GREENHOOT IS OUT OF FIELD

Mayor of the City Issues Statement That He Will Not be a Candidate for Reelection to Office He Now Holds--Two Terms Enough, He Says.

In a statement issued over his own signature, Mayor Solomon Greenhoot, now serving his second term as chief executive of the city, informs the people of Escanaba that he will not be a candidate this spring for reelection.

Mr. Greenhoot states that he has come to the conclusion that two terms as mayor is all that a citizen should expect or should be expected to serve. He has been urged by many friends to seek a third term, but has decided it best not to do so.

He expresses his appreciation of the honor that has twice been conferred upon him and says that in return he has given the city the same care in the administration of its affairs as he has given to his own.

Mayor Greenhoot's announcement will come not altogether as a surprise, for some of his intimate friends have known for some time that he would not become a candidate for reelection. Following is the mayor's authorized statement:

The Mayor's Statement.
"To the People of the City of Escanaba:

"The time is near at hand when the electors of this city shall select some worthy citizen to serve them as mayor for the next term. I have been asked during the past few weeks by many of the influential citizens to become a candidate for a third term. I have given careful consideration to the request of these citizens, believing it to be the duty of any person to respond to a call to duty by his fellow citizens. However, I have reached the conclusion, that after having served you as mayor for two terms, I have discharged my duty as a citizen, and therefore I shall not under any consideration become a candidate for reelection to a third term.

"I assure you that I greatly appreciate the honor conferred upon me by my election to the mayoralty office for two terms, and your action in so doing was an expression of confidence that will give me life-long gratification. In return for that honor and that confidence I have given to the affairs of the city the same care that I give to my personal affairs.

SOLOMON GREENHOOT, Mayor."

WILL GIVE CITY PERPETUAL LEASE

The I. Stephenson Company Offers the City Perpetual Use of Alley Leading to North Shore of Bay--City Attorney Instructed to Have Lease Drawn--Story.

Alderman Shipman started something at the meeting of the council Thursday evening when he asked what had been done about opening the alley leading to the north shore of the bay at the foot of Tilden avenue. He wanted to know if the property, which is owned by the I. Stephenson company, had been condemned and if not, why not.

City Attorney Jennings answered the alderman by stating that the I. Stephenson company was willing to give the city an indefinite lease, perpetual if desired, but wanted to retain its ownership for possible contingencies in the future. With its lease the company will grant every right and privilege the city can derive from actual ownership.

In reply to further remarks by Alderman Shipman, Mr. Jennings stated that he would not move for condemnation until the council thoroughly understood that it could get all the rights it wanted without resorting to such proceedings. Then, after such understanding, if it ordered him to go ahead with what in all probability would result in long and expensive litigation he would do so but would not be held responsible for such action.

These plain words had almost an immediate effect, for Alderman Shipman soon moved that the city attorney be authorized to negotiate with the I. Stephenson company regarding a perpetual lease for the land under the conditions described and after the lease is drawn up to submit it to the council. The motion was adopted without a dissenting vote.

The motor that is to be used in operating the electric stamp canceling machine at the postoffice was received this morning and is now being set up. The machine itself is on the way and it is expected to be here by next Monday.

PLAN IS FAVORED AND IS LIKEWISE WARMLY OPPOSED

MEMBERS OF THE COUNCIL ARE DIVIDED OVER THE BOARD OF PUBLIC WORKS FIRE STATION PROPOSITION.

Its Submission to the Council is Followed by a Spirited Debate, After Which It is Referred to Two Committees and the Board Itself--Details.

Members of the common council are divided over the desirability of accepting the proposition made by the board of public works for the establishment of a fire station in the Seventh ward. This fact was developed at the meeting of the council Thursday evening, when the board's proposition was submitted in writing. Immediately following the reading of the communication Alderman Garrity moved that it be accepted and placed on file.

Then ensued an exceedingly spirited debate in which six or seven of the aldermen participated, some being in favor of adopting the plan suggested and others being just as strongly opposed.

The principal opposition came from Aldermen Wickert, Shipman and Garrity, while Aldermen Long, Priester and Kirkpatrick were just as strenuous in expressing the belief that it would be a good thing.

Alderman Schmidt suggested that the proposition be submitted to the fire and water committees and the board of public works, but he failed to put his suggestion in the form of a motion and the debate proceeded.

Finally Alderman Garrity's motion to accept the communication and place it on file was adopted. Then Alderman Kirkpatrick acted upon Alderman Schmidt's suggestion and moved that it be referred to the committees on fire and water, and the board of public works, and the motions to thoroughly investigate the matter and report thereon to the council as speedily as possible. The motion was carried and this disposed of the question for the time being.

