VETERANS' MARCH TO CEMETERY

Memorial day Procession will Form at 2 O'clock and Exercises will be Held at Lakeview Cemetery.

Escanaba's veterans of the civil war many of whom are old and decrepit will be forced to march to the Lakeview cemetery tomorrow afternoon where they will decorate the graves of their dead comrades, because the treasury of the C. F. Smith post G. A. R. is empty and the individual members of the organization are unable to bear the expense of hiring carriages for the occasion.

It will be a sad appearing procession of old men which will accordingly be formed at the Odd Fellows' hall at 2 o'clock tomorrow afternoon and without martial music, which on other years has stirred the heart beats of the men who marched to the front in 1861, will proceed to the cemetery where the regular ritual of the Grand Army of the Republic will be carried out.

Last year by strenuous efforts a band was provided by the merchants of the city for the Memorial day parade and carriages were hired to carry the veterans and from the cemetery.

This year the lack of agitation to raise funds for the proper observance of Memorial day has resulted practically in an insult to men who fought for the union and still survive and to the memory of those who entered the struggle and gave up their lives for their country.

Escanaba people who view the procession of veterans marching quietly to the cemetery tomorrow, may well stop and wonder if their patriotism is not on the wane.

The veterans of the civil war together with the Spanish American war veterans, the Escanaba Light Guard and members of the Woman's Relief Corps will meet at the Odd Fellows' hall at 2 o'clock tomorrow afternoon when the procession will be formed.

At Lakeview cemetery the graves of the dead soldiers will be decorated and the formal exercises of the organization carried out at that place.

Atty. A. H. Ryall will deliver Lincoln's Gettysburg address, which is a portion of the regular ritual of the G. A. R. and a short address will be given by the Hon. John Power.

Following the formal exercises at the cemetery the procession will be reformed and the veterans will march to the Odd Fellows' hall where a supper will be served by the members of the Woman's Relief Corps.

Tomorrow morning the graves of soldiers buried in other cemeteries of the city will be decorated following the usual custom by the members of the relief corps.

All public offices of the city will be closed tomorrow and the greater portion of the business places will be closed at noon out of respect to the memory of the country's soldier dead.

WILL HONOR BISHOP POTTER

London, May 29.—Special.—The Pilgrims of London have arranged for a notable banquet at the Savoy hotel tonight in honor of Bishop Potter, who is president of the Pilgrims of the United States. Field Marshal Earl Roberts will preside and the Archbishop of Canterbury will offer the toast to the guest of honor.

BIG INCREASE IN DOCK CAPACITY

Duluth May 29.—Special.—The annual report of Chief Engineer Robert Angst, of the Duluth & Iron Range railway, shows that during the year ending May 1 three new ore shipping docks were constructed at Lakeport, the Messabe No. 4, at Duluth; the South Shore No. 3, at Marquette, and the No. 2, of the Milwaukee road, at Escanaba.

Adding the extension of the Great Northern dock at Allouez bay, the total new construction contains 900 pockets of 274,274 tons capacity. Including the new construction the total capacity of all ore shipping docks at upper lake ports is 1,282,100 tons, contained in 6,794 pockets.

BEDDING IS NOW NEEDED

Wants of Homeless Settlers are Filled Except for Bedding and Donations will be Received.

The greatest need now felt by the families whose homes were destroyed in the forest fires of ten days ago is for bedding of all kinds, according to W. B. Wadsworth, of the Land Department of the I. Stephenson company who accompanied the car load of supplies collected in Escanaba and Wells into the burned district late in last week.

It is said that nearly all of the fire sufferers are now well clothed and by the generosity of the donors a sufficient number of stoves were given to supply that need.

Bedding of all kinds is lacking however and arrangements will be made to receive donations to supply this necessity at once.

All of the settlers who lost their homes are now erecting new houses on the sites of their former homes and within a few weeks all will again be self-supporting.

The generosity of the people of Escanaba and Wells who responded immediately to the call for aid will not soon be forgotten by the homeless settlers as had not the call been answered considerable suffering would have developed in some of the burned over districts. Announcement as to when donations of bedding will be received and at what places will be made as soon as possible.

TO INCREASE ITS CAPITAL

Hartford, Conn., May 29.—Special.—The stockholders of the Connecticut Fire company assembled for a special meeting today to take action to place the company's financial condition beyond the possibility of critical scrutiny. In the opinion of the directors the San Francisco losses have exhausted the present surplus. The plan proposed is that the capital of \$1,000,000, the present legal limit, be reduced to \$500,000, and that the stockholders then increase the capital from \$500,000 to \$1,000,000 on subscriptions at the rate of \$100 a share.

