

DR. BREITENBACH TO LEAVE ESCANABA

He Has Accepted the Surgeonship for Two Large Lumber Companies at Bonifas and Will Establish Hospital at Watersmeet—His Work Here.

Dr. O. C. Breitenbach, chemist of the municipal laboratory and milk inspector, returned to the city last evening and today makes the announcement that about June 1 he will leave Escanaba to accept the surgeonship of the William Bonifas Lumber com-

DR. O. C. BREITENBACH.

pany and the United Logging company at Bonifas, Mich., the new town founded by William Bonifas, formerly of Garden and now at the head of the William Bonifas Lumber company at Bonifas.

Dr. Breitenbach will have charge of the health of approximately 400 men now in the employ of the lumber companies in that district and it is his purpose to within a short time establish a hospital at Watersmeet, where plans are being made by the William Bonifas Lumber company to establish a mammoth sawmill in ad-

dition to the one the company is now operating at Bonifas.

Dr. Breitenbach's decision to leave Escanaba may come as a surprise to many of his friends, but it was arrived at only after careful consideration, he states, and in the belief that

vention of the American Medical Association.

For several months he has held the position of city chemist and in that capacity has proved the value of the office and his own worth as its incumbent. In addition, he has built up a large practice and has held before the people at every opportunity those ideals that would conserve their health and right living. His departure from Escanaba will be widely regretted, but he will be followed to his new location by the best wishes of his friends for his continued success and prosperity.

SIXTY-ONE IN THE GRADUATING CLASS

That Many Students of the Escanaba High School Will Receive Diplomas on June 23 if All Are Successful in Passing the Final Examinations—The Complete List.

The graduating class of the Escanaba High school will this year consist of sixty-one members if all of the candidates are successful in passing the final examinations to be held next month. Indications are that most of them will and that the class to graduate at the Commencement exercises on the evening of June 23 will be an unusually large one.

According to the list of the names of the graduating class members as it now stands, which was posted on the bulletin board at the high school yesterday, there are thirty-three candidates for high school diplomas and twenty-eight candidates for college preparatory diplomas. The complete list follows:

High school diplomas—Anna Elisabeth Anderson, Anna Theresa Asp, Florence Marie Bartley, Arthur Joseph Brunel, Mae Cecelia Bonner, Ursula Brotherton, Helen Marie Cuddy, Amy Isabelle Carlson, Grace Joan Clement, Esther Lennea Englund, Florence May Finley, Sara Elizabeth Jaegers, John Alexander Kemp, Myrtle Adaline Lambert, Nora Margaret McCauley, Edward Louis Moersch, Winifred Cecelia Murphy, Anna Olivia Lylander, John Elmer Nystrom, Grace Margaret O'Donnell, Albert Herbert Olson, Lillian Antoinette Pearson, Esther Pauline Peterson, Daisy M. Cecelia Pryn, Pearl Elizabeth Roland, Lillian Melva Sherlock, Frank Leslie Smith, Bessie Frances Sporer, Ruth Bergetta Syverson, Essie Belle Trueblood, Esther Elvira Wickman, Mabel Victoria Winn, Tessie Anna Whybrew.

College preparatory diplomas—Elna Davida Anderson, Willis John Anthony, Lester Elmer Armstrong, Eva Ruth Baum, Hester Lucretia Cotton, Louise Spencer Davis, Emma Matilda Erickson, Harriet Farrell, George Stanley Fontanna, Gertrude Lillian Foster, Lawrence Follo, Wm. Frederick Gettleman, Georgia Aterasta Gibbs, Fay Belle Harrington, Roy August Holgren, Walter Sheldon Helmer, Henrietta Emily Inderbitten, Marjorie Lucile Judson, Victor Vincent Kellner, Agnes McGregor Leiper, Paul Herman Lippold, Clarence Marcott, Verne Louis Mathews, Crescent Joseph McGillis, Marie Margaret Snyder, Leone Elizabeth Valentine, Helen Gertrude Winegar, Leigh Salmon Wolfe.

CHILD BORN HERE DIES IN MONTANA

News has just been received in this city of the death at Livingston, Mont., of Eola C. Johnson, the eight years old daughter of Mrs. Mary Johnson, formerly a resident of Escanaba. The little girl, who was born in Escanaba, died at the family home in Livingston on Saturday, May 14, and her loss is a deep grief to her mother, who only two years ago last February was widowed by the death of her husband, A. W. Johnson. Escanaba friends of Mrs. Johnson will earnestly sympathize with her in the second loss she has sustained within the comparatively short space of two years.

TAFT DENIES THAT HE DENOUNCED INSURGENTS

(By Associated Press.)
Washington, D. C., May 18.—President Taft today denied the reports that he in circulation that he had recently denounced the insurgents and had used language to which these statesmen took offense.

POLICE CHIEF WARNS THE AUTO DRIVERS

Chief of Police Iverson says that he is going to keep his eyes on the automobile drivers from now on and will arrest any of them caught speeding or handling their machines in a manner that is dangerous to the public safety.

Chief Iverson says that he does not want to persecute any of the owners of cars and will not be mean about it, but will insist that the speed limit be maintained and that the drivers of all cars shall use due care and precaution while on a crowded thoroughfare.

BLUEFIELDS IS NOT TO BE BOMBARDED

(By Associated Press.)
Washington, D. C., May 18.—Commander Gilmer of the United States gunboat Paducah has served notice on General Irias, commanding the Venus, that he will not permit the bombardment of Bluefields, Nicaragua, and he has also notified Estrada and Madriz that he will not permit any kind of an armed conflict within the city.

Edgar Edison, who recently arrived here from Chicago, is now employed in E. L. Gervais' barber shop.

or to the station hereafter. For their accommodation a bus will be in operation in time to make the train, starting from Thomas Richer's livery stable and including the Oliver hotel in its trip to and from the station. This bus service will be continued until the Escanaba Traction company arranges a car service to meet the requirements.

BOOKS OF CITY WELL KEPT, SAYS AUDITOR

City Auditor Rolph Presents Annual Report to Common Council—Says Books Are in Good Shape—Makes Some Recommendations.

Capt. A. H. Rolph's annual report as auditor of the city's books was last evening presented to the common council, read and ordered placed on file. Although composed largely of a mass of figures, which required nearly fifteen minutes for the city clerk to read, the report was one of great interest and followed closely by the members of the council. Captain Rolph reported that aside from a few clerical errors he found the books of the city clerk and city treasurer remarkably well kept. On this point he said:

"Upon the whole, the books have been kept in a most excellent manner and your clerk and treasurer are entitled to congratulations for their efficiency."

Captain Rolph strongly recommended the appointment of a competent committee to make an appraisal of all real estate and buildings owned by the city, and recommended that a record of the same be kept in the city clerk's office in a book provided for that purpose; also that the committee make a complete inventory of all apparatus and personal property of every description in the several city departments. Then in case of a change in the head of any department, Captain Rolph pointed out, a proper accounting could be had of all personal property which had been placed in their charge. Under the present method, he said, the council has no check whatever on this property or the disposition that is made of it.

The report, which covered the period from May 1, 1909, to April 30, 1910, showed that on the date last noted the total bonded indebtedness of the city was \$177,500, that the city's floating indebtedness is about \$31,000 and the cash balance now on hand is not quite \$20,000.

F. D. MEAD RESIGNS FROM PARK BOARD

In accordance with a previous understanding and to permit him to act as a member of the city charter revision commission when he shall have been elected as such, Attorney Frank D. Mead last evening presented to the common council his resignation as a member of the board of park commissioners. The resignation was accepted, but the vacancy on the board thus created was not filled last evening. Mayor Greenhoot will appoint a successor to Mr. Mead at a later date.

COUNCIL TO HOLD SPECIAL MEETING

The common council will hold a special meeting next Friday evening for the purpose of fixing the compensation of the members of the city charter revision commission, who are to be elected at a special election next Monday. At the meeting of the council last evening it was suggested and the suggestion accepted that the special meeting for the subject indicated be held Saturday evening, but it has since been decided that the meeting shall be held Friday evening.

