TAX PAYMENTS FOR YEAR '27 TO SHOW DROP

TREASURY SURVEY VINDICATES STAND

BY DAVID LAWRENCE.

Washington, Feb. 22.—The treasury department reflects these days a feeling of confidence that its prediction made to the ways and means committee last fall concerning the probable drop in earnings of corporations in 1927 to the amount of about nine per cent will be vindicated by the March income tax returns.

This feeling is fortified by examination of the results of an informal questionnaire sent out by the treasury to about 1100 corporations asking them to make an estimate of what their net income for 1927 will show and that if they did not have definite figures available as yet they were to give the best estimate they could and that under no circumstances would they be committed to such figures in the event they wanted to vary them in their final returns.

Getting "Lined Up" The purpose of the questionnaire was really to get a line ahead of time as to the 1927 earnings so as to assist the treasury in making its report to congress as soon after March 15 as possible.

Examination of the formal returns thus far received shows that the treasury was about right and that the figure will run close to nine per cent, with not much variation either above or below. It means that 1927 was not as good a year as 1926 and means also that if the treasury figures are sustained, the tax reduction, which it had been hoped would amount to \$225,000,000 must now in view of other appropriations for flood control be cut down to about \$150,000,000. The democrats are determined to attach a tariff rider to the revenue bill when it reaches the senate, and the expectation now is that Mr. Coolidge will veto the whole revenue bill, feeling that \$150,000,000 is not enough to justify a general reduction.

Some suggestions have been advanced that Mr. Coolidge might on returning the general revenue bill with his veto, ask for the passage of a simple resolution cutting down the corporation taxes and that this would then have a good chance of passage, as the rates were raised a year ago when there was no real need of it.

Any way the chances for tax reduction are growing less and less favorable each day and the Coolidge administration is getting ready to point out that the chamber of commerce plan for a \$400,000,000 reduction was not based on accurate information. The answer that will be made is that 1927 is not a safe basis for the measurement of income tax returns over a period of years but on the other hand the treasury will have the 1927 figures before congress and neither house is likely to flout actual returns.

PLANE FALLS IN STREET

This is the scene on a main street of Macon, Ga., which followed the crash of an airplane flown by Buck Steele and Francis Ashcraft. Premature explosion of a fireworks bomb tore the machine asunder high in the air, killing the occupants, and the falling wreckage struck and fatally injured a pedestrian. A short time after this picture of removal of the wreck was taken, the sidewalk collapsed and several persons in the crowd were slightly hurt.

BUTLER WARNS AGAINST BREAK

Says Democrats May Win Election if G. O. P. Has Split

Jersey City, N. J., Feb. 22.—(AP)—President Nicholas Murray Butler of Columbia university, in an address tonight before the Hudson county Republican committee, said he did not believe the Democrats, unaided, could elect the next president, but he warned that "Republican blundering might easily put it within their power to do so."

Asserting that signs indicate that the Democrats will nominate either Governor Smith of New York or Governor Ritchie of Maryland, and that "we must not underestimate" their strength, he said the Republicans must name a candidate who can keep New York, New Jersey and Massachusetts in the Republican ranks.

Dr. Butler, who has long been prominent in the councils of the Republican party, said: "Signs multiply that at Houston the Democrats will nominate either Governor Smith or Governor Ritchie, we must not make the mistake of underestimating the strength of either man. It would be as useless as unbecoming to meet either by personal attack."

Should Maintain Strength. "The only way to defeat such strong candidates is by insisting on the record of the Democratic party, its incompetence and lack of principle as constantly manifested in both houses of congress and on the stump and its array of McAdoo and Hefflin and Upshaws."

"We must maintain and strengthen the record of the Republican party as the friend and supporter of every just business enterprise, as the protector of labor as well as of capital, and as ready mercilessly to expose and punish corruption and incompetence in public office, whether at Washington or elsewhere."

"Despite the overwhelming majorities of 1920 and 1924," Dr. Butler said, "the best opinion is that the November election will be very hotly contested and the result may be very close."

Discussing the prohibition question, Dr. Butler said: "Not matter what may be the action or inaction of the platform makers, many millions of voters are going to make their choice between the two candidates, according as those candidates have an open and declared policy on this question." He reiterated that "he personally was for repeal of the eighteenth amendment."

CAL ATTENDS WASHINGTON CELEBRATION

PRESIDENT SPENDS DAY AT HISTORICAL CITY

Alexandria, Va., Feb. 22.—(AP)—In the historic Virginia city where George Washington attended church, President Coolidge participated in a celebration today commemorating the birth of the Father of the Country.

Surrounded by officials of Virginia's government and many others from Washington, the president stood for more than an hour in historic Carlyle House shaking hands with the throng that packed into Alexandria and then reviewed a long parade of military and patriotic units.

A salute of 21 guns greeted Mr. Coolidge when he landed at the Alexandria naval torpedo station from the presidential yacht Mayflower and a considerable crowd waved to him as he proceeded along the Elm-lined streets where Washington once trod, on his way to Carlyle House. There fully 3,000 persons jammed round the entrance to the building and caused a momentary confusion while local officials decided who was to get in first to shake the president's hand.

Coolidge Greeted Many Some harsh words passed between the waiting dignitaries and the official guarding the door and one member of congress, who was barred while a group which called itself Governor Byrd's aides, passed in, demanded to know "if house members are going to get in or be insulted." A number of Mr. Coolidge's immediate party were caught in the jam, including C. Bascom Slemm, formerly the president's private secretary and himself a Virginian who was obliged to identify himself before he was admitted.

At the height of the confusion, Representative Sol Bloom of New York rushed to the doorway and used his influence in making peace. Meanwhile, Mr. Coolidge stood with Governor Byrd of Virginia and Mrs. Byrd in a hall historic for its associations with revolutionary times, welcoming those in the halting line. Ultimately members of the national house of representatives and the Virginia state legislature were admitted and were followed by a steady stream of Virginia citizens.

The president was forced to abandon handshaking after 1,800 had filed by in order to be at the reviewing stand in time for the parade. There he watched units of the army and navy from Washington, marines from Quantico and the state militia march by. Plan Celebration for 1932 When the parade was nearly over he returned to the Mayflower for the trip back to Washington, less than ten miles up the Potomac.

Accompanying Mr. Coolidge were Senator Swanson, Representative Moore, and former Representative Carlin, all of Virginia; Mr. Slemm and Everett Sanders, the president's secretary. The celebration today was a forerunner of the gigantic country wide observance of Washington's birthday anniversary to be held in 1932 under government auspices.

A year ago the president opened plans for this celebration with a speech before congress.

Michigan Democrats Sign Petition for Governor Al Smith

Detroit, Feb. 22.—(AP)—Members of the Democratic state central committee were informed here today that petitions bearing the names of more than seven thousand Michigan citizens would be filed with the secretary of state, placing the name of Governor Alfred Smith of New York on the state Democratic ballot for the presidential nomination. It was indicated that there would be no contest in this state among the Democrats.

The committee chose Port Huron for the convention city and set the date for the state meeting as May 9.

Justice Bailey to Announce Fate of Col. Stewart Today

State Will Make Investigation of Treasurer's Plan

Detroit, Feb. 22.—(AP)—The state today took cognizance of a muddle in the county treasurer's office growing out of dismissal this week of David Gordon as deputy treasurer. Robert M. Toms, prosecuting attorney, announced he would investigate verbal charges made by Gordon that Geoffrey Freiwald, treasurer, had assessed monthly sums from employes to create a "flower fund" and then had converted much of the money to his personal use.

Toms indicated he planned to call a number of members and former members of Freiwald's staff before him for questioning. The prosecutor said it is his belief that there would be nothing illegal in creation of the so-called "flower fund" through voluntary contributions and that his investigation will be to determine if any of the contributions were made under compulsion.

FEDERAL JUDGE IS CRITICIZED

Senate Judiciary Subcommittee Voices Opinion

Washington, Feb. 22.—(AP)—Some temperate but positive criticism of Robert C. Baltzell, federal judge in Indiana, was voiced today by members of a senate judiciary subcommittee as they brought to a close an inquiry into the Indianapolis street railway strike injunction case. Senator Norris of Nebraska, chairman independent and chairman of the committee, declared that on the case as it was made today by W. H. Latta, counsel for the Indianapolis Street Railway company, he did not believe Judge Baltzell should have issued the injunction restraining two union organizers from advising the street railway employes to strike.

"He enjoined these men (John M. Parker and A. B. Armstrong) from advising the strikers to do what they had a legal right to do," Senator Norris said. He previously had stated that he thought the courts should be very careful and not do anything that was likely to shake faith in them. Parker and Armstrong finally were sent to jail for contempt of court upon conviction of violating the injunction and when apprised of that Judge Baltzell had denied their demand for a trial by jury. Senator Walsh, Democrat, Montana, expressed surprise and fear from portions of the Clayton Act to support his contention that the plain language of the law had been violated.

Albert Ward, federal district attorney for Indiana, who prosecuted the contempt case upon his own motion, as he said, called attention that the circuit court of appeals had sustained Judge Baltzell in his interpretation of that section of the Clayton law. Others Carried On Work. Senator Walsh also appeared surprised that the district attorney, (Continued on Page Two.)

Wife and Friend Held in Connection With Man's Death

Detroit, Feb. 22.—(AP)—With his widow and a man with whom police say she had been friendly held in custody, authorities tonight continued their investigation into the death of Chester Zavatoski, 30, of Wyandotte, whose frozen body was found yesterday in a ditch beside a road. Mrs. Zavatoski and John Kallanick, 25, the man held, have denied any knowledge of the manner of Zavatoski's death. His widow said she had been separated from her husband three months ago. They had two children.

Find Body of Baby on Ice in River

Windsor, Ont., Feb. 22.—(AP)—The body of a four day old baby girl was taken from a cake of ice floating in the Detroit river near here today after a boy had sighted an object covered with a newspaper. A gold watch chain was found around the baby girl's neck leading police to believe death was due to strangulation. A leather belt bound around a wrist indicated the body had been thrown into the river with a weight attached. A coroner's inquest was ordered. The body was unclothed.

Gov't Party Wins Japanese Election

Tokyo, Feb. 23 (Thursday)—(AP)—Election returns from all of Japan, complete with the exception of one prefecture, showed today that the first operation of the universal manhood suffrage law had given the Seiyukai or government party, a narrow margin of 10 seats in the Diet over its chief opposition, the Minseitō.

MAY RETURN OFFICIAL TO CUSTODY OF SENATE

Washington, Feb. 22.—(AP)—While the senate oil committee is seeking more light on the mysterious Liberty bond transactions of the Continental Trading company, tomorrow, Justice Jennings Bailey is expected to hand down his decision as to the right of the senate to arrest Robert W. Stewart, Standard Oil official, because of his refusal to answer certain questions before that committee.

Stewart, who is at liberty on a temporary writ of habeas corpus, will be in the District of Columbia supreme court as will also David S. Barry, sergeant-at-arms of the senate, who, with John McGrain, his deputy, arrested Stewart here early this month after he refused to say whether he had any knowledge of the Liberty bond transactions.

Should Justice Bailey dismiss the temporary writ, Stewart would be remanded to the custody of the sergeant-at-arms, but he would escape immediate arrest by noting an appeal from the decision. Should the writ be made permanent, the government will appeal so that in any event the case finally will go to the United States supreme court for adjudication.

