EAGLES TO HOLD A BIG CARNIVAL

Members of Order in Escanaba are Given Permission by Council to Conduct Street Fair From July 23 to July 29. Strong Carnival Company has been Engaged to Furnish Attractions for Event and all Arrangements are to be Pushed Forward as Fast as Possible.

In addition to a great St. Jean de Baptiste day celebration in Escanaba on Saturday, together with one of the most elaborate Fourth of July demonstrations ever arranged in this city, Escanaba is to have a street carnival.

The carnival will be conducted by the Escanaba order of Eagles and will be opened on July 23 and will close on July 29.

Permission for the Eagles of Escanaba to use the side streets along Ludington for the entire length of that street, for different attractions, was granted by the members of the Escanaba city council last night.

The J. Frank Hatch show company, one of the largest carnival companies operating in the United States, has been engaged to furnish the attractions for the carnival and from this time until the opening date arrives the committee in charge of the details will be busy.

The members of the Eagle's lodge having the arrangements for the carnival in charge are: J. E. Patton, A. C. Brace, E. C. Stolt, Charles Snyder, John Kahlow, Louis Marchand, John A. Johnson and J. W. Denn.

In the communication submitted to

the council last night, asking permission to conduct the carnival it was guaranteed that the cross streets along Ludington should not be blocked and that the entire event should be conducted in an orderly manner.

It was also guaranteed that no gambling devices of any kind shall be permitted on the street during the carnival and everything will be carried out along strict lines to be laid out by the members of the order.

It was pointed out in the communication that all arrangements had been made by the members of the Eagles lodge of Escanaba for a Fourth of July celebration at South park when the movement to arrange a demonstration in the city was started and the plans of the lodge for that day were called off in deference to the arrangements being made by the businessmen of the city.

Several strong endorsements for the J. Frank Hatch show company, which will furnish the carnival attractions have been received by J. E. Patton, chairman of the carnival committee and all members of the lodge are now enthusiastic over the prospects for the success of the undertaking.

JUNIORS GAVE FINE PARTY

Members of Graduating Class Guests of Honor at Event of Last Night.

One of the prettiest social events of commencement week was that of last night when the members of the Junior class of the Escanaba high school received in honor of the graduating class at the Elks hall.

All of the arrangements for the reception and dancing party were carried out by the members of the Junior class assisted by Miss Brown of the high school corps of teachers, and when the dancing program was closed it was agreed that the event had been one of the most enjoyable that had ever been given by a class of the Escanaba high school.

The members of the junior class who served on the reception committee were: Clement Corcoran, class president; Edith McNaughton, Warren Nordin, Gladys Zane, Oliver Thatcher, Gladys Andrews, Reginald Leitch, Margaret Davis, Edith O'Meara, Ralph Fuller, June McColl and James Frost.

Mrs. C. M. Thatcher, Mrs. F. D. Davis and Mrs. C. E. Andrews acted as chaperones.

The hall was beautifully decorated with class banners bearing the colors of the Junior and Senior classes, and flowers. Japanese lanterns were suspended over the electric light bulbs completing a decorative scheme that was strikingly pretty.

The musical program for the party was furnished by Skelton's orchestra of Gladstone and every part of that feature of the evening's arrangements was excellent.

At 11 o'clock a banquet was served in the dining hall of the club quarters and at 12:30 o'clock the party was closed.

PROMENADE IS ARRANGED

It is expected that Peterson's hall will be crowded on Saturday evening when the first promenade that has been arranged in Escanaba in many months, will be given under the auspices of the Escanaba lodge of Elks.

The musical program for the promenade will be given by the Third Regiment band of Menominee, Prof. Edward Quivron leader and manager, and recognized to be one of the leading musical organizations of the upper peninsula.

The band will come to Escanaba on

Saturday morning to take part in the St. Jean de Baptiste day celebration and will remain in the city to furnish the program for the promenade and will accompany the excursionists to Menominee and Marinette on the steamer Maywood on Sunday morning.

GAME WAS POSTPONED

Because of the inclement weather which prevailed this afternoon the baseball game scheduled to be played between the Fats and Leans was postponed until 9 o'clock tomorrow afternoon.

All members of both teams, who have been training faithfully for the contest for several weeks, donned their suits at 1 o'clock today expecting to go to the park should the weather condition improve but the weather man persisted in his determination to make all conditions as unsatisfactory as possible, and at 2:30 o'clock it was announced that it had been decided to postpone the game.

INVITATION IS ACCEPTED

The members of the Escanaba city council and all city officials will appear in the Fourth of July parade, which will be one of the principal features of the program for the forenoon of that day.

