HYDE MURDER TRIAL IS OPENED WITH A BATTLE

Attorney for the Defense Starts Making Objections Right Off the Reel—He is Overruled.

(By Associated Press.) Kansas City, Mo., April 18.—Before a court room crowded to its utmost capacity, Attorney James Reed delivered the opening statement for the prosecution in the Dr. Hyde murder trial. The defense objected to the court's permitting Reed, as special counsel, delivering the opening statement. Judge Latschaw held it entirely legal, but suggested that Reed be appointed special prosecuting attorney. This was done. Frank Walsh, leading counsel for the defense, interposed an objection to the prosecution introducing statements regarding any feature of the case except that dealing directly with the death of Colonel Swope. He was overruled. Walsh branded many persons who gathered evidence against Hyde as "liars and thieves."

Hyde Darkly Painted. In his opening statement for the state Attorney Reed pictured Hyde as a man whose evil propensities led him as a boy to torture animals and in later life to abuse the poor and helpless and later to conceive the most colossal murder plot in the history of criminality. The details of Colonel Swope's death were entered into by Reed, who Dr. Stewart and the appearance of typhoid in the Swope home. In closing a strong arraignment of Hyde, the state's prosecutor said that the great greed for money caused the doctor to commit the numerous crimes for which he is on trial and that the evidence would show that he is guilty and that he will surely have to answer for his misdeeds.

PEDESTALS WERE AN INCH TOO HIGH

Consequently the Firm Furnishing Them for the New Postoffice Building Will Have to Take Them Back and Shorten Them Up—Government is Particular.

Ever since they were placed in position the pedestals in front of the main entrance to the new federal building have been admired by those who passed this monumental piece of architecture. Today it was noticed by many that the castings had been taken down and much speculation was rife as to what had become of them. Some were inquisitive enough to make an investigation and were told by the contractors that the pedestals were one inch too high. This was pretty hard for the average man to believe, but nevertheless it was true. The pedestals had been placed in position and even wired for the large lights to be placed at the top, when it was found by Inspector Webber that the firm that made the castings had put an extra inch to them in length and while he regretted that the cutting of an inch would mean so much work, he had no choice in the matter and the pedestals had to be taken down. The government will not allow the variance of an inch in any of its contracts and it is up to the inspector to see that everything is according to contract—down to the fraction of an inch or he will have to get a position with some firm that is not quite so particular.

CIRCUIT COURT IS NOW IN SESSION

APRIL TERM OPENS THIS FORENOON AT THE COURT HOUSE WITH CALLING OF THE CALENDAR.

JUDGE FLANNIGAN ON THE BENCH

The Criminal Calendar is Greatly Reduced by Continuances—One Case Set for Trial and One Nolle Prossed—Day Calendars Fixed—One Saloonist Pleads Guilty—Hearing on Applications for Naturalization—Details.

Circuit court is now in session, the April term for Delta county opening this forenoon with Judge Richard C. Flannigan sitting on the bench as presiding judge for the first time in this county. Judge Flannigan received a warm welcome from the members of the Delta county bar.

JUDGE R. C. FLANNIGAN, Now presiding for the first time over the circuit court for Delta county.

With all of whom he is personally acquainted, and his conduct of the court today created a favorable impression.

This morning's session was devoted largely to a calling of the calendar of cases and fixing day calendars for the days to come. Three of the jurors summoned were excused from service. They were Edward Eaton of Gladstone, William McNally of Garden township and Hiram Gibbs of Baldwin township.