Since 90 days is allowed for perfecting appeals to the District of Columbia court of appeals, the case is not likely to be finally decided until after the end of this session of congress, expected late in May or early in June. It was in the District of Columbia supreme court where Stewart will appear tomorrow, that Harry F. Sinclair, Henry Mason Day, a business associate, and W. J. Burns, the detective, were sentenced yesterday to jail for their part in shadowing the jury in the Fall-Sinclair conspiracy case. It is in this court that Sinclair and Fall are to appear April 2 for a new trial on charges growing out of the leasing of Teapot Dome to the wealthy sportsman and oil operator by Fall while secretary of the interior.

For criminal contempt in connection with the jury shadowing Sinclair yesterday was sentenced to jail for six months by Justice Siders; Day for four months, and Burns for fifteen days, while Burns' son, W. Sherman Burns, received a \$1,000 fine. All noted appeals and were released on bond.

In re-opening the Continental inquiry tomorrow after a recess of nearly a week, the Teapot Dome committee will seek to establish particularly how much of the \$3,080,000 in Continental bonds reached the Republican national committee to help wipe out the deficit after the Harding campaign in 1920.

KLAN DISCARDS MASK AND VISOR

High Officials Order All Members to Obey New Commands

Washington, Feb. 22.—(AP)—Official announcement was made tonight that the Ku Klux Klan had discarded the mask as a part of its official regalia. In a copyrighted statement issued at the organization's headquarters here it was asserted that the "in every Klavern throughout the nation," Klansmen tonight "forever swore the mask and made it clear that the order had no political ambitions for itself or for its members." At the same time the statement said that tonight's action was in preparation for "new and larger activities in our national life."

The statement quoted an edict from H. W. Evans, Imperial Wizard, as follows: "That on and after midnight of February 22, year of our Lord nineteen hundred and twenty-eight, no mask or visor shall be upon the helmet of the regalia of any Klansman. It shall thereafter be unlawful for any Klansman to wear any mask or visor as part of his regalia and each Klansman who shall be unavoidably absent from the meeting of a Klan to be held throughout the invisible empire on the twenty-second day of February, shall as soon thereafter as possible attend a regular meeting of a Klan, and there become a member of the Knights of the Great Forest, that on and after the said date all Klansmen are forbidden to fraternize with or remain in Klanshell fidelity to, any who shall thereafter wear upon his helmet a mask or visor." No further explanation of the Knights of the Great Forest was given.

Will Charge Man With Murder of Detroit Woman

Detroit, Feb. 22.—(AP)—Assistant Pros. Atty. John Watts said today he would ask a warrant charging Edward Ryan, one of three men held since February 17, with the murder of Mrs. Mary Lowry, whose body was found by a roadside near Plymouth. Ryan has repeatedly declared his innocence since his arrest as a suspect. In seeking additional evidence in the case, police are seeking a court order allowing them to open a safety deposit box rented by Mrs. Lowry from a downtown bank. Police state that Mrs. Lowry before her death told an associate she expected to be killed and would leave a letter explaining reasons for her belief. It is thought this letter was placed in the deposit box.

Ryan, Fred Warnars and George Murdock, arrested in connection with the murder all have police records for robbery armed, the police said.

TO PUSH FIGHT AGAINST KLAN

Indiana Attorney General Will Force Organization From State

Indianapolis, Ind., Feb. 22.—(AP)—The fight to oust the Ku Klux Klan from Indiana will go on regardless of the reported reorganization and change of name of the secret order, Attorney General Gilliom said here today. The attorney general recently filed suit in a local court seeking to have the Klan charter revoked and the organization placed in receivership. Gilliom was in conference today with Hugh F. (Pat) Emmons, former cyclops of the Klan, who in a deposition Monday told a tale of alleged political intrigue involving the Klan and naming the Indiana Anti-Saloon League and horse thief detective associations.

"You haven't heard anything yet," Gilliom declared, "I shall continue to prosecute my case as long as the Klan holds its franchise to do business in Indiana." Jackson Approved Admission. Emmons said he had more information to lay before the attorney general and might offer a supplementary deposition. Gilliom has announced he intends to ask depositions from several other former Klan officials next week. He refused to divulge all the names of those whom he expects to interrogate. Asked what he would do if the Klan withdrew its certificate of admission to do business in Indiana and if the newly named organization should seek a franchise, Gilliom said that would depend on the attitude of Frederick E. Schortemeier, secretary of state. Governor Ed Jackson was secretary of state at the time the Klan was admitted to Indiana and approved the admission. Joseph Hurrington, representative of the imperial wizard in Indiana in the absence of a regularly appointed grand dragon, was absent from the city today, according to word from his office, and could not be reached for confirmation as to whether he had received an offer.

Arrest Labor Union Official on Charge of Court Contempt

Waycross, Ga., Feb. 22.—(AP)—R. E. Edrington, assistant grand chief of the Brotherhood of Locomotive Engineers, was arrested here today on a charge of violating a temporary court order restraining him from expelling local members of the organization. The restraining order was issued several weeks ago when Edrington came here from Cleveland in connection with the formation of a "protective committee" by the local, which brought charges against national officers of the brotherhood in a circular letter to members. In applying for the order, local officers charged that Edrington had come here to expel members of the local and revoke its charter. An application to make the order permanent now is under consideration by Superior Judge J. D. Blalock, who held a hearing on it last week.

The warrant for Edrington's arrest charged contempt of court and was sworn out, it was alleged, after he had expelled four members of the local. This order enjoined him from interfering in any way with division 848 which is the Waycross district.

FEAR BOMBER MAY STRIKE; SEEK CAPONE

POLICE WITHOUT CLUE TO RECENT BOMBINGS

Chicago, Feb. 22.—(AP)—Adherents of the political faction headed by Mayor William Hale Thompson and Robert E. Crowe, state's attorney, were described in news stories tonight as terror-stricken with armed guards flanked about their homes, not knowing who would be next on the bombing list. Frank J. Loesch, head of the Chicago crime commission, conferred with Michael Hughes, police commissioner, and reported the police department head had admitted "the police are without clues. We don't know where to start."

Among the homes under police guard tonight were those of Mayor Thompson, State's Attorney Crowe, Charles C. Fitzmorris, city comptroller; Commissioner Hughes; Bernard P. Barasa, former municipal judge; Daniel A. Scerifolia, city sealer, and Dr. William H. Reid. The homes of Fitzmorris and Dr. Reid were the first of the Thompson administration men to be bombed. Then followed an attack upon the undertaking establishment over which resides Municipal Judge John Sbarro, formerly an assistant under Crowe, and an attack upon an apartment house in which resides Lawrence Cuneo, brother-in-law and secretary to Crowe.

Police Hunting Capone. Mr. Loesch said he had suggested to Commissioner Hughes that protected gambling might be at the bottom of the bombings, but that Mr. Hughes had replied he did not know anything about such a thing. "My inference is that the state's attorney's office and the police should know who is responsible," said Loesch. He announced he had called a meeting of the crime commission for March 1 to discuss the bombings. "Scarface Al" Capone was reported to have returned to Chicago a week ago and since then to have been the object of a concentrated police search.

Max Hart, Clothing Manufacturer, Dead

Chicago, Feb. 22.—(AP)—Max Hart, one of the pioneer clothing merchants of America and one of the founders of the Hart, Schaffner and Marx Clothing company, died suddenly at his home today. He was 75 years old. Mr. Hart contracted a severe cold ten days ago which developed into pneumonia. Death came at his apartment on the South Side. Coming to Chicago in 1871, Hart and his brother started a small clothing store which grew to large proportions successfully. At his death he was vice president of the Hart-Schaffner and Marx organization and was active in the firm's business up to the time he was taken ill.

ED SPEAKER AT PARTY MEET

Assails Democrats Who Seek to Put Disputed Planks in Platform

Topeka, Kan., Feb. 22.—(AP)—Democratic leaders who insist upon platform planks on which the party is divided were bitterly assailed tonight by Senator Reed of Missouri, before a state-wide rally of Democrats.

Without mentioning names or the issues to which he referred, the militant Missourian declared that the man who seeks to divide the party—to force into the platform issues upon which there is great division—is the best assistant the Republican party can have.

He said "the efforts to coddle and attract all sorts, classes and opinions have alienated the votes of thousands who would willingly give loyal adherence to the great principles for which we stand."

Since opening his western campaign, Senator Reed has said off the platform that he believed the party has "bigger fish to fry than prohibition," and again tonight he declared the issue, in his opinion, was "purging of the public business; the cleaning of the departments; the expulsion of the sinister lobby and restoration of honesty and decency in the capital."

Assails Republican Party. "That is the crying need of the hour," he shouted. "That work can only be done by the Democratic party."

When that task is accomplished, it will be time to debate and divide upon other questions.

"Without hesitation I declare that the strata of the Republican party which has for the past eight years controlled the government is the most corrupt, the most venal and the most vicious body of men by which this nation has ever been afflicted."

Senator Reed's visit here coincided with the meeting of the Kansas Democratic club and most of the party leaders were on hand. A host of Democrats and friends from his home town, Kansas City, Mo., as well as from Kansas City, Kan., brought him here on a special train from his home which he reached in time for breakfast today after an overnight trip from Tulsa.

At noon he spoke on "law" before the luncheon of the Shawnee County Bar association and deplored the growth of federal power "at the expense of state rights." He said "we have gone mad on law" and mentioned the protective tariff act, as among those which he believed had violated the spirit of the constitution.

Confessed Murder to Evangelist; Is Found Not Guilty

Wentworth, N. C., Feb. 22.—(AP)—Mrs. Alma Petty Gatlin was found not guilty of the murder of her father, Smith T. Petty, here tonight by a jury in the Rockingham county superior court.

Mrs. Gatlin, who is the bride of the fire chief at Reidsville, was arrested last fall after police, acting on a tip from an evangelist, discovered Petty's body buried in the cellar of the family home.

The evangelist, the Rev. Thomas F. Pardeau, was the state's star witness. He recounted that Mrs. Gatlin, after one of his revival services, had confessed to him that she had killed her father, a cotton mill supervisor, with an axe.

When the defendant took the stand in her own defense she said her mother, now dead, had killed her father when he came home drunk and threatened to wipe out the entire family. This took place in January, 1927, she said, her mother dying several months later.

Mrs. Gatlin told the jury that she was worried about her mother's soul and sought advice from Mr. Pardeau as to whether anyone guilty of murder could go to heaven. He pressed for details, she said, and rather than implicate her mother she admitted that she had committed the crime, but only after he had sworn "with a Bible over his heart" to keep her confession confidential.

Veteran Attorney Dead; Wrote Out Briefs by Hand

Detroit, Feb. 22.—(AP)—James H. Pound, eccentric attorney whose briefs were written in long hand, even when acting as counsel for Theodore Roosevelt in the late president's libel suit against George H. Newett, Ishpeming, Mich., publisher, died today after a short illness. Death was attributed to heart disease.

A disciple of the old school, the attorney expressed aversion even in late years to the typewriter. His briefs, reports and legal documents were rendered in a scrawled long hand that brought confusion to court clerks, judges and newspapermen.