WILL HAVE CHANCE TO DONATE MONEY

Auto Owners and Others Interested in Repair of Hartnett Avenue Pavement Can Contribute to Repair Fund—Council Proceedings.

At the meeting of the common council last evening the bad condition of the Hartnett avenue pavement was brought up for discussion and it was the generally expressed opinion that immediate steps should be taken to have repairs made. The city is short of cash, however, and is inclined to accept whatever help may be offered in defraying the cost of the improvement work.

In the discussion it came out that many of the automobile owners and others interested in the matter have expressed themselves as willing to donate \$500 toward the Hartnett avenue repair fund if the council will direct the work to be done. The council is perfectly willing to do this, if the promised \$500 is forthcoming, more especially as the Chicago & Northwestern Railway company has already donated \$350 for the same purpose.

Will See About It.

The upshot of the talk was that, on motion, Mayor Greenhoot appointed Aldermen Johns and Nelson of the Seventh ward to wait upon those who are said to have offered to donate \$500 and ascertain if the offer is bona fide and if it is to get the money and turn it into the city treasury for the purpose indicated. A motion had been made to have the city clerk advertise for bids for making the improvement, but it was withdrawn and the matter left open until the next regular meeting of the council, when it will be known if the \$500 toward the repair fund is assured.

Action was taken last night that will lead to the laying of a storm main at Georgia street and extending east to Tilden avenue and north to Wells avenue. It appears that this sewer is badly needed, for the basement at the corner of Georgia and Hale streets is flooded with water every time there is a rain storm.

A petition for the extension of the sanitary sewers through block 6 of S. H. Selden's addition and Block 103 of Proprietors' addition was granted on recommendation of the sewer committee.

Wants License Fee Returned.
A resolution was adopted expressing the belief of the council that it is necessary to construct a sanitary sewer beginning at the manhole on Jacob street between Oak and Maple streets and running south along the alley to a point fifteen feet south of the north line of Tweedy street. It was also resolved that the board of public works shall prepare a plot or diagram and make

an estimate of the cost of the work.

A communication from Mrs. Beck, widow of the late Charles Beck, was read. It asked the council to return to her the \$495 which the city received from her husband on May 1 for a saloon license and which license is of no use to her. The communication was referred to the city attorney and the finance committee.

A light was ordered placed at the corner of Delta avenue and Eighth street and another on Hartnett avenue near No. 6 ore dock.

Smallpox Bills Allowed.
Bills presented by Dr. H. W. Long, contracted in connection with two smallpox cases originating in the city were allowed and ordered paid. They amounted to \$179.41. One of the cases existed in July of last year and the other last April.

The matter of permitting the management of the Oliver hotel to erect an electric sign over the sidewalk in front of the hotel was referred to the ordinance committee. There is in existence an ordinance that prohibits the erection of such signs.

Many other matters were considered and disposed of at the meeting and of these there will be found mention in other columns of this issue. Although the meeting was not a long one, there was a great amount of business transacted.

DEATH UNEXPECTEDLY CALIS MRS. U. GODIN

Mrs. Uderick Godin, one of the best known French women of the city, died quite suddenly about ten o'clock this morning at the family residence on Ayer street. Mrs. Godin had not been in good health for some time, but her demise this morning was entirely unexpected. Heart disease is supposed to have been the cause.

Mrs. Godin was seventy-six years old and is survived by her husband and three sons. The sons are David Godin of this city, Felix Godin, who conducts a farm near Maywood, and D. Godin of Waukegan, Ill. Mrs. Godin had lived in Escanaba for many years and was possessed of many friends who will feel her death as a personal loss.

Arrangements for the funeral have not yet been made pending the arrival here of the absent sons of the decedent.

F. O. Box 381, Cincinnati, O.

walks and sprinkles the streets. Able-bodied men who are temporarily out of work are assigned by the relief society to do this work. Last year about \$12,000 out of the society's total budget of \$80,000 was expended in wages for these street cleaners, while the contracts with the property owners netted the society about \$20,000. The main difficulty with plans of that sort in this country is that such employment of the poor would merely serve to throw out of employment quite an army of men who get living wages rather than relief wages for the work.

This is a year of expositions in South America, where so many of the nations are also celebrating the centenary of independence. The Pan-American conference will meet at Buenos Ayres, Argentina, where there will also be held an exhibition beginning May 25 and lasting until September 30. At Santiago, Chile, the centennial exposition of that country will open September 18. The United States will be represented at both places, and it is to be hoped the exhibit by Americans will be worthy of the great republic and one to stimulate closer trade and other relations with South American countries.

TAFT'S SON WILL GRADUATE IN JUNE

New Haven, Conn., May 18.—President Taft will come to Yale university, his alma mater, June 21 and 22, to see his son, Robert, graduate.

This information was conveyed in a letter received today. Robert Alphonso Taft will receive the degree of B. A., for his academic course and he made Phi Beta Kappa. As he has stood at the head of his class and won scholarships, in keeping with family traditions, special honors are expected to be given with the degree. President Taft was at the commencement two years ago when his class of '78 had its thirtieth reunion.

WHERE STATE TROOPS GO THIS SUMMER

Lansing, Mich., May 18.—The state military board has decided to send the Second infantry of the state troops to the maneuvers at Indianapolis beginning September 20, and the First and Third regiments to Ludington on August 9 for ten days. Troop A cavalry will make its march to Monroe for the Custer monument ceremonies and troop B to Holland to the state G. A. R. reunion. The signal corps and engineers will accompany the Second regiment to Indianapolis, battery A, field artillery, will go to Sparta, Wis., for target practice, July 10.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A household remedy in America for 25 years.

SWEDISH SYNOD IS TO HOLD GREAT JUBILEE

One of the Greatest Church Movements Will Celebrate Fifty Years' Work—Details.

Rock Island, Ill., May 18.—The most notable gathering of Swedish-Americans ever held in this country will take place June 5-15, when the Augustana synod, the Swedish Lutheran church organization of North America, meets here to celebrate its fiftieth anniversary.

The jubilee will be held jointly with Augustana college and Theological seminary, the synod's head institution, which also is fifty years old this year. Ten days have been set aside for numerous programs and festivals.

The problem causing the greatest concern is how to accommodate the thousands of delegates and visitors expected. The delegates to the synod conference alone will number 2,000. The churches in the synod number more than a thousand, and each congregation will be represented by its pastor and one lay delegate. Hundreds of private homes will be thrown open to welcome the visitors. There is no auditorium of sufficient capacity in which to hold the sessions, so it has been necessary to construct a temporary tabernacle on Augustana college campus.

Speakers at the celebration are not limited to noted men of the country. Sweden will be represented by several, among them being Bishop Von Scheele, who comes as the representative of the Swedish State church and of King Gustav V. of Sweden.

Bishop Scheele to Speak.

Incidentally he will convey greetings from the Swedish monarch to President Taft while en route to attend the jubilee. Bishop von Scheele is regarded as one of the most learned men in Sweden and has been decorated with many European orders.

The history of the synod is in reality the history of the Swedish people in America. Although it was not organized until 1850, it embraces congregations established as early as 1847 when the first Swedish immigrants settled in Iowa, Ia., organized by Rev. M. F. Hokanson, the earliest pioneer among Swedish Lutheran ministers in America.

The second oldest congregation is that of Andover, Ill., organized by Rev. L. P. Esbjorn in 1850. A congregation was commenced at Moline in the same year and then in quick succession sprang up churches at Galesburg, Knoxville, Geneva, Rock-

ford, Chicago, and different places in Iowa and Minnesota.

The story of the organization of the Immanuel church in Chicago forms one of the romantic chapters in the history of the synod. The church, which was destined to become the "mother church" of no less than forty additional Swedish Lutheran churches in Chicago and its suburbs, had its beginning almost through an accident.

