SAFE AND SOUND, FORMER PRESIDENT ROOSEVELT RETURNS TO HIS NATIVE LAND FROM WORLD TOUR

GIVEN A GLADSOME WELCOME

Cannon of Warships and Forts Roar Salutes, Whistles Scream and Multitudes Cheer—Great Water and Land Parades—Mayor of New York Gives Roosevelt Welcome and the Latter Responds—Whirlwind of Demonstrative Greetings.

(By Associated Press.)

Steamer Kaiserin Auguste Victoria—Wireless via Sea Gate.—June 18.—The Kaiserin Auguste Victoria reached Sandy Hook at seven o'clock. The South Carolina, with crew assembled on deck, steamed close in and fired a national salute. The band of the warship played "The Star Spangled Banner" and "The Old Folks at Home."

New York, June 18.—The steamship Kaiserin Auguste Victoria, with former President Roosevelt on board and bedecked with flags, passed into Quarantine at 7:30 o'clock and to the boom of the guns of the Harbor forts came to anchor. She was escorted in from Ambrose Channel lightship by the battleship South Carolina, with the band playing "The Star Spangled Banner," and by a half dozen torpedo destroyers. The official welcome to Colonel Roosevelt began at 8:30 o'clock.

Sets Foot on Native Land.

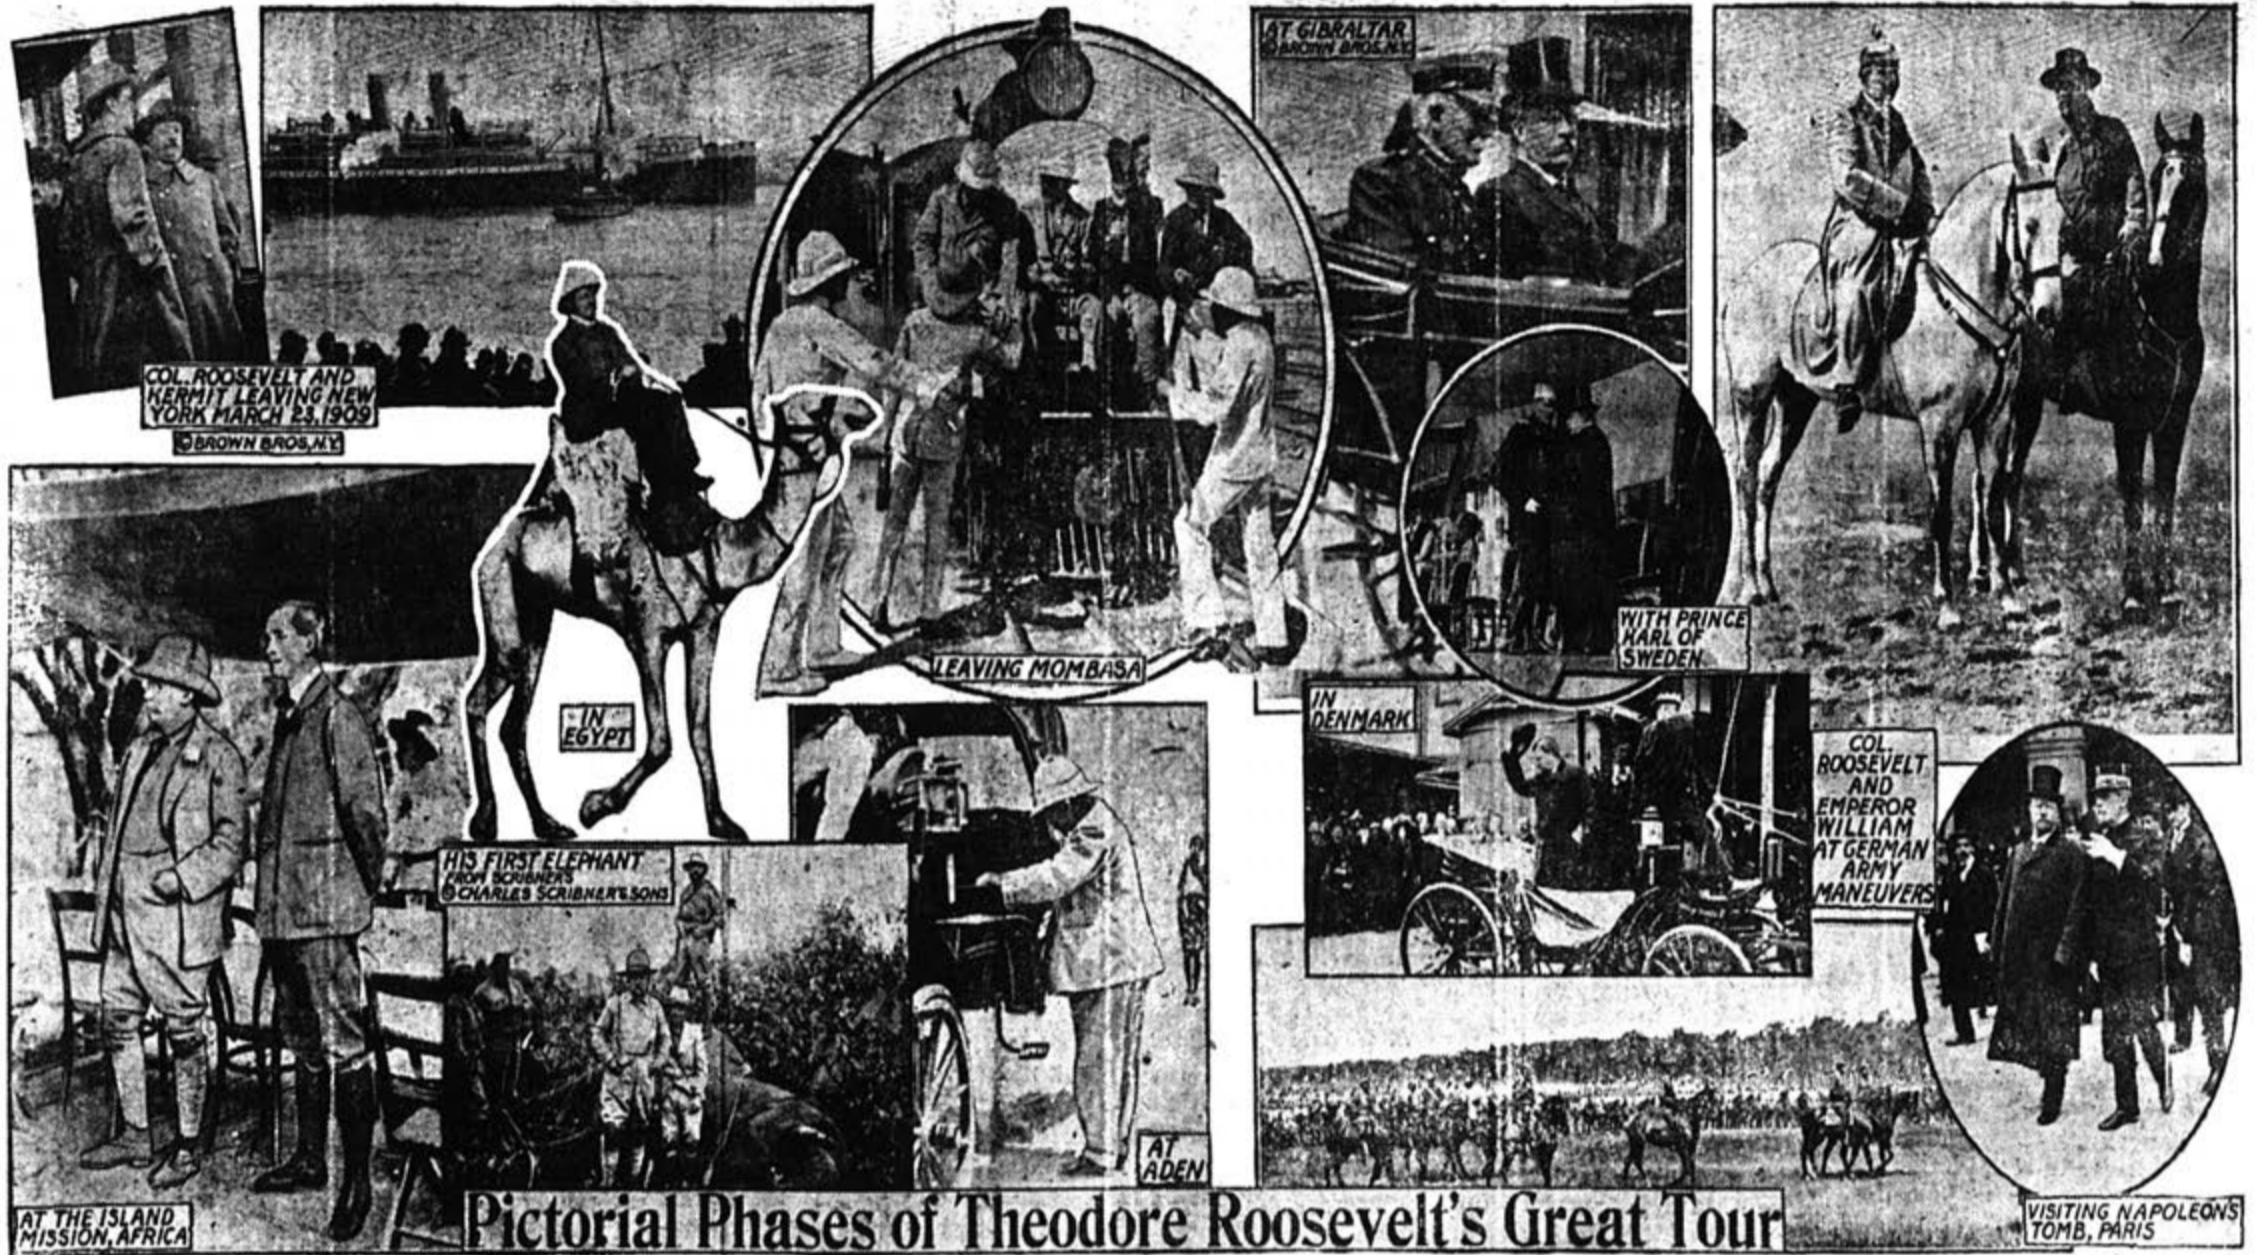

As Colonel Roosevelt left the steamer the whistles of the thousands of assembled craft were let loose and warships and forts thundered salutes.

As Mr. and Mrs. Roosevelt stepped aboard the tug Manhattan they greeted their children most affectionately. Later they were transferred to the revenue cutter Androscoogin and at 9:12 o'clock started at the head of the great water parade.

The journey up the river and back to the battery was one continuous ovation from the hundreds of thousands of people ashore and on the vessels that marked the line of the parade.

Returning to the battery, Colonel Roosevelt stepped ashore and, guarded by hundreds of policemen and soldiers, walked to the grand stand, where Mayor Gaynor made a brief address of welcome.

Colonel Roosevelt replied, expressing gratitude for the reception given

Pictorial Phases of Theodore Roosevelt's Great Tour

him and his joy at once more being in America.

Tremendous Popular Welcome.

At 11:12 o'clock the start of the magnificent land parade up Broadway began through densely massed throngs extending five miles along.

Everywhere the returning traveler met the same whirlwind of demonstrative greetings, as he passed Wall street, further on as he moved through throngs in Union and Madison Squares and through the long reaches of Fifth avenue.

Colonel Roosevelt stood erect in his carriage most of the time, his silk hat in his right hand, waving responsive greetings to echoing cheers. By noon the popular welcome was practically concluded and Colonel Roosevelt joined his relatives for lunch preparatory to returning to his home at Oyster Bay later in the day.

Miles Traveled by Roosevelt.