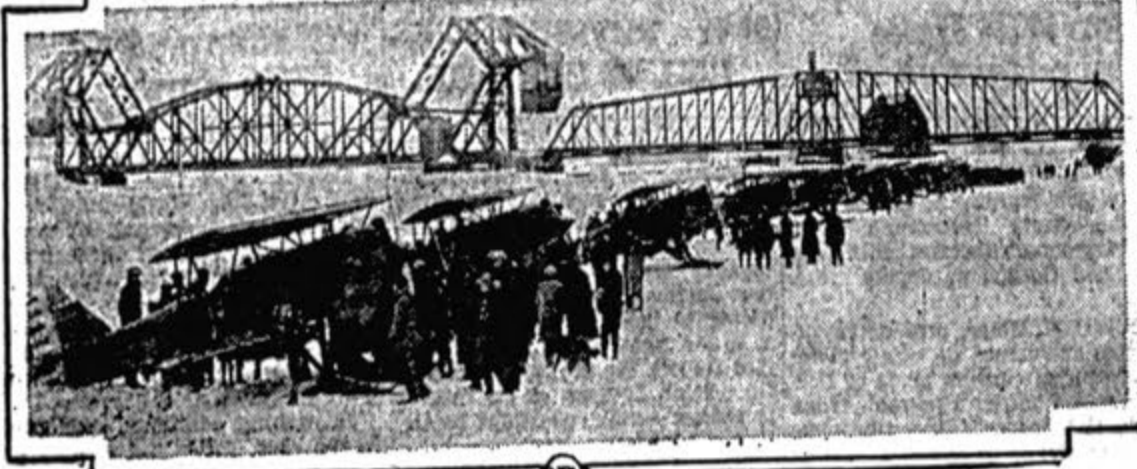

He was a graduate of the University of Michigan law school in the class of 1873, a veteran of the Civil war and a leader in state Democratic circles.

At the age of 12 he attempted to enlist for service and after several unsuccessful attempts got aboard a ship of the northern fleet in the capacity of cabin boy.

He is survived by his widow and a daughter. Funeral services will be held at the residence here Thursday.

The American worker today has at his command the mechanical power equal to 40 men.

OUR ARMY FLIERS LEARN TO SKI

Winter maneuvers in which airplanes and pilots from Selfridge Field, Mich., are participating recently brought thirteen ships northward to Sault Ste. Marie. The transport plane at the top shows the skis with which all were equipped. In the lower picture eleven of the ships are lined up along the bank of the frozen St. Marys river, which now is used as a landing field.

LINDBERGH AT MICHIGAN FIELD

(Continued From Page One.)

arrangements had been made for a conference with Edsel Ford, president of the Ford Motor company, upon aviation matters.

Colonel Lindbergh's maneuver in landing at the far end of the field outwitted newspapermen and photographers who awaited his possible arrival. When the newspapermen located the famous flyer he was insistent that they not discuss his presence here and also declared he did not wish to state his future plans.

However, he is scheduled to fly to Albany, N. Y., February 29, to address the state legislature on aviation matters.

Major Lanphier and his guests after luncheon went into a closed conference which lasted several hours but nothing was given out regarding the topic of discussion.

Later Major Lanphier told the Associated Press that Lindbergh's visit was more or less of a social nature.

Questioned regarding reports that Lindy and himself might become associated with an air transportation project the major declared the rumor "is news to me."

The major, who is an aeronautical engineer, contemplates operating of an aeronautical school.

Tonight he declared he had not resigned from the army and indicated he had no intention of doing so.

In flying circles Major Lanphier is rated as one of the greatest aerial tacticians in the world. He is a graduate of West Point and began flying in France during the world war. His service in the army air corps has been continuous since.

"Thumb Ass'n" of Michigan Holds Banquet

Sandusky, Mich., Feb. 22.—(AP)—Several hundred persons from this section of the state and from Detroit attended the "thumb products banquet" here tonight. The affair, which was sponsored by the Thumb of Michigan association, was featured by a dinner at which only food grown in the "Thumb" of Michigan was served.

The principal address of the evening was given by Fred L. Woodworth, collector of internal revenue in Detroit and a native of this section. He pointed out the market value of several products of this region over similar products grown elsewhere and called attention to the proximity of Detroit as both an advantage and a disadvantage.

He held the metropolitan district aided the former of this section in supplying a market for his products but pointed out that high wages of city industries caused dissatisfaction unless similar wages and living conditions were provided in rural districts adjacent.

The greatest aid to prosperity for this part of the state, he declared, was the completion of the proposed paved roads around the lake shore from Port Huron to Bay City. This, he said, would give Detroit motorists a pleasant drive from Port Huron to Bay City and back by another route through Saginaw and Flint.

This, he asserted, not only would bring tourist trade, but also would make the people of Detroit more familiar with Thumb products. He also pointed out that such a route would enhance real estate values for summer resort property along the lake shore.

The course record, Cyril Walker, former Britisher who is now a pro in this country, shot a 66 at Pinehurst the other day that tied the course record made by Emmett French in 1925.

During the past 100 years the population of the world has increased from less than 1,000,000 to about 1,700,000,000.

The American worker today has at his command the mechanical power equal to 40 men.

PREPARING FOR ANOTHER TRIP

Famous Explorer on New Quest; Plans Not Revealed

Washington — An unsatisfied desire to investigate the conditions of women in out-of-the-way corners of the world is firing Mrs. Grace Thompson Seton, author, artist and big game hunter, these days.

Mrs. Seton, whose presidency of the League of American Pen Women will terminate at the biennial convention in April, announces that she has "plans," but their exact nature she will not divulge.

"I will just say that I am getting ready to go some place, now that my two years in office with the league is about over," she explained mysteriously.

"Of course you know that on these various trips of mine I have been primarily interested in studying the women of the country I have visited. Their status, their privileges, and their duties have always interested me. That will probably be the outstanding mission of my next trip."

Mrs. Seton, whose last explorative trip was taken with the Field Museum expedition, has remained in this country for the past two years, dividing her time between Washington, headquarters for the League of American Pen Women, and Greenwich, Conn., her home, where her naturalist-author husband is busy compiling a new book on natural history.

Mrs. Seton began her three-fold career in San Francisco as a newspaper reporter. She later went to Paris where she continued her reportorial work in addition to other writing. Her marriage to Ernest Thompson Seton in 1887 caused her, to confine her activities to this country, where she began making books, designing covers, title pages, and general to complementing her husband's writings.

Seven years ago the marriage of her daughter and her husband's absorption in a forthcoming book left her free to do as she pleased. And she pleased to go adventuring. Until her trip with the Field expedition she had always traveled alone, camera in one hand and gun in the other.

Her previous trips had been in this country. The two books she wrote of these early domestic explorations were "A Woman Tenderfoot in the Rockies" and "Nimrod's Wife." Her later trips to the far reaches of India, Japan, China, Egypt and various parts of Europe resulted in the publication of "A Woman Tenderfoot in Egypt," "Chinese Lanterns," "Yes, Lady Sahab," and innumerable magazine articles.

Mt. Clemens Ice Boat Wins Trophy

Mt. Clemens, Mich., Feb. 22.—(AP)—Walter Honck piloted his ice boat "No Foolin'" over the 20-mile two-point course here today to win his second heat and the Aetna National Ice Boat trophy from Joe Lodge. Lodge took the trophy when it was first put into competition last year.

Honck won the opening heat several weeks ago.

rather than counsel for the street railway company, who obtained the injunction, has initiated the contempt proceedings. Ward defended his action, saying that there was much violence threatening the safety of citizens with which the state authorities seemed unable to cope.

The district attorney told the sub-committee that at the trial of Parker and Armstrong he was able to show that the two organizers after the injunction was issued on July 3, 1926, had employed two street railway workers to carry on their work and had counselled and advised them to urge the men to strike.

Ward also described how Harry Boggs, an informer in the pay of the street railway company who got himself elected president of the local union, had "double crossed" both sides. He subsequently was sent to prison for inciting violence in the strike, but Ward said there was no evidence that he had been advised so to do by the officials of the street railway company.

Chicago Man Wins Ski Tournament

Lake Placid, N. Y., Feb. 22.—(AP)—Strand Mikkelsen of the Norge Ski club, Chicago, won the eighth annual Washington's birthday ski jump at the Lake Placid club here today with a point score of 18.59 and jumps of 170 and 175 feet. Rolf Silvertsen, Montreal, took second place in Class "A," running up a point score of 17.39 points by jumps of 142 and 171 feet. Third place for this class went to Karl Herstad of New York City, who by jumps of 152 and 170 feet, procured 17.35 points for the meet.

WHAT IS CAL-X?

Every woman in America should know the answer to that question—and thousands of them ARE learning the meaning of it every day.

CAL-X is a wonderful new household aid—a magic-like powder that sifts into water and makes all cleaning amazingly easy.

Never before has there been anything like CAL-X. CAL-X instantly softens the hardest water—dissolves immediately—requires no stirring—forms no sediment.

Takes but a second to use and should be employed wherever soap and water are used for cleaning purposes.

It cuts the most stubborn grease and grime—loosens and dislodges

WILLIS AGAINST ALL ALLIANCES

Ohioan Makes 1st Speech Since Entering Field Against Hoover

Youngstown, Ohio, Feb. 22.—(AP)—Declaring flatly against "international mindedness in the shaping of American foreign policy" Senator Willis addressed an audience of fellow Ohioans tonight for the first time since battle lines were drawn between him and Secretary Hoover for republican delegates from this state to the Kansas City convention. In his prepared speech he made no direct reference to the commerce secretary.

The Ohio senator, speaking at an American Legion Washington's birthday celebration, reviewed his previously announced stand against foreign alliances, against further reduction or cancellation of foreign debts and for law observance. He emphasized especially, however, the view that George Washington was right in warning "against the insidious wiles of foreign influence."

"American People Unselfish." Recalling 1918 Willis said that "many powerful leaders urged at that time that immediate entrance into the League of Nations, without reservation should be had" and continued "it is most fortunate that advice was not followed, and it would be unsafe to turn the destinies of the country over into the hands of those who gave such advice and entertained such ideas."

The Ohioan cited the foreign debt settlement terms as a demonstration of the unselfish attitude of the American people, adding "however, we have gone as far as we shall go, and as far as we ought to go. The clamor for modification of the debt settlements, and in some instances for final cancellation of the debts, will not be favorably received by the American people. These debts are just and honest. The settlements made are more than generous. Those who seek to curry favor in foreign quarters by insisting on cancellation of the debt will be disappointed in their plan."

South Dakota's Political Pot Begins to Boil

Pierre, S. D., Feb. 22.—(AP)—South Dakota's political pot came to a full boil today with the completion of lists of state propositional men chosen by Republicans, Democrats and Farmer-Laborites in yesterday's county conventions. Meeting in separate state conventions here March 6, these propositional men will endorse presidential candidates, select state office nominees, and formulate a platform.

Most positive of the several claims that were evoked by the action of the county conventions was the assertion by the "Smith for president" committee that the New York governor was assured the Democratic presidential endorsement in South Dakota.

Holton Davenport of Sioux Falls, state chairman of the Smith committee, said the New Yorker would have "at least 50,000 of the 85,000 votes" that will be represented in the state convention. There were no counter claims for Smith opponents available tonight.

TO PUSH FIGHT AGAINST KLAN

(Continued From Page One.)

Dr. E. S. Shumaker, state superintendent of the Anti-Saloon League, in a statement today deplored that he or the league had ever been directly or indirectly connected in any way whatever with the Klan. He also stated that the league had ever had any organic connection with the Horse Thief Detective association, although he admitted a friendly feeling toward the latter organization "for the splendid work and co-operation in enforcing the dry laws" in St. Joseph and Greene counties.

