

DEBATE CONTINUES OVER "LONG COUNT"

POLITICIANS TO SCRUTINIZE ALL ACTIONS OF CAL

"I DON'T CARE" ATTITUDE SHOWN BY APPOINTMENT?

BY DAVID LAWRENCE.

(Copyright 1927, by the Escanaba Press) Washington, Sept. 22.—Every-

thing that President Coolidge does is being scrutinized to determine whether he is a receptive candidate for re-nomination.

Appointment Pleases Democrats Mr. Coolidge has never been tied up in the public mind as friendly to Wall street to the extent his opponents would like to have him.

So if one were to get the impression that Mr. Coolidge is doing as he pleases, feeling that he is going to retire from office anyway, this is set-off by the care he takes in filling the vacancy caused by the resignation of D. R. Crisinger, governor of the federal reserve board.

Check Inmates of Institution for Drivers Licenses

Detroit, Sept. 23.—(AP)—Sheriff Edward F. Stein of Wayne county today ordered a check of all former patients in the state's psychopathic institutions to learn if any hold automobile drivers' licenses.

FIRST TO ARRIVE

J. S. Charles (top) of Richmond, Va., in his Eaglerock plane, and Charles "Speed" Holman of St. Paul, flying a Laird plane, were the first to cross the finish line in the New York-to-Spokane air derby.

MUSKEGON MAN ASS'N LEADER

Elected Head of Michigan Real Estate Organization.

Jackson, Sept. 23.—(AP)—James J. Fagan of Muskegon was elected president of the Michigan Real Estate association Friday afternoon at the closing session of the thirteenth annual convention.

Newsboy Brings About Arrest of Hit-Run Driver

Jackson, Sept. 23.—(AP)—The quick wit of a Jackson newsboy tonight led to the arrest of a hit-and-run motorist.

Search Conducted for Deadly Weapon Near Where Body Was Found

Hamamton, N. J., Sept. 23.—(AP)—Search for clues in the slaying of Dr. A. William Lillendahl turned today to the stretches of woods bordering the spot on the Atsion road where the body of the elderly retired physician was found behind the wheel of his automobile.

LIQUOR DEALER OFFERED KINSEY BRIBE OF \$300

MURPHY TESTIFIES IN HEARING OF SHERIFF.

Monroe, Mich., Sept. 23.—(AP)—A bribe of \$300, intended to be in the hands of Sheriff Joseph Kinsey of Monroe county, was given him by a Monroe liquor importer, Byron Murphy, serving a term in the Detroit house of correction, testified today in the hearing of Kinsey before Probate Judge Franke on an ouster motion.

Kinsey's removal from office has been asked by Circuit Judge George Sample of Ann Arbor, who conducted a one-man grand jury investigation here. After he said the liquor importer had accused him of pocketing the money, Murphy declared he turned the money over to Kinsey.

Cross-examined by Clayton C. Golden, one of Kinsey's attorneys, Murphy admitted that his conviction and sentence to the Detroit institution followed his arrest by Sheriff Kinsey and the padlocking of one of his places of business.

Jack Bates, alias Billie Papke, alleged former runner, the other principal witness of the day, testified that he was one of the pilots of three liquor boats seized last February by Monroe county deputy sheriffs, but that, although two other men were arrested, he was not molested.

Wilbur May Take Action Against Admiral Magruder

Washington, Sept. 23.—(AP)—Secretary Wilbur is seriously considering taking some disciplinary action against Rear Admiral Thomas M. Magruder for his recent article in the Saturday Evening Post in which he assailed the navy as being over-organized and failing to practice economy, it was learned today at the navy department.

Search Conducted for Deadly Weapon Near Where Body Was Found

Philadelphia physician, and a member of the Atlantic county grand jury which adjourned today without considering the Lillendahl case. At the end of her prayers she unleashed the dog, which returned to her after running about the woods for a few moments.

German Ambassador to U. S. Killed When Plane Crashes

TWO INJURED IN PISTOL BATTLE

Youth May Be Fatally Hurt in Gun Fight With Policeman.

Detroit, Sept. 23.—(AP)—A patrolman was shot and a man identifying himself as Joseph Subko, 19, of Akron, Ohio, whom he sought to arrest as a bandit suspect, was probably fatally wounded late today when the two engaged in a gun battle in the residence district in the eastern part of the city.

Subko was shot through the head and the body and was thought at Receiving hospital to be dying. The patrolman, Percy Van Conant, was shot in the abdomen and was not thought to be in a critical condition.

The gun battle occurred when a man ran to Van Conant while he was walking his beat and pointed out Subko as the bandit who had robbed him several nights ago.

DELIVER SOVIET DEBT PROPOSAL

Ask One and Two-thirds as Much Credit as Payments Made.

Paris, Sept. 23.—(AP)—The soviet proposals on debt payments and merchandise credit upon which the declaration was made in Moscow that the French and soviet delegations had agreed, were delivered in Paris tonight.

The proposals show that the soviet government wants one and two-thirds as much credit as it pays on the debts during the first six years, while the French, says the Russian note, indicated that their limit was credits equal to payments during a five-year period.

The note, which came from soviet Ambassador Rakovsky, was dated Wednesday, but was delivered only this evening to the French economic delegation. It included none of the assertions made by Maxim Litvinoff, chief of the soviet delegations abroad, who stated yesterday in Moscow that a full agreement had been reached.

WEATHER

UPPER LAKES: Moderate variable winds; mostly fair on Huron, Superior and northern Michigan; showers on southern Michigan Saturday.

WAS ON WAY TO VISIT WIFE AND CHILD.

Berlin, Sept. 23.—(AP)—Baron Ago Von Maltzan, German ambassador to the United States, and five others were hurled to death today when an airplane in which the baron was flying to meet his wife and child crashed to earth near Schlez, in Thuringia.

The plane was one operated by Luthansa, the government subsidized aviation company. It was of the Dornier-Merkur type and had been in operation for several months. Mechanics inspected it this morning before it left for Berlin, and so far the exact cause of the accident has not been determined.

Three Killed Instantly. An eye-witness told of seeing the plane over Schlez and of how a wing crumpled as the plane plunged to earth.

Has One Child. The baron, who was on holiday from his post at Washington, boarded the plane at Berlin this morning.

Former Michigan Senator Succumbs to Heart Attack

Alma, Sept. 23.—(AP)—Francis King, 54, former state senator, and delegate to the Republican national convention in 1908 was found dead in his bed this morning, apparently stricken by heart disease.

Suspense of Seventh Round of Bout Fatal to Three Radio Fans

New York, Sept. 23.—(AP)—That seventh round of the Tunney-Dempsey fight, nearly fatal to the hopes of the champion, was accompanied by the death of three fans listening to the radio account of the match.

FIRE THREATENS MUNITION DEPOT

Blaze in Curtis Bay Storehouse for More Than Hour.

Baltimore, Md., Sept. 23.—(AP)—Fire which raged for more than an hour in an ammunition pit at the Curtis Bay ammunition depot, several miles from here, threatened for a time tonight to wipe out that district in a disaster similar to that of Lake Denmark, N. J., in 1926.

Shells dumped into a 15-foot pit for salvage purposes were detonated in a series of explosions heard and felt within a radius of a mile. The number of explosions was variously estimated at from 80 to 100 by residents of the neighborhood.

When the first explosions occurred, alarming residents of Curtis Bay, an estimated 150 families hustled what belongings they could take into any available vehicle and started for Baltimore.

Union Miners Will Not Accept Thirty Per Cent Wage Cut

St. Louis, Mo., Sept. 23.—(AP)—Announcement by a prominent coal operator that negotiations on the basis of a 30 per cent wage reduction would be made direct with miners themselves instead of through the United Mine Workers, brought a sharp retort from union officials of the Herrin district as follows:

"The statement of Lumaghi reflects his personal opinion. Offering the miners a reduction of 30 per cent will amount to nothing. The miners have been out for nearly six months for a just cause and will not surrender. The whole thing is absurd. The miners' fight is won."

"Signed: Fox Hughes, district board member; A. T. Pace, traveling auditor; W. G. Davis, secretary-treasurer."

The operators said they were appealing direct to the miners because union officials have refused to negotiate on the basis of a wage cut.

JAPAN'S HERO

In the United States for a visit of one week on a mission of promoting good will between this nation and Japan, Admiral Kenwa Kanna, famous naval hero of the Russo-Japanese War, is shown as he arrived at Los Angeles.

EASTERN FLYER WINS 2 EVENTS

Michigan Army Aviators Take First Military Race.

Felts Field, Spokane, Wash., Sept. 23.—(AP)—James Ray of Willow Grove, Pa., emerged victorious in two events in competition with civilian aviators and Selfridge Field, Michigan, flyers, carried away the honors in the first military race of the 1927 national air meet here today.

Attaining an average speed of 138.394 miles an hour, Ray, flying in a Pitcairn Sequencing plane, raced to first place in the Aviation Town and Country club trophy speed and efficiency race for commercial planes and came back strong to win the Seattle Chamber of Commerce trophy race.

In a speed and efficiency race for commercial ships for the Detroit News trophy, F. M. Hawks of Houston, Tex., won the speed event in a Ryan Brougham with an average of 104.837 miles an hour.

By his double victory Ray annexed prizes of \$1,500. He used the same plane in both events. In the Seattle trophy race, around a 10-mile course for a distance of 80 miles, Ray and Ballough were followed in order by C. W. Holman, St. Paul; J. P. Wood, Wausau, Wis.; A. M. Banks, Willow Grove, Pa.; and Paul Richter, Los Angeles. Second prize was \$600, third \$400, fourth \$250, fifth \$150, and sixth \$100.

Jordon Arrested; Will Repudiate Charges of Many Alleged "Wives"

Grand Rapids, Mich., Sept. 23.—(AP)—With a repudiation for all those claiming to be his wives save one in Carolina, Rev. Willis J. Jordan, traveling evangelist, is detained here in detention hospital awaiting the arrival of a warrant and officers from Charlotte, N. C.

Jordan was arrested shortly after noon today on receipt of a telegram from authorities at Charlotte. He was arrested at the home of Mrs. Ella Thomas, the woman he had come here to marry, who had previously declared she had lost faith in him and would see him "sleep in the street" before she would see him again.

"I am going back to Carolina and ask them to bring my only wife to me," he said from his bed in detention hospital today.

Jordan's true wife, he said, is Mrs. Vera V. Snyder Jordan of Winding Gulf, W. Va., although he told attendants at detention hospital she was in care of Rev. E. R. Ware of Eperly, W. Va., his wife's brother.

DECISION WILL STAND, BOXING COMISH RULES

FORMAL PETITION OF LEO FLYNN IS REFUSED.

BY ALAN J. GOULD

(Associated Press Sports Editor). Chicago, Sept. 23.—(AP)—The battle is over, the exodus of the most spectacular fight crowd is nearly complete, but the debate is still on. It raged with increasing, rather than decreasing fury tonight about the now-famous seventh round and whether or not "the long count" of nine—actually occupying a space of 13 or 14 seconds—saved Gene Tunney from losing the heavyweight crown to Jack Dempsey.

The official decision in Tunney's favor, on the score of the delay in counting in the seventh round until Dempsey was waved to a corner as well as on the verdict at the close in the champion's favor, stands as it was rendered last night. The state athletic commission settled this at a session that heard and refused to allow a formal protest from Leo P. Flynn, Dempsey's manager, who claimed that Tunney was actually knocked out and that Dempsey was "robbed" of the championship. At the same time a loophole was left for further appeal by Flynn.

Dempsey himself refused to support Flynn's action, today at least, and through his agent Arthur F. Driscoll of New York made it known that he was considering no "squawk" or protest at present.

Count Took 14 Seconds. So it will stay on the record as a 10-round decision for Tunney, but there were thousands today, those who had seen the fight and those who studied it seventh round details closely in the slow-motion pictures, convinced that untoward circumstances cost Jack Dempsey the greatest triumph of his career.

The pictures not only showed that the time elapsing during the count of "nine" was actually nearer 14 seconds but they indicated that Tunney had been compelled to get up earlier than he did, probably would have been a wobbly, easy target for the finishing wallop. In other words the four or five additional seconds the champion gained on the floor, while Dempsey was being chased to the farthest corner by referee Dave Barry, seemed to the picture taker to be vital, if not the deciding factor in Tunney's recovery.

Gene was dazed and blinky when he went down from a series of left and right-hand smashes to the jaw. He was still seeming only semi-conscious when the count actually reached five. Nine or 10 seconds actually had passed by that time so that but for Dempsey's delay in retreating Tunney conceivably might have been counted out. Even had he been able to rise, it is doubtful whether his legs could have carried him as rapidly around the ring as they did, several seconds later, to escape Dempsey's renewed attack.

Commission Backs Officials. On the other hand, there is a view that Dempsey lost him his big chance of victory by not abiding promptly by the boxing rules that compel a boxer to retire quickly to a "far corner" after being floored a second time. These rules provide that count shall be made until a boxer on his feet has so retreated.

This was the view of the commission, in backing up the act of its officials. It was the opinion of Dave Barry, the referee, and of the two judges, Gene Lytton and Sheldon Clark, prominent Chicago business men.

As to whether Tunney was capable or not of getting to his feet and out of range whenever count of nine was reached, opinions differ. The champion himself said he was able to get up five, and was about to do so, only to be restrained by order from his corner. Most ring experts seemed to share a similar view.

Lytton, one of the judges, declared: "I was sitting right under Tunney when he dropped. I think he could have gotten up. It is no question about it."

The pictures show that during the last four or five seconds Tunney was intent on watching the referee's count sitting, with his left hand on the ropes, ready to pull himself up.

were studied, that the ex-champion let many precious seconds go by before taunting his foe and then leaping back to the attack.

There was no doubt that every second was a precious mind and body restorer to Tunney toward the close of that seventh round.

Dempsey's aggressiveness throughout the fight is emphasized by the pictures, but so also is Tunney's remarkable generalship, the superior accuracy of his attack—outside of the fateful seventh—and his far greater stamina.

Tunney, cleverly handled by his chief second, Jimmy Bronson, "outscored" his opponent, perhaps, when the crisis came, but he did not outgame him.

Dempsey was always going in, lung and cut as he was by the ringing finish that clinched the decision for the champion.

Dempsey's plan of battle, in retrospect, appears in bold relief. It was a carefully conducted body attack through the first five rounds, with a well-timed shift to head in the sixth and seventh.

Either one of these rounds was wrecked for Dempsey's big bid—while his resources were still strong.

Youth Helped Gene. How close this strategy came to being successful is pretty well known. In spite of the break against Dempsey in that seventh round, however, he might have won on his advantage had he still possessed the old physical stamina and strength that marked his hey-day.

It was the first time in Dempsey's career that he had failed to finish an opponent he had knocked down. It was because at 32 and his legs and endurance equal to carrying on at top speed.

Tunney's youth, speed and boxing craft were sufficient to offset the old battler's inch.

Is Dempsey through or will there be another and third chapter of his de luxe feud with Tunney? The former champion's friends believe he has fought his last fight. Jack isn't committing himself to the future yet.

Texcard, the man who pulls the strings, may have an idea of leasing about another match or least of promoting a 1928 vacation of the "elimination tournament" to decide Tunney's next opponent.

Both had agreed before the battle to fight for Rickard next year in defense of the title, whoever was the victor.

Rickard fell short of his goal a battle of three millions, but a actual receipts he announced at \$2,658,660, eclipsed by the \$750,000 the previous record spectacle of a year ago at Philadelphia.

Because it was less than a \$3,000 "gate" Tunney also failed to collect the million he expected to get. It developed to him that he was working on a dusting percentage scale instead of a flat guarantee, but his approximate end of \$900,000 to \$60,000 more than any fighter collected for a night's entertainment.

Dempsey received \$50,000 last year. This time he collected \$450,000.

BY CHARLES W. DUNKLEY, Associated Press Sports Editor Chicago, Sept. 23.—Leo P. Ryan, manager of Jack Dempsey, formal protest to the Illinois athletic commission today to the "long count" accorded Tunney in their world's heavyweight championship match last night, but the appeal, insofar as commissioners were concerned, is vain.

John C. Righelmer, chairman of the commission, told Flynn that much as there was no contract between Flynn and Dempsey, as manager and fighter, on file with the commission, that nothing could be done about the protest at this time.

# DEMOCRATS PUT OKEH ON SMITH

## Conference Indorses Name for Democratic Nomination.

Ogden, Utah, Sept. 23.—The candidacy of Alfred E. Smith, governor of New York, for the Democratic nomination for the presidency was indorsed here today by the conference of party leaders from seven western states. Representatives attended from Idaho, Montana, Colorado, California, South Dakota, Utah and Wyoming.

After hearing one of its purposes outlined by Fred W. Johnson, Wyoming, as the formation of a bloc that can be heard and heeded in the party convention, the committee on the order of business offered for favorable consideration this resolution: "Whereas, it is the sense of this meeting, composed of active working Democrats of the Pacific coast and Rocky Mountain states that Alfred E. Smith of New York represents the best traditions and ideals of the party and is the most available candidate mentioned for the Democratic nomination for president of the United States.

"Now, therefore, be it resolved that, not intending to usurp in the least or in any degree, the duties and prerogatives of the Democratic organizations of these states, yet as party men and workers, we do hereby make it known to the people of the various communities from which we hail, and to the voters of the United States, that we favor the nomination and election of Governor Smith as president of the United States."

The resolution was unanimously adopted. Louis H. Francisco, San Diego, Cal., was politely asked to withdraw from the conference, when as a prospective member of the committee on order of business, he announced that he was a candidate for the Democratic presidential nomination.

# Naturalist Tells How Nature Defends Fish and Animals

London.—The crab which holds a sponge five times its size over its back. The hermit crab which tucks its defenseless tail into empty shells.

The caterpillar of tropical Africa which clusters around a twig so as to resemble a poisonous berry, avoided by bird and beast.

These are a few of a thousand instances which show that the science of military defense is a highly-cultivated art in the animal world.

McAndrew Haig, Chelsea's Scotch naturalist, knows many of them. He has devoted his life to the study of animals.

The art of camouflage, which human beings employed to any extent for the first time during the World War, has been part of the daily life of animals for hundreds of centuries.

Some animals adopt the warning colors of more dangerous animals, while others hide themselves against the scenic background.

Spider crabs dress their rugged shells with weeds, corallines and debris, Haig says. Some have shells with a porous surface, on which sponges grow, completely shielding them from more powerful marine animals.

The cuttlefish ejects a sepia fluid of a blinding nature when pursued by larger fish. A large number of other molluscs also can create a "smoke-screen." Some whelk, resembling snails, likewise emit a screen of liquid smoke. This in ancient times provided the Tyrian purple used to color festal garments.

