

AVIATORS FORCED TO ABANDON FLIGHT

PROGRESSIVISM DEVELOPS INTO STRONG FACTOR

MAY INFLUENCE CAMPAIGN FOR NOMINATIONS.

BY DAVID LAWRENCE. (Copyright 1927, by the Escanaba Press) Washington, Sept. 15.—The injection of the old-fashioned issue of "progressivism" which has in one form or another influenced many a campaign, has developed in the last few days as an important factor in the general political situation.

The certainty that the Republicans will name a conservative satisfactory to the business interests in the east has aroused certain western Republicans, among them Senator Nye of North Dakota and Senator Norris of Nebraska. Both men are looking forward to an aggressive era in the next Congress and an assertion of power.

It is significant that Senator Norris was quoted recently as saying that neither witness nor religion should bar Governor Smith from serious consideration and that progressivism was far more important. Mr. Norris did not say that he would support the New York governor if he was a Democratic candidate, though it is recalled that the Nebraska senator did not hesitate to campaign for a Democrat, William B. Wilson, in the senatorial contest in Pennsylvania against Mr. Vare.

Police Detain Wife of Murdered Doctor

Hammonton, N. J., Sept. 16.—(AP)—State police and county authorities today questioned for two hours Mrs. Margaret Lillendahl, wife of Dr. Lillendahl, a retired physician, who was slain yesterday on a lonely road in the woods near here.

Mother Mourns for Return of Baby Boy

Cleveland, O., Sept. 16.—(AP)—While a heart-broken mother lay in a hospital here tonight praying for the return of her "son" as she nursed a baby girl, Judge Carl V. Weygant looked forward to a conference tomorrow morning with masters of the medical profession who might aid him in solving a tangle that would test the wisdom of a Solomon. The press of business in common pleas court where Judge Weygant presides, forced him to postpone a personal visit to the hospital planned for late today, until Monday.

May Call Jury. Mrs. Smith nursed a baby girl tonight which hospital officials claim is the child born to her August 22. They also claim that the tangle resulted from a "clerical error" made at the hospital. But the doubt of a mother is not dispelled by their explanation, and the child's father vowed today that he "would spend every penny I have to straighten out this tangle."

LEGION ARRIVES IN FRENCH CITY

Pershing's "Gang" Back Amid Familiar Scenes.

Paris, Sept. 16.—(AP)—General Pershing and his doughboys are back in France again. Tonight the air of Paris is filled with lilting wartime tunes, "Madelon" and "Over There," and thoughts of French people have turned back to remembrances of those days of 1917 when Europe made the acquaintance of the Yank in uniform.

This time Yank—30,000 of him, they say—is in "city" and there isn't a man in all Europe to prevent him as he goes about the job of seeing France as a civilian. All Paris has caught the carnival spirit that this second A. E. F. has brought and the whole country looks forward to taking a holiday Monday when American Legionnaires parade through the capital before opening their convention on soil they helped save 10 short years ago.

Time Has No Effect

Arriving at Paris, General Pershing was greeted in the name of the government by Paul Painleve, minister of war, whose proud duty it was 10 years ago to perform the same function when the American commander first reached France to make ready for the great army that was to follow him.

REPLY TO NOTE WILL BE MADE EARLY IN WEEK

Washington, Sept. 16.—(AP)—The French reply to the French tariff note probably will be forwarded early next week to Paris and although no word was forthcoming from the state department today, it was a foregone conclusion that it would reject definitely French desires to negotiate a give-and-take tariff agreement.

EXPECT GOVERNMENT TO REJECT PLAN.

Washington, Sept. 16.—(AP)—The American reply to the French tariff note probably will be forwarded early next week to Paris and although no word was forthcoming from the state department today, it was a foregone conclusion that it would reject definitely French desires to negotiate a give-and-take tariff agreement. The French note still was withheld from publication as it has not as yet been made public by the French government itself and in the absence of official word as to the attitude the Washington government will take, it has occurred to some observers that it might be possible to impose an increase in duties on French products under the flexible provisions of the tariff act, and then negotiate with France with a reciprocal readjustment of rates down to the French minimum rates as the limit of French negotiations on the one side, and down to the statutory rates in the United States as the limit of negotiation on the other.

STATE RENEWS COLONY CHARGE

Brief Asking Dissolution of Cult Filed in Circuit Court.

St. Joseph, Mich., Sept. 16.—(AP)—Renewing its charge that the House of David colony is a "public nuisance" and that "immorality has been practiced in the name of religion" under the leadership of Benjamin Purnell, the state today filed a brief in circuit court asking dissolution of the cult.

The brief was filed with Judge Louis H. Ford, who several weeks ago heard testimony in the state's ouster proceedings. The state asks that the colony be abolished, its assets marshaled and a receiver appointed to hear claims of those entitled to share of its property. "Testimony in this case reveals a situation which has never been brought before a court of justice in our state or elsewhere as far as we are able to find," the brief asserts. "Such brazen, unlawful and criminal conduct on such a large scale and over such a long period can seldom, if ever, be accomplished in the maze of circumstances that constitute the background of this case, there appears the figure of Benjamin Purnell, confessed bigamist, overwhelmingly accused of the meanest and most contemptible kind of licentiousness and immorality, practiced in the name of religion, and who has dominated hundreds of loyal, abject and blind followers and led them into the abandonment of all scruples of honor, decency and morality for his teaching and practices."

Church and Government Should Remain Separate

Port Huron, Mich., Sept. 16.—(AP)—A. P. Vandenberg of Grand Rapids, in an address before the Methodist conference here tonight on "Christianity and Constitutionalism," declared them to be the two great interlocking forces upon which the greatness of America is built and upon which its future depends. Pointing out the necessity that church and state shall be forever separate in the United States, he declared that this cardinal fundamental could be disrupted and cause trouble if not carefully watched and guarded.

PLANNING DEFENSE IN HILL MURDER CASE

Harry Hill, 21, charged with the murder of his mother at Streator, Ill., is shown here in the county jail at Ottawa, with his father, Dr. H. C. Hill (left), who is helping his son, and the defense attorneys, Arthur Shay (standing) and W. C. Jones. Young Hill also is pictured to the right.

Duvall Offered to Sell City Market Position for \$3,000

Indianapolis, Ind., Sept. 16.—(AP)—Prosecuting witnesses in the trial of Mayor John L. Duvall of Indianapolis on a charge of violating the corrupt practices act, today testified that the mayor offered to sell the city market mastership for \$3,000, promised another man an automobile for his support and told officials of the Ku Klux Klan he would let that organization dictate 85 per cent of his appointments if his campaign was successful in 1925.

WRITER LUNCHES WITH PRESIDENT

Washington, Sept. 16.—(AP)—Arthur Brisbane, the writer, had lunch with President Coolidge at the White House today. His talk with the president, he reported later, was confined to the Mississippi flood situation, the beauty of the Black Hills and White House renovations.

PREDICTIONS ON PRICES STOPPED

Washington, D. C., Sept. 16.—(AP)—Precipitating the longest cabinet session since President Coolidge took office, the south's protest against government predictions of price trends by department of agriculture officials, which lasted more than two hours, was followed by announcement late in the day at the White House that Mr. Coolidge regards as hazardous predictions by government departments on the possible trend of prices.

Decree Signed to Impound All Ballot Boxes of Election

Pittsburgh, Pa., Sept. 16.—(AP)—A decree ordering impounded all ballot boxes and records to do with the general election of last year in 24 western Pennsylvania counties was signed today by Judge R. M. Gibson of the United States district court. The order was made on petition of senator elect William S. Vare, with the concurrence of William B. Wilson, Democrat, who is contesting Vare's election and the senate standing committee on privileges and elections, before which the contest for the seat is pending.

INDIANA PAPER TO GIVE STORY

Charges Against Robinson Were Based on Letters.

Indianapolis, Ind., Sept. 16.—(AP)—The Indianapolis Star will publish a story tomorrow morning declaring that charges published by a local newspaper against Senator Arthur R. Robinson of Indiana, accusing the latter of endeavoring to influence a decision of the Indiana supreme court, were based on letters exchanged between E. S. Shumaker, superintendent of the Indiana Anti-Saloon League, and Senator James E. Watson. Shumaker recently was given a 60-day prison sentence for contempt of court.

World Flyers Sail for United States

Tokio, Sept. 17.—(Saturday)—(AP)—William S. Brock and Edward F. Schlie, who flew from Harbor Grace, N. F., to Tokio in the monoplane "Fride of Detroit," sailed for home this afternoon on the steamer Korea Maru.

PLANE RETURNS TO Windsor, Ontario

Windsor, Ont., Sept. 16.—(AP)—The monoplane Royal Windsor, carrying C. A. "Duke" Schiller and Phil Wood arrived here tonight from Old Orchard, Me.

PAIR ATTEMPT NON-STOP HOP TO NEW YORK

Dublin, Sept. 16.—(AP)—Facing head winds sweeping at 40 miles an hour, Capt. Robert H. Macintosh and Commandant James C. Fitzmaurice, in the monoplane, Princess Xenia, when already over the Atlantic on their projected non-stop flight to New York, were forced to turn back to Ireland and made a safe landing six miles south of Ballybunion county Kerry, at 6 o'clock to night.

TAX REDUCTIONS WILL BE MADE

Washington, Sept. 16.—(AP)—President Coolidge, after going over tentative government budget with Director Lord, has reached the conclusion that increased appropriations planned for the war and no departments next year, ought to jeopardize substantial tax reductions.

Cal Sees No Need of Fe in Increased Naval Appropriations.

Washington, Sept. 16.—(AP)—President Coolidge, after going over tentative government budget with Director Lord, has reached the conclusion that increased appropriations planned for the war and no departments next year, ought to jeopardize substantial tax reductions.

UPPER LAKES: Moderate variable winds; partly cloudy weather Saturday.

WEATHER

Table with weather forecasts for various locations including Alpena, Atlantic City, Boston, Buffalo, Chicago, Cleveland, Denver, Detroit, Duluth, Escanaba, Galveston, Grand Rapids, Kansas City, Los Angeles, and Louisville.

PLANE RETURNS TO LAND BECAUSE OF WINDS.

The landing of the aviators at the little seaside resort four and a half hours after they had hopped off with high hopes and cheer farewells, meant failure for another east-west trans-Atlantic flight, but it was failure without loss of life.

Empty Fuel Tank.

The aviators emptied one gas line tank in order to lighten the machine and reached County Clare about 6 o'clock. For more than half an hour they flew above 30 feet above the sea, skirting the coast in search of a suitable place to land and finally came to the Beale Strand where they landed safely.

Cal Sees No Need of Fe in Increased Naval Appropriations.

Washington, Sept. 16.—(AP)—President Coolidge, after going over tentative government budget with Director Lord, has reached the conclusion that increased appropriations planned for the war and no departments next year, ought to jeopardize substantial tax reductions.

UPPER LAKES: Moderate variable winds; partly cloudy weather Saturday.

UPPER MICHIGAN: Generally fair Saturday and Sunday; warmer in northwest portion Saturday and in north portion Sunday.

Temperatures—High.

Table with temperature forecasts for various locations including Alpena, Atlantic City, Boston, Buffalo, Chicago, Cleveland, Denver, Detroit, Duluth, Escanaba, Galveston, Grand Rapids, Kansas City, Los Angeles, and Louisville.

Expect Flood Support.

For this reason, the press feels that congress would be apt to make no headway toward enactment of flood control legislation before December, although specific congressional committees do considerable preliminary work before then in the preparation of legislation.

While flood measures are expected to get support of the administration for early consideration is expected that the tax bill will be given right-of-way at the session. Representative Tilson, public leader in the house, put forward this suggestion, which has met with the approval of Mr. Longworth.

INCREASE RATE OF BUS TRAVEL

Speed Limit for Passenger Cars Raised to Forty Miles.

Lansing, Sept. 16—(AP)—A 40-miles-an-hour speed law for passenger buses has been ordered by the Michigan public utilities commission effective immediately, raising the limit 10 miles an hour from the 30-mile limit now in force in conformity with the speed limitations of the bordering states of Indiana, Illinois and Ohio.

In issuing the order the commission cautions bus companies that the law will be enforced strictly by specially deputized inspectors of the commission, and a staff of 12 state policemen. Violators of the law will be taken directly to court and arraigned. The commission declares, the buses ordered from the road and held until the court has acted.

A law passed by the 1927 legislature requiring all drivers of automobiles for hire to submit to general physical examination under the direction of the department of health, now in effect, may not be enforced due to the failure of the legislature to make appropriation sufficient to set the machinery to carry out the law.

Dr. Guy L. Gifford, commissioner of health, declares he is prepared to furnish the health certificates and appoint one or more doctors in each county to conduct the examinations as soon as the state furnishes funds. Approximately 25,000 chauffeurs, cab drivers, truck and bus drivers are subject to the act.

Attorney General W. W. Potter filed today that wayward minors, under the jurisdiction of juvenile courts cannot be committed to an industrial school for boys at Lansing, or the industrial home for girls at Adrian. The opinion is not attempted to explain where the minors between the ages of 14 and 21 years should be committed.

TIME—CHURCH Church Publicists Will Meet Oct. 31

Chicago—The annual conference on church publicity, sponsored for the last eight years by the Chicago Church Federation, will be held October 31. Purely a local affair at its inception, the gathering has now grown to be one of national scope.

"Effective Church Publicity" will be the subject of the morning session. Many national known specialists in the field of church publicity will attend. Dr. G. Warfield Hobbs, executive secretary of the department of publicity of the National Council of the Protestant Episcopal church, and Dr. Roy L. Smith of the Simpson Methodist Episcopal church of Minneapolis, will be among the speakers.

Dr. Hobbs will talk on "The Evangel of Printers Ink." Dr. J. T. Brabner Smith, chairman of the commission on publicity on the Chicago Church Federation will preside at the morning session.

The afternoon will be devoted to general discussion of the subject, "Religion of the Magazine Versus the Pulpit."

Commits Suicide Because He Could Not Pay for House

Detroit, Mich., Sept. 16—(AP)—"This house is my grave," Julius Gingfelder, 63, unable to keep up payments on his home here, said before committing suicide here today. He was behind six months on his contract.

For several weeks the aged man had been brooding over inability to meet the payments.

DIAMANTE TRIMMING.

A draped evening gown of burrundy velvet has two huge red chiffon shoulder roses from which drip two short chains of emerald and diamante stones.

Infant Dead, Two Injured When Auto Turns Over 3 Times

Grand Rapids, Mich., Sept. 16—(AP)—An infant is dead and three others are injured, two probably fatally, as the result of an accident tonight on US-131, two miles south of Wayland, when a car turned over three times after the driver lost control. A fifth occupant of the car is injured, but is expected to live.

Elfrieda Scofield, 11 months, died in a local hospital of a fractured skull and other injuries. The seriously injured are Euse Scofield, 31, Shelbyville, possible skull fracture; lacerations; Mrs. Vivian Scofield, 28, Shelbyville, skull fracture; Edward Calkins, 25, Hopkins, skull crushed, cuts and bruises.

Less seriously injured is Miss S. Barnum, 15, of Shelbyville, a sister of Mrs. Scofield.

Earl Scofield, father of the dead child and driver of the car, is said to have lost control of the machine when he applied the brakes suddenly while crossing a rough spot in the road.

