

home and found it stripped of all furnishings, even to the chandeliers, he wandered down to the swimming pool.

"Well, she left the water," the cartoonist said Remus exclaimed. The court room roared.

Found Man's Shoe.

Upon the occasion, said Rosenberg, Remus severely upbraided the caretaker who had been in charge while the house was denuded, and then quickly apologized.

A man's shoe, which did not fit Remus nor any man usually about the Remus home, was found, Rosenberg said.

Throughout the tour Remus was said to have hummed a tuneless ditty.

"Did you ever see Franklin L. Dodge there, and did you ever see Mrs. Remus armed?" were questions asked Mueller, but the caretaker was not permitted to answer under the ruling in effect while he was on the stand. It was indicated he would be called back for a third time to answer them after the defense had established that Remus' mind was diseased. He described Remus entirely changed after his trip to Atlanta. Upon four different occasions Remus was said to have burst into violent rages when his face would be "all red and puffed-up-like."

JUDGE TO GIVE DECISION SOON

Indiana Officials Ask That Charge Be Quashed

Indianapolis, Ind., Nov. 28.—(AP)—Whether Gov. Ed Jackson, George V. Coffin, Marion county Republican chairman, and Robert L. Marsh, former attorney for the Ku Klux Klan, shall stand trial on a charge of attempted bribery will be determined here Friday afternoon, December 2.

Special Judge Oscar H. Montgomery set that date for announcing his decision following arguments in criminal court today on a motion to quash the indictment against the men. They are charged with attempting to bribe Warren T. McCray, when he was governor in 1923 to name James E. McDonald as Marion county prosecutor.

Mention of D. C. Stephenson, now a life convict in state prison, and of the Ku Klux Klan, enlivened the afternoon session. Stephenson was alleged to have entered into the conspiracy with the three men.

Louis B. Ewbank, attorney for Governor Jackson, contended that the indictment should be quashed under the statute of limitations. Pointing out that an alleged offer of \$10,000 was made McCray in 1923, he held that the men to be legally tried, should have been brought into court within two years of that time.

Contending that Jackson, Coffin and Marsh concealed their alleged crime until July 25, 1927, Prosecutor Remy argued that the statute of limitations no longer applied.

Backed by Klan.

Remy pictured McCray at the time of the alleged approach as being in dire straits—under indictment in the county courts, penniless and fearful of the influence of the Ku Klux Klan and the three defendants in the event he told of the attempted bribery.

"They told him they had power, backed by 500,000 members of the Ku Klux Klan, to keep him from being convicted in the county courts, and when he declined to name McDonald, they kept him quiet through the use of other use of that same influence," Remy asserted. Even after being convicted in United States district court, fear of their influence in keeping him from getting a parole kept McKay quiet, Remy added.

Attorney Ewbank derided Remy's statements that McCray feared Jackson, Coffin or Marsh. "Assuming that mention of the Ku Klux Klan carried a chill to the blood, it does not appear it carried anything outside the state courts," Ewbank said. "McCray was convicted in the federal court. He could have told of the alleged approach at that time. But now it comes four years later."

McCray, who was released from federal prison several months ago, after serving one-third of a ten-year sentence for using the mails to defraud, is named on the indictment as a state witness. None of the defendants appeared in court.

Score of Workers Hurt When Brick Building Falls

Chicago, Nov. 28.—(AP)—More than a score of workmen were injured, several so seriously that there is little hope of recovery, when a brick garage building under construction, collapsed during a storm after it was struck by lightning today. The men were buried in the mass of wreckage.

First reports said eight or ten had been killed outright, but a hurried search through the tangled debris revealed no dead.

The collapse came during the height of a rain and electrical storm. A bolt of lightning struck several steel girders which were being set in place. Three of the four brick walls suddenly buckled and crashed inward, carrying the workmen down under tons of twisted steel, walls of brick and shattered scaffolding.

One of the great girders crashed outward as it fell, smashing a construction shanty where about fifteen workmen had sought shelter from the rain. A section of it also fell across a half dozen automobiles parked in the street, crushing them and smashing the top of a passing motor car, injuring two persons.

Kresge, Companion Placed on Probation at U. of Michigan

Ann Arbor, Nov. 28.—(AP)—Howard S. Kresge of Detroit and James Lewis of Toledo, O., University of Michigan students who were detained by customs officials at Detroit recently when 11 bottles of whiskey and champagne were found on their persons, were placed on probation to day by the University of Michigan disciplinary committee. Kresge and Lewis are thus removed from all activities on the Michigan campus excepting their university studies.

Kresge, accompanied by Lewis, was stopped by customs officials at the Detroit dock on a return trip from Windsor, Ont., when officials discovered the liquor in the automobile owned by Kresge. The automobile was impounded, but released when a fine of \$55 was paid.

Young Kresge is the son of Sebastian S. Kresge, millionaire fire and ten cent store magnate and contributor to the funds of the Anti-Saloon League of America.

Feet of Englishwomen are wider than those of Americans, but narrower than those of women of Scotland, according to recent measurements.

MOUNTAINS CLAIM LIVES OF AVIATORS

(Continued From Page One.)

the run, some 200 feet away, were the crushed bodies. Emery was almost decapitated when he struck a tree. His left leg was torn off and was found hanging in a giant chestnut tree. Mute evidence of the terrific force with which the plane struck was found in the fact that even the big motor was shattered into pieces.

The search for the missing aviators, enroute from Washington, D. C., to Columbus, Ohio, ended this morning when Lieut. Eugene Bayley, commandant at Burgess Field, spotted the wreckage from his plane. Circling low to get his location, the lieutenant then headed back to the landing field and organized a searching party, including doctors and S. A. Baltz, coroner of Fayette county. They made their way up the mountain by automobile. At a spot designated by Bayley, the searchers abandoned the machines and entered the forest on foot. After four miles of tramping through the dense woods and underbrush, they found parts of the wrecked plane. The initial search failed to disclose the bodies. Crossing the run, the searchers soon found the remains.

Had Trouble With Plane.

The bodies were placed on stretchers and carried out to the main road by relays of men. Here they were placed in an army automobile truck and brought to Uniontown.

Reports indicate that before running into fog and rain, the aviators were having more or less trouble. They landed on a farm near Somersfield, Pa., but took off soon again. W. L. Byers, coal operator, said that when the ship passed over the National Pike, it was just skimming the tops of trees. Guy Clark, Uniontown school officer, who was hunting in the mountains with his wife Friday afternoon, reported that he heard an airplane motor missing fire and that a minute later the sound ceased.

MILK FOR ORIENT.

Vallejo, Cal.—Americans living in the Orient soon will have fresh milk from contented American cows. A dairy company here is shipping several hundred gallons of milk to Shanghai and Singapore, using the same methods of refrigeration employed by fruit exporters.

Still Hit 'Em.

ROCK

(Lillian Larson, corr.)

Mr. and Mrs. Otto Larson and children spent several days with relatives in Escanaba this week. Brodie Weston and Isaac Blake of Marquette spent the week-end at the home of the latter's parents here.

Leonard Friedlund of Escanaba transacted business in Rock Friday.

Mr. and Mrs. Casper Olsen, Mr. and Mrs. Arne Arentzen, Mrs. Clara Carlson and son Arthur of Escanaba visited relatives here Thanksgiving Day.

Miss Aili Turunen leaves Sunday for Marquette where she will be employed after spending several months with her parents here.

Frank Salmi motored to Escanaba on business Wednesday.

Robert Boulette has returned to his home in Minneapolis, following a brief visit with his brother-in-law and sister, Mr. and Mrs. George Weingartner.

Alden Trombly was a Brampton visitor Thursday.

August Habighast of Marinette was a Rock business caller Friday.

Mrs. Uno Rajala and daughter Helen returned from St. Francis hospital Friday.

Dorothy and Trizie Miller of Lathrop were Rock visitors Thursday.

Reduction of Tax on Incomes Takes Effect in March

Washington, Nov. 28.—(AP)—Over the protest of the solid Democratic members, the house ways and means committee today decided to make the proposed reduction in the tax rate on corporation incomes apply to payments due next March 15. The vote was 13 to 10.

Determination of the question disposed of the last of a number of issues that have developed during the drafting of the \$236,000,000 tax reduction bill that the committee plans to present to the house shortly after congress convenes next Monday.

