## TOWN SINGED

PRACTICALLY ALL THE BUSINESS PORTION OF WISTER, OKLA., DESTROYED BY FIRE.

### ONE MAN IS BURNED TO DEATH

After Many Blocks are Reduced to Ruins, Stores and Houses are Dynamited to Check Flames Which Threaten to Wipe Out the Town—Big Summer Hotel on Lake Champlain Destroyed—Fire Attacks Cotton in Hold of Ship—Details.

Fort Smith, Ark., May 26.—Practically the entire business portion of Wister, Okla., fifty miles southwest of here, was destroyed by fire yesterday and last night. One man, whose identity is not established, was burned to death in the Brown hotel, which was destroyed.

The first fire began early and burned seven business houses and three hotels. Several more business blocks were destroyed by fire later.

Fearing that the entire town would be burned, houses and stores were dynamited. The flames were gotten under control at eleven o'clock. The cause of the conflagration is not known.

**Fine Hotel Destroyed.**  
Albany, N. Y., May 26.—The Hotel Champlain, at Bluff Point, on Lake Champlain, was destroyed by fire about two o'clock this morning. It was one of the largest and finest hotels in the region and was to have opened for the summer early in June. The loss is about \$300,000; the insurance \$33,000. The entire fire department of Plattsburgh responded, but was unable to cope with the flames. The cause of the fire was not ascertained, but it is recalled that last year the Delaware & Hudson Railway company lost a fine summer hotel just before the opening of the season by the burning of the Fort William Henry Hotel on Lake George.

**Fire Eats Up Cotton.**  
New York, May 26.—Three hundred and twenty bales of cotton consigned by James A. Patten to spinners abroad burned last night in the hold of the North German Lloyd liner Prinz Friedrich Wilhelm at a pier in Hoboken. The vessel was slightly damaged. The blaze was extinguished by partly flooding the hold. The fire started from an electric spark. The loss is \$24,000. Sixteen firemen were overcome by the dense smoke.

## MISS HARRIMAN WEDS A SCULPTOR

(By Associated Press.)  
New York, May 26.—In a quiet little Episcopal church at Arden, N. Y., Miss Mary Harriman, daughter of the late E. H. Harriman, was married today to Charles Cary Rumsey of Buffalo. The groom is a splendid young fellow and is a sculptor of considerable ability and note.

## WHO'S HEARD OF DOG RAGE IN ESCANABA?

According to the following from The Iron Mountain Gazette of yesterday, a dog race is soon to be pulled off in this city, but thus far The Mirror has been unable to get positive information regarding the event in prospect:

"St Beard was seen to leave via the Chicago & Northwestern passenger with two of his gray hounds which are to be pitted against two gray hounds which a Duluth man is bringing to Escanaba today.

"The hounds owned by Mr. Beard have a record for a pace which the hounds from Duluth will find difficult in defeating."

## FUNERAL SERVICES ARE IMPRESSIVE

Unusually impressive funeral services were conducted over the remains of the late Capt. Daniel J. Norton in St. Patrick's church at nine o'clock this morning. The services included a celebration of solemn requiem high mass by Rev. Father Langan, assisted by Rev. Father Sauriol of this city, Rev. Father Fillion of Flat Rock and Rev. Father Stahl of Bark River. The funeral was very largely attended at the church and the remains were followed to St. Joseph's cemetery, where they received burial, by a large number of mourning relatives and friends of the deceased. The floral tributes were numerous and beautiful. Intimate friends of Captain Norton acted as his pall-bearers. These were: Coleman Nee, James S. Doherty, John O'Meara, Charles Maloney, J. V. Moran and Capt. B. D. Winegar.

## CABLE PIANO CO. TO CLOSE STORE

Announcement is made by the Cable Piano company that on June 4 it will discontinue its store in this city. The store is located at 721 Ludington street and the pianos remaining unsold on the date noted will be shipped to Marquette, where the company also maintains a store. It is also announced that although the store here is to be discontinued, the company will retain a resident manager in Escanaba.

## LOCAL SHRINERS PLAN TO ATTEND

Escanaba Nobles of the Mystic Shrine are beginning to take considerable interest in the forthcoming semi-annual meeting of Ahmeek temple, which is to be held in Marquette on June 22. There are not a few Shriners in this city who are affiliated with Ahmeek temple and most of them always make it a point to attend the semi-annual or annual meetings or pilgrimages across the burning sands. The meeting in prospect is to be one of great ceremony and exceptional interest. It is understood, and therefore many of the Escanaba Shriners are planning to attend.

## FISHERMEN FALL IN GAME WARDENS' NETS

One Who Set His Nets Too Near the Mouth of a River and Another Who Fished From a Motor Boat Without Having a License are Arrested and Each Fined \$10.

Deputy game wardens in Delta county are beginning to make it pretty lively for fishermen who have been making a practice of violating the fish laws of the state.

Tuesday evening, it will be recalled, five fishermen of Nahma township were each fined \$10 and costs for having in their possession and preparing to ship to outside points considerable quantities of immature fish.

Last evening two more fishermen were haled into Justice Linden's court for violation of the law, but their infractions were somewhat different in character. Nick Densen was charged with having set his fishing nets too close to the mouth of the Sturgeon river (the limit is fifty rods) and Thomas Olson was accused of fishing with a motor boat without a license for that kind of fishing.

Both men pleaded guilty and they were fined as noted. In addition to paying the fine Olson paid an additional \$10 for a license which will permit him to fish with a motor boat during the ensuing year.

Both men are residents of Ogontz. The complaint against Densen was preferred by Deputy Game Warden John E. Jackson of this city, while Special Deputy Game Warden J. B. Eddy of Sault Ste Marie swore to the complaint against Olson.

## ANNOUNCEMENT OF WEDDING RECEIVED

Announcements have been received here of the marriage of Miss Helen G. Cyr of this city and John Hutt, formerly of Bark River and Escanaba. The wedding was solemnized at Couer d'Alene, Idaho, on Wednesday, May 18, and Mr. and Mrs. Hutt will make their home in that city. The bride is a daughter of Mrs. Emma Cyr, 419 South Sarah street, and was for a long time one of the popular clerks in the Fair Savings Bank department store. Mr. Hutt was also employed in that store during a large part of the time he lived in Escanaba. He has for some time been located at Couer d'Alene, to which place the young woman who is now his bride went several weeks ago. Escanaba friends of the young couple will be pleased to extend congratulations and best wishes for happiness in their wedded life.

## PETERSON ERECTS NEW BILL BOARDS

P. M. Peterson, manager of Peterson's opera house and general city poster, is this spring expending considerable money in the erection of new bill boards and in the repair of those already in existence. Just now Mr. Peterson has a crew of men erecting a fine galvanized iron bill board at the corner of Ludington and South Mary streets and a similar board has already been put up at the corner of Thomas street and Harrison avenue. The bill board at the corner of Ludington and South Mary streets will be a monster affair, enclosing the north and west sides of the large vacant lot at that corner.

## ELKS TO HAVE BIG MEETING TONIGHT

Members of Escanaba lodge No. 354, Benevolent and Protective Order of Elks, will have a big time at the regular meeting of their lodge this evening. According to a notice issued to members, a large class of candidates will be initiated and after the regular business session luncheon will be served and a smoker held. This will be the last initiation until September and it is hoped that every Elk will be present and make this the largest meeting of the season.

## BASEBALL TODAY'S GAMES:

### NATIONAL LEAGUE

(By Associated Press.)  
At Chicago— R. H. E.  
Philadelphia 0 1 4  
Chicago 2 2 1

Batteries—Kilian and Schmidt; Reising, Walker and Street.  
At New York— R. H. E.  
Chicago 3 13 0  
New York 4 6 2  
Batteries—Scott and Block; Quinn, Criger and Sweeney.  
At Philadelphia— R. H. E.  
St. Louis 3 5 2  
Philadelphia 6 8 2  
Batteries—Bailey and Killifer; Morgan, Livingston and Thomas.

## MAY AND SEPTEMBER WHEAT IN A SLUMP

(By Associated Press.)  
Chicago, Ill., May 26.—During an exciting session of the board of trade today May wheat dropped 5 5/8 cents from last night's quotation and September dropped 4 1/2 cents.

