## FOR TRIAL IN CIRCUIT COURT

Clerk of the Court John A. Semer has compiled the calendar of cases scheduled for trial at the regular January term of circuit court for Delta county, which convenes in this city next Monday, and the indications are that the term will occupy more time than usual. Among the criminal cases are several of importance and considerable public interest and there are also a number of such cases on the jury civil calendar. ## PREPARING CALL FOR CONVENTION

Elsewhere in this issue will be found the official call for the Republican state convention, which is to be held at Saginaw on March 2. Under that call Delta county will be entitled to 13 delegates, who are to be chosen at a county convention yet to be held. Judge Judd Yelland, chairman of the Republican county committee, is now preparing the call for the convention, which probably will be held at the court house in this city on Wednesday, February 22.

## WHO KNOWS WHERE WALT LETURMY IS?

Mayor Greenhoot Receives Letter From Uncle of Young Man Who Was Last Heard of in Escanaba—Grand-Father Dies and Leaves Youth a Legacy—Details.

Is there anybody in Escanaba or vicinity who can tell of the whereabouts of Walter Leturmy, said to have been for a time in Escanaba? If there is, Mayor Greenhoot would be pleased to receive the information, which he will pass along to Edmond G. Leturmy of Hartford, Conn., an uncle of Walter, who has written Mayor Greenhoot a request for information regarding his nephew if it can be procured. Following is the letter received by Mayor Greenhoot:  
"Hartford, Conn., Jan. 14, 1911.  
"To the Honorable Mayor, Escanaba, Mich.  
"Dear Sir:—I am very much interested in a nephew of mine, whose name is Walter Leturmy and who was about 18 years old last November. He was born in Penobscot, Ont., Canada, and was last heard of in your city, when his mother secured a divorce from Leon Adolph Leturmy about 1898 or 1899.  
"Any news of the same would be very acceptable and is of importance to him, as a considerable legacy was left by his late grandfather, Alfred L. Leturmy, to him, and I being the administrator.  
"Thanking you for any information, and should I receive any favorable reply, I would be pleased to make any remittance that is necessary. Yours sincerely, Edmond G. Leturmy."

## MANY ATTEND MRS. CRAIG'S FUNERAL

Funeral services over the remains of the late Mrs. William Craig, who died quite suddenly Saturday night, were held in the First Presbyterian church this afternoon, Rev. P. B. Ferris officiating, and burial was made in Lakeview cemetery. There was a large attendance at the funeral, Mrs. Craig having been blessed in the possession of many warm friends. The pall-bearers were: Edward McMartin, Loftus McMartin, George Buckley, John Clifford, Leo German and W. J. Drake.

## BOY IS INJURED "CATCHING ON BOBS"

While engaged in "flipping" onto a sleigh loaded with barrels of beer Monday, the eleven year old son of Mr. and Mrs. Anton LaChance of 308 North Norris street, dislodged one of the barrels and fell on his left leg, breaking it about three inches above the knee. The accident occurred on Ludington street in front of Young & Fillion's store and was witnessed by Matt Fillion and others. Mr. Fillion immediately went to the boy's aid and carried him to a doctor's office, where Dr. J. O. Groos reduced the fracture and the boy was then taken to his home.  
The injured boy has but recently recovered from an attack of typhoid fever and his father is now ill with the same disease. The accident should serve as a warning to other boys not to indulge in the dangerous sport of "catching on bobs."

## RELEASED UPON PAYING THE COSTS

In Justice Linden's court Monday afternoon three men bearing the rather uncommon name of Vasilie Japonic, Gregor Zubowicz and Archie Kraniejerik, were arraigned upon a charge of assault and battery preferred by Mike Morris. After hearing the stories of all concerned the court adjudged the defendants guilty, but permitted them to go upon payment of the costs in each case. All of the men are woodsmen and got into a fracas of some kind or another in a shack in the rear of the Michigan hotel which is used as a lodging house.

## HARRIS APPOINTED CONSUL GENERAL AT STOCKHOLM

## FATALLY STRICKEN WHILE SHOPPING

Mrs. Jacob Beringer is Taken Ill With Apoplexy While in a Local Dry-Goods Store and Her Death Follows Some Hours Later—Details of Sad Occurrence.