Chairman Green said Republicans felt that corporations should receive the benefit of the proposed cut in the rate from 13 1/2 to 11 1/2 per cent as soon as possible. He added that in previous years such reductions always had been applied to payments due the following March.

Representative Garner of Texas, ranking Democrat on the committee, contended that corporations already had included the tax in 1927 earnings in the sale price of products and thereby had passed the tax along to the consumer.

IN NEW YORK

New York.—As, year upon year, prohibition goes merrily on, the styles in speakeasies are constantly changing.

This winter the home-like but fat-apartment speakeasy is in great vogue. There are places where one can drop in and sit about like a member of the family while ordering individual drinks or bottles.

In larger and more elaborate apartments the bibulous New Yorkers arrive by invitation. The invitations tell you that the So-and-Sos will be "home every afternoon from 2:30 to 6:30." They are at home. . . and how! Fashionably dressed women of the "cocktail set" come in the early afternoon and few men drift in until shortly before the dinner hour.

I have on my desk a letter that came in the morning's mail telling me that one of the "polite bootleggers" is now prepared to have a squad of telephone girls to answer all calls for refreshments at all hours of the night, while a "fleet of winged mercuries" will bring the desired substance to your very door.

Such concerns are so organized that service departments operate to get liquor with the greatest dispatch to "private parties."

One of the satirical situations rising from these "private cocktail parties" is the Saturday night train placed upon the police department. In almost every section, precinct stations are swamped with calls from honest apartment dwellers complaining of revelry either above or below.

A friend tells of phoning one of the stations and meeting a policeman on the stairway. The policeman rapped at the door and demanded order. He was invited in by the pretty hostess, whereupon the party went on more merrily than ever with the policeman as a guest.

"Professional matinees" are the mediums by which actors get a chance to watch each other perform. Like other folk they like to go to plays, but generally are so busy acting that they have no opportunity of getting away to see what others are doing. Hence, for many years it has been the custom for matinees to be given when other performers may attend. Some of the best acting is done on such occasions, since players realize all too well the catty tongues of their fellow professionals and appreciate most the plaudits of their associates.

Actors new to Broadway are

Lay Plans for Aviation Week

Detroit, Nov. 28.—(AP)—Tentative plans for an aviation week display and circus here next June were completed today at an organization meeting of the Aircrafts Events committee of the Detroit Board of Commerce.

The program will include a contest for the world endurance record, a model airplane contest to name entrants to the international event in London, the Gordon Bennett balloon races, start of 1928 reliability tour, and possibly an aeronautic show and exhibition.

MADE OF THE CREAM OF THE TOBACCO CROP

SEALS GO ON SALE AT ONCE

Michigan to Buy 82 Million Red Cross "Stickers" It is Believed.

It is estimated that \$2,000,000 Christmas Seals will be distributed in 1927 by the Michigan Tuberculosis Association and its affiliated branches. The pennies received from the sale of these Christmas seals finance the fight against tuberculosis. That this fight has, to date, been successful is evidenced by the fact that the State Department of Health recently compiled figures which show that 1,000 less persons died of tuberculosis in Michigan in 1926 than would have died had the 1907 death rate prevailed.

Governor Green who is the honorary chairman of the Christmas seal sale in Michigan issued the following Thanksgiving Day proclamation because he believes that the life-saving qualities of the tuberculosis Christmas seal should recommend them to each and every one.

"To The People of Michigan: From Thanksgiving Day to Christmas for the twentieth year, you will be asked voluntarily to buy Christmas Seals.

With the funds realized from the sale of these seals is carried on the work of the Michigan Tuberculosis Association and its affiliated branches.

In view of the fact that there are probably 40,000 living cases of active tuberculosis in Michigan the people of this State have an intense interest in the furtherance of the work of this organization. To prevent needless death is a noble act. Such is the purpose of the tuberculosis Christmas Seal for which I earnestly bespeak your generous support."

The sale of Christmas Seals in Delta and Menominee counties is sponsored and carried on by the Women's Clubs of Escanaba and Menominee, the Child Welfare Club of Gladstone and the trustees of the Sanatorium at Powers.

The funds realized from the Seal sale serve a useful and worthy purpose in our community. It is to be hoped that the people of Delta County will give the 1927 Seal sale their loyal support.

CITY BRIEFS

Mrs. J. M. Conway and three children of Green Bay who spent the week end at the home of Mr. and Mrs. John McCarthy, 322 First Ave. So. left Sunday afternoon by motor for Marquette. They were accompanied by Mr. McCarthy a brother of Mrs. Conway who returned to this city Monday.

Mrs. Robert Cass and daughter left yesterday for Milwaukee where they will visit relatives and friends.

L. N. Booth returned Monday from Chicago where he spent Thanksgiving with his daughter who is a registered nurse and also attended the football game Saturday.

Mrs. J. D. Murray and children have returned from a week-end visit at the home of Mrs. Murray's parents at Ishpeming.

Mr. and Mrs. Fred Fugere Sr. have returned from Racine, Wis., where they visited relatives over the week-end.

Mr. and Mrs. Oscar Nadeau have returned from a week end visit at Marinette, Menominee and Green Bay.

Miss Cecelia Pepln has returned to Marquette after spending the holiday with her mother, Mrs. A. J. Pepln.

Mrs. J. Nipper and daughter Donna and Mrs. J. Hartman left Monday for Green Bay, Wis.

D. E. Brackett left yesterday for a visit at Janesville, Wis.

Miss Isabelle Papineau of St. Jacques left yesterday for a visit at Daggett, Mich.

Mr. and Mrs. Otis Clark of Milwaukee have returned to their home after a visit with friends in the city over the week-end.

Mr. and Mrs. Charles Newberger of Muskegon, Mich., have left

for their home after spending a week with friends in this city.

Miss Luella Schram has returned to Sheboygan, Wis., after spending the holiday with her parents, Mr. and Mrs. Chester Schram.

Miss Esther Auerbach left Monday for Chicago where she will visit relatives and friends.

David Bertie, of Minneapolis, agent for the Canadian Pacific Steamship Company, was a business visitor in Escanaba yesterday, calling on Rev. R. C. Williams at the Methodist parsonage, and others who contemplate taking European trips next summer.

Mr. and Mrs. Frank Caisse of Uno Lake, have closed their summer resort there, after a busy year which lasted through the early part of the deer season. They will spend the winter in Escanaba.

Mr. and Mrs. William Etenhofer, Mr. and Mrs. Ed McGarry, Miss Mary McGarry and Roy Painter were among those from Escanaba who attended the dance at the Flath home in South Ford River Saturday night.

Miss Vesta Lewis of Newberry who spent Thanksgiving in this city has returned to her home.

Mrs. Emily Somers and Mrs. D. A. Rowan of the Soo have taken light housekeeping rooms at 900 Second Avenue So.

Mrs. Fred Winchester of Wells has returned from a visit at Waukegan and Chicago, Ill.

Mrs. John Wade of Waukegan, Ill., is visiting relatives and friends in this city.

Miss Alta Peterson has resumed her duties at the office of the state highway department after a vacation spent with relatives in Menominee and Fox.

Miss Edith Gauthier, who teaches at the Garden village school, near Iron Mountain, has returned after spending the Thanksgiving vacation at the Joseph E. Brown home, Sixteenth street.

Miss Leone Firkus, a student at the Northern State Teachers college, has returned to Marquette after spending the Thanksgiving holidays at the home of her parents, Dr. and Mrs. William Firkus, 1019 South Ninth avenue.

Harry Sinclair returned last night to Iron Mountain after spending Thanksgiving in this city.

Miss Alta Peterson has returned from Menominee, where she spent Thanksgiving with relatives.

Miss Eva Flenstrom has left for Ridgefield, Conn., where she will teach at a private school for little girls.

Miss Elvera St. Pierre, daughter of Mr. and Mrs. Frank St. Pierre, 617 North Eighteenth street, has returned to Northern State Teachers college at Marquette, after spending the holidays at the home of her parents.

Mrs. G. Stowe of Detroit is visiting with her mother, Mrs. H. McArthur, 604 South Eighth street.

Senior Ball at E. H. S. Friday

On Friday, December 2, about 125 couples of Escanaba high school boys and girls will be entertained by the senior class at the annual Senior Ball. The affair is the biggest social event of the school year. The 125 couples will dance to the strains of melody furnished by the Blue Aces dance orchestra. The high school auditorium will be converted into a winter scene for the evening and the dancers will be allowed a night in the far north among the Eskimos and around the igloos and tall fir trees. Many new and entertaining novelties are planned to make the evening a memorable one.