Finally Lost Heart.

A little party of Swedish immigrants from West Gotland, Sweden, arrived in Chicago in the summer of 1852. They were bound for Sheboygan, Wis., and continued their journey by boat to that place. Upon arrival there, however, they were unable to find any one who understood their languages or who would offer assistance. For two days the homeless immigrants remained on the docks with their wives and children.

Finally they lost heart. A council was held and it was decided to return to Chicago. They found some Norwegians upon their arrival and were aided in getting homes and employment. Cholera was raging in the city at the time and many of the new arrivals fell victims to the dread disease, depleting their ranks until but few remained.

Growth of the Synod.

The little congregation of sixty-four members sent a request to Sweden for a pastor and in response to their petition Rev. Erland Carlsson crossed the ocean to labor among his poor countrymen. For twenty-two years he toiled in Chicago and helped to lay the foundation for the numerous other Swedish Lutheran churches, which afterwards sprang up.

At the time of its organization the synod consisted of thirty-six congregations, with seventeen pastors and 3,753 members. The latest statistics show that there are now 1,992 congregations with a membership of more than a quarter of a million. The total value of the church properties of the synod reaches \$8,077,862. In addition to this the synod has nine colleges in different parts of the country nineteen charitable institutions, and a prosperous book concern located in Rock Island.

Not a day but that some home is made happy By the addition of a fine Piano from this sale.

The Cable Piano Co's Factory Sale

TIME IS GROWING SHORT YOU MUST QUICKLY

Opens the Way to the Ownership of a High Grade Piano at the Price of an Ordinary Instrument.

The largest manufacturers of pianos and inner-player pianos in existence. Branch stores in the leading cities of the United States, agencies in every part of the civilized world.

The Optimist's Corner

Daily Helps to Health and Happiness

By GEORGE F. BUTLER, A. M., M. D.

Direct gymnastics for the lungs, to increase their capacity and elasticity, are almost a safeguard against consumption if taken in time. People with weak lungs should stand erect in a well-ventilated room, place the hands on the hips and take long, deep, slow breaths, varying the rhythm, and at times taking short, jerky breaths for variety. The breath should be drawn through the nose.

The following exercises are valuable:

Slowly raise the arms from the sides until they meet above the head, breathing deeply. Breathe out while slowly lowering.

Raise the arms in front; carry them as far back as possible; then down. Breathe as before. Slowly rise upon the toes, breathing deeply.

Extend the arms in front; carry one leg back as far as possible.

Lie on the back; raise the arms backward and over the head, while breathing deeply.

People with plenty of lung capacity can stand even bad air without suffering. It is well known that women whose lung capacity is interfered with by corsets are much more apt to faint in close, ill-ventilated rooms than men. Persons accustomed to active physical exercise have so strengthened their vital capacity that they are not only less liable to counteract disease, but better able to throw it off should they be afflicted.

Cost of Living.

"I've got to get a new butcher," fumed the distracted boarding house keeper. "This is the third time he's sent me veal to make chicken salad with, and forgotten to mix a few feathers with it!"

No Power in Itself. The bell never rings itself; unless some one handles or moves it, it is dumb.—Plautus.

DR. JEAN CHARCOT.

Frenchman Who Discovered 120 Miles of New Land at South Pole.

Too Much Impressed.

A throat specialist in Bethany, according to the Clipper, used a laryngoscope on a nervous woman patient and remarked: "You would be surprised to know how far we can see with this instrument." As he was about to place the instrument in her throat she apologized for a hole in her stocking.—Atlanta Constitution.

Appropriate.

An old dandy, plodding along a country road with a frazzled looking mule, was asked what the mule's name was. "I call him Trust," he replied, "because he kin take no' abuse an' pay less attention to it dan any animal dey is."

Large Exports of Ostrich Feathers. Ostrich feathers to the value of £1,738,389 have been exported from the Cape of Good Hope in one year.

Mother-of-Pearl.

The mother-of-pearl is obtained from a large species of shellfish called caesque, caught chiefly on the shores of the island of Poulo-Condor.

A GOLDEN OPPORTUNITY!

Our Record-Breaking Clearance Sale of **PIANOS**

Finest New Pianos Sacrificed!

We realize that only sensationally low prices will avail to move your Piano purchase. Don't hesitating deep cuts in prices. Now is your chance to save \$50 to \$150 on this stock quickly and we are makate, but come at once and be convinced that this is the opportunity you have long waited for.

At our remarkably low prices these Pianos will go quickly. You must come without delay if you want to profit by this sale. Only our imperative need for a quick clearance could make such low prices possible. COME NOW AND SAVE MONEY!

\$10 Sends a Piano to your home at once : : : **\$6** or more monthly will pay for it.

Remember, you are not restricted in choice to one or two makes when you come here. MAIZE IS NOT THE CAUSE OF PELLAGRA

London, May 18.—Dr. Sambon, a member of the field committee which has been investigating the disease pellagra, telegraphs from Rome that the committee has definitely proved that maize is not the cause of pellagra, but that the parasitic conveyor of the disease is the "stimulum repantia," a species of biting gnats.

CHAMPION COW IS CLAIMED BY MISSOURI

Columb, Mo., May 18.—Chief Josephine, the Holstein at the state farm, gave ninety-eight pounds of milk yesterday and has been averaging ninety pounds a day since her tests began. It is claimed she will prove the champion milk producer of the world.

His Success Due To Hard Work, Says Walsh

White Sox Star Twirler Declares Study and Thinking Made Him Winner

(Copyright, 1910, by Joseph B. Bowles.)

Study and thinking and hard work brought me such success as I have had. When I came into the business I knew little about pitching, and a strong arm and Comiskey's confidence in me were all that kept me even on the bench.

I realized from the first that I had a hard fight, for there were good pitchers, and smart pitchers, on the team, and I was a raw, green boy. For three years I sat on the bench watching the good pitchers work. There never was an inning, either in practice or during a game, that I was not working and working hard. I watched every move the pitchers made, saw how they pitched to certain batters, studied the batters as they came along, and by watching how different pitchers pitched to them I began to learn things. Every time a pitcher came along and did something that I thought would help me I studied out how he did it. Many mornings, before the rest of the club came out to practice, I would get a ball and go to work hard, trying to learn the trick I had seen some other fellow pull off. I think it took me three years to get my balk motion, and to perfect it so honest umpires cannot call it a balk. I learned that trick from Clark Griffith, and I used to creep around the fence back of first base and sit there, studying how Griffith moved when he made his motion. No one knew what I was up to. I was a bum pitcher, and one morning in practice I was pitching to batters, and just for practice I tried the motion a few times. Comiskey came running over to me and had me do it again. Then he had me do it again, and that afternoon I went in to pitch, and became a pitcher instead of a bench warmer.

I have seen lots of pitchers better than I was come up and go back because they would not study the game the way I was compelled to do it. I had to work hard to get a good spit ball, although pitching it came natural

EDWARD WALSH

for me. After I learned it and got it under control I worked for long weeks teaching it to do tricks. Then I was ready. It took three solid years of hard work and waiting and study to make me a pitcher. If I had not been willing and ambitious to stay up in the business I still would be shooting around the minor leagues.

That is the way a ball player must do if he is going to get above the average in the profession. I write this because I think some of the young fellows do not understand the importance of working and constant studying of every part of the game. I want to say, too, that the period of working and studying helped to develop me as a man as well as a ball player.

A player must put all his heart and all his brain as well as his feet and hands into the battle, and work all the time. If his heart and mind are not in the game, he is not a winner. A fellow must forget everything except that ball game, that one batter who may turn it, and think and work to win and keep up with the progress of the game.

Torturing eczema spreads its burning area every day. Doan's Ointment quickly stops its spreading, instantly relieves the itching, cures it permanently. At any drug store.

