

ONE BANDIT HOLDS UP CHICAGO TRAIN

LOWDEN RISE IS SURPRISE TO DOPESTERS

CAMPAIGN SHOWING SURPRISING RESULTS

BY DAVID LAWRENCE. (Copyright 1928, by the Escanaba Press) Washington, April 16.—The most important development in the Republican presidential contest is the rise of the Lowden campaign.

For several weeks it had been assumed that the former Illinois executive was not making headway and that his votes would sooner or later be turned over to Vice-President Dawes.

The confident assertion is being made that on the fourth or fifth ballot Governor Lowden will have more votes than any other candidate.

Behind the Lowden movement is a capable management which has once before rolled up a sizeable number of delegates.

The chief reason for believing that the Lowden boom will grow is the expectation that President Coolidge will veto the McNary-Haugen bill.

Certainly the veto of the McNary-Haugen bill will prove a turning point and probably will give the Lowden boom added strength.

In the Democratic race, the gradual increase in the number of delegates pledged to Governor Smith is causing quite a flurry.

PLAN TO RETURN LATER TO REPAIR CRAFT

Point Amour, Que., Apr. 17.—(Canadian Press)—A request from the Marconi wireless operator here to Baron Huenefeld for a description of his trans-Atlantic flight brought the following reply from Greenly Island: "Bremen time flight 36 hours and half. Struck heavy fog off Newfoundland coast. Forced fly above. Found impossible. Fog at two thousand feet high. Descended fifty feet of waves. Had to mount again. Very high seas. Steered west whole night. Heavy storm. Saw stars occasionally. At dawn flew over wooded country. Could not locate position. Also flew over large river, then large mountain loomed ahead. Rising, continued flight. At noon saw lighthouse, thought to be steamer. Landed quite exhausted. But happy. Fitzmaurice gone to Murray Bay by Canadian plane."

PASSENGERS ROBBED OF OVER \$5,000

WELL EXECUTED AFFAIR LEAVES NO CLEWS

Chicago, Apr. 17.—(AP)—A masked robber who held up the overland limited, the Chicago Northwestern's 60-hour train to San Francisco, as it pulled out of the local station last night, vanished into the darkness of the yards, taking with him approximately \$5,000 and virtually all clues.

Despite the fact that many men and women sat in the observation car the victims, according to the report telegraphed back, included only: S. Bates, Cheyenne, Wyo., \$65; Eustace Cullinan, San Francisco, \$200; H. E. Hillroy, Toledo, \$472; Roy Riley, Bristol, Conn., \$35; and Joseph Hurd, Bristol, Conn., \$150.

Mr. and Mrs. H. P. Russell, San Francisco, \$500; Mr. and Mrs. W. M. Baldrige, San Francisco, \$100, and two diamond rings worth \$1000; E. J. Marzetti, San Francisco and party of four, \$80 to \$300 each; H. A. Strong, Toledo, \$400; Mr. and Mrs. Eustace Cullinan, San Francisco, \$250.

The robber gave Mr. Cullinan \$20 to buy meals until he got to San Francisco. First reports also included W. H. Crocker, San Francisco banker, and James J. Jeffries, former heavyweight pugilistic champion, among the victims.

Mr. Crocker telegraphed that he was in a compartment not entered by the robber, however, and Jeffries was reported to have been several cars forward.

### U. P. TOURS TO START JUNE 1

#### Hundreds of Visitors Will See Points of Interest in Peninsula

North Michigan tours will begin operations on June 1, with the prospect that at least one bus load of tourists will leave Menominee daily during the months of June, July, and August, for a trip of 1100 miles through the upper peninsula, it was announced here yesterday by George H. Casebeer of Chicago, originator of the idea. Mr. Casebeer was the city completing arrangements for the part Escanaba will play in the tours.

Passengers will be taken to Menominee by rail. There they will be transferred to motor buses. They will proceed through Hermansville, Iron Mountain, Crystal Falls and the Iron country north to the Copper Country, spending an entire day on Keweenaw Point. Then the route will include Marquette, Munising and Grand Island, Newberry, Sault Ste. Marie, St. Ignace, Blaney, Manistique, Escanaba and Menominee.

Enroute, during their eight days in the peninsula, the visitors will be shown points of scenic, historical and industrial interest. In Escanaba, for instance, they will be conducted through the Birdseye Veneer plant, and will be given a view of the ore docks, iron mining, the copper industry, various woods products plants, bond and pulp paper mills and other institutions which will be inspected.