Disposition of Cases. The first case on the criminal calendar, that of the People vs. Tabon Alberts, charged with forgery, was passed until this afternoon and this afternoon was again passed until tomorrow forenoon. The case of the People vs. William S. Rublin charged with the crime of murder; and the cases of Irene Marchand, Frank Paquin, Louis Schuette, Charles Seymour, Napoleon Laporte, Phil Dupont, Charles Beck and Edward Johnson, saloonkeepers charged with violating the liquor law. Louis Trotter pleaded guilty to keeping his saloon open on a Sunday and he will be sentenced tomorrow morning. The case of the People vs. Austin McCauley, bastardy, was passed until Wednesday. Pleads not Guilty. Prosecuting Attorney Dotsch entered a nolle prosequere in the case of the People vs. Arthur Bourdeau, larceny, and it was stricken from the calendar. In the case of the People vs. Frank Star, charged with robbery, the defendant entered a plea of not guilty and his trial was set for tomorrow, the case being the first on the calendar for trial. Star had no attorney and is without means to employ one. The court appointed Clyde Hay-

MENOMINEE MAY JOIN DELTA COUNTY CLUBS

Representative of the Menominee Team Confers with Managers of Delta County Teams and is Favorably Impressed—Tentative Schedule is Adopted—The Details.

As the result of a conference held here yesterday afternoon between representatives of the Delta county and Menominee city baseball teams, it seems probable that Menominee will be one of the parties to a playing agreement entered into by Escanaba, Gladstone, Rapid River and Menominee.

C. J. Huebel, manager of the Menominee team, was unable to come here, but he sent in his place Ray Mullins to act as his representative. The conference was held in Dr. R. E. Hodson's office and was attended by Mr. Millins, Manager Peterson of Gladstone, Manager Buchman of Rapid River and a number of the officers and directors of the Escanaba Baseball club. Among these were Fred M. Olmsted, J. P. Cleary, O. P. Chatfield, T. J. Burke, E. J. McMartin and Dr. R. E. Hodson.

At first Mr. Mullins was not favorably impressed with the proposition to include Menominee in a four team league, as he did not think the plan was quite feasible, but after the situation was more clearly explained to him he changed his ideas and thought the plan proposed practicable and one that would probably be approved by Manager Huebel of the Menominee team. Thereupon a tentative agreement and schedule of games were drawn up and entrusted to Mr. Mullins for submission to Mr. Huebel, with the reasonable certainty that the latter will accept them and have his club enter the proposed league.

Under the tentative schedule, the regular season will open on Sunday, May 15, with the Escanaba team playing at Rapid River and the Gladstone team at Menominee. Dates for subsequent games are arranged with an eye to the greatest advantage to the respective teams and the rights of the fans who support them. In all probability the Escanaba team will play exhibition games with Gladstone and Rapid River before the regular season opens.

WILL ACT ON CENTRAL DELIVERY QUESTION

The Grocers and Butchers' association will hold a special meeting this evening for the purpose of receiving the report of Secretary John A. Stromberg and E. M. St. Jacques, who last week were in Ann Arbor to investigate the workings of a central delivery system and the desirability of operating such a system in this city. It is understood that the report of Messrs. Stromberg and St. Jacques will be favorable to the establishment of a system here and in all probability steps will be taken this evening for the formation of a stock company, composed of members of the Grocers and Butchers' association, to operate the system that shall be decided upon.

PATRICK SHERIDAN IS LAID TO REST

The funeral of the late Patrick Sheridan, whose death occurred last Thursday morning at his home, 323 North Mary street, was held from St. Patrick's church at nine o'clock this morning. Solemn requiem mass was celebrated by Rev. Father Bender, assisted by Rev. Father Fillon and Rev. Father Sauriol, and the remains were laid to rest in St. Joseph's cemetery. The pallbearers were James Powers, Charles Maloney, James Do-

MILWAUKEE SOCIALISTS ARE FOR ALL THE PEOPLE

Spokesman of Their Party Issues a Statement That is Significant and Interesting.

(By Associated Press.) Milwaukee, Wis., April 18.—Victor L. Berger, an alderman who is the spokesman for the Social Democratic party of Milwaukee, today issued a statement giving an outline of the principles that will govern and guide the Social Democratic administration of Milwaukee for the next two years, beginning tomorrow.

All for the People. The Socialistic party is the American expression of the international movement of modern wage earners for better food, better houses, sufficient sleep, more leisure, more education and more culture," says the statement. Further "to secure economics as political liberty will be one of the aims of the Social Democratic party

in Milwaukee." Municipal ownership of all the public utilities among other things is advocated, but "until this is reached the best possible service is to be exacted from the private owners of these utilities.