The following is an interesting synopsis taken from the diary of a press representative who accompanied Colonel Roosevelt on his notable trip:

From New York to Mombasa 9,300 miles.
While on the hunt 6,000 miles.
Down the Nile 4,000 miles.
From Alexandria to Naples 1,020 miles.
In Europe 5,313 miles.
From Southampton to New York (Continued on Page Two.)

AUTO RUNS 351 MILES IN FIFTEEN HOURS

Dr. George Bartley and L. K. Edwards Make an Exceptionally Fine Run from Milwaukee to Escanaba in the Former's New Viole Car—The Details.

Dr. George Bartley and L. K. Edwards arrived in Escanaba last night at midnight after making a run from Milwaukee in exactly ten hours. The new Viole car that was purchased by Dr. Bartley in Chicago last Thursday afternoon was driven by Mr. Edwards on the first stage of the journey from Chicago to Milwaukee, a distance of 101 miles, at nine o'clock and stopped one hour in Manitowoc, Green Bay and Menominee. It was not the intention to finish the trip in one day, but the time made was so much better than was expected that they came right through. The distance from Milwaukee to Escanaba, according to the odometer on the car, is exactly 250 miles. This makes the distance from Chicago to Escanaba 351 miles and the actual running time in which the Viole came up from Chicago was fifteen hours.

In speaking of the trip today, Dr. Bartley said that if the roads between Green Bay and Milwaukee were as good as the ones between here and Menominee, it would be possible to make the trip from Escanaba to Chicago in from ten to twelve hours.

SLIPUP IN EXHIBIT OF FIGHT PICTURES

The Wolgast-Nelson fight pictures will not be shown at Ben's theater Sunday and Monday afternoons and evenings, as had been announced. Ben Salinsky, manager of the theater, today received the following dispatch from the manager of the pictures: "All mixed up on your dates. Cannot play Escanaba Sunday and Monday." Mr. Salinsky states that he regrets he cannot present the pictures on the announced dates, but hopes to secure them some time in the near future.

NOTED DIVINE TO SPEAK IN ESCANABA

The Rev. John Henry Hopkins of Chicago, D. D., will speak in St. Stephen's church next Monday evening at eight o'clock, his subject being the missionary work of the church.

In the afternoon of the same day, at 3:30 o'clock, Mrs. Hopkins will address the women of the church and all others who may be interested in church extension.

Dr. and Mrs. Hopkins are very fluent and pleasing speakers and have a wide knowledge of their subject. The general public is most cordially invited to attend both of these services.

RAILWAY OFFICIALS VISIT IN ESCANABA

Stop Over One Night While on a Tour of Inspection Over the Peninsula Division of the Chicago & Northwestern—President Marvin Hughtitt in the Party.

Several of the leading officials of the Chicago & Northwestern Railway company were in Escanaba Thursday night and left Friday morning for Ishpeming and Negaunee. They occupied two special cars and were making a tour of inspection of the Peninsula division.

From this point they were accompanied by Supt. W. B. Linsley and Asst. Supt. C. E. Helmer. Included in the party were Marvin Hughtitt, president; W. A. Gardner and H. R. McCullough, vice president; E. D. Brigham, assistant freight traffic agent, and L. S. Carroll, purchasing agent.

This was President Hughtitt's first visit to Escanaba for some considerable time. At Ishpeming the officials remained about ten minutes, during which time they inspected the new passenger station there. The party then went west over the Northwestern line as far as Champion and traveled from there to Iron Mountain via the Chicago, Milwaukee & St. Paul line.

They visited several places on the Menominee range before departing for Chicago, where they arrived this morning.

Superintendent Linsley and Assistant Superintendent Helmer did not accompany them to Chicago, returning to Escanaba after the line on the Menominee range had been inspected.

SUIT BEGUN AGAINST BIG TOWING COMPANY

(By Associated Press.)
Cleveland, Ohio, June 18.—After an investigation that lasted but a few days, the district attorney today filed a suit in the United States supreme court, charging the Great Lakes Towing company with violation of the Sherman anti-trust act.