An invitation extended to the council and city officials by the Fourth of July celebration committee, was accepted by the council last night by a unanimous vote.

MANY SALOONS CLOSE DOORS

Columbus, O., June 20—Special.—The first payment of the \$1000 liquor tax, as provided by the new Alkin law, became due throughout Ohio today. As a result hundreds of saloons throughout the state have closed their doors. The saloons remaining in business purpose to abolish the free lunch, raise the price of beer and take other measures to meet the heavy increased expense imposed on them by the legislature.

FULLER TO BE IN THE RACE

Developments of Last few Days in Thirtieth Senatorial District Makes Delta County Candidate Possible.

Developments of the last few days in the Thirtieth senatorial district may induce Ex Senator O. B. Fuller of Ford River to become a candidate before the senatorial convention yet to be called.

It was reported on excellent authority today that Senator Willis N. Mills, of Menominee has definitely withdrawn from the race and will lend his efforts to secure the Menominee delegation in the senatorial convention for John Parsille of Chippewa county.

The candidacy of Mr. Parsille as a successor to Senator Mills has not met with hearty support with all of the leaders of the Republican party in Delta and Menominee counties and it is believed that has Mr. Mills undertaken to deliver Menominee county to Parsille, that he has undertaken a proposition which cannot well be carried to a successful conclusion, with Ex-Senator Fuller in the race.

Had Mr. Mills remained in the race as a candidate to represent this district in the state convention it was considered as practically sure that he would receive the support of the Delta county delegation.

With Senator Mills retired from the arena Delta county is free to bring forward a candidate and as Mr. Fuller has received assurances of support from Chippewa county, even though a resolution was passed at the recent convention in that county endorsing the candidacy of Parsille, and from other parts of the district, it is believed that he is the one man in the Thirtieth district who will be able to land the nomination.

The conditions surrounding the senatorial question in this district are more complicated than any that have been presented in many campaigns and it is believed that the entrance of Mr. Fuller into the situation at this time will offer the necessary solution.

The Menominee Herald Leader and Senator Mills, it is claimed from reports that are being circulated, have after a year of bitter warfare joined hands on at least one question and will push the nomination of Parsille in Menominee county.

While those reports can hardly be given credence it may be that the hatchet has been buried by the two Menominee county factions on the senatorial question.

Roger M. Andrews, editor of the Herald Leader, in his enthusiasm for the cause of William Alden Smith as a successor to United States Senator Alger and Parsille for state senator, has stretched a point in announcing in the issue of his paper of yesterday that Ex-Senator O. B. Fuller has endorsed the candidacy of William Alden Smith and that there is much Smith sentiment in this end of the district. Editorially Mr. Andrews says:

"Mr. Parsille is said to be a clean and aggressive Republican and one of whom the district might well be proud. If he feels the way Menominee county and Delta county do regarding the candidacy of William Alden Smith he will win in a walk. Menominee county has declared for Smith in its convention, and in Delta county so conservative a politician as former Senator O. B. Fuller stated last week to several newspaper men that he favored the candidacy of William Alden Smith and preferred the Grand Rapids man to McMillen. There is plenty of Smith sentiment in these two counties, and, in fact, at this end of the district."

"I have never told Mr. Andrews or any one else that I favored William Alden Smith over any other candidate now in the field for United States senator" says Mr. Fuller today. "Mr. Andrews of Menominee and Mr. Baldwin of Munising called on me a few days ago and asked to use my name as supporting Smith's candidacy. I told Mr. Andrews and Mr. Baldwin that I had no preference whatever in the matter and believed that it was a question which should be left to the legislature to decide. I did say however that should I be nominated for a seat in the legislature that I would be pleased to have the convention that nominated me instruct as to the candidate to be supported when the proper time arrived."

"I have not endorsed the candidacy of Mr. Smith or any other candidate in the field."

Dancing school in Perron's hall, Thursday evening June 21. Private lessons any evening during the week. Chas. Bouton Instructor. 111-5-14-6.

NEW FRANCHISE AGAIN PROPOSED

Escanaba Water Company Revises Scale of Rates in new Proposition Submitted to Members of Council Last Night. Entire Proposition is Referred to Committee of Five Members to Report as Soon as Possible.

After lying dormant for over three months, the question of obtaining a pure water supply for the city of Escanaba has again been taken up by the members of the Escanaba city council.

The first step in the operations by the new administration to carry out the pledges of the platform on which Mayor Perron and new members of the council were elected this spring was taken last night when an amended franchise was presented to the aldermen by the Escanaba Water company.