High school pupils who are intending to attend the Senior Ball are asked to purchase their tickets immediately as only 125 will be sold. Tickets will be on sale for Escanaba high school graduates today. All graduates are invited, provided they procure tickets before Friday. No tickets will be sold on that day.

Now read the assigned page.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit. 15c, 30c and 60c.—Adv.

Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub Musterole on the congested parts and see how quickly it brings relief.

As effective as the messy old mustard plaster; does the work without blister.

Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

Jars & Tubes
MUSTEROLE
WILL NOT BLISTER
Better than a mustard plaster

2 Pay Fines for Reckless Driving

Elm Pepln, 1460 Lake Shore Drive, paid a fine of \$25 and costs on entering a plea of guilty before Justice of Peace Ranguette yesterday afternoon on a charge of reckless driving.

Pepln was arrested by police at 12:45 o'clock Monday morning when the car which he was driving, struck another automobile owned by Charles Hammer, which was parked in front of the Hammer home, 612 South Fourteenth street. The rear of the Hammer automobile was badly crushed, and Pepln's car was virtually demolished.

Following his arrest, Pepln declared that something went wrong with the steering apparatus, but in court he admitted he was driving at a high rate of speed.

J. S. Smith paid a fine of \$100 and costs in Justice of the Peace Ranguette's court yesterday morning on a reckless driving charge. Smith was arrested by police after he had figured in a collision with a car driven by Bert Benson, the accident occurring in South Fourteenth street Saturday evening.

And now the best 10¢ cigar is foil-protected

basic supply. How to regulate the open seasons in order to limit the kill to that crop is a problem which Michigan must solve.
The Press agrees with the Gladstone Reporter's view that better enforcement of the closed season law is badly needed.

PROTECT THE DEER.

Upper Peninsula newspapers, generally, are taking the view that adverse weather conditions this year have not provided a convincing argument for changing the date of the deer season, contending that anything which gives the game a chance should be encouraged rather than discouraged.

The Gladstone Reporter thinks that far more good could be accomplished by directing agitation towards stricter enforcement of the game law before the opening of the season.

The Iron Mountain News points out that too much attention has been paid in the past to the interests of the hunters, who after all are a small part of any community, and too little for those of the non-hunters.

"The hunters, taken as a group, are essentially selfish," the News goes on. "It is, to a large extent, their selfishness that has created the game conservation problem."

"The hunters have certain equities in the premises. But so has the public. So far the public's equities have to a large extent been disregarded, and it is this fact that accounts for the entirely erroneous idea that the game exists for the hunters and is to be conserved only with their interests in mind."

"It is a fortunate thing that more is being heard of the other view. If it is accentuated and put of season there will be an increased likelihood of a final intelligent dealing with the question of game conservation," the News concludes.

RESOLUTIONS adopted recently in New York by a group of "public relations counsel", pledged the members to confine their publicity material "strictly to the truth".

Highbrow, Mass.—The honorary degree of Doctor of Laws will be conferred upon J. Aaron Blunk, the sponge manufacturer, by Highbrow University, it was announced by the board of regents today.

Seaford, N. J.—Baffin Bay Ermine is the latest thing in fur and its popularity bids well to surpass that of Hudson Bay seal according to manufacturers' meeting here today.

Follywood, Calif.—The condition of Hugo Handsome, well known motion picture actor, who received a black eye in a gang fight in a night club here last night, is said to be improving.

Boston, Mass.—Billy DeFault, famous tennis player, will receive the sum of \$5,000 from the estate of his deceased aunt, it became known here today.

Saint Louis—Trainwreck Riley today completed his 187th day of perching on the flagpole of the Hotel Jungle here and now has only eight weeks to sit before he establishes a new world's record.

Indianapolis—Rev. Howe I. Howl, pastor of the Uptown Consolidated church, declared in a sermon here today, that if King Solomon were alive today he would be the editorial writer of a great metropolitan newspaper.

Pittsburgh—Lillian Lipstick, the actress, today emphatically denied that she is contemplating divorce proceedings against Harold Himp, the whetstone king whom she married in Bulgaria last September.

Bonedry, Ohio—A demand that the name of the Battle of Brandywine be changed to "The Battle of Sweet Cider," was made here today by the World Foundation for Perpetual Thirst.

The Blazing Horizon
CHAPTER V.

At the postoffice Gordon Lillie found a letter from his father. Enclosed in the envelope was another letter, addressed to him at Wellington, from the Indian agent at Pawnee, Okla.

The letters in his hand, Gordon Lillie walked down the street and considered. A day before he would not have hesitated; would, in fact, have jumped at the chance. But with the fiery speech of David Payne still ringing in his ears, he found a quick decision difficult.

On the whole, he thought, it would be better to take this job and sit tight. If anything came of it—and there was no telling what it might lead to—perhaps, in time, even an Indian agent's commission—he would be infinitely better off, while Payne's cause certainly would not suffer for not having had him.

He thrust the letters in his pocket. Then it was that he caught sight of the little knot of men just ahead of him. There was a scuffling going on in the center of the group, and Lillie heard the rough voices raised in loud laughter. Evidently something was pleasing them. He hastened forward.

His eyes met an all too familiar scene; some idlers were having fun with a drunken Indian. Although the government frowned on the sale of whisky to the Indians, still those aborigines who craved their firewater had very little trouble getting it.

Opposite him stood his tormentor, a rough looking, unshaven fellow, probably from the railroad camp. He held a watch in his hand, and as the Indian lurched toward him and reached for it he suddenly withdrew the extended hand and with the other gave the red man a violent push that sent him sprawling into the dust.

"Come on, Little Wolf, or Lame Dog, or whatever your name is," he called tauntingly. "Come and git it. It's your'n." The Indian scrambled to his feet with an effort and again staggered toward the watch. Again he was met with a push and again he went down to the ground. Words of bitter protest poured from the tormented one's lips. They were in the Indian tongue, and unintelligible to his audience; therefore highly amusing.

onslaught, and Lillie became a tiger. In that instant he discarded defense for attack. He leaped at the other like a wild fury and beat him across the improvised ring in a surprising and relentless rush, born of his sudden surge of passion.
Breadon was too surprised to meet it. Their positions had amazingly reversed. A moment ago he had been the aggressor; now he was trying to keep from being hit. He fell back against the ring of spectators and the referee called time while he brought him back to the center and started them off again. A look of uncertainty had replaced the grin on his features.

THE NEW FORD CAR

*An announcement of unusual importance
to every automobile owner*

NINETEEN years ago we made and sold the first Model T Ford car. In announcing it to the public we said:

"We will build a motor car for the great multitude. It will be large enough for the family, but small enough for the individual to run and care for. It will be constructed of the best materials, by the best men to be hired, after the simplest designs modern engineering can devise. But it will be so low in price that no man making a good salary will be unable to own one."

"If I were starting in business today, or asked to restate my policy, I would not change one sentence or one word of that original announcement. In plain, simple language it gives the reason for the very existence of the Ford Motor Company and explains its growth.

IN THE last nineteen years we have made 15,000,000 Ford cars and added to the world nearly 300,000,000 mobile horse-power. Yet I do not consider the machines which bear my name simply as machines. I take them as concrete evidence of the working out of a theory of business which I hope is something more than a theory of business—a theory that looks toward making this world a better place in which to live.

