

DEATH CLAIMS CHAUNCEY M. DEPEW

KEYNOTE FOR REPUBLICANS COOLIDGE MAN

FESS APPOINTMENT SIGNIFICANT STEP

BY DAVID LAWRENCE (Copyright 1928, by the Escanaba Press) Washington, Apr. 5.—Selection of Senator Fess of Ohio as temporary chairman of the 'Republican National Convention is the most significant step taken by the pro-Coolidge wing of the Republican party since the present contest for the presidential nomination began.

It means that Coolidge policies and Coolidge doctrines will dominate the convention and that the keynote speech will clearly make impossible the nomination of any anti-Coolidge candidate. Mr. Fess is himself in favor of President Coolidge for renomination and if that is not accomplished, he is for Secretary Hoover.

Hoover Second Choice Mr. Fess was known to favor Secretary Hoover as second choice but the vicissitudes of Ohio politics forced him into the Willis camp.

Makes "Draft" Possible The fact that Senator Fess was selected by Mr. Butler is generally taken to mean now that the Republican national convention arrangements are being made such a way as to make possible the drafting of the president.

Road Report

Upper Peninsula roads which are maintained open for wheel traffic this winter are as follows: Federal Highways U. S. 2—Sault Ste. Marie, Pictured Rocks, Escanaba, Marquette, Rapid River, Gladstone, Escanaba, Sault Ste. Marie, Ontonagon, U. S. 2, and through Wisconsin dunes. U. S. 45 and 69 to Crystal Falls, Crystal Falls, Iron River, Houghton, Marquette, Bessemer and Ironwood. U. S. 31—Ironwood to junction with U. S. 2.

Army Aviator Plans Solo Non-Stop Flight Across Pacific Ocean

New York, April 5.—(AP)—Lieut. Bert Hall of Bowling Green, Ky., announced tonight that he would attempt a solo non-stop flight across the Pacific from Seattle, Wash., to Tokyo late this month or early in May.

R. M. BARTON DIES IN SOUTH

Was Widely Known as Judge and Railroad Board Chairman

Tampa, Fla., Apr. 5.—(AP)—Death today ended the career of Judge R. M. Barton, widely known jurist and former chairman of the railroad board, whose retirement from that post in 1923 was accompanied by a controversy in Washington over the appointment of his successor.

Two Colleges Get Debating Title

Tiffin, O., Apr. 5.—(AP)—Monmouth college, Monmouth, Ill., and St. Thomas college, St. Paul, Minn., were crowned national debating champions tonight at the close of the Pi Kappa Delta, fraternity convention.

Ban Johnson in Southern Hospital

San Diego, Cal., April 5.—(AP)—B. B. Johnson, former president of the American League, has entered a hospital at LaJolla, a suburb of San Diego, for treatment of diabetes from which he has suffered for some months.

Former Secretary of State in New York Is Indicted

Albany, N. Y., Apr. 5.—(AP)—Mrs. Florence E. S. Knapp, former secretary of state of New York, has been indicted on several criminal charges growing out of her administration of the 1926 state census. It was disclosed at the end of the first day's session of a grand jury investigation here tonight.

HISTORY OF OIL RESERVE IS REVIEWED

Washington, Apr. 5.—(AP)—Conducting a class in naval oil reserve history today in the senate, Senator Walsh of Montana, relentless prosecutor in the oil scandal, took Senator Robinson, Republican, Indiana, severely to task for what was described as the "tissue of misrepresentation" running through his recent senate speeches on the oil question.

WISCONSIN VOTE STILL IN DOUBT

Complete Returns Not Available; Republicans Put Up Stiff Fight

Milwaukee, Wis., Apr. 5.—(AP)—The political complexion of Wisconsin's delegation to the Kansas City Republican national convention remains in doubt tonight. Virtually complete returns show that the regular Republican forces had, on Tuesday, waged their most vigorous battle in 20 years against the LaFollette forces.

Senator Willis Is Named by Governor

Columbus, O., Apr. 5.—(AP)—State Commerce Director Cyrus Tocher, a Democrat, was appointed late today by Gov. V. A. Donahy to succeed the late Frank B. Willis as U. S. senator from Ohio.

French Aviator Tests Airplane for Ocean Hop

Sartroville, France, Apr. 5.—(AP)—Lieut. Paris of the French navy today made a successful test flight of the bi-motored seaplane in which he will attempt a crossing of the Atlantic via the Azores, within a fortnight.

Traffic on U. P. Railroad Hampered by Spring Floods

Manistique, April 5 (Special)—melting snow in the cuts of the Duluth, South Shore railroad in the vicinity of Seney has flooded the tracks and caused the temporary suspension of passenger service. It was learned here tonight. Passengers on South Shore trains from the Straits to Marquette were sent to Escanaba on the Soo Line from Newberry, and will complete their trip by way of the Chicago & North-western.

WHAT DO YOU KNOW ABOUT DRIVING?

HEAVY LOSSES IN SOUTHWEST

Storms Sweep Through Several States; Many Deaths Reported

Kansas City, April 5.—(AP)—Loss of life and property damage mounted today as the southwest checked the effect of yesterday's series of wind, rain and rain storms and small tornadoes. Several persons were known dead. Seven were missing and more than a score seriously injured.

TAX BATTLE BREAKS OUT IN CAPITAL

DEMOCRATS SEEK CUT OF THREE HUNDRED MILLIONS

Washington, Apr. 5.—(AP)—The Republican-Democratic battle over tax reduction broke out in all strategic sectors at the capital today while the minority members of the senate finance committee were winning their point for a revival of open hearings on the legislation.

CHICAGO BUSY WITH POLITICS

Downpour of Rains Fails to Check Spirit of Campaign

Chicago, April 5.—(AP)—The leaders of the two Republican factions locked in a life and death battle, continued to fight over Chicago today, a steady downpour of rain not seeming to handicap the effort to line up votes to decide numerous political futures at the statewide primary five days hence.

Woman Rescued After Hanging to Window Sill

Columbus, O., Apr. 5.—(AP)—Her plight discovered by employes in an office building across the street, Mrs. J. A. Dearborn of Warren, O., was rescued today after she had hung for 15 minutes to a window sill on the 28th floor of the American Insurance Union building.

EX-SENATOR DEAD

ASSOCIATED PRESS (UNDERWOOD) CHAUNCEY M. DEPEW

EX-SENATOR WAS NEARING 94TH YEAR

ATTACK OF BRONCHIAL PNEUMONIA IS FATAL

New York, Apr. 5.—(AP)—Chauncey M. Depew died today. Within a few days of his 94th birthday anniversary, America's grand old man passed quietly away shortly before dawn, surrounded by his family and mourned by friends throughout the country and in foreign lands.

SKETCH OF LIFE

Chauncey Mitchell Depew began his career as a public speaker, just before the Civil war, and, after nearly 30 years later, as an octogenarian, he was still a factotum in a new generation.

HEAVY LOSSES IN SOUTHWEST

Three lives were claimed by wind storms in Kansas and Arkansas, which in some sections reached a velocity of 80 miles an hour. Mrs. Anna Green, 75, was killed, when she was buried in the wreckage of a building near Topeka.

Movies Hurt Spanish Stage

Madrid, Spain—The battle between the movies and the legitimate stage in Spain has been won by the film. The theaters are passing through a severe crisis, not one of them paying its way, the reasons being, in addition to the competition of the cinemas, that good new plays are few and far between, while the actors in the front rank have ceased to please.

Order Prohibition Agent to Be Freed for Murder Charge

Chicago, April 5—(AP)—Federal Judge James H. Wilkerson ruled today that Myron Caffey, federal prohibition agent, should be released from federal jurisdiction to the state for trial for shooting and wounding William Beatty, municipal court bailiff, in the course of a liquor raid.

White Hen Does More Than Share

Market Rasen, England (AP)—A white Wyandotte hen is reported by its owner, F. Parker of Westby House, as ostracized by its fellow hens for not observing the union rules and laying more than the orthodox number of eggs daily.

Air Mail Route to Africa Is Started

Bordeau, France, April 5—(AP)—Aerial postal service between Bordeaux and Buenos Aires was inaugurated today when a monoplane departed for Dakar, Africa, with a load of letters.

ROADS CLEARED OF BILLBOARDS

Six States Take Action to Increase Motor Safety. Kansas City—Motorists in Kansas, Oklahoma, Texas, New Mexico, Colorado and Wyoming soon will find the roads cleared of billboards.

Brazilians Invent New Type of Motor

Rio Janeiro, Apr. 5—(AP)—Passos Cardoso and Isaac Passos, engineers of the Brazilian navy, have invented a new type of motor which they claim will function without constant renovation.

Senator Goff of West Virginia in Presidential Race

Washington, April 5—(AP)—An announcement was made tonight that Senator Guy D. Goff, of Clarksville, West Virginia, had entered his name as a candidate for the Republican presidential nomination in the May 29 primary in his state.

Woman Talks Self Out of Decision in Municipal Court

Chicago, April 5—(AP)—A woman complainant in municipal court today talked so long the judge dismissed her suit on the statute of limitations.

Navigation on Great Lakes to be Open May 1

Milwaukee, Wis., Apr. 5—(AP)—Great Lakes navigation will be in full swing before May 1, it was indicated today by reports that ice between the Canadian and American Saults waterways has disappeared entirely.

SOMMERS MAKES AIRWAY REPORT

Government Investigator Summarizes Conditions Here

Neither of two airports inspected by John E. Sommers, airways extension superintendent of the United States department of commerce, will meet all of the government's field requirements, Mr. Sommers reported to the chief of the airport section of the department upon his return to Washington.

The tract owned by Upper Peninsula Airways, north of the city, is too narrow, Mr. Sommers' report declared, to permit the landing of the larger government planes. The other proposed location, west of the city, also has limitations, one of which is lack of adequate drainage, at the present time, the report says.

In local flying circles yesterday, it was pointed out last night that the Sommers report does not mention any objectionable characteristics to the use of the Upper Peninsula Airways property for purposes for which it is intended.

"It is true that the tract is somewhat narrow," said C. Harold Westcott, one of the partners in the Airways company. "It is, however, plenty wide enough to handle the type of planes which will use it. Mr. Sommers, quite naturally and properly looked at the matter from the government's viewpoint. The government's required dimensions are designed for the big army bombing planes and tri-motored ships operated by various government agencies. Upper Peninsula Airways is not designed to handle that class of air traffic. The field, however, is entirely adequate to take care of local needs for a long time to come. It will serve, nicely, for all of the planes—pleasure and commercial—that will be owned and operated in this locality."

The Sommers report, of the chief of the airport section of the department of commerce follows in full: "The following report on airport studies at Escanaba, Mich., is herewith submitted."

"1. Arrived in Escanaba, Friday, March 23. Attended a meeting of the airport committee of the Chamber of Commerce of which E. J. French is chairman. The requirements for airports were outlined, and also the requirements for rating of airports."

"2. Two proposed sites were inspected. The first site is located three miles northwest of the city on what is known as the old road to the poor house. This road at the present time is not improved, but it is expected that it will be paved this summer. The dimensions of this site as given me are 750 feet wide, east and west, by 2700 feet long, north and south. The site lies between the road and a railroad, eliminating the possibility of widening the 700-foot landing strip. It is possible, however, to increase the long run to 4000 feet. A high-tension line on 30-foot poles parallels the field along the road. The land is high and well drained and the soil will take a good turf. It is not recommended for an airport because of its limitations. At best, it would be a two-way field."

