city. As they reached the curve near Bark River the car turned over into the ditch and the occupants were thrown out with great force. Mrs. Burnette sustained injuries to the head and face. Her mother, Mrs. Rae, was bodily cut about the head and face and the children and the two men were uninjured.

A car driven by "Red" O'Donnell came along about this time and he placed the members of the party in his car and drove them to St. Francis hospital in this city, where the two women were cared for. The two men and Mrs. Rae returned to Iron River Tuesday while Mrs. Rae will be confined to the hospital. Mrs. Burnett is visiting with friends in this city while awaiting her mother's recovery. The driven was going about 25 miles an-hour when the accident happened at about one o'clock Monday morning.

**WAGES FROM SOON.**  
Virginia, Minn.—Turned out of her son's home after working for 16 years on his farm, a 67-year-old mother brought suit here against him for wages for her housework. She testified he had promised to keep her for the rest of her life. She was awarded \$1,000 of the \$2,500 she asked.

**A Thousand Miles—  
Two Thousand Miles  
—Without Draining!**

Motorists everywhere in the Middle West are running up records with Iso-Vis. Thousands of them are writing in surprise and appreciation to the Standard Oil Company (Indiana) to tell the good news of Iso-Vis performance.

One motorist calls Iso-Vis a "peace of mind" motor oil. It is a peaceful feeling to know that the motor is perfectly protected by an oil which maintains a practically constant viscosity—that will stay on the job from start to finish—preventing wear and tear in the engine—preventing trouble—making every mile of motoring smooth! Iso-Vis—the constant viscosity motor oil—gives you that certain knowledge.

Iso-Vis is made in different grades—to meet the requirements of every type of engine. Use the grade recommended for your car. Under normal operating conditions the oil level should be checked every 100 miles. Keep the crankcase at least three-quarters full. If this precaution is taken, a complete draining and flushing of the motor oil *once each 1000 miles* is all that is necessary.

With new cars equipped with effective oil filtering devices, draining *once each 2000 miles or more* is sufficient!

Iso-Vis costs more per quart but motorists have found that it costs less per mile. It lasts longer and wears better! Taxi companies have found that by using Iso-Vis they are able to reduce repair bills and to cut the cost of lubrication.

You'll appreciate the efficiency of Iso-Vis (30c per quart). Try it once—and motoring will hold new pleasures. Iso-Vis "F" for Fords.

### WILL GET BACKING HERE.

Members of the newly appointed board of managers of the Upper Peninsula State Fair, will meet in Escanaba on Thursday of this week, to formally perfect the organization that will assume charge of a definite state sponsored and supported effort for the encouragement and development of dairying and general agriculture in this section of Michigan.

It will represent the most progressive movement yet undertaken by the state of Michigan in behalf of a long neglected segment of the commonwealth. The establishment of an Upper Peninsula State Fair was made possible through the efforts of State Senator H. J. Rushton and Representative Henry Rose, of this county, loyally supported by all of the peninsula representatives and senators in the legislature, during the recent session. The measure had the support of Gov. Green and the state administration and a week ago the governor formally named the personnel of the new state board. The Upper Peninsula State Fair Board is made up of a leading and aggressive citizen from each of the fifteen counties of the upper peninsula, together with H. E. Powell, of Lansing, state commissioner of agriculture. Delta county's representative on the board is Supervisor August Lundgaard, of Cornell and his selection was a most happy one, for it was Mr. Lundgaard who successfully fought the battle before the Michigan State Association of Supervisors for the endorsement by that organization of the upper peninsula state fair project. Like his fellow members of the fair board, Mr. Lundgaard is an outstanding, substantial citizen of this county and will be prepared to cooperate with his associates in making the Upper Peninsula state fair a thoroughly worth while and permanent institution.

When the members of the new board come to Escanaba on Thursday they will find the governmental machinery of this city and county standing squarely behind the project, prepared to render any service that may redound to the success of the proposed fair and to the advancement of the interests of the entire upper peninsula.

### TOO MUCH HAIG.

The generalissimo who had charge of the English armies in the last years of the war bears the same name as a rather well known brand of Scotch whisky. If a man in certain parts of Scotland got tight, he was apt to be labeled as suffering from "too much Haig."

When some of the British public read a speech Lord Haig made the other day, they no doubt had that same woody feeling, for the doughty warrior certainly let himself go. He chided the British for being too modest. He told his auditors that in the last eighteen months of the war the main burden was carried by the British Tommies. Warming up to his work and waxing more eloquent each minute, he said Britain might not have won the war in 1918, had the Americans not come in, though it would certainly have won later even without us.

That may go down with some British super-patriots, but the more level-headed residents of the tight little island know that it is bunk. Britain, like France, had combed out the last of its manhood. In the fateful early days of 1918 when Ludendorff let loose his avanches of fighting Germans, both Britain and France went reeling under the shock. The echoes of it were heard clear back in Washington where the reporters were told by grave-faced American governmental officials that if America did not get her troops over soon the was was over and the Germans in top.

Haig's boast, therefore, is a bit too much Haig.

It's all of a piece with persistent Europe-wide propaganda whose object is to show that American military aid was practically nil. The conclusion naturally follows: since our men did nothing, the least we can do is to quit clamoring for the repayment or our "dirty dollars."

### So They Say

Appropriately enough, an English plumber has recently been made a Knight of the Bath—Christian Science Monitor.

Lucky Lindy—he doesn't have to carry all the air mail that is being sent to one Charles A. Lindbergh.—New York Evening Post.

While the Gideons are placing their Bibles in El Paso's hotels, we trust that they will slip a couple to the man who makes the rates.—El Paso Times.

It would take more than a British aviator flying from London to Moscow to restore cordial relations between the Soviets and Great Britain.—Knorrville Journal.

It must be annoying in these times to be a diplomat and realize that cannon fodder is too fed up to get excited if you say "Sic em."—Dubuque American-Tribune.

