NEW LAW GETS FIRST TRYOUT

Enrolled Voters of State Take Part in First General Primary Election.

Michigan's new primary election law is being given its first actual try-out before the voters of the state today.

In every voting district of the state enrolled electors are deciding whether or not the primary system of elections shall be adopted permanently or whether they will retain the convention system.

Throughout the state today enrolled voters are casting their ballots for the first time for their choice of candidates for the offices of governor and lieutenant governor to represent the different parties in the campaign now opening.

Enrolled Republicans of the different counties are today naming delegates to attend the county conventions to be held on June 19 when delegates to attend the state convention will be selected.

It is probable that at the Republican county convention of Delta county held on Monday that a single contest will mark the session.

That contest will be centered in the selection of a chairman for the Republican county committee.

The first intimation that there would be a contest for the position was given yesterday when a second set of delegates to attend the county convention was proposed in certain wards of the city of Escanaba.

While the works of those conducting the opposition to Chairman A. J. Valentine, who is a candidate for reelection, was carried on quietly rumors of the coming contest were afloat in political circles for the first time.

The candidate of the opposition to Chairman Valentine has not been divulged but it is rumored that Attorney John Comiskey will seek the honor of being named chairman of the committee.

FIX MEETING FOR AUGUST

The twelfth annual meeting of the Lake Superior Mining Institute will be held in the copper country on Wednesday, Thursday and Friday, August 9, 10 and 11, 1906, according to a circular issued by Secretary A. J. Youngbluth. Local committees are now arranging program for the entertainment of the members and guests.

The last meeting held in the copper country was in March, 1901, since which time improvements have been made in the mines, mills and smelters which will be of much interest to the members.

Members are invited to prepare papers for this meeting, and these should be sent to the secretary as early as possible, so they can be distributed before the meeting.

Further particulars in reference to transportation, etc., will be announced in another circular as soon as the committee in charge can complete their arrangements.

WILL WIDEN SHIP CANAL

The project of widening the government ship canal at the Soo has reached that point where the specifications have normally been completed. Bids will be received from contractors up to July 24, on which date the proposals will be opened at the office of Col. C. E. Davis at Detroit. The proposed improvement will give the canal at the upper approach to the locks an added width averaging 135 feet, extending 3800 feet from the upper gate of the Pelee lock. The widening will all be done on the north side. This means that the approach will be practically double its present width.

The work to be undertaken is provided for in what is known as the project of 1904. The estimated cost at that time was \$2,000,000, but this figure may prove conservative and the cost may run up to \$1,500,000. There is already available the sum of \$600,000, and the remainder of the money has been provided for. The improvement has long been urged as necessary to marine interests. Work is to start not later than October 1 and is to be completed on or before August 31, 1908.

The next improvement urged is the addition of a new lock or at least that the Weitzel lock be rebuilt and greatly enlarged.

MAY PURCHASE MASON'S MILL

The Jerry Madden Shingle company is negotiating for the purchase of Mason's mill at Gladstone and if a bargain is made, they will repair and add to it, and run from eight to twelve years more. This means much to Gladstone if the deal goes through, as the mill will give steady employment to a large number of men. A decision will be reached in a few days.

PLAYS BELLS IN HIS HEAD

Stage Struck Copper Country Youth has Peculiar Qualifications for Making Good.

Manager Danforth of the Bijou theater in Oskosh, recently received the following letter from a stage struck youth in the copper country:

"Dear Mr. Mangr.—Will you please let me know how I can get started to travel with a Bijou theater troupe. Mr. Keefe told me to write to you as president for the company. I am going to play on Peterson's house next Saturday and if I take well with the public I would like to travel with a troupe. I have been playing at concerts in the copper country about 5 years and people always tell me I ought to travel. I make a musical act lasts for ten to fifteen minutes or one hour if you want it. If it lasts an hour I would have to use my partner who is comical. I play two roles on the harmonica and it has made a great hit. After that I give a musical selection on the snare drum. I also play the bells in my head. I make a very nice appearance on the stage. If I make a success next Saturday evening I will let you know. I know several ladies in Oskosh. I have taken prizes for being a no man land. The last I used a cornet and they all said it was the best I ever did. Send me an answer quick."