The proposition of the board of public works, briefly, is to transfer to the general fund the sum of \$6,000 from the surplus funds of the lighting plant to be used for the building of a fire station in North Escanaba, with the understanding that the equipment now installed in No. 2 hose house be removed to the proposed fire station.

Opposition to this plan comes from those who believe that No. 2 fire station should not be abandoned. They maintain that that part of the city, where it is located is full of valuable property which cannot be properly protected from fire if the station is taken away.

CHICAGO FIRM TO HAVE BRANCH HERE
L. J. Ewert of the Ewert Bros. company, general commission merchants and wholesale dealers in all kinds of farm produce, has arrived in Escanaba and is preparing to open a branch of the house. Mr. Ewert has leased the brick building at 410 Ludington street, immediately west of the Delta Hardware company's stores and expects within the next two weeks to open a seed house and headquarters for wholesale dealing in fruits, vegetables and general farm produce. Mr. Ewert will make his home here and his family and household goods are expected to arrive next week.

CITY BALANCES ARE OVERDRAWN

According to the monthly report of City Treasurer Hess, presented to the council Thursday evening, the accounts of the city on February 1 were drawn to the amount of \$32,507.17.

City Veterinarian Firkus reported that during the month he had inspected 17 dairies and that all had passed. Street Commissioner Holmes, monthly statement showed that he had expended \$328.24 in his department during the month and Poor Commissioner Blanchet reported that the expenses attached to the care of the poor for the same period amounted to \$485.25. All of the reports were filed.

MAY USE POLLING PLACES FOR PRIMARY

The common council Thursday evening granted a request from the Republican county committee that the use of the several polling places in the city be given for the primary election, which is to be held February 20 for the purpose of electing delegates to the Republican convention on February 23. The primary election will therefore be held in the several ward polling places in accordance with the call that has heretofore been published.

COUNCIL CANVASSES VOTE OF ELECTION

At the meeting of the common council Thursday evening the vote cast at the special election Monday on the revised city charter and the fire station bonds were canvassed and the results set forth in resolutions that were adopted. The canvass developed no change from the returns as published in The Mirror Tuesday. The vote on the charter was 106 for and 488 against, while on the bonds it was 265 for and 333 against.

Members of the registration and election boards were allowed pay for their services, the registration board members getting \$3 a day and the election board members \$5 a day.

THE ALPHA DRAMATIC CLUB SCORES FINE SUCCESS IN PLAYS

ESCANABA POSSESSORS OF HISTORIC TALENT APPEAR TO ADVANTAGE BEFORE LARGE AUDIENCE AT THE PETERSON.

Two Laughable Plays are Presented With Commendable Smoothness and the Actors Acquit Themselves With Credit--Good Specialties Added.

Peterson's opera house was well filled Thursday evening, when the Alpha Dramatic club of St. Joseph's church made its first public presentations of two little plays, "A Tender Attachment" and "The Virginia Mummy," and from the general expressions heard after the show all those taking part did very well.

For amateur productions both plays were given with commendable smoothness and they were apparently greatly enjoyed by the audience.

In addition to the plays there were given two specialty numbers of merit, one being a musical act by Carl and Frank Tolan of the Grand theater and the other a song by Frank Hirm and John Van de Wiele. Both made a hit.

Inasmuch as all of the members in both casts did very well it is unnecessary to speak of their work individually. Some may have done a little better than others, but that is to be expected and is not a disparagement to any, for all cannot be equally talented when it comes to stage work. Both plays will be reproduced at the Peterson tonight and it is expected that another large audience will be on hand to enjoy them.

Following is the personnel of the club taking part in the plays:

"A TENDER ATTACHMENT."
Mr. Clapboard, proprietor of "Bachelor's Paradise,"—John Van de Welle.

facturer—Frank Hirm.

Horace Crotchet, his son—Oscar Kraus.

Peter Picket, a soldier—George Hirm.

Obed Oakum, a sailor—Charles Girard.

Timothy Tinpan, a tinker—William Van de Welle.

Louis Loopstick, a tailor—Frank Nolden.

"THE VIRGINIA MUMMY."
Captain Rifle—Charles Girard.

Dr. Galen—George Semer.

Lucy, Dr. Galen's ward—J. Van de Wiele.

Charles—Oscar Loeffler.

O'Leary—William Van de Welle.

Ginger Blue—Frank Nolden.

Another Mummy—Edward Hirm.

PRESENTED WITH BEAUTIFUL BOWL

Thursday afternoon an exceedingly pleasant affair was held in Grenier's hall, the occasion being the installation of the new officers of the local branch of the Grand International Auxilliary to the Brotherhood of Locomotive Engineers.

