C. C. Royce, Vice President E. G. Royce, Ass't Cashier

YOUR DINNER

is sure to be a success if we supply you with meat. No matter what your choice may be, you are sure of getting what you want if you come to us. If you should decide on a Rib Roast, a Leg of Lamb, a roast of savory Veal, tender delicious Chicken,

let us serve you. Our prices will please.

MIKE GUNTER,

419 Ludington Street.

LET CONTRACT FOR POLICE STATION

Despite Objections of Four Aldermen Members of Council Decide Finally to Build a City Jail. Warm Discussion Follows Opening of Bids at Meeting of Aldermen Last Night. Ald. Tolan was Strenuous in Objecting to Accept bids Presented.

Despite the objections of four members of the Escanaba city council and against the advice of Mayor M. Perron Escanaba is to have a new police station.

After Ald. John J. Tolan of the Sixth ward had strenuously opposed the acceptance of any of the bids for the construction of the new building which were presented to the council last night, claiming that the building was unnecessary at this time and after Ald. Loftus McMartin had charged that a deliberate attempt was being made to hold up certain business of the city for some reason, which had not yet come to light, the bid of O. R. Johnson who agreed to construct the new police station for \$3824 was accepted by a vote of 5 to 4.

Close bidding was the feature of the proposals submitted to the council last night. There was but \$141 between the highest and lowest proposals submitted to the aldermen and the bid of Contractor J. W. Lawson was but \$8 above the lowest bid presented.

Following were the bids presented to the council for furnishing all of the material and labor for the complete construction of the police station according to plans and specifications that have been prepared:

O. R. Johnson \$3816, J. W. Lawson \$3824, and John S. Lindsay \$4065.

The submission of the three proposals, which was the same number presented to the council one month ago when bids were first solicited, offered the foundation for one of the most heated arguments in which the members of the new council have yet engaged.

Immediately after the final bid had been read Ald. Tolan was on his feet opposing the acceptance of any of the proposals. It was claimed by the alderman from the Sixth that there was not sufficient money in the building fund to construct the station without forcing the city to borrow additional funds for the work. It was pointed out by Ald. Tolan that arrangements had been made by the mayor whereby the city prisoners could be cared for at the county jail at the rate of 60 cents a day.

"A new city jail is not necessary this year and with the city's finances in their present condition I hold that it is absolutely necessary for us to refuse to accept any of these bids presented here tonight," said the alderman from the Sixth. Ald. Tolan then introduced a motion to reject all bids and that motion was seconded by Ald. Cornelius Gallagher.

Mayor Perron, who had been busy comparing the bids presented, during the argument of Ald. Tolan, announced that if the lowest bid presented was accepted that there was not sufficient money in the building fund to complete the work by \$1916.

The mayor announced that he had carefully investigated the situation and had found that the city's prisoners could be cared for at the rate of 20 cents a meal at the county jail and that he believed with those arrangements that it would be unnecessary for the city at this time to construct a building for which the funds were not on hand. Ald. Jacob Kratze of the First ward, then inquired if any assurance had been received by the mayor that the county board of supervisors would agree to take care of the city's prisoners.

Mr. Kratze pointed out that the city must have a jail at some time and that the second refusal of bids for constructing the building would be but mere child's play and would make the council the laughing stock of the businessmen of the city.

Mayor Perron then announced that he had received no assurance other than that given by Sheriff Perow that the county would care for the prisoners.

Ald. Matt Priestler of the Second ward called the attention of the mayor to the fact that the sheriff was not vested with authority to undertake the care of the city's prisoners without the consent of the county board and he expressed it as his opinion that the city would become involved in innumerable complications, should any arrangement for caring for the prisoners at the county jail be made without the sanction of the board of supervisors. He pointed out that no assurance could be given that the board would not charge the city for the meals furnished to the prisoners and a charge would probably also be made for lodging them.

"We have been dilly dallying with this city jail question for the last two months and it is time for us to do something," said Ald. McMartin. "This is but an attempt to hold up the matter

for some reason and I would therefore offer an amendment to the motion made by Ald. Tolan to award the contract for constructing this building to O. R. Johnson who is the lowest bidder."

Ald. John McCarthy of the Third ward took an active part in the discussion claiming that 60 cents per day was too great an expense upon the city in caring for its prisoners and as had been pointed out by other aldermen claimed that there was no ground for belief that the charge made by the county would not be greater than the figure now given by the sheriff.

"The prisoners will be sent to the county jail anyway whether you have a city jail or not," retorted Ald. Tolan.

"With the plans that have been made for this new jail you cannot have a prison as we had at the old jail. Who is going to care for and cook for these prisoners? The policemen? I tell you that a police station at this time is a needless luxury and if you borrow money and build this jail you will find that it will cost you a great deal more than 20 cents a meal to feed your prisoners."

Ald. Kratze responded to the argument of Ald. Tolan with the announcement that he had been assured that the prisoners in the new jail would be fed by restaurant keepers in the vicinity for less than 20 cents a meal and that a great saving for the city would be provided with a new jail.