Mr. Casebeer has left, nothing undone to make the trip a pleasant one. The best hotels will be patronized all along the route, and all of the personal service generally given by the major "personally conducted" tours of Europe and other countries will be rendered. Each bus will be in charge of a chauffeur and a conductor. The latter will be thoroughly familiar with all points of interest and able to explain them entertainingly. Each of the buses will hold 26 passengers.

Offices will be maintained in Chicago and in Menominee. Mr. Casebeer thinks that some res-

#### Richer-Miron.

Miss Celeste Richer, daughter of Mr. and Mrs. Joseph Richer of Flat Rock, became the bride of Eugene Miron of Cornell at a nuptial high mass at Holy Family Catholic church yesterday morning. The Rev. Fr. LaForrest, pastor of the church, performed the marriage ceremony.

The church was attractively decorated with Easter lilies and cut flowers.

The attendants were the Misses Irene Richer and Blanche Miron and Patrick Miron and Felix Richer. The bride wore a gown of white satin, trimmed with lace and rhinestones, and the bridal veil was held in place with a bandeau of rhinestones. She carried an arm bouquet of roses. Miss Leona Richer's gown was of lavender georgette and Miss Miron's was of old child georgette. Both carried arm bouquets of pink roses. The flower girls, Misses Leona Richer and Loraine Lafave, were attired in gowns of light yellow crepe de chine and carried baskets of sweet peas. Little Raymond Reidy served as ring bearer.

Mrs. Thomas St. Jacques of Escanaba assisted the choir in singing the mass, and also sang a solo, "Ave Maria," at the offertory. A wedding breakfast was served for the bridal party only, and the dinner was attended by about fifty friends and relatives. After a week's honeymoon trip to Chicago by motor, they will return to Cornell where they will make their home. The groom is engaged in farming in that community.

Out-of-town guests who attended the wedding were: Mr. and Mrs. E. M. Richer, Mr. and Mrs. A. D. Richer, Mr. and Mrs. Raymond Reidy, Mr. and Mrs. Thomas St. Jacques, Mrs. Thomas Reidy, Mrs. M. Cayen, all of Escanaba; Mr. and Mrs. Henry Richer, Wilfred Lafave and Miss Agnes Roberts, of Hendricks; Mr. and Mrs. Eugene Charles of Cornell, and Miss Beatrice Richie of Escanaba.

### Semer-Murphy.

Miss Mary Semer, daughter of Mrs. Charles Semer of Escanaba,

and David K. Murphy, were married Saturday afternoon at 3 o'clock in the home of the bridegroom's brother, Mr. and Mrs. Chandler Murphy, 2711 Pillsbury avenue, south, Minneapolis. The ceremony was read by Rev. Fr. Stark of St. Lawrence Catholic church of Minneapolis. The bride was attended by her sister, Miss Catherine Semer and the bridegroom's attendant was a close friend, Carlisle Tirdale. Mrs. Charles Semer, mother of the bride, gave her in marriage.

Before the ceremony services, Mrs. John A. Semer of Escanaba sang "Because," by D'Hardelot, and "Homing," by Del Rigo. The Lohengrin wedding march was played as the couple approached the altar.

The bridal party, during the service, stood before a massive bank of spring flowers and ferns. These also were used in the decorations throughout the home. A reception for forty guests followed the ceremony.

The bride is a graduate of the University of Minnesota where she was a member of Alpha Chi Omega sorority and Pi Lambda Theta, an honorary society in the college of education. The bridegroom is a wheat buyer for the Pillsbury flour mills.

The young people have gone to housekeeping at 3421 Lyndale avenue, south, Minneapolis.

Would Return to Majors. Ernie Wingard, former St. Louis Brown, who now is with Minneapolis in the American Association, says he hopes to return to the big leagues after this season. He is 24 years old.

### AMUSEMENTS

#### AT THE DELFT

Marion Davies in a film version of Sir James Barrie's famous stage play, "Quality Street," will be the Delft's attraction today and tomorrow. In transferring the piece to the screen, it is said that Director Franklin had his staff succeeded in retaining much of the whimsy and delicacy which made the original so captivating.

The character of Phoebe Throesel, so beloved to American theatergoers who saw the role played by Maude Adams, is still the quaint and whimsical Phoebe through Miss Davies' wonderful portrayal.