Rose Will Stay Away. Competition is objected to on the grounds that "more competition means more corruption." In brief, social democracy stands for every radical change that will bring the means of production into the hands of the "common people."

Mayor Rose will not be present tomorrow at the installation of Mayor-elect Seidel. Rose says the Socialists for the past ten years have been carrying on a campaign of personal vilification against him.

STEAMER BON AMI STRIKES ON A REEF

The Boat is Found to Be Uninjured, However, After Being Pulled Off Into Deep Water and Arrives Here Sunday Morning—Steamer Eugene Hart Starts Out.

The steamer Bon Ami of the Hart Transportation company ran aground early Saturday morning on a reef a few miles from the mouth of Cedar River harbor, but was released a few hours after the tug Satisfaction of Menominee got to work on her. It was necessary to lighten the Bon Ami cargo before she could be pulled into deep water, but she sustained no damage and was able to proceed on her way. She arrived in Escanaba about 9:30 o'clock Sunday morning with a cargo of freight and left later for other points on her regular route.

The steamer Charles McVea of the Bay Shore line was in port last evening with a cargo of miscellaneous freight. The steamer Eugene Hart of the Green Bay Transportation company did not leave Green Bay on her first regular trip until today. It had been announced she would start out on Saturday. She is expected to arrive in this port some time tomorrow morning and from here will proceed to ports as far as Mackinaw city on the east shore of Lake Michigan. The boat is in charge of the following officers; Captain, J. T. Roulette; first officer, Joseph Redline; chief engineer, Bert Neelands; purser, Ray McGinn. The following ports will be touched by the steamer: Sawyer,

Sturgeon Bay, Marinette, Menominee, Escanaba, Manistique, Saint James, Petoskey, Saint Ignace, Mackinac Island and Cheboygan.

KNIGHTS OF PYTHIAS TO HAVE "HOT TIME"

Members of Escanaba lodge No. 98 of the Knights of Pythias are promised a "red hot time" at a meeting of the lodge to be held next Wednesday evening. There will be work in the Third rank and something else—just what is not revealed in the announcement to members of the lodge—and a lunch is to be served. Six Knights are expected to be on hand at eight o'clock, at which time the meeting will start.

ALL IN READINESS FOR BARBERS' DANCE

All the arrangements for the dance to be given in Clark's hall tomorrow evening by the Barbers' union are now complete and the indications are that the affair will be largely attended and highly enjoyable. The barbers have established a reputation for making a success of their parties and they are determined to fully maintain that reputation with the party tomorrow night. Those who are planning to attend will be pleased to know that the dance music is to be furnished by the Ideal orchestra, for that fact will be a guarantee of its excellence.

ESCANABA HIT BY ELECTRICAL STORM

The electrical storm that struck Escanaba late Saturday afternoon and raged the better part of the night was the most severe that has occurred here in years. During its progress considerable damage was done about the city and one woman was shocked into insensibility at her home, 313 Stephenson avenue. Fortunately she was not seriously injured and soon recovered from the shock.

Considerable damage was done to electric light and telephone wires and for a short time electric lights in the city were not visible. The building at 1712 Wells avenue occupied by Martin Henrickson as a creamery was struck by a lightning bolt, but the only damage done was to the chimney and roof. The former was demolished and the roof had a hole torn into it.

While the storm was at its height rain came down in torrents and it seemed like a cloudburst. Nearly an inch of water fell and the streets were flooded, the sewers being unable to take away the huge amount of water as fast as it fell. The effects of the storm were plainly apparent on the streets all-day Sunday.

COAL AND ORE CARRIERS ARRIVE

About three o'clock this afternoon the first coal boat of the season arrived in port and tied up at the Reiss coal dock. The boat is the new steel steamer John T. Reiss and she brought a big cargo of soft coal here for the C. Reiss company. The John T. Reiss is on her maiden trip and has a carrying capacity of approximately 10,000 tons.

Ore carrying boats are beginning to arrive in Escanaba after cargoes. At the Chicago & Northwestern docks the steamers Wickwire and Kensington are loading ore. They came in yesterday.

