KNIGHTS MARCH ON ESCANABA

Local Council of Knights of Columbus Will Entertain Many Visitors Tomorrow.

Knights of Columbus from many surrounding cities of the peninsula will march on Escanaba tomorrow when a class of 125 candidates will be initiated into the mysteries of the order by the Escanaba council of Knights of Columbus.

Elaborate arrangements for the entertainment of the visitors to the city have been made by the different committees appointed by the Escanaba council and everything is in readiness to make tomorrow a red letter day in the history of the organization of the Knights of Columbus lodge in Escanaba.

The van guard of the visitors will begin to arrive in Escanaba tonight and on the early trains reaching the city tomorrow morning the remaining visitors will be brought in.

It is estimated that over 200 visiting members of the order and candidates, who will be initiated tomorrow, will be in the city.

Members of the Escanaba council of Knights of Columbus, visiting knights and the full class of candidates will meet at St. Patrick's hall at 9:30 o'clock tomorrow morning and will attend solemn high mass at St. Patrick's church at 10 o'clock.

The Rev. Father Langan assisted by visiting clergymen will conduct the service which will be most impressive. At 1:30 o'clock the session of the Escanaba council of Knights of Columbus will be opened for the initiation of the class of candidates. The session will be continued throughout the afternoon and early evening until the three degrees of the order have been conferred upon the entire class.

Immediately after the close of the session the members of the order with their families will go to Peterson's hall where an elaborate banquet will be served under the direction of John O'Meara, caterer.

An interesting program of toasts has been arranged for to follow the banquet and several visiting speakers of note will respond.

GAME WAS CALLED OFF

Unfavorable Weather Conditions and Many Repairs Necessary at Park Prevented Contest for Tomorrow.

Unfavorable weather conditions today and the prospects for a continuance of the same conditions tomorrow has caused the baseball game scheduled to be played at South Park tomorrow between the Escanaba team and the Crystal Falls players to be called off.

Peter Nolden, who had been making all arrangements for the contest of tomorrow, today telegraphed to the management of the Crystal Falls team that it would be impossible to carry out the agreement that had been made.

Many repairs were found to be necessary at South park before the game could be played at that place and it was impossible to carry out that work in the time that was allowed.

Whether arrangements will be made for a game with Crystal Falls here at a later date was not announced this afternoon.

THINK STRIKERS WRECKED TRAIN

Amsterdam, N. Y., May 26.—Special.—While running at terrific speed this morning a train of seven express cars, two horse cars and three empty coaches was wrecked just east of this city. Nine horses were killed but it is not thought that any people were injured. The cause of the wreck was the removal of fish plates from the rails. Last Thursday a hundred striking laborers were marching on the tracks threatening vengeance against the company.

IOWA DAMAGED IN HEAVY FOG

Muskegon, Mich., May 26.—Special.—The Goodrich steamer Iowa missed the pier while making a landing in a heavy fog at Grand Haven this morning and crashed into the structure smashing the bulwarks near the middle gangway.

BEGIN WORK ON JUNE 1

Manistique Extension of Michigan States Telephone Company to be Started Within a Week.

Definite announcement was issued by District Manager Miles Thomas of the Michigan State Telephone company today that work on the Manistique extension of the company's line will be started on June 1.

Word was also received by Manager Thomas this morning from the headquarters of the company, that 28,000 pounds of copper wire, which will be used in the extension has been shipped and will arrive in Escanaba early in next week.

The company's force of line men is now engaged in work on the Menominee range and will be transferred to this city to begin work on the new line on June 1 or before that date.

Poles for the line have already been purchased and will be delivered at once in order that no hitch may occur in the progress of the construction work.

The line will be carried from Rapid River to Manistique as quickly as possible after the work is begun, and the different private "phones" in that city, which have been arranged for, will be installed.

When all of the lines at Manistique have been connected up and that city for the first time in its history given a telephone service with the outside world the extension will be carried to Trout Lake where connections will be arranged for points in the lower peninsula.

It is expected by Manager Thomas that the extension will be fully completed and placed in commission by late in this summer.

SNOW FALLS IN DAKOTAS

Escanaba may Come in For Inning of January Weather in May by Tomorrow.

Snow was falling today at several points in Montana and the Dakotas and according to the prediction issued by Observer W. P. Stewart this morning Escanaba may come in for an inning of January weather conditions in May.

"Rain or snow tonight and Sunday" was the prediction issued by the observer this morning when the thermometer at the Escanaba weather station registered at but six degrees above freezing point and threatened to drop to a lower point.

According to the records at the weather bureau, today was not the first time that a temperature close to the freezing point has been recorded in Escanaba in May but the conditions which maintained today, were far from the normal.

All wearing apparel—savings of the "summer" were relegated to the extreme recesses of dark closets this morning and heavy garments, which it had been hoped were laid away for the season were hastily brought forth to again do duty until the weather man will emerge from his period of ill temper and will allow the sun to shine.