While the young of many fishes are still unable to defend themselves, they achieve an automatic kind of protection by the fact that they are almost colorless.

In the insect world there are hundreds of examples of camouflage. The cockroach, the leaf insect, spreads its wings over the leaf until it becomes invisible.

# Oil Over-Production Gambling, Work Says

## Coolidge Depending on Jardin for Aid in Farm Problems

Buffalo, N. Y.—(AP)—Warning that present over-production of about a million barrels of oil daily amounts to gambling with future national safety was issued by Secretary of Interior Hubert Work today. He appealed to the legal profession to formulate a "same and positive course that will protect our national structure in the years to come."

Addressing the mineral law section of the American Bar association, the interior secretary said that the need for conservation of oil in the ground was never more apparent than now if "our future needs would be assured" and "our national life surely safeguarded."

"If federal or additional state legislation is essential as a corrective," he continued, "the sooner such enactment is evolved the better."

Ripe For Action. "If the remedy rests with the oil companies themselves, through voluntary and whole-hearted cooperation, or through compulsory unit pool operation, or some other method, the time is pre-eminently ripe for action."

The secretary, who is chairman of the federal oil conservation board, called attention to the tremendous over-production of the Smackover and Seminole pools with its attendant waste of billions of feet of valuable gas, and pleaded for "constructive statesmanship to save an over-competitive industry from itself."

"What is needed," he declared, "is not government interfering with business nor business meddling with government, but government helping industry for its own and the public good."

Unless the industry is able to cooperate in the conservation program, the secretary asserted, huge losses are inevitable. Statistics for which he would not vouch but which he said were ventured by men intimately in touch with the industry were cited by the secretary as indicating a decline since the peak of 1926 over five hundred million dollars in the market value of oil company stocks represented on the New York Stock Exchange.

Some, he added, indicate the losses to the industry as a whole to be nearly a billion dollars. Public Affected. These losses suffered by the industry similarly affect the general public, he said, since nearly all the large producing and refining companies now are owned by hundreds of thousands of individual stockholders and not by a handful of wealthy men.

The secretary said the present price of gasoline was not the only factor to be considered but that fluctuations in prices of crude oil, greater than those of gasoline, wasteful competition in distribution, and other factors should be all included in the problem for solution.

"My feeling is that it is more the part of constructive statesmanship if we seek to lower prices by making economic conditions favorable to lowering costs," he said.

"There may be too many petty laws, but there is too little fundamental law that defines the larger relations between government and business, bringing the two into vital harmony."

"More authority is needed for governmental activities in aid of business, but the oil industry, at least its first step is to win public confidence by taking the public-into its confidence."

Man Shoots Wife in Violent Fit of Rage. Pontiac, Sept. 23.—(AP)—In what county authorities believe was "a fit" of insane rage because his estranged wife, Carol, refused to accept his reconciliation, William Price, 22, of Pontiac, shot and killed his five-months-old son, William, Jr., and then put a bullet through his own head here today. Hospital officials said Price might not survive.

Price and his wife had been separated for several months, according to authorities. JELLY AID. If jelly fails to set, sometimes adding a few spoonfuls of white vinegar or the juice of a medium-sized lemon does the trick.

# LEGIONNAIRES DESERT PARIS

## Overseas Caps, American Bands Gone From Boulevards.

Paris, Sept. 23.—(AP)—The American Legionnaires have deserted Paris. Overseas caps are absent from the boulevards and the stirring tunes of American bands no longer are heard.

The Legion, its convention ended yesterday, has evacuated the French capital, journeying to the battlefields of Saint Mihiel, Verdun, Chateau Thierry and the Argonne, and today Paris presented its usual typical French appearance without American sideights.

A squadron of 100 aviators flew over LeBourget flying field in honor of the Legion and a committee of the Legion headed by its new commander, E. E. Spafford, called on France's war-time premier, Georges Clemenceau. The old "Tiger" drew in his claws and purred a welcome and then the Legionnaires departed and scattered, their work done.

Gen. John J. Pershing, former National Commander Howard P. Savage and Commander Spafford alone were received by Clemenceau in his temporary Parisian home. As soon as the latter caught sight of General Pershing, he leaped forward and clasped the American war-time commander in his arms.

Both men were deeply moved, General Pershing was pale and his eyes heavy as if he were feeling the strain of the past few days while Clemenceau's "mongolian" mustache was twitching and his keen little grey eyes snapping.

Then the familiar "demon" humoristically inclined, in Clemenceau, rose to the surface. "What the devil did you come here for?" he asked in English.

"I came to see you and am glad to see you younger than ever," General Pershing replied. "You also," Clemenceau answered. Then he took the general by the hand and did a few lively dance steps despite his age, an action that started those present applauding.

The American club also gave a luncheon to the visiting Legionnaires, the main item of the conversation at the luncheon being Clemenceau. The delegates who had had the honor of accompanying General Pershing and the committee to the Tiger's den related the conversation between Clemenceau and Pershing. They said that when the general had told Clemenceau he was younger than ever, the war premier had smiled, but rather disabusedly saying: "Yes, just 86 years young. How old is my friend Chauncey Depew?"

The Le Bourget flying show was the greatest that has been put on here in a long time. Fast pursuit planes, battle planes, heavy bombers and light scouts obscured the sky for nearly an hour. Speedy battle planes took off like athletes competing in the hop, step and jump. Fifty yards down the runway and then aloft; they looped the loop, corkscrawled, did the falling leaf and tailspinned until the 20,000 spectators including 2,000 Legionnaires were dizzy.

Arbor Day was started by ex-Governor J. Sterling Morton of Nebraska. At his suggestion, it is explained, the State Agricultural society appointed April 20 as the day, and the first one was celebrated in 1872.

# FAUNTLEROY AT 81

## RESUME DISARM DRIVE ON DEC. 1

Geneva, Sept. 23.—(AP)—Resumption of the League of Nations' disarmament drive has been provisionally set to begin on December 1.

France and Germany concerned today in a determined expression not to allow things to lag, both fearing that delay will ruin the chances of eventual success and achieving a reduction in armaments.

The disarmament drive will be made by the so-called League of Nations' preparatory commission on a disarmament conference of which the United States is a member. This commission failed last spring to frame a draft treaty considered justifying the convocation of an international conference.

France is more immediately interested in security rather than disarmament than is Germany which feels secure enough under the Locarno pacts, but is keen on getting her neighbors, especially France, to cut down armaments to a point approximately the low German military strength.

Both nations find satisfaction in having renewed disarmament efforts assured before the end of the year, but the French delegates are particularly pleased because the preparatory commission will now be asked to study the big problem of security, a point upon which France has long insisted. The United States will have an opportunity to join in this work which will be co-ordinated with the main disarmament effort. To the accompaniment of opinions from various delegates that American collaboration would be vastly appreciated, the disarmament committee of the assembly voted today to ask the United States not only to continue to sit on the preparatory commission but also on the special committee which will be created to study the best means of extending arbitration and security pacts.

QUILL ORNAMENT. Some of the jauntiest new velvet hats, in mushroom cut, stick a feather in their brims for chic. Quill ornaments come all sizes.

Washington, Sept. 23.—(AP)—President Coolidge is counting on the continued assistance of Secretary Jardine in dealing with the administration's farm problems, and does not expect the agricultural section to yield to the overtures of a group of Florida fruit growers who would like to have him head a trust competitive association.

The president authorized the statement today that he not only expected Mr. Jardine to remain in the cabinet but had great confidence in him and his conduct of the department of which he is head. It was said at the White House that the president was particularly impressed with the manner in which the secretary had reorganized the department with a view to greater efficiency.

The White House pronouncement followed by a few hours a public demand by Representative Williams, Democrat, Mississippi, that Secretary Jardine be asked to resign because of the recent agricultural department statement on cotton price trends.

# Dodge at Honolulu to Claim Children

## LAMB PANELS. A broadcloth afternoon tailleur has Persian lamb panels from shoulder to waistline in the coat and from knee to hem, in the skirt.

Honolulu, Sept. 23.—(AP)—A residential spokesman for Horace Dodge, Jr., member of the Detroit family of former automobile manufacturers, and of Lieut. Benjamin Manning, who recently married Dodge's divorced wife here, today said that Dodge has come to Honolulu merely to claim his children for the semester period they are to be in his care annually, according to a pre-divorce agreement.

The spokesman asserted Dodge and Manning are on the most friendly terms and have been golfing and swimming together a number of times since Dodge arrived here.

Dodge plans to sail with his two children on the liner Niagara for Vancouver, B. C., on October 7, the spokesman said. Lieutenant Manning has submitted his resignation to the army and has been relieved of duty pending action on it.

Lieutenant and Mrs. Manning plan to sail for the Orient late in October on a tour around the world.

Four members of the Roosevelt family have held the post of assistant secretary of the navy. They were Theodore Roosevelt, Franklin D. Roosevelt, Theodore Roosevelt, Jr., and T. D. Robinson, a nephew of the first.

Choice roses and other reasonable blooms, fresh from our greenhouse, all blend in harmony when arranged by WICKERT'S FLOWERS. Home Grown Flowers. "If you say it with Flowers, say it with ours."

### RALLY PLANS ARE COMPLETE

#### Holy Name Men of County Will Gather Here Sunday.

All plans are completed for the big Holy Name Rally which is to be held in this city Sunday afternoon when members of the branches of the society from all points in the county and Manistiquie will come to this city for the celebration.

The line of march will be formed on First Avenue South between Eleventh and Fourteenth street and will march to St. Francis hospital where a platform has been erected outside and where an altar will be placed for the religious services which will be held in the open air.

The officers of the services will be Very Rev. R. G. Jacques celebrant at the solemn benediction with the Blessed Sacrament assisted by Rev. Fr. Bertrand Labinski, O. F. M. of St. Joseph's parish and Rev. J. B. Scheever of St. Francis De Sales church at Manistiquie.

Rev. Fr. Bergeron of St. Patrick's parish will be master of ceremonies. Rev. Fr. J. Mockler, pastor of St. Patrick's church is general chairman, assisted by Rev. Fr. A. C. Colgnard of Perkins as assistant chairman. C. R. O'Connell is marshal of the day assisted by a number of aides from the various branches of the society.

The delegation from the surrounding places will surpass any previous affair of its kind ever held in this county. The Spiritual Directors of the various branches have guaranteed a one hundred per cent attendance from each branch. Members of Holy Name society and their families will find a hearty welcome at the Knights of Columbus club rooms, which will open for their use during the day.

No cars will be allowed to park on Thirteenth street in front of the hospital to allow the pedestrians to enter the grounds and to witness the beautiful ceremony from the street. The choir will be composed of the 3 choirs of the local churches and an excellent musical program has been prepared for the occasion. A Triduum has been held Wednesday, Thursday and Friday at St. Anne's church and members of the society will receive Holy Communion Sunday at the 7:30 mass in a body. At St. Joseph's church the triduum was held Thursday and Friday and closes this evening when the men will receive Holy Communion at the 7:30 mass Sunday. The men from St. Patrick's Parish have also made preparations for the occasion and will meet at St. Patrick's hall to receive the sacrament in a body at 7:30 Sunday morning.

Fr. Pathe to Speak

Rev. Fr. M. Pathe of Detroit, well-known orator will deliver the sermon and those who have never heard this eloquent orator will have an occasion to do so Sunday afternoon at St. Francis hospital.

With good weather prevailing, the rally promises to be one of the most impressive religious demonstrations of the faith ever held in this section of the state.

It is expected that the residents of this city and surrounding places will turn out en masse to pay honor to the Divine Master.

**WORLD LOOKS YELLOW**  
Edinburgh—A Scottish scientist has discovered a drug which has the strange effect of making the individual taking it see yellow. It is prepared from the dried flower heads of European wormwood.

### BRIEFLY TOLD

**Home Guard Meeting**—The Home Guard of the First Methodist Episcopal church will hold its regular meeting at the church parlors at 2:30 o'clock this afternoon. All members are requested to be present.

**Stonington Service**—Rev. John Hugo will conduct a preaching service Sunday afternoon at 3 o'clock at Stoning.

**Marriage License**—John P. Stevens of Watson and Martha Van Elsacker of Woodlawn have applied for a marriage license at the county clerk's office.

**S. Y. P. U. Election**—The Baptist Young People's Union of the First Baptist church held their annual election of officers last Tuesday. The following were elected: President—Harold Christenson, Vice President—Vern Allen, Secretary—Caroline Emba, Treasurer—Howard Walker.

**Barr P. T. A. Meeting**—The Parent-Teachers association of the Barr school met at the school Thursday evening for the first meeting of the year. The attendance award was given to the second grade under Miss Rahner. R. E. Cheney, superintendent of schools, gave an interesting and instructive talk. Miss Hendrickson, principal of the school, addressed the meeting on the subject of "Cooperation Between the Parent and Teacher." Miss Pearl Olson entertained the audience with several piano solos. All members are looking forward to meetings of the organization during the winter months.

**Dance at Ford River**—Lundin's orchestra will furnish the music for a dance at Ford River Switch this evening. They will play for a carnival dance at Soo Hill Sunday night.

**B. of R. T. Auxiliary**—Mrs. Charles Lantz has been elected to the office of Treasurer for Anchor Lodge, No. 2 Ladies' Auxiliary to the B. of R. T. succeeding Mrs. James Carr who leaves this city in the near future. All dues for the organization will now be payable to Mrs. Lantz, 1308 South Fifth avenue.

**Primary at St. Stephen's Meets**—The primary department of St. Stephen's church will meet at the rectory Sunday morning at 10:30 a. m. under the direction of Mrs. Grant Comstock, assisted by Misses Gretchen Richter and Louise Dittich. This department will continue its work simultaneously with the late church services. Children of kindergarten, pre-kindergarten and first grade will be admitted. The upper church school will continue meeting at the Delft theatre at 10 a. m. until the new church is completed.

The camel's hump is a reserve food supply. The hump is full of fat, to be drawn upon when food is scarce.

### PACKER FIELD SEATS 7,500

A seat for everybody at the Packers' games has long been the aim of the Green Bay Football corporation and, with the expected large increase in attendance at the remaining home games on the schedule of the Big Bay Blues, the football management is setting up another 1,500 bleacher seats. These will be located at the west end of the playing field.

There seems to be an impression prevailing in neighboring communities that it is difficult to secure seats to the Packer games. However, this is not a fact. Only once during the Packers' long career in the National Football league has there been a complete sell out of reserved seats. This was last year when the Chicago Bears played here.

Seat About 7,500.

With the additional bleachers, there will be a seating capacity at the City stadium of about 7,500. There are over 4,000 reserved seats and the rest are general admission. Not a single bleacher ticket is sold until the gates open at the park and it is simply a question of first come, first served.

The Packer management is going the limit to handle both local and out of town business as promptly as possible. There are some dozen places about town taking reservations and handling tickets. All the uncalled for tickets are picked up Saturday night. The chairs are set back in shape before Sunday morning when a ticket office in The Press-Gazette building is open from 9:30 until noon. This is done to accommodate the late comers and particularly the out of town customers who only reach the city a few hours before the whistle blows.

Fill Mail Orders.

Out of town mail orders for tickets are filled within 24 hours after they are received. Packer fans from other cities who mail their checks in have little trouble getting their seats. Many fans of Northeastern Wisconsin and Upper Michigan are following this system and as many as 250 ticket mail orders are being filled weekly.

A. B. Turnbull, president of the Green Bay Football corporation, in discussing the "ticket situation" said: "For some unknown reason there is talk going around that Packer football tickets are hard to get.

"I can't see where this story started. The Bear game last year was the only time that we ever had a sell out here. It is the aim of the Football corporation to have a seat for every spectator at the city stadium and, with this in view, we are setting

up 1,500 extra bleacher seats this week.

**Do Everything Possible.**  
The Football corporation wants to do everything possible for its customers because it has been their splendid financial support which has enabled the Packers to keep pace in a football way with some of the biggest cities in the country.

"We are trying in every way to take care of our home patronage and out of town customers on a fifty-fifty basis. Mail order requests for tickets are given just as much attention as personal calls.

"Unless our forecasts are all wrong, professional football in Green Bay this fall will draw heavier than ever before. Our schedule for the next six games at home is unusually attractive and you can rest assured that if the Football corporation finds that they haven't seats enough to take care of the spectators, it won't take very long to build some more."

### Family of Deer Feeding on Kurz Farm Near Garden

Garden, Sept. 23 (Special)—A family of deer—a buck, a doe and two fawns—have been appearing regularly on the Kurz Brothers farm a half-mile from the city limits. Three of the animals have been making their headquarters there for a week. The other started coming Thursday. The deer cleaned up a patch of carrots and then turned to the strawberries and cabbage. Game Warden Herman Leisner was out, Thursday, to see them.

### DIDN'T LIKE WATER

Paris—The best winetaster in France is Marcel Le Cudennac, who won over other restaurant wine stewards in a wine-testing contest. He gave the correct ages and names of twelve wines. "I tasted water once," he says, "but I didn't like it."

Fill Mail Orders.

Out of town mail orders for tickets are filled within 24 hours after they are received. Packer fans from other cities who mail their checks in have little trouble getting their seats. Many fans of Northeastern Wisconsin and Upper Michigan are following this system and as many as 250 ticket mail orders are being filled weekly.

A. B. Turnbull, president of the Green Bay Football corporation, in discussing the "ticket situation" said: "For some unknown reason there is talk going around that Packer football tickets are hard to get.

"I can't see where this story started. The Bear game last year was the only time that we ever had a sell out here. It is the aim of the Football corporation to have a seat for every spectator at the city stadium and, with this in view, we are setting

### CINDER BLOCK DEMAND GROWS

#### Magnesite Company Has Output Sold for 3 Months.

The Universal Magnesite Products company now is on full time and is producing about 1200 "cinder" blocks a day, it was announced by officers of the company yesterday. Plans are under way to enlarge the plant and new machinery will be installed in the near future.

Orders booked and on hand will equal the total volume of the plant for the ensuing three months so that the company has sold its entire output up to December 15, next. Virtually all of the cinder blocks manufactured thus far have been shipped to the Iron Ranger where they have been used in construction work by the various mining companies.

The company has enlarged its plant, building a concrete yard where the blocks are now piled next to the railroad tracks, to make an economic operation in loading.

Development of the business has been exceptionally rapid. Some future orders have been received for building local garages, the new building of the poor farm in Dickinson county is made exclusively of "cinder".

The first order for material for a dwelling was from Manistiquie, it was announced, but it is expected the cinder blocks will be in brisk demand for this sort of construction next season.

### FISH SWALLOWS TEETH

Madison, Wis.—While swimming in Lake Waubesa near here recently, the wife of a Madison contractor lost her false teeth. Several days later her husband caught a large bullhead. In its stomach he found the missing teeth.