Mayor Perron then asked City Atty. I. C. Jennings for an opinion on the question Mr. Jennings refused to express an opinion only on the legal question that was offered and after reviewing the provisions of the charter held that there was no available money which could be used to construct the building other than that now in the building fund and placed in that fund through the sale of the old city jail property.

After numerous arguments had been presented by the different members of the council it was pointed out both by Ald. McMartin and Ald. Priestler that it had been the practice in the past for the council to borrow from the different funds when any public work was demanded and that while technically the practice was not in accordance with the charter that it had been frequently done.

"You will admit then that we can't go on and borrow money to construct this building according to the provisions of the charter?" queried Ald. Tolan addressing Ald. Priestler.

"Technically we have not sufficient money in the building fund to construct this building but if you stick to the charter this summer you will do mighty little business for the city, let me tell you that. I am willing to stick to the charter though if you will," was the answer given by Ald. Priestler.

The vote on the amendment offered by Ald. McMartin to award the contract for constructing the building was then taken and the following members voted for its passage: Aldermen Beck, Fulle, Kratze, McMartin and Priestler. Those who voted against the amendment were: Aldermen Gallagher, McCarthy, St. Jacques and Tolan.

The vote on the motion as amended showed the same aldermen voting favoring its passage.

The mayor, city attorney and city clerk were then authorized against the votes of Ald. Tolan and Ald. Gallagher, to enter into a contract with Mr. Johnson for the construction of the building.

GOOD AMATEUR LIST IS BOOKED

Four amateur numbers will make up the special bill offered by Manager Sallinsky's at Ben's theater tonight in addition to the regular specialties of the week.

The amateurs who will appear in the contest tonight are Judson Courtley in a book and wing dancing act, Pearl Duncan violinist, Richard Perow Jr., handclap king and Mabel Kessler in a singing and dancing act.

The amateur bill arranged for tonight promises to be one of the best that have ever been booked at Ben's theater and it is expected that a large audience will be attracted to that amusement place.

The beer brewed by the Escanaba Brewing Co. is of the highest quality. Made of the best malt and richest hops. Give us a call. Bell phone 121.

ATTENDS GOLDEN WEDDING OF SON

Grandfather of William Flemming has Experience not Granted to Many men.

To be present at the golden wedding celebration of his son is the unusual experience of William P. Call, of De Pere, grandfather of William Flemming of Escanaba, according to the announcement that has been received here.

Last week Mr. Call who is now 93 years of age, went from De Pere to Oconto to attend the celebration arranged at the home of Mr. and Mrs. A. P. Call to commemorate the completion of a period of 50 years of married life for that couple.

Mr. Call's son is himself 71 years of age and in 1836 was married at De Pere to Miss Sarah Houghton.

The celebration of their golden wedding was arranged as a family party and the father of the groom of 50 years ago was one of the liveliest of the guests who attended.

Golden weddings are not uncommon though only a small proportion of the couples who take the marriage vows live to celebrate the fiftieth anniversary of that occasion, but it is rare indeed that any man enjoys the privilege that has been granted to Mr. Call to live to attend the golden wedding of a son.

WIFE TRADER DISSATISFIED

St. Louis, Mo., May 18.—Special.—Fred L. Jackman who traded his 40 year old wife and four children to Theodore Mosby for his 20 year old wife now wants to trade back Mrs. Jackman however, objects, saying that she loves Mosby now and will not leave him.

CHILD BRIDE NOT DOWNCAST

New York, N. Y., May 18.—Special.—The defense of Josephine Terranova, the child bride, who slew her uncle and aunt, and who is on trial for her life was begun today. While leaving the Tombs for the court room this morning, the child was radiant with joy, for she had no doubt but that the jury would free her.

THREW VICTIM IN OCEAN

New York, N. Y., May 18.—Special.—A sensational holdup occurred at Corey Island today, when two men bound and gagged Richard Sinclair and after robbing him of \$800 threw him into the ocean. He managed to roll over and keep his head above water until help came. The robbers were not caught.

EARTHQUAKE KILLS MANY

London, England, May 18.—Special.—It has been reported in this city that a terrible earthquake has occurred at Cervera, Spain. A large number of houses have been demolished and though there was a loss of life, the extent of it has not been learned.

TORPEDO BOAT TURNS TURTLE

Port Said, Egypt, May 18.—Special.—Early today the British torpedo boat No. 56 turned turtle in the canal and seven members of the crew were drowned.

SAFE BLOWERS WRECK OFFICE

Laurel, Delaware, May 18.—Special.—The general offices of the Baltimore, Chesapeake & Atlantic railway company was wrecked at three o'clock this morning and the safe robbed. A piece of the safe was blown into the back of one of the men and he was soon captured and will die. Three others have been captured but will not give their names.

