

FLOODS SWEEP NEW ENGLAND STATES

PRESIDENTIAL ELECTION IS ONE YEAR OFF

INTEREST IN RACE IS RUNNING HIGH NOW

BY DAVID LAWRENCE. Washington, Nov. 3—Just about one year from today the people of the United States will be going to the polls to elect a new president. Judging by the nationwide interest that is being taken in the affairs of both political parties, the election if held tomorrow could hardly have attracted more attention or absorbed the leaders more than it actually is at present.

Pair Charged With Jury Tampering in Oil Lease Case

RIVER DAMS BURST AFTER RAIN STORMS

A steadily mounting death toll and property damage of millions of dollars is indicated in reports from flood-ravaged towns of New England.

Part of Family Drowned

At White River Junction, Vt., Henry B. Levitt, a policeman, plunged into the icy water and made repeated trips to rescue inhabitants, marooned in their homes.

have spent all last night on the train and it was not known whether they had found a way out before tonight. Residents of the village of Milton, Vt., were rescued in boats when the entire village went under water.

MONTPELLIER SUFFERS.
White River Junction, Vt., Nov. 4.—(P)—Unconfirmed reports of heavy loss of life in Montpelier, the state capital, where the collapse of a large reservoir was said to have flooded the city deeply, were in circulation here tonight. According to these reports the death list ran from 137 to 212. Montpelier is about 55 miles from this point and is completely isolated.

Telephone and telegraph service from the state capital failed early last evening and since that time no definite news has been received. Two telephone girls who left Montpelier at 8 o'clock last night and arrived here today, said water was running 10 feet deep in State street, the main street of the city, at that hour.

Several persons here with relatives in the capital tonight were striving to find some means of reaching Montpelier over the rain-wrecked roads. Persons familiar with the layout of the capital said that collapse of the reservoir would place virtually the entire city under water.

MAN WARNS TOWN.
Becket, Mass., Nov. 4.—(P)—To the heroism of one of its residents this little town of 650 inhabitants owes the fact that only one life was lost when a mountain reservoir burst its barriers early today and sent a torrent rushing down upon the village. The hero was William Ballou, owner of the reservoir.

When the great downpour of rain last night threatened to burst its walls he went on guard and with the first indication that they were giving way drove his automobile through the village warning the people to run for their lives. Most of them heeded the warning and reached safety before the wall of water struck the town.

Mrs. Gustine Carroll, the only victim, heard the warning but hesitated and before she could leave her home the water struck it and she was swept away.

Wipes Away Entire Town.
The rush of water swept away 25 residences and business places, made 150 persons homeless and caused at least \$1,000,000 property damage.

Philip Raymond, for 22 years a meat dealer in the town, saw his savings of nearly \$20,000 wiped out in a twinkling as the flood hit his place.

"I shall never forget the scene," he said tonight. "William Ballou had just rushed into my store and told me that the walls had given way. There was a terrible roar as the water rushed down upon the town and there was hardly time to grab a hat. Mills, stores and houses were carried away almost like chips and we had to rush for our lives."

Caruso Was First Famous Singer to Broadcast Program
London (P)—Lee De Forest, the American radio inventor, said during a visit here that Caruso was the first famous singer to be broadcast.

This was in 1920, when Mr. De Forest, a pioneer in the development of wireless in America, made an experiment in radio-telephony from the Metropolitan Opera House, New York. Caruso was one of the artists, and his song was heard by about a dozen listeners and by a few ships' wireless operators.

CAMPAIGN GOES BEFORE COURTS

Alleged Fraudulent Registrant Sentenced in Detroit

Detroit, Nov. 4.—(P)—Detroit's bitterly fought mayoralty campaign found its way into the courts today with the conviction and sentencing of an alleged fraudulent registrant, which was followed by a threat of injunction proceedings to halt the election commission proceeding with an investigation incident to registrations for the November 3 election.

Boyd Smith, an employe of the department of public works, was given the maximum penalty of 90 days' confinement in the Detroit House of Correction and a \$500 fine by Judge Charles Bowles today when found guilty of registering fraudulently. The case was tried without a jury and will be appealed to the presiding judge of the court.

In passing sentence, Judge Bowles said: "This case should challenge the attention of every decent and respectable citizen in the city to show the extent to which unscrupulous politicians will go to accomplish their ends."

Investigation Contrary to Law.
Smith was arrested by police after investigators for Richard W. Reading, city clerk, who has been conducting the investigation with the cooperation of the police, ascertained that Smith had lived in Michigan less than two months while the law stipulates six months' residence.

Coincident, Charles P. O'Neill, corporation counsel, in a formal statement announced that the action of Reading in pursuing the investigation was contrary to the state election law and the U. S. constitution and possibly would result in invalidating the election.

He declared the city clerk in refusing to place the names of suspected registrants on the poll books violated the state law and intimated that an injunction would be sought to restrain Reading from continuing the investigation.

Was Told to Register.
Meanwhile, Reading declared he had no intention of halting the work and would continue it unless restrained by legal action.

Included in the testimony presented by the prosecution in the trial of Smith was an affidavit disclosing a statement by Smith declaring he had been told to register by William C. Weller, assistant superintendent of the city sewer department.

The police have investigated over 1,500 alleged fraudulent registrations and several scores of warrants have been issued for arrest of the suspects.

Candidates for mayor are Mayor John W. Smith, and John C. Lodge, former president of the city council.

Thirty-three additional warrants were issued today for arrest of suspected violators of the election laws.

In addition to quoting the state law regarding registrations, Mr. O'Neill quoted an opinion of the state supreme court which reads: "Inspectors are sometimes parti-

son and sometimes corrupt and the clear purpose of the act (section 8, public acts of 1925) is to take from them all discretionary and judicial power, and confer upon them a purely ministerial function. The qualification of the voter is no concern of theirs. Upon taking the oath his vote must be received; if he swears falsely, the law provides a way to deal with him."

In commenting on this connection, O'Neill said: "Suspicion Not Sufficient. That citation has been repeatedly upheld by the supreme court of this state and courts of other states. It is clearly evident the courts will not permit any election official to refrain on his own motion from registering any voter who takes the proper oath. Mr. Reading and his clerks perform ministerial duties only. The decisions throughout the country are unanimous in safeguarding the individual's rights against arbitrary action by any ministerial officer."

"Suspicion alone would not even justify a court from withholding from a voter his right to vote. It would be absurd to believe that he would be denied that right without a hearing and trial of the case as to law and fact before a jury."

Mr. O'Neill before making public his statement appeared at the city clerk's office to notify Mr. Reading of his opinion relative to the investigation.

When O'Neill left, Reading stated that the corporation counsel had not declared whether he appeared as a campaign manager or as the city's representative. O'Neill has spoken at various campaign meetings, recently espousing the cause of Mayor Smith.

BOOTLEG KING WILL BE TRIED

Remus Waives Right to Examination; Trial on November 14

Cincinnati, O., Nov. 4.—(P)—George Remus, the one time king of bootleggers, waived his right in an insanity examination today and agreed to stand trial on November 14, on a charge of first degree murder for the killing of his wife, Mrs. Imogene Holmes Remus.

Agreement to waive the insanity hearing was reached at a conference between Remus, his colleague, Charles Elston, and Prosecutor Charles P. Taft, II, and Judge Chester R. Shook. The insanity hearing was to have opened Monday morning. Judge Shook said that the three alienists appointed to examine Remus had requested more time and that in view of Attorney Elston's plan to question the constitutionality of the new Ohio insanity hearing law, time could be saved by waiving the insanity hearing and proceeding with trial of the murder charge.

Judge Shook said he would hear arguments on all depositions before the trial opens, so that any objections might be made without taking up unnecessary time at the trial. The depositions hearings will begin Monday.

Will Accept Decisions
Judge Shook announced that the court alienists would be at the trial and could be summoned to testify at any time by either the state or defense.

Remus announced that the defense would abide by any decisions of the court alienists.

Remus pleaded insanity when he was arraigned for shooting his wife to death in Eden park here October 6, an hour before their divorce suits were to be heard in domestic relations court.

He had charged that a conspiracy existed against his life and that his fortune had been taken over by his wife and Franklin L. Dodge, Jr., former federal prohibition agent.

Sleet Storm Forces Lindbergh to Land

New York, Nov. 4.—(P)—Colonel Charles A. Lindbergh and Major Thomas G. Lanphier, who took off for Buffalo from Mitchell Field, near here, in separate planes, today, were forced down by rain and sleet near Binghamton, N. Y. Colonel Lindbergh notified friends here.

The planes were undamaged, he said, and they planned to go on tomorrow, landing at Buffalo for fuel and continuing on to Selfridge Field, Detroit, where Lindbergh will be the guest of Major Lanphier for several days.

During an attack of bronchial pneumonia, the heart of an Australian baby stopped beating eight times. Massage was successfully applied by doctors and the child lived.

Fall Activity Is Lacking in Market

New York, Nov. 4.—(P)—Dunn's tomorrow will say: A new month has begun with a full development of fall activity still lacking and with various drawbacks continuing, yet with some strengthening tendencies manifest. Certain encouraging indications which have been recently absent have begun to appear, and these phases, although not sharply defined, are promising auguries. Among them: the firmer price undertone in some quarters, including the steel industry, is of significance, and the monthly index number reveals another slight upturn. The advance has been chiefly in food stuffs, but increases also have occurred in some manufactured products, and there are rather less frequent evidences of concessions by sellers. The relatively low position of prices for many commodities, however, affects the profit margins of producers, and this remains one of the unsatisfactory features. It is reflected in statements of corporation earnings, yet even these reports, if in most cases under the best previous records, continue to be comparatively favorable. Allowance should be made for the fact, in viewing the present status of business, that activity has been maintained at a high level for several years, and that some letdown was inevitable.

