HOOVER WILL BACK POLICY OF COOLIDGE

FRIENDS MAKE BID FOR WHITE HOUSE SUPPORT

BY DAVID LAWRENCE. (Copyright 1928, by the Escanaba Press) Washington, Feb. 10.—Definite support of the principles of the Coolidge administration will be the backbone of the campaign to be conducted by the friends of Herbert Hoover in the forthcoming primaries in which the name of the secretary of commerce will be entered.

While the White House will preserve a course of absolute neutrality as between candidates, it is an open secret that there are some candidates who have been unfriendly to the Coolidge regime who can not expect to receive the support of the Coolidge men who are outstanding leaders in the Republican party.

The reasoning back of this is that the 1928 campaign is to be fought defensively on the Coolidge record and offensively on the ground that the Coolidge policies ought to be continued.

Economic Policies

The economic policies of the Coolidge administration, especially as they deal with agricultural relief, foreign debt revision, taxation, government participation in business and related matters, are known to have been worked on to no small extent by Secretary Hoover in collaboration with other officials of the administration and are not in the least embarrassing for the secretary of commerce support. In fact, his support of President Coolidge's policies may be the outstanding point in the pre-convention campaign of the Hoover managers.

There is one difference of opinion which the anti-Hoover elements have lately been endeavoring to emphasize and that is with regard to the secretary's recommendations on flood control. When he came back from the south he had certain ideas which were not fully accepted by the president, whereupon Mr. Hoover backed the president's program; but the flood relief plan has not finally worked out anyhow and indications now are that congress will come closer to the original Hoover recommendations. In other words, any effort to drive a wedge between the president and the secretary of commerce on the flood control issue is not likely to succeed.

Ohio Is Stage It is significant that in the last few days the Ohio primary situation has in a sense taken the whole political stage, especially in the discussions among members of the house of representatives, who are deeply interested in what members of the Ohio delegation are doing. All of them must run in the primaries and it makes a difference locally whether they tie their fortunes to the original Hoover recommendations. In other words, any effort to drive a wedge between the president and the secretary of commerce on the flood control issue is not likely to succeed.

FARMER ADMITS HE SENT CANDY

Joseph Smithers, Manistique Man, Wanted to Save Girl from Youth

Manistique, Feb. 10.—(P)—Joseph Smithers, held here on a charge of attempted murder in connection with the poisoning of George McCastle, 23, a rival for the affections of 17-year-old Gertrude Monroe, confessed tonight, according to Prosecuting Atty. V. I. Hixson. Smithers, in a signed statement, according to the official, said he was motivated by a desire to save the girl from one whom he thought unfit for her. He is charged with having sent poisoned candy in a package to McCastle. The youth became seriously ill after eating the candy, but recovered. "I sent the poisoned candy because I wanted to save Gertrude from that man," Smithers told the prosecutor. "He's no good and not worthy of her. I am not jealous in the least because I consider it one's privilege to go with any one they please." Smithers, whose wife died 35 years ago, operates a farm next to one owned by the Monroe girl's parents here. The aged farmer said he and Miss Monroe had been engaged for two years but that lately she had spurned his attentions.

Will Hold Sanity Hearing for Youth Who Attacked Girl

Battle Creek, Feb. 10.—(P)—Leslie Daniels, 20, who pleaded guilty here today to a charge of felonious assault on a five year old girl, will be given a sanity test before sentence is passed, Judge Blaine W. Hatch said. Daniels was arrested when he was discovered by the girl's father in a shack with the child. The youth held a knife in his hand, and it is believed, contemplated killing her.

Condition of Judge Flannigan Improved

Chicago, Feb. 10.—(P)—The condition of Richard C. Flannigan, justice of the Michigan Supreme court, who is seriously ill with pleurisy at the Mercy hospital, was much improved today, his attending physician said. Judge Flannigan has been confined to the hospital for five weeks during which time he has never lapsed into unconsciousness, the physician said. Because of today's improvement hopes are high for recovery.

CONCUSSION ROCKS CITY; LOSS HEAVY

10 LARGE STILLS DESTROYED; BELIEVE MANY MORE DEAD

Everett, Mass., Feb. 10.—(P)—With a concussion that rocked this city and was felt for many miles beyond, a unit of ten large stills in the refining plant of the Beacon Oil company here exploded late today, causing heavy loss of life. Early tonight the known dead numbered ten, but it was believed other bodies lay covered in the red-hot remains of the still section. At least fifty were injured, many seriously. Eight charred bodies had been taken to an undertaking establishment, and another was in sight beneath the caved-in wall of one of the stills. Vito Ranso of Everett, one of thirty injured taken to the Massachusetts General hospital, died there of burns. The oil company's plant occupies a tract of about 50 acres on the bank of the Mystic river east of Everett. The stills affected form one unit, a total of 25 in the plant. R. B. Kahle, president of the company, said that the explosion probably was caused by the failure of a low pressure still. In the refining process the crude oil is first carried through coils and vaporized at low pressure. The gases then are cooled and re-distilled at higher pressure. Kahle said he did not think any high pressure still had hit.

300 Men in Plant.

The explosion shattered windows for a wide area about the plant. The stills blew up singly or in pairs. Flames shot up to a height of 80 feet above the 100-foot structures, and a pall of dense smoke hung over the plant, hampering the work of rescue.

About 300 persons were employed in the entire plant, of whom 150 were in the section chiefly affected by the explosion. Most of those killed were at work about the stills, but in the machine shop nearby, four men lost their lives. When the fire was brought under control about two hours after the first shock, six of the stills had fallen and the other four were severely damaged. Mr. Kahle set the property loss at \$75,000.

Less than 100 feet from the burning stills were six tanks, each holding 40,000 gallons of refined product. None of these exploded although several fires started about them.

(By The Associated Press.)

Yesterday was a day of catastrophe to widely separated sections of the country.

Explosions in oil plants at Everett, Mass., caused the deaths of at least ten persons; a city block at Long Beach, Cal., was devastated with the loss of six lives after a refinery explosion and extensive pliers of a Bayonne, N. J., oil company were swept by flames.

Other disasters of the day were: Timmins, Ont.—Between 20 and 45 miners were trapped 550 feet below the surface; four bodies recovered before rescue operations were halted by gas.

Worcester, Mass.—City block destroyed in supposed incendiary.

Norway and Sweden swept by "a great tempest"; 24 dead reported in vicinity of Oslo.

Flint Voters Seek to Recall Mayor

Flint, Mich., Feb. 10.—(P)—A special election to vote on the proposed recall of Mayor William H. McKeighan was ordered by Circuit Judge Edward D. Black. Judge Black issued a writ of mandamus on a petition filed by a citizens' committee of 100, ordering City Clerk Albert Rorie to call an election "at once."

The writ was sought after Rorie refused to honor petitions initiating the recall, filed with him, January 27. The petitions carried the names of 4,845 persons, enough to initiate a recall, but Rorie's refusal to act was on a contention that they did not contain the precinct numbers of the signers.

Mayor McKeighan is charged in the petitions with fraudulent mismanagement of city funds and corruption in the administration of city affairs. It will be the second recall election here in four years. Mayor D. R. Cuthbertson was ousted in 1924 after he had defeated McKeighan for the office.

Overcoat is Only Clue in Search for Two Deputies

Lafayette, Ind., Feb. 10.—(P)—A blood-stained overcoat tonight appeared to provide the only new clue to the disappearance of Deputy Sheriff John P. Grove and Wallace McClure and two prisoners, John Burns and Samuel Baxter, all of whom vanished Tuesday morning while on the way from Lafayette to the state reformatory at Pendleton, 70 miles east of here. The coat was found Tuesday on a highway a mile and a half west of Lebanon by farmers and was turned over to the local authorities late today. Police attempted to find out if any of the missing men wore such a coat when they disappeared from Lafayette. Inasmuch as Burns and Baxter were at the home of Union Smith, an uncle of Burns at Danville, Ill., Tuesday noon, it is assumed the coat may provide an important clue as the fleeing convicts would have had to travel a westbound road to cross the Wabash river and reach Danville.

Police believe the bodies of Grove and McClure may have been thrown into the Wabash river as the fugitives fled westward.

When Burns, Baxter and an accomplice robbed a cafe at West Point, and carried off the cash register they threw the register into the Wabash river a few miles below this city.

SOLONS OBJECT TO THIRD TERM

Favor Retirement of Executive After Second Election

Washington, Feb. 10.—(P)—The senate went on record today, 56 to 26, in favor of the retirement of presidents "after their second term." By this vote the resolution of Senator LaFollette, Republican, Wisconsin, declaring this precedent established by Washington and other presidents had become "a part of our Republican system of government" was approved after four days of debate revolving about its application to President Coolidge.

