

INVITES THE ROADS TO SUE

Governor Osborn Dares Them to Make Good Their Threats to Close Schools--Asks Sur- render of Charter--Also Tells Them They Should Pay Higher Taxes.

Lansing, Feb. 15.—Whatever the intentions of the railroads of the state might be, the corporations intend to carry their case into the courts or not, on a plea of excessive assessments, Governor Chase S. Osborn has dared them all to do their worst, when he told the representatives of the railroads, Friday, that he believes that the railroads are not carrying their just burden of taxation and that they are now reaping the whirlwind as the result of their former exploitation of the people of Michigan.

Governor Osborn attended a meeting of the state board of assessors, of which he is an ex-officio member. The representatives of the railroads put in their usual plea of being over taxed and asked for a reduction of their assessments.

"I am talking as governor, and not as a member of the state board of as-

REP. CHARLES D. SYMONDS.

House Member From Menominee County, Who Will Introduce Initiative and Referendum Measure.

sessors," said Governor Osborn. "I dare you to come out and make good those threats that you will tie up the pituitary school money and close up the schools all over the state because you want to test the validity of the ad valorem tax law.

Wants Charter Surrendered.
"If you are disposed to come down to a level of fairness in this matter, suppose you come up and hand the state the charter under which the De-

JOHN MOLITOR DIES AWAY FROM HOME

Crystal Falls Man is Fatally Stricken While Enjoying a Visit With Rela- tives at Mohawk--Two of His Eight Step-Children are Residents of Es- canaba.

News has been received here of the death at Mohawk, Houghton county, of John Molitor of Crystal Falls, step-father of Mrs. E. Marcotte and Wm. Weycker of this city. Mr. Molitor died Monday noon at the home of his step-daughter, Mrs. Jacob Miller of Mohawk, where he went with his wife several weeks ago from Crystal Falls for a visit. While at Mohawk he was stricken with Bright's disease, from which death resulted. The funeral will be held from the Mohawk Catholic church Thursday afternoon.

The deceased was born in Germany and at the age of 28 years came to America. Until 23 years ago he made his home in the copper country, living at Lake Linden for a time. There survive him a widow and the following step-children: Mrs. T. Oulette, Los Angeles, Cal.; Mrs. M. Becker, Bimidi, Minn.; E. Marcotte and William Weycker, Escanaba; Mrs. Jacob Miller, Mohawk; Mrs. James Flood, Crystal Falls, George C. Weycker, Crystal Falls, George C. Weycker, Ahmeek.

FUNERAL OF MRS. FOLLO TOMORROW

Announcement is made that the funeral of the late Mrs. Louis Follo, who passed away yesterday morning at the family residence, 222 Elm street, will be held Thursday afternoon, at two o'clock from the house and at 3:30 from St. Stephen's Episcopal church. Services will be conducted by Rev. J. Dalson of Menominee and interment will be made in Lakeview cemetery. Members of Phoebe lodge, Daughters of Rebekah, and the local tribe of Ben Hur will attend the funeral.

BUILDING TRADES COUNCIL PASSES SOME RESOLUTIONS

CLAIM IS MADE THAT THERE HAS BEEN AND IS YET TOO FRE- QUENT IRREGULARITIES IN THE BUILDING TRADES.

Purpose of Council to Promote and Protest Interest of Its Members is Announced—Members of Other Trades Invited to Co-operate in Cause.

Tuesday evening the recently organized Building Trades Council of Escanaba held a regular meeting and among other things action was taken upon the following resolutions, which were unanimously adopted and which fully explain themselves:

Resolved, That we are organized for the purpose and aim, to protect and promote our interest as working men, and more particularly to protect our trades from the encroachment to which it is now subject;

Resolved, That we endeavor to elevate the social, moral and intellectual conditions of all trades unions, to assist each other in distress, and help one another in need; and

Resolved, That we aim and assist all organizations which uphold the dignity of labor, and seek by peaceful methods to resist oppression, and to secure to the laborer the result of his toil;

Resolved, That we hold it as a sacred duty to posterity to use our utmost endeavors to replace the present wage system by cooperative industry to claim our individual rights to the means of living, which are inherent of the soil;

Resolved, That for the furtherance of these objects, we, the carpenters and joiners, bricklayers, stone masons, plasterers, and painters, of the city of Escanaba, have organized and extend a cordial invitation to the plumbers, steam fitters, electrical workers, tinners and lathers, to cooperate with us in the furtherance of our cause;

Resolved, That a copy of these resolutions be entered on the minutes of this organization and a copy given to the papers of the city for publication.

F. D. G. Bacon, Pres.
James M. Utt, Sec.

PRESENTATION OF PLAYS IS DELAYED

Owing to the fact that the interurban cars on the Escanaba-Gladstone line were put out of commission by the storm, the Alpha Dramatic club did not go to Gladstone Tuesday evening to present the two plays, "A Tender Attachment" and "The Virginia Mummy," at the Gladstone opera house. The engagement for last night was cancelled, but it will be filled this evening. The members of the club and a number of friends will make the trip to Gladstone on an early car this evening and return after the performance.

POPE SUFFERING WITH INFLUENZA

Rome, Italy, Feb. 15.—The Pope is ill with influenza and at the direction of his physician he remained in bed all day. This morning his holiness had a slight excess of temperature and as a precautionary measure all audiences were suspended.

BIG SAW BURSTS INTO BITS

While running at full speed a big circular saw in the sawmill of the Escanaba Manufacturing company's plant burst into almost a thousand atoms about eleven o'clock Tuesday forenoon and yet not a man in the mill was struck by the pieces of flying metal.

The head sawer, however, had an almost miraculous escape from serious injury or death, for one of the fragments of the saw struck the lever which he was manipulating with such force that it rebounded against him and knocked him down.

Had the piece of steel struck the man instead of the lever this item might have recorded a fatality instead of what is considered a remarkable accident.

No positive reason is known for the sudden bursting of the saw.

200 MEN INDICTED FOR VOTE SELLING

(By Associated Press.)
Danville, Ill., Feb. 15.—It is reported on reliable authority this morning that 200 indictments have been voted by the grand jury for vote selling in addition to a large number of men who are higher up for perjury. It is also predicted that the probe will not be concluded Friday as was expected.

BASEBALL MEN TO MEET NEXT FRIDAY

Representatives of the Marquette county baseball teams will be held at the Nelson house, happening next Friday evening for the purpose of taking the preliminary steps looking to the formation of a league. It is expected that the Escanaba Baseball club will be represented at the meeting, inasmuch as it has been heartily invited to become a member of the proposed league.

METROPOLITAN TRAIN IS EARLIER

There are still a few people who are trying to catch the trains for Metropolitan and way points at 8:15 a. m., when it leaves at 7:45 a. m. Several of the readers of this paper were notified last week that this train left earlier, but were not permanently impressed with the notification. Don't forget. The train for Metropolitan and way points leaves at 7:45 a. m. and not 8:15 a. m.