### Garage at Carney Destroyed by Fire

Carney, Mich.—A midnight fire, believed to have been started by a heater stove, wiped out the Carney Motor Car company's garage and the Pengt Peterson home on highway U. S.-41 in the heart of Carney Wednesday night with an estimated loss of \$10,000.

The blaze started alongside a chimney in the garage about 12 o'clock and completely destroyed the building and contents, valued at \$7,000 and insured for \$4,500. No automobiles were destroyed in the fire. The garage was owned by William Ruttner of Carney and was completed and opened for business only last spring.

It was thought for a time that the efforts of townfolk to save the dwelling of Pengt Peterson, adjoining the garage, would succeed, but inadequate water supply, the late arrival of the Dageit fire department and the intense heat from the burning garage hindered the fire fighters. Much of the furniture and furnishings of the house were removed and saved, but the home and a portion of the furnishings were a total loss. The home was valued at \$3,000 and was insured with the contents for \$2,000.

It was not known today whether the structure will be rebuilt. There is no fire department in the village of Carney.

### WEDS GIRL OF 1899.

San Francisco—Twenty-eight years ago, William Joseph Smith and Elizabeth Hobart were sweethearts. But they quarreled, went their separate ways and each married another. The spouse of each died and recently, through newspaper advertisements, they found each other again and now are to be married.

The Woolworth Building in New York city, which uses 53 of its 60 stories for offices, houses more than 10,000 persons during office hours.

### GIRARD WILL HAVE PARTNER

William F. Girard of Gladstone, world's champion log roller, announces that he has secured "Young Terry" Maudrie of Naubinway, a promising young brier, to appear with him in the exhibition at the Ludington park bathing beach Sunday afternoon.

The Naubinway brier is the son of Terry Maudrie, Sr. of Marquette, one of the cleverest log rollers that ever stopped on a log. The senior Maudrie was in his prime 15 or 20 years ago, and the stunts he performed were the talk of every northwest lumber camp. "Young Terry" has acquired many of his tricks from his father, and will be a fitting partner for Girard.

In the event conditions are not favorable on the south side of the point at the Ludington park bathing house, the scene of the exhibition will be shifted to the north end of the point, at the foot of Ludington street, opposite the Ludington hotel. It was at the latter place that the last log rolling contest held in this city was staged with Terry Maudrie and Jack Roy noids of Marinette being the principal.

### SLIGHT REDUCTION.

"My wife has been using a flesh-reducing roller for nearly two months."

"And can you see any result yet?"

"Yes, the roller is much thinner."—Die Muskete, Berlin.

### PADDLED ALONE

Nome—Arthur Nagersuk, Eskimo school teacher, has paddled from the eastern end of Siberia to Nome in a walrus-skin canoe. Heavy sea was running when he started and ice was driving across his route. Nome was notified by wireless to be on the watch, but the Eskimo reached here safely.

The city of Cahaba, now deserted, was once the capital of Alabama.

OSHKOSH FIRM GETS CONTRACT

Work of Grading Gladstone-Escanaba Road to Start Soon.

The Wilke-Perry Construction company of Oshkosh was awarded the contract by the state highway department for the grading and placing of drainage structures on the new concrete road project between Terrace Gardens and Gladstone, according to word received at the office of H. J. Davies, division highway engineer, yesterday.

The Oshkosh firm submitted the bid of \$5,986 for the work, the Raymond Contracting company of Escanaba placing the second lowest bid.

According to the terms of the contract, work on this road will be started within ten days. All the necessary preliminary arrangements for the work have been made by the highway department. The grading will cover a distance of 1.662 miles.

The location of the new road will be east of the present highway, necessitating much filling. At the Gladstone end of the stretch, sand will be borrowed from the bluff to make the fill.

Traffic on the present road will not be hampered, although there will be some inconvenience caused when timbers are removed from along the edge of the present grade. Some of these timbers extend underneath the present road bed, and the holes caused by removal of this material will have to be filled as rapidly as it is taken away.

Parachute Jumper Wants to Fall Mile

Quantico, Va. (P)—The ambition of Corporal Richard L. Huffman of the U. S. Marines, a veteran of 23 parachute jumps, is to fall a mile through space.

"From a 10,000-foot altitude," he declares, "I could fall a mile before pulling the hook to open my parachute. It is a stunt I'd like to try if the marine officers would let me."

Huffman, 23, celebrated his twenty-third birthday by inflating a rubber raft while falling toward the Potomac river. He did it to test the advisability of making collapsible rafts, inflated with carbon dioxide, the standard equipment for aviators flying over water.

After releasing himself from the parachute Huffman swam to the place the raft had fallen, picked it up, and rowed calmly until poked it. He was congratulated by superior officers for retrieving the parachute after releasing himself from it and while it was still above water. The training parachute he carried was valued at \$700, and ordinarily would have sunk, it was said, in 45 seconds.

Huffman's home is in St. Clairsville, Ohio. He enlisted in the marine corps in 1923. So far the greatest descent he has made before opening his parachute is 500 feet.

DEBATE CLUB HAS MEETING

The Esby Wranglers Debate society held their first meeting at the Carnegie library at the beginning of the week and discussed the work of the year. About twenty-five members, many of them new to the organization, attended the meeting.

The question decided upon for the next debate in the organization is: "Resolved, that the United States should grant the complete and immediate independence to the Philippines." This question will be answered a week from Monday at the Carnegie library with the following pupils leading the discussion: Affirmative, Elizabeth Taylor, Rita Auebrach and Francis Baldwin; negative, Olive King, Jane Glavin and Leon Schram.

The Esby Wranglers is a training society for prospective debaters of the Escanaba high school and all work of the organization is under the direction of Mr. Zerbel, debate instructor at the high school.

More than 16,700,000 American homes are wired for electricity.

Teams Boost Total to 372 in See-See Drive for New Members; Striving for 400

Teams in the Chamber of Commerce membership renewal campaign boosted the total to 372 in their report at the Ludington hotel last night. Yesterday was "clean-up day" but it was found in taking the team reports at the dinner last evening that the work could not be completed Friday because of so many people being out of the city. For that reason the work will be continued until the final figure is well over the 400 mark.

Col. J. L. Nolden thanked the members of the teams for their efficient and faithful service during the last four days and urged them to follow up the prospects they still have immediately in order that the work may be closed as soon as possible. There are many names left on the original prospect list and these will be followed up as soon as they can be seen. The teams will report at headquarters today on any memberships they have to turn in, since there will be no regular luncheon as during the past four days.

Stoll's Gang Wins Flag. "Aside from the memberships you have secured for the chamber, you have done the city of Escanaba and the organization a splendid service in the many personal contacts you have made in this drive," said General Chairman L. J. Jacobs in speaking to the workers last night. "You have been building good will and cementing the spirit of community cooperation and civic pride as it could be done in no other way. The contact of busy men, like yourselves, with the citizens of this city in seriously talking over the affairs of the community is a most valuable by-product of this movement that cannot be measured in money nor memberships. You are to be heartily congratulated on this good work from which all will benefit."

Total 372. When the reports were checked up at the dinner last evening it was found that Major C. W. Stoll's division had captured the American flag with the highest report in memberships, and that Major H. D. Brackett's men had won the Escanaba pennant for the best collections in dues. Captain Hight's squad took the top in memberships, and Capt. Sam Dunn's regulars took home the

bacon for the largest collections. Captain Dunn's team has the distinction of signing up the largest number of new members to date. Of the 30 members secured by them, 25 have been new members and five renewals. The standing of the teams to date is as follows:

Table with 2 columns: Member, MAJ. H. D. BRACKETT ships, MAJ. C. W. STOLL, MAJ. O. SUNDQUIST, MAJ. O. BLOMSTROM, MAJ. R. W. HADDOCK, Division Total, Executive Committee, GRAND TOTAL.

Wickert Put On State Committee

Walter Wickert of Escanaba has been named a member of the National Floral association's publicity committee for Michigan. It was announced yesterday. Other upper peninsula florists on the committee are Walter Hamilton of Ironwood, J. H. Dale of Calumet and E. R. Fouch of Marquette.

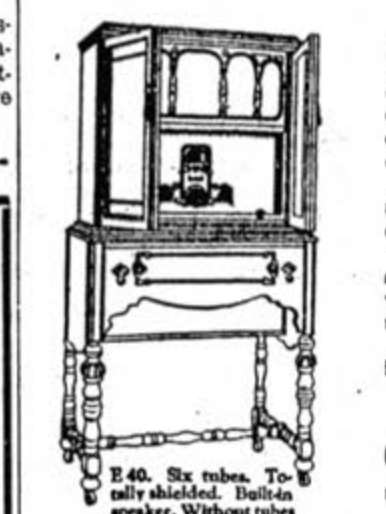

JOY-SHOCKED

Denver, Col.—While caddying on the golf links here, William Sunblade decided to take a practice shot with one of his employer's clubs. He drove 120 yards down the course for a hole in one. The caddy fainted. Physicians said it was the result of joy over his feat and fear of a reprimand.

TO TEST FOG LIGHT

New York—A rainbow "super-beacon" has been installed on the steamship Leviathan that will pierce fog. Maritime law makes impossible a test of the light while the vessel is in port, but on the next trip a navy destroyer will follow the ship for a day and make tests on the open sea.

Spanish Center Welcomes Student

Madrid—Advanced students of Madrid University and foreign students of all nations are taking advantage of the opportunities offered by the Center of Historical Studies of Madrid. In America this 17 years old institution is better known than any other in Spain.

This year 135 foreign students are inscribed on its rolls, 98 of them being from the United States. The curriculum is divided into a series of lectures on the Spanish language, its phonetics and literature, Spanish history, geography, popular music, contemporary literature. It includes a course dealing with Cervantes, besides a commercial section.

During the course the students are taken on excursions to Toledo, Escorial, La Granja, Aranjuez, and other historical places under the guidance of their professors.

During their sojourn in Madrid students live in the Students' Hostel. A notable library, unique in Spain for the variety of the subjects it covers, is at their service.

Numerous foreign professors are invited in the course of the year to lecture in Madrid. Some of the most eminent lecturers from the United States, Germany, Austria, Belgium and Portugal have made addresses.

John L. Sullivan held the heavyweight boxing championship longer than any other fighter—from 1882 to 1892.

St. Joe Classes Elect Officers

At meetings held last week, officers of the respective classes at St. Joseph's high school were chosen as follows:

Senior class—President, Leslie Sullivan; vice president, Roy Farrell; secretary, Lucille Vallid; treasurer, Willard LaViolette.

Junior class—President Rowan Fitzharris; vice president and secretary, Michael Stern; treasurer, John Larson.

Sophomore class—John Rubens; vice president, Charlotte Allingham; secretary, Fred Larson; treasurer, Edward Farrell.

Freshman class—President, Clyde Hirs; vice president, Harry Meard; secretary, Alfred Fraher; treasurer, Mary Stump.

Election for the annual staff will be held during the coming week. The following officers of the athletic association have been elected: President, William Moreau; vice president, John Fitzharris; secretary, Stafford LeDuc, and treasurer, Francis Boyce.

John L. Sullivan held the heavyweight boxing championship longer than any other fighter—from 1882 to 1892.

# CITY IS HAPPY, THURMAN SAYS

### Prosperity and Contentment Reflected in Questions Asked at Delft.

"The people of Escanaba are prosperous, happy and contented. They are planning for the future with optimism. Business conditions here are much better than they are in many other parts of the country."

These are the conclusions of Thurman, the "mythic" who is filling a vaudeville engagement at the Delft theatre. They are conclusions which are based, not on the reflections of his crystal ball, but on the tone of the questions asked by his audience and which he answers as a part of his exhibition.

### Easy to Tell.

"It is easy to tell from the questions asked by my audience, the status of economic, industrial and social conditions in any city," Thurman said yesterday. "For instance, I receive a lot of letters asking where the writers can find jobs, know there is a lot of unemployment. If I find an unusual number of questions about financial affairs, I know that business isn't too good. When a large number of the men and women in my audience write to me to ask if their wives or their husbands are true to them, and when mothers are asking about the habits of their sons and daughters, I know that the city's moral standards are low. Persistent questions have not been numerous here."

"Escanaba people are looking, optimistically to the future," he continued. "I have received many questions which indicate that men are contemplating engaging in new business ventures. Men do not contemplate such steps in towns that are dead. I find, also, in my Escanaba questions, many queries about vacation trips, new homes and new automobiles. These are good signs."

### Love Questions Numerous.

"The 'love' questions, too, are numerous. Young folks are contemplating matrimony, and are asking questions, the tone of which tells me they are optimistic about their future."

All of these things tell me that Escanaba is a mighty fine city—a splendid place in which to live," Thurman declared.

Thurman is assisted, in his act, by a pianist, a dancer and a singer. The company will be seen at the Delft again today.

### Optometrists of Peninsula Form Separate Group

Optometrists of the Upper Peninsula, attending the state convention at Hancock this week, decided to organize a separate unit, supplementary to the state organization, it was announced yesterday by V. K. Blom and William Auerbach, local delegates to the Hancock meeting. P. Scholler of Hancock elected president of the Peninsula group and Fred Trembley of Newberry was made secretary.

Mr. Auerbach and Mr. Blom agreed that the Hancock meeting was one of the best of its kind they ever had attended. Lectures and demonstrations were brilliant, they said, and entertainment features were highly enjoyable.

Officers of the state association for the ensuing year were elected as follows: Glen P. Smith of Rapid, president; Clifton Stratton of Monroe, first vice president and chairman of the administrative department; C. J. Howe of Sault Ste. Marie, second vice president and chairman of the public clinic department; J. C. Davenport of Leelanau, third vice president; Ernest Elmer, Muskegon, secretary; Glenn C. Hill, Detroit, treasurer; Emil Arnold, Ann Arbor, editor of the Michigan optometrist; and J. H. Glazier, Sault Ste. Marie, optometric inspector.

### FLUFFY DUMPLINGS

## Talks on Health

By Dr. Morris Fishbein

### MANY FACTORS ENTER INTO HIGH NEGRO DEATH RATE.

In a recent consideration of mortality rates in the United States a prominent physician analyzed the particularly high rates existing among negroes.

In 1920 there were 10,463,131 negroes in the United States, constituting almost 10 per cent of the population. The death rates in general are decreasing but for a while were so much higher than

those of the white race that the negro population is only one-half in proportion to the whites of what it was a century ago.

At birth a negro child has 14 years less expectancy of life than a white child; at 32 years, seven years less, and at 62 years, two years less. One of the reasons why negroes die faster than do whites is a lessened physical strength and resistance.

It must be remembered that they are a transplanted people living under conditions different from those under which the race grew. They have had, furthermore, less opportunity for education, less knowledge of sanitation and disease prevention.

Among the diseases which occur most frequently in the negro race are tuberculosis and diseases of the kidneys and lungs.

The murder rate is six times that of the whites. The diseases which seem to affect the negroes less than the whites are nervous disturbances, eye troubles and skin diseases. Their suicide rate is, moreover, about one-third that of the white race.

Because of their increased rate of mortality and their lessened life expectancy, they usually are forced to pay higher insurance rates than do white people.

### AMUSEMENTS

#### AT THE DELFT

If you can imagine an actor who has been on the stage all his life suffering from stage fright while facing the moving cameras, you can picture George Bancroft's plight during the filming of scenes from "Tell It to Sweeney," which will close its local stay at the Delft today.

"Thurman the Great," a crystal gazer, and his company are also on the bill.

The company had been at work on location for more than a week, with just the two principals, Bancroft and Conklin, appearing in those preliminary scenes. The troupe moved to the studios, where some interiors were to be made.

"In this scene," Director Gregory La Cava told Bancroft, "you are to kiss the heroine, Doris Hill."

Bancroft started to shake in his boots, and continued to shake when the cameras ground.

"Scared to death," he declared. "First time in years I've had to kiss the leading lady."

#### AT THE STRAND

A man whose gun play wins the respect and admiration of the entire population in a tough western town is the story of "Hair Trigger Baxter," an F. B. O. production starring Bob Custer which will be shown at the Strand again today. In this picture, Custer not only has a chance to do some of his inimitable riding, but for the first time he is given a role which does justice to his shooting ability. The story calls for some remarkable gun play and Custer proves equal to the most difficult shot. Aside from the gun and riding thrills, the picture offers a charming romance in which the lovely Eugenia Gilbert plays the role of a maiden in genuine distress. The cast also includes such favorites as: Lew Meehan, Murdock McQuarrie, Fanny Ridgely, Jim Corey, Ernie Adams and Hugh Saxon. The picture was made under the capable and intelligent direction of Jack Nelson. James Ormont wrote the story while Paul Bryan made the continuity.

James Jones of Cedar Rapids, Iowa, who has been in the city on a business mission has left for his home.

The largest active volcano in the world is Kilauea in the Hawaiian Islands.

Short speeches were made by Coach Roels, and Capt. George Snyder. The band furnished the music for the meeting. The cheer leaders, Lucille Beauchamp, Theresa Cashin and Jean McLean, were given a hearty response by the Eskey student body. All wells were snappy and peppy, indicating the spirit of the student body in regard to the game.

### St. Francis Hospital

Clyde Alkens was admitted recently, suffering with an infection on his arm.

Sons were born to Mr. and Mrs. Joseph Demers, Mr. and Mrs. Charles Erickson and Mr. and Mrs. Arnold Green.

Mrs. Michael Kolish was admitted as a medical patient.

Stanley Colaisa of LaBranch, who was burned by a gas explosion, is doing nicely.

Robert Thompson of Cornell, who underwent an operation for appendicitis, is resting easily.

Dudley Neveu of Masonville is improving favorably.

Bud Finch has sufficiently recovered to be removed to his home today.

### Take the New Road

to Deltick's Pavilion, Ford River Switch, to the big Dance, Saturday, September 24. Music by Lundin's 6-Piece Novelty Orchestra. Chicken lunch served. Good music. Good time.

Sunday, Carnival Dance at Soo Hill. Follow the crowd.

### High School Has Snappy Pep Meet

A fast, snappy pep meeting was held yesterday at the Escanaba high school in preparation for the Escanaba-Manistique football game today. Harold Christensen, president of the athletic association, took charge of the meeting in an efficient manner.

Short speeches were made by Coach Roels, and Capt. George Snyder. The band furnished the music for the meeting. The cheer leaders, Lucille Beauchamp, Theresa Cashin and Jean McLean, were given a hearty response by the Eskey student body. All wells were snappy and peppy, indicating the spirit of the student body in regard to the game.

James Jones of Cedar Rapids, Iowa, who has been in the city on a business mission has left for his home.