The second paragraph of the resolution commending "the observance of this precedent by the president" was withdrawn by Senator LaFollette after Senator Fess, Republican, Ohio, had moved to strike it out.

However, an attempt by Senator Fess to word the resolution to apply only to second "elective" terms was overwhelmingly rejected, 73 to 5. This move, which would obviously exempt President Coolidge from the scope of the resolution was supported only by Senators Bingham and McLean, Connecticut; Waterman, Colorado, and Fess and Willis, Ohio, Republicans.

To Prevent Cal's Nomination. Administration Republicans had contended that the paragraph reflected on Mr. Coolidge who, they contend, might still accept "in good faith" the Republican nomination. Some Democrats had assailed the paragraph as not accepting "in good faith" the announcement of the president that he did not choose to run.

Senator LaFollette, who said he proposed his resolution because Charles D. Hilles of New York and "other powerful factors in the party" were seeking to draft the president, withdrew the paragraph, but he said, "it was apparent from statements by his friends here that the president has not foreclosed his renomination."

Senator Couzens of Michigan voted for the resolution and Ferris against it.

Slander Charge Placed Against Hamtramck

Detroit, Feb. 10.—(P)—Mayor Stephen Majewski of Hamtramck tonight was served with a warrant, charging slander, sworn to by Walter Cytacki.

The complainant charged that at a public meeting February 8, Mayor Majewski declared: "Walter Cytacki is a crook and I can prove it. He stole \$40,000 of your monies when he was a member of the board of education four years ago."

Majewski will be arraigned tomorrow.

JUDGE BIRD OF SUPREME COURT DIES

POTTER, ATTORNEY GENERAL, MAY BE SUCCESSOR

Lansing, Mich., Feb. 10.—(P)—The death of Justice John E. Bird of the supreme court in Adrian today drew expressions of deep regret from Governor Green, associates on the bench and other state officials. The members of the court, except Justice Richard C. Flannigan, who is ill in a Chicago hospital, will attend the funeral Monday.

Although no one will be appointed to succeed Bird until next week, W. W. Potter, attorney general, is believed to be the probable new member of the bench. In state circles it was generally accepted that the attorney general, who is widely known in both legal and public circles, will ascend to the high court. Conjecture as to Potter's possible successor, as attorney general in the event he is made a justice, ranged far and wide. This appointment also must be made by the governor.

The appointment to the supreme court will further enlarge the record of Governor Green for appointments. He has named 23 judges, probate, circuit and supreme, during his tenure—more than any other governor has appointed, regardless of the length of time he was in office.

John E. Bird was one of the few chiefs of the state's department of justice to be three times elected attorney general of Michigan. He came to that office in 1904, while engaged in private practice in Lenawee county, and was re-elected in 1906 and in 1908.

It was while serving his third term that he was appointed to the state supreme court by Governor Fred M. Warner to fill the unexpired term of Justice Robert Montgomery, who resigned. This was in the summer of 1910 and the appointment was confirmed at the polls the following November. He was re-elected for the full eight-year term at the spring election of 1911 and again re-elected in 1919.

Born at Clayton. The constitutional convention of 1908 occurred during Bird's term as attorney general and upon him devolved the task of fitting many of the laws of the succeeding sessions of the legislature to the new constitutional provisions. His services to the state covered the period in the history of Michigan when the state undertook to deal with the railroad corporations.

John Everett Bird was born at Clayton, Lenawee county, December 15, 1862, the son of Reuben Everett and Caroline Caniff Bird. His early education was in the public schools of Lenawee county and Adrian college. He was admitted to the practice of law in 1888. In 1894 he was elected prosecuting attorney of Lenawee and served continuously until 1899, retiring to take up private practice.

His retirement was short, however, for in 1904 he was elected attorney general, holding that office until his elevation to the supreme court bench in 1910.

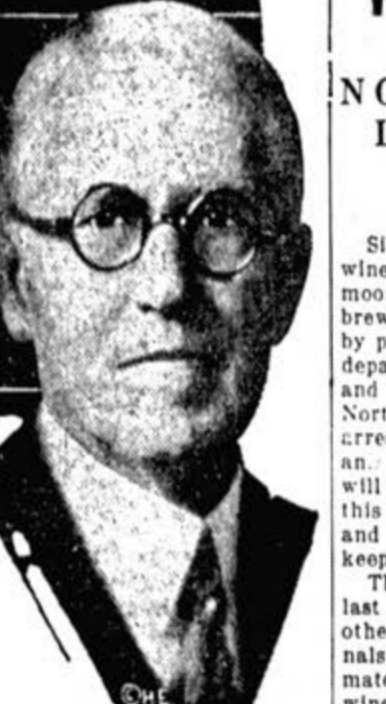

Perhaps the most valuable of Mr. Bird's services to the state in a pecuniary sense came while as attorney general he handled the suits growing out of the action of the state legislature in placing an ad valorem tax upon railroad corporations.

Ad Valorem Tax Upheld. When Mr. Bird assumed the office of attorney general more than \$25,000,000 was involved in pending litigation. The collection of \$15,000,000 depended upon the ad valorem tax held to be valid by the state supreme court. Moreover, the state had been sued by the Michigan Central railroad for \$6,000,000, the amount claimed to be due the road from the state because of the repeal of its special charter. On the other hand, the state was suing the Michigan Central to recover \$4,000,000 claimed to be due for delinquent taxes.

The ad valorem tax was upheld by the United States supreme court and paid into the primary school fund of Michigan. The litigation with the Michigan Central railroad resulted in the payment by that corporation to the state of \$125,000 to cover the expenditures made by the state in preparing and prosecuting the cases against the road. It was Mr. Bird's promptness and thorough preparation that brought to a speedy conclusion litigation that otherwise might have dragged in the courts for years.

SENATE MARVEL

For the first time since he took his seat in the U. S. Senate five years ago, Woodbridge N. Ferris of Michigan plans to make a speech. His record for silence is unequalled in the history of the chamber. Ferris can speak, too; he used to be a chautauqua lecturer, and won his election with a campaign of fiery oratory.

FAIL TO AGREE ON PREAMBLE

Pan-American Union Committee Hesitates to End Meeting

Havana, Feb. 10.—(P)—The Pan-American union committee of the Pan-American conference today clung to formalities of procedure to postpone the hour when it may have to declare that its labors have ended in a deadlock.

Consideration of a sub-committee report was deferred as a means of holding off the deadlock. This report announced that it was impossible to reach a unanimous agreement among the members regarding the contents of the preamble to the newly proposed convention to regulate the activities of the Pan-American union.

In the meantime the committee considered the individual articles of the convention regarding which the sub-committee had interposed accord. The delay thus interposed in debate on the preamble was felt to offer an opportunity which might lead to the discovery of a formula which would accommodate the Argentine contention that Pan-Americanism tends toward the abolition of excessive tariff barriers and which also would be pleasing to the other delegations which are all solidly against Argentina in this particular matter.

Only One Disagrees. Today's committee meeting appeared in the nature of an anti-climax after the dramatic announcement late yesterday that the sub-committee would be obliged to inform the full committee that conclusion of a convention at this Pan-American conference was impossible. Yesterday this contention of Dr. Honorio Pueyrredon, the Argentine delegate, that the economic clause be inserted in the convention.

As soon as today's meeting opened, Aneque H. Cartaya of Cuba, chairman of the sub-committee, read a report in which it was stated that all delegates except Dr. Pueyrredon had agreed on a preamble. This preamble stressed the moral union of all the American republics, their equality and independence and the necessity that their mutual relations be guided by their respective economic interests.

Dr. Pueyrredon, Senor Cartaya said, although agreeing to all the provisions included in the proposed preamble, made his acceptance of it conditional upon the inclusion of a provision stating that "economic co-operation is an essential factor in Pan-Americanism," and finally urging that all states "propose to suppress unjust obstacles and artificial and excessive barriers which interfere with the natural flow and restrict the normal development of commerce."

1600 GALLONS OF WINE, MUCH WHISKY SEIZED

NORTH ESCANABA LIQUOR RESORTS MOPPED UP

Sixteen hundred gallons of wine and a large quantity of moonshine whiskey and home-brew beer were seized last night by police, assisted by the sheriff's department, in raids on homes and soft-drink establishments in North Escanaba, resulting in the arrest of 11 men and one woman. The 12 alleged bootleggers will be arraigned in justice court this morning, charged with sale and possession of liquor and keeping a place.