SIX INSURRECTOS ARRESTED IN TEXAS

(By Associated Press.)
Brownsville, Texas, Feb. 15.—Hiljine Languma, who, it is alleged, is a Mexican insurrecto leader, along with five of his companions were taken into custody here, charged with having violated the neutrality laws of the United States. The arrests were made at the request of the consul.
Presido, Texas, Feb. 15.—A scouting party of insurrectos has captured seven wagons loaded with provisions, supplies and ammunition intended for the federal troops in the garrison at Ojinaga, which town is practically in a state of siege.

CHILDREN DENIED OPPORTUNITY FOR ATTENDING SCHOOL

CITIZENS OF A PORTION OF MAPLE RIDGE TOWNSHIP APPEAL TO ESCANABA BOARD OF EDUCATION FOR HELP.

They Ask for a School and Teacher, Which They Claim the Township Officials Appear Averse to Giving Them—Board Will Do What It Can.

The unusual circumstance of a number of citizens of a township appealing to the school board of a city for aid in securing a school and teachers for the education of their children was developed at the regular monthly meeting of the board of education Tuesday evening, when Secretary LeMire read a communication and petition from a number of citizens and taxpayers in the northwest portion of Maple Ridge township.

In the communication it was stated that the children of the petitioners are without adequate means of securing at least a portion of the education to which they are entitled; that there are eleven such children between the ages of six and 15 years and will be as many more within the next two years; that the nearest school house is four miles away and that the roads leading to it from the settlement of the petitioners are either blocked with snow or flooded a great part of the time.

It was further declared that the township officials are apparently unwilling to do anything toward furnishing these children with proper school facilities and, in fact, have not even included them in the school census.

The petitioners therefore requested the Escanaba board of education to exercise its influence to secure a school and teacher for their children. It was stated that any one of the petitioners would be willing to give all the land necessary for the school site and playgrounds.

This unusual communication was discussed with interest by the members of the school board and it was the unanimous opinion that the prayer of the petitioners should be granted and that the board should give them the desired assistance to the extent of its power.

Secretary LeMire was instructed to write the petitioners to that effect, and the communication and petition will be referred to County Commissioner of Schools Peter R. Legg for his consideration and action.

It appears that the taxpayers of Maple Ridge township who signed the petition are fully justified in their request, for it is understood that under the law townships are required to furnish school facilities whenever the children to attend a school number ten or more. In this case there are eleven children of school age now and within two years there promise to be double that number.

OBSEQUIES OF TWO BABES HELD TODAY

The funeral of George French, Jr., the infant son of Mr. and Mrs. George French, 417 south Campbell street, whose death occurred Monday morning, was held from St. Ann's church at ten o'clock this forenoon, with interment in St. Ann's cemetery. An hour or so later funeral services were conducted in the same church over the remains of Margaret G. Heric, infant daughter of Mr. and Mrs. Edward Heric, of Masonville, who died Sunday evening and whose body was brought to the city this morning. The remains of this child were also buried in St. Ann's cemetery.

Mrs. J. A. Andrews is recovering from a recent attack of illness.

RECIPROCITY GOES THROUGH

Bill Ratifying the Trade Pact With Canada is Approved in the House by a Vote of 221 to 92--Long and Bitter Debate Pre- cedes Taking of the Vote--Story

TEACHERS PRESENT PETITION TO BOARD

They Ask That They Be Allowed Ten Days Sick Leave During the Year Without Losing Pay--Petition is Laid Over Consideration by Full Board.

Tuesday evening the board of education held its regular monthly meeting and disposed of the customary routine business. But few new matters came up for consideration and the meeting was short and uneventful.

Owing to a slight attack of illness, Superintendent King was unable to attend the meeting, this being the first meeting he has missed since assuming his position as head of the Escanaba public schools. Trustees N. C. Spencer and John Groos were also unable to be present and the business of the meeting was transacted by but four trustees—McRae, Lemire, Bartley and O'Meara.

Secretary LeMire presented a petition signed by all of the school teachers, asking the board to allow the teachers ten days' sick leave during the school year without loss of pay. There was some discussion over the petition, but it was felt no action upon it should be taken until all of the trustees were present to express their opinion regarding it. A motion was therefore adopted that the petition be laid on the table until it can be considered by a full attendance of the board.

Attached to the petition was a statement giving data from a number of other cities regarding the matter of allowing teachers pay during the time they are compelled to absent themselves from duty on account of illness. According to the statement, eleven cities allow full time, two allow for a limit of ten days, one for five days and one for three days.

F. E. LeVine, manager of the local branch of Grinnell Bros., expects to leave next Saturday night for Detroit, where he will attend the annual meeting of Grinnell Bros.' branch managers. The meeting will open next Monday and will continue for a week. Mrs. LeVine will accompany Mr. LeVine as far as Milwaukee, where she will visit until he makes the return trip to Escanaba.

(By Associated Press.)
Washington, Feb. 15.—Speaker Cannon's vote was not recorded on the reciprocity bill yesterday. At his request today it was recorded against the measure, making the total 93.

Washington, Feb. 15.—Representative H. O. Young of the Twelfth Michigan district voted last night in favor of reciprocity, as did Mr. Denby. Messrs. Fordney, Dods and McLaughlin of the Michigan delegation voted against reciprocity.

Washington, Feb. 15.—President Taft's reciprocity agreement with Canada was ratified in the house last night, through the support of an almost solid Democratic vote. The McCall bill carrying the agreement into effect was passed, 221 to 92. A majority of the Republicans present voted against the measure, the division being seventy-eight ayes and eighty-seven noes. The Democratic vote was 143 ayes and only five noes. A majority of the Republican insurgents present voted for the bill.

The McCall bill now goes to the senate. What its fate will be in that body is problematic at this time. President Taft believes that if a filibuster can be avoided and a vote taken, the bill will pass. He is insistent that the senate shall act one way or the other, and has indicated that he would call an extra session of congress if it does not do so.

Long and Bitter Debate.
The passage of the bill in the house came at the end of a long debate which at times was as bitter as has been heard on the floor of that chamber in years. The fight was confined almost wholly to the Republican side. Democratic members joined in from time to time, and taunted the majority members for their lack of unity.

The Democratic leaders also put in the claim that the reciprocity agreement was good Democratic doctrine and declared that they were glad to welcome President Taft and many of the house Republicans into the Democratic fold. The suggestion came from the Republican side that Mr. Taft and Champ Clark, might be rivals for the next Democratic presidential nomination. Mr. Clark claimed that in a contest of that sort he would win "hands down."

A final vote was reached last night only through the application of a cloture rule which shut off all amendments.

PROTECTION OF WELLS TO PREVENT TYPHOID

Bulletin Issued by United Geological Survey Gives Valuable Information.

One of the latest bulletins issued by the United States Geological survey deals with well protection to prevent typhoid fever, in which the various sources of pollution are indicated and suggestions are given for means of protection. Failure to protect adequately the wells is given as the most common reason for their pollution, and ignorance of the manner in which ground water circulates is the cause of faulty protection. To detect polluted water, the author favors common sense inspection rather than chemical analysis.

