## MAYOR PERRON IS NAMED CHAIRMAN

### Contest for Head of Republican County Committee Resulted in Defeat for Ex-Mayor Mason of Gladstone. Delegates to State Convention will Take no Part in Indorsing any Candidate for United States Senator.

By a vote of 23 to 15 Mayor M. Perron of Escanaba was elected as chairman of the Republican county committee over ex-Mayor Charles D. Mason of Gladstone to succeed A. J. Valentine by the delegates to the Republican county convention, this afternoon.

It was expected that the name of Chairman Valentine who was a candidate for reelection, would be presented to the convention but only the names of Mr. Perron and Mr. Mason were voted upon by the delegates.

On the informal ballot Mayor Perron received a total of 25 votes and Mr. Mason received 14 votes.

Atty. John Cumiskey introduced a motion immediately to make the informal ballot formal and the election of Mr. Perron the unanimous choice of the convention.

John Devet of Fayette introduced an amendment calling for a formal vote and the motion of Mr. Cumiskey was withdrawn.

On the formal ballot Mr. Perron received 23 votes and Mr. Mason 15.

Delegates from Delta county who will attend the Republican State convention to be held at Detroit on July 31 will enter that convention pledged to take no part in any indorsement by the convention of any candidate for United States Senator to succeed Senator Russell A. Alger.

Such was the action taken by the delegates to the Republican county convention this afternoon after the idea of indorsing a candidate in the Republican state convention had been scored by Ex-Senator O. B. Fuller and Atty. John Cumiskey.

The Delta county delegates to the state convention named this afternoon are: Edward C. Voght, Daniel Wells, A. H. Rolph, Ole Erickson, J. C. Kirkpatrick, John Crooks of Gladstone, A. B. Chambers, Atty. A. W. Norblad, M. H. Ryan and O. B. Fuller.

In criticizing the idea of indorsing a candidate for United States Senator by the Republican state convention Mr. Fuller called attention to the fact that the selection of that office was a constitutional privilege held by the members of the state legislature and that privilege should not be interfered with in any way.

At the opening of the convention at 11 o'clock this afternoon O. B. Fuller was chosen as temporary chairman of the convention and A. G. Crose was elected as temporary secretary.

The members of the committee on credentials and on permanent organization and order of business were named by the chair as follows: committee on credentials: C. D. Mason, William Bonifas and F. A. Arouson, committee on permanent organization and order of business, R. E. MacLean, John Cumiskey and John Devet.

A recess was then taken until 2 o'clock this afternoon when it was recommended that the temporary organization should be made permanent and that the order of business should be selection of delegates to attend the state convention, selection of a chairman of the Republican county committee and members of the county committee. The committee on credentials had been presented should be seated in the convention.

## HOLD FUNERAL TOMORROW

Body of Gideon Vassaw will be Laid to Rest at St. Joseph's Cemetery.

Funeral services over the body of Gideon Vassaw, one of Escanaba's oldest residents who died at his home at 1211 Wells avenue on Saturday morning, will be held at 9 o'clock tomorrow morning at St. Patrick's church, the Rev. Father Lagan officiating. Interment will be at St. Joseph's cemetery.

Mr. Vassaw was well known to many people in Escanaba and the announcement of his death on Saturday came as a great shock to many. It is expected that the funeral service tomorrow morning will be well attended.

Mr. Vassaw had lived in Escanaba for 30 years coming here from Peterboro, Ont., and had made his home in this city continuously since that time. Up to a few years ago when failing health forced him to retire from active life he had been employed continuously by the North-Western railroad company.

Symptoms of failing health developed one year ago and since that time until the day of his death he had gradually grown weaker.

The surviving children of Mr. Vassaw are: Charles Vassaw of Stephenson, John Vassaw of Escanaba, Mrs. C. L. Borten of Escanaba, Margaret Vassaw of Escanaba, Mrs. Charles Rivet of Escanaba, Mrs. Frank Blake of Escanaba, G. G. Vassaw of St. Paul, Mrs. Charles Berg of Escanaba, William Vassaw of Escanaba and Lilian Vassaw of Escanaba.

## NAME DATES FOR REUNION

Annual Meeting of Peninsula Pythians will be held at Gladstone on Aug 9 and 10.

Definite announcement was issued today by C. D. Mason, president of the upper peninsula association of Knights of Pythias that the annual reunion of the Pythian lodges of the peninsula will be held at Gladstone on Aug. 9 and 10.

Notice of the selection of those dates for the reunion will be sent to the different K. of P. lodges in the peninsula at once, and all efforts will be bent in making the coming meeting one of the most successful that have ever been held by the Pythians of the peninsula. It is expected that ten degree teams will be entered in the contest to decide the ownership of the championship cup now held by the Ispeming lodge. All people of Gladstone have shown a marked interest in arranging for the

entertainment of the visitors and assurance is given that the social features will not be neglected.

Danger of Dullness.