Recommend Green to Remove Sheriff of Monroe County

Monroe, Mich., Nov. 4.—(P)—The removal of Sheriff Jos. Kinney, of Monroe county, was again recommended to Gov. Fred W. Green today by Circuit Judge George W. Sample, who has been conducting a one man grand jury inquiry into law enforcement conditions here. Judge Sample filed additional charges dealing with alleged illegal disposal of liquor confiscated in raids by the sheriff. In one of the charges it is alleged the sheriff received \$210 for a quantity of seized liquor that ultimately reached Frank Purnal, said to have operated a blind pig.

W. Byron Gilday, wealthy Erie township farmer, and C. J. McCormick, stenographer in Circuit Judge Jesse Root's court were named as involved in the handling of liquor between the sheriff and its alleged purchasers. Judge Sample already has recommended the disbarment of William Haas, former prosecutor and now a practicing attorney here as the result of the earlier investigation.

Supreme Court May Order Payment of Interest on Bonds

Lansing, Mich., Nov. 4.—(P)—A supreme court order may be required before the state will pay the principal and interest on a \$1,000,000 bond issue authorized by the state fair board in 1923. Attaches of the treasury department said today the interest which was due this week is being held up.

W. W. Potter, attorney general, recently rendered an opinion at the request of Frank D. McKay, state treasurer, in which he held that the issue was illegal because the fair board had no authority to pledge the credit of the state. Potter stated, however, he believed the bonds should be honored because the state received the money and is morally obligated.

BANK AUDITOR FACES CHARGE

Detroit Man Tells Strange Story of Blackmail Case

Detroit, Mich., Nov. 4.—(P)—Walter Radke, former teller and assistant auditor of a branch of the National Bank of Commerce here, was arrested today charged with embezzling \$115,000 of the bank's funds. A short time after Radke's arrest, Claude Smith, 50 years old, of Saginaw, was taken into custody and held incommunicado while a third man is sought by police and department of justice operatives.

Radke, apparently relieved by his arrest, told a strange story of blackmailing, declaring that not one dollar of the funds had gone into his pocket.

Four years ago, Radke said, two men, whom he knew, asked him to make good a check for which funds in the bank were not sufficient. He said he paid the check and when he asked for a return of the money was threatened with exposure. Later, other checks were handled in the same way, he said, by charging them against the accounts of large creditors. Bank officials said Radke had been a competent, trusted employe until a short time before his dismissal when his work became erratic and mistakes were frequent.

Testimony Shows Strangler Is Sane

Winnipeg, Man., Nov. 4.—(P)—Testimony that repeated examination had shown Earle Nelson, alleged "dark strangler," to be sane and normal, was given today at Nelson's trial by Dr. A. T. Mathers, psychiatrist of Winnipeg General hospital. Nelson is charged with the murder of Mrs. Emily Patterson, with an indictment in reserve for the slaying of 14-year-old Lola Cowan.

Dr. Mathers said he had visited Nelson many times in prison and that "every test known to medical science has shown him to be perfectly sane."

His testimony followed that of Nelson's wife and aunt, who had told of the defendant's many eccentricities from boyhood, and came after the defense had introduced records purporting to show that Nelson had been an inmate of an insane asylum at Napa, Ca., at various times between 1921 and 1925.

HERMANSVILLE WOMAN PASSES

Mrs. David Downey Victim of High Blood Pressure

Hermansville, Nov. 4.—(Special)—Mrs. David Downey, wife of David Downey, Hermansville's oldest living resident, passed away from high blood pressure at her home Thursday, at the age of 65 years, 11 months and 15 days. Her husband and daughter were at her bedside when she died.

Mrs. Downey was born in Canada November 19, 1861, and came to Hermansville together with Mr. Downey, April 6, 1887. Mrs. Downey has been in poor health for many years, and on October 31, 1924, her illness became more serious. For the last eighteen months she has been unable to walk. Wednesday her condition became critical and the immediate relatives were summoned. She was conscious to the last.

Mrs. Downey was one of the first members of the Hermansville Methodist Episcopal church, and for 37 years had been a faithful and zealous member, an earnest Christian and a patient sufferer.

She is survived by her husband, David Downey, her daughter, Sarah Ellen, and two brothers, William H. McMullin of Manistique and George McMullin of Ironton, Mich. Services will be held from the Hermansville Methodist Episcopal church Monday noon. Interment will be made at Riverside cemetery, Menominee.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified crocote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, crocote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to crocote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the crocote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

AMUSEMENTS

AT THE DELFT
Suitability in selecting the cast for "Rich Men's Sons," which will be shown at the Delft again today.

Shirley Mason, the diminutive star of "Sweet Rosie O'Grady" and other photoplays, was chosen for the feminine lead—a young girl who assumes active charge of a large steel mill.

Ralph Graves, who sprang into notice with D. W. Griffith in "Dream Street" and who has achieved a reputation for a unique type of screen comedy portrayal, was selected to play opposite Miss Mason. His role is that of a rich man's son disowned by his father; George Fawcett is the father; Frances Raymond, the society mother; Robert Cain, the heavy; Scott Seaton, the girl's father; Walter James, a mill-worker and Johnny Fox, the office boy.

AT THE STRAND

"The Last Outlaw" a corking Western, is the current offering at the Strand. Gary Cooper is starred and Jack Luden and Betty Jewel featured in Paramount's latest open range drama.

In it, Cooper assumes the role of sheriff in a town which is overrun by rustlers and cattle thieves. At first he isn't quite able to find out who the honest men are. However, the clouds soon roll away. Then—he sets out to get his men—and he does. The director of "Wet Paint" Arthur Rosson, made "The Last Outlaw."

WHAT PUTS EYE IN BIRDSEYE?

Nobody Knows But Uncle Sam Will Try to Find Out

Uncle Sam is going to send a forestry expert to Escanaba and vicinity to determine, if possible, "what puts the eyes in birdseye maple?" it became known yesterday at the plant of the Birdseye Veneer company.

This question is one that has puzzled the forest products industry for many years. A wide variety of explanations has been offered, but none of them is entirely convincing. It was explained by C. J. Byrnes, general manager of the Birdseye company.

The United States department of forestry, it is understood, will attempt to determine whether the birdseye wood can be grown from seed. The expert will probably accompany local cruisers on some of their trips through the forests in search of birdseye maple trees and will also carefully examine woods in the veneer plants here.

Woman Injured in Fall Down Stairs

Mrs. Andrew Johnson, 119 South Nineteenth street, fell down a flight of stairs at her home Wednesday evening and sustained a compound fracture of the left arm and a dislocated elbow. Mrs. Johnson was taken to St. Francis hospital where she was restfully easily yesterday afternoon, but will be laid up for some time.

Johnson Inquest Date Not Set; May Wait for Quist

The time and place of the coroner's inquest into the circumstances surrounding the death of Rudolph Johnson in the automobile accident at the Chatfield plant crossing of the Escanaba and Lake Superior railroad Thursday afternoon, had not been set by local officials last night. The date, it was said, may depend upon the condition of Adolph Quist, driver of the car, who is still a patient at St. Francis hospital, who will be an important witness.

The police department continued its investigation by having pictures and sketches made of the scene of the smashup, and taking statements from eye-witnesses.

No important facts, other than those contained in earlier accounts of the tragedy, had been uncovered it was said.

Trenary Man Hurt, Falls from Wagon

Robert Goodman, 28, of Trenary sustained a triple fracture of the right leg and a wrenched back when the load of cord wood upon which he was riding tipped over into the ditch near Trenary Wednesday afternoon, throwing him under the load. In some manner the standard on the wagon broke, causing the wagon to topple over. He was taken to St. Francis hospital where the fractures were reduced and he is as well as can be expected, although suffering great pain.

St. Francis Hospital

Mrs. Mary Lins, 413 South Seventh street, was admitted recently as a medical patient.

Mrs. Wilbert Nault is improving favorably.

The condition of Henry Mink is still unchanged.

Nestor Werdonen of Trenary was admitted suffering from severe cuts on his right wrist when the windshield in his car broke while he was attempting to raise it. The cuts were long and deep and very painful.

"With Nance O'Neil I agree—Luckies are most enjoyable"

Said Raoul Walsh, noted film director and leading man of "Sadie Thompson," to his father, Thomas W. Walsh, while "on location."

Nance O'Neil, Noted Tragedienne, writes:

"For some time I noticed that Lucky Strikes seemed to be the favorite cigarette of most men I knew. For this reason I tried them. I am happy to say that I have found Lucky Strikes to be the cigarette which I enjoy most without any attending throat irritation. Since smoking them my voice has always been in perfect condition."

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

"It's toasted"

No Throat Irritation—No Cough.

The scandalous ending of the trial of Harry Sinclair and Albert Fall, coming as it did on the heels of a long string of scandalous happenings, failed to jolt the country a great deal.

Harry Sinclair, we are told, sat smilingly and jauntily in court while the serious charges affecting the defense were reviewed by the judge, apparently unconcerned by the damaging inferences.

The cases form one of the most sordid pictures imaginable—fraud, corruption and public faithlessness, all attested to by the United States Supreme court.

If the government can not convict Fall and Sinclair it is going to be difficult to explain to the "poor man" who falls into the clutches of the law, that all men have equal chances before the bar of justice.