Girl Swimmer Gives Up Channel Attempt

Bologne, France, Sept. 17 (Saturday)—Miss Millie Hudson, young English swimmer, who started on a channel swim attempt from Cape Gris Nez at 11:05 o'clock yesterday morning, abandoned her swim after being in the water about 13 hours.

Miss Hudson was forced to quit shortly after midnight when a strong current carried her off her course.

FENCE THEIR PHONE.

Stanley, Wis.—The Anseth-Almberg telephone line has the cheapest service in the world, for it is free. L. H. Anseth and John Almberg, hooked instruments on the mile and a half of barbed-wire fence that runs between their farms and now they have their own private line.

Turks Adopt Sabbath of Christian World

Angora, Turkey—The last link in the chain of customs and traditions which made Turkey a Moslem rather than a European nation, is about to be shattered with the abandonment of Friday as the Moslem Sabbath, and the adoption of Sunday in its place.

If Turkey is to have the place she dreams of in the European market, the change is imperative, is the flat statement of the Constantinople Chamber of Commerce in its report to the government.

As for the religious sentiments of the mass of Anatolians who still cling doggedly to their faith, one means is suggested of making the change cut less deeply. The Turkish word for Friday, "digma," can be transferred to the Turkish for Sunday, "Pazar," and vice-versa. It will confuse the peasants a little the week that the change is made, but then they will get used to it as they have to all the other "Hairsraising" innovations.

The chief point to the Moslem Friday is the sacred noon-day prayer in the mosques. It is the only prayer which requires attendance at the mosques; the other five daily prayers may be performed at home, in the streets or anywhere.

Nor does the Koran prescribe the absolute repose for Friday which the Christian religion demands for Sunday and the Jewish for Saturday. Hence with the interchange of Sunday for Friday as the Moslem Sabbath, the idea of working on Friday will not be so repugnant to the Moslem Turks as working on Sunday would be to a fundamentalist Christian.

Receive Strange Distress Signal on West Coast

Seattle, Wash., Sept. 16—(AP)—An unexplained SOS from an only partly identified vessel in mid-Pacific continued a mystery of the sea tonight.

Shortly after 5 o'clock this morning, the distress signal was plainly heard by four land stations and one ship. Nothing has since been heard of the vessel.

The identity of the ship was announced by the Harbor Radio here as the Yoshida Maru No. 1 of the Yamashita line. None of the stations, however, received the name of the ship.

Position of the vessel was given at 141.42 west longitude 48.16 north latitude, or approximately 970 miles west of Seattle on the San Francisco-Far East great circle.

Efforts to identify the ship were complicated when the Yamashita company said it was virtually impossible that the vessel in distress was the Yoshida Maru No. 1. The Yoshida Maru is off the Japanese coast, hundreds of miles from the reported position of the stricken craft.

Police Suppress Riot in Florida

Fort Myers, Fla., Sept. 16—(AP)—The entire police force was called out tonight to quell a disturbance growing out of the unsuccessful efforts of a mob to storm the Lee county jail, in search of a negro who today attacked a 50-year-old white woman in her home on the outskirts of the city.

Six Southern States Discuss Farm Power

Chattanooga, Tenn.—Rural electrification, Muscle Shoals and power development in the south are to be considered at the Southern Appalachian Power Conference, convening here October 13 for a three-day session.

The conference was organized five years ago by governors and state geologists of six southern states. With industrial development of the south in recent years particular attention is to be given at the coming meeting to increasing power projects in this section.

"Rural electrification is of great importance," Dr. Joseph Hyde Pratt, Chapel Hill, N. C., executive chairman, says. "Agriculture is now the second largest power-using industry in the country, and yet electric power makes up only about four per cent of the total used on American farms. Great strides are being made in the adaptation of electricity for farm use. The future holds out a prospect so large that it cannot be conservatively appraised.

"The Muscle Shoals disposal matter, which has not only restricted full development of that great power source, but has also tied up the Tennessee river in a power development embargo since the war, is of the greatest importance to every unit of the southern industrial system. That this property be disposed of or operated to its full capacity is vital, and the conference will seek means of bringing this about.

In spite of all the efforts being made to preserve it, the Welsh language is being spoken by fewer persons each year.

Select Officers of Grand Army of the Republic

Grand Rapids, Mich., Sept. 16—(AP)—G. A. R. officers elected are: senior vice commander, Calvin B. Buccer, of Buffalo; junior vice commander, Samuel E. Mahon, of St. Paul; surgeon general, Dr. A. H. Johnson, of Washington, D. C.; and chaplain-in-chief, J. King Gibson, of Dayton, Ohio. John H. King of Baltimore was elected trustee for two years of the G. A. R. permanent fund, and Dr. Lewis S. Pitcher of Brooklyn as trustee for three years.

Appointive officers named today include: Adjutant general, V. William H. Nool of Los Angeles; quartermaster general, Col. D. B. Stowits of Buffalo, re-appointed; assistant quartermaster general and custodian of records, Samuel P. Town of Philadelphia, re-appointed; and chief of staff, George A. Hosley of West Somerville, Mass., re-appointed.

900 Reported Dead When Jap Ship Sinks

Yalivostok, Siberia, Sept. 16—(AP)—Reports received here today say that 900 Japanese working men aboard the large Japanese steamer Wusung, belonging to the Kawasaki Steamship company, perished in the sinking of the vessel.

The reports stated that the ship, which was bound from Kamchatka, Siberia, for Japan, was wrecked while passing the Kurile Islands. (There is no steamship "Wusung" listed in Lloyd's Register, but a vessel named "Wosung Maru" is listed as belonging to the Kawasaki Steamship company.)

One-seventh of the population of Great Britain is employed in the clothing trade.

OLD TIME DANCE at Cedar Grove Pavilion SAT. NITE, SEPT. 17TH GOOD MUSIC Admission \$1.00 Free lunch

Yelland Asks.

Under law recently adopted by legislature, the classification "wayward minor" was set up with the apparent intent, the attorney found, to anticipate some future disposition of this class of juvenile criminal without sending them to the institutions for delinquent children, and to segregate them from the older, hardened criminals.

The opinion was requested by Probate Judge Yelland, of Escanaba who found conflicting classifications in the new law and the older laws dealing with minors. At the present time, the wayward minor is either sent to the reformatory at Ionia or to the house of correction in Detroit.

Leigh Young, director of correction, who has declined to accept recent orders passed by the observation commission at a hearing session this month, lifting the ban on inland lake spearing, and on fox squirrels, announced that in view of a ruling of the state supreme court he would not accept the orders.

Former Senator Harry White-Dowagiac publisher, and now member of the conservation commission succeeding the late Oliver Curwood, brought his decision to the attention of Young yesterday. Whiteley was instrumental in securing location of the orders advanced by Mr. Curwood while the latter was a member of the commission, had been working for months for removal of these and other restrictions on fishing and trapping.

Assard Buys Share in Corset Factory

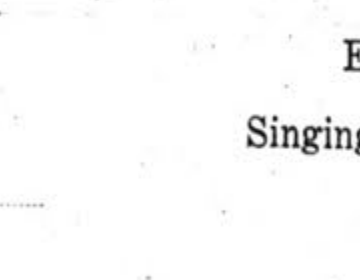

Chicago, Sept. 16—(AP)—Acquisition of a substantial interest in the total stock of the Modart Corset company of Saginaw, Mich., was announced today by the W. H. Goswami, corset makers.

C. Stinton, president of the Assard company, said an expansion in the business of both companies will result.

JOHN CARLSON FATALLY HURT

Bark River Resident Struck by Car Driven by Henry Gingrass.

John Carlson, 75, pioneer resident of Bark River, died at 1:30 o'clock yesterday afternoon at St. Francis hospital from the effects of injuries received when he was struck by an automobile late Wednesday. While crossing Hartnett avenue near the Scandia Co-operative store, Mr. Carlson was hit by a car driven by Henry Gingrass, 302 North Nineteenth street. Mr. Carlson's skull was fractured, a lung punctured and several ribs broken. He never regained consciousness after the accident.

Gingrass stopped the automobile as soon as he was able to do so, picked up the injured man and accompanied him to the hospital in Rev. Fr. Raymond Bergeron's automobile.

Mr. Carlson was visiting his son, Oscar Carlson, 1319 North Eighth street, and had gone out for a walk. According to witnesses, he was walking diagonally across the intersection, and apparently when he saw the Gingrass car approaching he became nervous and was unable to move to a place of safety. Gingrass and his companions said they were not driving fast, that Gingrass applied the brakes before the car reached Carlson, but that the car skidded.

Mr. Carlson was one of Bark River's earliest settlers, coming there in 1832. He engaged in farming and house moving for many years, but retired about three years ago. His wife died about eleven months ago.

He is survived by two sons, Elmer of Bark River and Oscar of Escanaba, and eight grandchildren. The body was taken to the Anderson Funeral Home to be prepared for burial and will be removed to the Carlson home in Bark River this afternoon. Funeral services will be held at the home at 2 o'clock and at the Swedish Mission church in Bark River at 2:30, with burial in the Bark River cemetery. Rev. J. H. Hanson, pastor of the Swedish Mission church of Escanaba, will officiate.

SOCIAL

Bon-Voyage Party

Miss Millie Moreau was pleasantly surprised by a party of friends at the home of her parents Tuesday evening when the young ladies gathered at the home to bid her bon voyage. Miss Moreau left Thursday for the east where she will take a course in conducting a tea room and will study all new methods of managing such a place of business.

Miss Moreau was presented with a gift as a memento of the occasion. Miss Moreau has been employed as a manager of one of the departments at the Boston Store for the past few years.

Benefit Dance

All plans have been accepted for the benefit dance sponsored by the members of the Benefit Association of Railway Employees which will be given Tuesday evening, September 20th at Terrace Gardens and not at Eagles' hall as was stated in yesterday's issue of the Press.

Mac's Midnite Entertainers have prepared an excellent musical program and some old fashioned numbers will be added to the usual program of up to date numbers.

The proceeds are for the benefit of St. Francis hospital and many persons have purchased tickets for the function which promises to be one of the most enjoyable affairs of the season.

Knights of Columbus Dance

A very large crowd attended the dance at South Park last night which was given under the auspices of the local Council, No. 640 Knights of Columbus. An orchestra directed by William Bink furnished the musical numbers which were repeatedly encored by the dancers.

The proceeds of the dance will be added to the fund which is being planned by the council to cover expenses of the convention of the K. of C. lodge which is to be held in this city next June. The organization wishes to have a fund ready for the occasion and the members are planning on holding several social functions during the coming season to accomplish this project.

The patronage of the public is greatly appreciated and announcement of the next social function will be made in the near future.

Dart-Besson

Miss Irene Dart, daughter of Mr. and Mrs. John Dart, 520 South Twelfth street and Thomas Besson, son of Mrs. Amanda Besson, 601 North Twentieth street were united in marriage Thursday morning at six o'clock at St. Joseph's church by Rev. Fr. Bertrand Labinski, O. F. M., who was the celebrant at the nuptial mass. The couple were attended by Mr. and Mrs. Henry Besson brother and sister-in-law of the bridegroom. The bride wore a gown of navy blue georgette with blue hat and

FOUR LIQUOR ARRESTS MADE

were taken into custody yesterday in continuation of the mopping-up campaign conducted by the federal prohibition forces, county and city officers.

Three of them, A. J. Powers, 308 South Tenth street, Peter Harkins, bartender at the Powers place, and James Rivets, 1123 First avenue north, were taken yesterday before U. S. Court Commissioner Button at Marquette, and the fourth, Joseph Besuchamp, 1408 Second avenue south, will be arraigned before the commissioner on Monday.

First offenders were placed under \$1,000 bonds, while second offenders were made to furnish \$1,500. Gust Peterson was unable to furnish bail and is being held in the Marquette county jail.

All demanded preliminary examinations, which were set for October 10 by Commissioner Button. Those arraigned before the court commissioner on Thursday were: Joseph LaFleur, 1213 Ludington street; M. LaFleur, Green Bay House, 1300 Ludington street; Leo Young, 1408 Ludington street; Louis Savard, 1323 First avenue north; Victor Ranger, bartender for Louis Savard, 1323 First avenue north; John Burke, 501 South Sixteenth street; Frank Rubens, 300 South Tenth street; Marville Kessler, 317 South Thirteenth street; Mike Walsh, 1016 Ludington street; Nick Walsh, 222 South Tenth street; Robert Gabourie, 1023 First avenue north; Joseph Hoffman, 324 South Sixteenth street; John Griffin, 400 Stephenson avenue; Barney McGovern, 400 Stephenson avenue; Gust

Complete List of Class Heads Named

The following is the complete list of class officers elected at Escanaba high school for the coming year:

- Senior President—John Labre.
- Junior President—Gordon Baird.
- Sophomore President—Willard Norby.
- Senior Vice President—Melvin Monson.
- Junior Vice President—Robert Snow.
- Sophomore Vice President—Don Anderson.
- Senior Secretary—Rena Johnson.
- Junior Secretary—Glady Anderson.
- Sophomore Secretary—Cecile Stack.
- Senior Treasurer—Lucille Greenlee.
- Junior Treasurer—Clark Glavin.
- Sophomore Treasurer—Orville Aronson.

MOVES TO FRANCE

Nice (F)—Nina Wilcox Putnam intends to transfer her residence from Madison, Conn., to the principality of Monaco, it is announced here. She has signed a contract to collaborate in the production of four motion picture comedies on the French Riviera.

BRIEFLY TOLD

Dance at Deitrich's

Lundin's six-piece orchestra will furnish the music for a dance at Deitrich's hall this evening.

Rummage Sale

The Daughters of Isabella are making preparations for a rummage sale at DeGrand's garage, corner Ludington street and Stephenson avenue, Thursday and Friday, September 22 and 23. Donations will be appreciated. Persons having articles are asked to call Mrs. O. W. Gustafson, chairman of the sale committee, or leave the things at the garage.

Terrace Gardens

Chas. L. Fisher's 10-piece orchestra will be featured at Terrace Gardens tonight. There is no doubt about Fisher's orchestra being the best that has been engaged in this territory in years. They come direct from a summer's engagement at the Grand hotel, Mackinac Island. Cavi's Elks will play Sunday.

FLOWERS FOR BRIDES

Defiance, O.—Every bride-elect who comes to the marriage license bureau here gets a present from Charles Smith, courthouse custodian. He gives each a bouquet from his garden.

Hawaiians Please Delft Audiences

Clark Oldfield's "Famous Hawaiians," a vaudeville road show of ten people, came back to Escanaba yesterday to add to the excellent reputation it built during a previous engagement about a year ago. The company offers a varied and pleasing assortment of songs, dancing and music. The costuming and settings are attractive and the people have unusual ability both as musicians and entertainers. The act will be on the Delft's bill again today. "Hard Billed Haggarty" is the featured picture on the current bill.

The White House gets its name from the fact that after the first executive mansion, which was of buff freestone, was burned by the British in 1814, the walls were covered with white paint to hide all traces of fire.

