

HORSE RACES FEATURE AT FAIR TODAY

LAWRENCE TO STUDY FRONT LINE ACTION

CORRESPONDENT TO VISIT KEY STATES

In this, the first of a series of daily dispatches, David Lawrence starts a preliminary survey of the presidential campaign. He will study at least 20 states and will write every day on the situation as he finds it traveling constantly until the last few days before election when he will write a final summary and forecast. This investigation is undertaken every four years in a nonpartisan effort to ascertain the strength of the rival candidates.

BY DAVID LAWRENCE

(Copyright 1928, by the Escanaba Press) New York, Sept. 18.—Setting forth on the swing around the country this year is from a geographical viewpoint unlike any campaign of our times. Because Herbert Hoover comes from the Pacific coast and normal majorities for the Republicans show no signs of being overturned there, the battle will may be said to be east of the Rockies.

For several years this writer has followed a formula in trying to appraise the result. It is to assess early in the campaign the maximum possibilities of each candidate and to trace these to the exclusion of all else. Thus in 1916 it was not important to spend one's time in New York, New Jersey, Indiana and Illinois but to examine Ohio and trek quickly across the Mississippi to discover if Wilson could win with the west and the south. Again in 1920 when the west showed signs of standing solidly behind Harding, it was easy to forecast his complete sweep because he already had the east.

In Doubtful States.

And in 1924 it was pertinent to find out whether La Follette would carry the western states or split the Republican party to such an extent that Davis might be a plurality candidate. As soon as the writer completed his tour of the western states he found, however, by Oct. 1 that La Follette would not carry more than three western states at the outside and possibly only one. This meant that the campaign was over and Coolidge victory assured.

Now applying the same formula to 1928 it is natural to regard the Pacific coast country as hardly debatable and to spend time examining those states where Governor Smith is believed to have his best chance. If on visiting that group of states it is found that the New York governor can not hope to corral their electoral votes, then it is unnecessary to go further.

Each State Separate.

Governor Smith is admittedly stronger in some states than the normal Democratic vote but he must be close enough in certain pivotal areas to capture the electoral vote, for it is not the popular vote that wins an election.

What are Gov. Smith's chances then in the following states: Massachusetts, New York, Rhode Island, Connecticut, New Jersey, Ohio, West Virginia, Kentucky, Tennessee, Maryland, Missouri, Iowa, Minnesota, Nebraska, Colorado, Wisconsin, Illinois, Indiana? If he can carry any ten of the foregoing group this is indeed a close election. If he is certain to carry only five or six the tide may be expected to run heavily against him in other northern and western states.

The reader is asked to regard each state visited and described as a separate entity and to feel assured that if the prospects of one candidate or the other appear better in the respective states visited, it has no relation to the wishes, desires, or hopes of any candidate or party or the writer himself, who, living in the District of Columbia, can not be anything but a neutral observer anyhow.

Note: Tomorrow's dispatch will deal with conditions in central New York.

Expect 1,000 New Students at State College This Year

East Lansing, Sept. 18.—(P)—More than 1,000 new students are expected here tomorrow for the opening day of the first annual freshman week at the Michigan state college.

First year men and women will be registered, classified and assigned military and health appointments tomorrow. A tea for women in the afternoon will be the only social event of the day.

400 Dead in Palm Beach County; Hundreds Injured

Playground of Florida is Scene of Desolation

BY WALTER CHAMBLIN (Associated Press Staff Writer) West Palm Beach, Fla., Sept. 18.—(P)—A blanket of wreckage has been tossed by nature in ruthless fashion over what only three days ago was one of the picturesque playgrounds of the nation.

The waving palms and coconut trees have been beaten down, hundreds of little homes have been stricken and a number of big hotels have been marred.

This city and Palm Beach, across an inlet from here, are strewn from end to end with debris. Both look as if they had been pounded for hours by the fire of heavy artillery. The approach to either is through a torn countryside.

First, on the way here is noticeable a piece of roofing in the roadway, then a few scattered pine boards. A little nearer and a telephone pole is down. After this next a house with a roof off, next a house moved from its foundation and then a home caved in.

The closer the approach to the city, the greater the scene of destruction. The streets are cluttered with the rubbish of wrecked

homes. From one house the roof is gone, another has had the top story blown away. At a corner a filling station has caved in, the top of a palm tree has clogged the gutter and water has backed up inches deep. Wires sag from the light poles and swing carelessly over the street to catch on the top of an automobile. Boards with rusty nails are strewn across the streets and motorists constantly are changing their own tires for the large roomy garages seemed to have been the favorite target for nature to fire upon.

In the business district the wreckage is worse. Here, almost without exception every structure felt the force of nature's attack. Glass is missing from nearly all windows. It can be found on all the streets. Automobiles struggle to move between the splintered light posts. Some of the streets are so cluttered that they have been roped off.

National guardsmen have taken up the duties of traffic officers at most corners and wave their rifles to direct traffic instead of tooting a whistle. Here and there attempts already are under way to clear the wreckage.

ROGERS ASKS NO WILD DISPLAY IN WEST FOR SMITH

New York, Sept. 18.—Oklahoma—Al Smith is coming down there tomorrow and I want the old home to treat him right. He has been good to lots of us back here. Don't pull off any snipe shooting or hogger fights. Don't even break his derby. Show him the state produces something besides outlaws, bollweevils and comedians.

Tell him what a great territory we had before we struck oil and Republicans, followed by mortgages, foreclosures and impeachments.

Yours, WILL ROGERS.

NURSE TELLS ABOUT MISTAKE

Gave Wrong Child to Man; Father Suing Hospital

Detroit, Sept. 18.—(P)—A few moments confusion in a hospital here five years ago that changed the destiny of the life of a two-week old child, and gave rise to a mystery which never has been solved, was described today in circuit court.

The incident, which may mean the separation forever of a father from his son, forms the basis of a \$200,000 suit brought by William C. Greatrex, Detroit, against the Evangelical Deaconess Hospital for the loss of his child.

Testifying in the trial today, Mrs. Purcell Vernier, the nurse who gave Greatrex's boy baby to Alfonso Viemnick, Belgian immigrant, in the belief that she was placing the infant in the hands of his father, told of the tragic incident, which to her at that time seemed merely the performance of a duty.

It was in September, 1923, that the mistake occurred. She had been on vacation, the nurse recalled. While she was away the Greatrex baby was taken to the hospital for an operation following the death of its mother at its birth. About that time, a son was born in the hospital to Eva Viemnick. It was an illegitimate child, authorities said.

Child Not Found. Then Mrs. Vernier returned. She received from two doctors by telephone one day an order for discharge of the Greatrex baby, she testified. A few moments later another nurse told her there was a man in the hall. She went into the hall and asked the man if he had come for his baby. He said he had and that he had paid the hospital bill. She did not ask his name but gave him the Greatrex baby, believing he was Greatrex, who, in the meantime was returning his wife's body to Toronto, Ont., her former home, for burial.

The man, who, it later developed, was Viemnick, left with the baby. The child was never seen after that, so far as authorities, who conducted a nation-wide search, could learn.

Two days after the incident Greatrex returned and asked for his child. He was given the Viemnick baby, which he immediately

HURRICANE IS NOW LASHING SOUTH COAST

GEORGIA, CAROLINAS FEEL WRATH OF STORM

(BULLETIN)

West Palm Beach, Fla., Sept. 18.—(P)—Howard W. Selby, chairman of the Palm Beach Red Cross committee, tonight estimated that the death list from Sunday's hurricane will reach 400 in Palm Beach county.

(Buletin)

West Palm Beach, Fla., Sept. 18.—(P)—Sixty-five dead have been counted in the Belle Glade area of Lake Okeechobee, Sheriff Baker learned tonight.

Atlanta, Ga., Sept. 18.—(P)—Continuing its inexorable northward march, the tropical disturbance which in six days has left a 2,000-mile trail of destruction from its birth-place near the Windward Islands, tonight was lashing the south Atlantic coast.

Its force diminished somewhat, but still strong enough to cause wide damage to structures, with the center apparently moving toward Hatteras, N. C., where the

PLANES HUNTING FOR SURVIVORS

Sailors Tell of Sinking of Cattle Boat During Lake Storm

Owen Sound, Ont., Sept. 18.—(P)—Alpines flew above Georgian bay in Lake Huron today in vain search for more survivors of the cattle ship Manasoo, which sank as though yanked beneath the stormy waters by some mysterious monster of the deep.

Five survivors were recovering in a hospital, saved from pitching on a leaky raft for two days and a half. One member of the crew was known to be dead, and 17 other men were believed to have been lost.

The Manasoo, a converted passenger ship formerly known as the Macassa, had made its last regular trip for the season but was pressed into service for a special trip to transport 46 head of cattle from West Bay, Manitoulin Island, to Owen Sound. There was a crew of 21, Donald Wallace, driver, in charge of the cattle, and his friend, George Lambert, completing the personnel.

Early Saturday morning a storm was encountered, but the boat rode easily and no concern was felt. The cattle were in special stalls to prevent their shifting, and most of the crew went to bed.

Suddenly, Capt. John McKay, on the bridge, noticed a loss of buoyancy and a distinct list, and sent First Mate Oliver Long down to investigate. Before Long could report back, or even determine the nature of the trouble, the ship was plunging down into the water with all hands who did not chance to be on deck.

Capt. McKay went down on his bridge, but he fought his way back to the surface and crawled upon

(Continued On Page Two.)

NAVIGATOR LOST?

New York, Sept. 18.—(P)—Fears were expressed today that the lone German navigator, Franz Romer, cook, crew and skipper of the smallest craft that ever undertook the trans-Atlantic voyage, might have been caught in the West Indian hurricane somewhere west of Porto Rico.

Captain Romer sailed from San Juan September 11 with Florida as his immediate destination and New York as his ultimate goal. He left Lisbon March 31, using a 21-foot, rubber-covered collapsible sailing canoe. Under favorable weather conditions, he said he could reach Miami, Fla., in ten days. His route lay directly in the path of the storm.

Atlanta weather bureau predicted it would pass into the sea.

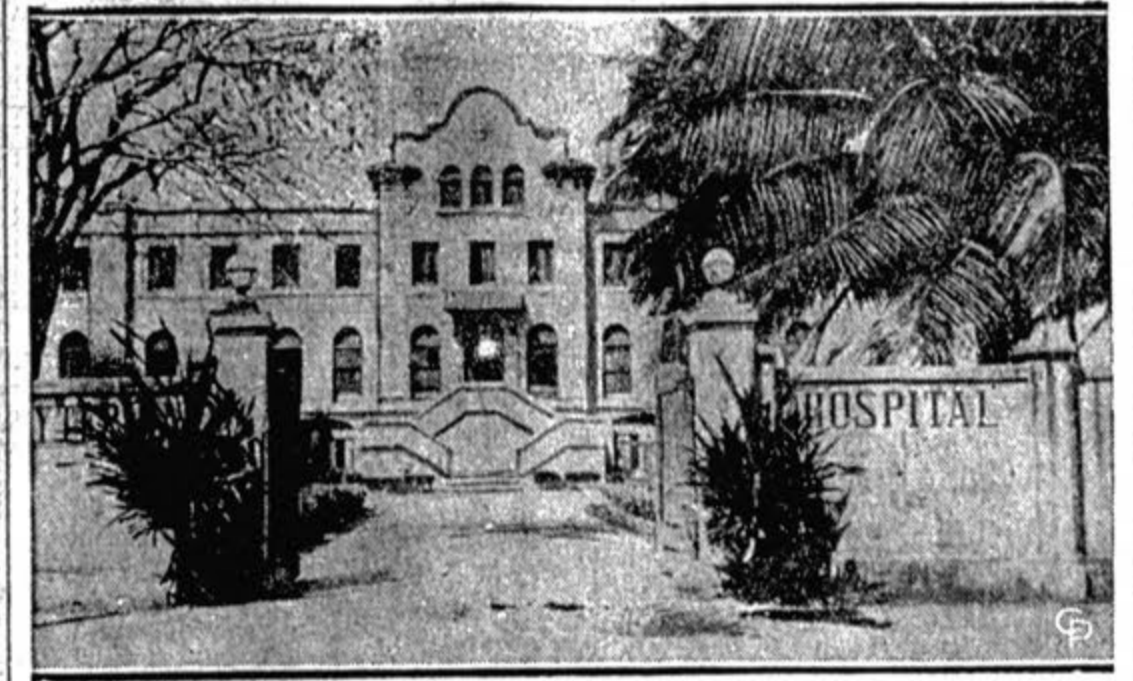

Georgia and Carolina cities which felt today's manifestation of the storm suffered most from the accompanying tremendous rainfall. From the 100-mile swath cut across Florida by the full force of the hurricane wind, however, came fresh details of the havoc wrought in the Palm Beach vicinity and in the contiguous territory inland. With the death toll admittedly incomplete, reports said the list already had reached into the hundreds. One report from Palm Beach placed the total in that section at 250.

Savannah, Ga., with 11.41 inches, appeared to have gotten the worst of today's deluge, although Charleston, S. C., reported a rainfall of 7.18 inches in 20 hours.

Shipping in Harbor. Winds of approximately 50 miles an hour at Savannah and 48 at Charleston, were reported. Both cities were almost isolated.

(Continued On Page Two.)

HOSPITAL UNROOFED IN PORTO RICAN HURRICANE

View of the Presbyterian hospital in San Juan, Porto Rico, reported unroofed and badly damaged in the West Indian hurricane that swept the island, leaving death and destruction in its wake before sweeping to the northwest toward the coast of Florida.

Strict Harmony to Prevail at State G. O. P. Meeting

CHURCH MEET HELD AT IONIA

Michigan Conference of Methodists to Open Today

Ionia, Mich., Sept. 18.—(P)—A rally of Methodist young people tonight unofficially opened the ninety-third annual Michigan conference of the Methodist church, which is to formally convene at 8:30 a. m. tomorrow and continue in session through next Monday.

Preliminary sessions and conferences were held today by groups of church dignitaries. Several hundred ministers from all over the western part of the state were here for the conference.

Bishop Thomas Nicholson, president of the conference, met with his cabinet for a preliminary organization meeting. Although ministerial assignments for the conference year will not be announced until next Monday, it was brought out that at least two important changes in pastorate assignments of Dr. Joseph M. Gray, of Scranton, Pa., to the pastorate of the Central Methodist church at Detroit, succeeding Dr. Lynn Harold Hough, resigned, and transfer of the Rev. J. S. Trennick, of Saginaw, to the Trinity church, Grand Rapids.

The young people's rally was addressed by the Rev. Scott Ganser, Epworth league representative in South America, for Michigan, and the Rev. Merle N. English.

A number of prominent laymen are to appear before the conference during the week. They include Gov. Fred W. Green, Senator Arthur H. Vandenberg, and Lieut. Gov. Luren D. Dickinson, who will address the ministers Sunday.

Five national guard units, the Red Cross and American Legion in Sebring were organizing relief work and that the mayor of Tampa received a request for 25 caskets from Moore Haven.

C. W. Williams, of Belle Glade, said that many people left Canal Point, Clewiston and Moore Haven around the south lake shore, before the storm Sunday night. All boats touching Tampa were reported safe except two fishing smacks.

The William A. McDonald sank in Tampa bay and the crew swam ashore, taking two hours to make one mile.

The Cuban schooner Isabel Alvarado, from Havana, sank off Boca Grande. The coast guards took off the crew of eight, thirty minutes before the boat sank.

Mayor E. G. Sewell of Miami, has issued a proclamation, calling on the citizens to respond generously and immediately to the relief committee appeal for emergency funds. He reminded them that only two years ago today these same communities rushed to Miami's assistance when the tables were reversed.

As far as the justices were concerned there was not even a hint of opposition. They evidently had their nominations in their pockets. Barnard directed his fight against Haggerty, and behind the onslaught was a thinly concealed veil of Barnard aspiration for the attorney generalship.