"P. S.—There is lots of smoke from the fires in the woods up here. Would write more but the smoke burns my eyes."

The merchants of the city soon began to feel the extra cash which was being poured into their coffers and they were the first to rise in defense of the new comers. They demanded that they be left alone so long as they were peaceable, and their appeal was listened to. The Israelites were in the habit of paying cash for their goods and buying freely. For this reason no merchant felt that he could afford to lose their trade.

Then came the gradual change in the attitude of the citizens of the city. Curiosity took the place of dislike and the Israelites attracted crowds to their shops and stores.

Today these people have a complete settlement of their own. They number over 700, and although they are scoffed at by many, they are allowed to come and go as they please.

This is the history of the "Children of Israel, of the House of David," as they call themselves, up to the present time.

The members of the faith parade the streets of Benton Harbor with their long flowing hair streaming over their shoulders to their hair or a razor to their faces. They claim that in thus doing they are following the example of Christ.

When a husband and wife enter into this faith they are separated; that is, they no longer live together as they did before. The quarters of the women are separated from those of the men although they mingle freely in the day time.

No meat is partaken of by the Israelites. Their diet consists chiefly of garden products and they consume an immense amount of fruit. This is following out their plan for the cleansing of the body in every manner and they believe that it dispenses God if they partake of the flesh of any animal. They believe also that all flesh is unclean and that it is contaminating.

As a result even the most robust of both men and women have the white-faced-hollow-cheeked appearance of adult habitual vegetarians.

The strong point in the religion of the Israelites is their promise of the salvation of the body as well as of the salvation of the soul. They believe that it was intended that the body should be saved and that a paradise is to be set up for those who obey the commands of the Bible.

BEGIN WORK ON BUILDING

The work of constructing the city's new police station, adjoining the city hall and facing on Mary street, has been begun by Contractor O. R. Johnson.

The foundation of the building is nearly completed and the remainder of the work will be pushed as fast as possible by the crew of men employed by the contractor.

The new building will be a handsome structure and will add greatly to the appearance of the city's property at Mary street and Wells avenue.

GET NEWS OF FATHERS DEATH

Announcement was received in Escanaba this morning of the death of Augustus Lawson, father of Contractor J. W. Lawson, at his home at Cedarville, Ont.

Mr. Lawson was 83 years of age and had been suffering from a general decline for several months. J. W. Lawson will leave tonight for Cornwall to be present at the funeral services over the body.

NEW RELIGION GETS FOLLOWERS

Flying Rollers who have Colony Near Benton Harbor Follow Many Peculiar Customs.

Benton Harbor, Mich., June 12.—Special.—Growing in strength daily, strong in the faith that the doctrines which they preach are the only doctrines which will lead to the salvation of both body and soul, the "Children of Israel" have established themselves in Berrien county.

They have acquired land hereabouts until now they own 800 acres of the finest fruit farms in the world. Three years ago these strange people, who wear their hair down their backs, who eat no meat and who are not allowed to live together as husband and wife, came to Benton Harbor and made their initial settlement here.

They camped just outside the city and for a time they passed almost unnoticed. Then they began to gain in strength and numbers. The people of the city specially became aware of their presence and the "Flying Rollers" were mocked and made sport of continually.

The disturbance which they caused had no effect upon them. They went calmly about their work and before long had some of the wealthiest German families in their midst. They commenced to erect buildings upon the land which they had purchased and seemed engrossed in their own affairs.