FAYETTE EXCURSIONS WILL BE RESUMED

Commencing next Saturday the steamer Maywood will start the regular week end trip excursions to Fayette that have proved so popular in past years. The Maywood leaves in the afternoon and arrives at Fayette in ample time to give picnickers a nice long afternoon. Fayette is more attractive this year than ever before. All houses have been freshly painted and the grounds have been put in excellent condition. The fare for the round trip to Fayette will remain the same as it was last year, seventy-five cents for the round trip.

MISSOURI SEEKS TO OUST MEAT PACKERS

(By Associated Press.)
Jefferson City, Mo., June 18.—Two petitions seeking to oust five meat packing companies from Missouri are to be filed in the supreme court by Attorney General Major next Monday.

CANDIDATES FOR SCHOOL COMMISSIONER

Petition papers are in circulation for Dr. E. E. Torrell and Attorney Stanley M. Matthews as candidates for school commissioners to be voted for at the school election to be held at the city hall on the second Monday in July. The commissioners whose terms are about to expire are Mr. Matthews and H. W. Reade. Mr. Matthews will be a candidate to succeed himself and Dr. Torrell's friends are advocating his candidacy as successor to Mr. Reade, who has stated that he will not be a candidate for re-election.

Are YOU Working for Nothing?

During the past month you have earned \$50, \$80, or perhaps \$100. You have paid the bills of your butcher, grocer, landlord and coal man.

How much did you pay yourself? Are you not entitled to some pay for management of your affairs!—just as well as the manager of any factory, store or other business!

Usually the manager's pay depends upon his ability to manage. So does yours. Better management—bigger salary. Manage well and have surplus money for yourself.

LEARN TO SAVE

If you recklessly spend all your surplus money, you cheat yourself. Why not chop off unnecessary expenditures—the small extravagances.

Deposit this surplus systematically each week with this institution and watch it accumulate. Three per cent interest will be added to your savings if you make time deposits.

Not tomorrow—TODAY!

NOW is the time to start

Take one dollar if you cannot spare more, and open an account TODAY. Don't think that ONE DOLLAR is too little. It is plenty to start with. The determination to begin saving is the thing that counts.

When the start is made, it is easy to add a little more each week and the three per cent interest paid on time deposits helps to swell the amount.

POLITICS WILL BOOM AT THE G. A. R. ENCAMPMENT

Politicians From All Over State Will Gather Around Camp Fires at Holland.

Holland, Mich., June 18.—Wednesday, June 22, will be one of the greatest political days western Michigan has seen in a long time, and Holland will be the scene of the gathering. With not less than 2,000 members of the Grand Army present at their state encampment, and with the 15,000 or 20,000 guests which it is expected will be in the city on that day to hear the best speakers of the state and nation, there cannot fail to be a great gathering of politicians and burst of political interest.

Both candidates for senatorial honors and all three candidates for gubernatorial honors will be in Holland on the date and all will have an opportunity to speak. They will also have present their lieutenants and advisors, who will be manipulating things for the benefit of their respective chiefs.

Parade and Camp Fire.

The parade will be the first feature of the day, with Governor Warner and his staff in the line. Following this will be the big mass meeting in Centennial park, when Congressman Diekema will preside, and speeches will be made by Congressman Charles

E. Townsend and Chase S. Osborn. Amos S. Musselman and Patrick H. Kelley, all aspirants for gubernatorial honors, music for this occasion will be furnished by massed bands, which will play patriotic airs.

Next will be the big camp fire in the evening, which will be presided over by Congressman Washington Gardner if he can get away from Washington for the day. Speeches here will be made by Senators William Alden Smith and Burrows and Congressman Diekema. Music will be furnished by a double quartet from the Wagner chorus.

Politics to Be Wide Open.

During Tuesday, Wednesday and Thursday forenoons special efforts will be made to entertain the crowds at the various resorts around the lake. One of the Graham & Morton steamers will take excursionists out into the lake and ten-minute service will be given to and from J-nison Park, where everything is already waiting for the guests.

With all this opportunity politics will be wide open in western Michigan and the gathering of politicians will be as great as any part of the state has seen in several years.