The schooner Grace Filer is loading pine for Chicago at Wells and the schooner Arrendal is loading basswood at Ford River for Chicago.

April 18 In American History.

1731—William Williams, "signer" for Connecticut, soldier, etc., born; died 1811.

1775—Paul Revere's famous ride out of Boston to arouse the colonial patriots.

1847—Battle of Cerro Gordo, Mexico; General Winfield Scott defeated General Antonio Lopez de Santa Anna.

1906—Earthquake at San Francisco and vicinity. Many buildings in the city reduced to ruins, which later took fire. Tremor recorded as far east as Albany, N. Y.

ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.) Sun sets 6:38, rises 5:11; moon sets 8:34 a. m.

Certainly the gentleman who undertake to explain the cause of high prices of necessities of life should reach some sort of agreement and harmonize their views before they try to enlighten the public. For weeks the big packers and others have been saying that meat is so dear because the people eat so much and the supply is not equal to the demand. But here come the shoe manufacturers declaring that the people are turning vegetarians, and that with so few animals killed for food there is a shortage in skins and hides. Here are two radically different stories. Which is the consumer to believe?

The marvelous power of recuperation possessed by the French is already beginning to show the rehabilitation of Paris is beginning. Notwithstanding the damage has mounted in the multimillions, the people are not discouraged by the vast task before them, but have attacked the problem of restoration without delay and in a spirit of courage, which, indeed, is characteristic of the age, and, in connection with the Gallic buoyancy of temperament, may confidently be expected to work miracles.

People complain about the cost of living, and yet we learn from a fashion paper that a bamboo basket filled with roses, each rose containing an electric bulb, sells for only \$30 for a table centerpiece, while a silver spoon for sliced tomatoes, with coarse teeth on one side, may be had for \$2.50

Soothes itching skin. Heals cuts o burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

COTTONSEED FLOUR IS THE NEW FOOD PRODUCT

It is Said to Be Nutritious, Palatable and Most Easily Digested Eatable Known.

Washington, D. C., April 18.—With the high cost of living worrying everybody, from the housewife and the man who pays the bills to candidates for office who have to meet it as a political issue, the sunny southland has come to the front with a new food product, which is offered as at least a partial solution of the problem—cottonseed flour.

It is presented as the very latest word in modern food production—"the most delicious, most nutritious, most palatable and most easily digested food ever known." Even more to the point, it is cheap, costing only about half as much as wheat flour, it is claimed. As yet it is not on the market to any great extent, but it is now being manufactured in Texas, and the Texans, with their usual enterprise, are planning to push it everywhere. Members of the Texas delegation in Congress have introduced it in Washington, and have demonstrated its use in almost every way that wheat flour is used, from bread to pastries and rich cakes.

Properties Like Those of Meat.

The state of Texas has been conducting extensive experiments with it, and the state chemist has just announced his analysis showing the food properties of cottonseed flour. The flour, it is shown, has food properties more like those of meat than of wheat flour. The nutritive value of any food is measured by the amount of protein, fat and carbohydrates contained in it. The most valuable of

these is protein, the nitrogen containing albumen-like substance, similar in character to the white of an egg. This is flesh—not fat producing food. This white of an egg and lean meat are almost pure protein. Cottonseed flour, it is claimed, contains four times the protein contained in eggs, and almost as much fat, and is twice as valuable as meat as a muscle building food.

The discovery that cottonseed may be utilized in the manufacture of a highly nutritious flour is of inestimable value to the cotton producing sections of the United States.

Oleo Cottonseed Product.

Oleomargarine is a cottonseed product of great value. It is said that one bale of cotton will produce as much oleo, or "poor man's butter," as two fine cows will produce in a year. One acre of ground will produce a bale of cotton, and ten to fifteen acres per head are required for grazing cattle.

A few years ago cottonseed was worth only eight to ten cents per bushel. Now the price is forty-five to fifty cents per bushel, with every prospect of its increasing rapidly. A bale of cotton weighs about 1,600 pounds, and of that amount about 500 pounds is lint. The rest is seed. The lint is worth about \$75, at current quotations. The 1,100 pounds of seed will make about thirty-five bushels, worth \$16 or \$17. This means that the farmer's cotton crop is worth about twenty per cent more than it was worth only a few years ago.