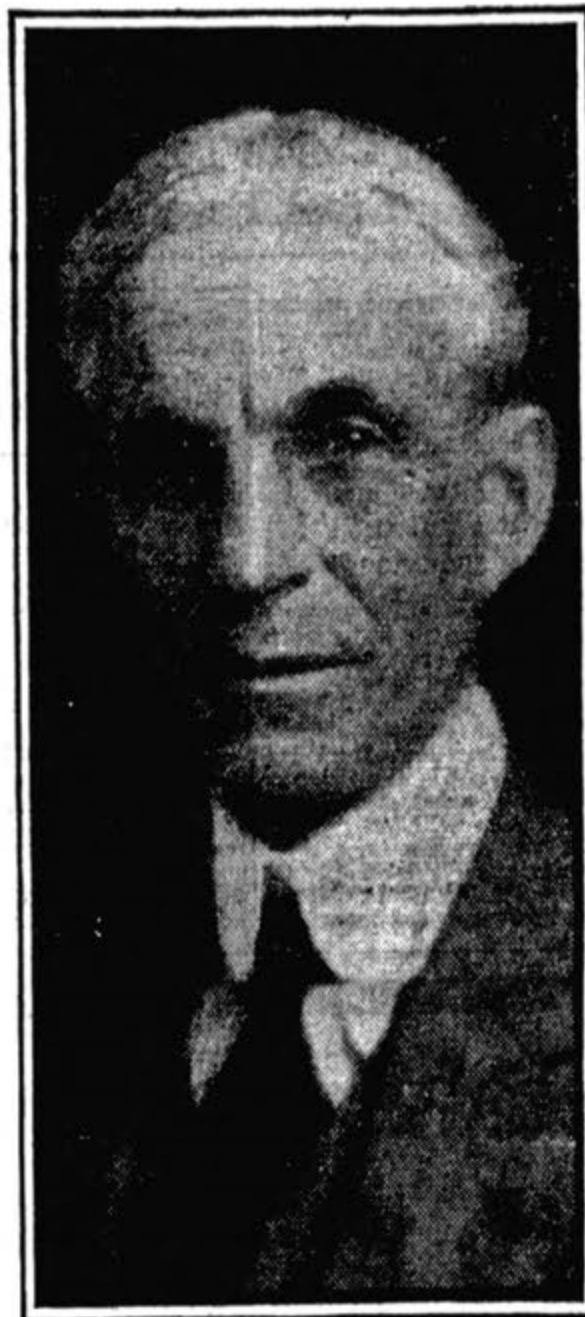

"The Model T Ford car was a pioneer. There was no conscious public need of motor cars when we first conceived it. There were few good roads and only the adventurous few could be induced to buy an automobile.

"The Ford car blazed the way for the motor industry and started the movement for good roads. It broke down the barriers of time and distance and helped to place education within the reach of all. It gave people more leisure. It helped people everywhere to do more and better work in less time and enjoy doing it. It did a great deal, I am sure, to promote the growth and progress of this country.

"We are still proud of the record of the Model T Ford car. If we were not, we would not have continued to manufacture it so long. But 1927 is not 1908. It is not 1915. It is not even 1926.

We have built a new car to meet modern conditions

"We realize that conditions in this country have so greatly changed in the last few years that further refinement in motor car construction is desirable. So we have built a new car. To put it simply—we have built a new

and different Ford to meet new and different conditions.

"We believe the new Ford car, which will be officially announced on Friday of this week, is as great an improvement in motor car building as the Model T Ford was in 1908.

Smart new low lines and beautiful colors

"The new Ford is more than a car for the requirements of today. It goes farther than that. It anticipates the needs of 1928, of 1929, of 1930.

"The new Ford car is radically different from Model T. Yet the basic Ford principles of economy of production and quality of product have been retained. There is nothing quite like the new Ford anywhere in quality and price.

"The new Ford has exceptional beauty of line and color because beauty of line and color has come to be considered, and I think rightly, a necessity in a motor car today. Equally important is the mechanical beauty of the engine. Let us not forget this mechanical beauty when we consider the beauty of the new Ford:

by
**HENRY
FORD**

"The new Ford has unusual speed for a low-price car because present-day conditions require unusual speed.

"The world moves more quickly than it used to. There are only so many hours in the day and there is much to be done.

"Fifty and sixty miles an hour are desired today where thirty and forty would have satisfied in 1908. So we are giving you this new speed,

*Quiet and smooth-running
at all speeds*

"The new Ford will ride comfortably at fifty and sixty miles an hour. It has actually done sixty-five miles an hour in road tests.

"Since modern conditions demand more speed, they also demand better brakes to balance this speed. So we are giving you four-wheel brakes in the new Ford.

"The new Ford will be quiet and smooth-running at all speeds and you will find it even easier to handle in traffic than the old Model T Ford.

"The new Ford has durability because durability is the very heart of motor car value. The Ford car has always been known as a car that will take you there and bring you back. The new Ford will not only do that, but it will do it in good style. You will be proud of the new Ford.

THIS new Ford car has not been planned and made in a day. Our engineers began work on it several years ago and it has been in my mind much longer than that. We make automobiles quickly when we get in production. But we take a long time planning them. Nothing can hurry us in that. We spent twelve years in perfecting our former Model T Ford car before we offered it to the public. It is not conceivable that we should have put this new Ford car on the market until we were sure that it was mechanically correct in every detail.

"Every part of it has been tested and re-tested. There is no guessing as to whether it will be a successful model. It has to be. There is no way it can escape being so, for it represents the sum total of all we have learned about motor car building in the making of 15,000,000 automobiles.

*The new Ford will sell at
a low price*

"The price of the new Ford is low in accordance with the established Ford policy. I hold that it is better to sell a large number of cars at a reasonably small margin of profit than to sell a few cars at a large margin of profit.

"We never forget that people who buy Ford cars are the people who helped to make this business big. It has always been our policy to share our profits with our customers. In one year our profits were so much larger than we expected that we voluntarily returned \$50 to each purchaser of a car. We could never have done that if this business had been conducted for the sole benefit of stockholders rather than to render service to the public.

"No other automobile can duplicate the new Ford car at the Ford price because no other manufacturer does business the way we do.

"We make our own steel—we make our own glass—we mine our own coal—we make virtually every part used in the Ford car. But we do not charge a profit on any of these items or from these operations. We would not be playing fair with the public if we did so. Our only business is the automobile business. Our only profit is on the automobile we sell."

WE ARE able to sell this new Ford car at a low price because we have found new ways to give you greater value without a great increase in our own costs.

"We did not set out to make a new car to sell at such-and-such a figure. We decided on the kind of car we wanted to make and then found ways to produce it at a low price.

"The new Ford car, as I have said, will be officially announced on Friday of this week. In appearance, in performance, in comfort, in safety, in all that goes to make a good car, it will bear out everything I have said here. We consider it our most important contribution thus far to the progress of the motor industry, to the prosperity of the country, and to the daily welfare of millions of people."

Henry Ford
FORD MOTOR COMPANY
Detroit, Michigan

NEW FORD CAR HERE FRIDAY

Escanaba and Gladstone Dealers Plan Reception for Public

The full story of Henry Ford's new automobile, to be known as "Model A" and which Mr. Ford describes as being "superior in design and performance to any car now available in the low-price light car field," will be told in Delta county at public receptions to be held by the Ford dealers of Escanaba and Gladstone.

Elaborate plans for the reception are being made here by the public reception here. City officials and prominent business men of Escanaba and Gladstone have been invited by the Northern Motor company and the H. J. Norton company to be present and preparations have been made to give every visitor a thorough understanding of the new car.

Detailed descriptions of the car have not been given out by the dealers and they have not been advised as to the prices at which the "Model A" will be sold.

Introduction of the new Ford will take place next Friday at all Ford salesrooms in the United States, Canada and England, and all dealers are busy with their plans for presenting the car to the public. Speed, performance, endurance, flexibility and control in traffic will be the outstanding features of the new model, it is declared by officials of the manufacturing company.

Believing that there is widespread interest in the new Ford, the Northern Motor company here and the H. J. Norton company in Gladstone are preparing to receive large crowds Friday.

Believing that there is widespread interest in the new Ford, the Northern Motor company here and the H. J. Norton company in Gladstone are preparing to receive large crowds Friday.

Escanaba Man's Auto Recovered

Sault Ste. Marie—Four grips containing clothing and samples of contents were located, and two spare tires were missing when police found a car on the Larke road Friday night, stolen Thursday night from G. R. Barnes, Escanaba, near the Murray Hill hotel.

The car had been abandoned on the Larke road near the fox farm, five miles from town.

Four grips, three black handbags and a brown suitcase were found in the coupe but they had been rifled of most of the contents.

The car was stolen from the parking place east of the Murray Hill hotel.

OBITUARY

SYLVESTER DENTER.
Impressive funeral services were held for Sylvester Denter Monday morning at nine o'clock at St. Joseph's church with Rev. Fr. Bertrand Labinski O. F. M. as celebrant at the requiem high mass.

Many floral and spiritual offerings were received at the home of Mr. and Mrs. J. Walch, parents of Mrs. Denter, 1018 So. Second avenue where the body lay pending the hour of the funeral services. Many friends called at the home to extend their sympathy to the bereaved wife of the deceased.