The new Detroit leader evidently had picked the secretary of state nomination as the weakest point in the administration slate. Last week Barnard defeated Haggerty in a test of strength and gained Wayne county control. With this advantage he perhaps hoped to pry loose the adamant administration stand for Brucker and gain that nomination for himself.

When lobby and hotel room pools were taken tonight Barnard was shown to be far short of sufficient support to give him a faint chance. In view of that situation word was out of the melee and his delegation would support the administration slate. It was believed this word would be forthcoming before convention time.

Barnard claimed a solid block

(Continued On Page Two.)

HAGGERTY TO HAVE NO OPPOSITION, SAYS BARNARD

KIDNAPED BOY IS RELEASED

Detroit, Sept. 18.—(P)—The last vestige of doubt that harmony will prevail at the Republican state convention here tomorrow, was swept aside tonight when Edward N. Barnard, new Wayne county leader, announced he will not oppose selection of John S. Haggerty, for secretary of state.

Although he declined to outline the convention plans of the delegation from Wayne county which he heads, Barnard indicated that the group will not concern itself with opposition to any of the so-called administration slates of officers.

See Victory By G. T. Shilson (Associated Press Staff Writer) Detroit, Sept. 18.—(P)—A most sweeping endorsement of Governor Fred W. Green's administration and his selections for places on the state administrative board was indicated tonight as delegates from every corner of the state conferred relative to Wednesday's Republican convention.

Leaders of the administration group claimed upwards of 1,000 votes for their slate. Edward N. Barnard, new head of the Wayne county organization, was reported to have encountered stern rebuffs when he attempted to extend his fight against John S. Haggerty, secretary of state, into the out-state delegations. It was generally prophesied in state organization circles that before the convention convenes Barnard will have gauged the sentiment and will withdraw his opposition.

Preliminary conferences indicated that the entire slate approved by Governor Green—Haggerty for secretary of state, Wilbur M. Brucker, for attorney general, Frank D. McKay for state treasurer and O. B. Fuller, for auditor general—will be swept into nomination by an overwhelming pool.

With them, unless organization claims are far awry, will go the three supreme court justices Governor Green appointed—Justices William W. Potter, Walter H. North and Louis H. Fead.

Barnard Far Short As far as the justices were concerned there was not even a hint of opposition. They evidently had their nominations in their pockets. Barnard directed his fight against Haggerty, and behind the onslaught was a thinly concealed veil of Barnard aspiration for the attorney generalship.

The new Detroit leader evidently had picked the secretary of state nomination as the weakest point in the administration slate. Last week Barnard defeated Haggerty in a test of strength and gained Wayne county control. With this advantage he perhaps hoped to pry loose the adamant administration stand for Brucker and gain that nomination for himself.

When lobby and hotel room pools were taken tonight Barnard was shown to be far short of sufficient support to give him a faint chance. In view of that situation word was out of the melee and his delegation would support the administration slate. It was believed this word would be forthcoming before convention time.

Ten-year-old Chicago Lad Uninjured; Found in Joliet, Ill.

Joliet, Ill., Sept. 18.—(P)—Billy Ranieri, 10-year-old boy kidnapped in Chicago nearly two weeks ago, was found near here tonight after his abductors had freed him from their custody a short time before.

The boy was unharmed, except for one discolored eye which he said resulted from a blow one of the kidnapers struck him just before they released him.

He was found by a filling station attendant to whom the boy had gone after his four abductors had turned him loose from their automobile near Lockport. The filling station man notified the sheriff at Joliet.

Billy said the four men made him to get out of their car and told him to start walking until he came to a street car line where he would meet his father. They gave him \$10. He started walking, he said, and continued until he arrived at the filling station where he told the man about being kidnapped. The attendant recognized the lad from his pictures in the papers and called the authorities.

Chicago police and the boy's father Frank Ranieri, were notified and left Chicago by automobile for the place.

Woman Struck by Automobile; Dies

Grand Rapids, Sept. 18.—(P)—Mrs. Henry Hyma, 64, was fatally injured here tonight when she was struck by an automobile driven by Henry H. Post. Mrs. Hyma was able to walk from an ambulance to a hospital unassisted, but died 15 minutes later of internal hemorrhage.

WEATHER

UPPER LAKES: Winds mostly gentle to moderate east to southwest on Huron and Michigan and southeast to southwest on Superior; fresh over west portion; mostly fair but increasing cloudiness on Superior.

LOWER MICHIGAN: Fair, not quite so cool Wednesday; Thursday increasing cloudiness and somewhat warmer.

UPPER MICHIGAN: Fair to partly cloudy. Slightly warmer Wednesday; Thursday partly cloudy to cloudy and warmer, possibly local showers in northwest portion.

WISCONSIN: Mostly fair, rising temperature Wednesday; Thursday somewhat unsettled, warmer in east and south portions.

2 EVENTS ON AFTERNOON'S RACING CARD

THOUSAND DOLLAR PURSES OFFERED TO WINNERS

STORES CLOSE THURSDAY

The Retail Merchants' Chamber of Commerce yesterday announced that in compliance with the proclamation of Mayor William H. Needham, all retail establishments in the city will close Thursday at 12 o'clock noon, to permit all employees to attend the Upper Peninsula State Fair, and the dedication of the Escanaba Airport.

The third day of the Upper Peninsula State Fair, today, will feature its horse racing program, which will begin promptly at 1:30 o'clock.

Two races are on the card. Both are for purses of \$1,000. The first is the 2:22 trot, the Cloverland Stake, whose winner will receive the beautiful loving cup awarded by Gov. Fred W. Green; the second is the 2:17 pace, with the Escanaba Daily Press cup.

There are 12 entries in the trotting event, and 19 entries in the pace. Both are expected to prove the most exciting harness racing events of the week.

Horse Pulling Contests.

The free circus attractions, including all of the track novelties of the Hoagian Hippodrome; Cliff Curran on his high pole; the Francis Trio; and the Shannons will be presented, afternoon and night in front of the grandstand. The evening performance will include another magnificent display of fireworks.

At 10 o'clock in the morning the Delta county heavyweight horse-pulling elimination contest to designate this county's contestants in the Upper Peninsula finals. There will be a good-sized entry list, and an interesting contest is assured.

Two Delta county lightweight teams qualified for the peninsula finals yesterday. First place went to a team owned by the Cloverland Milling & Supply company, of Gladstone, which topped the field with a "drag" of 2,000 pounds. This, experts say, is sufficient to keep a load of 13 tons rolling on a level concrete pavement. The lightweight team owned by Fred Chouinard finished second, yesterday, and will also be eligible for the peninsula lightweight finals on Thursday.

In the lightweight finals, teams from Delta, Menominee, Luce, Chippewa and Marquette counties will compete.

Teams from Chippewa, Delta, Schoolcraft, Marquette and Menominee counties will pull in the heavyweight finals on Friday.

Preparations for the Thursday, Aviation Day ceremonies were being completed yesterday.

Aviation Day Plans.

The squadron of United States Army planes, from Selfridge Field, will arrive shortly after noon to participate in the dedication of the airport of Upper Peninsula Airways, Inc. Gov. Fred W. Green, accompanied by a half-dozen widely-known Detroiters, will make the trip by air in a tri-motor Ford plane, and the governor will give the principal address at the dedication ceremonies.

The Escanaba Municipal band will meet at the Ludington hotel at noon, and will be taken to the airport to greet the governor and the army flyers. Speakers on the program will include State Senator H. J. Rushton, E. J. French, chairman of the airport committee of the Chamber of Commerce; the commander of the army squadron, and several others. John P. Norton will be master of ceremonies.

Officers and directors of the Upper Peninsula Development Bureau and the Upper Peninsula Supervisors' Association will meet here Thursday night, and will attend the fair Friday—Governor's Day. An address by Gov. Green will be one of the high-lights on the state fair program on that day.

Attendance at the fair has been regarded as satisfactory on its first two days. It is expected that it will be increased materially today, and Thursday and Friday are expected to find the largest crowds ever collected in the peninsula, assembled on the fair grounds.

Friday will be Children's Day. Saturday will bring the 50-mile automobile race, in which a field of ten machines, all of big-track calibre and experience, will participate. This race has been formally sanctioned by the American Automobile Association.

ARREST MAN WITH WEAPON

Chicagoan Picked Up at Fair Grounds; Had Concealed Gun

Operating under the belief that a gang is at work at the fair grounds, members of the sheriff's department, state police and police officers, yesterday arrested a man carrying a concealed weapon.

Complaints had been received of a man or men at the fair grounds carrying guns. After a search, George Hennessey of Chicago was picked up by the officers, and found to have a weapon concealed on his person. He is being held at the county jail and will be arraigned in justice court today.

Finger prints of the man have been forwarded to the Chicago police and the state police finger bureau at Lansing. Since the carrying of concealed weapons is a circuit court offense, it is probable that Hennessey will be held over until full reports are received of Lansing and Chicago.

In view of the fact that several complaints were received by the officers, it is thought possible that a gang may be operating in the vicinity of the fair grounds. Officers have been cautioned to be on the watch for suspicious characters.

NURSE TELLS ABOUT MISTAKE

(Continued From Page One.)

distly declared was not his own. There was a hurried investigation. The mistake was discovered. Vlemminck was found and brought to the hospital. He said he had given the baby to some passing motorist bound for a city in Pennsylvania. He said he did not ask their names.

Sees For Loss
And here the mystery began. Suspecting the child might have been slain, officers for weeks dug on the Vlemminck premises and dragged nearby creeks and wells, but without results. Vlemminck, arrested, was released and disappeared.

In cross examination, the nurse insisted she did not know an error had been committed until Greatrex called for his baby. She also said there was no rule compelling nurses to request receipts from persons calling for babies. Greatrex, seeking damages after five years of exhaustive search for his son, charges wanton neglect on the part of the hospital. This is denied by hospital authorities, who also contend they are not subject to liability because the hospital is a charitable institution. The case is being heard by a jury.

PLANES HUNTING FOR SURVIVORS

(Continued From Page One.)

a raft that had been lying unattended on the wheelhouse. He found there before him, the first mate, Chief Engineer Thomas McCutcheon, Purser Middlebro, Ray Fox, an officer, and the driver, Wallace.

Then the long vigil began, with cold rain pelting them and high waves throwing them up toward the black sky and dropping them to fall deep into wet pits. In a flash of lightning they once saw an overturned lifeboat with two figures clinging to it. Another flash revealed one, and after that they saw nothing.

The night passed and the day and the next night. The raft's pontoons were leaking and the waves curled endlessly over the shivering men.

Then McCutcheon, the engineer, died and his body was thrown overboard to lighten the sinking craft. First, however, his clothes were taken for the purser, who had nothing but underclothes.

The Canadian Pacific steamer Manitoba hove in sight at last and though the waves still were high, a life boat was launched and the gaunt survivors, half starved and half frozen, were placed in warm bunkers.

Today they still lay in a hospital, murmuring of their adventure, but entirely unable to explain the dive from the surface to the depths. It was thought possible, however, that the force of the waves had beaten in a shutter in the hold and let the water in. Those for whom the airplanes searched, with little hope of success, were Lambert, the driver's friend, second mate Frank Hutchinson, Second Engineer Allan Scott, Quartermaster M. Beattie, Watchmen E. Stewart and H. Chambers, Firemen Douglas McClean and Clark Fox, Waiters Donald Rose and Joseph Mansour, two Chinese cooks and five deckhands. The homes of both the survivors and the missing were all in Canada.

Charge Man With Smuggling Aliens

Detroit, Sept. 18—(P)—Testimony was begun today in federal court in the trial of Joseph Hauser, reputed wealthy highway Park real estate man, on a charge of violating the immigration laws by aiding in the smuggling of aliens into this country from Canada. He is charged specifically with smuggling five aliens into the city from Windsor, in 1924.

Federal agents allege that Hauser, formerly headed a smuggling ring that operated extensively. Several aliens Hauser is alleged to have smuggled into the United States are held as government witnesses.

HURRICANE IS NOW LASHING SOUTH COAST

(Continued From Page One.)

by disrupted wire service. Charleston reported its water front strewn with wreckage of small craft, small piers and with many trees blown down in different parts of the city.

Savannah and Brunswick said only minor damage was suffered from winds. The shipping held warned in advance of the coming of the storm.

The approach of the storm was heralded at Wilmington, N. C., by a heavy rain which had been falling since last night.

The observation bureau of Cape Henry thought that the storm would strike the Virginia Capes late tonight or early tomorrow morning. Warnings had been sent to all southbound vessels to stay within the Capes until the storm passes.

The forecast issued by the government weather bureau today at Atlanta declared that the "dangerous storm will move northeast along the coast line."

Storm Is Freakish
C. F. Von Herrman, forecaster of the Atlanta weather bureau, said the storm had done the unexpected and instead of holding the course which would extend across Alabama and Georgia, it turned just north of Tampa.

He described it as having swept towards the northeast in a wide arc, passing west of Jacksonville and swirling up the Georgia coast. He said that every storm that comes out of the southeast across southern Florida turns again in that direction before reaching the 30th line of latitude and that the weather men had expected that this storm would turn near that line which strikes across Florida just south of Jacksonville, and running through Apalachicola on the Florida west coast.

Member papers of the Associated Press along the coast and in Florida, which were cut off because of wire prostration, were sent news dispatches through radio stations at Atlanta and Charlotte, N. C.

Jacksonville, Fla., Sept. 18—(P)—Loss of 149 lives, injury of over 150 more persons and property damage running into the millions, was reported today from the section in lower Florida which was struck by the tropical disturbance Sunday. Of the dead 11 are identified and 138 unidentified. Seventy six of the unidentified dead are negroes.

The unidentified dead were given as two negroes at Jupiter, four negroes at Delray Beach, fifty negroes at Tahokee, and twenty negroes at South Bay. In addition, there were reported ten unidentified whites among the dead at Tahokee, twenty at Belle Glade, fifteen in Okeechobee City area and seventeen in the Palm Beaches area.

The identified dead are: John Anderson Bialock, West Branch; Bob Fink, negro, Jupiter; Ella Jones, negro, Delray; Will Jones, negro, Delray; infant son of Mr. and Mrs. Fred Nelms, Kelsey City; Mrs. Arthur Neumhauser and daughter, Kelsey City; Mrs. Smith, Pahokee; Wallace, negro, Jupiter; Westbrooks, negro, near Deerfield; Mrs. Julia White, 75, Delray.

Tahokee a town of 1500 persons on the Eastern side of Lake Okeechobee, reported the largest death list. Belle Glade is on the southeastern side of Lake Okeechobee, as is South Bay from which place casualty reports were also received.

In addition to these reports, which came through the Miami News, a man named Beardley, at Lake Park, eight miles east of Clewiston, which is on the western side of Lake Okeechobee, telegraphed that three bodies had been recovered from Miami Canal at Lake Harbor and that thirty five other persons were missing.

Governor John W. Martin, at Tallahassee, announced receipt of a message from a member of the National Guard staff saying that 24 persons had been killed at Okeechobee and that several authorities had requested military aid. At the same time, he announced that he had granted a request of State Adjutant General V. B. Collins to send national guardsmen to the storm stricken city of West Palm Beach to render "whatever assistance is necessary."

The governor said that 100 national guardsmen had been requested by the mayor of West Palm Beach.

He said that he had been informed that two batteries of guardsmen had been sent to Okeechobee City in response to a request for military aid.

Police insufficient. General Collins ordered invasion.

tators of the stricken area on the lower east coast around lake Okeechobee and Moore Haven to ascertain the situation.

A message received by the governor through Asheville, N. C., and signed by the Palm Beach town council advised that the situation was "serious" and that "nearly all houses had been damaged and are open." The police force, the message said, was insufficient to cope with the situation.