WOULD KEEP THE LAWYERS HONEST

Spokane, Wash., June 18.—Dundas Henderson of Spokane is making a campaign for a legislative enactment, which provides among other things that every lawyer shall give a bond of not less than \$5,000 as a guarantee of honesty upon his admission to the bar of Washington. He says that in view of the many flagrant breaches of trust the adoption of such a rule by the state would result to the advantage of the public, as well as being a gain to the legal profession.

In support of his contention he cites the case of Alexander H. Gregg, attorney at law and former member of the legislature of Washington, who was convicted in Spokane recently on the charge of embezzling funds which came into his hands through legal mat-Gregg confessed, saying that while he could not account for his action "it may be that it was just an utter irresponsibility when it came to handling money." One of his clients was a working woman, who lost \$500 through his peculations. Gregg was sentenced to the state penitentiary at Walla Walla to serve an intermediate period, not to exceed fifteen years.

CAN'T DECIDE BETWEEN EXPOSITION CITIES

Washington, June 18.—Unwilling to favor either of the rival Panama exposition cities—San Francisco or New Orleans—the house committee on foreign affairs has decided to report favorably two resolutions authorizing the president to invite the foreign nations to participate in each exposition to be held in the two cities whenever each city has raised \$7,500,000 for the purpose of holding its exposition. The adherents of both cities say that the amount will be raised.

INSURANCE PAYMENTS HEAVY IN WISCONSIN

The insurance payments in Wisconsin on death losses, dividends and the cancellation of policies, according to the statements in The Insurance Press, amounted to \$6,000,000 for the year 1909. Milwaukee received the largest proportion of this sum, having had payments amounting to \$2,090,858.

KANSAS WILL NEED 40,000 HARVESTERS

Topeka, Kan., June 18.—Basing his estimate on recent reports from the wheat belt of the state, Charles Harris director of the state free employment bureau, stated that Kansas will need about 40,000 harvest hands this year. His earlier estimate was 20,000.

ETIQUETTE OF THE AMERICAN ENSIGN

Many Mistakes are Made in the Display of the Country's Flag—Should Not Be Permitted to Fly at Night—Flag Greater Than the Memory of Men—Details.

There have been many mistakes made about the etiquette of the flag. When President William McKinley was assassinated, thousands of loyal Americans raised flags at half-mast over their places of business, and let them fly by night and by day until they wore out. They undoubtedly thought they were showing respect to McKinley's memory, but they were not showing proper respect to the flag.

The United States government displayed at that time its flags at half-mast sunrise to sunset from the president's death until his burial. The government regulations provide that on the death of a president in office its flag shall be displayed at half-mast only one day.

In memory of the 350,000 union soldiers who lost their lives during the civil war, on May 30, Memorial day, each year, the United States displays its flag at half-mast at all army posts, stations and national cemeteries, from sunrise till midday. Immediately before noon a dirge is played by the band or field music, and the national salute of twenty-one guns is fired. At the conclusion of this memorial tribute at noon, the flag is hoisted to the top of the staff and remains there until sunset. The idea is that the national ensign is too sacred an object to be long in mourning for any man or number of men, no matter how exalted their rank.

The flag reversed, with the union down, indicates distress. The flag on anything but a fort, actually besieged, should never be displayed between sunset and sunrise.

When the flag is to be displayed at half-mast, it is lowered to that position from the top of the staff. It is hoisted to the top before it is finally lowered.

The regulations of the board of education of Chicago are that the flag shall be displayed on all school houses on Monday morning during the school year, and on legal holidays, excepting that flags must not be displayed during storms whenever they are likely to injure or destroy the flag.—Washington Post.

GRAND JURY TAKES UP UNITED WIRELESS CASE

New York, June 18.—The federal grand jury has taken up the investigation into the alleged \$20,000,000 swindle charged in connection with the arrests of the United Wireless Telegraph company officials. Several more officials have been arrested today. The grand jury investigation is said to be based on the belief that ground may be found for other indictments. The officers of the company deny the charges of using the mails for fraudulent purposes in connection with the sale of wireless stock at fictitiously high prices.