Emmons in his deposition quoted Dr. Shumaker as saying at a South Bend meeting in 1926 that the Klan, the Horse Thief Detective association, Indiana Anti-Saloon League and all protestants must work together. He further quoted the league leader as saying that "we should go down the line" for Arthur Robinson (Arthur R. Robinson, Indiana's junior U. S. senator).

In his statement today, Schumaker said Emmons may have seen him in South Bend but that he did not invite Emmons to bring members of the Klan to see him. "If he saw me," Schumaker added, "he came of his own accord."

Pinchot Refuses to Enter Pennsylvania Senatorial Primary

Harrisburg, Pa., Feb. 22.—(AP)—Pennsylvania's political atmosphere was cleared somewhat today by the refusal of former governor Gifford Pinchot to be a candidate for the republican nomination for United States senator at the primary April 24.

Although he had not expressed himself previously on the situation he had been regarded by political leaders as a potential candidate.

The former governor made known his attitude in a letter to James A. Fox, of the legislative committee of the Brotherhood of Locomotive Firemen and Engineers who had been circulating Pinchot nominating petitions on his own initiative.

Mr. Pinchot's declination to enter the senatorial contest leaves two avowed candidates in the field, United States Senator David A. Reed of Pittsburgh and William S. Adams, hotel manager of Harrisburg. There also is a possibility that Congressman John M. Morin of the 34th district, Pittsburgh, will get into the race.

Former Governor Pinchot in his letter to Fox said that had Senator-elect William S. Vare been a candidate he would have opposed him but that as things now stand, "I have reached the conclusion that the general situation makes my candidacy for the United States senate unwise."

Justice Bailey to Announce Fate of Col. Stewart Today

(Continued From Page One.)

codefendants, W. Sherman Burns and H. Mason Day, convicted of contempt of court, in connection with the Teapot Dome oil scandal, today issued statements defending their right to shadow jurors.

They based their right on the assertion that "it had long been the practice of the government to shadow jurors."

"It is apparent," Sinclair said in his statement, "that it is lawful for the government to use its great secret services in shadowing jurors, but unlawful for the citizen to exercise the same right. Heretofore, no court has held the mere act of jury shadowing to be unlawful. It is conceded that no statute forbids it, and the repeated practice both by the government and by defendants in courts all over the United States has given it the sanction of usage."

"It is impossible for me to understand why I should be held guilty of contempt when neither I nor anyone acting for me came in contact with a single juror or did any act that produced upon the mind of a single juror the knowledge that he or she was being shadowed. Under these circumstances how could a juror be impeded in his functions as a juror? . . . I shall appeal at once from this decision."

Burns Admitted Act. Asking that the public suspend judgment until the upper court has had an opportunity to pass on the legality of their acts, W. Sherman Burns said in his statement: "As for myself I admitted shadowing the jury three months ago."

DURING THE SEASON OF GREATEST DANGER

Father John's Medicine Builds Energy To Resist Colds

This is the season when it is most difficult for your system to throw off cold and grip germs, because it is common for people to be in a rundown condition at this time. Body energy is usually at low ebb, and people catch cold easily.

You can build strength to throw off colds by taking a pure food tonic such as FATHER JOHN'S MEDICINE. For over 70 years it has been the standby in thousands of homes as the best remedy for coughs and colds. No alcohol or narcotics. Try it today.

I believe I had a right to do so and I still so believe. I have had the illustrious example of my government before me in that respect. The government has been shadowing jurors for over thirty years that I know of."

In his statement, H. Mason Day said: "Justice Siddons has declared that the mere shadowing of a jury for the purpose of being assured that they were not influenced by unlawful contact with others is contempt of court and condemns us for this. I did only what I know the department of justice and the United States attorneys throughout the country had been doing for 50 years."

# COLLEGE TEAMS DEBATE TONIGHT

## Lawrence and Ripon Send Trios to This City for Contest

The Escanaba high school will be the scene of the first intercollegiate debate ever held in this city when the Lawrence college negative trio takes the platform this evening against the Ripon college affirmative debaters. They will argue the question: "Resolved: That the United States should not protect by force of arms, capital invested in foreign countries, except after formal declaration of war."

The Lawrence trio will be composed of the following speakers: William Heerman, Arthur Mueller and William Verhage. Ripon college has not sent in the names of the speakers who will represent that institution tonight.

The debate will be unique in that there will not be any formal verdict announced. The entire audience will act as judge and the final decision will be only a matter of opinion.

This is the first time an Escanaba audience has had the opportunity to witness an intercollegiate debate and according to advance indications many local persons will take advantage of this opportunity. High school students holding season tickets will be admitted to this debate upon receipt of their ticket. Student single admission tickets can be purchased at the high school for twenty-five cents. Adult tickets will cost thirty-five cents.

### AMUSEMENTS

#### AT THE DELFT

Frank Winninger and his company will offer "The Dutch Blockhead," to Delft audiences tonight. The play gives Mr. Winninger one of his "pegs." German character roles, and that means the evening will be a huge success. Supporting the veteran comedian this season is one of the best companies he ever introduced to Escanaba audiences and capacity houses have been seen at the Delft since the engagement opened Monday.

"Loose Ankles," last night the company scored another hit. It is a very modern story which gave the women of the company a chance to display some nifty wardrobes, and fun was not, by any means, lacking.

"The Dutch Blockhead" will also be offered Friday night. Saturday night will bring the latest of the Potash Perlmutter shows, in which Abe and Maurice acquire a detective agency. The Sunday matinee bill will be "The New Stenographer," and the engagement will close Sunday night with Willard Mack's play, "High Stakes."

#### AT THE STRAND

"No Place to Go," which is now playing at the Strand Theatre, has enough novelty to satisfy the most jaded film patron. It is a First National picture and Mary Astor shares honors with Lloyd Hughes.

The South Sea Islands, always a welcome scene to those who have or have not been there, are portrayed most attractively in this comedy-drama. And a cannibal village is very funny.

One of the most effective scenes, however, is of the "Cannibal Isle" roof garden in New York, with a jungle admirably presented and where the entertainers dance the modern versions of the aboriginal gyrations. Yacht scenes are also enjoyable while a charming New York apartment is the scene of some of the most compelling action.

#### Soo Police Free Manistique Woman

Sault Ste. Marie.—Miss Eunice Tetrow of Manistique, charged with receiving stolen property was released from the city jail Monday afternoon after Judge John A. Colwell agreed with Prosecutor Herbert L. Parsille that the case be dropped.

Miss Tetrow was arrested after goods stolen from a Portage avenue rooming house, were found in her room, Edward Haney, charged with taking the goods, has been bound over to circuit court for trial. He is held on failure to provide \$500 bail.

Miss Tetrow claims that Haney asked her to take custody of the clothing saying his sister had sent them to be used when he was discharged from the army.

#### Horwood to Talk to Dairy Farmers Today, Tomorrow

"Hard Management" will be the subject of talks which will be given by Russell Horwood, U. P. dairy specialist, at four meetings to be held in the county today and tomorrow. This will be the third of a series of meetings conducted by Mr. Horwood, who discussed the feeding of the dairy cow and calf at the previous gatherings.

The schedule of meetings follows: Garden—Thursday, 2 p. m. Stone Anderson School, Ensign—Thursday, 8 p. m. Bark River—Friday, 2 p. m. Perkins—Friday, 8 p. m.

### Hermit Found in Marinette Cave, Thought Demented

Marinette, Feb. 22—Huddling under a piece of tar paper for warmth, his clothes in rags and tatters, and apparently nothing but a couple of quarts of navy beans as his only sustenance, Frank Garschinski, 62, who claims he came to Marinette county from Plover, Wis., a little hamlet near Steven's Point, was found in a cave in the northern end of the town of Stephenson yesterday by Deputy Sheriff Archie Paul of Crivitz.

But underneath the repulsive exterior clothing, wrapped in a dozen soiled handkerchiefs, Sheriff Oscar Dahl found \$80 in cash while searching the man before putting him in a cell in the county jail after Garschinski had been brought to Marinette by the Crivitz deputy.

Garschinski, who offered feeble resistance while the sheriff was unpinning the money from his shirt, was unable to give a clear account of his movements, but from his rather incoherent story Sheriff Dahl believes the man was at one time an inmate of an insane asylum and a Spanish War veteran. An investigation is under way at the sheriff's office, seeking to disclose the identity of the man, who declared he was in the army, while McKinley was at the head.

The whereabouts of Garschinski was discovered when residents in the northern part of the town of Stephenson, reported that a queer acting man was in the vicinity and asking an investigation be made. There was no heat in the cave and the only covering Garschinski had from the bitter cold of yesterday was the piece of tar paper. The fact that the man had so much money on his person lead authorities to believe that he was demented.

Mr. and Mrs. Adolph Dahl of Bark River are the parents of a daughter.

Mrs. Frank Barron of Flat Rock was admitted as a medical patient.

Miss Maude McColl was admitted recently for treatment.

George Grab, 1312 So. 11th avenue was admitted suffering with pneumonia and is not allowed any visitors.

Meyer Stein, 308 Stephenson Avenue underwent an operation for appendicitis and is resting easily.

Miss Esther Peterson is doing nicely.

Mrs. E. J. French was admitted yesterday.

The igniting of a can of kerosene called out the fire department to the Delta Motor company's garage, Ludington avenue, Tuesday evening. The flames spread to an automobile, which was being repaired, and destroyed one of the tires on the car. The early arrival of the fire-

men, no doubt, prevented the fire from reaching serious proportions. A spark from a stove in the workshop is believed to be responsible for the kerosene catching fire.

THE CANARY MURDER CASE

CHAPTER XXXIII
"Let me get this right," put in Heath. "Am I, or am I not, to round up the Finkle woman tomorrow morning?"

"There'll be no need," said Vance. "We are doomed, I fear, not to gaze upon this Florence Nightingale. A meeting between us is about the last thing the doctor would desire."

"That may be true," admitted Markham. "But don't forget that he may have been up to something Monday night wholly unconnected with the murder, that he simply doesn't want known."

"Quite—quite. And yet, nearly every one who knew the Canary seems to have selected Monday night for the indulgence of subrosa peccadilloes. It's a bit thick, what? Skeel tries to make us believe he was immersed in Khun Khan. Cleaver was—if you take his word for it—touring the countryside in Jersey's lake district. Lindquist wants us to picture him a comforting the afflicted. And Mannix, I happen to know, has gone to some trouble to build up an alibi in case we get nosy. All of 'em in fact were doing something they don't want us to know about."

"Now, what was it? And why did they, of one accord, select the night of the murder for mysterious affairs which they don't dare mention, even to clear themselves of suspicion. Was there an invasion of demons in the city that night? Was there a curse on the world, driving men to dark, bawdy deeds? Was there Black Magic abroad? I think not."

"I'm laying my money on Skeel," declared Heath stubbornly. "I know a professional job when I see it. And you can't get away from those finger-prints and the professor's report on the child."

Markham was sorely perplexed. His belief in Skeel's guilt had, in his mind, been undermined in some measure by Vance's theory that the crime was the carefully premeditated act of a shrewd and educated man. But now he seemed to swing irresolutely back to Heath's point of view.