KIRKHAM HAS BEEN REMOVED

A letter was received in Menominee last week from State Game and Fish Warden Charles H. Chapman of the Soo, announcing that Deputy County Game and Fish Warden R. H. Kirkham of Menominee had been relieved from further responsibility and removed from office. It is understood that the removal was made at the request of Deputy State Game and Fish Warden J. B. Eddy of the Soo, who was in that city recently for some days.

COMMITTEE HAS MEETING

An informal meeting of the members of the Republican county committee of Delta county was held at the court house this afternoon when matters of importance to Republicans of the county were discussed. No definite action was taken by the members of the committee on any matter and it is probable that another meeting will be called later.

GAMBLERS FOUND A RICH FIELD

Monroe, Mich., May 29.—Special.—A gang of gamblers cleaned up a lot of money at Cole's circus grounds Monday. The grounds are just outside of this city and the city and county officials did not interfere. One farmer got the best of one of the games, thrashed the gamblers and made his escape.

O. A. Anderson returned yesterday after a short visit with friends in Menominee. Mr. Anderson is the agent for the Skandia Life Insurance company.

DUTCH BOAT GOES DOWN

Steamer Heros Totally Wrecked Near the Alderney Channel Islands. Particulars not yet Known.

London, England, May 29.—Special.—The Dutch steamer Heros has been totally wrecked near the Alderney channel islands.

The particulars have not been learned yet as to the cause or the number of lives lost.

J. E. SCRIPPS PASSED AWAY

Detroit, Mich., May 29.—Special.—James E. Scripps, founder and proprietor of the Detroit News, died at his home at 608 Trumbull avenue at 3:45 this morning. The direct cause of his death was inflammation of the spinal cord.

For the greater part of the winter, Mr. Scripps spent his time in California, returning to this city in April, when his condition gradually became worse. Although he lost the use of his limbs, his mind was perfectly clear until a week ago when he became semi-conscious.

Mr. Scripps was born in London, England March 19, 1835 and came to this country in 1844. In 1873 he started the Detroit Evening News. Much of his later life has been spent in traveling and nearly every part of the globe has contributed to his collection of works of art and curiosities.

The Detroit museum has a collection donated by him that occupies an entire floor. Arrangements are being made to hold the funeral Thursday afternoon.

MANY PEOPLE WILL ATTEND

It is expected that many people of the city will take part in the annual excursion given tomorrow night on the steamer Lotus by the members of the Epworth League of the First Methodist Episcopal church.

All arrangements for the excursion have been made and a large number of tickets for the event have already been disposed of insuring a capacity load for the Lotus when that popular little steamer will leave the Stephenson dock at 8 o'clock.

Refreshments will be served aboard the boat by the members of league and all details carried out which will add to the enjoyment of the occasions by the patrons.

Each year the annual excursion given by the Epworth league has attracted a large number of patrons and with the interest that has been aroused this year it is believed that although weather conditions will probably not be as favorable as on other occasions, that a new mark for attendance will be recorded.

MARINE NOTES OF LOCAL PORT

Following are the arrivals at the docks: Steamer Falcon last night, C. F. Beitman and skipper, B. McLaughlin this morning, City of Paris last night, Massachusetts this morning, Neosha this morning, Thomas Davidson this morning and O. M. Poe today.

Clearances: Falcon and City of Paris.

BROKER PAYS OLD CLAIMS

New York, N. Y. May 29.—Special.—Edwin Strang Hooly, the Broad street broker, who failed for nearly \$30,000,000 a few years ago and whose claims were settled for 80 cents on the dollar, has now voluntarily settled in full with six per cent interest to the date of the recent settlements.

THIRD FIRE AT JACKSON PRISON

Jackson, Mich., May 29.—Special.—A fire that started in the tailor shop of the prison last night has been laid to spontaneous combustion by the officials, but the outsiders doubt it very much as this is the third fire that has occurred in a short space of time that has been laid to spontaneous combustion.

UNIQUE ACT ON THE BILL

Monopedes at Ben's Theater Pleased Large Audience Last Night and Popularity is Assured.

One of the most novel acts yet introduced in vaudeville is that in which Ernie and Honegger, monopedes, are appearing this week at Ben's theatre.

One of the members of the team, through an accident lost his right leg, and the other is minus a left limb.

Equipped with crutches the duo appear in several unique stunts which greatly pleased the first night's audience attracted to Ben's theater last night.

The entire bill presented by Manager Salinsky at his amusement place this week is good and it was a capacity house that greeted the performers last night despite other attractions in the city.

DeFranco, announced as the "Man Of Many Faces," is clever, making lightning changes and giving excellent interpretations of the actions and facial expression of many prominent men of the world.

The Kelly family, who appear in an Irish comedy sketch kept the audience in an uproar from the opening to the close of their act.