The largest active volcano in the world is Kilauea in the Hawaiian Islands.

# Why?

- Because** Escanaba has more and larger Dry Goods stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Ready-to-Wear stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Men's Clothing stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Shoe stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Millinery stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Hardware stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Jewelry stocks than any other community in the Upper Peninsula.
- Because** Escanaba has more and larger Drug Store stocks than any other community in the Upper Peninsula.
- Because** Escanaba, in virtually every field of retail merchandising, is better equipped to supply your needs at more advantageous prices than any other Upper Peninsula city.
- Because** Keen competition between Escanaba Stores has developed a more alert service in each store and prices that are always a shade lower than can be found in communities where one large store dominates the trade.
- Because** Escanaba's convenient location, accessibility and the hospitality of its people have proven to thousands of Escanaba buyers the wisdom of their choice.

*The popularity of Escanaba as a trading center has not been undeserved. Its position as the Upper Peninsula's retail metropolis has been built up with painstaking care. No shopper must leave the city without first being fully satisfied as to price, quality and service—Such is the Creed of Escanaba Merchants. A determination that has made thousands of Upper Peninsula Shoppers fully qualified to say:*

## It Pays to Shop in Escanaba

### BOTTLERS MEET AT MENOMINEE

Emmanuel Richer and Albert Iverson of the Delta Bottling Works, Gus Asp and Harvey Strahl of the H. & A. Bottling works, and Nicholas Bink, local soft drink bottler, attended the meeting of the Cloverland Bottlers association at the Hotel Menominee in Menominee Thursday. The convention had been scheduled to be held at Negaunee, but a change of plans recently brought the conference to Menominee. C. L. Hansen of Menominee was elected president of the association, succeeding Henry Larson of Hancock. Other officers elected are: Vice president, Gust Nuttala of Negaunee; secretary and treasurer, George Harvey of Laurium.

Peter D. Dukeshner, director of the Michigan bureau of foods and standards, state department of agriculture, was one of the speakers. Charles E. Spencer, chief soft drink inspector of the state, was also on the program. Both men emphasized in their talks the details of the Michigan state laws and the absolute demand for purity of product and compliance with the state's sanitary laws.

"We are here," said Mr. Spencer, "to learn from each other how we can improve and place the carbonated beverage industry on a higher standard in the eyes of the consuming public. I have been interested for ten years in the progress of your industry and watched the development and growth of the Michigan bottlers' business since the prohibition laws went into effect. The beverage business has grown in great strides, and I am glad to report that my visits to your plants have been along educational lines and not as an investigator and a prosecutor."

"Michigan Quality High" Michigan, I believe I am safe in saying, stands foremost as to quality of carbonated beverages, also as to sanitation of bottling plants. It is true that all plants in the state do not stand 100 per cent in the gradings of my department but by far the greater per cent of them are improving every year and are taking more pride in keeping their plants in a presentable condition.

"The old foot power filling machine is almost a thing of the past, and the old wooden tub for washing bottles has entirely disappeared replaced by the best sanitary machinery that can be purchased. The public should be advised that the old beverage with four, five or six per cent sugar content, with in some cases saccharine added, has been changed to a sugar standard which runs from 10 to 15 per cent and every bottler in Michigan is trying to make a better beverage, all of which comes about thru education and cooperation of the manufacturers."

The speaker pointed out, however, that even with the best of improved machinery the cleaning of bottles depended upon the proper caustic solution and proper temperature of cleansing water. He advised that all help about the plants be dressed cleanly and presentable at all times. He stressed the importance of cleanliness of everything connected with the business.

The entire business, he said, was becoming one of expertise. The extract house is making better extracts and flavors and is sending out expert men to educate the manufacturers in turning out a palatable and pleasing drink. He advised against cheapening the product without requiring a deposit on the bottles and case containers.

Mr. Spencer said the state department was ready at all times to attempt legislation that would benefit the soft drink manufacturer providing suggestions for the betterment of the business could be obtained.

Mr. Dukeshner called attention to the fact that the state bureau of foods and standards, of which he is director, stands ready to use its resources for the betterment of the beverage business. He declared the state department was always ready to help out where it could. He was pleased with the large attendance here to the meeting and the co-operation displayed by all the members of the association. He declared that the products of the beverage dealers are connected with the health of the human race. He declared team work meant the keeping abreast of the job and the eventual perfection of product.

### COMMUNICATIONS

HE TAKES U. P. Elsie, Mich., Sept. 21. (to the Editor)—Just a word of appreciation. While enjoying a camping trip in the Upper Peninsula, during the month of August, it was our privilege to visit your city. Owing to the gracious courtesy of everyone we met there, the day was one long to be remembered. We did not have the pleasure of occupying your camp ground, but did have the pleasure of occupying the one at Gladstone the previous evening. As we arrived there at a late hour, the large and well furnished kitchen was greatly appreciated. Mr. Clark, the caretaker at that place, is certainly a genial host, and looks after the camp guests in a manner that makes them feel at home and wish that they might be able to stay longer.

The folks of Northern Michigan are royal entertainers, and while all tourists may not thus express their appreciation of your hospitality, yet we feel they all wish to spend their vacations next year in Cloverland.

Sincerely,  
Mr. and Mrs. J. G. Show.

### IN NEW YORK

New York—My last day in Manhattan . . . and what to see in one solitary day?

What, of all the myriad things in New York seems most worth carrying away as a Manhattan memory? With but one day to spend in this pageant of struggling humanity, which scene is most worth revisiting?

Should it be that vivid impression of turmoil one gets watching the crowds fight for shuttle trains

under Times Square during the evening rush hour? . . . Or a visit to the old man who rings up the city's curtain each fog-drank morning from his newsstand on the Battery? . . . It is not easy to forget this old fellow feeding his brood of doves that come circling through the half-light in which the city lies hidden before sun-up!

Or to go along the waterfront and see if the woman who keeps house on an old scow is hanging out her washing in the shadow of a \$9,000-ton liner? . . . Or to wander in the late-afternoon over to Union Square to see if the old pretzel man has come to the end

of his daily round, slumped into a bench, taken off his shoes and fallen into a doze? . . . Or a Fifth Avenue bus ride, without which Gotham is not Gotham? . . . Or those few minutes at nightfall when Broadway begins to hide its cares behind the great lights which, one by one, flash on? . . . Or the early hours, when taxis creep along wet pavements like mechanical silhouettes, when the all-night revelers slip out of the hide-aways, when the fog whistles seem to be snoring in the rivers and you catch the sense of universal sleep? . . .

And, thus pondering, I find myself

escaping, it climbs to the city's minarets and creeps along the sky-groping towers which, in the distance, seem like gargantuan needles waiting some giant to thread them. . . . What a gorgeous etching! . . . Add how suggestive of hugeness and architectural conquest! . . . Just for a few moments the sunset colors it all with a vivid flush, giving the sense of unreality. . . .

Underfoot is a great boulder. . . . At some time in the vast faraway, a glacier moved slowly and inexorably over the spot on which I stand, hewing up the earth, tumbling up rocks and carving rivers. . . . So long ago that no one remembers or tries to. . . . Least of all the sailor and his sweetie who sit in the little thatched bench place and do not know that the sun is setting, and do not care. . . . Once a giant of ice escaped from some Arctic mooring and crept by. . . . A thing mightier even than the city. . . . A thing that could

have crushed and broken the city as though it were so much frosting on a cake. . . . And from the boulder the city seems to move down, slowly, slowly crowding out its people. . . . There is something glacial about it under this rain-menaced sky. . . . This, then, is the picture of Manhattan which seems to me most worth carrying away and if ever you are in New York I invite you to this rock at sunset that you may feel your insignificance and, contemplating the gracial rock beneath your feet, the insignificance of the city itself.

—GILBERT SWAN.

WENT MILLION MILES, London—The famous No. 1 of the Great Northern Railway of England which recently was transferred to a museum at York has a million miles to its credit. It was built in 1825 and is said by engineers to be superior to locomotives now doing service on the great main lines.

### For Best Answers To The Patriotic

# GAME of FLAGS

Entertaining! Educational! Open to Men, Women, Boys and Girls Everywhere!

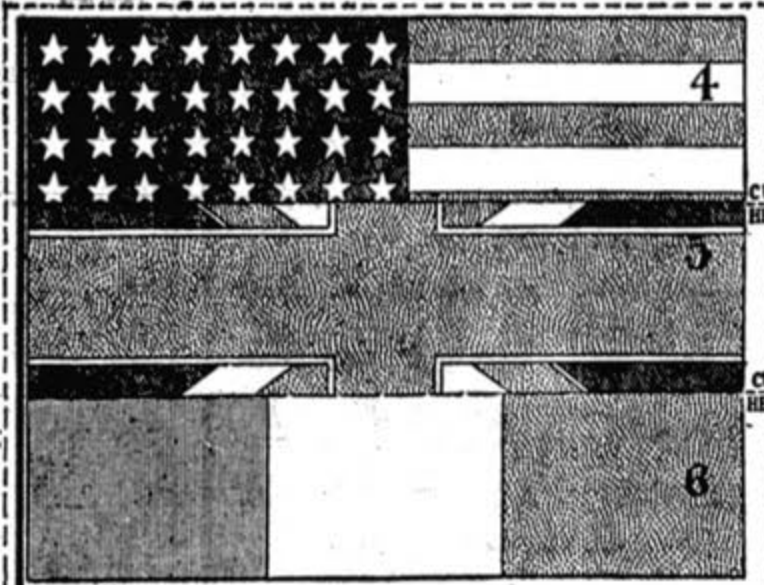

This is the Flag of..... Set No. 1

CLUE: Part No. 1 is a portion of the Flag of a nation bordered on the North by Belgium and Luxembourg. Part No. 2 is a portion of the Flag of a nation which is made up of 48 States. Part No. 3 is a portion of the Flag of an empire that covers about one-fourth of the world's habitable land surface.

Every man, woman, boy and girl everywhere can play this interesting game. It will familiarize you with the flags of many nations. Just cut apart the flags, put them together properly, and name them. No essays to write. Simple! Easy! Anyone can do it!

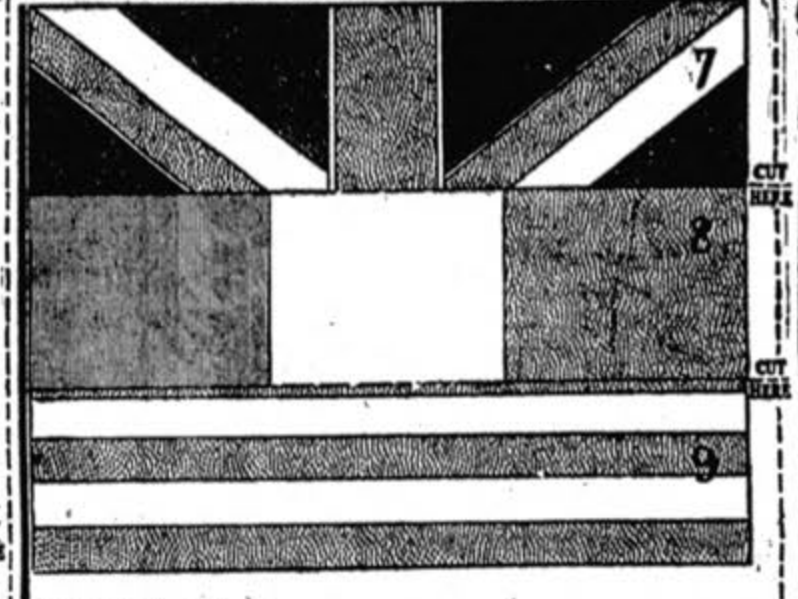

### Here Is Set No. 1

You can start with the Flags shown here. Or you can get them in FULL COLORS, together with Set No. 2, IN TOMORROW'S Chicago Sunday Tribune. Cut the Flags apart, put them together properly, name them and win A BIG CASH PRIZE!

This is the Flag of..... Set No. 1

CLUE: Part No. 4 is a portion of the Flag of a nation bordered on the North by Canada. Part No. 5 is a portion of the Flag of a nation whose capital is located on the River Thames. Part No. 6 is a portion of the Flag of a nation within whose boundaries rises Mont Blanc, the highest mountain in Europe.

This is the Flag of..... Set No. 1

CLUE: Part No. 7 is a portion of the Flag of a nation whose legislative body is called a Parliament. Part No. 8 is a portion of the Flag of a nation which possessed, lost, and in the World War regained two provinces named Alsace and Lorraine. Part No. 9 is a portion of a national Flag which is reverently called "Old Glory."

### School Teachers! NOTE:—

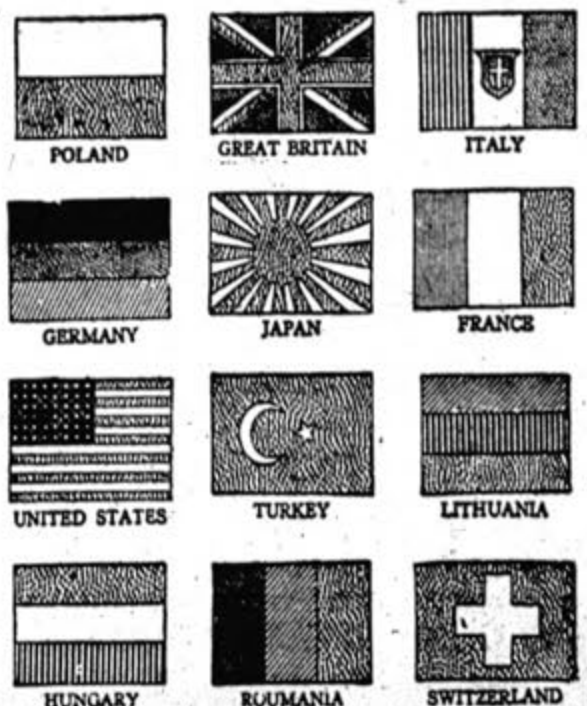

The Game of Flags is instructive and entertaining. It teaches facts concerning races, lands and national emblems! To encourage teachers to assist their pupils, 5 special prizes of \$100 each will be awarded to the five school teachers whose pupils submit the best entries.

### Here Are the Simple Rules:

- Each Sunday for 14 weeks The Chicago Tribune will print IN COLORS a set of composite Flags of 3 different nations. Each set of Flags, when cut apart and put together properly, will make complete Flags. The public is invited to cut apart, assemble the flags and name the nations they represent. The Chicago Tribune will pay \$10,000.00 in Cash Prizes as specified on this page to the persons who send in the nearest correctly named and nearest complete set of Flags, in accordance with these rules.
- This contest is open to everybody—men, women, boys and girls except employes of The Chicago Tribune and their families. It does not matter where you live.
- You pay nothing, just prove your skill.
- The composite Flags must be cut out, assembled properly and pasted or pinned together. Below each flag when assembled must be written the name of the country the flag represents. Clues will be printed beneath each composite to aid in identifying the flags.
- In all 42 flags will be printed—3 each Sunday for 14 weeks. Flags are to be submitted only in complete sets of 42. Hold all Flags until you have the complete set of 42. Then send them to "Flags," The Chicago Tribune, Post Office Box 1539, Chicago, Ill. Be sure to write your name and address plainly on your entry. All flags must be in by midnight 21 days after set No. 14 is published. We cannot undertake to return any entries.
- Each entry should be sent by first class mail—postage prepaid. Entries with insufficient postage will be returned by the Post Office Department. Contestants may send in as many sets of Flags as they wish, but no contestant shall be entitled to more than one prize. Accuracy will count. Neatness will count.
- To encourage school teachers to assist their pupils, 5 special prizes of \$100.00 each will be awarded to the 5 teachers whose pupils submit the best entries. Teachers in public, parochial and private schools are eligible for these special prizes.
- You need not purchase The Chicago Tribune to compete. You may trace or copy the flags from the originals and assemble them from the copies you have made. The Chicago Tribune may be examined at any of its Offices or at Public Libraries free of charge.

The Prizes	
1st Prize	\$1,000.00
2nd Prize	500.00
3rd Prize	100.00
Next 5 Prizes, \$50.00 each	250.00
Next 100 Prizes, \$10.00 each	1,000.00
Next 1330 Prizes, \$5.00 each	6,650.00
5 Special Prizes to Teachers, \$100.00 each	500.00
1443 Prizes Totalling	\$10,000.00

### Why GOOD LUCK

# Tastes so Good

Exclusive Jelke methods give it the flavor of expensive spreads

Instead of being made of costly milk alone, Jelke GOOD LUCK Margarine is made by combining rich milk and nourishing, appetizing meat fats. This more economical Jelke process gives GOOD LUCK the delicate, exquisite flavor of expensive spreads—for bread at just about half their price. Try it and you'll find that you lose nothing whatever in flavor and wholesomeness despite the big saving you make. At your grocer's.

# MARKET

## Menus for Family

Breakfast—Baked apples, cereal, cream, tomato omelet, crisp oatmeal bread toast, milk, coffee.  
Luncheon—Toasted cheese and green pepper sandwiches, fresh pear salad, milk, tea.  
Dinner—Veal pot roast with carrots and potatoes, fried summer squash, stuffed beef salad, frozen caramel junket, milk, coffee.

cup boiling water, 3 cups milk, 1 cup whipping cream, 2 tps vanilla, 1 junket tablet, few grains salt.

Melt sugar in an iron frying pan, stirring constantly until the color of maple syrup. Add boiling water and cook until thick and syrupy. Let cool and add to milk which has been heated until lukewarm. Stir in junket tablet crushed and dissolved in 2 table-spoons cold water. Add vanilla and salt and let stand in a warm place until set. (The temperature of the average kitchen is "warm.") Turn into freezer mold, pack in ice and salt and let stand 15 minutes. Scrape down sides of mold with wooden spatula and beat in cream whipped until stiff. Let stand two or three hours, scraping down sides of mold several times to insure even freezing.

When ice cream is not frozen in a mold suitable for slicing and serving try scooping the frozen cream out in balls and arranging them on a thoroughly chilled chop plate. The service can be garnished with slices of fresh fruit, chopped nuts or shredded candied fruits.

Prozen Caramel Junket. One cup granulated sugar, 1/2

# BASKET :-:

squash, 1 cup brown sugar, 3 eggs, 1 1/2 cups milk, 2 tablespoons melted butter, 1 teaspoon grated orange rind, 1/2 cup raisins, 1/2 teaspoon salt, 1/2 teaspoon ginger, 1/2 teaspoon mace. Mix sugar, salt, spices and orange rind with sifted squash. Stir in raisins. Add yolks of eggs beaten until thick and lemon colored. Add milk, slowly stirring to blend thoroughly. Stir in melted butter. Fold in whites of eggs beaten until stiff and dry. Turn into buttered custard cups and bake in a pan of hot water in a moderate oven until firm to the touch. It will take about forty minutes to bake the custards. Serve cold.