While engaged in shopping at the Ed. Erickson company's drygoods store Monday afternoon, Mrs. Jacob Beringer was stricken with apoplexy and was removed in the ambulance to her home at 306 North Jennie street in an unconscious condition. Although a physician was immediately called and exercised all his skill to bring about the recovery of his patient, Mrs. Beringer continued to sink until she died about eleven o'clock Monday night.  
Mrs. Beringer was not quite 55 years old and is survived by her husband and four children—Michael Decker of Chicago, Mrs. Joseph Dean of Niagara, Mrs. Norman Pool of Minneapolis and Mrs. William Johnson of this city. Mrs. Pool was in the city visiting her mother when the stroke that resulted in her death occurred. Mrs. Beringer had many friends who are shocked and grieved over her unexpected demise.  
The funeral will be held from St. Joseph's church at nine o'clock Thursday morning, Rev. Father Julius conducting the services, and interment will be made in St. Joseph's cemetery.

## GERMAN SUBMARINE HAS AN ACCIDENT

(By Associated Press.)  
Kiel, Germany, Jan. 17.—The German submarine "U 3" sank today in this port. The rescuers communicated with the captain, who said that he and the crew had plenty of air for 48 hours and were in no danger. A bursting of the water tanks was the cause. The men were rescued later and the submarine brought to the surface.

## SUGGESTS A NEW BASEBALL LEAGUE

Gladstone Delta: J. B. Mathey is still enthusiastic and plans on a new league for next summer. Rapid River will have no team next year and Gladstone and Escanaba would be lonely. He therefore suggests making a four team league with Menominee and Marinette. Each game would therefore have the population of two cities to draw from, trolley connections being good. The distance to travel by railroad is short, and there is good local service on the Northwestern now from Escanaba to the Twin cities. The idea meets with favor from such Menominee men as he has conferred with.

## FATHER LANGAN'S BODY TAKEN AWAY

All That is Mortal of Departed Priest is Transported to Minneapolis, Where it Will Receive Burial—Remains Accompanied to Station by Long Line of Mourners.

Monday night the remains of the late Rev. Father J. M. Langan were shipped via the Soo Line to Minneapolis and will be given burial in that city tomorrow. Accompanying the body were the relatives of the deceased and a large party of Escanaba people, most of whom went as the representatives of Catholic organizations. Among these were: J. J. Cleary, J. S. Doherty, D. E. Glavin, William Manley, J. B. Moran and John O'Meara, active pall-bearers; A. J. Manley, M. N. Smith, Charles Maloney and William Finnegan, honorary pall-bearers from St. Patrick's parish; Matt Fillion, Frank Kraus, E. M. St. Jacques, Francis McCauley, Coleman Nee and M. Perron, honorary pall-bearers from the Knights of Columbus; W. J. Hanrahan, Charles Ford, J. F. Sullivan and J. P. Kenneally, honorary pall-bearers from the Ancient Order of Hibernians; E. F. O'Leary and Ralph Finley, representing St. Patrick's court of the Catholic Order of Foresters.  
Others who went were Mr. and Mrs. John A. Allo, Mrs. LePere and Miss Anna Braughton; Rev. Fathers Bender, Stahl, Fillion and Lenhart.  
The final funeral services are to be held in St. Stephen's church, Minneapolis, tomorrow morning. Before the body was taken from St. Patrick's church to the Soo station final vespers for the dead were conducted in the presence of a throng that filled the church.  
Leaving the church the remains conveyed in a hearse and the funeral procession proceeded to St. Clair street, where a special interurban car was waiting to take the casket the remainder of the distance to the depot. In this car were also the pall-bearers, relatives and others who accompanied the body to Minneapolis.  
In the funeral procession were several Catholic societies of Escanaba and the boys' and girls' sodalities of St. Patrick's church, several hundred strong, and hundreds of other mourners, who walked as far as St. Clair street.  
The sight of the funeral procession passing through the street at night was unusual and impressive and was witnessed by thousands of people.