LECTURE TO BE INTERESTING

The Rev. Father Corcoran to Give Address at St. Patrick's Church on Monday Evening.

It is expected that a large audience will be attracted to St. Patrick's church on Monday evening when the Rev. Father Corcoran, of Manistique and formerly of Escanaba, will deliver a lecture on the The Life of Christ. The lecture will be illustrated by 150 colored views, thus aiding in making it interesting throughout.

Father Corcoran is recognized as one of the most powerful orators among the Catholic clergy of the upper peninsula and the lecture which he has prepared cannot but be attractive throughout.

Father Corcoran has recently given the lecture in several upper peninsula cities and in each city has been greeted by large audiences.

Men and women who eat fat meats and drink strong coffee usually have coarse, florid skins. Hollister's Rocky Mountain Tea makes your skin soft and fair. 35 cents Tea or Tablets.—Hill Drug Co., both stores.

MANY PEOPLE WERE GENEROUS

Car of Supplies for Fire Sufferers Taken North Yesterday by T. B. Wadsworth, who will make Report on Return.

People of Escanaba yesterday responded generously to the call for donations of clothing, provisions and furniture for the destitute families living along the line of the Escanaba & Lake Superior railroad who lost their homes in the forest fires of one week ago.

A large quantity of supplies, most needed by the homeless people collected through the efforts of the Ladies Aid Society of the Union Congregational church of Wells, were gathered at Wells yesterday morning and were taken north in a car provided for the purpose by the Escanaba & Lake Superior railroad. The car was in charge of T. B. Wadsworth, of the Land department of the I. Stephenson company and until he has returned it will not be known the need that exist for more supplies.

Announcement will be issued on Monday of the report of Mr. Wadsworth and of the things that are most needed and which assurance has been given by many people in Escanaba can be collected here without difficulty.

Assurances of the willingness of people in all parts of the city to assist in the relief movement have been received at the Mirror office and it is now certain that no suffering will develop in any of the families of the county who were left homeless and penniless because of the fire.

The identity of the drayman who made what is considered to be an exorbitant charge for moving supplies for the destitute families from a point on Elmore street to the station of the Escanaba & Lake Superior railroad yesterday morning, has not yet been learned but those who respond to the call which may be issued on Monday will not, as the result of the generous offer announced today by Fabian Defnet, be forced to pay carrying charges of any kind.

Mr. Defnet without making any announcement throughout the time since the call for supplies was issued has been carrying packages of clothing, provisions and furniture from any part of the city to the Escanaba & Lake Superior station without charge.

Today he announced that he will continue with the same practice and people having supplies to be donated to the fire sufferers, when the call is again issued may have their donations placed in the proper hands, by notifying Mr. Defnet.

The offer that is made by Mr. Defnet is in sharp contrast to the spirit that was shown by the single drayman who was employed to haul one small load for the fire sufferers yesterday and while the identity of that drayman has not yet been learned it is believed that it will be possible to do so with the description that has been furnished.

MARINE NOTES OF LOCAL PORT

Arrivals and Clearances at Docks and Other Shipping Notes of Interest.

Following are the arrivals at the docks today:

Str. Ellwood 4:15 a. m. Str. Byron Whitaker 2:15 p. m. yesterday. Str. Fred Patst yesterday. Str. City of Genoa 2:15 yesterday. Str. Cherokee and Chippewa 5 a. m. today. Str. Mecosta 4:30 a. m. Str. H. W. Gilbert 5 o'clock this a. m. Clearances: Byron Whitaker 7 a. m. Str. Fred Patst last night. Str. Genoa last night.

JACKSON MAN WANTED BADLY

Jackson, Mich., May 26.—Special.—Chief Boyd received a letter this morning from the Citizen's Life Insurance company of Detroit asking the address of Chas. E. Aldrich. The chief replied that he would give \$500 himself for the address. Aldrich is the absconding city recorder, who is charged with embezzling \$14,000 and who is supposed to be in Mexico with a young woman from this city.

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

NO STOP IN ARRANGEMENTS

Unfavorable Weather Conditions does not Interfere With Plans For Sunday Outing.

Although weather conditions which maintained in Escanaba today were not such as would cause the thoughts of people generally to dwell on cool shady nooks of the woods, arrangements for the first Sunday outing of the year at Maywood tomorrow were continued without interruption.

Neither was the forecast of the weather man encouraging but no matter what are the weather conditions it is certain that some people of the city will go to spend some part of the day at the upper bay resort.

Should a warm wave suddenly strike the district a great influx of people to Maywood is certain and those who are arranging the excursion are hoping that the prediction for continued low temperatures tomorrow will not be fulfilled.

The steamers Lotus and Maywood will together make five trips from the Stephenson dock to Maywood tomorrow with the Lotus leaving for the first trip at 9 o'clock.

PLANS TO LIVE FOR NOTHING

Novel Scheme is Forwarded to Those Attempting to Establish a Low Schedule.

