OFFICIAL PROGRAM ANNOUNCED TODAY

Members of Fourth of July Committee fix final Details for Greatest Demonstration Ever Arranged in Escanaba, Special Features are Fixed for Every Minute of the day From Rising of Sun Until After Elaborate Fireworks Display in the Evening.

The complete official program for the Fourth of July celebration in Escanaba was decided upon at a meeting of the different committee members in charge of the undertaking, at the city hall last night and was announced today.

Some entertainment feature has been provided for the day of the celebration from the rising of the sun, when a salute will be fired by the Escanaba Light Guard, until late on the night of July 4 when one of the most elaborate displays of fireworks ever arranged for similar demonstration in Escanaba, will have been completed.

All of the final details of the program were fixed at the meeting of last night and it will not be necessary to hold another general committee meeting before the day of the celebration.

After fully discussing the question last night it was decided by the members of the committee to eliminate the special features that had been planned for the program of the afternoon and to use funds saved in that direction by providing a more elaborate fireworks display and increasing the amount of the cash prizes for decorated floats and marchers in the parade which will be one of the big features of the afternoon. All of the special attractions offered to the committee for the celebration were of an inferior class and the members of the committee held that unless some special "thriller" out of the ordinary could be booked that the funds could be used to a better advantage in other directions.

Following is the complete official program of the day announced by the committee:

Salute of guns at sunrise, by Escanaba Light Guard

8:00 a. m. to 9 a. m. band concert on Ludington street by Negaunee city band.

9 a. m. sharp, grand parade, starts from city hall. Line of March: Mary street to Ludington, west on Ludington to Stephenson, east on Ludington to Tilden house grounds.

Parade will be composed of city police Fourth of July committee, city council, Negaunee city band, Escanaba Light Guard, societies and lodges, fire departments, decorated carriages, decorated automobiles, floats of business firms and callithumpians. Prizes: Largest society \$15.00, best appearing society \$10.00, best decorated carriage first prize \$5.00 second prize \$3.00 Best decorated automobile, first prize \$5.00, second prize \$3.00. Best appearing float first prize \$5.00, second prize \$3.00. Most comical appearing callithumpian first \$3.00, second, \$1.00, third \$1.00. Judges of parade, A. J. Young, C. A. Miller, A. J. Henry.

10:30 program at Tilden grounds. Introducing of speakers Atty. Ira C. Jennings.

Prayer by Rev. Frederick Spence. Song "Star Spangled Banner" by quartette.

Reading of "Declaration of Independence" by Hon. F. D. Mead. Patriotic selections by Negaunee City Band.

Oration, Hon. John Power. Song "America" by the audience led by the quartette.

1:30 p. m. Fire run. 1:45 p. m. wheelbarrow race, on Ludington st. Tilden avenue to Dousman, prizes, first \$3.00, second \$2.00, third \$1.00.

2:00 p. m. sack race on Ludington street, Dousman avenue to Harrison, prizes first \$3.00, second \$2.00, third \$1.00.

2:15 barrel rolling contest on Ludington, Harrison Ave. to Wolcott St. prizes, first \$3.00, second \$2.00, third \$1.00.

2:30 fat man's race on Ludington street from Wolcott to Campbell, prizes first \$3.00, second \$2.00.

2:45 dog cart race on Ludington street, prizes first \$3.00, second \$2.00, third \$1.00.

3:00 100 yard dash first prize engraved silver cup, second prize silver piece, on Campbell street, Wells avenue to Ludington.

3:15, running broad jump first prize, silver smoking set, second prize silver piece, at corner of Ludington and Georgia streets.

3:30, shot put 1st. prize silver cup, second prize silver piece, corner of Charlotte and Ludington streets.

3:45 running high jump, first prize, \$3.00, Spalding athletic sweater, corner of Mary and Ludington streets.

4:00, penny grab at corner of Mary and Ludington streets, 1000 new pennies will be thrown away.

4:15, 200 yard dash first prize silver loving cup, second prize Fielder's glove, on Sarah street from Hale street to Ludington street.

4:30 pole vault, first prize striking bag and platform, second prize jersey sweater, on Ludington street in vacant lots between Sarah street and Norris street.

4:45 log sawing contest, prize \$3.00, second prize \$2.00, third prize \$1.00, corner Ludington street and Stephenson avenue.

5:00, bicycle race, prize fishing rod and reel, starts at corner of Stephenson avenue and Ludington street, finish at Charlotte street.

Evening program

Band concert at City Park.

Grand display of fireworks at city park on lay shore.

TIME WAS TOO SHORT

If old Father Time had given the steamer Grecian one hour more the fine steel ship would not now be reposing on the bottom of Lake Huron with the fishes swimming over her.

That is the opinion of Capt. George Bryce, who returned after making a trip on the steamer Bessemer, which proved to be an eventful one, inasmuch as the Bessemer fell in with the Grecian and tried to save the boat before taking off her crew.

"We sighted the Grecian at 6:30 o'clock last Friday evening," said Capt. Bryce. "We saw at once that she was in trouble, and went to her. She was then badly listed to port with her rail just awash. We came alongside and the situation was explained. All of the cables and wires available were gotten out to make the sinking boat fast to us in the hope that she would get her in shallow water before she went down."

"This was the ship somewhat and for two hours we towed her with the expectation of beaching her behind a point in Thunder bay, but it was no use. She was getting deeper in the water all the time until finally the cables and wires snapped and she started her plunge to the bottom.