### LYRICS OF LIFE

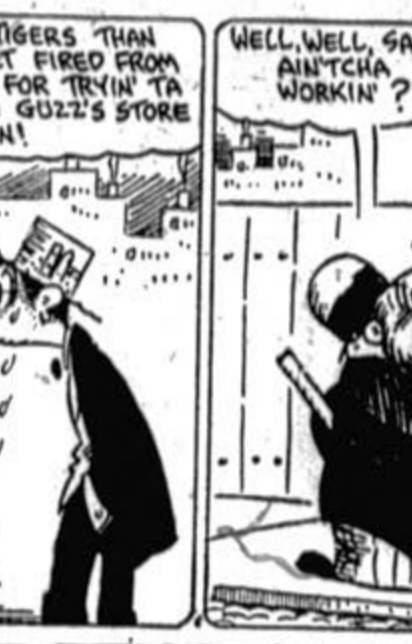

By Douglas Malloch

Copyright 1927 by Douglas Malloch  
GRANDDAD SHAVES HIMSELF.  
My granddad always shaves himself.  
Each morning still he gets his cup.  
And takes his razor from the shelf.  
And finds his brush, and lathers up.  
A hundred times I've heard him say,  
Although he's past four score and ten,  
"I shaved myself just yesterday,  
And, if I did, I can again."

Some fellows let their whiskers grow  
When they get old, or hunt a shop,  
But one old fellow answers, "No,  
I'll shave myself until I drop.  
I may be old, I may be gray,  
But one thing's certain, anyhow,  
That, if I did it yesterday,  
I'm good enough to do it now."

Yet younger men will hesitate  
Before some task they have to do,  
Say they're too old, or it's too late,  
Or they're too tired to get it through.  
But, brothers, there's a better way,  
Each morning just remember, me,  
That, if you did it yesterday,  
Then you can do the same again.

### SALESMAN SAM

### By Small

### The Piffle Hook

READERS of this column are going to help Director Joe Greenfield select a program of old favorites to be played by the Escanaba Municipal band at one of its concerts in the near future. The band will play as many of the "request" numbers as time will permit. The announcement of this arrangement, Sunday, brought in several suggestions but the program is not complete and you who have in mind some old-time musical number you want to hear the band play are urged to post-card it along to the column.

Hindu Mike called us a few moments ago by telephone to tell us he'd like to have the band play a medley of Civil War songs. We have no doubt that Mr. Greenfield will put such a number on the list.

Dimples—we hadn't heard from her for a long time—writes that she hopes Mr. Greenfield will play selections from "The Merry Widow," especially the famous waltz from that opera.

From P. J. V. comes a request for Ewald Heck's "Old Kentucky Home" baritone solo, and an unsigned "requester" wants "Drink to Me Only With Thine Eyes."

Send in the suggestions. Mr. Greenfield will arrange the program Saturday and it will be announced in next Sunday's Piffle Hook.

### DEAR HOFFFELPICK: May I venture to suggest that in Life's skit, mentioned Saturday, that "The Prisoners' Song" be substituted for Lohengrin's Wedding March?

—ODD

You May Suggest It But The Wedding Is Over.

### The threatened cut in actors' pay may result in a strike in Hollywood, according to dispatches from that quarter. We are in favor of such a strike and shall do all we can to encourage it.

Among the actors we'd like to see permanently unemployed are: (a) All leading men with mustaches; (b) All "heavy" men who tump their cigarettes on their thumb nails before lighting them; (c) All leading women who hold their jobs only because of their ability to wear pretty clothes; (d) Eleven out of fourteen directors and nineteen out of twenty-one press agents, the names of the survivors to be drawn by lot.

### HKR: Your advice about guarding my thumbs against burns on the Fourth of July went for naught. I got the left one nearly burned off handling the coffee pot in a picnic cooking fire and the right one nearly as badly stung getting my own breakfast Tuesday morning on the gas range. If fireworks had been permitted I wouldn't have had any worse off and I would have had some fun out of it at least.

—TIMOTHY

Thumbs; Yes, But Think How Many Fingers You Have Left.

ONE SUMMER when we were gadding quite a bit we collected 67 separate and distinct aliases for bread pudding on hotel and restaurant menus. All of which leads up to the interesting intelligence that we ordered "braised tenderloin ends" in a local establishment the other day and were served with a most appetizing heap of beef stew.

Remember the startling accuracy of this column's forecasts of the Kentucky Derby, no fewer than one (1) reader asks us to predict the winner of the Dempsey-Sharkey fight. We shall think it over and let you know. Delay all bets until you hear from us.

### IT WAS A RATHER short summer, but it was sufficient to pass the laugh to the long distance forecaster who said we weren't going to have one.

HKR: Why don't you ever write some poetry for The Piffle Hook?

—LOOIE XIX.

WHY DON'T YOU?

It has been nearly ten years since the world was made safe for democracy.

The next job 'll be to make motorized democracy safe for the highways.

—H. X. X.

President Coolidge accepted an invitation to attend a gathering of 10,000 farmers at Ardmore, S. D. There certainly are wonderful educational opportunities in the hills.

### Julius the Breathe

By Ben Lucien Burman

apron she had donned. She hurried toward him. Her slight body was tense with eagerness. "You haven't found him? If you have—" "No, Paulos not found him. But talk to somebody who have seen him. You get on horses this afternoon after Paulos afraid. Paulos' shamed he afraid. Paulos sick 'cause he afraid. Paulos just like us. Us no longer 'frail Paulos. We not 'frail anymore when Paulos tell us do something.' Paulos hurt Paulos here."

He beat his enormous breast with his fist. "Paulos not like other fellahs. Paulos brave. Want other fellahs always do what he say. Paulos turn round. 'I show you,' he say. 'Paulos go back and cross river. Come and see if Paulos cross river.' Paulos go back. Only one come with him see. Indian fellah."

