## MAY ORGANIZE A NEW BAND

John J. Sourwine Would Undertake Work of Instructing Young Musicians.

A popular demand for the organization of a city band which has been gradually growing since the latest organization of that kind boosted by the city passed from existence, may result in a band of young musicians of the city being formed.

John J. Sourwine, who has taken an active part in the organization of all the successful bands that the city has ever supported has offered to assume charge of the work of instructing the amateur musicians on the different instruments and to work for the success of the organization.

It is believed that Escanaba has a large number of young men who are able to read music and with the aid of whom it would be possible to organize a strong city band.

Considerable time would be required to bring an organization to the proper state of perfection but Mr. Sourwine is willing to undertake the work and any movement which will give to Escanaba a good band should be supported by all people.

No city of the upper peninsula of the size of Escanaba is without a band. Escanaba needs a band and any movement which will supply the present insufficiency will be welcomed.

Nothing advertises a city more widely than a good band and to be without that means of spreading the name of Escanaba is a detriment to the municipality.

Escanaba is now to have a commercial club and all should pull together in the next movement to secure the organization of a band.

## ATHLETIC MEET IS POSTPONED

Heavy Rain Storm of This Morning Prevented Carrying out of Program Today.

Because of the heavy down pour of rain this morning, which rendered the track at the driving park unfit for fast work the high school athletic meet scheduled for this afternoon was not held. Announcement was made at 2 o'clock that all events of the meet had been postponed for one week, and the full program that had been arranged for today will be carried out on next Saturday.

No athletic meet that has ever been arranged by the athletes of the Escanaba high school had aroused greater interest than that scheduled for today, and the coming of the heavy rainstorm this morning, which made a postponement necessary, was a disappointment to many.

Those in charge of the meeting went to the track early this afternoon and found that water had gathered in puddles over the track and that fast work would be impossible.

## FIRST CARGO HAS ARRIVED

The steamer J. D. Marshall arrived at Menominee yesterday from the Georgian Bay district of Canada bringing a cargo of lumber for the Sawyer-Goodman Co. The capacity of the Marshall is 700,000 feet green and 800,000 feet dry and she brought in a full load. The cargo was all of the finest white pine and was the first shipped into that city from the Canadian districts that are being exploited by the various Menominee lumbering firms.

The cargo is subject to a duty of \$2.00 per thousand feet and C. A. Bently, special deputy collector and cashier of the United States customs for the district of Milwaukee, was in Marinette making the arrangements for the collections. Mr. Bently states that the lumber shipments from Canada to Lake Michigan ports will reach 20,000,000 feet this season.

## LINERS CRASH IN HEAVY FOG

New York, N. Y., May 12.—Special.—The North German Lloyd liner Rhine on board of which there were 2300 emigrants collided in a heavy fog this morning with the British steamer Eveline, off Robin's reef. Both ships were badly damaged. The emigrants were thrown into a wild panic, but were quieted until the Rhine succeeded in reaching her wharf in Hektobken.

## SAY DOWIE NEARS END

Chicago, Ill., May 12.—Special.—It is reported here today that John Alexander Dowie is dying and that his demise is not a question of weeks, but days and perhaps hours.

## W. B. MALLOY HAS SETTLED

Former Treasurer of Maple Ridge Township Pays Shortage to County.

W. B. Malloy former treasurer of Maple Ridge township, whose resignation from office followed the discovery of a shortage in his accounts with the township and the treasurer of Delta county, yesterday settled in full the claim of Delta county against him.

A shortage of \$108.06 in the account of the former treasurer with the township of Maple Ridge has not yet been settled but it was announced yesterday by Mr. Malloy that payment of that claim will be made by him within a few days.

The total shortage of Mr. Malloy with the office of the county treasurer through the collection of taxes this spring which were not accounted for was \$723.06 and a check for that amount was turned over to Pros. Atty. Judd Yelland by Mr. Malloy yesterday, thus finally clearing up all claims of the county against the former township official.

Mr. Malloy was accompanied to the city yesterday by a representative of the United States Guaranty & Fidelity company of Baltimore and through which company it is said the settlement was brought about.

At the time of the discovery of the shortage in the accounts of Mr. Malloy with the township it was claimed by the former official that the tax roll of the township had been stolen from his home during his absence and he was unable to furnish the authorities with an exact statement of his affairs.

An investigation was at once made and the full amount of the shortage to the county and to the township was determined.

Mr. Malloy announced at that time that the people of Maple Ridge township would lose nothing through any act of his and that he would make good the entire shortage and he is now making good his promise.

## CHURCH UNION IS OPPOSED

Decatur, Ill., May 12.—Special.—It now appears possible that the proposed union of the Presbyterian and Cumberland Presbyterian denominations may not be effected at the general assembly of the Cumberland Presbyterian church, to be held in this city next week, notwithstanding a majority of the delegates have been instructed in favor of the proposition. The opponents of the plan to unite the two denominations are preparing to put legal difficulties in the way and as a result it is possible that the proposed union may be delayed.