The Two and One-Half Casads, have a comedy sketch that has several amusing features and adjudging from the applause which greeted the number last night it will remain popular with the patrons of the theater throughout the engagement.

The moving pictures shown this week are realistic and in the illustrated song "Dreaming Love of You" Miss Ida Lacross last night was accorded the usual ovation.

Owing to the length of the bill that is offered this week Manager Salinsky has announced that he will give but one matinee performance tomorrow afternoon opening at 2:30 o'clock.

COUNCIL CAN RAISE FUND

Special Statute Passed by Last Legislature Allows City Councils to Appropriate Money for Memorial Day Observance.

That a law was passed by the last Michigan legislature empowering the council of each city of the state with a population of 10,000 people to appropriate \$125 for the proper observance of Memorial Day, was brought to the attention of the Mirror today by a citizen who is much incensed at the lack of patriotism that has been shown in Escanaba. A special statute was passed by the last legislature giving the power to each township board, village board and city council of the state to appropriate certain sums of money, according to population, for the proper observance of the day set aside to honor the memory of the men who fell in defense of the union.

While attention was called to the special statute too late for action this year it is probable that next year special action will be taken by members of Escanaba's governing body to insure the carrying out of a regular Memorial day program.

BIG BATTLE IS THREATENED

Washington, D. C. May 29.—Special.—President Cabrera of Guatemala is facing the fight of his life. The former president, Barillas who has now assumed the leadership of the revolutionary forces has crossed the Mexican border with a well armed force of men. General Castillo who was exiled from the country by Cabrera, has captured a town on the Pacific coast and General Penada is approaching from Salvador and General Toledo from the Honduras frontier.

HELD FUNERAL THIS AFTERNOON.

Funeral services over the body of little Elizabeth Seidel, the two year old daughter of Mr. and Mrs. Anthony Seidel, who died yesterday afternoon at the home of the family at Wells after an illness from pneumonia, was held at 1:30 o'clock this afternoon at St. Joseph's church. The Rev. Father Eusebius conducted the service. Interment was at St. Joseph's cemetery.

YOUNG PEOPLE ARE MADE HAPPY

Miss Exenia Belland and Wilfred LeDuc and Miss Ida Beauchamp and Mitchell Fillion Married This Morning.

Within a single hour two marriage ceremonies were performed at St. Anne's church this morning.

The first ceremony was performed at 7:30 o'clock when Miss Ida Beauchamp daughter of Mr. and Mrs. Regis Beauchamp of Flat Rock was married to Mitchell Fillion, also of Flat Rock.

At 8 o'clock at the same church Miss Exenia Belland and Wilfred LeDuc took the vows which made them man and wife before the Rev. Father Menard.

Both of the weddings were witnessed by friends and relatives of the brides and grooms and following the ceremonies receptions were held at the homes of the parents of the brides.

The Rev. Father Sberbinow, uncle of the bride, pronounced the vows which made Miss Ida Beauchamp and Mitchell Fillion man and wife. Miss Anna Beau amp sister of the bride acted as bridesmaid and Albert Beauchamp, brother of the bride, acted as groomsmen.

Immediately after the ceremony the members of the party went to the home of the parents of the groom where a wedding breakfast was served and a reception was arranged to be continued throughout today and this evening.

The Rev. Father Menard, of St. Anne's church officiated, at the marriage of Miss Belland and Mr. LeDuc and Miss Eva Fountain acted as bridesmaid, Wilfred Belland, brother of the bride, served as groomsmen.

A wedding breakfast was served at the home of the bride following the ceremony and many friends of the young couple were received at the home this afternoon.

MARKS COMPANY DRAWS CROWD

A Soldier of France will be Bill Presented by Stock Company at Peterson Tonight.

A Soldier of France, will be the bill offered by the Tom Marks Stock company of players at the Peterson tonight. Last night Stamus O'Brien was the production given by the company and as at the opening performance a large and enthusiastic audience was attracted.

The different members of the company appearing in the production of last night took their parts well and in the different climaxes of the play the audience applauded vigorously. A Soldier of France is considered to be one of the strongest plays in the company's repertoire and it is expected that another capacity audience will greet the players tonight.

The specialties that are introduced between the acts, making a continuous performance of two and one half hours, are all new and good.

GOOD FARMS HELD HIGH

Improved farm property in Delta county is increasing in value with each year and but few of the improved farms in the county are now for sale.

Mr. and Mrs. S. Bartling of Pittsburg Pa., are now in Delta county attempting to purchase an improved farm and up to this time have been unable to locate a suitable place.

The couple spent an entire day in Bay de Noc township looking over farms in that district and offered one farmer of that township \$4,000 for his property but he refused to sell and the couple are now negotiating for property in other parts of the county.