As a test case, four men are at present endeavoring to live satisfactorily on four pence a day in London. They are succeeding tolerably well, too; but a genius has loomed up, and gives to his fellowmen who find the expense of living too much for their pocket-books, a novel plan, whereby they may live on nothing.

He says: "Moreover, in our scheme of dietary, dates do not appear, delectated coconut is unknown and bread crusts are irrevocably tabooed."

"In short, our scheme, if properly carried out combines the maximum of luxurious feeling with the minimum of financial expenditure. The great charm about our system is its childish simplicity."

The following extracts from the diary of a representative who tried the first week's experiment show the working of the scheme:

Monday—Called on Jones at breakfast time and said there was a fire at my flat. Jones said, "Had breakfast?" I said, "No." Result: Breakfast with Jones.

Went into the city, called on Brown at his office, said that I had some inside information as to "a good thing" in South Africans. Suggested talking it over after lunch. Brown said, "Right!" Lunched with Brown.

Looked up Robinson at his dinner hour (previously ascertained). Said, "How about a box at the Gaiety?" Robinson said, "Splendid." Why not stay to dinner?" Did so. Explained afterwards that box was for another night.

Tuesday—Dropped in at Walker's club, having previously watched Walker enter. Said that I was interested in a new motor company. Would Walker like to be on the board? Unlimited dividends, no liability. Walker said, "Would think it over." "Why no think it over at lunch?" "Good idea." Lunched with Walker. Left him thinking it over.

Met Parker as he was leaving the city. Told him that I had some special information "direct from the stables." Would he keep it to himself? He would. Suggested that as we were together we had better have dinner. Dined with Parker.—London Mail.

BANK CASHIER TAKES LIFE

Battle Creek, Mich., May 26.—Special.—Frank P. Houghton, cashier of the National bank of this city, committed suicide this morning by hanging himself with a shawl strap in his bathroom. He went into the bath room without saying anything more than that he intended to wash up a bit. After he had been in the room for many minutes his son and son-in-law became alarmed and broke down the door.

Upon entering the room they found Houghton dead. His bank business is in the best possible condition and the only reason known for his act was ill health.

M. J. HUTT WILL RESIGN

Supervisor From Bark River Township to Retire in Order to Accept New Position.

Supervisor M. J. Hutt of Bark River, a member of the Delta county board of supervisors for several years, will present his resignation from the office which he now holds to the township board probably on Monday.

Mr. Hutt has accepted a position as traveling representative for a large nursery company and will enter upon the duties of his new position about June 1.

Supervisor Hutt was in Escanaba yesterday and announced that his resignation has already been prepared to present to the Bark River township board and arrangements have been made for calling a meeting of that body either on Monday or Tuesday.

It is probable that Phillip Labre, of Bark River, will be chosen to succeed Mr. Hutt, as supervisor from that township. Mr. Labre is one of the most prominent young business men of Bark River and his selection to fill the office made vacant by the resignation of Mr. Hutt, is strongly advocated by the retiring official.

The entire United States will be the territory covered by Mr. Hutt in his new position, traveling with carload lots of nursery stock which have already been a 3, distributing to the purchasers and making all collections.

While Mr. Hutt will continue to maintain his home at Bark River and his family will continue to reside there, it was decided by him that the great range of territory to be covered would prevent him from returning to Delta county to attend to either township or county business, which will frequently require the attention of the supervisor and has accordingly decided to resign.

During the time that Mr. Hutt has served as supervisor from Bark River township he has been recognized as one of the leading members of the county board and the announcement of his intention to resign will be received with much regret by the remaining members of the board.

OLD SOLDIERS WILL ATTEND

General Invitation is Extended to all Veterans of City to Join in Memorial Service Tomorrow Morning.

A general invitation to all old soldiers and marines of Escanaba, who served in the civil war was extended by the members of the C. F. Smith post G. A. R. of Escanaba to join with them in attending the annual memorial service at 10:30 o'clock tomorrow morning at the First Baptist church.

All members of the C. F. Smith post, members of the Woman's Relief Corps, Spanish American War veterans and all other veterans of the city will meet promptly at 10 o'clock tomorrow morning at the office of Judge Emil Glaser and will march from that place to the First Baptist church.

The Rev. J. C. Rooney, will deliver the memorial sermon and it is expected that many people outside of the veterans and the members of the Woman's Relief Corps will be attracted to the morning service.

A special musical program has been arranged by the choir of the church for the service and everything has been accomplished to make the event one in keeping with the occasion being observed.

THINK DOWIE'S END IS NEAR

Chicago, Ill., May 26.—Special.—John Alexander Dowie is seriously ill at the Virginia hotel, and nourishment is being administered through a tube. The paralysis in his legs is now spreading upwards.

BOAT'S POSITION IS DANGEROUS

Calumet, Mich., May 26.—Special.—The Gilchrist steamer Uranus is still on the rocks at Eagle River. With the brisk north wind that is blowing and the heavy sea, the condition of the vessel is becoming serious.