"The second proposed site is located two miles west of the center of the city on U. S. Highway No. 2 and 41. This is a good paved road. This consists of about 140 acres of level land. About 50 acres in the northeast corner are covered with woods. This leaves landing strips north and south 1300 feet wide by 2300 feet long, east and west, 1300 feet wide and 2600 feet long. The prevailing winds are southwest. The east and west landing strip has been under cultivation and would have to be fitted and sowed to grass. The thirty-acre strip connecting this with the road will have to be leveled and the stumps removed. The soil is a black loam and it is thought that in the spring and fall it might be too soft to land on even with the turf on it. That can be determined when the frost goes out of the ground. In the event that it is, runways would have to be prepared to provide for this condition. Another 80-acre tract joins this site on the south. This is clear and has also been under cultivation. This should be at least be optioned so that it could be controlled for future expansion. It might be less expensive to buy on condition this land than to condition the 80 acres that joins the road. If that were done a field 2600 feet square would be available with clear approaches bounded on one side by a dirt road with a good outlet to the paved road. The 30 acres that joins the paved road could then be used for hangars and parking, leaving the entire field clear. This should be considered."

"3. Soil conditions and drainage should be investigated thoroughly when the snow goes off and the frost is out of the ground. It is necessary that the field be well drained or that it have well-drained runways."

"Because of its accessibility, size, approaches and provision for future expansion, this site has many advantages over the first one mentioned."

"(Signed) JOHN E. SOMMERS, Airways Extension Superintendent."

"By jove, this chap's taking a long time to come around."

"It's all right, doctor, that's his style; he's a plumber." Aussie (Sydney).

Escanaba Harbor Was Clear of Ice April 5 Last Year
The breakup of the ice in Escanaba harbor this spring is destined to be about 10 days or more later than it occurred last year, according to the records at the U. S. weather bureau office here.

Yesterday, the thickness of the ice in Bay de Noc was 16 inches, and just started to become honeycombed early in the week. Last spring, however, the ice floated out from the bay on April 5.

The report from the regular and display stations of the weather bureau and meteorological service of Canada furnish the data for the following summary of the several lakes.

Lake Superior. Duluth - Superior harbor ice honeycombing and about 16 to 13 inches in thickness; in the lake the ice fields have moved over to south shore; in Chequamegon bay the ice is 22 inches in thickness and softening; at Port Arthur the ice fields extend beyond vision; from Ontonagon northeast beyond Eagle Harbor, the ice field extend beyond vision with no movement during past 10 days; loose cake ice off Marquette; from Grand Marais, Mich., east to Whitefish Point the ice fields extend beyond vision and continue solid; at Sault Ste. Marie ice 20 inches in thickness and unfavorable week; St. Marys river continues closed.

Lake Michigan. Escanaba: Harbor ice 16 inches with no moving fields; at Green Bay upper end of bay open for 10 or 12 miles; Sturgeon bay about open. In Lake Michigan no ice fields reported along the west shore nor along east shore

as far north as the Manitou islands; from Charlevoix northeast to Mackinaw the fields extend beyond vision with some open water showing off Beaver Island and at Mackinaw where the ice is honeycombing and open water appearing.

Lake Huron. At Mackinac Island the cold weather has hardened the ice and not so much open water showing; no ice fields visible at Detour; open water up to Lighthouse Point and open water beyond; the steamer Huron made trip from Detroit to Alpena Sunday, reaching there at 8 a. m., and reports no field ice; along east shore extensive fields continue which shift with the winds; no report from Pary Sound.

St. Clair River open. Lake St. Clair and the lake and Detroit River open.

Lake Erie. The west and central portions clear of ice; some fields reported from Conneaut harbor eastward to beyond Erie and are moving with wind and much open water showing; at Dunkirk the heavy pack ice is being broken up and drifting with the winds.

Lake Ontario. At Buffalo the ice fields continue beyond vision and not as much open water showing.

The ice fields are confined to the extreme east end and are beginning to break up.

Mrs. Malloy Wins In Maple Ridge Recount of Votes
Rock, April 6—Mrs. Helen Malloy was officially declared the winner of the contest for treasurer in the Maple Ridge township election held Monday, a recount of the votes having been made by the township board here yesterday.

The official count was: Mrs. Helen Malloy 213; Arvid Mustonen 212.

When the results of the vote were announced Monday night, Mustonen, who was running on the regular township ticket, was supposed to have beaten Mrs. Malloy, the People's party candidate, by one vote, 212 to 211.

There is a limit to the height which a balloon may ascend. The balloon rises because of the buoyancy of the air, and as the distance from the earth increases, the atmosphere become more and more rarified and eventually ceases.

battle front adequately. But it might be possible to supplement what leathernecks were available with two or three divisions of army regulars.

ISLANDS AND DEBTS. French newspapers recently have suggested that France swap her islands in the West Indies to the United States for a full or partial cancellation of her war debt.

JUSTICE THAT HAPPENS. Sometimes there is a sort of rough justice in the course of events, after all.

BIG BILL MOURNS. William Hale Thompson of Chicago is grieved because the rest of the country thinks Chicago is a wide open town.

TRAFFIC ON THE MISSOURI RIVER. It now appears that the Missouri river will soon become again what it was half a century ago—an important traffic artery.

THE WORLD WAR ZONE. United States marines have been sent, upon occasion, to Haiti, Nicaragua and various other spots and specks on the map for the purpose of insuring the regularity and safeguarding the honesty of elections, and protecting the rights, property and safety of citizens from violence during the pre-election campaigns.

DISK ORNAMENT. A fine pica straw turban in black has an unique decoration in a large black applied disk of shiny cellophane straw, perched on one side.

SALESMAN SAM

OF ALL THE NAMES SUGGESTED FOR THEIR HORSE, SAM T. GUZZ HAD DECIDED THAT OZONE, OINTMENT, BIMBO, NOODLES, NARCISSEUS AND BLISTER ARE ALL GOOD, BUT WHICH ONE OF THE SIX TO PICK IS WHAT'S STICKING THEM.

UP TO MOTORISTS.

A state-wide campaign, under state direction, will be inaugurated in the hope of educating the motorists to safeguard their driving and put the toll of lives taken in traffic accidents.

Considerable work along these lines can be profitably carried on in Escanaba. There are, in this city, a good many motorists who either are unable to read "stop" signs at street intersections, school zone warnings, electric signals and other mechanical safeguards, or propose to ignore them as long as they can get away with it.

It is impossible to station a police officer at every corner on which a "stop" sign or a traffic signal is located. In the first place, the police force isn't big enough. And in the second place, even a casual observer can see that the law is pretty generally observed when there is an officer in sight.

THE WORLD WAR ZONE. United States marines have been sent, upon occasion, to Haiti, Nicaragua and various other spots and specks on the map for the purpose of insuring the regularity and safeguarding the honesty of elections, and protecting the rights, property and safety of citizens from violence during the pre-election campaigns.

DISK ORNAMENT. A fine pica straw turban in black has an unique decoration in a large black applied disk of shiny cellophane straw, perched on one side.

The Piffle Hook

A UTAH COWBOY boasts that in the 71 years of his life he never shot a cattle rustler, rescued a pretty schoolteacher from the east when she was about to be trampled by milling cattle, never took a drink of whisky, never smoked a cigarette, never shot at a tenderfoot's feet to make him dance, never rode a pony into the front door of a saloon, never shot any of the bottles off the back bar, nor helped to hang a Mexican.

Two young Swedes are planning a trip across the Atlantic ocean in a 26-foot motor boat. Really, the stunt would be considerably more spectacular if they'd try it in a rowboat.

A UNITED STATES marshal has seized 96 boxes of cheese in Marinette. Now if he could only be persuaded to take over a couple of train loads of carrots, we'd propose three cheers for him and recommend him for promotion.

THREE AMERICANS are going to hunt African big game in Nigeria on bicycles. But, it is explained, they are from Cincinnati.

Commenting on this colyum's observation that Spring in the year 1923 lasted but two days, Harry Musselwhite of Manistee invites us to move Escanaba over to the other side of the lake. Can't do it, Harry, until we finish paying the installments on a lot of things.

MR. JAMES HEENEY, the New Zealand mud turtle, who will be Mr. James Joseph Tunney's next opponent, says "Tunney will know he's been in a fight." But we understood Mr. Tunney had stopped reading the newspapers.

So They Say:

Though crossing bells, watchmen and gates may not halt the speeding driver, the train can always be depended on to do so.—Detroit Free Press.

GIRL ALONE

CHAPTER XVII. Hours more of "crystal-gazing," of giving lavish promises of "long journeys," success, wealth, sweethearts, husbands, wives, bumper crop and wheat crop, babies—until 11 o'clock and the merciful dwindling of the carnival crowds permitted a weary little "Princess Lalla" to slip out of the "Palace of Wonders" tent.

"Oh, I'm sure of it!" Sally exclaimed, laying her cheek for an instant against the flaxen, marcelled little head. "Thank you, Pitty Sing, thank you with all my heart!"

WHO REMEMBERS, asks Zeno Hook, when it didn't make a particle of difference whether silk stockings had little tops?

Frenchmen have invented a mechanical violin. And the mechanical players we have with us always.—Saginaw Daily News.

my David, you know. He's—he's just a friend who helped me out when I was in terrible trouble. If Nita likes David, and—he—likes her—

"Certainly I read!" Miss Tanner informed her severely, climbing, with Sally's help, into her low cot-bed. "My father, who had these little books made especially for me, was a university professor. I have completed the college course, and he had not died, if he had not died I should not be here, and her little eyes were suddenly bitter with loneliness and resentment against the whims of a Providence that elected to make her so different from other women.

When she threw back the lid she found a shiny black tin make-up box, containing the burnt-sienna powder Mrs. Bybee had used in making her up for the first day's performance; a big can of theatrical cold cream; squares of soft-cheese cloth for removing make-up; two new towels; mascara, lip rouge, white face powder, a utilitarian black comb and brush; tooth paste and tooth brush.

Well, strike me dumb, if it ain't the Princess Lalla in person, not a movie! Don't tell me you're gonna bunk with us, your highness! I thought you'd be sawing wood in Pon Bybee's stateroom by this time! What's the matter he ain't rocking you to sleep and giving you your nice warm little bottle.

OUR BOARDING HOUSE

Rent Claimed for Route Over Home

Berlin—Rent for the air through which the Luthansa airplanes fly on their regular service route was a new scheme devised by Samuel Schwarz, the owner of a house in Zehden near Berlin.

FLAPPER FANNY SAYS:

est traffic innovation into a personal profit. He unearthed a moldy paragraph of the German real estate law reading: "The rights of a property owner extend to the space above and the ground beneath his property." On the strength of this Herr Schwarz wrote the Luthansa demanding settlement of the current and past rental.

LYRICS OF LIFE

By Douglas Malloch
YOU AND YOU.
Give me just a friend or two,
Friends like you, and you, and you,
And I do not care to crowd
In the presence of the proud.
Oh, the hurry, oh, the haste,
Oh, the money that we waste,
Seeking friends and seeking gold,
And forgetting friends of old.

LAKE STATES DISCUSS PLAN

Former Sec'y of War Baker to Lead in Fight Against Diversion

Lansing, April 5—(P)—Representatives of states opposed to the alleged excessive and illegal diversion of Great Lakes water through the Chicago drainage canal, met here today to perfect plans for their arguments before the United States supreme court, April 23. The discussion was largely technical. Newton D. Baker, former secretary of war, probably will sum up the general situation on behalf of all the states. Attorney generals will dwell on certain phases affecting their own communities.

The states plan to insist that there is no authority for the continued diversion. It was agreed by those in conference here that lowered lake levels and accompanying damage to shipping and property may be directly attributed to the abstraction of water.

Michigan, in common with other states, contends that the Chicago sanitary district and the state of Illinois, in addition to illegally taking Great Lakes water, for sewage disposal purposes are reaping a rich harvest from power produced by the flow.

Those who attended the conference were, in addition to Baker, G. A. Youngquist, Minnesota attorney general; Justice Hilton, of the Minnesota supreme bench; R. T. Jackson, special counsel for Wisconsin; Henry F. Naujoks, for Wisconsin; R. T. LaBeauf, special counsel for New York; W. W. Potter, justice of the Michigan supreme court, and Wilbur M. Brucker, Michigan attorney general.