**Cucumbers With Rice.**  
Two good sized cucumbers, 3 cups white sauce, 3 hard cooked eggs, 2 tablespoons grated cheese, 4 to 6 strips of toast, 4 rolls of rice.

Parse cucumbers and cut in three-inch lengths. Remove seeds. Stand on ends in a sauce pan in a little hot water and simmer closely covered for 15 to 20 minutes until tender. Run yolk of one egg through sieve and set aside. Cut remaining eggs in neat dice. Add to one cup white sauce. Add cheese to sauce when ready to fill cucumbers.

## Saturday Specials

Big Boy is the ideal all purpose loaf—it makes delicious sandwiches, tastes delightfully and is unrivaled as bread and butter or jam. Eat lots of Big Boy.

# 3 WAYS to Realize Ready Money from That House

**H**OME OWNERS are often at a loss to realize money on the home. Really it is simple. While you are anxious to sell, or rent a room, there are hundreds of readers of The Press Classified Ads who are equally desirous of becoming owners of just such a house, or of renting one, or of securing a room in a neighborhood like yours. A few lines describing what you have will probably fall under the glance of the man who seeks what you have to offer—and you have solved your house problem.

## SELL IT!

Tell about your house in detail. Give a word picture of it that will awaken the imagination of the thousands of readers to whom you are appealing. Make your ad arouse their desire to see the house and move them to come. This is easy.

## RENT IT!

In a few lines tell of the neighborhood, the car service, the number of rooms, their condition and other things that you would want to know about a house for rent.—Remember that readers of The Press Classified Ads have a number of houses to select from. They will only visit the house that seems best to fill their requirements and an extra line or two of description will often bring to you the better class of tenants, because the better class of tenants are willing to pay more and appreciate the good features of your home.

## RENT A ROOM!

If you want a good roomer, tell about the good points of the room you have for rent. Put yourself in his or her place, write about the things that would interest you if you were looking for a room. That is the way to attract the best roomers, through Classified Advertising in The Press.

## EASY!

Sure! Just tell what you have to sell or rent. Tell the entire story and you'll get results. Thousands want what you have to sell. They are searching through the Classified Columns of The Press for them. All you have to do is to meet these searching multitudes with a story of your proposition. Then you'll get results.

*The Large Home Delivered Circulation of the Press  
—Makes Results Quick and Sure*

When you need help—or want to buy or sell an automobile, rent a house, garage, or insert a "lost and found" advertisement, etc., call 693 and one of our expert phone solicitors will gladly assist you.

# MANISTIQUE

Phone 155  
TEMPLE BUILDING

## GOLF CLASSIC AT 2:00 TODAY; NEED CADDIES

The Indian Lake golf course will be the scene of a tense battle this afternoon, due to the invasion of the Escanaba Elks, who will be here for a return battle with the Manistique B. P. O. E. Realizing that their reputation on the links is at stake, the Manistique brothers have determined that they shall not again be defeated by a mere tank town delegation, and every man who can man a masher will be out this afternoon to turn back the invaders.

**Want 35 Boys.**  
The game is called for 2 o'clock fast time, and local players are urged to be out at the grounds on time.

Officials of the Manistique lodge said yesterday that about 35 caddies would be needed for the tourney, and are hoping that Manistique boys will take advantage of this opportunity to make some extra money on Saturday. Rides will be available for all the caddies. They may call local players and ride out, or may start walking any time between 12 and 1:30 today and they will be picked up on the road.

## Famous Adventurer Is Dead in England

Bath, England—Alexander Hill Gray has come to the end of a life-time filled with romance and danger in untamed parts of the world. "The prince of adventurers" is dead at 91 after a long career as a wanderer in out-of-the-way places.

Gray penetrated into Tibet long before the expeditions which first revealed the nature of that country. He prospected for gold and diamonds in Africa, hunted rubies in Borneo and sought emeralds in Siberia.

He trekked 1,000 miles by camel and an equal distance by mule train track and rope bridge in the Himalayas. He served as civilian interpreter to British troops during the Indian mutiny. He caught head hunters in Borneo and Bangkok.

He mystified the subjects of King Sechell by doing tricks with his artificial teeth and caused consternation among cannibals with a mechanical bear which walked and nodded its head.

During his wanderings he accumulated considerable wealth, and when he returned to England he employed 100 men to make the rose gardens since renowned throughout England. For 12 years he had won the National Rose Show championship.

His home was a veritable museum. It contained trumpets of human thighbones, bloodbowl and drinking cups fashioned from human skulls, prayer wheels from Tibet, a bamboo piano from Bangkok, and a double dagger which the user could split into two to arm a defenseless companion.

Gray strove to live the year around in continuous sunshine. He spent his summers in Bath and went in the winter to his home in the Azores, of which he was the uncrowned king.

**IT MIGHT HAVE BEEN.**  
"Oh, waiter—what is this you have brought me?"  
"Why, that's bean soup, sir."  
"Of course, it has been soup, but what is it now?"—Passing Show.

**"DX"—THAT'S HIM!**

Major Herbert H. Frost, international radio expert, and Mrs. Frost brought "DX" with them when they arrived in New York from England for the Radio World's Fair. "DX," you know, is bull pup gift of British radio fans to American addicts of the loud speaker.

## Buy Coal or Oil Supply Now, Babson Urges People

Babson Park, Mass.—Roger W. Babson in his weekly interview questioned as to the fuel situation with special reference to coal and oil. Notwithstanding the coal strike now in progress, there seems to be a general lack of interest in coal. People are not buying their winter's supply now as they usually do. It is with these thoughts in view that Mr. Babson talks on the subject. His statement is as follows:

**Reason for Lack of Interest.**  
"People can be frightened for about only so long. The first time a thing is told the people it makes the greatest impression. Each additional time the same argument or appeal is made, the less effect it has on the public. The public has been through so many coal strikes, without suffering for the lack of fuel, that it is fast becoming immune to fuel scares. Hence the public will not take any coal strike seriously at the present time. It fails to take this strike seriously for other reasons, namely: (1) because it involves only the bituminous coal industry (not the anthracite); and (2) because it involves only a portion of the bituminous industry. The non-union bituminous mines are now producing almost as much as all bituminous mines produced a few years ago."

"Another reason why people are not now ordering their coal is because the average man has not much money today. Although wages have greatly increased during the past ten years, yet wage workers feel as poor as they ever did. This is partly due to the growth of the installment business and partly to other causes. Whatever the reasons, the average man is short of cash today. Furthermore, his credit for coal and other articles of consumption is not very good. If a man has not paid for his piano, radio or automobile by the end of the winter, it can be taken away from him and sold at a price which will reimburse the seller. At the end of the winter, however, the coal dealer cannot come around and take away the coal because it will then all be burned up. Hence the average man cannot buy coal on credit the same as he can buy furniture, automobiles and other things. Hence people put off buying coal until they have to, and consequently do not buy until the weather becomes chilly. Of course, this is a mistaken policy to follow, but it is a common policy."

**Truth About the Strike.**  
"Although the strike in the coal mining industry is not yet an important factor in the price of coal, yet it cannot be ignored. Surely it is serious from the viewpoint of the employees in the coal mines and of the women and children in the coal miners' homes. The least coal is being mined in Illinois where the unions are very strong. There operations have practically ceased. Indiana is also a strong union district, although considerable coal is being produced in that state. Some of the Indiana operators are still working under the Jacksonville agreement and some of them are attempting to run open shops. Ohio is a strong union district and there production is around 30 per cent of normal."

"The greatest amount of coal is being mined in Virginia and Kentucky, which are non-union states and which states have doubled, during the past few years, their production. West Virginia is largely non-union and is nearly back to normal. Pennsylvania is rather disrupted as the unions are fairly strong in that state; but the operators there are very strong also and they are making a determined effort to open their mines on an open shop basis. As a result of this whole situation coal mining is not back to normal. On the other hand, there is a stock of over fifty million tons on hand which is equivalent to what would normally be consumed in forty or fifty days. Under the circumstances, with non-union mines turning out such a large volume of coal, and with fifty million tons on hand, customers are justified in not being worried. In addition to the above supply of coal at the mines, railroads and large corporations have great quantities of coal on hand, which also adds to the general security."

**The Oil Situation.**  
"Oil is increasingly becoming a substitute for coal. Modern steamships now use oil altogether, and the railroads are using oil in their new locomotives. More manufacturers are continually adopting oil, while it is becoming more and more popular for heating. Without doubt oil costs more in many sections of the country than does coal. Furthermore, oil will some day again be scarce and quite expensive. Statistics show that oil will not be a permanent substitute for coal. On the other hand, oil is easier to operate, much cleaner than coal and has many temporary advantages. Hence I would not be surprised to see an increase in oil consumption for industrial and heating purposes during the next few years. This means that oil will become even a more severe competitor of coal than at present and that coal dealers are wise who will also sell and deliver fuel oil."

"Some day there will be a shortage of natural oil, but nothing at the present indicates any immediate danger from this source. Huge amounts of oil are in storage. At the first of this month nearly 600,000,000 barrels of crude oil and its products were held on hand. As the average daily consumption is nearly 2,600,000 barrels, this means that there is oil enough to supply the country for over 200 days. In addition to this large supply on hand, production itself is constantly increasing. For instance, during the first six months of this year about 440,000,000 barrels of crude oil were produced which was about 22 per cent more than that produced during the first six months of 1926. Thus, production at the present time is exceeding consumption notwithstanding the vast amount of oil in storage. Also, it is a fact that new ore borings are being made in Canada, Florida and other sections which have great possibilities, while South America and Asia have untapped oil fields with tremendous producing capacity. Experts tell me that Venezuela has more oil under ground than has thus far been developed in the entire United States."

**Mining and Oil Stocks.**  
"Stocks of companies which merely produce coal or oil cannot be considered real investments. Aside from the speculative possibilities, dividends by such producing companies are usually paid out of principal. This is not very good finance. Companies, however, which have good merchandising organizations, whether coal or distributing oil, should be fair investments. The Standard Oil company, for instance, is built on the assumption that its pipe lines can transport oil in every direction and that its business would continue just the same if it must buy all its products. Therefore, the securities of the Standard Oil company have always been good and with proper management should be good for some years to come. Companies, however, which are dependent on production only, and who own only oil wells without pipe lines, tanks, steamers, distributing trucks and retail stations, have not such good opportunities."

"Owing to the present great surplus of coal and oil, and to the fact that these industries are largely competitors of each other, rather than coal or oil securities have risen much during the recent bull market. Hence many holders of these securities at the present time are quite discouraged and wonder what to do. Of course, the answer depends on what individual securities are held as no general advice can be given. Industry as a whole depends upon general business conditions, but the value of a mining or oil stock depends upon the particular policy of the individual company. When in doubt, however, it is a good idea to change from the stocks to the bonds, especially at this time when the Babson chart stands so near normal, it now registering one per cent above normal."

## Manistique Horse Wins Special Race

Mysterious Boy, owned by O. W. Hupfer, Manistique, and driven by John Sypher, won the special race in three straight heats, and Pat Pointer, owned by Al Vance of Mt. Clemens, duplicated the performance in the free-for-all event of the closing day program at the Schoolcraft county fair.

In the first two heats, Mysterious Boy was hard-pressed by Great McKinney, and had fight all the way to maintain the lead. The free-for-all was a struggle for leadership between Pat Pointer and Johnny Quirk in the second and third heats.

The results were as follows:

**Special Race.**  
Mysterious Boy, O. W. Hupfer, Manistique, ..... 1 1  
Great McKinney, H. J. Rushton, Escanaba, ..... 2 3  
Ike Aquilan, John Cochran, St. Paul, ..... 3 3  
Helen Gale, A. Melka, ..... 4 4  
Time: 2:17 1/2; 2:18 1/2; 2:19.

**Free-For-All.**  
Pat Pointer, Al Vance, Mt. Clemens, ..... 1 1  
Johnny Quirk, M. Gillespie, Sault Ste. Marie, ..... 2 2  
Sir Walsingham, Ed Marin, near, Marinette, ..... 4 3  
Hazel Direct, A. Moody, Soo, Ont., ..... 3 4  
Butcher the Great, Charles Ehnerd, Escanaba, ..... 2 6  
Teddy Patch, A. Moody, Sault Ste. Marie, ..... 7 5  
Mystery, J. Giacolella, Calumet, ..... 5 6

**Ladies Aid to Meet at Mission**  
The Ladies Aid society of the First Baptist church will meet next Wednesday, September 28, at the Calvary Mission church. Mrs. P. Lindenthal, Mrs. S. Berger, and Mrs. Wendland will act as hostesses.

## Mrs. Borah Is Daily Visitor at Hospitals

Washington—Hospital visits occupy much of the time which Mrs. William E. Borah, wife of the senator from Idaho, spends in Washington.

"We do not go in much for society," Mrs. Borah explains, "because we cannot afford it." But she makes a daily visit to some hospital in the capital, and each Friday she visits St. Elizabeth's, the government hospital for the insane. Among the 6,000 patients there are many veterans of the world war who look forward eagerly to visiting days.

The senator's wife makes it a rule never to discuss politics, and believes firmly that women with husbands in public life can best serve their interests by remaining out of politics.

**Chinese Execute Hundred Criminals**  
Shanghai (AP)—Within a few weeks in July, approximately 100 Chinese criminals were executed here by Nanking military authorities. Most of them, condemned by the now defunct international mixed court, were armed robbers or kidnapers. They had been held in the international settlement jail for some months, pending readiness of the Nanking militarists to take charge of their cases.

Executions here attract little attention, as the militarists carry them out almost daily at their headquarters on the edge of the French and international settlements.

**TEA FLAVORING**  
If you use Orange Pekoe tea for moisture in making apple pies, your pies will have an added elusive, pleasing flavor.

**EASY PEELING**  
To peel all fruits easily, put a few at a time in a drainer, plunge into boiling water and then place under the cold faucet immediately.

**THE LIBERTY CAFE**  
Our famous meals—topped off by our famous-flavored coffee and our famous home-made pies.

## BIG PYTHIAN RALLY MONDAY AT MANISTIQUE

Manistique Pythians are making preparations for entertaining delegates to the Knights of Pythias officers' conference and get-together meeting which will be held in this city Monday. The conference has been called by the Grand Chancellor of Michigan.

Thomas P. McKimble, grand chancellor of South Haven, will E. Hampton, grand keeper of records and seal, of Ann Arbor, and Grand Master at Arms Alfred E. Henece of Menominee will be present.

The Pythian officers' conference will be held in the afternoon and a big evening meeting will be held in Evergreen Lodge Castle hall at which visiting lodges and special teams will confer the rank of page on candidates from each lodge.

Officers and members from Red Cross lodge, Soo, Rudyard and Evergreen lodge participate in the conference and round-up. A special team will install the officers elect of Evergreen lodge, A. 6:15 o'clock dinner served by the Pythian Sisters will start the evening meeting.

All officers elect and members of Evergreen lodge are requested to be on hand. A rousing get-together meeting of Pythians is expected and Manistique will maintain her reputation for entertaining her visitors.

**Manistique Man Opens Up Shop in Pittsburgh**  
Mr. and Mrs. Joseph New and family left Wednesday morning by motor for Pittsburgh, Pa., where Mr. New will open up a dry cleaning shop.

Mr. New was formerly with the J. R. Nelson Cleaning establishment, and previous to that was an insurance man in this territory. His many friends in Manistique have wished him the best of success in his new venture.

## Standard Grocery

Hershey Cocoa, 25c seller 18c

## No Decrease in Business Volume, Reports Dunn's

New York, Sept. 23—(AP)—Dunn's tomorrow will say: Some additions to recent gains in activity, especially in retail channels, have come with the change in seasons, although variations in the volume of business have not diminished appreciably. It is evident that potential requirements remain heavy in many lines, yet immediate needs are not generally pressing, and buying is not hastened by apprehensions of a scarcity of supplies or by rising prices. Power advances occurred in wholesale quotations this week and declines predominated outside the foodstuffs group, with a check to the upturn in hides and cotton goods and some further easing in steel products. Weekly bank clearings, \$10,721,372,000.

**Entertains Party From Out of Town**  
Mrs. A. C. Ludlow was hostess Thursday at a 6:30 bridge dinner, given at her home on Lake street. Out-of-town guests present were: Mr. and Mrs. A. J. Lipsett of the Soo, Dr. and Mrs. F. P. Bohn, Mr. and Mrs. Alex Sayles, Mr. and Mrs. C. D. Ziegler, Mr. and Mrs. A. H. Sherman, all of Newberry.

**James Forshar in New Billiard Room**  
James Forshar has opened up a pool and billiard hall and tobacco shop in the Zimmerman building, Cedar street. The place was formerly occupied by James Hayden.

The new occupant is well known in Manistique, having made his home here for several years.

**FISH BONES**  
Fish bones are more easily removed if melted butter has been rubbed down the back bone before the fish was cooked.

## CITY BRIEFS

Mrs. G. Howard Gutmann of Grand Rapids is a guest at the home of her parents, Mr. and Mrs. Robert Rubin, at Manistique.

Chief of Police John Peterson reports the finding of a nearly new rim spreader for making auto tire repairs. The owner may reclaim his property by calling at the chief's office.

St. Clair Wilson of Hancock, deputy game and fish warden, was a visitor in Manistique yesterday.

Mr. and Mrs. Frank DeVet of Fayette attended the Schoolcraft county fair on Thursday.

## Green and White Invade Escanaba This Afternoon

Coach W. J. Cook gave his Green-and-White squad their final polishing practice yesterday in preparation for their second game of the season, which is at Escanaba today.

The Manistique high crew showed speed and stamina in their opening battle last Saturday, though they lost the game to Munising, 18 and 6.

Today, the locals promise to give Coach Roels' gridgers an interesting matinee session. A crowd of fans will motor over from Manistique to witness the encounter.

Those planning parties should make arrangements at once as the Inn will close for the season soon.