Sidney Franklin, who directed Miss Davies in "Beverly in Graustark" and Norma Talmadge in "Smilin' Through," handled the direction of the picture in a thoroughly artistic manner.

The production, which was filmed by MGM, proves that a fine play loses none of its good qualities when correctly handled for screen production.

Conrad Nagel is the leading man, and the supporting character roles are taken by Helen Jerome Eddy, Kate Price, Marcelle Corday, Flora Finch and Margaret Seddon.

#### AT THE STRAND

Tom Mix, starring in the Fox Films production, "Daredevil's Reward," which will have a two-day showing at the Strand Theatre commencing today has ridden herd on practically all the great ranges of the West.

"From my earliest recollections," Mix explains, "I was riding the plains, sleeping on the ground and taking my chances with seasoned men who, with their forebears succeeded in making the real West what it was and is."

In his latest feature, Mix pictures all the glamour that surrounds the romantic figures of the Texas Rangers, the real pioneers of the West. The cast includes Natalie Joyce, Lawford Davidson, Billy Bletcher and Harry Cording.

WHERE WAR IS BORN.

Figures just compiled by the League of Nations show that the World War cost, in all, a total of 37,000,000 human lives...

These figures are staggering, almost incomprehensible. The human mind can hardly assimilate them. In all the sad record of humanity's mistakes and blunders, there is no item that even approaches this in cost.

It is, in a way, a tribute either to mankind's blindness or mankind's everlasting resiliency, that the people of the earth have not arisen as one man and demanded that all war-making machinery be thrown, pronto, onto the scrap heap...

Probably it would be expecting too much to look for anything like that. We live in a groove, worn deep by centuries of custom; so deep that even the terrific shock of the World War could not jar us out of it.

We lived in a way to make war unavoidable. We realized it, dimly, but we didn't care greatly. There always had been wars, and we assumed there always would be.

So, in 1914, things came to a head—and it happened. All of that is history, now, and it's too late to mend. We can, however, look to the future.

Many Washington farmers, he says, living far from any power lines, have made their own power plants and generate their own electricity. Where a little creek with any appreciable fall crosses a farmer's land the process is easy.

As a result, a number of farms are thoroughly electrified despite the fact that they are miles removed from any commercial electricity-distributing company.

### SANATORIUM NAMES START

#### Dr. Towey to Send Out Books Describing Tri-County Institution

Dr. J. W. Towey, superintendent of the Tri-county tuberculosis sanatorium at Powers, writes that the board of trustees has received a large number of suggestions for a new name for the institution. "I think," he adds, "that we probably have about twenty each Sunny-View, Sunnyside and Cloverland, so it might be well to suggest that school children pick out some other name."

"During this week a descriptive booklet of the institution will be sent out to all the schools in the three counties which will give children not familiar with our surroundings a better opportunity for selecting a new name." Dr. Towey announced in his letter. A first prize of \$10 will be awarded to the school boy or girl in Delta, Menominee or Dickinson counties suggesting the new name adopted for the sanatorium. There will be a second prize of \$5 and ten consolation prizes of \$1 each.

Three Conditions. Only three conditions are named in the announcement. The word "county" must not appear in the name. The name must not be difficult to pronounce, and, third, it must suggest the beautiful and healthful location of the sanatorium.

The following names chosen for other institutions throughout the United States are suggestive of what is desired for the sanatorium at Powers: Pine Crest, River Pines, Mineral Springs, Buena Vista, Blue Grass, Sea View and Mountain View. The name must be such that a person not familiar with the surroundings could visualize to some extent the environment of the institution.

Following are the rules of the contest: 1. The Sanatorium Board of Trustees shall be the judges of the contest. 2. Every child attending school (public or parochial) within the counties of Delta, Menominee or Dickinson is eligible to enter the contest. 3. All names shall be addressed to the Board of Trustees, Sanatorium, Powers, Mich.

#### Phyllis Gaudette Dies in Antigo

Miss Phyllis Gaudette, only child of Mr. and Mrs. Phillip Gaudette, died at her home in Antigo, Wis., 6 o'clock yesterday morning following an illness of several months.

The body is expected to arrive in Escanaba on C. and N. W. train 217, in the special car of F. R. Lloyd, this afternoon, and then will be taken to the Allo Funeral Home. Later, it will be removed to the home of an aunt of the deceased, Mrs. Francis M. Nienaber, 421 South Eleventh street. Definite funeral arrangements will be announced later.