Not only was the installation held but there was another feature of marked interest and pleasure. Next Saturday being the birthday of the Auxilliary's president, Mrs. Stanley Tyrrell, who has so ably filled the chair for the last six years, the members, to show personal regard and appreciation of her faithfulness, took this time to present her with a beautiful cut glass salad bowl.

The presentation was made by Brother Theodore Farrell in a pleasing little impromptu speech, following the serving of a very nice lunch.

Mrs. Tyrrell was visibly affected by this manifestation of the esteem in which she is held, but managed to demonstrate her gratitude for the gift, which she will no doubt prize as one of her most cherished treasures.

ESCANABA TO HAVE FINE NEW CHURCH

Swedish Lutheran Congregation Decides to Erect a Large Brick Edifice to Take Place of Present Inadequate Structure--Work to Begin in the Spring.

After careful consideration of the matter, the congregation of the Swedish Lutheran church, at the corner of Wells avenue and South Mary street, has definitely decided to build a large and handsome new church edifice to take the place of the present structure, which is inadequate to meet the needs of the large congregation. It is planned to build the structure of brick and work upon it will begin possibly this spring.

The lot immediately west of the present church property has been purchased from Eric Palmer and the new edifice will occupy the north end of the two lots. The present church building will be moved on the lot south of its present site and will be used there until the new building is completed.

Rev. C. A. Lund is pastor of the congregation, which under his efficient leadership recently received a call to the pastorate of a large and influential Swedish Lutheran church at Moline, Ill., and now has this call under consideration. Should he decide to accept this offer it may result in some delay to the plans for building the church. It is possible that Mr. Lund will announce his decision in the matter at the services next Sunday.

GRANGERS ARE ASKED TO OPPOSE RECIPROCITY PLAN.

(By Associated Press.)
Des Moines, Iowa, Feb. 10.—Master Judson of the Iowa state grange today sent out requests to the members of that organization to write or wire their representatives in congress to oppose Canadian reciprocity.

Danville, Ill., Feb. 10.—At three o'clock this afternoon the grand jury reported 216 true bills in the vote buying inquiry.

(By Associated Press.)
El Paso, Texas, Feb. 19.—Reports reached this city early this morning to the effect that a body of armed men were crossing the international boundary between Noria and Malpas.

A detachment of the Fourth United States cavalry has been rushed to the scene.

General Orozco was joined by General Casilla yesterday afternoon and camped last night at Rancho Flores with approximately 600 men.

Members of the revolutionary junta stated last night that General Orozco, who was reinforced yesterday afternoon by 250 men under General Casilla, will start south to contest the road to Juarez with the federal general, Navarro, who is reported about eighty miles away.

Juarez Out of Danger.

This, if it proves true, ends for the time being at least the threat against Juarez. It was Casilla and not Alanis who spent Tuesday night twelve miles east of here across the river from Ysleta at a village known as Saragosa. It took him until yesterday afternoon to make the junction. He had a brush with the federal, but eluded them.

A more serious fight occurred between unidentified forces opposite Fort Hancock, fifty miles east. Sixteen participants were wounded. The report of the fight came in from the border. Some of the wounded reached the Texas side and were cared for by the Americans.

Federals Are Repulsed.
Mulata, Mexico, Feb. 10.—The federals who attacked the insurgents here today were repulsed after five hours' hard fighting. General Luque led the assault and the federal losses were heavy. Troop H, Third United States cavalry, was under fire during the engagement and many Mexican shells hissed across the river.

HOUSE COMMITTEE DELAYS ACTION ON RECIPROCITY.

(By Associated Press.)
Washington, Feb. 10.—The house committee on ways and means today postponed its action on the Canadian reciprocity agreement until tomorrow, when the committee will probably vote to report favorably the measure to embody that agreement.

GREAT CONTEST CLOSES MARCH 4

Each Passing Day Shows Greater Energy on the Part of Candidates Who are Anxious to Secure Coveted Free Trips--Everyone Working to Win in the Race.

Contest Three weeks from tomorrow (Saturday) will see the ending of The Mirror's great contest, and that evening will witness the naming of the winners. Then will come the period of jubilation and congratulation for the ones who have worked earnestly and sincerely for the prizes. Shortly after that will arrive the day for the beginning of the longed-for trip. The journey to New York, the metropolis of the nation, the second largest city in the world, with all its manifold sights, historical, wonderful and curious; the tallest buildings anywhere to be seen, the parks, art museums, hotels, theaters, the harbor with its shipping, the Statue of Liberty--the two forts guarding the entrance to the heart of the nation, and a hundred and one other things. Then on to Bermuda, of which we have tried to give you a faint idea in these columns, but whose manifold beauties must be seen before one can get even a conception of what they really are.