"Come to river," he went on. "Cross. Stay in bushes while Indian fellah wait. Going to go back to other side when different Indian fellah, had Indian fellah, come out from tree, have bow, have arrow. Think he going try kill Paulos. Get knife ready. What other fellah not try kill. 'What you want?' he say Paulos. 'Kill Indian?' Paulos know Indian talk. 'Not kill Indian,' Paulos answered. 'Paulos friend Indian. Paulos just look for baby.' 'White baby?' say Indian fellah. 'Yes, say Paulos. Me see white baby,' say Indian fellah. 'White man have baby. Ugly white man. Look sick like fever. Tall like jungle reed, skinny same way, mark on forehead, while thing like white man wear round neck high round sock.' Right away Paulos know he mean Sheshor Prentiss. Ask him more questions. Indian get tired of Paulos questions and go away. Then Paulos cross river again and come back to faenda."

Elise's fingers began twisting her blue apron into a knot, heedless, unconscious of the sticky varnish splattered upon it. Her eyes did not leave the form of the huge black before her. Vilak put a pellet of betel into his mouth. "Astounding," he grunted. "So astonishing as to be almost incredible."

Elise roused herself sufficiently to shift her glance to him. He crunched the betel nut between his powerful jaws. "Facts are facts. Have to revise my theories. That's all. No mistaking Prentiss. Not another man could be mistaken for him in all South America. Even an untrained person would do it. And these natives are keen observers. Whatever else they aren't."

The negro shuffled out. Elise picked up the can of shellac again and at last, mechanically, began to apply the liquid to the canoe. "I tried to be fair to Prentiss," she said dully. "I felt sorry for him. You saved his life. But I'm afraid it was a mistake. A dreadful mistake. There are some people you can't be fair to. Those persons who attacked him were avenging something brutal he had done to them. I know it. I feel it, and if we had not done it... Tinky... would still be here."

Vilak began lashing a thin strip of spriny wood to one of the canoe ribs which had broken. They worked in silence. The old man heated a gummy mixture over an alcohol flame. The heavy old-fashioned silver watch which he had taken out of his pocket and laid on a table, ticked out the minutes loudly, monotonously. A shadow bat flapped against the window, and flew squeaking away.

Vilak looked up. "I think we'd better prepare for a long journey," he said. "Much longer than I expected. A month. Perhaps even two."

(To Be Continued)

Elise roused herself sufficiently to shift her glance to him. He crunched the betel nut between his powerful jaws. "Facts are facts. Have to revise my theories. That's all. No mistaking Prentiss. Not another man could be mistaken for him in all South America. Even an untrained person would do it. And these natives are keen observers. Whatever else they aren't."

### Shorts Suggested if Knee Breeches Go

London—Why not wear "shorts" if trousers are to be discarded for sanitary reasons?

This is the retort British creators of male fashions make to the French tailors who contend that knee breeches would make for comfort and health.

"Shorts" is the British term for the abbreviated garments beneath which boy scouts display their bare knees.

Napoleon, Louis the Fourteenth and many film favorites may have looked all right in knee breeches, but Bond street fashion designers have no thought of taking a chance on trying to put the modern Englishman into the attire of the French empire. London comic papers have enough sport as it is poking fun at the legs of men who squeeze themselves into black satin knee breeches for formal affairs at Buckingham Palace.

The American-Canadian boundary line is 3,895 miles long from Atlantic to Pacific.

### German Whisky Price Steadied

Berlin—The price of German whisky is about the one thing which isn't going up.

The financial committee of the Federal Economic council has rejected a proposal to increase the excise tax on "Brantwein" from \$17 to \$24 a gallon, because it feared such a big falling off in whisky consumption that the net return from a higher tax would be lower than the present.

Even the existing tax, the Council reported, is high enough to make moonshining profitable, although no German distilleries have succeeded in imitating Irish, Scotch or American whisky. A bottle of Scotch retails from \$7 to \$9 because of the high tariff while a liter bottle of English gin sells for \$6 up.

### FLAPPER FANNY SAYS:

### YOUTH INJURED IN AUTO CRASH

#### Suffers Severe Cuts When Machine Rams Escanaba Car.

Carl Bjork of Gladstone lies with severe cuts and bruises about his face and head and injury to his shoulder, in St. Francis hospital as a result of an accident that occurred Sunday afternoon when the car driven by James McCauley of Gladstone, in which Bjork was riding, crashed into the car owned by O. I. Bandeen of Escanaba, at the intersection of the new Soo hill and the old Flat Rock roads.

Peter McCauley, brother of the driver and Ray Roberts of Rapid River were slightly injured. Robert, Matt of Rapid River and James McCauley, the driver, were badly shaken up, but not injured. The three cut and bruised were rushed to St. Francis hospital where they were treated. Bjork was the only one forced to remain.

None of the six occupants of the Bandeen car was injured, although the impact was great enough to demolish the McCauley car and do great damage to the rear end of Mr. Bandeen's car.

According to the report of the accident submitted to Officers Henry Breaux and C. L. Tordour of the sheriff's department, who investigated the crash, Mr. Bandeen had been driving towards Escanaba on the Flat Rock road. After driving a few feet past the new Soo hill road intersection, Mr. Bandeen reversed his car and brought into position to turn onto the new road. While the Bandeen car was protruding only slightly onto the main road the McCauley machine collided with it.

Mr. and Mrs. O. I. Bandeen and two children and Mr. and Mrs. L. M. Beggs were the occupants of the Bandeen auto. Mr. Bandeen and Mr. Beggs removed the boys from the McCauley car and then called for an ambulance.

### Marold Engineer Painfully Burned in Gas Explosion

Laverne Peterson, age 39, whose home is at 55 Russell street, Marinette, met with a very painful accident while at work as marine engineer aboard the steamer Marold II of the Hill and White Transit company of Green Bay.

The steamer which carries passengers and freight between Green Bay and this city was used for excursions to Washington Island Sunday and Monday.

About 3 o'clock Monday afternoon while the boat lay in the harbor at Washington Island, Mr. Peterson cleaned the lower part of the engine with gasoline as is customary, and after finishing the job he used a lighted candle to inspect the work under the engine. He was holding the lighted candle in his left hand when it ignited from the gasoline fumes and caused an explosion.

He was severely burned about the face, neck and hands. Fellow employes gave him first-aid and he was brought to St. Francis hospital where he was resting easily last night.