## FRENCH SUBMARINE RAMMED AND SUNK

(By Associated Press.)  
London, Eng., May 26.—A telegram received here today says that a French submarine was rammed and sunk in the English channel today by a mail boat running between Calais and Dover. All on board the submarine were drowned. The craft was the Pluviose and there were twenty-three in the crew.

## ESCANABA MAY HAVE BATH HOUSE

Park Commissioner G. M. Mashek will leave this evening for Milwaukee to inspect some of the public bath houses that the "Cream City" has built along the water front for the use of the residents.

For some time it has been the wish of a majority of the citizens of Escanaba, that the park board would consent to the erection of a bath house on the south shore and Mr. Mashek's trip will be for the purpose of getting information as to cost and maintenance and the plans that Milwaukee has adopted in regard to their bath houses in that city.

A bath house adjacent to the park would be welcomed by a great many people and would meet with instant approval.

## ESCANABA PASTOR ATTENDED MEETING

Rev. A. E. Pearson, pastor of the Swedish M. E. church, has returned from Republic, where he attended the district meeting of the Swedish M. E. church, which was held the last part of last week. At the meeting it was decided to divide the district into two parts, the eastern and the western. Rev. Mr. Sellin of Marinette was elected chairman of the eastern part, which includes Escanaba, Marinette, Menominee, Iron Mountain, Crystal Falls and Carney, while Rev. Mr. Carlson of Ishpeming was elected chairman of district of which Ishpeming is the chief center. Rev. J. A. Anderson of Marinette is superintendent of the entire district, which will hold its next meeting at Wausau, Wis.

## THINK HIGHLY OF ESCANABA TEAM

Menominee Baseball Fans are Anticipating With Pleasure the Going to That City of the Escanaba Baseball Team to Play With the Menominee Team—Hot Rivalry.

Menominee baseball fans are evidently awaiting with considerable pleasure and anticipations of hot doings on the diamond the going to that city of the Escanaba team to play with the Menominee team some time this summer. At least one would think this is the case after reading the following from The Menominee Herald-Leader:

"There will be another Green Bay team up here next Sunday. This time it will be the Bauers of that city, an organization which shut out the White City team in their game there this year. The news that they shut them out is nice sounding stuff and predicts that Menominee and the Bauers will have an interesting time of it when they line up against one another.

"Following the Bauers will come Iron Mountain, Crystal Falls and Escanaba, all the games to be played in this city. The trio make a nice gathering of teams to be met with and all of the contests promise to be most interesting ones. Crystal Falls and Escanaba especially will attract the fans. Crystal Falls is said to be the fastest organization in the upper peninsula outside of one or two of the others, and they are making a big bid for the upper peninsula championship. Escanaba is showing up well in the Delta league, having wiped up the earth with their opponents in most of the games played.

"Another incentive to get the fans out when the Sandy City boys roll in is the fact that Escanaba played an awful close game here last year, which a fat umpire helped them to win. The rivalry has always been intense, and now with both cities possessing the fastest teams in their careers, some game will be pulled off."

## EXCURSION MAY BE LAST ON THE BAY

As briefly announced in The Mirror yesterday, the annual moonlight excursion of the Epworth League of the First M. E. church is to be held next Monday, May 30, when the steamer Lotus will carry the excursionists around Little Bay de Noc. An interesting fact about this excursion is that it will be the first affair of the kind this season and may also be the last on account of the near-by opening of the interurban railway between here and Gladstone.

## DRIVERS SHOULD KEEP TO RIGHT

Chief of Police Iverson is devoting part of his time in seeing the different teamsters and auto drivers and requesting them to do their driving on the right hand side of the street at all times.

He says that most of them are now doing this, but that there are a few who forget and take the left hand side, greatly to the inconvenience, if not danger, of the other occupants of the thoroughfare.

Another thing that Chief Iverson says he is going to put a stop to is the loafing upon corners and along the street. The chief says that complaints are lodged with him every day in regard to young men insulting passing women and that he intends to make a few arrests in an effort to stop it.

## ROOSEVELT TO RECEIVE DEGREE FROM CAMBRIDGE

(By Associated Press.)  
Cambridge, Eng., May 26.—Colonel Roosevelt arrived here today and will receive the honorary degree of doctor of laws from the university.

J. Austin Hawes and J. H. Hayes of Appleton were business visitors in Escanaba yesterday.

A. B. Meyers of Menominee was in the city yesterday.

## NEW MILL AT WELLS STARTS UP MONDAY

Everyone will be glad to learn that the big new pine mill that has just been finished by the I. Stephenson company at Wells will be started next Monday morning. No time was lost by the company after the old mill burned in getting the erection of the new one under way, and the mill that has just been completed outshines the old one by a large margin. It is probably the largest saw mill in the east and there are few larger in any part of the country.

## WAS NOT AN AMERICAN SCHOONER AFTER ALL

(By Associated Press.)  
Washington, D. C., May 6.—Official advice as to the effect that the schooner Esferzo which was searched by the Nicaraguan gunboat Venus yesterday, is not an American schooner but has a Nicaraguan register.

The latest information from Consul Moffatt at Bluefields is that the Esferzo was American owned, but that she sailed under the Nicaraguan flag. It was assumed by him she had a Nicaraguan register; therefore he stated, the schooner is not entitled to the protection of the United States.

## TAKE THE TROLLEY CAR FOR GLADSTONE

Service Over the New Interurban Line Between Escanaba and Gladstone Will Be Inaugurated Next Saturday Evening—Car Will Run Every Hour—Details.

According to an announcement made last night by officers of the Escanaba Traction company, the interurban line between Escanaba and Gladstone will be ready for operation a few hours sooner than the time announced several days ago. It had been stated, unofficially, that the first car over the new line would be run next Sunday and that thereafter a regular schedule would be maintained. Now it is stated that the first car will start from the eastern terminus of Ludington street in Escanaba at seven o'clock next Saturday evening and run to Gladstone and that a car will leave the same point at every hour thereafter until eleven o'clock.

On Sunday morning the Gladstone car will start on its first trip of the day at seven o'clock and there will be a car making a similar trip each hour up to eleven o'clock at night. It is expected that this schedule will be maintained continuously after the line is in complete operation. The run from Escanaba to Gladstone and vice versa will be made in considerable less than an hour.

Escanaba and Gladstone people and those residing at intermediate points will certainly rejoice over the completion of the line and the service about to be inaugurated.

Peter Brown and son, who have been visiting friends in this city, returned today to their home in Foster City.

## CITY'S PRIDE

LAKEVIEW CEMETERY NEVER PRESENTED A BETTER APPEARANCE THAN IT DOES NOW

### BEAUTIFUL "CITY OF THE DEAD"

Graves and Burial Plots Are Well Kept and Garnished With Flowers and Plants—Monuments Furnished Up and Their Beauty Shown at Its Best—Sexton McMartin Accomplishes Much in the Line of Improvement—Some Features.

Although the spring has been cold and backward and the grass, the shrubbery and the trees have been correspondingly slow in getting into their summer dress of green, Lakeview cemetery appears to have been exceptionally well favored, for never did it present a more beautiful appearance than it does right now. Nature has done much to make Lakeview a beautiful "city of the dead," but human agency has done more.

Through the combination of nature and the busy hands of Sexton Robert McMartin and those who have departed dear ones buried there, Lakeview cemetery has become transformed from the bleak wilderness left by a long winter into a blooming garden of natural beauty.

The tombstones and monuments have been furnished up and the graves and burial lots have been cleaned and sodded anew and on many of them flowers and plants are growing and filling the atmosphere with sweetness and beauty.

**Great Improvement Noted.**  
Mr. McMartin takes great pride in keeping up the appearance of Lakeview cemetery and he is very anxious that others interested shall take an equal pride. As a result there has been a vast improvement in every part of the burial grounds and they are now a decided credit not only to Mr. McMartin but to the city itself. The writer today visited the cemetery for the first time in nearly seven years, having been away most of that time, and was astonished at the changes made for the better.

Instead of neglected burial lots and unkempt graves these are now just the reverse, while the walks and driveways are in accord. The lawns are also well kept and nowhere is there to be found the rubbish and debris that too often are permitted to lie about and diminish the neatness and appearance of burial grounds.

**Ready for Memorial Day.**  
Mr. McMartin during the five or six years he has been sexton has accomplished wonders and is to be congratulated upon the results of his faithful work. He will have his reward not only in the consciousness of duty and labor well performed but in the commendation of all who make the cemetery a visit. It is all ready now for the public inspection that will begin on Memorial day, and The Mirror is certain that all who visit it on that day or any day this summer will

### DATES AHEAD

May 25.—Machinists' union dance, in Clark's hall.