"Dullness," says a writer, "is responsible for a large amount of human error and misery. The danger of dullness," he goes on to say, "is a learned and interesting way, "is the danger of complacently lingering among stupid and conventional ideas, and losing all the bright interchange of the larger world. The dull people are not, as a rule, the simple people—they are generally provided with a narrow and self-sufficient code; they are often entirely self-satisfied, and apt to disapprove of everything that is lively, romantic and vigorous. Simplicity, as a rule, is either a natural gift, or else can be attained only by people of strong critical powers, who will, firmly, and vigorously, test, examine and weigh motives, and arrive through experience at a direct and natural method of dealing with men and circumstances. True simplicity is not an inherited poverty of spirit; it is rather like the poverty of one who has deliberately discarded what is hampering, vexatious and unnecessary, and has learned that the art of life consists in disentangling the spirit from all conventional claims in living by trained impulse and fine instinct, rather than by tradition and authority. I do not say that the dull people are not probably in a way the happier people; I suppose that anything that leads to self-satisfaction is, in a sense, a cause of happiness; but it is not a species of happiness that people ought to pursue. Perhaps one ought not to use the word dullness, because it may be misunderstood. The kind of dullness of a high degree, not only by practical, but even of mental ability. I know several people of very great intellectual people who are models of dullness. Their memories are loaded with what is no doubt very valuable information, and their conclusions are of the weightiest character; but they have no vivid perception, no alertness, they are not open to new ideas, they never say an interesting or a suggestive thing; their presence is a load on the spirits of a lively party, their very facial expression is a rebuke to all light-mindedness and triviality. Sometimes these people are silent, and then to be in their presence is like being in a thick mist; there is no outlook, no enlivening prospect. Sometimes they are talkers; and I am not sure that that is not even worse, because they generally discourse on their own subjects with profound and serious conviction. They have no power of conversation, because they are not interested in anyone else's point of view; they care no more who their companions are than a pump cares what sort of a vessel is put under it—they only demand that people should listen in silence.

Call up Bell phone 67 if you want good fruit, vegetables. OS-6 11-6.

Miss Bertha Krupp owner of the great gun works, who is to wed Gustav von Bohlen und Halback, Secretary of the Prussian Legation at the Vatican. Miss Krupp who is only nineteen has never cared for society and has spent the last two years living among her working men who number 150,000 and who adore her. She owns \$75,000,000 in her own right and will receive as much when her mother dies; she spends nearly her income on charity.

## PREPARE GRAVES FOR THE FATS

Arrangements are Made for Burial of Capt. Langan's Team Following Coming Game.

Every detail in the arrangements for the annual baseball game between the Fats and Leans to be played at South park on Wednesday afternoon has been completed and the members of the two aggregations of players are waiting impatiently for the day of the contest to arrive.

Confident of victory and in order that there may be no hitch in the proceeding following the game the Rev. Father Enselmus of the Leans and two other members of that team this morning went to the Potters field where nine graves were prepared for the reception of the members of the opposing team. It is announced that if it is found necessary to prepare more graves during the game that a special detail of workers will be prepared to leave for the cemetery on short notice. Secret practices and special meetings of team mates are the order of today. Father Langan, of the Fats, it is claimed today called together the members of his team and harranged them for two hours on the value of concerted team work and the necessity that it is now prepared for the Fats to make clean the slate that was draped with defeat last year.

Although the exact proceedings of these meetings were not made public it is said that much enthusiasm was shown and the Fats will enter the diamond on Wednesday afternoon to play ball as they have never played before.

While a portion of the lineup for the Fat Men's team was announced on Saturday Father Langan, is constantly adding new recruits who give special promise of developing the standard of playing form demanded in that aggregation.

Formal announcement was made by Father Langan today that following a victory over the Leans on Wednesday afternoon that the Fats will be prepared to meet any team that may be organized in Escanaba, not excluding the Olmsted, Lowell and other crack players that may be brought together under one management.

Tickets for admission to the game were placed on sale today at D. A. Oliver's furniture store, Mead Drug company's store, Ellsworth's drug store, Hill drug store, Groos Brothers drug store, Young & Fillion's shoe store, Escanaba Cycle Works central store, and J. A. Allo's undertaking parlors.

From the interest that has been aroused in the coming contest it is expected that one of the largest crowds that have ever been attracted to South Park will fill that amusement place at that time.

## ESCANABA CLUB MEETS TONIGHT

Members of New Commercial Organization will act on an Important Question.

Members of the Escanaba club, will meet tonight at the Elks club rooms and it is expected that some definite decision will be reached as to permanent quarters for the club. It is understood that the members of the committee having in charge the work of selecting quarters have several propositions to submit tonight.

Other matters of importance to the organization will also be taken up and discussed.

At the last meeting of the organization when a permanent set of by laws and articles of association were adopted over 50 members of the club attended and it is expected that even that attendance record will be exceeded tonight.

## NOTED ORGANIST TO COME HERE

Rosa D'Erina and Prof. Vonton will Give Concert at St. Patrick's Church on June 28.