"What makes the eyes in birdseye maple?"
It sounds like one of the old-time vaudeville wheezes about "what becomes of your fist when you open your hand?" but it isn't that type of query at all.

What makes the eyes in birdseye? Uncle Sam's answer to the question is going to be highly interesting to the people of this community in which birdseye veneer is a highly important product.

THE FIRST SNOW.

The air, hereabouts, was filled with flying snowflakes yesterday, and their presence was a grim reminder that Indian summer is over and that winter is just around the corner.

The Escanaba community is going to be blanketed with snow for several months, and it isn't going to be long before the blanket is dropped into place.

The BENSON MURDER CASE

by S. S. VAN DINE

CHAPTER XLV

(Wednesday, June 19; 4:30 p. m.)
"The quest for enlightenment upon which we are now embarked," said Vance, as we rode up town, "may prove a bit tedious. But you must exert your will-power, and bear with me. You can't imagine what a ticklish task I have on my hands. And it's not a pleasing one either. I'm a bit too young to be sentimental, and yet, d'ye know, I'm half inclined to let your culprit go."

"Would you mind telling me why we are calling on Miss St. Clair?" asked Markham resignedly.

Vance amiably complied.
"Not at all. Indeed, I deem it best for you to know. There are several points connected with the lady that need elucidation. First, there are the gloves and the handbag. Nor poppy nor mandragora shall ever medicine thee to that sweet sleep which thou ow'st yesterday until you have learned about those articles—eh, what?—Then, you recall, Miss Hoffman told us that the Major was lending an ear when a certain lady called upon Benson the day he was shot. I suspect that the visitor was Miss St. Clair; and I am rather curious to know what took place in the office that day, and why she came back later.

"Also, why did she go to Benson's for tea that afternoon? And what part did the jewels play in the chit-chat?—But there are other items. For example: Why did the Captain take his gun to her? What makes him think she shot Benson?—he really believes it, y' know. And why did she think that he was guilty from the first?"

Markham looked sceptical.
"You expect her to tell us all this?"

"My hopes run high," returned Vance. "With her verriest parfit gentil knight jalled as a self-confessed murderer, she will have nothing to lose by unburdening her soul. . . . But we must have no blustering. Your police brand 'f aggressive cross-examination vill, I assure you, have no effect upon the lady."

"Just how do you propose to elicit your information?"

"With morbidez, as the painters say. Much more refined and gentlemanly, y' know."

Markham considered a moment.
"I think I'll keep out of it, and leave the Socratic elucens entirely to you."

"An extraordinarily brilliant suggestion," said Vance.

When we arrived Markham announced over the house-telephone that he had come on a vitally important mission; and we were received by Miss St. Clair without a moment's delay. She was apprehensive, I imagine, concerning the whereabouts of Captain Leacock.

As she sat before us in her little drawing-room overlooking the Hudson, her face was quite pale, and her hands, though tightly clasped, trembled a little. She had lost much of her cold reserve, and there were unmistakable signs of sleepless worry about her eyes.

Vance went directly to the point. His tone was almost flippant in its lightness; it at once relieved the tension of the atmosphere, and gave an air bordering on inconsequentiality to our visit.

"Captain Leacock has, I regret to inform you, very foolishly confessed to the murder of Mr. Benson. But we are not entirely satisfied with his bona fides. We are, alas! awash between Scylla and Charybdis. We can not decide whether the Captain is a deep-worted villain or a chevalier sans peur et sans reproche. His story of how he accomplished the dark deed is a bit sketchy; he is vague on certain essential details; and—what's most confusing—he turned the lights off in Benson's hideous living-room by a switch which positively doesn't exist."

"Consequently, the suspicion has crept into my mind that he has concocted this tale of derring-do in order to shield someone whom he really believes guilty."

He indicated Markham with a

Boys Sew and Bake, Girls Tinker, in School Experiment

Cleveland (AP)—The curricula of Cleveland high schools has been considerably scrambled this year with boys sewing on buttons and baking biscuits, while some of their girl friends are tinkering with door bells and learning how to make the electric iron work.

Registration for the "bachelor" class was heavy, the quota of 60 being reached during the first few hours, with more than 100 disappointed.

Opal: Brother Congo, I hear Sis Johnson's dead. When's she gwine to be interred?

FLAPPER FANNY SAYS

Girls nudge one another on the way to school and giggle a bit about the newly acquired tasks of their male classmates, but the "bachelors" take their work seriously, turning out their domestic products well, although manifesting man's kitchen ineptness at times.

As a fair exchange, school officials offered a group of girls a chance to learn how to hammer and saw and do odd jobs of fixing, and that study became instantly popular.

So more than 50 girls at Patrick Henry junior high school are learning to fix the kitchen faucet, construct radio sets and do other things long set apart for men.

DELTA COUNTY ROAD GUARDED

Steps Taken to Prevent Convicts From Breaking Out of U. P.

Delta county sheriff's deputies are still guarding the highway between Rapid River and Treenay to prevent any attempt of Leo "Woolverine" Parent, escaped convict from Marquette prison, to break through into this corner of the peninsula. Parent is thoroughly familiar with this district and it is believed that he may try to return to Escanab or Gladstone in his effort to get out of the peninsula.

Remembering Parent's spectacular "one-hand" robbery of the Republic bank a couple of years ago, officers have a feeling that the desperado may attempt a similar "job" before he gets out of the up-state district. Precautions have been taken in virtually every community to forestall any such attempt.

There is a feeling among local officers, also, that Parent is likely to steal an automobile at any time and make a dash for one of the roads leading out of the peninsula. For this reason, the day and night guard of the highway will be maintained for several days.

Reports from Marquette yesterday indicated that the trio of escaped convicts had been seen near Republic had "blown up" upon further investigation.

Farewell Parties for Friends.
Mr. and Mrs. A. D. Gabourie, 304 South Thirteenth street, left last night for Milwaukee where they will make their future home. Mr. and Mrs. Gabourie have been residents of this city for many years, and their many friends deeply regret their departure from this city. Both have been active in fraternal work here and during the past ten days several of the organizations of which Mrs. Gabourie is a member have entertained in her honor.

Members of the F. R. A., Escanaba High, L. O. T. M., Degree of Honor, Arbutus Camp, Royal Neighbors were among the lodges that entertained for Mrs. Gabourie and presented her with gifts. Mr. and Mrs. Isadore Cyr also entertained a number of relatives in honor of Mr. and Mrs. Gabourie Wednesday evening.

Card Party Sunday.
Members of the Five Hundred club of Schaefer will hold a card party Sunday evening for the benefit of Sacred Heart church. Excellent prizes will be awarded and a lunch served. The patronage of the public is solicited.

Owl Club Entertained.
The Owl club was entertained at the home of Mr. and Mrs. Arthur Walch, 415 South Second avenue, Thursday evening. Bridge was the chief diversion, the honorees being Mrs. Fred J. Hira, A. W. Cleerman and Mrs. Earl Casey. The hostess served a dainty lunch at the conclusion of the card program. The club will hold its next meeting at the home of Mr. and Mrs. Earl Casey, 1210 South Tenth avenue.

AFRICA WAS CRADLE OF MAN, BELIEF

Beloit, Wis. (NEA)—The skull of a man who lived 20,000 years ago is in the possession of Dr. George L. Collie, professor of anthropology at Beloit college here.

Experts of the French Archaeological society who have examined the treasure believe it to be at least that old. Should further study verify this finding, it will indicate, Dr. Collie says, that the cradle of man was in Africa and not in Asia, as has been generally believed.

The skull was found in Algeria by M. A. Debruge, a French scientist. Before he would surrender it to Dr. Collie, he demanded that it be insured for \$10,000. When they found that dead men weren't being insured in Africa, the Frenchman made the American promise to carry it attached to his person all during the trip back to America.

OBITUARY

MRS. DELIA TREPANIER.
The body of Mrs. Delia Trepanier, aged woman who died Thursday evening at a local hospital, following an accident in which she was struck by an automobile, will be removed from the Allo Funeral Home to the home of her niece, Mrs. Adrian Jolnt, 419 South Fifteenth street, Sunday morning, where it will remain until the hour of the funeral services, which will be held Monday morning at 9 o'clock at St. Joseph's church, with Rev. Fr. Bertrand Labinski as celebrant at the requiem high mass.

Mrs. Trepanier was a devout member of St. Joseph's church and was a daily communicant, and no matter how severe the weather, she attended services regularly. She was a member of the Third Order of St. Francis, the Married Ladies' Altar society and St. Croix Branch No. 3, United French Canadian societies.

Burial will be in the Schaefer cemetery where members of her sister's family are buried.

Out-of-town relatives who have arrived and who are expected to arrive in the city today are Mr. and Mrs. Theophile Duford, Iron Mountain; Mr. and Mrs. R. W. Frechette, Dafer, Mich.; Mr. and Mrs. Louis Duford, Iron Mountain, and Mr. and Mrs. William Duford of Milwaukee.

RUDOLPH JOHNSON.
The body of Rudolph Johnson will be removed from the Allo Funeral Home this morning at 10 o'clock to the home of his parents, Mr. and Mrs. John Johnson, 306 North Fourteenth street, where it will remain until 2:30 Sunday afternoon when funeral services will be held at the home, Rev. C. A. Lund officiating.

Mr. Johnson is survived by his wife, who was formerly Miss Mary Bourne of this city, a three-week-old daughter; his parents, Mr. and Mrs. John Johnson; two brothers, Albin Johnson of this city, and Emil Johnson of Iron Mountain, and one sister, Mrs. Walter Lippold of this city.