### "Everyone Give Something" Is the Have-a-Heart Slogan

Thirty Escanaba business men will "step off" early this morning in a canvass of the business district, in an effort to raise funds for the maintenance of the local corps of the Salvation Army.

"Everyone give something," is the slogan of this "Have-a-Heart" campaign. No definite quotas have been set. The Salvation Army fund is administered by an advisory committee of local business and professional men. The post is operated on a budget and it requires about \$175 monthly to keep the wheels moving.

The salaries of the two members of the staff is \$9 a week, each. This, it may readily be seen that virtually all of the money is spent for supplies and other items directly benefitting the people of Escanaba who are helped by the Army.

It was emphasized that the expenses and expenditures of the post are not to be increased, and that the more money contributed in this campaign, the longer it will be before another campaign is needed.

The last drive was held 15 months ago and produced about \$3,100. It is hoped that the present "Have-a-Heart" effort will provide sufficient funds to maintain the work for at least 15 months more.

#### Team Workers Ready

Team workers met yesterday noon in the Ludington hotel, and were assigned to their districts by Charles J. Byrns, general chairman. Only the business district will be covered. In larger establishments it is planned to appoint a representative to make a collection among the staff and employees. Persons outside the business district, whose

life there. Besides her father and mother, she is survived by a grandmother, Mrs. Catherine Tyrell, 319 South Tenth street; three aunts—Mrs. Francis Nienaber, Mrs. W. T. Carroll and Mrs. Anna Baker, and an uncle, Joseph Gaudette.

Mrs. Steele Says of Lydia E. Pinkham's Vegetable Compound

Pratt, W. Va.—"I was so weak and nervous that I was in bed most all the time and couldn't sit up and I am only 30 years old. I saw your advertising in a magazine and after I had taken three doses of Lydia E. Pinkham's Vegetable Compound I could feel that I was better. After taking two bottles I began doing my work and I feel like a new woman. I recommend the Vegetable Compound to my friends and say it will do all it claims to do and more. I will gladly answer all letters I receive."—Mrs. S. E. STEELE, Pratt, W. Va.

families are not reached by the downtown canvass are urged to mail their contributions to M. N. Smith, treasurer, or C. J. Byrns, chairman of the committee, or they may be handed personally to Mr. Smith at the Escanaba National bank.

It is felt that no time should have to be spent "selling" the work of the Salvation Army here. It has firmly established itself in the hearts of the people of Escanaba. It is doing work, urgently needed, and duplicated by no other organization.

If the slogan "Everyone give something" can be carried out, the campaign will speedily be terminated—and successfully.

#### Birdseye Starts It

The first report from the firing line received at headquarters came from the Birdseye Veneer company. Employees of the company made up a purse of \$50 and this was matched by a \$50 contribution from the company. The check for \$100 will be handed to Treasurer M. N. Smith today, it was announced.

#### FARMS HAVE AUTOS.

New York—(AP)—City streets may seem crowded with motor vehicle traffic, but cities contain less than half the automobiles in the country, says the National Automobile Chamber of Commerce.

The chamber's records show that 56 per cent of the cars are owned on farms or in towns of less than 10,000 population. Only 21 per cent are in cities of 10,000 to 100,000 population and 23 per cent in cities of more than 100,000.

The greatest ball player of all time, says John McGraw, is Honus Wagner, who played shortstop for Pittsburgh many years ago.

### SCHOOL BANDS WILL COMPETE

#### Orchestras Also Permitted to Enter National Competition

New York, Apr. 18—More than 180 school orchestras have entered the annual contest that will be held this month and the next in twelve states. It was announced here today by the National Bureau for the Advancement of Music. The contests are being held concurrently with the school band state contests that will culminate in the national school band contest at Joliet, Ill., May 24-25.

The states in which school orchestras will compete, together with the number of orchestras entered in the contests, are: Eastern Colorado, 12; Indiana, 10; Kansas, 6; Kentucky, 12; Maine, 12; Michigan, 40; Missouri, 10; Nebraska, 12; New England, 25; New Jersey, 8; New Mexico, 6; and South Dakota, 30.