A banquet was tendered Baker tonight by the Ingham County Bar association.

Southern Team Beats Cleveland

Montgomery, Ala., April 5—(P)—Cleveland and Montgomery gathered eight hits apiece today, but the southeastern leaguers made their safeties count and avenged their defeat of yesterday, 4 to 0. It was the last game the tribe will play in the far south.

The score: R. H. E. Cleveland . . . 000 000 000—0 8 2 Montgomery. 200 110 000—4 8 9 Levens, Miller and Sewell, Aultrey; Yeager, Roe and Schorling, Palm.

OBITUARY

MRS. CHRISTINA BLOOMSTROM.

The funeral of Mrs. Christina Bloomstrom, 84, who died at the home of her son, August Bloomstrom of Wells, was held yesterday afternoon at 3 o'clock in the Swedish Mission church five miles east of Stephenson. The funeral cortege of automobiles, bearing relatives and friends and two automobiles laden with floral tributes, left the home at 1 o'clock. The funeral party was met at the church by the two officiating clergymen—Rev. Oscar Johnson of Menominee and Rev. Mr. Hupp of Dargott—and the pallbearers. These were John Wicklander, Louis Larson, A. Johnson, P. Johnson, John Bloomquist and John Thorpe, all residents of the community in which the deceased spent a large portion of her life.

The last rites were attended by a large crowd of friends of Mrs. Bloomstrom.

Burial was in the Stephenson cemetery.

MRS. ROSALIE BEAN.

The body of Mrs. Rosalie Bean, who died at the home of her daughter, Mrs. Henry Fish, 323 South Tenth street, on Wednesday, was taken Thursday afternoon to Neogaue, where funeral services will be held today.

MRS. NAPOLEON PODVIN.

Funeral services for Mrs. Napoleon Podvin, who died Wednesday morning at the home of her daughter, Mrs. Ed Douville of Nahma, will be held at Sacred Heart church at Schaffer at 9 o'clock Monday morning, with Rev. Fr. Juras officiating. Burial will be in the Schaffer cemetery.

The body was removed from the Allo Funeral Home to the home of a son, Arthur Podvin of Schaffer, yesterday morning.

A tablespoonful of vinegar put in the lard when cooking doughnuts will prevent them from soaking up the fat.

Speakers Picked for Fifth Annual Grade School Meet

The elimination contests for the fifth annual seventh and eighth grade declamation contests were completed this week in the various public schools. The following students were picked to represent their school in the finals of the Orange and Black seventh grade contest which will be held in the Escanaba high school auditorium on Friday, April 13:

- Ralph Sundquist (Webster)—Casey at the Bat.
- Ruth Hogan (Barr)—The Women of Mumb's Head.
- Stanley Miller (Washington)—The Rider of the Black Horse.
- Doris Miller (Franklin)—Storming of Mission Ridge.
- Millie Auerbach (Jefferson)—Casey's Revenge.
- The eighth graders who will enter the eighth grade contest as a result of the elimination, are: Catherine Glavin (Franklin)—Tomboy.
- Margaret Stack (Franklin)—Johnny Cortean.
- Robert LeMire (Franklin)—Unknown Soldier.
- Melvin Johnson (Franklin)—The Seminoles Reply.
- Beatrice LeMire (Webster)—Wreck of the Hesperus.

Shoes that lace instead of button protect and strengthen baby ankles.

Escanaba Will Get Benefit of Plane Mail Service East

Beginning on April 8, the U. S. mail service will make up special air mail pouches on Train No. 102, to make connections with mail planes leaving Chicago for Cleveland, Detroit and New York. It was announced at the local postoffice yesterday.

Arrangements have been made to take the pouch from the Chicago and North-Western station at Chicago to the Chicago air mail field to connect with the planes hopping off for New York, Cleveland and Detroit at 8 a. m.

The present air mail rate is 10 cents for each half-ounce. Congress, however, has authorized a rate of five cents an ounce and this will soon become effective.

It is expected at the local postoffice that considerable business mail for eastern points will be timed and especially stamped to take advantage of the new service.

Lincoln is buried in Springfield, Ill.

Home-Making Hands We Enjoy Serving

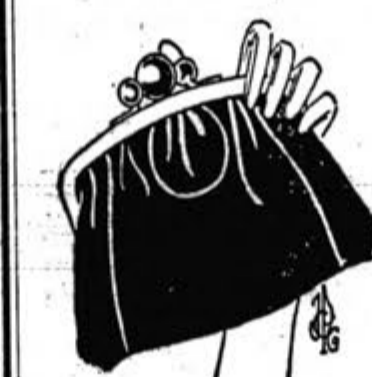

Behind our busy counters the World seems made entirely of hands. Daintily gloved fingers that unerringly find their way to articles of beauty and distinction, hands roughened by household work, childish fingers that tug impatiently, men's hands that grope uncertainly among women's things.

We serve a world of hands, but it is the home-making hands that we strive most earnestly to please—hands that must cook dinner, smooth childish bumps and coax smartness into a made-over frock.

That you may bring beauty to your home, we score the markets of the world. That you may combine your love of nice things with a praiseworthy desire for economy, we mark our merchandise on the lowest-possible-price basis.

NEW SCARFS AND NEW FLOWERS

PEEK ASSAILS SEC'Y HOOVER

Declares Candidate Is Arch Enemy of Farmers

Washington, April 5—(AP)—Herbert Hoover was described as "the arch enemy of a square deal for agriculture" in a criticism of his presidential candidacy by George N. Peek, chairman of the executive committee of 22 of the North Central States Agricultural Conference, which was inserted in the Congressional Record today by Senator Norbeck, Republican, South Dakota.

Peek informed the South Dakotans that the memorandum had been prepared at the request of the late Senator Willis, with whom the commerce secretary had contested for Ohio delegates to the Republican convention.

Calling attention to two campaign booklets that "are being widely distributed in the political interest of Herbert Hoover," Peek said "the purpose of the documents obviously is to gain Hoover support from farmers in the pending presidential campaign."

"It is utterly impossible, however," he continued, "for any propaganda to conceal or disguise the all-important fact that:

"First, as food administrator, and later as the agricultural adviser of the last two administrations, he has been more directly and personally responsible for the present plight of the American farmer than any other man in the nation."

Motives Are Political.

Peek anticipated that the commerce secretary would charge him with political motives in making the statement to further "the candidacy of others," he said.

"My motives are now political, but they are non-partisan. I will go to any legitimate length to save agriculture and the country from such fraud. In my opinion, any candidate yet mentioned by either party would be supported by the farm population in preference to Hoover with such a record of duplicity, and deliberate exploitation of agriculture."

Entitled, "Herbert Hoover and the Farmer," the Peek memorandum constituted an analysis of statements attributed to campaign pamphlets the veracity of many of them being questioned.

"The entire defense of Hoover's agricultural record as food administrator in the booklets to which I refer," said Peek, "is based upon studies prepared by a man who was in the employ of Hoover or of a Hoover agency when he wrote them."

The pamphlet entitled "Herbert Hoover's Record as a Friend of the American Farmer" is drawn almost wholly from that source.

"Its most important statements as to the effect of Mr. Hoover's operations as food administrator do not accord with the facts as the farmers know them."

WILL ROGERS GIVES JOHN D. A DIME

John D. Rockefeller, distributor of dimes, had the tables turned on him by Will Rogers, incorrigible humorist, when our photographer overtook them making the rounds of the Ormond Beach, Fla., golf course. "Have a dime on me," said Will, producing a shining new ten-cent piece which was promptly accepted. "But don't spend it all at once!"

FRANK LAMB ADMITS CRIME

Alleged Ensign Burglar Also Decides to Quit "Hunger Strike"

Frank Lamb of St. Ignace confessed to A. H. McDougall, U. S. postal inspector, and Sheriff Elmer Swanson early yesterday morning that he and David McLeod of Garden broke into the Magnuson Brothers store and postoffice last November. The confession was made by Lamb after he had been subjected to a severe questioning, lasting about three hours.

"Well, I might as well eat, now," Lamb said after he admitted participation in the robbery. He had not partaken of food or drink since Monday morning, although he was offered regular meals three times a day.

The self-imposed fast apparently proved Lamb's undoing for, according to officers, it is much easier to wring a confession out of a hungry man.

A small amount of currency and some clothing were taken from the Ensign store and postoffice. Both McLeod and Lamb, who are now lodged in the county jail, will be arraigned in circuit court, which opens on Monday, April 16.

Sheriff Elmer Swanson said yesterday that all robberies occurring the last two years in this county have been solved, with the exception of the theft of the pure-bred Holstein calf from a Danforth farm.

Peter Garrigan of Carney is arrested after auto crash.

Peter Garrigan of Carney was arraigned before Justice of the Peace H. E. Ranguette yesterday afternoon on a charge of driving an automobile while intoxicated. He demanded an examination, which was set for 2 o'clock Monday afternoon.

Garrigan's arrest was the result of an accident on U. S. 241 when his car and another driven by J. R. Buckley of Norway collided about 150 feet west of the Bark River section house Wednesday night. Both cars were badly damaged, but the drivers escaped uninjured.

HERMANVILLE

Jerry Marenger, 82, of Cornell, Dead

Jerry Marenger, 82 years old, a resident of Cornell for many years, died at the home of his daughter, Mrs. Joseph Miron of Cornell, early yesterday morning after a two weeks' illness.

The body was taken to the Alto Funeral Home to be prepared for burial, and was returned to the Miron home yesterday afternoon. Funeral services will be held at the Catholic church at Flat Rock at 2 o'clock Saturday afternoon, with Rev. LaForest officiating. Burial will be in St. Anne's cemetery in Escanaba.

Three sons and one daughter survive: Alex of Saskatchewan, Roderick of Los Angeles and Henry of Flat Rock, and Mrs. Miron of Cornell.

The Arabs are believed to have been the first candy makers.

"Its most important statements as to the effect of Mr. Hoover's operations as food administrator do not accord with the facts as the farmers know them."

Schol Vaccination Work to Continue

The campaign to vaccinate the children in the schools of Escanaba will be continued upon the resumption of classes after the Easter holidays, it was announced yesterday by Dr. H. J. Defnet, city health commissioner.

Particular attention will be paid to the children in the kindergarten and first and second grades. The campaign is being conducted only as a measure of prevention, and not because there is an epidemic of contagious diseases. No new cases of smallpox have been reported since the two cases of a few weeks ago.

POLISHED SHOES.

Soft skin and kid shoes should be shined before wearing to prevent scuffing. Especially is this true of children's footwear.

CLEANING HATS.

If you are cleaning a felt hat at home, place it over a stew pan or bowl while scrubbing it, and you can keep it in shape perfectly.

CITY BRIEFS

A daughter was born to Mr. and Mrs. Henry Charlebols on Tuesday.

Miss Luella Schram, who is a teacher in the Sheboygan, Wis., schools, is spending the Easter holidays at the home of her parents, Mr. and Mrs. Chester Schram.

A. J. Cossett, C. & N. W. division storekeeper at Chadron, Nebr., is visiting with his parents, Mr. and Mrs. Albert Cossett, South Eighth street.

St. Stephen's Service—Good Friday will be observed at St. Stephen's Episcopal church in the three-hour devotion of the cross, beginning at noon, and in the united service in the evening at 7:30 when the Methodist, Presbyterian and Baptist congregations will participate and the Rev. John B. Hubbard will be the preacher.

NEW PARIS COIFFURE FOR GROWING BOBS

Paris (AP)—Bobbed hair that is brushed up instead of down at the back of the neck is a new coiffure invented by a Paris hairdresser for women who are letting their hair grow out.

A fringe of long bangs over the forehead completes the line from neck to eyebrow. It is a style of hair combing that was introduced to Parisians several years ago by a famous Japanese painter.

Waves and curls are combined with the new coiffure, to break the severity of lines.