"One of the Grecian's spars fell over the Bessemer's decks as she started, and peculiar as it may seem, the doomed vessel righted herself on an even keel and then went down like a stone stern first. The Grecian's crew were taken off previous to this, however. We simply lowered a ladder and they walked aboard the Bessemer. "If we had one hour more we would have succeeded in getting the Grecian into shallow water."

Capt. Bryce said he didn't know whether or not the loss of the Grecian can be attributed to the temporary patch falling off.

SET FIRE WORKS. PIECES ARE BOUGHT

Members of the purchasing committee for the Fourth of July celebration in Escanaba met this afternoon and appropriated \$75 to be used in purchasing two set fireworks pieces.

One of the pieces will show the Goddess of Liberty while the other will offer the final feature of the fireworks display of the evening with the piece framing the words "Good Night."

SIX GRADUATES GET DIPLOMAS

Excellent Commencement Program Given at St. Joseph's Hall Last Night.

After a commencement program which was interesting throughout, six members of the graduating class of St. Joseph's school received their diplomas at St. Joseph's hall last night.

The graduates of the school are: Theodore Rosser, Mary Magdalen Walsh, Anna Isabel Cass, Margaret Rose Whiston, Olive Genevieve Roleau, Charles Louis Girard.

All of the different musical numbers, which interspersed the program of the evening, were excellent while the two dramas given by the boys and the girls of the school were carried out perfectly.

Special scenery had been arranged for each of the productions and aided greatly in making that part of the program a success.

All of the students of the school who appeared in the casts took their parts effectively and showed well the great amount of pains that had been taken by the instructors of the school in training the students for their parts.

Following the numbers given by the students of the school the Rev. Father Eschelus gave a short address to the members of the graduating class and at the close of which he presented the diplomas which they had earned.

Following was the full program given last night:

Summer Night Serenade..... Instrumental

Mandolins, O. Rcleau, N. Hoffman, G. Zane, M. Torney, E. Peller, A. Kinnen

Violas, A. Duford, R. Gorman

Guitars, D. Toumey, E. Barb

Corous..... "The Sailor's Glee" High School Pupils.

Instrumental..... "No You Don't" Z. Corcoran, M. Ford, E. Messier

Drama in one act "The Harvest Storm"

Cast of Characters. John Garner, An Honest English Farmer..... Theodore Rosser

Mr. Lynx, A Detective, an honor to his profession..... R. Garland

Barker, His assistant..... A. Dupont

Dick Darrel, A dissipated young farmer..... R. Henry

Samuel Lexington, Writing a new dictionary of the English language..... W. Van de Wiele

Andrew Radford, Clerk of a London Banking House, absconding not from guilt but from suspicion..... P. Kieffer

Edward, brother to Andrew and in the service of John Garner..... N. Kessler

Chas. L. Cooper, and Nat. Lovell. Gypsies with a slight preception of the differences between "meum and tuum"..... H. Brandenburg, F. Nolden

"On to Victory"..... Instruments

Song and Pantomime..... "The Last Rose of Summer"

Girls of the Ninth and Tenth Grades

Instrumental..... "American Lins" M. Tordt, C. Semer

Drama..... "Aquila" Dramatis Personae.

Aquila..... Olive Roleau

Aquila, her mother..... Isabel Cass

Emerentia, Aquila's Companion..... Mary Walsh

Mazentia..... M. Torney

Eusebia..... M. Semer

Friends of Aquiline

Theocsa, A beaten girl..... D. Fillion

Angel..... K. Walsh

Eutropia Slave..... C. Clifford

Eutropia's companions, I. View..... A. Daniels

Officer of Justice..... Theodore Rosser

Jailor..... R. Garland

Executioner..... A. Dupont

Galop..... "On the Scent" A. Duford & Peller, M. Breitenbach

Duet..... "Alpine Storm" M. Torney, C. Semer

Instrumental..... "Arabesque" C. Semer

"Bridal Two Step"..... Instruments

Song..... "Classmates Farewell"

Conferring of honors and Address to graduates..... Rev. Father Eschelus.

MARINE NOTES OF LOCAL PORT

Following are the arrivals at the docks: Arrivals: Str. Alex Nimick

Corona, Ravensaraig, Barge J. B. Nesymith, Str. Menols.

Cleanances: Alex Nimick, Uranus

Str. Merida, Str. Chas. A. Eddy,

ESCANABA MAY GET BIG APPROPRIATION

Recommendation is Made to Congress by Committee that \$50,000 Government Building Should be Constructed Here. Claims That Congressman H. O. Young Slighted Escanaba are Disproved by Committees Action.

The construction of a government building in Escanaba at a total cost of \$50,000, has been recommended to congress in the omnibus public building bill, presented in the house yesterday.

Such was the announcement received in Escanaba this morning and which may result with favorable action by congress, in the immediate construction here of a large public building and for which congress has repeatedly been petitioned by the citizens of Escanaba.

But three cities of Michigan and one of Illinois are included in the recommendations of the committee for public buildings, Alpena and Manistee being the two other cities of the state whose claims for recognition have been favored.

Congressman H. O. Young introduced a bill in congress early in this session, after having presented a similar bill during his first term of office as representative from this congressional district, asking that an appropriation of \$50,000 should be made for the construction of a government building in Escanaba.

COMMITTEES ARE AT WORK

Formal Sessions of County Board of Supervisors Today Were but Short.

All of the different committees of the county board of supervisors named by Chairman William Bonifas yesterday were at work throughout today and only short formal sessions of the board, as a whole, had been held up to late this afternoon.