While there are about 500 school bands entered in the thirty or more state contests, that will be held prior to the national contest at Joliet, the number of orchestras entered is more gratifying to the promoters of symphonic music in the schools. It is only a year since the national bureau enlarged the scope of its activities to include promotion of school orchestras as well as bands, although many school orchestra contests were being held annually. A fund for orchestral prizes has been placed at the disposal of the national bureau and the bureau has been

able to give a marked impetus to the school orchestra movement by providing prizes for contests in new states and for the organization of a national contest to be open to all winners. In the cases of states, where orchestras are to a certain extent established, the bureau is of assistance through its carefully evolved contest rules and list of compositions.

To orchestras winning first place in Class A in state contests, the bureau awards a silver and bronze trophy, to be competed for annually and kept permanently by the orchestra winning it three times. Similar trophies, slightly smaller in size, are awarded winners in Classes B and C.

#### Camp Is Proposed.

The growth of the school orchestra movement has been so marked that it has found a development in the establishment of the National High School Orchestra camp, a site of 50 acres near Traverse City, Mich. The purposes of the camps are to provide an incentive to all musically talented school pupils to work for scholarship awards; to reward music students of outstanding ability by giving them the advantages of the camp, including participation in the orchestra and other camp activities; to give prospective teachers, symphony players and conductors a splendid start in preparation for their life work, and to interest many of these students in the profession of school music.

The camp is conducted by the National High School Orchestra Camp association, a non-profit making corporation. It is financed entirely by scholarships subscribed by individuals, clubs or business concerns.

## Why regular calls at this Sign save money.

### Ten-minute monthly inspection at the Exide Service Station will mean longer and better service from your battery....

BATTERIES are like teeth—you will get longer and better service out of them if they are inspected regularly by an expert.

as 25 per cent to the life of a battery. And think what a saving that would mean to you!

Give your battery only ten minutes a month at an Exide Service Station. That's all it needs. Just long enough to let the Exide Service man test the voltage, and see if you need distilled water, or grease on the terminals.

Look for the Exide sign. You can always be sure of expert service at an Exide Station. No matter what make of battery you have, it will pay you to call regularly at the Exide sign.

It is a trifling bit of work, but you have no idea what a difference it will make in the long run. Regular care by a battery expert will often add as much

Get into the habit of stopping there once a month. It takes so little time—just about long enough to smoke a cigarette—yet it will save real money in battery costs.

## Good-bye dingy looking roofs—that discount home values!

### See This Beautiful Roof Today!

YOU would scarcely believe that the home it now protects, was built twenty years ago. Yet, just a few days ago the original roof was rated unsightly and a poor asset to its community. Actually it discounted the home around it.

With this new Mule-Hide Roof, applied over the original worn shingles—fresh life is now put into the old home. The insurance rate too, is less as leading companies recognize the fire resistant quality of Mule-Hide.

Today this old home—re-roofed with Mule-Hide—would easily bring \$500.00 more than if the old roof remained. You too, can increase the comfort and value of your home by re-roofing.

Before you build or re-roof see us. We will quote you a complete price applied by reliable local contractors. Or sell just the material if you prefer to do the job yourself. To make your roofing dollar last—see us first.

New York, Apr. 17-(AP)—Stock prices buckled again today under the weight of heavy selling for both accounts. Speculators for the advance endeavored to maintain bullish enthusiasm by bidding up a selected assortment of oils, public utilities and specialties to new high ground, but they were forced to contend with persistent liquidation in other sections of the list which carried a long line of issues down 1 to 5 points.

Total sales crossed the 4,000,000 share mark for the seventh consecutive full session, with the ticker 50 minutes behind the market in the early afternoon. Tightening of margin requirements by several of the leading commission houses, following the marking down of the loaning value of stocks by banks, undoubtedly was an important factor in the day's selling movement. One of the largest houses in the street raised the margin on some of the highly speculative issues from 25 to between 33-1-3 and 50 per cent. of the market price.

The credit situation was again an important topic of discussion in brokerage and banking circles. Apart from higher margins and the possibility of higher money, however, there was a rather general belief that the market was entitled to at least a technical reaction after the recent violent advance in many issues. Unconfirmed rumors that several pools also were getting out from under also tended to create bearish sentiment.

RHEINHOLDSEN TRIAL STARTED

About Dozen Witnesses Testify in Manslaughter Case

The trial of Otto Rheinholdsen of Stoughton, charged with manslaughter and negligent homicide in connection with the death of Armour Girard, Masonville youth, in an automobile collision last October, got under way yesterday morning before Judge Frank A. Bell in the Delta county circuit court.