An entertainment which will attract more than the ordinary interest among music lovers of Escanaba will be that given at St. Patrick's church on the evening of June 28 by Rosa D'Erina, Ireland's prima donna soprano and concert organist together with Prof. Vonton, one of the leading tenors of the country.

Rosa D'Erina and Prof. Vonton appeared in Escanaba two years ago and at that time attracted a great audience to St. Patrick's church. Many high compliments were showered upon the couple at that time and it is expected that their coming visit to Escanaba an even larger audience than on the previous occasion, will be attracted.

FOR RENT—Offices in the store building. En...

Salinsky.

## LARGE CROWD WAS ATTRACTED

Open air Skating Rink Attracted Great Crowd on Saturday Evening.

One of the largest crowds that have been attracted to a skating rink in Escanaba was that which filled the pavilion at South park on Saturday evening when that amusement place was opened to the public for the first time.

A special musical program was given by an orchestra of eight pieces and arrangements have been made for the permanent engagement of the same orchestra. The pavilion is open on all sides allowing the skaters to receive the full benefit of the cool waves sweeping off the bay and promises to be developed into one of the most popular amusement places that have ever been opened in Escanaba.

The rink will be opened each afternoon and evening of the week with the exception of Sundays when the pavilion will be closed for the entire day.

## OUTING WAS BIG SUCCESS

Many People Took Part in Excursion to Big Bay de Noc Ports.

The steamer Maywood of the Escanaba & Gladstone Transportation company's line carried nearly a capacity load when that boat left the Stephenson dock at 9:15 o'clock yesterday morning bound for Big Bay de Noc ports.

In addition to the Escanaba excursionists who took part in the outing yesterday a considerable number of Gladstone people took advantage of the opportunity to visit one of Delta county's most interesting districts and those passengers were returned to the upper bay city after the Escanaba crowd had been landed here.

Excursionists stepped at all of the different Big Bay ports yesterday, and spent the time in rambling about the villages or driving through the surrounding districts.

The day was an ideal one for the outing and no excursion that has ever been arranged on the Maywood has been a more marked success.

## NEW AUTO IS ADDED TO LIST

Escanaba's already large stock of automobiles received a valuable addition on Saturday when a large Rambler touring car purchased by Atty. J. F. Carey, through the Escanaba Cycle Works arrived in the city.

The car is of the same type as that purchased this spring by W. B. Linsley, of 30 horsepower and with seating capacity for five passengers.

The machine was placed in commission on Saturday and has given perfect satisfaction to the owner.

## TOURING CAR TO BE OFFERED

Kratz Brothers Offer Unique Prize for Contest to be Carried out by That Firm.

One of the most novel advertising features that has been introduced in Escanaba in some time is that prepared for Kratz Brothers' clothing department.

A miniature red touring car, with many of the special appliances of the modern auto and dubbed "Kratz's Flyer" has been posted as a special prize to be given away in a contest conducted by that firm. Tickets for the auto will be issued exclusively in the boys clothing and furnishing department of that firm and the date for awarding the prize will be announced later.

The machine is constructed in the form of the regular two seated touring car, with rubber tires, wheel steer and is equipped with all of the many levers found on the modern automobile.

Podials attached to a special gearing and placed both forward and at the rear offer the points for applying the motive power.

The machine, with two boys as "chauffeurs" appeared on the downtown street this morning and attracted much attention. A demonstration with the touring car will be made on Ludington street at 7:30 o'clock every evening.

## COMPANY TO COME AGAIN

Winner Brothers Stock Company will Return to the Peterson on Next Sunday Evening.

Following the playing of a week's engagement at the Peterson opera house and which was marked by capacity houses rather than by the lack of patronage, announcement was made last night that the Winner Brothers Stock company will return to Escanaba on next Sunday evening for a one night engagement.

No stock company of players that have ever come to Escanaba has been given the enthusiastic patronage that was accorded the Winner Brothers company.

At each performance Peterson's opera house was packed to the doors and it is expected that when the company returns to Escanaba on Sunday evening that another large audience will be in evidence.

## MARINE NOTES OF LOCAL PORT

 Official in Charge.

The new naturalization bill, which recently passed the house of representatives at Washington by an almost unanimous vote, deserves to receive the same favor in the senate. Its provisions may not include all that is desirable in the procedure through which American citizenship is bestowed upon the former subject of other governments, but it is a very desirable improvement over the present law on that subject. Its most important new requirement is that an applicant must file a petition for naturalization ninety days before the court can act on it; and prohibits the issue of any naturalization papers within a period of thirty days before any general election. The bill that passed the house also provides for a central naturalization bureau to be located at Washington, and authorizes the United States district attorney to appear before any court to examine applicants for citizenship.  
 If the bill as proposed becomes a law it will prevent some of the most glaring abuses which have in the past been committed against the naturalization privilege.