Another message received by the Governor and signed Clark J. Lawrence, president of the state reserve officers association of West Palm Beach, said the situation there was serious.

"Expensive homes wide open and being looted. Recommend martial law for Palm Beach only. Advise sending at once companies for guard duties," the message said.

A message from Daytona Beach, signed Murphy, asked the Governor's aid in clearing highways out of West Palm Beach.

The cocoanut trees and waving palms at Palm Beach were described as similar to wreckage tossed about by heavy winds. The trees were razed and the ferns beaten down, hundreds of little homes stricken and a number of hotels marred.

Doctors, Nurses Go
Having established relief bases at all east coast points in the storm area, the Miami relief committee of citizens functioning under the Red Cross, reached into the interior today, giving emergency medical and nursing service.

The first group of doctors and nurses left Monday night and were followed today by another expedition.

They went into the lake Okeechobee region, believed to have suffered the greatest loss of life. In addition, Miami sent supplies to Palm Beach and West Palm Beach.

Relief operations were extended from Miami to the Bahamas, where the tropical disturbance struck before it hit Florida. When Captain M. McDonald left with doctors, nurses, medical supplies and ice. He planned to touch at Bimini to discharge a relief unit and proceed to Nassau, which would be the base for the relief to the outlying islands.

W. A. Claxton, Miami public welfare director, who established relief headquarters at West Palm Beach, sent an urgent message to Miami for additional medical supplies. He stressed the need of anti-toxin typhoid and tetanus serum to check disease and blood poison. He said he had enough doctors but more nurses were needed.

Headquarters for the lake region were established at Lake Worth and every effort was bent on getting into the stricken territory, but high water made transportation difficult, if not impossible, for motorized units.

Houses Damaged
Further evidence that the situation in the Palm Beaches is bad was given when Cecil Warren, staff member of the Miami News, wired his paper from West Palm Beach, saying that Fire Chief Elmer Shultz had sent a message to Governor Martin requesting that martial law be invoked and that two regiments of national guard be sent to the two towns. Evidence of looting business houses were given as the reason for the request.

The message was filed from the set in the station house at West Palm Beach, via Lima, Ohio and Asheville, N. C., to the Florida governor.

The caretaker at the Rodman Wanamaker home wired that the place was "ruined." Walls of home toppled by heavy winds and valuable furnishings water soaked." Fire Chief Shultz estimated

that the damage to the Wanamaker home had already reached \$240,000. It was estimated that two valuable paintings in the Frasier home at Palm Beach were damaged to the extent of \$60,000.

George W. Carr, general chairman of the relief committee for Palm Beach county, said he hoped that it would not be necessary to ask for more than five million dollars for rehabilitation work alone in his county.

ELKS SEND AID
Grand Rapids, Mich., Sept. 18—(P)—Murray Hulbert, of New York, grand exalted ruler of the Benevolent and Protective Order of Elks, today announced that the lodge will immediately send \$5,000 to aid in the relief of hurricane sufferers at San Juan, P. R., and \$2,500 for the stricken at West Palm Beach, Fla. He also sent a telegram to President Coolidge promising the cooperation of Elks throughout the country, with the American Red Cross, in its efforts to help those affected by the disaster.

Hulbert was the guest of the Grand Rapids Elks lodge today, and is to visit Manistee tomorrow, going from there to Petoskey.

An appeal by Hulbert to members of lodges throughout the country, to aid not only with money, but to offer direct assistance wherever possible, was dispatched today.

ROBINSON REPORTS
Jacksonville, Fla., Sept. 18—(P)—Returning from the Palm Beach storm area, Senator Joe Robinson, the Democratic vice presidential nominee, said today that property damage in that section was being estimated at between \$75,000,000 and \$100,000,000.

He declared that relief workers had told him that in West Palm Beach alone, between 3,500 and 4,000 people were homeless and are being cared for in hotels and school houses and other public buildings which had withstood the force of the hurricane.

Conservatives Have Ruling Power in Badger Committee
Madison, Wis., Sept. 18—(P)—Control of the Republican state central committee by conservatives was assured as the result of district caucuses at the platform committee late today, which gave followers of Walter J. Kohler, Republican nominee for governor, a majority. The conservatives by caucus also will control the resolutions committee.

HARMONY TO PREVAIL AT CONVENTION
(Continued From Page One.)

of 270 votes from Wayne county in the convention. He got some support from Cass county delegates, led by former state senator Harry H. Whitley who is opposed to McKay, and therefore intimated he might swing his counties' support to Barnard. Aside from that the Barnard-out - state pickings were few and far between. Genesee indicated it might produce a few votes for the Barnard slate.

Unique among state conventions was the persistent Barnard challenge apparently without a candidate to carry it into the convention. As far as could be learned Barnard had not succeeded in finding an opponent for Haggerty. Tony Achard, recently nominated for the state senate, was said to be working with him to find a man, but reports were that all the out-state possibilities approached by him had rejected the offer of Wayne support.

There appeared little doubt that the Green forces will be in complete control of the convention, fact, coupled with the recent announcement that the Governor that he is for Haggerty, Brucker, McKay, Fuller and the others on the so-called administration slate, appeared to assure their nomination.

Weather Holding Up Start of Hop To Italian City

(Continued From Page One.)

Piero Bonelli, navigator of the flight, said tonight that a weather report received from New York reported favorable conditions over the Atlantic. He preferred starting at low tide in the morning, he said, in order that they might cross the Pyrenees in Spain during the daylight hours.

After attending a banquet in their honor given by the Portland Kiwanis club, the fliers returned to Old Orchard and retired early.

Report Battle on Border of Greece
Athens, Greece, Sept. 18—(P)—A pitched battle was reported in progress tonight between Greek frontier guards and Macedonian comitadjis who had crossed the Bulgarian frontier at Zernova. It was said that the Greek posts had been bombed.

A battalion of troops was hastily dispatched from Drama to reinforce the frontier posts.

The comitadjis have committed sporadic depredations on both sides of the Bulgarian-Greek border for some time. Great Britain and France recently joined in an international project against the situation. This was followed by a cabinet crisis in Bulgaria and King Boris took drastic action against several high ranking army officers.

During rains in the Vera Cruz section of Mexico this year 5,000,000 banana plants were blown down.

Body of Former Houghton Man is Found at Detroit

(Continued From Page One.)

Detroit, Sept. 18—(P)—The body of a man found yesterday in the Detroit river was identified as that of John F. Olson, 19, formerly of Hancock, Mich. The body was identified by his roommate, A. R. Huntington, who said Olson disappeared last week-end while on a visit in Windsor.

Northcott and his mother left Southern California about the time that Sanford Clark, 15, a relative, told Los Angeles police a story of murders on the farm. Clark said four boys, whom he named, had been lured to the farm, tortured and then killed.

Grand Rapids, Mich., Sept. 18—(P)—State representative W. J. Cook, 77, of Kent county, died at his home here tonight. Mr. Cook served one term in the lower house of the state legislature and was re-nominated this year without opposition.

Find Evidence to Show Boys Were Killed by Moron
Los Angeles, Sept. 18—(P)—Positive evidence to back up charges that four boys were hacked to death after being abused by Gordon Stuart Northcott, 20, on a chicken ranch near Riverside, was announced as established here tonight through the identification of some of the bones of the alleged victims.

Two paleontologists of the Los Angeles museum identified bones brought here from the farm as being ankle, finger, leg and skull bones of juvenile human beings. Eight jars of bones were examined and classified by the expert, Dr. William A. Bryan, director of the museum, and J. W. Lytle, assistant paleontologist. On the basis of these developments District Attorney Ford is-

Who's Who in Timely Views

SCHOLARSHIP NOT REGARD-ED AS CRITERION FOR LEADERSHIP. By DR. ARTHUR J. KLEIN, Educator.

Continued selection of superior and gifted students by colleges and universities is not likely to result in a monopoly by their graduates of the intellectual and directive pursuits of the nation.

These attitudes of mind and the attitude produced by such statements tend to take the view that higher education should exist for the gifted student alone.

It disregards the fact that a large proportion of the men and women who are doing the world's work are not especially gifted, and even that many of those who are most influential in directing the world's affairs are of mediocre ability as measured in terms of scholastic attainment or of studious habits and tastes.

Special provisions for the gifted student is highly desirable, and tendencies indicate that this group will soon be adequately cared for.

Parallel to students is the desire for a better grade of attention has been centered largely about service to the gifted or superior student, so conspicuously neglected by our ordinary college

United States Leads As Mercury User

Washington—Mercury, best known as a scientific and medicinal commentator on the health, has varied uses in this country, which ranks first among the eight more important industrial nations as a consumer of the metal.

High Colonic Irrigations, Cathartics and Drugs.

Just as bad is the use of the high colonic irrigations for reducing the blood has had a chance to abstract the nourishment, and a deficiency disease may result.

Drugs for reducing, as common sense must indicate, are dangerous.

1. Increase the physical activities to care for the excess food intake and a little of the excess body fat. 2. Lessen the food intake so that the body fat has to contribute for some of the energy needs.

Fake Cancer Treatment.

LYRICS OF LIFE

By Douglas Malloch

Copyright 1928 by Douglas Malloch

SOMETHING FOR HIS MOTHER. Often it's an apple, with a bushel in the house. Sometimes it's some berries, with the stains upon his blouse.

'Child, we have a bushel!' and his little face will fall. When he brings the berries, never see the stains at all.

Though his gift is little in the sum of human things, Yet I think it richer than the jewels brought to kings.

DIET AND HEALTH

By Lulu Hunt Peters M. D.

Author of "Diet and Health" and "Diet for Children"

ROMAN METHOD FOR REDUCING NOT GOOD FOR MODERN FOLK.

'I have a friend who reduced by vomiting after each meal if she had overate. She isn't so well now, but she did get thin. Is this a good idea?'

This method of inducing vomiting after a meal is called the Roman method, because at the ruins of the Roman banquet halls were found rooms which were believed to be vomitorium for the relief of those who had overate.

That catrapunt you mention has been examined by many scientific societies and has been absolutely condemned. You won't find this method endorsed by any scientific physician, irrespective of what you have heard. Its inventor died of one of the diseases it is supposed to cure.

Sooner a beginning cancer is removed by a competent surgeon by the known methods—X-ray, radium, surgery, etc.—the less danger there is of the cancer cells distributing themselves throughout the body and the cancer going on to the inoperable stage.

No, milk of magnesia doesn't make milk more digestible. Thanks for letting us know your good results in gaining.

United States Leads As Mercury User

Washington—Mercury, best known as a scientific and medicinal commentator on the health, has varied uses in this country, which ranks first among the eight more important industrial nations as a consumer of the metal.

The manufacture of various mercuric salts and preparations accounts for a major portion of the mercury consumed in the United States, says the minerals division of the department of commerce.

The production of mercury in the United States is not sufficient to satisfy domestic demands, and American consumers are obliged to purchase abroad the major portion of their supply. Italy is the leading producer of mercury, and Spain ranks second.

ONE IN A MILLION. Union City, N. J.—Herman Zinner is 30 and he's never had a date. He has never been to a party or to a dance. Herman admits he has been too bashful to date with girls and says he couldn't think of anything to say if he did. He spends his time with a phonograph and at the movies.

WILL PREPARES TO "PINCH HIT"

Back to the footlights, says Fred Stone, who, through stage comedian, is recovering from injuries he received in an airplane accident. Will Rogers, cowboy humorist, is rehearsing for Stone's next show. Rogers is shown learning one of the dance steps from Dorothy Stone, daughter of the musical comedy star.

BETTER THAN ITS BILLING.

BIG THINGS were promised the public by the board of managers of the Upper Peninsula State Fair. The board has delivered the goods. And it has done even more than that. It has thrown in a lot for good measure.

One of the most encouraging things has been the enthusiastic support given the fair by a wide variety of interests throughout the peninsula. Virtually every county is represented with its best live stock, its commercial and industrial enterprises, its Boys and Girls club work, and the product of its other activities.

Mayor William H. Needham, by proclamation, has called the attention of the people of Escanaba to the fact that Thursday will be Escanaba Day. He has urged that the people of this community make a special effort, on that day, to demonstrate their appreciation of the honor of having been selected as the Upper Peninsula fair city.

It is safe to predict, unhesitatingly, that Escanaba's response to the mayor's request will be wholehearted and characterized by the enthusiasm for which this city is noted.

DOUBLE SAFEGUARD.

HERBERT HOOVER, speaking Monday night in Newark, N. J., discussed the two definite and specific planks in the Republican program for the maintenance of the present levels of wages and working conditions in the United States.

'What I want, and what the Republican party wants,' he said, 'is a tariff that will protect American labor.' And he made it clear, also, that he was not in favor of the lowering of immigration restrictions to admit into the country, larger numbers of foreign workers.

Protection of the American working man from the product of cheap labor abroad is absolutely essential to prosperity. That has been proved, time and again. And protection of the American standard of living from the lower standards of the European worker, also is vital.

In view of the traditional Democratic attitude towards the tariff immigration restrictions, Mr. Hoover's Newark speech undoubtedly is one of the strongest pronouncements thus far in the campaign.

Floods are said to be delaying the construction of the new bridge between the two sectors of Marinominee.

Nature never intended that those twin cities should be twins of the Siamese variety.

WILLIAMS RETURNING.

RETURN to Escanaba for at least another year, of the Rev. R. C. G. Williams, pastor of the First Methodist church, has been announced at the annual conference. That is good news to this community. Mr. Williams is beloved, as a preacher and as a man. People of creeds, are exceedingly happy that he will remain in this field.

Fraternities at Lawrence College have been ordered to put fire escapes on their homes.

The work must be completed, it is said, at least ten days before the fire.

DOESN'T END LABOR DAY.

THE FOLLOWING thought, expressed editorially by the Herald of Grand Rapids, is one that many of us have had:

'Michigan's summer resort business falls off sharply at Labor Day. That is the logical date for the return of many resorting families to city homes. Schools resume. Cooler weather approaches. But Labor Day does not end the season of beauty in the Michigan resort region. Under all ordinary circumstances September and early October bring us much pleasantly warm weather. The clear days of early fall are without equal in the vitalizing influence of their crisp mornings and sharp evenings. Autumn forests are gorgeously multi-colored. Families with children in schools cannot enjoy the resorts at this season; but, for others, there is no more attractive period. Uncertainty of the autumn weather may make inadvisable the wide exploitation of our late resort season; but, assuredly, when September and October favor us with normalcy, Michigan people should be kept aware that for them the resort season need not end on Labor Day.'

That organization of Menominee girls known as the Lucky Strikes isn't what you think it is at all. It's a bowling team.

THE FARMER AND HIS PROBLEM.

WITH AL SMITH out in the west these days we shall probably hear a good deal about farm relief, McNary-Haugen bill, etc., than we have heard in the past few weeks. Indeed, since the conventions the farm issue has just about been lost sight of.

One reason for that, we are convinced, is that the Democrats have not been able to assure the farmers that they have any better cure for conditions than have the farmers.

One of the most sensible statements on the question made to date by a member of either party is that recently made in a speech down east by Ogden Mills, prominent Republican, who said:

'Insofar as agriculture is concerned, more legislation has been enacted for the benefit of the farmer during the last eight years than during any other period in our history; and if a final solution has not yet been found, it has not been for lack of good will or lack of ability, but because of the inability of the most able and best friends of the farmers themselves to agree on a solution.'

As a matter of fact, of course, the Republican party is just as the Democratic party to help the farmers. Furthermore, the Republicans have been trying and trying conscientiously, and have done just as much as the Democrats would have done had they been in power. This thing isn't in reality a political question at all, but an economic one that politics can't and won't rectify.—Sault Ste. Marie News.

Uncle Sam deported 7,688 undesirable aliens during the month of July. There's always room for one more.

The Greek minister of finance has decided to impose a tax on bachelors, presumably because it is the bachelors who have the bank accounts.