Mr. Johnson was accidentally killed Thursday afternoon when the car in which he was riding hit a train on the E. & L. S. railroad tracks on Stephenson avenue, near the Chatfield Brass and Iron Works. Burial will be in Lakeview cemetery.

WELLS POST OFFICE BURGLED; SENTENCED; ANOTHER PAROLED
Oral Smith, the "Dakota" burglar, hopped into circuit court yesterday, pled guilty to attempting to burglarize the Wells postoffice and drug store and was sentenced by Judge Frank A. Bell to serve from three to fifteen years in Marquette prison. The judge recommended a three-year term. Smith was arrested in a local hospital where he had gone to be treated for a gunshot wound accidentally inflicted in his leg by his own gun shortly after the burglary attempt. He will be taken to Marquette today.

Federal postal authorities, after investigating the case thoroughly, decided to permit Smith to be tried in circuit court here.

Oscar "Boots" Johnson was the eighteenth man to be placed on parole during the term by Judge Bell. Johnson pled guilty to violating the state prohibition law. The terms of his parole, like all the others, require him to get out of the liquor business and stay out of it, remain away from places where liquor is handled, and obey all other laws for a period of three years. The alternative is a sentence in Jackson prison.

Mayor George G. Geniesse and Mrs. Geniesse have returned from an extended vacation trip to Minneapolis, South Bend and other points in the middle-west.

Mrs. James Drush, 1219 South Ninth avenue, is visiting in Sheboygan and Milwaukee.

Charles Folio, who has been ill with an attack of lumbago, is able to be out again.

Mr. and Mrs. James E. Turnquist have left for their home after a brief visit in the city.

Miss Jennie Nelson of Milwaukee is visiting with relatives in the city.

Emil Johnson of Iron Mountain was called to this city by the death of his brother.

The condition of Adolph Quist, who was injured Thursday afternoon when he drove his car into a train on Stephenson avenue near the Chatfield Brass and Iron Works is still unchanged. Quist sustained severe scalp wounds and probably internal injuries as his chest was badly injured. He was extremely nervous yesterday at a late hour. No visitors will be allowed until further notice.

Con Driscoll is spending the week-end at Chicago.

Mr. and Mrs. Theophile Duford, Mr. and Mrs. Louis Duford of Iron Mountain, Mr. and Mrs. William Duford of Milwaukee and Mr. and Mrs. R. J. Frechette of Dafer, Mich., were called to this city by the death of Mrs. Delia Trepanier.

Reassessment of Houghton County Stated by State

Houghton, Nov. 4.—(AP)—In accordance with a request by the county board of supervisors, the state tax commission has started a reassessment of all property, both personal and real, in Houghton county. The purpose of the reassessment will be to arrive at an equitable equalization of values for tax purposes between the various townships and municipalities. The work will be done by special experts in the employ of the state tax commission.

The work has already been started by Erroy E. Brown of Marquette, William McNally of Garden and Al Lowry of St. Louis, Mich., examiners for the state tax commission. As soon as these three men complete the preliminary arrangements, three or four additional experts from lower Michigan will be sent here to assist.

Public hearings will then be held and the state, finally, will set an assessed valuation for a period of three years.

Judge Bell Sets New Speed Record in Circuit Court

The busiest term of circuit court in several years came to a close here at noon yesterday. During the ten days court was in session, 88 cases were disposed of by Judge Frank A. Bell. This is believed to be an all-time record for Delta county. In addition to those disposed of, a number were continued or otherwise handled by the court.

Of the 88 cases, 41 were "nolles" of criminal actions, some of which had been pending for several years. The last nolles were granted just before Judge Bell adjourned the term yesterday morning.

Three men received prison sentences, 18 were placed on paroles. The amount of business transacted at this term—Judge Bell's first since his appointment to the office—leaves the calendar "clearer" than it has been in years, court attaches said.

Miss Sarah Lindquist of Oconto Falls, Wis., is visiting with friends in the city.

Growing Youth Needs Strong Healthy Bodies

Little bundles of concentrated action... working and romping and racing from morning 'til night... what a world of energy they burn up in the course of a day!

And how do the mothers of these little ruffians keep them brimming with health and energy? The answer is right feeding—careful attention to the foods which make up their children's diet.

One of the most important of these foods is good, pure butter.

Mrs. Delle Ross, dietician, has this to say, "Butter is among the most concentrated energy foods known to man. Important tests by scientists in this country and abroad have proven that butter in the diet increases the weight and height of children in the formative period."

It is now known that butter's amazing health and growth-promoting qualities are due not alone to food calories. In an even larger way, they lie in a rich content of those important substances known as vitamins.

This butter is made to meet the needs of growing children

Menus for Family

BY SISTER MARY

Breakfast—Baked pears, cereal, cream, broiled cottage ham, creamed spinach, whole wheat toast, milk, coffee.

Luncheon—Baked rice and cheese, French endive with French dressing, floating island, milk, tea.

Dinner—Stewed chicken, grilled sweet potatoes, creamed onions, stuffed pear salad, fruit jelly with whipped cream, sponge cake, milk, coffee.

Baked Rice and Cheese.

Two cups boiled rice, 2 cups canned tomatoes forced through a sieve, 1 teaspoon salt, 2 tablespoons minced sweet pepper, 2 tablespoons minced celery, 2 teaspoons onion juice, 2 tablespoons butter, 1 cup grated cheese, 4 tablespoons buttered crumbs.

Combine rice and tomato pulp. Mix thoroughly and add salt, pepper, celery and tomato juice. Mix well and stir in melted butter. Place a layer of the mixture in a well buttered baking dish. Cover with a layer of grated cheese and continue layer for layer until all is used, letting the last layer be of cheese. Cover with buttered crumbs and bake thirty minutes in a moderate oven. Serve from the baking dish.

Breakfast—Halves of grapefruit, spinach with poached eggs on toast, whole wheat muffins, milk, coffee.

Luncheon—Potato and onion pudding, toasted muffins, pear and peanut butter salad, grape sponge, milk, tea.

Dinner—Hamburg roast, steamed rice with tomato sauce, squash croquettes, celery and apple salad, rolled oats bread, date and nut pudding, milk, coffee.

Potato and Onion Pudding.

Four medium sized potatoes, 1 medium sized onion, 1 teaspoon salt, 1 1/2 teaspoon pepper, 4 tablespoons butter, 2 eggs, 4 tablespoons buttered crumbs, 4 tablespoons milk.

Pare potatoes and cut in halves. Peel and cut onions in thick slices. Cook in boiling water to cover until tender. Drain. Put vegetables through a ricer. Season with salt, pepper and butter and beat well. Beat eggs, until light, with milk and beat into vegetable mixture. Turn into a buttered baking dish, cover with buttered crumbs and bake 25 minutes in a moderate oven. Serve from baking dish.

Breakfast—Grapes, cereal cooked with chopped figs, cream, fish cakes, crisp rye toast, milk, coffee.

Luncheon—Oyster stew, celery and cabbage salad, chocolate bread pudding, milk, tea.

Dinner—Ham baked in sweet cider, twice baked sweet potatoes,

We sell Deer Licenses and pack hunting orders in No. 1 shape. We also sell cartridges.

BASKET :-:

creamed spinach, head lettuce with French dressing, cheese-sticks, combination sherbet, vanilla cookies, milk, coffee.

Since children under school age or under eight years of age were served oysters for their luncheon, meat is not necessary for their evening meal. They will find an excellent variety in the sweet potatoes, spinach, salad, and dessert without missing the ham.

Combination Sherbet.
Three lemons, 3 oranges, 2 cups granulated sugar, 4 cups milk, 1 cup cream, 1 tablespoon granulated gelatin, 4 tablespoons cold water. Squeeze juice from lemons and oranges and press pulp of bananas through ricer. Mix thoroughly with sugar and stir in gelatin softened for five minutes in cold water and dissolved over hot water. Add milk and turn into freezer. Freeze to a "mush," and beat in cream beaten until firm. Finish freezing and serve in orange shells.

Breakfast—Honeydew melon, cereal, cream, creamed dried beef, crisp waffles, milk, coffee.
Luncheon—Eggplant sticks on toast, tomato and banana salad, brown bread and butter sandwiches, oatmeal cookies, milk, tea.
Dinner—Baked fresh ham, grilled sweet potatoes and apples, creamed carrots, sliced peaches, plain cake, milk, coffee.

Eggplant Sticks on Toast.
One medium sized eggplant, 3 tablespoons butter, 2 tablespoons flour, 1-4 teaspoon salt, 1-8 teaspoon pepper, 1 cup water, 2 tablespoons lemon juice, 4 tablespoons grated cheese, triangles of hot buttered toast.

Cut eggplant into halves lengthwise. Remove seeds and cut flesh into strips. Pare off outside covering. Drop into boiling salted water and cook until tender. Drain. In the meantime melt butter in a smooth sauce pan, stir in flour and slowly add water, stirring constantly. Add salt and pepper and bring to the boiling point. Simmer five minutes. Beat in lemon juice. Carefully stir the eggplant into the sauce, taking care not to break the vegetable. Serve on triangles of toast and sprinkle with grated cheese.

Breakfast—Stewed prunes, cereal, cream, crisp broiled bacon, creamed potatoes, oven toast, milk, coffee.

Luncheon—Timbales of cauliflower with tomato sauce, toasted cheese sandwiches, chilled apple sauce, chocolate squares, milk, tea.
Dinner—Roast chicken, gravy, mashed potatoes, broccoli in Hollandaise sauce, grape fruit and endive salad, coconut custard pie, milk, coffee.