JUDGE FLANNIGAN NOT LENIENT TO SALOONISERS

Fines Two Ishpeming Liquor Dealers \$100 and \$125, Respectively and Lectures Them.

Marquette Mining Journal: Judge R. C. Flannigan has made no announcement of what his policy will be in relation to men convicted of violations of the liquor law, but those who were present in the court room yesterday afternoon, shortly after 2 o'clock, had no trouble arriving at the conclusion that he is determined to inspire a wholesome respect for the liquor law by landing hard on all delinquents.

Charles Coveaugh, an Ishpeming saloon man who pleaded guilty to the offense of selling on Sunday, was fined \$100 and charged \$7.50 costs of court. Wilfred Rock, a bartender in an Ishpeming saloon, who entered a plea of nolle contendere to a charge of selling liquor to a minor, was fined \$125 and \$10.50 costs.

Both these fines, Judge Flannigan said, he considered but reasonable penalties, considering the nature of the offenses, and the intimation was plain that any saloon man appearing before him a second time would get a jail sentence, in addition to forfeiting the right to continue in the business.

The fines imposed were among the largest ever levied against saloon men in the Marquette county court. Judge Flannigan's predecessor was accustomed to fix "twenty-five dollars and costs" as a punishment for a first infraction of the liquor law.

Judge Lectures Coveaugh.
"After all the agitation we have had about local option and the regulation of the liquor traffic," Judge Flannigan said, addressing Coveaugh, "it is a matter of deep regret to find men arraigned in this court for violating the liquor law. During the session of the legislature last year and during the local option campaigns the saloon men and their friends were profuse in their promises that the law would be strictly observed and all the regulations imposed by it lived up to. It is saddening to find these promises so soon broken. Now the law must be observed. The communities are entitled to protection against the law breakers. The

MISSING MAN MAY HAVE BEEN SLAIN

Marinette, Wis., May 18.—Leo Winkler, a timber cruiser of Middle Inlet, is missing and a search of four or five days in the woods has failed to locate him. There are rumors of murder and officers have left to make an investigation.

The man suspected of the murder of Winkler is John McVane of Lake Nobeque. He came here Tuesday to demand protection. He said he was in danger of being killed at the lake because people suspected him of doing away with Winkler. The latter's wife was here Tuesday and asked for a warrant for McVane.

Sunday it is said that Winkler's cow strayed onto the premises of McVane. When Winkler came after his cow, it is said that McVane demanded fifty cents for the damage done. This Winkler is said to have refused to pay.

He has not been seen since that time, although the woods in the surrounding districts have been searched for the last three or four days by a party of fifteen men.

GEN. WOOD GETS A CORDIAL WELCOME

Buenos Ayres, May 18.—Major General Leonard Wood, sent by the United States as its representative at the centennial celebration of Argentina, has arrived here on the cruiser Montana. Other warships commissioned for the celebration are the cruisers Tennessee, South Dakota and North Carolina and the scout cruiser Chester. General Wood was given a most cordial reception.

STUDENTS TO MAKE BONFIRE OF HATS

Ann Arbor, Mich., May 18.—Between four hundred and five hundred dollars worth of headgear will be fed to the flames Friday evening when the university's freshmen will cast their emblems of verandacy, the little gray "peanut shells" they wear, into a huge bonfire. For next Friday is "cap night," the most interesting college event of the entire year which is annually proven when nearly ten thousand students and townspeople gather.

Yes; the Merchant Who Advertises Can AFFORD to Sell It For LESS.

No matter what the article is, unless it should be something whose selling price is as fixed as that of a postage stamp, the merchant who is an enterprise advertiser is sure to sell it for less than the merchant who does not advertise.

For, in spite of his advantages in buying--buying in large quantities, for cash or short credit, taking instant advantage of buying OPPORTUNITIES--his selling-advantage is the decisive factor. For he is enabled to count his profits on a large aggregate of sales--not compelled to secure them from a FEW SALES, for he would then be taxing a small number of customers with the entire support of his business.

A store that makes a net profit of \$100 in a day from sales to three hundred customers, is sure to sell to each of those customers on a closer margin of profit than is the non-advertising store that is COMPELLED to make enough to cover a daily expense of \$50 out of sales made to fifty customers.

If you are one of the 300 daily customers of the merchant who advertises, you are paying but one three hundredth part of his store-profits on the days you buy. If you are one of the fifty daily customers of the non-advertising merchant, you are paying one fiftieth of his profits.

If you are fairly "good at figures" you will quickly convince yourself that you ought to buy advertised things!

Our Daily Short Story

Candied Fruits

By ARTHUR BINGHAM

Copyright, 1910, by American Press Association.

When I started to practice medicine there was one admonition laid down by the gentleman who delivered the final address to our class when we were graduated that had greatly impressed me. It was this:

"Remember that mind has a great effect over matter. Therefore try to detract so far as possible from the terror your patients naturally have for you as practitioners. Above all things, preserve a cheerful exterior. The more hopeless a case appears to you the more hopeful appear to be, for by giving way to your anticipations you lessen the patient's chances for recovery, and you may be wrong in your prognosis. Do not force patients to take your remedies if it can possibly be avoided. Rather persuade them or lull them. Remedies taken against a patient's will are apt not to act as remedies. Better a prescription of something to divert the attention from the disease than fix it on that disease by unwelcome doses."

It seemed to me that there was a lot of common sense in this advice, and I cut it out of the printed address and pasted it within my writing desk in order that whenever I opened the desk I saw the injunction staring me in the face, so that it was impossible for me to forget it. I truly believe I would have built up a large practice by observing it had not that very observation of it on one occasion led to my leaving the profession.

I had been practicing but a short time when, returning to my office one day, I found a note from a stranger stating that a member of his family needed treatment, but was much averse to receiving a visit from a physician or taking remedies. He suggested that I call without the patient's knowing that I was a physician and studying the case without asking for symptoms after the stereotyped medical fashion.

This, owing to the rule I had laid down, was very easy for me. I went to the house, rang the bell and was admitted to the drawing room, where I was received by a very thin woman who did not appear to know my errand, so I told her of the note that had been left at my office. She seemed to show an understanding me—at any rate, for some reason, did not respond very freely, making vague remarks such as "Just so," "A doctor?" "I'll see," indicating that she had not been admitted to the confidence of the person who had asked me to call.

The lady went out of the room and, presently returning, asked me to walk

upstairs. I did so and was ushered into a boudoir where sat a girl who but for a slight paleness did not appear in bad health. She was not even in dishabille; but, the older woman having left me with her, it was evident that she was the patient. I went in armed with my cheery smile, took the girl's hand as a matter of civility, thereby getting her pulse—it beat a trifle quicker than normal—sat down by her, said something to make her laugh and saw that her tongue was slightly coated. In this fashion I rattled on, telling her stories and interesting her until I had secured her confidence and a predisposition in my favor. Then I said abruptly:

"But you're not looking very well today."

Then she told me that her back was troubling her and she slept badly and mentioned symptoms that indicated to me a condition very common and for which there were a number of simple remedies. When I went away I told her that I would send her a box of candied fruit, a few of which I thought she would like every day. Then I left her to have some medicine I intended for her divided between half a dozen real candied fruits and sent them to her with my compliments. I called again soon and asked the lady who had received me how she had managed to impose upon the young lady that I was not a doctor; that it was important that I should know what story she had told in order that what I should say would tally with it. She told me not to worry about that; she had given a good reason for my calls. I asked her if I was to see the person who had left word at my office for me to treat the young lady, and she said he was away and would be away several weeks.

By the time he returned I had made love to my patient, and she had responded favorably. Indeed, she sent me to him—a mere form, she said—being her uncle, to ask for her hand. I did so, announcing myself as the physician he had asked to treat a member of his family.

"Well," he asked, "did you pull the wool over the old girl's eyes?" I didn't understand what he meant by the "old" girl, but I replied that I had succeeded admirably. I went on, but when I said something about the young lady he interrupted me.