RUN DOWN BOY: MEN ARE MOBBED

Chicago, Ill., May 18.—Special.—After a street car had run over an eight year old boy on West 14th street, Conductor Hughes and Motorman White were attacked by a mob that gathered and a fierce fight ensued. It took the combined efforts of the entire police reserve force from Maxwell and Canal street stations to rescue the men from the mob. Both of them were severely beaten.

ESCANABA CLUB IS ACCOMPLISHED FACT

Permanent Organization of Business men is Assured by Enthusiastic Meeting of Last Night. Details of Organization are Decided upon and Constitution and by Laws will be Accepted at Next Meeting.

Escanaba's commercial club is no longer an organization to be established at some date in the future.

The Escanaba club, is today an accomplished fact. Such is the name decided upon for an organization of all of the prominent businessmen of Escanaba at an enthusiastic meeting of the members at the Elks' club rooms last night.

Definite plans for making the organization a permanent one were outlined and committees were appointed to carry the work further and to prepare recommendations to be presented to the members at a meeting to be called when the proper time has arrived by temporary President W. R. Smith.

It was decided at the meeting of last night that the membership of the organization shall be limited to 100 and that the entrance fee shall be fixed at \$15.

It was also agreed that the monthly dues of the organization shall not exceed \$1.50.

A special committee, consisting of Atty. J. F. Carey chairman, M. K. Bissell, Ole Erickson, Herman Salinsky and John J. Sourwine, was named to undertake the work of preparing the membership list and the members of that committee will be prepared to submit a full report at the next meeting.

The special committee named at the initial meeting of the organization to

form plans to be followed by the club, consisting of W. R. Smith chairman, Ole Erickson, Atty. F. D. Mead, J. V. Moran, H. W. Reade, F. D. Davis and E. P. Sutherland was continued in power to draft a constitution and by-laws for the club and to report at the next meeting called by the president.

Different features of the by-laws were discussed by the members last night and those ideas will be embodied in the report that will be submitted by the committee.

Permanent quarters for the club were not decided upon last night but it is probable that a deal will be closed within a short time for at least a temporary lease of the club room quarters at the Elks' temple.

All of the members of the club at the meeting last night agreed that quarters which will prove attractive to all of the members must be obtained to insure the success of the organization. If the Elks' club rooms are decided upon as the home for the club new furniture will be added and the quarters made as inviting as possible.

The idea of organizing under the laws of the state was also discussed last night and while that plan was not definitely decided upon it is probable that articles of incorporation will be drawn up and filed with the secretary of state as a precautionary measure in insuring the stability of the organization.

ATHLETES READY FOR BIG MEET

Representatives of Different Classes of Escanaba High School will Contend for Honors Tomorrow.

Everything is in readiness for what promises to be one of the most successful athletic meets that have ever been arranged under the auspices of the Escanaba, and which will begin at the Driving park tomorrow afternoon.

The entry list has been closed and is practically the same as was announced one week ago when it was expected that the meet would be given on last Saturday afternoon.

A total of over 80 boys of the high school are entered in the different events and each afternoon for two weeks the contestants have been training for the tests of tomorrow.

Class rivalry has been brought to a high pitch and in every instance the representatives of the different classes will make a strong effort to uphold the honor of the numeral which they will wear.

Special accommodations for reaching the driving park have been provided for, with special cars running to the baseball park, and at which point the crowds of spectators will be able to obtain conveyance for the remainder of the distance to the scene of the meet by hack line which will be conducted by Oliver Thatcher.

Mr. Thatcher will also make one trip from the city with the hack leaving the lower end of Ludington street at 1:30 o'clock and gathering passengers on the route to the park following Mary street.

The meet, it is announced, will be opened promptly at 2:30 o'clock in order that all features of the program may be carried out as planned.

ARBUTUS IS MUCH ABUSED

One of nature's daintiest and sweetest spring gifts to man is the trailing arbutus. This flower of the woods is the first to bloom in the spring. Nestling close to the ground it is found among the fallen leaves or hidden by its own dark green foliage. It is a modest flower and must be searched for, and the joy of finding it is almost as great for the true lover of nature, as its possession when found.

Knowing the habits of this spring visitor, its modesty, its fondness for wild places, those who love it most protest in their hearts it not be so emphatically against its sinful destruction by the barbarians who put bunt for the city market.

Bunches of trailing arbutus are brought to town in the form of huge spikes of flowers, stripped of every vestige of foliage, and thereby robbed of most of their beauty. If the arbutus were a brazen flower, assertive in its

attitude, demonstrative in its color, ostentatious in its display and loud, this treatment might be well enough. But what is true is exactly the reverse, and the wanton exposure of the flowers without the least foliage concealment comes close to wickedness.

The barbarians who thus abuse the arbutus may know no better. They should be taught the error of their way. The most effective teaching is in refusal to buy the flowers as they are brought to market.—Grand Rapids Herald.

DROPS FROM FOUNDATION

Occupants of Building at 1112 Ayer Street Thought Escanaba Shaken by Earthquake.