The merchants of the city soon began to feel the extra cash which was being poured into their coffers and they were the first to rise in defense of the new comers. They demanded that they be left alone so long as they were peaceable, and their appeal was listened to. The Israelites were in the habit of paying cash for their goods and buying freely. For this reason no merchant felt that he could afford to lose their trade.

Then came the gradual change in the attitude of the citizens of the city. Curiosity took the place of dislike and the Israelites attracted crowds to their shops and stores.

TRUST HOLDINGS ARE GROWING

By the purchase of 63,000 acres of timber land from the Cedar River Land company by the Oliver Iron Mining company a subsidiary company of the United States Steel corporation, that corporation becomes the second largest land owner in the peninsula.

The steel corporation already has large holdings of lands in the peninsula and with the tract now purchased in Menominee, Delta, Dickinson and Marquette counties, stands next to the Cleveland Cliffs Iron company in the amount of land held in the peninsula district. It is said that the purchase price of the last tract of land was \$700,000.

YOUNG COUPLE TAKE THE VOWS

Miss Anna Duranceau and Clarence J. Boldt Were Married This Morning.

In the presence of but a few close friends and relatives Miss Anna M. Duranceau, daughter of Mr. and Mrs. Peter Duranceau, and Clarence J. Boldt were married at 7 o'clock this morning at St. Anne's church, the Rev. Father Menard officiating.

The bride was attended to the altar by Miss Elsie Stenhouse as bridesmaid and Peter Duranceau, brother of the bride, served as groomsmen.

The bride wore a wedding gown of gray crepe de chene and carried white roses while the bridesmaid appeared in a gown of gray albatross and carried red roses.

As the bridal party moved down the aisle of the church an especially attractive picture was presented. Following the ceremony at the church the members of the wedding party went to the home of the parents of the bride, at 517 Ogden avenue, where a wedding breakfast was served.

Mr. and Mrs. Boldt remained at the home throughout the day receiving friends and at 9 o'clock will leave over the North-Western road for a wedding tour through the east.

The couple will return to Escanaba in ten days and will be at home to their friends at the Oliver house.

HEAVY FROST HURTS CROPS

Growing crops throughout the peninsula district were badly damaged by a heavy frost early this morning.

In all low districts about the city early risers this morning found a heavy coating of frost while from all districts comes reports of considerable damage to gardens and field crops.

Early this morning a temperature of 35 degrees was registered at the Escanaba weather station, which is the lowest point recorded in this district on a date so late in the month of June, since 1875.

The temperature this morning was the lowest that has been recorded in Escanaba during the entire month of June for eight years, and with one exception was the lowest point that has been reached by the mercury here in the month of June for a period of over twenty years.

The lowest temperature ever recorded in the month of June in this district was 29 degrees on June 5, 1897.

On June 8, 1884 the mercury dropped to 24 degrees.

As the dates of the two above killing frosts were in the early days of June the only heavy frost in June that can be compared with that of this morning occurred on June 13, 1875 when a temperature of 34 degrees was recorded.

According to the prediction issued by Observer Stewart today the temperature will drop again tonight but it is not considered likely that another frost will be recorded.

A higher temperature than today, is predicted for tomorrow.

BIG AUDIENCE ENTHUSIASTIC

Lights and Shadows of a Great City, was the bill presented by Winniger Brothers company at the Peterson opera house last night before an enthusiastic audience.

No stock company that has appeared in Escanaba this season has scored a greater hit with the lovers of melodrama than has the Winniger Brothers company and the established popularity of those players has assured capacity houses for the entire engagement here.

While the production of last night was not new to Escanaba audiences, innovations in the interpretations of the different leading parts and excellence of the supporting members in the cast, made it enjoyable.

New specialties were given between the acts by Winniger Brothers and Miss Gladys Lovett, which were pleasing and made practically a continuous performance.

Tonight The Texas Ranger will be the bill and it is considered to be one of the strongest plays in the company's repertoire.

EXCAVATE FOR NEW BUILDING

Handsome Business Block will be Constructed at 716 and 718 Ludington Street.