Broccoli belongs to the cabbage family and is quite delicate in flavor. It contains more fat than

cabbage but less mineral salts. Let stand head down in cold salted water for an hour before cooking. Boil gently in salted water until tender and drain thoroughly and immediately. If left in the water after it is done, it will break, lose its color and become wilted.

Chocolate Squares.
Two squares bitter chocolate, 4 tablespoons melted butter, 1 cup granulated sugar, 1 egg, 1-2 cup flour, 1-4 teaspoon salt, 1-8 teaspoon vanilla, 1-2 cup broken hickory nuts.
Melt chocolate over hot water. Add melted butter and stir well. Add sugar and stir until thoroughly mixed. Beat egg slightly and stir into mixture. Mix and stir first flour and salt and stir into first mixture. Add nuts and vanilla and mix well. Spread on an oiled pan and bake in a moderate oven for 25 minutes. Remove from oven and mark off in squares. Let stand in the pan until cool. The squares will harden as they cool.

To make dumplings for a stew, prepare dough as for baking powder biscuits. Roll out about half an inch thick, cut with a small cutter, and cook for 10 minutes on top of the boiling stew. The kettle should be kept covered during the entire time the dumplings are cooking.

MARBLE ARMS BUSINESS GOOD

Local Concern Receives Large Orders for Outdoor Goods

An increase in the demand for their line of outdoor specialties is reported by the Marble Arms and Manufacturing company of this city, which since 1893 has been manufacturing equipment for the hunter, fisherman and outdoor enthusiast.

Business has been better this year than it has been for the last four or five years, and the plant is now winding up the busiest part of its selling season. Shipments are heaviest in the months of August, September, October and part of November when sporting goods dealers all over the United States are stocking up on this particular line of goods.

Export Business Brisk.
The company continues to do considerable export business, large shipments of knives and axes having been made in the last two months to the Latin-American countries, the Philippines, India, Australia and the leading European countries. A new foreign field which has opened recently for Marble products are the countries of Czechoslovakia, Austria and Hungary, who have been buying gun rods, knives and hatchets.

Marble's goods have played a part in several epochal events in history. David B. Putnam, son of the New York publisher, who recently returned from a several months' exploration trip into Baffin Land, purchased a quantity of knives to use for trading with the inhabitants of the north country. Donald MacMillan carried several Marble's match boxes on his voyage to Greenland some time ago, and Robert Peary is understood to have possessed one on his famous trip to the North Pole. There are many other similar incidents in which the local company's products have figured, no doubt, but it is quite difficult to obtain such information. It was reported that Redfern, who made the ill-fated flight from Brunswick, Gr., into the Brazilian wilds, took a Marble's game getter gun with him to use in killing game in the event he was forced to land in some uninhabited region. As Redfern has not been heard of since his takeoff, it cannot be learned whether the report of his carrying such a gun is true.

New Shotgun Rod.
A new shotgun rod recently was placed on the market by the local company, and it has been enthusiastically received by outdoor sportsmen. The rod is made of a solid, light aluminum alloy metal, three-eighths in diameter and in three sections. It is as light as wood but considered to be stronger. The joints are heavily threaded, and the knob can hold rods for cleaning and oiling 10 to 29 guage shotguns.

Another new article recently introduced is the Marble's gift set, which consists of an attractive velvet lined case containing a waterproof match box and compass, two of Marble's most popular articles for sportsmen. The gift set retails at a moderate price, and large orders have been received from dealers who intend to sell them during the Christmas holiday season.

Thompson's Fight Against British Propaganda Rests

Chicago, Nov. 3.—(AP)—Two of the central figures in the assault upon King George of England and pro-British propaganda were out of Chicago today and the day was one of rest in the verbal cannoning of the America First Legion.

Mayor William Hale Thompson and U. G. (Sport) Herrmann were elsewhere and a projected battle between the British Red Coats and the defendants of proper recounting of the occurrences of the Revolutionary era was put over until November 17 when a court hearing of the mayor and commissioner from burning books was postponed.

The school board trial of William McAndrews, suspended superintendent of schools, out of which grew Mayor Thompson's attack upon pro-British and anti-American propaganda, was in its usual weekly eclipse after a one day week session yesterday.

THEATRES

AT THE LYRIC.
Bob Custer's latest starring production for FBO "Bulldog Pluck" is completing an unusually successful run at the Lyric theater with its last showings today.

The picture is a virtue story of the West, set in the cattle range country during one of the most stirring periods of the history of the winning of the West. Custer is seen as a rancher and gambler house proprietor whose ruthless daring is tempered only by the youthful romance which strives for expression in heroic action.

Viola Daniels plays the leading feminine role. Her flower-like beauty and vivacious charm causes her to become the object of the adoration of Custer and likewise of the unscrupulous villain of the story played by Richard R. Neil. This romance becomes a vital part of the swiftly moving action of the thrilling story.

COMING SOON.

George K. Arthur, who first appeared on the screen with Marion Davies in "Lights of Old Broadway," and who later played the role of Prince Oscar in "Beverly of Graustark," is to be seen again with the Cosmopolitan star, in her latest production, "Tillie the Toiler." He is coming to the Lyric theater. He has the role of Mr. Whipple, pompous office manager of the Simpkins establishment.

AT THE RIALTO.

"The Night Cry," the Warner Brothers classic of the screen which is showing tonight at the Rialto theater, shows Rin-Tin-Tin, the famous dog star, in his biggest and best role, and the picture itself is thrilling and forceful.

June Marlowe gives a delightful performance as a plucky little pioneer wife, eager to save Rinty, the shepherd dog from the villain, (Gayne-Whitman). John Harron plays her husband, little Mary Miller her baby, and the cast also includes Don Alvarado and Heinie Conklin.

Rin-Tin-Tin, in the picture, has been falsely accused and persecuted for plundering the flocks of sheep, and the Martin family tries to protect him from the wrath of the other shepherds. The dog knows that a condor has been responsible and pursues the bird of prey in vain. Finally in a thrilling fight with this vulture, he saves the Martin baby from its talons and vindicates himself.

Herman Raymaker has made an excellent production from the story by Phil Klein and Edward Meagher, telling the homely tale of a pioneer family in swift, dramatic action. "The Night Cry" is decidedly worth while.

ENTERTAINS FRIENDS.
Miss Azalda MacIntyre entertained a number of her friends at a card party Thursday evening at her home. Pedro and five hundred were played, after which a delicious lunch was served. The guests were Mr. and Mrs. T. Scott, Mrs. O. Scott, Mr. and Mrs. A. Fenner of Masonville, J. Jacobson of Escanaba and Mr. and Mrs. C. A. Haglund of this city.

LOUIS PILON PASSES AWAY

Gunshot Wound Proves Fatal to Aged Gladstone Resident

Louis Pilon, 83, well-known resident of Gladstone, died at St. Francis hospital in Escanaba at 8:30 o'clock yesterday morning as the result of injuries received in the accidental discharge of a shotgun last Thursday night.

The wound was so serious that it was necessary to amputate the aged man's right leg. The accident occurred at the Pilon home while his son, Clinton, 23, picked up the gun to clean it following a hunting trip. Mr. Pilon was sitting in a chair near his son. The charge placed the right leg below the knee, and also injured the left leg above the knee.

Mr. Pilon was born in Montreal, Quebec, Canada, and has lived in this country for many years. He is survived by a widow, two sons and three daughters. Carlton of Milwaukee, who was here on a visit, Clifford of Los Angeles, Mrs. Carl Barth of Atlanta, Ga., Mrs. Jerry Driscoll, Butte, Mont., and Mrs. Norman Powers of this city.

Funeral arrangements are incomplete, pending word from relatives. The body was taken to the Allo Funeral home to be prepared for burial.

Rialto Building Being Improved

Many improvements are being made at the Rialto building by the Paramount Theaters, Inc., new owners of the amusement building.

L. W. Goddard, civil engineer, is directing the work of tearing down a concrete wall in the rear of the basement to make room for the enlargement of the bowling alleys. The runways will be lengthened to regulation size and additional space will be provided for spectators. The location of the alleys will be changed, all six to be grouped together.

A new Barton organ is being installed in the theater. This is one of the finest musical instruments of its kind on the market. Work on the canopy in front of the theater is almost completed.

TO RESERVE SEATS TODAY

Seats for the first Redpath lyceum course number, which will be held at the high school on Monday night, will be reserved at the high school office this morning, between 9 and 10:30 o'clock.

Members of the sales committee of the Parent-Teacher associations report that tickets are selling satisfactorily, and a large crowd is expected to attend Monday night's performance of the Chicago Male Quartet.

Law Saret, the woodman-poet, follows the quartet's engagement, being booked to appear here on January 10.

Saret came out of the forests of the Lake Superior country as a boy, and has followed a variety of occupations, including forest ranger, university professor and lecturer.

In Chicago he was a department store and a worker in a sweatshop. He knew poverty, loneliness and hunger. Later he found his way back to the North; in turn he became a life saver, a teacher of woodcraft in sportsmen's camps, a naturalist, a guide in the Canadian North, and a U. S. ranger in the Rocky Mountains. After he received his education—on funds that he earned in part by his work in the woods—at the University of Michigan, Beloit college, the University of Illinois, and Harvard university, he became first an instructor at the University of Illinois and later a professor at Northwestern university.

Growing Children Need Vitamins

It is all important for the welfare of the young child and its normal progress in growth and health—the formation of a strong bone structure, that the body be kept adequately vitamin-nourished.