Oshins "Personality" Furs

EVERY Oshins Fur Coat is created with a certain "type" of woman in mind. And every model in our complete collection of new season modes flaunts some unusual style feature—each of the work of a master furrier. Oshins interest in your Fur Coat lasts much longer than through the mere sale—Oshins guarantees its fur coats to render not only one—not only two—but three years of satisfactory wear. And adjustments if necessary, are promptly made without a lot of correspondence. Oshins Fur Coats are owned by Oshins—and the decision of righting a wrong is entirely in our hands. These facts coupled with usually lower prices are convincing of the superiority of Oshins as the place to buy your Fur Coat.

"STEP-OFF" IN DRIVE MONDAY

Teams Will Meet at Delta to Receive Final Instructions.

At 6:15 o'clock next Monday evening, September 19, the big team organization and executive committee of the Chamber of Commerce membership renewal and stock-taking campaign will meet at a dinner to make the final preparation for the intensive drive which opens at 9 o'clock the following morning, Tuesday.

This will be a gathering of 100 of Escanaba's leaders and an interesting program has been promised by the campaign officials. Torval E. Strom will talk on "Your Home Town is Calling You." Joseph L. Nolden, colonel of the teams, will preside, and General Chairman L. J. Jacobs will give the final word before adjournment. Music has been arranged and some special songs

have been written for the occasion. Colonel Nolden has issued instructions to Majors H. D. Brackett, C. W. Stoll and O. Sundquist to have all of their captains present with every member of their teams. Specific instructions for handling their territory will be given to the workers. Prospect cards will be drawn and campaign supplies issued.

Captain E. G. Bennett of team No. 23, in Major C. W. Stoll's division, has the honor of being the first to report a full quota of workers. Members of his team are John Erickson, James E. Frost, E. Gilchrist, George Haberle, A. Halvorson, Roy L. Nerbonne, Guy Sullivan and S. R. Wickman.

Plurals Signed Up. All captains have been requested to have their teams completed and their rosters turned in at headquarters by noon today. Work on the executive committee teams with the plurals is progressing very satisfactorily. General Chairman L. J. Jacobs states. The team consisting of D. P. MacRae and T. E. Strom reported 32 memberships from seven subscribers yesterday. M. K. Bissell and Geo. N. Harder reported 31 memberships from six subscribers, Geo.

G. Geniesse and John P. Norton reported 10 memberships from three subscribers to add to their report of 37 memberships turned in Thursday.

SEVEN FEET SIX

Chester, S. C.—A copy of the Chester Reporter of June 7, 1877 describes one Miles Darden, native North Carolinian, who was seven feet, six inches high and weighed 1,000 pounds at the time of his death. When he was 3 years old, the paper says, his coat could be buttoned around three men, each weighing 200 pounds.

The British trade in silk is five times greater than it was before the war.

EDITORIAL

The Escanaba Daily Press
Morning Newspaper Published by The Escanaba Daily Press Company
JOHN F. NORTON
President and General Manager
Office 500-502 Ladington St.

inaugurated here, officers pointed out that of nearly 200 men who had served time in jails, prisons and houses of correction for liquor law violations, only two or three quit the business when they returned to Delta county. Many of them became second and third offenders.

COUNCIL COOPERATES.

The Escanaba city council indicated Thursday night that it is prepared to co-operate fully with the Upper Peninsula State Fair in making the state fair a resounding success.

CONSTITUTION DAY.

This is Constitution Day, marking the 140th anniversary of the adoption and signing of the national constitution.

NO PAROLERS IN IT.

One of the angles of the series raids on Escanaba bootlegging establishments, conducted by federal operatives this week, is that none of the score of men arrested was a circuit court "paroler."

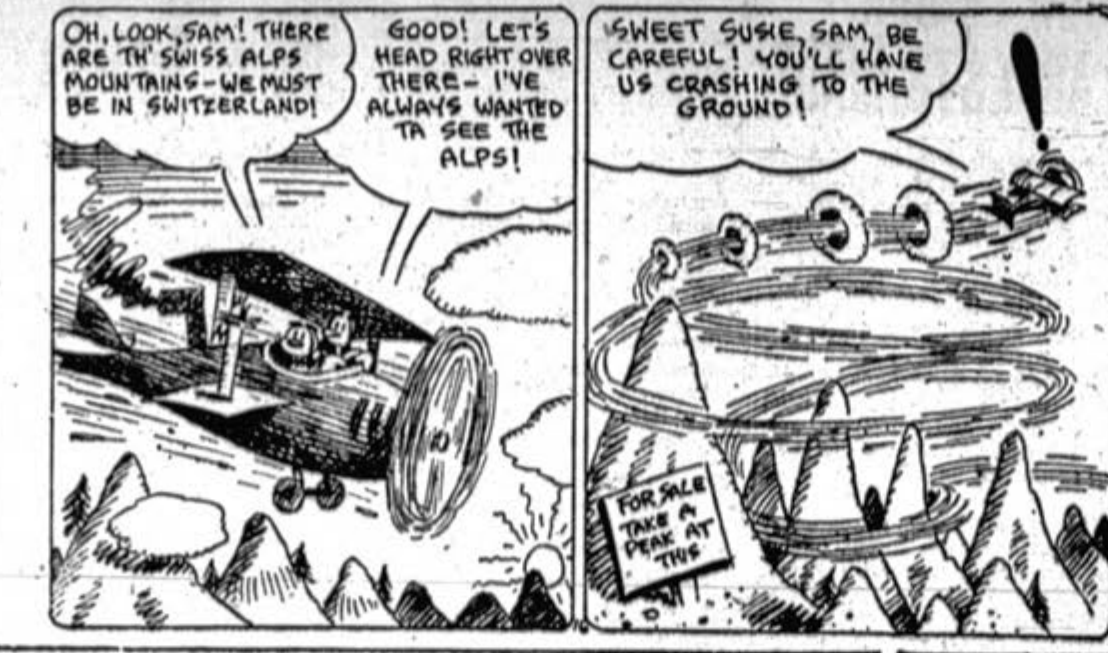

So They Say:

About the time one gets familiar with a Chinese general's name, he quits.—Atlanta Constitution.

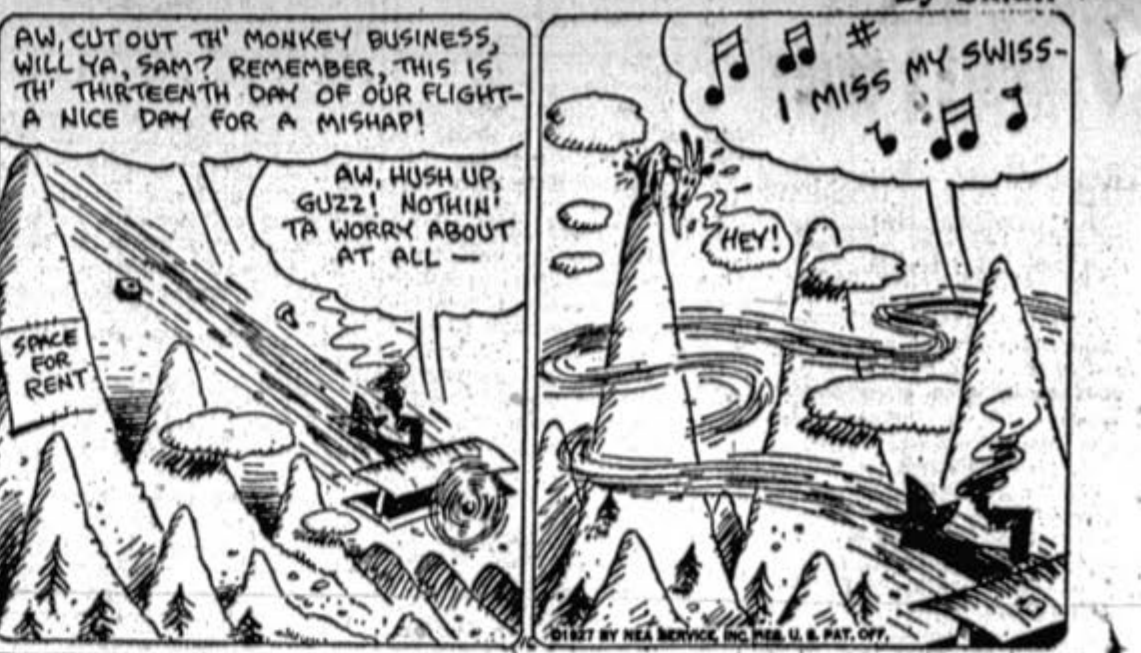

LYRICS OF LIFE

By Douglas Malloch
A BOUQUET.
I picked my mother a bouquet
(remember "boo," not "bow," to say)
And mother really thought it was
The funniest bouquet, because
It had a hollyhock, a rose,
And dahlias, one or two of those,
A nice nasturtium, and a red,
Red clover from the clover bed.

OUR BOARDING HOUSE

By Ahern

PEPPING UP THE TARIFF

The tariff, which for a generation furnished food for political oratory and campaign platform making, is showing signs of injecting itself once more into American politics.

THE OLD FASHIONED

dog which used to chase bicycles has bobbed up in Marinominee. Strangely enough, it wasn't a pug dog, either.

BURGLARS at Ironwood

stole fur coats valued at \$2,500 in \$2,500 in Ironwood this week. They certainly had ideal weather for it.

DAM BILL VIOLATES RIGHTS OF ARIZONA

Headline: Tut! Tut! Such language! A BANK TELLER in Milwaukee who found a salary of \$120 a month insufficient, is charged with embezzling \$1,500. It is suggested that the courts permit him to repay the shortage at a fair and equitable rate—say fifty cents a week.

FEDERAL OFFICERS are going to ask for padlocks for 17 Escanaba buildings.

Well, now, that will at least mean more business for the padlock manufacturers.—H. K. R.

It won't be long until the nut who takes straw votes on trains and in hotels will be carrying on his nefarious and pestiferous work.

Abner Bangs says he is unalterably opposed to Secretary Mellon's plan for reducing the size of currency.

The sage of Misery Bay points out that "if the bills are fittler, unlegal bandits will be possibly able to get more of them in the black leather sack, thereby doing in two robberies what now requires three."

Dr. Doremus approached the murdered man with a callous indifference indicative of a long process of hardening.

He first inspected the face closely—he was, I imagine, looking for powder marks. Then he glanced at the bullet hole in the forehead and at the ragged wound in the back of the head. Next he moved the dead man's arm, bent the fingers, and pushed the head a little to the side. Having satisfied himself as to the state of rigor mortis, he turned to Heath.

"Can we get him on the settee here?" Heath looked at Markham inquiringly.

"All through, sir?" Markham nodded, and Heath beckoned to the two men at the front windows and ordered the body placed on the davenport. It retained its sitting posture, due to the hardening of the muscles after death, until the doctor and his assistant straightened out the limbs. The body was then undressed, and Dr. Doremus examined it carefully for other wounds. He paid particular attention to the arms; and he opened both hands wide and scrutinized the palms. At length he straightened up and wiped his hands on a large colored silk handkerchief.

"Shot through the left frontal," he announced. "Direct angle of fire. Bullet passed completely through the skull. Exit wound in the left occipital region—base of skull—you found the bullet, didn't you? He was awake when shot, and death was immediate—probably never knew what hit him. He's been dead about—well, I should judge, eight hours; maybe longer."

"How about twelve-thirty for the exact time?" asked Heath.

"The doctor looked at his watch. 'Fits O. K. . . Anything else?'"

"No one answered, and after a slight pause the chief inspector spoke."

"We'd like a post-mortem report today, doctor."

"That'll be all right," Dr. Doremus answered, snapping shut his medical case and handing it to his assistant. "But get the body to the mortuary as soon as you can."

After a brief hand-shaking ceremony, he went out hurriedly.

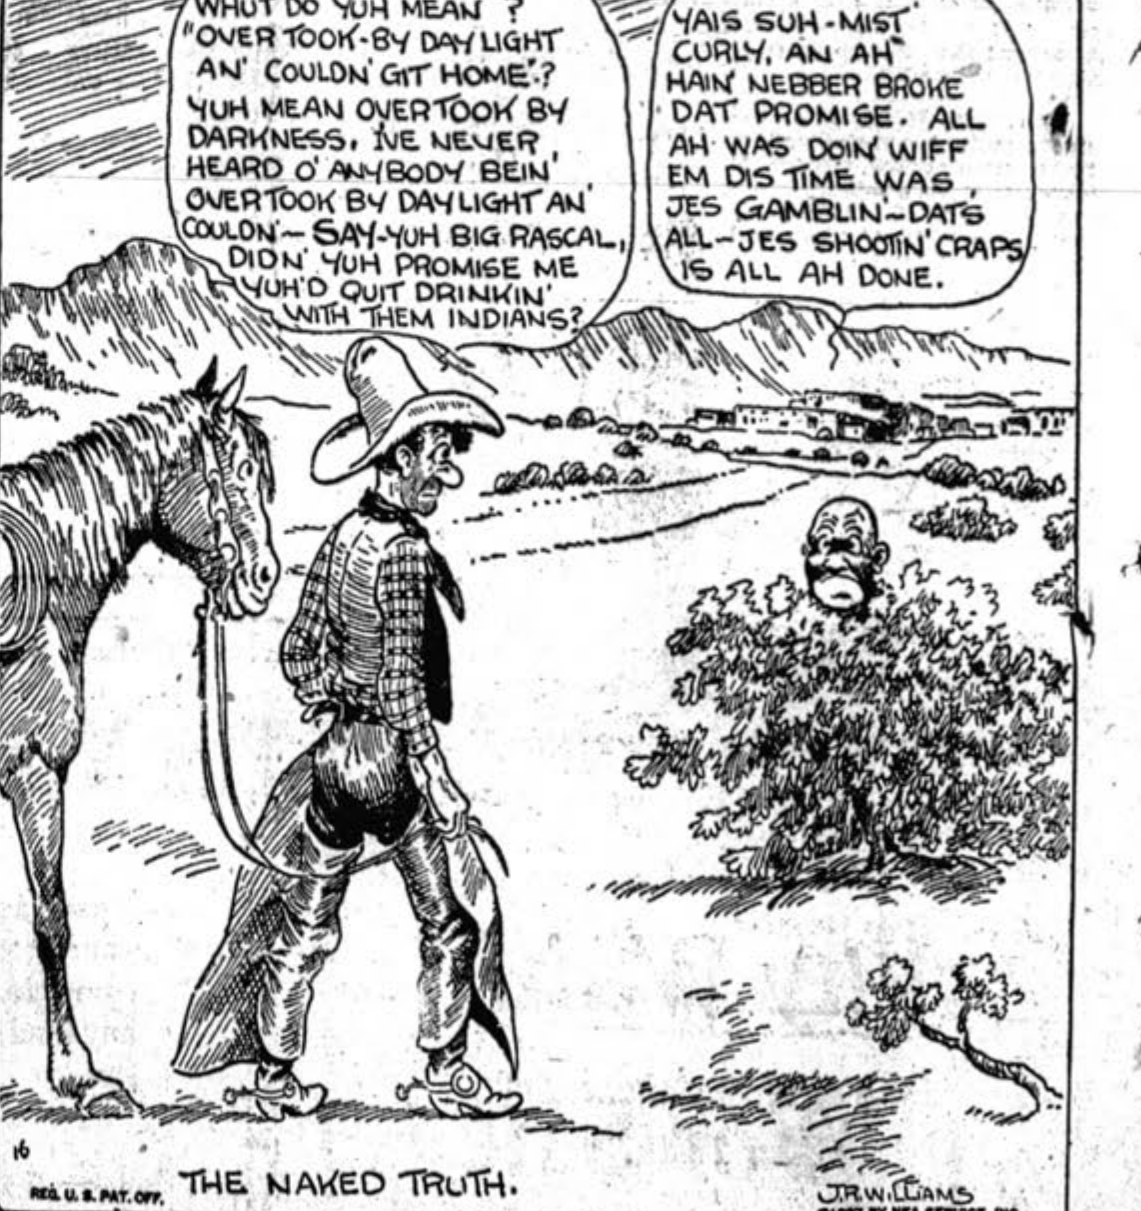

Heath turned to the detective who had been standing by the table when he entered.