It is said that an application for an injunction against the union will be asked in the circuit court here Monday. The injunction will be asked on the ground that the Cumberland Presbyterian church properties were bought with money given for teaching and preaching the Cumberland Presbyterian faith and doctrines, and that no board of trustees or other officers has a right to transfer to the Presbyterian church any more than to Jewish or Catholic churches. The claim will be that the opponents of the union represent the Cumberland Presbyterian church, to which the funds rightfully belong.

Unionists say that this position is untenable and will not stand in the courts, the general assembly having power to do whatever it pleases, though its congregation has the individual right to say whether or not it will be called Presbyterian.

The Cumberland Presbyterian church has 180,000 active members, 2,832 churches, 1,650 ministers and about \$10,000,000 worth of property. The real fight will be over the church funds.

## COMBINATION KILLED GIRL

Richmond, Ind., May 12.—Special.—Miss Clara Rogers, 20 years old, is dead as a result of poisoning, caused by a combination of spinach and strawberry shortcake. Coroner Markley held an autopsy and found that a chemical change had taken place from the combination of foodstuffs, thus producing ptomaine poisoning.

## WIDOW KILLED A FARM HAND

Worcester, Mass., May 12.—Special.—Mrs. Myra Bemus, a wealthy widow was arrested here today charged with the murder of John Hammond, her farm hand by poisoning. Hammond owned some property which he had willed to Mrs. Bemus and it was to obtain that property, it is said that led her to commit the crime.

## GIVE AMNESTY TO PRISONERS

St. Petersburg, Russia, May 12.—Special.—It is declared here today that the czar and president of the duma have agreed that amnesty shall be granted to political prisoners.

## ESCANABA WILL RECEIVE \$3715

Official Announcement of Apportionment of Primary School Fund Issued by County Clerk.

Official announcement of the amount of money that will be received by the different cities and townships of Delta county from the semi-annual apportionment of the primary school fund was issued by County Clerk A. P. Smith today.

By the apportionment of the fund made at this time it is shown that the city of Escanaba will receive a total of \$3,715 and the city of Gladstone will receive \$988.

The total number of children of school age in Delta county is 8557 and of this number 8486 are benefited by the fund.

Following are the number of children of school age in each township and city of the county and the amount of money that will be received by each city and township:

Baldwin 349 children, \$240; Bark River 497 children, \$497; Bay de Noc 147 children, \$147; Brampton 95 children, \$95; Cornell 108 children, \$108; Escanaba 208 children, \$208; Escanaba City, 3715 children, \$3715; Fairbanks 65 children, \$65; Ford River 408 children, \$408; Garden 422 children, \$422; Gladstone City 983 children, \$983; Maple Ridge 162 children, \$162; Masonville, 615 children, \$615; Nahma, 333 children, \$333; Sac Bay 88 children, \$88; Wells 280 children, \$280.

## YOUNG MEN GAVE PARTY

Many Dancers Filled Clark's Hall Last Night when Enjoyable Party was Given.

Clark's hall was packed with a throng of dancers last night when a dancing party which was one of the most enjoyable informal social events that have been arranged in the city in some time, was given by a party of young men.

Members of the Phi Alpha fraternity were the guests of honor last night and every possible plan was carried out to add to their enjoyment of the evening.

The musical program for the party was furnished by Brotherton's orchestra and each number was accorded by the dancers.

Among those who arranged the party last night were Atty. A. W. North, Clarence Lehr, Horace Atkins, Fred Olmsted Jr., Joseph Erwin, John Lester, Ray Krause, J. K. Kimmel, Timothy Crane, George Eastwood and Dr. C. B. Kitchen.

## NAVY NEEDS HIS SERVICES

Washington, D. C., May 12.—Special.—Though Rear Admiral G. A. Converse tomorrow reaches the age limit for active service and in the ordinary course of events would be placed on the retired list of the navy, it is probable that he will continue to perform the duties of chief of the Bureau of Navigation for some time to come. The President has so requested, the request being made on the ground that his continuance at the head of the bureau is demanded by the needs of the service.

It is unusual for an officer of the navy to be asked to remain in active service after he has reached the retiring age and in the case of Admiral Converse it is a personal tribute to his high qualities and his long and efficient career as an officer.

## A. M. INGALLS NOT MISSING

Former Meat Salesman is now Visiting with Relatives at Grand Rapids Minn.

That A. M. Ingalls, formerly engaged as traveling salesman and Escanaba representative for the Hammond-Standish Packing company of Detroit, is not missing and that both the members of his family and his former employers know of his whereabouts, is the statement that is made today by E. G. Ingalls, brother of the former meat salesman and one of the proprietors of the Delta County Reporter of Gladstone.