The handicap that so often hinders the normal progress of children, is a failure to obtain from the daily diet a full quota of essential vitamins, the kind that abound in emulsified cod-liver oil, as in Scott's Emulsion.

START HUNTING TOO SOON; PAY FINES OF \$25

Three hunters found carrying rifles in deer hunting areas were fined \$25 each by Justice W. A. McKinney yesterday, on complaints filed by Julius Thorson. Arrests were made in Manistique and Doyle townships. Those arrested were: William Stralser, Barney Cole and Clifford Smith.

All pleaded guilty to charges of having rifles in a hunting area frequented by deer, without permit to do so.

LOCAL FARM IS NOW THE HOME OF 142 FOXES

Shipped here from farms owned by the same company in the vicinity of Milwaukee, Wis., a consignment of 142 silver black foxes arrived this week to stock the new Rock Ridge farm on Highway M-24, Hiawatha township.

Buildings, fences and pens on the local ranch were constructed during the past summer, and is now complete, safe for the final finishing touches on the superintendent's residence, to be occupied when completed by Mr. and Mrs. William Nelson. Quarters for the foxes are specially designed to protect the animals from drafts, and are enclosed by a series of wire netting fences, with a high board fence around the outside. A warehouse, garage, feed room, barn, and other smaller buildings are part of the equipment.

Foxes at the Rock Ridge ranch will be raised for their pelts only. It is claimed that fur produced in this region is of a superior quality.

Chamber Commerce Will Meet Tuesday

In order to avoid conflict with other events of the week, the regular monthly meeting of the Manistique Chamber of Commerce has been postponed from Monday evening to Tuesday evening, November 8, according to notice given yesterday by President H. L. Mead.

Due to the fact that meetings are scheduled for once a month only, there are a number of matters to come up at the session next week, and a full attendance of members is required for Tuesday evening. The usual luncheon will precede the business session.

Church Observing "Loyalty Month"

November has been designated as "Loyalty month," in the First Baptist church. The pastor is making a special appeal to all members of the church for one month of consistent loyalty to the services of the church.

He would like to see every member in his place. A large number have already expressed their willingness to cooperate and have agreed to attend the services unless prevented by illness or some other good cause. These have been given a loyalty bond with coupons attached, one for every service during the month. These coupons are redeemed at the services, interest being paid in inspiration and uplift. Everything possible is done to make this month devotional, inspirational and popular. The pastor will deliver special messages which will prove helpful not only to the members of the church but to the community at large. Extra music will be provided for every Sunday by the church quartet, the young people's choir and the newly organized male quartet and solos. Sunday morning the pastor will speak on the topic: "A Day in Capernaum," based upon the experiences of Christ in that city. The sacrament of the Lord's Supper will be observed. The church quartet will sing an anthem. The topic for the evening service is: "A Worthy Purpose." The special feature of this service will be the singing by the young people's choir and a solo by Mrs. L. C. Harbin, "Ever Near Me," by Jerome.

Indications are that the month of November will be one of the best in the history of the church. The public is cordially invited to share the good things from week to week and to attend all the services. F. H. McLellan and family expect to leave today for Pontiac where they will make their home.

Actual pictures of a gorilla hunt in wild Africa, described as the thrill epic of the century, provide something unusual for Manistique movie fans who see "The Gorilla Hunt," at the Gero theater tonight. This feature is replete with the kind of narrow escapes and dangerous adventures that get "under the skin," and are said to be unlike anything ever before filmed. The picture is an actual story of what transpired in an African jungle. Now read the Classified page.

Hilltops Meet Negaunee Here This Afternoon

MINERS BOAST GOOD RECORD

Fans Have Chance to See First Home Game in Three Weeks

Local football fans will get an opportunity this afternoon to see Coach Roels' Highlanders battle Negaunee, one of the best teams in the mining region this fall. The Miners have a record that is as good, if not better, than the Escanaba team's record for the year. Negaunee has won games over Marquette, Munising and Stephenson and as the season has progressed they have become stronger. The Negaunee aggregation is boasting of a victory over Marquette by a larger score than the Escanaba victory over the Prison City men.

Coach Roels, however, has expressed confidence that his Highlanders will have plenty of fight in reserve for the Negaunee riders and that they will be ready to meet the strongest attack that the Miners have to offer. Enthusiasm has run high at the high school all week and everything is in readiness for one of the best games of the year. The scoring punch of the Roelers has been bolstered by the addition of new plays and the shifting of positions during the week. Captain E. Snyder has been assigned the duty of punting and passing because of the loss of Demars for today's game. Esly football followers will also see in action today a new ball totter in Lachapelle, a halfback who has been used as a reserve all season. Erickson and Burns also will probably be used for a part of the game in a halfback position.

Expect Large Crowd.

A few of the Negaunee lads who have been making things tough for their opponents this year are Collins, center; Thoren, tackle; Hauserman, quarterback, and Connors, a halfback. Phillips, a fullback, is a hard hitting line smasher.

An unusually large crowd is expected to attend the game and see the Roelers in action in their first home battle in three weeks. Prin of Kingsford will handle the whistle for the fracas. Guelf of Marquette will be the umpire, and Norman of Ishpeming will handle the head linesman stick.

The lineup for this afternoon's battle is:

ESCANABA	NEGAUNEE
R. Snyder	Langlois
Labre	Chirrio
Vandenboom	Zuraw
Olson	Collins
Gaborie	Johnson
Erdman	Thoren
Gustafson	Thoms
G. Snyder	Connors
Lachapelle	Garrett

Hansen Knocks Out British Champion

New York, Nov. 4. (P)—Knut Hansen, "Melancholy Dane," knocked out Phil Scott, British heavy-weight champion, in the first round of a 10-round bout at Madison Square Garden tonight.

Scott, making his debut in an American arena, was floored seven times when the referee stopped the bout. At the start, Hansen sent the Englishman down for a count of three with a right jab to the head. Hansen kept pummeling Scott with right and left hooks, sending him to the resin six more times when the referee juggled the Britisher to his corner, senseless.

Leo Lomski, stiff-punching youngster from Aberdeen, Wash., hammered Yale Olson, of New York, into a decisive defeat in a 10-round semi-final. Lomski's vicious body punches had Olson reeling in each of the last five rounds.

PACKERS PLAY CHICAGO SUNDAY

Cardinals Next Opponents of Green Bay Team

Green Bay, Nov. 4. (Special)—Jim Durfee of Columbus, O., had been appointed by Pres. Joe F. Carr of the National Football league to referee the Packers-Cardinals game in Chicago on Sunday. "Horse" Edwards of South Bend, will be the umpire while E. Olson of Gary, Ind., will be the head linesman. Both Edwards and Olson handled the same jobs last season in the game at Normal park when the Bays put the skids under Chris O'Brien's hirelings, 3 to 0.

Durfee is the ace of President Carr's officiating staff. He is generally assigned to the important games. Last year the Columbus official worked the Packers-Detroit tilt in the Motor City and the Green Bay players were very well satisfied in the way he handled the contest.

President Carr in naming these officials heeded the request of the Packers management that no Chicagoans handle any of the Packers games in the Windy City. It is expected that capable outsiders will also officiate the Packers-Bear bout on November 20 at the Cubs park.

This is a tough week of drill for the Bays. Captain Lambeau is working the team at top speed in order to have the players in the pink for the tussle with the Cardinals. The injured list is clearing up a bit and it is quite likely that all of the hospital patients will be ready to take their places in the battle front when the whistle blows.

The Bays are not suffering from an attack of over confidence. The team knows that the Cards are pretty tough to beat in their own back-yard and what's more the players realize that Chamberlin and his gridders will all be turned up to high "C" in hopes of getting even for the licking they received here a few weeks back.

From the talk around town, the Packers won't be without friends in the south side ball park on Sunday. Many of the fans are going to make the trip to the Windy City. Some of the football followers are starting early Saturday so as to take in the Michigan-Chicago game as an eye opener to the pro football combat.

There should be a large crowd at the Columbus club for the grid-graph presentation of the week. This will be the first time this season that the dots and dashes have flashed across the board and many of the fans get a real kick out of the inside game. A direct wire will link Normal park, Chicago, with the C. C. C. and the happenings will be recorded at home only a few seconds after they are pulled off in Chicago.

Five Lettermen From Last Year on Cage Squad

With only two more games to be played on the football schedule, basketball will soon hold the spotlight of Escanaba high school athletics. Prospects for a successful season are very bright. The lettermen from last year who will be back on the squad again this year are: Stegath and Snyder, forwards; Olson, center, and Gustafson and Gunderman, guards.

Escanaba cagers this year will meet Ishpeming, last year's winners of the upper peninsula championship. This will be the first time in many years that Escanaba has met Ishpeming in an athletic contest. The schedule and the referees for the games are:

Dec. 9—Manistique, there.

Dec. 16—Ishpeming, here; Huffman, Munising.

Jan. 6—Gladstone, here; Williamson, Gwinn.

Jan. 13—Negaunee, there; Upshaw, Ishpeming.

Jan. 17—St. Joseph's, here; Erdlitz, Menominee.

Jan. 20—Menominee, here; Williamson, Gwinn.

Jan. 27—Marquette, there.

Feb. 3—So., here; Erdlitz, Menominee.

Feb. 17—Iron Mountain, here; Williamson, Gwinn.

Feb. 24—Gladstone, there; Williamson, Gwinn.

ROCK TO PLAY AT QUINNESEC

Rock, Mich., Nov. 4. (Special)—Rock high school will journey to Quinnesec Saturday to clash with the strong Quinnesec squad on the gridiron.

