

LIQUOR MEN ARE WARNED

Prosecuting Attorney Strom Informs Those of Delta County by Letter that they Must Observe the Law Regulating Their Business or Suffer Prosecution.

Prosecuting Attorney Torval E. Strom has prepared and issued a circular letter addressed to all the wholesale and retail liquor dealers of Delta county, calling their attention to the regulations prescribed by law for the conduct and government of their business, and notifying them that it will be well for them to observe the law, intimating that prosecutions will be instituted and pushed through to their conclusion whenever its violation shall render such a course necessary in the discharge of his duty.

Copies of the letter have also been sent to a number of others interested, officially or otherwise, in the matter. From one of these latter The Mirror today obtained a copy of the letter and gives its publication as a matter of large public interest. It reads as follows:

To All Wholesale and Retail Liquor Dealers in Delta County. Gentlemen: In view of present conditions in this county I take the liberty at this time to call your attention to some things that you may be interested in.

You are all familiar with the great wave of public sentiment which has been gradually growing and spreading throughout the country in favor of restriction, regulation and even abolition of the liquor business. I think we are all acquainted with the fact that this feeling is not the result of any religious campaign or agitation so much, but that it is due more to the fact that there has been great abuse of privileges among those engaged in the business, due no doubt to the sharp competition, which dealers are forced to enter in order to make a livelihood from the traffic.

This great public protest against the way in which the business is being conducted has finally reached the State of Michigan, and is gradually gaining force and strength throughout every section of the State, and as you know a large portion of the State is now entirely closed to the sale of liquors.

As the law now stands in this county, you are permitted to carry on the business under certain regulations mentioned in the law. So long as you do carry on the business and comply with the law, you are entitled to the protection of the law and to freedom from prosecution. I have lived in this County so long that I am convinced from personal observation that a great many of our saloonkeepers are complying with the law as close as they possibly can. I have also come to the conclusion, however, that there are persons engaged in the business in the City of Escanaba, and elsewhere in the County who have no regard whatever for the rules prescribed for the conduct of that business. It has come to my notice that these men are persistently violating the law, and that they keep open nearly all night and Sundays and Holidays. It is true, of course, that these violations are behind closed doors, under subdued lights and muffled cash registers. I have no doubt that those who are doing business in this way feel that they are compelled to do so by the competition of their neighbors, who are willing to defy the law and take a chance for the sake of doing a little more business.

So long as curtains are kept up and screens placed preventing the view of the bars on Sundays and Holidays, and after closing hours, and the people know generally that the law is being quietly, but nevertheless, positively disobeyed, there is going to be considerable agitation here locally and prejudice against your business, and you personally. It is to be regretted that a few irresponsible men in the liquor business would be the cause of so much turmoil and costly prosecution and general disturbance. In the past we have had a great many prosecutions of liquor violations, and many of them have been dismissed and continued out of existence. I am frank to say to you that in the future such a course of prosecuting cannot and will not be tolerated by our courts and the force must be discontinued. The requirements of the law, which govern you in the conduct of your business are so simple and so well understood that a plea of ignorance can no longer be received. It is the duty of the sheriff and his assistants, and the city police to see that these laws are complied with, and to see that complaints are made, and in the future these officers will be held to a strict observance of their duties. If they do not perform them they will have to explain to

(Continued on page five.)

SECOND OPERATION FATAL TO PATIENT

Mrs. C. P. Edgerly of DeBeque, Colo., Daughter of Mr. and Mrs. William J. Hatton of This City, Passes Away in a Hospital at Rifle, Colo.

Friends of Mrs. Ella Hatton Edgerly of DeBeque, Colo., daughter of Mr. and Mrs. William J. Hatton of this city, will be shocked and grieved to learn of her death. Mrs. Edgerly, formerly a resident of Escanaba died late Sunday night at Dr. Beale's sanitarium at Rifle, Colo., being unable to withstand the shock of an operation, the second within three months.

News of her demise was conveyed to Mr. and Mrs. Hatton by a telegram, which reached them early this morning. They had previously been advised by wire that Mrs. Edgerly's condition following the operation was extremely critical and that she might not recover.

Mrs. Edgerly had been ailing for several years from an infection caused by the kick of a cow which she was milking at the time. Last November her condition became such that an operation was deemed advisable. This was performed, but the relief she obtained was but temporary and recently another operation was decided upon the result of which was fatal.