To have their home suddenly and without warning drop from its foundation to the ground, two feet below, was the exciting experience of the families of Joseph Moreau and Arthur Willette at 1112 Ayer street shortly after 9 o'clock last night.

Diaper and light pieces of furniture were broken and the chimney toppled from its foundation by the shock while for a moment panic reigned among the members who believed that Escanaba was being shaken by a violent earthquake.

The family of Joseph Moreau, occupies the first floor of the house while the family of Arthur Willette occupy the rooms on the second floor.

All of the members of the two families with the exception of Mr. Moreau, were in their rooms last night when suddenly the building careened violently and dropped from its supports to the ground.

Mrs. Willette was thrown to the floor and dishes in the apartments of both families were thrown from their positions and broken into pieces on the floor.

The first thought in the minds of the members of both families was that Escanaba was being shaken by an earthquake and when the building had settled firmly on the ground all rushed out of doors. The cause for the sudden drop of the building was immediately learned and the families returned to their rooms where they remained for the night without again being disturbed.

The house stood high above the ground on wooden supports and from an investigation this morning, it was found that the supports at the rear had suddenly given way allowing the entire building to move from its foundation.

SAY WALSH LOST MUCH

Akron, Ohio, May 18.—Special.—An investigation of the Akron Gas Co. here shows that John R. Walsh, Chicago lost \$80,000 annually in the business.

We Invite Everybody

To Come to our Store and Hear the Famous

NOVEL EVENT IS PLANNED

Mission Circle of First Presbyterian Church will Give Tour Around the World June 8.

Probably one of the most unique events that have ever been arranged by any organization of Escanaba is that being planned by the Mission Circle of the First Presbyterian church on June 8.

On that date the members of the organization will give a "Tour Around the World," in which many of the different features met by tourists actually undertaking such a trip will be provided for.

All of the different details of the entertainment scheme have not yet been completed but the members of the circle are now preparing their plans and the full program will be announced soon.

Some central point will be decided upon as a station or sailing port, where the patrons will gather to undertake the "tour of the world."

Homes in different parts of the city will represent different countries and each house will be especially decorated to represent the country announced and at each point refreshments, peculiar to that country, will be served according to the native custom.

It is probable that the automobile owners of the city will contribute the use of their cars for the evening to the mission circle and those undertaking the tour will be carried from the sailing point to the different "countries" in automobiles.

Carrriages will also be provided to convey those who do not care to undertake the round the world trip by automobile.

Another feature of the arrangements will be the tickets purchased by each tourist. Each ticket will be in the form of regular combination railroad and steamship transportation and conductors and captains will meet the cars at different points to check the transportation of each tourist.

The scheme is elaborate in its many details and will require a great amount of work from those undertaking it.

No fascination equals that of a clear brained, tender hearted, lovable woman. Just as there is no picture like a beautiful girl. Hollister's Rocky Mountain Tea makes lovable women, beautiful girls. 35c.—Hill Drug Co., both stores.

TIMBER CUT WAS IMMENSE

A total of 27,788,000 feet of lumber was cut in the United States during 1905, according to figures announced by the government forestry service.

The statistics were compiled by the forestry service in co-operation with the National Lumber Manufacturers' association, and are based on reports from 11,649 firms.

The stock on hand Jan. 1, is given as 6,504,000,000 feet. The total cut of laths was 2,910,000,000, and singles 13,868,000,000. Of the total cut, almost 80 per cent was yellow pine, 18 per cent Douglas fir, 11 per cent northern pine, 9 per cent hemlock, 4 per cent spruce, and none of the other species reached 4 per cent each.

Notice of Meeting of Board of Equalization and Review.

Escanaba, Mich., April 20, 1906. The Board of Equalization and Review for the city of Escanaba, Mich., will be in session in the city hall in said city on Monday, the 21st day of May, 1906, at nine o'clock in the forenoon, and as much longer as may be necessary, and at least six hours in each day, during which time, any person or persons so desiring, may examine his, her or their assessment rolls, and may show cause, if any exists, why the valuation thereof should be changed and the said Board shall decide the same.

T. J. Burke, City Clerk.

B874-5-21.

House Cleaning

This season we are prepared to do everything in the line of cleaning and dyeing chenille curtains, draperies and artistic hangings. When badly faded, we dye in beautiful shades of red, green and brown. To make your home look beautiful and attractive we kindly ask you to give us a call and we are sure that we can give perfect satisfaction.

Ladies

Fine Gowns and other articles of Silk, Satin, Velvet or wool as well as delicate Laces are, by our French Dry Cleaning Process, made to look like new. Ladies' dresses dyed in fashionable colors without being ripped apart.

Ostrich Feathers

Boss, Fans, Trimming, etc., cleaned or dyed and curled. We also clean kid gloves and shoes.

Cloth Buttons

We also make cloth buttons. You can have buttons made, covered with scraps of goods to match any dress. They are inexpensive and add greatly to the appearance of the garment. Sponging new goods before making up prevents shrinkage and water stains. We do a great deal of this work.

The Richest Man in the World.

