

### SAFETY MOVIE TO BE SHOWN

Frank Winter, Jr., Comes to Escanaba for Rally Monday

Frank Winter, Jr., one of the outstanding figures in the campaign, throughout America, to bring about safer transportation, will be the speaker at a "Safety Rally" which will be held in the Coliseum next Monday night by the Chicago & North-Western. The public is invited to attend. Preparations are being made for having a crowd of 1500.

Mr. Winter, who is head of the claims department of the North-Western and the chairman of that railway company's general safety committee, has made a remarkable record in his office. Few men know as much about accidents, their causes and how to prevent them, as he, and he is also a forceful and entertaining speaker. He will exhibit several reels of "safety" motion pictures at the meeting.

The program will also include several musical and novelty numbers.

### Iron Trade Review

Second quarter coverage is lifting pig iron from the obscurity forced upon it in recent weeks by the brisk market in steel, says Iron Trade Review, of Cleveland. At Chicago and Cleveland especially has interest in future iron needs broadened, while in the East considerable business hinges upon a steadier price situation. Quiet negotiations have placed upon producers' books a heavier tonnage than open inquiry would indicate.

Light steel products, especially sheets, have imbued the moderately upward trend which has described demand for heavy finished steel recently, and some makers have accumulated modest backlogs. Heavy shipments are going directly into consumption. Steel corporation subsidiaries continue to operate at about 90 per cent with the entire industry approximating the 85 per cent rate of a year ago.

The price situation in steel continues strong. On opening books February 22 for second quarter the leading producer of bars, plates and shapes advanced to 1.90c, Pittsburgh, and 2.00c, Chicago. This is the third upward revision in heavy finished steel since mid-November and if maintained will put second quarter shipments \$2 per ton above first quarter contracts. Independent producers are expected to follow. New prices on sheets remain to be tested, but extensions to present low-price contracts are being limited. Mahoning Valley markets of terno plate have advanced \$4 to \$5 per ton. Strip and small rivets are higher at Chicago.

Among producers of steel generally, there is a growing confidence in the first half year. Fears that the exceptional improvement since late December has been based too largely upon automotive requirements have been dissipated, as February thus far appears to have topped Janu-

ary bookings and output slightly and automotive business is a smaller percentage of the total than in January. The rising tendency in prices also is indicative, and invoices in the next quarter are expected to reflect more of the advances imposed in the past 60 days. On account of the political situation the industry is not now looking beyond first half.

More than 150,000 tons of pig iron for second quarter has been booked in the Chicago-Milwaukee district. Last week's sales of 53,000 tons at Cleveland doubled the preceding week's business.

Chicago continues the packmaker in heavy steel, specifications the past week exceeding the comparable week of January by 20 per cent. No serious inconvenience has been caused consumers, but deliveries there range from 4 to 6 weeks. Pending structural work which should go forward shortly aggregates 53,000 tons. At Pittsburgh, 25,000 tons, chiefly plates for river craft, nears placement.

Pending establishment of some recent advances, the Iron Trade Review composite of 14 leading iron and steel products is unchanged this week at \$35.61.

BY THE NEA BOOK SURVEY

It's too bad that all persons who sit down to write autobiography can't be as frank and personal as Isadora Duncan.

The glamorous Isadora is dead and she leaves us a vivid record of herself, her emotions and her attitudes and her art. And now that Eddie Foy is laid at rest, we'd like to know more about him than can be found in his "Clowning Through Life" (Dutton).

Foy has done what so many trouperes and public figures have done when they sit down to write of their lives: he has written a great deal about the backgrounds before which he passed, tossed in a few anecdotes that are none too exciting, and introduced you to well-known players who were his cronies or friends.

It's all very sketchy and forms more of a chronicle of the changing American scene than anything else. Just for a moment in the early part of the book we glimpse the family struggle against the background of New York's draft riots in Civil War days. And there is another moment when the character of Foy steps out boldly—that is in the space devoted to the Iroquois Theater fire in Chicago. Foy, in other words, has told more of what went on around him than he has of Foy.

One looks vainly about for some explanation of the man whose name became a household word and succeeds in finding in its place a stage story of familiar vintage. One peeps to see whether or not there was any mention of the clouds which rumor spread over the clown's declining years.

The "inside" of a clown's life has been done by many, but rarely so well as here.

**Bodnar Carnival Booked for Fair Here Next Fall**

The Bodnar Brothers Shows, one of the largest road carnivals in existence, will appear at the fairgrounds here during the Upper Peninsula State Fair next September 17 to 22, George E. Harvey, secretary-manager, announced yesterday.

Mr. Harvey said that negotiations were completed this week for the carnival to occupy space at the fairgrounds during the fair. The Bodnar Brothers present an attractive midway, composed of high-class athletic show, animal, freak and other pit show attractions. They also carry several rides, such as the merry-go-round, Ferris wheel, and aeroplane dips.

Concessionaries have been showing much interest in the coming event, according to Mr. Harvey, who reports numerous inquiries concerning ground space charges and other information.

### Books

Out of the fast growing list of incoming books we recommend particularly:

Disraeli (Appleton), by Andre Maurois—a biography which the author himself declared to be infinitely better than his "Ariel"—and is a thorough piece of observation, splendidly written.

The Ugly Duchess (Viking), by Lion Feuchtwanger, the German novelist, who wrote that masterly novel "Power," presents a picture of the ugly Margarete of Tyrol, but so elaborate is the tapestry of medieval history in the background that many readers may find it tiresome going. In spite of which, Feuchtwanger rises as one of the few important writers of the day.