The casket was borne to and from the funeral car by close friends of the family. Theodore Walch, Alonzo Vandevort, Paul Wickert, Louis Hart, Herman Roberge and Louis Schuetz.

John Walsh of Deperre, Wis., came to this city to attend the funeral. Burial was in the family lot in St. Joseph's cemetery.

PETER GRAMLIN.
Peter Gramlin, age about 60, died yesterday afternoon while on the way to this city for medical attention. Gramlin, who was employed at a camp north of Rapid River, took ill yesterday morning. Death was due to obstruction of the bowels.

The body will be held at the Aiol Funeral Home until arrangements can be made.

St. Francis Hospital

Nick Postolovitz of Wilson returned to his home yesterday.

Mr. and Mrs. Joseph Harrington are the parents of a daughter.

Mose Arms of Nahma who fractured a leg while skating was admitted recently.

Mrs. Erick Pearson, North 12th street, was admitted as a medical patient.

Nick Gunter is reported as improving favorably.

A. P. Heintz who is a surgical patient is doing nicely.

**190-Pound Buck
Shot by Woman**

Mrs. R. C. Ross of Eaton Rapids, Mich., has the honor of bringing down probably the largest buck shot by a woman this season.

Mrs. Ross, accompanied by her husband, Dr. Ross, Frank Rossmann and Merritt Reese, all of Eaton Rapids, left the city early this morning with a 190-pound buck, which she shot near Watersmeet. All the other members of the party were successful in filling their licenses also. They report deer being plentiful in the district where they were hunting.

ROTARY BACKS CHILD CLINICS

Work in This Community to Be Continued, Club Decides

Members of the Escanaba Rotary club, who two years ago, co-operating with other organizations of Delta county, arranged for the first crippled children's clinic ever held in this county, will continue to make that work one of the club's major activities, as the result of action taken yesterday. The work has been financed in this county by each member of the Rotary club paying into the treasury on his birthday, ten cents for each year of his life, and yesterday the club members pledged themselves to continue this annual donation.

Members of the Crippled Children's committee, composed of O. C. Curtis, Herman Gessner, A. J. Young and Andrew Bredahl, presented before the club yesterday several children who have been enabled to walk, as the result of treatment to which they have submitted since the clinic of two years ago. In addition, Mrs. Anna Gessner Ryan, who has been engaged in checking results of the first clinic held here, appeared before the club yesterday and filed a detailed report concerning the present condition of the 110 children that were examined at the clinic.

Mrs. Ryan strongly recommended immediate treatment for some cases, in which the recommendations of the clinic surgeon have not yet been carried out and as the result of the investigation made by her, it is probable that the Rotary club will again seek the cooperation of other organizations in the county in arranging for another clinic, to be held within the next few months.

The appearance before the club yesterday of three little girls, who demonstrated that they are now able to walk perfectly and were unable to walk before the clinic was held here, proved most heartening to the members of the committee and members of the club who have been deeply interested in this work since its inception here.

**Stores Set Dates
for Night Shopping**

Escanaba's retail stores will be open evenings for the convenience of Christmas shoppers, beginning December 19, according to a recommendation of the retailers' committee of the Chamber of Commerce yesterday. The night schedule will be effective on the Monday preceding Christmas and include Christmas eve.

Will Give Two Performances of Faculty Play

Because of the demand for tickets to the faculty play, "A Lucky Break," the directors of the affair have announced that there will be two performances of the play. Last year 800 persons saw "Nothing But the Truth" and many hundreds more were refused tickets because all seats were sold. Rather than have 800 persons crowding the high school auditorium on one night, the officials will sell 1200 tickets and 600 persons will see the performances each night.

Miss French, director of the play, guarantees "A Lucky Break" to be one continuous laugh. Nearly all the faculty members who made last year's play a success will take roles in this year's production. Some new members, however, will be seen taking major character roles.

The first showing of the play will be on December 8 and it is expected a full house will greet the faculty members when the curtain is raised for the first time. The general admission price is fifty cents.

1,744 BUCKS PASS STRAITS

St. Ignace—Though hunters average about four to a car, only one buck to two cars is being carried from the upper peninsula below the Straits this year, according to figures given out by Michigan State forestry officials today.

Up to last night 1,744 deer crossed the Straits and there are about 700 or 800 lower Michigan cars left in the upper peninsula forests. Snow and continued poor hunting has driven the hunting army southward with the kill of deer smaller than last year.

Last year 2700 deer were carried to lower Michigan by hunters. This year the kill will be about 2000. The rush of hunters to lower Michigan is over. It is considered improbable that many more deer will be shot and killed on account of the deep snow and poor hunting in general.

The hunting army came from lower Michigan in 3500 automobiles, averaging about four persons to an automobile, making the army numerically 14,000 strong, largest in history.

Inspectors found deer meat chopped up beyond recognition in one car. More than 30 returning hunters were fined \$10 each and costs and lost their guns because they carried them loaded in automobiles. Many revolvers are being confiscated under the new act.

Now read the Classified page.

2 ROBBERIES IN MARINETTE

Bandit Trio Holds Up Roadhouse and Gasoline Station

Marinette, Wis., Nov. 28—The robbery of two places in Marinette county last night by three masked bandits, one of them a negro who acted as leader, netted the robbers but \$22.50, but sent the members of the Marinette sheriff's department scouring the countryside and put police and county authorities in other parts of the state on the lookout for the trio.

The places robbed were the Green Parrot roadhouse, near Marinette, and a combination oil station and roadhouse near Coleman.

All trace of the bandits was lost after Sheriff Oscar Dahl and deputies traced the robber car a few miles south of Peshtigo, where it was found the bandit machine turned south toward Green Bay.

Entering the Green Parrot about 8 o'clock Sunday night, the big negro, with one of his light companions, held up the proprietor, a woman. After searching the place, the negro, armed with a gun, and the white man, armed with a long file, found only 15 cents in a tobacco box. Frustrated in their search for money, the pair went outside, and the negro fired twice

in the air, halting a Ford touring car. Jumping into the machine, they headed toward Crivitz.

In the meantime, the proprietor called the sheriff's office. While the sheriff and deputies took up the search, the sheriff's office was notified of a second robbery. Three men stopped at the gasoline station and woke up the owner, demanding gasoline. Getting the owner out of bed and into the filling station, the negro thrust the gun into the man's side, demanding him to give up his money. They procured \$22 and fled. The second robbery was committed at 10:45 o'clock last night, about three hours after the first robbery.

Sheriff Dahl thinks that the robbers may still be in Marinette county, believing the bandit car could not slip through the Ontonagon and Green Bay officers if the bandits took that route.

Three negroes, one of whom was armed, was picked up by Iron Mountain police today on suspicion. It is not believed they are implicated in the two robberies in this county.

To Have Market in City Today

Market Master Carl E. Anderson announced yesterday that the farmers' market would be open today as usual. Several farmers have advised Mr. Anderson they are bringing to the market today some fine meats, vegetables, potatoes and other produce.

TO GIVE FARM CROPS PRIZES

Successful Growers Will Be Guests at C. of C. Forum.

Prizes will be awarded Thursday night, at a Chamber of Commerce Forum meeting in the Delta Hotel, to the winners of the Better Crops contest staged this year under auspices of the Chamber and the Upper Peninsula Development Bureau.

Eight farmers who won cash prizes will be present. The principal address of the evening will be by C. E. Skiver, farm crops specialist of the Michigan State College field staff in the Upper Peninsula, who will talk about the importance of certified potatoes to the farmer.

The advisability of continuing the present method of controlling solicitations, and the value of that activity of the Chamber of Commerce to the business and professional men of Escanaba, also will be discussed.

Reservations should be made at the Chamber of Commerce offices before 9 a. m. Wednesday.

Rev. Jack Williams Stars as Soloist With Glee Club

Rev. Jack Williams of Avoca, son of Rev. and Mrs. R. C. G. Williams of this city, appearing as a soloist with the Schubert Glee club of Port Huron, furnished the sensation of the evening, according to Port Huron newspapers.

"A surprise of the concert," says one reviewer, "was the singing of Jack Williams, a new member of the club. It was the young man's first appearance on any concert stage with the club. His sweet, well modulated tenor not only thrilled the audience, but also was applauded behind the scenes by the singer's fellow club members."