The franchise presented to the council last night, with the exception of a revision of rates, is the same as was presented to the council early in this year and by which the officials of the Escanaba Water company agree to construct a modern filtering plant in connection with the pumping plant here in consideration for a franchise and hydrant rental contract extending through a period of 80 years.

The reading of a communication from Supt. Hatton together with resolutions, which it is asked that the council shall enact in addition to the franchise, brought forth no discussion from the aldermen last night.

Immediately after the franchise, communication and resolutions had been read a resolution was passed referring all, to a special committee of five members, of which Mayor M. Perron and City Atty. I. C. Jennings should be a part.

The members of the special committee of the council named to act with the mayor and city attorney in

making a general investigation of the proposition submitted by the Escanaba Water company are: Ald. E. M. St. Jacques, Ald. Matt Priestner and Ald. E. C. Voght.

In the schedule of rates proposed in the franchise presented to the council when the idea of constructing a filtering plant in Escanaba was first considered by the company.

The rates named in the present franchise are practically the same as those now being charged by the company to water consumers of the city.

An increase in the hydrant rental rate however is proposed, making the annual rental for each hydrant \$40, which would increase the amount now paid by the city for that service by approximately \$1100.

It is also proposed in the new ordinance to give free water for use in the fire department station, city hall, for all street sprinkling purposes, city park, public library and all public and parochial schools.

Atty. John Cumiskey, who represented the new company which submitted a franchise to the council early in this spring agreeing to furnish artesian water to the city under condition which appeared to be especially attractive, was in the council chamber last night when the franchise of the Escanaba Water company was read, and it is probable that the franchise of the new company will again be brought before the aldermen at an early meeting.

INVESTIGATION TO BE STRICT

Chairman E. M. St. Jacques will Make Close Inquiry Into Franchise Provisions.

"I intend to make a thorough investigation of the water question as now presented in Escanaba and every provision of any franchise that may be presented before I or the members of the special committee named by Mayor Perron last night, will make any recommendations to the council" said Ald. E. M. St. Jacques chairman of the special committee to whom was referred the amended franchise of the Escanaba Water company which was presented to the council last night.

"I intend to spend considerable time and some of my own private funds to make a complete investigation of this question" continued Mr. St. Jacques.

"I consider the question of obtaining a pure water supply in Escanaba one of the most important that has ever confronted a council of the city. The question is not a new one and has been juggled about by former city officials until neither the people nor officials know absolutely what is necessary to remove the unsatisfactory conditions that maintain. I will call a meeting of the members of the special committee as soon as possible and we will begin at the foundation and look into every feature of the water question. I am convinced that it is time that some thing was done but what that something is, I am not prepared to say but before we are through with the investigation I intend to know exactly what is necessary and how best to obtain it. There will be no undue haste in reaching this decision but the members of this committee will use all speed, compatible with the importance of the question, in preparing our recommendations."

EXERCISES WILL OPEN TONIGHT

First Program of Commencement Exercises of High School to be Given at the Peterson Tonight.

The final rehearsal for the first night's program of the annual commencement exercises of the Escanaba high school to be given at the Peterson opera house tonight was held this afternoon and everything is in readiness for the graduates to make their bow to the public and receive the diplomas which they have earned through 12 years of work.

The commencement exercises will be continued through two evenings, opening tonight with the general subject for the program, The Rise of Russia, and concluding tomorrow evening with the subject The Golden Age of Literature.

All of the literary numbers of both programs will be given by members of the graduating class and with numerous musical numbers by a high school chorus, a boy's chorus and a chorus of girl voices.

Elaborate preparations have been made for the musical features of both programs and in the rehearsal of this afternoon all of the different numbers were perfectly given.

DELTA GETS THE CONTRACT

After an open fight on the floor of the council and discussions had developed which for a time promised to make police interference necessary, the Gladstone city council disregarding Mayor I. E. Shally, last night awarded the contract for printing the council proceedings of the upper bay city to the Gladstone Delta.

The vote of the aldermen on the question when a final settlement was reached was 6 to 2.

The situation developed in the Gladstone council meeting last night is described as one of the most dramatic that has ever been recorded at a session of the governing body of the upper bay city and while the result was at no time in doubt it attracted much attention from the people.

W. P. Stewart, Official in Charge.

A towering shaft of granite, visible for miles around from the little town of Centerville, Pa., has been erected to the memory of one of its residents, by himself. He has had \$25,000—his whole fortune and the result of a life time's toil—put into it. And there it stands, cold, solitary and useless, a lasting testimonial to the loveless, lonely bachelor who spent his life in building not for others but for himself alone.

Man is a monument builder. From the cradle to the grave he, consciously

or unconsciously, writes his epitaph and traces the print he must leave on a changing world.