The full dinner pail is asking itself whether it will be called upon to administer to hungry men or thirsty men.

Speaking of unkind suspicions there is Mayor Walker's remark that he thinks Governor Smith will carry Pennsylvania. 'If the votes cast for him are counted.'—Saginaw Daily News.

A woman, fully clothed, plunged into Lake Orion and rescued two girls, which leads the Office Cyclic to conclude that a woman fully clothed is at considerable advantage over one in a bathing suit.—Pontiac Daily Press.

A man in Woodburn, Oregon, went out in the middle of the night and kicked his dog for howling. Police were asked the next morning to locate his stolen coupe.—Detroit News.

HEALTH DEP'T BOOTH UNIQUE

Work of State Department Described at Fair Booth

The various bureaus of the state department of health and their many important activities in the interests of health and sanitation are graphically portrayed in the department's exhibit at the U. P. State Fair.

The interesting booth is in charge of Dr. Frank Poole of the Michigan state department of health, assisted by Miss Agnes O'Connor, city school nurse. Parents of school children are urged to visit the exhibit. The work being done to promote health in the Escanaba public schools is being described in informal talks by Miss O'Connor, while Dr. Poole tells of the far-reaching activities of his department.

The "health theatre" display, but by the open-air school pupils, has been included in the exhibit, and these pupils will put on their health play daily. A large number of bulletins, dealing with the care of children, are being distributed to those interested.

Dr. Poole will visit the school rooms today and tomorrow, and will make brief talks on the subject of "Personal Hygiene and the Prevention of Communicable Diseases."

The work of the various bureaus within the department of health is pictured by the use of posters. The activities of the following bureaus are shown: Bureau of laboratories, engineering, education, child hygiene and public health nursing, mouth hygiene, epidemiology, records and statistics, and embalming.

Rules for the advancement of children's health are cleverly brought out in eight posters on display, and another group outlines

OBITUARY

JOSEPH DUPUIS.

St. Joseph's church was filled with sorrowing relatives and friends Tuesday morning at nine o'clock when funeral services were held for Joseph Dupuis, who passed away at his home, 339 So. 5th St., Saturday morning at the age of 93 years. Mr. Dupuis would have been 94 years old on the 14th day of October. He was widely known throughout the country as the oldest resident of this district.

Rev. Fr. Bonaventure Kilfoyle, O. F. M., was the celebrant at the requiem high mass. Miss Alta Todd sang the offertory, "Pie Jesu," Mrs. Eldridge Baker sang "Agnus Dei," and Miss Ulaire O'Donnell sang "Benedictus."

Many beautiful floral tributes surrounded the casket at the home where scores of friends came to pay their last respects to the memory of Escanaba's oldest citizen. There were also many spiritual offerings intermingled among the floral pieces.

The close friends and neighbors who carried the casket to and from the funeral coach were Del. H. Ray, Jerry Clouthier, Henry Dantign, E. J. LeGault, James Ashland and Joseph Beaumier.

Out of two relatives included Mrs. J. W. Harder, Eau Claire, Wis., Fred Dupuis, Cleveland, O., Frank Dupuis and daughter, Flint, Mich.

Interment was in the family lot in St. Joseph's cemetery

where the deceased had been sexton for more than thirty years.

ISHMAEL DELISLE.

Impressive funeral services were held Tuesday morning at 9 o'clock at St. Anne's church for Ishmael DeLisle, 300 So. 8th St., who passed away at his home Saturday after an illness of 18 months.

Very Rev. R. G. Jacques was the celebrant at the requiem high mass, which was attended by a large number of relatives and friends of the family. The floral and spiritual offerings were numerous, speaking silently of the esteem in which Mr. DeLisle was held by a host of friends.

The pallbearers were W. C. LaBelle, Frank Beaudouin, Paul Didiets, Joseph Pinal, Simeon Pouliot and Albert Cosette.

A grandson, Henry Fortier, of Racine, came to this city to attend the funeral services. Burial was in the family lot in St. Anne's cemetery.

MRS. FRED TRUOX.

Impressive funeral services were conducted at the Anderson Funeral Home Tuesday afternoon at two o'clock for Mrs. Fred Truox of Cornell who passed away early Sunday morning following an illness of three weeks due to a paralytic stroke.

Missionary L. D. Cathcart officiated at the services which were attended by many personal friends of the family.

The flowers which surrounded the casket were mute testimonials

of the favorable esteem in which the family is held by a wide circle of friends.

Inadvertently the names of Mrs. Truox's two half brothers were omitted in yesterday's issue of the paper, Walter Cook, Indianapolis, and Joseph Cook, North Burham, Ind.

Burial was in Lakeview cemetery.

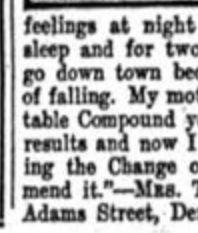

MRS. STANLEY WINKOWSKY.

The body of Mrs. Stanley Winkowsky was removed from the Allo Funeral Home to the family residence at Ferronville Tuesday afternoon, where it will remain until Thursday morning at 9 o'clock when funeral services will be held at St. Michael's church with Rev. Fr. T. Drenagis officiating at the requiem high mass. Burial will be in Ferronville cemetery.

HELPED DURING MIDDLE AGE

Woman Took Lydia E. Pinkham's Vegetable Compound

Denver, Colo.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and will take more. I am taking it as a tonic to help me through the Change of Life and I am telling many of my friends to take it as I found nothing before this to help me. I had so many bad feelings at night that I could not sleep and for two years I could not go down town because I was afraid of falling. My mother took the Vegetable Compound years ago with good results and now I am taking it during the Change of Life and recommend it."—Mrs. T. A. MILLER, 1611 Adams Street, Denver, Colorado.

Switchboard Work Shown at Exhibit of Bell Telephone

Demonstrations in the operation of a telephone switchboard, typical of those used in the ordinary telephone exchange, feature the exhibit of the Michigan Bell Telephone company at the U. P. State Fair.

In the booth also are displays of the different kinds of lead cable used by the telephone company. Private branch exchange switchboards for office use and the intercommunicating telephone sets for large homes or offices are included in the exhibit.

O. Sundquist, local manager, said that today he would add a display of the various raw and finished products used in the construction of telephone equipment, including metals, wood parts, wiring. Posters showing where the various ma-

terials, used in telephone construction, come from are also present in the booth.

Nairobi—Of 781 tractors imported by British East Africa during 1927, 59 per cent came from the United States. The tractor grows increasingly popular in the development of this great country. Kenya, more advanced than the other colonies, took 617 of 781 tractors. Tanganyika took 106, while only 58 were sent into the great territory of Nyasaland.

Three summer cottages placed side by side at Glynbourne, England, have been named "Somewhere," "Anywhere," and "Nowhere."

BIRDS-EYE HAS NOVEL EXHIBIT

Attractive Display of Veneers in U. P. State Fair

The most fastidious home builders will be greatly interested in the beautiful and extensive display of the Birds Eye Veneer company which is in the north wing of the main exposition building at the U. P. State Fair.

Visitors at the exhibit linger long at this attractive display of birds eye maple products which are manufactured in this state. The display is under the personal direction of C. J. Burns, general manager, who is assisted by Mrs. Byrns who directed the arrangement of the interiors of the booths. The section reserved for the furniture display is without a doubt the most artistic in home furnishings ever shown at state and county fairs in many years. The layout represents three rooms. The first, with a background of oak, contains a birds-eye maple dressed in the natural color, and a vanity dresser in the pasted green tints. A cedar chest in antique apricot, and various other attractive pieces of furniture done in beautiful color tones.

The middle section with a background of birch done in panel effect, contains a three-piece parlor suite in mahogany finish. The most attractive section of the display is the boudoir, which arouses the envy of all housewives and prospective brides. The walls are finished in walnut and the bedroom suite is of birds-eye veneer in a soft, delicate shade of orchid. The bed, in old Colonial style, the chiffonier, the vanity dressing table, the rocker, stool and night stand, all being of the same wood and color. The bedspread, boudoir pillows and accessories are of a corresponding color and the electric lighting effects throughout which have been installed through the courtesy of the Needham Electric company, holds the crowd of visitors fascinated and reluctant to go on farther. The many pleasing comments heard yesterday from visitors proves the popularity of the home product of which this city may well feel proud.

The entire display is surrounded by a hedge of ferns and plants, through the courtesy of the C. Peterson & Sons, florists, and adds to the attractiveness of the ensemble.

The material used in building these booths is a personal gift to Mr. Byrns by the Wisconsin & Michigan Veneer association some four years ago, following an exhibit at the Michigan Industrial Show at Detroit, when a silver lov-

ing cup was given the exhibit as first prize.

Large panels are on display, showing the twenty-eight different shades in which the veneer is finished. The color range is large and includes early American, antique peach, apricot, Cloverland amber, antique maple, pastel greens, monog, orchid, Spanish and autumn brown, Persian brown, bleached white, mother of pearl, chateau brown, rose taupe, French gray, high lighted brown, Belgian gray, antique blue, silver and dove gray, royal blue, natarolle, silver tan, and in any other shade known to artistic home builders.

Connoisseurs of wood and art who visited the booths are loud in their praise of the amount of work and time which has been spent by Mr. Byrns in bringing before the public such a magnificent array of beautiful wood harvested in the primeval forests of the upper peninsula and placed on the market at reasonable prices.

Librarians Hold Meeting in City

Members of the U. P. Library association held a round table meeting at the Carnegie Library yesterday. The meeting was presided by Miss Scerine Wellet, Negaunee, president of the U. P. Library association.

Mrs. Mary Frankhauser, Lansing, state librarian, gave an interesting talk concerning the extension work of the state library. Mrs. S. W. Brennan, president of the Escanaba Library board, spoke on the subject of "The Trustee in the Library."

Among the out-of-town guests were: Miss Margaret Smith, Marquette, Cornelia Henderson, Gladstone, Mrs. Shipman, Manistique; Miss Walker, McClurg's, Chicago.

Land Economic Survey Explains Work at Fair

The work of the land economic survey of the Michigan department of conservation is shown in an exhibit at the U. P. State Fair.

This department has made inventories of the resources of the following counties in the state: Menominee, Chippewa, Charlevoix, Ogemaw, Antrim, Roscommon, Alpena. Maps and reports of these surveys can be obtained from the department of conservation, land economic survey, Lansing, Mich.

The maps and reports show the kind, location and distribution of: (1) towns, roads, railroads, schools, dwelling houses, summer cottages and hotels, garages, cheese factories, creameries, sawmills, dams, power plants, mines, quarries; (2) the different upland, swamp and stream bottom soils such as sand, loam, clay, muck, peat, etc.; (3) the lay of the land, whether level, slightly sloping, moderately sloping or steep and hilly; (4) the lakes, rivers, streams and draining ditches; (5) the different kinds of forest growth, such as poplar, white birch, maple, yellow birch, hemlock, cedar, tamarack, spruce (including the average size and comparative density of the stand), the recently cut-over and burned-over land, the grass swamps, cranberry, sphagnum bogs, the crop land, pasture land, apparently idle and abandoned farm land, the U. S. and state forests, state game refuges, private hunting and fishing grounds, parks, summer resorts, townships, villages and industrial land; (6) who owns the land and why they own it; (7) the nature and character of the county's business and production, such as the shipments of forest, farm and fac-

tory products into and out of the county; (8) the location and character of the state-owned and tax-delinquent lands; (9) the nature, location and extent of the rocks and minerals, such as iron and copper bearing rocks, limestone, shale, clay, gravel, sand, marl, peat, mineral water, etc.; (10) the amount of undeveloped waterpower and an estimate of the undeveloped waterpower with possible dam-site and storage reservoir locations.

Pierre, S. D.—Fishermen who retrieve sealed bottles from the Missouri and Mississippi rivers between South Dakota and New Orleans anytime within the next few months may be disappointed to find nothing therein more stimulating than real estate advertisements.

A South Dakota realtor has set afloat in the Missouri 100 bottles, tightly corked and containing only an advertisement of 15,000 acres of Missouri valley land in South Dakota. The realtor hopes to reach prospective buyers among the farmers of the lower Mississippi.

Mr. Francis Boyle

FRIEND TOLD ESCANABA MAN ABOUT DRECO

Had Been Complaining For Seven Years—Got Complete Relief in One Month.

"Dreco has improved my physical condition in every way," said Mr. Francis Boyle, 118 No. 13th St., this city, in a recent conversation with the Dreco man at the Drug Dept. of the Fair Store.

"For seven long years I had been run down in health," continued Mr. Boyle, who is a tire operator at the G. & N. W. Shops. "About a month ago I read in the paper how Dreco had helped Mr. Frank Sarrow, who is a friend of mine, so I asked him about this new preparation and he advised me to start on it at once. I did this and in just one month it made a new man of me."

"I am now free of the awful distress in my stomach and I can eat anything now. The pains in my back and limbs have vanished. I can sleep soundly at night and I seem to have more strength and pep than I have had in a long, long time."

For decades physicians have prescribed the same roots, barks, herbs and leaves from which Dreco is made. In Dreco these herbs are combined with rare skill to produce the best remedy for stomach troubles, sluggish bowels, impure blood and other complaints.

The Dreco Man is now at the Drug Dept., Fair Store, where he is daily explaining the merits of Dreco to numerous local people and presenting everyone who is interested with a valuable health booklet free.—Adv.

LUMBER FIRMS HAVE DISPLAY

Forest Products Exhibit Attracts Many at State Fair

The forest products of the upper peninsula are being displayed at the Northern State Fair in a large section adjoining the Birds Eye Veneer company's display. These displays arranged show the articles manufactured in this section of the state and are attracting a great deal of attention from the many visitors at the fair.

The Wisconsin Land & Lumber company of Hermansville are showing samples of rock maple flooring, rock maple sunlight flooring and birds eye flooring. The beautiful natural grains in these woods make ideal floors in homes and the demand for this quality of merchandise is increasing daily.

The I. Stephenson Co. Trustees are showing a large assortment of flooring and wall panel wood in different qualities. Doors, windows and other articles, too numerous to mention, are shown in this booth and visitors are invited to stop and look them over.

The Munising Woodware company has a large cabinet containing samples of their manufactured goods which includes mixing bowls, ladders of every description, mashers, butter pads, rolling pins, spatulas, towel racks, clothes pins, etc. The display is very attractive.

The Von Platten, Fox company of Iron Mountain are showing samples of wood and lumber which is turned out of their mill. The plant employs a large number of men and the mills run the year around.

The Pickway Handle company of Marquette has a unique display of axe handles, hammer, tool handles of every description and this, too, is very interesting to visit.

Several pictures show the extensive plant of the Prescott company in Menominee and many visitors are looking these pictures over

carefully to make themselves familiar with the industries of the upper peninsula.

The Lloyd Manufacturing company of Menominee are showing a miniature set of reed furniture done in green and consists of a fernery, rocker, arm chair, table, settee, all made up in the latest models of reed furniture, extensively used for porch, lounging room and hotel lobbies.

The Marble Arms company of Gladstone have a wide variety of tools, cutlery, hatchets, axes, gun ramrods, gun cleaners, gun sights, compasses, and other articles which are manufactured in their large plant. Visitors at the fair are cordially invited to inspect the plant which is located only seven miles from the fair grounds.

St. Francis Hospital

The stork was busy over the week-end and a number of new residents have been registered who will vote in this city in 1949. They are the following babies who were born to Mr. and Mrs. Henry Blake, 508 So. 19th St., a son named Sherman Francis. The mother was formerly Miss Mary LeCaptain. A son to Mr. and Mrs. Charles Milkovich, a son to Mr. and Mrs. Phil Sullivan, 209 No. 11th St., city. Gladstone's population was increased by two more. A son to Mr. and Mrs. Mary Olive and a daughter to Mr. and Mrs. E. L. Carrington.