Doan's Regulets cure constipation without griping, nausea, nor any weakening effect. Ask your Druggist for them. 25 cents per box.

FOREST FIRES

Some workers in the woods report that their hard earned savings, secreted about bunks, in "turkeys" and other places around camp, have gone up in smoke.

Others are obtaining duplicate pass books and certificates of deposit from the banks holding their funds

Your house may be insured, but your money hidden about home is not insured. Why not keep it in a safe place?

STATE SAVINGS BANK, ESCANABA.

OFFICIAL FORECAST

U. S. Department of Agriculture Weather Bureau.

Escanaba, Mich. May 26, 1906.
ESCANABA AND VICINITY:
Rain or Snow To-night and Sunday. Colder To-night.

LOCAL DATA.
Highest temperature, yesterday, 63° above zero; lowest temperature this a. m., 28° above; precipitation for last 24 hours, .21

W. P. Stewart,
Official in Charge

"When two jobs are hunting for the one man instead of two men competing for the same job, the workmen of this country can be prosperous and satisfied." The foregoing was a favorite declaration in Mr. Bryan's 1896 campaign speeches. It was true, too, but it seemed at that time almost as the expression of a hope too good to ever be realized. But in New York at the present time, and in most of the cities and smaller towns of the entire country, there are more than two jobs hunting for the one man. Jobs have never before been so plentiful and men never in so great demand. Mr. Bryan is having a delightful visit with the potentates of distant lands just now, and his foreign sojourn is probably all the more enjoyable because of the information that probably reaches him from time to time, that better conditions than he had ever pictured for his countrymen are at this time being enjoyed by them.

Shipments of gold to the United States were larger last month than for any single month during the past ten years, and our country's sales of American goods to foreign countries, during the same month, were twelve million dollars greater than for the month of April last year—one hundred and seven millions in all. These items from the latest official trade reports are valuable in several directions and encouraging to all legitimate American activities. They are not helpful and encouraging, however, to efforts in behalf of political changes, tariff revisions, or any further explorations at this time in the dismal swamp directions which through past unhappy years have been sufficiently explored.

The opposing votes of two Democrats and one Republican to the railroad rate bill, on the occasion of its passage in the United States senate last Friday, gives little encouragement to making use of the senate situation on that question as a political asset in any direction. But it is satisfactory to note that the ratio of those who insist on getting on the wrong side of important public questions is not less than two democrats to one republican.

IRISH BOARDER TO BE BILL

One of the greatest successes among the melodramatic productions is "The Irish Boarder" replete as it is with startling situations, novel mechanical effects, scenic splendor, strong pathos, and quaint humor the strongest feature is its fidelity to real life, every character is human in the large cities will be found thousands of people who will recognize among the characters of this play exact proto types of some one they know. It deals with every day life of people in the great metropolis. Their loves, their wrongs, their joys, their sorrows, their crimes, their virtues and the ultimate success of the right and the downfall of the wrong at the Peterson opera house on Sunday.

BIRD FEATHERS ARE TABOOED

Albany N. Y., May 26.—Special.—Commissioner Whipple of the state forest, fish and game department has served notice through the press to the milliners of the state, retail and wholesale, that his department intends to use every legitimate means to force the law prohibiting the possession or sale of the bodies or feathers of wild birds, whether taken in this state or elsewhere.

Realizing the opposition which will undoubtedly meet his efforts to rob woman of the most popular hat trimming, the commissioner says that this department, being entrusted with the protection of bird life, is desirous of obtaining results without working any hardship to the public and the trade.

DO NOT BE IMPOSED UPON.
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Ellsworth's Drug Store.

UNION MEN TAKE NOTICE.

All union men take notice that a large frame building is being built on North Norris street, without the aid of union masons, bricklayers or plasterers.

B. L. & M. I. U. No. 84.
OS-5 24-8.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tenses the stomach, restores perfect digestion, normal weight, and good health.

GLUCOSE IS ON TABOOED LIST

After July 1 all Syrups must be Pure Unless Plainly Labeled.

After July 1 there will be another food on Michigan tables worthy to take its place beside pure dairy butter, and with no more suspicion as to its pedigree, and that is maple syrup. After that date a man may eat his breakfast cakes in peace, being well assured that his butter is the genuine product of milk and his syrup the actual sap of the maple tree, for as oleomargarine can no longer pretend to be butter, so, after that date, can glucose no longer get itself liked by masquerading as maple or cane sugar.

In one way after another it is charged the manufacturers have succeeded in evading the law, each new scheme requiring much work to meet. Finally the state dairy and food department told the makers, after many long discussions that one of two things may be done: The syrup may be sold under the simple old name of glucose, or it may be called corn syrup provided the exact proportions of cane and corn in the syrup are truthfully told in a conspicuous way on the outside. The "maple" syrup men must neither say maple nor insinuate the word in their labels unless the syrup is maple. If a mixture, that fact is also to be announced.