MARQUETTE TO HAVE MAGGABEE MEETING

The members of the different lodges of the Maggabees of the World are now making plans for an upper peninsula convention, which will be held in Marquette July 28 and 29. Nearly a score of lodges have been instituted in the upper peninsula and the coming convention will be the first gathering of the order north of the straits.

The Sir Knights and Ladies' lodges of Marquette, who are to be the hosts and hostesses, are taking active interest in the convention and are endeavoring to arrange an interesting program. Large delegations from each branch lodge of the order in the upper peninsula are expected to be in attendance, and programs of entertainment and business meetings are being arranged. It is planned to make the first Northern Michigan convention something that will long be remembered. A number of the supreme and state officers of both societies have promised to be in attendance.

NURSES WANTED AT NEWBERRY ASYLUM

Dr. E. H. Campbell, medical superintendent of the Upper Peninsula Hospital for the Insane at Newberry, has sent out a letter to various physicians in the upper peninsula stating that the nursing staff at the hospital is to be increased and that there are at present vacancies for several women.

In connection with the hospital a training school for nurses under the charge of Miss Helen Sinclair is maintained.

The course of this training school is of two years and three months' duration, and is affiliated with the training school of the General Hospital of Sault Ste. Marie, in which city a part of the work must be taken.

The salary at present is the same as for attendants and also includes board, room and washing.

In addition there are vacancies for women attendants who do not desire to become nurses.

If any Escanaba young women who desire to become nurses or attendants will communicate with Dr. Campbell or Miss Sinclair at Newberry they will receive full particulars.

SCHOPP, APPLE KING, IS DEAD

St. Louis, April 13.—Conrad Schopp, president of the Conrad Schopp Fruit company, known as the "Apple King," is dead at his home here.

From a small beginning he developed into the largest operator in fruit in the country and was the first man in the west to invade the markets of Europe with apples, potatoes, etc.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

MERCHANTS ENJOY GOOD SPRING TRADE

Escanaba merchants generally report a better early spring trade than for several years past. This is partly due to the very early season, which is always a business producer, and

partly to the fact that the working man are more generally employed than in the last few seasons. During the dull times, many families had to economize and, in many cases, run in debt for necessities. With improved trade conditions last year, it took several months for these people to square those old accounts, and it is only this spring that the merchants have been getting their normal amount of trade. With every indication that this will be the busiest summer ever known in the ore trade, business prospects in Escanaba are very bright for the coming summer and fall.

BUILDING HIMSELF FINE SUMMER HOME

Attorney Clyde Hayden has begun the construction of a rustic cottage on his farm about five and one-half miles from the city on the Bay Shore road and he expects to have it completed and ready for occupancy within two or three weeks. The cottage is being built along original lines and promises to make a most comfortable summer home. It will be a one-story affair, consisting of a main part and a wing. The main part will be 21x26 feet and the wing portion 10x12 feet. The building will be set up on posts three feet from the ground and have a living room 10x21 feet. There will also be a large roofed over porch 16x20 feet and a platform 7x9 feet. Upon this platform Mr. Hayden will erect a tent for sleeping purposes, the door opening directly into the living room. Later on, in the fall of the year, he may divide the living room into two smaller rooms and enclose the large open porch. He also plans to install a heating plant under the house to warm it when chilly weather comes.

ESCANABANS ATTEND PERRONVILLE PARTY

Several Escanabans went to Perronville Friday to attend a dancing party given at that place by some of its residents. The party was held at the hall and music was furnished for dancing by some of the Perronville musicians. Those who went from Escanaba say that they had the best time of their lives and that the affair was a decided success from beginning to end. Automobiles furnished the means of transportation for most of those from this city, but a few drove down with teams.

MINISTER CALHOUN IS AT HIS POST IN CHINA.

Peking, China, April 18.—William J. Calhoun, the newly appointed American minister to China, arrived to-day.