Another handsome brick business block 50 by 100 feet in dimensions is to be constructed on Ludington street.

The work of excavating for the new building, which will be located at 716 and 718 Ludington street, was begun this morning by a force of men employed by Contractor J. W. Lawson who has been awarded the contract for constructing the building.

The west half of the new building will be owned by P. M. Peterson while the east half will be owned jointly by Albert Branshaw and John C. Peterson.

While the new building will be owned by three different men it will be constructed as a single structure with a large main approach with separate entrances leading into the two store rooms and to the second floor.

The building will be constructed entirely of brick, with a pressed brick front and making one of the most attractive business blocks on Ludington street.

Tenants for both of the new store rooms on the first floor of the building have been obtained with the Edward Erickson company occupying the west store room and C. R. Williams occupying the first floor of the east portion as a shoe store.

The second floor will be divided into offices which will be equipped with all of the modern conveniences, and arranged according to the desires of the tenants.

According to the contract the new building must be completed and ready for occupancy by Sep. 1.

With the construction of the new store building at 716 and 718 Ludington street Escanaba's chances for obtaining a new opera house again got a glimmering as it was upon that site which it was expected that at some time Mr. Peterson would construct a theater building.

VIOLINIST MAKES HIT

Miss Lilah Loveland Given Great Ovation at Ben's Theatre Last Night.

Offered by Manager Salinsky to the patrons of Ben's theater has exceeded in attractive features that of this week.

One of the most attractive features of the bill at the vaudeville house this week is the appearance of Miss Lilah Loveland in several violin selections.

Miss Loveland is easily one of the most accomplished violinists that have ever appeared before an Escanaba audience and music lovers of the city should be attracted to Manager Salinsky's amusement place. Musical critics who were in the first night's audience were loud in their compliments for the young musician and had Manager Salinsky arranged for no other special acts for this week's bill Miss Loveland should be able to pack the house for each performance.

The number given by the Loveland family is good throughout—but Miss Lilah Loveland is the particular star of the team.

Morris Jones, as a comedian, has but few equals in the profession. He is funny at all times and last night kept his audience in a continual uproar during the time that he was on the stage.

The Klipples, who appear in an acrobatic act, introduce several new features and the applause that greeted the number showed the hit that had been recorded.

The moving pictures and illustrated song features of this week's bill are attractive and serve to give more strength to what is considered to be one of the best bills that has yet been arranged by Manager Salinsky.

ASSOCIATION IS ASSURED

Merchants Protective Association will be Organized Within a Few Days.

The organization of a Merchants Protective association among the business and professional men of Escanaba is believed to be assured.

William T. Seeger, who is backing the movement has received the assurance of cooperation from many of the leading businessmen of the city and tomorrow a systematic canvass of the business houses on Ludington street will be made.

An attempt will be made to induce every business and professional man in Escanaba to enter the association which is to be organized for mutual benefit.

A committee of business men have become interested and will assist Mr. Seeger in the organization of the business association.

It is understood that the final decision of Prof. Ferris as to whether he will accept a second nomination for governor on the democratic ticket depends upon the showing made by his party in next Tuesday's primary, with regard to the vote on the adoption or rejection of the direct nomination system for candidates for governor and lieutenant-governor. If that is his position, it is a thoroughly honorable and reasonable one. The main plank in the platform on which he was nominated two years ago was the one demanding the abolition of party conventions and the return to the people of the power of selecting their own candidates for public office. On that issue Mr. Ferris made a sincere and convincing campaign, without organized and effective support from the organization that was nominally behind him.

Developments since that time have tended to justify doubts in his mind whether the party whose nomination he accepted was honest in its advocacy of the principle which he enthusiastically espoused. He is obviously entitled to demand a test to determine whether there is in the democracy of Michigan any genuine sentiment in favor of the reform.