November Night (Bobbs Merrill)—anonymous—a character hardly worth the author's time and trouble is psychologized most thoroughly and well. Just a bit too psycho-analytic for the average reader, but a first class job by the unknown author of "Miss Tiverton Goes Out."

Iron and Smoke (Dutton), by Sheila Kay Smith—not up to the standard of this author's "Tamarisk Town," "Green Apple Harvest" or "Joanna Gauden"—yet far better than most novels.

Eden (Dutton), by Murray Sheehan—more about Adam, Eve and the apocryphal Lilith, who seem to be getting plenty of advertising this season thanks to John Erskine and James Branch Cabell.

**Quality Is Our Failure Insurance**

A successful merchant once said that he considered honesty the greatest single factor for success in retailing. "Build integrity into your business," he advised, "and you not only safeguard it but your contribution to the community you live in is immeasurable."

Wise words! And that is one of the reasons why we pay so much attention to the quality of the goods we sell. It is so easy to skimp on a lining, or substitute inferior leather in the inner sole of a shoe. But then we would not be running an honest business, and it would gradually crumble into ruins.

Selling honest merchandise at a fair price is more than an ideal with us. It is our "insurance policy" against failure.

One of the duties of a poet is to phrase great truths so they will stick in our minds.

Unfortunately, the poet sometimes does this so well that his phrase is repeated too often.

Such a phrase, for example, is the familiar quotation: "Lives of great men oft remind us we can make our lives sublime."

It is encouraging, for example, to read of Dawes, the penniless attorney in a small western city...

There are a great many ambitious young men in this country, but many of them get discouraged too easily.

THE CANARY MURDER CASE

by S. S. VAN DINE AUTHOR OF THE BENSON MURDER CASE CHAPTER XXXIV

Markham made a gesture dismissing the suggestion. "What took place at five minutes to twelve?"

"I'm a good fellow, y' understand. And a friend's a friend. But—ask you—is that any reason why I should get in wrong for something I didn't have absolutely nothing to do with?"

"Just as I opened the door I saw some one sneaking away from the Canary's apartment down the little black hall to the side door.

"By the side door?" "Sure.—Then I went out the same way. I was going to leave by the front door, because I knew the side door was always locked at night.

"That's what you think, is it? No one could've got in or out except by Apartment 2, because the side door was locked."

"Sure I would!" spat Mannix. "And let me tell you something, my friend: that's just where I stand—absolutely!"

"I rather think you'd stand with us—with the district attorney. Vance was watching him like a cat."

"When you read of Miss Odell's death," he said, "why didn't you come to the police with this highly important information?"

"I should get mixed up in it!" exclaimed Mannix in surprise. "I exclaimed Mannix in surprise. I exclaimed Mannix with open disgust.

"Sure I did. Don't that go to show I wanted to do the right thing by you—giving you a valuable tip?"

"Did you see any one else that night in the halls or alleyway?" "Nobody—absolutely nobody."

"We found one missing piece of the puzzle, at any rate," commented Vance. "I don't see how just how it fits into the complete pattern, but it's helpful and suggestive. And, I say, how beautiful my intuition about Mannix was verified, don't y' know?"

"Yes, of course—your precious intuition." Markham looked at him skeptically. "Why did you shut him up twice when he was trying to tell me something?"

"I simply can't tell you, old dear. Awfully sorry, and all that."

"He's awfully whimsical, but Markham knew that at such times Vance was at heart most serious, and he did not press the question.

# STEGATH HEADS "HOME" DRIVE

### Delta Lumber Dealers to Co-operate in National Campaign

Retail lumber dealers of Delta county, it was announced today, are organizing for co-operation with the National Retail Lumber Dealers' Association in a nationwide movement to promote the ownership of homes and the keeping of present structures constantly in repair as well-improved property. The county and state organizations all over the country will be supported in their work by a national newspaper advertising campaign which is to run for four years and which, it is estimated, will cost \$40,000,000.

G. R. Stegath, president of the Stegath Lumber Company of Escanaba, has been appointed chairman of the organization for this county, by L. P. Lewin, of Cincinnati, president of the National Association. Mr. Stegath will appoint committees to carry on the movement in this county within the next few days. The county organization will operate under the direction of Herbert North of Kalamazoo, chairman for Michigan.

"Build Now With Safety" is the slogan of the campaign. Mr. Lewin said in announcing the plans and purposes of the national association.

Advertising Campaign. "This slogan, which will be the central theme of one of the largest newspaper advertising campaigns ever conducted in the history of business, contains two messages which we expect to present to the American people for the next four years," said Mr. Lewin's announcement.

"One is the message of the freedom and security which ownership of a home brings to every family. Contentment, a larger measure of freedom from worry as to the future, the joy of ownership, the building of a better family life and a better community life, all come from possession of a home of your own. The value to the nation of the 'own your home' movement is recognized everywhere by economists, social workers, statesmen, for it promotes thrift and order and makes better citizens. Our industry proposes to give this movement tremendous impetus.

### Will Organize Club for Women

F. R. Lloyd, superintendent of the peninsula division of the Chicago and Northwestern railroad, announced yesterday that meetings of the wives and unmarried sisters and daughters and pensioners of the Northwestern employes will be held at the Elks Temple Monday morning at 10 o'clock and at 2 o'clock that afternoon for the purpose of organizing a Northwestern woman's club.

Mr. Lloyd is anticipating a large attendance at these two sessions.

The other member of the committee is Glen Siedell of Rankin, Ill. The exercises are being held earlier than usual this year in order that the seniors who are members of the Augustana concert band may have an opportunity of participating in the exercises before leaving on their four months' tour of Sweden and Europe.