A. H. MELOCHE, AGED 64, DEAD

Had Heart Attack While Lighting Gas Heater, Belief

Antoine H. Meloche, 64, well-known resident of Escanaba, died at the home of his sister-in-law, Mrs. Benjamin Meloche, 1014 Second avenue south, yesterday morning.

His body was found in a gas-filled bathroom by Mrs. Meloche when she returned from church services. Nearby his body on the floor was found a partially burned match, which leads to the conclusion that Mr. Meloche suffered a sinking spell while he was in the act of lighting a gas heater.

Mr. Meloche had been in ill health the last three years, and in recent weeks had been the victim of fainting spells. He suffered a heart attack about two weeks ago at his home, which rendered his unconscious for about an hour. Of late, Mr. Meloche had been using the gas heater to heat water, which he used for a throat gargle upon advice of his physician. It is thought that he was preparing to attend to his throat affliction before going to church services, which he had been attending daily this week.

Pulmotor Falls.
The police and fire departments were notified of the accident, and an effort was made to resuscitate Mr. Meloche by the use of the pulmotor and other respiratory methods.

Mr. Meloche was born in Wandover, Ontario, February 22, 1864, and came to Delta county about 46 years ago, first settling in Ford River where he worked in the lumber camps and sawmill for about seven years. He then came to Escanaba, taking employment on the ore docks where he remained a brief period until he was engaged by M. Perron, who at that time conducted extensive logging operations at Perronville. Mr. Meloche was a bookkeeper for Mr. Perron for about ten years, after which he entered the employ of the Bink company, as a salesman. He retired about ten years ago, and up to three years ago spent most of his time in traveling and attending to his various business investments.

Mr. Meloche was a member of the city charter commission, which drafted Escanaba's new charter. He was a keen mathematician and expert accountant, and was the au-

Talks on Health

By Dr. Morris Fishbein

HERE'S GOOD DADVICE ON DIET FOR THE TRACK ATHLETE

EDITOR'S NOTE: This is the second and concluding article of a series on track athletics.

According to Dr. Arno Arnold, who has given special attention to the training of track athletes in Germany, the best diet is a well mixed diet, containing meat, vegetables, fruits, and, in fact, a little of all of the things that are considered good for the human being.

He considers peas an especially valuable substance in the diet, since they are a concentrated food.

Meals should be taken rather often and in small amount, rather than a heavy meal at one time. A track athlete should not, of course, put on weight. He must eat sufficiently to maintain his body at its strongest condition.

Too Much Water
The track athlete is also likely to overfill himself with water, because of the exercise that he takes. Practically all medical authorities forbid great quantities of water and it is therefore recommended that drinks, such as lemonade or cold tea, be taken instead of great quantities of water since a smaller quantity of such a drink will satisfy thirst.

An experienced runner may not drink at all after running, but merely wash out the mouth with fluid as a means of relieving dryness and thirst.

Coffee and Alcohol
Strong coffee should not be taken with a view to overstimulation, since the overdosing with

thor of a treatise on auditing, which was widely read.

Funeral On Monday.
Mr. Meloche was a devout member of St. Anne's Catholic church congregation, and was affiliated with the Knights of Columbus and Holy Name society. He never married. He is survived by three brothers and one sister, Cleophas, Rockland, Ont.; Joseph, Amos, Ont.; Odile, Escanaba, and Mrs. Gideon Mallette, Hull, Quebec.

The body was taken to the Alto Funeral Home to be prepared for burial. Funeral services will be held at St. Anne's church Monday morning.

CHURCH MUSIC SURVEY MADE

Emphasis Placed on Spiritual Value of Song

New York—Decreased emphasis on the sermon and increased importance placed on church music will go far to better the latter, a survey by Presbyterians suggests.

Add to this practice hours for congregational singing, greater harmony between the minister and the music leader and the installation of courses of music study in the theological schools of the country and the problem of poor church music is solved, according to the findings.

The suggestions resulted from the first forum of the conference on church music and worship held by the General Assembly of the Presbyterian church in New York.

Asked for Suggestions.
At the request of Reginald L. McAll, president of the National Association of Organists, the 100 pastors and church musicians who attended the conference were asked to send in their suggestions for the improvement of church music.

"Too much emphasis in the past has been placed on the sermon in the church service and not enough on the spiritual value of music in worship," said McAll.

"Real religious fervor can be aroused through a well-arranged program of religious music, but only few pastors and organists realize this. The purpose of the first conference and any others that we may call is to awake the

church leaders to the possibilities of church music in furthering religious zeal."

It has been suggested that the Wednesday night prayer meeting become a Wednesday night music meeting and be used as an opportunity of practicing hymns that will be sung the following Sunday. This, said McAll, would make all members of the congregation familiar with the hymns they would be asked to sing and would prevent "the desultory noise that usually passes for singing in the Sunday services."

A young organist from Pennsylvania wrote McAll suggesting that organists be taught the value of their offertory recitation. "I find," he wrote, "that the moment of the offertory is a climactic point of the service. People are keyed up more at this time than at any other. An organist should realize this and play something with great rousing spiritual appeal, and not something purely for entertainment that will only show to good advantage the organist's technique."

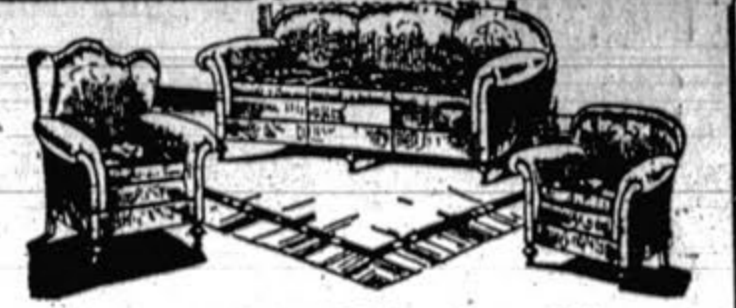

IN REVERSE.
"Have you heard that the Meiers have had a divorce?"
"Yes—why was it?"
"He wanted to live in the country and she wanted to stay in town."
"Where are they now?"
"She has gone back to the country to her mother—he is in town with his parents."—Dorfbardier (Berlin).

Pennsylvania Road Will Not Support Five Line System

New York, Apr. 5.—(AP)—The Pennsylvania railroad today informed F. Loree that it no longer would support the plan for five trunk line systems in the eastern territory. This action was taken at a meeting of eastern railway executives called to discuss the eastern consolidation program. The Pennsylvania will cooperate with the three existing systems for a four trunk line plan.

ORGANIZATIONS ARE CONNECTED?

William Allen White Says Leaders of D. A. R., Klan Affiliated

Emporia, Kan., April 5—(AP)—A connection between the leadership of the Daughters of the American Revolution and the Ku Klux Klan was charged by William Allen White, Emporia editor and author, in a statement issued here today.

Inclusion of his name on a speech by White suggested, was in retaliation for his fight on the Klan four years ago as a Republican gubernatorial candidate in Kansas.

Mrs. Alfred J. Brosseau, president-general of the D. A. R., the White asserted, was responsible for the black list which includes numerous organizations, as well as individuals. He declared it was issued without the approval of the national board of management of the D. A. R.

"This list," he said, "goes out of its way in what Mr. Brosseau calls her propaganda for preparedness to pick out and include the peculiar enemies of the Ku Klux Klan. The D. A. R. has yanked the Klan out of its cow pastures and set it down in the breakfast room of respectability, removing its famous hood and putting on a transformation."

"The list particularly picks out organizations affecting colored people, Jews and Catholics."

Shows Klanish Attitude.

Mr. White named the National Catholic Welfare Council, the League for Jewish Women, and the National Association for the Advancement of Colored People as organizations under the D. A. R. ban.

"Mrs. Brosseau is a lovely lady with many beautiful qualities of mind and heart," the editor said, "but in her enthusiasm, she has allowed several lengths of Ku Klux nightie to show under her red, white and blue."

The W. C. T. U., the Methodist Federation for Social Service, the Y. M. C. A., the Y. W. C. A., the National Council of Women, and the Farmers' National Council are some of the organizations on the

D. A. R.'s official proscribed list, Mr. White said.

The statement charged the Farmers' National Council was under the ban "because the outfit of apologetic old gentlemen who proposed the silly military and naval program which congress has just defeated, were so greedy for their employers, the munition men, that they feared farm relief would require a dose out of the taxes which would take away the loot of their bosses."

DISCLAIMS RESPONSIBILITY.

Washington, April 5—(AP)—After reading William Allen White's statement, Mrs. Alfred J. Brosseau, president-general of the D. A. R., issued the following terse pronouncement which she termed an "ultimatum": "I thank Mr. White for his gallant offer of the 'last word' and I hope it will be the last word in the entire matter. I emphatically disclaim all responsibility for the alleged list."

She declined to comment further.

Former Narcotic Agent Surrenders to Detroit Police

Detroit, April 5—(AP)—Alonso P. Greer, former Detroit narcotic agent who surrendered today to face an indictment charging him with accepting bribes from a Detroit-New York ring of narcotic smugglers and peddlers, said following his appearance for arraignment that he has a story to tell concerning the activities of government narcotic forces here.

Greer, who returned here from Long Island, N. Y., to surrender, declared that an international narcotic ring is active here and that its operations have not been interrupted by narcotic agents.

The former narcotic officer was suspended from service last January 22 and an investigation resulted in his indictment on a charge of accepting \$5,000 to \$10,000 in bribes from members of the New York-Detroit ring for tipping them off to the operations of narcotic agents.

Since then, according to narcotic officials, all members of the ring except Thomas Cooper, the alleged leader, have been rounded up and some of them sent to prison. It is alleged that the ring made weekly profits of approximately \$20,000 and paid tribute to the "purple gang" of gunmen for protection.

Seven Seriously Injured When Car and Truck Collide

Detroit, April 5—(AP)—A defective steering gear on a truck was blamed tonight by John D. Watts, assistant prosecuting attorney, for an accident today in which seven men were seriously injured when the truck and trailer collided with another car on a bridge in Dearborn and the truck plunged 25 feet to the bank of the River Rouge.

The seven men are in hospitals and four may die.

Watts said an examination of the truck, owned by the Wayne county road commission, showed that the steering gear was defective before the accident occurred. He announced that if any of the victims dies, he will recommend a warrant charging Victor Yonckere, truck driver, with negligent homicide.

The seven injured are: Charles B. Soderquist, general manager of William Ford & Co. of Dearborn, driver of the passenger car, jaw and left arm fractured; Pete Wolff, critically burned when he was covered by burning tar carried in the truck and trailer; George Smith, broken hip and internal injuries; William Brookman, left arm severed below the elbow; Victor Yonckere, right hand severed; Edwin Millard, head crushed and internal injuries; John Binder, injured internally.

All the men but Soderquist were on the truck. It veered following the crash, smashed through a concrete guard railing and landed a few feet from the edge of the water. Wolff was the only one splattered by the burning tar.

Witnesses told Watts that Soderquist was driving east at a fast

Lindbergh Tries His New Airplane

Sandiego, April 5—(AP)—Colonel Charles A. Lindbergh made his first flight today in the new monoplane built here for him and remained in the air for a little more than an hour.

After the flight, Colonel Lindbergh posed while a squad of photographers, amateur as well as professional, snapped him. That was by previous arrangement. He balked, however, at giving his autograph to a girl who approached him, and sped away as he declined. Soon after that he went with his friends into seclusion.

Accompanying Lindbergh on the flight was Donald Hall, designer of Lindbergh's famous Spirit of St. Louis.

The new plane was rolled out of its hangar early today and was warmed up for the flight by J. J. "Red" Harrigan, chief test pilot for the B. F. Mahoney Aircraft corporation, builders of the plane.

Lindbergh smiled with boyish pride as he examined the plane. Its dimensions are practically the same as those of the Spirit of St. Louis, and it is powered with the same type of engine, a 220-horsepower Wright Whirlwind. Of standard brougham type, the plane has gasoline capacity for 1,000 miles and accommodations for four persons, besides the pilot. Two huge nightlights, each capable of developing 250,000 candlepower, have been installed on the wing structure.