DANCING PARTY WILL BE GIVEN

Members of the Ideal club will give a dancing party at Clark's hall on Thursday evening, the event being arranged as the first of a series of parties that are to be given at frequent intervals during the summer season.

Sullivan's orchestra has been engaged to furnish the musical program for the evening and it is expected that many dancers of the city will be attracted.

The Ideal club is a new organization and all of the parties will be given under the auspices of that organization.

The Marquette Mining Journal says editorially on the action of congress in passing the free alcohol bill:

The senate in passing the free alcohol bill elected to endorse the proposed pursuit of the intangible benefits promised to follow the removal of the revenue tax from denatured alcohol, at the expense of the wood alcohol industry, built up through many years at a cost of millions of dollars. As the house has already passed the bill in substantially the form in which it has been approved by the senate, the conference now to come will be the veriest formality. It is enlightening as to the degree of consideration given the interests of the wood alcohol manufacturers to learn that it is proposed to oppose the amendment to the bill setting the date when it goes into effect as January 1, 1907, in favor of an earlier date. January 1, 1907, was named with the idea of giving the wood alcohol manufacturers time to adjust themselves to the new conditions, but there is in congress a disposition to curtail even this poor privilege, so that the beet sugar makers may use their waste in the fall in the manufacture of free alcohol. It is now likely that an attempt will be made in conference to have the bill become operative. October 1, despite the fact that such a procedure would be manifestly unfair to manufacturers of wood alcohol.

The free alcohol bill is one piece of federal legislation that has a direct interest for the upper peninsula, than which there is no region more closely affected by the economic changes it will bring about. Its effect on the wood alcohol industry in this region will be, if the predictions of the manufacturers are carried out, disastrous.

There are north of the straits several wood alcohol plants operated in conjunction with furnaces and lumber mills. The Cleveland-Cliffs Iron company owns two, one located in Marquette, and along with the other interests concerned it has maintained that the free alcohol bill would jeopardize its investments by making unprofitable the operation of those by-product plants.

In view of the fact that the free alcohol bill is as good as written into the statute books, it will be hoped that the doleful predictions of the men interested in the wood alcohol industry will not be made good; if they are the dismantling of by-product plants will soon be seen. It would be absurd to predict that of necessity such a course would be followed by the abandonment of the manufacture of iron in this region, for at the prevailing prices iron manufacture is profitable even with no saving of by-products, but it is conceivable that in the future the price of pig may be whittled down so that the lost by-product earnings, in case the wood alcohol industry is made unprofitable by the pending legislation, will be sufficient to cause at least temporary suspensions in that industry. In any event, unless the iron makers and lumbermen have been much at fault in their estimate of the situation, they are going to find their immense investments in by-product plants made unprofitable, with consequent great loss.

It is admitted, of course, that after all the greatest good of the greatest number is the desideratum, and should free alcohol prove to be productive of all the promised blessings it might come about that it would be generally conceded that its benefits had been purchased cheaply at the sacrifice of the wood alcohol industry, but in fact there is no positive guarantee that this will be the case. The advantages promised from free alcohol are to large measure theoretical, and there is much expert opinion to the effect that they can never be realized. Yet the demand for the experiment was so general and so eloquent that it could not be withstood despite the fact that the will o' the wisp chase for the predicted benefits could only be entered on at the cost of a heavy blow to an established industry.

In any event the wood alcohol people are entitled to a decent period to look around and study the situation. January 1, 1907, is quite early enough a date to have the new law go into operation. The wood alcohol manufacturers have been used cavalierly enough without compelling them to face an entirely new set of conditions with only four months of grace.

There is one thing that you can bank on. The present day young women are keener, brighter, and better looking and more self-reliant and less dependent. They all take Hollister's Rocky Mountain Tea. 85 cents. Tea or Tablets.—Hill drug store, both stores.

GIVE MATINEE ON WEDNESDAY.

First Performance of St. Joseph's School Program will be Given Tomorrow Afternoon.

The first public performance of the program that has been arranged by the students of the eighth and lower grades of St. Joseph's school, will be given at St. Joseph's hall at 2 o'clock tomorrow afternoon.

The performance of tomorrow afternoon will be in the nature of a children's matinee and on Thursday evening at St. Joseph's hall it is expected that a large audience of patrons and friends of the school will be attracted.

Those who will take part in the program have been drilling for several weeks under the direction of the Sisters of the school and every feature has now been made perfect.

Musical numbers together with short dramas with both humorous and sober themes will make up the entertainment and every class from the eighth to the lowest grades of the school will be represented.

The Richest Man in the World.

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life."

IN MICHIGAN MANY YEARS

The Detroit Free Press has the following concerning the death of C. M. Jennings father of Atty. I. C. Jennings of Escanaba, at his home at Charlotte, Mich.