There are 100 legislative districts in Michigan. In only one of these has the democratic party obtained itself sufficiently to compel the submission of its voters of the question of adopting the direct primary plan. There are 82 senatorial districts, and in but two or possibly three of these will the Democrats vote Tuesday on the subject of naming candidates by direct vote. There are 12 congressional districts, and in not one of them will the Democratic party take a referendum on the question of abolishing conventions for the selection of congressional candidates. There are 83 counties, and if petitions for referendum on the nominating plan in a single one, the fact has escaped public attention.

Mr. Ferris has neglected no opportunity since the adjournment of the legislature to remind his followers that the action of that body in placing needless obstacles in the way of the general adoption of the direct nomination principle could offer no excuse for inactivity on the city on the part of conscientious advocates of that plan, and that it would be a disgrace to permit such an obvious conspiracy to succeed through the negligence of those who advocated the reform.

The result to date is necessarily a deep humiliation to him and to all who wrought sincerely with him in the last campaign. Unless the enrolled democratic voters on Tuesday declare by a practically unanimous vote in favor of the doctrine that their party be proclaimed loudly in 1904, the last show of obligation or indebtedness to lead a party that refuses to follow will have disappeared, and Mr. Ferris will be not only free to decline, but practically compelled to decline to be made a false figurehead of a false cause.

A healthy man is a king in his own right, an unhealthy man is an unhappy slave. Burdock Blood Bitters build up sound health—keeps you well.

REPUBLICAN COUNTY CONVENTION.

A convention of the Republican delegates of Delta county, to be elected in the several wards and townships of the county at the primary election to be held on the twelfth day of June 1906, is hereby called to meet at the court house in the city of Escanaba, in said county, on Monday the eighteenth day of June 1906 at 11 o'clock in the forenoon for the purpose of electing ten delegates to attend the state convention, hereafter to be called, for the nomination of state officers.

Asthma Sufferers Should Know This.
 Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 W. 3rd st., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering."  The Clever Duo at Peterson's Opera House All This Week

ONE WEEK OF WEDDED BLISS

Menominee Young Woman met, Married and Deserted in less Than a Month.

An introduction one week, marriage and desertion the third day, the fate of a Menominee girl who wedded in that city a little over a week ago to a Green Bay young man who is employed on the North-Western railroad.

The young woman was introduced to the man about a month ago and over a week after she met him they were married in one of the Menominee justice courts. The couple occupied rooms at an Ogden Avenue boarding house and the day after the marriage went down to the Square Place Furniture house and made arrangements for complete furnishings for their home.

The husband then left for his regular run on the road and according to the story told by the young woman met him at the station on his return and told him that the furniture had not yet arrived and that for this reason they would be obliged to spend a few days at the boarding house.

She says that the husband was much disappointed at this as he had had desired to eat his breakfast in his own home.

In spite of the apparent regard the husband had for his wife, he left after a week and now disclaims knowledge of the marriage. He says that he knows nothing about a money having taken place and intimates that if such a ceremony take place that he was unaware what he was doing.

He wants a divorce and papers in the case will be filed during the coming week. The wife has retained attorney to take care of her interest and the case will be fought if an action for divorce is filed.

Three Physicians Treated him without Success.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief, and three bottles cured me permanently. I gladly recommend this wonderful remedy." Ellsworth's Drug Store.

NON PARTISAN MEN FAVORED

State officers have received blanks from a Detroit organization interested in the revision of the constitution asking for their views as to the desirability of a non-partisan plan for the selection of delegates to the convention, and also whether delegates should be elected by districts or at large.

Although a non-partisan convention is considered desirable by most of the state officers, it is believed to be doubtful if the legislature will provide for such a method of electing the delegates.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunroth, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." BUYING BEER IS WORKING

The Rev. A. H. Ziebel representative of Wisconsin Anabaptist league, was Saturday found guilty of violating the Sunday law because he purchased beer on the Sabbath to use as evidence against the prohibition.