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky. writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life."

Don't Forget the Modern Woodmen Party at Elks' hall Friday night. B965-2

FINAL VOTE IS TAKEN TODAY

Washington, D. C., May 18.—Special.—After dragging along for more than three years the much discussed case of Senator Reed Smoot of Utah comes to an end today with the final vote of the Senate committee on privileges and elections in the matter. As has been foreseen all along the decision of the committee is to the effect that Mr. Smoot is not entitled to his seat as a senator of the United States from the state of Utah. The decision is based on the charge that his oath of allegiance to the Mormon church prevented him from giving complete allegiance to the United States.

With the end of the famous case it is interesting to note that in the three years of the trial one senator, Hoar of Massachusetts, has died; another, McComas of Maryland, has retired from the senate, and a third, Clarke of Arkansas, refused to serve and was displaced by Patterson of Colorado. It has been freely said that the committee was not at all anxious to come to any agreement during Smoot's term, but pressure from the anti-Mormon element of Idaho, Utah and the Pacific slope finally forced the eight to five vote for expulsion.

WARNING.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Ellsworth's Drug Store.

SOUTHWESTERN ATHLETES MEET

Oklahoma City, Okla., May 18.—Special.—This city is overflowing today with delegations of students come to attend the annual contests of the Southwestern Athletic and Oratorical association. The meet will last two days and from all indications will be the most successful as well as the most largely attended ever held under the auspices of the association. The association includes many of the leading schools and colleges of Texas and Oklahoma and it is expected that at the present meeting several institutions of Colorado and Arkansas will be admitted to membership.

DO NOT BE IMPOSED UPON.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Ellsworth's Drug Store.

LARGE LAND TRACT SOLD

A deal involving transfer of title to 4,400 acres of timber lands in Alger county was consummated at Marquette Monday between the Cedar Land & Mining company, composed of Daniel W. Powell, of Marquette; Thomas G. Sullivan, Detroit; E. H. Thomas, New York, and others, and the C. H. Worcester company, of Chicago. The lands are in almost solid body between the Pictured Rocks and Munising, contiguous to the Munising railway, and are heavily timbered chiefly with cedar and pulp woods. The price paid for the tract is not announced.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

DR. PRICE'S BAKING POWDER

A pure, cream of tartar powder, free from alum and phosphates.

No acid but that of grapes—which is pure, pleasant and healthful—enters into Dr. Price's Baking Powder.

Fruit acids are accounted by hygienists the most important of the elements of the food of man, and of these the acid of the grape is most prominent.

Dr. Price's Cream Baking Powder is not only the most efficient and perfect of leavening agents, but owing to its constituents is likewise promotive of health.

PRICE BAKING POWDER CO., CHICAGO.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc. If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.
You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.
G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Two Sizes, 50 Cents and \$1.00.

MARKED CHANGE IN HAT STYLES

The old 1905 Straw Cannot be Hauled out for this Year by Man who Wishes to Appear "Dressy."

Although the straw hat season is several weeks distant the more enterprising hat makers and haberdashers are beginning to display the coming summer's headgear. Straws are permissible in the efforts east after June 15, but in Escanaba only the courageous say good-bye to their fedoras and derbies before July 1.

The new straws will be a disappointment to those who had anticipated a similarity to last season's hats. The crowns are not as high as heretofore and the rims are not wide like they were a few years ago. Neither are there any buzz saw effects in the latest models. Panama hats will not be in vogue and will not be worn in Escanaba to any extent. At the summer resorts, however, the Panama will remain in favor. The proper thing for the city will be the stiff straw hat with a crown of medium height, a rim of medium width and a black band.

Colored hat bands will be worn quite extensively among the younger men, and many bright and varicolored ribbons are shown. The best makes of hats have only black bands.

Prices this year will be about the same as heretofore, although there will be some more expensive hats on the market than in former years. Five dollars has been about the maximum price for standard hats, but this year there will be stiff hats "de luxe" which will retail at \$7 and \$8. This is said to be due to the passing of the Panama.

Hat dealers figure that men who paid as high as \$40 or \$50 for a Panama will be willing to pay \$7 or \$8 for something a little better than the ordinary.

INDUSTRIAL NEWS NOTES

William C. Brown, who has just been chosen first vice president of the New York Central lines, with a salary of \$15,000, was in the early '70s, a telegraph operator and messenger boy in Sioux City.

The blast furnaces at Gary, the new town to be built by the United States Steel Corporation at Indiana Harbor, Ind., will have the largest capacity of any in the world. Each furnace will be ninety feet high and will cost about \$1,000,000.

The boring of what will be the longest tunnel in the United States, and one of the longest in the world, has been determined upon by the Central Pacific Railroad company. It will be a six mile hole through the Sierra Nevada mountains, in California, a short distance west of the town of Truckee, Ariz. The object of the tunnel is to cut down the present mountain climb of 7017 feet by fully 2000 feet, and thus eliminate many of the present curves and much of the grade.