THE SOO MAY LOSE ITS FISH HATCHERY

Federal Survey of the Fourth Lock Probably Will Cause Vacation of Premises Now Occupied as Site of Station and Pond—State Preparing for Such Emergency.

Sault Ste. Marie, April 18.—It is not at all unlikely that the Soo is to lose its fish hatchery after all. The rivers and harbors bill, now before congress and which will probably be passed at this session, calls for a survey for a fourth lock at this point, which would take in the site of the station and pond.

While the state fish commission has not been officially notified to vacate the premises they have been given to understand that if the provision calling for a survey of the proposed lock is passed by congress this will follow as a natural consequence. The state holds the property under a revocable license from the government and it is believed by the commission that next summer will see the end of the hatchery.

The state commissioners have been preparing for such a move on the part of the government for some time. They realized that with the government improvements in the rapids they could not expect to hold their position for many years, and the work of looking over the ground for the location of a new hatchery has been in progress ever since last fall. A number of streams have been looked over and there are still others to be investigated before a decision is reached. It is the intention of the commission to ask the legislature for an appropriation for the new hatchery next winter so as to have it ready for occupancy by the time the Soo station has to be abandoned.

Another thing that the commission will endeavor to put through is the location of a distributing station for whitefish and trout for the great lakes built in the government (Fort Brady) park, but there will be no ponds in connection therewith.

Superintendent Marks has worked under difficulties for the past three years. When the Edison-Sault company built its new power house it was necessary to shut off the water from the ponds and the government work since that time has prevented them from being used at all. The new station will be built on an inland stream and at such a place as there will be no possibility of government or other encroachments, and it will be made a permanent institution. Already the scramble among counties having desirable streams has been made to secure the location of the station, and as there are so many of these in upper Michigan the commissioners will find it a difficult matter to arrive at a decision.

BELL APPOINTED TO SUCCEED FLANNIGAN

Ishpeming, Mich., April 18.—The many friends of Frank A. Bell of Negaunee, prosecuting attorney of Marquette county, who has a law office in Ishpeming, are pleased over the fact that he has been appointed successor to Richard Flannigan of Norway, the new circuit judge of this district, as general attorney for the Oliver Iron Mining company in Michigan. For some years Mr. Bell has been looking after most of the legal business of the company on the Marquette range. He will now have an enlarged territory and more important business to look after.

ONE MICHIGAN HOG BRINGS \$15.

Owosso, Mich., April 18.—The highest priced hog ever shipped out of Michigan was sent from here Saturday night to the Scheffler farms just outside of Cincinnati by Hibbard & Baldwin, breeders of thoroughbred Berkshires. The animal brought \$15, which is another way of proving that there is money in staying on the farm instead of rushing to the city.

The hog is four years old and for the past two years has taken first prize at the Michigan State Fair. Hibbard & Baldwin have several other swine that they expect will bring as much inside of a year or two.

SOO ELKS PLANNING STREET CARNIVAL.

The Elks of the Soo have appointed a committee to look into the feasibility and advisability of holding a street carnival and fair during the week of the firemen's tournament in August. The proposition met with the enthusiastic approval of every member present at the lodge meeting, and it is altogether likely that it will be pushed. A number of special attractions have been proposed and within a short time the whole scheme will be worked out.

HOW IS THIS FOR BIG LAKE TROUT?

Racine, Wis., April 18.—One of the largest lake trout caught in this section of Lake Michigan for many years was brought in by the fishing tug Monitor. The fish weighed thirty-eight pounds and measured from head to tail just five feet. The fish was caught about fifteen miles from shore. It required two men to pull

up the line on which he was hooked and the aid of the entire crew was called into requisition to land him safely in board the boat.

CIRCUIT COURT IS NOW IN SESSION

(Continued from page one.)

den to conduct the prisoner's defense.

The calendar of civil jury cases, non-jury civil cases and chancery cases was also called, with the result that some were continued for the term, others were stricken from the calendar for one reason or another and the remainder passed for the time, set for trial or other action.

Calendar for Tomorrow.