"Burke, you phone headquarters to call for the body—and tell 'em to get a move on. Then go back to the office and wait for me."

Burke saluted and disappeared.

OUT OUR WAY

Kentucky Aviatrix Sets Fashion Pace For Women Flyer

Louisville, Ky. (AP)—The correct attire for the woman aviator, as interpreted by Mrs. Norman Willis, Kentucky's first woman aviator, consists of an attractive white helmet, with goggles, a long-fitting dark colored coat of thin material and without sleeves, white and close fitting trousers and a pair of high black boots.

FLAPPER FANNY SAYS

Moscow Banishes French Food Terms

Moscow—(AP)—Creme Dubarry, Beuf Mirandon, Omelettes aux Fines Herbes, and similar French names on Moscow menus are to give way by official order, in proletarian restaurants to terms couched in the native tongue and readily understandable.

Wants to Cut Trees to Give Flood Room

Washington—(AP)—It is suggested in a letter to the U. S. Forestry service that all trees from Cairo, Ill., to Baton Rouge, La., be cut from between the Mississippi levees to "make room" for future floods.

(To Be Continued)

STATE MILK RULES GIVEN

Regulations Governing Production, Handling and Sale Outlined.

State rules and regulations governing the production, handling and sale of milk sold or to be sold for direct consumption, are outlined by Dr. H. J. Defnet, city health commissioner, as follows:

Grade A.

For the purpose of these regulations Grade A milk is hereby declared to be a special quality of milk produced, handled, and sold in accordance with the following specifications:

1. Cows.

(a) Milk shall come from healthy cows having been found to be free from tuberculosis as determined by tests made by veterinarians approved by the Michigan state department of agriculture or from herds under federal and state supervision.

2. Barns.

(a) Stables must be provided with concrete floors that can be easily cleaned.

(b) At least 400 cubic feet of air space shall be provided for each cow.

(c) Stables shall have at least two square feet of light per stallion.

(d) Smooth walls and tight ceilings must be provided for cow stables.

(e) Proper ventilation must be furnished by some controllable system.

(f) Manure shall be removed daily to a distance of at least 25 feet from stables, and must not be allowed to accumulate.

3. Milk house or room.

(a) A milk house or milk room shall be provided that is separate from stables and wash rooms and located free from contaminating surroundings at least 10 feet from stables, and shall be constructed with tight walls and ceilings, with a tight floor and proper draining facilities.

(b) Proper windows with screens shall be provided for the milk house or rooms where milk is handled.

(c) The milk house or room shall be used exclusively in caring for milk and milk utensils.

4. Methods.

(a) Small top milk pails shall be used if milking is done by hand.

(b) All utensils shall be properly cleaned.

(c) The udders of the cows shall be wiped with a damp clean cloth immediately before milking.

(d) If cows are hand milked, milking shall be done by the dry hand method.

(e) Milk shall be strained through a clean flannel or cotton pad strainer.

(f) All milk shall be cooled immediately after milking to a temperature not above 50 degrees F. At no time shall milk be stored at a higher temperature.

(g) All utensils and equipment used in handling milk shall be thoroughly cleaned and steamed or scalded after being used.

(h) All milk shall be bottled with a mechanical filler and capper, and no "dipping" of Grade A milk shall be permitted.

(i) All dairies producing Grade A milk shall score at least 75 on the U. S. government score card, and in case of centralized bottling plant

is used the score of the plant shall be at least 80.

(j) Milk shall not at any time show a bacterial count, if raw, above 50,000 per c. c., or if pasteurized above 10,000 per c. c.

(k) No milk shall be sold as Grade A that is not produced, handled, and stored in accordance with the dairy laws of the state of Michigan.

Grade B.

For the purpose of these regulations Grade B milk is hereby declared to be ordinary milk sold for direct consumption, and produced, handled, and sold in accordance with the following specifications. No milk shall be sold for direct consumption that does not come within the standard for Grade B milk.

1. Cows.

(a) No milk shall be sold that does not come from healthy cows.

2. Barns.

(a) Stables must be provided with concrete floors.

(b) At least 200 cubic feet of air space shall be provided for each cow.

(c) Stables shall have at least one square foot of light per stallion.

(d) Reasonably tight walls and ceilings must be provided for cow stables.

(e) Proper ventilation must be furnished for stables.

(f) Manure shall be removed to a distance of at least 25 feet from cow stables.

3. Milk house or room.

(a) A milk house or room must be provided separate from stables and free from contaminating surroundings.

(b) All utensils shall be constructed so that they may be properly cleaned.

(c) If cows are hand milked, milking shall be done by the dry hand method.

(d) All milk shall be strained through a clean flannel or cotton pad strainer.

(e) All utensils and equipment used in handling milk shall be thoroughly cleaned and scalded or steamed after being used.

(f) All dairies producing Grade B milk shall score at least 60 on the U. S. government score card, and in case a centralized bottling plant is used the score of the plant shall be at least 65.

(g) Milk shall not at any time show a bacterial count if raw above 200,000 per c. c., or if pasteurized above 50,000 per c. c.

(h) All capping of bottles shall be done with a mechanical capper, and Grade B milk shall not be sold to the consuming trade in containers other than milk bottles.

(i) All Grade B milk shall be produced, handled, stored, and sold in accordance with the dairy laws of the state of Michigan.

CITY BRIEFS

Mrs. Ida M. Kelly of Ann Arbor and Mr. and Mrs. T. J. Taylor of Battle Creek, Mich., left yesterday for Munising after a business trip in this city.

Mrs. Laura Strom has returned from a visit of two weeks spent at the home of her daughter in Minneapolis, Minn.

Miss Emily Bonsmer who is employed as a stenographer at Milwaukee is expected to arrive Sunday to spend two weeks at the home of her parents, 201 North Nineteenth street.

Miss Millie Moreau has resigned her position at the Boston Store and has left for Detroit where she will visit enroute to New York, N. Y., where she will enter a school to take a course in conducting a tea room.

Miss Mildred Monson of the Peterson Flower Shoppe has returned from Minneapolis and St. Paul where she spent two weeks with relatives.

Miss Anna Nelson is enjoying two weeks vacation from her duties at the Fair Store.

Mr. and Mrs. Charles Pesterling of Niagara, Wis., and daughter June have left for Detroit, Mich., where they will make their future home. They are former residents of this city and spent a few days at the home of Mrs. Mary Maves, South Third Avenue, enroute to their home. Paul Maves will accompany them on the motor trip and he will return to this city some time next week.

OBITUARY

JOHN CLARK.

Impressive funeral services were held Friday morning at nine o'clock for John Clark an employee of the C. & N. W. Railway company who passed away at his room, 112 South Ninth street Tuesday evening from an attack of heart trouble following two weeks of illness due to asthma.

Rev. Fr. Herbert Klosterkamper O. F. M., was the celebrant at the requiem high mass.

The pallbearers were Claude Tobin, George Hirm, William Harwood, William Corbett, Hector Harvey and John Dishneau.

Out of town relatives were Mrs. Exoma B. C. Holmes of Detroit, Mrs. E. Boudreau of Schaffer, Mr. and Mrs. Joseph Boudreau of Schaffer.

Funeral services for Oscar Gustave Ruheman were held Friday noon at the family home at Rock and at one o'clock at the Finnish church. Rev. Kaarto of Negaunee officiated at the services which were attended by a large number of relatives and friends.

Many beautiful flowers surrounded the casket at the family home where many friends called to view the remains.

Burial was in Rock cemetery. The pallbearers were Matt Hallman, Ed Tarry, Frank Poleman, Victor Neimi, Paul Seppanen and Arthur Kisti.

Now read the Classified page.

Word has been received here that Rev. Fr. Richard Rooney had been appointed pastor of St. Stanislaus (Jesuit) Seminary at Florissant, Mo., succeeding Rev. Fr. Kember, S. J., who will have charge of the novices at Millford, Ohio. Father Rooney was born in Escanaba! The family formerly lived at 429 South Eighth street and moved to Superior several years ago. Father

Rooney completed his theological studies at St. Louis university. Until recently he held the office of economist in the Jesuit community. Previously he was a missionary in British Honduras which is in charge of the Missouri Province of Jesuits.

MARKET

Menus for the Family

BY SISTER MARY.

Breakfast—Grapes, crisp broiled bacon, eggs, graham and raisin muffins, milk, coffee.
Luncheon—Steamed rice with cheese sauce, pineapple and cabbage salad, whole wheat popovers, sugar cookies, milk, tea.
Dinner—Roast veal, browned potatoes, lima beans, beet and celery salad, apple torte, milk, coffee.

Apple Torte.
One cup sponge cake crumbs, 3 apples, 1 lemon, 1/2 cup sugar, 4 eggs, 4 tblspns shredded almonds.
Beat yolks of eggs until thick and lemon colored. Beat in sugar, grated rind and juice of lemon. Add apples, pared and grated. Add crumbs an 1/2 in whites of eggs beaten until stiff and dry. Turn into a spring form and sprinkle almonds over top. Bake in a moderate oven for 25 minutes. Leave on the bottom of the form and serve with cream when cold.

Breakfast—Stewed prunes, cereal, cream, creamed dried beef with broiled tomatoes on toast, oven toast, milk, coffee.
Luncheon—Corn and tomatoes on toast, nut rolls, apple sauce, milk tea.

Dinner—Boiled salmon with egg sauce, potatoes in parsley butter, jellied vegetable salad, cantaloupe ice, plain cake, milk, coffee.

Corn and Tomatoes on Toast.
Four to six ears sweet corn, 1 small onion, 2 sweet green peppers, 4 tomatoes, 2 tablespoons butter, 1 teaspoon sugar, salt and pepper, 2 eggs, triangles of toast.

Scrape corn through center of each row of kernels. Cut off tops and scrape out heart and milk. Peel and mince onion. Scald peppers and rub off thin coating. Remove seeds and pith and mince flesh. Scald tomatoes and slip off skins. Chop. Melt butter in deep frying pan. Add vegetables, cover and cook gently for twenty

minutes. Season with salt, pepper and sugar and add eggs slightly beaten. Lift with a fork over a low fire until eggs are set. Serve on hot buttered toast arranged on a hot platter.

Breakfast—Grapes, cereal, cream, calves' liver and bacon, diced potatoes in cream, graham muffins, milk, coffee.
Luncheon—Cream of carrot soup, croutons, open lettuce and egg sandwiches, apple tapioca pudding, tea.
Dinner—Broiled sallabury steak, scalloped potatoes, spinach in lemon butter, cider salad, peaches, milk, coffee.

Cider Salad.
One tablespoon granulated gelatine, 4 tablespoons cold water, 1 1/2 cups sweet cider, 2 tablespoons lemon juice, 1/2 teaspoon salt, 2 tablespoons sugar, 1/2 cup nut meats, 1/2 cup finely diced celery, 1/2 cup seeded white raisins, lettuce, salad dressing.
Soften gelatine in cold water. Heat cider with salt and sugar to the boiling point and pour over softened gelatine. Stir until dissolved and add lemon juice. Let stand until cool and beginning to thicken. Add nuts, celery and grapes skinned and seeded. Turn into a mold and let stand on ice until chilled and firm. Serve on a bed of lettuce with a cooked salad dressing.

Breakfast—Peaches, cereal, cream, French toast, syrup, milk, coffee.
Luncheon—Bouillon, toast sticks, individual potato salad, brown bread, baked apples with whipped cream, milk, tea.
Dinner—Chicken with mushrooms, candied sweet potatoes, creamed corn, tomato surprise salad, peach ice cream, milk, coffee.

As long as tomatoes are in market there is no salad that can surpass them in any form. When an elaborate salad is wanted smooth tomatoes of uniform size are delicious filled with any preferred combination of fruits, vegetables or fish jellied or plain.
The dinner suggested would make an ideal company luncheon of seasonable foods. The addition of a soup or cocktail would make the menu answer for a formal dinner. The sort of cocktail used will be determined by the students used for the tomato salad.

Individual Potato Salad.
Four or six cold boiled potatoes, 1 sweet green pepper, 1 cooked beet, 1 hard cooked egg, 1 small slicing cucumber, 1/2 onion, 4 tablespoons broken nut meats, tart cooked salad dressing, lettuce.
Chop potatoes quite fine. Remove seeds and pith from pepper and chop fine. Chop beet and egg. Pare and chop cucumber. Mince onion. Combine potatoes with pepper, beet, egg, cucumber, onion and nut meats. Sprinkle with salt and add salad dressing to make quite moist. Pack in custard cups rubbed lightly with salad oil and chill for several hours. Upold on a bed of lettuce and mask each mold with mayonnaise. Serve at once.

Breakfast: Peas, cereal, cream, creamed ham on toast, graham toast, marmalade, milk, coffee.
Luncheon: Cream of celery soup, croutons, stuffed peppers,

BIG BOY

"THE WONDER LOAF"

It was our intention when the idea of "Big Boy" was first conceived, to produce a loaf immeasurably superior to all past efforts—The immediate and continuous city wide acceptance proves beyond a doubt that our idea has been achieved.

"Big Boy" is a body and brain builder, for it contains in abundance vitamins necessary to the development of the entire system. Eat more of it.

Take Home

WHEN you go home tonight remember ICE CREAM! Stop a minute on your way, thereby assuring yourself the greatest treat in the world as well as a hearty welcome by the family. No other dessert is quite so wholesome, delicious, refreshing! There's a thrill in every mouthful—and a sure cure for that early spring "tired feeling."

Delta Made ICE CREAM

BASKET :-:

brown bread, apple and rice pudding, tea.
Dinner: Broiled pork chops, scalloped potatoes, Swiss chard with mock Hollandaise sauce, chow chow, peach shortcake, milk, coffee.

Mock Hollandaise Sauce
One cup boiling water, 1 tablespoon flour, 3 tablespoons butter, 1 tablespoon lemon juice or vinegar, 1 teaspoon salt, 2 eggs (yolks), 1/2 teaspoon pepper.
Melt 1 tablespoon butter and stir in flour. When bubbling slowly, add water, stirring constantly. Bring to the boiling point and boil five minutes. Remove from fire and let stand while beating yolks of eggs with salt, pepper and lemon juice. Slowly add egg mixture to sauce, beating constantly. Beat in remaining butter bit by bit keeping mixture hot over hot water. Serve at once.

Breakfast—Coddled apples with rolled oats, fried eggplant, crisp toast, milk, coffee.