Considerable progress is now being made in the development of Kentucky and Tennessee oil fields. While none of the wells recently brought in is exceptionally large, there are a number yielding from 25 to 50 barrels a day.

A company has been organized in Iowa, with a capital of \$100,000, to manufacture paper out of the husks from sweet corn.

The Harriman interests are said to be planning to extend the Houston and Texas Central railroad from Denison, Texas to Topoka, Kas., there to connect with the Union Pacific for Kansas City, and with the line northward to Omaha, thus giving the Harriman roads a connection between the eastern ends of the system.

This year's tobacco area in New England will be about 17,000 acres, a slight increase over last season. It is reported that growers are regaining confidence in the shade grown tobacco.

Contracts have been let for the construction in Washington parish, Louisiana, of the largest sawmill in the world. The mill will be entirely of steel and concrete construction, understood to be the only one of its kind in the United States, and will have an annual capacity of 150,000,000 feet. The entire plant will cost in the neighborhood of \$1,500,000.

CZAR NICHOLAS IS 38 TODAY

St. Petersburg, May 18.—Special.—In the seclusion of the imperial palace at Peterhof, where he has taken up his residence for the summer, the czar passed his thirty-eighth birthday today. The customary official observances of the anniversary were held and during the day the Tsar received congratulatory messages of congratulation in behalf of his executive rulers and governments. Feasts were displayed on all public buildings in the capital and special services of thanksgiving were held in the churches. Owing to the tendency of the authorities to suppress any public gathering or demonstration of a seditious character, there was no popular celebration of the day.

Rich! Rich! Rich! Scratch! Scratch! Scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

ANARCHIST IS FREE MAN

Man who Attempted to Assassinate Henry C. Frick in July 1893 Released From Prison Today.

Pittsburg, Pa., May 18.—Special.—After having served fourteen years and eight months for his attempt to assassinate Henry C. Frick in July, 1893, Alexander Berkman, the anarchist, was released today from the Allegheny county workhouse. Berkman has been spoken of as the successor of the late Johann Most as the head of the anarchist propaganda in America. Just what his real plans are he refused to state today beyond saying that he is prepared to put in the rest of his life in educational work along anarchist lines. Mr. Frick, though he denies that he has any fear of further molestation from Berkman, has, it is believed, taken steps to have the anarchist closely watched for a time at least.

It was during the excitement incident to the homestead strike that Berkman attempted the life of Mr. Frick in the offices of the Carnegie Steel company in this city. The would-be assassin shot him twice, once in the neck and in the back, and then endeavored to complete his work with a dagger. John G. A. Leishman, afterwards United States minister to Turkey, came to the assistance of Mr. Frick and was himself stabbed by Berkman. Berkman was convicted and sentenced to fourteen years in the Riverside penitentiary. Upon the expiration of his sentence eight months ago he was transferred to the workhouse to serve a sentence on a minor charge in connection with the assault.

Although not well educated when he entered the penitentiary, Berkman has acquired a considerable knowledge during his imprisonment. He is now able to keep books and handles the pen as well as the average citizen, if not better. He has been a most exemplary prisoner during the years he has spent behind the walls, and has studied unceasingly. He has perfected himself in several languages, French, Italian and the Slavonic. While he is believed to be as much of an anarchist as he was the day he attempted to assassinate Mr. Frick, it is the opinion of the prison officials that he is likely to devote his future activities to the advocacy of education rather than as an apostle of force.

It is all right to talk about beauty habits, but most women are too busy hustling and have no time to cultivate beauty habits. Therefore they take Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets.—Hill Drug Co. both stores.

NICHOLI AT THE PETERSON

Few magicians in recent years have such a strong hold upon public favor as the Great Nicholi who will appear at the Peterson tonight. His reputation is now so well established that it has become almost unnecessary to print any eulogiums of his performance. His popularity is not hard to account for, as there is not a dull or uninteresting moment from the rise of the curtain to the fall. Almost the entire performance is taken up with numerous selections and this combined with the usual amount of mystery makes it doubly interesting. But infrequently before in the history of the local play scene have the people of Escanaba had the opportunity of witnessing such a novel and interesting performance.

The M. W. A. will give a dancing Party Friday, May 18 at Elks' hall. B965.

DOGS EATEN BY GERMANS

Washington, D. C., May 18.—Special.—Consul Harris, of Mannheim, in a report to the state department on the price of food stuffs and the meat shortage in Germany, quotes an interesting article from a local newspaper on the increasing use of horse and dog meat. The article says, in part: "While the number of horses slaughtered in the fourth quarter of 1904 amounted to but 44,639, and in the first quarter of 1905 amounted to but 35,966, it rose in the fourth quarter of 1905 to 52,584. Most of these horses were consumed in a few northern German states. In Mecklenburg 29 steers and 148 horses; in Mecklenburg-Schwerin 783 horses and only 236 steers. The number of horses slaughtered in south Germany is comparatively small, as also in Saxony, where only about half as many horses as steers were consumed. On the other hand, in the matter of slaughtering dogs Saxony took second place with 1,464 head.