Members of the auditing committee and of the poor committee, each of which bodies are swamped with an avalanche of bills, have been at work since early this morning and up to 2:30 o'clock this afternoon had not completed their work.

The members of the board of equalization have not yet taken up their work, owing to the fact that three members of that board are entered on the auditing and poor committees and have not yet had an opportunity to meet.

The work of the equalization board may require two days to complete and it so there is but little prospect for the session coming to an end before the last days of the week.

A great amount of routine business has accumulated since the last meeting of the board and until the different committees have completed their work and are prepared to present reports, the formal sessions will be short and but little business of general interest will be transacted.

The session of this morning was but short when routine business was referred to the committees and up to 2:45 o'clock this afternoon the afternoon session had not been opened.

FATHER CAUSES GIRL'S ARREST

Charged with being an inmate of a questionable resort on Thomas street Stella Crawford, of Gladstone is locked up at the county jail pending her hearing before Judge O. V. Linden.

The warrant charging that the girl was an inmate of the resort was sworn out yesterday by Eugene Gerald, of Gladstone and step father of the prisoner.

It is claimed that she came to Escanaba several days ago against the wishes of her parents and entered the resort of Mrs. Ida Secor where she had remained until placed under arrest by Chief of Police Beitzer yesterday afternoon.

While the complaint has frequently been made that Congressman Young had not exerted a sufficient effort in pushing Escanaba's claims for recognition, the complaint is disproved by the action of the committee in recommending an appropriation for Escanaba in preference to other upper peninsula points.

While the full appropriation bill has not yet been confirmed by congress it is said that the principal objections have been removed in the committee room and private assurances have been received that it will be passed nearly as it is recommended to the house.

Following are the cities in which it is recommended that government buildings should be constructed:

Wisconsin--Baraboo, \$2,500; Eau Claire, \$20,000; Green Bay, \$35,000; Wausau, \$30,000; Sheboygan, \$30,000; Chippewa Falls, \$70,000; Marinette \$30,000; Kenosha, \$75,000; Manitowoc \$75,000; Platteville, \$40,000; Appleton, \$15,000; Watertown, \$8,000; Waukegan, \$10,000.

Illinois--Waukegan, \$75,000. Michigan--Alpena, \$50,000; Escanaba, \$50,000; Manistee, \$50,000.

RESORT KEEPERS BREAK RULES

Chief Beitzer Causes Arrest of one and Other Warrants May Follow.

Thomas street resort keepers must obey more closely the rules that are laid down by the police department.

Complaints that disturbances originating in the resorts have occurred frequently within the last few weeks have been filed with police officials and Chief Beitzer will take immediate steps to see that the rules that have maintained in the past shall be enforced.

Because of a disturbance which was started in the resort of Belle Dunn last night a warrant was sworn out today by Chief Beitzer against the resort keeper, charging her with being a disorderly person and she will be arraigned before Judge O. V. Linden late this afternoon.

Other complaints of disturbances in the "red light" district will be followed by warrants against the keepers of the places.

HOOGLIGAN'S TROUBLES

The newest thing in laughs direct from New York City is promised when "Hooligan's Troubles" appears at Ben's theater next Sunday, matinee and night. It is a musical farce comedy with a plot but this isn't allowed to obstruct the humor. Billy A. Ward plays the role of "Happy Hooligan" and Manager Arthur J. Aylesworth has given him a strong original copyrighted production. The piece has had many imitators but the management announces that this is the original New York company from the 14th street theatre. There is a chorus of pretty girls who can sing and dance and who know how to wear bewitching costumes.

It is wonderful what a little careful grooming will do for a woman. It's inspiration and sweetness. It's delightful and bewitching. The effects of Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets.—Hill Drug Co., both stores.

Miss Julia Popin has returned from Notre Dame academy at Bourbonne, Ill., from which she was graduated with high honors. Miss Popin received the medal of honor for the highest record of her class in music and stenography.

 Official in Charge

Napoleon's dictum that the Lord is usually on the side of the heaviest battalions receives fresh demonstration in the announcement that Arthur Hill has decided to abandon, so far as the present campaign is concerned, the chief plank in the platform on which his candidacy is based, namely, bringing the selection of United States senator closer to the people. In the original announcement of his candidacy, and in all his public utterances since, he has made a special point of his readiness to submit his aspirations direct to the people if possible, and has consistently urged the adoption of the most available substitute in the absence of legal provisions for such a test. In this effort he has had the assistance of one other candidate; but has encountered an opposition that is widespread and powerful.
 Against the objections of Candidate McMillan, who, despite his spectacular

reputation of old methods and boss control, seems exceedingly distrustful of the most obvious alternatives, the Hill-Smith idea might readily have prevailed; but against the fears of the local statesmen in the several counties, who expect to adorn the county tickets, considerations like these could hardly hope to prevail. With no contest on the state ticket, with no presidential election to get out the vote, the prospective sheriffs, clerks, treasurers and registers of deeds, to say nothing of legislative aspirants in numerous districts, were apprehensive that the settlement of the senatorial question before the opening of the campaign might have disastrous effects upon the vote, thereby reducing their chances of success.
 When reform, be it never so desirable, gets in the way of men with their eyes on jobs, it is invariably scheduled for trouble, and in this instance there were some hundreds of political prospectors, scattered all over the state, who could not view the project without alarm. In view of these circumstances and of the extent to which they affected the vote at the primaries, it is easy to understand why Mr. Hill has that Ferris feeling, and why Mr. Smith is always willing to get off the track and let the old machine whizz by. Nobody wants direct nominations of senators except the people, and they don't count until they get mad.