Frank J. Hamacher, 1402 First Ave., So., was admitted as a medical patient.

Mrs. Ligouri LeClair of Schafter, was admitted as a medical patient.

Walter Scott of Rapid River, submitted to an appendectomy operation and is resting easily.

Mrs. Henry Stack was admitted recently as a medical patient.

Mrs. Margaret Lina, 413 So. 7th St., who has been at Chicago for several months, was admitted yesterday.

Victor Kangas of Trenary, had a thumb amputated.

Adolph Groudin of Spalding, was admitted for treatment.

STORES CLOSE ON THURSDAY

Banks of City to Suspend Business After Noon for Fair

In compliance with Mayor William H. Needham's proclamation asking for the united observance of Escanaba-Gladstone day at the U. P. State Fair on Thursday, the retail division of the Escanaba Chamber of Commerce urges merchants of the city to close their doors after-noon tomorrow.

Banks of Escanaba will not be open at 12 o'clock noon to enable employees to attend the fair, it was announced yesterday. City and county offices are also closing for the day.

Democrats Name County Leaders in Peninsula

Willis M. Brewer, Pontiac, recently appointed chairman of the Ex-Service Men's Democratic League of Michigan, has announced the appointment of county chairman of the organization in the upper peninsula. The league, although primarily organized for participation in the present campaign, will be a permanent addition to the political organizations of the state, according to advices from the state chairman.

Appointments in the upper peninsula include: Dr. F. O. Logic, Iron Mountain, Dickinson county; A. M. Edling, Newberry, Luce county; T. B. Doyle, Menominee, Menominee county; Tom Beaton, Escanaba, Delta county; C. R. Duda, Bessemer, Gogebic county; Dan Garrett, Manistique, Schoolcraft county; F. W. Ickies, Marquette, Marquette county; and Alvin Born, Ontonagon county.

PERKINS

Rayfield Carlson was an Escanaba shopper Saturday.

Mr. and Mrs. Chas. Nordstrom and Miss Kathryn Henes spent Sunday in Escanaba.

Mr. and Mrs. Raymond Norden are occupying the Dahlstein home.

Mr. Fitzharris of Escanaba made a business trip here Tuesday.

Bud Gibbs and Eleanor Carlson attended the Fair at Escanaba Tuesday.

Mr. and Mrs. William Moran, Eileen and Billy and Mr. Eugene Pilon motored to Escanaba Tuesday evening to attend the Fair.

Oliver Miljour and Ted Sharkey made a business trip to Nahma Tuesday.

Among those who motored to Gladstone Sunday to attend the ball game were: Mr. H. D. Gibbs, Harry Norden, Betty Gibbs, Rayfield Carlson, Loretta Gibbs and Eleanor Carlson.

Mr. and Mrs. William Cohen, daughter Shirley Ann and son Billy of Manitowoc, Wisconsin, motored here Sunday. They will visit a few days here with Mrs. Cohen's brother Wm. Shorkey Jr. and her mother, Mrs. W. Shorkey of Gwin.

Titus Hall and Henry Soderstrom motored to Gladstone Sunday night.

Mr. and Mrs. Arthur Besaw motored to Escanaba Saturday where they visited their daughter, Mrs. Manley Rogers.

Bud Gibbs and Ted Shorkey

BRIEFLY TOLD

St. Anne's P. T. A.—Activities of St. Anne's P. T. A. for the present school year will begin this afternoon, with the first regular meeting being held in St. Anne's hall at 3:30 o'clock. A committee chairman will also be appointed. A large attendance is desired.

Terrace Gardens—Johnson's Dance Kings of Iron Mountain will open a four-day dancing program at Terrace Gardens tonight. The dance starts at 10 p. m. Tomorrow night the Ditzle Entertainers will play.

Passes Bar Exams: Denis McGinn of Escanaba passed the state bar examinations held at Lansing last week, and will be associated with Atty. H. J. Rushton in the practice of law here. He came to this city about two months ago, having previously lived at Marquette and Iron Mountain. McGinn was a member of the varsity basketball and football teams while attending the University of North Dakota.

In the past four years 151,000 boxes of apples from the United States were eaten in Norway.

Takes Great Pleasure in Extending a hearty

Welcome

To all visitors at the Upper Peninsula's First State Fair.

THE new motors are almost as fast, hot, and tightly fitted as aeroplane engines. Old-style oils won't do. Veedol is a new-style oil, entirely re-formulated.

These modern oils now give:

- Greater Motor Protection. They are heavier bodied, and super heat resisting.
- Greater Mileage. They are tougher. They last longer.
- Greater Economy. They cut operating costs and save expensive engine repairs.

THERE isn't a car on the market, and there won't be for years to come, that can break down the New Veedol or burn it up. Try it. Its superiority is plain, and easy to prove... At the orange and black Veedol sign.

U. P. Airways Planes Approved by Inspector; Arntzen Given License

The U. P. Airways, Inc., now bears the stamp of approval of the aeronautics division of the U. S. department of commerce after successfully undergoing yesterday the rigid inspection of O. D. Murphy, inspector for the Michigan territory. Murphy was accompanied by Lieut. Charles W. Engle, commandant of the Iron Mountain post of state police, which organization is cooperating with the federal department in the enforcement of air commerce regulations.

The "swallow" biplane, purchased by the U. P. Airways, Inc., last April, was found to be in perfect condition throughout by Inspector Murphy in submitting the craft to thorough tests of its engine, wing structure, fuselage and other parts. "Wallie" Arntzen, chief pilot of the local aviation concern, also passed the examinations for a limited commercial pilot's license and a mechanic's license.

Bonen's Plane Okeh

Joseph Bonen's Waco biplane also was okeh'd by the federal inspector. Bonen has also applied for a limited commercial pilot's license and will complete his examinations today. Alfred Ingebrigtzen, student aviator, has applied for a mechanic's license. Paul Novack, another local flyer who keeps his American Eagle plane at the airport, was unable to take his examination yesterday because of the press of other duties, but plans to take the tests in the near future.

Mr. Murphy stated that he was surprised to find that aviation had made such rapid strides in this region, and he classed the local landing field as one of the best he has visited in the north lakes region.

"The field is large enough for the landing of the larger type of aircraft," Mr. Murphy said. "The

prevailing winds here are of northerly and southerly direction, which is very advantageous on this field. The surface of the field is in fine condition, and the hangar building is exceptionally good."

Field Being Enlarged

Additional acreage is being cleared off this week to give more room for the landing of the Army planes which will come here on Thursday for the dedication exercises to be held at the airport. The enlarged field now has a north and south runway of 23-00 feet and the east and west lane is 1000 feet.

Of late, there has been considerable discussion as to whether there is a state law governing the licensing of pilots. Mr. Murphy reports that there is such a law, which in substance embodies all the requirements set forth by the department of commerce. The state police aid in the enforcement of these laws.

According to the law, all airplanes and pilots must be licensed under the aeronautics division of the U. S. department of commerce in order to carry passengers for pay. This also includes the teaching of students, where a fee is charged for the training. Mr. Murphy explains that the department of commerce regulations, however, do not prohibit an unlicensed pilot from taking up a passenger free of charge, since this cannot be considered as commerce.

Definition of Licenses

Definitions of the various licenses which can be procured by pilots were given by the inspector. A limited commercial license entitles the pilot to operate his plane in a commercial way within a radius of 10 miles. Before such a license is granted, the pilot must pass tests in plane control, engine technique, air traffic rules, air commerce regulations, and prac-

Faces Impeachment

Chief of Police Harry Anderson, of Evansville, Ind., who has been involved, by councilmanic action, with other city officials, in a political scandal, faces impeachment charges. Vice conditions in the city prompted the charges.

tical flight work. He also must have fifty hours of solo flying. A transport license allows the pilot to go anywhere at any time with any kind of cargoes. The requirements are 200 hours of solo flying, the meeting of the requirements demanded for a limited commercial license and in addition the passing of examinations in navigation, meteorology, more rigid flight tests.

Mr. Murphy will attend the dedication exercises at the air field on Thursday, and will go to Blaney for the field dedication there today.

The clean-bill of health given to the U. P. Airways' equipment and personnel will without doubt advance the cause of aviation in his territory, serving to instill

confidence in the minds of the public that Escanaba's airport is an asset to the community.

"The inspection by the U. S. department of commerce was welcomed by us for it serves to show that our equipment and personnel are of high order," C. Harold Wescoat, general manager of the U. P. Airways said yesterday. "The fact that we have met the requirements will cause the general public to have greater confidence for the future of aviation in the upper peninsula. Unlicensed planes, which are not airworthy, are only obstacles in the path of aviation."

Mr. Murphy stated that, the Swallow plane bore evidences of having been kept in fine shape at all times, which is of credit to "Wallie" Arntzen, chief pilot, and Paul Jacobson, shop foreman, who have charge of the maintenance work.

To Remove "Safety Islands" in Paris

Paris (P)—Safety islands in busy streets have not proved to be unmix'd blessings, and many are to be removed.

Both pedestrians and automobile drivers have charged the low cement refuges with many accidents. Cars often drive into them even at night when they are lighted, and people afoot are often tripped by them while watching traffic or dodging street cars.

London (P)—A leading hatter reports five times as many "top" pers are being bought now as in 1923.

Shoe Color Affects Foot Temperatures

Indianapolis, Ind. (P)—Colors in the shoes are largely a matter of style or individual preference, but they may be made to serve a purpose in regulating foot temperatures, says a report submitted to the National Association of Chiropractors-Podiatrists, in convention here.

In reporting results of a four-year survey on the effects of leathers on foot health, the department of educational research of the association set forth:

"Light colors in the leather kept the feet at body temperature during the day. Black leather accomplishes this same purpose after sundown."

GRAHAM-PAIGE

at the
FAIR...

We cordially invite you to inspect the display of Graham-Paige motor cars at the Fair. The public reception these motor cars are receiving is best shown by the fact that six months' sales during 1928 exceeded any twelve months in eighteen years. We believe you will appreciate the beauty, modern design, sound construction, substantial value, and particularly the fine performance of the four speed transmission (standard gear shift—two high speeds) of these motor cars. See this new line of cars at the Fair.

Five chassis—sixes and eights—prices ranging from \$860 to \$2485. Car illustrated is Model 614, five-passenger Sedan, with 4-speed transmission (standard gear shift); \$1295. All prices f. o. b. Detroit.

Fair Enough!

Automobile owners will find plenty of free parking space on the space on the east side of U. S. highway No. 2, in the plot formerly occupied by the buildings which were moved across the road; also to the north of the old Danforth road north of the fair grounds. The said parking space is south of the grounds, along the concrete highway.

The horse pulling contest at 10 o'clock this morning is expected to draw a big gallery. Some of the best teams in Escanaba and Delta county are going to contest for the right to represent Delta in the peninsula heavyweight finals on Friday.

Today's racing program will begin promptly at 1:30 o'clock. The races and the circus features occupy more than three hours.

Commissioner Herbert E. Powell of the state department of agriculture, occupied a box with President August A. Landgaard of the U. P. Fair board, yesterday afternoon. He has expressed his pleasure at the start the fair is getting, this year, and is giving the board many valuable suggestions for improvements.

An entire section of the north wing of the exposition building is devoted to a display of diseased meat found in cattle and poultry which are infected with tuberculosis.

This exhibit is very educational insofar as it points out the danger which lies in the use of milk and eggs from tubercular cattle and poultry.

There are samples of diseased meat, such as lungs, ribs, liver, spleen, etc., pig intestines filled with worms and one wonders how a porker can live, having so many worms.

The danger lies in the milk and eggs used from these infected cattle which spreads the germs of tuberculosis among children and adults. Many fathers and mothers wonder where their child contracted such a dread disease and if the matter were carefully investigated the true cause would be found. Meats are all inspected by the federal government and Michigan

holds second place in the country, as practically every territory is tested regularly and these cattle and poultry are culled from the regular herd or flock and only the perfect ones are allowed to furnish the foods which are so essential in our daily menu.

Visitors at the fair are urged to visit this department in the north wing of the exposition building and after seeing what the government is doing to free cattle and poultry of this dread disease, then perhaps some of the work will be more appreciated.

An Al Smith booth at the fair is attracting considerable attention. The booth is decorated with pictures of the Democratic nominee, Democratic campaign slogans and the national colors. Badges, auto plates and Smith literature are being distributed and an enrollment of Smith supporters is being made. Gerald J. Cleary, Delta county chairman, is in charge.

Friday is Children's Day at the U. P. State Fair, and schools of the city will be closed to let the youngsters to attend. Among the events which will be of special interest to the children will be the "Safety City" exhibit, the public health booth, and the exhibits of the work done by the school children throughout the peninsula.

"Bide a wee" as the Scotchman says, or "linger a while" and "look us over," chirped a large number of pretty little birds in a large cage in the center of the floor in the exposition building, as we were passing by, and stopping to look at this display we found there were forty beautiful German rollers. These pretty canaries are the property of Albert Caswell of Rapid River and they are being offered for sale. Everyone of the birds is from the spring hatching.

Of special interest is the canning and pickling department under the direction of Mrs. J. Ammel of this city and Mrs. Russell Howard of Marquette. The display is unusually large and many kinds of jams, jellies, preserves, conserves, canned goods and pickles are very interesting.

Blue, red and white ribbons were proudly displayed yesterday after the judging had taken place. The large assortment contains many of the usual fruit and vegetable

but many combinations are also shown. Listed among the miscellaneous exhibits are an 18-pound cake of beeswax, strained honey, maple syrup, canned mushrooms, pumpkin, hot pack, and many other vegetables in both hot and cold pack. Valuable information is gained by looking over this department carefully and the ladies in charge spoke highly of the manner in which the fruit and other articles were brought to the fair. The containers were neat and uniform in size and shape and one family drove all night from Bessemer to this city to bring their canned goods here for the display. The various exhibits are from every county in the upper peninsula, as far north as Siskiwit and others from points west as far as Ironwood.

A delegation of about one hundred citizens of Norway and other Dickinson county communities will come by motor on Thursday to attend the U. P. State Fair, according to word received here last night by Art Lonsdorf, Dickinson county agent, who is one of the livestock judges here. Arrangements are being made to have the Ironwood band greet the Dickinson delegation upon their arrival at the fair ground gates.

A missing calf caused consternation among Dickinson county livestock men who brought exhibits to the U. P. State Fair. The calf was needed to complete the cord of 12 head which intended to enter the county herd competition, and was feared that the loss of the calf would prevent the Dickinson herd from entering. However, a truck was dispatched to Felch yesterday to get

Each year some housewife springs a surprise by presenting at the fair some new dish or food which she has prepared and of which she may be proud and these women who cook and work all day in kitchens are amply rewarded for their efforts when their home canned meats and chicken are awarded prizes at fairs.

Some very tempting mason jars contain canned beef, canned park canned chicken fried or stewed and Oh how good they look. The pork fat seals the contents when it coagulates and the jelatin forming around the meat make a shining transparent covering over the meat entirely protecting it from spoiling. The fried

chicken with star carrot garnish is specially appetizing. Vinegars made from fruit juices are shown in the following order: strawberry, raspberry, apple or cider, and dandelion. Laureman's Store has a fine display of paints oils, varnishes and other household necessities in the main building. The various displays in this booth are very attractive especially to any one interested in home decorating and painting.

The Clark Grave Vault Co., of Columbus, Ohio, have a display of steel vaults which are used in many of the cemeteries throughout the country. Everyone is urged to register at the Fair Store booth as many interesting features are centered in the display shown there. The electric sweepers, washers and ironers which are today making housework so very interesting and so much more attractive when women can let these electrical devices do the work for them.

"How to select a melon" an interesting feature of the state agricultural exhibit is explained in the main building near the fancy work department. How many of you know that the stem, the veining and the aroma are very essential in choosing a melon for table use. If you wish to know how to select this most delicious fruit visit this section and have the men in charge give a demonstration free of charge.