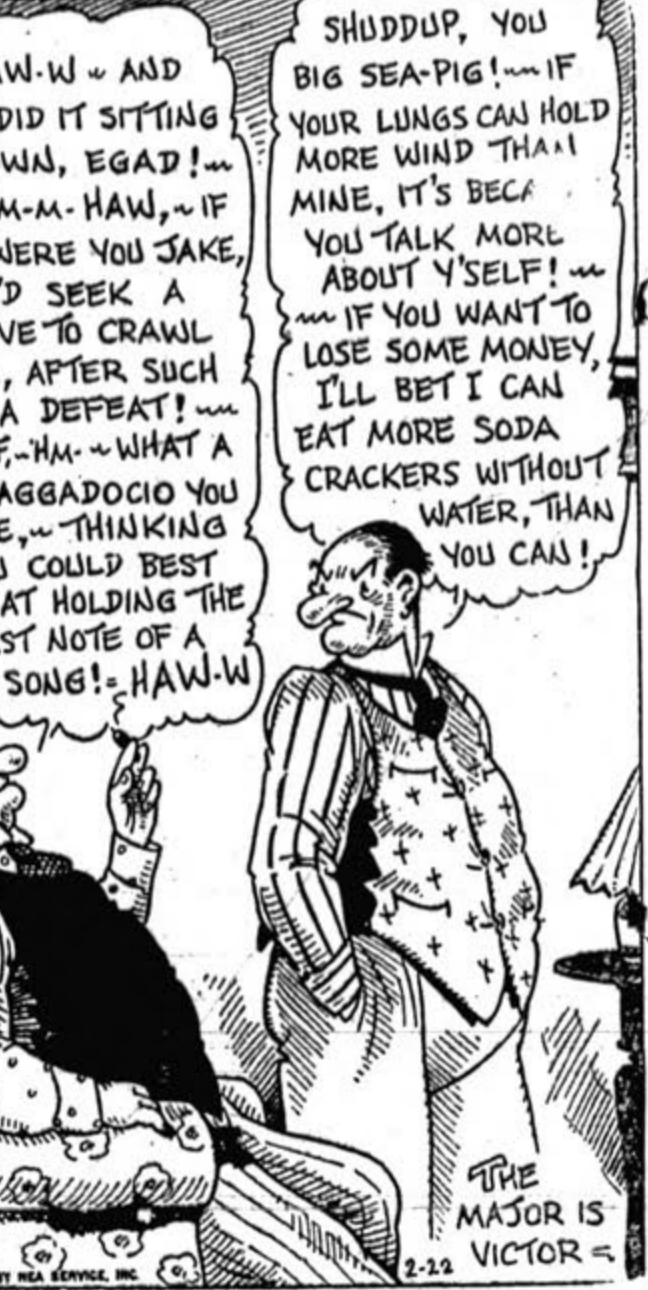

"I'll admit," he said, "that Lindquist and Cleaver and Mannix don't inspire one with a belief in their innocence. But since they're all tarred with the same stick the force of suspicion against them is somewhat dispersed. After all Skeel is the only logical aspirant for the role of stranger. He's the only one with a visible motive; and he's the only one against whom there's any evidence."

Vance sighed wearily. "Yes, yes. Finger-prints—chisel marks. You're such a trustful soul, Markham. Skeel's finger-prints are found in the apartment; therefore, Skeel strangled the lady. So beautifully simple. Why bother further? Send Skeel to the chair, and that's that! It's effective, y' know, but is it art?"

"In your critical enthusiasm you underestimate our case against Skeel," Markham reminded him testily. "Oh, I grant that your case against him is ingenious. It's so deuced ingenious I just haven't the heart to reject it. But most popular truth is mere ingenuity—that's why it's so wrong-headed. Your theory would appeal strongly to the popular mind. And yet, y' know, Markham, it isn't true."

The practical Heath was unmoved. He sat stolidly, scowling at the table. "I doubt if he had even heard the exchange of opinions between Markham and Vance," "You know, Mr. Markham," he said, like one unconsciously voicing an obscure line of thought, "if we could show how Skeel got in and out of Odell's apartment we'd have a better case against him. I can't figure it out—it's got me topped. So, I've been thinking we oughta get an architect to go member where all the hatchets are buried.—Detroit News.

GARDEN BAY

St. John the Baptist Church. Friday, Feb. 24, 7:30 p. m.—The Way of the Cross, and sermon. Sunday, Feb. 26, 8 a. m.—Low mass, followed by Benediction. Sunday, 2 p. m.—Catechism. Rev. Fr. V. C. Savagoan, Pastor.

Local Congregational Churches. Garden—10 a. m. At 3 o'clock Sunday evening, there will be a stereopticon lecture in the Fayette church, the subject of which will be "Abraham Lincoln." A cordial welcome for all.

Sunday was a hard day for automobiles and their occupants in the Garden district. Toward evening, the snow piled in the highways, making it almost impossible to get through with a car.

Robert Watchorn, Sylvester Egert and William Smith, all of Fayette, started out Sunday on their return to Nahma after spending the week-end with their folks at Fayette. They found the roads fairly good until they entered Garden township when they met huge drifts.

Mr. and Mrs. John Genlesse and son William and Mr. and Mrs. John Follo were dinner guests at the home of Mr. and Mrs. John Watchorn of Fayette Sunday.

Mr. and Mrs. Edward Purtillo motored to Manistique Sunday and were callers at the home of the latter's sister, Mrs. John Heric. Before going to Manistique, they went to Isabella, taking Mrs. Eugene Johnson and daughter to their home there after they had visited relatives on the Garden peninsula.

Mr. Edward LaMotte left here again Monday morning for Escanaba and visited Mrs. Delphos LaMotte who is a patient at St. Francis hospital.

Announcement is made that Russell Horwood, upper peninsula dairy specialist on the Michigan State college extension staff, will again come to Garden and address local dairymen. His subject will be "Herd Management." The meeting will commence at 2 o'clock Thursday. Everybody is invited to be present.

In spite of the bitter cold weather prevailing Monday night, there was a good attendance at the basket social and dance given in the town hall by members of the local Catholic church. There was a brisk demand for the baskets which were put up very attractively and a good sum was realized from their sale.

Henry Baker has moved his family into the residence formerly occupied by him in town. The Garden State bank was closed Wednesday for Washington's birthday.

Miss Adele Mercier, George Peterson and Mayor Jacobson of Escanaba visited at the home of the former's parents at Puffy Creek Sunday.

Leo Mercier and sister Leona made a trip to Manistique Friday. Mrs. August Mercier who had been visiting relatives there for several days, returned with them to her home.

Miss Mary Ferrari of Fairport spent the week-end at the August Mercier home.

Thomas Cousineau, former Garden resident, is very sick at the home of his son, Leo, of Nahma. Mrs. John Lalonde was a Manistique caller Tuesday.

John LaCost returned Tuesday from Milwaukee where he has been attending a school of engineering. He expects to return to the Great Lakes as soon as navigation opens in the spring.

AIDS DAUGHTER SENTENCED TO DIE

Mrs. Hazel Snyder, mother of 20-year-old Doris Palmer McDonald, who is sentenced to hang with her husband at Montreal, March 23, for the murder of a taxi driver, has employed legal aid in Chicago to help her daughter fight for her life. Above, left to right, are Attorney James O'Brien; Mrs. Margaret Gould, former governess of Doris; Mrs. Helen Hartoush, Chicago Women's Protective Association, and Mrs. Snyder.

ously ill at St. Francis hospital. According to latest reports, Mrs. LaMotte is much improved and is believed to well out of danger. William Winter, Sr., of Van's Harbor was confined to his home during the later part of last week on account of a severe cold. Mrs. Winter has also been suffering similarly.

The annual caucus of the village of Garden was held in the council chambers Monday night. It was an unusually quiet affair. In spite of the usual notices which had been made, very few voters seemed to be aware of the fact. Frank Tebo presided over the gathering, with Charles Gauthier, secretary. The following nominations were made: President—George Joque. Clerk—Aristide Thibault. Treasurer—Henry Gauthier. Assessor—Kobliman Casper. Trustees for two years—Napoleon Boudreau, Jr., Robert Lester and Henry Deloria.

Without an exception, the fore going held these offices for the preceding term. The election will be held Monday, March 12. It is not expected that any opposition will develop. When John Martin put a piece of wood in the heater in the parlor of his home last week, the base of the stove gave way and the stove collapsed. He had an exciting time for a few minutes, but everything was cleared up without any serious consequences following.

The Ladies' Guild of the Garden Congregational church has again been postponed on account of the sickness of Mrs. William Winter, Sr., of Van's Harbor, who was expected to entertain the gathering.

Her son, Lawrence of Escanaba, was called and also her son, Eugene of Iron Mountain. The latter's wife accompanied him here. Mrs. Feldhuzen, who is making her home with her daughter, Mrs. Harry Greene, is somewhat improved at this time. Her sons were able to return to their homes Sunday. John Larson went to Manistique Monday and had dental work done. Word has been received here of an accident which happened to Michael Hynes, son of Mr. and Mrs. Joseph Hynes of Garden, when a gun which he was holding, backfired, discharging a quantity of powder in his face. He was taken to Newberry and subsequently to the Soo for treatment. It is not feared that his eyesight will be permanently impaired. It is only a few weeks ago that the unfortunate man returned from Ann Arbor where he had been taking treatment in the hospital.

Mrs. Ernest Tatrow has been very sick at her home here during the past week, but is now improving.

Sault to Provide Large Air Field

Sault Ste. Marie—In a last minute change, the city commission Monday night amended the 1928 municipal budget to provide for a bond issue of \$18,000 instead of \$15,000 for the purchase of an airplane landing field.

The increase of \$3,000 in the proposed bond issue was made at the request of City Manager Henry A. Sherman, who said that amount might be necessary to purchase and make preliminary improvements on the field to be purchased on Ashmun hill.

The entire bond issue may not be used, Sherman said, and it is possible that the original \$15,000 will cover the "complete" cost, but he wanted to be certain to have enough money so that negotiations would not be held up for another year.

Options have been obtained on the property west of Ashmun street and north of M-28, including 160 acres of level land. The site was approved last week by Major Thomas G. Lanphier, commandant of Selfridge Field, during a visit to the city.

SOCIAL

Mrs. McKay Honored. Mrs. John McKay retiring president of the G. I. A. to the B. of L. E. was honored at a meeting held Tuesday afternoon at Greiner's hall when members of the organization met there to spend the afternoon playing cards and other social diversions.

The awards in five hundred went to Mesdames Matt Sullivan, J. H. Kennelly and Wm. LaCasse. The committee who planned the arrangements for party included Mesdames Theodore Farrell, George Roche and Wm. Carroll.

Mardi Gras Party. The Third Annual Mardi Gras Party sponsored by the Benefit Association of Railway Employees held at Eagles hall Tuesday evening was an outstanding success. A large number of members and guests were in gay costumes and many fine characters were represented.

The awards for costumes were given to Emil Perrow and Emil L'Heureux who represented South Sea Islanders. Mr. Perrow as the princess and Mr. L'Heureux as the prince were typical of cannibalism. Mrs. Arthur DeLaird who represented an old woman received the third award.

Card Party Successful Affair. The Mardi Gras card sponsored by the members of The Young Ladies Sodality of St. Joseph's parish Tuesday was a very enjoyable affair. Sixty seven tables were occupied with players of five hundred, bridge and pinoche. A lunch was served in the club rooms on first floor and a neat sum was realized from the function.

Mrs. Charlebois Honored. Mrs. Herman Koch entertained a party of friends at her home Tuesday night in honor of Mrs.