The amount of liquor taken in last night's raids outshadows all other hauls in local police annals, it was said. It was estimated that the retail value of wine, beer and whiskey ranges from \$5,000 to \$6,000. The wine was of the "dago red" variety and sells for about \$3.50 to \$4 a gallon.

Mostly Private Dwellings. All the places hit were private dwellings with the exception of a soft drink parlor conducted by Mirko Skradski, 1431 Sheridan road, and a small grocery store owned by Fred Lalaef, 1605 Sheridan road. In the basement of the Skradski place the officers found eight barrels which contained about 450 gallons of wine. A wine press and other apparatus was also found nearby.

Liquor of some kind was found in every place visited. Evidence of sale was procured earlier in the week by a special police investigator. Twenty-two men participated in the cleanup job.

Four of the persons arrested last night have been convicted before for violation of the prohibition laws, but Parole Officer Judson declared that not one of the 12 victims of the raids are under parole.

List of Arrested Persons. Mirko Skradski, 1431 Sheridan road. Eight barrels containing 450 gallons of wine seized. Police took a small quantity for evidence, and will return to the place today to destroy the liquor. Fear of causing wet damage to articles in the basement prompted officers last night to lock the place and delay the confiscatory action. Skradski is a former offender.

Steve Bogovich, 1612 North Sixteenth street, 50 gallons of wine.

Mrs. Kate Treoch, 1612 North Sixteenth street, sister of Bogovich occupying same premises. John Masewich, 1607 Sheridan road. One pint of whiskey was found secreted on a shelf built under bench.

Fred Lalaef, 1605 Sheridan road. One quart of moonshine whiskey found in grocery store. Lalaef has been convicted for dry law violations before.

Frank Eugates, 1602 North Eighteenth street. Thirteen gallons of whiskey, 150 gallons of wine and 100 gallons of mash seized, also small still. Eugates is a former offender.

Mirko Rodman, 1603 North Eighteenth street. Three hundred gallons of wine and 48 bottles of beer seized.

Mike Muskon, 1621 Stephenson avenue. One hundred gallons of wine.

Steve Markovich, 1603 North Eighteenth street. Three quarts of whiskey seized.

Frank Simonic, 1330 Stephenson avenue. Two hundred and forty gallons of wine.

Stephen Rozich, 1312 North Sixteenth street. Ten gallons of wine.

Frank Kobosch, 1430 Stephenson avenue. Two hundred and ninety gallons of wine.

# M. S. C. WINS TRACK TITLE

## Retains Honors in M. A. A. U. in Fifth Annual Meeting

East Lansing, Mich., Feb. 10.—(AP)—Michigan State college successfully defended its Michigan A. A. U. title here tonight in the fifth annual renewal of track and field games by scoring 40 points. Michigan State Normal was second with 25 points. Six records were broken.

Records went by the boards as athletes from all over the state met in the annual classic. Out of the thirteen events, new marks were made in six.

Harold McAtee, Michigan State college pole vaulter, cleared the bar at 15 feet 1 1/2 inch at the most outstanding performance of the meet. The previous record was 12 feet, 2 1/4 inches.

Standing high jump, Monroe (Detroit Y. M. C. A.) 4 feet 5 1/2 inches; shot put, Zuber (Cadillac Athletic club) 43 feet 8 1/2 inches; running jump, Monroe (Detroit Y. M. C. A.) 6 feet 7 1/2 inches; 40-yard high hurdles, Spence (Detroit City college) 5.5 seconds and the 1,000-yard run, Criger (Michigan State Normal) 2:26.8.

Michigan State Normal took a lead over State college early in the meet only to lose it later. Detroit Y. M. C. A. with 18 points placed third. Other scores were: Detroit City college, 16; unattached, 9; Cadillac Athletic club, 8; Detroit City college freshmen, 6; Michigan Central Athletic association, 6; Suomi club, 5; Western State Normal, 2; Highland Park Junior college, 1; Michigan State college freshmen, 1.

Cline, Central State Normal, with nine points, while Hickney, Mich., State college placed third with eight points.

Michigan State college's medley relay team took first place in this event with Hensen, sprinted 220 yards in fast time to get the jump. The team was comprised of the following men: Hensen, Salmon, Wylie and Roosten.

### SAYS CHRIS' ASHES ARE IN AMERICA

Cleveland—Where is Christopher Columbus buried? That is the question.

Historians have been telling the world that Chris' ashes are buried in Seville, Spain. But Senor M. A. Cocco, who attended the Pan-American road convention here, takes issue by asserting the remains are buried in America—specifically under the great cathedral in Santo Domingo City.

Senor Cocco says that the wife of Diego Columbus, son of the discoverer, petitioned Charles V to remove the ashes of the discoverer from Valladolid, Spain, to Santo Domingo. Permission was granted for the remains to be moved to Hispania America, according to his story, and in 1542 burial was effected under the altar of the cathedral in Santo Domingo City.

Chicago—"Oh, Marjorie, come on over! We've the darlinest ice-cream. And he plays bridge; he uses the sweetest perfume and has the nicest hair." Just a suggested line of chatter over the back fence this summer, when the 1928 model ice-cream appears, as heralded by Leslie C. Smith, secretary of the National Association of Ice Industries. "We are going to insist that our men be as neat and handsome as possible," says Smith. "They will be dressed in appropriate uniforms. While brawn will be essential; beauty will be paramount. They have got to have it."

### Historic Houses Bow to Progress

Paris—Historic old houses in narrow little streets 700 years old are being torn down, to the joy of sanitary experts and the despair of lovers of old Paris.

Light, virtue and cleanliness never flourished in the dark houses with cracked walls crazily leaning fronts and dungeon-like cellars. In these narrow streets of the old city, however, were born the early systems of street lighting, sweeping, policing, garbage collecting and the national Opera.

The rue de la Reynie was named for an ancient Chief of Police, who ordered the bourgeois of the district to maintain, light at nightfall and extinguish at dawn, candle lanterns at specified intervals.

De la Reynie also organized day and night patrols of "archers," who traveled in squads because swords often flashed in those days. The rue de Venise close by was the quarter of the usurers.

In the rue Brise-Miche, famous because of an old bakery there that once supplied a nearby monastery, there are the hooks to attach a chain that barred the street on occasions in the days of Louis XI.

### KINDNESS REPAID.

Philadelphia—When Clarence Deshong, a 78-year-old bachelor, died recently, his will revealed that Mrs. Lascelle Bell, widow of his old friend, Dr. Bell, a dentist of Chester, Pa., was left nearly a million dollars. Although an avowed woman hater, Deshong was lonely in his last years and Mrs. Bell often visited him after her husband's death.

# DOUBT RIGHT TO NAME SENTENCE

## Hickman May Not Know Fate Until After Tuesday, Lawyers Say

Los Angeles, Feb. 10.—(AP)—Belief that William E. Hickman could not be sentenced for the slaying of Marian Parker until the court rules on a motion for a new trial next Tuesday, was expressed today by the legal defenders of the youth who was found sane by a jury in superior court yesterday.

Defense Attorneys Jerome Walsh and Richard Cantillon based their declaration on an agreement court yesterday to ignore the usual rule that arguments for a new trial must be heard within 48 hours after a verdict is returned, and, instead, present their arguments Tuesday.

This agreement, said the defense lawyers, may prevent the court passing sentence upon Hickman, which Judge J. J. Trabucco set for tomorrow, until the motion for the trial has been disposed of.

On appeal to the supreme court from the jury's verdict would be based principally on Judge Trabucco's failure to instruct the jurors that they might recommend leniency if they wished, Attorney Walsh revealed. Many legal authorities here believe that six months may elapse before the case is finally settled. An opinion was sought tonight from Judge Trabucco on the statement of the defense that the sentencing of the slayer should be delayed.

### Hickman Asks Information.

Meanwhile, Hickman in his jail cell unconcernedly awaited the hour of sentencing.

"I'll be ready for it tomorrow," the slayer said. He was not in the joking mood he was yesterday after the jury's verdict had been returned.

"It hasn't got me scared any," asserted Hickman. "I won't grow grey hairs because someone passes a death sentence."

Hickman asked newspapermen for information on the manner and details of hanging they had witnessed. Lying back in his cell bunk, his hands under his head, Hickman asked for "all the details."

In the interview he thanked his visitors for the information.

## DEMPESEY ADMIRERS

There are thousands and thousands of Dempsey admirers who are glad, in view of the reported weakness of his left eye, that the old man-mauler will never fight again.