## WILSON TAKES SEAT AS NEW JERSEY'S GOVERNOR

(By Associated Press.)  
Trenton, N. J., Jan. 17.—Woodrow Wilson was inaugurated governor today with the simplest of ceremonies.  
Mrs. Nels Vnette of Nahma is the guest of friends in Escanaba.

You ambitious young lady, we think if you feel any interest whatever in that delightful New York City and Bermuda Island tour offered by The Daily Mirror, you would do well to enter your acceptance at once. At least, do not postpone calling upon us concerning the advisability of your becoming a candidate.  
Remember, if when you have told us the circumstances under which you will work, we then think poorly of your chance of success, you will not be urged to take it up. We do not care to fill out our list with useless names. What we want is someone who will set a good pace for herself and others to reward us with subscriptions to this newspaper, as The Daily Mirror will reward the three successful ones with those fine tours.

Obstacles Often Imaginary.  
It may be that, through no fault of your own, you are so placed that you could not compete to advantage—if so, we will frankly tell you our opinion. In the great majority of cases, however, the obstacles to becoming a candidate are imaginary. Some people think it will take too much of their time, and require too great an effort.

It is our place, as well as our pleasure, to try to simplify things for you, to show you where, by a little careful organization, you can spare yourself much trouble; and also suggest to you ways and means of getting subscribers.  
All Can Take Part.  
We do not mean by this that everyone should become a candidate, but we do mean that the ambitious girls should reveal to the citizens of this city and county the ability they possess to compete with their fellow candidates for these grand trips, and such will find that the circle of friends will promptly respond and will interest themselves in your candidacy. In this way all can take part in the excitement, and when you win from your district the friend who has helped you, will feel just as proud of your success as you will yourself, for they will have been largely instrumental in the achievement.

This schedule shows the number of votes that are allowed for paid-in-advance subscriptions to The Daily Mirror.

**ATTORNEY GENERAL  
GIVES OPINIONS**

In an opinion rendered recently, Attorney General Kuhn holds that a township board cannot accept the name of a woman for registration before a meeting of the board. He says the board does not really exist until it comes together. A woman desiring to be registered as voter must appear personally before the board and present her name.

The attorney-general also rules that it is not necessary to have an enrollment in March previous to the spring election. According to the general law, the first Monday in April preceding the general election, has been designated by the statute as enrollment day and he can find no provision for a spring enrollment.

Coupled with this opinion is another to the effect that delegates to the convention nominated by the primary system in the fall cannot act as delegates to the convention in the spring unless re-elected by the caucus or convention system.

In another opinion Attorney-General Kuhn holds that the county is responsible for the sheriff's fees where a prisoner is held for non-payment of alimony. On several occasions questions have arisen regarding that clause and it seems to be the common opinion in many counties that the sheriff cannot collect such an account. Unless a member of the board of supervisors resigns he is not eligible to the office of county drain commissioner, according to the attorney-general.

**COTTON SPINNING  
HUNDRED YEARS OLD**

Fall River, Mass., Jan. 16.—The present year marks the 100th anniversary of the beginning of cotton spinning in Fall River and a project is afoot for an appropriate celebration of the centennial. It was in 1811 that Col. Joseph Durfee promoted the first cotton mill in what is now Fall River, then the town of Troy. The original mill is standing, somewhat remodeled as the result of fire many years ago, and is now used as a storehouse.

Since the first Durfee mill was established, the people of Fall River have been liberal supporters of the industry, with the result that this city is now the greatest cotton manufacturing center in America. Within the limits of the city there are now forty corporations operating 3,900,000 spindles capitalized at about \$40,000,000.

**THEY MAY SELL  
THE ZIMMERMAN**

Toledo, O., Jan. 17.—That majority stockholders of the steamer Engene Zimmerman intend to purchase the vessel to sell it to one of the big lake transportation companies, is the opinion of a number of small stockholders.

The meeting of the stockholders of The Toledo Steamship company, owning only the Zimmerman, is to be held in the office of the company at Perrysburg today.