The chorus is directed by Geo. D. McComb, widely known teacher, with whom Mr. Williams is studying.

Arrangements are being completed for the appearance of Mr. Williams in a recital to be given in the First Methodist church Thursday night, December 29. Miss Thelma Sawdy, a student in Bush Conservatory of Music, Chicago, will be the accompanist on

BRIEFLY TOLD

Royal Neighbors Meeting: The regular meeting of Arbutus Camp No. 652 Royal Neighbors of America will be held Thursday evening at eight o'clock at Grenier's hall. Election of officers for the ensuing year will be held. Every member is urged to attend.

Knights of King Arthur: The Knights of King Arthur will partake of a pot luck supper at the parlors of the First Presbyterian church this evening at six o'clock. The regular meeting of the organization will be held after the supper which will be followed by a game of basketball.

Correction:In a news story recently published in the Escanaba Daily Press, it was stated that a saloon conducted by the late James Lyons was destroyed by a disastrous fire in this city in 1889. This was an error, as Mr. Lyons was conducting the Third Ward Livery, which was burned. The Daily Press deeply regrets the error.

Woman's Guild Meet:The Woman's Guild of St. Stephen's Episcopal church will meet at the home of Mrs. A. J. Cariton, 502 South Seventh street, at 2:30 o'clock this

afternoon. A large attendance is desired.

Ladies' Aid Meeting:The Presbyterian Ladies' Aid society will hold its regular meeting at the church parlors at 2:30 o'clock this afternoon.

Turkey Supper:The annual turkey supper and fancy work sale of the Presbyterian Ladies' Aid will be held at the church parlors Thursday evening, December 1.

Fancy Work Sale:The Ladies' Aid of the First Baptist church will hold their fancy work sale and luncheon in the church parlors this afternoon and evening. Lunch will be served after 3:30 o'clock.

Alvin Brook of Jacksonville, Fla., is visiting friends and relatives in this city. He was accompanied here by his two brothers-in-law, William and Frank Deroun of Milwaukee.

IRREGULAR YOKES. The wrong side of catwax colored satin crepe is used effectively for a jagged, irregular yoke for both the bodice and skirt of a gown.

that occasion. Tickets for the affair will be on sale soon, it has been announced.

Jack Williams is well known here and during his residence in Escanaba he was a favorite of Escanaba audiences. A large crowd may be expected to be present at his "homecoming" concert.

Modern 6-room practically new house—hardwood floors throughout, oak woodwork, newly painted walls, full basement, 2-foot stone foundation, furnace, gas, water, lights, full lot, fine lawn and garden. Must be seen to be appreciated. If interested call at

YULE TREES TO BE INSPECTED

State Permission to Ship Evergreens Must Be Obtained.

Railroads serving the Upper Peninsula have been notified that a new state law forbids transportation of evergreens and Christmas trees unless state inspection is made. The new order is contained in the insect pest and plant disease act No. 142 of the public acts of 1927. The law was passed by the legislature for the purpose of eliminating the spread of disease among trees.

Thousands of Christmas trees, shipped out of the Upper Peninsula, to destinations in Southern Michigan and other states, will be affected by the order.

Railroads can not accept shipments until an inspection has been made or permission to ship is given by E. C. Mandenberg, or-

YULE TREES TO BE INSPECTED

State Permission to Ship Evergreens Must Be Obtained.

Railroads serving the Upper Peninsula have been notified that a new state law forbids transportation of evergreens and Christmas trees unless state inspection is made. The new order is contained in the insect pest and plant disease act No. 142 of the public acts of 1927. The law was passed by the legislature for the purpose of eliminating the spread of disease among trees.

Thousands of Christmas trees, shipped out of the Upper Peninsula, to destinations in Southern Michigan and other states, will be affected by the order.

Railroads can not accept shipments until an inspection has been made or permission to ship is given by E. C. Mandenberg, or-

chard and nursery inspection, at Lansing. It is understood that permission is often given by the state and the inspection conducted at the point of destination, because the state has not a sufficient number of inspectors to handle all shipments in the Upper Peninsula.

GIRL, HYPNOTIZED GOES UNDER KNIFE

Chicago—As she lay on her hospital bed, awaiting the call from the operating room, a woman patient in St. Luke's hospital was hypnotized by Dr. Alfred P. Solomon, neurologist. Trundled off to the operating table, she underwent a major operation for adhesions in the abdomen without any anaesthetic being administered.

Awakened after she had been in the hypnotic sleep for an hour the girl said she thought she had been asleep only a few minutes, and that she had felt no pain.

Dutch Flower Bulbs on Way to America Make Valuable Cargo

Some \$5,000,000 of flower bulbs are being shipped from Holland to the United States by the American Diamond Line, according to an announcement just made by the Merchant Fleet Corporation: The freighters "Anacanda," "Ambridge," and "West Eldara," it was said, were loaded with 20,000 cases of tulips, narcissus, and other bulbs, being shipped to New York.

The bulb movement, the announcement said, ends about late in September by which time it was estimated the line operated for the account of the Shipping Board transported 80,000 cases of bulbs.

The statement in full text follows: The American Diamond Line has begun transportation of the

\$5,000,000 bulb crop from Holland to the United States. According to company officials, the line has been the almost exclusive carrier of the Holland bulb crop for the past five years.

Holland bulbs are considered one of the most perishable commodities that steamship lines carry. They require very careful handling, very special stowage, proper ventilation while in transit, and special discharge to effect quickest delivery to consignees.

Britain's recent census cost more than \$1,766,000.

INDEES START DRILLS TONIGHT

Will Have Strong Team; Schedule Now Being Arranged

The Escanaba Independents, local semi-pro basketball aggregation composed of former, high school and college stars, will start its first practice tonight for the 1927-28 season. The season will start at 7 p.m. at the high school gymnasium.

The Independents, although sorely missing the services of John Gafner, George Dunn and Donald Bloomstrom, will have a strong team this year with the acquisition of George Grab, Bill Rockberg and Tom Judson. Billy Schram, George St. Louis and I. W. Soderberg will again be seen in action this season.

Soderberg, St. Louis and Schram are seasoned veterans, who played on last year's squad. The Independents have received many requests from out-of-town teams for games, some of them being such well-known traveling teams as the Milwaukee Bright Spots, the Giles Post No. 87, colored basketball squad of Chicago, and the Neenah Papermakers. The Chicago negro quintet were the national colored legion champions of the 1925-26 season. On this aggregation are such well-known colored stars as: Tilly Brooklin, former Colgate university star, who is captain; Les Johnson, All-American guard who played at Harvard; "Toots" Wright, Amherst; A. Ramsey, University of Southern California, and "Shorty" Fisher, greatest colored center in the country.

Byrnes Brothers Beat Roach Boys in Badminton Set

The Byrnes brothers, Gilbert and Charles, last night defeated two other brothers, Edward and George Roach, in the first doubles set of badminton played on an Escanaba court, the match being played on the Escanaba high school gymnasium floor.

The results were 3-5, 15-8, 3-0. The three games were hotly contested and interest ran high in the new game, which was introduced in this city by a Canadian badminton enthusiast. From all indications, this indoor game, which greatly resembles tennis, will become popular in this city.

The Byrnes and Roach brothers, aided considerably by their tennis playing experience, were quick to learn the rudiments of the new game and before the set was over they were displaying remarkable ability in the driving of the shuttlecocks or "birdies" as they are sometimes called.

BOXING

Philadelphia, Nov. 28—(P)—Outpointing his opponent in every round, Leo Lomaki, Aberdeen, Wash., tonight easily won the judges' decision in a ten round bout with "Young" Marrowlow, New Orleans, at the arena. Each weighed 172 pounds.

Reuther, Shawkey Given Releases

New York, Nov. 28—(P)—Walter "Dutch" Reuther and Robert J. Shawkey, veteran pitcher of the New York Yankees, were unconditionally released today.

Football Banquet Plans Completed

Arrangements are virtually complete for the appearance of Jack Blott, former University of Michigan football star and now a member of the coaching staff, at the football banquet to be given at the Escanaba high school tomorrow evening.