Perhaps the report of the eye trouble has been slightly exaggerated, but it must be remembered that Dempsey himself admits the trouble and also says that he may never fight again.

That view taken by Dempsey is pleasing to his many admirers, who, although anxious to see their idol in the ring again, much prefer his taking the safer course to prevent any serious mishap and by such a course absent himself from ring battles.

Dempsey, to many thousands, always will be the champion despite the two likings received from Gene Tunney. These thousands, therefore, are glad that he will not fight again and take the chance of being beaten badly.

Dempsey, if he fought again, would be the choice of many because of a sentimental attachment for him to win, regardless of when he fought. But even though he could whip the majority of current heavyweights, his decision to quit is welcome news.

### Other Ring Cases

Many cases similar to the Dempsey case are on record in the history of the ring.

The punching does it, and Dempsey has taken many punches that while not hurting at the time has finally exacted a toll. Especially was the eye cut many times in his two fights with Gene Tunney. Tunney's right hand seemed to be meeting it always.

The most notable cases of eye trouble in ring history are those of Pete Herman, Irish Patsy Cline, Pete Sarmiento and Sam Langford.

Herman, one of the greatest bantams that ever lived, went totally blind. Cline's eyes went back on him. Pete Sarmiento is now back in the Philippines, with the sight of one eye impaired. Sam Langford went punch blind.

Constant blows on the eyes are bound to exact some physical hardship. It is surprising that so few cases are recorded of eye trouble caused by blows in the ring.

### Had the Color

With Dempsey passing out of the current picture, it means the passing of the eye cut fighter that ever lived.

Dempsey had what the boys like—the old sock, and it was his old sock that enabled Tex Rickard to charge \$40 tops and reap million dollar gates.

There may come another Dempsey some day, but there are none now on the heavyweight horizon.

And until another does come along, with the punch that made Dempsey famous, one cannot expect any more million dollar crowds to gather in to watch the fighters do their stuff.

Whether Gene Tunney likes it or not, it was Dempsey who drew the fans in at their two fights, and should Jack ever decide to fight, it will be Dempsey who will pack 'em in again.

There likely will never be another Dempsey. But the old boy has been such a fighter that the world does not need another Dempsey to cause him to be remembered.

### YOUTH IS SERVED

The names of several great track and field stars of the past few years are missing from the All-America track selections of Secretary-Treasurer Daniel L. Ferris of the Amateur Athletic Union, and in their places are found the names of younger men, many in the collegiate ranks.

One finds missing the names of Paddock, Murchison, McGrath, Helfrich and Taylor. Also, it is noticed that Harold Osborn holds only one place on the Ferris selections instead of the three as in other years.

Youth is no respecter of age, and it is youth that has displaced these veterans of the track world.

Karl Wildermuth, Lancelot Ross, Sabin Carr, Ray Conger, Johnny Gibson, Herman Phillips, Anton Burg and other young track stars are taking the spotlight.

It must not be taken for granted, however, that the veterans are through. With the exception of Loren Murchison, who is recovering from a recent illness, all of them are pretty certain to be in competition this summer.

### Age of Specialization

It is worthy of note, in view of the recent statements of Dr. Otto

C. Peltzer on track specialization, that only two athletes gained more than one place on Ferris' all-star squad.

Willie Rittola, the Finnish runner, and Harry Hinkel, of the New York A. C., have four and two places, respectively.

Rittola is given, and given deservedly, first choice in the six-mile run, the ten-mile run, the steeplechase and the cross-country. He won national titles in all these events last year.

Hinkel displaces Willie Plant as America's premier walker, being placed in the list for the three-mile and seven-mile events, while Plant is chosen in only the mile pace.

### Watch This Tenorio

Don't be surprised if you hear plenty from now on of Lope Tenorio, the Filipino lightweight who drew with Bruce Flowers in New York a few days ago.

Tenorio, previous to meeting Flowers, had defeated Stan Loayza and Joey Glick in bouts at Cleveland, and went on to New York to fight Flowers in a headliner at the Garden without ever having appeared there before.

That, so we are told, is the second time in the history of boxing that a fighter has been in the main bout at Madison Square Garden without having first appeared there as a preliminary fighter.

Tenorio, in both Cleveland and New York, has shown the makings of a great as well as a pleasing fighter. He can punch, he can take it, and he likes to fight. It is not strange that he is a fighting fighter, however, as most of the boys who have come over here from the islands in the Pacific have been crowd pleasers.

# JUDGE BIRD OF SUPREME COURT DIES

(Continued From Page One.)

handed down by Justice Bird dealt with the state prohibition law, and resulted in several amendments to that act needed to make it enforceable. This was in March, 1921, when the state supreme court held the interstate transportation and search-and-seizure sections of the state prohibition law were unconstitutional. In one of these cases Justice Bird, writing the majority opinion, held that the interstate transportation section of the state law conflicted with the Reed amendment to the Webb-Kenyon law forbidding transportation of liquor from one state to another.

Justice Bird also wrote his opinion that restored Circuit Judge Albert L. Widdis to good standing before the Michigan bar, following his disbarment by the circuit court of Genesee county, upon motion of the state attorney general's department.

### Thought He Was Citizen.

The case against Widdis was based on affidavits showing that he was not of age and not a citizen of the United States when admitted to the bar in Genesee county in 1891 and that his admission was obtained on a perjured affidavit.

Justice Bird upheld the plea of Widdis that at the time of his application he believed he was a citizen and that he did not know that he was not until some time later when he sought to enter politics. Commenting upon the Widdis

case, Justice Bird wrote: "If all men over 50 years of age who now are holding responsible positions of public and private trust were to be judged without mitigation for acts and irregularities committed by them when 18 or 19 years of age, there doubtless would be many vacancies in the business and official world."

Justice Bird was a member of the Adrian Bar association and the Michigan State Bar association. He also was a Mason and a Knight of Pythias. He was married in 1895 to Miss Katherine Brown of Troy, N. Y.

### BRING ON THE EATS.

Mount Carmel, Ill.—It's a long time between meals for Albert Brown, but when he gets his feet under the table and somebody else is willing to pay for the food, his capacity is something marvelous. Brown walked into a local restaurant and announced that he had no money albeit an overwhelming appetite. Two patrons agreed to pay for all he could eat. Albert needed no second invitation and here is what he ate: Seventeen hamburger sandwiches, nine cups of coffee, seven slices of bacon, two pints of milk, three oyster steaks, six jelly rolls, two cans of pork and beans and six glasses of water.

## Jean Gros' Company Gives Two Fine Entertainments

Jean Gros' French Marionettes gave two performances in the high school auditorium yesterday. In the afternoon, "Uncle Wiggily in Wonderland" was presented to nearly 1,000 grade school children. At night, "Huckleberry Finn," adapted from the famous Mark Twain story, was offered.

The audiences found the marionettes splendid entertainment, combining whimsical fun, droll antics and artistry of the highest type. The attraction was one of the most successful, artistically and financially, that the Escanaba Lyceum Bureau has ever sponsored.

In addition to the 100 or more puppets, and Mr. Gros, the organization includes: Irene Griffin Gros, musical director; Geraldine Vance, harpist-pianist; Linaea Hartman, violinist-upper wardrobe mistress; John O'Neill, art director and baritone; Garret Becker, architect designer; Lillian Owen, marionette maker, and William Thompson, designer of puppets and mechanical effects.

## LaLonde Arraigned on Liquor Charge

Fred LaLonde, proprietor of the soft drink parlor at 1205 Ludington street, which was raided by police Thursday night, was arraigned before Justice of the Peace Doherty yesterday morning on a charge of illegal possession of liquor. He demanded a hearing, which was set for next Tuesday, and was released on bonds. LaLonde is also to be given a hearing on Monday before Justice Rungtze on a similar charge as a result of his arrest a few days ago.

Armed with a search warrant, the police went to the LaLonde place Thursday night and found three plinths of liquor secreted in a small compartment built in a wall. The entrance into the compartment was cleverly hidden from view by a coat hanging on the wall.

## BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with a two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

MAD DASH FOR CULTURE.

A generation or so ago, every newspaper editor used to rettle into seclusion every so often, ponder dourly on the times for a space, and write an editorial entitled, "Whither are we drifting?"

As far as can be learned, none of these long Jeremiahs ever had any appreciable effect on the country's movements. But the habit of sitting down occasionally and meditating on our ultimate goal was a pretty good one, nevertheless. Even if you can't stem a current, it is a good idea to see where it is carrying you.