For three seasons the vessel was under the management of the late I. S. Sullivan, and paid dividends, despite much hard luck.

Just as the steamer was ready to be launched in 1905 a workman fell dead on her deck. It was the thirteenth day of the month. Leaving Toledo harbor on its maiden trip, the vessel went aground in the river. When the boat got as far as the Soo on its way to Duluth with coal, it was sunk by a southbound vessel. The admiralty court decided against the Zimmerman, and it cost the owners \$65,000 to refloat the craft.

After using them a short time I was greatly relieved and can honestly say that they did me a world of good." Sold by all druggists.

**LETTER IN ROUTE  
SEVENTY-TWO YEARS**

Uncle Sam Makes Record in Postal Service in New York State—Letter Mailed on April 29, 1838, Finally Gets To Its Destination—The Story.

New York, Jan. 17.—Uncle Sam set a new record in postal service when he delivered yesterday at Yonkers a letter sent from Geneva, N. Y., on April 29, 1837.

Yonkers is 37 miles from Geneva. It took the letter 72 years to travel the distance, a average of five miles a year.

Both the sender of the letter and the man to whom it was addressed are dead, the latter forty years ago. Mrs. Walter Paddock of the old Paddock family of Yonkers received it. She is a grandniece of D. O. Paddock to whom the letter was addressed. He was in the lumber business. Mrs. Paddock had never seen him.

The postman called at her home with a postoffice department envelope. Within was the time-yellowed sheet of paper. It was not an envelope, for it was written when envelopes were unknown. It was folded square and the ends tucked in, and a postage stamp pasted across to keep them there. The stamp was cancelled and the missive bore date, Geneva, N. Y., April 29, 1838. Beneath this stamp was another one, which read Syracuse N. Y., December 27, 1910.

No explanation of the delay appeared upon it. There was no mark from the dead letter office. It probably had been mailed by the sender who signed himself Whitney, and had been mislaid in the postoffice at Geneva, to be found again just now.

**GOOD FORTUNE IS  
DEATH TO PAUPER**

Fremont, O., Jan. 17.—Ira Hawkins lies dead at the Sandusky county infirmary, aged 70 years. Hawkins had been an inmate of the poorhouse for ten years, when he was notified on Thursday that the death of a sister left him a fortune of \$7,000. Hawkins refused to leave the poorhouse, and asked the county to take charge of the money and keep him in comfort. The shock of the sudden wealth, however, completely unnerved him and hastened his death.

The Menominee county board of supervisors has taken up this project and intends to invite the cooperation of every county in the upper peninsula. The Delta county board has also joined in the movement.

**SULTAN PRAISES  
UNITED STATES**

Washington, Jan. 17.—The sultan of Sulu has written to President Taft giving him some of the impressions his recent trip to the United States made on his mind.

"America in general is the best country I saw on my tour," he says, and I expect, if I live, to make another trip to the states, bringing other chiefs along to open their eyes as ours were opened on the trip. The trip did not cost half of what I thought it would."

The sultan has sent the president a beautiful mother-of-pearl ornament, to which the president has replied by sending a letter and a photograph of himself.

**"WOULD MAKE  
A HORSE LAUGH"**

Appleton (Wis.) Post: As everybody knows, the uproar that is now being made over the report of the minority of the investigating committee into the Stephens election expenditures, is but the trumpeting of the "progressive" Republican elephant, joyfully supplemented of course by vocal stunts of the Democratic Jackass. The majority of the committee made its report two years ago and the matter is now a dead issue except as it is and may be further revived by factional spite. However, the contention that the United States senate will find it necessary to kick Wisconsin's junior senator out of its presence is such a merry quip that it would make a horse laugh. Nobody more than The Post deprecates the extravagant use of money in elections, and that Uncle Ike poured it out like water nobody can deny. But so did the other candidates also. Uncle Ike's weasel-skin was a little longer than the others and that constituted the only difference. While proprieties were offended no law was expressly fractured therefore, there is no chance of molesting the junior senator or depriving him of his seat in the upper house.

She said she hoped to dispel the hoodoo which has enveloped the number 13 for many years.