"Young lady be hanged! She's fifty-five."

It came out that the elderly woman was my intended patient. I had given myself away to her at my entrance, and she had taken me to see the young lady, asking her to act in her stead. The girl from pure mischief consented to do so, but there were two of us hoist by our own petard. The two older ones were brother and sister; the girl was their niece, an orphan and possessing a fortune. I married her, and she preferred that I devote myself to taking care of her property rather than sending patients candied fruits.

to inculcate in the children a taste for nature study and believe that this is the best way to do it.

In the higher grade of the kindergarten work the children will take up the feeding of caterpillars and the study of the habits of crickets and spiders. The report in which the stranger roster of kindergarten pupils is suggested says:

"The kindergarten should aim to develop the sense of delight in nature and of interesting plays with nature material, also the sense of affectionate kinship for all living things."

EIGHT OCCUPANTS TO EACH ROOM

New York, May 18.—The census enumerator at Passaic, N. J., who found a house in which 350 persons lived by day and night shifts, thought he had made a discovery, but he must give way to another enumerator who reported even worse conditions. Another house in Passaic shelters twelve families numbering, with the boarders, 292 souls, and all either infants or day workers, so that they all sleep there at night. In the house the average number of occupants to each room is eight and one-ninth, including the kitchen.

MENOMINEE LOSES A GOOD CITIZEN

George P. Eisman, for many years a prominent lumberman of Menominee, identified with the J. W. Wells Lumber company, has left for Portland, Oregon, where he will make his future home. He has taken his family first to Ann Arbor, where they will visit Mrs. Eisman's relatives for a month. During his long residence at Menominee Mr. Eisman has been one of the foremost movers in school work in the city. For many years he was a member of the board of education. He was also treasurer of the Presbyterian church, a prominent Mason and identified with various business interests in the city. Mr. Eisman will continue in the lumber trade.

CHURCH SUPPLANTS APOSTLES' CREED

New Haven Conn., May 18.—The new declaration of faith for the Center Church (Congregational), which recently dropped the apostles creed, has been completed and will be submitted by Rev. Q. E. Maurer, the pastor, and the board of deacons to the voting members of the church, and also the Davenport church, which is about to merge with the Center Church. The covenant to which the candidate for membership assents is as follows:

"In the presence of God and men I heartily confess Jesus Christ as Master and Lord, and solemnly consecrate myself, as His disciple, to the service of the Father Almighty, whom He has revealed. And trusting in Gods spirit to confirm and strengthen me in all goodness, I will strive to do His holy will and to walk with my fellow men, everywhere, in love and peace of our Lord Jesus Christ.

The pastor then adds: "And do now cordially join yourself to the church of Christ, and promise, with God's help, to walk with it in the ordinances of the gospel and to pray and labor for its increase, purity and peace? Do you now take upon yourself this covenant?"

INSECTS AND ANIMALS ADMITTED TO SCHOOL

Chicago, May 18.—Kittens, puppies, pigeons, rabbits, chickens, squirrels, guinea pigs, Japanese mice, white rats tadpoles, frogs, birds, bugs and bees are some of the new pupils that a committee of principals and district superintendents appointed by Supt. Mrs. Ella Flag Young has decided to admit to the Chicago public schools.

The school authorities have decided to give the youngsters of the primary grades this strange conglomeration of school companions. They want

LET DREAMS COME TRUE

BOY SHOULD NOT BE TOLD HOW BAD HE IS

(By Associated Press.)

St. Louis, Mo. May 18.—"Do not tell a child how bad you think him," said E. F. Gardner, Superintendent of the Sockanosset School for Boys, of Howard, R. I., in an address on Industrial Training in State Schools, before the seventh annual session of the National Conference of Education of Backward, Truant, Delinquent and Dependent Children which is in session here. "Rather show him how useful he can become. I had him to think that good is expected from everyone and that he amounts to something."

The speaker defined the state industrial school as an institution provided and supported by the state for the care and instruction of delinquent children sent there by the authorities for cause, and whose object it is, to fit them as useful, law-abiding citizens independent of the condition that was their undoing.

This conference is the forerunner of the National Conference of Charities and Correction which will begin its sessions here tomorrow.

STONE CUTTER MAYOR IS "ONTO HIS JOB"

Boston, May 18.—Mayor Charles J. French, the stone-cutter mayor of Concord, N. H., has stirred up a sensation in New Hampshire's capital by sending out cards soliciting business customers to call in his office in the city hall when they happen to want to order tombstones or have any stone-cutting work done.

Mayor French, however, may be found every week-day forenoon in overalls and jumper, with leather apron, busily engaged in pursuing his vocation of stone-cutter at his place of business in Concord.

His life is in reality a dual existence. One half of each day he is occupied with chisel and sledge, cutting out names in his stone-cutting yard. At noon he goes home to dinner, changes his clothes, and then goes down to the mayor's office.

French's salary as mayor is \$1,000 a year. He has been a stone-cutter for thirty-five years.

COLLECTOR WILL RATE P. I. CIGARS

Manilla, May 18.—At the request of the Manilla Tobacco association, unanimously expressed, the collector of internal revenue has undertaken to regulate the exportation of cigars to the United States in the quality ratios agreed on by the tobacco interests. According to the understanding each shipment must contain high grade tobacco to a proportion of not less than 35 per cent. The low grades are limited to 15 per cent and the mediums to from 50 to 60 per cent of the whole.

COUNTIES GET MORE THAN TAXES PAID

Lansing, Mich., May 18.—Auditor General Fuller has been making a comparison of the amount of primary school money apportioned this spring to the several counties, with the amount of state taxes they paid into the state. He says that a majority of the counties received more primary money than they paid in state taxes. The state treasury will start sending out the primary school money the first of next week.

SUSPECT DESIGN ON PART OF SOO ROAD

Superior, Wis., May 18.—Notwithstanding the fact that the city served notice on the Soo that it would not be allowed to build its ore line through the city without getting a permit, the road has already done a large amount of preliminary work just outside the city limits and this fact is likely to lead to trouble. The objection is made that the work done so far leads up to a point where the line would be about 400 feet away from the Great Northern.

The Soo wants to keep that distance off from there to the point where it curves toward the site of the ore dock, going through the territory which has caused the dispute with the city. Property owners now claim that they see in the Soo's move a deep design. Between the tracks will be a strip of property rendered almost worthless for residence purposes, much of it now being residence property. It is suspected that the Soo would like later on to buy this strip cheap for ore yard purposes. This is likely to add another objection to the one already filed against the Soo cutting up the residence district of the city by its arbitrary choice of a route to its dock.

FEARS COMET AND DIGS BIG CAVE

Council Bluffs, Ia., May 18.—John Marlow, a farmer near this city, is so convinced that Halley's comet will spread death and destruction on the earth that he is digging a cave in which he and his family will take refuge at the time the earth is passing through the tail of the comet. This feature of the cave is an airtight door by which he expects to keep out the poisonous atmosphere. In addition to himself and his family he will take two horses, two cows, a dog, a cat and a number of chickens into the cave.

WILL TAKE LONG TRIP ON HORSEBACK

Muskogee, Okla., May 18.—Captain Harry Hicks, a noted scout, will leave Muskogee about June 1 for a second horseback trip around the world. He will ride from here to San Francisco, sell his horse and board an ocean liner. Across the sea he will buy another horse and continue his journey, making his way by lecturing and giving exhibitions of fancy shooting.

Hicks' former trip occupied three years. Hicks was a rough rider and commanded Troop K under Colonel Roosevelt in Cuba.

MEETING OF THE MINING INSTITUTE

The annual meeting of the Lake Superior Mining Institute will this year be held August 24, 25 and 26. The members, it is expected, will assemble on the Gogebic range. The program will likely include a side trip to the new plants of the steel corporation at Gary, Ind.

Fortune's Opportunities.