Luncheon—Potato and cheese soup, toasted crackers, stuffed cucumber salad, graham bread and butter sandwiches, baked peaches, oatmeal cookies, sweet cider.

Dinner—Braised lamb with vegetables, "wilted" endive, apple dumplings with cream, milk, coffee.

The lamb is cut from the fore-quarter. It is cooked with potatoes, carrots and peas, making a sort of one-dish dinner for the entire family. The dinner dessert is hearty and nourishing if served with plenty of cream and just the thing to follow a light meat course.

Stuffed Cucumber Salad.
Two good sized cucumbers, 1 sweet red pepper, 1 sweet green pepper, 1/2 cup diced celery, 1/2 cup finely chopped apple, mayonnaise.

Parse cucumbers, cut off each end and cut in halves. Scoop out seeds to form cups, making four. Let stand for half an hour in very cold water to which 1 teaspoon salt and 2 tablespoons vinegar or lemon juice has been added. In the meantime dip peppers in boiling water for five minutes. Plunge into cold water and slip off the thin outer covering. Let stand in cold water until thoroughly chilled. Remove seeds and plug and chop flesh. Combine peppers, celery and apples with enough salad dressing to make quite moist. Drain and dry cucumber cups, fill with mixture and serve on a bed of cress.

Breakfast—Fresh cubes of pineapple, cereal with raisins, cream, sour cream waffles, syrup, milk, coffee.

Luncheon—Scrambled eggs with mushrooms, toast, celery and carrot salad, cereal pudding, milk, tea.

Dinner—Scotch broth, scalloped potatoes, rye bread, Swiss cheese, apple sauce, ginger bread, milk, coffee.

This is a simple dinner planned to meet the needs of the average family. The broth is hearty and nourishing while the cheese takes the place of meat.

Cereal Pudding.
One cup cold cooked wheat cereal, 2 cups hot milk, 2 eggs, 1/2 cup sugar, 1/2 teaspoon salt, nutmeg, jelly.

Add milk slowly to cereal, beating until smooth. Add sugar and salt and mix thoroughly. Beat one whole egg and yolk of second egg until light and stir into first mixture and turn into a buttered baking dish. Bake in a moderate oven until firm to the touch. It will take about 30 minutes. Let cool while making meringue. Beat white of remaining egg with 1 teaspoon cold water until stiff. Beat in 2 tablespoons sugar. Spread pudding with jelly, cover with meringue and bake eight minutes in a moderately slow oven.

Breakfast—Baked apples, cereal, cream, broiled tripe, potatoes hashed in milk, crisp toast, marmalade, milk, coffee.

Luncheon—Southern vegetable stew, corn sticks, hearts of celery, chocolate rice pudding, milk, tea.

Dinner—Roast beef, browned potatoes, creamed onions, stuffed pepper salad, chilled watermelon cones, milk, coffee.

"Honey comb" tripe is chosen

TEMPLE BUILDING

LIVESTOCK TO FILL BARN AT FAIR GROUNDS

There is every indication that space in our livestock barn will be jammed with entries next week...

As evidence Mr. Stephens produced a letter which he had just received from one prospective exhibitor alone, who announced that he was coming to the Manistique fair with 15 head of cattle and nine head of sheep for competition in their respective classes.

Applications for entry blanks are coming in daily, a sign that is extremely pleasing to the officials, who look for the biggest and best livestock exhibit this fair has ever had.

Business Man Gives Up Career To Help Shelter Derelicts

Chicago (AP)—On West Washington Boulevard, in one of Chicago's most populous sections, the Rev. David E. Gibson ministers to those who come to the Cathedral Shelter.

"Father" Gibson, he is affectionately called by thousands of men and women who annually pour their tales of trouble into his willing ears.

Seven years ago, David E. Gibson was a successful member of a firm of down town photographers. But the hall and waiting room of his office were always crowded with nondescript men and women waiting to see him.

Finally he gave up business entirely and by rigorous self study became an Episcopal clergyman. He heads the Cathedral Shelter and his salary is about what he paid his secretary seven years ago.

The Cathedral Shelter is open to anyone of any religion or race and between 75,000 and 100,000 men and women receive aid and shelter annually. College men and women receive aid and shelter annually.

When a machine gets out of order, it must be remade," Rev. Mr. Gibson says. "So it is with man. The workshop for the remodeling must be a place of worship."

Even ministers have sought the counsel of the Rev. Gibson and his staff. Sometimes, he said, they feel that they need a new outlook on life for a fresh start.

Two Brothers Fly to Morning Swim

Slough, England—The Jackman brothers of Buckinghamshire have two hobbies, aviation and swimming. The other morning they felt they would like to combine the two.

The brothers made the trip in half an hour each way. The running costs of their plane, they say, are considerably lower than those of the average high-powered motorcar. They get 23 miles to the gallon.

FLAPPER FANNY SAYS:

Don't worry about getting sunburned; those gentlemen prefer brunettes.

Talks on Health

By Dr. Morris Fishbein

Fruits and Vegetables Given Anesthetic, Too.

Some years ago it was found that when carnations were shipped by express, under some circumstances, the flowers went to sleep and the buds did not open.

COW SHOOTING CASE DECIDED FOR DEFENDANT

A verdict of "no cause for action," favoring the defendant, was reached Thursday afternoon in the case of John Fragale vs. Julius Barnhart, tried before Justice W. A. McKinney.

Atty. J. J. Herbert represented Fragale, and James O. Wood was attorney for the defendant. The jury consisted of: Herman Kiefer, John Girvin, Robert Rubin, Henry Gustafson, Charles Ekberg and August Carlson.

Street Musicians Increase in Moscow

Moscow (AP)—A result of the scramble for a livelihood in this overcrowded capital is a growing throng of vagabond musicians, singers, dancers and conjurers.

During the summer while suburban travel was heavy, the stations and local trains were their happy hunting ground. Now it is a group of blind musicians, again it is an unemployed artist, or a cripple extracting questionable music from an accordion or harmonica, or a ragged wail reciting racy doggerel to the clatter of a tambourine.

The able ones work the trains, dodging the trainmen who make only half-hearted effort to interfere with their activities. Out of the general run of inferior renditions of popular Russian ballads and folk songs, three often emerges an exceptional performance by some talented but unfortunate violinist or singer.

Even ministers have sought the counsel of the Rev. Gibson and his staff. Sometimes, he said, they feel that they need a new outlook on life for a fresh start.

England Launches Mightiest Warship

Liverpool, England—The \$33,000,000 battleship Rodney, sister ship of the Nelson, has left the Mersey for Portsmouth. The keel was laid down four and a half years ago.

The armament of the Rodney and the Nelson make them the most formidable war-machines on the high seas. Each carries nine 16-inch guns of unrivaled power.

Vanity of Present Era Appalls Canon

Birmingham—This is an age which can be summed up in the words, "All is vanity," believes the Rev. H. B. Streeter, Canon of Hereford.

From inspection of "the ordinary novel, the ordinary magazine article—the literature which reflects the general outlook," Canon Streeter concludes that the world is morally bankrupt.

"The problem is not whether Christianity will survive, but whether civilization will survive," the Canon told a conference of churchmen.

"I see no hope whatever for our modern civilization unless somehow we can let loose fresh life which I hope will be creative in art, politics and science, as well as in what is technically called religion and morals."

PUBLIC SERVANTS POOR

Madrid (AP)—It is a commonly expressed ambition in Spain to "live like a cabinet minister," but the holder of such a position is generally on the brink of bankruptcy unless he has private means. He gets 2,000 pesetas a month—about \$400—and if he has an average family he must spend some 2,240 pesetas monthly.

it has become one of the most widely used general anesthetics in American medical practice, largely replacing ether and chloroform.

About four years ago, physicians of the United States Bureau of Chemistry reported that the color of oranges and lemons could be made natural by exposure of the green fruits to an atmosphere of ethylene, and since that time this method has become a general practice.

Apparently ethylene removes acidity, increases sugar content and removes tannins and other objectionable substances. A single dose of ethylene, about two or three cubic feet, costs less than 40 cents to a carload of fruit, and is sufficient to produce a remarkable change in the time necessary to ripen bananas and to change their color, flavor and texture.

The physiologic chemists and the biologists are now making serious studies to determine the mechanism by which these results are brought about. Apparently ethylene increases the breathing rate and, associated with this, the concentration of the fruit acids and of the tannins becomes less.

Perhaps artificial ripening by the use of ethylene will interfere seriously with the development of these powers. The vitamins are relatively delicate. No one knows whether artificial and rapid ripening increases their presence, decreases it, or materially affects it in any way.

Here is a field for studies of practical importance in which promptness is demanded because of the commercial significance of the rapid ripening process.

Pulpit Is Shared by Pastor and Wife

Philadelphia—The Rev. Dr. Joseph Cannon Ellis and his wife, Rev. Mary Hubert Munford Ellis, both ordained ministers, take turns in preaching to their congregation at the Munford Primitive Methodist church here. They give their services without pay.

Dr. Ellis, who is a practicing surgeon, conducts regular bi-weekly meetings in the church. His wife bears the title of assistant pastor. "I do not believe in a pastor accepting money for his church work," says Mrs. Ellis. "He—or she—should have other employment during the week and earn enough in that way to obviate such a necessity."

"We don't make any rule about who is to preach on a certain day. It depends on which of us the congregation seems to need most at a certain time."

During the 16 years of their married life, Dr. Ellis and his wife have conducted evangelistic services in many sections of the country. Dr. Ellis helped to build with his own hands the church of which he is now the pastor.

YOUNGSTER IS LINGUIST Constantinople—The "internationalism" of this city where east and west meet is typified by Frank Trephorn who, at 14, speaks six languages fluently and can get the drift of conversations in half a dozen more. He is British but never saw his own country. His father is English and his mother Yugoslav. He speaks, reads and writes English, French, German, Turkish, Croatian and Greek.

Standard Grocery advertisement listing various items like Picnic Hams, Boneless Picnic Hams, Soap, etc. with prices.

MANISTIQUE HI OPENING GAME AT HOME TODAY

With everything pointing to a successful season, Manistique high school will make its football debut this afternoon, meeting Munising high at the Schoolcraft county fair grounds.

The Manistique lineup will be chosen from the following list this afternoon: Backs—Verner Anderson, Wilfred Eck, Kenneth Kopf, James Miller, Carl Risley, Frank Senff, Welber Thomson, Jack Wright; Center—G. Nicholson, Walter Lafreniere; Guards—William Burkwitz, Walter Dahms, Fred Kandel, Walter Morrison, Frank Ranney; Tackles—Earl Bond, E. Johnson, Alton Norton, Theron Southard; Ends—Frank Dahms, Harold Kell, Thomas Kirkbride, Kenneth McLean, Maurice Ried.

LOCAL LAWYER IS ADMITTED TO THE STATE BAR

One Manistique man is included in a list of those who have passed the examination held by the state board of law examiners and are now entitled to practice law in Michigan. He is Atty. William Sheahan, son of Mr. and Mrs. Edward Sheahan, Range street.

Attorney Sheahan took the state examination some time ago, and was one of three upper peninsula men admitted to the bar in the list given out this week at Lansing.

Ladies' Aid to Have Luncheon

Among lunch concessionaries scheduled to occupy booths at the Schoolcraft county fair grounds next week is the Methodist Ladies' Aid, who will take over the space formerly rented by the Waddell Lumber company in the main exhibit hall.

Early Hunters Fined Friday

Three arrests were made by Paul Knuth, local conservation officer, prior to the opening of the duck hunting season. One man was fined for hunting ducks before the season opened, and two others were charged with carrying rifles in the hunting area. All were arraigned before Justice W. A. McKinney yesterday.

WINN PRIZE FOR HOUSE. Seattle—Selected from hundreds of designs submitted by architects in all parts of the United States, a plan submitted by Otho McCrackin of Hutchinson, Kansas, was awarded first prize of \$2,000 in an international competition. His was the best design for a residence and garage built principally of wood.

Large advertisement for KC Baking Powder, featuring the slogan 'The Only Real Test for Baking Powder is in the Baking' and 'For Best Results Use KC BAKING POWDER'.

GARDEN BAY

Hubert McCauley of Garden, Mr. and Mrs. Uriel McCauley and son Clarence, Mrs. James Bingham, Edward and Frank Holmberg of Newberry spent Sunday at the home of Mr. and Mrs. Collin Greene of Burnt Bluff.

Mr. and Mrs. Peter Jensen and son Russell, and Mr. and Mrs. William Jensen made a trip to Cooks Friday. From there, Mrs. Peter Jensen took the train for Marinette where she will visit for a week.

Mr. and Mrs. Peter Jensen and son Russell were callers at the home of Mr. and Mrs. Collin Greene Friday. Mrs. Baker accompanied the Cooper party on their trip to Little Lake last week-end. They also visited at Marquette and Munising, arriving in Garden Monday.

Mr. and Mrs. Larsen and child of Masonville spent Sunday at the home of Mr. and Mrs. Joseph Boyer.

Mrs. LaChapelle and daughter of Manistique spent Sunday at the home of Mr. and Mrs. Joseph Boyer.

Philip Chandanos and Joseph Boyer attended the funeral of the late Antoine Vassau at Manistique Monday.

John Watchorn and family of Fayette were business callers in town Tuesday.

Mr. and Mrs. L. P. Peterson of Burnt Bluff left here Wednesday for Sturgeon Bay. They stopped off at Escanaba and visited friends. They expect to be away for several weeks.

Carlyle Hennessey spent Thursday with friends in Isabella. Mr. and Mrs. Edmund A. Laux of Fayette were in town Wednesday.

Mr. and Mrs. Peter Jacobson of Fairport and Mrs. Alice Pizala of Sac Bay motored to Escanaba Thursday.

Winter Precaution Causes Bad Fire at O. Larson Home

Combustion in charcoal which had been packed around water pipes to prevent freezing is given as the cause of a fire at the Ole Larson home, corner of Range and Garden, at 2:30 Friday morning.

The flames crept up through partitions of the home, breaking out in the roof, damaging the interior of the home and some of the furnishings. Prompt arrival of the firemen, who were on the job from 2:30 to 4 a. m., prevented further destruction in what promised to be a serious blaze. The loss was partially covered by insurance.

Bikes Warned to Avoid Sidewalks

Frequent complaints have been received by Manistique police regarding boys riding bicycles on sidewalks, and Chief John A. Peterson made his first arrest Wednesday for violation of this ordinance. The offender was brought before Justice W. A. McKinney and paid a fine of \$1.

Police have been instructed to make further arrests until the practice is stopped.

FIRES ON WANE

A continued lull in the forest fire situation was reported this week. Only one blaze required attention, and this was in the vicinity of Steuben.

FIRST MOVIES OF BIG SPRING SHOWING HERE

The first motion pictures ever taken of "The Big Spring," Kitchiti-kipi, were shown at Manistique yesterday as a part of a scenic film of about 600 feet taken here recently by Nat Wolf, manager of the picture department for the Orpheum circuit. The reel will be shown throughout the Orpheum circuit from coast to coast, thus giving Manistique and vicinity advertising of inestimable value.

As shown at the local theater yesterday, the Manistique movie contains scenes at Indian Lake, the tourist camp site, the Indian Lake golf course, Arrowhead Inn, Manistique high school, Riverside park, and other pleasing bits of road, river and woods scenes, together with a view of two scampering deer fawns and some trout in action at the state fish hatchery.