Until July 1 is given by the department for retailers to dispose of their stock of strange syrups, but after that date if any is found offered under the false names the sellers will be prosecuted.

"TWENTY-THREE" IS NOT NEW

"Every once in a while I see in the papers some explanation of the origin of the phrase 'twenty-three,' but none of them get it right," said Sheriff W. J. Cary of Milwaukee. "The term is one used by telegraphers ever since the first key was pounded. It means 'get out of the wire,' or 'you're out,' or 'go back and sit down'—everything in fact that is intimated in the phrase 'skidoo.' The attempt to ascribe the origin of 'twenty-three' to an expression in one of Dickens' novels is far fetched, as it appears queer it would not have come into general use years ago.

It was also used by telegraphers long before it was adopted on the race track. In certain handicap races only twenty-two horses can be entered. When that number have entered, the books are closed, and the twenty-third horse is turned down. When two operators are sending and receiving a message, on a commercial or railroad wire, and another fellow attempts to "come in," he gets the message "twenty-three," which is an imperative command for him to "get out." Number "8" means you're breaking in, but it is not as imperative a term as "twenty-three." Race track telegraphers took their code term, which to them contained nothing slangy, and adapted it to the twenty-third horse in the handicap race, which also was to "come in," giving it a slangy term, and from the race track the expression has spread all over the country. Numbers used by telegraph operators are as follows: 1—wait a minute; 2—where shall I start; 3—got any business for me; 4 and 19—train order; 31—I understand; 15 and 25—busy, and very busy; 23—a death message; 23—skidoo, or 'get out'; 78—accept my compliments; 18—Who is at the key.

ADMIRAL PERRY HAS RETIRED

Washington, D. C., May 26.—Special.—After twenty years' active service as an officer of the navy Rear Admiral Thomas Perry was today placed on the retired list, having reached the age limit of sixty-two years. Admiral Perry is a native of Elmira, N. Y., and graduated from the naval academy in 1865. During the Spanish-American war Admiral Perry, then a captain, commanded the flagship Lancaster at the base of supplies at Key West, Fla. He has commanded the battleship Iowa and served as commandant of the New York and Pensacola navy yards, as well as served at the head of several of the naval schools.

SOLDIERS AND SAILORS MEET

Annapolis, Md., May 26.—Special.—A party of army and naval officers came over from Washington today to witness the fifth annual baseball game between the Naval and Military academies. Both West Point and Annapolis have won two games of the series and the peculiarity of the contests is that the home team never has won. The navy is very determined to change the luck this time and places great reliance on its pitching staff, which has made an exceptionally good showing this season.

PAPER CAUSED A SENSATION

Address of Archbishop Messmer Read Before Anti-Saloon Convention Stirrs the Audience.

A paper written by Archbishop Messmer of the Milwaukee diocese which was read before the Wisconsin Anti-Saloon league convention at Madison, Wednesday, has caused a sensation. Archbishop Messmer is now on his way to Europe and his paper was read by a clergyman whom he delegated to the task.

That moderate enjoyment of an exhilarating liquor is no greater wrong than the enjoyment of a cooling dish of ice cream or a plate of citron flavored blue points was one of the contentions contained in the address.

"It is unnecessary to state that I use the term temperance in the usual strict sense as applied to the use of intoxicants, not in the wider sense of moderation in the use and enjoyment of any earthly goods. Hence in itself and under normal conditions the moderate enjoyment of an exhilarating liquor is no greater wrong than the enjoyment of a cooling dish of ice cream or of a plate of citron flavored blue points or of a glass of sweetened lemonade.

"But, we are told, alcohol is most injurious to the system and the natural law forbids man to needlessly injure his health. Hence it is always wrong to take it. But is alcohol always injurious? To men it is one of those intemperate exaggerations that we sometimes hear from the unguarded lips of professional temperance speakers. Neither science nor medicine, nor experience supports this statement; they flatly contradict it. But, they insist, intoxicants do no good. Well, what of it? We may grant that alcohol is not usually necessary or good for man's health when regularly taken; we may admit, generally speaking, that it is better and in every way more profitable for man to abstain entirely from strong drinks.

"But even the moderate use of strong drink leads gradually to intemperance. So we are told. But the statement lacks proof. Such may, indeed, be the result in some cases when it will not in a hundred other cases. What rule then must be followed? On the principle that every man is bound by natural and divine law to avoid the danger and near occasion or cause of sin just as he is bound to avoid the sin itself, we maintain that whenever or wherever the moderate use of liquor becomes for any one a danger or occasion of intoxication, that man is bound, under a divine sanction, to abstain altogether."

AUTOMOBILES TO REPLACE FIRE HORSE

Chicago Chief Believes Animals Must Pass--Sends His Own Charger to Sausage Factory and Gets an Auto.

(From the Indianapolis News.)
Chicago May 8.—Fire Marshal John Champion has sounded the passing of that romantic, dashing and heroic old animal—the horse.