## IF WE MEANT WHAT WE SAID! HOW THE WINNER...

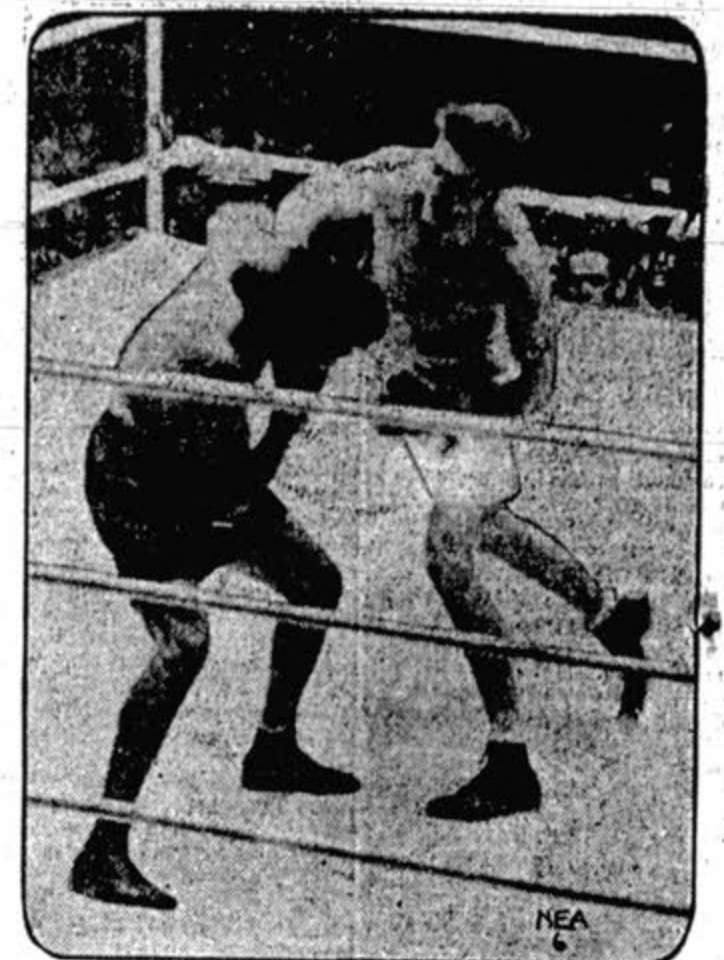

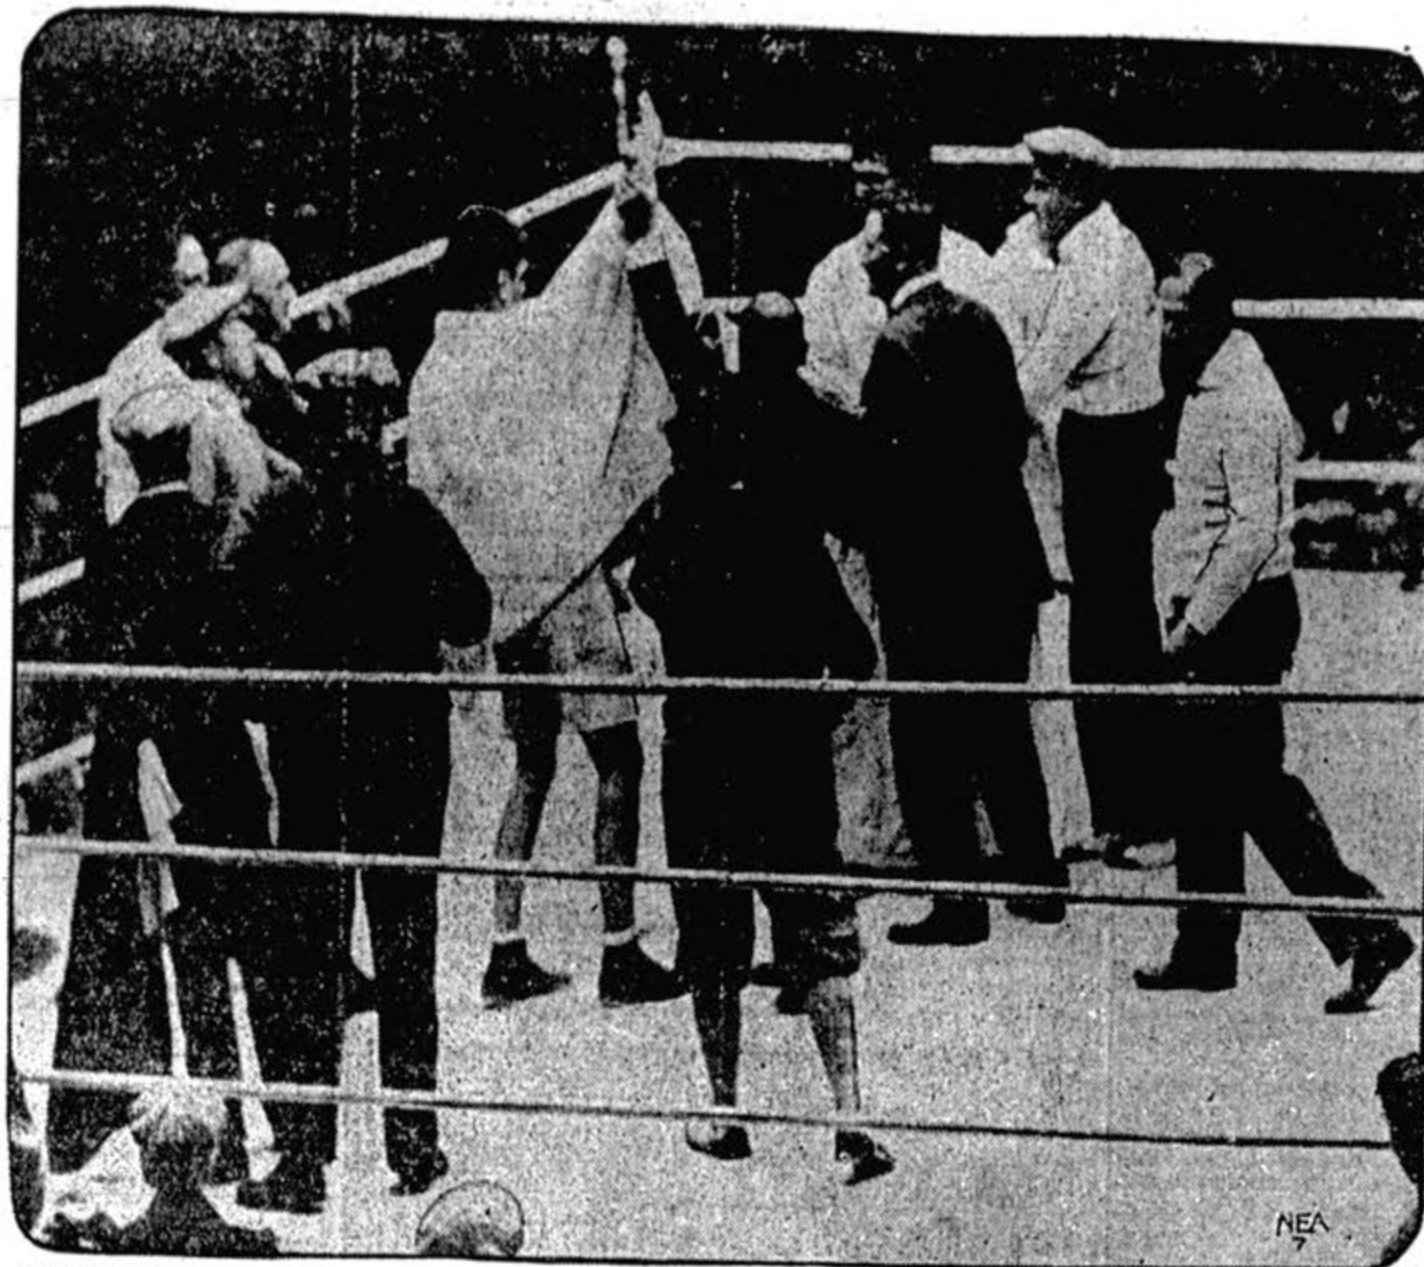

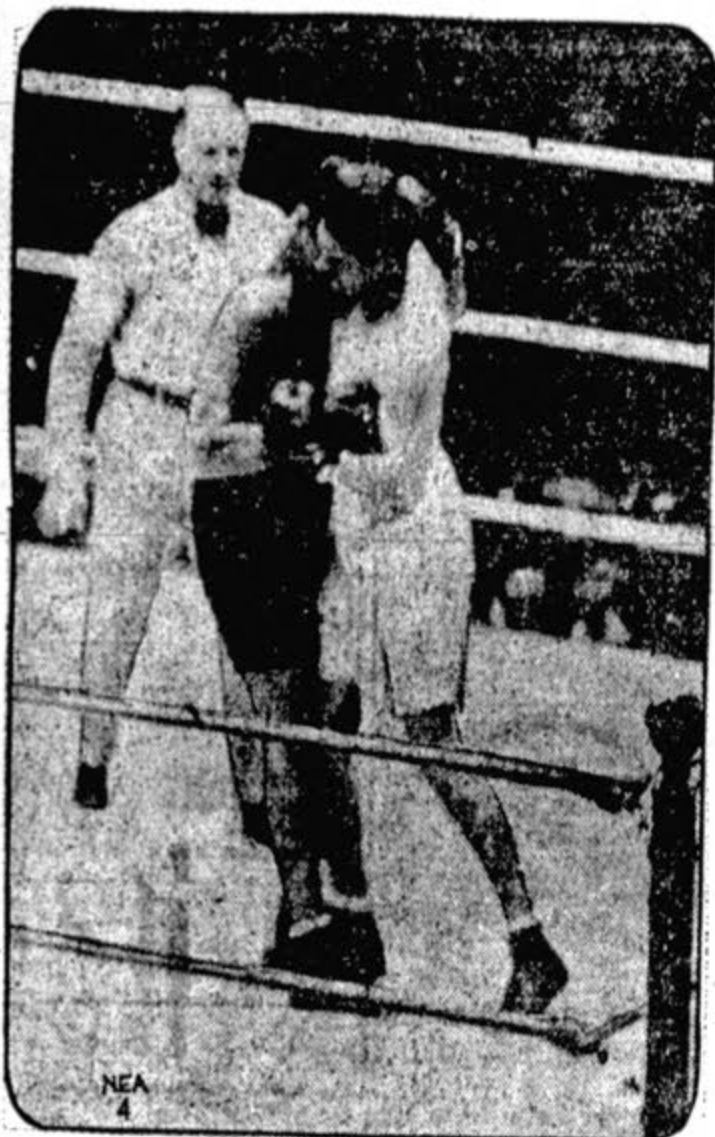

# -:- The Championship Fight In Pictures -:-

## "GENE"

ROUND SEVEN almost saw the end of the great classic in Soldiers' Field, Chicago, Thursday night. Dempsey, with a right and left to the jaw, sent the fighting marine down on the boards. The champion took the count of nine before he arose to his feet again. These pictures were rushed to Escanaba yesterday by Newspaper Enterprise Association.

HUGE THROG CHEERS FIGHTERS—A huge throng surrounded the offices of the Illinois Athletic Club to get a glimpse of the two fighters as they arrived there to weigh in. An arrow points to Dempsey stepping out of a car.

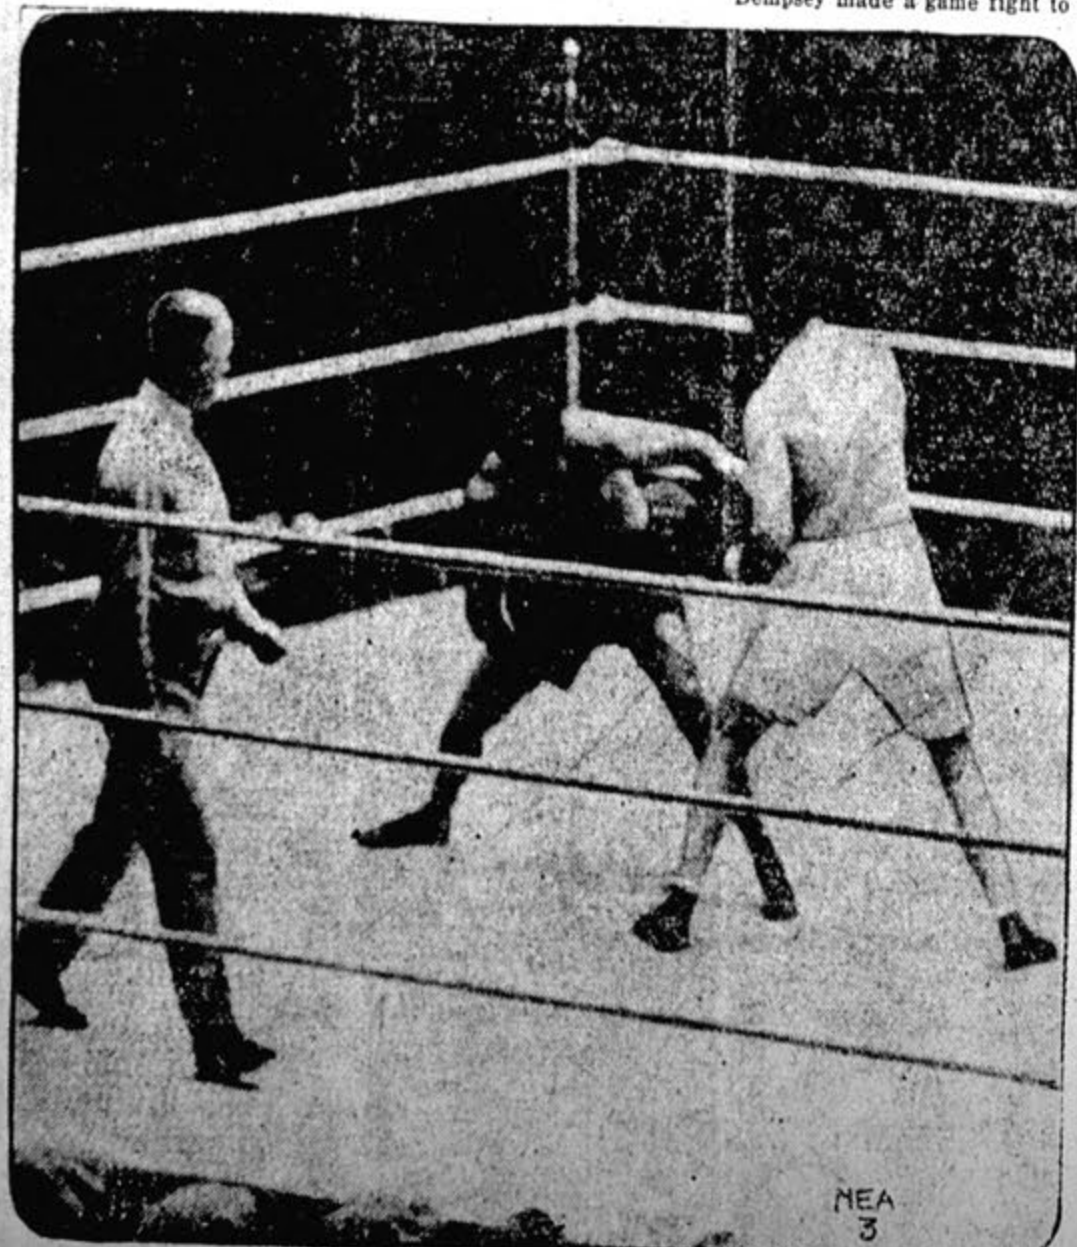

ONE OF JACK'S LOVE TAPS!—There was considerable back slapping in the clinches. Jack in trying to gain an opening administered such "love taps" on Tunney quite frequently.

GENE STILL WEARS THE CROWN—Hail to the champion! The judges here have decided Gene Tunney outpointed Mr. Dempsey and lifting Tunney's right hand, are giving their verdict. The decision means the former marine remains on 'Fistlanja's' throne. Dempsey made a game fight to come back, but like all other former champions, failed in the attempt.

WHEN THE CHAMPION "CAME BACK"—Tunney (in white trunks) staged a great comeback in the ninth. Gene took the offensive soon as the starting gong rang. With a series of stinging lefts to the face, he soon had Dempsey wobbly. Jack by now was bleeding considerably.

## "JACK"

WHEN THE BATTLE OPENED!—Jack Dempsey (in dark tights) opens the fight with a left to Tunney's ribs, but the challenger's old time wallop wasn't there. The blow did not phase the champion in the slightest. Referee Dave Barry is seen in the background.

DEMPSEY AND TUNNEY WEIGHING IN—Jack Dempsey was found to have the slight edge of three pounds over Gene Tunney, when the two fighters weighed in at the Illinois Athletic Club. Tunney (left) tipped the scales at 159½, while Dempsey at the right weighed 162½.

AMY BOLGER, Manager

GLADSTONE

Phone 33 19 TENTH ST.

ST. JOSEPH'S HERE TODAY

Keilmen Will Meet Coach Leo Brunelle's Squad This Afternoon.

Coach Keil's Gladstone warriors after a week of stiff practice, are primed for their battle today with St. Joseph's parochial of Escanaba.

Injuries sustained in practice and in last Saturday's game will probably result in three of the regulars being out of the lineup today, and the badly crippled team is set for a hard fight.

Regardless of the outcome, the old rivalry between the teams will mean an interesting game, and crowds of football followers of both will be on hand.

Skellenger or Barry will be in the left end position; Beach, left tackle; Fillmore, left guard; MacMillan, center; Sutter or White, right guard; Foster, right tackle; Moore, right end; Hoffman, left half; Kircher, fullback; Liberty, right half and Rouman, quarterback.

Liberty will start but because of injuries received in play, may be in the game only part of the time.

Swain will referee and Judson will umpire.

Tear Down Houses For University

London (AP) — Parliamentary powers are to be sought to close the eight block area which the London University has acquired in Bloomsbury, so that a \$5,000,000 range of buildings may be erected on the site.

The 100 houses which will finally vanish to make room for the University stand chiefly in Torrington square and one side of Russell square and Malet-street.

A row of red-brick, five-story houses in Russell-square will ultimately be razed. Once they were fashionable residences but now they are offices.

Torrington Square is an avenue of hotels, boarding-houses, and private residences, with two long rows of tall trees standing in the narrow garden which takes up the centre.

In that great area, when the new headquarters have been finished, there will be a Senate House, a ceremonial hall, and examination hall. The students' union headquarters will almost certainly be there, as well as a great library.

The range of buildings will have a character of its own—a striking skyline of halls and towers. An architect can design it will soon be sought.

The University of London is already the greatest university in the world, according to Mr. S. L. Loney, chairman of the convocation of London University. "It has 10,000 students—as many as Oxford, Cambridge, Manchester and Liverpool put together—and its income is more than equal to the first three of those four."

The annual transportation bill of the United States is about \$13,000,000,000, divided about equally between the railroads and motor trucking systems.

LOST IN ROCKIES

Wandering in the Rocky Mountains for a night and a day without being sure just where you are isn't such uproarious fun, Genevieve Van Derck (top) and Edna Cassidy will testify. The two 17-year-old girls were spending their vacations in the Provo ranch of the Rockies, in Utah, and strolled away one afternoon. Boy Scouts found them.