An Unequaled Vacation. The pleasant tour that will broaden and enlarge the scope of our travelers' knowledge and experience, while at the same time they revel in the marvelous beauties of the wonderful scenes they will witness, will be a vacation that could hardly be equalled in any other way and certainly never excelled. This is just a notion of what awaits the winners. Is it any wonder that they are striving for VICTORY? And remember, they will have all this and a whole lot more,

without one cent of expense. Just a little effort, just a little application, and any girl, even if she has not even started as yet, may be returned a winner. That rests entirely with you. If you really desire to go you must apply yourself with spirit and determination. There are hundreds of subscribers to The Mirror whose subscriptions are about to expire and who will ultimately renew. These same people will renew now, IF YOU ASK THEM, and give you the benefit of the votes. After making a poll of over sixty per cent of our subscribers, it was ascertained that only a trifle over twelve per cent had been seen or solicited by the contestants for renewals.

Will Gladly Take The Paper. This, you will admit, is proof positive that any contestant who will make a thorough and systematic canvas (no matter how she may stand in the voting column) can easily win out by a very safe margin within the next two weeks. Then there are innumerable people, not now subscribers, who would gladly take the paper if asked to do so by any one of the contestants. It requires only a little effort to find these people. Do not wait until you recall some friend who MIGHT subscribe or renew, but go after everybody. That is the un-failing recipe for success, and your friends will admire you for your energy and pluck, and will be only too delighted to get an opportunity to help you. If some of the contestants who are at the foot of the vote column

now, will follow the advice above given, they will unquestionably find themselves among the victors two weeks from Saturday night. A great change in the standing will result and the present top-notchers will have to hustle to maintain their present positions.

UNCLE SAM'S UNIFORM MUST BE RESPECTED

Washington, D. C., Feb. 10.—The Hobson bill to prevent discrimination in theaters and other places of public entertainment against men lawfully wearing the uniform of the army, navy or marine corps has been ordered favorably reported from the senate committee on the judiciary. The bill has passed the house, but the senate committee amended the penalty provision reducing the fine not to exceed \$500 and eliminating the imprisonment feature. The measure applies to the district of Columbia, territories and insular possessions, but it is designed to influence states and municipal governments to promulgate similar regulations.

Dr. Carlson in his report stated that since his last report he had made 15 tests. \$20,000 PAY DAY AT GLADSTONE

According to a report from Gladstone, the Soo Railway company will on its next pay day, February 20, distribute not less than \$20,000 among its employes at Gladstone. This is said to be the largest amount the Soo has ever paid out at Gladstone on a single pay day. The money will certainly do a whole lot of good when it finds its way through the channels of Gladstone trade into the pockets of the merchants, grocers, butchers, etc.

SAULT STE. MARIE LOSES A PIONEER

Sault Ste. Marie, Mich., Feb. 10.—Hugh Foster died at his home on Sugar Island, at the age of 88 years. He settled on Sugar Island in 1855, and since that time had never been more than twenty-five miles away from home. He never saw a railroad train until 1887, when the road was built into the Soo. Fifty-seven of his descendants reside in Michigan.

THE CHURCH SHOULD ADVERTISE REGULARLY

New York Minister Says It Must Seek New Business, Just Like the Merchant—Must Keep Always At it to Obtain the Best Results—Set Aside Fund for Advertising.

"Every church should have a regular advertising manager," said the Rev. Charles Steisle of New York, superintendent of the Presbyterian department of "Church and Labor," in an address before the ministers and laymen at the McCormick theological seminary, Chicago.

"The newspaper is by far the best advertising medium for the church," continued Dr. Steisle.

"Business men do not expect immediate results from their first advertising. They keep on advertising until they have caught the attention of the public, and then they advertise to keep that attention."
"Churches must go after new business," said Dr. Steisle. "The people of the city are not going to church, and so the church must go to them. The downtown churches are losing their hold on the people. The old members are dying or moving away. New members can be secured through judicious advertising. The church must set aside an appropriation for an advertising campaign, and this fund must be used for no other purpose."

THEATRICAL

THE PETERSON—"The Burgomaster," which comes to the Peterson Wednesday, February 15, is perhaps the best musical attraction we will get this season. Manager William P. Cullen, who has given us many good things by the way, is the producer, and he has spared neither time or expense in making this season's production better than ever before. The cast is headed by Gus C. Weinberg, who plays Peter Stuyvesant, the one-legged old governor of New Amsterdam. Mr. Weinberg is the original Burgomaster, and has never been seen to better advantage than in this part. He is supported by a company of 50 people, in which the principals are most of the originals. Mr. Cullen always makes a feature of his chorus, and this season's presentation is no exception, as the press wherever they have played speak of it as being the best singing and dancing one seen in years. The production is brand new, also the costumes, which were purchased at Marshall-Fields in Chicago this summer.