The gasoline was used to clean inside the crankcase and Mr. Peterson thought the parts cleaned were dry when he lit the candle to investigate the work.

Mr. Peterson will be laid up for some time. He is married and the father of three children.

There is a sun dial in Baltimore that indicates sun time in other countries.

### OBITUARY

#### MRS. GUST GRONBLAD.

The funeral of Mrs. Gust Gronblad of Ann Arbor was held Sunday afternoon at 2 o'clock at the Anderson Funeral Home and at 2:30 at the Swedish Lutheran church with Rev. C. A. Lund officiating.

Many bereaved relatives attended the impressive services and the profusion of beautiful flowers were silent testimonials of the esteem in which the deceased was held by a host of friends.

Accompanying the body to this city were Mr. Gronblad, husband of the deceased, Mr. and Mrs. E. W. Nelson of Ann Arbor and Mrs. H. Moorehouse of New York.

Burial was in the family lot in Lakeview cemetery.

The close friends who carried the casket to and from the funeral car were J. A. Blomquist, William Bogen, Fred Starline, August Peterson, Emil Johnson and John Grant.

**PETER SCHMIT.**  
The body of Peter Schmit remained at the Alto Funeral Home until Tuesday morning when funeral services were conducted at the Alto Funeral Home. Burial was in St. Joseph's cemetery.

Mr. Schmit is survived by one brother, John Schmit of this city, and one sister, Mrs. Anna Miller, Evanston, Ill. He was a member of the Luxemburger Bruderbund and the Car Repairers Union. He was employed at the C. & N. W. Railway shops for many years and was forty-seven years of age. His body was found floating in Bay de Noc Sunday morning.

#### MRS. BERAL GRIFFIN.

Mrs. Beral Griffin, age 30, passed away at her home at Trenary Sunday.

#### ARTHUR VANDERLINDEN.

Funeral services for Arthur Vanderlinden, son of Mr. and Mrs. Frank Vanderlinden of Groos, were held Monday morning at nine o'clock at St. Patrick's church when Rev. Fr. Raymond Bergeron was the celebrant at the requiem high mass.

Many beautiful flowers surrounded the casket at the Alto Funeral Home where the body lay pending the hour of the funeral services and hundreds of friends called to view the re-

main of the unfortunate youth who was accidentally drowned while swimming in a gravel pit at the Biehler Quarry last week.

The close friends who acted as pallbearers were Donald Kallman, Mathew Thoma, Lawrence LaPlant, Fred Mattson, Walter Greenfield, Michael Nicholson, all members of the Soo Hill club.

Burial was in St. Joseph cemetery.

#### MRS. BERAL GRIFFIN.

Mrs. Beral Griffin, age 30, passed away at her home at Trenary Sunday.

### NIGHT COUGHS THOXINE

Stopped almost instantly with one swallow of Zemo.

Use Healing, Liquid Zemo Zemo seldom fails to stop Itching Torture and relieve Skin Irritation, it makes the skin soft, clear and healthy.

FOR SKIN IRRITATIONS

day following an illness of four weeks caused by complications which set in after the birth of a son.

Mrs. Griffin is survived by her husband and one son, aged four weeks; her mother, Mrs. Eliza De-garno; four brothers, Ulysis of Helena, Mont., Evans of McFarland, Eugene and Richard of Trenary; two sisters, Mrs. Ellen Burns and Miss Sylvia Degarno of Trenary.

Funeral services will be held at 2:30 o'clock this afternoon from the Trenary church, with Rev. J. B. Hubbard officiating. Burial will be in the Trenary cemetery.

### Auto Rolls Over Three Times; Man and Boy Injured

John LaValley and son, Lloyd, 9 years old, were slightly injured yesterday afternoon when the car in which they were riding overturned a short distance south of

### For Itching Torture

Zemo seldom fails to stop Itching Torture and relieve Skin Irritation, it makes the skin soft, clear and healthy. Zemo is a safe, healing liquid. Convenient to use any time. All druggists—50c and \$1.00.

the tourist camp on route M-35. According to LaValley's report of the accident, submitted to the police department, he was driving along at a slow rate of speed when the front wheels of the car locked in a turned position. The car ran through about 15 feet of sand, then overturned three times and finally came to a stop with three wheels broken, the top caver-

ed in and the body badly damaged, against a pole.

LaValley and his son had their bruises treated immediately by a physician.

A pair of young twins, so exactly alike that they even bore the same minor bodily deformity, were examined by finger-print experts and found to have entirely different lines.

# Simply Amazing!

How much does it cost? You will have dirty clothes as long as you live, but you pay for an Easy only once. It costs only a little more than old-fashioned washers. Purchase terms are liberal. On a monthly basis the cost is small, with a nominal charge for time payments.

..the new and unusual ways this washer saves work....

## Women say that the New Easy is five years ahead of its time, so unique are the time- and labor-saving features that it offers

No wringer—can't catch your fingers  
No broken buttons—less sewing  
No deep wrinkles—easier ironing  
No pails of water to empty—saves your back  
Washes by the world-famous Easy Vacuum Cup System  
Dampdries by means of marvelous new-type drying tub  
Empties water by ingenious new system  
Great speed—cuts the job in half by washing and drying at the same time  
Capacity extra-large, and adjustable

Heaviest dirty pieces washed clean; finest dainty things washed safely  
Drying tub leaves clothes evenly damp  
You still hang pieces in sun and air  
Washes and dries pillows—without removing the feathers  
Special gas heater keeps water hot; also handy for cold-pack canning  
Automatic starting and stopping switch—prevents blowing fuses  
No oiling worry—automatically done  
No old-fashioned belt  
Runs as easily, smoothly and quietly as a fine motor car

You can even wash and dry pillows in the New Easy, without removing the feathers.

WASHING HINTS  
Water Softening

NO washing can be efficiently done unless the soap can do its work properly. Soap cannot make a good suds in hard water. Therefore, if the water you use is hard, you must soften it. Laundry soda is an efficient agent in softening water for laundry work. It should be well dissolved and care should be used to combine it with the right amount of soap.