**Jefferson P. T. A.:** At a recent meeting of the Jefferson P. T. A. held at the school with the president, Mrs. F. Priem presiding, a great deal of interest was manifested by the sixty members present. A very interesting and educational talk was given by Miss Agnes O'Connor, school nurse, whose topic was "Teeth and the care of which is essential to good health." The organization is making an appeal to parents of the children to have them placed on the dental honor roll for the school year. The birthday cake was presented by Mrs. J. Ferguson. The cake was decorated with thirty-one candles with an appropriate verse for each year. The past presidents, Mesdames Anton Embs, Wm. Auerbach, and Arthur Peterson gave short talks. Mrs. Auerbach spoke of the early activities of the P. T. A. The talks by Mrs. Peterson and Mrs. Embs were also very entertaining. Robert Peterson rendered a piano solo after which lunch was served by the committee.

### Dog License Fee Will Be Raised After March 4

The price of dog licenses will be increased on and after March 4, according to an announcement by Chief of Police John J. Tolan yesterday. Two dollars for male and four dollars for female dogs in the fee now charged, but after March 4 the charge will be four and six dollars for male and female dogs, respectively. Records at the police station show that only 68 dog owners have applied for tags thus far, which indicates that there are quite a number of canines in the city not licensed. It is estimated that there are 500 dogs in Escanaba. U. S. exports during the 12 months of 1927 totaled \$4,866,160,000.

# PYTHIANS CALL ROLL TONIGHT

### Henry S. Gately to Give Principal Address at Banquet

Knights of Pythias of Escanaba will gather in their hall tonight for the lodge's annual roll call banquet.

The principal speaker will be Rev. Henry S. Gately of Appleton, an orator and after-dinner speaker of considerable renown. Mr. Gately for years has been an active Pythian. He is a past chancellor of a Montana Knights of Pythias lodge, and also has been prominent in affairs of Rotary. His appearance here will be a red-letter event of the year for the Escanaba lodge.

Rev. John B. Hubbard will be toastmaster. The program will include a vocal solo by C. Arthur Anderson, orchestra music by "Bill Lang's Gang," and a novelty skit by Hal Rammel.

The annual roll call of the members of the lodge will be by A. E. Nelson.

The dinner will be served at 6:30 o'clock by the Pythian Sisters. A large attendance is expected.

## SOCIAL

### Birthday Surprises

Mrs. Charles Johnson, 312 South Twelfth street, whose birthday anniversary falls on February 22, was agreeably surprised at her home Wednesday afternoon. The group of friends planned the party without even a hint of their plans reaching Mrs. Johnson. A delightful afternoon was spent after which a lunch was served. Mrs. Johnson was the recipient of many pretty gifts, including a sum of money for which she thanked her guests in a creditable manner.

### Surprise Party

Mrs. C. G. Nelson of Chicago was the guest of honor at a surprise party at the home of Mr. and Mrs. P. A. Peterson of West Ford River, Wednesday evening. The occasion was Mrs. Nelson's birthday anniversary. A number of old friends were present. A social time was enjoyed, followed by a lunch. Mrs. Nelson is a former resident of Ford River.

Alliance, Neb.—His four sons having married four sisters, Dad Sisley, 70, made it unanimous by marrying the girls' mother. The mother of the "boys" died three months ago, while the bride had been a widow for several years. The first union of the two families took place ten years ago.

# Talks on Health

By Dr. Morris Fishbein

### Babies Sometimes Born With Dislocated Hips

Apparently no one knows exactly just why children are sometimes born with both hips dislocated and are thereby crippled until some operation is performed that will improve the condition.

Sometimes the condition is not noted immediately after birth, since the hips look alike when observed casually. The legs seem to be about the same length and the trouble is not discovered until the child begins to walk.

Dr. John L. Porter points out that a single dislocation produces a slight limp, but grows worse as the child becomes more active. As the weight increases, the difficulty becomes greater and walking is still more awkward.

**Mostly Girls.**

If both hips are dislocated, which occurs in about one-fourth of the cases, the child begins to walk later, waddles, and has greater disability and discomfort. Apparently 85 per cent of the cases occur in girls.

One suggestion as to the cause of this condition gives a mechanical explanation; namely, the position in which the child lies previous to birth is such that severe pressure upon it may throw the head of the large bone of the thigh out of the socket in which it should be.

If a child limps noticeably when it begins to walk, consultation should be had immediately with a physician. A careful examination with the X-Ray may show the heads of one or both of the thigh bones are not in their socket.

Today, a competent specialist will replace the dislocated head of the bone in the socket by manipulating it, carrying the head back into place by the same route through which it was displaced.

If too long a time has elapsed during which the bone has been out of place, it may be impossible to restore the head to the

socket by manipulation. The shortened muscles may be too strong, or the socket may have filled up and be too shallow.

Sooner the Better.

As a rule the younger the child the more easily the hip can be replaced in proper position. After the third or fourth year, manipulation is still more difficult, and after the sixth year frequently impossible without great danger of injury to the tissues.

After such a condition has existed over a long period, the only hope of restoration lies in the use of surgical operation, opening up the tissues, and manipulating them directly.

### Alfred Lalonde Case Dismissed

The case of Alfred Lalonde, charged with violation of the prohibition laws, was dismissed upon motion of Prosecuting Attorney Glenn W. Jackson yesterday afternoon in Justice H. E. Ranguette's court. The prosecutor decided the seizure of liquor in the case was illegal and consequently the case would have been eventually dismissed in circuit court.