Mr. Ingalls was in Escanaba today and said that he had positive information that his brother is at Grand Rapids, Minn., where he is visiting with an uncle and with whom he has been living since leaving Escanaba. It is also said by Mr. Ingalls that the officials of the Hammond-Standish Packing company were notified by his brother before he left Escanaba of his shortage and that S. D. Newton did not discover the shortage when he arrived in Escanaba as had been claimed.

Mr. Ingalls also said today that he has evidence in his possession showing that there was no shortage in the accounts of his brother as claimed by the packing company as he had been charged with meat that was stolen from a car, amounting to a considerable sum of money and had also been charged with collections which he was unable to make from customers. He said that his brother reported the exact conditions to the officials of the company 60 days ago and that he did not leave Escanaba without the knowledge of his employers.

Mr. Ingalls also strenuously denied that his brother left Escanaba in company with a young woman and says that the fact that he has been living with his uncle since arriving in Minnesota is sufficient proof of the falsity of that claim.

At the office of Judge Emil Glaser today it was said that no further effort had been made to cause the return of Ingalls although a warrant has been issued charging him with a shortage in his accounts with his former employer of \$512.

## SHOW HORRORS OF EARTHQUAKE

Interesting Series of Moving Pictures will be Shown at Ben's Theatre Tonight.

Moving pictures showing the scenes presented in San Francisco immediately following the earthquake and the conflagration which recently occurred in that city, will be shown at Ben's theater tonight. The series is described as one of the best that have ever been prepared of a great catastrophe and should attract large audiences to the amusement place throughout the time that the series is shown.

Other series shown for the first time tonight will be Carnival Night, Humorous Phases of Funny Faces and A Curious Discovery of Another's Crime. The special acts booked for next week's bill at Ben's theatre are: Abbott and Weaver, Miss Palm and Shannon & Straw.

## TRIP TO EGYPT COMING SOON

The St. Joseph, Mich., Gazette has the following to say of the company presenting a Trip to Egypt, which will appear at the Peterson on the evening of May 20:

"A Trip to Egypt" entertained full houses at a matinee and an evening performance yesterday. The first act presented an entanglement between the Levi and Cohen families that proved very amusing. In the second act the company appeared in summer costume, amid pretty scenery with very pleasing effect. The scene of the third act was set in Doctor Smooth's drug store. Individual members of the troupe exhibited talent in the production of their respective parts. There were a number of songs rendered by the cast as a whole which were very effective, and the songs of Boyd Gilmour as Det. Smooth and of Goff Phillips as Izzy Cohen made a hit. Daisy King and Queenie Willmot gave very pretty dances, receiving numerous encores.

All through the play ran a vein of mirth inspiring humor and the audience displayed its approval by liberal applause. The numerous jokes were well told and original.

## JULIUS FLATH PASSED AWAY

Long Illness of Prominent German Resident was Ended Yesterday Afternoon.

Julius Flath, for many years a resident of Escanaba and until recently engaged in the ice business in this city, died yesterday afternoon at his home at 620 South Jennie street after a long illness from tuberculosis.

Mr. Flath was 45 years of age and is survived by his wife and five children all of whom live in Escanaba.

The condition of Mr. Flath had been serious for several months and his death accordingly did not come as a surprise to his friends throughout the city.

He was well known to many people of the city and it is expected that the funeral services over the body will be largely attended.

The funeral will be held at the home at 2 o'clock on Monday afternoon, the Rev. Leonard Kasper of the German Lutheran church officiating. Interment will be at the Lakeview cemetery. Those who will act as pallbearers are: Richard Hoyle, William Thielicke, James Drush, Charles Osterling, Peter Younger and Louis Leopold.

## DRUNKEN MAN TRIES ASSAULT

Attempts to Stab M. E. Main and is Caught After Exciting Chase.

After attempting to stab M. E. Main, proprietor of Main's Livery stable on lower Ludington street, a Frenchman, who refused to give his name, was caught after an exciting chase shortly before 3 o'clock this afternoon and was locked up at the county jail.

The stranger appeared at the livery stable office this afternoon and offered for sale a pocket knife which he carried in his hand. He appeared to be intoxicated and when Mr. Main refused to purchase the knife he opened the blade and made a frantic attempt to stab the proprietor of the stable.

Mr. Main attempted to strike his assailant with a chair and when employees of the livery, who had been attracted by the noise appeared the stranger turned and fled. He was pursued by Mr. Main and several men down Tilden avenue to Wells avenue where he turned west and ran swiftly to Dousman street with his pursuers close behind.

At Dousman street he turned north and on reaching the alley dodged between the buildings, in attempting to escape from his pursuers but he was found by Mr. Main and was taken at once to the county jail where he was locked up.

A crowd of nearly 50 men and boys had joined in the chase when the fleeing stranger was finally caught and caused considerable excitement in the east end of the city.