Coach Weingartner has been putting his team through stiff workouts this week in preparation for the game, and have his full strength out tomorrow afternoon. In the Manistique game last week, Rock was without the services of its star tackle, Roukola, who was disabled with a foot infection, and Kaukula, who was ill. Only eight regulars started in the game, but only six remained in the final half. Two of the substitutes weighed less than a hundred pounds.

SMITH CLOSES ESCANABA STAY

Bowling Champion Defeats Taylor 2138 Pins to 1931

Jimmy Smith, world's leading bowler, closed his three-day engagement at the Arcade last night by scoring 2138 pins in a 10-game match with Earl Taylor whose total was 1931 pins.

Smith scored 72 strikes, 41 spares, 8 splits and one error. Taylor had 45 strikes, 64 spares, 6 splits and 2 errors.

The champion's high score of the evening was 266 in the second game of the series. In that game Taylor also got his evening's high of 225 pins. Smith got 264 pins in the tenth game. Smith won six out of the ten games, Taylor taking the first, fourth, fifth and ninth stanzas.

Smith's average for the evening was 213.9, and Taylor's 197.1.

Following the match with Taylor, Smith rolled one game against Miss Adrienne Tounignant whose score was 176 to the champion's 225.

The match scores were:

Smith—186, 266, 203, 192, 185, 224, 214, 223, 181, 264. Total, 2138.

Taylor—190, 225, 182, 207, 216, 215, 175, 156, 205, 200. Total, 1931.

Leaving for Chicago.

Smith leaves Escanaba tonight for Chicago where he will spend next week. Then he will head for the Pacific coast, completing a western tour about the first of the year. In January he will turn back towards the Atlantic coast.

His stay in Escanaba was an enjoyable one for local bowling enthusiasts, and Smith declared last night that it was one of the most pleasant engagements he had filled in a long time. He was especially enthusiastic in his praise of the Arcade alleys and management and the treatment accorded him by local fans.

PERSEVERANCE PAYS.

Jimmy Smith, world's most famous bowler, displayed some of the fine shots of the bowling game in this city when he gave a three nights' exhibition at the Arcade Recreation Parlors, which closed last night.

Smith easily demonstrated that "practice makes perfect" and that a good bowler needs a great deal of practice. Each evening he gave a short lecture on bowling and encouraged new beginners to be persistent and try again until they had mastered the king of indoor sports.

Jimmy Smith began his career as a pin-setter in New York. Bill Lang of this city set pins in the same alleys with Smith many years ago and is one of Jimmy's most ardent admirers.

Smith began to bowl in tournaments many years ago and has won an enviable record throughout the country. He travels from city to city, giving one-night exhibitions and all records and scores are carefully compiled by his private secretary, Ray M. Bock, who has been with Jimmy for a long time. Each evening after the exhibition the secretary prepares items for Chicago and Milwaukee papers and enters all records of the evening's program in a book which will be published some time in the future.

Smith stated that the bowling alleys at the Arcade were among some of the best he had played on in many years. "The alleys," he said, "need constant care and attention and only with a great deal of work can they be kept in good condition. The local alleys are of the standard length and the equipment is of the best available."

During his three-day stop in this city Smith has made the acquaintance of many friends who attended each exhibition. The alleys were packed each evening and the games rolled were very interesting to the spectators.

Wednesday evening, Smith rolled a score of 2083, while his opponent, Carl Sawyer, rolled 1759. Smith's average was 208.3 and Sawyer's, 175.9.

Thursday evening, Smith defeated Win Schuldes by a scant margin of 35 pins when the two played an exhibition game. Smith rolled a total of 2076, averaging 207.6, and Schuldes rolled 2041, averaging 204.1 in the ten games.

Wednesday's games showed Smith had 60 strikes, 38 spares, 10 splits and 2 errors, while Sawyer had 24 strikes, 47 spares, 12 splits and 10 errors.

Thursday evening Smith had 55 strikes, 46 spares, 5 splits and one error while Schuldes had 53 strikes, 42 spares, 8 splits and three errors.

CHARGE PLACED AGAINST BOXER

Joe Dundee Must Defend Himself Against Court Action

Los Angeles, Nov. 4. (P)—Joe Dundee, world's welterweight boxing champion, was arrested tonight by police of Pasadena, near here on a Los Angeles warrant, charging false advertising in connection with the title bout fiasco here last night.

Dick Donald, promoter of the bout in which Ace Hudkins, Nebraska "wild cat" sought to win Dundee's crown, was the object of a police hunt in Los Angeles. He also is wanted on a warrant charging false advertising.

The title holder's manager, Max Waxman, also was arrested on the false advertising charges.

They were taken into custody by the Pasadena officers when the Santa Fe train pulled into the station there. The officers found Dundee and his manager aboard. Although Dundee put up an argument of several minutes, he and his companion accompanied the officers docilely.

Los Angeles, Cal., Nov. 4. (P)—Joe Dundee, world's welterweight champion, who declined to defend his crown against Ace Hudkins of Nebraska last night in the absence of a reported guarantee of \$60,000, today was faced with the necessity of defending himself against criminal action.

The Baltimore title-holder, his manager, Max Waxman, and promoter Dick Donald were charged with false advertising in warrants issued by the city prosecutor.

Possibility that the charge might be increased to "attempting to obtain money under false pretenses," appeared later when it was learned that the prosecutor contemplated such action if any of the ticket holders cared to make the complaint. When Dundee refused to enter the ring at Wrigley baseball field, members of the commission pointed out that they had no knowledge of the reported guarantee to the champion.

The commission today looked over Hudkins' claim to the welterweight crown by default, and tabled it. A crowd of angry ticket holders, with tickets ranging in value from \$2 to \$11, stormed Donald's office and demanded return of their money. As a result of the Better Business Bureau representatives called on the city prosecutor and the complaints were issued.

A committee of business men was appointed to assist in getting refunds for the ticket holders. Ball park officers estimated that the gate probably exceeded \$80,000.

Two Interesting Bowling Matches Are Staged Here

Two interesting series were rolled by Bressolt's Specials, of Manistique, and the Arcadians of this city when the Manistique men took a defeat by a margin of 154 pins.

Gophers Meet Irish; Michigan Mixes With Maroons at Chicago

Chicago, Nov. 4. (P)—The big blast of the football season in the west will be set off tomorrow when Notre Dame and Minnesota the only undefeated major teams in the middle west, excepting Illinois, collide at South Bend in what promises to be one of the fiercest gridiron battles of modern football history.

Echoing shots will be fired at Chicago and elsewhere in the Big Ten. The traditional battle of 25 years ago between Michigan and "Old Man" Stagg's Maroons, will be revived in the second series between these two teams since 1905.

Northwestern will go to Lafayette, Ind., for a conference game with Purdue, while Illinois, undefeated in the western conference and at the top of the heap in the championship rating will take on Iowa at Iowa City. Indiana and Wisconsin will ease up a bit, meeting Michigan State and Grinnell, respectively.

It is an old story about what happens when Greek meets Greek but when a flock of Swedes tangle with a flock of Irish, it is too bad that Carlier field at Notre Dame can hold only 24,000.

Both Teams Undeatable.

Every seat has been sold for three weeks and if enough seats were available it is reasonable to assume that a crowd of 75,000 or more would be trying to squeeze into the place.

Knut Rockne's army of goal line occupation has been reeling along without defeat this season with Minnesota's record just as imposing, except for one tie game with Indiana, which is as hard to explain now as the day it happened.

The result of the contest promises to be a toss-up, with the team having the greater reserve strength likely to come out on top. Minnesota will send one of the greatest backfields in the country against the unbeaten Notre Dame team. In Capt. Herb Joesting, the Gophers have one of the greatest fullbacks in gridiron history with Almusick and Nydahl. Joesting's backfield makes a threat every time they carry the ball.

Backfields Are Equal.

Christy Flanagan, Rockne's great fullback, is figured to match any Gopher star in ball-carrying, even Joesting and Almusick, and in Nieme, Wynne, Collins, Dew, Morrissey, Chevigny, Riley and Dahman. Coach Rockne has two sets of flashy ball carriers.

The experts rate the backfields of the teams as of equal strength, and also figure there is not much difference between the lines. Rockne probably has a greater reserve strength than Minnesota, which may be an important factor in such a bruising game. Minnesota has not been tested by needing a defense against forward passes and the outcome of the game may depend on how smart the Gopher backs are in breaking up Notre Dame's shots in the air, should they play each other to a standstill in the old-time smashing game.

Memories of mighty gridiron deeds of the past will hover over Stagg Field when the Wolverines and Maroons tangle before a sell-out crowd of 57,000. The Wolverines with Louis Gilbert back in the lineup, to toss passes with and to Benny Oosterbaan will seek solace for their wounded championship hopes by trying their mightiest to "take" Chicago. The trimming which the Maroons absorbed at Ohio State week will not make Michigan's task any easier and Chicago is determined not to be beaten twice in a row.

Northwestern at Purdue.

Illinois may have more trouble than the sideline experts figure, in meeting the Hawkeyes. Iowa is not a strong team this year, but its line is not so bad, and the Hawkeyes may do some damage. So far this year, Coach Ingwersen's team has been pulled together, but tomorrow may be the day.

Northwestern will have a busy afternoon at Lafayette, for with Captain Wilcox of Purdue back in the lineup the Bollermakers probably will have a startling, if not a strong offensive. The licking Northwestern took from Missouri indicates that Northwestern is none too tight against this style of play. But Tiny Lewis may get going again and pound his way to victory.