**CARNEGIE FINDS  
A NEW "AMERICA"**

As has previously noted in the editorial columns of The Mirror, Andrew Carnegie has found a hymn of international peace that he prefers to "America." The meter is the same, but although he prefers the new words, he does not urge them as a substitute. Several thousand copies of the hymn have been distributed by Mr. Carnegie among those interested in the peace movement.

It was written by Professor George Huntington, formerly of Oak Park, Ill., and later librarian in Carleton college, Northfield, Minn., who retired some years ago on a pension from the Carnegie foundation. Following are the lines, which may be sung to the tune of "America":

"Two empires by the sea,  
Two nations great and free,  
One anthem rise,  
One race of ancient fame,  
One tongue, one faith we claim,  
One God whose glorious name  
We love and praise.

"Though deep the sea and wide,  
Twist realm and realm, its tide  
Blinds strand to strand,  
So be the gulf between,  
Gray coasts and islands green,  
With bonds of peace serene  
And friendship spanned.

"What deeds our fathers wrought,  
What battles we have fought,  
Let fame record,  
Now, vengeful passion cease,  
Come victories of peace;  
Nor hate, nor pride's caprice,  
Unsheath the sword.

"Now may the God above,  
Guard the dear land we love,  
Both east and west,  
Let love more fervent glow  
As peaceful ages go,  
And strength yet stronger grow,  
Blessing and blest."

# REPUBLICAN STATE CONVENTION CALL

It is Issued by Chairman and Secretary of Republican State Central Committee.

The state convention of the Republicans of Michigan is hereby called to meet at the Auditorium in the city of Saginaw on Thursday, the 2nd day of March, 1911, at 11 o'clock in the forenoon, for the purpose of nominating two candidates for the office of Justice of the supreme court for the term of eight years each; one candidate for the office of superintendent of public instruction for the term of two years; two candidates for the office of regent of the University for the term of eight years each; one candidate for the office of member of the state board of education for the term of six years; two candidates for the office of member of the state board of agriculture for the term of six years each; and for the transaction of such other business as may properly come before the convention.

Under the resolution of 1858, no delegate will be entitled to a seat in the state convention who does not reside in the county he proposes to represent.

The delegates from the several counties in each congressional district are requested to meet in district caucus at 9:30 o'clock a. m. on the day of the state convention, and select officers as follows, to be presented to the state convention for confirmation:

- 1—One vice president;
- 2—One assistant secretary;
- 3—One member of the committee on "credentials";
- 4—One member of the committee on "permanent organization and order of business";
- 5—One member of the committee on "resolutions."

By order of the Republican State Central Committee.

W. F. KNOX, Chairman.  
 PAUL H. KING, Secretary.  
 Dated at Lansing, January 11, 1911.

**THE RECALL'S THE THING!**

Governor Osborn's arguments in his message for the right of recall of unworthy and recreant officials by the voters got a tremendous boost when the Danites in the state senate voted to block his attempts to clean out the rotten Warner mess, declares the Saginaw Courier-Herald.

It is altogether likely that this incident alone has furnished the only thing lacking to ultimately force the recall into the constitution—a striking and vivid illustration of arrogant contempt for the people's plain mandate that the state's administration should be put upon a clean and honest basis, that the people's money paid heavily in taxes should not be wasted by extravagance and graft, that incompetents and job-holding barnacles should be weeded out of the state's business organization, that a new and decent era should begin in Michigan public affairs.

Every one of those senators who voted against confirmation of the few carefully selected appointees to take the places of those named by ex-Governor Warner in the last days of his discredited and disgraceful administration should be ousted from their places of power in the senate. If the recall were in operation petitions to remove them would be today circulating in at least 19 senatorial districts and being enthusiastically signed by every voter who is opposed to recreancy and treachery in public officials.

Men who have before been doubtful about the necessity of the recall, who have thought it could never be useful in practice, or who have had some dim idea that it was mixed up in some way with wild "socialistic" ideas, have had their eyes opened with amazing suddenness to its great potency as a powerful weapon in the hands of an outraged electorate. Thursday's shameless performance at Lansing has put the breath of life into the recall as a constitutional right of the people, and made it a vital issue in Michigan. In due course of time it will inevitably prevail.