## STORM CAUSED MUCH DAMAGE

Charlotte, Mich., May 12.—Special.—This city was struck by a severe electric storm this morning, accompanied by a heavy wind which did great damage to crops and live stock. Several barns were burned and much live stock killed.

Reed City, Mich., May 12.—Special.—A fierce electric storm here this morning did great damage to crops and destroyed a large barn belonging to John Fulmer and which contained much farm machinery and four cows.

## TIME DRAWING TO A CLOSE

Arrangements for a drawing contest by which John Johnson, of the Blue Ribbon will dispose of his automobile are being made but the exact date for the grand ball and drawing, which will be held at Peterson's hall, has not yet been announced.

Nearly the full conditions under which Mr. Johnson will dispose of his car have now been complied with and it is expected that the work of the contest will be completed within a short time.

## SAILORS FIGHT FOR SUPERIORITY

Do. er. England, May 12.—Special.—An awful battle occurred on the steamer Augusta Victoria in which 100 sailors took part and many were wounded. The fight occurred last night near midnight and was reported when the boat reached Hamburg. The cause of the conflict was brought about by different nationalities claiming superiority for their parent country. The Augusta Victoria is one of the largest ships afloat.

The law is a good one which seeks to prevent the entrance of contract labor into the United States to compete with the free competitive and higher priced American labor. But why isn't it just as important to prevent the products of such labor from entering our market as to stop the laborer from entering our market himself? If he were here he would have to buy American goods for the use of himself and family, and pay American taxes, and share in all our country's burdens to the extent of his ability. But as a foreign producer he could be an equal competitor with no participation in any of the exactions made upon American producers. The good results of both forms of protection to the labor of this country make arguments and plans in their behalf unnecessary.

Governor Warner's desire and that of the other state officers that the next republican state convention shall be absolutely free from the influences which have sometimes in the past made state conventions subjects of severe and deserved criticism, is one that every republican in the state will share and commend. Their protest against making the nomination of state officers a mere incident in connection with a four or five-cornered senatorial fight is not in the least unreasonable. The prospective candidates for county offices in every county in the state are directly interested with the state officers in seeking to prevent further cause for criticism of their state convention.

If most of the voters of our state and country were not producers as well as consumers it might be possible to convince them that cheapness was best for them. But they have tried cheapness as a promised panacea. They have vivid memories, most of them have, of the days and months when they could buy things for almost nothing. And those days and months were the most disastrous and distressing they can remember. Something more alluring than cheapness must be promised them, if the voters of Michigan are to be induced to vote against republican congressmen at next November's election.

**WILD FLOWERS**

Yellowstone is truly one of the "Seven Wonders." As a place of grandeur and scenery it is unsurpassed by the famous Alps. Wild flowers abound there in great profusion. In order to furnish the public with a souvenir within reach of all, the Northern Pacific Railway has prepared a dainty publication, containing twelve specimens of the most beautiful wild flowers in the Park, which have been pressed and mounted in portfolio form. This attractive souvenir, which also contains six full page halftone illustrations, will be mailed prepaid upon receipt of 50 c. A. M. Cleland, General Passenger Agent, St. Paul, Minnesota.

**STATE HOLDING RAILROAD TAXES**

Department of Public Instruction Distributes School Fund on Basis of \$1 for Each School Child.

By the announcement of the forty-second annual apportionment of the state primary school fund by the department of public instruction, it is shown that the schools of the state will not at this time receive any part of the taxes collected from the railroads of the state because of the recent supreme court decision by which a total of \$8,000,000 will revert to the primary school fund.

The fund announced at this time is but that furnished under the constitutional provisions for the support of the primary schools of the state and the rate of the apportionment is \$1 for each child of school age of the state. On that basis of apportionment the total amount that will be received by Delta county will be \$8,486. The department of public instruction has not announced when the money received from the railroads of the state under the decision of the supreme court, will be apportioned but it is expected that a special distribution will be provided for to dispose of that fund among the counties of the state.

Following are the amounts that will be received by the different counties of the upper peninsula: Alger \$1,817, Baraga \$1,821, Chippewa \$6,956, Delta \$8,486, Dickinson \$8,494, Gogebic \$8,567, Houghton \$24,142, Iron \$2,865, Keweenaw \$1,848, Leeco \$870, Mackinac \$2,499, Marquette \$13,229, Menominee \$9,924, Ontonagon \$2,185, Schoolcraft \$2,574.

**JUNIORS BEAT SOPHOMORES**

High School Teams met in Fast Game at South Park Yesterday Afternoon.

In one of the fastest high school games that have been played at South Park the Junior basketball team defeated the Sophomores yesterday afternoon by a score of 5 to 4.

Up to the fifth inning the Juniors were unable to score and then by a series of hits, coupled with errors by the Sophs, tallied up three runs which tied the score. The Sophs opened strong retiring the upper class men in one, two, three order in the first inning and in the second inning scored two runs. Again in the fourth a Soph player crossed the home plate and it began to appear that the Juniors were outclassed.