Judge C. M. Jennings, one of the best known men in the county, is dead.

Judge Jennings was born in New York and came to Michigan when a small lad. The family located in Ingham county, where he lived until his removal to Eaton county, in 1869, since which time he has been a resident of the county.

In 1880, Mr. Jennings was elected judge of probate on the Republican ticket, and served two terms. He has always been an active worker in his party circles, holding several township offices previous to his nomination as probate judge.

Judge Jennings had been in failing health for some time, his fatal illness dating back to March 1.

Besides a widow he leaves three children, Attorney Ira C. Jennings, of Ewanaba; Herbert K., who is cashier of the Merchants' National bank of this city, and Mrs. W. T. Potter, wife of Judge of Probate Potter, of Marquette county.

Judge Jennings was a member of the local Masonic lodge, including the commandery. Funeral services were held Sunday afternoon.

STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles. Escanaba People Recommend it.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and cure. Here is Escanaba testimony to prove it:

Thomas Eggert, farmer, living at 328 N. Fannie St., Escanaba, Mich. says: "Doan's Ointment is the best of the many preparations I have used for itching hemorrhoids. This is an affliction that none but those who have suffered for it can realize what misery it causes. The trouble is continuous and the smarting, burning and itching in my case was not relieved by all the liniments, salves and other remedies I could get. Finally I learned of Doan's Ointment and went to the Mead Drug Co.'s store and got a box. I stopped the itching inside of ten minutes. I used one box and part of another, since which time there has been no return of the trouble. Doan's Ointment is worth its weight in gold to anyone in need of a remedy for all itching diseases."

The following letters of recommendation from prominent citizens of Escanaba and vicinity speak for the efficacy of the work of E. L. Schou:

Escanaba, Mich. May 22, 06.
This spring I found myself more or less nervous and tired out and in looking for relief employed MR. EINAR L. SCHOU, MASSEUR, who treated me for three weeks and am pleased to state that I found the rubbing and electric treatment restful and beneficial. His work is first class and I take pleasure in recommending him to anyone in need of this kind of treatment.

W. R. SMITH.
Wells, Mich., April 8, '06.

To whom it may concern:—I do hereby certify that I have taken a massage, physical culture and electrical treatment for paralysis of the muscles of my left arm from MR. F. L. SCHOU, MASSEUR, and find the results entirely satisfactory, and I can safely recommend him to all.

Yours Respectfully,
ED. SOUTHERLAND,
Wells, Mich.

April 12, 1906.
To whom it may concern:—For the last year and a half I have been troubled with a severe attack of nervous exhaustion and for the past three months I have been taking massage treatments from MR. EINAR L. SCHOU, and he has materially helped me. I have taken massage treatments in different institutions of this state and I can heartily recommend MR. SCHOU as a first class masseur. Massages are the best and most natural treatment any person can take who is troubled with weak nerves. MR. SCHOU is perfectly competent to treat all cases in reference to massage work.

Truly yours,
JUDD YELLAND.
Escanaba, Mich., 4 11 '06.

To whom it may concern:—I cheerfully recommend MR. E. L. SCHOU, MASSEUR, to any one in the need of massage and physical culture. I have taken treatments from him and find the results very satisfactory.

Respectfully yours,
ED. ERICKSON.

trucks and says that the passing of a few years will leave the department equipped with automobile fire apparatus from hose and ladder trucks to engine.

Chief Champion is now able to visit any of the outer or suburban districts of Chicago with his own vehicle. Heretofore he has been forced to trust to tardy trains and slow going street cars. (From the Newark, N. J. News, May 5, 1906.)

Only a few weeks before the bill climbing contests in the second week of May, Indianapolis autists are taking advantage of the good roads and fair weather. Michigan bill is now used every day for trial runs. Many cars have made preliminary runs, in good time. Sidney Elston drove up the hill in a Franklin in fifty-four seconds.

Probably the best time on the hill was made yesterday by a twenty-two horse power Buick touring car, sold by the Federal Motor-Car Company of this city. The time for the complete climb from the bottom to the road at the top was thirty-four seconds which is considered remarkable.

MADE'STANDING START.
No flying start was made by the car, but a run of about fifty yards was sufficient for a little car to begin the ascent, and when once started it made the climb as if no hill were in the way. In addition to weighing 1,700 and 1,800 pounds the car carried two passengers, Gordon Varney of the Varney Electric Company and a friend making the first trip and Lon Carr and another passenger making the second trip in the record time.

The trial was considered an excellent test and the Buick probably will be a strong contender for first place honors in the contests next month.

AUTOMOBILES TO REPLACE FIRE HORSE

Chicago Chief Believes Animals Must Pass--Sends His Own Charger to Sausage Factory and Gets an Auto.