Occupying places of honor are a number of ships, which are shown in the main building. These range from schooners, sail boats and larger ships of various types. Some are ten inches in length others are two feet long. The workmanship on these ships is well worth a visit at this section.

Safety Essay Contest to be Conducted Here

An essay writing contest, based on the traffic problems depicted in the "Safety City" exhibit at the U. P. State Fair, will be conducted among high school seniors in this city this week. It was announced yesterday by Frank Emery of the Michigan Mutual Liability com-

pany, who is in charge of the exhibit. The state police are co-operating in the project.

To the ten students who turn in the best essays of 250 words, giving a description of the various accidents and their idea of how they could have been avoided through observance of traffic rules and regulations, will be given the de luxe "Lucky Lady" medallions, together with a story of Lindbergh's memorable non-stop flight from New York to Paris. A bronze plaque of Theodore Roosevelt will also be awarded to both the Escanaba and St. Joseph high schools.

and regulations, will be given the de luxe "Lucky Lady" medallions, together with a story of Lindbergh's memorable non-stop flight from New York to Paris. A bronze plaque of Theodore Roosevelt will also be awarded to both the Escanaba and St. Joseph high schools.

Mr. Emery will be the principal speaker at the general assembly at the high school auditorium on Thursday. His talk will deal at length with the history and development of the state of Michigan, winding up with comments on the various phases of safety work.

Paris—Increasing hostility in French literary circles toward the Academy has seemed only to increase the number of persons seeking membership in that robed body. Twenty-seven candidates have entered their names for the seat vacated by the recent death of the dramatist, Francois de Curel.

Carrying more than a ton of gold, an air liner recently made a non-stop flight from London to Cologne, Germany, in three hours.

AMUSEMENTS

AT THE DELFT.

Hollywood's latest Cinderella is fast becoming the belle of the cinematic ball. She is Anita Page, one of the most talented of this year's crop of "finds." Miss Page had no sooner made her screen debut as leading lady in support of William Haines, than she was cast in one of the three principal feminine parts in "Our Dancing Daughters," a Cosmopolitan production for Metro-Goldwyn-Mayer, which comes to the Delft today.

This seventeen-year-old player is an M-G-M discovery, and this is her second camera appearance. She plays the part of a super girl digger and does it with a finesse that many a seasoned trouper might envy.

Johnny Mack Brown and Dorothy Sebastian share the honors with her in support of Joan Crawford in the production, which is directed by Harry Beaumont.

AT THE STRAND.

Joan Crawford, Dorothy Sebastian and Anita Page share the leading feminine roles in "Our Dancing Daughters," a Cosmopolitan picture, made by M-G-M which comes today to the Strand. They each choose different paths to happiness and that makes the ultra-modern plot, Johnny Mack Brown has the male lead and the

stellar cast includes Nils Asther, Kathryn Williams and Eddie Nugent. Harry Beaumont directed from an original story by Josephine Lovett.

Nearly 1,000,000 pounds of rayon will be produced in the United States this year.

Fair Visitors

CITY BRIEFS

Mrs. Clarence Lambert has returned from a month's visit in Oklahoma, Tennessee and other points in the South.

Harold Boyle has gone to Milwaukee where he will attend the Marquette University Law school.

Charles E. Williams of Milwaukee is spending two weeks with relatives and friends here.

Mrs. J. E. Haaranan has returned from Green Bay where she attended the funeral of her sister, Miss Clo Tennis.

C. H. Nelson and J. G. Back left last night for Madison to continue their studies at the University of Wisconsin.

Mrs. A. L. Gaborie of Milwaukee is visiting in the city.

Madame Parry, boys' teacher of Chicago, is a guest at the home of Atty. and Mrs. James E. Frost, Lake Shore Drive. Madame Parry is Mrs. Frost's former teacher.

Mrs. Jacob Snelizer of Neenah, Wis., is visiting at the home of Mrs. Gertrude Jaegers at Ford River.

Mr. and Mrs. Emil Labelle of Flat Rock were visitors at the state fair yesterday.

Henry Olson has returned to Moline, Ill., after visiting for two weeks at the home of his parents, Mr. and Mrs. Gunnar Olson, 1023 First avenue north. He was accompanied by his mother as far as Chicago.

Frank Gunville who is a patient at Pinecrest sanatorium, is spending a few days with his family here.

Mrs. S. Remontini of Loretto is spending a few days in the city while attending the fair.

Sam Marcot of Green Bay is in the city attending the fair and the horse races. Mr. Marcot has been attending fairs and races in this city for the past twenty-five years.

Mr. and Mrs. Albert Villamare have returned from a wedding trip to Petoskey and other points in Lower Michigan.

Mr. and Mrs. Sanford Herrod and children of Cornell attended the fair yesterday.

Mr. and Mrs. Frank Gruener of Cornell were visitors in the city yesterday.

Mr. and Mrs. Peter Blake of Bark River attended the fair yesterday.

BRIEFLY TOLD

Barr P. T. A.—The Parent-Teacher association of the Barr school will hold the first meeting of the year at the school at 4 o'clock this afternoon. Dr. Poole of the state department of health will give a talk on toxin and anti-toxin. Refreshments will be served.

Swimmers of the English Channel may use foot-fins in their attempts. The novelty, which has just been introduced into England, consists of small wings attached to the shoes. When the swimmer draws his legs in the preparatory stroke the fins close, and offer little resistance in passing through the water. As he kicks, they open and double the effectiveness of the stroke.

Under the new voting bill in England, which gives equal franchise to men and women, the latter will outnumber the men by more than 2,000,000.

MARATHON IS STILL GOING

Dancers at Coliseum Pass 100-Hour Mark at 3 A. M.

Hour in, hour out, day and night, while the rest of the world is working, eating, sleeping and enjoying itself, the marathon dancers at the Coliseum keep up the constant grind. The century was reached at 3 o'clock this morning with eight couples still fighting desperately to keep awake and to keep moving in an effort to win the \$2,500 prize.

The following eight couples have completed the 100 hour test: Mr. and Mrs. Ed. Hanson, Escanaba; Frank Decaire, Escanaba; and Unice Johnson, Powers; Louis Coolman and Joyce Lindstrom, Escanaba; Peter Staudohar and Anne Staudohar, Iron Mountain; Gordon Bailey and Fern Liberty, Escanaba; Harry Stark, Marinette, and Dorothy Shepock, Menominee; Rudolph Sydmark, Escanaba; and Vivian Seely, Gladstone; Colombo D'Andrea and Louise Duchaine, Iron Mountain.

All contestants appeared in good condition at the end of the 100 hours, and some even declared they felt better than at the end of the first five hours.

"It's not so hard to keep awake now," Joyce Lindstrom said as she tripped the light fantastic with her partner, Louis Coolman. "But it sure was terrible about 4 o'clock Saturday morning. I felt like quitting then, but now I believe I can keep dancing for two weeks."

Coolman, who threw down the printer's rule to enter the marathon race, was still stepping in his characteristic lively fashion last night, feeling no ill-effects from the long work out. Louis has no vaudeville aspirations like some of the other contestants, and when the dance is

over he is going back to the print shop. Colombo D'Andrea of Iron Mountain, who according to the observations of many spectators would make a good double for Jack Dempsey, in the movies, was feeling as fit as a fiddle last night. D'Andrea played on the Iron Mountain high school football team for several seasons, and is a fine example of wonderful physique through athletic competition. His partner, Louise Duchaine, is just a sprit of a girl, weighing about 95 pounds, and very attractive. She seemed to be somewhat tired early this morning.

By the expressed wish of the Prince of Wales only British-made automobiles will be used during his trip to South Africa.

Mexico to Open Big Areas
Mexico is planning an extensive project for adding thousands of acres of land in the western part of the country. An irrigation canal from Tesla to Hustabampo, Mayo Valley, will cost \$500,000 and irrigate and drain large areas. A vast project for increasing areas in Yapu Valley, recently acquired by the government from Americans, is also planned.

Foot-Fins for Channel Try
Although 101 years old, Edward Gillespie, of Thor, Ireland, recently rescued a youth from drowning in the river near his home. Gillespie jumped into the water, fully clothed, reached the lad in mid-stream, and managed to get back to the bank with him.

Fair Visitors Welcome

We invite you to visit our display of Overstuffed Furniture in the Birds Eye Veneer Company booth at the U. P. State Fair. This is a fair sample of the custom-built furniture we build in our own shops—an Upper Peninsula product well worth seeing.

We specialize in complete suites and odd pieces for the Living Room and Bedroom—built to order.

When in the city visit our display rooms at 605 Ludington Street.

CITIZENSHIP MEET TONIGHT

Gathering Sponsored by John Ericsson Republican League

Manistique Will Send Big Crowd To U. P. State Fair

Thursday will probably be Manistique day at the Upper Peninsula state fair in Escanaba. Plans indicate a big representation of local residents at the fair on that day, and a number of business places are considering closing to allow employees to attend.

Thursday will also be Escanaba-Gladstone day, and will mark the dedication of the Escanaba airport, with Gov. Fred W. Green and other notables as guests at the fair.

The governor will be in Blaney Friday afternoon to take part in the dedication of the new Blaney Park airfield, an event which will also be attended by a large number of Manistique people.

Staff of "Crier" Has Been Appointed

Organization of the staff of the M. H. S. Crier, Manistique high school student publication, was announced with the issuance of the first number last week. The paper is published bi-weekly, on Tuesdays.

The staff includes: Ethel Scott—Editor-in-chief, Alice Tucker—Managing editor, Donnell Sigler—Business manager, Carleton Walker—Sports, Helen McLaughlin, Ruth Peterson—Literary, Aileen Waters, Helen Katzenstein, Bessie Lou Ranier—Reporters, Miss Orpha McNeill—Faculty advisor.

City's Finances In Excellent Condition

Finances of the city of Manistique are in excellent condition this year, showing a marked improvement over 1927, according to records of city treasurer James Christensen.

Tax collections have maintained a total since July 1 slightly ahead of last year, the last report showing \$57,410, compared with \$57,270, recorded for the same period last year. In addition, a number of old debts carried over from 1927, amounting to over \$9,000, have been paid, and the city has \$10,000 in the treasury.

Central P. T. A. To Begin Activities

Activities of the Central P. T. A. will start tonight at 7:30 with a special meeting called by Henry Gauthier, president of the organization. The meeting will be in the kindergarten room at Central school. Due to the fact that this is the first gathering of the school year a good attendance is desired, and all members, parents or others interested are urged to be present.

Hiawatha Man Hurt When Hit by Auto

Ike Tennant, 51, of Hiawatha, received broken bones in his arm when struck by an automobile at the fair grounds last week. He was knocked down by a machine backing up from its parking place. The driver of the car was not identified.

MAN AND WIFE

Inquire Daily Press, Manistique

CITY BRIEFS

Mr. and Mrs. George Kinastig and sons Teddy and Donald left Saturday by motor for Monroe, Mich., and are gone one week.

Mrs. W. E. Thomson has returned from a two months visit with relatives and friends in Montana.

Miss Elizabeth Brusie left Saturday for Ann Arbor where she is a student at the University of Michigan.

Dr. and Mrs. C. M. Sigler left Monday by motor for Escanaba where they will attend the State Fair.

The meeting of the Golden Star has been changed from Friday evening to Thursday evening at eight o'clock at the Odd Fellows hall.

Mr. and Mrs. G. J. Nicholson returned Monday morning from a few days business trip to Chicago.

Mr. and Mrs. Ross Collier motored to Escanaba Monday to attend the State Fair.

The Misses Hazel and Rhoda Wickire have left for a trip to Grand Haven. They expect to be gone one week.

Mr. and Mrs. Charles Orr and daughter Edith and Miss Lena Foye left Sunday by motor for Chicago. They will be gone a week.

A son was born Monday to Mr. and Mrs. Orin Burrell, 301 Bear street, Manistique.

Mr. and Mrs. Vern Linderth left Monday for a vacation trip around Lake Michigan.

Mrs. Jesse Ward has returned to her home at Big Rapids after a two weeks visit with her parents, Mr. and Mrs. George Marks, Sr.

New Press Delivery Plan Adopted for Manistique City

Because of irregularity in train arrivals, the Daily Press has established a new policy in carrier route deliveries at Manistique, effective with the beginning of this week.

Instead of starting their deliveries at any hour in the morning made convenient by their school duties, carriers all over the city, westside included, are now getting their papers at 10:30, and all boys have been excused from school for the last morning period in order to give morning service to their customers.

This arrangement is expected to give more uniform deliveries throughout Manistique, in keeping with the Press policy for improved service to subscribers. Boys are now getting excused from school at 10:15, and must start work on their routes immediately after receiving their papers from the central distributing point in the Daily Press office. Patrons who do not receive morning service are asked to notify the office, phone 155.

Freshman Class Is Larger Than Usual

With a total enrollment greater than that of the combined junior and senior classes, the freshmen class at Manistique high is larger than it has been for several years. The total number of students attending school this week was 312, distributed by classes as follows: Freshmen—129, Juniors—73, sophomores—67, seniors—43.

MEET TODAY

Officers will be hostesses at the Catholic Ladies' Aid meeting today at 2:30 p. m. The session will be in the St. Francis de Sales school basement.

Funeral Services For Mrs. Martin Held on Monday

Funeral services were held at Manistique Monday at 2:30 p. m. for Mrs. Minnie Martin, wife of William Martin, Whitetale. The last rites were held at the Russell Leonard home, Garden avenue, with the Rev. C. S. Riley of the Manistique M. E. church officiating.

Mrs. Martin was born October 17, 1868, at Elkhardt, Ind., and died September 14. She leaves a husband and eight children. The latter include: Mrs. George Leonard, Munising; Foster Martin, Detroit; Ray, Manistique; Lloyd, Iron Mountain; Mrs. W. L. Wabben, Marquette; Gilbert Martin, Elkhardt, Ind.; Marguerite of Whitetale. There are also three sisters and two brothers. Mrs. Lettie Gudney, Detroit, was the only one present for the funeral services.

GOOD GUESSEER

Guessing within eight pennies of the correct total, W. D. Johnson of Soo, Ont., was the winner of the \$10 savings account offered by the State Savings Bank of Manistique to the person guessing closest the number of pennies contained in a jar at their county fair booth. The correct amount of pennies in the container was 3,761. Mr. Johnson's estimate being 4,763. Other close guesses were: Mrs. O. Swanson, Alger avenue, 4749; Floyd Bryner, McMillan, 4747; Leon Willoughby, 4777; Ray Prime 4786.

WHITE-GOSSICK

Word has been received in Manistique of the marriage of Miss Alta White, formerly of this city, to Paul Kenneth Gossick of Pontiac. The ceremony was performed Sept. 15, and the couple will make their home at Pontiac.

Mrs. Gossick is the daughter of Mrs. Charles Marin, N. Houghton avenue.

Mrs. Gossick is the daughter of Mrs. Charles Marin, N. Houghton avenue.

CARD OF THANKS

We wish to extend our sincere appreciation to the kind neighbors and friends who so thoughtfully aided and comforted us during our recent bereavement, where we lost our dear wife and mother.

Wm. Martin and family.

ENTERTAINS AT DINNER

Mrs. Leon Nicholson entertained a number of guests at a noon-day dinner Sunday at Bear Creek Lodge, Blaney.

BARTHELMESS AT GERO.

If a nail, projecting from a wall, impales a person thrown violently against it, and that person dies from the wound, who is the murderer—the assailant or the nail, which he didn't know was there?

This perplexing situation is shown in "The Wheel of Chance," the dramatic First National picture starring Richard Barthelmess at the Gero Theatre, today.

It results in the accused man being freed after his virtual conviction for the murder of his sweetheart.