In the opening of the fifth however the Juniors redeemed themselves by equaling the score made by their opponents and in the remaining three innings added two runs to their lot while the Sophomores were unable to equal that performance.

Cole and Compher was the battery for the Sophs in the contest while Corcoran and Harris interchanged in the box and behind the bat for the Juniors.

**TO OFFER A GOOD PROGRAM**

Theater goers may have differing tastes on almost everything else but there are none who can resist the influence of wholesome, hearty fun, tuneful music and the vision of pretty girls in natty costumes, and these are the chief ingredients of the show which the Dainty Paree Extravaganza company will present at the Peterson theatre next week. This show is promised to be one of the most pleasing of the season's offerings, and back of the assertion are such names as Frank E. Mitchell, J. Gaffney Brown, Billy Cook, Bob Hyde and Frank Fowley, masters in the art of comedy; May Booth, Dessie Ryan, Allie Willard and Mable Barnes, pretty young girls who can sing and dance, and a vaudeville olio in which are seen, J. Gaffney Brown, Watch the Cigarette; Willard and Hughes, Character Sketch; The Hydes, A Stage Struck Rube, and Fowley and Dunn, Singers, dancers and comedians.

With this strength of talent the company presents two up to date burlesques "The Marriage of Birdie" and "A Merry Bachelor" which are sure to please.

**NEW INSTITUTE IS DEDICATED**

Gift of John D. Rockefeller Provides Great Institution for Medical Research.

New York, May 12.—Special.—The Rockefeller Institute for Medical Research, which owes its existence to a gift of \$8,000,000 from John D. Rockefeller, was formally dedicated yesterday afternoon with simple ceremonies. Those in attendance at the dedication included eminent medical men, educators and others from various parts of the country. The speakers included President Eliot of Harvard University, Nicholas W. H. Welch, president of the board of educators, and Dr. L. Holt, secretary of the board.

The Rockefeller Institute is the first and only one of its kind in the United States. It was founded by Mr. Rockefeller after the death of his baby granddaughter in Chicago five years ago. She died of diphtheria and the best physicians in Chicago were unable to save her. In the hope that other babies might be saved from this and other diseases Mr. Rockefeller was led to establish an institution where these diseases might be studied by experts who would devote themselves to seeking cures for them.

The board of directors established nearly twenty scholarships in various laboratories in this country and also sent several medical men to Europe to pursue investigations there. Mr. Rockefeller gave \$200,000 for this purpose. At the end of the first year the board submitted a report to Mr. Rockefeller of what had been done, and he gave \$1,000,000 to carry on the work. He decided that New York City should be the home of the institute, as it was decided to be the center of medical teaching in this country. In 1902 he gave an additional \$1,000,000.

The new buildings of the institute dedicated today occupy a site at the foot of East Sixty-sixth street. Work on the structure began in July 1904. The main building is 60 by 150 feet and is five stories in height. All the buildings are of gray brick, with limestone trimmings.

The first story of the main building comprises administration offices, library and assembly hall. The second floor will be devoted to the physiological and chemical laboratories. Above the second floor the building is to be devoted to experimental pathology and bacteriology. The fifth story provides space for general photography.

All the machinery used in the laboratories, such as presses and centrifugal machines and distilling apparatus, will be on the second floor. The entire roof is covered by a house for small animals and birds. A covered way of brick and limestone connects the main building with an animal house on the grounds which is 30 by 50 feet and two stories high. Various animals, from horses to rabbits and guinea pigs, will be kept for experiments in the study of disease or in preparing antidotes for diseases.

The institution will be controlled and managed by a board of directors composed of Dr. William H. Welch, Baltimore, President; Dr. T. Mitchell Prudden, New York, Vice President; Dr. L. Emmett Holt, New York, secretary; Dr. Christian A. Herter, New York, treasurer; Dr. Simon Flexner, formerly of the University of Pennsylvania, Director of Laboratories; Dr. Hermann M. Biggs, New York, and Dr. Theobald Smith, Boston.

Mr. Rockefeller from the start has taken the keenest personal interest in the progress of the work and the institution promises to become as much of a hobby of his as the University of Chicago has been. He has devoted more time and attention to the plans and building details of it in the past three years than he has to any other one thing. Whenever he has been in New York he made daily visits to the building to see how the work was progressing.

**COMPANY GAVE AMUSING BILL**

Engagement of Howard Dorset Players at the Peterson will Close Tomorrow Night.

With all of the members of the company in the cast taking their parts well Charlie's Aunt, a production which has been given before Escanaba audiences under many and varying appellations at different times in the past, was produced by the Howard Dorset stock company of players at the Peterson last night. Despite the fact that the production whatever its name is old, it has many amusing features and served to entertain the audience of last night.