Now read the Classified page.

rate of speed and that the truck was going west on the south side of the road.

Police Baffled at Disappearance of 9 Year Old Boy

Los Angeles, Apr. 5—(AP)—Police were baffled today in their attempts to solve the disappearance of 9-year-old Walter Collins, who has been missing from his home here since March 10. Investigators believe the boy was kidnapped and slain. No arrests have been made.

The only clues tonight were the story of a filling station employe that he had seen a body wrapped in newspapers, which, he believed to be that of a boy, asleep or dead, in a passing automobile two days ago; an unidentified "foreign looking" couple, who sat in the front seat of the car, and a letter said to hint at revenge, written to the mother by the boy's father, Walter J. S. Collins, serving a term in Folsom state prison for robbery.

The letter, the contents of which have been withheld, sent the officers on a trail to San Francisco on the theory that hatters bred within the prison might have developed into the kidnapping of Young Walter from his mother's home in this city. Working on the theory that the boy might have fallen into Lincoln Park lake or been slain and his body thrown there, frenes today dragged the lake.

Premium Hams for Easter

"WE'RE GOING TO HANG OUT TWIN SHINGLES," SAID FRANCES (OR MAYBE IT WAS MARGARET)

BY JULIA BLANSHARD
NEA Service Writer

New York.—Fifteen years ago a pink-frocked little girl with a cheery smile and big, wide-open blue eyes, came out and confidently spoke a long piece at a Sunday school Easter service.

A few minutes later a pink-frocked little girl with the same big, wide-open blue eyes, but without a smile, came out and, not quite so confidently, recited some poetry.

"They're the McAllister twins," an old lady explained to a visitor. "But I just can't tell you whether it was Margaret or Frances who was a little bit shy, they're so much alike."

Two in One

As a matter of fact, both of them were Frances. (Or maybe they were Margaret.) At least both were the same twin. For at the last minute one of them succumbed to stage fright and, since they always learned each other's pieces in addition to their own, the twin who had spoken once returned to pinch hit for her sister.

Now, after 24 years of inseparable comradeship, it looks as if Margaret and Frances McAllister mean to pinch hit for each other for life.

For they are taking law together. They are to graduate from the Fordham University law school this June and as soon as possible they mean to hang out twin shingles.

"Don't you think we should have a double chance at success?" one of them laughingly asked. Maybe it was Frances and maybe it was Margaret.

Always Nip and Tuck

Side by side the girls went through grade and high schools, both won scholarships at Cornell,

both finished their last two years of undergraduate work at Barnard and they were always nip and tuck with each other in grades, ever liking the same subjects.

"When they were little they were so devoted they used to take punishment for each other," their mother testified. "Often we have recited for each other," they confessed. "And once," said Margaret, with a roughish twinkle in her Irish eyes, "Fran went to a dance with a man who asked me and he didn't know the difference."

They are a remarkable case of identical twins. They are the same size and weigh exactly the same. Both have squarish faces that end unexpectedly in ovals; both have the same lively, Irish blue eyes, set identically under heavy eyebrows and lashes. Both wear their light chestnut hair bobbed the same way. Their rather straight mouths show the same even white teeth when they laugh—which is often.

But it is their identical characters that is startling. Identify them and then study them. Try to draw conclusions. Suggest that Frances looks as if she might be the more studious, Margaret the fun-maker. They laugh and say it is the other way around, if anything. Ask Margaret if she is the even-tempered one and Frances likely to get heated in argument and Frances says, "You should hear Marg out stumping for Tammany. She's a fire-brand!"

Tastes Identical, Too

Their tastes are identical in sports. They like tennis and golf, adore swimming and think touring England and Scotland the best fun in the world. Until recently they dressed alike. Now if they shop separately they are likely to both win scholarships at Cornell, bring home practically the same

hat or dress. Both are inveterate readers, and like much the same thing though Frances does lean towards liking the detective stories more than Margaret. It seemed inevitable that they pursue the same profession. In this, parental influence exerted itself, for their father is a member of one of New York's foremost law firms.

"We didn't really choose," they said in concert. "We inherited our profession from our father. And we inherited from both our father and our mother the belief that girls can be lawyers just as well as men."

"Is there always harmony between two such identical twins?" The question was inevitable. Wouldn't either ever resent having the other around once in a while, when the urge to unique individuality might press?

"No," they answered, looking at each other contemptuously. "There are so many advantages in having a sympathetic soul near," suggested one, "that they far outweigh any disadvantages."

How 'Bout This?

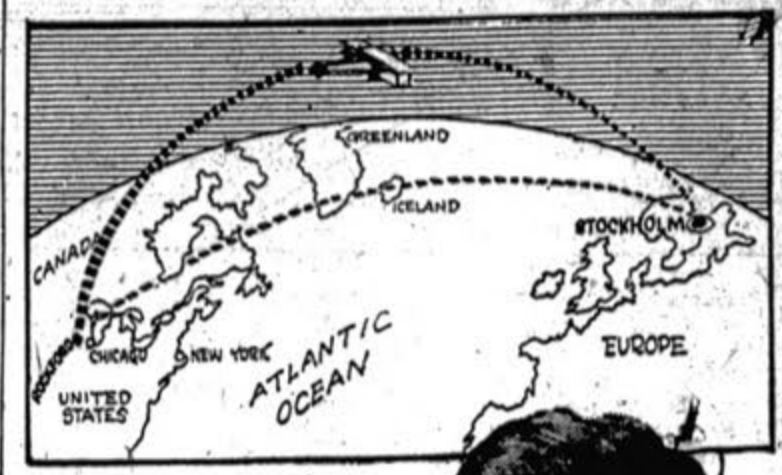

"It is just like asking if you mind having yourself around, really," the other added.

"Could anything ever separate you? How would it be if you fell in love with the same man?"

"We wouldn't," they agreed. "You see it must have been pre-ordained that we stay truly compatible. For the only place we really disagree in taste is on men. She likes them serious and I like them gay," said Frances. Or maybe it was Margaret.

"It looks as if our whole life is to be exactly as happy together as it is now," asserted the other. Maybe it was Frances. Maybe it was Margaret.

Plans One-Stop Great Circle Hop

By NEA Service.

Rockford, Ill.—The first transatlantic airplane flight ever started from the middle west is being planned here by Bert Hassell, Rockford pilot.

Sometime in June, Hassell expects to hop from this Illinois city and follow the comparatively short Great Circle route across the Atlantic to Stockholm, Sweden. After flying over the Great Lakes he will cross Ontario, skirt the tip of Hudson Bay and speed toward Greenland, where he will land. The second hop will be across Iceland and on to the Scandinavian peninsula.

Aeronautic authorities state that this one-stop flight will be the least dangerous of all air crossings. The longest water jump, of which there are three, is only 528 miles. Hassell's ability as a navigator is expected to take him safely over the north Canadian country for which detailed maps are not available.

The stop in Greenland for awhile was feared to be an almost insurmountable obstacle, but arrangements have been made that turn it into an actual advantage. The Greenland expedition of the University of Michigan now is in

Bert Hassell and a sketch of the Great Circle route he will follow from Rockford, Ill., to Stockholm.

the arctic and happens to be so located that it can select Hassell's landing field and refuel his plane.

She Offers Herself For Sale---\$15,000

Alice Parnaby of Pittsburgh, shown here with her 4-year-old son, is willing to marry a man for \$15,000, the money to be used in payment off a mortgage on her mother's home and to assure her son an education.

MY LOVE and affection for \$15,000; anxious to marry man about 30 years of age; purpose of securing money is to pay off mortgage on mother's home and insure education of my four-year-old boy; am 21 years old, 5 feet 5 inches, brunet, blue-gray eyes; want a comfortable home and the protection of a dutiful husband. No triflers need apply. Write W 55, Pittsburgh Press.

Pittsburgh—"My love and affection for \$15,000—"

Tired of the struggle to make ends meet, and faced with the uncertainty of an education for her four-year-old boy, Alice Parnaby, young and comely Pittsburgh widow, has made that offer to the world.

"I am lonesome and want a husband," she said. "I suppose I will be adjudged mercenary for asking for the \$15,000 to marry, but I do not want any of the money for myself."

"I am making my home with my widowed mother and I want to get her out of debt and pay the mortgage on the home."

"I have a young son, and it is my ambition to see that he receives a good education."

"Ever since the death of my husband three years ago I have been struggling to make ends meet, and I have found it very difficult."

FISHERMEN AGAINST YACHTSMEN-- IN A RACE ACROSS THE ATLANTIC, FOR A KING'S TROPHY

Gloucester, Mass.—A Gloucester-built schooner, with a fisherman crew, will contest for the sailing supremacy of the Atlantic against the fastest boats and the most skilled navigators of the eastern yacht clubs in a 3200-mile trans-Atlantic sailing race to start from Sandy Hook early in July.

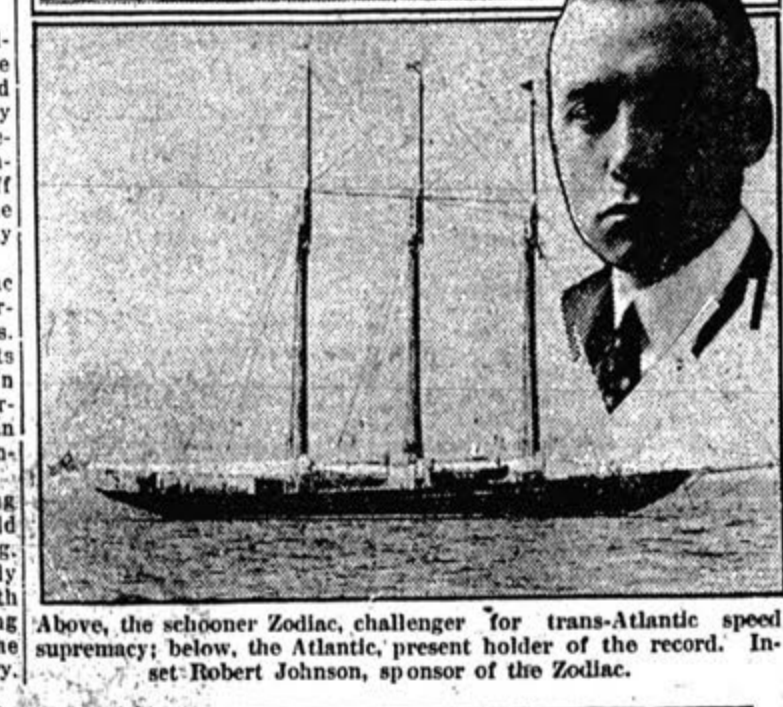

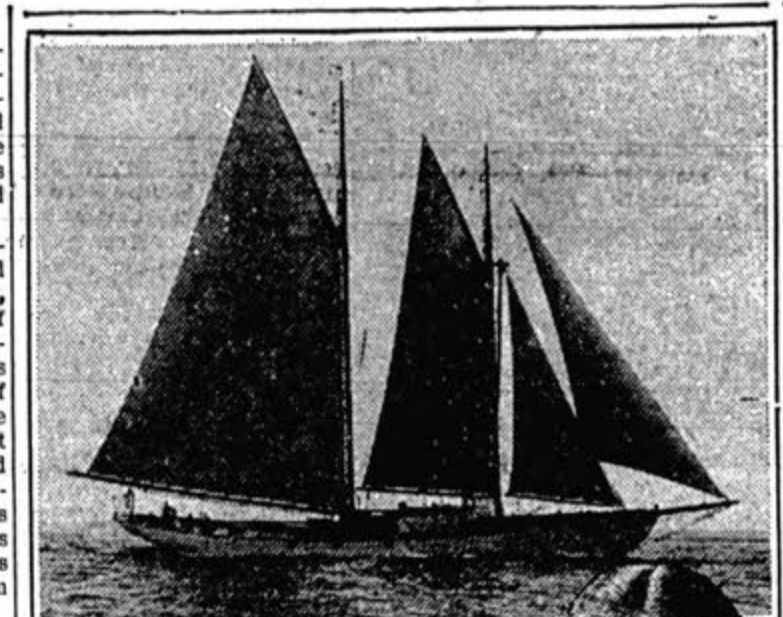

The race, sponsored by King Alfonso of Spain, will be from Sandy Hook to the Port of Sanlúcar de Barrameda, off the southern tip of Spain, and will be on hand to welcome the winners of Spanish soil and to present a trophy to commemorate the victory.