Rum-Running Dives in Bahamas Put Old "Wild West" to Shame

NEA Service Writer. Washington — Some of the wildest, wickedest "hell-holes" on this hemisphere have sprung up in the West Indies since the first rum-runner established a base there for operations to the Florida coast.

The rum-runners who smuggle liquor into Florida and who inhabit the little Bahama villages where the stuff is loaded on board are, for the most part, the most lawless of characters, according to the description of the coast guard, which has captured quite a few of them in the course of 100 seizures made in Florida waters since February.

Exiles From U. S. Many criminals who would not dare appear in some sections of the United States inhabit the smugglers' nests.

The headquarters of these bands are located in some of the islands of the Bahama group lying nearest the Florida coast.

The notorious Gun Cay, which is about a mile long and very narrow, lies less than seven miles south of South Bimini Island. Small boats can find good shelter within the bay by passing around the southern edge. Gun Cay is only 50 miles east southeast of Miami.

Another rum-runners' nest is the Cat Cays, two narrow wooded islets some 40 feet high, separated by a small channel and about four miles southeast of Gun Cay.

The Biminis. North and South Bimini, names synonymous with rum-running, are two irregularly

shaped, sandy islands some 50 miles east of Miami. The Grand Bahama Island is about 65 miles long, east to west. It is the South Atlantic smuggling industry's biggest center. West End, at the westernmost tip, is the point where most of the liquor is shipped from, as it offers a fair anchorage and is nearest to the American coast.

Scores of vessels are often to be seen in the harbor at West End, according to Coast guardsmen who have visited the place, and nearly all of them are rum-runners. Large warehouses and vast quantities of liquor are stored on shore, waiting to be taken away in "hams." A ham is a half dozen zottles sewed up in a burlap bag.

There is very little at West End except the rum industry—a small pool hall and a British government wireless station. Behind the dark little settlement is jungle land into which no one ever tries to penetrate. There are numerous rickety docks joined to warehouses. Negro labor is employed for the heavy work; gunmen from the large American cities often comprise the smuggling crew.

The lawlessness prevailing at West End resembles that of early American frontier towns—only worse. Murders are reported to be frequent, especially when the colony gets "flickered up."

Not long ago some American capitalists purchased interests at West End and decided to make a resort colony out of it—an oasis for thirsty Americans. It made the mistake of buying a rum-

running vessel with which to begin operations, however, and this ship was seized by the coast guard for past offenses. The plan to civilize West End now seems to have fallen through. The job remains for the coast guard, which cannot land on British soil but which hopes to cut off West End from the Florida mainland.

An Exception. Perhaps not all the rum-runners employed out of West End are vicious and murderous. Here is a rather human letter found on a captured smuggler which he had written to his parents:

"Just a line to let you know all is well and dandy. Don't write any more as we are nearly empty and shall soon be home. We are having fine weather and have only about 2000 cases which we shall discharge in two days if all goes well. I hope you and the family are all right as this finds me well and if I get all my wages and the bonus due me I'll not forget to bring some presents home.

"Well, parents, this is a very exciting life out here. There are two boat loads of Chinese, Greeks, Italians, etc., all waiting to be smuggled into the states. There are also a couple of steamships with opium, heroin, morphine and cocaine, all of which is being smuggled in every day.

"There is a seaplane that comes out and lands 19 cases which it carries on each trip, making over six trips daily. There is a launch nearby, and I must close. Love and kisses to all."

QUEENS, BROKE, SEEK CHARITY

Vienna, Austria (AP)—Dispersed over Europe like the scattered jewels of their shattered crowns, five throneless queens are living on the slender charity of relatives and friends.

Once the proud mistresses of millions of acres of land, the rulers of greater millions of people, and the possessors of untold millions of wealth, Dowager Empress Marie of Russia, Empress Zita of Austria, Queen Sophie of Greece, Queen Amelie of Portugal, and young Queen Elizabeth of Greece are today without a roof or a bed they can call their own. Their return to their own homes would be sufficient to start an immediate revolution.

Saddest and loneliest of all five fugitive queens is Empress Dowager Marie of Russia, mother of the murdered Czar Nicholas, who, broken in body and mind over the successive tragedies she has borne, beginning with the assassination of her father-in-law, Emperor Alexander II, and culminating in the brutal murder of her son and his entire family, is spending the remnant of her tragic life in Copenhagen. She was recently reported to be dying.

While the rest of the world has given up her son and family as irrefutably dead, the venerable empress insists they are still alive. At her window in Copenhagen she still burns a small lamp so that, as she says, "Nicky will know I'm still awaiting his return."

Another woman sovereign whose cup of sorrow has overflowed is former Queen Sophie of Greece, who in her time has witnessed the assassination of her father-in-law, King George I of Greece; the death by a monkey bite of her eldest son, former King Alexander of Greece; the overthrow, humiliation and exile of her brother, Kaiser Wilhelm of Germany; the double expulsion and exile of her husband, the late King Constantine of Greece; the dethronement of her second son, George, as king of the Hellenes; and more recently the death of her brother-in-law, King Ferdinand of Rumania.

Crushed by the adversity and anguish that the world visits even upon queens, Sophie now goes despondently about Europe, laying her head wherever she is offered a friendly pillow by relatives or friends. She spends much of her time in prayer and meditation in Florence, Italy, where her beloved "Tino" is buried.

Occasionally she goes unobserved to Doorn, Holland, to commiserate with her brother Wilhelm. On other occasions she slips down to Bucharest to break bread with her throneless son, George, and his consort, ex-Queen Elizabeth. Most of these trips are financed by relatives or by American dollars acquired by Sophie's brother-in-law, Prince Christopher, upon the death of his wife, Mrs. William Leeds, of Cleveland, Ohio.

Far removed from the scene of her former power and glory, and supported by contributions from her adherents in Hungary, Empress Zita of Austria is living in exile with her eight children in the village of Lequeto, Spain, in a house donated by the king of Spain, who is related to the Hapsburgs. Undaunted by reports that there is little chance of Hungary returning to a monarchy, Zita personally is tutoring and training her eldest son Otto for the duties and responsibilities of a king.

Zita, too, has tasted tragedy. After two dramatic and unsuccessful attempts to regain the Hungarian throne, her husband, Emperor Karl, was deported to Madeira, where he died of physical exhaus-

Harvest Supper On October 4

The annual Harvest Home supper of Alice Memorial M. E. church will be served Tuesday, October 4, it was announced Friday. The committees and the menu will be announced later.

American Servants Support Irish Kin

Tralee, Ireland (AP)—Irish cooks and servants in America send almost \$150,000 a week to their families in this poor county of Ireland, it is estimated.

Since the Republican war ravaged the county several years ago many families have had to depend entirely for support on daughters or sons in America. Thirty per cent of the Kerry County population is poverty stricken, according to a recent survey.

Kerry County girls are said to make the best household servants in the United States.

This summer many sons and daughters have returned home some to marry and settle in Ireland, preferring the lazy quiet of the bog country to the bustle of cities.

METEOR SETS FIRE

Walla Walla, Wash.—Eleven pieces from a shattered meteor which crashed into a tree in the Umatilla national forest severed the tree 60 feet above the ground and set it on fire. Forest rangers rushed to the spot, extinguished the blaze and collected the fragments.

FUNERAL HELD ON FRIDAY

Boby of Mrs. Sabourin, Gladstone Mother, is Laid to Rest.

Funeral services were held Friday morning for Mrs. Joseph Sabourin, 35, whose death came Tuesday after an extended illness. The services were held at 9 o'clock at All Saints' Catholic church with Rev. Father Sebastian Maier officiating.

The services were attended by a large number of sorrowing relatives and friends, many from out-of-town places who came here for the funeral.

At the close of the services the body was taken to Fernwood cemetery where burial was made.

Palbearers, all relatives of the family, were: Peter Sabourin, Schaffer; Tim Sabourin, Escanaba; Omar Groleau, St. Jacques; Harry St. Cyr, Escanaba; Phil Guindon, Escanaba and Antoine Roberts of this city.

Members of the Royal Neighbors society to which Mrs. Sabourin belonged attended the services at the church.

Out-of-town relatives and friends here for the funeral were: Mr. and Mrs. Peter Sabourin, and son Louis, of Schaffer, Mr. and Mrs. Tim Sabourin, Escanaba, Rene Sabourin, Escanaba, Mr. and Mrs. Omar Groleau, St. Jacques, Mr. and Mrs. Harry St. Cyr, Mr. and Mrs. Phil Guindon, Mrs. Joseph Perron, Mrs. Elmer Blist, Mr. and Mrs. Adolph LaMarche, Mr. and Mrs. Joe Moran, Mr. and Mrs. Tom Toussaint, Mr. and Mrs. Millette and Mr. and Mrs. LaLonde of Escanaba; Mr. and Mrs. Joe Groleau of St. Jacques.

Mrs. Sabourin leaves to mourn her, her husband and two children.

CITY BRIEFS

Mr. and Mrs. Joseph Lewis and daughter, Eileen, have returned from a visit with relatives at Iron Mountain.

Mr. and Mrs. Louis Burdick have returned from Manitowish where they attended the Schoolcraft county fair.

A son was born Thursday at the St. Francis hospital to Mr. and Mrs. Arnold Green of this city. Mother and baby are both doing nicely.

Mrs. J. R. Boyer and Mrs. Ernest Conkleton and son called in Gladstone Friday.

THEATRES

AT THE RIALTO.

In each picture thus far revealing the genius of Jackie Coogan, a different facet of his singular appeal has been disclosed. Since the first day Jackie was seen on the silver sheet with Charlie Chaplin in "Old Clothes," his most recent film release, every characterization depicted by Jackie has been different from every other. Different depths of pathos, different degrees of merriment, different heights of tragedy and different qualities of humor have been explored in the kaleidoscopic art of this wonder child.

Now comes "Johnny Get Your Hair Cut," different from all the others, and as presented last night at the Rialto Theater as effective as the best Jackie has given to the world of his admirers. It may not be as elaborate as others he has made; its plot is simpler and less involved; it is not so adventurous as "The Rag Man," nor as harrowing as "Oliver Twist," but it possesses more human appeal with its delightful, wistful spiritual quality. The verdict of last night's audience seemed to be that of all the pictures thus far made, "Johnny Get Your Hair Cut," was the most human.

The story is that of an orphaned youth whose dream of life is an overwhelming ambition to become a successful jockey.

MISSION BAND Meeting Today

The Junior Mission band of the Swedish Lutheran church will hold a regular meeting this afternoon at 2 o'clock. A musical program will be given and refreshments will be served. Miss Ellen Nylund, chairman of the committee for the meeting, is in charge of arrangements.

the film is going to prove decidedly fine entertainment for those who see it during its stay here. Mix and his almost equally famous steed, Tony, are involved in some of the fastest and most furious action ever recorded by the camera in this whirlwind story of the plains. When the picture opens, Tom is cast as an army scout in the Dakotas during the last Sioux Indian uprising. Later, he is pictured as the foe of a gang of desperadoes who specialize in looting stages.

Moss Lake Dance Tonight, Sunday

The Ballroom Entertainers will furnish the music for an old-time carnival dance at the Moss Lake pavilion tonight. Another dance will be held at Moss Lake Sunday night, with the same orchestra playing.

English railways run faster

trains than American railways. In 1924 ten English trains were running on schedules faster than the fastest American schedule.

MARKET NEWS SHARP DECLINE IN MART SALES

STOCK SALES AVERAGES. Twenty Twenty Date Industrials Railroads Friday -- 176.43 145.87 Thursday -- 175.90 145.83 Week ago -- 143.58 126.51 High 1927 -- 179.06 149.56 Low 1927 -- 141.23 126.58 Total stock sales 1,662,000 shares. X—Ex-dividend .20.

New York, Sept. 23.—(P)—Trading fell off sharply in today's stock market but major price movements were on the up-side. Covering operations, following a week of declining prices, together with the activity of pools in a number of specialties, provided most of the buying power.

The increase of nearly \$34, 500,000 in brokers' loans last week was smaller than expected, due to the heavy conversion of General Motors stocks and failed to have any effect on the money market.

Directors of the Nash Motors company made public an excellent earnings statement and declared an extra dividend of 50 cents, which was reflected in an advance of more than 3 points in the stock to a new high record of 5 3/4. General Motors issues were active at slightly higher prices, the new stock being traded in on a regular basis for the first time.

New peak prices for a year of longer were obtained by about a score of issues including American Waterworks, Commonwealth Power, Cudahy Packing and Wrighter.

On the other hand, Pathé, Willis Overland common and Murray Body sold at their lowest prices of the year.

A rise in cotton was based on publication of the census bureau's spinning report, but when the first rush of covering had been completed, prices sold down, closing only 16 to 20 points net higher.

Wheat advanced a cent or more a bushel. Coffee advanced 12 to 15 points, but sugar prices were practically unchanged.

Outside of the establishment of parity by sterling, the principal developments in the foreign exchange market were the touchy of new 1927 highs by Dutch guilders and German marks, and a further break of more than 30 points in Japanese yen to around 46.31 cents. Sterling cables were quoted at \$4.86 1/2-3/4 or 1-3/4 of a cent above parity.

CHICAGO LIVESTOCK. Chicago, Sept. 23.—(P)—Cattle, 2,000; generally steady on all classes, no choice steers here; bulk 12.00 downward; strictly choice heaviest still in demand, also well-finished light yearlings; the stock 25 to 40c higher for week; bulk 75c higher; vealers 50 to 75c higher; selling actively today at 16.50 to 17.50.

Hogs, 10,000; closed slow; better grade hogs 25.00 pounds down, 10 to 15c higher; light lights and pigs fully 25c up; bulk desirable 10 to 25c pound averages 11.00 to 11.75; 140 to 160 pound mostly 10.50 to 11.00; strictly choice 10 to 32c pound butchers up to 10.75; pigs 9.00 to 10.00 largely.

Sheep, 16,000; fat lambs steady to 25c lower; late sales 10 to 25c down; bulk native lambs lightly sorted 13.75; bulk good and choice rangers 14.50; sheep and feeding lambs steady; fat ewes 6.50 to 6.25 mostly; feeding lambs 13.00 to 13.75.

CHICAGO BUTTER. Chicago, Sept. 23.—(P)—Butter today ruled steady to firm under comparatively light supplies.

CHICAGO GRAIN. Chicago, Sept. 23.—(P)—Widespread need of moisture in Australia, together with insufficiency of recent rains in Argentina led to higher prices today for wheat.

CHICAGO POTATOES. Chicago, Sept. 23.—(P)—Potatoes 65 cars; on track 276, total U. S. shipments 972 cars, including very slow market weather; Wisconsin sacked round whites \$1.65 to \$1.90; round fancy \$2; Minnesota sacked round whites \$1.50 to \$1.70; sacked sand land Ohio \$1.40 to \$1.45.

86. SHE PITCHES HAY. Springfield, Mass.—Mrs. Maria Crafts has children, grandchildren and great-grandchildren but none of them can persuade her to stop working like a farm hand. She pitches hay, cobbles shoes and does most of the duties of the household.

Saint and Sinner

Honest, straightforward George Pruitt must have been profoundly surprised by Faith's sudden change of manner toward him.

He blinked his small, keen black eyes once or twice, as if they were dazzled by this new Faith—a colorful, glamorous, sparkling Faith, whose rich, contralto laugh rang out frequently, whose tinted lips smiled seductively whenever her large, brilliant brown eyes rested upon him.

She hadn't, I'd never have a chance. But she is married, even if she does seem to forget it to-night. "Shall I spank her, Faith?" George laughed, but there was an ugly glint in his small black eyes.

And they did dance. Faith shrugged one bare, ivory shoulder and quirked her lips deliciously. "And they did dance, Faith's hypnotic rhythm, her head tilted toward George's, that faint perfume she had patted into her hair caused his nostrils to quiver with delight."

It was then that Cherry sprang from the couch and sped from the room, bumping into the absorbed dancers without apology. But the violence of her exit and the unmistakable reason for it brought Faith and George up short.

George, I want to tell you—I'm sorry. I did it deliberately. I needed, oh so terribly much, to prove that someone wants me—cares—And now, I'm no better than Cherry, who has been doing such things ever since she was old enough to suspect the meaning of love.

Cherry, watching them sulkily from the couch, either read George's lips or guessed the extravagance of his compliment by the deep flush on Faith's cheeks. "Well, I'm glad Faith got married before she was turned into such an irresistible siren," Cherry called out in the loud, metallic voice that always expressed the kind of mood she was now in.

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF DELTA. John Schortgen and Mary Schortgen, Plaintiffs, vs. Arthur Omsundson and Josephine Omsundson, his wife, Defendants.

Before James E. Frost, a Circuit Court Commissioner in and for said County of Delta, this 14th day of September, 1927. In this cause, it appearing by affidavit on file, that the defendant, Arthur Omsundson, is not now a resident of this State and that it cannot be ascertained what State or County he is, the said Arthur Omsundson, now residing:

ORDER OF PUBLICATION. The Bill of Complaint in this cause was filed with the Circuit Court of this County on the 14th day of September, 1927. The date of the filing of this Bill of Complaint is hereby published and circulated in said County, and that such publication be continued therein once in each week for at least six successive weeks; or that if it is not so published, then the date of the filing of this Bill of Complaint be published in said County, and that such publication be continued therein once in each week for at least six successive weeks; or that if it is not so published, then the date of the filing of this Bill of Complaint be published in said County, and that such publication be continued therein once in each week for at least six successive weeks.

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF DELTA. In Chancery. Mary McCarthy, Plaintiff, vs. Catherine Durocher, Delia Landis, Margaret Abrahamson, Michael C. Powers, Loretta Gallagher, Margaret Parker, Loretta Powers, Margaret Parker, Beatrice Powers Cummings, John Powers, Marie Powers and Edward Powers, Defendants.

Before James E. Frost, a Circuit Court Commissioner in and for said County of Delta, this 14th day of September, 1927. In this cause, it appearing by affidavit on file, that the defendants, Delia Landis, Margaret Abrahamson, Michael C. Powers, Loretta Gallagher, Margaret Parker, Loretta Powers, Margaret Parker, Beatrice Powers Cummings, John Powers, Marie Powers and Edward Powers, are not now residents of this State, but that their residences are as follows:

ORDER OF PUBLICATION. The Bill of Complaint in this cause was filed with the Circuit Court of this County on the 14th day of September, 1927. The date of the filing of this Bill of Complaint is hereby published and circulated in said County, and that such publication be continued therein once in each week for at least six successive weeks; or that if it is not so published, then the date of the filing of this Bill of Complaint be published in said County, and that such publication be continued therein once in each week for at least six successive weeks.