### Seats for Play Go on Sale Today

### Ernest Dufresne Bound Over to Circuit Court

Ernest Dufresne, Bark River soft drink parlor proprietor, arrested by the sheriff's department Tuesday evening, was arraigned before Justice of the Peace Doherty yesterday on charges of sale and possession of liquor and keeping a place. He waived examination and was bound over to circuit court, furnishing \$500 bond for his release.

William Garven, Ford River Switch, has not yet been arraigned, but it is expected he will appear in justice court today or tomorrow.

## PASTOR TALKS AT ROLL CALL

Responding to the annual roll call, some 100 enthusiastic Pythian Knights of Manistique gathered round the board at the Pythian hall Wednesday evening. A banquet was served by the Pythian Sisters, and this was followed by a speaking program and calling of the roll. Chancellor Commander E. L. Schatzman presided, and Rev. John B. Hubbard, pastor of the Presbyterian church at Escanaba, was the principal speaker. His theme was "What's In a Name?", a rapid-fire talk, full of entertainment and pithy comment, which brought home a big message to his hearers.

Others on the program were: Carl Thorborg, the only charter member of the lodge present, who told something of its early history; James C. Wood, veteran member and grand lodge officer; Emmanuel Arwood, a past commander; Andy P. Olafson, Cooks correspondent; and F. E. Lied.

STOCK MART IS NERVOUS

New York, Feb. 23-(P)-Erratic price fluctuations in today's stock market reflected the nervousness of professional traders. The rally, which set in late Monday afternoon and continued through Tuesday, was resumed at the opening of the market, but trading was relatively dull until the last hour when selling furries swept through the market only to give way to another rally at the close. Final quotations were decidedly mixed, disclosing a number of 2 to 5 point gains, and a smaller number of 2 to 3 point declines. Trading again fell well under 2,000,000 shares.

Call money had steady at 4 3/4 per cent all day, despite the calling of about \$30,000,000 in bank loans. There was no change in time money, commercial paper acceptance rates. The weekly federal reserve statement on brokers' loans, which was awaited with considerable interest in view of the sharp declines in prices of the sharp declines in prices of late last week, showed a decline of \$91,069,000, bringing the total down to \$3,728,316,000, as against \$2,762,154,000 on February 23, 1927.

U. S. Steel common was in rather free supply all day, despite the advance in heavy steel prices over the holiday, closing 3-4 of a point lower at 140. General Motors, on the other hand, received strong support closing fractionally higher, at 135 7/8. Although the January automobile production figures of the department of commerce fell below those of the corresponding month last year, they were larger than those of any month since last September and Wall Street was inclined to place a bullish interpretation upon them.

Hudson was the leader with a gain of nearly 3 points at 82 3/4. Commodity markets were mixed. Cotton ran up about 75 c a bale in the early trading on reports of unusually dry weather in Texas, but lost most of the day's gain. Coffee futures rallied 20 to 25 points. Wheat yielded a reaction of a cent a bushel and corn futures lost a cent or so on reports of increased deliveries. Sugar prices held firm.

CHICAGO POTATOES

Chicago, Feb. 23.-Potatoes, receipts 136 cars; on track 244; total United States shipments, Tuesday 400. Wednesday 238 market stronger; Wisconsin sacked round white, \$2.60 at \$2.55; fancy shade Burbanks, \$2.45 at \$2.35; fancy shade higher; Florida extra bliss triumpha, No. 1, \$2.50 at \$2.45; Cuba bliss triumpha, \$3.00.

CHICAGO GRAIN

Chicago, Feb. 23.-Prospective larger receipts of corn had an unsettling effect on all grain values today. Holders of early delivery sold out on a big scale. Closing quotations on corn were heavy, 1-1/4 to 1-3/4 net lower. Sack and light shorts selling to 1-1/4 net advance, and provisions 2 to 12 c down.

Toward the late today, wheat was sold because of the locals in corn prices, but earlier the market showed a decided upward trend. Wheat export sales of 1,500,000 bushels were announced Monday. Canadian, and there were persistent advices of general food shortages in parts of Russia, Hungary, Albania and Jugia Slavia.

All deliveries from established a new high price record for the season. Oats were irregular, but showed a firm undertone, the oats vintage supply being low only about 45 per cent of last year's total and farm reserves low.

Provisions were easier on account of a setback in hog prices to the lowest figures since July, 1924. # Orange and Black 5 Plays at Gladstone Tonight

## MANY FANS TO FOLLOW TEAM

### Keillites Have Defeated Escanaba Early This Season

Coach Roels will take his Escanaba high school basketball squad to Gladstone tonight to play the return game with Coach Keill's snappy quintet. The Roellers will be without the services of Stegash who is still nursing a leg injury received in the Menominee game two weeks ago. It is also doubtful if George Snyder, Coach Roels' other regular forward, will see action against the Upbays. Snyder has been ill all week and has been unable to attend school. Lambert will replace Stegash in the lineup and if Snyder is not in fit condition to play, he will be replaced by Roy Jensen. The remainder of the Escanaba lineup will be the same as in previous games. Olson will start at the pivot position and Pellin and Gustafson will work in the guard positions. The Roellers have revamped their offense for this game and have been running along in clocklike precision all week.

The Upbay lineup will probably be the same that Coach Keill used to defeat Manistique last week—Krieger and Haberman at forwards, Liberty, center, and Rouman and Switzer, guards. The Gladstone quintet has already defeated once this year. The Menominee cagers surprised the Keillites three weeks ago and won a hard-fought 19 to 16 tilt from them. The Gladstone high school team has already defeated the Roellers here this year by a 15 to 12 score.