Man builds in his own image. His work is his monument.

The more love, the more reaching out in sympathy with his brother workers that goes into his work, the more beneficent, the more enduring his monument.

A granite man leaves only a granite mark.

Horace wrote of his edes: "I have built a monument more lasting than brass and higher than the pyramids, which neither storms in their fury nor the flight of time can crumble." And truly, for his writings, like the paintings and buildings of the masters, endure not only as an everlasting monument to the author himself, but to nations as well.

Every scientist who has given the world new knowledge, every philosopher who has popularized an uplifting thought, every philanthropist who has widened the range of human love have built monuments that tower far heavenward forever.

And every man, no matter how humble, who gives a son and trains him to carry on his usefulness in the world has built of himself a monument more lasting than granite or brass—a monument greater than all of the art and all of the literature which man has produced.

Statesmen or shepherds, great artists or humble workers—it matters not! Those men are the princes of the world who leave an indelible influence for good behind them.

With corporation contributions barred, the "campaigns of education" will have to be limited to mere education.

The real difference between Canada's profession and the fire insurance business would seem to be that you can watch in the latter business with greater impunity.

Doubt is being expressed as to whether it is really the steel trust that is building the city of Gay. Ind., inasmuch as no government aid has been asked.

The insistence of some congressmen on permitting railroads to lease passes to their employees naturally leads to the inference that the congressmen can logically travel under that head.

Of course Florida's plan for state life insurance would, at least, bring the state insurance commissioner into closer touch with the sources of the coin.

With the usefulness of the packers gone, Secretary Wilson's department may have to fall back on cotton reports again.

NEWS NOTES OF SPORTING WORLD

The South Atlantic league is bathing in the tide of prosperity this season. The salary limit is \$1,700 and each club is allowed 14 men besides the manager.

Report has it that a Southern California league is to be formed, the circuit to comprise Los Angeles, Santa Ana, San Diego and San Bernardino.

The fifty-ninth annual regatta of the New Yacht club will be sailed tomorrow on Long Island Sound. The start, as usual, will be off Glen Cove.

The champion Des Moines team has taken its place at the top of the Western League pennant climb and to the men on the fence it looks as though it will be hard work for the other clubs to oust brother Mike's men.

With four new players, Carr, Vinson, Hines and Atherton, the Indianapolis club of the American association is showing improved form and the Hoosier fans are hoping for a climb to the top of the column.

Addie Joss is Cleveland's winning pitcher this season.

Raymer, last year with the Boston Nationals, is playing a great game with the Johnstown team of the Tri State league this season.

Sir Mortimer Durand, the British Ambassador, has been elected president of the cricket club of Lenox, Mass., and will play with the club this summer.

Duck and candle pins are fast becoming popular among bowlers in the west. In New England the small pins have been used both summer and winter for several years.

Great preparations are being made for the ninth annual skat congress of the North American skat league, to take place next month in Buffalo. Reports received by the local committee point to a record breaking attendance.

With the Suburban Handicap—the most coveted prize on the turf calendar—to be run at Sheepshead Bay tomorrow, devotees of racing from San Francisco to New York are just now rubbing their eyes and bethinking themselves of the probable outcome of the momentous struggle.

Three days more and the great college boat races will be rowed at Poughkeepsie.

LABOR LEADERS IN AUGUSTA

Augusta, Ga., June 20.—Special.—Several score of delegates representing the thousands of organized workmen of Georgia responded to the roll call at the opening session of the eighth annual convention of the State Federation of Labor, which was called to order by President G. N. Cohen in the court house at 9 o'clock this morning. In point of attendance the convention is the largest of its kind ever held in Georgia.

The sessions will last three days, during which time the delegates will be kept busy discussing and acting on numerous matters of interest to the state federation and to organized labor in general. A spirited contest has developed for the offices of president and secretary-treasurer, several aspirants being in the field.

NAME PROCTOR FOR GOVERNOR

Montpelier, Vt., June 20.—Special.—The Republican state convention assembled here today for the nomination of candidates for governor and other state officers to be voted for in September. The gubernatorial nomination will go to Fletcher D. Proctor, son of United States Senator Redfield Proctor.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter (itch), hives, herpes, scabies—Doan's Ointment. At any drug store.

WILL RETURN TO OLD PLAN

Night Station Keeper Plan at Central Police Station is Suspended During Vacation Season for Members of Department.

After a discussion as to whether or not it would be advisable to disperse with the practice of allowing a police officer to remain on duty at the central station at the city hall, during the period that members of the force are enjoying their regular summer vacations, six of the members of the city council last night voted in favor of the plan and six opposed it.