The chief this week inaugurated a two cylinder, 22 horse power, 1906 model "F" Buick automobile, as the official head of the Chicago fire department, relegating his trusty old galloper to either the green pastures or the sausage factory, according to the fancy of fate.

With the appropriation voted him by the city council on the recommendation of the finance committee, the chief made his purchase, selecting a car especially equipped and fitted up for the business of a fireman.

The equipment consists of the following:
Electric lights from bull's eyes to tail lamp.
Electric gong instead of bulb horn.
Leather faced tires with steel pebbled tread.
Heavily enforced canopy top to withstand falling debris.

The chief believes the automobile is the best possible means of locomotion to a fireman. He points to the equipment of the fire patrol with electric

trucks and says that the passing of a few years will leave the department equipped with automobile fire apparatus from hose and ladder trucks to engine.

Chief Champion is now able to visit any of the outer or suburban districts of Chicago with his own vehicle. Heretofore he has been forced to trust to tarry trains and slow-going street cars. (From the Newark, N. J. News, May 5, 1906.)

Only a few weeks before the hill climbing contests in the second week of May, Indianapolis autists are taking advantage of the good roads and fair weather. Michigan hill is now used every day for trial runs. Many cars have made preliminary runs, in good time. Sidney Elston drove up the hill in a Franklin in fifty-four seconds.

Probably the best time on the hill was made yesterday by a twenty-two horse power Buick touring car, sold by the Federal Motor Car Company of this city. The time for the complete climb from the bottom to the road at the top was thirty-four seconds which is considered remarkable.

MADE STANDING START.

No flying start was made by the car, but a run of about fifty yards was sufficient for a little car to begin the ascent, and when once started it made the climb as if no hill were in the way. In addition to weighing 1,700 and 1,800 pounds the car carried two passengers, Gordon Varney of the Varney Electric Company and a friend making the first trip and Lon Carr and another passenger making the second trip in the record time.

The trial was considered an excellent test and the Buick probably will be a strong contender for first place honors in the contests next month.

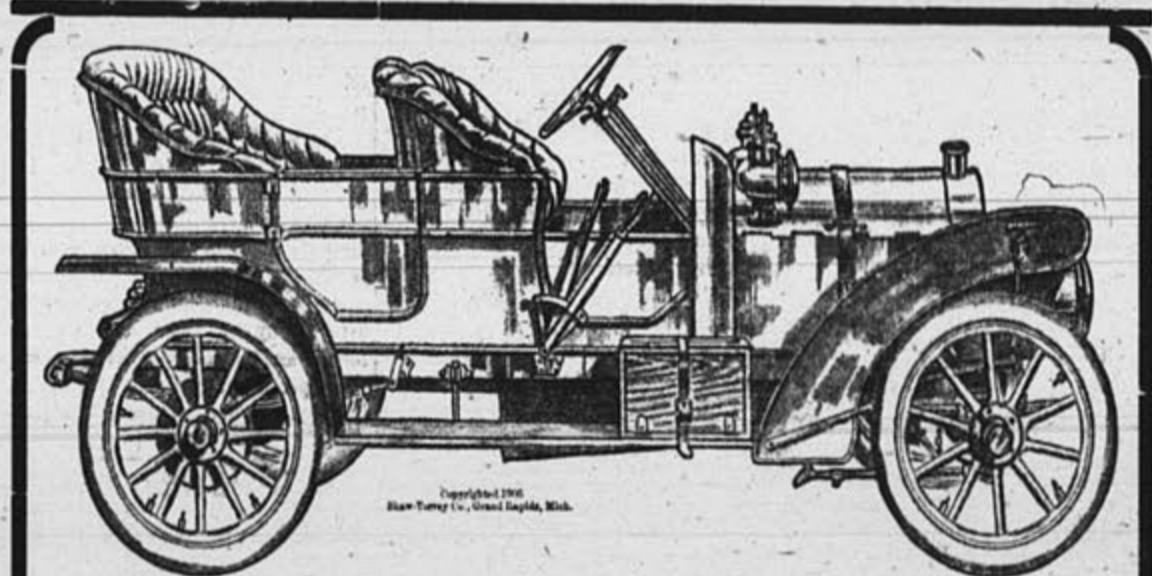

Minneapolis Hill Climb

The Following Telegrams Tell the Story.

Minneapolis, Minn., May 19, 1906. W. C. Durant, Gen'l Mgr., Buick Motor Company, Jackson, Michigan. "Skipped them to a finish, made a monkey of the bunch, including several four-cylinder, forty-horse power cars. Buick stock so high a balloon cannot reach it. Send a special train of forty car loads at once."
Pence Automobile Co., Minneapolis, Minn., May 19, 1906.

D. F. POYER, Menominee, Agt. Northern Michigan, IRONS & CO., Escanaba Agents.

OLDSMOBILE

Palace Touring Car, Model S. \$2,250.00

With Complete Equipment.