Ordinary sal soda crystals may be used. Always dissolve them first in hot water—1 lb. of crystals to 1 gallon water. One-half cupful of this solution should be sufficient for one tubful of water in the EASY. An alternative is a prepared "modified soda," which is a combination of washing soda and bicarbonate of soda. This should be dissolved in hot water.

Write for my free booklet.

It's simple to oil the Easy. Put a teaspoonful of oil in this reservoir and it runs to the working parts.

Here you can see how the Easy gets its speed. One tub for washing, another for drying, and both work at once.

Here's how the Easy empties the water for you, electrically, without your using a bucket to lift or carry a single drop.

Here the cups are gently drawing the soap and water back through the fabric by suction.

COMING SOON.. your whole weeks washing FREE.. Don't miss this chance

In order to help advertise the New Easy our representatives are arranging to do one week's washing free for women in certain residential sections. Naturally, these men cannot reach every home at once. But your turn is coming. It won't cost you a cent or obligate you in any way. If you don't want to wait, telephone any of the dealers listed below and arrange for an appointment ahead of your neighbors. You must see this wonder-worker in action.

### YOUTH DROWNS NEAR COOKS

Ralph Tanquay, age 19, Unable to Swim Steps Into Deep Water.

Cooks, July 5. (Special)—Ralph Tanquay, aged 19, son of Mr. and Mrs. Julius Tanquay of this community, was drowned in Goose Neck Lake, 14 miles north of here near the Delta-Schoolcraft line, late Monday afternoon.

The young man and a companion were bathing in the lake. Tanquay was unable to swim. He stepped off a shelf into deep water and the companion was powerless to rescue him.

The body was recovered about 4 hours later. Apparently, Tanquay had taken a death grip on some object on the bottom of the lake and considerable difficulty was experienced in bringing the body to the surface.

The body was taken to Manistique to be prepared for burial, and was returned to the family home Tuesday.

### Topples From Pile of Logs, Sustains Bad Body Bruises

Ben Baker, 55 years of age, residing at 1315 First avenue north, sustained painful injuries when he slipped from a pile of logs he was engaged in loading near Manistique late Saturday afternoon. He was taken to St. Francis hospital when an X-ray revealed no bones broken. An examination, however, showed Mr. Baker's body covered with severe bruises. Since he is extremely nervous from the shock Mr. Baker is not allowed any visitors.

### Clearer Vision

Eyes dimmed through eyestrain and consequent filming of the vision are detrimental to success. Our examination is so thorough, our equipment so modern and our experience so broad that failure to help you is highly improbable.

### FAIR BOARD TO MEET THURSDAY

Chamber of Commerce Will Give Dinner in Members' Honor.

The fifteen newly appointed members of the board of managers of the Upper Peninsula State fair, along with representatives of the state board of agriculture and other notables, meeting here Thursday, will be guests of the Escanaba Chamber of Commerce at a dinner to be served at the Escanaba Golf club at 7:30 o'clock.

Reservation cards, which have been mailed out to the members, should be returned early today or reservations made by telephone before 9 o'clock this morning at the Chamber of Commerce office, it was emphasized yesterday.

### Michigan Tech Plans Research of Ore Deposits

Houghton, July 5.—In copper and iron research work in the Upper Peninsula of Michigan, for which the Michigan College of Mining and Technology at Houghton has received from the state legislature an annual appropriation of \$50,000 for the next two years, arrangements have been made for the cooperation of many agencies, such as Michigan Geological Survey, the United States Bureau of Mines, the United States Coast and Geodetic Survey, the Carnegie Institution of Washington, D. C., and the mining companies of the copper and iron districts of Michigan. The work is being organized along well defined lines, each phase of which will be given equal attention.

### SOCIAL

**Surprise Party.** Friends of Miss Ruby Monson walked into the family home unexpected Sunday evening and surprised Miss Pearl Monson on the occasion of her birthday anniversary. Games and music formed the evening's diversions. Prizes in contests were awarded to Miss Helen Olson and Miss Kathleen Hunt. Delicious refreshments were served and the honor guest was the recipient of many pretty gifts as mementos of the occasion.

**Charles-Torian.** Word has been received in this city of the marriage at Milwaukee Saturday, July 2, of Miss Vivian Charles, daughter of Mrs. Elizabeth Charles of this city and Robert B. Torain of Milwaukee. They will make their home in Cleveland, Ohio. Mrs. Charles went to Milwaukee to attend the wedding.

### Seven Coyotes Are Taken at Flat Rock

Louis Dube of Flat Rock, captured a family of seven coyotes in that community Sunday. He killed the mother and two of the pups, taking four of the "youngsters" alive. The wolves were found in a shallow cave near his home.

A New York City Methodist minister says that blond babies usually cry, brunets smile and bald-headed ones look blank when being baptized.

must go before penetrating the solid ledge rocks in which the ores are found. Exceedingly interesting results have been obtained by these scientists in the vicinity of Washington, and there is good reason to expect success in the copper and iron districts of Michigan. Associated with Messrs. Strohman and Rooney in the work will be Dr. W. O. Hotchkiss, president of Michigan Tech and himself a well known geologist, and Professors Fisher, Duggan, A. F. Seaman and Willis Seaman of the College faculty.

### Announcement

Having turned over our CENTRAL CASH MARKET to younger hands who have their way in life to make; we now have come to ask of you to kindly allow us to thank you one and all for the kind good will and confidence so lavishly shown us in the past 15 years.

Our successors—William Anderson and Chester Calonette, having served you at The Central Cash Market these 4 to 12 years past require no introduction to most of you people. Their pleasing, willing ways had a great deal to do with making possible the success of our Central Cash Market. It will ever be their one aim and object to continue serving you in such a way as to merit, hold and increase the liberal patronage enjoyed by us since the very inception of this business.

The Old Man will intrude upon the hospitality of some spreading, shady birch, maple or hemlock for a few days of rest and recreation. This done, he will assist Mother with her dry goods, also see what, if anything, can be done towards putting 'Soil Manna' on its feet—which has a future second to none.