Mayor Perron held that the service of a police officer at the central station each night, had been recommended to him as unnecessary and he cast the deciding vote and as soon as the vacations of the members of the police force are begun Escanaba will again be without a central station keeper and in case of its becoming necessary to call a police officer citizens will be forced to search for an officer on the street.

The members of the council who did not believe it advisable to disperse with the services of a night station keeper were: Aldermen Beck, McCarthy, Priestler, St. Jacques, Tolan and Voght. Those who favored the suspension of the service temporarily were: Aldermen Elliott, Follo, Gallagher, Garrity, McMartin, North and Mayor Perron.

The time required to allow all members of the police department to take their vacations, and no member of the force being absent at a time, will be 80 days and for that period Escanaba will return to the system in force before the much needed reform was inaugurated of maintaining a central station to offer a place where all night calls for police protection could be registered.

It was claimed by the chief of the police department that but few calls have been registered at the central station since the system was adopted and for that reason, it was recommended by him to the police committee that in order that the force should not be crippled during the vacation season, that the night station keeper plan be suspended.

While the claim of the chief of police is undoubtedly true, events of the next few weeks may show how necessary is the night station keeper. People of the city who have enjoyed a greater feeling of security when it was known that it was possible to call a police officer at any time during the night should that action become necessary, will object strenuously to the return to the old system.

FOSTER CITY NEWS NOTES.

Nelson White Jr. returned from Powers Monday where he was visiting friends for two weeks.

John Lehr of Escanaba has the contract for moving the store buildings of the Morgan Lumber and Cedar Company and expects to complete his work this week. The new store building is to be erected on the present site of the old store and will contain commodious offices for the Morgan Lumber and Cedar Company.

The ball team from Sect'on 16 played here Sunday and succeeded in making three scores while the locals placed 29 to their credit. Oaks and Blainey did the twirling for Section 16 with Albert Reese behind the bat. James Ray and Charles Richards were the battery for Foster City. A serious accident to John Peshek, first baseman for the locals in the second inning cast a gloom over the spectators and players the rest of the day. Albert Reese was at the bat and in sliding to first base struck his feet against John Peshek's leg fracturing both bones below the knee. He was conveyed at once to the office of Dr. Moll and from there to his home. Mrs. Peshek was present at the game and almost fainted when the extent of Mr. Peshek's injury was learned.

Mrs. L. Price with her little daughter Jeanette and sister Katherine Owen visited with friends a few days in Escanaba last week.

George Lehr was up from Escanaba Monday to see his father on business and returned the same day.

Frank Starkevant will leave for St. Ignace, his former home this week to accept a position on a passenger ferry.

Mr. Fred Ranger and children will attend the St. Jean Baptiste celebration at Escaraba.

Miss Georgiana Lefebvre of Oconto visited friends here last week.

Rev. Father Stahl of Bark River conducted services at the town hall Tuesday evening and said mass Wednesday morning. Father Stahl is agitating the building of a chapel here and will confer with the people of the parish here. It is expected plans will be formulated that will insure the building of the church this summer. Edward Vandwell of the National Grocer Company of Escanaba was a business caller here this week.

Kill those bugs before they get a chance to destroy your plants and flowers. It will be harder if you let them get a start, so do it now, with

THOMPSON'S ROSE-NICOTINE

This product is pure nicotine from tobacco, and is the most powerful destroyer of plant insects and parasites or vermin known. It is colorless, stainless and odorless, and can be used without harm on the most delicate plants or flowers, pot animals and fabrics. It will kill plant insects as quick as a wink wherever found—on plants, vegetables, fruits, as well as vermin on cats, dogs, fowls, on human head or body, or in clothing, carpets, furniture, bedding or woodwork, hen-houses, dog-kennels, etc., such as moths, carpet-bugs, bedbugs, ants, cockroaches, head and body lice, dog or cat fleas, etc. It is a plant food of value.

This is what leading florists use, to keep their plants free from insects and to raise their beautiful flowers; also the veterinary doctor who kills the fleas on your valuable dog. You can do as well, if you use it as directed on the package.

Easy to use, full directions with every package. Sold by all druggists in 15c and 50c cans (liquid). Send to us or ask your druggist for free booklet, "How to Destroy Plant Insects or Vermin." Free sample supplied by your druggist only. (Not mailable.)