Declared for Bryan, denounces the tariff and censures President Roosevelt. That brief summary of the Missouri Democrat form indicates not only a pointing to the past with pride but a return to it with disapproving haste. Roosevelt and the tariff have had more to do with American progress during the past few years than any dozen other factors connected with our national life. The manufacturers of England and Germany would probably be glad to join with the Democrats of Missouri in denouncing the American tariff, and there are more than a few insurance grafters, railroad manipulators and troubled meat packers, who would not hesitate to give cordial approval to the censure of President Roosevelt indulged in last week by the Democrats of Missouri.

Letters and personal assurance have come to Governor Warner from every county in the state and from the different sections of the counties, from Republicans who voted against him two years ago and who this year intend not only to vote for him but to cordially work for his election. Their party faith and party zeal have been strengthened by Governor Warner's courageous course in seeking first the interests of the people and the best good of the state in his actions on all questions that have come before him.

**DEMOCRATIC COUNTY CONVENTION.**

A convention of the Democratic delegates of Delta county, to be elected in the several wards and townships of the county at the primary election to be held on the twelfth day of June 1906 is hereby called to meet at the court house in the city of Escanaba in said county on Tuesday, June 19, 1906, at 2 o'clock in the afternoon for the purpose of electing four delegates to attend the state convention, thereafter to be called, for the nomination of state officers.

The several wards in the cities of Escanaba and Gladstone and the townships of the county are entitled to delegates in the convention based on the vote for governor at the general election held in November 1904 as follows:

- City of Escanaba—First ward 2 delegates. Second ward 3 delegates. Third ward 4 delegates. Fourth ward 3 delegates. Fifth ward 3 delegates. Sixth ward 3 delegates. Seventh ward 1 delegate.
- City of Gladstone—First, Second, Third and Fourth wards, each 1 delegate.
- Townships of Baldwin, Bark River, Bay de Noc, Brampton, Cornett, Escanaba, Ford River, Fairbanks, Garden, Maple Ridge, Masonville, Nahma, Wells, each one delegate.

Dated Escanaba June 1, 1906.  
 John M. Miller,  
 Chairman Delta Co. Democrats,  
 M. Doherty,  
 Secy.

**The Hall Room Boys.**  
 THEY DO IT ON \$11.50 PER.

Copyright, 1906, by American-Journal-Exhibition.

MR. HALL-ROOM, ON YOUR WAY HOME, WILL YOU LEAVE THIS PARCEL AT THE VANASTORS.  
 ONLY TOO PLEASED TO SIR.  
 FERDIE I'VE CARRIED IT MORE THAN HALF WAY, ITS YOUR TURN NOW.  
 YES, YOU'RE FOXY AREN'T YOU. YOU CARRY IT THROUGH ALL THE QUIET SIDE STREETS, BUT WHEN WE COME OUT ON THE AVENUE, IT'S UP TO ME. SPOSSIN' WE MEET THE GIRLS!  
 A PARCEL FROM WANACOOPER'S, KINDLY DELIVER TO MRS. ASTORBIT.  
 SAY HERE COMES THE MILLION-BUCK GIRLS, SLOW DOWN, DON'T BE IN SUCH A HURRY, WAIT TILL THEY GET CLOSER, IT'S TO OUR ADVANTAGE TO HAVE THEM SEE US COMING DOWN THE VANASTOR STEPS.  
 A GOOD SCHEME, WE'VE BEEN CALLING TO BE SURE.  
 AH! MISS MILLIONBUCKS, PLEASED TO MEET YOU CALLING? YES, WE JUST DROPPED IN TO MAKE A FORMAL CALL ON MRS. VANASTOR. SHE INSISTED ON US ATTENDING HER GARDEN PARTY AT TARTY TOWN NEXT WEEK, BUT ON ACCOUNT OF 50 IT GARDEN PARTIES, MANY PREVIOUS ENGAGEMENTS, WE HAD TO DECLINE.  
 YOUNG MAN, THE MISTRESS HAS DECIDED NOT TO TAKE THESE GOODS, ALSO IN THE FUTURE, KINDLY USE THE SERVANTS ENTRANCE TO THE LEFT, WHEN YOU WISH TO DELIVER ANY PARCELS.

They Pay a Call at the Van Astor Mansion.

**COPPER RANGE ROAD HAS DOG**

First Viewed as a "Varmint" dog is now Close Friend of all Employes of the Line.

He is without "habitation or a name"—a mere hobo, vagging up and down the Copper Range road, subsisting by "cheek" and charity and never leaving the company's property. Even the road's detectives scan him closely and leave him alone. He is a dog. They call him "Tike", but it is a nickname. He has no master but his own good natured will. He knows a railroad man at sight and by instinct, and all men are his friends. He treats other respectfully, but his ideals are among the wearers of the goldbraided hatband, rangeman's regalia, overalls and smart nose. With any of these he is "cheek by jowl." His run is chiefly between Calumet and Lake Linden, but he takes longer trips, tarrying here and there, a day or two in a place. The men first viewed him as a "varmint," then an acquaintance, next as a friend and finally as a mascot, and a sorry sight for his mother to see would be the man who would kick "Tike," or do him the least injury. They say—do the boys—that though this "travelling agent" has been going to and fro on the Copper Range for years, no accident ever befell a train that was in his charge. Full of gratitude for his services, the trainmen are subscribing liberally for a collar and chain for their mascot, who when these are in his possession, will no more be called "Tike," but "Jim," sir, at your service. The collar and chain will be no mean metal but the richest taken from the earth—radium excepted. This means that the Copper Range will soon need another mascot, for strutting Jim will be sure to be kidnapped—perhaps slain—for his jewelry. It is a sorry world. Poverty pinches and wealth may mean murder.