"A similar condition was shown only in Anhalt with 159 dogs slaughtered for food. In the other German states this species of flesh is less valued. In Prussia only 528, in Bavaria 181, and in Haden 8 dogs were slaughtered in the last quarter of 1905. To be sure, here are reckoned only the common species of dogs, which under official inspection were compelled to give up their lives and allow themselves to be eaten. According to official records there were 2,463 dogs slaughtered during the fourth quarter of 1905, as against 1,782 during the same period of 1904."

There's nothing so good for a sore throat as Dr. Thomas' Electric Oil. Cures it in a few hours. Relieves any pain in any part.

DECORATIONS TO BE FEARED

Unique Scheme Carried Out at Elks' Ball Tonight

One of the features of the party that will be given by members of the Escanaba Lodge of Elks at the Elks' hall tonight is the unique decorative scheme which has been arranged.

The entire decorations will be indicative of the order. The deep green of the branches will furnish the decorative scheme, while the red and brown timbers, arranged in odd confusion, will be the remainder of the scheme being carried out by the committee today.

All arrangements have been completed to make the dancing tonight one of the most enjoyable of its kind that have ever been given in Escanaba in several months is expected that a large number of guests will be attracted. Brotherton's orchestra by the engagement of the program for the evening of attractive numbers are assured.

A. J. YOUNG WAS HONORED

Escanaba Man is for First Time Chosen for Office in one of Grand Bodies of Masonic Order.

Announcement was received in Escanaba yesterday of the election of A. J. Young of Escanaba as grand master of the first veil of the Grand Chapter Royal Arch Masons at Saginaw where the Grand Chapter closed its sessions last night.

The election of Mr. Young to an office in the Grand Chapter is a signal honor and is the first time in the history of Escanaba that a member of any Masonic body of this city has been elected to an office in any of the grand bodies of the Masonic order.

The election of Mr. Young to the office of Grand Master of the first veil is taken as a recognition of the excellent work that has been accomplished by Escanaba Masons within recent years and the active interest that has been shown in the work of the grand bodies.

A beautiful, bound volume, fully illustrated, telling the story of the great San Francisco disaster will be sold to Mirror readers for one dollar. Regular price \$1.75. Telephone order.

NOTICE

Notice is hereby given that all property owners in the city of Escanaba must remove, or cause to be removed, all refuse of every kind from their premises and from alleys abutting their property within ten days. Failure to comply with this order will be followed by vigorous prosecution. Signed Board of Health. B953-5-24.

No. 197. first publication May 11, last June 1, 1906.

Order for Publication.—Appointment of Administrator.

State of Michigan, The Probate Court for the County of Delta.

At a session of said court, held at the probate office in the city of Escanaba in said county, on the eighth day of May, A. D. 1906.

Present: Hon. Thomas B. White Judge of Probate.

In the matter of the Estate of Louis O. Larson, deceased. John Larson, a brother, representing the minor heirs having filed in said court his petition praying that the administration of said estate be granted to Swan G. Nelson or to some other suitable person.

It is ordered, that the fourth day of June, A. D. 1906, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Daily Escanaba Mirror a newspaper printed and circulated in said county.

T. B. WHITE, Judge of Probate.

A true copy, EDNA L. CATES, Register of Probate.

First Publication—May 11, last June 1, 1906. No. 198.

Notice of Hearing Claims Before Court.

State of Michigan, The Probate Court for the County of Delta.

In the matter of the estate Philip D. Kelly, deceased. Notice is hereby given that four months from the seventh day of May, A. D. 1906, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the city of Escanaba, in said county, on or before the eighth day of September, A. D. 1906, and that said claims will be heard by said court on Monday, A. D. 1906, at ten o'clock in the forenoon.

Dated, May 7, A. D. 1906. T. B. WHITE, Judge of Probate. EDNA L. CATES, Register of Probate.

The Ladies Aid of the Presbyterian church will hold a pantry sale Saturday afternoon, May 19, at the office of C. M. Thatcher. B980-10-14-16-18.

GIVE NOTICE

OF DECISION

Official notice that a decision adverse to the city of Escanaba had been rendered by Judge John W. Stone in one of the suits instituted to force the payment of the special pavement tax levied in Escanaba 14 years ago, was given to the members of the city council last night by former City Atty. Arthur H. Ryall.

In the communication from Mr. Ryall it was pointed out that while a decision had been rendered against the city in this instance that it was his belief that the assessment could still be collected and as the assessment was a proper one payment should be forced in fairness to those who paid the tax without protest.

The communication from the former city attorney was referred to City Atty. I. C. Jennings.

Arrivals and Clearances at Docks and Other Shipping Notes of Interest.

Following were the arrivals at the local docks yesterday and today: Fitzgerald from Chicago, light, Edmund F. Holmes from Cleveland with coal, W. M. Egan, light.