The Chinese New Year, the day which Wu Ting Fang, former Chinese minister to the United States, has promised to set his countrymen the example of cutting off his queue, will be a notable date in the Middle Kingdom. On that date it is the imperial throne has promised to accede to the resolution of the senate praying for the creation of a constitutional cabinet. So on the thirtieth of the present month, which will be the Chinese New Year, will perish not only Wu's queue, but also the ancient regime of absolutism in China. The cutting off of queues is to become general in China, and there will be a lot of human hair in the markets of Europe. It is predicted that false hair will go out of style. The world seems to be moving faster than it ever did before, but not everything which is foretold actually comes to pass as per program.

The fire loss in the United States is more than it ought to be, but when an attempt at statistical comparisons is made on the basis of the average per capita in different countries it is far from convincing. An esteemed contemporary remarks: "Fire loss annually in Italy is 12 cents per capita, France 30 cents, Germany 49 cents. In the United States the per capita loss is \$2.46." Suppose these figures were extended. The probability is that a better showing than is made for Italy could be made for Ashantee or Dahomey. The greatest immunity on the per capita basis would be enjoyed by the largest population which had the least to burn. Undoubtedly the per capita fire loss in America was smallest when the country was populated only by Indians. The object of these remarks is not to depreciate precautions against fire, but to demonstrate the absurdity of fire loss comparisons on the per capita basis. Statistics is a science, but many who undertake to furnish illumination by assembling figures darken the subject by failing to present all the facts.

President Taft rebukes Commander Sims, who made a radical pro-British speech. When the naval officer named goes to dinner he should put his feet under the table instead of in his mouth.

The house has passed a \$45,000,000 pension bill. As President Taft was preparing to save \$18,000,000, congress feels something must be done quick.

**A Quick Wooing**

By F. A. MITCHEL

Copyright, 1910 by American Press Association.

Summer was ended; autumn was dying. A gentleman entered a cemetery, called to one of the workmen employed there, led him to a grave and directed him to take up certain plants that needed to be housed in winter. The matter having been attended to, the gentleman started to walk to the gate and thence to go home.

The day had been dreary, but suddenly a soft red glow spread over the city of the dead. The gentleman stopped. A short distance down the avenue on which he was walking, at a point where it entered another avenue, he saw in a lot inclosed by an iron fence a young woman in deep mourning kneeling beside a grave. Her face was lowered so that he could not see it, at least but a part of it, and the hands were clasped in an attitude of prayer. The picture was thuged by the heavenly light that came from the setting sun.

How often and by what singular incidents are revolutions effected in us! This man had buried his wife two years before and had buried with her, so he thought, his heart. He had since met women by the dozens who would have been glad to take the place she had left vacant. Not one of them had appealed to him in the slightest. Perhaps there was that in all of them which jarred upon his relations with the dead. They seemed to him to be of the world, while he was bound to one who was not of the world. In the picture before him he saw a counterpart of his own condition. It was life, but life reaching out for another existence—a link of sympathy by which he might regain his hold upon that chain of human affections which is changing throughout our lives.

He went on, but stopped again, this time within a short distance of the mourner. There, uncovering, he stood, his head bowed, his hands crossed before him. His whole attitude bespeaking reverence till the prayer was finished and the lady rose from her knees. Then for the first time he saw a man standing with head bowed so low that he was evidently not aware that she had finished her prayer. She announced the fact by a slight cough.

"Madam," said the gentleman, putting on his hat, "I am sorry to have intruded at a moment when it seems that the world should leave you absolutely alone; that you may commune with one who has gone before you. Having intruded, I could but act as I would were I in a temple consecrated to the communion between the quick and the dead."

"I am touched, I assure you, with your reverence and your sensibility to our most sacred feelings. You must be one who has suffered."

Her face, being turned toward him, showed one of those especially feminine faces in which Italian artists for centuries have been striving to portray the mother of God. And above her brow was something which to the observer took the place of a Madonna's celestial cretief. It was a widow's cap.