Sincerely yours,  
**MIKE GUNTER**

Mrs. Robert Weber, formerly Miss Margaret Wroblewski, is doing nicely after an operation for appendicitis.

## JULY COURT CALENDER OUT

**No Jury to be Called; 21 Criminal Cases Listed.**  
The calendar for the July term of the Delta county circuit court sessions opening Monday, July 11, shows a decrease in the number of cases listed, in comparison with the calendar for the Spring term which was the longest seen in the circuit court for some time.  
In the listing of criminal cases, alleged prohibition violations number 10. Other criminal cases listed are as follows: battery, 2; rape, 1; violation of election laws, 1; abandonment 1; larceny and unlawful driving away an automobile, 1.  
Harold Ritter is the defendant on the charge of larceny and unlawfully driving away an automobile. Charles Tehola is facing the charge of abandonment and Ferdinand Sunberg the charge of violation of election laws.  
Prohibition defendants are: Oscar Cederburg, Casper Reinwand, Louis Mathys, Julius Dumas, Lester Labumbard, Oscar Johnson, Victor Keno, Jalmar Jaki, John Beaudry and Daniel Greenwood.  
Twenty-one law cases are listed. They include Frank O. J. Lindley vs. Isaac Bonifas; J. B. Colt Co. vs. A. W. Harris; John MacGregor vs. Glen Beal; Clara Bond vs. Cloverland Auto Co., et al. William Kell, Jr. vs. Fred Nygaard; Arctonus O. Wella vs. Niagara Land and Timber Company; Geo. P. Britz vs. John Novack; George Schrader vs. John Johnson and Gust Bloomstrom.  
Twelve chancery cases are listed, of which six are petitions for divorce.  
There will be jury selected for this term of court.

**Crashes Front of Store; Pays Fine, Loses His License**  
The campaign of the sheriff's department against individuals guilty of negligent and careless automobile driving was further emphasized yesterday when two men were brought before Justice Henry Ranguette to answer to charges of drunken driving.  
Mose Derouin of Pine Ridge, age 72, while in an intoxicated condition Saturday crashed into the store front of the West End Cycle works, on the corner of Ludington and Fourteenth streets. He admitted his guilt and was fined \$50 by the court. In addition his driving license was revoked for one year. Derouin will pay \$150 for damages caused by the crash.  
Henry Sullivan of Gladstone was arrested at 5:30 o'clock Monday afternoon at Gladstone, charged with drunken driving. When brought before the court, he entered a plea of not guilty. His case will be tried July 14.

# Browns Bombard Three Tiger Pitchers, 17 to 8

## GASTON'S ARM MIGHTY FACTOR

### Hurler Goes Route for St. Louis, Poles Out Home Run.

St. Louis, July 5.—(P)—The St. Louis Browns landed on three Detroit Tiger pitchers for twenty hits, many for extra bases and won today 17 to 8. Gaston not only went the route for the Browns, but got three hits, including a home run with one on base. He was almost invincible except in the eighth when Gehring hit for the circuit with the bases loaded. The Browns scored in each inning except the sixth. Slater got three hits and stole three bases, including home. Shea, Wells and Warner went in ahead of Gehring when the Detroit second baseman connected with his four-base blow in the eighth. The ball cleared the right field pavilion.

### Made Two Runs.

In the previous inning, the Tigers had tumbled Gaston for one hit, which together with two bases on balls, resulted in two runs. Both Warner and Gehring walked. Rubie sacrificed, and on Fothergill's double to left field, Warner went home. Gehring scored on Hellmann's grounder to Melillo.

### The only other Tiger scoring when done in the second inning when a walk and two singles put Taverner around the circuit. Neun first grounded out and then Taverner got a walk. Woodall's single put him on third from where he scored easily on Whitehill's single.

After making two in the opening frame, three in the second and one in the third, the Browns had their big inning in the fourth when five runs went in before the Detroit team could shut off the scoring.

### Taverner's fumble allowed Melillo to get on base and when Bennett singled over Neun's head the runner went to third. Hellmann's rumber allowed Sliser to take a second base on his single which had scored Melillo, and gave Bennett time to dash across the rubber. Following Miller's sacrifice and Rice's out on a foul, Schulte poked out a homer into the field bleachers, pushing Sliser across the plate. Schang and Gerber singled, and when Gaston repeated the performance the frame counted.

The box score:

### AMUSEMENTS

#### AT THE DELFT

A spectacular fire drill with more than five hundred people participating was staged for "The Fire Brigade," now playing at the Delft Theatre. It was produced by Hunt Stromberg. Of the five hundred in the scene, more than half are firemen from the Los Angeles departments, augmented by the stars of the picture that play the parts of firemen. Charles Ray, Tom O'Brien, Warner P. Richmond, DeWitt Jennings, Bert Woodruff and Dan Mason are the actors in uniform.

#### RED SKIN MOUNDSMAN Traded to Orleans

Cleveland, O., July 5.—(P)—Benjamin Karr, who pitched for the Cleveland Indians the last two and a half seasons, has been traded to the New Orleans team. The Southern Association, for which he pitched last season, is being purchased by Walter Brown, promising young right-hander. It was announced today. Karr came to the Indians from Atlanta.

#### WHITE SOX WIN.

The White Sox defeated the Bird's Eye Vaseur Wild Cats, 19 to 4 Sunday morning, and in the afternoon at 10 on the Herringschokers, 17 to 11. Home runs by LaCrosse, Paschal, and Call featured the second game. The White Sox have issued a challenge to other amateur teams in the city for games. Any wishing to accept are asked to phone 737-W.

## PIRATES CHECK CARDS, 14 TO 2

### Pittsburgh Keeps Half-Game Lead in National League.

Pittsburgh, July 5.—(P)—Pittsburgh maintained its half game lead in the National League race by overwhelming St. Louis today, 14 to 2, while the Chicago Cubs were defeating Cincinnati. The Pirates' triumph gave them the clean sweep of the three-game series and marked St. Louis' sixth consecutive defeat. Four Cardinal pitchers saw service and none was effective against the fury of the Pirate attack which centered in the fourth and fifth innings when 12 runs were batted in. Aldridge allowed the champions but five hits, and fanned six.