About a dozen sailing craft—the pick of America's yachting vessels—will hoist sail at the starting signal. Senor Don Alejandro Padilla, Spanish ambassador at Washington, is chairman of the race committee.

The Atlantic, present holder of the trans-Atlantic sailing record, with a sailing time of 12 days and four hours from Sandy Hook to The Lizard, off the southern tip of England, probably will start a favorite. She is a vessel of 206 tons, is 185 feet over all, with a beam of 29 feet and draws 17 feet of water. Formerly owned by General Cornelius Vanderbilt, the Atlantic recently was purchased by Gerard Lambert under whose colors she will defend her title.

A Dark Horse Matched against her and the other classic boats of the yacht class will be the Zodiac, a 100 ton Gloucester schooner, entered by Robert and Seward Johnson, of New Brunswick, N. J.

With Captain Norman Ross, famous Gloucester skipper, in command, and manned by a crew of "fighting fishermen" accustomed to standing out to sea in weather

Above, the schooner Zodiac, challenger for trans-Atlantic speed supremacy; below, the Atlantic, present holder of the record. Inset: Robert Johnson, sponsor of the Zodiac.

strive to bring back sailing honors to the old type of wooden-boat that sends the average yacht scuttling to port, the Zodiac will hulled schooner that has made the name of Gloucester famous throughout the ports of the world for 200 years.

"We want to prove that Gloucester-built boat, schooner rigged and handled by a fisherman crew, can beat the conventional type of yacht if it blows at all," said Robert Johnson in explaining this latest sporting venture of himself and his brother. "It will be a fine test of seamanship, and it ought to be great fun. Of course Seward and I will be aboard—we wouldn't miss it! The Gloucester boys already are competing for places on the crew, and Captain Ross will be able to pick his men from a long list of expert sailors."

All They Need—Wind! Light weather, Johnson conceded, will be to the advantage of the yachts. They will be able to crowd every inch of canvas that they carry. But heavy weather, he believes, will be all to the advantage of the Zodiac. With a stiff wind—or more—he believes the Gloucesterman will walk away from her rivals.

Two years ago the Zodiac sailed from Sandy Hook to Bermuda in less than three days. More than once it has proved its stamina for wind and weather. In the middle of winter it went further north into the Arctic ocean than any pleasure boat ever ventured before.

Over a marked course in Long Island Sound, the Zodiac would not even figure in the betting. But with a crew laid from Sandy Hook to Santander, and with hard-handed fishermen competing with the flannel yachtsmen at the ropes, it may be another story.

Especially if it blows! The Gloucester boys don't want a mere breeze. They're hoping for a near nor'wester—all the way across!

First Race Since War The race for the King Alfonso Cup will be the first trans-Atlantic sailing contest since the days of the Kaiser's Cup, before the war, and is inspired by Alfonso's desire to renew interest in the sailor's art. Previous trans-Atlantic records are:

The America, now moored at the U. S. Naval Academy, Annapolis, sailed from New York to Havre, France, in 1851. In 22

days. She was a schooner of 170 tons. The Alice, less than 60 feet in length, made the voyage from Boston to Cowes England, in 1866, in 18 days, 14 hours.

The Lloyd W. Berry, also under 60 feet, sailed from Boston to the Azores, in 1922, in 18 days. The Primrose IV, 50 feet over all, sailed from Boston to Falmouth in 1926, in 23 days, 17 hours.

The Atlantic, trans-Atlantic record holder and entrant in the coming race, made the voyage from Sandy Hook to The Lizard in 12 days, 4 hours.

Every Line Is Curved in New Philadelphia Museum of Art

Philadelphia (P)—A labor of ten years has been completed with the opening in March of one of the four great wings of the Philadelphia Museum of Art.

The youngest of the great museums of the world, with interior design which has revolutionized methods of displaying large art collections, the Philadelphia institution will house in its first wing a collection valued at \$15,000,000.

Development of the principal exhibition floor to present an unbroken visual history of the evolution of art through all the ages is the new idea which has attracted wide attention and which won the endorsement of the General Education Board, a Rockefeller foundation, in the form of a \$350,000 gift.

The idea was carried out by placing all the main galleries in geographical and historical order. In passing through them, the visitor is able figuratively to journey through 5,000 years of development of the fine and decorative arts.

Flanking these galleries are the authentic period interiors, removed in their entirety from great homes of the last three centuries. Ten early American and English interiors have been installed. One is from the Richard Powell mansion, where Washington was a visitor. Another comes from the Derby house at Salem, Mass., a specimen of the work of Samuel McIntire, master decorator of the early republic, and Charles Bulfinch, most noted architect of New England. Italian and French rooms are to be acquired later.

HE DOUBLES IN BRASS BUTTONS

know life, young Albert Muller thinks, so as he trains for the ministry, he holds down a job as doorman at the Waldorf-Astoria hotel.

Opening taxicab doors is good preparation, he thinks, for opening human hearts.

From his station at the hotel entrance he observes flappers going to tea danzants and white-haired doganers en route to fashionable functions. He can hear the voice of the man-in-the-street and the chatter of the shop girl; he can watch the sweep of life along Fifth Avenue.

What is quite as important at the moment, he can collect tips that will pay his way through college. The \$5 tip that someone gave him the other day provided for a future sermon on human extravagance.

Muller is in the happy position of being able to double in brass buttons, as it were. He can find sermons in stones, as Broadway dubs all bobbies; books in crooks and joy in opportunity.

BUILD BIGGEST FARM BUILDING

Federal Agriculture Dept. Soon to Be in New Home

Washington — Covering three city blocks as one continuous unit, the new home of the department of agriculture, again under construction after a delay of 20 years, will be the largest single office building in the world.

The \$10,000,000 architectural continuity is assured by massive overhanging bridges, strong enough to support integral office rooms one full story above the intervening streets.

Dormant since the administration of James (Tama Jim) Wilson of Iowa, secretary of agriculture in 1908, the building program has been revived by congressional appropriation of \$400,000 for initial work on the \$2,000,000 administration section, it will lie between and will be connected with the east and west wings of the section which were constructed 20 years ago at a cost of \$1,500,000.

Each congress since Secretary Wilson's term has failed to provide funds for this new structure, and while the last congress did not authorize the full amount needed, the present legislative attitude is interpreted as sympathetic.

Glass Skyscrapers Vision of Future

Chicago (P)—American business and industrial buildings soon will be built almost entirely of glass, reinforced with steel, in the opinion of William L. Bailey, professor of sociology at Northwestern university.

"The skyscraper of the future will be almost one huge window," says Prof. Bailey, "with glass floors and glass ceilings. With the development of knowledge of the therapeutic value of the ultra-violet ray, office and factory lighting will undergo a radical change. When thousands of workers are gathered in poorly lighted office buildings each day, it is little wonder that their efficiency is impaired and their dispositions soured."

"Brick and stone buildings with narrow slits for windows are medieval and things of the past, and the whole emphasis of the future will be placed upon light and air. The American skyscraper will be one of the health wonders of the world."

Edward IV defeated the Lancastrians at Towton, between Leeds and York.

Song, "My Jesus I Love Thee"—Group of Girls. The Roman Soldiers. Men ar upstander—Cornelia Martin.

His Way is Best—Kenneth Nylund, Margaret Newman, Eleanor Gabrielson, Robert Anderson. Goodbye—Walter Erickson.

Song, "Take my Life and Let it Be"—The Sunday school.

ADMINISTRATION ISSUES CLEAN-UP WARNING

Only One Authorized Dumping Ground at North Hill

In advance of the general city spring clean-up a warning was issued yesterday by the city administration against the dumping of refuse anywhere but in the authorized dump ground set aside by the city.

A number of instances of minor violations of the regulations governing dumping have come to the attention of the administration and the warning has been issued to curb the practice at once.

The former dump at the end of Tenth street, is now closed, it was emphasized yesterday, and the only authorized dumping place is one-half mile from the top of the North hill. Signs and arrows have been placed there in order that it may be easily found.

The city trucks will start their collection of ashes and ordinary rubbish within a few weeks. All this must be placed at the back yard alley line as no rubbish will be collected from private property.

Announcement of the time of this clean-up, which begins when the frost is out of the ashes, will be made later.

BOWLING SCORES

Table with 3 columns: Name, Score 1, Score 2. Includes VENEER MILL and LEGION sections.

ANNUAL AUDIT STARTED BY KELSO-PETERSEN

The annual audit of the city books, authorized by the commission, was started at the city hall on Thursday.

The Kelso-Petersen auditing firm of Escanaba, who have charge of the work each year, is conducting the auditing.

Burdick Shop Is Redecorated

Work of remodeling and enlarging the Burdick eat shop on Central avenue has been completed, the new interior presenting a most attractive appearance.

Live Easter Rabbits Attract Children

Mothers whose children do not report for meals have taken to calling the Burt Ames market these days and asking that they be sent on their way.

BACK TO THE LAND

Closing out Huber Estate—Vacant lots and 5, 10 and 20 acre lots, fine for chicken and truck ranch. Lands and timber tracts.

CITY OBSERVES GOOD FRIDAY

Business Will Be Suspended at Various Hours This P. M.

Gladstone, generally, will observe Good Friday today, with practically every business place in the city ceasing activity for a time after 12 o'clock noon, in a solemn observance of the Day of the Crucifixion.

The closing will be in some cases from 12 o'clock noon, on through the entire afternoon; in many, from 12 o'clock until 3, the hours of the Crucifixion; and in the large industrial plants, a two-minute period of prayer, just before 3 o'clock.

The Buckeye Store, Olson and Hanson's clothing store and all groceries and meat markets of the city will close at 12 o'clock noon and remain closed for the entire afternoon.

Henry Rosenblum, E. A. Erickson, I. E. Shelley, and the drug stores of the city and a number of other business places will close at 12 o'clock noon and remain closed until 3 o'clock.

The Gladstone city offices will remain open but no business will be transacted during the three hours, from 12 to 3 o'clock.

At the Soo Line division headquarters, the Marble Arms and Manufacturing plant and the Northwestern Cooperage company, activities will cease for 20 minutes directly before 3 o'clock and members of all staffs will stand in prayer for that period of time.

EASTER MASS MUSIC IS ANNOUNCED

The music for the Easter Mass which will be celebrated at 10 o'clock at All Saints' Catholic church was announced Thursday by Mrs. Matthew C. Gunter, organist and director.

The High Mass will be the principal Easter service of the day at All Saints' church. The music will be as follows: Christ Triumphant—Choir. Miss Aquam.

Mass of St. Cecilia by J. E. Turner, O. S. G. Offertory—Regina Coeli. Mrs. Matthew C. Gunter, organist and director.

Sopranos—Mrs. Gunter, M. A. Vanderberg. Altos—Mrs. Paise, Mrs. Lambert, Mrs. Chatfield.

Tenors—Vincent Lavelle, Raymond Kegel. Bass—Soren Johnson.

MISS FOSTER NEW ORGANIST AT RIALTO

Of particular interest to Gladstone people is the announcement of the Rialto theater management that Miss Viola Foster, daughter of Mr. and Mrs. William Foster, has been engaged as theater organist.

Miss Foster, who has just completed her course at the Barton studios, will make her first appearance as the Rialto organist Sunday.