In a preliminary game Coach Roels' Reserves will play the Gladstone Reserves squad. This is also their second meeting this year, the locals winning here earlier in the season.

An exceedingly large delegation of Escanaba fans will make the short trip to Gladstone tonight to witness the game they have been waiting for all year. Students can purchase round-trip street car tickets at the high school at the reduced rate of forty cents. Students' tickets for the game can also be purchased at the high school for thirty-five cents. All tickets purchased at the door of the Gladstone gymnasium will cost the adult price of fifty cents.

The Escanaba-Gladstone contest will be refereed by Williamson of Gwinn who has handled so many of the local games this year.

## 3 TEAMS TIED FOR 1ST PLACE

### Press and Psalmingsiders Dispose of Their Last Opponents

Three city cage teams ended with an unblemished record in the city league, each winning their eight scheduled games. They are the Press Typesetters, the North Escanaba Roughhouse Gang and the Swedish Methodist Psalmingsiders.

Meeting the Baptist Baracas on their own floor, the Press cagers swamped them, 48 to 15. Led by Schou at center and St. Louis at forward, the Typesetters were never in danger, dropping the sphere through the hoop from all angles.

The Psalmingsiders trimmed the M. B. A., 15 to 9, at the Webster while the Press were disposing of their opponents. This fray was a hard fought affair, with the Swedes holding the lead throughout. The close guarding forced the M. B. A. lads to toss the baskets from back of mid-floor.

As a result of the three-corner tie, the teams will be forced to play off to decide championship honors. The three team-managers met at the Press editorial rooms and drew lots with night following the game with the result that the Psalmingsiders will meet the Roughsiders and the Press will meet the winner of that fray.

## Chick Doris Stops Chicago Fighter In Saginaw Ring Show

Saginaw, Feb. 23 (P)—Chick Doris, Detroit light heavyweight knocked out Jimmy Meyers of Chicago, in the second round here tonight. Carl Beers of Cheboygan, knocked out Jack Darcy of New York, also in the second round, while Gordon Smith of Ottawa, Ont., scored a technical knockout over Al Sparks of Lorain, O., in the second round when Sparks' seconds threw in the sponge.

Jack McGregor of Linden, Mich., shaded Jimmy Gowan of Oakland, Cal.; Freddie Stevens of Flint and Roy Banks of Flushing, drew in six rounds and Joe LaFrance of Flint, shaded Earl Morton of Toledo. All fighters were heavyweights except Banks and Stevens, who are welterweights.

Expect Winning Season!  
George Uhle, leader of American League pitchers in 1926 and one of the worst pitchers last year, thinks the coming summer will be a successful one for him.

## EXHIBITION RUN MADE BY RACER

### Campbell Nears New Record With Blue Bird Machine

Daytona Beach, Fla., Feb. 23 (P)—Making an exhibition run on the ocean speedway here late today, Capt. Malcolm Campbell of England, negotiated the measured mile stretch at an average speed of 206.79713 miles per hour in his giant Napier Blue Bird racer. This was slightly less than his world record of 206.3, set here last Sunday.

The Britisher had announced before his start that the run would not be an attempt to better the record because weather and beach conditions were unfavorable. In one of the closing events of the meet, Gil Anderson, of Indianapolis, established a new world's record for stock cars when he drove his Stutz over an official mile course for an average two-way speed of 108.52463 miles an hour.

The former record, set here last week by Wade Morton, of Auburn, Ind., was 104.34782.

**Whippet Catches Fire.**  
Tom Rooney, of Chicago, in another Stutz, also bettered the former record when he clipped off the mile in an average speed of 105.54089 miles an hour.

The second mishap of the meet occurred this afternoon when the Whippet automobile driven by Wilbur Shaw, Indianapolis, in preparation of an attempt at the four-cylinder record, burst into flames and was steered into the ocean to avoid serious consequences.

The car was not badly damaged and Shaw was uninjured. Attributing the blaze to a back-firing motor he had the machine towed to a garage, unfit for further use before the meet closed officially today.

Frank Lockhart, who narrowly escaped death yesterday when his car commiserated into the ocean, talked to newspapermen at his hospital bed today against the advice of physicians.

He was "giving it all it could take," he said, when the machine streaked into a rain squall at 225 miles an hour and he saw nothing until he stopped in the sea.

**Sturdy Car Saves Lockhart.**  
"I was feeling my way, wide open, in the mist," he added, "and started instinctively pulling the car higher on the beach, away from the ocean. When I struck soft sand, I knew I was too high and pulled her down again—but too quickly. The next thing I knew I was in the water."

The young track veteran attributed his escape to the sturdy construction of the car and the quick work of men who pulled it from the surf. He said he was "perhaps over-anxious" at the start and blamed this condition on the edict, which, he said, forced him to try for a record yesterday or today.

Lockhart plans to rebuild his car immediately and make another attempt at the world's speed record. The only injury that worried him today was a cut on his wrist which severed several tendons.

It will not affect his driving, physicians said.

It will not affect his driving, physicians said.

## WOULD PLAY PITTSBURGH

Top, reading left to right, Ebb, Louie and Fob James; inset, Coach A. P. Papke.

After winning 13 games without a loss, scoring more than 50 points per game for a total of 610 points, the Alabama Poly cage team feels as if it will win the southern title this year—and wants to play Pittsburgh, at present the strongest team in the East. Coach A. P. Papke, former Middlebury coach, has three brothers on his squad, two of them twins, who play guard regularly. The twins are Ebb and Fob James, both of whom once worked in the movies, while the third brother is Louie, the reserve guard.