## Yankees Capture Four Out of Five Wimbledon Tennis Championships

Wimbledon, July 5.—(P)—The 1927 Wimbledon tournament closed today in a blaze of glory for the United States with four of the five championships in the hands of American players. The lone crown that was missing—the coveted men's singles—was perched on the brow of little Henri Cochet, the French ace who eliminated William T. Tilden in the semi-finals on his way to his ultimate victory.

## YANKEES TRIP SENATORS, 7-6

### Lazzeri Slams Home Run With Two Men Out in Ninth Frame.

New York, July 5.—(P)—The New York Yankees tripped up the Senators for the third straight time today by 7 to 6. Tony Lazzeri bringing the game to a dramatic close by slugging the circuit after two were out in the ninth.

## WELLS DEFEATS NORTH WESTERN

### Prance Away With 2 to 0, 7 to 6 Wins Sunday and Monday.

Wells had things their own way in a two-game series with the North Western club Sunday and Monday, taking the first tilt 2 to 0 and the second 7 to 6. Monday's game the North Westerns led 6 to 1 until the seventh when a spectacular four-run rally shot Wells into the front. Jonas crack Monday and hit by a batted ball Monday and hit by a batted ball Monday and hit by a batted ball Monday.

## Pepin Makes Sweep of First Places in Racing Meet

### George Pepin of Escanaba, riding a Harley-Davidson machine, made a clean sweep Sunday, taking first place in all five of the motorcycle events run off at the Flat Rock race track.

Although suffering somewhat from bruises and shock sustained in two falls while practicing Sunday morning for the afternoon meet, he led the field at the end of each of the five events staged; two two-mile races, one three-mile event and two five-mile events.

### Other riders entered in the meet were J. Jorgensen of Escanaba, riding a Harley-Davidson, J. Jorgensen mounted on an Excelsior and R. C. Trudell of Iron Mountain riding an Indian.

### A large crowd witnessed the meet. A group of Escanaba riders will appear on the racing card to be run off at Norway next Sunday.

### RAPIDS SWAMP NAHMA, 11 TO 1

### Bedard Hit Frequently; Teammates Get Only Five Clouts.

Rapid River, July 5.—(Special)—Pulling their greatest hit and run rally of the season the locals defeated Nahma in the D. S. League here July 4, securing nine hits from Bedard's delivery for a total of eleven scores while the visitors were able to connect for five safeties so distributed that they netted them but one score.

## DEMPSEY MIXES WITH PARTNERS

### Former Heavyweight Czar Exhibits Old Driving Power.

White Sulphur Springs, Saratoga Lake, N. Y., July 5.—(P)—Today was "socking" day in the training camp of Jack Dempsey where the former czar of the heavyweights is drilling for his drive back to the title throne.

### Speed had its place too in today's six rounds of boxing but the fire slowly returning to Dempsey's attack could not be held in restraint.

### In twenty seconds of one round, Jack sent Eddie McMullin, rugged New York middleweight, flying through the ropes and into the laps of newspapermen with a terrific left hook to the chin.

### The punch traveled less than a foot yet Eddie had to be carried to the dressing room where he dozed until the day's work was done.

### Dave Shada, Jack's pal from California, climbed into the ring after helping catch McMullin coming out and forced the big fellow to fight three furious minutes. Dave's weaving steadily, emulating the type of attack Jack Sharkey expected to employ in the Yankee Stadium July 21, kept Dempsey bobbing in and out, tipping punches from all angles, but it was only in the final minute that Jack really caught up with the coast boy. Then he nailed Dave in a corner and drove three six-inch left hooks to the chin that left the flashy middleweight feeling his way from the ring when the gong sounded.

### The remainder of the session, equivalent to ten rounds of boxing, was completed with workouts of a round apiece against Johnny Saxon, Allentown, Joe Gans, Marty Burke and Jack Hildebrand, a light heavyweight from Syracuse, N. Y., who has replaced Carl Carter, Chicago

### Another announcement from the camp disclosed that Dempsey will start the 24-mile swimming marathon on Lake George, about 30 miles from here, in the morning of July 12.

### negro, on the payroll. Jack worked a round each with the light and heavy bags, yanked the chest weights, and spent several minutes doing ring callisthenics and shadow boxing.

### In continuing to show daily improvement, Jack today had his short punches under nice control and showed no tendency to "swing from the hip." Down off his toes on the balls of his feet, Dempsey ploughed around the ring in his stiff-legged style.

### Dr. W. G. Frahmick, New York surgeon, representing Tex Rickard, examined Dempsey today and announced his physical condition as "splendid."

### Another announcement from the camp disclosed that Dempsey will start the 24-mile swimming marathon on Lake George, about 30 miles from here, in the morning of July 12.

## WELLS DEFEATS NORTH WESTERN

### Prance Away With 2 to 0, 7 to 6 Wins Sunday and Monday.

Wells had things their own way in a two-game series with the North Western club Sunday and Monday, taking the first tilt 2 to 0 and the second 7 to 6. Monday's game the North Westerns led 6 to 1 until the seventh when a spectacular four-run rally shot Wells into the front. Jonas crack Monday and hit by a batted ball Monday and hit by a batted ball Monday.

### BODY OF MAN FOUND IN BAY

#### Peter Schmidt Had Been Dead Several Days, Doctors Believe.

The body of Peter Schmidt, 45, was found floating in the water between the Hansen & Jensen and the Oliver coal docks early Sunday morning. It is estimated that the body had been in the water more than four days when found.

Members of the police department were notified by persons about the dock. They removed the body from the water and brought it to the Allo Funeral Home from where funeral services were held yesterday morning.

Schmidt was last seen late Thursday afternoon in Ludington park. No marks of ill treatment were found about the body. A coroner's inquest will not be held.

The deceased had lived in Escanaba for many years. During the past few weeks friends had noticed him in a rather morose state of mind. He had tried to borrow money from several people in this city, but was unsuccessful.

He is survived by one brother, John, 315 Ludington street.