Clearances, Nielson, W. M. Egan, Iron King, H. S. Wilkinson for Lake Erie ports and Pentland for Grand Haven.

Who are the sweetest things that painters paint, or poets sing, lovelier than anything? Girls who take Holliester's Rocky Mountain Tea. 25 cents, Tea or Tablets.—Hill Drug Co. both stores.

GATHERS DATA FOR DIRECTORY

Harvey C. Beeson, publisher of Beeson's Marine directory, acknowledged authority on all marine matters connected with traffic on the Great Lakes, was in Escanaba today gathering data for the 1906 issue of his publication.

Mr. Beeson was in Escanaba for but a few hours and left for the north this afternoon to visit other lake ports before returning to Chicago.

Mr. Beeson is now engaged in his annual tour of all of the principal lake ports and announced today that the 1906 issue of the directory will probably be ready for distribution early in June.

A SOCIETY BELLE TO WED INVALID

Denver, Colorado, May 18.—Special.—Irene Chittenden Farquar a society belle of Detroit arrived in this city today to wed Frank H. Touret, an invalid inmate of the Oakes home. The license has been procured and the wedding will take place tomorrow.

HOME-COMING OF KENTUCKIANS.

Low Rates via the North-Western Line from All Points for the Great Kentucky Celebration at Louisville in June.

The Chicago & North-Western Railway announces that low rates will be made, effective June 11 to 13, with convenient and liberal return limits, account of the "Home-coming of Kentuckians" celebration which is to be held at Louisville June 13 to 17.

It is expected that a large number of ex-Kentuckians will make this the occasion of a visit to their native soil. Anticipating a representative assemblage of such from all parts of the United States, the people of Louisville are making great preparations to entertain them with true Southern warmth. The program for the occasion is understood to be interesting and varied. Ask your ticket agent for full particulars. 6-13.

CONVASSERS TO COVER THE CITY

Through arrangements that have been made by the management of the Fair Savings Bank Department store a crew of convassers began the work this morning of canvassing the city in inducing patrons of the Fair Store to furnish photographs of friends or members of their families to be reproduced in genuine oil paintings.

By arrangements that have been made with the manufacturers the paintings will be furnished free to patrons with each \$10 worth of coupons issued by the store and giving the patrons an opportunity to select frames in terms that are given in detail in another position of this issue.

A display of the paintings which have already been prepared, has been arranged in the large display window of the Fair store and has attracted much attention.

NOTICE.

Don't Make

yourself sick by working about the dullness in copper stocks. If you are making

Any Mistake

by not buying good copper stocks now while the price is low, don't blame me when you see the biggest boom

In Coppers

that you have ever seen, for I can convince you why good copper securities are a better purchase now than they have ever been before.

Never Before! Never Again! A Premium Like Now!

\$5.⁰⁰ Oiled Painting of yourself or friends reproduced from any photo to life size Absolutely Free!

Can you remember of such Price ever being offered before?

See the Pictures and Frames now displayed in our Ludington St. Window

One of these remarkable paintings will be given FREE with purchases to the amount of \$10.00. Coupons will be given with each purchase of 5c or over

That the most beautiful homes in the world, swell clubs, Governmental homes, as well as thousands upon thousands of homes of wealthy people are all properly and most elaborately decorated with life size paintings of prominent people, dear relatives, who have passed away as well as others who are with us today.

That the possessors of such luxury, have in some cases paid thousands of dollars for one painting; others have paid hundreds of dollars, and still many others have paid smaller amounts, the price depending upon the reputation of the artist, etc. Not many of us can afford to pay such prices for portraits, but that is no reason why we should not have them.

The people who can afford to pay such prices are the possessors of homes that have cost them fortunes, but most of us must be contented to furnish our homes according to the size of our purse.

We know that the crayon portrait is a thing of the past and that American ingenuity and progressiveness have developed wonders in the way of reproducing a miniature figure or a small object to life size. This together with the fact that the oil effect which we bring out, and which is so noticeable

in the higher priced portraits, has revolutionized the art of making portraits from cheap, chalky effects to a rich oil production.

We have arranged with the makers of this new work for a limited number to be made from the photographs of our customers, and will present one of these paintings absolutely free without any extra expense to customers who wish to take advantage of this offer, providing customers will buy goods and secure our coupons to the amount of \$10.00 at our store. The very latest and most elaborate of frames to be furnished with each painting for your protection as well your benefit, and at wholesale cost. This arrangement is necessary on account of the peculiar odd size of the painting which is brought about by the electrical process through which the canvas must pass before the chemicals and oils can be applied.

Samples of this beautiful work may be examined at our store where you will see a complete display of this work, which is all made by some of the best painters in the United States, and you may be justly proud of a reproduction of a photo of someone dear to you. Nothing in this wide world is more suitable for a gift.

Do not hesitate to deliver photos to solicitors. We guarantee safe return You Pay only Wholesale Price of Frame \$1.55 and Up.

Solicitors will visit your home and explain in detail and show you samples of this beautiful work and also show you frames.