Asthma Sufferers Should Know This.
 Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 W. 3rd st., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have saved years of suffering." Ellsworth's Drug Store.

BIGGER TRADE FOR ESCANABA

Effect of Building of Town of Gary Ind. on ore Trade of this Port is Outlined.

Concerning the increased ore trade that will be diverted to Escanaba by the building by the United States Steel Corporation of a monster furnace at Gary Ind. The Milwaukee Sentinel has the following:
 The United States Steel corporation's proposed establishment at Gary, Ind., of what will be the world's greatest steel plant is a development considered of much importance to the Menominee and Marquette iron ranges. Obviously, it is pointed out, they being much the nearest sources of ore supply, the two fields will be called upon to furnish a greater tonnage of raw material than were the big company to confine its operations to its present manufacturing centers. This increase in shipment is estimated at several millions of tons annually, and the great bulk of it doubtless will be forwarded from Escanaba, the only ore shipping port on Lake Michigan, at the foot of which the proposed great steel center is to be located.
 A comparison of distances from the various ore shipping ports of the Lake Superior region shows that on shipments from Escanaba a haul of approximately 1,000 miles would be saved. This means that, with the Gary works in commission, much of the steel corporation ore now forwarded from Marquette would be diverted to Escanaba and shipped from that port, the tonnage retained by the old route being that consigned to Lake Erie. Escanaba is already one of the largest ore shipping ports on the lakes—it ranking third last season, being exceeded by only Duluth and Two Harbors—but even now it is prepared to handle a considerably larger tonnage.
 It is at Escanaba that is located the big central crushing plant of the steel corporation, designed to treat hard ore from both the Marquette and Menominee fields, reducing it to furnace size before it is loaded into the boats. This plant is of large capacity and there has yet been no occasion to place it in full operation. In connection with the establishment of mills at Gary there has been revived the scheme of building a ship canal across the Michigan peninsula, connecting Lakes Superior and Michigan at the head of Little Bay de Noc. It is argued that a large proportion of Mesaba range ores will be required, in addition to the Michigan product, and that some hundreds of miles could be saved on the round trip from the head of Lake Superior to the steel corporation plant expected to be located at Gary. The suggested canal undertaking, however little stock is taken in the mining country in the proposed waterway scheme. It is true that the distance across the peninsula is only about forty miles, but there is an elevation of 200 feet above the level of Lake Superior. There is not water enough to supply locks, and therefore the canal would have to be dug at least twenty feet below the level of Lake Superior, making a total cut of 220 feet at the most elevated point. More probable the big company, now that it is enlarging its steel making operations at the foot of Lake Michigan, will make a bid for John R. Walsh's Wisconsin and Michigan railroad. This line extends from Lehigh, Wis., to Norway and Quillico, on the Menominee iron range, and prior to the recent banking failure in Chicago which involved its owner it was understood that it contemplated important extensions, even to the head of Lake Superior. From Peshtigo, Lake Michigan, is operated a ferry line to South Chicago, thus making it possible to ship ore direct from the mine shaft to the furnace door if deemed preferable to the construction of an ore dock system at the lake shore.
 The steel corporation annually ships a considerable tonnage from the Menominee range—last year 1,570,438 tons, compared with 1,497,722 from the Marquette—and as for the Gary needs it will draw more heavily from the field, and the purchase of the Wisconsin and Michigan might be a wise investment. The proposition is certainly much more meritorious than the visionary plan of connecting Lake Superior and Michigan by ship canal.

ROBERT WINGATE
 Champion Bone Soloist of the World at Ben's Theatre This Week

U. P. CLUB TO BE FORMED

University Students From District Have Organization With Social Object.

Upper peninsula students at the University of Michigan have formed a social club, only students resident in the U. P. being eligible for membership. There are at present about 250 students at the university from the region and it is hoped to get the majority of them to join.
 The club has already a fairly large membership and many are interested. The object of the organization is a social one. It is the intention of the members to meet at least once a week, and spend an evening together. By this means ties of friendship will be established that will last for years.
 Several attempts have been made in the past to form a club similar to the one now established, but lack of interest has always caused the plan to end in failure. This year it was given a good start.
 Previous to the conclusion of the last semester meetings were held, the objects of the club explained by the promoters and an enrollment asked for. The response was excellent. A large number signified their intention of becoming members, and it was decided to organize. Efforts will be made from now on to interest every upper peninsula student at the U. of M. It is believed the result will be practically the enrollment of nearly every student resident in the north country.

MOON AS HOME OF MOSES

Theory of Creation Has Doughnut Basis—Declares Earth Spun Through Hole in Comet.

Brooklyn, N. Y.—A Brooklyn man, Constantine McKeever, has evolved a new theory of creation which he solemnly asserts, in lectures he is giving at Kensington, is the only correct one. Briefly put, this remarkable theory is as follows, or something like it: Away back in the dim past a hobo of a comet, shaped, according to McKeever, like a doughnut, with a hole in the middle, butted into the then existing world. Now comes the solution. It caused the famous deluge.
 The earth shot up through the hole in the doughnut. All living things were annihilated, except those near water. They were cooled off by the resulting vapor, but some got burned and became negroes.
 Not satisfied with pushing its "nose" through the doughnut, the earth started on a record-breaking dash for the sun. Some earths that went through the process earlier have overtaken the fugitive, and are now flattening themselves out in vain endeavors to push right through. Those are the sun spots.
 When the earth got well past the doughnut, the people began to scamper down to the south pole. Meanwhile the comet was creating a new world out of the "envelopes" of fire that shot off continually, and the living beings got aboard this earth from the other, which was halted in its mad sprint.
 World No. 1 went right on, again, and, lo and behold! she now shines brightly as Luna, the moon.
 What is the conclusion? Why, Moses lived on the moon. So did the rest of the bunch. It was not the moon then, but now it is. Mr. McKeever offers to pay \$100 to anyone who can disprove his theory.