REVIVO RESTORES VITALITY
Made a Well Man of Me.
THE GREAT FRENCH REMEDY
produces the above results in 30 days. It acts powerfully and quickly. Cures when all others fail. Young men will regain their lost manhood and old men will recover their youthful vigor by using REVIVO. It quickly and surely restores Nervousness, Lost Vitality, Impotency, Nightly Emissions, Lost Power, Failing Memory, Wasting Diseases, and all effects of self-abuse or excess and indiscretion, which unfit one for study, business or marriage. It not only cures by starting at the seat of disease, but is a great nerve tonic and blood builder, bringing back the pink glow to pale cheeks and restoring the fire of youth. It wards off insanity and Consumption. Insist on having REVIVO or other. It can be carried in vest pocket. By mail \$1.00 per package, or six for \$5.00, with a positive written guarantee to cure or refund the money. Book and advice free.

TWINS PREPARE NEW ASPIRANT

Andrews and Knox says the Soo Times Have Transferred Affections to new Candidate.

Concerning the contest over the senator in the 30th district, the Soo Times has the following comment:

"But who for the senator; there's the rub. Attorney Robert P. Hudson is the latest aspirant for the toga in the Thirtieth district, and if Knox and the Evening News can land him the nomination he will get there. H. A. Harrison was first taken up by Knox, but his candidacy aroused so little enthusiasm that the jeweler was dropped. The Menominee Herald, whose editor, Andrews, is working with Knox in an endeavor to control the upper peninsula situation, first named Harrison. This was in accordance with a deal between the Menominee and Soo editors fixed up at Marquette at the last session of the U. P. Editorial association. It was a feeler. Then John E. Parsille, who has been an avowed candidate for some time, was announced. Parsille did not meet the views of the News' editor, because he had views of his own and there were not in accord with those of the News: in fact there might be such a thing as Parsille not supporting William Alden Smith in case he was sent to the senate. Mills is a machine man, and Andrews directed his attention to encompassing his defeat for renomination. This it is claimed was done on Tuesday when Mills was turned down as a delegate to the county convention from his own ward. Then there is Ex-senator O. E. Fuller of Delta, who would not refuse to again serve his country at Lansing. What the end of the fight will be no one seems to have a clear idea. If anyone can secure a solid delegation from Chippewa, that one will have a good chance of winning out. The race for the delegation, as it now looks, appears to be between Parsille and Hudson with chances largely favoring Parsille.

Feel Impending Doom.
The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Ellsworth's Drug Store.

MUCH MAIL IS UNCLAIMED

San Francisco, June 20.—Special.—Local postal officials report that 24,000 letters have been placed on the advertised list last week, being the maximum amount since the conflagration. The normal number of advertised letters is between 3,000 and 4,000.

Within the past four weeks there were returned from the carriers to the general delivery section about 140,000 letters, the greater portion of which had return requests on the envelopes and were sent back to the writers. The remainder, after having been advertised for 30 days, will be sent to the dead letter office in Washington.

The postmaster reports that on May 24 the record of the cancelling machines at the San Francisco postoffice showed collections of mail within 60,000 letters of the heaviest collections of record in the office, while the stamp sales were within \$300 of normal. Mailings of second class matter, however, were but a little over 20 per cent of the amount before the earthquake.

A CORN CURE THAT CURES

To have corns on one's feet gives decided discomfort, to say the least, and to rid one's self of such nuisances is and has been a conundrum for years.

There are all kinds of corn cures on the market at the present day, but there is one cure that can be highly recommended. That cure is none other than Prof. T. F. Ewer and wife who have been stopping in the city for the past week. Prof. Ewer and wife cure hard and soft corns, bunions, ingrowing or club nails, and do it all in a few minutes without pain.

In Escanaba there are numerous persons who have had their feet treated and will voluntarily tell you the treatment is just as reported. Prof. Ewer and wife treat swiftly and the ointment. Your corns can be cured and a little comfort obtained. It's worth a good deal to walk with ease and be rid forever of those corns which have bothered you for so long a time.

The professors can be found at Mrs. John Briggan's boarding house 216 Harrison avenue. No extra charge for calls at your home. Bell telephone, 2207, C189-2.

TOOK 330 CARS TO LOAD MORGAN

Vessel men are figuring and making comparisons on the immense cargo of iron ore taken out of Escanaba by the new 600 foot steamer J. Pierpont Morgan Tuesday, consisting of 13,994 gross tons.

About 330 cars, of 40 tons capacity each, were required to bring the Morgan's record breaking cargo from the mines to the shipping point.

The steamer Maritana, which is regarded as a small ship now, made a cargo record between Escanaba and South Chicago in 1922, when she carried 4,200 gross tons of ore. That was 14 years ago, and the record made by the Morgan Tuesday shows that the capacity of lake vessels has been tripled in that time.

The Maritana is 348 feet in length over all, 45 beam and 24 1/2 feet deep, and her fuel consumption is about the same as that of the Morgan.