Baracas Defeat Psalmsingers

The Baptist Baracas defeated the Swedish Methodist Psalmsingers in a curtain-raiser of the cage season last night. The score was 22 to 20. A five-minute overtime period was necessary to break an 18-18 tie. The following are the lineups and summary: PSALMSINGERS BARACAS Norlin (3) F Douck (7) Hanson (4) C Christensen (2) Ostman C Allen (2) Gauhn (1) G Bowers (6) Berglund (8) G Embs (1)

Bruins Defeat Cardinals in Cage Contest

Detroit, Nov. 28—(P)—The Chicago Bruins rallied in the second half on an American professional basketball league game tonight to defeat the Detroit Cardinals, 15 to 14, in the season's opener at the Olympia arena here. Detroit led at the half, 8 to 6. Russell of the Bruins and Beckmann and Frankovich of Detroit, starred.

MATCHING UNDIES. To wear with a water-green velvet evening gown, Paris creates a water-green chiffon combination of brassiere, panties and slip.

Campus Comment

BY BOB MATHERNE.

The 1927 season has been marked by poor kicking, mainly because of the moving of the goal posts back 10 yards. Nearly every Saturday brings forth a loss to some team that might have been a tie or a victory had all points possible after touchdown been made.

This makes the performance of Deana Gilbert, quarterback at Roanoke College in Virginia, all the more remarkable.

He has to his credit this year a string of 15 consecutive goals after touchdown. Ten of them were made in one game. Gilbert made his record in three straight games. One of his kicks gave his team a 7-6 victory over Richmond.

It looks like Leo Raskowski of Ohio State has a splendid chance of landing an All-America tackle berth this year. Eastern critics are of the opinion that his play against Princeton was the best made by any tackle this year.

This game of horseshoes, better known as barnyard golf, is most popular at Northwestern. More than 350 students took part in a tournament held there recently by the intramural department.

One coaching staff now worried over the latest cry for unpaid coaches is the one at West Point. None of the coaches there receive pay for their services.

When Urinus beat Swarthmore 21-0 a few days ago, every member of the Swarthmore club lost a free hair cut that a barber had promised them if they won the game.

There's a cosmopolitan air to Iowa athletics. A Chinese may be the star of the soccer team this year, a Hindu has been fighting for a regular job on the football squad all year, and a Hawaiian is considered one of the best freshman football players in school.

Pirates Trade Cuyler to Cubs for 2 Players

Pittsburgh, Nov. 28—(P)—Hazen "Kiki" Cuyler, outfielder of baseball's many controversies, tonight was traded by the Pirates to the Chicago Cubs in exchange for Earl "Sparky" Adams, second baseman, and Floyd J. "Pete" Scott, outfielder.

Sam Watters, secretary of the Pittsburgh club, announced the trade tonight and said the deal had been arranged on a straight player basis with no money involved. Pittsburgh was represented in the negotiations by President Barney Dreyfus and Manager Donie Bush while the Chicago negotiators were President William Veck and Manager Joe McCarthy.

Will Hold Golf Tournney March 3

Detroit, Nov. 28—(P)—The opening date of the inaugural championship golf tournament was fixed today as March 3 by the Professional Golfers association at its annual business meeting here. The tournament which will last four days, will be held at Nassau club with \$3,000 first prize stakes.

The association also will sponsor the first Bahamas open championship, a tournament for amateurs and professionals, with \$1,000 prize money, it was announced. The open will precede the main event during the same week.

Three bids will be considered by the association tomorrow in awarding the 1928 national tournament. French Lick Springs, Ind., Fresh Meadow club of New York City and Baltimore Country club have entered bids.

Alec Piere of Chicago was re-elected president for a second term today. William Ogg of Worcester, Mass., J. H. Patterson of Los Angeles and W. H. May of Cleveland, Ohio, were named vice presidents. Joseph Mitchell of Montclair, N. J., was elected secretary and J. B. MacKie of Long Island, treasurer.

HIGHER SCORES MADE THIS YEAR

Bumper Crop of Touchdowns Greatest in Gridiron History

BY ALAN J. GOULD (Associated Press Sports Writer) New York, Nov. 28—(P)—The 1927 college football season has produced a bumper crop of touchdowns, one of the greatest on record as the forward pass has come back into its own as a scoring weapon.

The sharp rise to high scoring levels by teams throughout the country, after a five-year period in which the general tendency has been to tighten up the defense, is one of the most striking features of a campaign that is all over but the shouting in the south and far west.

The records of 135 college eleven representatives of every section of the gridiron map, reveal a total of 18,015 points tallied in 1150 games.

Reduced to a simplified basis these figures average 130.01 points per team, the highest since 1922, and an average of 15.3 points per game.

These figures are still below the record season of 1922 when the averages were 19 points per game and 133 per team, but they represent a big jump over 1926 and indicate a sharp return of offensive power.

Greater concentration on drives for touchdowns, instead of resorting to field goal attempts, plus greater dependence on the pass, are chiefly responsible for the scoring spree that punctuated the 1927 campaign.

AMUSEMENTS

AT THE DELFT

On completing the "East Side" scenes from "East Side, West Side" at the Fox New York Studio, Allan Dwan turned his attention to the "West Side" portions of the Felix Riesenberg story. The large Ghetto set which attracted so much comment because of its fidelity to detail gave way before an army of carpenters who constructed elaborate Park Avenue interiors on the same stage.

While Dore Davidson and Sonia Nodalsky were retained as "Pa" and "Ma Lipritch," the three important supporting characters for George O'Brien and Virginia Valli were Holmes Herbert, cast in the role of Gilbert Van Horn; June Collyer, as Josephine Van Horn, and Frank Dodge, as Judge Kelly.

AT THE STRAND

Jacqueline Logan, during the filming of "For Ladies Only," the current feature at the Strand, had a fresh bouquet of orchids delivered to her daily at the studio, so that they came to call her there "the lady of the orchids," as once they called the famous French actress, Marguerite Duplessis, "the lady of the camellias"; the lady whom the younger Dumas made the world weep over as "Camille."

"But nobody will ever make me a heroine of such a weepy story," Miss Logan objected when the analogy was called to her attention. "I am entirely too healthy and entirely too happy to stir the imagination of a romantic writer. Like a happy nation, I have no history. But I'm very fond of orchids."

Give Five Letters to Michigan Cross-Country Runners

Ann Arbor, Mich., Nov. 28—(P)—Five letters were awarded members of the University of Michigan cross-country squad today, breaking a precedent of many years. Seldom have more than two runners been awarded the coveted "M" for cross-country work.

The letters were awarded to Randolph Monroe of Grand Haven, Theodore Wuerfel of Ann Arbor, William Carolson of Ironwood, R. H. Herbert of LaGrange, Ill., and Charles Wells of Kansas.

I'm getting mine with a pipe and P. A.

HAVE you never bent over a tidy red tin and caught that marvelous P. A. fragrance? Only a great tobacco could smell as good as that. You prove how good it is on the very first fire-up. What a taste, Men!

Cool as an immigration-officer. Sweet as tobacco in the world. There's only one way to account for that—P. A.'s quality!

The sooner you get started, the better. A load of P. A. in the bowl of your pipe will be a load off your mind. And I don't mean that for any wise-crack. No matter what your present program is, try Prince Albert on the word of a friend. I'm telling you straight, you'll make no mistake.

P. A. in a pipe is cool and long-burning, right to the bottom of the bowl. This one brand is bought by more men than any other

to account for that—P. A.'s quality!

The sooner you get started, the better. A load of P. A. in the bowl of your pipe will be a load off your mind. And I don't mean that for any wise-crack. No matter what your present program is, try Prince Albert on the word of a friend. I'm telling you straight, you'll make no mistake.

PRINCE ALBERT

—the national joy smoke!

More for your money in every way—TWO full ounces in every tin.

MYSTERY SHOT WOUNDS FLINK

Escanaba Man Fired Upon; Offered Ride to Stranger

The mysterious shooting of Waldemar Flink, 429 South Seventh street, on highway M-19, near Fox about 12:30 o'clock Monday morning is being investigated by the sheriff's department. Sheriff Elmer Swanson is of the opinion that the shooting was done either by "headlight" hunters, who had mistaken Mr. Flink for a game warden, or by bandits who were attempting a holdup.

Two shots were fired upon Flink from ambush as he was stepping out of the coupe, which he was driving, to offer a ride to a man who was walking in the road ahead of him. Flink is certain that the shooting was not done by the man in the road, but came from behind a thicket on the side of the road.