May 28.—King's Sons society break fast, First Presbyterian church.

May 30.—Dance for benefit of Escanaba City band at Peterson's hall.

May 30-31—Nook de Noe Gun Club's shoots.

### May 26 In American History.

1865—General Kirby Smith, C. S. A., surrendered the last Confederate army, comprising all the forces in the transmississippi department and numbering 17,000 men.

1862—Great flood in Mississippi valley reached its height; loss estimated at over \$50,000,000; many lives lost.

1903—New York city celebrated its two hundred and fiftieth anniversary.

1907—Mrs. William McKinley, widow of the late president, died at Canton, O.; born 1847.

An Idaho judge startled the divorce colony there by refusing a divorce to a wealthy applicant on the grounds that the said applicant was not a bona fide resident and that there was no reason for the divorce. It may have been observed before that there is nothing so startling and so immediately effective as an injunction of common sense into the law.

One theorist of the situation says that living is costly because women are poor cooks, and another blames the women for high prices because they are too lazy to go to market, but order their provisions through the telephone. The sons of Adam are still finding his excuse good enough for them.

The British public are wildly enthusiastic over speculation in rubber bonds. Securities like these ought to help along the cause of elastic currency, but perhaps the speculators will find that the boomers of the bonds have stretched a point.

A college professor of entomology says solemnly that this is the age of bugs. But it needs no voice of science coming from college walls to tell us that. It is demonstrated every time there is a reform mentioned.

The Washington florist who claims he can grow black roses should help the widows materially in throwing away such decorations as ordinary weeds.

With regard to the price of eggs, the hens seem disposed to take notice and start in on contributing their share to the rectification of the high prices.

The Mad Mullah has broken out again. The last time he stayed dead for quite a while.

Chronic faultfinders are a barrier to the progress of any community.

### ACTOR'S FAIR

NETS \$110,000

New York, May 26.—Profits of \$110,000 were realized for the Actors' Fund, devoted to the care of aged and needy stage followers, by the recent fair held here. President Taft was among the notables who attended the fair.

### PLANNING NOW FOR

#### BIG CELEBRATION

Washington, May 26.—A movement has been started here for an appropriate celebration throughout the country on June 14, 1911, of the one hundredth anniversary of the birth of Harriet Beecher Stowe. The negroes of the United States will figure prominently in the celebration.

## ESCANABA PRIEST TO PARTICIPATE

Rev. Father Sauriol Will Be One of Priests Assisting in Dedication of a New Parsonage at Calumet—Rev. Father Laforest of Perkins Also Will Participate.

Father Sauriol of this city and Rev. Father Laforest of Perkins will be among the priests assisting at the religious services that are to be held in connection with the dedication of St. Anne's new parsonage at Calumet, which event is set for June 23. Concerning the dedication, a Calumet dispatch says:

"Arrangements for the dedication of St. Anne's parsonage on Scott street are being projected, and appropriate services will attend this event. The affair will take place June 23, the date of the St. Jean Baptiste reunion in Calumet, and mass will be read at ten o'clock by Rev. Father Poulin, pastor of the French Catholic church of Monominiee. Other visiting clergy who will assist at the services are Rev. Father Laforest of Perkins, Marceau of Shاعر, Vermande of Chassel, Sauriol of Escanaba and Raymond of Lake Linden.

"High mass will be celebrated immediately before the dedication of the parsonage, and members of the several St. Jean societies of the Copper Country of Lake Linden.

"The parsonage was erected during the past year on a site adjacent to that of the church. The structure is elaborate in design and was built at a considerable expenditure. It has been occupied by Rev. Father Boisnault for the past several months."

## BABY WINS \$4,000 WITHOUT A CONTEST

Spokane, Wash., May 26.—Howell L. Sisson, thirty days old son of Mrs. Carrie L. Sisson of Spokane, who was awarded a judgment of \$4000 against the Northern Pacific Railway company in the Spokane county superior court, probably is the youngest litigant that has been successful as a principal in any court in the United States.

The unusual feature of the suit, the first of its kind in the Pacific Northwest, was that the baby won without a contest. H. L. Sisson, father of the infant and husband of Mrs. Sisson, was killed by a train at Sandpoint, Idaho, while making a trip as brakeman from Paradise, Mont., to Spokane on August 30, 1909.

The suit was for \$5000 damages but a compromise was made for \$4,000 and Judge J. D. Hinkle signed a judgment for that amount, which was paid at once to Mrs. Sisson, who has been appointed guardian. The action was instituted a few days after the birth of the child, which first saw light of day on March 11, and was advanced on the calendar at the request of the council for the company.

## MOTOR BOAT TRAVELS CHICAGO TO NEW YORK

New York, May 26.—The 85-foot cruising launch Catherine M. of Chicago has arrived here after the longest trip by inland waters a motor boat has ever made. She has logged more than 4,800 miles and will have covered about 6,000 by the time she again reaches her home port. The launch left Chicago on May 3, 1909, for New York, by way of the Mississippi river and the Gulf of Mexico. Ralph M. Pearson, the owner, who is traveling with his mother, plans to return to Chicago by way of the Hudson river, Erie canal and thence through the rest of the chain of inland waterways to Chicago.

## GOLD MEDAL FLOUR

# GORGEOUS VENETIAN NIGHT FOR VETERANS

### Brilliant Spectacle Will be Reproduced at Holland for G. A. R. Encampment.

Holland, Mich., May 26.—Members of the Grand Army and the guests who will attend the state encampment June 21, 22 and 23, will be given just a touch of Venetian night as one part of their entertainment. Venetian night on Black lake has become one of the most widely known and grandest water spectacles produced in Michigan. Hundreds of launches and thousands of other boats decorated with flowers, bunting and electric lights and the parks around the shores similarly decorated, will transform the lake into a sea of beauty.

The military department of the state has promised to have present during the week the battalion of naval reserves from Benton Harbor, and invitations have been sent to the naval reserves of Illinois, Minnesota, Wisconsin and Ohio to send their boats to Black lake for the occasion. It is expected some of them will be able to accept.

Many Notable Speakers.

The arrangements for the child-

ren's camp-fire on Tuesday night and for the big general camp fire Wednesday night are well under way, as well as the plans for the parade of Wednesday. The girls' drum corps is practicing each day and will present a fine spectacle, clad as they will be in red, white and blue uniforms. The Civil War Musicians' association has accepted an invitation to be present and will play the music to which the boys in blue marched in '61.

Among the speakers who have accepted invitations to be present for the big campfire, aside from the veterans themselves are the entire senatorial and congressional delegation of Michigan, with Governor Warner, Chase S. Osborn, Amos Musselman of Grand Rapids and Lieut. Gov. Patrick Henry Kelley. The hotel accommodations will be practically limitless because of the fact that all the big resort hotels which ordinarily do not open until July 1, will be opened for this week for the benefit of the visitors.

## BUILDING AND LOAN BUSINESS IS BIG

(By Associated Press.)

Charlotte, N. C., May 25.—The phenomenal growth and prosperity of building and loan associations was shown today in a report made by Secretary Cellarius at the meeting of the United States League of Building and Loan associations. According to the report, there are 5,713 of these institutions in the country, having 2,016,651 members and assets of \$556,332,719. During the past year there was an increase of 114 associations, 96,394 members and \$75,155,966 assets.

## GOOD NEWS FOR STOCKHOLDERS

A letter received this morning by T. J. Martin and Carl A. Johnson from the Queen's Consolidated Mines company says that everything is very satisfactory at the mine and that the shaft is down about 540 feet and making three feet a day with two shifts. This is considered very good work and the company will issue a full financial report in a few days. The report will show that the company is in very able condition financially, though the stock is still selling at only fifteen cents a share. A small vein of water has been struck, which is considered a good indication in Goldfield mining.

## 300,000 IMMIGRANTS ARE ALREADY HERE

Washington, D. C., May 26.—The April immigration bulletin, issued on Wednesday, shows that in that month 135,652 aliens were admitted to this country. This brings the total for this fiscal year, with still two months to run, up to 803,001, or 52,000 more than during the entire year, ended June 30, 1909. If the present average obtains for the next two months, 1910 promises to show the greatest immigration roll in the history of the country.