### COMMUNICATIONS

#### CONCERNING CATS.

Escanaba, July 5.—To the Editor: In regard to your editorial on the extermination of cats in Thursday's paper.

If it were to be the cause of a movement resulting in a heavy license on cats and the drowning of kittens before they are one day old there is barely a doubt as to your receiving the support of hundreds of Escanaba residents.

Little does the average person know as to how many cats we have in Escanaba. Having been in a position to observe them during their early morning forays I agree with you when you say they are killers of birds, sneak thieves and spreaders of disease. During the later morning hours and in the afternoons they are seldom seen. But early in the morning—just ask any Daily Press carrier boy. It's more than a shame, it's criminal. You can see them crawl away from a garbage can like a snake; see them lie under a bush waiting to kill a small bird; see them climb a tree and search it for bird nests.

"But they're so cute when they're kittens," says the average woman. How many of them remain in their original homes after they are a few months old?

When hundreds of dogs were seen roaming the city streets in the spring months a law was promptly passed forcing owners to license the canines or have them killed. A dog is bold enough to come out in daylight, but a cat—night sneaks, pest, howler, killer.

Go get 'em. Make it a movement. Rid the town of them. Only a newspaper can bring the public to a talking point on such a problem.

Sincerely,  
A subscriber.

### FRIENDS FIND BODY OF MAN

#### Liquor Blamed for Death of South Ford River Farmer.

Moonshine took another victim some time during the night of July 4 when George Krause, age about 55, died in his farm home in South Ford River.

Krause for several years had been a resident of the South Ford River district and was known as a heavy drinker among his friends. Since his wife left for a visit with friends in York, Neb., Krause had consumed several gallons of moonshine whisky. Bottles and jugs, with traces of moonshine in them, were strewn promiscuously about the place.

During the past ten days friends have been caring for the livestock and chickens on the Krause farm. He had been warned several times about his weakened mental and physical condition, due to drinking. The man had been dead about 10 or 12 hours when found by friends yesterday morning. Members of the sheriff's department were notified and examined the premises.

Word of the death was sent to Mrs. Krause. No funeral arrangements have been made. The body was removed to the Anderson Funeral Home.

### Engineers Find Their Bank in Good Condition

#### Embarrass your banking institutions, and

Theodore Farrell, delegate to the international convention of the Brotherhood of Locomotive Engineers held at Cleveland, has brought back from that city a copy of a resolution passed by the organization in connection with the bank the Engineers are operating.

"There have been many unfounded rumors and reports concerning the bank," Mr. Farrell said. "I think the resolution will make the condition of things absolutely plain."

The resolution follows:

"Whereas, it has come to the attention of your committee that there are certain ill-founded rumors being circulated about the condition of the Brotherhood of Locomotive Engineers Co-Operative National Bank, situated in Cleveland, and

"Whereas, your committee, from its investigation, knows that said rumors are untrue and knows that your bank is sound in every respect, and

"Whereas, it is all-important in the working out of the financial difficulties of your different institutions that nothing should happen which would in any way

### CITY SPENDS "SANE" FOURTH

#### Large Crowds Hear Concerts, Watch Fireworks Display.

Escanaba's observance of Independence Day was an enjoyable one for the large crowds which participated in the various features of the program arranged by the city administration.

Large numbers of local people motored to lakes and other points of interest nearby and also spent the day at Gladstone, Rapid River, Hermanville and other cities in this locality where celebrations were in progress.

The observance here consisted in a program of athletics in Ludington Park and a band concert there. At 7:30 o'clock there was an open-air dance on the pavement on South Ninth street, just off Ludington. This was followed by another band concert in the park and a display of fireworks which was viewed by a great crowd.

The entire day was quiet, sane and orderly. There were no fireworks accidents of consequence.

### Concrete Opened for Three Blocks

#### tween this city and Ford River

The first concrete, laid by the state in West Ludington street as a part of the new highway between this city and Ford River Switch was opened to traffic Monday. The Motorists may now use the road between Stephenson avenue and North Twenty-third street. The concrete laying crew is moving steadily westward towards the Switch.

### June Cold and Dry Month, Summary by Bureau Discloses

A deficiency of 2.38 inches of rainfall in the month of June as compared to the normal for the month of 3.60 inches over a 55 year period brings an accumulated deficiency of 2.65 inches since January first and marks last month as the driest June since 1921. Only 1.22 inches of rain fell last month.

Of the 1.22 inches of rain, .95 inches fell on Tuesday, June 21. There were only six days during the month on which .01 inches or more precipitation occurred.

The highest temperature reached during the month was 80 degrees on Thursday, June 30, the lowest point for the mercury being on the first when it descended to 32 degrees. Although there were several warm spells during the month a deficiency of 3.7 degrees from the normal for the

Does your daughter attend school regularly?

MANY GIRLS are absent from school for a few days each month because of illness. In many cases this is unnecessary because young girls—as well as older women—can be strengthened by Lydia E. Pinkham's Vegetable Compound. Girls suffering from run-down condition, sleeplessness, nervousness, and loss of appetite, should gain new strength and vigor from this Vegetable Compound.

The following testimonials show what the Compound has done for other schoolgirls.

NERVOUS AND DIZZY

Charleston, Illinois:—"I gave my fifteen-year-old girl Lydia E. Pinkham's Vegetable Compound and it did her a wonderful lot of good. She was nervous, weak and dizzy. At last she was so bad off that she was out of school for four months. The Vegetable Compound has improved her in every way and she has gone back to school. I recommend the Vegetable Compound to other mothers with girls who are not as strong as they should be." Mrs. Alice Louthan, Route 2, Charleston, Illinois.

SICK AND WEAK

Camden, New Jersey:—"When my daughter was twelve years old she was hurt at the playground. She was sick and weak for some time after that and was not able to go to school regularly. Lydia E. Pinkham's Vegetable Compound has helped her wonderfully, and she now goes to school every day. She has gained in weight and has a better appetite than she had before taking it." Mrs. Ada McKim, 1044 Linden Street, Camden, New Jersey.

Remember this package. None genuine without the signature of Lydia E. Pinkham.