**RAPID RIVER WAS DEFEATED**

Upper Bay Team Scored two runs on Escanaba Players in What Should Have Been Shutout Game.

The Rapid River baseball team obtained two runs in a game with the Escanaba players yesterday afternoon which should have been a clean shut out for the upper bay players. At the end of the contest, which had several exciting features the score stood at 7 and 2 in favor of Escanaba, making the second victory that has been won this season by the Escanaba players. Rapid River scored the two runs obtained in the contest, on what it is claimed by the members of the Escanaba team should have been called a full ball, by the umpire. With two men on bases and the inning well in the hand of the Escanaba players a Rapid River batter lined out a long fly which struck inside the foul line and rolled out. Members of the Escanaba team thinking that the ball had been called a foul were in no hurry to return it and two Rapid River players romped home. A dispute as to the decision of the umpire followed but in the interests of harmony the Escanaba players submitted and finished the game allowing Rapid River no further opportunities to cross the home plate. Nolden was in the box for the entire game and had good control and speed in all of the innings. The showing that was made by Nolden at all periods of the contest of yesterday was easily the best that has been made by the Escanaba pitcher this season. Matt was behind the bat yesterday and played the game throughout without an error. In fact all of the members of the Escanaba team played ball in all stages of the contest and should have recorded a shut out for the opposing team. People who are clean inside will look like it and act it. They will work with energy, think clearly, act clearly and have healthy thoughts. Hollister's Rocky Mountain Tea. It makes clean people 35 cents, Tea or Tablets.—Hill Drug Co., both stores.

**CHAMPIONSHIP WAS CLAIMED**

The Marquette high school baseball team claims the upper peninsula championship for the season just drawing to a close. The team has an unbroken record of victories, excepting one tie game with the Soo, which, however, had been defeated in a previous contest, and recently challenged the Calumet high school team, reputed to be the cock of the walk in the copper country. Saturday the management received a letter from Calumet, declining the challenge. The Marquette team made the best record ever achieved by a high school nine in this city. It defeated Men's 16 to 8; the Normals 23 to 4; Manistique 8 to 2; the Soo 2 to 0 and wound up its season with a tie with the Soo, 3 to 3, a game which even eighteen innings did not suffice to bring to a definite conclusion. **Feel Impending Doom.** The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure ineffectual Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunroath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Ellsworth's Drug Store.

**MUCH MONEY FOR INDIANS**

In a letter written to P. M. Church of the Soo, S. M. Bresnais a Washington attorney says \$43,301.31 is due the Flathead Indians. This fund was a branch of the Lake Superior Chipewas most of whom now reside on Sugar Island. The attorney warns the Indians not to pay attorney fees to unscrupulous lawyers, as according to an act of 1904 congress provided for the

**WILL AID A WORTHY COUPLE**

Lawn Social to be Given at Home of Mrs. F. H. Brotherton Tonight for Worthy Charity Cause.

Many people of the city should be attracted to the lawn social given tonight at the home of Mrs. F. H. Brotherton, at Wells and Michigan avenues, for the benefit of an aged and destitute couple who live in the east district of the city. The lawn social, at which ice cream and cake will be served, was opened this afternoon and will be continued through this evening. A similar event was arranged one year ago for the benefit of the same couple and the aid that was given at that time was greatly appreciated. It is hoped by those in charge of the social that the patronage this year will be even greater than that of last year.

Six red-haired talesmen who had been accepted by the state in the selection of a jury to try Sabine Perle, charged with the murder of a fellow Italian, were excused by Jacob H. Goodhart, attorney for the accused, in the Waterbury superior court at Derby, Conn. Mr. Goodhart held that his client because of his swarthy hue would not be so likely to receive impartial judgment from men of sandy complexion as from those of darker features. The Auburn-haired talesmen barred by Mr. Goodhart all have red whiskers, also of the flowing variety. Four of them are farmers.

An employer at Wichita, Kan., got one of his men to sign the pledge in a novel way recently. He happened to meet the workman on the street and noticed that he was pretty well over the seas, so he asked him what the matter was. The man said he was suffering with a severe toothache, so the boss told him to come along and have the tooth-out. The man had to be game, but it cost him a good molar and the work of swearing off.

One of the largest retail tobacco dealers in the United States says that the consumption of chewing tobacco has increased almost 50 per cent. in five years. He attributes this increase to the automobile, because it is impossible to carry a cigar or pipe while whizzing about in a motor car. There is also danger of sparks or ashes from the lighted cigar or pipe getting into the eyes.