## LEGISLATURE WAS PARTLY TO BLAME

Detroit, Mich., May 26.—In his annual report as president, J. C. Currie, of this city, told the members of the Retail Grocers' and General Merchants' association of Michigan that the legislature was partly to blame for the high cost of living. This, he said, was due to the defeat of the Mackay bill prohibiting the sale of fruits, vegetables and nuts in receptacles less than the legal measure of the state.

Mr. Currie urged that a bill be pushed in the next legislature providing for the sale of bulk goods by weight instead of by measure.

## NOTICE

Property owners and tenants are hereby notified to provide covered receptacles on the rear of their lots and have all garbage and refuse deposited therein. The new Garbage ordinance makes it compulsory for residents to maintain these receptacles, and thereby assist the garbage master in performing his duties. As this ordinance is now in effect it will be rigidly enforced. Signed, H. W. LONG, Health Officer.

## Proper Estimate of Values.

Life is spoiled because we fail to estimate values. We think too much of trifles. The sick woman toils away until death comes prematurely; she thought darning socks was more important to her children than her own life.

## FREE Superfluous Hair Cure

Will Be Sent to Any Lady. This Remedy Removes Any Hairy Growth and Positively Will Not Burn the Skin.

Just cut out the coupon below and mail it today. You will receive by return mail free, a liberal trial package of a sure and unflinching harmless remedy which has cured thousands. There is nothing to pay. This remedy positively will not burn or mar the most tender skin and is the only remedy on earth of which this can be truthfully said. This is your chance to get rid of objectionable hair without cost.

**FREE TREATMENT**  
Fill in your name and address on dotted lines below and send it to Ko-licey Co., 5106 State St., Chicago, Ill. We will send at once a free trial bottle that will show you what Electro-trin will do for you. M 2007

When Smoking Becomes Serious.  
"My doctor says I must quit smoking." "I think he's right. You're getting so you tell some of the most impossible yarns a man ever listened to."—St. Louis Star.

# TOO LATE May Be The Cry.

## That New Suit is a Part of Your Business Expense

To neglect it is to neglect your business. To make the old one "do" is not the way you do business OTHERWISE.

YOU and your business interests are not often SEPARATED. And the impression your clothes give is the impression YOU give. Don't allow that impression to "hurt business"—for it might just as well HELP business.

## C. FLAGSTADT.

# Danderine

Grows Hair and we can

PROVE IT!

The Great DANDERINE Never Fails to Produce the Desired Results.

Enriches and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair.

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has renewed the growth of hair in cases that were considered absolutely hopeless.

A lady from Brooklyn writes: "After a short trial my hair stopped falling, and I have a lovely head of hair, very heavy and over one and a quarter inches long."

Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

Now on sale at every drug and toilet store in the land. Sizes 25c, 50c and \$1.00

Free To show how quickly Danderine acts we will send a large sample free by return mail to anyone who sends this free coupon to the Escanaba Danderine Co., Chicago, with their name and address and the in silver or stamps to pay postage.

## Lenox Soap is Bigger

COMPARE A CAKE of Lenox Soap with a cake of any other laundry soap, selling at or about its price.

YOU WILL FIND that Lenox Soap is bigger, that the cake is brighter, the quality better.

AND LENOX SOAP IS CHEAP—as cheap as it ought to be.

IT ISN'T POSSIBLE to make good soap for less than the price of Lenox. It isn't possible to sell good soap for less.

FOR WASHING CLOTHES, use Lenox Soap in the form of soap solution.

TO MAKE SOAP SOLUTION: Take a cake of Lenox Soap, cut it into small pieces, dissolve these in three quarts of boiling water. Keep water at boiling point until a solution is formed.

Lenox Soap—Just fits the hand

## NEW BICYCLES--PIERCE AND NATIONAL

We can explain to you why they are the best bicycles built. We have the best line of second-hand bicycles ever shown in Escanaba, and at lowest prices.

## BRITISH MOURNING ENDS TOMORROW

London, May 26.—The Court Gazette announces that King George, Queen Mary and Queen Alexandra desire that general mourning shall end Friday next, so that tradesmen will not suffer.

King Edward bequeathed his entire racing and breeding establishment to King George, who will continue them on the same site.

## MASHER'S ARM IS BROKEN BY GIRL

Neehan, Wis., May 26.—Mary Boyce, a chorus girl, was more than the equal of John Court, who thought all chorus girls were willing to flirt. Court saw the girl on the street after the show and spoke to her. The girl let drive with a terrific right jab, knocking Court almost off his feet. Then she threw him into the gutter. Court's arm was broken before the girl decided she had punished him enough. Next day he paid a fine for the offense.

## MUSSELMAN ALSO GIVES \$1,000 GIFT

Ann Arbor, May 26.—Through the generosity of Mrs. Catherine W. MacGregor of Detroit, the Presbyterian students at the state university will be provided with a club house. It is to be called the "Westminster House." The gift amounts to \$13,500 and was given unconditionally.

The Tappan Presbyterian association also received a gift of \$1,000 from Amos Musselman of Grand Rapids. This is to be used as an endowment for the association.

## Why Not? Where are you going with that terra cotta dog? After day pigeons.

# Daily Mirror Glints

## MADE HIM LOOSEN UP.

Mr. Holdite—No; I won't buy you that new dress.  
Mrs. Holdite—All right, then. I'll go to all the temperance meetings I hear of, in old clothes, and people will think the reason I don't dress any better is because you are drinking.

## REASON FOR SOBRIETY.

"Say, Sam, is yo' afraid of snakes?"  
"Deed I is; I done swore off six months ago."

## A PARADOX.

Manager—That drinking song went very badly tonight.  
Stage Director—I know. The tenor had been drinking.

## FIRST AID TO DROWNING.

First Native—Why are they uns rolling the colonel ovah that barrel?  
Second native—He got a drink of watab, by mistake.

## VERY CARELESS!

Mrs. Subbubs—Now, look out how you get on and off the cars. You're so awfully careless about the trains, you know.  
Subbubs—That's a fact. I lost two yesterday—one going to the city and one coming home.

## Dangers of Matrimony.

"Men's wives," remarked the gentleman who is compelled by force of circumstances to comb his hair with a towel, "are like their sins."  
"What's the answer?" inquired the innocent bachelor.  
"They are sure to find them out," explained the party of the prelude.

## Lost!

"My dad said he'd leave me his entire fortune if I'd stay on the water wagon one year." "Well, why look gum? You've done it for 11 months." "Yes—ad father went broke yesterday."

## Outwardly.

The prince of darkness is a gentleman.—Cowley.

## THE ANCIENT TRADE.

Citycuss—There goes a famous historical writer.  
Ruralcuss—Novelist?  
Citycuss—No. One of our best joke writers.

## HE KNEW.

"They say Ethel is in love with her automobile."  
"Another case where a man is displaced by machinery."

## HUNG HIM.

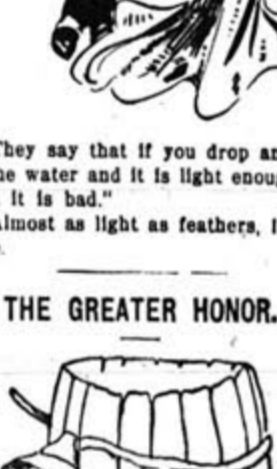

The Tenderfoot—How did Alkali Ike meet his death?  
The Westerner—He didn't meet it. Ther sheriff overtook him.

## ALMOST CHICKENS.

"They say that if you drop an egg in the water and it is light enough to float it is bad."  
"Almost as light as feathers, I suppose."

## THE GREATER HONOR.

First Kid—My old man's locked up fer shooting a dog.  
Second Kid—Dat's nothin'. My old man's locked up fer shootin' a copper.

## The Real Thing.

Little Willie—What's the hand of welcome, pa?  
Pa—It's the one offered to a strange umbrella on a rainy day, my son.

## His Status.

"What makes that young officer so blue?"  
"I don't know, but perhaps it is because he is a sub marine."

# YOUNG'S CHANCES VERY FAVORABLE

Satisfactory Reports Relative to His Standing in the District Said to Have Been Made at the Congressional Conference Held in Ishpeming—Those in Attendance.