Miss Foster is an accomplished musician, and before leaving for Chicago, she was pianist at the theater.

JUNIOR PROM COMMITTEES ANNOUNCED

Arrangements For Annual Party Now Being Made

Committees for the annual Junior Prom which will be held at Gladstone high school the last of the month were announced yesterday by George Nelson, Junior class advisor, and director of arrangements.

The committees are: Decorations—Dick Foster, chairman; Juanita Kircher, assistant chairman; Mildred Cornell, Nancy Erickson, Albie Wickman, Marcella LeClair, Margaret Campbell, Ray Barber, Mrs. Brock.

Invitations—Fern Woodhall, chairman, Lucille Miller, Bill Skellenger, Nell Fillmore. Music—Helen Knight, chairman; Jim Grant, Lucille Russell, Dorothy Montgomery.

Refreshments—Mary Glenn Jackson, chairman; Myles McMillan, Dorothy Murphy, Helen Sword. Program—Patty Peterson, chairman; Venita Meyer, Jim Mingay, Irene Lehman.

THEATRES

AT THE RIALTO. There is not a film star who has worked harder, nor is more deserving of her success than Marion Davies.

Marion has reached the top after a lot of struggling and she shows evidence of remaining there by her skillful work in such starring vehicles as "The Fair Co-ed," her latest production which opened yesterday at the Rialto theater.

"The Fair Co-ed," which was based on the stage play by George Ade and Gustav Lueders, proves an excellent vehicle for Miss Davies.

She plays the role of the American co-ed as few if any, others could have played it. Marion has a knack of looking the part she plays—and acting it. There are few stars of the screen who have a wider range of acting ability than she and there are few who can enact such a variety of characters and look like that is just what she is best in.

The story opens with Marion deciding she will not go to school at Bingham because the dean has issued a ban against student automobiles. When Johnny Mack Brown appears at her door peddling books to help defray his school expenses, Marion changes her mind and starts for the very school she had made

EXPERT GIVES FINE TALK AT CLUB MEETING

H. E. Dennison and County Agent Are Club Guests

H. E. Dennison, field representative of the National Jersey Cow club, the principal speaker of the Gladstone City club at its regular meeting Wednesday evening, gave a splendid talk on the present conditions in dairying in Delta county and on the future possibilities in the industry.

Mr. Dennison and Joseph E. Turner, county agent, who also gave a short talk to the club members, were the guests of the club.

Mr. Dennison possessed a fund of valuable information on the subject he discussed and his talk was both instructive and interesting.

Three New Members. At its close he was applauded at length. The club dinner was served at 6:30 o'clock and was followed by the business meeting. There was a big attendance at the meeting and a fine spirit of enthusiasm shown by all members. Three new members were taken into the club at the meeting: Walter Tang, Supt. A. H. Mann and William Mulvaney.

No Welfare Clinic Today

There will be no clinic at the Welfare station, city hall, this afternoon, Mrs. Laura Kirkman, R. N., Welfare nurse, announced yesterday. The clinic will be held as usual Tuesday afternoon.

One Thin Woman Gained 15 Pounds In 5 Weeks

Men and women, weak, thin and miserable, are urged to put on weight and get back their health and strength with McCoy's Tablets. One woman gained 15 pounds in five weeks and that's going fast enough for anyone.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds doesn't feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at Hill Drug Store or any drug store in America.

MARKET NEWS

BULLS CONTROL STOCK MARKET

STOCK SALES AVERAGES.

Table with columns: Date, Industrials, Railroads, Total. Rows show weekly averages from Thursday to High 1928.

New York, April 5.—(AP)—A broad upward movement of prices on the New York stock exchange today lifted more than three score issues to record high levels.

There was little in the day's news to influence the price movement. Eastern railroad executives met to discuss consolidation plans and adjourned without making an announcement.

General Motors regained its position as a market leader on buying influenced by reports that a new pool had been formed in the stock, which closed 7 3/4 points higher.

Despite the increase in crude oil production last week, the oil market was a good account of themselves.

Wright Aeronautical opened at 135, advanced to 138, broke to 178 and rebounded to 120 1/8.

Pittsburgh and West Virginia was again the spectacular performer in the railroad group, soaring nearly 11 points to a new top at 154 7/8.

Time money and bankers' acceptance rates were slightly firmer. Foreign exchanges moved with in narrow and irregular limits.

Commodity markets were mixed. Grain futures declined a cent or so a bushel on selling inspired by reports of rain in the southwest.

Chicago, Apr. 5.—Hogs, receipts 26,000; closed dull, steady, or steady to the higher than yesterday's average.

Boston Copper List (Closing Quotations). Ariz. Commercial 103.00, Cal. & Nev. 110.00, Franklin 95.00, etc.

Chicago Grain Quotations. WHEAT—OPEN HIGH LOW CLOSE. May 142 1/4 to 141 1/4, July 141 3/4 to 141 1/4, etc.

Chicago Grain Quotations. RYE—May 119 5/8, July 115 1/2, Sept. 107 1/2. CORN—May 95 1/8 to 10 1/2, July 101 1/4 to 10 5/8, etc.

NEW YORK STOCKS (Last Sales)

Table of New York Stock market activity including Am. Chem. & Dye, Am. Car & Fwy., Am. Lumber, etc., with prices and changes.

IN NEW YORK

New York—There are a number of little "insider" tips connected with getting around in Manhattan which prospective visitors would do well to jot down in their notebooks.

Not the least of these has to do with getting seats for Broadway attractions. One of the loudest protests to go up, not only from visitors but residents as well, is directed against the practice of "scalping" tickets.

It's also a good idea to drop in at Grey's Drug Store, which is the famous "cut rate" agency of Broadway. Here a list of shows are listed for a good discount.

In taking taxis, be careful to note the signs painted on the sides, or displayed in lights! New York has "gyp" cabs and popular-priced cabs.

Which again reminds me: Don't let the "gyp" hotel people convince you that all the popular-priced rooms are gone.

Be careful what night club you attend! There are more "gyms" for visitors in this business than in any other. Don't buy anything you don't have to.

Paris—(AP)—Bathubs are less desired than automobiles in France. So the master plumbers have ascertained through their official organ which conducted an investigation of the use of sanitary facilities and published the results under the title of "A tour of France through the sewers."

While automobiles are increasing the plumbers lament that there are entire departments which do not have and do not want running water, sewers and the sanitary facilities that go with them.

"What is lacking in France," one of the plumbers' officials is quoted as saying, "is authority to improve hygienic conditions. The masses aren't educated, the townsmen won't make the necessary financial sacrifices and the taxpayers protest against the cost of any progress in sanitation."

Paris and the large cities, of course, have bathubs and sewers, but even in the capital there are districts where sewers are lacking and there are only septic tanks.

Chicago Butter. Chicago, Apr. 5.—Liberal offerings of butter today and practically no demand resulted in a rather sharp decline in prices.

Chicago Potatoes. Chicago, Apr. 5.—Potatoes, receipts 95 cars; on track 497; total United States shipments 552; demand and movement slow, market weaker.

Chicago Grain. Chicago, Apr. 5.—Free selling due to general rains that largely relieved apprehension about crop conditions in the southwest led to lower prices today for wheat.

Chicago Grain. Chicago, Apr. 5.—Free selling due to general rains that largely relieved apprehension about crop conditions in the southwest led to lower prices today for wheat.

Train Schedules Satisfactory Here

New train schedules which the Soo Line and the Chicago & North-Western plan to make operative on April 29, affecting service between Escanaba and Sault Ste. Marie and Escanaba and Chicago, meet with the approval of the local Chamber of Commerce.

TODAY in SPORTS

GREEN BAY TO PUT ON FIGHT

"Bud" Gorman to Meet Jimmy Byrne on Monday, April 16

Green Bay, April 5.—Boxing enthusiasm has leaped to a new high level in the Fox River Valley this week, with the definite announcement from the Brown County Boxing club that it has been successful in matching for April 16, Jimmy Byrne, sensational, two-fisted, crowd pleasing heavyweight, with "Bud" Gorman, greatest of Badger "big boys" who recently returned from Europe after spectacular matches with Harry Perron, at Stockholm, Sweden, and Franz Diener in Berlin, Germany.

Big city promoters and sports writers are showing much worry over how a club "in the sticks" could land a match which cannot be called anything but one of the best heavyweight encounters. Byrne, who fought the semi-windup bout at the Dempsey-Tunney world championship affair in Chicago last summer, is under the management of Walk Miller, celebrated boss of Old Tiger Flowers, and Gorman for sometime has entrusted his affairs to Leo P. Flynn who also guides the more or less uncertain destinies of Jack Dempsey.

Byrne, the Kentucky puncher, since coming under Walk Miller, has sent forth the challenge to meet any heavyweight, any place and a very large number of "next heavyweight champions" have scrambled for shelter. He has had a sensational career on the canvases and has met Chuck Wiggins three times, Young Stribling twice, Johnny Burns, Joe Sekyra, Chief Meekins, Jack Herman, Jack Roper and the best of the coming heavies. Gorman on the other hand, has mixed it with Jim Malone, Tom Heeney, Jack Sharkey, Persson, Diener, Sully Montgomery, Stribling, Salter Maxted, Young Fitzsimmons and all of the other important title contenders in his division.

Byrne has lost but four bouts out of 45 important professional starts, and big Gorman has lost but four decisions out of more than 60 bouts with important heavyweights.

The decision of the Green Bay club to keep the seat prices for the April 16 show at the same levels as for all of its other cards and to depend upon one of Wisconsin's largest boxing crowds to defray the expenses of this New York program, seems to have been a wise one as row after row of seats are disappearing from the auditorium chart.

Rain and Snow Fail to Check Marathon Runner

Amarillo, Texas, April 5.—(P)—Snow and rain hampered the racers in the coast-to-coast foot-race today but failed to impede Pat DeMarr of Los Angeles who showed at his best in the rough going to lead the van into Amarillo over a 37-mile stretch from Vega, Texas.

DeMarr's time was 5:29:42. He is well down the list on the basis of elapsed time, having covered the 1183 miles from Los Angeles in 237:24:44.

John Salo, Passaic, N. J., finished second in 6:05:07. His elapsed time is 233:27:57. In third place was Andrew Payne, Claremore, Okla., who ranks second for the total distance with elapsed time of 201:15:28.

Phillip Granville, of Hamilton, Ont., was fourth in 6:20:13, while Arne Souminen, Detroit, holder of first place in the race, was fifth with 6:22:13. Souminen's leadership time is 196:07:43. Granville's total is 228:23:38.

Pirates Tounce San Antonio, 10 to 1

San Antonio, Tex., Apr. 5.—(P)—The Pittsburgh Pirates displayed championship form today by walloping San Antonio of the Texas League in an exhibition game, 10 to 1.

The National League champions pounded out 18 hits, including two doubles by Adams and one each by Traynor and Grant-ham. San Antonio made seven hits and their lone tally came in the ninth.

The score: R. H. E. Pittsburgh (N) 202 410 001—10 18 0 San Antonio (Tex.) 000 000 001—1 7 2

"Job" Murray New Marinette Mayor

Marinette, April 5.—Richard P. Murray, former Marquette University football star and well known gridiron official was elected mayor of Marinette Tuesday in a spirited contest.

Plants are killed by frost because it freezes the water in the living cells, causing them to burst and die.

Robins Defeat Atlanta, 15-2

Atlanta, Ga., Apr. 5.—(P)—The Brooklyn Robins got ample revenge for their beating by Atlanta yesterday by trouncing the Crackers under a 15 to 2 score today. The Robins pounded out 21 safeties, four of which went to Rube Bressler.

The score: R. H. E. Brooklyn 139 422 111—15 21 1 Atlanta... 009 200 000—2 4 2

RAMBLERS GO TO ISHPeming

The E. F. U. Ramblers, upper peninsula intermediate amateur basketball champions, will leave for Ishpeming this afternoon where they will clash with the North Lake Athletic club team at the club gymnasium tonight.