CAME NEAR BEING LEFT

That had it not been for the kindness of Capt. Charles McCauley of the Steamer Maywood a party of 20 Escanaba people would have been left at Marinette on Sunday evening is shown by the following from the Eagle Star:
 "The steamer Maywood, which had an excursion crowd from Escanaba, was due to leave for home at seven o'clock. She did not get away from the dock until a quarter past seven. Notwithstanding this fact, there were about twenty passengers on the dock when the boat got out in the bay. The captain turned around and steamed back to the dock after them. There was a large crowd of Marinette people on the dock and they cheered the captain for his kindness."

GIRLS WORRY A GOVERNOR

Is Made Victim of Practical Joke by Fun-Loving Maids During Legislative Reunion.

Cleveland, O.—Gov. Herrick was the victim of a practical joke at Cedar Point during the legislative reunion recently which has just leaked out.
 Several Columbus men were guests at the hotel. Their feminine friends decided to play a joke on them. They required the key to the men's room. Hard knots were tied in every article of wearing apparel, suit cases were opened and the contents scattered over the floors; furniture and chairs piled on the radiators, and altogether the apartment made to look as though it had been struck by a good-sized and healthy cyclone.
 Meanwhile Gov. Herrick came home from the legislative banquet at two o'clock in the morning, or thereabouts, and prepared to retire. His room was in an uproar, his pajamas were not serviceable and his bed was disarranged. Indignant and surprised Gov. Herrick went to the hotel clerk and demanded an explanation, which could not be furnished. The girls had entered the wrong room.
 His Heart on Right Side.
 When Malcolm Rose, a landscape gardener, was placed on the operating table at the Los Angeles county hospital to undergo an operation for the removal of a growth from his neck, it was discovered by the surgeons that the patient's heart, instead of being in a normal position on the left side of the body, was on the right side, nearly six inches from its proper place. The organ in every way, however, appeared normal.

CIRCUS WAR WAS ENDED

Rock Island Ill., June 6—Special.—The completion of a deal is announced here by which the heirs of the late James A. Bailey sell to Ringling Brothers, the Forepaugh Sells Brothers shows.—The result probably will end a circus war that has raged furiously through this section this season, with extravagant advertising and price cutting.

FIND A RED MARBLE MINE.

Through Direction of Princess, Source of Wealth Is Unearthed in Canada.

London.—Owing to her notable commercial instinct, the princess of Wales has caused a mining discovery to be made in Canada which appears likely to prove of world-wide importance.
 While on her tour in Canada with the prince of Wales, then duke of Cornwall, four years ago, her royal highness was presented with a collection of precious stones, etc., from all parts of the dominion.
 The princess specially admired certain specimens of colored marble, including a very rare variety known as sodonite, which is of a very rich blue color. On her return to England she entrusted the collection to Charles G. Allom, who was engaged upon the designs for the decoration of Marlborough house.
 "Why cannot more be found?" asked the princess, who went on to say that she felt that the stones, if existing in sufficient quantities, would be of immense value for decorative purposes.
 Mr. Allom made inquiries as to the likelihood of the marble existing in workable quantities in Canada, and with success such that he has just returned from Canada and brought with him a collection of specimens of the rough marble, which range in hue from delicate mouse-gray to blood-red, with all possible shades of green and blue. There has also been discovered a quarry of statuary marble which is of the greatest importance, as the world's supply is at present limited to the quarries of Carrara in Italy and Vermont in the United States, which both belong to the same owner.
 For the frieze of Pierpont Morgan's palatial new library at New York, it is said, Stanford White, the architect, has ordered a supply of the finest blue marble from Canada, which will probably cost \$15 a foot.

Summer Vacation Where?

Thousands have the question answered to their complete satisfaction by that magic word:

"Colorado"

The land of tawny peak and turquoise sky—a mile high—cool and inviting.
 Fishing, camping, automobiling, golfing, any sport you like.
 A keener eye, a stronger pulse, a rosier cheek: these are some of the arguments for Colorado.
 A beautifully illustrated booklet on specially prepared and delicately tinted paper, with cover in three colors, sent for three two-cent stamps.
 Rock Island is the way to go—only line entering both Colorado Springs and Denver direct from the East.
 Low rates all summer—a special reduction July 10 to 15, for the Elks' meeting. Full particulars on request, with free illustrated Elks' folder.

LOOKING THROUGH CULEBRA CUT AT PANAMA.

Culebra cut is the greatest problem that confronts the Panama canal builders. The mountains here have an altitude of 300 feet above sea level, and these mountains must be cut down to whatever level it is decided the canal is to have. A sea-level canal would mean a 300-foot deep cut. It is this task that appalled the French company, and it is not surprising when one considers the amount of rock which is involved in this section. Scarcely one-third of the amount necessary has as yet been removed. The cut here is through almost solid rock so that the ordinary steam shovel cannot be used, except in removing the surface soil that overlies the mountain of rock.

NEW VESSEL IS A SUCCESS

Vessel owners and shippers are watching with keen interest the new steamer David Z. Norton owned by the Norton Transportation Co., of Cleveland owing to her new style of construction. The boat has made four trips and her successful operation is believed to mark the beginning of a new era in the handling of ore cargoes.