The Orpheum cameraman was brought to Manistique through the efforts of L. Rosenthal and other local business men, members of the Chamber of Commerce. Aply chosen subtitles describing "The Land of Hiawatha," were written by Mr. Wolf.

Manistique people will be given an opportunity to see the pictures this week at the local theater, to see their own community as thousands of city residents will see it on Orpheum circuit picture programs. Those who witnessed the first showing of the film Friday declared that the views have an appeal which no city dweller contemplating a vacation could resist.

Welfare Committee Plans Rest Rooms

Mothers with children will welcome the announcement made by the Manistique Women's club welfare committee that they will have a rest booth at the Schoolcraft county fair next week.

The room will be fitted with all conveniences for mothers and small children, with facilities for caring for babies while mothers attend the fair. The space will be the same location as in previous years, in the main exhibit hall.

A tag day will be conducted at the fair for paying the expenses of the booth.

Takes the Place of M. E. Pastor

In the absence of Rev. C. S. Risley, Sunday services at the Methodist church will be conducted by Rev. F. Elmgren of the Swedish Baptist church. The sermon will be at 10 a. m., followed by Sunday school. There will be no evening worship.

GEORGE CARD PASSES AWAY

Civil War Veteran Dies Here at Home of His Son.

George F. Card, 82, veteran of the Civil war, father of John F. Card of this city, passed away Thursday evening at the Card home.

He had been seriously ill for some time and for several days had been conscious only a part of the time.

Mr. Card was born in Dover, N. H., in 1845. At the age of 15 years he enlisted for service in the Civil war and he was honorably discharged three years later. He was promoted to the office of color bearer and was commended for his bravery in saving the colors and for his courage on the field.

He is survived by one daughter, Mrs. J. O. Metcalf, of Cleveland, O., a son, John F. Card, and one grandchild, Mrs. H. G. Wescott of this city.

He had made his home in Gladstone with his son for the past year.

Funeral services will be held at 3 o'clock this afternoon at the home, Central and Bay Shore, Rev. Robert Grant, Westminster Presbyterian pastor, conducting them.

Burial will be taken from here to Ashburn, O., where it will be placed beside the body of his wife.

The G. A. R. Post of that city, of which he was commander, will be in charge of the services there.

CITY BRIEFS

Misses Dorothea Sobberg and Anna Quarnstrom left this morning for Chicago where they will enter North Park college. Miss Sobberg will enroll in the mathematical department and Miss Quarnstrom in the school of music.

Misses Thelma Johnson and Mabel Larson left Thursday night for Chicago where they will attend North Park college. Both girls are graduates of Gladstone high school, class of 1927.

Miss Lucille Foster left last night for Kalamazoo where she will attend Western State Normal.

Ed Johnson will leave this evening for Minneapolis where he will resume his studies at the University of Minnesota. He has been visiting for the past two weeks with his parents, Mr. and Mrs. John H. Johnson.

Mrs. H. V. Jensen and son, Jim, have left for a few days' visit with relatives in Sault Ste. Marie, Mich.

British Republic Proposed to Labor

Blackpool, England.—Abolition of the British monarchy and its displacement by a democratic republic is one of the resolutions in the agenda of the Labor party's annual conference, to begin here October 3.

Other resolutions suggest that a surtax be imposed on incomes over \$2,500 a year, derived from property and investment, that the labor party colors shall be red and yellow, "symbolizing through fire into sunshine," and that Armistice Day, "capitalistic, imperialistic and military celebrations" should be discontinued.

The resolution imposing a special surtax on unearned incomes of more than \$2,500 a year has drawn the most fire from the parties opposing labor. The surtax would bring added revenue of \$425,000,000 a year, but opponents say it will eliminate thrift and initiative.

An education resolution to be introduced at the conference calls for the raising of the minimum school age from 15 to 16, reduction of classes to 40 and then to 30, provision of free meals and free medical treatment.

Builds Own Plane To Fly with Family

Marion, O.—Four Marion youngsters are waiting with great impatience while their father, Carl Ferguson, puts the finishing touches on a family airplane which is taking shape in the backyard. Ferguson, once a motorcycle racer and now employed in a Marion factory, constructed the ship without blueprints and with no expert instruction as to principles of construction. It cost \$450, has a 25-horsepower motor, and a wing spread of twenty feet. The fuselage is 16 feet long.

Ferguson has taken the plane up for a few trial flights and soon Mary, Frank, Paul and Jack Ferguson are going to get the thrill they've been waiting for.

DEFENDANTS, Collects and Sells Cactus

El Paso, Texas.—During the latter part of the summer H. L. Potter, a florist here, makes trips into the highways and byways of west Texas to collect cactus which he sells to collectors all over the country. There are 1,500 varieties of the cactus and Potter is an expert in distinguishing them.

SOME PILGRIM!

From New England, land of the Pilgrims, comes Marion Haworth. As "Miss New England," she'll strut her stuff in the Atlantic City beauty pageant.

IN NEW YORK

New York.—The vast majority of male New Yorkers completely fail to live up to their outside reputation as "swell dressers."

For every white-clothed, cane-carrying, snappily-clothed stroller on the Avenue there are ten thousand wearing "marked-down-from-fifty-dollar" attire.

Whereas almost every person of the feminine gender makes desperate efforts at being attired in the "New York manner," even though she has to accept the cheap copies of the Sixth Avenue installment houses, her companion is likely to furnish a glaring contrast.

The fact is that the average male dweller in this city is likely to have to spend so much money keeping his wife well groomed that he hasn't much left for himself. And, where he is not married, the mere business of paying the rent and taking the girl friend out to lunches, dinners or theaters is likely to keep him rather close to the ragged edge.

And, again, whereas the homesick brat that saunters the sidewalks is likely to make regular visits to a beauty parlor and even have the temerity to intrude herself into a beauty contest, only a limited percentage of Manhattan males make themselves about their good looks.

A few days ago a big bathing resort tried to hold a contest for an "Adonis of the Beach," and though the entry lists were opened weeks in advance not a single male of the thousands frequenting the resort made the slightest effort to lay claim to such a title. There was not one entry and the contest was called off.

The legend of the "swell dresser," doubtless originated with the old melodrama wherein the "city slicker" was invariably from New York and was pictured as capturing the simple country lass through his "fine clothes and city ways."

Today the situation is largely reversed. The most dapper young fellow you pass in the Avenue is very likely to be the visitor from Flint, Mich.

On the other hand, those New Yorkers who are groomed are just a bit better dressed and a bit more confident and at home in their clothes than the men of any other section.

Those immaculate, first nighters, the middle-aged men one sees at the clubs or coming out of Wall Street offices, the men one passes in the Fifth Avenue parade—they have a certain snap and distinction to be found in no other place.

Mingled with these you will see some of the most prominent names in city possessors—famous writers and theatrical critics—and most of them in apparel that one could use for a mirror if hard up.

—GILBERT SWAN.

NEWBERRY HERE TODAY

Gladstone Eleven Opens Season This After- noon.

Coach Kell's Gladstone squad will play its opening game of the year today, meeting the Newberry eleven this afternoon on the Gladstone athletic field.

The game will be called at 2:30 o'clock.

Newberry is doped as a strong contender. The team, which last year played Gladstone to a 0 to 0 tie, had considerable green material then which has had plenty of time to develop and the eleven this year is made up largely of experienced men.

The local squad, Coach Kell said yesterday, looks all right considering the short practice before the season's first game, but there are rough spots to be taken care of, the Gladstone monitor is looking for plenty of improvement after the next two or three games.

The starting lineup for today's game is: Moore and Switzer, ends; Foster, Meach, tackles; Filmore, Olson, guards; MacMillan, center; Kircher, quarterback; Liberty and Reese, half; Hoffman, full.

The officials will be Edick, referee; Thompson, umpire, and Williams, head linesman, all of Escanaba; Quarnstrom, timekeeper.

CHURCH FILLED FOR CONCERT HELD THURSDAY

The Swedish Mission church was filled to the doors Thursday night for the concert given there by Prof. J. A. Hultman and Paul Hultman, his son.

The program was varied, Professor Hultman singing and playing his own accompaniments on piano and organ and his son giving vocal and piano solos. Both were talented musicians and the concert was much enjoyed.

Harry Stock will return Sunday to Chicago after a vacation visit at his home here.

Entertainers:

THEATRES

AT THE RIALTO

The new Paramount picture, which made its local debut at the Rialto theatre last night, suggests a problem in filmathematics. Take a couple of savage South Sea islands and add one brave and fearless white man; multiply that by several hundred head-hunting cannibals; then add one woman soldier of fortune and two unscrupulous money-lenders; divide the sum total by one romance and at least a dozen dynamic thrills—the answer is—?

There can be only one correct answer and that is—"Adventure," the title of this latest dramatic screen play, which Victor Fleming produced from Jack London's famous novel of the same name.

Here is a story so crowded with incident and action, so replete with surprising developments and unexpected turns that not for a moment does it fail to hold the attention and grip the interest of the spectator. The romantic and love elements are subtly blended and lend a softening influence to the melodramatic action of the plot.

"Adventure" gives us a vivid realistic picture of life as it actually is on the isolated islands of the South Seas. Heretofore most pictures have painted that little known corner of the earth as a fascinating land of sunshine and play. In this photoplay we see it as an enchanted and terrible land, where even now the tom-toms of cannibal feasts echo in the midnight jungles and the white man's head is still a coveted trophy.

AT THE LYRIC

Ben Burbridge's "The Gorilla Hunt," which opened last night at the Lyric theatre, is a picture that is going to cause a lot of comment both among hunters and scientists. It is a true thriller with nothing synthetic about the thrills. There is no question of doubling here, and a forty foot python, or a charging elephant, are infinitely more thrilling than any man made episode. From a scientific point of view it is going to provide food for thought, and many scientists that have scoffed at evolution, will think seriously before they continue their sneers.

The picture discloses that the mighty man-like Silu Gorilla, the very existence of which had until now been doubted, is almost human in his habits, and thoughts. In fact the picture shows that there are tribes in Africa that still live above that standard development, and a good many of the thousands who will enjoy the picture will rather admit descent from the mighty patriarchs, that like the adult male in the picture, will give their lives for their family, than admit kinship with the mishapen humans that live in the Cannibal and pygmy belts of the Silu country.

MOONLIGHT AIR RIDES

Detroit.—Moonlight airplane rides are becoming popular in Detroit. Mrs. Evangeline Lindbergh started it by returning from Grand Rapids to Detroit in a plane at night. Later a group flew to Cleveland through the night skies, returning after dinner the same evening.

FUNERAL OF CON DEMENTER THIS MORNING

Services at All Saints' Church at 9 O'clock.

Funeral services will be held in Gladstone this morning for Constant DeMenter who died Saturday evening at Ann Arbor where he had gone seriously ill.

The services will be at 9 o'clock at All Saints' Catholic church, Rev. Father S. Mater, officiating. Burial will be made in Fernwood cemetery.

Fall bearers, friends of the family, will be August Brassick, Louis Reubens, Eugene Brassick, Peter Millemaster, Leo Van Damme and John Mastigo. The body which was taken to the Allo Funeral Home was returned to the home here Thursday.

M. E. Missionaries Will Meet Oct. 25

Minneapolis, Minn.—The greatest gathering of Methodist Episcopal foreign missionaries in years is expected at the 68th annual meeting of the general executive committee of the Woman's Foreign Missionary Society in Minneapolis Oct. 25-30.

Last year \$2,300,000 was spent in the work of more than 700 missionaries under the jurisdiction of the board.

Because of war conditions, the contingent from China is expected to be augmented. In addition, the new rule, making the second term of service five instead of six years, goes into effect this year for the first time. That will bring many missionaries home who ordinarily would not return until next year.

Mrs. Thomas Nicholson, president of the society, is in Europe. In her absence, the meeting will be directed by Mrs. F. F. Lindsay, first vice president.

LUMBER REVIEW

In its weekly review, the American Lumberman, Chicago, says:

A stronger tone all around is evident in the lumber market, and particularly in the South and Middle West. The advance in cotton prices has brought new prosperity to the southern States, and the crop situation in the Middle West is such as to stimulate business. Wheat money is now coming into circulation, and merchants in every line report that "trade is good." A period of hot days and warm nights throughout the corn belt has caused corn to progress rapidly, and a sizeable crop is now assured, which will further entrench the farmer's position.

The Douglas fir mills of the West report a steady demand and an increased inquiry from the country yards, indicating that these will soon begin purchasing on a larger scale. The market meanwhile is firm, and prices are reasonably sure to advance inasmuch as stocks are low and broken and unquestionably will be further depleted when fall buying once starts. To date this year,

the fir mills have shipped 4 per cent more lumber than they cut, which illustrates the soundness of their position.

A better demand and a larger inquiry is reported by the southern yellow pine mills. While no notable price advances have occurred, the market is noticeably firmer, with several items in popular demand in low supply.

The southern hardwood market remains dull and weak on account of heavy production at a time when industries, though generally fairly busy, are buying very conservatively. The northern hardwoods are in much stronger position, and have shown some advances on scarce items, notably in maple.

Wedding at Rapid River

The marriage of Miss Emma Lucier and Charles Beck of this city will take place this morning at Rapid River, Rev. Father Guertin officiating. The attendants will be Miss Mary Beck and Sonny Lucier.

The first United States postage stamp, issued in 1857, bore the portrait of Benjamin Franklin.

MARKET NEWS

MARKET PRICES CONTINUE HIGH

STOCK SALES AVERAGES. Twenty Twenty Date Industrials Railroads Friday - 178.67 147.53 Thursday - 178.96 148.26 Week ago - 176.89 147.26 Year ago - 142.08 124.14 High 1927 - 179.06 149.56 Low 1927 - 141.23 125.58 Total stock sales 2,581,200 shares. X-Ex-dividend .0875.

New York, Sept. 16 (AP)—Violent advances in the high priced industrial continued to monopolize speculative interest in today's irregular stock market. General Motors issues again contributed about one-fifth of the day's total sales of more than 2,500,000 shares, the old stock advancing more than 5 points to 274, and the new stock climbing 3 1/2 to 187, both record highs.

The cotton market was still unsettled as a result of the publication of the bureau of agricultural economics statement on price trends, final quotations on wheat futures advanced about a cent a bushel, but the other commodity markets showed little change. Heavy bidding for sterling cables in the late afternoon carried the rate on London to a new high for the year at \$4.86 1/4, or within 1/4 of a cent of parity.

The fact that General Motors issues changed hands frequently in blocks of 1,000 to 10,000 shares lent color to the belief that buying probably was for the account of Fisher, Dupont and other interests allied with the motors corporation.

International Silver, directors of which recently decided to retire the debentures of the company soared 13 points to 184, or nearly 50 points above the year's low. Bullish activities also were quite pronounced in American Type Founders, Calumet & Arizona, Commercial Solvents, Consolidated Gas, Dupont, Green Cananea Copper, Montgomery Ward and Texas Gull Sulphur, all of which touched new 1927 peak prices.

Philip Morris sank to a new low for the year, and marked heaviness also was shown by Union Bar & Paper, White Motors and Baldwin.