According to the Marquette Chronicle, reports made by representative men from all over the upper peninsula at the congressional conference held in Ishpeming Monday afternoon were all satisfactory relative to Congressman H. O. Young's candidacy for reelection. The Chronicle says: "The reports from every quarter were entirely satisfactory. Even the representatives from the copper country, the home of Angus Kerr, the opposition candidate, brought tidings that Mr. Young would receive a large vote in that district. It was agreed that the only counties, in which Kerr would be able to make any showing whatever, would be Houghton, Menominee, Alger and Chippewa."

"One of the strange and unexplainable manifestations of the gathering was the total absence of gubernatorial talk. Some of the persons present construed this as indicating that the alleged enthusiasm for Chase S. Osborn among the upper peninsula political leaders exists largely in the imagination of his campaign manager. Among those present at the meeting were the following:

"Postmaster Richard Lang of Houghton, Robert H. Shields, chairman of the Houghton County Republican committee; Postmaster Charles J. Wixstrom of Calumet, Postmaster M. H. Kern of Menominee, Postmaster C. E. Houd of Ironwood, J. H. Jasberry of Hancock, James T. Bennett of Detroit, Postmaster C. H. Scott of the Soo, Dr. F. P. Bohm of Newberry, Editor George E. Holbein of The Manitowish Pioneer-Tribune, Postmaster William F. Crane of Manistique, Deputy Oil Inspector William Leighton of Grand Marais, Editor Arthur D. Wood of The Grand Marais Herald, Editor Robert Douglas of The Ironwood News-Record, William Jobe of Irons, Postmaster Alfred Cruise of Amasa, Postmaster Henry W. Coburn of Escanaba, W. D. Henchmeyer of Cheboygan, Postmaster John D. Mangum of Marquette and the postmaster from Laurium."

# CHASING THE LURE OF GOLD IN IDAHO

Spokane, Wash., May 26.—Three hundred men, mostly recent arrivals in the country, are prospecting for yellow metal in the Ten Mile district in Idaho county, Idaho, and hundreds of others are making preparations to follow, the lure being the sensational gold strikes in the district. George E. Hamilton, editor of The News at Elk City, writes to friends in Spokane that miners and prospectors are rushing in from all sides, adding that the South Fork trail from Grangeville to Newsome and Mud Springs, is lined with gold hunters.

When the news reached Elk City that a 20-foot ledge, showing native gold, had been opened on the King and York group there was an exodus which left only twenty men in the town. Most of these would have joined but for business that demanded their presence in Elk City. Provision dealers and outfitters at Elk City, Stites and Grangeville are reaping a veritable harvest of gold, as supplies are being sent by every stage to Newsome and Mud Springs. There is also much activity in placer mining in the district.

# BIG PAPER MILL TO BE NEAR SPOKANE

Spokane, Wash., May 26.—Jay P. Graves, president of the Spokane & Inland Empire Electric Railway system, who will be head of the pulp paper mill to be erected near Spokane by a syndicate of Wisconsin, Illinois, Nebraska, Massachusetts, California and Washington capitalists, announces that the plant to cost between \$750,000 and \$1,000,000, will be in operation within a year.

# G. A. R. TRAPPINGS SOLD AT AUCTION

Macon, Mo., May 24.—A curious auction sale took place at Bethel, Shelby county, an old German village northwest of Macon, yesterday afternoon. The Grand Army post, having dwindled from 100 members to ten, sold its property, consisting of muskets, cartridge belts, swords, flags, rifle and drums.

# Our Daily Short Story

## Her Snowball

By MOLLIE K. WETHERELL  
Copyright, 1910, by American Press Association.

Eleanor Bartow was one of the many young women who hammer on typewriter keys all day, go to bed as soon as they get home, arise in the morning and begin hammering at the keys again. The only hope she had for anything better was in saving from the meager salary received, accumulating a pecuniary snowball and letting it roll and roll till it was a great mass. But the snow was very thin and dry and cold and wouldn't pack. Again and again she thought she had her ball started, but it fell to pieces. She calculated ahead so far as she was able in the matter of necessities, but just when she expected to put something sizable into her savings bank her shoes would give out or she would need a winter coat or some other article of clothing, and so it was a long while before she had got together even a hundred dollars.

Then her snowball began to pack, and at the end of another year by dint of the severest parsimony she had doubled her capital. But just as she was feeling elated that she would be in receipt of \$8 a year which she would not have to work for she was taken ill, and nearly \$50 of her savings were paid out for doctor's fees and medicines.

As soon as the plucky girl was well she began again, and in another six months her snowball had recovered what it had lost. From that time forward she did better. She not only received an increase of salary, but her funds were paying interest. There were backsets, of course, but when the semiannual figuring of interest came round and she looked at her total it was always increased till at length she had got together a thousand dollars.

The receiving teller of the savings bank where she kept her funds was a nice looking young man, and always when she made a deposit he smiled at her and had something pleasant to say.

One day there came a commercial panic. Prices went down, down, down, till securities could be bought in many cases for half their intrinsic value. One day when Eleanor went to the bank to make a deposit her teller friend said to her:

"There is an opportunity just now for you to make some money. Take what you have in here and buy a few shares of some kind of stock. Choose only what is regarded as sound, pay for it out and out and put it away."

He gave her a list of shares he considered good and the address of a broker. The result of this advice was

between \$750,000 and \$1,000,000, will be in operation within a year.

Charles B. Pride, formerly of Appleton, Wis., will build the mill, which is to have capacity for producing 40 tons of print paper daily, and it is given out that the output will be marketed in the western and Pacific states. C. W. Howard of Neenah, Wis., will be general manager, the secretary being G. W. Davidson of Spokane. Mr. Graves said an examination by experts with regard to suitable woods has disclosed the fact that there is an almost inexhaustible supply of raw materials in the forests east and north of Spokane, adding: "Investigations have also satisfied us that the entire output of the mill can be readily sold in the northwestern country."

# HOLDS AN OFFICE FIFTY-TWO YEARS

Durham, N. C., May 26.—After having served in office continuously for fifty-two years, John Laws of Orange county, at the age of 85, again is in the field as a candidate for re-election for register of deeds.

He is declared to be the oldest officeholder in point of service in the United States and during his long term has weathered many political upheavals. It is not doubted that he will come out victorious at this, his latest battle at the polls.

The veteran officeholder saw service in the Mexican war, was a friend of Andrew Johnson and knew President Polk personally. Except that laws does not drink water straight, but mixes it with milk, lemon juice and other ingredients of soft beverages, he is without eccentricities.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

# Yes; the Merchant Who Advertises Can AFFORD to Sell It For LESS.

No matter what the article is, unless it should be something whose selling price is as fixed as that of a postage stamp, the merchant who is an enterprise advertiser is sure to sell it for less than the merchant who does not advertise.

For, in spite of his advantages in buying—buying in large quantities, for cash or short credit, taking instant advantage of buying OPPORTUNITIES—his selling-advantage is the decisive factor. For he is enabled to count his profits on a large aggregate of sales—not compelled to secure them from a FEW SALES, for he would then be taxing a small number of customers with the entire support of his business.

A store that makes a net profit of \$100 in a day from sales to three hundred customers, is sure to sell to each of those customers on a closer margin of profit than is the non-advertising store that is COMPELLED to make enough to cover a daily expense of \$50 out of sales made to fifty customers.

If you are one of the 300 daily customers of the merchant who advertises, you are paying but one three hundredth part of his store-profits on the days you buy. If you are one of the fifty daily customers of the non-advertising merchant, you are paying one fiftieth of his profits.

If you are fairly "good at figures" you will quickly convince yourself that you ought to buy advertised things!

# SAGINAW IS SWARMING WITH MICHIGAN MASONS

Annual Communication of Grand Lodge is Held in That City—Opening Sessions.

Saginaw, Mich., May 26.—With the largest number ever in attendance in the history of the organization the 66th annual communication of the Grand Lodge, F. & A. M. of Michigan convened at the Masonic temple Tuesday noon. An address of welcome was given by Mayor George Stewart. No special business was transacted, an invitation to visit the Alma sanitarium being accepted. The delegates left over a special train on the P. M. about 3 o'clock and returned at 6:30. An hour and a half was spent in Alma inspecting the A. W. Wright sanitarium. The structure was found to be in excellent condition and the building made a favorable impression upon the visitors. This institution is one of the proposed structures for the new Masonic Home.