The Norton has an advantage over other boats in the ore trade, in its larger hatches. She is 500 feet long 52 foot beam, with 30-foot hold. Her hatches are 24-foot center, and 12 feet fore and aft. With hatches of these dimensions she is 20 per cent stronger than the boats having 12-foot center hatches, for the reason that a 12-foot center hatch boat has no deck beams. The Norton has four between each hatch, each weighing three-fourths of a ton. Her hatch covers are 8 feet wide and 12 covers to each hatch, of 12 1-2 pound plate. Each cover has a fore and aft strongback riveted to the

cover, adding additional strength. The Norton is of the arch construction of side tanks. She has one arch between each hatch, weighing 8 tons. A 12-foot center hatch boat has two arches of 2 3-4 tons each.

The additional strength given by these changes is of great consequence, but the larger hatches made unloading a very simple matter.

Much time is saved, especially in the cleaning. The Norton has 14 hatches. Boats of similar size having hatches of the ordinary style have 28 hatches. The convenience offered by the Norton is readily perceived.

The Cembria Steel Co., has adopted the 24-foot center hatch, having recently placed an order for two 600-foot boats of similar design. With the new and modern docks building at lake ports, such as are being constructed at Fairport, Ashtabula and Chicago, the new design of boat is of great advantage.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

PENINSULA MAN TO THE PANAMA

At least one upper peninsula man will play a prominent part in the building of the Panama canal. He is Joseph Ripley, superintendent of the Soo canals. Mr. Ripley some time ago accepted an important position on the engineering staff, the only provision being the final approval of the lock type of canal. This matter was definitely settled by the senate's action last week. Mr. Ripley is now absent in Washington, where he went to confer with Secretary Taft, and it is expected that there will be early announcement of his resignation as superintendent at the Soo, preliminary to his departure for Panama.

PROVE IT ANYTIME.

By the Evidence of Escanaba People.

The daily evidence citizens right here at home supply is proof sufficient to satisfy the greatest skeptic. No better proof can be had. Here is a case. Read it:

Samuel Schonerman, miner, of 828 Stephenson Ave., Escanaba, Mich., says: "Doan's Kidney Pills cured me of a bad case of backache and rheumatism from which I suffered for over five years. I had a dull pain across the loins and down into my right hip and leg to the knee, at times so severe that I could scarcely hobble about and had to use a heavy stick as a support. I would awake at night with terrible pains all through my back and would have to turn over although it was agony to move. I used remedies and rubbed on liniments but kept on getting worse. I learned of Doan's Kidney Pills and went to the Mead Drug Co's store and got a box. I felt so much better in a short time that I was surprised. I used three boxes altogether and my rheumatism, backache and weakness were all gone and have never returned. You may refer to me as one who can recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

INVESTIGATE PRISON PLAN

Special Committee of Supervisors Named to Report on Advisability of Joining in Building of U. P. Correction House.

Whether Delta county will join with Menominee county in the construction of a joint house of correction will be decided at the present meeting of the Delta county board of supervisors.

A communication from the officials of Menominee county who favor such an institution was submitted to the board at the afternoon session of yesterday and was referred to a special committee of the supervisors composed of Supervisor Call, Davis and Hoyler with instructions to report at the final session of the present meeting of the board.

At the idea of constructing an upper peninsula house of correction has been turned down in nearly every county of the peninsula district, with the exception of Menominee. It is not probable that it will find favor in the eyes of the Delta county governing board.

The need for such an institution has never been seriously felt in Delta county and when it is considered that the prime object of the promoters of the idea is to give Menominee county, on the extreme southern boundary of the peninsula district, another public institution it is considered that the cause for a lack of interest in many parts of the district is apparent.

The promoters of the idea in Menominee county claim that a house of correction would operate in abolishing the transportation.

Delta county has never been seriously troubled with a superabundance of unemployed men as the many industries of this district are constantly in search of more men than are now on their pay rolls and the unemployed are either forced to accept work or move on when they arrive here.

MANY CHANGES IN COMMITTEES

Full List of Committee Members of Delta County Board of Supervisors was Announced Yesterday

Many changes in the working committees of the Delta county board of supervisors were made by Chairman William Benias at the afternoon session of yesterday when the full list of the members of the different committees was announced.

Following are the members of the different committees of the board who will serve for the coming year:

Finance committee, Mr. Levin, Narbonne, Fuller.

Auditing committee, Davis, Thatcher, Jones, Johnson, Youngs.

Building committee, Perron, Miller, Hoyler.

Supplies and Expensé committee, Fuller, Darling, Labre.

Personnel committee, Marrell, Ky, Latimer.

Collectors committee, Darling, Coburn, Fubman.

Printing committee, C. O. S. Bridges and Narbonne.

Justice Deputies committee, Dapost, Kay and DeGrand.

Meals and per Diem committee, Davis and Callahan.

Emigration committee, Marrell, Davis, Call, Darling, Latimer.

FINNISH COLONY GROWS RAPIDLY

Finnish colony on Drummond Island, started over a year ago by Miss Margie Walz, of Calumet, with only a handful of settlers from the copper country, now numbers over 300 families. The settlers are of Finnish nationality, and flocked to this land from all parts of the country. Miss Walz has spent considerable time in looking after the interests of the settlers and has even neglected her own business interests in the copper country in order to assist her countrymen.

Several weeks ago she took seventy families from the island to Crowwell, Seneca county, and secured a license for them in the better villages of the state.