There is a supreme moment in your life when, by a bold stroke, you may change it all. There is a day when you stand where the road forks; one way leads up to the heights, the other runs through dust and strife to a miserable grave.

Insuring Secrecy for Voters.

In Chile and in many of the Swiss cantons the voting paper, for greater secrecy, is enclosed in an envelope before it is deposited in the ballot box, while in Italy and Spain the urn, or box, is transparent.

Impressed.

"What impressed you most, the pyramids of Egypt or the pagodas of China?" "Oh, I don't know. They both made good backgrounds for photographs of our party."

Forced Virtue.

The trouble with scolding a man into being good is that it takes so much time to keep the thrills going—Atchison Globe.

That New Suit is a Part of Your Business Expense

To neglect it is to neglect your business. To make the old one "do" is not the way you do business **OTHERWISE.**

YOU and your business interests are not often **SEPARATED.** And the impression your clothes give is the impression **YOU** give. Don't allow that impression to "hurt business"—for it might just as well **HELP** business.

C. FLAGSTADT.

WILL CHANGE ROUTE OF ITS STEAMERS

The Green Bay Transportation company has issued a notice that it will change the route of its boats this season. For three seasons past the company has operated a semi-weekly boat between Green Bay and the Soo, stopping at all local points on the run. It was one of the most delightful excursion trips on the upper lakes.

This year the company will send boats only to Mackinaw. Starting at Green Bay the steamers will make Sturgeon Bay, Marinette and Menominee, Fish Creek, Ephraim, Washington Island, Escanaba, Gladstone, Manistique, historic St. James and Beaver Island where King Strang ruled a Mormon colony in the 40's, on to Petoskey and Harbor Springs, and thence to picturesque Mackinaw Island and St. Ignace.

The trip affords a delightful Lake Michigan cruise, the boats being in sight of land nearly all the time, and visiting scores of interesting places and carrying the excursionists for days in sight of the most picturesque scenes on the northern end of Lake Michigan.

A DIFFERENT KIND.

Automobile Notes.

IMPROVEMENT OF THE AUTO.
Increase of Reliability Most Important Change.

LOW PRICE CARS ABUNDANT.

Heaviest Demand Is For Cheap Machine, Which Means Subsequent Demand For Better Car—New Non-skid Tire Grip.

The principal improvement that has been made in the automobile during the past five years has been a tremendous increase in its reliability. This has been brought about by the consistent development of the various power and power transmitting elements into a logical road vehicle.

In general design the automobile of today is a development of the foreign automobile of five years ago, except that the six cylinder engine has become practically standard. The designer has made a constant effort—

- First, to increase reliability.
- Second, to simplify design.
- Third, to discard delicate mechanisms.
- Fourth, to eliminate interlock devices.
- Fifth, to reduce weight through use of better materials.
- Sixth, to reduce cost of maintenance for fuel, lubrication and repairs.
- Seventh, to make the passenger more comfortable through good spring suspension and suitable design of bodies.

The one factor which has perhaps most of all assisted the development of the automobile has been the production of reasonable cost of steels that are exceptionally strong. Closely linked to this development of better steels has come the development of the annular ball bearing, which has helped to increase reliability.

In the designing of a modern motor-car plain bearings are proportioned to have long life, all bearings are of liberal sizes for the loads thrown upon them, axle strengths are in proper ratio to the weights to be carried, and in a general way the present day automobile is a combination of parts that are logically designed to take the working stresses, so that today when a man purchases a motor-car he can expect so many thousands of miles of use with practically no repairs and he can almost know in advance the total mileage that his car, if given reasonable care, will cover.

This most markedly shows the difference between the present day conditions and those five years ago, for in those times the start of a run might be joyful, but the flush was doubtful. Low priced cars are being produced in abundance, thus giving the owner of moderate means an opportunity to own an automobile. The heaviest demand is for the cheap car, and this means a subsequent demand for a better car, because in most cases the owner of a car of this class finds himself able and anxious later to own a better car. Like the owner of a heavy machine, he also seeks economy by pur-

chasing the moderate sized car of quality.

The uses of the motor-car are being extended rapidly in all directions, and roads are being made better everywhere because the necessity of the motor-car is becoming greater in everyday business on the farm and in the town or city. From every locality in the United States there seems to be a good demand for automobiles, and every indication points to a substantial and satisfactory business for 1910.

New Non-skid Tire Grip.

When the elements or other conditions make the streets slippery, they are dangerous for the automobilist, one's thoughts naturally run to some safety device, some protection against skidding. A non-skid solid tire grip is the proper protection. The one shown in the illustration is made of two principal parts. One of these consists of two pieces with one tread member and one piece with two tread members. These are joined by a rivet-

ed swing connection, enabling them to be folded up and packed in a small space. Hooks and plates are attached to each end to form bolted connections. In applying the pieces with the single tread the members are connected together by bolting the plates. They are then slipped over the tire with the connection inside at the top, bringing the riveted swing joints on the inside. The second connection is made by bringing the plates together at the bottom, using the hammer if necessary and pulling the tool until the tension is secured and then fastening with bolts and nuts.

OLDEST ELK MUST HAVE A BLACKTHORN

Owosso, Mich., May 18.—Uncle Dan O'Connell, aged 105 years the oldest Elk in the world; has thrown Owosso lodge of Elks into confusion by announcing with all the determination of his century of years that he will not consent to attend the Elks convention in Detroit this summer unless he can carry with him a genuine blackthorn stick from "the old sod."

No cheap imitations will go. Uncle Dan insists on a real blackthorn like the girthy sports in old Ireland, or Ol shtays at home, that's all." So local Elks are scurrying in a search for the real article from Erin.

Want ad-answering journeys are NEVER WHOLLY unprofitable; and occasionally, they end in golden good

GETS A "WINDFALL" ON HIS BIRTHDAY

Ellwood, Ind., May 18.—Charles Fulwiler was thirty five years old a few days ago, but whether that had anything to do with the "money shower" that he encountered while taking a walk is not known.

Fulwiler was wandering along the street when a green piece of paper fluttered in his face. It dropped down and lodged on his foot. He picked it up and discovered that it was a crisp new \$10 bill. Looking up in the air he noticed that the brisk wind was blowing another green piece of paper around, and he chased it down to find that it was a five dollar bill.

As there are no houses at that point from whose windows it might have blown, and the bills had specks of yellow clay adhering to them, the finder thinks that they must have been carried a long way by the wind.

TIED HIS OWN BODY TO SHORE

Port Collins, Col., May 18.—Secured by fishing lines to a pier, the body of James K. Cave, aged seventy-seven, years, was found in Lindenmeier lake. Despondency due to ill health was the cause of his suicide. In order that the body might be found, Cave had attached one fishing line to his hat, another to his coat, and a third was tied about his neck.

The aged man left his gold watch in the office of his son Fred, with a note reading: "I give you my watch; keep it." He leaves a widow three sons and three daughters.

MAKES WORK EASY.

Escanaba People Are Pleased to Learn How It is Done. It's pretty hard to attend to duties. With a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ail. M. Brown, 406 S. Jennie St., Escanaba, Mich., says: "About two years ago I began to suffer from pains in the lower part of my back and after a hard day's work, I was so lame that I could scarcely straighten. In the morning upon arising, I felt lame and sore and the kidney secretions were often scant. A friend advised me to try Doan's Kidney Pills and I accordingly procured a box at the Mead Drug Co. My kidneys were soon strengthened through their use and the pains in my back were disposed of. Recently when I had a return of pain, I again used Doan's Kidney Pills and I feel as if I derived from this great benefit I derived from them."

Jordan's Wax Oil Polish.