During the last few years one of the most marked traits of our civilization has been the tremendous growth of the average citizen's yen for culture.

High schools, colleges and universities have been jammed. Noted educators have publicly wondered how they ever were going to accommodate all the would-be students. City and state budgets for education have gone skyrocketing.

Nor is that all. There have sprung up, like mushrooms, hosts of organizations that seek to fill in, with a few easy lessons, any gaps in your culture. You cannot read a magazine without being implored to study French, to read Conrad, to enjoy the pick of the world's literary classics in homeopathic doses, to get a working knowledge of the great philosophies, to steep yourself in everything from relativity to psychoanalysis.

All of this being so, it might pay us to sit down and ask ourselves the old-time editor's question—"Whither are we drifting?" Now it is not an American trait to go for something that has no cash value. And this scramble for education is no exception. We seem to be struggling for "culture" so that we can better ourselves in business; we read of salesmen who got promotions because they could speak French, of advertising writers who forged ahead because they had read Thomas Hardy, of farm hands who progressed to big city offices because they were familiar with Beethoven's Fifth Symphony.

This sort of thing isn't culture at all, and it is time we realized it. One can be educated to one's finger tips and still lag far behind the uncouth man who doesn't know Plato from Ring Lardner. One can be versed in the world's greatest music and still be outstripped by a rival who never heard anything higher than a jazz band. Intimacy with Virgil won't necessarily increase one's earnings as a real estate salesman.

But culture does give one advantage. It broadens a man so that his enjoyment of life does not depend on a high salary. It gives him a rich reward, not by

boosting his earning power, but by enabling him to get along without boosted earnings. For it doesn't matter that you can't afford a trip to Europe, if you are free to enter the Forest of Arden any night after dinner. Lack of a high-priced automobile won't bother you if you can sail with Ulysses past the baths of all the western stars. A three-room flat can be elegant if you can summon Sir John Falstaff or Chrysis of Alexandria or Doctor Faustus to your parlor at will. Culture is worth acquiring, by all means. But it never will do you a bit of good if you go after it with your eye on the pay envelope.

SAVING OUR BIRDS.

A movement has been launched in congress to have the federal government appropriate \$1,000,000 to buy a tract of land in California for use as a refuge for wild birds.

A sports writer, commenting on it, remarks that if the bill passes, sportsmen will insist that this game refuge should not be open to hunters during certain periods of the year. The idea seems to be that there is no use in preserving our wild fowl unless they are preserved for the hunters.

We should like to dissent sharply from that viewpoint. A wild duck, brought to the table, is a very tasty article; but a wild duck in flight over a moor, or swimming on the surface of a wilderness pond, is a thing of beauty, worth saving for its own sake. Why not save our birds for the simple reason that they are a charming part of the outdoor scene—and give the hunters a little rest?

GERMANY'S BIG QUESTION MARK.

Over here we don't care much whom the president names as his secretary of war, so long as he is an honorable man. We don't anxiously question whether he is a friend or a foe of the republic. We don't ask whether he will make the army a lance to pierce the country or a bullet to shield it. We just know he will be all right.

But things have not yet come to that happy issue in Germany. Hence all the Germans are greatly excited over the fact that Lieutenant General Wilhelm Groener, a professional soldier, has been made minister of defense, largely due to the intervention and pressure of President Hindenburg.

Otto Geesler, the man Groener succeeds, was nominally a member of the German Democratic party, but he has been held by all friends of the republic to have lent himself to every move calculated to perpetuate the caste system in the Reichswehr and to make it amenable to monarchist plots. So they are hoping great things of Groener, even though he is a soldier.

For it was Groener who told the ex-kaiser some plain truths. It was he who helped lead the German army back to the Fatherland after the armistice. It was he who opposed the Kapp "putsch" whose object was to overturn the republic. If Groener makes the Reichswehr a truly republican army, he will deal a death blow to all the hopes of the monarchist crew.

SALESMAN SAM

The Piffle Hook

IT HAS BEEN disclosed, recently, by a London researcher, that William Shakespeare dictated many of his best plays to a stenographer while he was engaged, at the same time, in handling business and social matters. William would have been a "wow" in a modern office, under modern conditions. Let us imagine:

MR. SHAKESPERE enters the office briskly, seats himself at his desk, thrusts aside a stack of correspondence and pushes the button for Gwendolyn Smithers, the stenographer who has been taking the dictation for Julius Caesar. Gwendolyn enters, seats herself in a stenographer's chair, crosses her knees, folds back the cover of her note book and poses her pencil.

"Good morning," says Mr. Shakespere briskly. "We were in Scene Three, Act Four were we not, Miss Smithers? Will you please read the last few lines we wrote yesterday?"

Gwendolyn thumbs through her notes and reads haltingly: "Brutus: The name of Cassius honors this corruption; and chastisement doth therefore hide his head. Cassius Chastisement."

THE "CANARY" MURDER CASE

By S. S. VAN DINE AUTHOR OF THE BENSON MURDER CASE CHAPTER XXIII

Markham ignored the question. "Can you think of no one man who might have borne Miss Odell a grudge, or had cause to fear her?"

Mannix was volubly emphatic on the subject of his complete ignorance of any such person; and after a few more questions, which elicited only denials, Markham let him go.

"Not bad at all, Markham old thing—oh, what!" Vance seemed pleased with the conference. "Wonder why he's so coy? Not a nice person, this Mannix. And he's so fearful lest he be informed. Again, I wonder why. He was so careful—oh, so careful."

"He was sufficiently careful, at any rate, not to tell us anything," declared Markham gloomily. "I shouldn't say that, don't you know," Vance lay back and smoked placidly. "A ray of light filtered through here and there. He denied he'd been blackmailed—which was obviously untrue—and tried to make us believe that he and the lovely Margaret cooed like turtle-doves at parting—Tosh!... And then, that mention of Cleaver. That wasn't spontaneous—dear me, no. Brother Mannix and spontaneity are as the poles apart. He had a reason for bringing Cleaver in; and I fancy that if you knew what that reason was, you'd feel like flinging roses riotously, and that sort of thing."

"Why Cleaver? That explanation was a bit weak. The orbits of those two paramours cross somewhere. On that point, at least, Mannix inadvertently enlightened us. Moreover, it's plain that he doesn't know our fashionable healer with the satyr ears. But, on the other hand, he's aware of the existence of Mr. Skeel, and would rather like to deny the acquaintance. A plenty of information; but—my word!—what to do with it?"

"I give it up," acknowledged Markham hopefully. "I know: it's a sad, sad world. Vance commiserated him. "It's time for lunch, and a fillet of sole Marguery will cheer you no end."

Markham glanced at the clock, and permitted himself to be led to the Lawyers Club.

(Wed., Sept. 12; evening)

Vance and I did not return to the district attorney's office after lunch, for Markham had a busy afternoon before him, and nothing further was likely to transpire in connection with the Odell case until Sergeant Heath had completed his investigations of Cleaver and Doctor Lindquist.

Vance had seats for Giordano's "Madame Sans-Gene," and two o'clock found us at the Metropolitan. Though the performance was excellent, Vance was too distraught to enjoy it; and it was significant that, after the opera, he directed the chauffeur to the Stuyvesant Club.

I knew he had a tea appointment, and that he had planned to motor to Longue Vue for dinner; and the fact that he should have dismissed these social engagements from his mind in order to be with Markham showed how intensely the problem of the murder had absorbed his interest.

It was after six o'clock when Markham came in, looking harassed and tired. No mention of the case was made during dinner, with the exception of Markham's casual remark that Heath had turned in his reports on Cleaver and Doctor Lindquist and Mannix. (It seemed that, immediately after lunch, he had telephoned the sergeant to add Mannix's name to the two others as a subject for inquiry.)

It was not until we had retired to our favorite corner of the lounge-room that the topic of the murder was brought up for discussion.

And that discussion, brief and one-sided, was the beginning of an entirely new line of investigation—a line which, in the end, led to the guilty person.

Markham sank wearily into his chair. He had begun to show the strain of the last two days of fruitless worry. His eyes were a trifle heavy, and there was a grim tensity in the lines of his mouth. Slowly and deliberately he lighted a cigar, and took several deep inhalations.