## RAPID RIVER BEATS SAINTS

Rapid River, Feb. 23 (Special)—The Rapid River high school team clashed with the fast St. Joseph's high school five of Escanaba on the local floor Wednesday evening in one of the most clever and interesting cage games ever played in Rapid River. The play was fast and clean throughout, and gave the fans "something to talk about."

The final score was 17 to 15, in favor of Rapid River. An overtime period was necessary to decide the victory.

The St. Joseph's lads started things with a bang and led by the speedy Kohlman, succeeded in netting three field baskets and a free throw during the first half. The score at the half was 13 to 8, in favor of the visitors.

The overtime period started with St. Joseph's boys getting possession of the ball and then waiting for an opening in the local's defense. A pass was intercepted by Rapid and Trotter netted a field goal to clinch the game.

Kohlman of the visitors was the high point man of the game while Trotter bore the brunt of the local attack.

The Rapid River team will play their last game of the season Friday night when they meet Eben Junction here. Rapid will enter the Class D tournament at Vulcan, March 1, 2 and 3.

not from punches. Mandell was wrestled down once and in the tenth Fields went down in Mandell's corner, after missing a wild swing.

With sharp exchanges Mandell outscored the coast boy, cracking him on the chin with short rights and poking a stream of lefts to Field's nose which bled profusely as early as the first round. In the seventh he was bleeding from a wicked gash over the left eye.

Fast and Furious.  
The action was so furious at all times that they continued to fight twice without hearing the bell.

## 7 CLUBS ARE HARD AT IT

### Baseballdom's Warriors Are Training More Vigorously

Atlanta, Feb. 23 (P)—Spring training for seven major league clubs in Florida was more vigorous today than at any time since the conditioning campaign started, longer hours being spent on the diamond and codes of don't making appearances in several camps.

Particularly was this the case at Avon Park where Manager McKechnie served his St. Louis Cardinals training restrictions in no uncertain terms.

Night hours, "drinking" card playing and golf are all permissible for the candidates. McKechnie declared, provided they are up and ready for work at 7:30 a. m. Drink nothing stronger than near beer, play only anti-gambling card games, and engage in golf on off days.

Rules of about the same order have been adopted in other camps. Start "Polishing Off" March 1. Although work was extended slightly in the quarters of the Braves at St. Petersburg, the Phillies at Winterhaven, the Cards at Avon Park, the Senators at Tampa, the Red Sox at Bradenton, the Browns at West Palm Beach and Athletics at Fort Myers, the training still is in its preliminary stage, and no casualties have been reported to date.

The actual polishing process will not begin until all squads have fully assembled, around March 1. Arrival of Eddie Farrell at the Braves' camp gave Manager Statler a full infield to work with and a chance to be first to glance at his innerworks. The first infield practice was held today, with Eddie Brown at first, Rogers Hornsby at second, Farrell at short and Gautreau at third.

The Cardinals and Braves apparently are hitting the fastest pace with the former working both morning and afternoon. The Braves already have started real baseball with patched-up lineups.

**Little Holdout Talk.**  
Dan Howley took occasion at West Palm Beach today to comment on his St. Louis Browns: "I think this squad is a thousand per cent better in spirit this year. Of course, I hated to see Stouer and the others go, but Blue and Manush will be a big help to the team. They're great ball players."

Talk of holdouts is occupying little attention with managers loath to class players thus until March 1, the "dead line," is passed.

Meanwhile, the Indians continue idle at New Orleans on account of wet grounds.

The Giant batterymen continued mountain climbing and tossing the ball at Hot Springs, Ark., prior to leaving within a few days for Augusta, Ga.

## SCHOOLCRAFT LEGION WINS

Manistique, Feb. 23 (Special)—The Manistique American Legion basketball team defeated Munising 55 to 19 in a one-sided but interesting contest here tonight. The Schoolcraft veterans had their shooting-eyes in working order, and their opponents found difficulty in hitting the hoop. The score at the end of the first period was 13 to 0, and Manistique was leading at the half 29 to 4.

Williams, Manistique center, scored 23 points—ten field goals and three free tosses.

## BADGERS BEAT PURDUE, 28-22

### Wisconsin Moves Into First Place in Conference Race

Madison, Feb. 23 (P)—Wisconsin's basketball team moved into first place in the Western conference standings tonight by handily defeating Purdue 28 to 22. Wisconsin led at the half, 15 to 12. The Badgers' offensive was noticeably stronger than Purdue's and their defense kept Purdue shooting at a distance. Purdue scored only three short field goals, out of the few close shots they had.

The two centers, Bud Foster and "Stretch" Murphy, furnished most of the activity and each made the highest score on his team. Foster, however, outshone his six-foot rival by caging his ringers, while Murphy made but two, both long shots.

Harmes returned to the Bollermakers' lineup, but his lame ankle troubled him and he gave way to Cummins.

# Retail Trade Situation Discussed By Babson

Babson Park, Florida, Feb. 24.—"Every retail store is a potential chain store if its owners desire to develop it. We hear a lot about the competition which the independent retailer must meet from the chain store. However, in the final analysis what are these chain store companies? They consist of nothing more or less than a number of individual stores plus concentrated management. Most of the chains have started from one or two stores in the city. They have grown because of skillful management, vision and aggressive merchandising methods. The opportunity they were open to them is open to every independent retailer if he has the same capability and vision.