Escanaba to Join in Out Door Life Show Exhibit

Hancock, Houghton, Sault Ste. Marie, Ontonagon, Ironwood, Escanaba and Manistique are among the upper peninsula communities in which various organizations have announced their intention of co-operating with the Upper Peninsula Development bureau in the May Outdoor Life show at Chicago. The bureau's exhibits and literature in a greatly augmented booth space will represent the entire upper peninsula district.

In the vicinity of the above exhibits will be grouped the displays of the Michigan Conservation commission, the East Michigan Tourist and Resort association and the Michigan Tourist and Resort association. Space is being prepared for them on what will be known as "Michigan Avenue" in the Coliseum, and the mass appeal will outdo all previous efforts in Michigan and especially Hiawatha Land tourist advertising. NEW YORK'S OFFICIAL WELCOME TO COSTES AND LE BRIX

Mayor Jimmy Walker and a galaxy of gallants of the air participated in New York's official welcome to Diéudonne Costes and Joseph Le Brix, first Paris-to-Gotham fliers. Among the group here gathered on the City Hall steps are: (1) Commander Richard E. Byrd; (2) Bert Orston; (3) Costes; (4) Mayor Walker; (5) Rene Fonck; (6) Le Brix, and (7) Clarence E. Chamberlin.

IN NEW YORK

New York—Scores of socially prominent and wealthy society folk feel the lure of the Broadway lights as deeply as any stage struck damsel of the ribbon counters. Many luminaries of the Manhattan stage have stepped out of salons and drawing rooms, to toll in rehearsal and struggle for a place in the spotlight as feverishly as the poorest pursued Cinderella.

Gloria Gould went in for ballet dancing and finally became impresario of her own movie theater, Mrs. R. Barrow Read, I note, is on this season's list of new stage arrivals. Beatrice Lillie, one of the funniest gals on Broadway, is Lady Peel—a London social figure—in private life and Sir Guy Standing is an ever-popular performer. Julia Hoyt is perhaps the best known of the stage-society figures. Mrs. George S. Gould was the Edith Kingdom of the grand old lady's theater. The Princess Matchabell has wowed in and out of the world of the theater.

And there have been many others. While innumerable stage beauties have married into the aristocratic and rich old families.

Not the easiest job in New York is that of Manhattan's "official" welcomer." Grover Whalen is his name and he was selected out of a vast number of prospects as a casting director of a movie company picks a character. He looks like his title sounds. He is a robust, well groomed man in middle life, with considerable social background and vast experience in meeting people. He wears dress clothes as casually and comfortably as a home-man wears a bathrobe.

It is his strange task to officially greet all important visitors. And New York being what it is, with important visitors swarming in from every land and clime, this is no small order. He does not dare get tired, nor does he dare be absent from any important function. He is presumed always to represent the mayor—since the job was created to give mayors a little rest—and he can expect to be called out at hours as irregular as a fireman's.

If a daylight bus is bringing a European dignitary, he must go down the bay with the break of day—though the chances are, he was on his way home from the last banquet when day came along. Somehow, somehow, he manages to sleep. Somehow he manages also to look fresh. It takes a man of great vitality to hold the job. It takes a man who can smile, shake hands and make a quick speech however tired he may be.

Few visitors appreciate the pace set by the huge, smiling man who greets them. So large a man he is that, in newspapers, he generally towers over the mayors and the various committeemen and all but hides them from the camera.

And, in a sense, he typifies the sort of person that the average man-about-town of New York is supposed to be.

Once, after a particularly arduous week, however, I heard Manhattan's official greet wistfully inquiring the whereabouts of a nice, quiet South Sea Island.

—GILBERT SWAN.

Paris (P)—The Paris "Monte Piete," or city pawnshop, is 150 years old but there will be no birthday party.

It is, officially, the Credit Municipal and unofficially "My Aunt," merely a change in gender from the American appellation.

Private pawnshops are forbidden in France and the public loan institutions are supervised always by high authorities to insure honest and efficient administration.

Pension claims are accepted as collateral for loans at only 1 per cent a year but other loans are at 8 per cent. At Toulouse and other cities, loans are made without interest.

The only innovation of recent years has been the acceptance of automobiles "in hock."

The pawnshop as a public, well-regulated, philanthropic institution was introduced into France by Theophrastus Renaudot who founded the first Paris newspaper. He loaned at 3 per cent. He also established the first free clinics, free employment bureaus and other similar public services.

Paris (P)—Automobiles that flaunt their owners' wealth must run a gauntlet of stone throwing throughout the "red circle" of extremists who live all around the city.

Humorous observers suggest camouflaged bodies or armored cars. Serious ones advise drivers to avoid routes through suburbs such as St. Denis and Pantin and certain city gates where communists congregate. Rocks that seem to come from nowhere break windows and mar paint but the police have had little successes in their efforts to protect cars.

Highway blockades, also are becoming popular as are put across the road and cars are signalled to stop and then the occupants are asked to contribute.

Big faggots of brushwood, however, are favorites because if the constabulary happens by, the waiting robbers pick up their bundles and trudge along without exciting suspicion. These obstacles also seem imposing from a car.

London, England (P)—American influence is altering the existence of England and in the opinion of G. K. Chesterton.

Speaking at a dinner, he said the English habit of life, the look of an English town, the whole tone of existence in this country is being altered entirely by economic and commercial pressure of America.

"If ever there was a glorious thing on earth," he said, "it was the English inn. The transformation of the English inn into an American hotel is going on all over the country and nobody stops it. If a foreign army had turned out to fight them in the streets, but it is done simply by the power of money."

Taking a tilt at New York, Mr. Chesterton said:

"If you go to New York as a visitor it is rather amusing to walk down Broadway and see the idiotic electric signs wriggling about like dancing devils. You say to yourself 'after all I haven't got to live here and it is always interesting to watch strange tribes.'"

Commercial frauds cost manufacturers and wholesale firms more than \$1000 a minute for each business day.

Talks on Health

By Dr. Morris Fishbein

**PUPIL'S LUNCH IS IMPORTANT**

One of the questions which most disturbs mothers whose children go considerable distances to school is the provision of a satisfactory luncheon.

Many mothers wish their children to come home to a hot lunch, but this is not always practicable, particularly in places where only thirty to forty-five minutes may be allowed for the luncheon period. If the lunch time is so short that the child has opportunity only for dashing home, snatching a hasty meal, and returning at once, it is undoubtedly better to carry a suitable lunch and to eat it leisurely.

**What Experts Say.**

Nutrition experts give the following advice:

When lunches must be carried to school it is wise to purchase some kind of thermos bottle or container in which hot warm food can be carried. This hot dish may be cocoa, milk, soup, vegetable stew, macaroni and cheese, stewed lima beans, or other similar easily prepared nourishing dish. In addition to a warm food the lunch should provide each of the following:

- 1—Milk. At least, one-half pint to drink as such, or in cocoa, milk soup, etc.
- 2—Protein food, as cheese, cottage cheese, egg or meat. These may be served separately or in sandwiches. If a full pint of milk is used this extra protein is not so essential.
- 3—Bread, as bread and butter, or as sandwiches.
- 4—Fruit or vegetable. Fruit is more easily carried and can well be used most of the time, the vegetable being served at the night meal. The fruit may be raw—as a ripe banana, an apple, an orange, a bunch of grapes—or in form of sauce. When the fruit is cooked it is wise to add a few pieces of celery, a whole tomato, or lettuce to provide the desirable element of freshness in the lunch.
- 5—A sweet, if desired, as a cookie, a raisin sandwich, jam to eat with bread and butter, a piece or two of candy, a few peanuts or raisins. The sweet should not be overdone, merely a little top-off to the meal.

**High Rent Forced Joffre to Move**

Paris (P)—Marshal Joffre, victor of the battle of the Marne, has been vanquished by the high cost of living.

France's great soldier, with a salary of \$200 a month, must leave this handsome old Paris apartment because the proprietor has doubled the rent. Joffre can't pay the doubled rent and so he's going to move.

He is 76 years old and not as strong as in the dark days of the war when he was the commander of millions, in and out of uniform.

Joffre, nevertheless, will find a place to live. He still has his modest little home in the country but he will have no difficulty in getting another apartment in Paris. It was a Spaniard, whose son and grandson both fought under Joffre, who was the first to offer "Papa" Joffre a home. This gentleman, hearing of the Marshal's plight, offered him an apartment either in Paris or in Nice, in buildings he owns.

Joffre still is on "active service" for Marshals, of whom there are six, are never retired. They have become, in these times of peace, sort of consulting engineers to the army and various problems are referred to Joffre and the others by the Superior War Council, and their advice is asked although it may not be followed.

**Can't Sell Title to Brandy Bottler**

Paris (P)—A duke can't sell his children's title to a brandy house. He can do anything with it he wishes when he is alive but when the title has passed on, the ducal heir is the only one who can put it on the market.

Courts, therefore, after three years litigation have given the Duke of Montebello full right to his name and have ordered a brandy company to discontinue using it. The brandy man isn't happy because he paid the former duke a goodly sum for the trademark name.

What complicated matters was that Napoleon created Marshal Lannes, Duke of Montebello but authorized him only to pass it down in direct line. The fourth duke died without issue and the title went to an uncle but previously King Louis XVIII had included the Montebello title in the peerage which carried with it the right to pass the title to collateral heirs. It was the king's action, therefore, that governed the courts of this republic although three republics have succeeded the overthrown royal regime.

**Chesterton Raps American Influence**

London, England (P)—American influence is altering the existence of England and in the opinion of G. K. Chesterton.

Speaking at a dinner, he said the English habit of life, the look of an English town, the whole tone of existence in this country is being altered entirely by economic and commercial pressure of America.

"If ever there was a glorious thing on earth," he said, "it was the English inn. The transformation of the English inn into an American hotel is going on all over the country and nobody stops it. If a foreign army had turned out to fight them in the streets, but it is done simply by the power of money."

Taking a tilt at New York, Mr. Chesterton said:

"If you go to New York as a visitor it is rather amusing to walk down Broadway and see the idiotic electric signs wriggling about like dancing devils. You say to yourself 'after all I haven't got to live here and it is always interesting to watch strange tribes.'"

Commercial frauds cost manufacturers and wholesale firms more than \$1000 a minute for each business day.

HEALTH SURVEY COMPLETED IN GRADE SCHOOLS

Through the courtesy of Drs. A. R. Tucker, W. E. Thompson and G. A. Shaw, the physical education department of the Manistique public schools has just completed a physical survey of pupils in all grades.

The report, as compiled this week, following the completion of the survey, shows the number and nature of physical defects found in each school. Individual records of pupils have also been kept, and it is planned to institute some form of follow-up work to correct unsatisfactory physical conditions, and provide medical attention for pupils whose families are financially unable to do so.

CUT OUT SLANG! Someone has said that the only thing in America that isn't standardized is the language. Inventions and devices made for convenience, comfort or pleasure Americans leave nothing undone to perfect, but not so with the native tongue.

The General Federation of Women's Clubs have a better speech committee whose activities extend into every state in the Union and from February 19-25 the women's clubs, schools and kindred organizations will cooperate in Better Speech Week.

Exaggeration and slang come from an effort to vivify language, to relieve it of monotony, yet there is nothing more monotonous than a constant repetition of a worn out phrase—a kind of conventional slang that has lost its meaning through its very repetition, according to Katherine Knowles Robbins of Chicago, chairman of this committee in the general federation. Mrs. Robbins says "Otto Jespersen, noted linguist, says he wishes that everyone might create one new word each month. Language would be enriched thereby. Here is food for thought. And the point of it all is, of course, that so many of us are impoverishing our vocabularies by the repeated use of hackneyed expressions instead of developing and enriching the language."