Tonight the bill will be The Golden Giant Mine and for the closing engagement of the company at the Peterson on Sunday evening Wanted—A Family will be given.

When the baby talks, it is time to give Hollister's Rocky Mountain Tea. It's the greatest baby medicine known to loving mothers. It makes them eat, sleep and grow. 35 cents, Tea or Tablets.—Hill Drug Store, both stores.

**WILL DISCUSS GREAT EVILS**

Archbishop Messmer says That Divorce and Suicide will be Taken up at Buffalo Meeting.

"Divorce and how to secure uniform laws on the subject is to be one of the questions which will be brought up at the Buffalo meeting of the Federation of Catholic societies, to be held in July," said Archbishop Messmer. "It did not come up for discussion at the meeting of the archbishops in Washington, because there was not time for anything outside the programme of routine business. It was mentioned in a sermon by Archbishop Ryan at the Baltimore celebration, but it did not form the principal part of his address. 'The divorce evil is exceedingly serious in America, and the need for remedial legislation is imperative. I shall surely bring this subject up for consideration by the federation. I think the most satisfactory way of getting at the reforms we seek would be through federal legislation. Since the recent decision of the supreme court, it is brought home to us with new force that uniform divorce laws are absolutely necessary. Federal legislation would, of course, insure uniformity at one stroke. But that might come slowly inasmuch as a constitutional amendment probably would be required before such a law could be passed. If sentiment all through the country was a unit on this subject, it would be an easy matter to get the legislatures of the various states to adopt uniform legislation. But unfortunately, not all views the problem through the same glasses, and therefore they do not offer the same legislative remedies."

"But if we do not put some curb on the present tendency we shall no longer be able to point the finger of blame at the Mormons. The difference between the Mormons and the every day American is one of degree. The Mormon has several wives simultaneously, while many who criticize the Latter Day Saints have several wives successively. Is not the difference small? The archbishop also referred to that part of Archbishop Ryan's sermon at Baltimore in which suicide was named as one of the great evils of the day. 'The Catholic church does all in its power to discourage suicide,' he said. 'In all its books of popular instruction you will find the teachings against suicide. It also is in the catechism. No person who is a deliberate suicide is permitted a Christian burial. The church absolutely refuses him this rite. Of course we recognize the modifying circumstance. A man in a fit of insanity takes his own life he is not denied a Christian burial. In dealing upon such matters we usually follow the verdict of the coroner's jury. But the teaching of the church is positive and clear that no man is the owner of his own life and that life is a trust given him by his Creator, and therefore he cannot do as he pleases with it.'

**DOWNWARD COURSE.**  
Fast being Realized by Escanaba People.  
A little backache at first. Daily increasing until the back is lame and weak. Urinary disorders quickly follow. Diabetes and finally Bright's disease. This is the downward course of kidney ills. Don't take this course. Follow the advice of an Escanaba citizen. Richard Steinko, of 615 Wells Ave., Escanaba, Mich., says: 'Years ago I used Doan's Kidney Pills and found them to be a true backache cure. While working in a lumber camp in Wisconsin I caught a heavy cold which settled in my kidneys and caused me much suffering. I tried all kinds of remedies but kept getting worse. I could not work and could scarcely get my clothing on. I was told by a friend about Doan's Kidney Pills and they were gotten at the Mead Drug Co's store. Inside of a week after commencing to use them I was at work and my back became as strong as ever and the pains all disappeared. I sent and got two more boxes and used them, since which time I have never had a backache. I would not be without Doan's Kidney Pills in the house. You are welcome to refer to me at any time.'

For sale by all dealers. Price 20 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**C. AND H. BUYS THE NONESUCH**

While official confirmation is lacking, there is the best of reason to believe that the **NONESUCH** mine, in Ontonagon county, has been acquired by the big Calumet and Hecla Copper Mining company. The Calumet and Hecla adopt a policy of expansion some time ago, and although it still has a life of upwards of sixty years at its mines at Calumet, it has added considerably to its holdings during the past few months by picking up promising properties both in Houghton and Keweenaw counties, especially in the latter district, where it has taken over a very large acreage.

**COMPASS WILL ERR NO MORE**

The departure of Commander Reginald Nicholson, assistant chief of the equipment bureau of the navy department for Cleveland, O., today instituted a new work of much importance to lake navigation.

For years there have been many complaints by lake captains of the erratic behavior of their compasses, on which the safety of their ship depends in thick and bad weather. Causes of iron ore metals capable of affecting the magnetic needles were undoubtedly at the bottom of some of these complaints, but it was realized by navigators that natural conditions often caused variations of the compass and that it might be possible to reduce the evils arising from such causes. Therefore the Lake Carriers' association, the Pittsburgh steamship combination, and other influential organizations interested in lake commerce called on the navy department to aid them.