The Western Pacific line is calling for 10,000 laborers, and can't get them. Yet we keep away Chinamen, and need the loaders in the cities who are willing that they can't find work.

A Pennsylvania collector of internal revenue has destroyed 77,000 bad cigars. It will surprise a lot of economical smokers to learn that a cigar ever gets too bad to smoke.

A heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. This blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

**Our Pattern Department**

**GIRL'S GIMPE.**

Pattern No. 5319.—This model for a gimpe is very simple and easy to make and will be found much better fitting than those that are bought ready made. The yoke may be made of all-over embroidery or tuck material, or the whole garment may be made of lawn, nainsook or dotted Swiss. A tape inserted in casing adjusts the fullness around the waist, or it may be taken up in darts. A standing collar finishes the neck edge. The medium size will require one yard of 36-inch material. Sizes for 3, 4, 5, 6, 7, 8, 9 and 10 years. This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. For convenience, write your order on the following coupon:

**BEAR WENT AFTER TRAPPER**

**Brain Caught in Trap Makes Situation Interesting for Farmer Living Near Daggett.**

Fred Hagen, a farmer residing in Holmes township, three miles west of Daggett, had an experience with a big bear last Monday.

Bears have been quite numerous in that county during the past year and the farmers generally have taken precautions to save their stock from the ravages of bruisers. Some of them being expert short shots have succeeded in depleting the number of the bruiser family by a well aimed shot while others have adopted the alluring method of catching them in a trap. When the marauding bears began to visit the vicinity of Hagen's farm he set out a trap, and on Monday his work was rewarded. Hagen went out as usual to look over the territory in which he had set the trap, when he suddenly beheld a monster bear coming toward him, a bear trap hanging from his front paw. The bear evidently did not like his new ornament and when it beheld Hagen coming it rose on its hind feet and came toward him. Hagen did not know whether Mr. Bruin wanted his aid to remove the encumbrance or if it wanted to punish him for setting the trap which caused so much pain and inconvenience, and he therefore waited until the bear came within speaking distance. When within ten feet of Mr. Hagen and the bear not showing any friendly move out instead two rows of white ugly teeth and a bloodthirsty mouth ready to gobble him, Hagen aimed his gun at the brute and let him have the contents right between the eyes. The bear dropped dead and Hagen held the usual inquest in such cases.

The bear was one of the largest ever seen in this part of the county, measuring 8 feet 4 inches from nose to "stem" and weighing about 500 pounds.

**NEW LAW IS INCONSISTENT**

Another inconsistency has been found in the primary election law, one that might cause trouble under certain circumstances but which will be remedied this year without inconvenience. The primary law makes no provision for the county clerk to certify the names of delegates elected to the county conventions of the political parties, neither is the board of county canvassers ordered to do so at a designated time and canvass the returns for the county.

However, the county clerk has decided to furnish both the Democratic and Republican county chairmen with a certified copy of the list of delegates elected last Tuesday at the primaries, so there will be no embarrassment in passing upon the membership of either convention. In the matter of canvassing the votes the board of county canvassers will apply the general election law to the case, and assemble at the court house on the first Tuesday following the convention. Inasmuch as the Republican county convention must be held today, the canvassers will not have to determine who has been elected delegates, and this matter is absolutely in the hands of the county clerk.

Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years.—Mrs. L. Whiteside, Buffalo, N. Y.

**REFRIGERATOR CARS GIVEN**

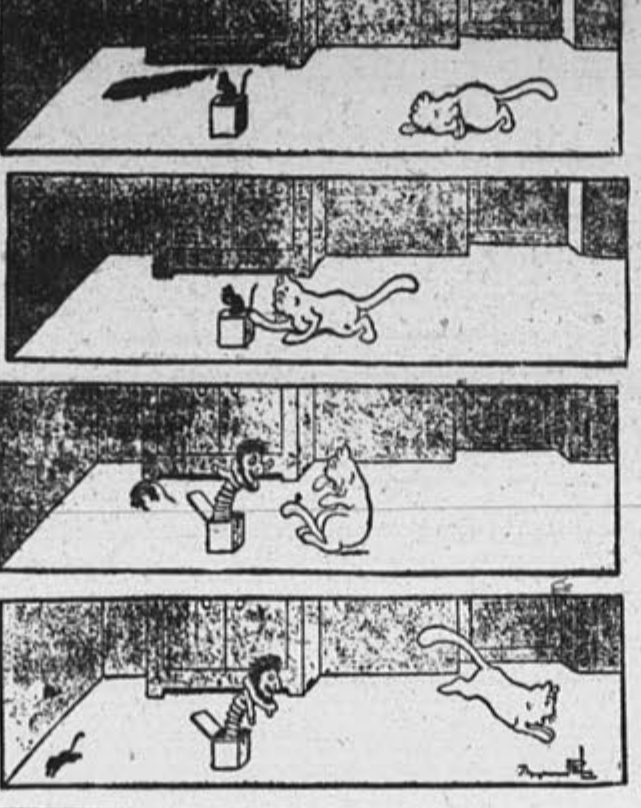

The Chicago, Milwaukee & St. Paul road has put on a fish refrigerator car service between Ontonagon and Chicago. During the past all fish have been shipped by express, the rate to Chicago being \$1 per hundred pounds. The refrigerator rate will be thirty-two cents a car will leave twice a week according to the present schedule.