The calendar fixed for tomorrow includes the following cases set for trial: The People vs. Frank Star, robbery; Joseph Beauchamp vs. Mose Kurz and Max Kurz, copartners under the name of Kurz Bros., replevin, and Lyman Beggs vs. Benjamin Salinsky, assumpsit. Appeal.

Following the disposition of cases not definitely acted upon this forenoon a hearing upon petitions for naturalization papers was begun this afternoon and is still in progress. There are thirty petitions on file and most of the petitioners were in court when the hearing was begun. Chief Examiner Sturges of Detroit is conducting the personal examination of the foreign born petitioners who seek to become American citizens.

Continuance of most of the saloon cases was taken upon the request of Prosecuting Attorney Dotsch, who stated that Orin Parmeter Jr., a material witness for the state, is not in the city and not likely to be for some time. It is understood that Parmeter is under arrest at Mansfield, Ohio, with a charge of bigamy resting against him.

ARMY OF SUFFRAGISTS STORMS THE CAPITOL

(By Associated Press.)
Washington, D. C., April 18.—An army of suffragettes moved on the capitol today and presented a petition with a half a million signers, praying for votes for women to the members of congress. As the army of suffragettes moved through the streets they were cheered by the people on the sidewalks.

GRINNELL =BROS.=

MONSTROUS CLEARING SALE

OF High Grade Pianos

AND Player Pianos and Organs

Tuesday, April 19, '10

GRINNELL BROS. will inaugurate the biggest and most sensational Piano Sale ever conducted by any house. We are going to decisively demonstrate to the people of Delta County and vicinity our undisputed leadership in the piano business and our ability to make for lower prices on high grade pianos than any other concern in this state.

Buying in enormous quantities to supply twenty-four stores, and often buying a train load of Pianos at a time enables us to secure **WONDERFUL PRICE CONCESSIONS.**

Often finding factories in stringent circumstances and in great need of **IMMEDIATE CASH** makes it possible for us to purchase Pianos way below actual factory cost. This is one of the many cash purchases that Grinnell Bros., have made and this gigantic deal involves the spot cash purchase of 500 Pianos, taking on one large purchase after another in order to receive these wonderful price concessions we find the capacity of our stores and warehouses over the state taxed to the utmost and we are now forced in our turn to dispose of the surplus stock at a tremendous saving to you in order to make room for our regular run of business.

Here and now is where Piano buyers can make dollars count. This is no agents inducement, but represents the makers cost.

YOUR SAVING by taking advantage of this great sale means a saving of from \$50 to \$150 to you. Come early and make your selections.

In buying a Piano of **GRINNELL BROS.**, you derive many advantages not obtainable from any other house in the country. **REMEMBER WE ARE HERE TO STAY** and our guarantee is as good as a government bond and the positive assurance of complete and permanent satisfaction which is guaranteed to all who deal with this reputable and reliable old house.

For 42 years the name **GRINNELL** has been identified with the mercantile interests of the State; each year it has come to mean more and more to those who appreciate the assurance of genuine worth, and today this name and **MICHIGAN'S LEADING MUSIC HOUSE** are inseparably associated.

OUR GREAT LINE of PIANOS embraces the most distinguished names known to the Musical World.

At no other House in the State will you find the superb **STEINWAY**, standard of the World; the magnificent **GRINNELL BROS.** (our own make) the artistic **SOHMER**; the beautiful **WEGMAN**; the tried and true **SHONINGER**; the popular **STERLING**; 55,000 already sold; the dependable **SCHAEFFER**; the sweet toned **HUNTINGTON**; the attractive **MENDELSSOHN**; and other high grade makes.

WE WILL MAKE SPECIAL TERMS DURING THIS SALE—TERMS TO SUIT YOU. OUR EASY PAYMENT SYSTEM IS FLEXIBLE ENOUGH TO MEET THE NEEDS OF ANY FAMILY.

IN CASE OF MISFORTUNE WE ARE ALWAYS READY TO EXTEND LENIENCY AND YOU TAKE NO CHANCES IF YOU DEAL WITH US.

Remember the Place GRINNELL BROS.

Michigan's Leading Music House.