Accordingly Commander Nicholson started out to the lakes with the primary purpose of setting up prominent marks in proper places so that the captains of passing ships may check off any error in their compasses and make the necessary adjustments to establish "true north" at these marked sites. It is the purpose to erect such marks on the banks of the St. Clair river and in the straits of Mackinaw, which will afford opportunity to make compass corrections to all shipping passing between the three great lakes of Michigan, Superior and Huron.

**Juggling With Dynamite.**  
Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Ellsworth's Drug Store.

**HAS UNIQUE WAR RELIC**

Joseph A. Voelker of Ishpeming has a war relic in the shape of a letter written by George Washington on Aug. 10, 1791, that he prizes highly. It was addressed to General Knox, and reads as follows:

Aug. 10, 1791.  
"Dear Sir—After you have read the enclosed private communication of my sentiments to Colonel Dark, please to send and forward it along with your dispatches to the army. I am,  
"Yours, etc., etc.,  
"George Washington."

Fifteen years ago, while a resident of Oakland, Cal., Mr. Voelker was presented with the letter by a friend, who found it with other old papers in a box once occupied by an officer of the United States army. The letter is well preserved, but it is torn where the seal was broken. Before leaving California Mr. Voelker who was a photographer there, had three photographs made of it, presenting them to friends and retaining the original. He was offered a liberal sum for the relic before his departure from Oakland. The letter was this week loaned to an Ishpeming school teacher, for exhibition in her school.

**THE RICHEST MAN IN THE WORLD.**

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life."

**TROUT ARE THREATENED**

A small white parasite which attacks itself to the gills of the fish is destroying the fishing in the Andis lakes, noted as a home of brook trout. The parasite multiplies rapidly, the fish becomes diseased and soon dies. Two men caught eighty fine appearing trout in these lakes, but examination showed that every one was hopelessly diseased and unfit for table service. The nature of the epidemic is unknown. There is fear that the disease will become general in this portion of the peninsula.

**WARNING.**

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. **MAYOR SHELLEY GIVES WARNING**

Chief Executive of Upper Bay City Says Sunday Closing Order for Saloons is not Being Observed.

Mayor I. E. Shelly of Gladstone, has announced that information has been obtained by him that certain saloonkeepers of the upper bay city violated the Sunday closing order issued by him.

A warning was issued this week by the chief executive of the upper bay city that the first violation of the closing order from this time will be vigorously prosecuted and an example made of the violator. It is also announced that if non-prosecution proves insufficient to bring about the desired result that examples will multiply.

The saloonkeepers of Gladstone are also notified that they must remove all slot machines from their places of business and that they must remain out. Following is the notice issued by Mayor Shelly this week:

I am informed that regardless of the efforts of the marshal my Sunday closing rules have not been strictly complied with.

I am inclined to be patient and dislike exceedingly to put cost on anyone but the Law Enforcement policy must be enforced. I now wish to say that the first man violating the law that we can get evidence against will be made an example of and if one case will prove insufficient examples will multiply. I have the power to enforce my policy and shall not hesitate to go to extreme measures if necessary. Another thing. Slot machines must be taken out of saloons and kept out. Any violations will be reported to the sheriff and if he fails to do his duty I shall bring it before the judge. I hope all of this is plain enough English to be understood.  
I. E. Shelly, Mayor.

**ALL OVER BUT THE VERDICT**

Coroner's Jury Will now Proceed to Sit on the Dead Menominee Range League.

From all indications the affairs of the Menominee Range Baseball league have again taken a grand ascension. After being pronounced dead by anxious fans of four cities on several occasions but each time revived in a semblance of life, the present indications now are that the league which was formed in enthusiasm on paper, has again passed quietly away in the night without watchers at the bedside.

All that is now necessary is to receive the report of the coroner's jury and it is probable that the verdict will be: "We, the fans of four Menominee Range cities, after sitting on the Menominee Range Baseball league for three months, find that said league, came to its death from criminal negligence and non-support, on some date unknown to this jury."

It is also probable that it will be recommended by the jury that the fans of the separate cities, if any such enthusiasts still exist, shall arrange to play independent ball as in seasons of the past and attempt to interest the poor people of the district in the class of baseball that has before been furnished and for which they will probably stand, with no greater show of disapproval than a low growl.

Iron Mountain where the principal seat of trouble in organizing the league was found, it is again announced is down and out and the necessary ten has been counted by the referee. It is said that Iron Mountain will not even support an independent team this season.

Crystal Falls and Menominee have given repeated assurances that they were ready for business and it is probable that independent ball will be the rule in these cities this summer.

What action will be taken by the fans of Escanaba remains to be seen.

**Our Pattern Department**

LADIES' WALKING COSTUME.