Trading in the rails was enlivened by a sudden outburst of activity and strength in New York, Ontario & Western on a revival of rumors that the New Haven was going to dispose of its holdings in that stock to the New York Central. Other rails fluctuated within rather narrow limits.

There was no change in money rates.

CHICAGO CATTLE. Chicago, Sept. 16 (AP)—Cattle: receipts, 2,000; no choice steers here best 14.00; undertone general trade strong; cows and heifers showing strength; stockers and feeders also closing fairly active; particularly on kinds to sell at 8.50; most sausage butts 2.25 down; vealers less active, mostly 16.00 at 15.00.

YEAR 1816 WAS "SUMMERLESS"

Old Clipping Describes One of Most Unusual Seasons in History

Unusual weather conditions the last few days caused Mrs. L. E. Scott, 1207 Ludington street, to recall a newspaper clipping she has had in her possession for many years. The clipping, from a Marinette newspaper, is an interview with a "survivor" of the year 1816, known in the almanacs as "the year without a summer."

"I remember," said the old inhabitant in the interview, "the year that was winter from one end to the other and where the weather was so severe in June that a terrible snowstorm prevailed on the 17th of that month, and people were frozen to death in the month of roses. A near relative of mine was frozen to death in Vermont on June 17 of that year, which was 1816."

"I was 14 years of age then where the weather was at its worst. Snow fell in June in the other New England states but five inches deep. In New York and Pennsylvania and New Jersey it was nowhere deeper than three inches. In Vermont it was ten inches on the level on June 17. Snow fell several times during that month and ice froze every day in the month. In fact, there were ice and snow every month during 1916."

Very Little Rain. The wind during June, July and August of 1816 was continuously from the north and blew fiercely and cold. Farmers wore heavy overcoats and mittens while about their work every day during those months.

"There was little rain during the entire season. The great piles of firewood that always accumulated during the summer months at the farmhouse back doors in readiness for the winter didn't accumulate in 1816. They were needed for current use. July was colder than June and August was colder than July. Ice a half-inch thick formed in July but in August it froze to an inch or more. There was another heavy snow storm on August 20. The whole summer was as bleak and dreary as November. Not a green thing was to be seen anywhere. The first two weeks in September brought the first real warm weather there had been during the year. The thermometer went up to 70 degrees which was 20 degrees more than it had been since May.

Cold Increased. "Cold increased from the middle of September and it may be truly said that, in Vermont at least, the year 1816 had neither summer nor autumn. There was not enough grain grown that year to seed the next year and those who were lucky enough to have some of the crop of 1815 on hand then they wanted for their own use, had no difficulty in selling it for \$5 and more a bushel."

OLD MASTERS. I intended an Ode, And it turned to a Sonnet. It began a la mode, I intended an Ode; But Rose crossed the road In her latest new bonnet; I intended an Ode And it turned to a Sonnet. —Austin Dobson; Ureus Unit.

Saint and Summer

Faith's eyes were fixed in an unbelieving stare upon the printed bank slip pinned to the check for two hundred dollars that Bob had given her for household expenses on the first of the month. "Insufficient funds"—the small, cold type, with the red ink check mark after it, was like so many Egyptian hieroglyphics to her at first. Then slowly comprehension dawned. It was not she who had overdrew; it was Bob. There must be some mistake. The bank had made a silly error. Wrath rose to her, to drown out the nauseating fear, as she telephoned to the bank, speaking sharply to the bookkeeper in charge of the "H" ledger. When she came away from the instrument a few minutes later she had been humbled and humiliated but convinced. Bob's account was overdrawn.

Then her father had been speaking with authority of definite knowledge when he had hinted that Bob's business was in a bad way. But why, why, why, hadn't Bob himself told her? Why had he subjected her to the humiliation of finding out the truth in this cold-blooded, brutal fashion? And there were the checks she had drawn to pay the bills for telephone, gas, lights, groceries, meats, milk, Mrs. Lundy's services—

She slumped in her chair, shuddering. Had she committed a crime, drawing checks against a balance which did not exist? Before the letter came she had searched her heart and brain for an explanation of Bob's queer behavior, of this preoccupation, of his moodiness. Here was the explanation, of course! He was worried sick over money matters—a worry which Faith's whole struggling existence had equipped her so thoroughly to understand. The poor darling!

It was only money, after all. What did it matter that she was humiliated before the bank and the people to whom she had issued worthless checks if it was only money, or the lack of it, that had come between her husband and herself? Oh, it would be sweet to help him, to talk things over with him understandingly and sympathetically, plan with him how she might economize, tide them over this distressing period! Dear Bob; how she had wronged him in her thoughts! She had let her sick mind run to evil suspicions, had linked his beloved name with that of her sister, when all the time his worst crime had been that he was finding it impossible to make enough money to support the big family which she had unjustly brought him when she married him.

How extravagant she had been! She began to blame herself violently, so sharp was her relief that she had found an understandable explanation, so keen her desire to help her husband. Joy's summer in camp, it had cost nearly four hundred dollars, including railroad fare, incidentals, a complete wardrobe of camper's clothes. And the grocery and meat bills had been terrific. Mrs. Lundy had no instinct for economy, used eggs and cream and butter with a prodigal hand in creating the delicious meals which had become the rule of the Hathaway household. She could set a marvelous table on half or two-thirds as much as Mrs. Lundy's bills amount to.

Why, she could help Bob. She must dismiss Mrs. Lundy, take over the cooking and housework herself. Strength seemed to flow into her cold limbs at the thought. Of course she would be hard-driven all day long, with the baby and her own and a large part of Cherry's to be made. But she could do it all for Bob, for Bob! Her love surged up in her heart, her throat, flooded her pale face with color and light. Before giving herself time to think she summoned Mrs. Lundy.

NEXT: Faith's humiliation.

1927 Football Season Opens This Afternoon

SCHEDULE HAS GOOD CONTESTS

Expect Real Battles to Develop in Today's Program.

TODAY'S GAMES.
St. Joseph's at Baraga.
Newberry at Gladstone.
Manistique at Manistique.
Marquette at Sault Ste. Marie.
Negaunee at Ishpeming.
Norway at Stephenson.
Iron Mt. at Crystal Falls.
Vulcan at Kingsford.
Iron River at Niagara.
Alumni at Ironwood.
Alumni at Stambaugh.

This afternoon will mark the opening of the 1927 football season for many high school teams in the peninsula, and although most of the contests will be practice games for some of the larger schools, there are some that promise to develop into real battles.

Marquette high school will be the first to open their season next Saturday with Manistique, but this city will be represented on the gridiron today by the St. Joseph's parochial school squad. Coach Leo Brunelle will take his gridders to Marquette to meet Coach Frank Gell's Baraga parochial eleven.

Gladstone will swing into action on its home gridiron against the strong Newberry team. This battle is expected to be one of the most interesting on the peninsula as the two teams, which have made enviable records in the past, are about evenly matched. Last year, they played to a scoreless tie, the green squad from the Celery City putting up a spectacular fight. But this year, Newberry comes with a far more experienced team, and it is expected the Gladstone boys will have a tough job of holding their own against their opponents.

Manistique Team Strong.
Coach Cook is coming out this year with a heavier and more experienced squad than is determined to put Manistique back again on the football map. The Schoolcrafters will bite the dust for the first time this season when the Manistique team will invade Manistique to do battle. Coach Sherman of the Algerites has a few veterans back this year, Johnson, Skops and Mellis are still in the lineup, and Coach Sherman has been successful in finding some good football material among the younger players.

Reports emanating from the Sault Ste. Marie camp state that Coach Crane is radiant with enthusiasm this season. He has a speedy team made up of many of last year's regulars, and is in much better shape than he was when he opened the 1926 season. The Lock City crew will face Marquette high school on its own field this afternoon, and expect to hang up its first victory.

Negaunee and Ishpeming high schools will kick the lid off the football side this afternoon in the American Legion park at Ishpeming. E. W. Stafford, new coach and physical director of the Negaunee high school, has seven letter men as a nucleus around which to build a football team, and it appears that Stafford will trot out a smooth-running machine on the gridiron today. Johnson, Zuraw, Thoren and Toms make up the veteran quartet that will reinforce the forward wall. Chiri, Phillips and Bennetts will do most of the ball carrying. Ishpeming had a fast team last year, and again threaten to make trouble for all teams marked up on its schedule.

Norway Invades Stephenson.
Stephenson high school, which once in a while surpises the U. P. football doers, will entertain Coach Correll's footballers from Norway in its season's opening game. There are eight letter men back on the Viking squad, including Captain Ropelle, Massa, Art Anderson, Sala, Colonne, LaFave, Moran and Perruzzi. The backfield will be lighter than that of last year, but the men are more experienced. Not much hope on the Stephenson eleven is available. What they have will be revealed in the game this afternoon.

Cincinnati Team Plays Detroit for Sand-lot Title

Detroit, Sept. 16—(AP)—The Cincinatti team of Cincinnati, defending champions, qualified to meet the Kennedy squad of Detroit in the three-game series to decide the National Sandlot baseball champion today by defeating Page Dairies of Toledo, 15 to 9.

The Cincinnati team won the championship last year by defeating the Checker Cabs of Detroit.

NEW YORK WINS 100TH VICTORY

Defeat White Sox, 7 to 6; Babe Ruth Clouts Out Homer.

New York, Sept. 16—(AP)—The New York Yankees won their 100th victory of the season here today by defeating the White Sox 7 to 6, Babe Ruth turning in his 53rd homer in the third with none on base. Wilcy Moore, usually used as a relief pitcher by New York, went the route. Moore had made only three hits all season and today he broke out with a home run. Meusel also slammed for the circuit, bringing the New York total to 148.

ATHLETICS 6; ST. LOUIS 3.
Philadelphia, Sept. 16—(AP)—The Athletics won their sixth game in a row today by taking a 6-3 decision from the St. Louis Browns. Ty Cobb had three singles and boosted his recent hitting streak to 13 hits in his last 18 times at bat.

Tim Barry's Vulcan crew today.
Coach John Schwei of the Kingsford eleven has met considerable misfortune in making up his team, injuries to some of the stars making big holes in the lineup. Vulcan has a hard-fighting crew, but is short on substitutes, the school having little material to draw from.

The Red and White gridders of Iron River will open their 1927 campaign at Niagara today.
Coach Kulek has lost heavily through the graduation of last season's stars, and only three lettermen are in uniforms this year. Last year Iron River won from Niagara by a 45 to 0 score. It is reported, however, that the Papermillers are much stronger this year, and are determined to avenge their last defeat at the hands of the Iron River crew.

BENGALS WHIP RED SOX, 4 TO 3

Heilmann's Bat Helps Detroit to Win Game.

Boston, Sept. 16—(AP)—Heilmann's hitting was mainly responsible for Detroit's 4 to 3 victory over Boston in the first game of the series today. In the first inning the American League pacesetter made a home run off Russell with Gehring on base and after his double in the fourth, he scored on Fothergill's single.

Gehring got on base in the first inning with a single after Blue had flied out to Carlyle. Manush had accounted for the second out after Gehring connected with his safety before Heilmann walked to the plate and connected with the circuit clout. The ball cleared the left field wall. Fothergill was thrown out by Rothrock to retire the side.

The Red Sox tied the score in their half of the opening inning. Rothrock singled and then took second when Collins batted. Rogell struck out, but Fagstead, the next batter, pounded out the first Boston run when he doubled to left field, sending Rothrock home. Regan hit to Tavenner but was safe when the latter threw to McManus in an unsuccessful attempt to put out Fagstead. On Carlyle's force out of Regan, Fagstead scored to knot the count.

Heilmann's double opened the fourth inning, and Fothergill's single a moment later drove him home. Neither team scored thereafter until the final inning, when each pushed across one run. McManus began the Tiger half with a foul to Rogell, but Tavenner's fly went for a double when Shaner lost the ball in left field. Bassler's single scored Tavenner.

Shaner struck out as the first play in the Red Sox half. Todd and Hoffman got on base with a single and a pass, respectively, but Tarbert took the latter's place on the path. Rollings batted for Lundgren and his single to right sent Todd home for the final Boston run.

Tilden Beats Hunter in Turf Tournament
Forest Hills, N. Y., Sept. 16—(AP)—William T. Tilden won from Francis T. Hunter, his Davis cup doubles partner, today in the semi-finals of the National Turf court tennis championship, 14-12, 6-1, 4-6, 9-7.
Playing far below form throughout, Tilden won in unimpressive fashion. He lacked punch in the pinches and allowed the first set to be at set point 10 times before he could put it away. When they dueled from the back court, the hard-driving Hunter had an advantage but Tilden scored at will, whenever he chose to carry the battle to the net.

Tunney Puts in Day of Hard Work; Specialist Called to Treat Optic

(BULLETIN).
Lake Villa, Ill., Sept. 16—(AP)—An eye specialist was called from Chicago tonight to start treatment of Gene Tunney's right eye, which looked inflamed and troublesome after his workout ended today. It was over this eye that Chuck Wiggins opened the cut last week, and today Jackie Williams poked his thumb into the optic.

Tunney wore a heavy protective covering over the old cut while he boxed today, and it appeared to cause him no trouble, but his trainers thought it was wise to take extra precautions to have the eye treated by a specialist. It is not sure that it would not bother him next Thursday night when he meets Jack Dempsey.

BY EDWARD J. NEIL
(Associated Press Sports Man).
Tunney's Training Camp, Lake Villa, Sept. 16—(AP)—Rough two-day maulers piled into Gene Tunney today and turned the pre-

SMALL CROWD VIEWS RACES

Rushton and Gillispie Horses Win Closing Day's Events.

Another small crowd of horse racing fans saw two racing events at the Upper Peninsula State Fair course here yesterday afternoon, when the final card was staged in the two-day program, arranged as a stop gap between the Marquette and Schoolcraft county fairs. The attendance at the two-day meet here was highly disappointing, both to the horsemen and to the men who displayed a fine public spirit by endeavoring to maintain Escanaba's place in the upper peninsula racing circuit, in the absence of a county fair here this fall.

J. M. Marquet, a big bay racer recently purchased by Senator H. C. Rushton, showed his heels to the field in the first heat of the 2:20 pace and while the Escanaba horse was unable to maintain the pace in the remaining heats, he displayed a flash of speed that was highly encouraging to his new owner. Bessie Gano, owned by Peter Chevrolet, of Negaunee, proved the class of that event in the final two heats, leading the field to the wire in each instance.

Johnnie Quirk, probably the fastest horse ever owned in the upper peninsula of Michigan, had everything his own way in the free-for-all yesterday, winning with ease from Kane Run. Mike Gillispie, of the Soo, owned by Quirk, proved himself a real sport in this event, giving the opposing horse a start of two lengths in each heat, in order to make the race interesting.

Peninsula Title to Be at Stake Sunday on Munising's Lot
Munising, Mich., Sept. 15.—With the championship of the upper peninsula association at stake, Crystal Falls and Munising will clash Sunday afternoon at the city ball park in what is predicted to be the 1927 baseball classic of northern Michigan. All the razor-edged rivalry which has been fomenting between the two clubs for the last two years is expected to come to the fore and result in a diamond battle worth traveling miles to see.