It is a fluid preparation, and is applied with a CLOTH. It is not a varnish, it is not sticky, and will not gum or leave a deposit, no matter how often used. It hides scratches and removes white alcoholic, dust, mould, and gray spots. It restores lustre and brings out the grain of wood-work, and prevents warping and splintering. It is intended for general house cleaning and can be used as often as desired. IT IS HYGIENIC, as it removes and destroys, any lurking disease germs. IT IS ECONOMICAL, as a small quantity will keep your home looking sleek and span. IT IS FOR USE ON Floors: Varnished, Shellaced, Waxed, Stained or new; Furniture, Front Doors, Vestibules, Wainscoting, Pianos, Bronzes, Iron Work, Linoleum, Bowling Alleys, Bar and Table Tops. All Hardwood and Varnished Surfaces, etc.

ABOUT THE TOWN

You can always find just what you want in fresh fruits and vegetables at O. G. CHAMPLINS.

William McNaughton of Oshkosh visited with relatives and transacted business in Escanaba yesterday.

THE BANTO vacuum cleaner. Don't buy until it has been tried by you in your house. J. B. WILKINSON will tell you all about it.

According to The Marinette Eagle-Star, Mrs. Fred Carney Jr. is confined to her home in Marinette by illness, having been taken ill Sunday evening. Mrs. Carney is a daughter of Mrs. Mary Carroll of this city.

The strawberry season finds us close to the best shippers in Chicago. You will get the best berries at CHAMPLINS.

On account, it is supposed, of the heavy rain storm, the dance given in Clark's hall last night by the Barbers' union was not largely attended. Those present had a fine time, however. The ideal orchestra furnished the dance music and it was of excellent quality. Luck broke against the barbers this time, but they are not discouraged and will no doubt get back into the success column with their next dance.

A fine line of NEOPOLITAN HATS just received at Mrs. L. A. Kaufman's.

At the meeting of the common council last evening the liquor bonds of Arthur Juttner of Menominee were approved and the application of Victor Groth for a liquor license was accepted. The application of August Chartrand for a similar license was laid over, the acceptance of Groth's application having filled the quota of saloons—eighty-two—to which Escanaba will be entitled this year.

JONES' STRAWBERRIES are fine. Commence the season, if you haven't done so already, with a nice rich STRAWBERRY shortcake.

Mr. and Mrs. Hugh O. Brotherton are today mourning the loss of their boy baby, born to them last Sunday. The child died early this morning and was buried this afternoon in St. Joseph's cemetery, the funeral being held from St. Patrick's church. The baby had been ill since its birth.

C. H. JONES has delicious and healthful fresh fruits and vegetables.

W. W. Longfellow of Green Bay was in the city on business today.

HAIR GOODS, all the latest novelties including turbans, braids, switches and puffs at Mrs. L. A. Kaufman's.

The remains of Alexander Chamberlain, who died at the Delta county almshouse early yesterday morning, were given burial in Lakeview cemetery late yesterday afternoon. No relatives or friends of the dead man were found to arrange for the disposition of his body and it was buried at the expense of the county.

JONES URGES you to eat plentifully and freely of healthful and delicious fresh fruits and vegetables. Most alluring array in town.

WEDDING RINGS all sizes and shapes at H. M. STEVENSON CO. Jewelers.

No. 2 hose house of the fire department is to have its interior repainted and renovated generally. At the meeting of the common council last evening the firemen stationed at that house were authorized to purchase the necessary materials and do the improvement work themselves.

FOR THE GOOD OF YOUR HEALTH and for the promotion of your appetite and incidentally to boom our business, we ask you to buy your fruits at our store, JONES.

In order to afford police protection at South park during the time ball games are in progress, James Patton, vice president of the Escanaba Baseball club, has been sworn in as a special deputy sheriff with full power to make arrests if necessary. Sheriff Aronson and Under Sheriff Curran will also be on the peace preserving job when needed.

The ladies of the German Lutheran Emanuel church will hold a pantry sale at Schwartz's meat market all day Saturday. Everything in the line of baked goods will be displayed. 140.

WEDDING GIFTS at the jewelry store of the H. M. STEVENSON CO.

The Delta Dancing club has issued invitations for a dancing party to be held in Clark's hall next Monday evening.

DAY or NIGHT automobile service at reasonable rates. Charles Bellstrom, phone 1653.

Supt. F. D. Davis, head of the Escanaba public school system, has returned from a business visit in Duluth, Minn.

THE WOMAN who promptly writes a want adv., when there's room for another in the boarding house, has learned one of the valuable lessons of practical life.

B. F. Silverman transacted business at luncheon yesterday and today.

EVERY BOTTLE of wine, liquor or non-intoxicant in our store is strictly guaranteed under the pure food law. DELTA COUNTY LIQUOR STORE.

During the rain storm that swept over Escanaba and vicinity Monday night and Tuesday nearly an inch of water fell. The rain was of great benefit all around.

For the entertainment of his patrons, Sylvester Denter has just installed one of the famous Wurflitzer orchestras in his Blue Ribbon saloon. Call up PETERSON'S GARAGE 1653 for any kind of an automobile by the day or hour. Reasonable rates.

The Students' Dancing club is organizing an orchestra and will engage a competent musician to lead and conduct the rehearsals. The orchestra will furnish the music for parties to be given by the Students' Dancing club.

St. Agnes' guild of St. Stephen's Episcopal church held its regular meeting last evening at the home of Rev. and Mrs. E. E. Williams.

Mr. and Mrs. Harry Lohmiller are both confined to their home by illness. P. N. Peterson has been named clerk of election in the Fifth ward to serve at next Monday's charter election in place of John Follo, who will not be able to serve.

VACANCY ON POLICE FORCE IS FILLED

At the council meeting last night the vacancy caused in the police force by the recent appointment of Andrew Iverson to the position of chief of police was filled by the appointment of Otto Sheriff. The appointment was made by Mayor Greenhoot and unanimously confirmed by the council. Mr. Sheriff is well known and his friends believe he will make a good police officer.

The police department last night presented to the council a petition asking the council to provide each of its members with a uniform each year. The petition was based upon the increased cost of living. No action was taken upon it further than ordering it placed on file.

BISHOP FOX GIVEN AUDIENCE BY POPE

(By Associated Press.) Rome, Italy, May 18.—The pope today gave a private audience to Bishop Fox of Green Bay, Wis., which lasted for nearly two hours. The American bishop has been in the city several days and has made many friends in the American quarter.

WOOD PULP AND PAPER COMING IN

(By Associated Press.) New York, May 18.—The first shipments of wood pulp and print paper ever exported to the United States from Newfoundland was received today. The consignment was shipped in under the new tariff act and consisted of 940 bales of wood pulp and 1607 rolls of print paper.

CITIES TO GET FEDERAL BUILDINGS

(By Associated Press.) Washington, D. C., May 18.—Measures providing for the construction of two new federal buildings were favorably reported today. One is for Brookings, S. D., to cost \$75,000 and the other for Fort Atkinson, Wis., which will only cost \$50,000.

NO LIVES LOST IN BIG HOTEL BLAZE

(By Associated Press.) Phoenix, Ariz., May 18.—The story of the loss of life in the fire which burned the Adams hotel yesterday is considered as unfounded, as no bodies have been discovered in the ruins and no one is missing.

COOKING CLASSES SERVE LUNCHEON

Yesterday noon and today noon Miss Amy R. Gott, head of the domestic science department of the High school entertained the members of the High school faculty at luncheon. Half of the faculty members were guests yesterday and the other half today and they surely did enjoy the spread set before them. Everything included in the luncheon menu was prepared, placed on the tables and served by the pupils of the cooking classes and the result was a most creditable demonstration of an essential part of their cooking school work. Miss Gott and her pupils were made the recipients of many compliments upon the excellence of the dishes prepared for the meal and upon the manner in which they were served.

FORTY-SEVEN MEN DROWN IN RUSSIA

(By Associated Press.) Alexandrovsky, Russia, May 18.—Forty-seven workmen were drowned here today through the upsetting of a boat in which they were trying to ride to work in. The craft was small and not able to carry so large a load.

Property owners to whom the specter of "vacant apartments" is disturbing should qualify quickly as persistent want advertisers.