Sources of pollution in the vicinity of a well or spring should be noted wherever possible, and drinking water should not be drawn except at a safe distance from them. The distance required for absolute safety varies greatly with the character of the rock.

where the surface stratum is composed of fine sand 200 feet should be allowed; and where it is limestone or granite much greater distances will be necessary. Water may run polluted in limestone for miles, so that wells in regions where limestone makes up the greater part of the surface rock should be carefully examined after rains for mud and floating matter, for these are pretty sure indications of pollution.

For protecting wells, springs and cisterns the author advocates, first of all, a water-tight lining to keep out surface water. Wells and springs should always be covered and protected from animals, dust, and falling leaves. Watering troughs should always be located a safe distance away though the custom prevails in country districts of having well and trough side by side.

For Protecting Wells.
For wells sunk in sandstone, slate, and shale, 10 feet may be sufficient;

The dental offices of Dr. G. A. Cotton are now located in the new First National Bank building. Phone 129.

\$250,000 COMPANY WILL DO BUSINESS

Large Sawmill is Assured the Village of L'Anse—Will Have a Capacity of 75,000 Feet Daily—Timber Enough for Operation of Mill Thirty Years.

L'Anse village will have an addition to its industries by the erection of a sawmill. The company which will operate the plant is the L'Anse Bay Lumber company, incorporated a Lansing recently with a capital stock of which \$150,000 has been paid in. The assets of the company are over a half million dollars. The incorporators are men from the lower part of the state and several prominent L'Anse business men who have interested the lower Michigan people.

The company will erect at L'Anse a modern, up-to-date double band sawmill on the site of the old mill which was burned in the fire of 1896. The new mill will have a capacity of 75,000 feet per day. It is expected that the wheels will turn for the first time early next fall or winter. The ground will be broken for the erection as soon as the frost leaves in the spring.

There is still much standing timber in Baraga county, and several L'Anse men own about 200,000 acres of land near that village. This will assure cutting for the mill for at least thirty years.

EYE AND EAR WARD OF VARSITY HOSPITAL

New Annex of the University Hospital at Ann Arbor is Open Now for Patients—It is Complete in All Details—Ward in Reality is a Separate Building.

Ann Arbor, Mich., Feb. 15.—The new eye and ear ward of the University hospital was opened for patients last week and it is said to be one of the most complete institutions of its kind in the state. It already has 2 patients.

This ward is in reality a separate building north of the surgical building of University hospital and connected with it by a corridor. The structure is four stories of reinforced concrete, 96 feet long and 48 feet wide, and it is most thoroughly equipped with every necessity and convenience.

The first floor is devoted to "out" patients, those who come to Ann Arbor for treatment in the hospital, but who for any reason, reside out of the hospital while here.

On the second floor are four operating rooms, etherizing rooms and sterilizing rooms. On this floor also are the wards and the single rooms for women patients. The men's ward is located on the third floor, as is also the kitchen. The internes' quarters, baggage rooms and storerooms are on the fourth floor. There are also quarters fitted up on this floor for the patients suspected of having infectious diseases. The building cost about \$30,000.

NO MORE LUMBER IN A FEW YEARS

Commissioner of Corporation Issues Statement that Will Startle the Country—Nation's Timber Supply to Pass Away in Fifty-Five Years, He Asserts.

Washington, Feb. 15.—"The conservation or control of the standing timber in a very few hands for vast speculative holdings far in advance of any use thereof; enormous increases in the value of this diminishing natural resource, with great profits to its owners, and, incidentally forming an equally sinister land monopoly that is closely connected with railroad domination."

These are the findings that are to be sent to President Taft by Commissioner of Corporations Smith in the first installment of his report on the lumber industry of the United States.

In Minnesota, Wisconsin and Michigan he finds 215 holders have 65 per cent of all the timber. In the entire timber area of the country, privately owned standing timber, not including the value of the land, is estimated at least six billions of dollars.

It is calculated that at the present rate of consumption the standing timber of the country will last only 55 years.

With the intent to file some sort of an anti-trust suit against the various lumber interests, officials of the department of justice have been at work for nearly a year investigating complaints of discrimination, blacklisting, price-raising and the erecting of combinations to apportion such territory.

Many hundreds of such complaints have been received from many small lumber dealers, sawmill operators and lumber consumers.

THEATRICAL

THE PETERSON—"The Burgomaster" will be the attraction at the Peterson opera house tonight. This ever popular musical comedy is said to be produced in an entirely new dress this season, with a cast of unusual excellence, headed by Gus Weinburg, who starred in the original Burgomaster company. The chorus is said to be of a high standard and the scenic ivestiture entirely new, all of which makes this company one of the best that has traveled through this section.

THE PETERSON—The Flora DeVoss company will open a three night engagement at Peterson's opera house Sunday evening, February 19. Mr. Rotnour, the manager, announces the appearance of Miss Flora DeVoss with the company, together with such well known talent as Thomas Clarke, wife of the San Francisco Stock company; "D. Delport," late of the Saginaw Stock company, and the three winners whom are late additions. The company is headed by the strongest cast of players ever visited here. The opening play will be "The Last Round Up," the latest western comedy success.

Pneumonia Follows a Cold.

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says, "I contracted a bad cold and cough and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." Sold by druggists.

POSTALS EXCEED THE VALENTINE

Four or five times as many souvenir cards as valentines were sent through the Escanaba postoffice Monday night and Tuesday, according to the best judgment of the postal clerks. While the custom of sending souvenir cards on Valentine day has increased, the sending of big, fancy valentines has decreased, and the alleged "comic" valentine has almost disappeared. The volume of mail at the local postoffice Monday night was considerably heavier than usual, due to the valentine mail, and the same was the case with the mail sent out and received on Tuesday, St. Valentine's day.

DATES AHEAD

- Feb. 15.—"The Burgomaster," at the Peterson.
- Feb. 16.—Escanaba Choral club's first concert at the First Presbyterian church.
- Feb. 19, 20, 21.—Flora De Voss Company, at the Peterson.
- Feb. 20.—Republican city primary.
- Feb. 22.—"The Little Bostonians," at the Peterson.
- Feb. 24.—Republican county convention at the court house.
- March 1.—General primary for nomination of circuit judge.
- March 3.—"Madame X" at Peterson's Opera House.
- April 19.—Apron and pantry sale by ladies of St. Stephen's church.

Phemie Lockhart and group of girls in "The Burgomaster" at the Peterson opera house tonight.

A Mighty Ruler, He Who wisely rules himself.

Curious what a scrap you have now and then (maybe two or three "nows" and several "thens") with what the old Scotchman called the "deevlish part" of your make-up.

It's safe to say "you" and not miss the mark, for we all belong to the same lodge, and it seems to be a part of some great plan to try us out and see if we can thus earn the right to rule greater things.