Mr. Ziebel was released on \$200 bonds furnished by Alderman Frank Harwood, superintendent of the Congregational Sunday school. The jury was out a half hour.

It is understood the first vote was five to one for conviction. The case will be appealed. It is thought the anti-union element is perfectly willing to have the decision remain as it now is after the case is carried to the higher court, as it will then give them sufficient ammunition to carry out the Sunday closing crusade throughout Wisconsin.

Summer Vacation Where?
 Thousands have the question answered to their complete satisfaction by that magic word: "Colorado"
 The land of tawny peak and turquoise sky—a mile high—cool and inviting.
 Fishing, camping, automobiling, golfing, any sport you like.
 A keener eye, a stronger pulse, a rosier cheek: these are some of the arguments for Colorado.
 A beautifully illustrated booklet on specially prepared and delicately tinted paper, will cover in three colors, sent for three two-cent stamps.
 Rock Island is the way to go—only line entering both Colorado Springs and Denver direct from the East.
 Low rates all summer—a special reduction July 10 to 15, for the Elks' meeting. Full particulars on request, with free illustrated Elks' folder.

Don't Make Any Mistake
 Yourself sick by worrying about the dullness in copper stocks. If you are making
Any Mistake
 by not buying good copper stocks now while the price is low, don't blame me when you see the biggest boom
In Coppers
 that you have ever seen, for I can convince you why good copper securities are a better purchase now than they have ever been before.

THE WINNERS ARE DECIDED

Miss Edith McNaughtan and O'Kane McGillis got Mirror Prizes.

Miss Edith McNaughtan and O'Kane McGillis, students of the Escanaba high school are the winners of the cash prizes offered by the Mirror for the best written essays on two subjects submitted.

Such was the verdict rendered today by the judges Miss Mae B. Hewitt and the Rev. P. B. Ferris who for several weeks have been reviewing the papers that were submitted and completed their work today.

A cash prize of \$5 was offered by the Mirror for the best essay, written by a boy on the subject The Most Strenuous Occupation in Escanaba, and a similar cash prize for the best essay written by a girl on the subject Should Domestic Science Be Taught in the schools.

The winners of the prizes decided by the judges may obtain their checks by calling at the Mirror office.

In addition to the winners of the contest it was decided by the judges that there were two additional essays in each class worthy of particular mention.

Those decided upon by the judges as deserving special mention on the subject assigned to the boys, were the essays submitted by Clement Bissell and Alford Kirstine.

Those decided upon as deserving special notice in the girl's section are Gladys Andrews and Florence Souderville.

The subject of the paper submitted by Clement Bissell was The Railroad Brakeman and that of Alford Kirstine The Physician.

Bob's winning essays submitted by Miss McNaughtan and those of the two recommended for special mention in the girl's section, favored the teaching of domestic science in the schools.

WILL CONSIDER PLANS TONIGHT

Members of the Escanaba board of education will meet tonight to consider final plans for the new high school building to be constructed on the site purchased at Third and Fourth and Mary and Jennie streets.

Routine business will also be taken up by the board members.

Architect J. D. Chubb to whom was given the commission of preparing plans, will appear at the board meeting and as it has been announced that the suggestions of the different trustees have been embodied in the drawing as now prepared it is expected that final plans will be accepted with but few changes.

VEGETABLE AND FRUIT BUYERS

ATTENTION

The city has seen fit to enforce an ordinance demanding \$5 per week as a license to peddle fruit and vegetables in the city. We have a great respect for the law but cannot see our way clear to pay such an amount, but we can and will take your order either by phone or by sending someone to take it. We will still continue to handle the most complete line of fruits and vegetables in the city and buy the best goods obtainable. Our motto is "Nothing too good for our customers." Someone will call on all our customers and do not be afraid to give them your orders, as they will be given the same attention as they would if you were there to see the goods. Let us have your trade and we will endeavor to satisfy you.