OFFICIAL FORECAST.
U. S. Department of Agriculture.
WEATHER BUREAU.
Escanaba, Mich., May 18, 1910.
For Escanaba and vicinity:

OLD TIME MINSTRELS AGAIN IN ESCANABA

"Uncle" Davy Pickett and Mrs. Pickett are again in Escanaba and have accepted a few days' engagement at the Daisy theater on Ludington street. The Picketts are regular old time colored minstrel people and give a clever little entertainment along the old fashioned lines. For years they have traveled together and made nearly all the small towns in the north and west. "Uncle" Davy has established a good reputation for honesty and his credit is good when business is not.

For the past two years they have spent most of their time in Western Canada, playing Medicine Hat and at the other towns with freak names located along the Canadian Pacific railroad.

PERU-ECUADOR WAR MAY YET BE AVERTED

(By Associated Press.) Lima, Peru, May 18.—It is reported that the cabinet has decided to accept the proposal of the United States, Brazil and Argentina for joint mediation in the boundary dispute between Peru and Ecuador.

SUGAR FRAUD WEIGHING CASES STARTED TODAY

(By Associated Press.) New York, May 18.—The trial of Charles R. Heike, secretary of the American Sugar Refining company, and five former employees, who were charged with underweighing sugar that had been imported, was started today.

LUMBER SHIPPING IS ACTIVE HEREABOUTS

Yesterday's rain delayed somewhat the lumber shipping activities around the bay, but today lumber is being loaded at several of the ports and it is expected that the lost time can partially be made up.

At Wells the steamer I. Watson Stephenson is loading birch lumber for Chicago and the schooner Grace Filer has cleared with a load of pine for the same port.

The steamer Markham is loading a full cargo of Hemlock at Van's Harbor for Chicago. The schooner Quickstep is taking a cargo of hardwood at Masonville for Chicago and the J. H. Mead is taking a full load of cedar shingles at Ford River for Chicago.

DOESN'T EXPECT ANY COMET JIG TONIGHT

(By Associated Press.) New York, May 18.—Harold Jacoby of the Columbia university will not remain near his telescope tonight during the period of contact between the earth and the comet's tail. He says that he is absolutely convinced that there will be no phenomena worth observing.

Friday night, he says, there will be a brilliant and interesting display, which may be seen over the spot where the sun goes down.

View of the Comet. Chicago, Ill., May 18.—A splendid view of the comet was enjoyed here this morning. It was exceedingly bright and caused many of the people of the city to gaze long and intently at the sky.

REGULARS BEGIN FIGHT ON RAILROAD BILL AMENDMENT.

(By Associated Press.) Washington, D. C., May 18.—The regulars today began a fight on the Smith amendment to the railroad bill which permits the inter-state commerce commission to intervene but continues the national government as defendant. Senator Dolliver of Iowa opened the speaking.

STRIKE AT BETHLEHEM STEEL WORKS IS ENDED

(By Associated Press.) Easton, Pa., May 18.—The big strike at the Bethlehem steel works was declared off today by the strike officials and the strikers today accepted the terms that were offered by the company.

COUNCIL CHILLY TO CHEMIST ORDINANCE

By a Vote of 7 to 5, the Council declines to accept report of Committee Recommending Passage of Ordinance Creating the Office of City Chemist—Details.

By a vote of 7 to 5, the common council last evening declined to accept a report from the ordinance committee which recommended the passage of an ordinance providing for the creation of the office of city chemist and conferred the power of appointing the incumbent thereof upon the mayor, subject to approval of the council.

This action virtually killed the ordinance for the time being as it practically precluded the taking of a vote on the passage of the ordinance itself.

Following the presentation of the committee's report and a motion made by Alderman St. Jacques for its adoption, there was some discussion. In the course of which Mayor Greenhoot told the council members plainly that it was up to them to take decisive action in the matter and that he had had his say on the subject two weeks ago.

When the vote on the acceptance of the committee's report and recommendation was taken the following aldermen voted aye: Shipman, Wickert, Schmidt, St. Jacques and Follo. Those voting nay were: Aldermen McColl, Jaegers, Long, Kirkpatrick, Valentine, Johnson and Nelson.

Immediately following the vote, Alderman Valentine, who was active in his opposition to the adoption of the committee's report, offered a resolution providing that Dr. Arthur J. Carlson be hired to act as city chemist for the coming year at a salary not exceeding \$500 per year for all services rendered the city in that capacity, and moved its adoption.

Alderman St. Jacques moved as an amendment to Alderman Valentine's motion that the resolution be laid over until the next meeting and after some discussion the amendment was carried. This action disposed of further consideration of the matter until the next regular meeting of the common council, when it will come up again on Alderman Valentine's resolution.

ESCANABA TO HAVE CITY BALL LEAGUE

Escanaba is to have a city league of amateur baseball clubs. In fact, the league is already practically organized and will open its season next Sunday with a game at South park between the Continentals and Hoyer's Tip Tops. These teams and the Richters are already members of the league and they invite all other uniformed teams in the city to come in and join them. The Richters will play next Sunday with the Ford River team.

The teams mentioned are all strong amateur ball organizations and should make a success of a city league. It is hoped, however, that more teams will be added to the league membership. If not, the three teams will follow the plan adopted by the Delta County league—that is, while two of the teams are playing together, the extra team will play a game with some independent team.

JOHN A. KASSON IS NO MORE OF EARTH

(By Associated Press.) Washington, D. C., May 18.—John A. Kasson, former United States minister to Austria, died here today. He was eighty-eight years old and one of the best known diplomats of former years. He formerly lived in Iowa and as congressman from that state negotiated several reciprocity treaties.

THOUSANDS VIEW REMAINS OF KING

(By Associated Press.) London, England, May 18.—From six o'clock this morning, when the doors of Westminster hall were opened, a silent, sombre throng have passed through the building to view the remains of the late King Edward, which are lying in state.

It is estimated that at least 100,000 people had filed by the bier up to noon today. When the doors were closed last night it was thought that at least 60,000 people had viewed the remains of the departed monarch and at least that number remained out of doors who were unable to gain admission.

We Welcome Small Deposits

Did you ever stop to think that a hundred small accounts make a bank stronger than a dozen large ones? That is one of our reasons for urging the man of limited means to transact his business with us.

Large accounts are welcome too, for it is our purpose to serve ALL the people.

It matters not what amount of money you have to deposit—we will accept it at this bank. We welcome the small depositor, we extend to him the same consideration and courtesies accorded all of our patrons.

Our customers all know this.

The Escanaba National Bank

Escanaba, Michigan.

THEY DO NOT FORGET THEIR NATIVE LAND

Notwithstanding Bad Weather Conditions, Escanaba Norwegians Turn Out in Large Numbers at Celebration of Norway's Great Day—Fine Program Rendered.

In spite of the unfavorable weather prevailing, the hardy Norsemen of Escanaba turned out in large numbers last evening to celebrate Norway's great Independence day, the 17th of May.

The Unity hall, where the program arranged in celebration of the day was rendered, was taxed to its full capacity, about 300 Norwegians being there. The Sunday school children of the Norwegian Lutheran church marched in a body, with eighty in line, from the church at 6:30 o'clock to Unity hall carrying the American and Norwegian flags.

The program began promptly at eight o'clock. It consisted of appropriate speeches by Dr. E. L. Schou, Mr. Alten and Rev. E. Berntsen, songs by a male octette, vocal solos by Miss Marie Thorsen and John Granæs, a violin solo by O. Thorsen, and the singing of America and a Norwegian folk song by the Sunday school children. It was certainly inspiring when the entire audience arose and sang Norway's great national anthem, "Ja vi elsker." Following the program, refreshments were served. Both young and old were jubilant, for although citizens of another country their hearts still throb with love for their native land.

There was no dancing in connection with the festival, as stated in a morning publication. Those having the celebration in charge believed that such an event would best be observed without that kind of entertainment.