Most every day some one of the many "warriors of the enemy" comes across your pathway and puts up a scrap to see if he can rule.

You must be well trained and alert or he will make you bend the knee or, perhaps, break a leg or permanently cripple you.

There are several of these "enemies" which can be named over, but for the purpose of this article let us speak of narcotics, the family which includes morphine, whiskey, coffee, cocaine, tea, tobacco, etc., all the same family, each member having a different degree of strength.

No, coffee is perhaps one of the most plausible and deceitful of them all.

It has many friends, but coolly and cunningly knives them, and they don't know where the blow comes from.

Many and many a poor, nervous wreck, with weak heart, suffers by day and lies sleepless at night without suspecting that his "dear old friend," Mr. Coffee, is quietly pushing him along towards the silent city. No, coffee don't hurt everyone by any manner of means, but it does pick out the highly organized individuals and wrecks them by the score.

Perhaps the victim realizes it, but has fallen time and again in the battle and been whipped so often that he has given up and bowed the head to the chain of his master.

"I simply cannot give up my coffee," is the wail, and so day by day he grovels and the master stretches him a few turns tighter on the rack of suffering.

Make sure of one thing. Once you become conscious of the fact that a fight is on, suffering follows steadily until you are able to rule.

Then comes the reward—comfort, health and happiness for the victor.

It is good work to stand right up and smash away with a "mailed fist" but it's much more comfortable to whip Mr. Coffee by throwing him "right over the side of the mountain" and give his place to Postum.

A steaming, fragrant cup of this famous beverage has the clear seal-brown color which changes to a rich golden brown under cream.

Ofttimes, the victory of one's better self over a known enemy is followed quickly by remarkable changes—peaceful sleep, balanced nerves, stronger heart, and all the joy which comes after the removal of a drug and its replacement with natural food elements which old Dame Nature is only too good to seize upon for the building material so badly needed and so long denied.

Well, here's best wishes to you, reader. Hope you don't get "licked" too often, it's weakening.

"There's a Reason"

THE COMMISSION PLAN IN DULUTH.

Duluth is an interesting and progressive city. It grew in population 25,000 the last ten years and now has practically 80,000 people. Some months ago the Commercial club took up the question of commission government, and a representative committee of business men, citizens and officials was selected as the result of its activities, to investigate the subject. This committee made a thorough study of commission government in other cities, and after a full consideration of the matter submitted a report recommending that Duluth adopt this system for the following reasons:

1. Because it establishes the city on a business basis, and under it the city is operated as any large commercial corporation would be, thus eliminating political interests of all kinds.
 2. Because it centralizes responsibility so it cannot be evaded.
 3. Because it facilitates and expedites the transaction of business and the making of public improvements.
 4. Because it naturally follows that greater economy will result from such a purely business administration.
 5. Because it provides that the commissioners shall give all their time to the city's business, and that they shall be paid salaries sufficient to attract the right kind of men.
 6. Because the provisions of the referendum, initiative and recall give the citizen's greater responsibilities, greater interest in public affairs and greater incentive to participate in them.
 7. Because it abolishes the ward system by providing for the election of city officers from the whole city and compels them to take care of the needs of all parts of the community.
- These arguments in favor of the commission plan are not mere theories as to how it should work; they show in the main how it does work from practical experience covering ten years of operation. It is true of course that there are arguments against the commission plan, but they differ in this significant respect from the arguments for it, that they are mainly academic and that the objections they raise have not been encountered in the many cities which are governed under it.

Undoubtedly there is a sense in which a good newspaper is a public utility, but it is not on a footing with railways and other corporations ordinarily so-called, which depend for their existence upon privileges secured by franchises, remarks the Hancock Copper Journal. Railways get from legislatures the right of public domain. Water and gas companies secure from boards of aldermen concessions to lay pipes in the streets. Sometimes enterprises of the public utility class ordinarily so called are aided at the start by grants of public lands or money exemption from taxation. The man who starts a newspaper asks for no franchise or special privilege. He goes down into his own pocket for the money with which to start. Usually he starts right and left, receiving few in return. Certainly he is entitled to be free from meddling interference which, under pretence of public benefit would limit the freedom of the press. That is always the first aim of tyrants. It should be impossible to effect it in a republic, and will be as long as the people are awake to their own interest.

The Juarez people went out in autos and trolleys to see the Mexican fight the Federals. We'd go down ourselves if we felt sure they would hand out rain checks in case of bad weather.

The Chinese plague has not got into inner Peking. The links can't kill the germs simply by posting up cabalistic signs out of a laundry bill.

The Gould-Decies wedding stirred New York. As political economists we are not interested in it, except that the hiring of many jimswinger coats stimulated business.

If in return for spring weather in January, we get January weather in spring, it will promote home comfort by delaying the picnic season.

Pictures of well known gamblers are now posted on ocean liners. If this plan were only carried out in Well street, the woolly lambs could tell Mr. Bull and Mr. Bear from Papa Sheep.

Mr. Taft will travel 3600 miles next summer. That's nothing. He usually does that in a few weeks hunting for lost golf balls.

The Filipinos are still declaring for independence, but are some of our small boys.

INVITES THE ROADS TO SUE

(Continued from Page 1.)

troit, Grand Haven and Milwaukee road is operating and which allows them to be assessed on the same basis as they were fifty years ago. Do you call that fair? I don't. I tell you frankly that I think the railroads should pay more taxes. And as governor I want to tell you that I favor taxing other property high enough to recompense the state for every penny lost through hiding behind that charter of the D. G. H. & M.

Invites Railroads to Sue State.

"I don't believe you dare precipitate any such condition of affairs as indicated by your threats to tie up the school money. And I don't think that these threats are all newspaper talk either. I believe they lead back to the representatives of the railroads. I want to say to you that neither the state of Michigan nor its governor is going to be bluffed in this matter. We call for a show down. We have nothing to fear. If the state is wrong, we want to know it. If you want to tear down your systems we will build them up. I am not willing to concede that the railroads are now paying more taxes than they should. You pay more than the general property of the state, and you should. Any corporation of this character is worth thousands of dollars more than its physical property. And so they are not assessed too high. There is no question in my mind—the railroads ought to pay more."

Tonnage Tax Bill Reported.

The house committee on taxation reported the Graves bill, imposing a tonnage tax on the product of the copper and iron mines, to the house without recommendation. The bill was placed on special order for Feb. 25, when oratory for and against it will break loose. It is the impression that the bill will not pass the house, but a bill in line with the governor's recommendation for an expert commission to appraise mining property will be introduced and take the place of the tonnage bill.

During the past week representatives of the mining companies attended an open meeting of the house and senate committees on taxation. Many arguments were made pro and con. Governor Osborn, who was an interested listener to the discussion, was, at the end of the debate, invited by Senator Kingman, chairman of the joint committee, to express his views.

Governor Wants Square Deal.