The Finns receive \$10 an acre for caring for the crop from June 1 until the time of harvest, and many families expect to earn enough money at this occupation to build dwellings next fall on their homesteads on the island.

Miss Walz is preparing to take another party of copper country Finns to the island next month, and will visit the Michigan land office July 7, for the purpose of making filings.

Never can it be said that you'll measure finger or suffer a cut, bruise burn or scald. Be prepared Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

REDUCTIONS ARE PROVIDED FOR

Water Rates Named in New Franchise of Escanaba Water Company are in Sharp Contrast to Those First Proposed.

That a sweeping reduction of water rates to consumers has been provided for in the amended franchise presented to the city council by the Escanaba Water company, is shown by a comparison of the present rates and those proposed in the new franchise.

The schedule of rates now proposed is in sharp contrast to those presented by the same company early in this year when the idea of constructing a filtering plant in connection with the company's plant was first considered in return for an extension of the franchise held by the company.

In addition to offering a reduction of rates to consumers the company has now offered to give to the city free water for the city hall, fire department stations, city parks, street sprinkling city jail, public library, public and parochial schools and for all drinking fountains.

A comparison of the rates proposed in the new franchise with those now in force will be interesting to water consumers throughout the city and is as follows:

Banks, old rate \$15, new rate \$6, reduction \$9.

Barber shops, old rate \$6, new rate \$3, reduction \$3.

Barber shop additional chair, old rate \$1, new rate \$1, reduction \$2.

Public bath two tubs, old rate \$12, new rate \$5, reduction \$7.

Bath, hotels, old rate \$8, new rate \$6, reduction \$2.

Bath, hotel, additional tub, old rate \$6, new rate \$4, reduction \$2.

Baths private, old rate \$5, new rate \$4, reduction \$1.

Book binderies, old rate \$70, new rate \$20, reduction \$50.

Butcher shops, old rate \$15, new rate \$10, reduction \$5.

Candy factories, old rate \$10, new rate \$10, reduction \$10.

Cigar factory, 6 men, old rate \$10, new rate \$5, reduction \$5.

Cigar factory additional man, old rate \$1, new rate \$1, reduction \$1.

Collection men including ice cream, old rate \$35, new rate \$20, reduction \$15.

Forges second fire, old rate \$2, new rate \$1, reduction \$1.

Furnaces old rates \$12, new rate \$8, reduction \$4.

Ice cream saloons old rate \$15, new rate \$10, reduction \$5.

Office of sleeping room, old rate \$4, new rate \$3, reduction \$1.

Printing office, 6 men, old rate \$10, new rate \$5, reduction \$5.

Printing office, additional man old rate \$2, new rate \$1, reduction \$1.

Panograph gallery, old rate \$20, new rate \$10, reduction \$10.

Residence five rooms, old rate \$7, new rate \$5, reduction \$2.

Sprinkling sidewalk, old rate \$5, new rate \$1, reduction \$4.

Store, including sprinkling sidewalk, old rate \$15, new rate \$10, reduction \$5.

Water closets hotels, old rate \$8, new rate \$6, reduction \$2.

Water closets, private, old rate \$5, new rate \$4, reduction \$1.

Meter rates per thousand, old rate \$5, new rate \$3, reduction \$2.

The above comparison of rates is of those in which reductions have been made in the new franchise and does not include those in which the rates remain the same as formerly.

Three Physicians Treated him Without Success.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief, and three bottles cured me permanently. I gladly recommend this wonderful remedy." Ellisworth's Drug Store.

OFFICER GOES TO NEW MEXICO

Edward Smith, in charge of the Escanaba Recruiting Station, has received an appointment in the U. S. Quartermaster department at Fort Bayard, New Mexico and will leave next week to report there for duty.

This station will be kept open however, being the best station in the district. Mr. Smith expects to be relieved by another man by Monday.

Fourth of July Excursion Rates.

Via the North-Western Line Excursion tickets will be sold at reduced rates July 3 and 4, good returning until July 6, inclusive, to all points where one way rate is \$1.00 or less, on the North-Western Line, including C. St. P. M. & O. Ry., to points on Union Pacific-R.R. east of and including Cheyenne, Wyo., and La Salle, Col., points on C. I. & S. Ry. and Southern, Orin Jet to Cheyenne, inclusive, also to points on D. S. S. & A. Ry., and Mineral Range R. R. Apply to agents Chicago & North Western R'y., 78.

PROGRAM WILL BE ATTRACTIVE

Rosa d'Erina and Prof. G. R. Vantom will Appear at St. Patrick's Church Tonight.

One of the most attractive musical events of the season in Escanaba will be that given at St. Patrick's church tonight when Rosa d'Erina a noted concert organist and vocalist, and Prof. G. R. Vantom a tenor soloist, will appear at that place.

Music lovers throughout the city will be interested in the event of tonight and it is expected that the church will be filled when the program of the evening is opened.

Rosa d'Erina and Prof. Vantom appeared in concert program at St. Patrick's church two years ago and at that time were accorded an immense ovation by the audience, and the success that was secured on that occasion is expected to aid in swelling the crowd for the event of tonight.

Miss d'Erina plays her own accompaniment for the vocal numbers given by her and also the accompaniment for the solo numbers by Prof. Vantom. She has a rich and sweet soprano voice while Prof. Vantom is recognized as one of the leading tenors of the northwest.

Removes black heads, drives away beauty ills. Stimulates the whole nervous system. Greatest beautifier known. Nothing so helps fading loveliness as Hollister's Rocky Mountain Tea. 35 cents—Hill Drug Co., both stores.