**Business Session in Evening.**  
A lengthy session of the lodge was held in the evening, the regular routine business being taken up and transacted. Reports from the grand officers, and several committees were read, showing the organization to be in fine condition. Most Worshipful Grand Master Arthur M. Hume of Owosso gave an interesting report of the past year, stating that two new charters had been granted at Sherman and Albion; four new lodges were instituted and fourteen temples dedicated. He referred to the many times that the Grand Masters had been called upon to carry out the Masonic ceremony for the laying of corner stones, among the buildings being the new Saginaw Armory. He told of his visits to various lodges, of the destruction of the Masonic home at Grand Rapids, and spoke of the recent Brownell disappearance case. Joseph Brownell was past master of the St. Charles Lodge No. 13, and in order to aid in the search \$1,672 was raised by the Masons for that purpose. In closing Grand Master Hume gave his conception of what a grand lodge is or should be, and the purpose of the rules and laws as regards the organization and the nation.

**Many New Masons Secured.**  
R. W. Grand Secretary Lou B. Windsor, P. G. M., of Reed City, showed in his report that 3,629 new Masons had been added to the rolls during the year and that the total membership was now 63,922. R. W. Grand Treasurer William Wente of Manistee made a short financial re-

port, showing about \$50,000 now in the treasury, and the finances were stated to be in a fine condition. R. W. Grand Lecturer Frank O. Gilbert, P. G. M., of Bay City, reported on the results of his visit during 1909, the number made and the conditions found. A report from the committee on Jurisprudence was given, recommending a revision of the Masonic laws. No action was taken on this, the matter being laid over. The committee on finance made its usual report of finding the accounts in good shape.

**Venerable Past Masters.**  
One of the features of the evening was the presence of two venerable past grand masters. Judge William T. Mitchell of Port Huron, Past Grand Master, will celebrate his 92nd birthday next Friday and he was received with grand honors of Masonry. In response he delivered an eloquent address. He had several fine autograph photographs of himself which he presented to the officers. A. T. Metcalf of Battle Creek, another past grand master, who is along in the eighties, was in attendance and was received with grand honors, replying with appropriate words.

The register of the secretary shows that 448 representatives are present, only 13 being absent. There are about three hundred visitors and several officers, making the total over 750, the largest attendance ever recorded at a grand lodge meeting in this state. All of the hotels of the city were crowded with the visitors and extra sleeping quarters were being provided in practically all of the hosteleries, the Bancroft being the headquarters.

## LOST MONUMENT OF CUSTER IS FOUND

Monroe, Mich., May 26.—The monument to the late Gen. George A. Custer, which will be unveiled here in the presence of President Taft June 4, has arrived and a great deal of worry by the committee has been ended. Ten days after leaving Providence, R. I., where it was made, all trace of the monument was lost and for some time it was feared that it had gone astray. A force of men was at once set to work settling the monument and that it will be in place ready for the ceremonies is now ascertained.

## OLDEST HORSE ON RECORD IS DEAD

Poughkeepsie, N. Y., May 26.—Probably the oldest horse in the world, Punch, the petted scion of a famous line of polo horses, died on Saturday at the farm of A. T. Jones in Hyde Park.

Punch was forty-five years old on May 12. He had not had a bit in his mouth for twenty-three years and had been cared for with every consideration for his comfort and welfare by Jones during the last fifteen years. The animal originally belonged to Woodbury Kane, who was one of the best known polo players of his day. H. N. Bain, the well known Poughkeepsie breeder, said he does not think there is an authenticated record of a horse living longer than forty-five years. The oldest horse he could recall was owned by Charles Dickens of Dutchess county. It died at the age of thirty-five.

## AD VALOREM TAX LAW TO BE TESTED

Lansing, Mich., May 26.—Without any preliminary legal skirmishes the question as to the constitutionality of the ad valorem tax law governing the taxation of telephone companies will be taken up before Judge Dennison of the United States court at Grand Rapids on June 10. Atty.-Gen. Bird stated that arrangements to take the matter up on its merits direct had been made with counsel for the telephone companies as a means of getting an early decision.

The two points at issue are as to whether title of the act is broad enough to cover the taxation of telephone companies and whether the exemption of the smaller companies is constitutional.

## POPE RECEIVES WISCONSIN BISHOP

Rome, May 26.—The Pope on Tuesday received in private audience the Rt. Rev. Joseph J. Fox, bishop of Green Bay, Wis., who was accompanied by the Rev. B. Traudt, chancellor and secretary of the diocese of Milwaukee. Bishop Fox presented the report of his diocese together with the Peter's pence, the Pope expressing his thanks and congratulations at the work of the bishop and clergy.

When night brings no rest nor sleep.

For any pain, from top to toe, from any cause, apply Dr. Thomas' Electric Oil. Pain can't stay where it is used.

## Automobile Notes.

### ADVICE TO THE MOTORIST

Lack of Mechanical Knowledge May Prove Costly.

### IMPORTANT PARTS OF MACHINE

Clutch and Brakes Should Be Always Looked After—Careful Car Inspection Is Necessary—Squeak Means There's Friction.

It does not take many days for the recent purchaser of a car to arrive at the conclusion that the first cost is by no means the only item of expense. After a few spins into the country he sits down and seriously figures out that at the end of twelve months he will have spent a considerable amount to operate and maintain the car.

In the course of a few months little adjustments, small breakages due to neglect, require attention, and repair bills begin to come in, and he sometimes wonders whether or not he has been foolish to enter into such an expensive proposition. It certainly does look like an expensive business, and to the average motorist it is very expensive.

A large percentage of automobiles sold today pass into the hands of purchasers who know nothing about the mechanism of a car or the principles upon which it is constructed. They receive one or two demonstrations and a trial run, and then they take hold of the wheel on their own responsibility. In the case of an owner the excessive cost of operating an automobile is the cause of the car passing into the hands of the secondhand dealer, and the inexperience and the lack of knowledge on the part of the owner are the direct cause of a great number of unnecessary accidents and road troubles.

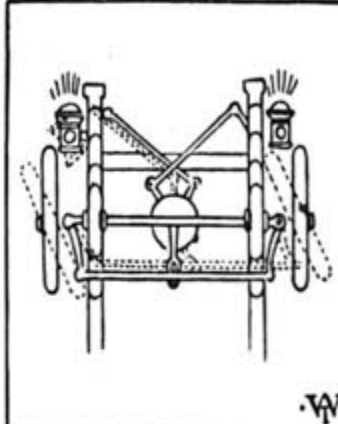

While a general inspection of the entire car at frequent intervals is always advisable, it is well also to make a systematic investigation with a definite purpose in mind. For instance, look at every nut on the car to see if those which should be protected from coming off by a cotter pin always have this little detail, and where it has fallen off or been neglected supply the deficiency. And, again, look for loose nuts and have a wrench in hand to try each of them. In making these specific searches one will notice other things which are to be corrected, while a general investigation may often fail to discover the disarrangement of minute details which, though small, are of great importance.

It is very annoying to have the car rattle and squeak whenever it goes

over a little irregularity in the road, and it is also bad for the car. Each squeak means friction in the spring hangers, radius rods or brake connections or between the spring leaves, which, if not corrected, will soon cause a permanent looseness. Liberal use of the oil can is the obvious remedy. A light running and noiseless car is always the sign of a good driver who takes pride in his work.

### Auto Lights That Turn.

One of the most ingenious of the many devices invented for use on automobiles is the controlling appliance for lamps designed by two Ohio men. By means of this device the lamps of a motorcar can be made to turn in any direction the car turns, thereby eliminating one cause of accidents.

HOW THE NEW INVENTION WORKS.

The lamps are pivotally mounted and turned easily. Attached to each is a three piece jointed rod which runs under the hood of the auto and connects with the steering gear. When the wheel is turned the lamps turn automatically and throw their light in whatever direction the car is going. Hitherto in turning a corner the road just in front was not illuminated until the motorcar was all the way around the corner. This has caused many an accident, as for a few seconds the driver could not see what was ahead if it was a dark night. The invention here shown keeps the path always illuminated and eliminates this danger completely.

### Cleaning Aluminium.

To clean and preserve aluminium surfaces go over them with a stiff bristled brush with a solution of from five to eight parts of water to one part of sulphuric acid. Then apply vigorously a mixture of fine emery and turpentine with the same kind of brush.