In a few words, Governor Osborn made his position clear to the audience. "My ideas about a tonnage tax ought to be pretty clear," said the governor. "During the past campaigns I frequently expressed my views on this question. I am against a tonnage tax because I deem it unjust and unfair. I am for fair play and a square deal. I want fair and equitable taxation of all property in the state. The mines should be appraised as carefully as if the state intends to purchase them. This can only be accomplished by a non-partisan commission of experts. And then the tax commission must have greater power and the means to enforce their decisions."

Initiative and Referendum.

Representative Charles D. Symonds of Menominee county has prepared the joint resolution to be introduced in the legislature to submit to the voters of the state the amendment to the constitution providing for initiative and referendum.

In order to get the views of the members and other interested persons, a meeting was held in the rooms of the executive office Thursday. W. F. Kox, state chairman of the Republican central committee, presided. Senator Watkins and Speaker Baker were charged with the duty to take a poll of the members of the senate and house respectively and work up sentiment for the proposition. Senator Kingman of Calhoun county spoke against the recall and denounced it as vicious. The initiative and referendum are strongly endorsed by the Grange members, and the possibilities of the resolution passing both houses are very bright.

Must Practice Economy.

Governor Osborn has intimated in the strongest terms possible that the legislature must practice the strictest economy and that all bills carrying excessive and unnecessary appropriations will be promptly vetoed when they reach his office. It is the idea of the governor to put the state back on a cash basis and pay up all obligations. With the strictest economy the budget for the next two years will be higher than at any other period during the history of the state. The Osborn administration is carrying the financial burdens of the former administrations. But the governor is determined that political reasons shall not interfere with the tax levy, and that two years from now Michigan shall be square with the board.

Oppenborn Wants Normal.

Representative Oppenborn from Alpena has introduced a bill providing for the erection of a normal college at Alpena. It looks like, for economic reasons, this project will be laid over for two years. Oppenborn has also introduced a bill to amend the tax law which provides for the separation

of all state and county taxes. If this bill becomes a law, it will result in the dismissal of nearly half of the office force now employed in the auditor general's department.

Judges Protest.

Senator Vanderwerp stirred up a hornets' nest when he introduced his bill providing for the general re-districting of the judicial circuits and a reduction in the number of circuit judges. At the hearing before the judicial committee thirty judges appeared to protest against such action. A number of the judges admitted that their districts did not give them work enough, and are willing to take on new territory, but the question is who is to lose his job? No one seems to be willing to sacrifice himself for the sake of giving some other judge more work.

Legislature Has Made Progress.

A number of bills have passed the house or the senate on third reading. No bill has as yet passed both houses, but during the coming week some of the bills will pass on their final passage. Among the important bills up for the week beginning Feb. 13 are the Hale bill, which provides for the organization of mutual insurance companies which protects farm products against hail. Also Representative Lord's bill to reorganize the tax commission. Representative Straight has a bill which is of great importance to all cities. It provides for a commission to govern the city school, in place of a board of education.

Bradley Investigation.

The senate committee charged with the investigation of the scandalous charges against Senator Bradley by Former Assistant Sergeant-at-Arms Townsend, has completed its hearing, but could not arrive at a conclusion after considering the testimony behind closed doors for several hours. It is thought that the committee will report to the senate next Wednesday and will be no recommendations, but submit their testimony to the body and let the entire senate be the judge.

MAX SOCHA.

TRADE WITH THE "COLONIES" DOUBLED

Washington, Feb. 15.—Within the last seven years, the trade of the United States with its non-contiguous territories doubled in value, according to statistics of the new department of commerce and labor. In a statement issued today it is shown that in 1910 the trade with Alaska, Hawaii, Porto Rico, the Philippines, Guam and the Midway Islands amounted to \$202,494,343. In 1903, it amounted to \$109,107,234.

YOUNG PEOPLE MARRY, THEN ENTER COLLEGE

Madison, Wis., Feb. 15.—Two young people, with a refreshing sense of life's responsibilities, are spending their honeymoon in Madison, one taking the farmers' ten-day course in agriculture and the other enrolling in the course of economics. They are Mr. and Mrs. Dee Glibben of Whitewater, who were married Feb. 4. Mrs. Glibben was Miss Elizabeth Wright. Immediately after the wedding the young couple took the train for Madison and here both enrolled in their respective courses for self-improvement and practical instruction in farming and housekeeping.

One of the gifts received was a deed from the bride's mother to a farm east of Whitewater.

FIRST "HELLO" TELLS HIM OF A FORTUNE

Bellefontaine, O., Feb. 15.—J. L. Reams of Belle Center installed a telephone in his home the other day and the first message received over it was that he had fallen heir to \$300,000. A Columbus, O., attorney called him and gave the information that Jonathan Reams, Topeka, Kas., had died and had left his entire estate to J. L. Reams, an only nephew. The nephew had been sought for the past year. Reams gave proof over the telephone that he was the man sought.

AGED WOMAN ASKS FOR WAR PENSION

Sheridan, Wyo., Feb. 15.—With her face wrinkled with age, but walking with a military straightness and elasticity of step, Mrs. Louisa Elizabeth Bliss applied to clerk of court for an army pension, claiming she saw active service with the Sixty-third Regiment of Illinois during the civil war. She said she was masqueraded as a man and detailed many times on perilous missions as spy into Confederate camps. A deep scar over her left eye shows where a bullet wounded her. She declares she was in battles around Vicksburg, that she fell in love with John Sibler and married him before the war ended.

After his death Mrs. Bliss says she married another ex-soldier, Leander Bliss and moved to Wyoming. Bliss died and left her wealthy, but she says she was defrauded out of the property.

BOY SAID TO HAVE LIZARD IN STOMACH

Owosso, Mich., Feb. 15.—That a small lizard, swallowed in drinking water some time ago had remained in the stomach of Roland Hull, and grown to full size, was the belief of the child's parents and neighbors. For several weeks the boy has been subject to choking spells and one day recently while in this condition, his jaws were pried open and what looked to be a lizard was seen in his mouth, but plunged back down the lad's throat before it could be removed.

A physician is caring for the boy and expects to make a thorough examination to determine the cause of the choking spells and find whether or not the stomach contains a lizard.

INDIAN, AGED 107, NOT DISCOURAGED

Kansas City, Feb. 15.—With his fortune gone but with his health good and his courage undaunted, Foster J. Foster, 107 years old, will begin life anew. Foster the grandson of Red Jacket, chief of the Seneca Indians in New York; revolutionary periods, is here to take steps to make his last fight for a mining claim; out of which he says he was swindled. If he does not recover the claim, located in Montana, he asserts he will go into business and start all over again.

NOTICE TO CONTRACTORS.

The Board of Park Commissioners of the city of Escanaba will receive bids for the construction of a public bath house, according to plans and specifications filed in the office of George M. Mashek, President, until noon of February 25th, 1911.

The said board retaining the privilege of rejecting any or all bids submitted to it. Dated February 11th, A. D., 1911.

DEMOCRATS WHO WILL FRAME NEW TARIFF MEASURE

By JAMES A. EDGERTON.