"I, however, do not believe that the day of the independent retailer is going. We heard the same complaint when the department store was started 40 years ago. Independent merchants feared that their business would be swept away by the big department stores. Time has since shown that the individual retailer and the department store each has its place in our distribution system. About 25 years ago the mail order houses began to grow rapidly and once more the independent retailer became panic stricken. Now, we find the big mail order houses opening retail stores all over the country, recognizing that selling by mail alone is not enough. Clearly the independent retailer has his field and the chain stores will not monopolize retailing even though they continue to grow at a rapid rate.

**Chain Stores Have Competition.** "Retailers should not feel that competition is confined to the realm of the chain store versus the independent retailer. As a matter of fact the chain stores themselves are meeting extremely keen competition now from each other. This is the reason why so many of the larger corporations have recently been conserving their assets and putting earnings into expansion rather than disbursing heavy dividends. While the chain stores have very high sales records some of their net returns for 1927 are surprisingly low. Thus far the competition is keenest among the grocery chains but it is growing rapidly more severe in other lines such as the 5 and 10c class, the 25c to \$1.00 class, and between department store chains. Statistics clearly indicate that no field either in manufacturing or in distributing is free from competition today.

"Competition is the natural accompaniment of falling price level and expanding production. The thing the individual retailer needs to do is to adopt the methods, insofar as possible, that have made the chain stores so successful. Some of these may be mentioned as follows:

- (1) Scientific training of the retail salesmen.
- (2) Intelligent buying based on study of markets.
- (3) Favorable location.
- (4) Fast turnover.
- (5) Knowledge of the requirements of the community.
- (6) Elimination of unnecessary operating expenses.
- (7) Standardization of goods carried.

Often the average retailer may not be able to meet the chain store competition on a price basis. He can however get his prices down to the lowest level possible, and then emphasize in his advertising the quality of service which he renders. There is a demand for this service on the part of a very considerable portion of the population.

**Importance of Turnover to Profits** "There is one page which the independent retailer can take from the book of the chain store, and that is recognition of the importance of quick turnover to profits. Furthermore, an examination of reports from over 280 department stores—tells the same story. The stores with the least rate of turnover, named 1-10 times a year, showed a loss in 1926 of 9-10 per cent on net sales. The stores with a turnover as high as 4-1-10 times a year showed a net profit of 7-9-10 per cent, over and above the return on owned capital invested in the business. Analysis of figures of 170 retail jewelry stores shows a similar relationship of turnover to profits. Of course jewelry ordinarily has a lower rate of stock-turn than most other lines of business. Figures, however, show a net loss of 12-10 per cent on sales for stores with a stock-turn of only 6-10 per cent a year; but a profit of 2-4-10 per cent for jewelers with a stock-turn of 1-1-2 times a year. The retail grocery stores have a relatively fast turnover of goods compared with other lines. It must be rapid if there is to be any profit because the margin on each unit is very small. Analysis of over 530 retail grocery stores showed that those with a stock-turn of only 5-3-10 times per year average net profit of only 6-10 per cent (above all expenses and return on owned capital invested). Those with a turnover of 9 times a year showed a net profit of 2 per cent and those with a stock-turn of 14 times a year a net profit of 2-3-10 per cent. These figures which were compiled by the Bureau of Business Research of Harvard clearly prove that rapidity of turnover bears a direct relation to profits made.

**Special Sales Widespread.** "A study of reports on retail trade conditions coming to me from all sections of the country

reveals general prevalence of special clean-up sales. Retailers enjoyed a very good volume of business in December. In fact total sales were near to a record for all time. January showed some post-holiday slackness. Merchants everywhere put on special mark-down sales to clean up inventories in preparation for spring goods. For the most part, these sales have met with fair success, although in certain sections they have not come up to expectations. The tendency this year is to continue the sales longer than usual, particularly in those places where unseasonable weather has retarded the movement of winter goods.

"Just at present retail trade is 'between seasons.' Most cities report a fair to good volume of trade. Among the places where conditions are reported as good are, Des Moines (Iowa), Lansing (Michigan), Minneapolis (Minnesota), Richmond (Virginia), Galveston (Texas), Charlotte (North Carolina), and Oklahoma City (Oklahoma), and also several of the leading Canadian cities. While conditions generally are somewhat quiet there is a distinct feeling of optimism for spring revival.

**Too Many Inefficient Retailers.** "I have never been able to understand why practically everyone considers himself qualified to run a retail store when he would not think of undertaking to teach a course in electrical engineering, or to start a bank, or try to run a locomotive. Retailing today is a science and requires more than the average ability, a thorough knowledge of merchandizing principles and a vast amount of common sense. The great menace to the retailer today, even greater than the chain store, is the increasing number of inefficient retailers who start business with inadequate capital, no experience and no knack for the business. This condition explains the heavy failures in the retail trade. Wholesale houses formerly encouraged every one to start a retail store regardless of whether or not he was equipped for it. In order that they might sell more goods. Now they realize what a shortsighted policy this was. Progressive wholesalers and jobbers are loath to extend credit to the unit.

"In this connection it is interesting to note that there is one retail store for every 74 people in the city of Chicago. This was revealed by the new Census of Merchandizing which has just been completed for 11 cities. Moreover, for these 11 cities one retail store exists on the average for every 71 people. On the face of it the situation is ridiculous. It is small wonder that the failure reports are so large. The answer to the situation is a gradual weeding out by natural process of selection of the unfit and the survival and increasing prosperity of those retailers who have vision, integrity, and a desire to honestly serve the public. The Babson charter of business is showing a considerable improvement, it now registering 3 per cent above normal compared with 2 per cent below normal a month ago."

## OBITUARY

**HARRY MILLER.** The funeral of Harry Miller, 317 No. 14th street will be held this afternoon at two o'clock at the Alto Funeral Home with Rev. R. C. G. Williams officiating. Burial will be in Lakeview cemetery.