Alfred Santell directed this masterful film, one of the most powerful in the entire screen career of Barthelmess.

BIG GLADSTONE ATTENDANCE AT STATE FAIR

Large numbers of Gladstone people are attending the Upper Peninsula State fair in progress this week at the state fair grounds, Escanaba.

The biggest Gladstone attendance will be on Thursday, known as Gladstone-Escanaba day, with indications that all attendance records for this day will be broken.

Thursday will be a half holiday in Gladstone, all business activities ceasing at noon, to permit attendance at the fair.

REV. CARLSON SPEAKS TONIGHT

Sermon in English at Second Meeting of Mission Conference

The second meeting of the Bible conference which opened Tuesday at the Swedish Mission church of this city, will be held this evening at 7:30 o'clock.

The sermon will be in English and will be delivered by Rev. O. W. Carlson, of Chicago. The subject will be "What Signs Will be Found in the World Before Christ Comes?"

Thursday evening the sermon will be in the Swedish language, with Rev. I. Hoyem, of St. Cloud, Minn., formerly pastor of the Mission church here. Rev. Hoyem will speak on "What Signs Will be Found in the Church Before Christ Comes?"

This service will also begin at 7:30 o'clock.

Friday there will be a meeting conducted in the Swedish language, at 3 o'clock in the afternoon, and a meeting with sermons in both Swedish and English in the evening.

There will be no Saturday meetings.

The conference will come to a close on Sunday.

Sessions of the conference opened Tuesday, with a large attendance at the opening meeting.

The conference speakers are Rev. O. W. Carlson, Chicago; Rev. I. Hoyem, St. Cloud, Minn.; Rev. J. H. Hanson, Escanaba.

Everyone is cordially invited to attend the meetings.

P-T-A HOLDS MEETING AT KINDERGARTEN

The Parent-Teacher association of Gladstone will hold a meeting this evening at 8 o'clock in the kindergarten building.

A report on the activities of the past year will be given by Mrs. Fred Fillmore, who is the retiring president.

All members of the units and all others, not members, but interested in the work, are asked to be present and a special invitation is extended by Mrs. Roland Hale, new president of the association.

MATTSON PAYS COSTS AFTER CAR SMASH-UP

Felix Mattson, paid costs of \$6.50 and turned his driver's license in for one month, in preference to spending ten days in the county jail, following a car accident in which he figured Sunday morning at 3 o'clock at the intersection of Thirteenth street and the Bay Shore.

Mattson, who was on his way home, was driving down Thirteenth street onto the Bay Shore when the accident occurred. The occupants of the other car, a college Ford, in which three students were riding, coming from Flint, saw the Mattson car turning to the left, and turned right. Mattson, however, thinking to avoid hitting them, swung to the right, at the same time that the driver of the Ford, also with the same idea in mind, turned back to the left.

The Mattson car hit the Ford, smashing the fenders. Damages to the Mattson car included a bent fender and broken spokes in the wheel.

Charges against Mattson were brought by Officer Earl LaBumbard and Chief Erick Lindahl.

FRESHMAN GIVEN HAZING BY ELDERS

Considerable stir was occasioned in Gladstone Monday night, when upper classmen in Gladstone high school, undertook some private hazing of the newly arrived freshmen.

Various stunts were involved in the activities engaged in during the evening.

The stunts were taken as good fun by some of the victims, while others raised strenuous objections.

FIRST MEETING OF YEAR ON FRIDAY NIGHT

The opening fall meeting of the B. A. E. A. will be held Friday evening, September 21, at Wassa hall.

There will be a business meeting and a dance following.

Brother Street of Chicago, assistant secretary of the national order, will be a guest at the meeting.

Everyone is invited to attend.

WASA ORDER MEMBERS TO MEET TONIGHT

A meeting of Wassa Order will be held this evening at 7:30 o'clock at Wassa Hall.

All members are asked to be present and to be there on time.

The meeting will be adjourned and Wassa Order members will join with the gathering of Gladstone citizens of Scandinavian extraction, at which Mr. Frank Torell will speak and will show pictures of Lindbergh's flights and receptions in Europe and in this country.

Following this there will be a social time, a pie and flower auction, dancing and a lunch.

PRAYER MEETING THURSDAY NIGHT

Prayer meeting and Bible study will be held Thursday evening at 7:30 o'clock at Alice Memorial Methodist Episcopal church, Rev. H. W. Colenso, pastor of the church, announced yesterday. Regular services will be conducted by the pastor on Sunday.

TRAFFIC VIOLATION, RAYS FINE AND COSTS

Magnus Wilberg, arrested September 14, by Officer Torval Kallerson, entered a plea of guilty to charges of violation of the speed limit on Delta avenue, on September 13. He paid a fine and costs of \$16.50, in preference to a ten day jail sentence.

AT THE RIALTO

Father and son love is the theme of "Sorrell and Son," Herbert Brennon's production of Warwick Deeping's best-selling novel, made into a United Artists Picture, and offered at the Rialto Theatre.

H. B. Warner appears as Stephen Sorrell, and Mickey McBan and Nils Asther enact, respectively, the child Kit and the matured Kit Sorrell. The notable cast includes Anna Q. Nilson as Dora Sorrell; Carmel Myers as Florence Palfrey; Norman Trevor as Thomas Roland; Alice Joyce as Fanny Garland; Mary Nolan as Molly Roland; and Louis Wolheim as Sergeant Buck.

Manager John Vogt of the Rialto Theatre said that in presenting "Sorrell and Son" to his patrons at popular prices he felt he was announcing presentation at his theatre of one of the five greatest motion pictures ever made.

CITY BRIEFS

Mrs. Theodore Menard of this city left Chicago Sunday morning for Nebraska where she will visit with her brother, Isaac Boyer. Mrs. Menard spent three days in Chicago as a guest at the Fred Menard home.

Miss Katherine Call left Sunday for Detroit where she will resume her duties at the Highland Park hospital, after visiting here with her parents, Mr. and Mrs. M. I. Call, Mr. Max Kirkstein, of Detroit, who was a guest at the Call home during the past week, and Mrs. Emma Cameron, who is one her way to Buffalo, accompanied Miss Call to Detroit.

Peter Leonhardt of Sturgeon Bay, Wis., is visiting at the home of his sister, Mrs. M. I. Call. Mrs. Leonhardt is representing the International Harvester company at the Upper Peninsula State fair.

Mrs. Robert Mathison is visiting in Sault Ste. Marie, Mich.

Mrs. Emma Cameron has left for Buffalo where she will visit relatives.

Mr. and Mrs. James Mackie left last night for Minneapolis where they will both consult specialists.

Dean Sword of Birmingham, Ala., is spending a few days here visiting with his nephews, B. B. Sword, Sr., and Sherman Sword.

Mrs. Geneva Stewart of this city and Mrs. Alfred Swanson of Limestone spent yesterday in Menominee.

Miss Christine MacMillan left this morning for Ypsilanti, Mich., to resume her studies at the State Teachers' college, after spending the summer months with her parents, Mr. and Mrs. Hugh MacMillan.

Mrs. Swanson of Limestone, is visiting here with Mrs. Geneva Stewart.

Mr. and Mrs. Harry Olive are the parents of a son, born Monday morning at the St. Francis hospital, Escanaba. Both mother and baby are doing nicely.

REV. COLENZO RETURNS HERE

Conference at Sault Ste. Marie Closes After Week's Sessions

Rev. and Mrs. H. W. Colenso and son, Jim, returned to Gladstone Tuesday from Sault Ste. Marie, Mich., where Rev. Mr. Colenso attended the annual Detroit Methodist Episcopal conference.

Rev. Mr. Colenso's appointment to continuation of the pastorate of Alice Memorial Methodist Episcopal church of this city was among those made by Bishop Thomas Nicholson, who presided at the conference and who confirmed appointments as one of the close official acts of the conference sessions.

Rev. Mr. Colenso has been pastor of Alice Memorial Methodist church for the past several years and his appointment is a matter in which the members of his congregation and the community in general will take considerable satisfaction.

Opened Sept. 12

Sessions of the annual conference opened at Sault Ste. Marie on September 12, continuing for one week.

Mrs. Colenso and Jim visited in Sault Ste. Marie as the guest of relatives while the pastor was in attendance at the conference sessions.

The trip to and from Sault Ste. Marie was made by motor.

LIBRARIAN AT MEETING IN ESCANABA

Miss Cornelia Henderson, librarian of the Gladstone library, was in Escanaba Tuesday, in attendance at the upper peninsula round table meeting.

The meeting, attended by librarians from all parts of the peninsula, was held at the Carnegie public library, with discussion of various problems featuring it.

The principal speakers were Mrs. Mrs. Frankhauser, state librarian, and Mrs. S. W. Brennan, president of the Escanaba library board.

Sessions were held both in the morning and the afternoon.

COMMITTEE ON BAZAAR MEETS MONDAY

Members of the special committee appointed to take charge of the bazaar which Kronan lodge will conduct on October 10, will meet Monday evening at the M. D. Mathison home.

Plans and details of arrangements for the bazaar will be completed at this meeting.

The committee is: Carl Widar, Gust Larson, August Froberg, Mrs. Adolph Ayotte, Mrs. Hoken Dahle and Mrs. M. D. Mathison.

KRONAN LODGE INVITED TO BIG MEETING

The Kronan Lodge of Gladstone has been invited by the Morning Star lodge of Escanaba to attend a meeting and a social at the North Star hall the evening of Wednesday, September 26.

Members of the Golden Star lodge of Manistique will also be guests, as well as the North Star lodge members of Escanaba.

FRESHMAN GIVEN HAZING BY ELDERS

Considerable stir was occasioned in Gladstone Monday night, when upper classmen in Gladstone high school, undertook some private hazing of the newly arrived freshmen.

Various stunts were involved in the activities engaged in during the evening.

The stunts were taken as good fun by some of the victims, while others raised strenuous objections.

CITIZENSHIP MEET TONIGHT

Gathering Sponsored by John Ericsson Republican League

Tuesday evening, September 19, at 8:15 o'clock there will be held a citizenship meeting of Gladstone citizens of Scandinavian extraction at the Wassa hall on north 9th street. This meeting will be held under the auspices of the John Ericsson Republican League of America, which is a national civic organization among Americans of Scandinavian origin. The purpose of this organization which is thirty four years old and active in nineteen states is to create and maintain an active interest in public affairs on the part of its constituents.

The principal speaker at this meeting will be Frank Torell of Chicago, one of the national officers of the League. An interesting feature will be a motion picture of the flights and receptions in Europe and America of Colonel Charles A. Lindbergh.

Meeting similar to the above have been held in practically all the large centers in Lower Michigan and in Norway, Iron Mountain, Iron River, Stambaugh, Crystal Falls, Ironwood, Ishpeming, Marquette, and Escanaba.

All invited

Women as well as men are invited. No admission fee or collection.

Scraping Floor of City Office Finished

Work of scraping the floor of the city office, Gladstone city hall, has been completed. The floor will be thoroughly oiled and will be in first class condition for some time to come.

To The Patrons of the Rialto Theatre

Did you ever see anything that simply overwhelmed you, leaving you speechless and spellbound, and which you could not find words to describe, think as hard as you could?

That's the condition I was in after viewing "Sorrell and Son."

The picture fascinated me. I lived that picture. I laughed. I cried! I was amazed beyond words as the picture progressed and unfolded its wonderful story.

I want you to know and see how great a moving picture can really be. I am sincere when I say this.

I have never before personally recommended a picture to my patrons, but since viewing "Sorrell and Son," I unhesitatingly recommend it to every father—every mother—every daughter and every son!

31 Horses Entered in Two State Fair Racing Events Today

FINE CONTESTS SEEN TUESDAY

Bert Dewey Wins 2:12 Pace; Winnifred W. Takes 2:22 Pace

Bert Dewey won the 2:12 pace—the \$1,000 Delta county stake—and the Delta Hotel cup for his owner, T. H. O'Brien, of Fond du Lac, at the U. P. State Fair yesterday. The fifty little brown gelding, with Noehlebeck up, accomplished this in straight heats, but he did not by any means have everything his own way. The finishes in each heat were close, and every foot of the way, in all three heats, furnished the crowd with some thrills. The victory of the O'Brien horse was popular with the fans and particularly with veteran racing men who watched the event. Mr. O'Brien is one of the leading horse men in the state of Wisconsin. Having terminated many years ago his merchandising a few years ago to devote all of his time to his splendid stock farm and the raising of race horses. He has done much for the racing game in this territory, and is universally liked and respected by followers of the sport, in the stables as well as the grandstands.

The 2:22 pace, which carried with it a purse of \$500 and \$120 additional entry money, and the Dr. J. J. Walsh cup, was won by David Wilson of Detroit, with his roan mare, Winnifred W. She also accomplished this in straight heats, against a splendid field.

A good-sized crowd witnessed the race and the excellent program of free attractions which accompanied them.

Today is the biggest racing day of the fair. It is featuring the 2:28 trot, with the \$1,000 Cloverleaf stake and the Governor's cup. Twelve horses have been entered in this event.

Nineteen horses have been entered in the 2:17 pace, today's second race, which also has a \$1,000 purse and the Daily Press cup.

Fans, yesterday, were much impressed with the snappy manner in which the races were handled by Jack Winnings, the starter who is making his first appearance here in that capacity.

SUMMARIES

2:12 Pace.
Bert Dewey (Noehlebeck) 1 1 1
Poinsetta (Searles) 4 2 2
Earl Brooks (Ryan) 3 3 3
Sweet Thoughts (Houslet) 2 5 5
McKinney Scott (Paseman) 5 4 6
Johnnie Quirk (Gillespie) 7 6 4
Sir Walsingham (Marine) 6 7 4

WEDNESDAY'S ENTRIES

2:20 Trot (Stake) Governor's Cup, Purse \$1,000.
Volee Belwin—H. J. Rushton, Escanaba.
Trenton—Halloran & Chnetto, Mantowoc.
Pileta—L. C. Simmons, Alpena.

KIPKE HUNTS GOOD KICKER

Loss of Paul Smith Severe Blow to Spartan Eleven

East Lansing, Mich., Sept. 18.—Can Coach Harry Kipke develop a capable kicker at Michigan State this fall? A satisfactory answer to that question would serve to brighten the outlook for the Spartans considerably, since the graduation of Capt. Paul Smith of Saginaw and Jim McCoach of Detroit has left State without a capable punter.

SUNDLING WINS RIFLE HONORS

Escanaban Places in Money in 9 Camp Perry Events

Arthur F. Sundling, secretary of the Escanaba Rifle club, and Herman Freytag of Isabella have returned from Camp Perry, Ohio, where they competed in the national rifle matches.

Sundling placed in the money in nine out of 13 individual matches, including the navy match in which he won second place on a tie score of 95 out of a possible 100 on an "A" target, standing position at 200 yards, off-hand shooting. Morris Fisher, former world's champion and a member of the United States Olympic Rifle team, won first place with the same 95 score.

Freytag won a prize in the running deer match at 100 yards in which he demonstrated some of his usual northwoods marksmanship. He also made an excellent showing in the individual matches. Both Freytag and Sundling were awarded certificates as qualified rifle and pistol instructors.

The Escanaba rifleman won the first leg in his efforts to secure a distinguished marksmanship badge, having only two more credits to obtain. The badge is the emblem of superior marksmanship in national competition. There were approximately 1500 riflemen from all parts of the United States, including 95 rifle teams. Hawaii, Cuba and the Philippines were also represented.

Sundling placed in the money in the following matches: Navy match, 200 yards, off hand position. President's match, 200, 600 and 1000 yards. Scott match, 800 yards. Wright's match, 900 yards. Wimbledon match, 1000 yards. Rapid fire championship match, 200 and 300 yards. Member's match, 600 yards. Clifton's match, 600 yards. Luck cup match, 800, 900 and 1000 yards.