FOR the first time in eighteen years a Democratic ways and means committee is to frame a tariff bill. The last like occasion was in 1893, when the Wilson bill went through the house in fairly respectable shape, but was so amended in the senate that Grover Cleveland would not put his name to it, but let it become a law without that slight token of his regard. Because of that law and for other reasons, the Democratic party went out of power, to stay until the overturning of last fall again landed it on top in the house of representatives.

The ways and means committee, at ways important, becomes supreme when a tariff bill is on the boards. Now it is given a yet greater authority. It becomes the committee on committees and names all the standing committees of the house. That will make it a bigger name than Uncle Joe Cannon. Indirectly Uncle Joe is himself responsible for this new dignity of the ways and means. For four congresses now he has appointed the committees and generally has run the house according to his own plans and specifications, or did so until the house passed on his final legs, and continued to do a little running for itself. Inauguration took out in the speaker's lap.

It chooses the rivers and harbors and public buildings committees, which preside over the "pork barrel." It appoints the judiciary, naval, military, labor, agriculture and all the other committees which control the laws of 35,000,000 people. Finally it originates all tariff bills.

Slim Republican Glory.

There is some class to being a member of the ways and means committee. If the said member happens to be a Republican, however, there is class and nothing more. He is a mere ornament. The Democrats have waited long for their chance and will not let any of it slip away from them now.

There are fourteen of the fortunate Democrats who have been elected to this most puissant committee. In other days there were nineteen members, all told, and the Republicans were satisfied with twelve of these. When the Democratic caucus first considered the matter they decided to take thirteen men from the south and six from the north. The northern men kicked at the unequal division and carried the matter to the speaker's chair. Now Champ has a hand of the number thirteen and favored adding one more, making seven from each section.

It is said that when the speaker to be was once scheduled to create at a dinner table in 1908 that there were

STATE GRAND LODGE TO EXEMPLIFY WORK

High Honor Paid Michigan Masons—Masonic Event of Unusual Significance to be Held on Washington's Birthday.

The Grand Lodge of Michigan Masons has been greatly honored by being invited to exemplify the degrees at Alexandria, Va., near Washington, D. C., at a meeting of the lodge over which George Washington was the first president, once great Grand lodge officers from all over the country will be present at event, but Michigan alone will see complete delegation.

Among those who will go is W. H. Gallagher, of Saginaw, grand chaplain of Michigan, will leave Detroit Sunday, Feb. 19, on a special train and will return in Washington or Alexandria for week, returning home on the following Saturday.

The team which will exemplify degrees will be selected from the lodges of Detroit. One or two representatives for this work have already been held and several more will be placed preparatory to performing work. The Michigan grand lodge wishes to be perfect in the ceremony.

MUCH ENTHUSIASM AMONG PYTHIAS

A. E. Sharpe, deputy grand counselor of the Knights of Pythias, returned to his home at Sault Ste. Marie from a visit to a number of upper peninsula lodges.

He announces that there is much enthusiasm among the knights through the peninsula in connection with the lodge meeting to be held at Montmorency in June and that he for one of the largest meetings the association has ever had. Meeting being on the Wisconsin border is predicted that a number of lodges from the Michigan state will be present and special prizes will be given visitors.

IRRIGATION PAYS IN DOLLARS AND CENTS

(Special to The Mirror)

Chicago, Ill., Feb. 15.—Irrigation practical. It has been practiced essentially since 2,500 B. C., and constantly improve under select development and sane promotion. August Wolf of Spokane, Wash., said this in the course of an address at a luncheon at the Union League association at the Union League club, a few days ago.

"There are today in the United States and Canada about sixteen millions of acres of arid and semi-arid lands under the ditch," he said, "and competent engineers design that fully thirty millions of more will be reclaimed in the west."

"At the lowest estimate this means an annual wealth-producing of approximately five billions of dollars, which is equivalent to 32 cents that not only would cost the land in two, but that this amount will be able to supply food stuff to the world."

GINSENG IN WISCONSIN.

Valuable Asiatic Medicinal Plant is Cultivated Successfully.

The cultivation of ginseng, the plant once worth its weight in gold and still exceedingly valuable, is a flourishing industry in the vicinity of Antigo, Wis. The plant is of Asiatic origin and highly esteemed as a medicine, being universally regarded as an extraordinary remedy for many diseases, but particularly for exhaustion of mind and body.

The plant, which is a native of Chinese Tartary, has a stem from one to two feet high, long five fingered leaves which are quite smooth and unbelts on a long terminal stalk. The fruit is succulent, with two or three leathery one seeded cells.

AMERICANS ACTIVE AT SHANGHAI.

Only 940 Americans reside at Shanghai, but they are energetic factors in the foreign settlement, numbering 13,536. The natives number 488,000. The British total 4,465, Japanese 3,361 and Portuguese 1,105.

"CENTRAL" SPEAKS.

Call me not with scornful numbers, Like "two-seven-O-ing-three." Stopped out in disdainful accents. Pray, be courteous to me.

Would you like to sit here with a Telephone snapper on your head, All day long to answer summons? Wouldn't you wish that you were dead?

When I say the line is busy, Honestly sometimes it is. Why do you get so indignant? When you hear the buzzer's what? And wrong numbers naturally? Sometimes I am at a loss. But, in fact, I give them mostly To subscribers who are cross.

Be polite; it will not hurt you. Even though I'm in a box I am human, although hidden. And am sensitive to knocks. Be polite; do unto others. As you'd have them do to you. It's a good rule to observe, and You'll get better service too.

—Sawyer's Journal

CHAIRMAN UNDERWOOD OF THE NEW WAYS AND MEANS COMMITTEE OF THE NATIONAL HOUSE OF REPRESENTATIVES AND SOME OF HIS DEMOCRATIC ASSOCIATES WHO WILL CONTROL THE LEGISLATIVE MACHINERY.

thirteen at table and would not say a word until he had gone out and picked up the first man he could find as an extra guest, the man happening to be a politician. At any rate, that this been would have been an unlucky thing for the north.

It is announced that hearings on the tariff will be held during the spring and early summer and that the "rules committee will be closed at once, so that it may devote the regulations for the next house. As for the other standing committees, they will go over till fall. If an extra session should be called this program would be materially modified. In that event the immortal fourteen would have to go to it at once.

The Democratic Members.

The Democratic members of the ways and means committee of the Sixty-second congress as chosen by the caucus of their party are as follows:

Oscar W. Underwood, Alabama, chairman; Henry T. Rainey, Illinois; Lincoln Dixon, Indiana; Ollie M. James, Kentucky; Andrew J. Peters, Massachusetts; Winfield Scott Hammond, Minnesota; Dorsey W. Shackelford, Missouri; William Hughes, New Jersey; Francis Burton Harrison, New York; Claude Kitchin, North Carolina; A. Mitchell Palmer, Pennsylvania; Charles H. Hughes, Tennessee; Choice B. Randall, Texas; William G. Brantley, Georgia.