Patterns Nos. 5609 and 5611.—Every variation of the Eton and bolero suits are noted this season and all indications point to continued popularity for some time to come. This one was stylishly developed in blue and green, checked mohair, but most of the season's materials will be suitable. The skirt is a stylish model that may be made with or without the center front seam. The smart little bolero jacket may be made with full length or elbow sleeves, as the pattern provides for both. Broadcloth, cashmere, taffeta silk, linen and mohair are all suggested for the making. The medium size will require one and three-quarter yards of 44-inch material for the bolero and four and three-quarter yards for the skirt. Ladies' or Misses' bolero jacket: Sizes for 30, 34, 38 and 42 inches bust measure. Ladies' circular skirt with or without center front seam. Sizes for 22, 24, 26, 28, 30 and 32 inches waist measure. The above illustration calls for two separate patterns. The price is ten cents for each.

This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. For convenience, write your order on the following coupon:

Improvidence of a large number of people is not due so much to a desire to spend every cent they earn, as to their failure to understand the value of small economies. If a start, no matter how small, would be made of laying aside a small portion of the income each week or month, the lesson of saving would soon be learned. Start a savings account with us today, no matter what may be the amount. This strong bank will gladly help you save it.

Beyond the "Dead Line." Look around the world to-day, and see what some of the men who have long passed the "dead line" are doing, and what they have accomplished. Look at the young old military leaders in little Japan who conquered great Russia. Oyama was 20 years past this fatal line when he won his great victories, and all of his corps commanders were past 50. Marquis Ito, the Grand Old Man of Japan, her greatest statesman, and the one who has done more than any other to make Japan what it is to-day, says Orison Sweet Marden, in Success Magazine, is still active in the service of his country. Look at Diaz, president of the Mexican republic. Much of his best work has been done since he was 60. The emperor of Austria, one of the greatest statesmen on the continent of Europe, is about 77. Clement Armand Fallieres, recently elected president of France, is 65. The leaders, the men of the greatest influence in our United States senate, have worn gray hairs for a quarter of a century. Senator Morgan, of Alabama, 84 years old, recently made one of the strongest and most vigorous speeches on the Panama canal question, that he has ever made. Joseph Chamberlain, nearly 70 years of age, is still the most brilliant statesman in England. He was 67 when he initiated his plan for fiscal reform. President Elliot, of Harvard university, everything considered, has, perhaps, been the greatest university president of his day, and nearly all of his greatest work has been done since he crossed the line of the comparatively "useless age." His mind is still strong, alert and creative. Charles Hazlett, consulting engineer of the city of New York, over 95 years of age, works in his office every day at drawings and plans—the most intricate work. He is such an efficient worker that he has been held in office by every administration, Republican and Democratic alike, for over a quarter of a century. From Julia Ward Howe, in her eighties, to Sara Bernhardt in her sixties, women workers in all fields of endeavor, might be cited by hundreds who are doing great work in the world, their very best, though they have long passed the "dead line." Sara Bernhardt, during this season in America achieved as brilliant successes as she did 20 years ago—she positively refuses to grow old. Robert C. Ogden, at 80, is one of the most active members of the great Wanamaker firm. In fact, judging from the abundance of his ideas, his creative ability and freshness of view, he is one of the youngest men in the whole institution. Marshall Field was really in the prime of his manhood when he was stricken with pneumonia at 71, and by far the most important part of his remarkable career came after he had passed the half-century mark.

# OLDSMOBILE

THE MODEL "5" IS IN TOWN

Four Cylinder Model 5, Oldsmobile. 26-28 h. p., 106-Inch wheel base \$2250.00

The rary looking car with the front side doors—that's it. You cannot appreciate how smoothly this car runs—how easily it eats up the hills—what an amount of reserve power there is, until you have ridden in it. We want every prospective purchaser of an automobile to let us show him the best moderate priced car on the market. We want to demonstrate to you that this car, like all Oldsmobiles, means more for the money than any other automobile.

**Do Not Decide Upon Your Automobile Until You Have Seen The 1906 Oldsmobile.**

The only way to know about them is ride in them. We guarantee **Immediate Delivery** on the Touring Car.

You can buy bigger cars at a bigger price—but you can't buy cars that will give better satisfaction at any price—so what's the use of paying more.

A demonstration will prove this to you in the first five minutes

## House Cleaning

This season we are prepared to do everything in the line of cleaning and dyeing chenille curtains, draperies and artistic hangings. When badly faded, we dye in beautiful shades of red, green and brown. To make your home look beautiful and attractive we kindly ask you to give us a call and we are sure that we can give perfect satisfaction.

## Ladies

Fine Gowns and other articles of Silk, Satin, Velvet or wool as well as delicate Laces, are by our French Dry Cleaning Process, made to look like new.

## Ostrich Feathers

Boas, Fans, Trimming, etc., cleaned or dyed and curled. We also clean kid gloves and shoes.

## Cloth Buttons

We also make cloth buttons. You can have buttons made, covered with scraps of goods to match any dress. They are inexpensive and add greatly to the appearance of the garment. Sponging new goods before making up prevents shrinkage and water stains. We do a great deal of this work.