The Morgan will probably be sent to Lake Superior on her next trip, when a new record for that trade will likely be made.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buehling, 701 W. 3rd st., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have saved years of suffering." Ellsworth's Drug Store.

CAUGHT AFTER LONG CHASE

That it is well nigh impossible for a criminal to evade the clutches of the law was proven in the arrest of Joseph Cajka at Minneapolis, charged with the theft of \$650 from John Eason of Marquette early in March of last year. Cajka was rounded up as a suspicious character by the Minneapolis police and a clerk at police headquarters, remembering the name and description sent him by Sheriff Klages of Schoolcraft county at the time of the robbery, went to the files and making sure of his quarry telegraphed the Marquette sheriff, who answered the summons and went after the man. To the officer, Cajka, admitting that he assisted in robbing Eason's house of that amount and that he and his pal, John Korofek, divided the money equally. The prisoner and Korofek were boarding with Eason. The latter did not believe in banks and kept his money secreted between the springs and mattress of the bed he occupied. He also was custodian of the savings of some of his boarders. In some manner Cajka and his pal ascertained the whereabouts of the money and took it while temporarily alone in the house. The men went to Chicago where Cajka claims they separated. The prisoner pleaded guilty before Justice Knox and was held under bonds of \$1,000.

Smoking in a Powder Magazine.

Is courting death more suddenly but not more surely than neglecting kidney disorders. Foley's Kidney Cure will cure a slight disorder in a few days and its continued use will cure the most obstinate cases. It has cured many people of Bright's disease and diabetes who were thought to be incurable. If you have kidney or bladder trouble, commence taking Foley's Kidney Cure today, before it is too late. Ellsworth's Drug Store.

GRAZE SHEEP IN WISCONSIN

The Chicago and North-Western road has made arrangements for handling this summer 30,000 sheep from Montana and Oregon to northern Wisconsin for grazing in transit. Shipments will start soon as shearing season is over or about July 1. A few sheep were taken to Wisconsin last season and they thrived so well that sheep raisers decided to go into the business on a larger scale. This year grazing in transit has been confined mostly to North Dakota, where lanes have been taken up by settlers to such an extent that none is left for grazing. The counties to which sheep will be shipped are Barron, Rusk, Sawyer, and Washburn.

Fourth of July Excursion Rates.

Via the North-Western Line. Excursion tickets will be sold at reduced rates July 3 and 4, good returning until July 6th, inclusive, to all points where one way rate is \$7.50 or less, on the North-Western Line, including C. St. P. M. & O. Ry., to points on Union Pacific R. R. east of and including Cheyenne, Wyo., and La Salle, Colo., points on Colorado & Southern, Orin Jet to Cheyenne, inclusive, also to points on D. S. & A. Ry., and Mineral Range R. R. Apply to agents Chicago & North-Western R'y, 7-3.

LIBERALISTS WILL WIN

Halifax, N. S., June 20.—Special.—There is little doubt that the Liberal party, which has held power continuously in Nova Scotia since 1881, will receive a sweeping majority at today's elections. The general policy of the government has not been seriously challenged by the opposition, and the finances of the province owing to the rapid development of the coal mining industry are in a very satisfactory condition.

People who are clean inside will look like it and act it. They will work with energy, think clearly, act clearly and have healthy thoughts. Holister's Rocky Mountain Tea. It makes clean people. 35 cents, Tea or Tablets.—Hill Drug Co., both stores.

ALABAMA HAS GRAND OLD MAN

Washington, D. C. June 20.—Special.—Senator John T. Morgan of Alabama, one of the "old guard" in the upper house, was the recipient of many hearty congratulations today on the occasion of his eighty-second birthday. There is but one member of the Senate older in years than Senator Morgan. By a peculiar coincidence this is his colleague from his own state, the venerable Senator Pettus. William Pinkney Whyte, the successor of Senator Gorham of Maryland, comes near to crowding Senator Morgan out of second place in the age line as he is less than two months the junior of the Alabama senator.

MILLERS ARE IN CONVENTION

Milwaukee, Wis., June 20.—Special.—A convention with delegates from all parts of the United States and from several foreign countries, representing more wealth, probably, than any other convention ever held in Milwaukee is that of the Millers' National Federation, which began a three days' session today, with headquarters at the Hotel Pfister. An interesting and instructive programme has been arranged for the convention. The list of speakers includes, among others, S. T. Bellard of Louisville, A. W. Howard of Minneapolis, Charles Espenschied of S. Louis, Harry E. Hooker of Lansing, Mich., H. B. Sparks of Alton, Ill., H. J. Rothwell of Boston, and H. B. Tasker of London.