Perilous Position.

A story is told of a man who, crossing a distant used coal field late at night, fell into an apparently bottomless pit and saved himself only by grasping a projecting beam. There he clung with great difficulty all night, only to find when day dawned that his feet were only four inches from the bottom.

Handicapped.

"Yes," said the beginner at golf, telling his troubles, "the caddy was so sarcastic and impertinent, I felt like hitting him over the head."

"Well, why didn't you?" asked his friend.

"I would have done so, but I didn't know the proper club to use for that purpose."

Musical Bed.

A native ruler owns a musical bed. The weight of the body sets the works in motion, and it plays half an hour, while life-sized figures of Grecian maidens at its head and foot finger stringed instruments. Fans are waved by a concealed motor, which keeps them going the whole night long.

Biggest Soldier.

Sergt. Fred Calhoun Fagan, of the Thirty-ninth coast artillery, now stationed at Ft. McHenry, is the largest man in either army or navy and is one of the best gunners in the former. He weighs 259 pounds and is serving his fifth enlistment.

Irish Goods from Japan.

"Erin-go-Bragh" was stamped on a cup purchased by a patriotic member of the Clonmel (Tipperary) Industrial association. He was surprised on examining the cup to find that it had been made in Japan.

Constipation causes headache, nausea, dizziness, languor, heart palpitation, drastic physics gripe, sickness, weakens the bowels and don't cure. Doan's Regulents act gently and cure constipation. 25 cents. Ask your druggist.

HELD FUNERAL THIS AFTERNOON

Funeral services over the body of Joseph L. Moser who was found dead at his home at the Danforth settlement, where he lived alone, on Sunday, were held at 2 o'clock this afternoon, the Rev. William P. Peters of the St. Paul's German Lutheran church officiating. Interment was at the Lakeview cemetery. A number of the old friends of Mr. Moser attended the service of this afternoon and accompanied the body to the cemetery.

MICHIGAN HAS GOOD HEALTH

Official Mortality Statistics Furnish Cheerful Reading for Michiganders.

Michigan ranks high among the healthy states and Detroit takes low rank in the list of cities plagued by consumption. These two gratifying facts stick out of the mortality statistics report just published by the census bureau covering the United States for the five calendar years, 1900 to 1904. This report was prepared under the supervision of the late William A. King, chief statistician for vital statistics. The statistics are restricted to what is termed the "registration area." This area comprises those states and cities which have laws requiring the registration of deaths and possess records affording satisfactory and comparable data. In 1904 it included 11 states and 234 cities which had at least 8,000 population in 1900. The 11 registration states are Connecticut, District of Columbia, Indiana, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Rhode Island and Vermont; the 234 registration cities include, in addition to the cities in the 11 registration states, a considerable number which are in non-registration states.

These states and cities, composing the registration area, included in 1904 a population of 32,996,989, or only a trifle more than two-fifths of the estimated population of the United States.

The number of deaths reported in the registration area in 1900 was 539,296, and the death rate per 1,000 of population was 17.6. In 1901 the rate declined to 16.6 and in 1902 to 16. The rate increased in 1903 to 16.2 and in 1904 to 16.7. The average annual rate for the five years was 16.6 per 1,000.

The average annual death rates were lowest in Indiana and Michigan, the only registration states west of the Alleghenies; the highest in the District of Columbia and Rhode Island. The average annual rates were lowest in St. Joseph, Mo. 7.6; Owosso, Mich., 10.1; Lincoln, Neb. 10.4; and St. Paul, Minn., 10.5 and highest in

Charleston, S. C. 21.3; Wilmington, N. C. 20.2; and Jacksonville, Fla. 28.1.

The average annual mortality from consumption was higher in Denver than in any other registration city. This fact is easily explained by the deaths of non-residents who resort to that locality in the later stages of the disease. Excluding Denver, the rates were highest in New Orleans, San Francisco, Washington, Newark, Jersey City, Baltimore and Cincinnati; and lowest in St. Joseph, Mo., Scranton, Omaha, Detroit, St. Paul, Buffalo and Minneapolis.

NEW PASTOR IS CALLED

The Rev. F. C. O'Meara of West Branch Opens Pastorate at St. Stephen's Church on Sunday Morning.

The Rev. F. C. O'Meara, of West Branch, Mich., has been called as pastor of St. Stephen's Episcopal church to succeed the Rev. F. F. W. Greene who recently resigned from the pastorate of that church to accept a charge at Aberdeen, Wash.

The Rev. O'Meara, accompanied by Mrs. O'Meara and their two children arrived in the city last night and are now stopping at the Oliver hotel where they will remain temporarily until their household goods have arrived and have been installed at the Episcopal parsonage.

The Rev. O'Meara came to Escanaba for the first time to appear before the congregation of St. Stephen's church four weeks ago and the impression that was made by him at that time was so favorable that a call to this church was immediately extended.

After returning to West Branch and arrangements had been made for his release from the pastorate of that city, the call was accepted.

The Rev. O'Meara will deliver his first sermon at St. Stephen's church on Sunday morning and regular services will be held at that church on each Sunday morning and evening from this time.

Lawellyn Price of Foster City was down yesterday.

LOCAL NOTES

John S. Tyrrell has returned from a fishing trip on the range where he reports trout plenty and mosquitoes more so.

Shoes shined at Walker's Barber shop on Sunday-mornings or on any week day. Joseph Perrin, Champion Boot-black.