200 Hours Without Stopping the Engine.

In Detroit, beginning April 21st, a Four Cylinder Model "S" Oldsmobile Touring Car for 200 consecutive hours, 8 nights and 8 hours left over, think of it, without stopping the engine and without trouble of any kind. Lubrication was perfect—15 miles on one gallon of gasoline.

In Chicago a 100 hour non-stop run was pulled off and again the machine gave absolutely no trouble. What better proof could you want of the reliability, sound construction and general satisfactory mechanical make-up of the Oldsmobile Touring Car. This machine can be furnished as open touring car with or without top, Limousine or Runabout body. Immediate deliveries can be made on the open touring car.

We want everybody interested in a good all around automobile to ride in this car and we will make appointments with them if they will call on us.

IS FRIDAY AN UNLUCKY DAY?
Important Events of History do not Prove That Fifth day of the Week is as bad as Painted.
The iconoclasts have got at Friday. The busybodies who, for the last century and a half, have been examining all good old superstitions in such the same manner as an inquisitive child might examine the sawdust interior of a doll for signs of life, have taken up the subject of Friday. What is the matter with Friday? Is it really such an unlucky day after all? According to tradition Friday is unlucky because it was on that day that Christ was crucified. Soames says that "Adam and Eve ate the forbidden fruit on a Friday and died on a Friday." In nearly all the countries of Europe, Friday is regarded as the black sheep of the days of the week, and it is so esteemed by Buddhists and Brahmins. The old Romans called it nefastus from the utter overthrow of their army at Gallia Nabonnensis.

In England it was once the custom to execute the sentence of death on condemned criminals on Friday, which, therefore, has been commonly known as "hangman's day." There is an English proverb to the effect that a Friday noon brings foul weather. Most sailors refuse to go aboard a vessel that is to start its voyage on a Friday.

On the other hand, evidence is not wanting that Friday is one of the luckiest days in the week. Charles Dickens says that nearly all the fortunate events in his life occurred on this day. In Scotland Friday is the favorite day for weddings.

Below is given a list of some important events that have occurred on Friday:

Moscow was burned on Friday.
Washington was born on Friday.
Shakespeare was born on Friday.
America was discovered Friday.
Richmond was evacuated Friday.
The Bastille was destroyed Friday.
The Mayflower pilgrims were landed Friday.
Queen Victoria was married Friday.
King Charles I. was beheaded Friday.
Napoleon Bonaparte was born Friday.
Julius Caesar was assassinated Friday.
The battle of Marengo was fought Friday.
The battle of Waterloo was fought Friday.
The battle of Bunker Hill was fought Friday.
The battle of New Orleans was fought Friday.

Juggling With Dynamite.
Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Ellisworth's Drug Store.

FISHERMEN'S NETS EMPTY
Commercial fishermen on Lake Superior say this is the worst season they have experienced in years. H. E. Anderson, of Munising, who has for many years fished in the waters of the big inland sea, says that whereas May has always been one of the best months of the season, this year it is very poor. Between that city and Grand Marais and between Munising and Marquette numerous fishermen, representing large and small interests, are lifting nets, and as far as can be learned all have the same hard luck story.

There is almost a continuous chain of nets in Lake Superior from a point far east of Munising, on the south shore, up to and encircling the north shore. The quantity of fish taken out every season in these nets is enormous, and it possible that this great, long-continued drain is responsible for the present scarcity of fish.

It may be a forlorn hope, but apparently the only one fishermen have to cling to is that the fish have changed their "grounds," and after a while will be relocated.

Perhaps the bulk of the lake trout and whitefish which were formerly so abundant outside, have "become wise" and gone into summer quarters in Munising bay, where fishing with nets is prohibited.

CHRISTIAN SCIENCE.
Christian Science services are held every Sunday morning at 10:30 over Novack's Jewelry store 808 Ludington St. in the room at the rear end of the hall. All are cordially invited. Subject for tomorrow: "God the only Cause and Creator."

PREPARE FOR ROYAL WEDDING
Official Ceremonies in Honor of Coming Marriage of King-Alfonso Opened in Madrid Today.

Madrid, May 26--Special.--The official ceremonies in honor of the wedding of King Alfonso and Princess Ena of Battenberg formally opened here today. Thousands of persons gathered about the Northern station to witness the arrival of the royals who are to attend the marriage. Immense crowds also lined the route from the station to the palace.

Each day sees new additions to the already elaborate decorations of the capital. At the Puerto del Sol, thirty golden columns circling the square have been erected.

They are surmounted by oriflames linked by garlands of flowers, flags and colored lamps.

At the church of San Geronimo practically all preparations have been completed for the wedding ceremony. Special stands have been erected for the accommodation of the invited guests, the chance and the nave being reserved for the royal family, princes and members of the court.

A special bullfight is advertised for tomorrow afternoon at the Puerto del Sol. No less than fifteen bull fights are to take place in connection with the wedding festivities, and over one hundred bulls are to be killed.