NURSES TO GRADUATE AT NEWBERRY SCHOOL

The commencement exercises of the graduates of the training school for nurses and attendants at the Upper Peninsula hospital for the insane at Newberry will be held next Monday evening, June 20. The graduate nurses are Jennie Liberty, Mary Ethel King, Gertrude Wilcox, Anna Peterson and Myrtle Dendinger. The attendants who will receive diplomas are Freda Carlson, Charlotte Tracy, Olive Martin, Ida Melinda Stevens, Marie Ellen Peck, Ella Burns, John Blackburn, Chris E. Hare, Zelwood London and Charles Burns. An interesting program has been arranged for the event and a large number of invitations have been issued.

STEINBRENNER HAS BIG HOLE IN SIDE

The wrecked steamer Steinbrenner has finally reached Cleveland and is being unloaded. The steamer is in pretty bad shape, but it will not be known how badly she is damaged until she is unloaded. A hole about twenty feet wide on her starboard side is covered with a patch of cement and a double thickness of plank. The steamer's cabins and furniture are in bad shape. It will not be decided when the steamer will be repaired until she is unloaded.

C. FLAGSTADT.

RIVAL BOOSTERS IN THE COPPER COUNTRY

Osborn and Musselman Partisans From the Soo Are Doing a Little Missionary Work in Copperdom for Their Respective Candidates—What They Claim.

Houghton, Mich., June 18.—Charles H. Chapman, Sault Ste. Marie, and John V. Moran, Sault Ste. Marie, are registered at the Douglass House.

Mr. Chapman was formerly deputy state game warden and later deputy state railroad commissioner. Mr. Moran was formerly manager for the National Grocer company at the Soo and Escanaba.

For purposes of further identification in these parlous times of political excitement, Mr. Chapman held his state offices under Chase S. Osborn, who was formerly game warden and railroad commissioner. The National Grocer company is the property of Amos R. Musselman of Grand Rapids, candidate for the Republican gubernatorial nomination.

The plot begins to thicken. Messrs. Chapman and Moran are friends and neighbors at the Soo, but politically at least as far as the Michigan gubernatorial situation is concerned, they are widely at variance.

Mr. Chapman was seen yesterday morning. He said that while he is here on private business, he would not permit an opportunity to put in a word for Osborn to go by. He feels that it is unnecessary for him to make any special effort in the upper peninsula in behalf of his old friend and chief, because the upper peninsula is solid for Osborn, no doubt about it. And Mr. Chapman is a good judge of the trend of the political wind.

When the reporter had terminated his interview with the Osborn booster he went over into the Musselman camp. It is true, Mr. Moran would admit, that Mr. Musselman is not as well known as Mr. Osborn in the upper peninsula but then there are few who are not for Osborn. Mr. Moran said that in Pickford, which is a crossroads town in Chippewa county, everybody signed Osborn's primary petition and all but two of the same community signed Musselman's petition. He was asked if this would indicate that the people of Pickford would sign any old petition that might be presented, but he would not admit this to be so. Mr. Moran expects to spend a few days in the copper country interviewing people in behalf of his former employer.

LIGHTNING KILLS AN ONTONAGON MAN

The severe electrical storm which raged in the copper country caused the death of Lawrence Coughlin of Ontonagon Thursday. John Gorney was seriously injured at the same time.

Mr. Coughlin and Mr. Gorney were working in Nehmer's strawberry field about ten o'clock. They were close together when the bolt struck and its force threw them twenty-five feet apart. Mr. Coughlin was instantly killed and the bolt tore every vestige of clothing from his body. Mr. Gorney was rendered unconscious. It is believed that he will recover, but there is fear that his mind will be affected.

Lawrence Coughlin was fifty-five years of age and was an old and respected resident of Ontonagon county. A sad feature in connection with his death is the fact that Thursday night his daughter was to be graduated from the Ontonagon High school, this bereavement coming at a time which should be one of the happiest in a young girl's life.