"Dam the newspapers!" he

LYRICS OF LIFE

By Douglas Malloch

Copyright 1927 by Douglas Malloch I WISH WE TAUGHT HIM LINCOLN. I wouldn't want to criticize. I know that I'm no scholar. The teachers now are twice as wise As those I used to follow. But when the year his birthday brings, You know what I am thinkin'? We teach a youngster lots of things—I wish we taught him Lincoln. A boy his lessons will recall. Each rule and logarithm. But in life's battle that ain't all He'll need to carry with him. He'll have temptations day by day, He'll see a lot of drinkin', And them are things that make me say I wish we taught him Lincoln. He'll need his algebra; no doubt, He ought to learn to figger. But he'll have things to study out That may be even bigger. He thinks publicity is fame. Success is money clinkin' That right and wrong are much the same—I wish we taught him Lincoln. And he'll have trouble, too, to bear. A day with rain behind it. I wish he'd turn for comfort where A Lincoln used to find it. The world is full of idle sheers. Of sacrilegious thinkin', And youngsters are all eyes and ears—I wish we taught him Lincoln.

So They Say:

Midshipmen at Annapolis are learning to play golf so that if they are assigned to submarine duty they can say "one down," and be nonchalant about it.—Adrian Telegram. We gather from recent murder trials that it's quite all right to kill anybody if you're a little nervous or upset at the moment, or if you've once had an ulcerated tooth.—Owosso Argus-Press. "With pleasure," Vance took a few puffs on his cigar, and lazily watched the smoke curl upward. (To Be Continued) I sent a proof of the following paragraphs to Vance, and he edited and corrected them; so that, as they now stand, they represent his theories in practically his own words.

FLAPPER FANNY SAYS:

# LENT BEGINS FEBRUARY 22

## Rules of Observance in Churches Are Announced

Forty days of Lent to be ushered in Ash Wednesday, February 22, will end for a time the whirl of worldly gaieties people have been engaged in since before the holiday season, while the 40-day period will be generally observed with fasting and abstinence from pleasure, in preparation for Easter which falls on Sunday, April 8. The 40-day Lenten period will end at high noon Easter Saturday, April 7.

Ash Wednesday the dust of ashes will be distributed at Catholic churches at all morning masses after Lenten devotions in the evening. Lenten devotions will be held in Catholic churches every Wednesday and Friday evenings and the usual daily masses. Wednesday evenings will be devoted to the rosary and sermons, and Friday to the stations of the cross. Benediction of the blessed sacrament will close each devotion.

In Protestant Churches. Protestant churches will conduct special services during the 40-day period. Special sermons and services will be announced from time to time during Lent to denote the period of penitence before Holy Week.

All services will climax during Holy Week when special services will be held on Good Friday.

Holy Week in the Catholic churches will be observed with great solemnity and special ceremonies, tenebrae and the blessing of oils, the mass of the pre-sanctified, and three hours' devotion on Good Friday.

**Lenten Regulations.**  
Lenten regulations, announced by Bishop Nussbaum and read in Catholic churches follow, in part: The law of abstinence binds all over the age of seven, the law of fasting applies to all who are over 21 years of age and have not entered their 60th year, if they be not exempted by reason of their health or occupation. On Wednesday, Fridays and Ember Saturday abstinence is prescribed, flesh meat being allowed on these days. On fast days, those bound by fast are allowed one full meal and two light meals.

By a special indulgent granted to bishops of United States, working people who cannot easily observe the common law may eat meat on all days of fast and abstinence throughout the year, including the Lenten season, except Fridays, Ash Wednesday, the Wednesday of Holy Week, Good Friday and the forenoon of Holy Saturday. This dispensation includes not only the individual working man in whose favor it is granted, but all the members of his family as well. The Lenten fast does not include Sundays and ends at high noon Holy Saturday.

**Alien War Vets Still Accorded Special Terms**  
Honorable discharged alien soldiers and sailors have until next May 26 to file petitions for citizenship under the same terms previously accorded them. It was announced at the county clerk's office yesterday.

Alien war veterans are exempt from paying the usual four dollar fee when making application and first papers are not required. Witnesses must be citizens of the United States and have knowledge of the applicant's service. This special privilege expired May 26, 1926, but was extended for two years until May 26, 1928.

**Will Pilot San Antonio.**  
Frank Gibson, catcher last season with the Boston Braves, has been appointed manager of the San Antonio Texas League club for this coming season.

Don't for tourists should include—Don't ask to see Raphael's Sistine Madonna in the Sistine Chapel at Rome; don't look in Germany for Carlsbad; don't expect to see the Pope if you are wearing a low evening gown.

## Couple Celebrate 55th Anniversary of Wedding Today

Mr. and Mrs. Robert McMartin, 302 South Eighteenth street, will celebrate the fifty-fifth anniversary of their marriage at their home today in a quiet manner.

Mr. and Mrs. McMartin are known to many residents of this city who will congratulate them on this occasion. They have been residents of Escanaba since August, 1881, and have seen the city grow from a small hamlet of a few hundred persons, to its present size.

Mrs. McMartin, who was formerly Miss Elizabeth Rathwell, was born at Easton's Corners, Ontario, October 20, 1849. Robert McMartin was born in the same place, December 23, 1851. They attended the same schools and were childhood playmates. After a few years of courtship they were married at Merrickville, Ont., February 11, 1873, by Rev. McGill, pastor of the Methodist church.

They left shortly after their marriage for DeKalb, Ill., where they remained four years, when they returned to Easton's Corners where they lived until August, 1881, when they came to this city to make their home.

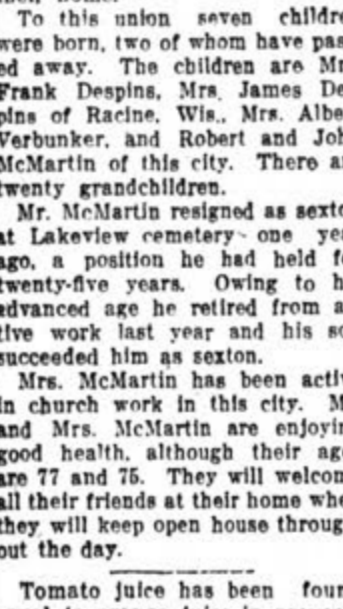

To this union seven children were born, two of whom have passed away. The children are Mrs. Frank Despins, Mrs. James Despins of Racine, Wis., Mrs. Albert Verbunker, and Robert and John McMartin of this city. There are twenty grandchildren.

Mr. McMartin resigned as sexton at Lakeview cemetery one year ago, a position he had held for twenty-five years. Owing to his advanced age he retired from active work last year and his son succeeded him as sexton.

Mrs. McMartin has been active in church work in this city. Mr. and Mrs. McMartin are enjoying good health, although their ages are 77 and 75. They will welcome all their friends at their home when they will keep open house throughout the day.

Tomato juice has been found equal to orange juice in preventing scurvy among children.

**Lesson No. 2**  
Question: Why do underweight children need and realize so much benefit from emulsified cod-liver oil?  
Answer: Because it provides a vitamin-rich food that nourishes efficiently and helps thin children put on weight. It's known worldwide as SCOTT'S EMULSION

Talks on Health

By Dr. Morris Fishbein

SCIENCE STUDIES MILK OF GOATS AND COWS

For many years it has been contended that the milk of the goat is superior to cow's milk as an infant's food. Some of the proponents have argued that the goat is less subject to tuberculosis than is the cow and that, for this reason, its milk would be safer.

On the other hand, there seems to be no essential chemical difference between the goat's milk and that of the cow, although the casein of goat's milk forms a more compact mass than does that of cow's milk. In proportion to its body weight, the goat produces about twice as much milk as does the cow.

Vitamin Content In more recent years investigators of milk have concluded a study of the vitamin content as well as of the chemical factors. Some German investigators have found that raw milk from a goat fed with green food was almost entirely without vitamins.

Furthermore, a Dutch investigator who has made a special study of the incidence of tuberculosis in the goat found the disease in 24 out of 500 goats that he examined.

It is reasonable to believe that if goats were herded together in stables as cows have been, tuberculosis would spread among them to about the same extent as it appears among the cows.

Finally, the goat suffers with one disease which is found less frequently among other animals; namely, Malta fever or undulant fever. This disease seems to be spread by the drinking of goat's milk in regions where the disease is present.

Obviously, the handling of any food product, by human beings, should be associated with the spread of disease, unless sanitary precautions are constantly observed.