When November is fading into its successor, December, the night comes on apace. The red light in the west died and seemed to take with it all that was left of the day.

"Madam," pursued the gentleman, "it is quite a walk to the cemetery entrance, and the twilight is already gone. I beg of you to permit me to

see you at first to a carriage."

"One whose delicacy of feeling I have so recently witnessed may see me anywhere," replied the lady.

And so this man who had not lowered the band that he had put on his hat for his dead wife two years before by a single inch walked beside the lady in her spotless widow's cap for nearly a mile, each too reverential of the other's feelings even to mention the bereavement that had brought them to the cemetery. When they reached the gate it was quite dark. The gentleman called a carriage, put the lady into it and, being invited to enter, did so and rode to her home.

Here were two people both of whom were living for the dead because they needed something to break the current that held them under its control. What no beauty in shining silk, could do for the man this woman in somber black and under a widow's cap had done for him. What no other man could do for this woman this one by a single act, indicating that he knew her feelings and sympathized with them, did for her. Nor was it something to grow between them. It was instantaneous. Each had seen in the other a break from an unnatural brooding, and when the break came both grasped for it eagerly.

It was quite dark when they drew up before the lady's home. "I feel so indebted to you," she said, "that I wish you to come in, even if for a moment." He feared he would intrude. He was urged and gave way. He went into the house, remained to dinner and passed the evening. When he left it was midnight, but he departed with a lighter heart than that with which he had entered.

Spring came, but the usual vernal planting that these two had remembered for years was forgotten. There were flowers, but they were not laid on graves. They were orange blossoms and they covered the robe the widow wore to her bridal. In the groom's buttonhole was a single cressanthemum.

## DEFERRED HOLIDAY IS HELD LEAGL

The Delta county school commissioner's office is in receipt of a number of copies from the state department of public instruction of two important opinions bearing on school matters given by Attorney General Kuhn. The first is in regard to whether or not a legal holiday is considered such by the school department when it falls on Monday following a Sunday which is the regular day. The opinion of Mr. Kuhn is that it is.

The other was in regard to whether or not a school district is liable for the tuition of a pupil going to high school in another district, as provided for by a recent act of the legislature, when that pupil was a resident of the district when the law was passed but had since moved to another district. The opinion is that the district must pay only when the pupil is a resident of it when the money for the coming term is appropriated by the district board. Copies of this circular will be sent to all of the members of the various school boards of the county.

Bids for the work were submitted by the American shipbuilding company, the Toledo Shipbuilding company and the Great Lakes Engineering works of Detroit. A dispatch from New York said the deal had been called off and that the Steel corporation would not order any ships for delivery this year.

### FOLEY'S KIDNEY REMEDY—AN APPRECIATION.

L. McConnell, Catherine St., Elmira, N. Y., writes: "I wish to express my appreciation of the great good I derived from Foley's Kidney Remedy, which I used for a bad case of kidney troubles. Five bottles did the work most effectively and proved to me beyond doubt it is the most reliable kidney medicine I have ever taken." Sold by all druggists.

### KERMIS NOTES.

"No one will be allowed at the Peterson opera house tonight but those who take part in 'he Kermis.'" By order of the management.

Tonight will be the occasion of the dress rehearsal at the Peterson. Seven o'clock is the time when the grand march will begin. Be on time. The rehearsal will be just as it will be given Thursday night.

Carrie Shaw forgot, for some reason or other, an important engagement with the directors and was recalled for the rehearsal.

Ernest "Tommy" Hughtitt appears twice before the footlights, once as the "Japanese soldier man" and the second time as one of the rollicking gypsies. He "makes good" in both numbers.

The Sailors' Hornpipe is bound to make a big hit. The young ladies and gentlemen worked overtime last night and the directors pronounced their final rehearsal perfect. And the very fact that the participants do not think they are doing well, prophesies that the dance will be well executed Thursday and Friday nights.

Have you reserved your seats?

Miss Valentine, Jaegers, McColl, Stegath, Bacon and Hirm and Messrs. Shaw, Hirm, Pryall, Ham, Corcoran and Stegath compose the company of Hornpipers.