Three Physicians Treated him Without Success.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief, and three bottles cured me permanently. I gladly recommend this wonderful remedy." Ellsworth's Drug Store.

CITY OFFICIALS ARE IN MOLINE

Moline, Ill., June 20.—Special.—The City Attorneys and Clerks' association of Illinois, which was organized at Peoria last spring, began its first annual meeting here today. President B. L. Goshart of Bloomington called the gathering to order. Special assessments, municipal licenses and other matters in which the members of the association are especially interested will be discussed during the two days of the convention.

FEW VETERANS IN ORGANIZATION

That there are 33,000 survivors of the Civil war in the state who are drawing good pensions and are eligible to membership yet only about a third of this number are members of the G. A. R. was an interesting feature in the report of Adj. Gen. Wyckoff to the Michigan department, in session at Saginaw.

A heavy, impure blood makes a maddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red pure—restores perfect health.

NEW PRESIDENT AT RUTGERS

New Brunswick, N. J., June 20.—Special.—Add'l interest was given to today's commencement exercises at Rutgers' college by the formal installation of President Demarest. The inauguration of the new president was accompanied by interesting ceremonies in which state officials, alumni and representatives of numerous educational institutions took part. President Demarest is the first Rutgers' graduate to become president of the college.

HERE'S MONEY

For you. I mean of course the money you can save by seeing me when you are thinking of investing your idle cash in Real Estate.

I have always good values to offer on my books: I especially quote:
 One large house and lot in good repair No. 623 Jennie St. Price \$2500. To any person looking for a home in a good location this cannot be beat.

Ten room house and lot No. 1001 Delta Ave. Price \$1900. This property is in a first class condition.
 3 houses on two lots in North Escanaba, rents for \$24.00 per month. Price \$1800. Invest your money in this.

I have on my list several farms which may be exchanged for city property. Space will not permit me to numerate all the property I have on my list, such as house and lots, building lots in all parts of the city, also farms improved and unimproved. Call and examine list before you make a purchase and save money.

H. J. Grillo of Johnson's Creek, Wis., was in the city today on business.

O. H. Nevue of Masonville was in the city yesterday.

Andrew Roddy was the winner of the automobile offered by John Johnson as a door prize at a ball given at Peterson's hall last night. Six hundred and sixty-five was the number which carried off the machine and with the contest decided by disinterested men who were asked to officiate by Mr. Johnson. A large number of people from Gladstone, Rapid River and Masonville were brought to the city on the steamer Lotus and every feature of the party was a success.

HAVE PRETTY HOME WEDDING

Miss Marie Dougherty and Mr. Franklin W. Lewis were Married at High Noon Today.

An especially pretty home wedding was that which took place at high noon today when Miss Marie Dougherty, daughter of Mr. and Mrs. Michael Dougherty and Mr. Franklin Walter Lewis, of Wells, were married by the Rev. Father Langan, at the home of the parents of the bride on Tilden avenue.

The home was prettily decorated with palms, ferns and cut flowers and the picture presented by the bridal party as they took their places in front of the priest in the small alcove of the parlor, backed by banks of palms and ferns, was one of striking beauty.

The bride, who appeared in a gown of white silk neolienne with applique trimmings and carrying a shower bouquet of valley lilies, was attended by her sister Miss Rose Dougherty who wore a gown of white organdie trimmed with Valenciennes lace and carried pink roses.

The groom was attended by Mr. George Lemire of Wells, as groomsmen.

An orchestra hidden behind a screen of palms and ferns played Mendelssohn's wedding march as the bridal party entered the parlor of the home and gave several selections during the wedding breakfast which followed the ceremony.

Only a few close friends and relatives of the bride and groom witnessed the ceremony and were served at the elaborate wedding breakfast which followed.

The newly married couple will leave tonight for a wedding tour of a month during which time they will visit at different points of the lower peninsula and at Chicago.

The bride came to Escanaba a few years ago from Chicago and in the comparatively short time that she has lived here has become especially popular with the young society people of the city. The groom is employed in the general offices of the I. Stephenson company, at Wells, and is one of the trusted employes of that company.

The young couple have many friends who will offer congratulations at this time.

All rheumatics cured at the Turkish baths. C112 6.

 SMITH & BARNES and HUNTINGTON—Moderate priced Pianos of honest construction, exceedingly satisfactory and highly recommended.
 MENDELSSOHN—Low in price but high in quality; made and guaranteed by one of the largest and most prominent concerns in the country. Visit our warerooms, inspect these Pianos, and learn how reasonable are our prices and terms. We undoubtedly offer inducements that are not equaled elsewhere.