GUNS RECEIVED BY BANK GUARDS

Vigilantes Are Supplied With New Winchester Rifles

A liberal supply of new .30-caliber Winchester rifles were received yesterday by Sheriff Elmer Swanson for distribution to the members of the Delta County Vigilantes committees. A box of cartridges and other equipment was also received with each gun. Banks in this county are now well protected against any hold-up attempts by bandits. The rifles, which have been presented by the Michigan Bankers association, will be kept in readiness at all times by the Vigilantes, whose employment during the daytime keeps them in close proximity of the banks. All the banks are equipped with modern burglar alarms, and when the warning is sounded it is estimated that a force of at least fifty men, including members of the police and sheriff's force and the Vigilantes committees, can be mustered within a few minutes for a bandit chase. The sheriff's department consists of five regular deputies and 75 specials and there are more than a dozen police officers in both Escanaba and Gladstone. Sheriff Elmer Swanson announced yesterday that rifle practice would be held from time to time to improve the marksmanship of the Vigilantes. The effectiveness of such an organization was demonstrated recently in a small Wisconsin town when a bank had been held up, the robbers had been apprehended by the Vigilantes.

GARDEN BAY

PATRICK McPHEE. Patrick McPhee, for many years a resident on the Garden peninsula, died at his home at Van's Harbor at 10:45 Wednesday night. Death was due to complications caused by his advanced age. Had he lived until February 25, he would have been 83 years of age. Funeral arrangements are not yet complete, pending word from relatives at Rochester, Minn., but it is expected that it will be held Saturday morning from the Catholic church, with Rev. Fr. V. C. Sauvageau officiating.

Mr. and Mrs. Fred Van Remortel returned to their home at Fayette Wednesday after visiting in Ashland, Wis. Mrs. Van Remortel had also made a business trip to Chicago.

Mrs. Edward LaMotte is spending a few days with friends in Manistique.

The Misses LaVerle Olmsted, Dorothy Gray, Ethel Greene, Teresa Greene, Lorraine Hennessy, Merle Farley and Noreen Headfield walked out to the Camp Nine farm Wednesday where they were the guests of their friends, the Misses Ethel and Selma Horning. The evening was pleasantly spent in playing a variety of games, after which ice cream and cake were served. Wallace LaTulp gave the party a sleighride back to Garden. While carrying a pall of water on the Jerry Reno farm Tuesday, Edward Von Borosky slipped and fell on the icy ground. As he fell he struck his left side on the edge of the pall. He was unable to move and had to be helped into the house. While the injury is painful, it is not feared that serious results will follow. Mr. Borosky, who is 72 years of age, has come to town where he is making his home temporarily, but expects to be back on the job within a few days.

The first prize for the annual Lincoln essay at the Garden high school has been awarded to Miss Dorothy Gray who receives the medal. Miss Carrie Mellon took second place. According to a decision reached after a debate by students of Garden high school, Wednesday morning, capital punishment should be adopted in this state. The affirmative side, with Noreen Headfield as captain, included Selma Horning and Elmer LaCost, while the negative side was sustained by Don Joque, captain, supported by Howard Boudreau and LaVerle Olmsted. Miss Mildred Deloria, one of the instructors of the school, rendered the final decision.

Saint and Sinner. By Anne Austin. "Oh, what did you do, Cherry?" Faith pleaded, fear surging into her heart again. She started to raise her hand toward that slightly ajar door, motioning Bob and Nils out of earshot. But no—it was better for Nils to know everything—

AMUSEMENTS

AT THE DELFT "Running Wild," featuring W. C. Fields, will be seen at the Delft theatre again today. It handed yesterday's audiences many hearty laughs.

Mr. Fields is almost perfectly cast as "Elmer," a meek and timid man who has been pushed around all his life, but who keeps cheerfully at it. Of course he becomes a success in the end but it isn't his fault. How the mantle of big business falls on his unseeing shoulders is one of the funniest bits of business that have ever been transformed into celluloid. Elmer stumbles out on a vaudeville stage while the performance is going on. A hypnotist seizes him as a likely subject and transforms him into a "wild man." Elmer dons boxing gloves, pug-nacious attitude and "roaring lion" men. Then, out he goes in to the world and everyone starts "running wild!"

AT THE STRAND

That well-known action, drama of the legitimate stage, "A Boy of the Streets," is the latest of big stage successes to reach the silver screen. This feature, directed by Charles J. Hunt from Charles T. Vincent's play, will be shown at the Strand again today. Johnny Walker with Mickey Bennett and Betty Francisco head the cast in this heart interest. An average word contains six letters. Charged ads will be received by telephone, and if paid at the Daily Press office within six days from the first day of insertion cash rates will be allowed. Ads ordered for three or six times and stopped before expiration will be charged for only the number of times the ad appeared and adjustment made at the rate earned.

St. Francis Hospital

J. D. Milligan of Foster City is on the road to recovery.

Rev. Fr. Casper's condition continues to improve slowly, but steadily. He is able to be up, but is still confined to the hospital and his physicians will not allow him to leave the institution for some time.

The condition of Arnold Wicklund is reported as improved. Miss Orietta Pepin who is a surgical patient is resting easily.

Mrs. Joseph Brazink, Mrs. Walter Wicklund and Adolph Carlson are among the new patients admitted recently.

Mrs. Frank Walters, Paul Rivest, Dolph Lamarche and Henry La-pointe are among the patients who have been dismissed.

Fred Asp of Hardwood was admitted yesterday.

Mrs. Hanna Weber of Ensign who sustained a fractured hip at Christmas time, has left the hospital and is spending a few weeks at the home of her daughter, Mrs. Rudenberg, at the Chemical Plant location.

John Guertin of Nahma was admitted recently as a medical patient.

hadn't been holding me so close. Then I simply ran away." Faith had not heard or seen the door being closed, but now it was opened noisily, and Nils' deep, cello-like voice, addressing Bob in tones of hearty good fellowship, came pouring into the living room: "I'm awfully sorry to have missed Cherry, old man. Suppose I'll have to propose by letter."

During Nils' carefully stage-managed speech, which Cherry had no faintest suspicion was stage-managed, the girl listened with frozen intentness. She was still kneeling beside Faith, but her white, amazed face was turned toward the half-opened door, through which she could see the back of Nils' head, as he talked to Bob, whose hand was on the knob.

Faith thought, as she rose from the couch and signalled Bob to

follow her out of the room, then Nils would have made a "Free Actor" for his pretense of delighted surprise at seeing Cherry was absolutely convincing. "Oh, Nils!" Cherry ran the three steps that separated them and was swung up into his arms. In the sun parlor, behind the door which had served Nils to such good advantage, Bob and Faith held each other tightly, their eyes misty but alight with laughter. "I'm afraid such superb tact and presence of mind are almost dangerous in a husband," Faith said. Then in a low voice that trembled a little, she added: "We'll be alone now, and maybe just a little bit lonely until—the boy comes."

"You won't catch me complaining," Bob retorted. "You may not have suspected it, Mrs. Hathaway, but I'm sort of crazy about you!"

THE END.

DEATH NEARLY GOT THIS MODEST ADAM

Milwaukee—Lack of a pair of pants nearly cost the life of Herman Cramer here recently. Herman, the only male in a household of boarders, was taking a bath. And thereby hangs a tale. He became dizzy while in the tub and realized that gas fumes were escaping from a heater in the room. The time used in struggling into his underwear might have been used in opening the door, but Herman did not want to do that until he had put on his pants. As he reached for his pants he fell unconscious and was saved by the landlady who heard him fall.

# Gladstone Quintet to Play St. Joseph Tonight

## FAST CONTEST IS EXPECTED

### Reserve Teams of Both Schools to Play Preliminary

The Gladstone high school quintet, one of the speediest aggregations in upper peninsula basketball circles, comes here tonight to clash with the St. Joseph high school squad at the Escanaba high school gymnasium. The Reserve squads of both schools will engage in a preliminary contest, which will start at 7 o'clock. The main event will get under way at 8 p. m.

Fans, who like to see fine exhibitions of team work, floor work and basket shooting, are sure to get what they want if they watch the Upbay basketballers in action tonight. The Kellmen have won every game on their schedule except one thus far this season, including the Escanaba high school quintet. Their only defeat was administered by Menominee, a team which earlier in the season was beaten by the Gladstone quintet by a lopsided score.

The Kellmen have lost the services of Cleve Moore, lanky forward, who was one of the mainstays of the team, owing to his passing the age limit. Robert Haberman, who has been showing much promise, is likely to fill Cleve's shoes tonight. In that position, while Kircher will complete the offensive combination. Rouman and Switzer, no doubt, will start as guards, while Liberty will play at center.