Oscar W. Underwood, whose name will go down in the years attached to the next tariff bill, has been assistant minority leader and member of the present ways and means committee. He was born in Kentucky in 1862, was educated in the University of Vir-

New York, Feb. 15.—Owen Moran, the English lightweight champion pugilist, and Theodore Roosevelt clasped hands, and exchanged wishes in the dining car of a New York Central train which brought them both to this city from Michigan Monday.

"I've been a little out of boxing matters for the last year or so," said the colonel, after the greetings were exchanged.

"So you knocked Nelson out, you? Fine! Magnificent!" exclaimed the colonel, who looked the little over appreciatively.

For some time they exchanged reminiscences of fights and when Moran remarked on the earnestness with which the colonel had sent to talk to him and the com which the fighter found with exclusiveness of eminent men about Mr. Roosevelt straightened up, clenched his hands.

"Well, there's no king that I talk to, and no honest man that talk to me," the ex-president declared with characteristic emphasis.

Special Period Prize Offer

For the New-York Bermuda Contestants

The Three Contestants Who Secure the Largest Number of Votes Between 8 a. m. Wednesday, Feb. 15th, and 10 O'clock P. M. Saturday, Feb. 25, will be Awarded the Handsome Special Prizes.

First Prize

Solitaire
Diamond Ring

Second Prize

Lady's
Gold Watch

Third Prize

Gold Bracelet

These Beautiful Prizes may be competed for by all the candidates whose names now appear or may hereafter appear in the Daily Mirror's list of Candidates in the various districts, subject to the contest rules.

Votes that are to count for the special prizes will also be included in the count for the New York-Bermuda Tour Trips.

The Ballot Which Appears in the Daily Mirror Will Not Count on this Special Period Prize Offer-

All Have An Equal Chance To Win

The standing was taken last night and will be taken again on Saturday, February 25th, at 10 o'clock p. m., and the three contestants who have received the largest number of votes on subscriptions during the above period will be awarded the three handsome prizes.

The prizes will be on exhibition in a show window at Escanaba until Feb. 25, 1911.

So many of our contestants having expressed their preference for a ring, the period prizes have been changed as above.

Any woman may enter to win one of these prizes even though she does not intend to compete for the trip.

For Further Information, Address

Contest Manager, Daily Mirror

Little Bits of City News

Joseph Basarich and Helena Mavar, both of Gladstone, have been licensed to marry.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

John E. Gerow of Ovid has been appointed state drug inspector by Dairy Food Commissioner Gilman Dame, Mr. Dame says he has not decided on the new deputy.

Little Marion Norton was the hostess at a Valentine party at her home yesterday afternoon. The young hostess and her guests had a delightful time.

Single-Cylinder Cadillac touring car cheap. Also several other bargains in used cars. Come and see them at Edwards Garage. 403-14

The members of Escanaba division of the State Naval Reserves will meet at the Armory this evening for a special drill and an official inspection of their uniforms, rifles and other equipment.

Escanaba Choral Club concert February 16. Don't forget. 452-47
Burns sale is still on all this week. Plenty of bargains left for the wise purchaser. 443-42

J. R. Andrews transacted business in Marquette Tuesday.

County Treasurer Joseph J. Mallmann was a business visitor at Sault Ste. Marie Tuesday.

Nell Bartley, son of Captain and Mrs. Casper Bartley, is convalescing from a two weeks' illness with pneumonia.

If you appreciate cash prices on fresh meats you should come to us Cash Mercantile Company. 14

Miss Elizabeth Norbert is home from a visit with relatives in Racine and Peshtigo, Wis.

The members of the T. N. S. club were entertained Monday evening at the home of Miss Josephine Walsh.

The Little Snow Man Stands for purity. Copyrighted 1911 by Albert Langenbach. 14

Monday evening Miss Exilda Gagnon, who is soon to be married to Napoleon Vallind, was tendered a surprise linen shower at the house of her brother, Joseph Gagnon, 324 south Georgia street. Miss Gagnon and her unexpected guests enjoyed a delightful evening and the former was the recipient of many pieces of fine linen.

Marinette Eagle-Star; Rev. Father Poulin of Menominee, had as guest Monday, the Rev. Father Menard of Escanaba, Father Boissonault of Calumet and Father Raymond of Lake Linden. They came down to spend the day. Father Menard is a former Marinette pastor.

Superintendent F. E. King of the Escanaba public schools was quite ill last night, but had recovered sufficiently today to be able to attend to his duties. He is not very well yet, however, and may be compelled to remain at home several days unless his condition continues to improve.

Miss Anna Pearl Fraser of Menominee, who is to contribute a double part solo to the program of the Escanaba Choral club's concert tomorrow evening, will arrive in the city tomorrow morning and while here will be a guest of her sister, Mrs. Frank Schumacher, Second street.

Announcement is made of the approaching wedding of Miss Sara Lena Bushong of Gladstone and George Vradenburg, of Toledo, Ohio, which is to be solemnized at Gladstone on February 28.

The Escanaba & Lake Superior accommodation train, running between Escanaba and Channing and due here at 3:30 p. m. did not arrive here until about midnight last night because of a breakdown of the engine pulling it.

Mrs. W. H. McAndrews was tendered a delightful Valentine surprise party Tuesday afternoon by a company of her women friends. The party was held at the home of Mrs. Fred Portance, where Mrs. McAndrews had gone to spend the afternoon with Mrs. Portance. She had not been there long and had scarcely time to wonder why the home was decorated in so gay a fashion when her friends arrived and she was soon "put wise" to what it all meant. As reminders of the occasion Mrs. McAndrews was presented with a beautiful hand painted plate and bowl.

Tomorrow there comes to the Grand one of the highest salaried acts that the management has engaged since the opening. The Great Dog and Cat Circus is the attraction and the trained animals with it are said to display more than the average intelligence of traveling dog shows. Children in particular will be pleased with this performance and the Grand is going to be packed for the next three nights.

The Perkins Dramatic club is arranging to present a three-act comedy, entitled "Mrs. Briggs of the Poultry Yard," at Perkins on the evening of February 2. Complete details of the production will be given by The Mirror tomorrow.

The Little Snow Man Stands for strength. Copyrighted 1911 by Albert Langenbach. 14

The ladies of St. Stephen's church are already making plans for an apron and pantry sale, which they will hold on April 19.

"The Burgomaster" company arrived in the city today and will appear at the Peterson opera house tonight. From all reports, the entertainment furnished by this company is a most excellent one.

Escanaba friends of George H. Brusie of Manistique, manager of the Lake Superior Iron & Chemical company's plants in the upper peninsula, will be interested in knowing that he has tendered his resignation, to become effective April 1. Mr. Brusie is somewhat undecided as to his future plans, but has several fine openings under advisement.