Mrs. Edgerly was the wife of C. P. Edgerly, formerly of Joliet, Ill., to whom she was married in this city fourteen years ago. She was 42 years old and besides her husband is survived by a son, thirteen years old, and a daughter nine years. She also leaves her parents, Mr. and Mrs. Hatton, three brothers and a sister to mourn her loss. The brothers are Clark Hatton of North Fond du Lac, Wis., J. B. Hatton of Peoria, Ill., and William H. Hatton of Vallejo, Cal. Her sister is Mrs. Edward Blake of North Fond du Lac.

Mrs. Edgerly made her last visit in Escanaba about seven years ago, when she spent about three months here.

Her remains will be buried at DeBeque, the funeral probably taking place Wednesday. Mr. and Mrs. Hatton will be unable to go to DeBeque for the funeral.

PRIMARIES ARE NOW BEING HELD

At four o'clock this afternoon the polls in the several wards of the city were opened for the Republican primary election and they will be open until eight o'clock this evening. All Republicans of the city are expected to vote at their respective ward primary and take a hand in electing delegates to the Republican county convention, which will be held at the court house next Thursday afternoon.

Each ward is entitled to the following number of delegates: First ward, 2; second ward, 2; third ward, 3; fourth ward, 3; fifth ward, 5; sixth ward, 4; seventh ward, 2. The county convention will elect delegates to the Republican state convention at Saginaw on March 2 and place in nomination candidates for county commissioner of schools and county road commissioner.

U. P. PRESS GANG AT MENOMINEE

F. L. Baldwin of the Escanaba Journal went to Menominee this morning to attend the annual meeting of the Lake Superior Press association, of which he is president. The meeting was held today and will wind up with a banquet this evening. Tomorrow all of the editors present will attend and take part in the meeting that is to be held for the formation of an Upper Michigan Development Bureau.

MURDER BRITISH OFFICIAL

(By Associated Press.) Brisbane, Australia, Feb. 20.—News was received here today from Papua, New Guinea, of the murder of Stanforth Smith, the British administrator of Papua.

Two white officers and twenty-six natives were also massacred by the inhabitants of the interior.

The party were exploring the interior when last heard from on December 7.

Two natives who accompanied them have just arrived at Gouribari with the tidings that all excepting themselves had been killed.

STRONG DELEGATION GOING FROM HERE

Unless a change is unexpectedly made in their plans, the following representative citizens of Escanaba will go to Menominee tomorrow morning to attend and participate in the meeting that has been called to form an Upper Peninsula Development bureau: Mayor Solomon Green-

hoo, Herman Salinsky, W. R. Smith, C. W. Kates, R. E. MacLean, L. M. Beggs, John J. Sourwine, J. E. Byrns, H. W. Reade, John A. Stromberg, O. A. Kates, S. M. Matthews, I. C. Jennings, C. M. Thatcher, D. F. Glavin, F. H. Van Cleve, T. M. Judson, J. K. Stack, M. Perron, Ivan G. English, F. D. Mead and George F. McEwen. Most of these will go as delegates from the Escanaba Business Men's association. Mayor Greenhoo is also a representative of the E county board of supervisors, the members of the county board of education being Chairman C. D. Mas and Supervisor Reub. Young of Rapid River.

COUSINS WILL ACT AS PALL-BEARERS

Final arrangements have been made for the funeral of the late Miss Anna Kinnen, who died Saturday forenoon at the home of her parents, Mr. and Mrs. John Kinnen, at Groos. It will be held from St. Joseph's church at nine o'clock Tuesday morning, solemn requiem mass being celebrated over the remains by Rev. Father Bucholtz of Ironwood, a cousin of the deceased. Rev. Fathers Julius and Herbert will assist at the mass and interment will be in St. Joseph's cemetery. Miss Kinnen's body is now at the home of Dr. and Mrs. J. O. Groos, 1015 Wells avenue. Cousins of the deceased will serve as pall-bearers and there will be honorary pall-bearers, the latter being young men.

EARTHQUAKE IS FATAL IN TURKEY

(By Associated Press.) Constantinople, Turkey, Feb. 20.—A violent earthquake was experienced at Monastir and elsewhere throughout the valley of the Monastir today. Several mosques and houses were demolished and a number of lives lost. The population is camping out and suffering intensely from the cold. The authorities have appealed to the government for 300 tents and relief funds.

J. P. Keneally was a business visitor at Sault Ste. Marie last Saturday.

WILL FORM JOINT ALUMNI SOCIETY

University of Michigan Graduates of Delta and Schoolcraft Counties to Organize an Association—Prosecuting Attorney Strom in Charge of Delta County End.

If plans now in process of formation are carried out, a joint alumni association of the graduates of the University of Michigan now residing in Delta and Schoolcraft counties will be organized in this city during the latter portion of March or the forepart of April.