The North Lake team is the fastest team in the Marquette county league and can be expected to give the Ramblers a tough battle.

On Saturday the Ramblers will tangle with the champions of Negawec in the afternoon and in the evening they are scheduled to play the Ishpeming city league champions.

The squad will be composed of Captain Lough, DeMars, Kemp, Byrns, Rosevere, O'Brien, Heeney and Manthey. They will be accompanied by Coach George St. Louis and Manager C. W. Byrns.

Iron Mountain Five Drops Consolation Game to Wheeling

Wheeling, W. Va., 36; Iron Mountain, Mich., 34.

Chicago, Apr. 5.—(P)—Basketball teams of the middle west and south today became ranking favorites to win the national prep school title when each section qualified two fives for the quarter-final round of the U. of Chicago tournament. The far west placed its only remaining entry for the fifth qualifier of the day's play.

The five-man defense and delayed offense, as perfected by Canton, carried the Illinois state champions past the "powerful" Tulsas, Okla., team in the feature event of the day's program. As the result of its victory, Canton is being picked by many to represent the upper half of the bracket in the finals Saturday night.

The play of the Illinois boys matched that of the tall Sooners after the first few minutes and the Canton boys broke through to a 19 to 15 victory.

St. George, Utah, upheld the honor of the west, taking a close battle from Stivers of Dayton, O., 27 to 25. The westerners, however, will meet much harder opposition tomorrow in Canton for the opening game of the quarter final round.

A giant team from Grand Forks, N. D., ran pell mell through the Mize, Miss., defense to win, 38 to 20. Mize, the village that the map-makers forgot, was no match for the fast-traveling flicker-tails.

By reason of its victory, Grand Forks tomorrow will have the opportunity of matching its style.

Indianapolis Club Defeats Cincinnati

Indianapolis, Ind., Apr. 5.—(P)—Indianapolis of the American association defeated the Cincinnati Nationals here today, 11 to 1, taking three games out of the four game series. The Reds were blanked today until the ninth inning when Allen knocked out a homer.

The score: R. H. E. Cincinnati (N) 000 000 001—1 6 3 Indianapolis (AA) 305 100 20x—11 17 0

Senators Lose to New York Giants

Charlotte, N. C., Apr. 5.—(P)—The Washington Senators today found Bill Walker's southpaw slants a puzzle and took their fifth straight beating from the New York Giants, 4 to 0. Walker went the full route, the third Giant pitcher to perform that feat in two days, and gave only two singles.

The score: R. H. E. New York 001 102 000—4 9 4 Wash'ton 000 000 000—0 2 1

Maroons Shut Out New York Rangers, 2 to 0

Montreal, Apr. 5.—(P)—The Montreal Maroons shut out the New York Rangers by 2 goals to 0 tonight in the first game of the series for the world's hockey championship.

About 14,000 enthusiasts packed the forum for the opening of hostilities between the divisional titleholders, International and American, of the National Hockey League. The second game for the Stanley cup will be played here Saturday night.

WILL SOON BE OVER

It won't be long now until Gene Tunney will have to give the air to his millionaire playmates and go back to the plebeian and un-cultured surroundings of a training camp. He is going to fight some one in New York on July 12 or 19 and his play season is finished. With him above are two of the best known financiers in New York. At the extreme left is James I. Bush, vice president of the Equitable Trust Company and one of the big money men back of Tex Rickard. In the center is Otto Kahn, multimillionaire banker and philanthropist, patron of the arts and music, backer of the Metropolitan Opera Company and the owner of alibarry fit only for a Tunney intellect. The champion posed with them down south.

RULE CHANGES NOT DESIRED

Basketball Coaches Satisfied With Present Regulations

Chicago, April 5.—(P)—Any changes in the present basketball rules will not receive the approval of the National Association of Basketball Coaches. This was the consensus of opinion of more than 100 coaches who expressed themselves today at the annual meeting of the association.

Advocates of the one-bounce rule were much in the minority. Walter Meanwell of the University of Wisconsin, who favored the abolition of the dribble when it was first suggested a year ago, was indifferent as to probable changes.

Ward Lambert of Purdue, chairman of the association's rule committee, expressed himself as being against any changes without first giving them a thorough trial. Sam Barry of the University of Iowa brought up the matter of the center jump, but President Forrest C. Allen of the University of Kansas, suggested that Barry make his proposal in writing tomorrow, when all the coaches will turn in written reports of their ideas of improving playing conditions.

While practically everyone present deplored deliberate stalling, it was decided that no legislation could be taken against it as such playing was a problem of the defense.

Tomorrow the coaches will give their ideas a practical demonstration on a gymnasium floor before deciding on recommendations to be made to the national rules committee.

Another Indoor Swimming Mark Is Shattered

Chicago, Apr. 5.—(P)—Another world's indoor swimming record tumbled tonight. Walter Laufer, 20-year-old star of the Lake Shore A. C., Chicago, won the national senior championship in the 150-yard back-stroke at the National Amateur Athletic Union meet with the time of 1:37.3. The old record, 1:39.1, was held by the defending champion, Geo. Kojack of the New York Boys' club, who finished second.

David Young of the New York A. C. was third and George Fiesler of the same club, fourth.

By his back-stroke victory, Laufer clinched high individual honors for the meet with a total of 16 points.

Johnny Weissmuller of the Illinois A. C. won second individual honors and defended successfully his national 500-yard free-style championship in a runaway race with three other national stars. His time was 5:35, which was 6 3-5 seconds slower than his own world's record.

His teammate, Paul C. Samson, was second; John Hawkins, former Princeton ace, and now competing under the colors of the U. of Michigan Union, was third, and Alberto Zorilla, New York A. C. fourth.

Weissmuller was content to lope along. At the finish he was one lap or 60 feet ahead of Samson.

Maroons Shut Out New York Rangers, 2 to 0

Montreal, Apr. 5.—(P)—The Montreal Maroons shut out the New York Rangers by 2 goals to 0 tonight in the first game of the series for the world's hockey championship.

About 14,000 enthusiasts packed the forum for the opening of hostilities between the divisional titleholders, International and American, of the National Hockey League. The second game for the Stanley cup will be played here Saturday night.

A Scotchman called his knee Philanthropic because it was always giving away.

Hooks and Slides

HAGEN COMING BACK

There are any number of incentives that contribute to ambition but the greatest of them perhaps is the need of dough. Babe Ruth might never have staged his comeback if he wasn't broke flat after he had thrown away a fortune several years ago.

Jack Sharkey might be training now to meet Jack Dempsey for the heavyweight championship of the world if Sharkey hadn't softened himself with easy money and if Dempsey had to rap at the back door for a handout like he did in his early days.

The incentive to swell up the bank roll is expected to be the whip that may get Walter Hagen back this year to the position he once held as golf's greatest match player.

He admitted to friends during the winter that he had to get back into the big money this year. He made a lot of money during the boom in Florida, both in real estate activities and in the pursuit of golf, but he lived handsomely and when the Florida golf market slumped his business went with it.

He also lost some money last year when he was prevailed upon to get into a promotion scheme to finance the Rochester International League baseball club, and he had a lucky escape in that he did not lose all of the \$25,000 he put into it.

There is hardly a possibility that Hagen ever will become a public charge, but it takes a lot of money for the Hag to live as the public has been accustomed to expect of him. He has the reputation and style of a king to keep up and he has to work to do it.

Hagen plans an international campaign this year, including a campaign through the British open and a big money match with Archie Compton, the British pro. His ambitions and his pretensions plans will not be scoffed at because when the Hag is in the mood to do something with a golf club he can do it. When he has to do it there is no limit to his possibilities.

Dempsey Not Broke

There were stories told last year that Jack Dempsey was broke and that he had to return to the ring to recoup his fortunes. It wasn't harmful publicity and Dempsey never took the trouble to comment on the stories.

For particular reasons, Dempsey probably figures that it is to his own interest to keep his personal business affairs private. Perhaps he was in need of ready cash—or rather could use cash advantageously instead of converting some of his holdings.

Dempsey lives high, but he is very practical and he never will go broke. He has a comfortable fortune tied up in a trust fund so that he can't touch the principal; and the interest will keep him fixed nicely as long as he lives.

Lockhart Ready for Another Try at Speed Record

Toledo, O., April 5.—(P)—Piloting a Whippet special, Wilbur Shaw will attempt to set a new world speed record for four-cylinder cars on the speedway at Daytona Beach, Fla., within the next two weeks, the Willys-Overland company announced.

The race will be made under the official sanction and observation of the American Automobile association.

At the same time, Frank Lockhart will attempt to break the world record of 206 miles an hour which was recently made on the Daytona track by Malcolm Campbell of Great Britain. Lockhart will drive the same Stutz Black Hawk in which he hurtled into the ocean while trying to set a record in February. Shaw will drive the same Whippet special in which he also speeded into the ocean the day after Lockhart's accident.

Yankees Walloped Knoxville, 14-4

Knoxville, Tenn., Apr. 5.—(P)—The New York Yanks slammed out 16 hits today to defeat Knoxville of the Sally League, a class B organization, 14 to 4. Thus far, the champions have bowled over three teams of this class without losing a decision.

The score: R. H. E. N. York 414 300 110—14 16 3 Knoxville 010 120 000—4 9 4

Kansas City Woman Wins Golf Title at Pinehurst, N. C.

Pinehurst, N. C., Apr. 5.—(P)—Mrs. O. S. Hill of Kansas City today added the women's north and south championship to her list of golfing titles, rounding out three days of brilliant play with a decisive victory over Miss Virginia Van Wie of Chicago in the final round of the annual tournament. The result was 6 up and 5 to play.

Mrs. Hill, who is the mother of a 14-year-old boy, and has been playing golf for six years, took command of the situation at the very start, and was never headed. A 65-yard approach shot which ran true to the cup and dropped, gave her a birdie and the first hole. She picked up another at the fourth after halving the second and third, but lost the fifth to Miss Van Wie's par 3. A par 3 and a birdie 4 gave Mrs. Hill the 6th and 8th and a lead of three holes. The 7th and 9th were halved.

At the tenth, Miss Van Wie sliced into the woods and missed a four-foot putt to go 4 down. The 11th also went to the Kansas City woman, the 12th was halved and a par 4 gave her the 13th and the match.

White Sox Beat Louisville, 17-6

Louisville, Apr. 5.—(P)—The Chicago White Sox handed the Louisville American Association team its ninth defeat in exhibition game here today, winning, 17 to 6. The Colonels contributed five errors to the game while Chicago got away with one less.

The score: R. H. E. Chicago, 400 043 034—17 11 4 Louisville 210 001 002—6 13 5

Prepare Another Runaway for Use of German Plane

Baldonnel, Irish Free State, Apr. 5-(P)—Baron von Huenefeld has a new scheme for taking off from the sodden Baldonnel flying field with the Junkers plane Bremen fully fueled on his trans-Atlantic flight. This is to use a paved roadway between the two hangars.

Fifty Free State soldiers today began turning this open space into a runway, filling the ditch separating the roadway from the field proper with railway sleepers and clearing away the barbed wire entanglements which were built around the hangars in Ireland's troubled times.

There now are four runways ready for the Bremen, any of which may be used depending on the wind. Captain Koehl and von Huenefeld still await favor-

able Atlantic weather. Among the Irish it is expected that Colonel Fitzmaurice, head of the Free State air service, will be the third man in the Bremen, although the government authorities continually deny that their air force chief has been granted leave or permission to make the American flight.

The Atlantic weather report received at Baldonnel today was the worst for the week. It reported a 50-mile gale, snow, sleet and fog. When von Huenefeld read it, he threw up his hands and said:

"All we can do is to hope from day to day."

The Bremen remained in the hangar with part of her duraluminum covering removed from one wing. The German mechanics tested the wings for weakness after the heavy landing on the test flight Monday, with Captain Koehl and Colonel Fitzmaurice at the controls.