**MISS ELVERA SWANSON.** Miss Elvera Swanson, aged 27, daughter of Mr. and Mrs. Nels Swanson, State Road, passed away Wednesday evening at a Chicago hospital where she was taken ten days ago, suffering with pneumonia.

Miss Swanson was reared in this city and has a host of friends here who will regret to hear of her demise. Miss Swanson left for Chicago last fall where she was employed and the announcement of her death was a severe shock to relatives and friends.

Miss Swanson is survived by her parents, Mr. and Mrs. Nels Swanson, and the following brothers and sisters, Mrs. Oscar Lagerstedt, Mrs. Arthur Berndt, Chicago, Mrs. Elmer Hakes, Bark River, Albert, Arthur and Sigurd Swanson and the Misses Edith, Gladys and Amy Swanson of this city.

The body is expected to arrive from Chicago this morning and will be taken to the Anderson Funeral Home. Later in the afternoon it will be taken to the family residence on State Road where funeral services will be held Sunday afternoon at two o'clock with Rev. J. H. Hanson, pastor of the Swedish Mission church, officiating.

Burial will be in the family lot in Lakeview cemetery.

**MRS. ELIZABETH BELANGER.** The body of Mrs. Elizabeth Belanger was removed from the Alto Funeral Home Thursday afternoon to the family residence, 1207 So. First Ave. where it will remain until Saturday morning at nine o'clock when funeral services will be held at St. Patrick's church.

Burial will be in St. Joseph's cemetery.

**LOUIS BETH.** Louis Beth, aged 47, candy salesman who is well known in Escanaba, died suddenly while visiting at the Elks club in Green Bay Wednesday afternoon. Mr. Beth's health had been failing for several months, but he had been able to attend to his duties up to the time he was stricken. He was born in Green Bay, where he has always made his home. A widow survives.

**MOON HAS MUCH TO ANSWER FOR** Evansville, Ind.—The man in the moon is blamed for all kinds of trouble extant in the world, and now he has been charged with luring a seven-year-old girl away from home.

When Virginia Wetzel failed to report home from school and she could not be found in the neighborhood, her mother and police feared another kidnapping mystery. Searching parties were organized and Radio Station WGFB broadcast a description.

She was found four hours later on her way home from the country lanes which she had been traversing in a vain hunt for "the man in the moon." Virginia's fairy stories will henceforth be confined to goblins.

# BAKING SCHOOL IS ARRANGED

**Mrs. Genevieve Meybohn to Conduct Classes March 1 and 2**

Mrs. Genevieve Meybohn of Minneapolis will conduct a baking school in the social rooms of the First Presbyterian church on Thursday and Friday, March 1 and 2, it was announced yesterday by representatives of an Escanaba wholesaler, who is cooperating with a flour milling com-

corn in arranging the affair. A similar school conducted under these auspices last year was a splendid success and this one is certain to arouse a lot of interest among local housewives, it is believed.

Mrs. Meybohn was graduated from the Home Economics department of the University of Minnesota where she remained, as an instructor, for five years after she received her diploma. Later she did extension work in rural schools of Minnesota, under the direction of the university. The school will emphasize the ease with which a wide variety of baked foods can be made from a single basic dough. All of the recipes in Mrs. Meybohn's lectures are new, tested and decidedly tasty; the sponsors declare.

# SCIENCE IS BAFPLED BY BOY'S MALADY

By NEA Service Fort Worth, Texas.—After a three-year fight to control an infection in the face of a boy, now 10, science has quit the case as hopeless.

Bill Mattingly, one-time prize baby, lies in his bed almost unrecognizable even to his mother. Four major operations and treatment by 14 doctors have failed to stem the tide of the disease. Three years ago the boy bumped a pipe in his father's tin shop. Bone infection set in and now arm paralysis is robbing him of his only pastime, sketching.

# Some women age so young

**YOU'VE** known them . . . women who start out in life radiantly fresh and alive . . . Then something happens. Almost before you know it—their bloom and freshness have gone. . . Youth without health! What a pathetic thing it is! Pinched, wan cheeks and pain-dulled eyes when, by every right, they should be just beginning to live!

Constipation wrecks health and happiness for thousands of women and men. Stealing beauty. Thieving vitality. It is the cause of untold disease and suffering. And more's the pity when it can be so surely prevented. Kellogg's ALL-BRAN is guaranteed to relieve constipation safely. To prevent it ever beginning its deadly work.

**It takes ALL-BRAN to be 100% effective**

Kellogg's ALL-BRAN is rich in bulk—and it is "bulk" that relieves constipation. It absorbs moisture and carries it through the alimentary canal. Gently distending the intestines—sweeping out poisons and wastes. In a part-bran product, there is seldom enough bulk to do this work effectively. That is why

doctors recommend ALL-BRAN. Because it is 100% bran.

**Totally unlike habit-forming drugs**

ALL-BRAN is infinitely better than dangerous pills and laxatives—which become useless unless the dose is constantly increased. A naturally healthful cereal. Delicious with milk or cream—with fruits or honey added. Use it in cooking too. Sprinkle into soups. Mix with other cereals. Eat two tablespoon-

fuls daily—chronic cases, every meal. Be sure you get genuine Kellogg's—the original ALL-BRAN. Don't risk part-bran substitutes which, at best, can be but partially effective. ALL-BRAN is sold by all grocers. Served at hotels, restaurants. On diners. Made by Kellogg in Battle Creek.

**Guaranteed!** Kellogg's ALL-BRAN is sold with this definite guarantee: **Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.**