President Hutchins of the university or some other representative of that educational institution, will be present, it is expected. Prosecuting Attorney Torval E. Strom has the matter in charge in Delta county, while Dr. George M. Livingston is looking after matters in Schoolcraft county.

One of the reasons for these organizations, which are being perfected in various counties of the state, is to bring the State University more prominently before the people in various sections of the state. Then too, the graduates will keep in closer touch with their alma mater.

There are fifty or more graduates in Delta county, while Schoolcraft county has twelve.

MICHAEL FARRELL HEARS LAST CALL

After suffering for about two months with dropsy, Michael Farrell, aged about 59 years, died at one o'clock Sunday afternoon at the home of Patrick McCauley, Stephenson avenue, North Escanaba. Mr. Farrell had been a resident of Escanaba about four years, making his home all of that time with Mr. McCauley. Prior to coming here he was located in Chicago. He was not engaged in any business or occupation, having retired several years ago. Mr. Farrell was a single man and leaves no relatives except the members of the family of the late Thomas Farrell, who was his brother. The funeral will be held from St. Patrick's church at nine o'clock Tuesday morning. Rev. Father Barth will conduct the services and interment will be made in St. Joseph's cemetery.

OFFERS BILL TO FORTIFY THE CANAL

(By Associated Press.) Washington, Feb. 20.—Representative Fitzgerald of New York, who is a member of the committee on appropriations, announced in the house today that the sundry civil bill will carry provision for the fortification of the Panama canal.

The statement was made in response to a question from Representative Hobson and was greeted with much applause.

MEXICAN REBELS CAPTURE WAGON LOADS OF PROVISIONS.

(By Associated Press.) Presidio, Texas, Feb. 20.—The insurgents have captured ten wagon loads of provisions that were intended for the federal garrison at Offaga. The rebels are pressing in on the besieged city and an attack is expected very soon.

AFTER LONG FILIBUSTER HOUSE PASSES PENSION BILL.

(By Associated Press.) Washington, Feb. 20.—The war claims bill was passed by the house at 12:46 o'clock this afternoon, having been under consideration since last Friday because of the filibuster that has been waged against it.

POSTOFFICE TO CLOSE SUNDAY

Petition Signed by 1,500 Escanaba Citizens and Sent to Postoffice Department at Washington Has Desired Effect—Postmaster Coburn Issues Order.

LIVE DEER BEING SHIPPED TO EAST

Carload of the Animals Passes Through Escanaba on Its Way From Munising to Trenton, N. J.—Deer are Shipped by the Cleveland Cliffs Company—Story.

Saturday afternoon there passed through Escanaba, via the Chicago & Northwestern railway, a rather unusual freight shipment. It consisted of a carload of live deer, which were consigned to Trenton, N. J., and was in the city but a short time.

The deer were shipped from Munising by the Cleveland Cliffs company and came from Grand Island, where the company has a huge game preserve, being taken from Munising to Little Lake over the Munising railway and from Little Lake to this point over the Chicago & Northwestern. From here the shipment goes over the later road to a junction point with an eastern road running to Trenton.

It is understood that a similar shipment of live deer will be made by the Cleveland Cliffs company within the next ten days. The deer are said to bring \$100 a head and are to be used as attractions in public park menageries.

HAVING HIS HEARING ON SERIOUS CHARGE

Frank Dormant was arrested this forenoon and this afternoon is having his preliminary examination in Justice Linden's court on a charge of assault with intent to do great bodily harm. The complainant in the case is a woodsman named John Smith, who alleges that Dormant not only assaulted him with a chisel but also robbed him of \$60. The alleged assault and robbery occurred in a local boarding house. Dormant entered a plea of not guilty.

Ralph Rolfe went to Green Bay Saturday night to spend Sunday with his parents.

Success has crowned the efforts of the citizens of Escanaba to have the postoffice closed on Sundays.

Their petitions forwarded to the postoffice department at Washington by Postmaster H. W. Coburn has had the desired result and the postmaster has been given permission to close the postoffice on Sundays if he deems it advisable.

Information to that effect has been received by Mr. Coburn and he has already issued an order that the office shall be closed on Sundays, beginning next Sunday, February 26.

Special mail delivery letters, however, will continue to be delivered, mails received and dispatched as usual and distribution made to lock boxes. The Sunday delivery of mails through the general delivery and carriers windows will be absolutely discontinued.