### Substitute Funnel.

A good substitute for a funnel should you have left yours at home is the horn with the bulb and reed removed. In reassembling be sure to clean and dry the horn thoroughly first.

**SWEDISH EXPERT SEES END OF ORE SUPPLY**

**Lake Superior District Estimates Do Not, However, Agree With His Figures.**

Ishpeming, Mich., May 26.—According to the figures prepared by M. Sjogren, a Swedish mining expert, on the world's available iron ore, the supply will be pretty well exhausted in sixty years. He estimates that there are 9,250,000,000 tons in sight also that the world's demand for iron ore during the next ten years will average 60,000,000 tons a year. Ore containing less than 20 per cent of pure iron is not regarded, he says as worth smelting. It is therefore only the ore fields yielding more than 20 per cent of the metal that enters into his calculations.

Many of the informed mining men in the Lake Superior district, who have given the question of the world's ore supply careful consideration, will not agree with the Swedish expert. A year or so ago some of the Marquette range experts estimated that there are billions of tons on this range alone, to say nothing of the great quantities that are known to exist in other mining districts of the world.

**Figures Were Startling.**

George J. Maas, who has given the question of the ore supply much study estimates that there are millions of tons undeveloped on the Cascade range, and enormous quantities also exist in Ishpeming, Negaunee, the Swaney range and in the districts in the western end of the county. A few months ago Mr. Maas, when announcing his discovery on lands west of the American mine, placed an estimate of 15,000,000 tons on the high grade ore he had found, besides 237,000,000 tons of ore of the second class grade that can be concentrated to good advantage.

When the question of removing the tariff from iron ore was debated in congress last year, Congressman H. O. Young presented figures as to the known ore supply in the Lake Superior district that were startling, but Mr. Young believes that he was conservative in his estimate, as he had secured the most reliable data that he could obtain.

William Kelly of the Menominee range, one of the best known mining men in the district advised Mr. Young that the owners of the mines in Cuba estimate their supply of ore in sight at 500,000,000 tons, but Mr. Kelly expressed the opinion that the total tonnage would be much greater, if not double the quantity. Much of the ore in Cuba lies close to the surface and can be produced at a small cost per ton.

**The Greatest Danger.**

S. Phillip, a writer in the German Review Nord and Sud, some time ago stated that the greatest danger in the steel industry of the world is the threatened scarcity of iron. The exhaustion of the world's ore fields, he contends is far nearer than is generally realized, and he said that the much-failure of the coal supply in the near future would be far less important than the dearth of iron. His estimate as to the world's demand of iron during the next ten years is about the same as that made by Mr. Sjogren. Mr. Phillip admits that the life of the ore supply would be lengthened by the more economic use of iron, new discoveries in smelting methods or the discovery of new ore fields, but he contends that it would be foolish to build to much hope on these possibilities.

**ANTI-TOBACCO COUPON LEGISLATION REVIVED**

Washington, May 26.—The anti-tobacco coupon legislation which was unsuccessfully attempted by Senator Beveridge last season in connection with the tariff law, is not to be allowed to rest. The Indiana senator revived the subject Tuesday with a question addressed to Senator Aldrich, chairman of the finance committee, as to when that committee might be expected to bring in a report on the bill introduced by Mr. Beveridge.

Mr. Beveridge outlined the course of the provision. Signally incorporated in the Dingley bill it had been mysteriously repealed later, he said, and after it had been placed in the tariff bill by the senate it was sacrificed in conference. He said the purpose of the provision was to prohibit the use of coupons by the large concerns to drive out the smaller establishments.

Mr. Aldrich said a report would be presented in time to permit action before the adjournment of congress.

**BISHOP AND PASTORS ERECT A BUILDING**

Spokane, Wash., May 26.—Bishop G. H. Reed and five pastors of Congregational churches in Spokane have just completed a house of worship at Lincoln Heights, boasting they did the work in less time than was required by Noah to build the ark, as they finished the job in three days. The structure is 25 by 16½ cubits in dimensions and twelve cubits in height.

Of course, several of the pastors are wearing bandages on their thumbs and knees as the result of coming into close contact with hammer and saw, but Rev. Dr. H. Edward Mills, pastor of Plymouth church is authority for the statement that polite language was used throughout the building period, though he says one of the pastor-carpenters recited biblical genealogy from the first book of the Chronicles as a substitute for other phrases.

Besides those named the pastors donning blue overalls and jumpers were J. L. Keene of Hilliard, Rev. W. S. Pritchard of Corbin Park, Rev. D. E. Wilson of Lidgerwood and Harold E. Anderson, district missionary.

**MRS. W. A. MURDOCK AGAIN PRESIDENT**

Detroit, May 28.—The Women's auxiliary of the Brotherhood of Locomotive Engineers has held its election of grand officers.

Mrs. W. A. Murdock of Chicago, was re-elected grand president by 273 out of 331 votes, the electoral ballot being made unanimous by vote of the convention. Mrs. Murdock founded the auxiliary twenty-three years ago and has been grand president ever since.

Mrs. J. E. Fairhead, of Covington, Ky., was re-elected grand chaplain; Mrs. J. G. Bailey of Buffalo, grand treasurer, and Mrs. E. A. Butten, 320 Hubbard avenue, Detroit, was elected grand guide.

Mrs. Cassell and Grand Secretary Mrs. Harry St. Clair of Williamsport, Ind., continue in office by reason of a "holdover" four-year term.

**ALEXANDRA WILL NOT QUIT ENGLAND**

London, May 26.—Referring to a rumor that the widowed Queen Alexandra intends to take up her residence in Denmark, where she was born and where she and her sister, the dowager carolina, jointly own a villa. The Court Circle announces that Alexandra will always look upon England as her home.

Delavan, Wis., May 26.—The Wisconsin school for the deaf here is developing plans for presenting classic and modern dramas in the sign language for the deaf.

**STEAMER COLLISION TO BE LOOKED INTO**

Responsibility of the F. H. Goodyear Disaster Will Be Fixed, Says Captain Hemenger—Does Not Care to Say Who Is to Blame—Tugs Sent to Scene of Wreck.

Detroit, Mich., May 26.—An official inquiry has been started into the collision between the steamers F. H. Goodyear and the James B. Wood, thirty-five miles off Point Aux Barques, which resulted in the loss of eighteen lives and the sinking of the Goodyear.

"Of course, I can not talk much," said Capt. F. R. Hemenger of the ill-fated boat, in Detroit. "There will be an inquiry and all these things will become known. I do not care to say anything about who is to blame. There was a heavy fog and, of course, we were on duty all the time."

"There was a good crew aboard and the boat was in fine condition. Even in the hour of the collision discipline was good. The crew did all they could to save themselves and everybody else, but the boys simply didn't have a chance. It was no time at all between the collision and the sinking of the boat."

"And Russell is saved! Thank God! I have been expecting this to come for years and now to think that he has come out of his first great accident alive is blessed good news indeed."

Thus did Mrs. Hemenger, wife of the captain of the ill-fated boat, express her joy at the news that her husband was saved.

**Tugs Go to Wreck Scene.**

Port Huron, Mich., May 26.—Wrecking tugs have been sent to the point thirty-five miles off Point Aux Barques, in Lake Huron, to make an investigation of the big coal steel steamer Frank H. Goodyear, which lies in two pieces on the bottom of the lake in forty fathoms of water, where it sank with eighteen of its crew. It is considered probable that it will be a total loss.

Nothing has been heard here so far of an effort to fix responsibility for the collision between the Goodyear and the Wood. The accident, however, brings the first big charge on the Lake Carriers' association welfare plan. Of the eighteen thought drowned, fifteen were married.

**FRIGHTENED BOY RETURNS HOME**

Kalamazoo, Mich., May 26.—Loren Stupes, fifteen years, who ran away from home three months ago for fear that he would be punished by his school teacher for a slight offense, has been located in Peru, Ind. When assured by the officers that he would not be whipped by his teacher if he came home, the boy consented to come back.

**MRS. W. A. MURDOCK AGAIN PRESIDENT**

Detroit, May 28.—The Women's auxiliary of the Brotherhood of Locomotive Engineers has held its election of grand officers.

Mrs. W. A. Murdock of Chicago, was re-elected grand president by 273 out of 331 votes, the electoral ballot being made unanimous by vote of the convention. Mrs. Murdock founded the auxiliary twenty-three years ago and has been grand president ever since.