(From the Indianapolis News.)
Chicago May 8.—Fire Marshal John Champion has sounded the passing of that romantic, dashing and heroic old animal—the horse.

The chief this week inaugurated a two cylinder, 22 horse power, 1906 model "F" Buick automobile, as the official head of the Chicago fire department, relegating his trusty old galloper to either the green pastures or the sausage factory, according to the fancy of fate.

With the appropriation voted him by the city council on the recommendation of the finance committee, the chief made his purchase, selecting a car especially equipped and fitted up for the business of a fireman.

The equipment consists of the following:
Electric lights from bull's eyes to tail lamp.
Electric danger gong instead of bulb horn.
Leather faced tires with steel pebbled tread.
Heavily enforced canopy top to withstand falling debris.
The chief believes the automobile is the best possible means of locomotion to a fireman. He points to the equipment of the fire patrol with electric

HIGH HEELS HOLD PLACE
 Summer Styles in Womens Shoes Characterized Principally by Length of Heel and Assortment of Colors.

"Oh, why will women wear such high heeled shoes" has been the constant cry of men. Evidently the women do not pay much attention to the hue, for the high heels are taking on greater proportions than ever before; and not only are the heels to be high but the toes are to be slightly pointed. Woman's vanity constantly demanding something new, the resourceful shoemaker always is bringing something forward that startles the men and pleases the women. This summer the colored canvas shoe is to be the rage without a doubt and, judging from the display in the windows, they will be of every color of the rainbow.

One of the latest effects is the embroidered shoe. This, of course, is meant for evening wear and will not be seen on the street at all. But the colored shoe is to be worn at any time or anywhere, providing it matches the dress. There are all the delicate shades of red, pink, blue and brown. This style is followed out from the shoe for the smallest tot to the grown young woman. White also is worn with much favor and will be seen more frequently on the younger feminine portion than any other color.

One of the new styles that is finding great favor with the customers of the local shops is the "pump" slipper. This low shoe has neither buttons nor laces. The vamp is very low and on the inside is a piece of elastic which makes it easy to be taken on and off. The flat bow goes with this style of shoe.

The "Alice Roosevelt" shoe, with the flat sole and high Cuban heel, is one of the summer favorites. This shoe has two eyelets and very wide, ribbon ties, which should be tied in a fist bow. One beautiful little slipper which is sold for \$4 and carried out the embroidered style for shoes was a model of pale pink canvas. On the vamps were embroidered white forget-me-nots. The spike heel and the wide pink ties made it one of the daintiest patterns shown.

A pale blue shoe with white heels and soles was another of the new effects. The ties were white and while this might startle at first, with a dainty white or blue dress it would go excellent. This pattern sold for \$4.50. While the colors are all that is to be desired, the black shoe is not entirely left out, and a beautiful pattern was shown, after the "Alice Roosevelt" model. The vamp was short and the toe plain, the high Cuban heel and the flat sole giving a distinct style that few of the shoes have. The material was soft patent leather and two eyelets were laced with wide silk ribbon. Some of the white canvas shoes sell as low as \$1.50 and other styles range in price from \$2.50 to \$6.

Nearly all the white shoes have the dark heels and soles, for they do not soil so easily. However, all of the shoe dealers have a prepared paste for the different colored shoes and they are easily cleaned.

While men jeer and laugh at woman's high heels and other fads in shoes, this does not mean that they are fakes in shoe styles. Some of the men's shoes this year are decidedly stylish, and while few are really pointed, the toes are much narrower than heretofore.

The lasts in the men's shoes are no varied that the most fastidious could be pleased. In leather the wax and French calf are to be worn with favor. Patent leather, as usual, predominates in the dress shoe.

While men have not yet taken to wearing colored shoes, the white canvas shoe is going to be a favorite worn with the white duck suit. One noticeable thing about the shoes this year is that there is scarcely any tan shoes worn.

BOAT STRIKES BIG ICE FLOE

When the steamer Frank J. Heck arrived at Duluth Capt. Gunderson reported to the United States hydrographic office that on Sunday about 4 o'clock a. m., his steamer, bound up for Duluth, passed through a large field of newly made ice just outside of Outer island of the Apostle group. He says the ice field reached as far as he could see and he believed the field to be about 50 miles wide. It took his boat over four hours to go through it. When the field was first struck Capt. Gunderson was in bed and he was awakened by the noise of his boat breaking through it. Capt. Gunderson has sailed the lakes for a quarter of a century and claims this is the latest season he has ever heard of such an extensive field of newly made ice being found in the lakes. TIME LIMIT IS INVALID
 Property Owners may Contest Validity of Tax Title at any Time.