Free dinners were given to several thousand poor persons today. This charity will be repeated daily until May 31. Fifty thousand pesetas (about \$10,000) have been distributed to the poor, and small sums will be deposited in savings banks in the names of all children born next Thursday, the day of the wedding. Altogether, gifts amounting to 200,000 pesetas will be distributed.

The police are taking rigorous precautions against any repetition of the previous attempts made on the life of King Alfonso. Extraordinary precautions will be taken also for the safety of the many royal personages who will throng Madrid next week. Even the usual photographic equipments have been suppressed unless by special permit.

The enormous and growing crowds and the babel of tongues may perhaps be considered so far to be the most striking features of the royal wedding festivities. Early morning sees crowds, mostly women, out to view the decorations and yearning for a sight of royalty. Later in the day there begins an endless stream of vehicles of every conceivable description, from the aristocratic equipages of the wealthy to the humble donkey carts of the country folk.

Toward night, when the working people leave the shops and factories, the crowd changes in aspect. It is then less well dressed and much noisier, but still orderly, and it is long past midnight when the people finally disperse from the public squares.

Cures baby's croup, Willie's daily cuts and bruises, mamma's sore throat, grandma's lameness--Dr. Thomas' Electric Oil--the great household remedy.

The Richest Man in the World.
The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky. writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life."

NOTICE.
Notice is hereby given that all property owners in the city of Escanaba must remove, or cause to be removed, all refuse of every kind from their premises and from alleys abutting their property within ten days. Failure to comply with this order will be followed by vigorous prosecution.
Signed Board of Health.

HERE'S MONEY
For you. I mean of course the money you can save by seeing me when you are thinking of investing your idle cash in Real Estate.
I have always good values to offer on my books:
I especially quote:
One large house and lot in good repair No. 628 Jennie St. Price \$2500. To any person looking for a home in a good location this cannot be beat.
Ten room house and lot No. 1001 Delta Ave. Price \$1900. This property is in a first class condition.
3 houses on two lots in North Escanaba, rents for \$24.00 per month. Price \$1800. Invest your money in this.
I have on my list several farms which may be exchanged for city property. Space will not permit me to numerate all the property I have on my list, such as house and lots, building lots in all parts of the city, also farms improved and unimproved. Call and examine list before you make a purchase and save money.

M. DOHERTY, Real Estate, Loans, Fire and Plate Glass Ins. Stock Block.

"OUT OF DATE"
IF you look closely at the picture you will see how fierce this man really is, and no wonder. Poor fellow. Cleaning carpets is not a man's work; it used to be considered so, but only a machine can clean a carpet clean and do it right and we have got the best machine. If you think we don't know what good carpet cleaning and prompt service means just give us a trial.

TWO SETS OF DATES PROPOSED

Upper Peninsula Reunion of Pythians will be held at Gladstone either on Aug. 10 and 11 or Aug. 24 and 25.

Official announcement was issued by the officers of the Gladstone lodge of Knights of Pythias that the upper peninsula reunion of Knights of Pythias will be held in that city either

on Aug. 10 and 11 or on Aug. 24 and 25.

A definite decision as to the dates for the reunion will be made by the members of the Gladstone lodge within a few days but it is now certain that Pythians from all parts of the peninsula will be entertained at the upper bay city either on the first named dates or on the dates last named and which are being urged by some.

Every lodge of the Order of Knights of Pythias in the peninsula will send delegates to the Gladstone convention and a sharp spirit of rivalry among the degree teams entered, will be one of the features.

The Gladstone lodge of Knights of Pythias, is recognized as one of the strongest in the peninsula and the ability of its members to entertain the visitors will never be questioned.

NOVEL DISPLAY WAS ARRANGED

Hundreds of live crawfish crawling over a carpet of newly cut grass formed the unique window display at the Blue Ribbon today.
The crawfish season opens at the Blue Ribbon tonight and for the remainder of the season the proprietor of the place will arrange to serve the fresh crawfish fins to his patrons at frequent intervals. Many people passing no Ludington street today were attracted by the novel display that was arranged at that place.

LOCAL NOTES

J. T. Wilson and family left Wednesday night for Rhinelander, Wis., where they will make their home in the future.

Dance Saturday night May 26, at North-Star hall. Brotherton's orchestra. Admission 50 cents. Everyone invited. C7-5-24-9.

A baby boy arrived at the home of Mr. and Mrs. Michael Flemming this morning.

Mid-summer millinery. Lingerie hats, the new Auto hat with veil. Outing and white pattern hats. Burn's millinery department. C13-52-5 tf.

'Twill Take More Than Threatening Weather and Clouded Skies To Keep "Keep People Who Know"

Away from the store during this our great May sale of Summe house furnishing needs. The attractions we offer in our great basement salesroom will more than offset the possible discomfort of a shopping tour in the rain. Its bargains the "kind" that have made this store famous all through the upper peninsula—a perfect "downpour" of them—those told about today are only a few of the thousands that now clamor for a hearing.