Jockey Stripped of Badges for Fouling

Philip Doto Plans to Skate From Green Bay to Chicago

Baltimore, Md., Nov. 4. (P)—Earle Sande, famous jockey, was stripped of his badges and ejected from the Pimlico track today after the running of the \$40,000 futurity. He was alleged to have fouled Reigh Count, ridden by C. Lang. Sande, upon J. E. Widener's Bat-tau, bore over on Reigh Count, it was charged, and used his elbows to interfere with Lang. Reigh Count was the favorite.

TURNESA, HAGEN MEET IN FINALS

Pair Cross Last Barriers to Reach Final Rounds of Tournament

Cedar Crest Country Club, Dallas, Tex., Nov. 4. (P)—Walter Hagen, "the invincible" of the links, and Joe Turnesa, Elmford, N. Y., flash, hurled the last barriers of a great field of golfers today to fight it out tomorrow for the championship of the Professional Golfers association.

Hagen, who hails from Pasadena, Fla., putted to one of his typical triumphs over Al Espinosa of Chicago on the thirty-seventh hole of their semi-final match. "The Hag" already has won the professional golf title four times.

Turnesa gained the final bracket in a runaway match with John Golden of Paterson, N. J., whose putter acted like a sore thumb today and forced him to bow, 7 to 6, before the handsome Anglo-Italian from New York.

Espinosa put up one of the greatest battles of the tournament against Hagen. The Chicagoan won holes with his putter and nibblek while his longer clubs deserted him, but the strain on the last nine robbed him of the services of these trusty friends and he was in trouble on the 36th and 37th greens while Hagen was dropping his safe pars.

Turnesa played perfect golf in his morning round, every shot almost taking the shortest line to the pin and every first putt either dropping for a birdie or hanging on the lip of the cup for a sure par. Golden, on the other hand, was far off his putting game. He could not get close enough to the pin to be sure of his next putt and he failed to win a hole all morning, shooting an 81, while Turnesa turned in a 33, two under par on the first nine and finished the round in a par 71.

MICHIGAN SQUAD OFF TO BATTLE

38 Men Make Trip to Chicago for Today's Contest

Ann Arbor, Nov. 4. (P)—The University of Michigan football squad, 38 strong, took leave of their friends and rooters today to invade the stronghold of Coach Alfonso A. Stagg at Chicago in the Wolverine's fourth conference battle of the season.

And a large section of the university student body pushed off in the same direction to be on hand when the opening whistle sounds for the kickoff in a game which may decide the western conference championship.

Louis Gilbert, whose performance with his playmate, Bennie Oosterbaan, has attracted the attention of sport writers and coaches throughout the country, accompanied the squad fully recovered from infection which held him out of the Illinois game last Saturday.

WILL TRY TO BREAK RECORD

Philip Doto Plans to Skate From Green Bay to Chicago

Philip Doto, marathon skater, who will attempt to break his record of 15 hours continuous travel on the "rollers" when he starts his long grid at the Coliseum, Sunday morning at 7 o'clock, plans to skate from Green Bay to Chicago in the spring of 1928.

According to all existing records, the Iron Mountain youth set a new mark for endurance skating when he skated for 15 hours without a stop on the streets of his home city.

Doto, besides claiming the marathon championship, can do fancy skating of all kinds. He has performed at various entertainments. In all his demonstrations and in his championship marathon, he used a pair of ordinary sidewalk skates. Although slight of stature, weighing only 104 pounds, he possesses endurance that permits him to get such outstanding records.

He will wind up his marathon here at 10 o'clock Sunday night. During the evening he will be on the floor of the rink, skating with the patrons of the Coliseum. The entire distance will be covered inside the building, witnessed by three shifts of officials.

RADIO STATIONS TO BROADCAST GAMES

WGN at Chicago Will Be on the Air

The football fans at home will have a chance to listen in on major grid contests this afternoon. WGN at Chicago will be on the air broadcasting an account of the Michigan-Chicago game, and WJR, Detroit, and WCCO, Minneapolis, will broadcast the Notre Dame-Minnesota classic.

ORE SHIPMENTS SHOW DECREASE

Whole Lake Superior Area Ships Less Ore This Year

Ore shipments throughout the Lake Superior district suffered a decided slump during the month of October, the monthly report of the Lakes Shipping association shows.

The Chicago and North-Western docks in Escanaba shipped 635,551 tons last month and the Chicago, Milwaukee and St. Paul docks here shipped 165,915 tons. During October, 1926, the North-Western docks shipped 846,543 tons and the St. Paul shipped 305,582 tons.

Total shipments for the current season from all Escanaba docks are 5,443,202 tons. Last year, on November 1, the total shipments were 5,957,300 tons.

The North-Western has shipped 3,998,986 tons this year as compared with 4,194,886 last year, while the St. Paul has shipped 1,444,216 as compared with 1,762,414 last year.

Totals for the Lake Superior district are:

October 1927—6,722,758 tons.
 October 1926—9,337,463 tons.
 Season 1927—49,110,134 tons.
 Season 1926—54,563,371 tons.

LUMBER REVIEW

In its weekly review of the lumber market, the American Lumberman, Chicago, says:

Business in softwood lumber continues rather slow for this season, but so far this year the principal mills of the country have shipped more lumber than they produced. And shipments of the hardwood mills have exceeded their output to a considerable extent.

The impression gains ground that the destruction caused by the Mississippi Valley floods, the lesser arising from the coal strike, and the holding up of about a million orders for motor cars until announcements of new models clarify the competitive situation, are together acting as powerful brakes on business activity. Sales of lumber respectively for home building, mine timbers, automobile body building and crating are directly affected, and those for oil field work and steel mill uses are indirectly affected.

Happily, early developments are calculated to result in a degree of activity which will more than offset the present slowness. The Federal executive has been preparing plans whereby Congress can speedily start Mississippi rehabilitation and control work; the mine difficulties are at least on an arbitration basis, and already about four thousand orders have been booked for the new Ford car. Increased returns from crops are aiding agricultural prosperity, and that of the nation as a whole by stimulating purchases of general merchandise.

It is indicated that the surplus of railroad freight cars that resulted from the speeding up of transportation is now about exhausted, renewals are not having kept pace with the growth in motive power. Railroad executives in fact say that a normal traffic volume would cause a shortage of equipment, so that a larger number of lumber orders may be expected from a group of consumers that is usually a highly important factor in the market. All these prospective events point to a strong upward turn in the lumber trade.

The better part of present demand for building items is coming from small towns and farms. While the farmers are not yet buying as much as they were expected to, they are providing a good volume. The small cities and suburban towns not included in building permit reports are, according to a recent survey, doing an immense amount of construction and their activity goes far to offset the small decline in city building. In the cities, the trend is toward adjustments that will put construction costs on a slightly lower level and release a large volume of new contracts.

Most retailers of lumber and industrial consumers are taking only what material they need for immediate use. Their general desire is to keep their funds liquid, but many lumber sellers by forcing sales have weakened prices of both hardwoods and softwoods. Returns of manufacture are at so low a point that the industry is developing a strong tendency to curtail output. Foresighted lumbermen realize that doing so will enable them to get more reasonable prices as soon as buyers become more liberal with their orders.

AN APPLE THIS DAY SAVED HIS LIFE

Middletown, N. Y.—Munching an apple as he walked along, Richard Doolittle, two years old, fell into a pond. The pond was deep, and Richard couldn't swim or float; yet he didn't drown.

The apple saved his life. A piece of it stuck in his throat and blocked the air passages into his lungs. The result was that he swallowed lots of water, but didn't inhale any. After several minutes in the water, the boy was rescued by his father, who removed the bit of apple that soon would have strangled him.

BRIEFLY TOLD

Artist Engaged—Al Carney, noted artist who broadcasts over WHT, Chicago, has been engaged to play at the Community theatre at Gladstone, when the new Barton organ is dedicated in about ten days. The new organ is the same make as the one Mr. Carney plays in his broadcasting programs. Al Carney is a general favorite with local radio fans and it is expected that many of the radio listeners will attend the dedication at Gladstone. Announcement of the date will be announced later.

Card Party—The Holy Name society of St. Anne's church will hold a card party Tuesday, November 15, Bridge and five hundred will be played. Refreshments will be served.

Services at Masonville—The Christian Endeavor society of the First Presbyterian church will conduct services at the Masonville school Sunday afternoon at 3 o'clock. Special musical numbers and singing will be on the program, as well as a talk by Rev. J. B. Hubbard. Members of the society who plan on making the trip are asked to meet at the church at 1:45 o'clock. There will be no devotional meeting Sunday evening.

North Star Dance—The North

Star society is giving a dance to-night at the North Star hall. The Midnight Entertainers' seven-piece orchestra has been engaged to furnish the music. The public is cordially invited to attend.

Faculty Selects Cast for Annual Play at E. H. S.

The cast for the faculty play, "A Lucky Break," to be given on December 9, has been selected and rehearsals have started. Miss French is director of the play. The play is a three-act comedy-farce and is guaranteed to be extremely funny. Persons who saw last year's faculty play, "Nothing But the Truth," will remember how cleverly the faculty members handled their parts.

The proceeds from this year's play will be used to pay the debt on the cyclorama stage scenery and to buy new lighting equipment for the stage.

Berlin—Otto Omikron is probably the only man on earth who can inhale deadly gas without injury to himself. He can inhale 1465 cubic inches—enough to kill an ordinary man—without even getting a headache. His strange power was discovered when he slept through the night in a gas-filled room and a dog in the same room was asphyxiated.