The Lake Superior Fish company's tug Hoffnung recently brought in 8,300 pounds of fish from a two days' trip to Grand Marais. Ontonagon fishing concerns are getting much heavier lifts along the north shore than are being secured in the waters in which they have usually fished. Peter Hanson of Ontonagon caught a rainbow trout weighing six pounds in his pound net at Mistry bay a few days ago.

**SAYS FORTY MILLION HIGH**

An authority in the iron trade says that while it is possible that the 40,000,000 tons mark in the output of iron ore from the north country will be reached this year he does not look for such a result. He says that perhaps \$30,000,000 will be reached, but that even such a product will be too much for furnace capacity and there is so far as known no new furnaces to go in to commission that will be ready in time to work out the output of 1909, and that it will not be a wise policy to neglect the part of producers of ore to carry

(Journal Amusing.)

**GIVES QUALITY OF THE TRUE SUCCESS**

**Rev. Frederick Spence Delivers Able Baccalaureate Sermon Before Graduating Class of 1906. Defines Meaning of True Success as it Should be Applied by Those now Entering Active Duties of Life.**

"Our Contribution to Life: the Standard of Our Success" was the subject of the baccalaureate sermon delivered by the Rev. Frederick Spence, pastor of the First Methodist Episcopal church before the members of the graduating class of the Escanaba high school at the First Presbyterian church last night.

The address is considered to have been one of the most able of its kind that have ever been given by an Escanaba minister and was heard by an audience which filled both the auditorium and lecture room of the Presbyterian church.

The real meaning of success, as defined by the students now completing their common school education was outlined by Mr. Spence and many excellent thoughts were presented.

Special musical numbers were presented at the service by the choir of the Presbyterian church.

Following is a portion of the sermon delivered by Mr. Spence last night:

"The vulgar conception of success, defines it in terms of material possessions. We are said to have succeeded or failed according to the measure of our financial assets.

But such a definition is both misleading and dangerous. It overlooks the soul as the world's greatest asset, and gives birth to the materialistic and the selfish. It is not our possessions, but our surrender; not our accumulation from life, but our contributions to life which measure our real success.

But what are some of these contributions to life, which measure and determine our real success?

First of all, there is our positive contribution to life through service. Service is the supreme call of the 20th century. It is its solution to the problem of the world's sin and the world's suffering. It is the divine master's deadliest weapon with which he is to offset and conquer the spirit and power of commercialism and selfishness. "He did not come into the world to give man religion, that was here thousands of years before He came. But He did come to give religious aspirations a new direction; to give men the law of service as religion's finest and divinest expression. The world's philosophy of life is, that joy comes through being served. Christ's philosophy, and the real philosophy of life is, that joy comes only through serving.

But how can one make one contribution to life through service?

By developing and expending one talent for the progress of the race. All have talent. But inness of everyone to discover what it is and develop it.

To hide it will dishonor God. To bury it will rob humanity. If music it give to the world, if oratory then do not become an engineer, but seek fields where it can be used to stir men to noble action. Every field is calling for young men and women who excel. Field of Art and literature calls for men and women of talent.

Field of Invention calls for men and women of talent.

Field of Commerce calls for young men and women of talent.

This is a distinctively commercial age but needs to be reconstructed on a more intelligent and safer basis. Every department of age need men and women of who can demonstrate the possessions of qualities of success with funds justice and most scrupulous honesty.

Field of Profession calls for men and women of talent.

But we can make only one contribution to life through success.

But, again, there is our contributions to life through our unconscious influence. We look at the sun in the heavens, we see it as a definitely outlined orb, occupying always the same amount of space, a body of given

**"THRILLERS" TO BE FEATURES**

Several Special Street Attractions will be Obtained for Fourth of July Demonstration.

Several special "thrillers" will be provided by the members of the committee in charge of the arrangements for the Fourth of July celebration in Escanaba for the entertainment of the army of visitors who will be attracted to this city on that occasion.

At the joint meeting of the committee members yesterday it was arranged that communication should be opened at once with some high dive, loop the loop or other special feature artist, to come to Escanaba on July 4.

As soon as satisfactory features and terms have been obtained by the committee negotiations will be closed.

Every effort will be made by the committee members to obtain attractions that have never before been seen in Escanaba and which will be in keeping with the spirit of making the demonstration the greatest that has ever been arranged in Escanaba.

The Nogaunee city band has been engaged to come to Escanaba on July 3 and to remain in the city until after the celebration.