No admission at the dress rehearsal tonight unless you are a participant or unless you have some business there.

Miss Maud McColl and Arthur Landis are the leaders of the Dutch dance and you could "hear them coming" last night. The rehearsal, with the wooden shoes, gives us a hint of how good this number will be. If you miss it—well, "that's up to you"—but you will miss the best entertainment of the year.

The work of the past two weeks has been very strenuous for the directors. Yet with it all they have kept perfect order and are highly complimented for all they have done in so short a space of time. Mrs. Pettee and Miss Palmer will leave Escanaba with a host of friends who will wish them well wherever they go. They are always just and courteous at the rehearsals and their work has been highly appreciated by the boys and girls with whom they have been associated here.

We are all going to be there. We can't afford to miss it.

It's Thursday and Friday nights and Saturday afternoon.

It's at the Peterson opera house.

Reserve your seats at Mead's.

### ERROR MADE IN MARRIAGE NOTE

In the announcement published in The Mirror yesterday relative to the marriage of Miss Minnie Dufresne of Wausaukee, Wis., and Richard Vlau of this city, there was an error. It appears that the couple were united in marriage in this city on the evening of December 29, 1910, instead of on July 7, 1910, as stated in the item. Otherwise the announcement, which was originally published in the Marquette Eagle-Star and the Menominee Herald-Leader of last Saturday, is correct. It is stated that there was nothing especially secret about the marriage, relatives and friends of the couple being perfectly aware that it had taken place.

### THEATRICAL

THE GRAND—There is a good bill on at the Grand for this week and the audiences last night appeared to appreciate it. Besides the usual display of Grandescence pictures, which, by the way, are unusually interesting, and the illustrated song, "Sleepy Head," there are two excellent acts. Ver Valin, the man with the wooden children, is a ventriloquist of exceptional ability and his work has the merit of originality. There are plenty of laughs in this act. Varin and Varin, comedy singers, dancers and musicians, also furnish plenty of entertainment of the rib-tickling sort and the indications are that they will be prime favorites before their engagement is ended. Another feature of the program is the playing of the house orchestra. Besides the accompaniments the orchestra renders three of Rossiter's selections with a verve and snap that are delightful. No chance for anybody going to sleep while this orchestra is at work. Large audiences witnessed the performances last night and the reduced price of admission promises to add to the popularity of the Grand.

### CURE YOUR KIDNEYS

Do Not Endanger Life When an Escanaba Citizen Sows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Escanaba testimony:

C. F. Kimber, 313 Rose St., Escanaba, Mich., says: "I have used Doan's Kidney Pills in my family for years and consider them to be a splendid kidney remedy. My kidneys and bladder were badly disordered and I suffered a great deal from backache. I was restless at night and upon arising in the morning felt all tired out. I used several remedies, but none proved of benefit until I took Doan's Kidney Pills, procured from the Mead Drug Co. They soon cured me and my kidneys are now in normal condition." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### A RELIABLE COUGH MEDICINE

Is a valuable family friend. Foley's Honey and Tar fulfills this condition exactly. Mrs. Charles Kline, N. 8th St., Easton Pa., states: "Several members of my family have been cured of bad coughs and colds by the use of Foley's Honey and Tar and I am never without a bottle in the house." Refuse substitutes. Sold by all druggists.

FOR SALE—At our Manistique, Mich. mill: One 26 inch double surfacer; one 48 inch segment resaw; one 14x24 rock valve engine, with fly wheel, 9 feet by 16 inch face. We will sell these cheap for cash, or will trade for lumber such as we use. Goodwillie Brothers, Manistique, Mich., or 1212 N. Y. Life Bldg., Chicago, Ill.

Percy Sweig of Chicago is among the visitors in Escanaba.

WILL BE PLEASED

Manistique, Pioneer-Tribune: The Manistique friends of Prof. Legg of Gladstone will be pleased to learn that he will have little if any opposition for renomination as commissioner of schools of Delta county. He has held the position for the past ten years and the Escanaba newspapers speak of his work in the highest praise.