"Madame X," Blason's famous drama of mother-love which Henry W. Savage is soon to offer here, is a play credited with having made a more lasting impression and created a greater sensation than any theatrical attraction of the present generation. That this play electrified even base

Paris for over a year is now well known, as is also the fact that Mr. Savage was able to secure the American rights only by being in the French capital when "Madame X" was first produced, thereby circumventing the plans of a dozen American managers, who made liberal offers the morning after the news of its sensational success had been cabled everywhere.

Concerning the Juvenile Bostonians, who are to appear in Escanaba on the night of February 22, the Graphic, published at Portage La Prairie, Manitoba, has the following:

The Juvenile Bostonians opened a two days' engagement at the opera house last evening, a large audience greeting the young misses in the musical play "The Ransom," and to say that it gave satisfaction was too well shown by the encores which were given. It was the best show of the season and there is every reason to predict that a capacity house will be in order this evening, when "The Rose of Baldeen" will be the offering.

The company is composed of young misses, all the possessors of fine voices, and in some instances little actresses of no mean ability, and the management has supplied them with attractive costumes and mount the play in truly metropolitan style. The music is of the whistling kind, the latest song hits being introduced.

Sarcasm.
"He expresses his regrets in a long letter."
"You mean his pseudo-regrets. His real regrets could be written in full on a grain of corn."

GLADSTONE MAN HELD FOR TRIAL

John Raster, who conducts a boarding house in the Buckeye location at Gladstone, had his preliminary examination before Justice Huber at Gladstone today on a charge of selling liquor without a license. The evidence against Raster was considered sufficient to warrant binding him over for trial in circuit court and that action was taken. Prosecuting Attorney Torval Strom conducted the People's side of the hearing and Attorney A. W. Wolfe represented the defendant.

MISS LUELLA POST GIVEN A SURPRISE

Miss Luella Post was the recipient of a delightful surprise at the hands of a large company of friends Thursday evening, when the aforesaid friends called unexpectedly at the Post residence, 301 North Oak street, and proceeded to make themselves thoroughly at home. Miss Post was equal to the occasion and joined right merrily with her guests in the good time that ensued. The occasion for the party was Miss Post's birthday.

FEW CITY ARRESTS MADE LAST MONTH

Escanaba was on its good behavior during the month of January, according to reports submitted to the council Thursday evening by Chief of Police Iverson and Justices of the Peace Glaser and Linden. These reports showed that during the month there were but eight arrests for violations of city ordinances. Four cases were tried by Justice Linden and an equal number by Justice Glaser, with the result that the former collected \$20 in fines and the latter \$5. The reports were ordered placed on file.

THE GRAND SECURES GREAT ATTRACTION

The managers of the Grand are going to spread themselves next week and put on an act that is costing a big piece of money and one that will fill the playhouse to its capacity for the three nights it will be here. This feature is Mullen's Dog and Cat circus and is a well known attraction on the large circuits. Mullen's troupe of cats are the only animals of the feline tribe that are on the road. The troupe is composed of 17 dogs and two cats. The two cats are said to be wonders in the performing line and do some stunts that are amazing considering the almost hopeless task it is to teach a cat anything.

DATE OF PRIMARY IS NOW UNCERTAIN

In consequence of a bill now pending in the legislature there is some uncertainty as to whether the primary election of all parties to nominate a candidate for circuit judge will be held on March 1 or March 13. The present law fixes the date on March 1, but the bill now before the lawmakers would change it to the 13th. This bill is backed by the Detroit delegation in the legislature. If it passes within a few days, it is thought locally that it would take effect this year, notwithstanding the notices that have been sent out fixing March 1 as primary election day.

IMPROVEMENT OF STREETS SET BACK

Because of opposition that has developed among some of the property owners affected and also some of the aldermen as to kind of paving that is proposed to be done in the improvement the plans and specifications for the improvement of the following streets, which were offered in the common council for adoption Thursday evening, were laid over: North Charlotte street, from Ludington to Langley; Norris, from Tweedy to Fifth; South Georgia, from Wells avenue to Ayer; North Mary from Sinclair to Ludington. Most of the plans were referred to the street committee. Those for the South Georgia street improvement were referred to that committee, the city engineer, city attorney and city assessor.