Lansing, Mich., May 29.—Special.—A section of the state tax law is nullified by a decision of the supreme court in the case of William O'Connor vs. Frank L. Carpenter, tried in Ingham county. O'Connor, a tax title dealer, brought suit in ejectment against Carpenter, by virtue of a tax title which the court says was admittedly invalid because he had failed to pay the taxes on the property when making his purchase of the title. He sought, however, to revive the standing of his title under section 140 of the state tax law as amended in 1901, which provides that persons served with notice of tax title who shall refuse or neglect to tender payment to the holder, or to commence suit within six months to set aside the tax deed shall thereafter be barred from questioning the validity of such tax title or deed.

The supreme court quotes Judge Cooley as having held that the owner of property, who is in possession thereof is not to be compelled to commence suit to establish his title, and it is said that the section of the tax law barring him from contesting a tax title is contrary to that section the constitution which provides that no person shall be deprived of his property without due process of law. The effect of the court's decision is to nullify the section of the tax law which bars a property owner from questioning the validity of a tax title after the lapse of six months after notice of such title is received.

ELKS MEET IN GRAND RAPIDS

Lansing, May 29.—Special.—The state reunion of Elks will be held in Lansing June 6 and 7. The reunion generally promises to be the most largely attended ever held in Michigan. At 1 o'clock visiting ladies will be entertained with an automobile ride about the capital, and at 2:30 the monster parade under Marshal Lieutenant Fred Shubel will be formed and a grand review held later in Washington street. Later in the afternoon the Elk's home, Eagles' aerie, Waverly park and Lansing brewery will hold open house to all visitors wearing badges, and Gov. Warner will hold an informal reception in executive chambers. Social sessions and business meetings, with a base ball game, will take up the remaining time.

The prizes for the parade are as follows: \$25 for the lodge having the largest turnout; \$25 for the lodge having the largest percentage of membership in line; \$15 for second \$25 for lodge bringing best band, \$15 for second; \$25 for lodge making best appearance; \$15 for second; \$5 for tallest Elk in parade, \$5 for shortest Elk in parade, \$10 for best float, \$5 for second; \$10 for best carriage turnout, \$5 for second. The Lansing lodge will not enter any of the contests.

FEW PAROLES ARE VIOLATED

Lansing, Mich., May 29.—Special.—Since July 1, 1905, the state board of pardons has granted 390 paroles, and in less than 10 per cent of the cases has there been a violation of the terms of release. Drinking is the most common form of parole violation, as it is the most common cause of crime. A singular thing has been noted in connection with parole cases. A released convict very rarely commits while on parole a different offense than that for which he was first convicted.

FIVE COUNTRIES TO BE VISITED

Details for Unique Entertainment Scheme are Nearly Completed.

Arrangement of details for the "Tour Around the World," one of the most unique entertainment schemes that have ever been hit upon by any organization of the city, and which will be given under the auspices of the First Presbyterian church on June 8, is rapidly being completed.

The tour will be conducted over "The Great Expected railway" and the foreign countries that will be visited by the tourist will be France, Germany, Ireland, Scotland and Japan and on the return trip, including a short stop at Washington.

The union station will be established at the Masonic building at 617 Ludington street and from which point it is announced that trains will leave every 20 minutes on the evening that the tour will be given.

On leaving the union station the tourists will proceed directly to Paris, France, which city will be represented at the home of Mrs. C. M. Thatcher.

Following a short visit in Paris the tourists will proceed to Germany, which country will be represented at the home of Mrs. C. A. Cram. From Germany the route will take the visitors to Ireland, at the home of Mrs. Edward Erickson. From Ireland the tourists will go to Scotland, at the home of Mrs. H. H. Allyn. Next will be a visit to Japan at the home of Mrs. Ole Erickson and with the tour closing with a short stay in Washington, at the home of Mrs. S. H. Selden.

In each of the countries visited it is announced that refreshments will be served to the tourists and every detail will be carried out at the different homes to make the tour as realistic as possible.

Following are the "conditions" which will appear on each of the tickets issued to the tourists:

"This ticket with coupons attached entitles the original purchaser to a tour around the world subject to the following conditions: "First this ticket is not transferable, reversible or negotiable. It must be signed by the signer and when filled out assigned to the company's C. P. & T. A., to be certified before purchasers can claim baggage or rebate.

"Second, it is good in conveyances provided between the points named including meals at stopping places namely: Paris, Germany, Ireland, Scotland, Japan and Washington.

"Third: Owing to the especially low rates at which this ticket is sold it will be good June 8, 1905 only.

Trains leave union station every 20 minutes from 7:30 o'clock p. m. Rate 35 cents."