Rev. Frederick Spence will go to Munising next Friday and in the evening of that day will deliver his lecture, "The Calling of Dan Matthews." Thursday evening of next week Mr. Spence will lecture at Menominee on "Studies in Church Problems" and some evening of week after next he will lecture in Gladstone upon a subject yet to be selected.

TOO LATE TO CLASSIFY.
WANTED—Two or four rooms for light housekeeping. Inquire of Miss Helen Edwards, 205 Ogden avenue. 14

WANTED—Girl or woman, each local; good pay made acting as representative; address envelopes, fold, mail, circulars; material, stamps furnished free. Rex Mailing Agency, London, Ontario. 48

Speedy Relief From Kidney Trouble.

"I had an acute attack of Bright's disease with inflammation of the kidneys and bladder," says Mrs. Cora Thorp, Jackson, Mich. "A bottle of Foley's Kidney Remedy overcame the attack, reduced the inflammation, took away the pain and made the bladder action normal." For sale by all druggists.

VALENTINE DANCE DRAWS BIG CROWD

Notwithstanding the unfavorable weather conditions, the Valentine party given in Clark's hall Tuesday night by the Delta Dancing club was largely attended and proved to be an entirely successful affair. In fact, the attendance was larger than expected, although a party of Gladstone young people who had planned to be present were unable to come because of the tie-up of cars on the interurban line, and there was no limit to the enjoyment. The hall was most attractively decorated in valentine fashion with red paper hearts of all sizes and imitation poinsettias. The latter were pinned to the white curtains draping the windows of the hall and were a very effective feature of the decorations. Excellent music for the dance program was furnished by Brother-ton's orchestra. The Delta Dancing club is planning to give another party on the evening of Washington's birthday, February 22.

RECIPROCITY GOES THROUGH

(Continued From Page 1.)
ments and even dispensed with the reading of the bill. This procedure was decided upon only after Mr. McCall, in charge of the bill, had failed to get unanimous consent to do away with the calendar Wednesday. If that had been secured, he said, he would have been glad to let the debate continue for another legislative day.

Democrats Are Jubilant.
The Republicans opposed to the bill fought the rule to the very last, denouncing it in caustic language. They directed their fire especially against the Democrats, and accused them, on the eve of their going into power in the house, of enforcing a "gag rule" as drastic as anything against which they had so eloquently inveighed in the past. The Democrats laughed loudly at this and seemed thoroughly to enjoy the discomfiture of their old-time enemies.

Champ Clark took Representative Dalzell of Pennsylvania sharply to task for complaining of the undue haste with which the house was acting on the reciprocity measure. The speaker-to-be declared that the Democrats had sat for years, bound and gagged, while the gentleman from Pennsylvania and his associates had brought in rule after rule and had rushed legislation through without giving an opportunity for amendment.

Only Loop Hole Closed.
Under the cloture rule, which was adopted by an overwhelming vote, the only loophole left to the opponents of the measure was a motion to recommit the bill to the committee of the whole house with instructions to report certain amendments. When the time came to do this, half a dozen members were clamoring for recognition. Mr. Dalzell was recognized by Speaker Cannon.

The Pennsylvania proposed that meat and meat products, flour, prepared cereals, lumber and several other articles be put on the free list. The Democrats were not shaken by this, and the motion was lost, 114 to 191. The cloture rule had been agreed to previously by a vote of 198 to 107.

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulents operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

REHEARSAL FOR CONCERT TONIGHT

At the Presbyterian church tomorrow evening the Escanaba Choral club, under the leadership of its musical director, Prof. Alex Enna of Marinette, will give the first concert since it was organized several months ago. This evening the final rehearsal will be smoothed away. An unusually varied and high class program has been arranged and those who attend the concert are sure to be well pleased. There are several chorus numbers, with orchestral accompaniment, several solos, duets, quartets, and an octet and two readings. The solos will be Miss Anna Pearl Fraser of Menominee, Prof. Alex Enna of Marinette and Rev. C. A. Hognander of this city.

ALLEGED ROBBER HELD FOR TRIAL

Fred Gagnon, arrested on a charge of having assaulted and robbed Wilfred Gagnon of \$18 last Friday night, had his preliminary hearing before Justice Linden this afternoon and as a result the defendant was held for trial in circuit court under bonds of \$500. The testimony of six or seven witnesses was taken and it was of a nature to justify the court in binding Gagnon over for trial. Prosecuting Attorney Torval E. Strom represented the people at the hearing.

ENTERTAINS IN HONOR OF VISITOR

Mrs. J. J. Cox is entertaining a company of her friends this afternoon at her home, 702 Hale street. The party is in the nature of a reception and is given in honor of Mrs. Hergmann of Menominee, who is visiting friends and relatives in Escanaba.

ITS AS PLAIN AS A. B. C.

What! Why the savings provided by Kratze's Great Red Letter Sale. Red Letter Sales always did mean bargain buying time at Kratze's, so the year's sale affords just as out of the ordinary values and as important ones as any heretofore. As an instance you can buy \$1.25 Ladies' Fleece Rubbers for only 25c. Don't you think it is worth while sharing in such values? Don't forget to have your fortune told, even though you do not buy. Kratze's, opposite Escanaba National Bank.

Backache, Rheumatism, Nervousness. Mean disordered kidneys, Foley Kidney Pills have helped your neighbors; they will also help you. Mrs. C. H. Hanover, Cadillac, Mich., says: "I have used Foley Kidney Pills with the very best of results for backache caused by kidney trouble. Had also nervous headaches especially during morning hours. A few weeks treatment of Foley Kidney Pills completely dispelled all my trouble, curing my backache and stopped those attacks of nervous headaches. Foley Kidney Pills have my highest recommendation." For sale by all druggists.

AFTERMATH OF THE BIG SNOW STORM

Tuesday's big snow storm came to an end sooner than the weather man figured it would and for that much everybody is thankful. With streets and sidewalks almost blocked with snow, getting about was neither pleasant nor easy for people or horses. However, the streets are in better shape today and many of the sidewalks have been at least partially cleared. Street Commissioner Holmes has had a big crew of men out working on the streets and cross-walks and the results of their labors are becoming gratifyingly apparent. After a hard fight with the snow drifts, the Escanaba Traction company was obliged to cease the operations of its interurban cars for a time, running again on the Flat Rock line and by midnight the Gladstone line was open again. Cars on both lines have been running as usual today. Trains on the steam railroads were late yesterday afternoon and night, but today they are making better time and running close to schedule.

THE EASTERN STAR GIVES FINE PARTY

Notwithstanding the wretched condition of snow-drifted sidewalks and still stormy weather, there was a large attendance of Masons and members of their families at the Valentine dance given in Masonic hall Tuesday night by Hathaway chapter. Order of the Eastern Star, and the affair was most delightful in its every feature. For the occasion and appropriate to its nature the hall was most attractively decorated in St. Valentine's day fashion and presented a beautiful appearance, particularly after becoming populated by the merry dancers. Dancing began shortly after nine

o'clock and continued until about one, LeDuc's Superior orchestra furnishing excellent music.