Escanaba Weight Averages—Team, 175; backfield, 160 1/2; line, 184. Manistique Weight Averages—Team, 135; backfield, 131; line, 137. Officials—Referee, Christianson of Norway; Umpire, Prin of Kingsford; Head Linesman, Norman of Ishpeming. Place—Escanaba Athletic Field. Time—2:30 p. m.

The Escanaba Highlanders, who finished last season with a clean slate, will open their 1927 football season this afternoon with the Manistique high school eleven, determined that the pace they set last year will be maintained without interruption this season. The curtain-raiser event is expected to attract one of the largest season-opening crowds ever to assemble at the Escanaba athletic field.

Additional accommodations have been provided this season by the erection of new bleachers, and with the sod in perfect shape, a fast and interesting gridiron battle is in prospect for this afternoon. Director Nordling's 40-piece musical organization will be on the grounds to enliven the festivities.

**Manistique Dangerous.** Although Manistique lost its opening encounter last week to Munising, Coach Bill Cook's lads are expected to furnish plenty of opposition here. Coach Roels saw the Manistique-Munising game and he has a wholesome respect for the Schoolcraft county eleven. Last Saturday was a hot day, following an extraordinarily hot spell, in which it was impossible for any football team to attain high-class condition. He has emphasized throughout practice sessions this week that he expects the battle to be one of the hardest of the year.

Rain this week has made work-outs disagreeable but Roels, last night, reported his lads in good shape. Several new plays were given out this week and the boys have been doing pretty well with them.

**Combat Air Attack.** Thursday's drill consisted of signal practice and the building up a strong defense for an aerial attack, which it is expected the Schoolcrafters will use. Reports trickling in from Coach Cook's camp indicated that the Manistique mentor is relying mostly on his forward passing combination, which was the chief ground gainer in the battle with Munising last Saturday.

Manistique has a young lad, Wright at quarterback, who is dangerous on long end runs and shows exceptional ability in grabbing forward passes, which are usually thrown by Anderson, full back. Coach Roels has been devising means of checking this type of play.

Substitutes on the Escanaba squad are to be given a chance to show their wares. Coach Roels reports that he will endeavor to give all a taste of football this afternoon. The list of second string men includes: Mathews, Robert Snyder and Groesbeck, ends; Brennan, center; Hart, Johnson, guards; Stegach, quarterback; Pettin and Erickson, half backs; Lachapelle, full back.

## White Sox Defeat Boston After 12 Straight Losses

Boston, Sept. 23—(AP)—After losing 12 straight, Chicago defeated Boston 2 to 1 in 11 innings today. The winning run came on a pass to Kamm, Nels' bunt and a long single to right by Falk. Herbert Bradley, recently recalled from the Waterbury club of the Eastern League, drove in Boston's only run in the fifth with a single after Todd had tripled and also held Chicago to five hits.

## "Reservationists" Get First Benefit From Ducats Today

Football fans, expecting to get a full benefit of the special reserved seat offer of the high school athletic association will have to speed up their reservations. The season starts at 2:30 o'clock this afternoon in a game with Manistique high. The association offers reservations for all home games for the next two years at \$5, the spectator to get the same seat at every game. All the seats to be reserved are between the 40-yard lines. Only 100 of the 1200 seats in the new grandstand will be so reserved. The \$5 does not include admission at the gate.

**FOOTBALL RESULTS.**  
At Detroit:  
Southwestern H. S. 0; St. Joseph's Commercial 2.  
Hamtramck H. S. 7; Fordson H. S. 14.

## GIANTS MOVE INTO SECOND

Gain Full Game on Pittsburgh; Defeat Leaders, 6 to 5.

Pittsburgh, Sept. 23—(AP)—The New York Giants jarred a full game out of Pittsburgh's lead on the pinnacle in the hard National League grid today with an exciting 6 to 5 victory over the Pirates which brought the McGrawmen back to second place.

The Pirates carried a five-run lead into the seventh but Carmen Hill, who had defeated the Giants five times previously, weakened and four runs crossed the plate. With the bases loaded and two out, Lindstrom dropped a Texas League single that brought in two runs and another one came over when Lloyd Waner made a bad pop to third.

## Esby Reserves Will Play Rock This Afternoon

The Escanaba Reserves will meet the Coach Weingartner's gridiron squad at Rock this afternoon.

Coach Edick of the Reserves has been putting his charges through daily workouts this week, and expects to pit a formidable aggregation against the heavy Rock eleven. Rock has a good team this year considering the size of the school.

## Aristocrats Will End Their Season With Rock Sunday

The Escanaba Aristocrats, with a string of eight out of nine victories to their credit, will close their season at South Park Sunday afternoon in a game with Rock.

The teams met two weeks ago and an excellent game was the result, the Aristocrats winning. Rock is bringing a crowd of rooters to this city, it was said yesterday. Manager Hamilton of the northerners expects his crew to turn the tables.

Manager Cliff Beaudin is depending on his two pitchers Harold Johnston and C. Perryman to hold the Rock batters in check. The game will start at 2:30 o'clock.

## St. Joseph's High Organizes Athletic Body; Picks Officers

An enthusiastic group of young men took part in the first meeting of St. Joseph's Athletic association Friday afternoon. During the course of the meeting, officers for the school year 1927-28 were elected. Following are the returns:

President—Wiltred Moreau.  
Vice President—Jack Fitzharris.  
Secretary—Stafford LeDuc.  
Treasurer—Francis Boyce.

These young men pledged themselves to make good the confidence placed in them by forwarding the general interests of athletics at St. Joseph's high school.

A pep meeting at which the members of the high school took part assured St. Joe's team of the confidence and support of the school in their second game of the season. It will be played at Gladstone today.

## HOCKEY LOOP BEING FORMED

Trying to Get Escanaba and Menominee in U. P. League.

Menominee—George H. Harvey of Laurium Mich., secretary of the American Amateur Hockey association, is in Menominee this week promoting the extension of the upper peninsula hockey organization to include Escanaba, Green Bay and a Menominee-Marquette team. The peninsula association includes four teams, Ironwood, Houghton, Marquette and Calumet, and along the copper range hockey enthusiasm runs like wild fire.

Escanaba is warming up to the proposition and Mr. Harvey is on his way to Green Bay in answer to a message from sportsmen there who are interested. He declares that a combination Menominee-Marquette team would make as good a paying proposition as there would be in the circuit. He declares that hockey is a sport that pays dividends as evidenced in practically every city in which it has been started within the last few years. The game has taken a great grip on the country at large with all the larger cities building larger rinks to handle the crowds. The results of the big games are being broadcast by radio.

### U. P. Home of Hockey

The Upper Peninsula, Mr. Harvey said, inaugurated hockey in this country and is truly in the hockey "belt." Houghton opens up a new \$60,000 stadium building next week. In Calumet he said, the rink pays from eight to ten per cent dividends. Ironwood and Marquette are hockey wild. He asserts the "Cleveland circuit" would be the "hottest" proposition in the hockey world if it could be extended to include a few more teams.

Expense of players, maintenance and other expenses would not exceed \$500 a week, he explained. In Calumet it averaged \$400 a week last season. The usual schedule is for 16 games in 12 weeks. The size of the building required is about 128 feet by 220 feet. The rink buildings in the various U. P. cities are used practically 12 months in the year.

## Belvolo Wins Race for 2-Year Pacers

Lexington, Ky., Sept. 23—(AP)—Belvolo won the Indiana for two-year-old pacers and Louis Direct the Calumet for 2-1/2 pacers, the stake events at the Lexington trots here today. Louis Direct scored his second victory of the week over Callie Direct. The hot battle that the pacers staged in the Cumberland event was not repeated.

## Chicago Shuts Out Philadelphia, 12-0

Chicago, Sept. 23—(AP)—Hal Carlson held Philadelphia to seven hits today while Chicago hammered the offerings of Ferguson and Willoughby to shut out the Phillies, 12 to 0, in one big inning the Cubs got five runs off six hits which included three doubles, two singles and a triple.

The score: R. H. E.  
Philadelphia 000 000 0—0 7 3  
Chicago 005 011 21—10 17 1  
Ferguson, Willoughby and J. Wilson and O'Donnell; Carlson and Hartnett.

**M. S. C. Starts Season by Meeting Kalamazoo College**  
East Lansing, Mich., Sept. 23—(AP)—Michigan State makes its 1927 football debut in a football contest with the Kalamazoo college squad here. Both teams went through light workouts today.

## GOOD CONTESTS ON CARD TODAY

1927 Football Season Is Well Under Way on Peninsula.

**TODAY'S GAMES.**  
Manistique at Escanaba.  
St. Joseph's at Gladstone.  
Stephenson at Menominee.  
Munising at Ishpeming.  
Alpena at Sault Ste. Marie.  
Wakefield at Stambaugh.  
Felch at Iron Mountain.  
Norway at Kingsford.  
Negaunee at Marquette.  
Baraga Parochial at Newberry.  
Iron River at Bessemer.  
Washburn at Ironwood.  
L'Anse at Houghton.  
Hancock at Lake Linden.

Some interesting gridiron battles are offered upon Michigan followers of the sport as the major high school elevens of the peninsula swing into action this afternoon.

## Victory of LaCoste Due Much to His Constant Drilling.

BY ALAN J. GOULD (Associated Press Sports Editor)  
New York.—Jean Rene Lacoste, who has won the tennis championship of the United States for the second time, is a youth of few words, but many tennis racquets.

On the Sunday afternoon after his second triumph for France in the Davis Cup Challenge Round over "Big Bill" Tilden, Rene rolled up to a New York hotel in a taxi. From behind a stack of tennis racquets—14 of them—and a bag of golf clubs, the lithe, trim Frenchman emerged.

## Young Golfers Win, Have-Fling Today

Garden City, N. Y., Sept. 23—(AP)—The younger generation of women golfers will have its fling tomorrow when Miss Maureen Orcutt, Hawarth, N. J., and Mrs. Miriam Burns Horn of Kansas City, play for the women's amateur championship of the United States. Miss Orcutt is barely 20 years of age while Mrs. Horn is in her very early twenties.

To win the right to travel over the long route of 36 holes over the closely trapped Cherry Valley course, the finalists had to dispose of two visiting players from Canada. Miss Orcutt defeated Miss Ada MacKenzie of Toronto, 2 up and 1 to play, while Mrs. Burns won from Mrs. Alexia Stirling Frazier, Ottawa, 1 up.

Miss MacKenzie, who holds the open and closed championship of Canada, long has been a formidable figure in women's golf in the United States as well as in her own country and Mrs. Frazier, when she was Alexia Stirling of Atlanta, Ga., won the championship of the United States for the first time in 1926.

## Chicago Shuts Out Philadelphia, 12-0

Chicago, Sept. 23—(AP)—Darkness robbed the Toledo team of the American Association of a lead in the hot race for the pennant.

Toledo won the first game of today's double header with Indianapolis, thereby gaining a tie for leadership with Milwaukee, but the second contest was called at the end of the eighth because of darkness.

That gives the Toledoans double headers both Saturday and Sunday to close the season against the Indianapolis team. Milwaukee, losing today's game to St. Paul, also has double headers tomorrow and Sunday. Kansas City, a game and a half behind the two leaders, has one game tomorrow and two Sunday, against Minneapolis.

The standing, including today's games:

W.	L.	Pct.
Milwaukee	97	67 .591
Toledo	97	67 .591
Kansas City	96	69 .582

Mr. O'Goofy's wife was complaining that he thought so much of golf he didn't have time to remember their wedding day. "Sure, I do," says he, "it was the day after I sank that 40-foot putt."

One way to stop Bobby Jones in one of these tournaments is to bar him.

## Cincinnati Divides Double With Robins

Cincinnati, Sept. 23—(AP)—Cincinnati divided a double-header with Brooklyn today, triumphing 6 to 3 in the first clash, and losing the other tilt, 4 to 3. The Reds landed on Elliott for four runs in the fifth inning of the opener to tuck the game away. Ray Moss, recently obtained by the Robins from the Memphis club of the Southern League, hurled the Brooklyn victory, although Clark came to his rescue in the ninth when the Reds threatened.

## PRACTICE IS WHAT COUNTS

BY ALAN J. GOULD (Associated Press Sports Editor)  
New York.—Jean Rene Lacoste, who has won the tennis championship of the United States for the second time, is a youth of few words, but many tennis racquets.

On the Sunday afternoon after his second triumph for France in the Davis Cup Challenge Round over "Big Bill" Tilden, Rene rolled up to a New York hotel in a taxi. From behind a stack of tennis racquets—14 of them—and a bag of golf clubs, the lithe, trim Frenchman emerged.

## Toledo, Milwaukee in Tie for First

New York, Sept. 23—(AP)—The pennant turmoil in the National League raged with increased force today as the Giants subdued the league-leading Pirates while the Cards succumbed to the Braves. As a result, New York's entry is back in second place two and one-half games from the crest, with St. Louis trailing third, half a contest distant from the McGraw clan.

### THE STANDING:

Team	W.	L.	Pct.
Pittsburgh	89	67	.610
New York	87	60	.592
St. Louis	86	60	.589
Pittsburgh and St. Louis	each	have eight games yet to play and New York has seven.	

## Crystal Gazer Says Tunney Will Retain Title for 4 Years

"Thurman, the crystal gazer, now playing at the Delft theatre, received a box of cigars yesterday from a Menominee boxing fan who followed Thurman's prediction and placed his wagers on the champion to win the decision. Thurman predicts that Gene Tunney will successfully defend his title in six fights during the next four years, and that the title finally will be wrested from him by a Michigan man.

## SEVERAL GOOD SEATS REMAIN

The block of 100 choice seats between the 40-yard lines at the Escanaba high school athletic field were being rapidly taken up yesterday, Sept. 23. E. Cheney reports. At a late hour last night, however, there were still about 30 of these reserved seats available.

Anyone desiring to make reservations for this section can do so by calling the high school this morning, and if there are any left at the time the Manistique-Escanaba grid contest starts this afternoon, they can be obtained from the ushers.

These special reserved seat tickets are good for two years, covering five games this year and at least four next season.

## Saints Play Keilmen At Gladstone Today; Expect Tough Battle

### GEORGIA TECH HAS HARD CARD

Atlanta, Ga. (AP)—Once all-powerful in Southern Conference football circles, Georgia Tech is now attempting to scale the heights again, but Coach William A. Alexander frankly does not expect the old-time glory will be achieved this season.

In fact, Alexander lets it be known that a majority of the games on the right side of the ledger will satisfy him. The eleven faces a hard schedule, including games with Virginia Military Academy, North Carolina, Notre Dame, Alabama, Vanderbilt, Oglethorpe, Auburn and Georgia.

Such stars as Joe Guyon, "Back" Flowers, Everett Strupper, Judy Harlan, "Red" Barron and Douglas Wycoff—names that a few years ago spelled almost certain victory—seldom can be developed in one season. Tech will have many new faces in its lineup this year.

Captain Crowley, Hood and Drenden are the men around whom the new line is being constructed, with several likely candidates from last year's freshmen's team. Bill Fincher, former All-American Tech star, and Hank Bjorkman, Dartmouth, are the two coaches working with this material.

Don Miller, one of the famous "Four Horsemen" of Notre Dame, is again in charge of backfield coaching and is devoting much of his attention to new formations. The Tech shift, brought into play years ago when Heisman was coaching the Golden Tornado, has been discarded.

Bob Parham, described by Coach Wallace Wade of Alabama as the best kicker in the south; "Stumpy" Thamason and "Bo" Reed are among the best prospects for the backfield.

One ray of light in the stiff schedule is found in the fact that Tech will make only two trips during the season, one to Vanderbilt and the other to Notre Dame. All the other contests will be played in the home stadium.

**NEW BLOUSE.**  
A white satin blouse, embroidered in the manner of Russian peasant dress, has the regulation Russian neck, full sleeves and peplum effect.

**COSSACK ENSEMBLE.**  
A one-piece Polart street frock has astrakhan Cossack collar and wide fastening and is topped by an astrakhan Cossack military cap.

**HIGH COLLAR.**  
Three-fourths of the newest models of day gowns shown at a recent Paris opening have some form of high collar.

The entire income of the American people is about \$200,000,000 a day when prosperity is at its highest peak.

### SOCIAL

**Surprise Party**  
Miss Clara Peterson of West Ford River was agreeably surprised by a party of friends at her home Tuesday evening the occasion of her natal anniversary. Games formed the evening's chief diversion and a lunch was served. Miss Peterson was the recipient of a large number of useful and valuable gifts.

**Crebo-Anderson**  
Miss Elisabeth Crebo, daughter of A. Crebo, 325 South Seventh street and Ralph Anderson, son of Mr. and Mrs. Louis Anderson, 719 South Twelfth street were united in marriage by Rev. J. B. Hubbard at the Presbyterian Manse Thursday afternoon at five-thirty o'clock.

The attendants were Miss Hycinch Whiston and Harry Erickson, close friends of the couple. A wedding dinner was served at the home of the bridegroom's parents with covers laid for the bridal party and immediate relatives of the couple. They left for Sault Ste. Marie Friday morning where they will spend the weekend after which they will return to this city and will make their home with Mr. Anderson's parents for the present. Both are employed at the Michigan Bell Telephone company's office and have a host of friends in this city who wish them a long and happy wedded life.

**Fire Department Called**—Fire Department No. 1 responded to a call on the bay shore road south of the city about 12:30 o'clock this morning, when an old barn near Portage Island took fire.

**Use of Gypsum Aids Yield of Alfalfa**  
Moscow, Idaho (AP)—Tests on alfalfa conducted by G. R. McDole, agronomist of the Idaho extension division, shows that application of gypsum, preferably in the fall of the year, produces a yield averaging 50 per cent greater than yields on similar ground and under identical conditions.

Tests for a period of four years show that the gypsum need not be added yearly, yields on the test plots showing a balanced production still 50 per cent above other parallel plots with undiminished effectiveness.

Gypsum should be applied 200 pounds per acre, a cost of approximately \$2 per acre, McDole says. Returns on the test plots showed a clear profit of between 500 and 1,000 per cent upon the gypsum investment.

**IMPORTANT CUFF.**  
New coats emphasize the importance of cuffs. The deep cut which tapers the sleeve's fullness to the wrist usually has decorative tucks or incrustations.

**Dr. Denton Sleeping Garments for Children**

**FINE CHINA COTTON**  
**Blankets New Plaids**  
70x80 size, single blankets—easy to handle and wash, come in all light, pretty shades and a beautiful black plaid.  
**AN EXTRA SPECIAL, EACH**  
**99c**

This well known garment has many splendid features. Made of heavy weight cotton with a small amount of wool. A knit fabric with soft, fleecy finish on both sides. Extra full, drop seat, pockets, feet are especially cut and shaped and made of heavier fabric than body. Which means added wear. Natural gray.