Negotiations are pending with the management of other musical organizations of surrounding cities and it is probable that all of the work of the committee on music will be completed this week. Every merchant on Ludington street will be urged by the members of the committee to decorate both the front and interior of his place of business on the day of the demonstration. It is hoped to make both sides of the principal business street of the city a solid mass of patriotic color, arranged and blended according to the ideas of the individual merchants.

Huge banners bearing the word "Welcome" will be stretched across Ludington street at both the east and the west ends while other banners, assuring the visitors of the good will of the people of the city, will be placed at frequent intervals over the remainder of the street.

It has been arranged that on the day of the celebration all of the members of the different committees having in charge the features of the day shall wear special uniforms to designate them from the general throng and all officials will act as visitors.

Another meeting of the committee members will be held on Thursday evening at the city hall when a final details will be arranged.

## Carefully Examine your plants Early

Kill these bugs before they get a chance to destroy your plants and flowers. It will be harder if you let them get a start, so do it now, with

### THOMPSON'S ROSE-NICOTINE

This product is pure nicotine from tobacco, and is the most powerful destroyer of plant insects and parasites or vermin known. It is colorless, odorless and odorless, and can be used without harm on the most delicate plants or flowers, pet animals and fabrics. It will kill plant insects as quick as a wink wherever found—on plants, vegetables, fruits, as well as vermin on rats, dogs, fowls, on human head or body, or in clothing, carpets, furniture, bedding or woodwork, houses, dock-houses, etc., such as moths, carpet bugs, bedbugs, ants, cockroaches, head and body lice, dog or cat fleas, etc. It is a plant food as well.

This is what leading florists use, to keep their plants free from insects and to raise their beautiful flowers, also the veterinary doctor who kills the fleas on your valuable dog. You can do as well, if you use it as directed on the package.

Easy to use, full directions with every package. Sold by all druggists in 25c and 50c sizes. Apply it and to us or ask your druggist for free booklet, "How to Destroy Plant Insects or Vermin." Free sample supplied by your druggist only. (Not available)

F. A. THOMPSON & CO., DETROIT, MICH.

## FAMOUS PIKE'S PEAK

### DISCOVERY OF MOUNTAIN TO BE CELEBRATED.

Elaborate Preparations Being Made to Honor Discoverer—The Story of How He Found the Mountain.

Colorado Springs.—Just 100 years ago, Gen. Zebulon Montgomery Pike discovered the famous mountain peak in Colorado, now bearing his name. Colorado Springs, Colo., is a city which nestles in the shadow of this peak, and here, in September of this year, fitting tribute will be paid to the great soldier-explorer.

Mr. Henry Russell Wray, vice president of the celebration committee, in speaking of the event, says that it promises to be as interesting as any celebration ever held in the west. "We have the assurance of the general staff at Washington that about 10,000 regulars will attend. There will also be military attaches from foreign countries and statesmen and orators of national reputation. The committee on Indian affairs has promised to have representatives of the various tribes with which Gen. Pike came in contact on his hazardous mission."

"The celebration will last a week. It will be military and civic in character, including the maneuvers by the regulars, and the unveiling of a huge granite monument to Pike."

The story of the discovery of Pike's Peak is as follows: In 1805 the government, through its war department, was desirous of learning more definitely the source of the Mississippi river. It was most important at that time. Young Pike was selected to head the expedition. This demonstrated his cleverness, daring and knowledge. The next year, 1806, the government having finished its negotiations for the acquisition of that vast region known as the "Louisiana Purchase" and "New Spain" wanted some definite information about its area, climate and life.

PIKE'S PEAK AS SEEN FROM COLORADO SPRINGS.

Pike, with a handful of men, was commissioned.

Pike started from a point on the upper Mississippi. His purported mission was to return to their tribe some pardoned Osage Indians; after this he had orders to push west into the vast unknown wilderness. His diary of this year of adventure, danger and often frightful privation, will hold the reader as can only the rarest fiction. While reviewing it, one is filled with intense admiration for the young war department, which was capable at that time of enlisting the youth, enthusiasm and devoted loyalty of such a man as Pike.

When almost starving he wrote for the eyes only of his far-away boy, some such sentiment as "I pray you guard daily your own honor, and stand in ways ready to defend with your life, the honor of your country."

Tagged, hungry, footsore, but not discouraged, Pike first saw, November 15, 1806, from a point 150 miles away—the eastern border line of Kansas—he called the great "Blue Mountain." It was Pike's Peak. The plains were 6,000 feet above sea level and the summit of the peak was 14,147 feet above sea level. To-day a steam railroad runs to the summit, and there the United States government maintains an observatory.

### Smoking in a Powder Magazine.

Is courting death more suddenly but not more surely than neglecting kidney disorders. Foley's Kidney Cure will cure a slight disorder in a few days and its continued use will cure the most obstinate cases. It has cured many people of Bright's disease and diabetes who were thought to be incurable. If you have kidney or bladder trouble, commence taking Foley's Kidney Cure today, before it is too late. Ellsworth's Drug Store.