Ban On Spoons. Paris—The Luxembourg Gardens, paradise of nurse maids and lovers, has changed since police put a ban on kissing. The usually crowded seats are no longer crowded.

Italian and German motion picture producers are to exchange their films for exhibition purposes.

TIGERS BEAT SENATORS, 8-5

Page Wild But Holds Washington to Gain 1st Major League Win

Detroit, Sept. 18.—(AP)—Although he was extremely wild, Phil Page, Tiger recruit pitcher from Springfield, Mass., of the eastern league, won his first start in the major league, downing Washington, 8 to 5 today. Page issued seven bases on balls, but the lacing the Tigers gave Hadley, more than made up for the passes. Hadley was driven from the box during a Tiger rally in the sixth, and was replaced by Brown. West, Senator outfielder, drove out three doubles, while Goslin hit safely in his twenty-fourth consecutive game.

THE SCORE:

Upper Peninsula Wins Big Victory Over Lower State

The Upper Peninsula has once more demonstrated its superiority over the Lower Peninsula of Michigan.

On the race track at the state fair here yesterday, it was proven conclusively that the great empire of the north has better muscle drivers than the nearby-as-great empire of the south.

Herbert E. Powell, state commissioner of agriculture, was the driver of one of the mules in the contest. Dr. C. M. Sigler of Manistique, second vice president of the board of managers of the U. P. State Fair, was the driver of the other. And Dr. Sigler's steed won.

Dr. Sigler was substituted at the last minute for August Lundgaard, president of the U. P. Fair board, who was unable to compete because he lost his leather aviator's helmet.

The finish was of a hair-raising type, and the Sigler margin of victory was very narrow.

But the Upper Peninsula driver won.

GIANTS DEFEAT PIRATES, 3-2

New York Nationals Keep Pace With Cubs and Cardinals

New York, Sept. 18.—(AP)—The Giants held pace with the Cardinals and the Cubs, their western rivals, by defeating Pittsburgh in a hard-fought, ten-inning game here today by a score of 3 to 2. A home run by Bill Terry with one out in the tenth brought the game to a dramatic conclusion.

The game was a pitching duel between Fred Fitzsimmons for New York and Harry Grimes and Joe Dawson of the Pirates. Fitzsimmons finally smashed the jinx which Grimes has had on New York all season.

Reds 5; Robins 2
Brooklyn, Sept. 18.—(AP)—The Reds easily won their last game of the season with the Robins here today, 5 to 2. They weakened in the late innings, but Kolp relieved them and held Brooklyn at bay for the rest of the game.

Brooklyn used four pitchers, McWeeny, the starter, lasting less than two innings. The victory gave Cincinnati an edge in the season's series against the Robins by 12 games to 10.

Score: Brooklyn 000 100 100—2 10—3
Cincinnati 100 010 000—5 14—2

Push Football Practice at U. of Michigan

Ann Arbor, Sept. 18.—(AP)—With the novelty of the first days of practice worn off, Coach Fielding H. Yost, and his assistants began speeding up the workouts of Michigan football candidates today. Emphasis on fundamentals and the search for a punter to replace Louie Gilbert, continued.

CARDS SUBDUED PHILLIES, 4-2

St. Louis Cleans Up Five Game Series With Philadelphia

Philadelphia, Sept. 18.—(AP)—The Cardinals cleaned up their series of five games against the Phillies by polishing off the supine home forces by a score of 4 to 2 with less difficulty than the score indicates. This gave the red wings a record of twenty victories and only two defeats in competition against the baker boys this season.

Jesse Haines pitched for the Cardinals and held the home team safe at all times. Ray Renge, Philadelphia recruit, did as well as could be expected, but weakened in the seventh when the Cards bunched hits for the runs which won. Bob McGraw finished.

HOUGHTON HAS GREEN SQUAD

Copper Country Conference Grid Schedule Announced

Houghton—Thirty-two candidates answered the call for football at the Houghton high school by reporting for the first practice which was held Wednesday afternoon at Hubbard field. Others are expected to join the squad before the beginning of the second week of school.

A new coach, Peter Bugni, a graduate of the University of Michigan, took charge of the squad and will guide its destinies throughout the season. Bugni comes to Houghton with an excellent athletic record. While attending Wakefield high school he starred in football, basketball and track, and he was a member of the University of Michigan squad for one season. While at the university he took a course in physical education, including the coaching course.

Although the number of candidates that reported for football this year is larger than usual, the squad is made up mostly of inexperienced players, only seven letter men being included. They are: Capt. Aurel Roy, John Condon, Robert Foley, Herman Gundlach, Fred Mackenzie, Herbert Poligass and Alex Rivette. Several others, however, tried out for last year's team but did not earn their letters. Two letter men, Charles Hildner and Joseph Pratt, were lost to the team by moving out of the district.

The first few days of practice will be devoted almost entirely to limbering up exercises for the more strenuous work which will be introduced next week. Scrimmage will not be started until the latter part of next week or the first of the week following.

The Orange and Black team will play seven games this season, according to the schedule which was adopted by the Copper Country conference last fall. The season will open with Lake Linden at Houghton, Saturday, September 22, and close with Hancock at Houghton on November 3. The complete conference football schedule follows:

Sept. 23—Hancock at L'Anse; Lake Linden at Houghton.
Sept. 23—L'Anse at Houghton; Hancock at Lake Linden.
Oct. 6—L'Anse at Lake Linden; Houghton at Hancock.
Oct. 13—Houghton at Calumet.
Oct. 20—L'Anse at Hancock; Houghton at Lake Linden.
Oct. 27—Houghton at L'Anse; Lake Linden at Hancock.
Nov. 3—Lake Linden at L'Anse; Hancock at Houghton.

YANKS GAIN ON PHILADELPHIA

Hugmen Stagger Through Contest With Browns; Score, 14 to 11

St. Louis, Sept. 18.—(AP)—The champion Yankees staggered through to a 14 to 11 victory over the Browns here today after their panic-stricken manager had called upon his entire supply of available first-line pitchers. The Yankees gained a full game over the defeated Athletics, and now lead by two games.

Miller Huggins now will have an off-day to rest Heimach, Johnson, Pipgras and Hoyt for the next battle in Chicago. The champions got 18 hits against 14 for the Browns. The victory gave the Yankees 3 out of 4 in the series and 12 out of 22 against the Browns for the season.

The score:

Fair Enough!

Marvelous! Wonderful! Simply grand! These are some of the exclamations heard around the baked goods department when all the entries were received by the women in charge. There is an unusually fine array of home-baked goods and in this department as well as many of the home economics. Women vie with each other in the culinary art.

The breads—rye, wheat, graham, nut, and other kinds, rolls of every description, cakes of all kinds, cookies, doughnuts, pies, tarts, paty shells, and oh so many good things to eat are shown here. The neatness and general appearance of the baked goods has won favorable comment from all the visitors who agree unanimously that the first fair exhibit is out of the ordinary. Blue, red and white ribbons are being used to mark the winners of the many premiums offered.

Mrs. Leslie French is assisted in this department by Mrs. Oscar Kraus.

Did you ever hear of a corn borer. This little destructive worm which is formed from moth has done much harm to corn crops in various sections of the state and the endeavors of the state department of agriculture is to prevent the spread of this pest to other sections of the state and the corn belt of the country.

This destructive worm eats its way into the corn stalk and thereby destroys the stalk so that the wind easily carries it, although the weight of the ears of corn has no effect on it. The stalk becomes brittle and breaks at the least touch. The method of combatting this pest is to cut the stalks very low in the spring, thereby preventing the corn borer from working upwards. An effort is being made to confine it to the area already infected and thereby protect the country's corn harvest.

Apples of every variety known in the state of Michigan; apples, red and green; apples, large and small; apples, from the north, east, south and west; summer and winter apples—in fact, everything in the line of apples.

The many varieties entered at the fair are shown in the main building with W. C. Labelle in charge. Mr. Labelle has been in charge of apples for many years and his knowledge of this fruit is unlimited.

Listed on the premium list are 21 varieties, while 24 others are not listed. Crab apples occupy a large space.

Every county in the U. P. is represented at the apple show. Every variety for eating and cooking, are shown in a most attractive display. Speaking of apples, Mr. Labelle stated yesterday that the fruit in general was unusually fine this year. The firm and sound fruit which is being shown is remarkable at this season. The upper peninsula is ready to compete with the lower peninsula in the apple contest at any time. Plums, grapes, strawberries, raspberries, blackberries, blueberries, pears, cranberries are also shown in many varieties.

A very fine specimen of red astrachan apples is on display; yellow transparents, russets, famous snow apples and many others too numerous to mention are shown. This department of the fair exhibit must be seen to be appreciated.

Do not fail to see the magnetic belt which sorts the pieces of metal often found in grain fed to cattle. This wonderful invention draws the metal articles, such as nails, buckles, screws and wire from the baled hay and other foods given to cattle. Ask for an explanation when you see the big box of nails and hardware on display in the state agricultural exhibit in the main building at the north end of the north wing.

Rev. Fr. T. Drengacs and members of St. Michael's parish of Ferronville are conducting a concession at the fair. Father Tom is in charge. Business was very good yesterday, judging from the large crowds near the booth. The ladies in charge of the First M. E. Church booth will serve hot vegetable soup today, also hot pasties, and Thursday hot pasties and a Jiggs Dinner. Besides the regular lunches which they have been serving all week.

Ralph Frait, proprietor of the Eat Shop has a booth at the Fair grounds where hot lunches may be had all day.

Of special interest are the many beautiful pictures in oil, crayon, charcoal, pen and ink and a number of valuable etchings which are shown near the antiques display in the main building.

Henry Nerbonne has a food booth and no one need to go hungry with so many places where hot lunches may be had. W. M. McCarthy is also feeding the public at the Fair grounds. Other concessions are in charge of George Herdman of Manistique, Yalmer Jalonen of Eben Junction, Mich. Nathan and James Frenn have a large eating place, where all kinds of lunches may be had.

Boy's Art For Princesses Painted by sixteen-year-old Thomas Preen, a Bristol mechanics helper, a picture has just been hung in the nursery of Princess Elizabeth at Buckingham Palace, London. It represents a caterpillar playing leap-frog with a rabbit and a mouse, and was handed to the duchess of York during a visit to the Bristol Dockland settlement.

The Mexican Treasury Department recently announced that revenues for the first six months of this year exceeded estimates by nearly \$5,000,000.

Ironwood Band to Play at School; Poole to Speak

Dr. Frank Poole of the Michigan state department of health, will give a health talk to the students of Escanaba high school at the general assembly at 8 o'clock this morning. He will discuss personal hygiene and the prevention of communicable diseases.

The Ironwood band, which is furnishing the music at the U. P. State Fair this week, will also give a concert at the assembly, starting at 9 a. m.

Welcome

—U. P. State Fair Visitors

Ask for One of the Medallion Cards

Beautiful Columbia Medallions

We Make Them Free For You

HOW TO GET THEM FREE! Ask any clerk for a Columbia Medallion card. Take this card with your purchase slip to the medallion counter and have the amount punched on same. When you have purchased goods to the amount of \$10 in our store we will make you, FREE, a black and white Columbia Medallion, nationally advertised at \$3, from any picture you desire. Your picture returned unmarred. Visit the Medallion department on the first floor.

Miss Salzman--the Medallion Artist

will greet you personally on our Main Floor and explain the ways of obtaining a valuable Columbia Medallion without cost or expense. Miss Salzman will also exhibit many fascinating and beautiful variations of the fine black and white photographic work.

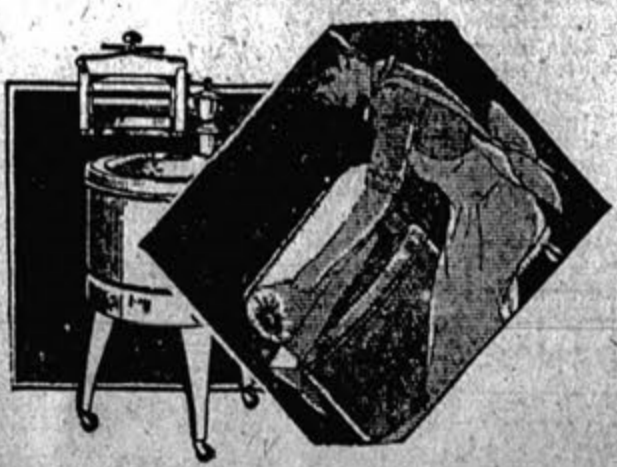

BRING A PHOTOGRAPH OF YOUR MOTHER, WIFE, SISTER, BROTHER, BABY OR FRIEND—OUR ARTIST WILL COPY COLUMBIA MEDALLION FROM YOUR PHOTOGRAPH.

The Columbia Method of Copying Your Picture

and then mounting the copy on specially prepared metal makes it imperishable. The complete Medallion is so like a miniature that it would be difficult for you to tell the difference. It can be washed, just like those wonderful works of art.

Welcome To Escanaba!

Welcome To The Fair Store!

We are sure you'll like this years' Fair---It's the greatest of shows ever staged north of the straits.

We are sure you will like our city---the trading center of the north country---a visit to Escanaba and the U. P. State Fair is not complete without a visit to the Fair store---Escanaba's leading store.

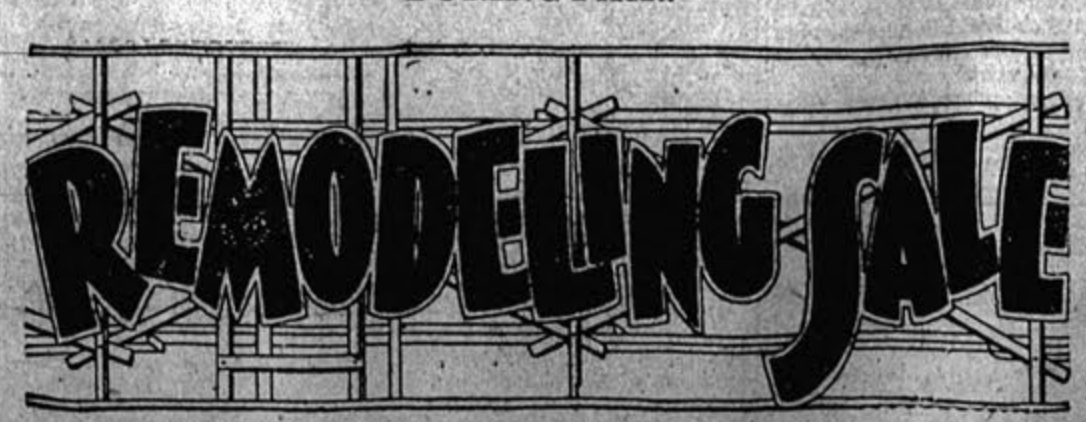

It is a great Merchandise Fair open the year around, and no admission fee to pay. Right at present time we are conducting a Big Remodeling Sale — Unloading thousands of dollars worth of finest of Fall and Winter Merchandise in order to make room for contractors and carpenters who very soon will take possession of the store to carry out store-wide Remodeling and enlarging of stores selling space—when remodeling is complete 7000 feet of floor space will be added to present display room.

State Fair Visitors will find it very profitable to do their winter shopping at this time—Remodeling Sale offers most unusual opportunities to save money on Fair Store quality merchandise—It's a wonderful chance to buy needed winter clothes for the family.

We want all State Fair Visitors to feel entirely free to avail themselves of every courtesy we can offer. Use our rest rooms and other conveniences.

HAVE YOUR NOON DAY LUNCH AT OUR COFFEE BOOTH, BASEMENT—ITS ENTIRELY FREE TO VISITORS FROM OUT OF TOWN

LUNCH SERVED 11 A. M. TO 1 P. M. EVERY DAY DURING FAIR.

ONE OF STATE FAIR TIME'S BIGGEST DOWN TOWN ATTRACTIONS.