WOOD ADRIFT IN GREEN BAY

Word was received at Appleton yesterday that a mammoth raft of pulpwood containing 8000 cords had broken from its moorings at Long Tail point during the heavy gale last Saturday night, and was adrift somewhere on Green Bay. The raft is the largest to have been towed across Green Bay this year, having been brought across by the steel tug Frank Perry from Sault Ste. Marie last week. Pulpwood is valued at nearly \$6 a cord, and the loss will probably be heavy. It is known that the booms of the raft have been broken.

TO ORGANIZE NEW ORCHESTRA

Eugene Sullivan Returns to Escanaba to Remain After Absence of one year.

Eugene Sullivan, formerly of Escanaba but who left the city one year ago and for the last three months has been engaged as leader of Amsden's orchestra of Marinette, has returned to Escanaba and will remain here permanently.

Mr. Sullivan will begin his work at once in organizing classes for instruction on the violin and other instruments and will also reorganize the orchestra of which he was leader when he left Escanaba one year ago.

Last season Mr. Sullivan was engaged as leader of the orchestra at the Lakeside theater at Marinette and after which he toured the northwest with the White Stock company. Three months ago he accepted the position of leader of Amsden's orchestra at Marinette and was engaged in that work until last week when he decided to return to Escanaba.

Mr. Sullivan was recognized as one of the leading violinists of Escanaba and orchestras that have been conducted by him in this city in the past were marked successes.

DEMOCRATS MAKING FIGHT

Nashville, Tenn., May 29.—Special.—With the smoke of the recent senatorial battles still in the air the Democratic factions of Tennessee lined up today for a second engagement, which promises to be even more bitterly contested than the recent fight for the seat of Senator Carmack. This time it is a fight for the governorship and the party seems hopelessly divided.

The nominating convention assembled in this city today with both sides ready and eager for the fray. Three men are working for the nomination, the present governor, John I. Cox; Malcom R. Patterson, representative in Congress from the Memphis district, and John R. Bond, a circuit judge of Brownsville.

The present factional fight dates back some time. It came to a head in the election of a successor to former Senator Bates, who died last spring just after he had been sworn in for a new term. Benton McMillan and ex-Governor Taylor announced their candidacy for Bates' seat, but James M. Frazier then governor, carried off the prize. This was the result of a deal between Frazier and John I. Cox who was then speaker of the state senate, and who, under the Tennessee constitution, succeeded to the governorship when Frazier went to the United States Senate.

Governor Cox is now contending for nomination and election for a full term of two years. He is seeking election as a "business" governor, arguing that he has saved much money in an economical administration.

Mr. Patterson's candidacy is based upon a platform to overthrow the Democratic machine, of which he charges Governor Cox is now the head and chief beneficiary. Patterson's battle cry is that there is now too much power in the hands of the governor, and he insists that present conditions be reformed and the power replaced in the hands of the people.

ANNUAL PICNIC TO BE GIVEN

Members of the Danish Brotherhood of America are making elaborate plans for the annual picnic and excursion of that organization which will be held at Stonington park on Sunday. The steamer Maywood has been chartered for the day and will make regular trips during the day both from Escanaba and Gladstone to Stonington offering excellent accommodations for the people of both cities to take part in the outing. The annual picnic arranged by the

Danish Brotherhood each year attracts great crowds of pleasure seekers and with favorable weather conditions prevailing on Sunday it is expected that the attendance records of other years will at least be equaled.

Different forms of amusement will be arranged at the park for the entertainment of the people attracted there and the whole day promises to be filled with enjoyable features.

ABSTRACTS ARE BEING PREPARED

Abstracts of title for the entire holdings of L. Winkle at Van's Harbor and surrounding that point which have been sold to the Van's Harbor Land and Lumber company, a newly organized corporation are being prepared by the Delta County Abstract company.

According to a report being circulated at Marinette, Mr. Van Winkle has disposed of all of his property at Van's Harbor, including a large saw-mill a great quantity of standing timber improved farms, orchards and live stock for \$100,000 but that report is not credited here as it is believed that the selling figure was considerably above that amount. Official announcement of the exact monetary consideration has not been made.

NO PAPER TOMORROW

Recognizing the propriety for all people of the United States to join in the observance of Memorial day, by a general cessation of work, no paper will be issued from the office of the Mirror tomorrow evening.

It is held that all people of the country, as a mark of respect to the veterans of the civil war still living, and to the memory of those who gave up their lives, should observe Memorial day and exert every effort to prevent the spirit which caused its inception from being forgotten by the recurring generations.

THE ESCANABA CLUB.

There will be a meeting of the Escanaba club on Thursday evening May 31 at 8 o'clock p. m. at Elks' hall, for the purpose of completing the organization of the club. As this will be the most important business meeting all persons who have signed the roll or sent in application cards are requested to be present.

All persons who have received invitations to join and who have not yet sent in applications should do so before Thursday night.

Enough applications have now been received to insure the success of the club.