"The general federation in its effort toward better speech is also concerned with finer diction. Nasal twang, strident tones, slovenly articulation, throatiness said to be characteristic of the American voice, can all be eliminated only the American people can be made conscious of a standard of perfection. There is such a standard, and more and more the well-educated American is becoming ashamed of mediocrity in his language as in everything else. He must speak well, Henry James said: "I commend to you imitation of formed and finished utterances wherever that music steals upon your ear!"

NOTHING BUT THE TRUTH: IT WAS FINE SHOW

If "Nothing but the Truth" is told by those who attended the Masonic home talent offering at the Gero theater Tuesday night, it is certain that praise for the play is unanimous. A capacity house gave an enthusiastic reception to the performance, which was staged under the direction of Mrs. Gordon Hughes. Able direction and a capable cast, and a comedy that was 100 per cent entertaining gave the audience a hilarious evening and again brought laurels to Manistique's home-grown stage talent.

Sell Bronchos to Meat Packing Plant

Casper, Wyo. (AP)—A new use has been found for the outlaw horses that roam Wyoming ranges. A packing company has opened a plant in Casper where wild horses meet the same fate as cattle. Horse meat is shipped abroad by the concern, and various by-products such as hides for sole leather and bones for fertilizer, are sold in the domestic market. Indians of the Shoshone reservation recently rounded up 709 outlaws for the plant. The horses brought from \$1 to \$6 each.

THEATRES

A giant ape-man, standing 9 feet tall and tipping the scales at 400 pounds, has the title role in "The Gorilla," pictureization of the sensational mystery-comedy by Ralph Spence, which, in its stage version, rocked Broadway for more than a year. Charlie Murray and Fred Kelsey are co-featured in the role of Mulligan and Garrity, two detectives who hear all, see all and know nothing. They undertake to capture the gorilla and thus solve several mysterious murders which are supposed to have been committed by him. Their extraordinary methods in effecting this capture in a spooky house on the top of a cliff are reported to furnish most of the hilarity. The comedy, however, is combined with chills and thrills, according to First National Pictures, which made "The Gorilla." It will be seen at the Rialto theater tonight.

Gorillas are notoriously dangerous. They are things to see behind the bars of a cage, but when there is one running loose in a house in which a murder has just been committed, it is time for action, and Murray, Kelsey, Alice Day, Tully Marshall, Claude Gillingwater, Walter Pidgion, Gaston Glass, Brooks Benedict, Aggie Herring and Syd Crossly supply plenty of it. Alfred Santell, the director, is reported to have ably handled a most difficult picture. He has carefully blended an eerie melodrama with hilarious comedy. He has kept a fast and even tempo of happenings, so that one is sitting on the edge of the seat from the opening flash to the last flicker.

For stime-ticking and scalp-raising thrills you are advised to see "The Gorilla."

Junior League Meeting Today

The Junior League of Alice Memorial M. E. church will meet this afternoon at the church. Mrs. F. S. Cowen is in charge of the group.

LIGHT OPERA REVUE COMING

Final Number of Lyceum Season on Thursday, March 1

Since the days when Gilbert and Sullivan did so much to popularize light opera, no other form of musical entertainment has had such universal and ever-recurrent appeal. This has been demonstrated this season by the great popularity of the New York Light Opera Revue, which comes here Thursday, March 1, on the Lyceum course.

This outstanding musical comedy comes here direct from an extended tour of New York and New England where its attractive entertainment has met with unequalled success. Selections from the latest current light operas are featured. The program is constantly changing in order to introduce song hits from light operas and musical shows produced after the company left New York.

Numbers from the older never to be forgotten light opera favorites are also presented. The varied song numbers presented in the New York Light Opera Revue are splendidly sung and vivaciously dramatized. Beautiful costumes and tuneful, liltful melodies give a charm and color to this unusual entertainment feature.

KEIL QUINTET PREPARING FOR ESKY CONTEST

Final Game of the Season Here Friday

The last game of the season and the second clash between the rival neighbors are combining to make the Escanaba-Gladstone game which will be played here Friday night, the biggest attraction of the year.

Tickets for the game on sale for students have been selling rapidly and interest among the townspeople indicate the largest attendance at any game this year. A couple of hundred fans from Escanaba will also be present to back their team.

Coach Keil is putting his men through hard practice. The first game, at Escanaba, in which Gladstone won by a narrow margin, 15 to 12, showed the two teams evenly matched and a closely contested scrap every lurch of the way will result. Preliminaries, the officials and the lineup will be announced later.

Entertains At Party On Anniversary

Miss Georgena Smith entertained a number of friends at a party Tuesday evening at her home, Minnesota avenue, on the occasion of her thirteenth birthday anniversary. THIRD CHAPTER TO BE REVIEWED THIS EVENING

Continuation of the book review of "The Book Nobody Knows," by Bruce Barton, will mark the meeting at Alice Memorial M. E. church this evening.

A discussion of the widely read book is being given by Rev. H. W. Colenso, pastor, who is taking one chapter each meeting. The third chapter will be reviewed tonight. The meeting will begin at 7:30 o'clock. Everyone is cordially invited to attend.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night? If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor. Always. At other times, a few drops of Fletcher's Castoria. The doctor often tells you to do just that; and always says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold!

VETS STARTING EARLY TRAINING

Old Stars Arrive at Baseball Camps in Southern States

Atlanta, Ga., Feb. 22.—(AP)—As baseball's energetic rookies started work in the constantly enlarging area of major league training camps, today it was significant that many veterans are beginning earlier this year.

With seven of the ten big league squads just opening their Florida camps, no less than a dozen tried campaigners, who in the past usually have started conditioning around March 1, are already on the scene.

Sammy Rice, veteran Washington outfielder, surprised Clark Griffith by his arrival at Tampa last night. Rice has been training at Hot Springs, Ark., for some time.

This Speaker, recently signed by the Philadelphia Athletics, arrived with a portion of Mack's squad at Fort Myers today.

Rogers Hornsby is working hard with the Braves at St. Petersburg and Dazzy Vance is already with his Brooklyn mates at Clearwater.

Vance has been playing a jam-up game of golf all winter and his physical condition is reported excellent. While he has not yet signed his 1928 contract he apparently hopes to be on edge by April.

Jess Haines and Grover Alexander were on hand yesterday to greet the St. Louis Cardinals at Avon Park. Both apparently are in fair form today, while the Red Sox started intensive drill at Bradenton and the Athletics were going through their paces at Fort Myers.

The mayor and leading citizens joined a brass band in welcoming Bob Quinn, Red Sox owner, and his squad at Bradenton this morning. A light workout was staged during the afternoon.

At the Cardinal camp, Al Sothor assisted McWeechie in drilling 13 pitchers, four catchers and two infielders, while Connie Mack worked 14 early arrivals at his camp.

Meanwhile, four other clubs continued light workouts begun early in the week, the Senators at Tampa, the Browns at West Palm Beach, the Braves at St. Petersburg and the Phillies at Winter Haven. They will be joined late this week by the Yankees who will halt at St. Petersburg; the Reds within a few days at Orlando, and the Robins at Clearwater.

Meanwhile, at New Orleans the Cleveland Indians were forced into idleness because of rain.

The Chicago White Sox will arrive at Shreveport, La., Monday.

RICKARD ASKS FAVOR

The big Basque wood-chopper, Paulino Uzcudun, now is in a position to serve as a very generous Santa Claus to Tex Rickard and his boy-friend, Gene Tunney, as well as the other current heavyweights.

Let us not forget, the Basque has an engagement in Los Angeles this month to take on George Godfrey, the current George Menace who will be decided to let old age have its say about his ring career.

Harry Willis, you remember, failed to get much of a nod from Jack Dempsey when he was champion, and George Godfrey has not excited Rickard any in his elimination plans. But he is talking, and talking plenty, and that is what has Rickard, Tunney and company worried.

Uzcudun and Rickard are not on very good speaking terms these days and the Basque is not among the current heavyweights who are eliminating one another for Mr. Rickard these days. Just the same, however, Rickard is very much interested in Uzcudun.

If Uzcudun chops down the negro, it will ease what little worry Rickard has at this time about the loud talking of Godfrey. With Godfrey beaten by one already eliminated, how could he seek a fight with the champion?

Will Paulino Win? Paulino has fared tolerably well in his fights in this country since his arrival here, although he has been beaten by Johnny Risko and lost on a foul to Jack Delaney. He recently knocked out Romero Rojas in Mexico City, and has victories over Knute Hansen, Tom Heaney, Harry Willis, Pat Lester and Ed Keeley to his credit.

He's not such a ham as some would have you believe, and he is not one that is regarded in the set-up class by Godfrey and his manager, Jimmy Dougherty.

Perhaps he won't slaughter Godfrey—then what? Well, Godfrey would continue talking and looking for fights that eventually would lead him to a fight with the champion.

Which, by the way, won't be a fight with Champio Gene Tunney, as that young man has already expressed himself on the color question and is a person who does not change his mind about such a subject.

It looks as if the best thing for Paulino to do to get on the calling list of Mr. Rickard is to knock Godfrey out of the way. But there is a big question as to whether he is able to do the trick.

Just to cover this column with a bit of self-praise about a guessing contest staged a few days ago, it is worthy of comment that only one miss was recorded in the guess as to who would form the Big Ten of tennis that was announced officially by the United States Lawn Tennis Association a few days ago.

This column had guessed that Fritz Mercur would be one of the ranking ten, and missed. Cranston Holman, the young Californian of collegiate fame, was placed tenth instead of Mercur.

However, it was guessed that Tilden would head the list, that Johnston would be prominent by his absence, that Hunter would rank second and either Lott or Alonzo third. And so it was.

The passing of little Bill Johnson is to be regretted exceedingly and it is too bad that the tennis guiding light could not have seen fit to have placed him for the fifteen year among the ranking ten. But they didn't, and it can't be helped.

Lott, according to this ranking, seems to be the most promising young player of today. He ranked below only Tilden and Hunter, and also headed the western list.

Baltimore Players Win First Round of Handball Tourney

Detroit, Feb. 22.—(AP)—Hal Hobselman of Baltimore, defending champion, and his teammate, George Nelson also of Baltimore, National A. U. champion, were victorious in the opening matches of the national handball tournament here tonight.

Hobselman won from Norman Kearney of Dayton, 21-3, 21-9, and Walter Chaplup of Madison, Wis., 21-11, 21-4, to qualify for third round play tomorrow.

Nelson won from S. G. Saunders of Detroit, 21-4, 21-10, and Frank Ross of Madison, 21-0, 21-5.

MICKEY WALKER DEFEATS TEXAN

Middleweight Champion Scores Decision Over Jack Willis

San Francisco, Feb. 22.—(AP)—Mickey Walker, middleweight champion, won the decision from Jack Willis of Texas after 10 furious rounds here today. The titleholder came from behind in the eighth round to pound his opponent groggy and win the decision handily. A crowd of about 12,000 persons saw the fight which was a non-title affair.

Willis' showing was a surprise as he was on the short end of heavy odds to lose by a knockout. The Texan carried the fight to his opponent in the early rounds and fought and outpunched the champion both in the third and sixth frames. Stiff punches to the face and body, however, turned the tide of battle in Walker's favor after the seventh.

In the eighth and ninth rounds Willis took a bad beating and was groggy at the bell.