Baldwin, Judson Officiating at Manistique Today
"Ted" Baldwin and Tom Judson of Escanaba will handle the whistles at the Manistique-Munising grid contest at Manistique this afternoon.

JUNIOR ACES WIN
The Junior Aces defeated the St. Anne's seventh and eighth grade team in one of the first football games of the season. The score was 12 to 6. The game was played at Ludington park.

Giants Move Into Second Place; Beat Champions, 6 to 3

St. Louis, Sept. 16—(AP)—The New York Giants assumed complete possession of second place in the National League today by annexing the final and deciding battle of a seven game series from the Cardinals.

PIRATES BEAT BRAVES, 4 TO 3
Chalk Up Ninth Straight Victory; Clean Up Series With Braves.

Pittsburgh, Sept. 16—(AP)—Pittsburgh continued its march toward the National League championship today with a 4 to 3 victory over Boston for a clean sweep of the six-game series. It was the Pirates' ninth straight win and the Braves' thirteenth consecutive setback.

ST. JOE PLAYS BARAGA TODAY

Coach Leo Brunelle Takes 24 Players to Marquette.

Coach Leo Brunelle of the St. Joseph high school football squad will leave at 9 o'clock this morning for Marquette, where the local parochial eleven will meet the Baraga parochial high school in the opening game of the season.

Coach Brunelle is taking 24 men along with him. Billy Moreau, the center who was injured in one of the practice sessions this week, will be out of the game, and will watch the contest from the sidelines. The injuries to Moreau's ankle were not as serious as they were first thought to be, the X-ray revealing there is no fracture.

Baraga is reported to have a strong team this year. Three years ago, the St. Joseph squad defeated the Marquette eleven by a score of 26 to 6, and the boys are determined to score another victory.

Coach Brunelle will be able to trot out a second team at the Marquette gridiron this afternoon as he has enough material to make up two squads this year. The lineup of the first team, which will start in the contest, is as follows: Don Skopp, center; Herbert Scheriff, left guard; Papineau, left tackle; S. LeDuc, left end; Blake, right end; McGee, right tackle; Mileski, right guard; J. Fitzharris, quarterback; Sullivan, left half; E. Frasher, right half; and Fredericksen, fullback.

The lineup of the second string crew follows: F. Frenn, center; A. Klug, left guard; Stern, left tackle; A. Kohlman, left end; Clark, right end; Vandenberg, right tackle; L. Frenn, right guard; Red Fitzharris, quarterback; Ernie LaCross, left half; Gannon, right half, and C. Ledue, fullback.

Left on bases—Boston 4; Pittsburgh 10.
Bases on balls—off Meadows 1; off Wertz 2; off Morrison 1.
Struck out—by Meadows 2.
Hits—off Wertz 7 in 1 2 3 innings; off Morrison 4 in 6 1 3 innings.
Losing pitcher—Wertz.
Umpires—Reardon, Kiam and McCormick.
Time—1:39.

Robins 4; Cubs 3.
Chicago, Sept. 16—(AP)—Brooklyn made a clean sweep of the three game series with Chicago by bunching hits behind some ragged playing by the Cubs to take the final, 4 to 3, today. McWeeny was driven off the hill in the eighth, Elliott checking a rally.
The score: R. H. E.
Brooklyn 000 211 000—4 6 0
Chicago 100 000 140—3 10 1
McWeeny, Elliott and Henline, Root, Neff and Hartnett.

With colder weather, hot porridge is popular again. For change, cook dishes with oatmeal or raisins with mush.

INVITE CRITICS TO WATCH JACK

Flynn Says Dempsey Will Not Fight Until Night of Bout

Lincoln Fields, Crete, Ill., Sept. 16—(P)—Boxing critics who watch Jack Dempsey work out under flood lights last night, expressed some disappointment with his showing, were invited back tonight to watch the former champion whale away at his sparring partners.

After a week of secret training, Manager Leo P. Flynn laughed today at some of the gloomy expressions of newspapermen as related in their sports pages. He cited especially the comment that Big Boy Peterson of New Orleans outscored the former champion in their round.

"When I told the boys they could come and watch Jack at his night boxing, I did not say they could watch him fight," said Flynn.

"They will see him fight next Thursday night, not before. He is getting ready in the right way and boxing just enough."

"I'm in there every moment, on top of him every round, holding him back when he feels the urge to cut loose with some fighting in the spirit I want to save up for next Thursday."

Dempsey did not work hard today but took things easier apparently saving himself as much as possible for the big event next week.

Paris Encourages Blackbird Fashion

BY HAZEL REAVIS

(Associated Press Fashion Editor) Paris (P)—Ravens, crows, and blackbirds are the inspiration of the Rue de la Paix and its tributary streets of fashion. Corbeau blue, which is almost black, ravenwing, which is dead black, and magpie, which means black and white, are words to counter with in the dress-makers shops.

Smart Paris is buying its winter clothes and devotees of bright color and gaily regard with alarm the stampeo toward black and mid-night blues for street wear.

The coat of black is undoubtedly the best seller in Paris today. Sometimes it brightens itself with fur of gray or beige. But oftener it is soberly trimmed with black fur. There are many suits also of black or corbeau blue, which is so nearly black that it deceives the unwary. For afternoon the black dress of satin or flat crepe is conspicuously successful. Often it is quite untrimmed.

To offset the somberness of the coats there are afternoon dresses of rich metallic brocades of very small design. Brocades of these materials usually enliven the suit costume. For the black afternoon dresses there are jewels of concentrated color.

The Parisian is apt to choose white or very pale colors for evening. The simple evening dress of white satin is a favorite, particularly with women who have new jewels to display.

Lady Mortimer Davis, whom Paris counts one of its best dressed, is wearing white satin dresses this fall, as a background for rubies. She has several new ruby pieces, including earrings and a pendant on a platinum chain.

Madrid Rebuilding Royal Opera House

Madrid, Spain (P)—When the work of renovation of the Royal theater in Madrid is terminated next year, the Spanish capital will possess a notable dramatic and operatic center where lately stood a building in constant danger of collapse.

Hundreds of workmen are pouring cement into the foundations of the theater, which was originally constructed on moving sands. Since the theater was condemned, early this year, a stratum of solid earth has been discovered which with a thick cement basis will furnish ample support for the building.

The edifice when completed will provide underground halls for concerts which may take place at the same time as the performances in the theater itself, which will have enlarged capacity.

When society functions are held in the theater the participants will find several large reception halls, one reserved for the royal family and another for the members of the diplomatic corps. Others may be used for balls and private dances.

A terrace is to be constructed facing the plaza opposite the Royal Palace.

CANDLE HOLDERS
If you lack candle holders for a birthday cake, arrange marshmallows on top of frosting and stick colored candles into them.

Brazil has the lowest rate of taxation of any country. It is about \$5 an individual a year. The tax is six times as great in the United States, and from ten to seventeen times as great in Europe.

It is advisable to let a biting mosquito finish its meal, physicians say. The mosquito first injects a poison to dilute the blood, but when the meal is over, he sucks most of the poison back again. It is this poison that causes the pain and swelling.

The word "mausoleum" is derived from King Mausolus, whose magnificent tomb at Halicarnassus, Asia Minor, was one of the seven wonders of the ancient world.

FLAPPER? NO!

Why can't this young lady be called a flapper? Well, her name's Alma Dittus and her home's in Newport, Ky., and she had Mrs. Josie Cox, a neighbor, arrested just for calling her that. It didn't sound so well to Alma.

BRIEFLY TOLD

Services at Delft Theatre—Rev. John C. Evans of the Episcopal church will speak on the subject of "Has the Church Done More Harm Than Good?" at the regular services of the church at the Delft theatre at 10:45 o'clock Sunday morning. This is the second of a series of sermons on Bruce Barton's book, "What Can a Man Believe?" Cyde Wilson will sing a special solo. Services are being held in the theatre during the reconstruction of the regular church building.

P. T. A. Holds Meeting—The executive committee of the St. Anne's Parent-Teacher association held a meeting in the music room of the school at 4 o'clock yesterday afternoon, to formulate plans for the first meeting of the organization, Wednesday afternoon, September 21.

Pep Meeting Held at St. Joe School

St. Joseph's high school held an outdoor pep meeting Friday afternoon, at which the members of the school tried to express to the team their good-will toward the football activities. As usual, the school wants a winning team—but a team which brings its laurels from an honorable battle.

This thought was expressed by St. Joseph's new assistant, Rev. Fr. Herbert, who will take an active part in this year's sports.

Leo Brunelle, coach, addressed the high school on behalf of the team. He reminded those present that he would like the enthusiasm of the pep meeting to last over the game, in the first place by drawing a crowd to the game, and in the second place, by giving the team support, whether winning or losing.

Ship Becomes Hotel For Aircraft Carrier

Washington—The hospital ship Mercy, which rarely gets an opportunity to operate under her reduced commission status, has been called upon to serve the naval aviation arm as a "hotel ship."

She has been enlisted as a "floating barracks" to house the 1,750 enlisted men and 190 officers now being assembled for the aircraft carrier Saratoga, the largest number of men ever assigned regularly to one American warship.

She will remain at Camden, N. J., where is being built the "aviation field of the sea." There the vessel will care for her guests until the Saratoga is completed—around November 1 and started on her way to the Pacific Coast to join the battle fleet.

The carrier Saratoga's complement will be larger than any aviation land station force in the country. Of her 190 officers, 130 will be naval aviators, while 460 of her enlisted men will have aviation ratings in one capacity or another.

Her aviation equipment will include two fighting squadrons of 18 Boeing F5B planes each; two torpedo squadrons of 16 Martin planes each; one observation squadron of 12 OLG amphibian planes, and one utility squadron of three O2L Vought Corsairs. The planes are now under construction and will be delivered in time to be taken aboard when the ship is completed.

Now read the classified page.

National Officers of Woodman Circle Attend Meeting

A joint meeting of the Woodmen of the World and the Woodmen Circle was held Thursday evening at the home of the secretary of the Woodmen Circle, Miss A. Tounsignant Thursday, when Mrs. Ida M. Kelly of Ann Arbor, National President and State Manager of the organization accompanied by Thomas J. Taylor of Battle Creek, Mich., State Manager of the Woodmen of the World and Head Consul for Michigan and Mrs. T. J. Taylor, State Deputy for the Woodmen Circle were in the city, having motored from Battle Creek in the interests of the order.

The meeting was called to order by Mrs. Kelly who also gave an excellent talk of the newly revised laws and constitution of the order. Mr. Taylor explained the many new options and terms of insurance which the two orders offer and Miss Tounsignant was unanimously appointed delegate to the state convention. Besides having held the office of secretary of the Woodmen Circle for over twenty years Miss Tounsignant has held a state office for several years.

Miss Tounsignant had the books of the order for thirteen years and while she lived in Iron County held the office of manager after her return to this city she was again elected secretary and has held the office since 1919. Miss Tounsignant was presented with a gift by the National Officers for her faithful service in the order.

Refreshments were served after the business and social meeting Mrs. Kelly and Mr. and Mrs. Taylor have left for Munising in the interests of the two organizations.

St. Francis Hospital

Mr. and Mrs. William Greenfield are the parents of a daughter. Wallace Finch, who underwent an operation for appendicitis, is doing nicely.

The condition of Mrs. Anna Riley is reported as slightly improved. Mrs. George Olive of Gladstone, who submitted to an operation for the removal of a growth on her leg, is resting easily.

Mrs. John Rubens is reported as improving favorably. Carl Carlson of Rock, Arthur Purvin of Schaffer are patients who have sufficiently recovered to return to their homes yesterday.

John Nowoski of Labranche submitted to an operation for appendicitis and is doing nicely.

Maikie Honas was admitted recently. John Speck, a sailor, was admitted yesterday in a critical condition, suffering with a ruptured appendix. An operation was performed and but little hope is held for his recovery.

Donald Pratt of Arnold underwent an operation for appendicitis and is resting easily. The condition of Mrs. Alex Hakki who was shot by her husband, is still unchanged.

CONVENIENT TOWELS

Colored cotton crepe, bought by the yard, makes economical and colorful towels for the kitchen and for children's play towels.

The surname Smith is the most prevalent in the United States, there being 1,304,300 persons by that name. In all cities except St. Paul, Minneapolis and Chicago, where they are second to the Johnsons, the Smiths predominate.

Wholesale Trade Increases, Report of Bradstreet's

New York, Sept. 16—(P)—Bradstreet's tomorrow will say:

Reports to Bradstreet's Journal this week reflect a further stepping up in wholesale trade and in activities and in crop reports, whereas very little gain is visible in retail trade. Responsibility for the activity in primary lines and the gain in crop reports seems to rest mainly on the arrival of the long delayed hot forcing weather, which has temporarily at least, put a profitable appearance on the corn outlook. Most emphasis has, however, been laid in reports from the corn belt on the great progress that has been made in maturing the staple crop of that area, east of the Mississippi. This quite apparent improvement in trade and added pace in industry has occurred, by the way in the face of lower prices for corn and wheat, reflecting better prospects for yields of the set important crops.

Weekly bank clearings were \$10,429,159,000, an increase of 9.1 per cent over last year.

PAINFUL ALIBI.
Lisa was on the witness stand. "Are you positive," inquired the prosecutor, "that you know where your husband was on the night that this crime was committed?"

"Et Ah didn't," replied the witness firmly, "den Ah musted a good rollin' pin over an innocent man's head, dat's all."

Catherine de Medici was the wife of one French king and the mother of three. She was the wife of Henry II and the mother of Francis II, Charles IX, and Henry III.

AMUSEMENTS

AT THE DELFT

The perfect film plot should be compounded of approximately these elements, in these proportions; Mystery, ten per cent; love interest, thirty per cent; comedy, fifteen per cent; characterization, fifteen per cent; artistic beauty, twenty per cent.

That is the formula of Charles Brabin, noted film director. Brabin directed "Hard-Boiled Haggerty," Milton Sills' starring vehicle at the Delft Theatre.

Of course, Brabin points out, the formula must vary in accordance to the general theme of the plot, nature of characterizations, and purpose of the story. Successful pictures, taken en masse, however, will approximate the above ingredients and proportions.

"Hard-Boiled Haggerty" was adapted by Carey Wilson from Elliott White Springs' magazine story, "Belated Evidence." Molly O'Day plays opposite Sills and Arthur Stone, Mitchell Lewis, George Fawcett and Yola d'Avril head the supporting cast.

Levine's Plane Tests Field For Takeoff to India

Cranwell, Eng., Sept. 17—(P)—Saturday—At 7:20 o'clock this morning Charles A. Levine's trans-Atlantic monoplane Columbia was taken from her hangar in order to test whether the flying field was too wet for a take-off on Levine's projected long distance flight to India.

After finishing school, Mary still had a desire for the stage, but this time she found herself in motion pictures. She made several with Nat Goodwin, and she is now finding the training she received under that great actor standing her in good stead. Recently she played good parts in the Robert Kane productions, "The Reckless Lady" and "The Girl from Paris."

"The Crimson Flash," which is a baffling, intriguing mystery story woven around the strange theft of a valuable ruby and the identity of a crook known only as the Ghost, is told in ten chapters, one of which is on the Strand program today.

Industrial disputes in England have caused the loss of 338,000,000 working days during the last eight years.