**The Optimist's Corner**  
Daily Helps to Health and Happiness  
By GEORGE F. BUTLER, A. M., M. D.

Don't fret over adversity; it is not the so-called blessings of life, its sunshine and calm and pleasant experiences, that make men, but its rugged experiences, its storms, tempests, and trials. All sunshine makes the desert, and it will make a desert of your life. The school of adversity graduates the ablest pupils, and the hill of difficulty is the best of all "constitutional" for the strengthening of mental backbones. Want, confinement, opposition, roughness alternating with smoothness, difficulty with ease, storm with sunshine, sorrow with joy—these constitute the discipline of life, the education which makes a man of a being who would otherwise be little better than a lobster.

If you risk nothing, you can, of course, lose nothing; sowing no hopes you cannot suffer from the blight of disappointment. If you enlist for the war expect to meet the foe; be prepared not only for the contest, but for its consequences. Then look adversity boldly in the face; it will turn covering away from you. It is with life's troubles as with the risks of the battlefield: there is always less of aggregate danger to the party that stands firm than to that which gives way—the cowards being always cut down ingloriously in the fight.

**FAMILY CARES.**

This Information May Be of Value to Many a Mother in Escanaba.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighter and her home happier.

Mrs. F. St. Onge, 513 Main St., Iron Mountain, Mich., says: "A member of my family suffered from kidney trouble, the chief symptom being too frequent passages of the kidney secretions. Various remedies were tried, but nothing proved of benefit until Doan's Kidney Pills were used. Since they were taken there has been a great improvement in every way. I consider it my duty to

recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**ELKS, ATTENTION!**

**ANYWHERE IN THE U.S.A. IS HOME TO ME**

**THE GREAT B.P.O.E. SONG**

When the hosts of visiting Elks arrive in Detroit next July they will be greeted at the depots with bands, crowds, songs and much enthusiasm. This is the song for them to sing in response to the welcome they receive—

**"Anywhere in the U. S. A. Is Home to Me"**

Orders for this song are pouring in from all sections of the country. It is going to be the hit of the big Reunion. Already we hear of lodges rehearsing this song and planning to invade Detroit with bands and choruses, prepared to give vent to their enthusiasm and good-fellowship by singing on every occasion this characteristic, tuneful, inspiring song, with its famous chorus—

Anywhere in the U. S. A., is home to me.  
Land of wealth and liberty,  
Home of the B. P. O. E.  
We'll let no absent brother be forgot  
In this Land that gave us birth;  
And we'll raise a cheer, for we're glad we're here;  
We're the Best People on Earth.

Only 10c a Copy—Mailed Anywhere for 11c. in Stamps. Ask our Platist to play it for you.

Also the following Popular Successes published by us and for sale at the same price:

"MY OLD GIRL," great conversation song.  
"WHEN NIGHT FALLS OER THE SEA," a beautiful ballad for low or medium voice.

**The Fashion Suit Co.**  
1009 LUDINGTON ST., ESCANABA, MICH.

**A Storekeeper Says:**

"A lady came into my store lately and said: 'I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful. If only women knew what comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was smell and smoke from an oil stove, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give here up for five times its cost.'"

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table so tired out that you can't eat. Just light a Perfection Burner and immediately the heat from an intense blue flame shoots up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen where one of these stoves is used.

**New Perfection Oil Cook-stove**  
WICKLESS FLAME

It has a Cabinet Top with a shelf for keeping plates and food hot. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the **Standard Oil Company** (Incorporated)

To save expense of boxing and shipping some very low prices will be made on the well known pianos made by this company. The Cable company will keep a resident manager in Escanaba, but the store will be discontinued. 146.

Doan's Regulets cure constipation without griping, nausea, nor any weakening effect. Ask your druggist for them. 25 cents per box.

## BIG CASE TO BE ARGUED IN JULY

Important Issues are Involved in the Suit of Darrow & Goodman vs. Garth Lumber and Shingle Company, Testimony in Which Was Taken in Escanaba Recently.

It appears to be definitely settled that the case of John Darrow and August Goodman vs. the Garth Lumber and Shingle company, testimony in which was taken at the April term of circuit court in this city, will be argued before Judge R. C. Flannigan at the July term of circuit court in Dickinson county.

The action was instituted by the plaintiffs, Darrow & Goodman, to enforce the specific performance of an option for the sale of \$55,000 worth of timber lands in the upper peninsula. It appears that the option was given by the Garth company to Darrow & Goodman on ninety days' time from September 29, 1909. The firm cruised and estimated the timber, but instead of exercising their option to purchase the lands, they corresponded with the Garth company and said they could not make the deal for the entire acreage mentioned in the option at the price named therein and asked for better terms.

To this request the Garth company did not reply and the matter rested there until some few weeks later the latter company sold the lands to the Northwestern Co. and Lumber company at the price above named and notified Darrow & Goodman of the sale.

Thereupon Darrow & Goodman notified the Garth company that they would take the lands at the price stated in the option, but were informed that they were too late as the lands had been sold.

Darrow & Goodman at once brought suit to compel the conveyance of the lands to them.

Testimony in the case was taken before Judge Flannigan in Escanaba and the case will be argued at the July term of circuit court at Iron Mountain, by which time the record will have been written up by the reporter.

The case is an important one, both as to the amount involved and the legal principles at stake, and the result will be watched with much interest by lumbermen and real estate dealers in this part of the country.

### HISTRIONIC STARS.

Jiggs—He's made money out of the stars.

## WOMEN ARRESTED IN LOCAL SALOON

Two women who gave their names in Justice Linden's court this morning as Dattie Walton and Marian Wilson, respectively, were arrested last night in a back room of E. C. Stult's saloon at 509 Ludington street and this morning were arraigned on a charge of being disorderly persons. They pleaded guilty and paid the fine and costs imposed. The Walton woman was fined \$5 and costs and the Wilson woman was fined double the amount. Their arrest was made after eleven o'clock.

## DECLARE AGAINST LIQUOR TRAFFIC

Atlantic City, N. J., May 26.—The Presbyterian General Assembly, after heated speeches, today declared against the liquor traffic. The excited speeches were caused by an attempt to commit the members of the assembly "politically against the liquor traffic." The political reference was eliminated from the resolution before it was adopted.

## CHURCH SUPPER IS ALL TO THE GOOD

The supper given in St. Anne's hall last evening by the women of St. Anne's church was, according to all reports, one of the most successful of the kind given this season. The attendance of people who wanted to be fed was very large and among the number were many members of Holy Family church at Flat Rock. The supper was served from five until eight o'clock and the tables were filled nearly all of that time, places being filled as fast as they were vacated. The menu of the meal was most excellent and the manner in which it was served left nothing to be desired.

## WIRELESS STATION ALMOST COMPLETED

If the expectations of its promoters are realized, the wireless station of the Great Lakes Radio Telephone company, now being erected in this city, will be ready to go into commission next Saturday or early next week. The tower itself is practically completed and a good share of the equipment is already installed. Power to operate the station apparatus will be derived from the city lighting plant and the necessary wire connections for its transmission are now being made.

### HER IDEA.

Mr. Millyuns—His lordship is only an apology for a man.  
Miss Millyuns—Well, if an apology is offered to me, I'll accept it.

Unfortunate man.  
"Why won't the girls dance with him?"  
"Oh, he has to wear ankle traps to keep his pumps on."—Louisville Courier-Journal.

Encouragement for Shirker.  
The man who dodges the problems of life often has a better time than the man who tries to solve them.

### CITY'S PRIDE

(Continued from page one.)

be ready to endorse every word of what is here written.

Mr. McMartin has not yet set out the new flags which will be used to mark the graves of the soldier dead, but they will be placed within a few days and be in evidence on Memorial day. There are many such graves scattered throughout the cemetery and they will all be decorated on Memorial day, as will also the graves of many others of the departed whose memories are treasured by their surviving relatives or friends.

### NOTICE.

Members of Valentine Camp No. 21, U. S. W. V., will meet at their hall, corner Hale and Georgia streets, at ten o'clock sharp Sunday morning, to attend Memorial services to be held at St. Stephen's Episcopal church, and at one o'clock sharp Monday afternoon, May 30, to take part in the services to be held at Lakeview cemetery. All soldiers or sailors of the Spanish-American war, not members of the U. S. W. V., are invited to join with us in honoring the dead.

ANTON EMBES, Commander.