Willis flashed momentarily in the tenth round and rushed Walker into a corner but he weakened under another steady attack to the face and body.

"Midget" Mike O'Dowd of Columbus, Ohio, stopped Bobby Herman of Los Angeles in the fourth round of the scheduled six round semi-final. Because Herman was bleeding profusely at the nose and from a cut eye the referee stopped the encounter. O'Dowd was leading due to his heavy body punching at this time. They are featherweights.

University Star Finishes Third in Masonic Meet

New York, Feb. 22.—(AP)—Roland Locke, University of Nebraska speedster, could get no better than third place in the 80-yard dash of the special invitation sprint series, early feature of the Masonic Benefit meet at the 102nd Engineers armory tonight. Locke trailed Bob McAllister, the "flying cop" competing for the Columbus Council Knights of Columbus, and Bob Wiese of the New York A. C. McAllister's time was eight seconds flat.

Locke was away to an early lead but was passed half way to the finish line by McAllister and Wiese. The second of the invitation sprints, a 90-yard dash, found McAllister, Wiese and Locke finishing in that order, with Irwin Meister of the 92nd Street Y. M. C. A. fourth, and Charles Huguenin of New York university A. A. fifth. The time was 9 2-5 seconds.

Brooklyn Runner Sets New Record for 100 Yard Dash

New York, Feb. 22.—(AP)—Dan D'Auria of Brooklyn Central set a new Y. M. C. A. record of 10 4-5 seconds in winning the 100-yard dash, early feature of the National Y. M. C. A. track and field championships at the 13th regiment armory, Brooklyn, tonight. The former record was 11 seconds. T. Nunally also of Brooklyn Central, finished second.

C. Oplerkuck of Cincinnati took the mile championship with R. F. Brown of Brooklyn Central, second, and O. Keher of Eastern district third. The time was 4:34 3-5.

The 800-yard championship went to M. Benkert of Cincinnati, in the slow time of 2:01 4-5. R. Smith of Brooklyn Central finished second and M. Skane of Bridgeport, Conn., third.

Another Y. M. C. A. record fell when Hammet of Brooklyn Central ran the quarter mile in 54 1-5 seconds.

Ted Rex Wins in Men's Division of Ski Tournament

Ishpeming, Mich., Feb. 22.—(AP)—Ted Rex, Palmer athletic club entrant, won first place in the men's division in the annual Washington birthday ski tournament conducted by the Ishpeming Ski club on "Air Line" hill. He made the longest leap of the day, 108 feet, on his first run. Nick Donato, of Ishpeming, was second.

Bruno Tasson and Ero Hecko each made jumps of 102 and 106 feet in the boy's division, the former winning by one-third point. Rudolph Anderson was third, a fraction of a point behind Hecko.

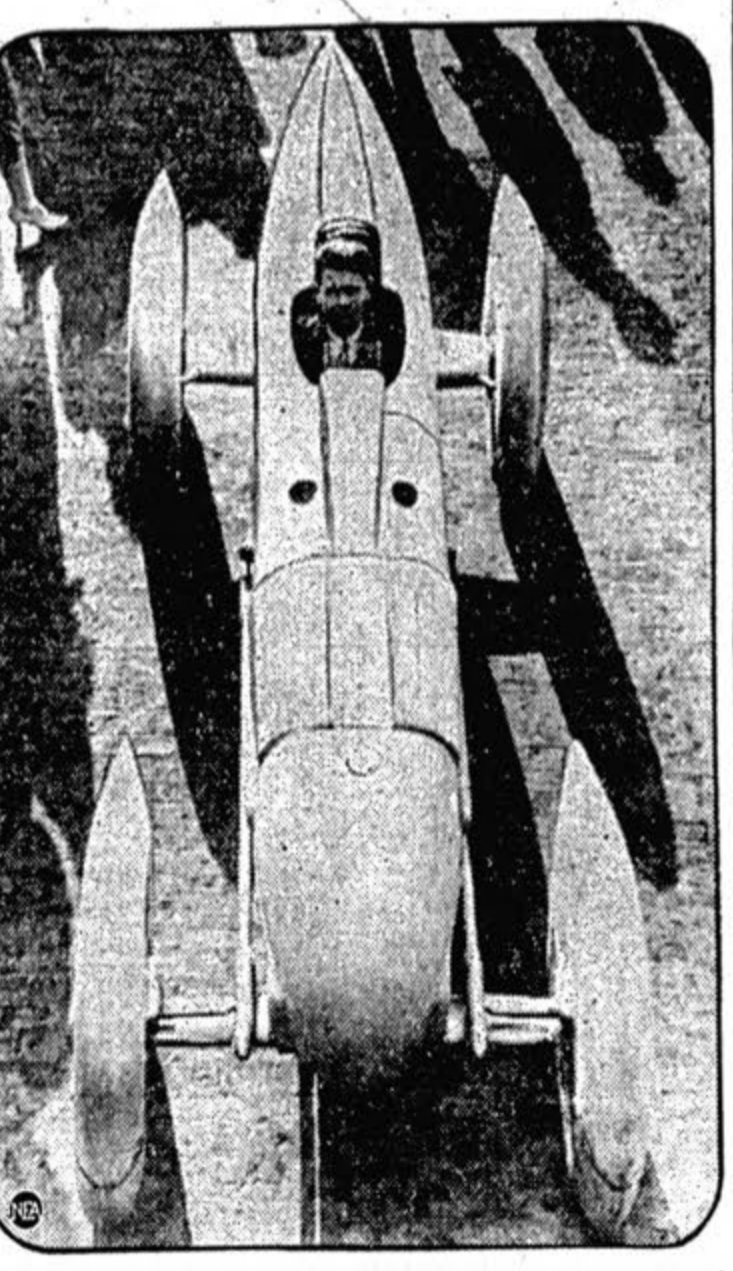

In the morning, a dog derby was held on Ishpeming streets, Ovid Bergeron of Ishpeming winning first in the singles event.

New Conference Tank Marks Set

Minneapolis, Feb. 22.—(AP)—Two western conference swimming records were bettered here today in a dual meeting between the University of Michigan and the University of Minnesota. Michigan swimmers scored a 42 to 22 victory.

Minnesota swimmers broke the 160-yard relay record by 2 2-5 seconds when they completed the relay in 1:16. Hubble and Spindle of Michigan finished abreast in the 150-yard backstroke in 1:46 2-5 to shatter another conference mark by 2 2-5 seconds.

Lockhart Injured When Racing Auto Turns Somersault

Frank Lockhart's Stutz Special with a 16-cylinder-in-line motor, is pictured above.

Daytona Beach, Fla., Feb. 22.—(AP)—A complete examination of Frank Lockhart, racing car driver, who was hurt when his speeding Stutz Blackhawk Special plunged into the ocean today while he was trying for a world's speed record, showed him to be suffering principally from shock. His arm was not broken and no internal injuries were apparent, physicians said.

He was pinned in the driver's seat of the machine by the steel frame of the side, which was stove in by the violent impact of the waves, but a fortunate circumstance landed the car right side up after it had turned a complete somersault from the beach speedway and also kept the machine from going beyond his depth.

His face and arms were lacerated and he was thought to have suffered a broken arm and possible internal injuries, but a superficial examination revealed no serious hurts.

Observers who rushed into the sea and pulled the wrecked machine back to the beach found Lockhart helpless but conscious, with water up to his neck. It was necessary for mechanics to cut away the side of the car to release him.

"I'm all right," was his only expression after he had been dragged from the water.

The racer's wife was among the crowd of several thousand persons who witnessed the accident and was one of the first to reach the water's edge. She fainted when she saw he had been hurt and did not see him lapse into semi-consciousness as he was rushed away in an ambulance.

Speeding at 225 M. P. H., Lockhart's car, speeding at a terrific rate, was about to enter the measured mile—official clocking distance for the speed trial—when it was seen to career sharply to the right, strike an incoming wave and rise into the air, turning a complete flip, and landing 40 or 50 feet out in the ocean on its wheels.

The visibility was extremely poor because of low-hanging clouds, but Lockhart had decided late in the day to essay the race against time, due to the short length of time remaining for the trials, which, to receive American Automobile association sanction, must be made before the present carnival ends tomorrow.

Under two trips over the measured mile up and down the beach, Lockhart was making the first run northward. He had a start of several miles before entering the official stretch and was believed to have had his racer virtually wide open. Timers clocked him at the moment of the spill at 225 miles per hour.

Car Not Badly Damaged. Just what caused his machine to veer in the ocean was not immediately determined, but it was considered probable that a rough spot in the beach or any slight obstruction such as other drivers

ROELLERS PLAY AT GLADSTONE

The Escanaba high school basketball quintet will play at Gladstone tomorrow night in an attempt to avenge for a thrilling 17 to 14 defeat they received here at the hands of the Keittes earlier in the year. The Roellers will again be without the valuable services of Captain Stegath who is still nursing a leg injury received at Menominee three weeks ago. Stegath's loss was sincerely felt in the Iron Mountain game last week.

Hundreds of Escanaba fans, high school students and adults will make the eight mile trip to Gladstone tomorrow night to see the Roellers tussle again with Coach Keil's sterling quintet. The fans who witnessed the first Escanaba-Gladstone fray were thrilled by the excitement of that game and have been anxiously waiting for this return battle.

Local high school students who are intending to go to Gladstone tomorrow night via street car can secure special rate tickets at the high school either today or tomorrow. Student tickets to the game can also be purchased at the high school. All tickets bought at the door in Gladstone will cost the adult price of fifty cents.

INDIANA BEATS OHIO STATE 5

Columbus, O., Feb. 22.—(AP)—Indiana university invaded Ohio State's stronghold tonight and won a decisive victory, 52 to 17, in a western conference basketball game.

The Indiana quintet seemed able to score at will from anywhere on the floor, with the Buckeyes missing many easy shots.

The defensive feature of the game was Van Heyde's pretty work in holding down the scoring of McCracken, Indiana's high scoring center.

ROUGHHOUSERS BEAT RAMBLERS

Gang Keeps Slate Clean in City Amateur Cage League

The North Escanaba Roughhouse Gang kept their slate clean in the City Amateur Basketball League by decisively defeating E. F. U. Ramblers, 29 to 18 at the Webster gym last night. The Roughhousers grabbed the lead early in the fray and held it.

Relay of the Roughhouse Gang was the high point man of the game, netting 11 points. C. Johnson scored three field goals from mid-court, bringing the crowd to its feet after each shot. Lough and O'Brien played a stellar game for the Ramblers.

Lyle Shaw of the Escanaba high school faculty handled the whistle and kept the game moving at a fast pace.

Both the woodchopper and the resident of the woodpile have been denied employment in the Rickard's New York enterprise. Tex already has chosen all his announcers, ushers, program boys, peanut vendors and heavyweights for the season.

Charley Grimm played a few tunes on his banjo for the Cubs as they opened training. The New York Yankees have Babe Ruth and a saxophone, and they, too, must face the music.

DANCE

Terrace Gardens Saturday Night CAVI'S ELKS

Cincinnati, Feb. 22.—(AP)—Happy Atherton, Indianapolis, and Louis Carpenter, Toledo, fought a fast 10-round draw here tonight. Each weighed 114 pounds. In preliminary bouts, Leo Knopp, Detroit, won over Benny McArthur, Saginaw, Larry Pruitt, Indianapolis, took a decision from Kit Ritchie, Cincinnati, and Russell Bradford, Detroit, beat Rustie Russell, Cincinnati.