Mr. Flink had spent Sunday morning and afternoon hunting deer south of Ford River. In the evening, he went to the home of his wife's cousin, Arthur Nelson, who lives on a farm about 18 miles south of Escanaba. They spent the evening playing cards, and Mr. Flink departed shortly after midnight for his home in Escanaba.

Offered Stranger Ride.

Just after he had reached the main highway, which is about a half mile from the Nelson home, he saw a man walking in the road ahead of him, and thinking that it was a hunter, who might want a ride, he stopped his car.

As he wanted to rearrange some of the bundles on the seat to make room for the stranger, he stepped out of the car with his rifle in hand. The rifle was lying on the left side of him, and he naturally picked it up as he stepped out of the car. As he halted the man offering him a ride, two shots were fired at him from a thicket on the side of the road, the second shot piercing his arm, and tearing away considerable flesh.

In the excitement, Mr. Flink did not notice what became of the stranger and when he cried for help he did not receive any attention from him. He dropped to the ground beside the car to avoid being hit by any other probable shots. After all was quiet again, he stepped into the car and waited for about two hours for some motorist to come along to drive him into town as he feared he would not be able to drive alone. No help came, however, and at 4 o'clock he decided to drive to the home of his cousin, reaching it with some difficulty.

There, his wound was dressed and he was driven by Mrs. Nelson to his home here, where he was given medical attention.

Were "Headlighters," Belief.

Three bandits hid up the Green Parrot roadhouse, near Marinette, and a gasoline station at Coleman Sunday night, and made their escape, eluding the Marinette county authorities. The road to Oconto and Green Bay were guarded closely and it would have been impossible for them to escape in that direction without detection, which leads authorities to believe that they may have come this way. It is probable that they attempted to hold up Mr. Flink, but that the gun discharged accidentally and they were frightened away by Mr. Flink's screams for help.

That Flink was fired upon by

How Thin Men and Women Gain in Weight

McCoy's Tablets, sugar-coated and rich in weight building agents are easy to take and will not upset or even disturb the most delicate stomach.

These wonderful health building, strength creating, weight producing tablets are now sold in every drug store in North America and millions of them are used every month.

McCoy takes all the risk—Test this ironclad guarantee. If after taking 4 thirty-cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at 51111 Drug Store or any drug store in America. Adv.

HERRING CATCH DISAPPOINTING

Shortage of Fish Reported in Menominee Area This Year.

Herring fishing in the Menominee district this season has been a great disappointment to fishermen, and the production will be about twenty-five per cent of former years, according to leading Menominee fishermen. With all preparations made for the largest catch on Green Bay this fall in the history of the herring industry, came the severe fall storms just as the herring run was expected to start. Rolly waters sent the spawning herring to unknown grounds.

Annual Christmas Sale Opens Today

The ladies and girls in charge of the annual Christmas sale of fancy work and hand made articles, which will open this morning at nine o'clock at St. Joseph's club rooms, have worked incessantly to make this year's sale the most successful affair of its kind in the history of the parish.

An unusually large assortment of fancy work and other articles including children's rompers, dresses, nighties, ladies' aprons, plain and fancy, pillow slips, sheets, hand tied comforters, blankets, table covers, runners, dollies, centers, library table covers, dolls, candy and many other articles too numerous to mention will be on display. These are marked at a very reasonable price and will make ideal Christmas gifts.

A tea room will be featured where excellent lunches may be had all day Tuesday and Wednesday and each evening. Business people who desire a change of menu for these two days will enjoy the home cooked meals at the tea room. The prices in this section are also moderate.

Wednesday evening at eight o'clock a card party will be sponsored by the two organizations and bridge, five hundred and pin-ochle will be played. Bunco will be played in one of the class rooms of the school. Prizes for all four games will be awarded to holders of high scores. Refreshments will be served in the card rooms.

As the proceeds of this sale are for a worthy cause the patronage of the public is solicited and will be greatly appreciated.

HAS COLORED TYPING.

Society women of London have taken to the idea of colored typing. Not only do they have their typewriters match their rooms, but the paper and ink must correspond with the typewriter. One prominent leader has a green machine in a green room and uses green paper and green ink.

At one time recently there were 248 idle steamers in ports of Japan.

ATTENTION FARMERS.

We are in the market for HIDES and all kinds of LIVE STOCK. We will pay market prices. Ship them to us. We will pay the freight on hides. Let us know what you have to sell.

SOCIAL

Silver Wedding

Harris, Nov. 28 (Special)—Mr. and Mrs. Frank Krutch of Harris were surprised Saturday night by a large group of friends, the occasion being the twenty-fifth anniversary of their marriage. The guests included a number of persons who were guests at the wedding of Mr. and Mrs. Krutch in Bark River on Nov. 26, 1902. Cards and radio music were among the evening's diversions. Mr. and Mrs. Krutch were presented with many gifts, among them being a fine radio set. Lunch was served. Out of town guests included: Mr. and Mrs. L. C. Klock of Spaulding, Mr. and Mrs. C. Philippo of Stephenson, Mrs. A. Lortz and Mrs. L. Stein of Escanaba, Mrs. Fred Lohf and E. W. Lohf of Hermanville.

Surprise Party.

Andrew Back was the honor guest at a surprise party given at his home Saturday evening, when a group of friends and relatives called to help him celebrate his birthday anniversary. Cards formed the chief diversion of the evening. High honors were made by Mrs. Paul St. Mitchell and Joseph White. A delicious lunch was served.

SHE'S ONE GOLFER WHO HAS NO FEAR OF SUPERSTITIONS.

Miriam Burns Horn, women's national golf champion, feels that psychology and superstition, as well as theory and execution, play a part on golfing success.

Mrs. Burns, who lives in Kansas City, left for the east to play over the Cherry Valley course, where the tourney was staged, on the 13th day of the month, carrying 13 clubs in her golf bag. She weighed 123 and was 23 years of age. She occupied sections 7 and 11 on her trip to Gotham.

No more statistics need be offered to those who are superstitious in an effort to explain why Miriam Burns Horn upset the dope to win the national title.

BAN CHILD MARRIAGE.

Hindu girls below the age of 12 and boys under 15 may not marry, according to a bill that is being discussed by the Indian national assembly. By defeating an official amendment that the bill be circulated for public opinion the assembly approved the principle of legislative prevention of child marriage.

Senegal wants a radio broadcasting station, and is trying to raise the necessary funds.

COAL SUPPLIES CENTERED HERE

Local Docks Supply Coal Over 60-Mile Radius, Figures Disclose

Escanaba's coal docks handle 350,000 to 400,000 tons of coal a year, it was disclosed yesterday by figures compiled by the Chamber of Commerce at the request of Pat Connelly, who is attending the Interstate Commerce commission's coal rate hearing in Minneapolis. Mr. Connelly is representing the Escanaba Paper company at the hearing.

The Chicago and Northwestern railroad uses about 120,000 tons of coal annually. About 125,000 tons are used by the E. and L. S., and the St. Paul railroads, local industrial concerns and distributed by retail coal dealers. The remaining 135,000 to 150,000 tons are distributed from Escanaba over a radius of 60 miles.

All of this coal comes into Escanaba by water. Rail shipments of Pocahontas and anthracite coal to Escanaba total about 4,000 tons a year, the estimates show.

BRIDGE FOR BALTIC.

Germany is to have the longest railroad bridge in the world. It will stretch for two miles over an arm of the Baltic Sea, to connect Stralsund and the island city of Rugen. It will have 19 long spans and will be 103 feet high, permitting heavy boats to pass under it.

AMBU LANCE

The Delta Taxi Co. offers for the convenience of those too ill or injured for other modes of transportation the very newest, scientific type of Ambulances.

St. Nicholas Boy at Livestock Expo

Joseph Herman, St. Nicholas youth who has been prominently identified in junior club work as a member of the St. Nicholas Calf club, left Saturday night to attend the International Livestock Exposition at Chicago. The stock show is being held from November 28 to December 3, and young Herman will remain there six days, viewing the various exhibits and gleaning much valuable information from the demonstrations.

Four other counties in the upper peninsula are sending youthful representatives to the exposition, the transportation being furnished free by the Chicago and North-Western railroad. Upon his return, Herman will enroll in the short course in agriculture being offered at the Menominee agricultural school.

But line competition is bothering railways and electric lines of Hawaii.

Loose casters—If your dresser or chairs keep loosening their casters, remove them, dip in glue and replace. Do not use for 24 hours.