A jury was selected within about forty-five minutes and before adjournment was taken at 5 o'clock until this morning, about a dozen witnesses had been heard. Only one or two witnesses remained to be called this morning.

Three women and nine men form the jury that will decide the fate of the Stoughton young man. They are: P. N. Peterson, Mrs. Lillian Sullivan, Irene Thompson, Viljo Anderson, R. P. Jensen, Mrs. Mary E. Main, Andrew Swanstrom, Charles Carlson, all of Escanaba, Henry Norman, Bark River, Roger L. Smith, Gladstone, Kolman Casper, Garden, and J. I. Chase, Gladstone.

Those testifying at yesterday's session included Rheinholdsen's two companions on the night of the accident, the occupants of the car, with Girard was driving, Escanaba and Gladstone officers who were called to the scene of the accident, and doctors who attended to the dead and injured.

The first witness to take the stand was Charles Larson of Stoughton, who told that he and John Richardson went to the home of Otto Rheinholdsen on the evening of October 22 and asked him to go for a ride. Rheinholdsen took his Dodge touring car, he testified, and they started out for a dance at Camp 5, near Nahma Junction. Enroute they stopped at the farm-home of John Bursowicki in the Alton neighborhood and each procured two drinks, Larson testified.

Before leaving the house, however, they bought two quarts of moonshine whiskey and then went to the lumber camp, where a dance was in progress.

Neither car overturned. Janie Belanger, Gladstone, 19-year-old sweetheart of the youth who was killed, told of the group of five young couples going in two automobiles late Saturday night to the Wickstrom farm, where they played games, danced and ate lunch. She said none of the party had any liquor. Two couples had left the party shortly after midnight, but the other three couples remained until about 3 a. m.

She testified that when young Girard saw the Dodge car approaching at a rapid rate of speed he directed his car over to the right side of the road until the right wheels were traveling off the gravel. She said the approaching automobile had only one headlight, and it was on the right side. Miss Belanger testified that she could not see ahead when the Rheinholdsen car neared, but she looked over the side of the car to determine how close they were to the ditch. She denied that they had stopped anywhere along the road since they had left the Wickstrom farm.

Police Officers Testify. Other occupants of the Girard car testified along the same lines. They were: Leonard Nelson of Masonville, Nettie Belanger of Eben Junction, Raymond Roberts of Rapid River and Edith Johnson of Gladstone.

Dr. David N. Kee of Gladstone was on the stand for a few moments, telling that Rheinholdsen was brought into his office after the accident for medical attention.

Night Officer Lumbard of Gladstone, Deputy Sheriff Clement Tordure and Earl Bourdeleux told of being called to the scene of the accident, and they reviewed the observations they made. John Bursowicki, the farmer from whom Rheinholdsen and his two companions procured the liquor, substantiated the testimony given by Jacobson and Larson. August Sundberg, of Ensign, also told what he saw of the accident.

Cooney Goes to Outfield. Because his arm has gone back, John Cooney will do no more pitching for the Boston Boston Braves but will be carried by that club this season as a utility outfielder.

Skull Was Fractured. Dr. G. C. Bartley, county coroner, testified that he had examined the body of Girard, and had found that he had died almost instantly from a fracture of the skull. He said he also found a deep wound on the right side of the head. His lifeless body was found behind the steering wheel after the accident.

Claims Driver Wasn't Drunk. Questioned by Attorney N. C. Spencer, of defense counsel, Larson declared Rheinholdsen was not drunk. He said he did not see the defendant drink while at the dance, and said that from all appearances he appeared to be sober while driving toward home.

GUBB-FEST TO BE HELD MAY 1

Rev. Axel G. Pearson of Ironwood Selected as Speaker.

The annual Gubb-Fest of the Swedish Methodist church—always an event of major interest—will be held in the church at 8 o'clock on Tuesday, May 1. It was announced yesterday by the pastor, Rev. O. R. Palm. "We are glad to announce," said Rev. Palm, "that Rev. Axel G. Pearson of Ironwood will be the speaker. As Mr. Pearson is so well known and popular in these parts, we are sure that many will avail themselves of the opportunity to hear him. This may be his last visit to Escanaba as a lecturer, as he has accepted a call to one of Swedish Methodism's largest churches in Evanston, Ill., and will take up his new work in Evanston at the close of the present conference year."

Music on the Gubb-Fest program will be furnished by some of the city's leading artists. Refreshments will be served by the men.

Tickets for the event are already on sale.