Acting Coach Gordon Gleich, who has been handling the Parochial squad due to Coach E. M. Hira's layoff, announced yesterday that he would start the regular lineup with Kohlmann and J. Fitzharris as forwards, Skopp at center, and Moreau and Milleski at guard. Dr. Gleich has been drilling his charges strenuously the last two weeks in preparation for tonight's battle, and he expects the boys will give Gladstone a stiff battle. The Saints are showing better teamwork and are doing more accurate shooting at the hoop.

The St. Joseph squad will be composed as follows: Forwards, Rowan Fitzharris and Clarke; center, Gasman; guards, Frasher, O'Donnell and Scheriff.

## NO EVIDENCE OF FOUL PLAY

### Joey Sanger's Victory Over Buddy Taylor Will Stand

Chicago, Feb. 10—(P)—No evidence of a foul was found today when Buddy Taylor, bantamweight champion, appeared before the Illinois state athletic commission for investigation of claims of an illegal blow which unsatisfactorily terminated his battle last night with Joey Sanger of Milwaukee.

The commission, represented by its chairman, Paul Prehn, heard several witnesses, including Taylor and his manager Eddie Long, but after the examination Prehn asserted the referee's and judges' vote giving the decision to Sanger on a technical knockout in seven rounds would stand.

### PELTZER LOSES TO IOWA STAR

#### German Places Second in Special Event; Ray Dodge, Third

BY CHARLES W. DUNKLEY (Associated Press Sports Writer). Riding Club, Chicago, Feb. 10.—(P)—Dr. Otto Peltzer, the famous German runner, met his master in Ray Conger, former Iowa State star, in a special 1,000 meter race tonight. Conger, in a marvelous burst of speed, beat the tall, blonde German to the tape by 10 yards in 2:37. Conger is champion miller of the Missouri Valley conference. It was the German champion's first defeat since his invasion of America.

Ray Dodge of the Illinois A. C., who lost to Peltzer in New York a week ago, later accusing the German of allowing him on the turns, finished third, about two yards back of Dr. Peltzer, with Leo Larrivée of the Chicago A. A. fourth.

#### 5,000 SEE MEET.

Chicago, Feb. 10.—(P)—Dr. Otto Peltzer, the tall, blonde German holder of five world's records, was the magnet that drew a sell-out capacity crowd of 5,000 to witness the Illinois Athletic club's invitational indoor track and field meet at the Chicago Riding academy tonight.

Peltzer's event was a special 3,000 meter race with Ray Dodge and Ray Conger, both of the I. A. C., and Leo Larrivée, of the Chicago A. A., opposing him.

Marquette University freshman competing unattached, captured the 440-yard run in :51.1.5 after getting away with a 22-yard handicap.

Dan Kinsey, former U. of Illinois star, now competing for the Chicago A. A., equalled the world's indoor record for the 60-yard high hurdles when he cleared the barriers in :07.3.5. Cooper of Michigan was second, with Chick Werner of the Illinois A. C., a former Illinois star, third.

R. W. White, unattached, with a handicap of five yards, took the 850-yard run in 2:04. with J. J. Cusack, of the I. A. C., second, and Johnny Stitt of the C. A. A., starting from scratch, third.

Fred Alderman of the I. A. C., a former Michigan State star, scored an extra victory in the invitation 390-yard run, beating J. Cox, of the C. A. A., to the wire by three yards in .35. E. Hermansen, unattached, formerly of Northwestern, was third.

The crack Iowa State team, composed of Behrens, Thompson, Hoak and Thornsburg, won the college two-mile relay in 8:20.1.5 with the U. of Iowa, second, Notre Dame third and Michigan fourth.

The pole vault went to Laddie Meyers, a member of the 1924 American Olympic team, with a leap of 13 feet. Drogemueeller, of Northwestern, was second with 12 feet, 9 inches. Trout of Michigan, and Warren, a Northwestern freshman, tied for third with 12 feet, 3 inches.

Anton Burg of the C. A. A., formerly of the U. of Chicago, defeated Harold Osborn, holder of the world's indoor and outdoor record in the high jump, with a leap of 6 feet, 3 inches. Osborn's best effort was 5 feet, 2 inches.

### WOMAN SKATER SETS NEW MARK

### Valentine Party Is Huge Success

Surpassing any previous affair of its kind held in this city in many months, the Valentine party sponsored by the Ladies' Auxiliary to the R. P. O. Elks, which was held at the Elks' club last night was an outstanding success. Mrs. Wm. Schultze, chairman of the dance committee, assisted by an untiring and able committee of members, are deserving of a great deal of credit for the success of the party which was attended by about one hundred and fifty couples.

The hall presented a pretty scene, with hundreds of red hearts and Valentine decorations, appropriate for the occasion. Hearts strung on black and red festoons formed a canopy in the dance hall and the lights were shaded with rose colored paper, lending a soft, colorful atmosphere to the dance hall. Lundin's orchestra furnished an excellent musical program, rendering some of the most popular and peppy numbers among their repertoire.

The organization, under the leadership of their president, Mrs. E. J. MacMartin, has made great strides since its organization in this city, two years ago. Mrs. MacMartin, as executive of the auxiliary, has been responsible for much of the success achieved by the auxiliary and members who have assisted in various social functions since she has taken the office, are untiring in their efforts to make the auxiliary one of the leading organizations in this city.

Financially and socially, the party was a success and the members plan on giving another in the near future.

### TONY CANZONERI DEFEATS BASS

#### Philadelphia Bulldog Suffers Dislocated Shoulder in Gruelling Bout

BY EDWARD J. NEIL (Associated Press Sports Writer)

Madison Square Garden, New York, Feb. 10.—(P)—Tony Canzoneri, New York, clean-cut featherweight, who once blacked shoes on the wharves of New Orleans, tonight donned the purple of champions after a 15-round battle with Benny Bass, bulldog of Philadelphia.

Rarely has the huge garden, packed to the very eaves, seen such a display of cleverness, speed and punching power as the 21-year-old New Yorker summoned to stave off the rush of the threshing body puncher. Never was such a gathering of fans treated to a more dogged exhibition of grit and stamina and courage than Benny Bass summoned in the final stages of his despairing bid for the title.

For ten of the fifteen rounds, Canzoneri slashed the bunched muscled Pennsylvanian with solid drives to the head and body. Tony stalked about with skill of a master, stalked about his opponent and almost closed Bass' left eye.

#### Dislocated Shoulder.

A volley of left and right hooks to the jaw sent Bass reeling in the third session and as he straightened up Canzoneri floored him with a crashing right to the chin. Bass took the count of eight and was on one knee when the bell rang and that was the only knockdown of a fight that was sprinkled with situations where both boxers, forgetting science for slugging battered each other to the very border line of insensibility.

Not until the match was over and a doctor was called to the dressing room, was it discovered that Bass fought from that disastrous round on with a dislocated right shoulder and a possible fracture in the collar bone about an inch from the breast bone. The crowd had left the building, still echoing boos of Bass for his alleged foul tactics in the early rounds but at the same time cheering a game, desperate stand in the closing five rounds that nearly turned the fight to the Pennsylvanian, when the injury was discovered.

Benny Schwartz, Coney Island lightweight, battered out an eight-round decision over Armando Sheekles of Belgium. Al Winkler, Philadelphia, stable mate of Bass, had the better of Bobby Burns of New York in an eight-round semi-final.

The other family of China receives an allowance of \$4,000.00 a year.

### POSTERS SHOW HEALTH WORK

The Escanaba public schools, under direction of Miss Lois Gant, art supervisor, and Miss Mary Melghen, grade supervisor, have installed a splendid "Health Poster" exhibit in the Northern Motor company's garage.

All grades of all the grade schools of the city are represented. A variety of mediums have been used, all of them well handled by the youngsters.

All tell a "health story" or portray an important and valuable thought in cleanliness and health habits.

The posters will remain on display until Monday. They are attracting considerable attention and praise.

### UPBAY TEAM WINS DEBATE

Gladstone, Mich., Feb. 10.—(Special)—The Gladstone affirmative debating team won a two to one decision over the Iron River negative speakers at the high school last night. A large crowd listened to the arguments of the two teams.

The Gladstone team is composed of Josephine Magoon, Mary Glenn Jackson and Reno Payne. The Iron River speakers are Marion Morningstar, Mary Swift and Ruth Caming. Rev. Robert Grant of the Westminster Presbyterian church presided.

The judges were W. J. Miller of Rapid River, Prin. R. H. Wilson of Manistique and Rev. John Crippen Evans of Escanaba.

The high school girls' trio rendered a delightful selection during the evening's program. The number was entitled, "The World is Waiting for the Sunrise." The trio is composed of Helen Knight, Norma Kee and Ruth Moore.