Reply to Mr. Coburn's Letter. Following is the postoffice department's reply to Postmaster Coburn's letter forwarding and endorsing the petition for Sunday closing:

"You letter of the 6th instant has been received and the petition signed by over 1,500 patrons who request that the postoffice be closed on Sundays is returned herewith. If in your opinion, local sentiment justifies it, you may discontinue the Sunday delivery of mail through the carriers windows. Special delivery letters be delivered, mail received and dispatched and distributions made to lock boxes, and the clerks who are required to work on Sundays should be given compensatory time off during the week."

K. P. ANNUAL ROLL CALL ON MARCH 1

Escanaba lodge No. 98, Knights of Pythias, will have its annual roll call meeting on Wednesday evening, March 1, when Deputy Grand Chancellor A. E. Sharpe of Sault Ste. Marie will be present as a guest of honor and deliver an address. After work in the third rank and lunch, the roll will be called and every Knight in the lodge is expected to answer, in person or by letter, with a few observations for the good of the order. The complete program for the meeting will be published in a future issue of the Mirror.

CARPENTERS BUSY ON HART VESSELS

The Bon Ami Receives a New False Deck Running Its Entire Length—Pilot House of the Sailor Boy is to Be Moved Forward—Two state Rooms to Be Added.

According to the Sturgeon Bay Democrat, George Weis, ship carpenter for the Hart Transportation company, is busy working on the steamers Bon Ami and Sailor Boy. The Democrat says:

"The Bon Ami has received a new false deck the entire length. The old deck has been covered with tar, then a layer of tar paper put down, and this also covered with tar. The false deck, of one and one-eighth inch southern pine, is laid athwartships with a six inch gutter running fore and aft along both sides.

"The changes to the Sailor Boy will consist of moving the pilot house forward and adding two staterooms between it and the main cabin. Four new staterooms will be added to the after end of the main cabin which, with the staterooms on the main deck, will give sleeping accommodations for sixteen passengers.

"There is very little work to be done on the machinery of the company's boats, and aside from painting there is nothing to be done on the steamer Thistle.

MENOMINEE COUNTY GREATLY OPPOSED

Menominee people object seriously to the new apportionment which will leave them in the twelfth district with several counties in the lower peninsula. Six counties in the lower peninsula are added to seven from the upper peninsula, including Menominee and Delta and designated as the twelfth congressional district. The new district makes a shoe string of upper peninsula portion, taking in the counties of Mackinac, Schoolcraft, Delta, Chippewa, Luce, Alger and Menominee, most of them along the lower lakes.

The other eight counties of the upper peninsula are included in one dis-

trict, the Thirteenth and it is part of this district that Menominee desires to become. It is certain that Menominee will put up a strong fight to retain her place in the upper peninsula district with which she is more united in interests.

SKI RIDER BREAKS AMERICAN RECORD

Ironwood, Mich., Feb. 20.—All American records for ski jumping, and probably the world's record as well, were broken yesterday at the first annual tournament of the Ironwood Ski club by Anders Haugen of Chippewa Falls, Wis., last year's national champion, who jumped 152 feet.

The previous American record of 140 feet was made at Ishpeming, Mich., a year ago by August Nordby of Superior, Wis.

The amateur champion, Barney Riley, of Coleraine, Minn., made 154 feet today, but fell. Haugen averaged 145 2/3 feet in three jumps, standing each time. The weather conditions were exceptionally favorable.

BASEBALL CLUB TO MEET FRIDAY

The directors of the Escanaba Baseball club will hold a meeting next Friday in the office of Secretary-Treasurer L. M. Boggs for the purpose of

receiving the report and recommendations of the delegates who represented the club at the baseball conference in Ishpeming last Friday afternoon and possibly taking definite action thereon. From all indications, Escanaba will ratify the tentative agreement and become a member of a league in which the other members are to be Marquette, Ishpeming and Negaunee.

OFFER \$250 REWARD FOR MISSING MAN

Chief of Police Iverson has received from Pinkerton's National Detective Agency a circular asking him and the members of the Escanaba police force to be on the lookout for Edward J. Tierney, who mysteriously disappeared from Dallas, Texas, on November 10, 1910. Tierney had been employed in Dallas as traffic clerk for the Western Electric company. He is 28 years old, five feet nine inches in height, weighs about 175 pounds, is of athletic build, has medium brown hair slightly wavy and wears his face smooth. For information that will lead to his apprehension a reward of \$250 is offered. It is not stated in the circular that Tierney is wanted for any crime.

You should be on the list of Daily Mirror subscribers, if you are not already there. There is going to be a lot of good news printed here this year and you should have it reliably, as The Mirror gets it.

Contest

MONDAY, APRIL 17TH, 1911.

Leave Escanaba for Detroit and New York; berth and meals arranged for.

TUESDAY, APRIL 18TH.

Enroute to New York City over New York Central lines via Niagara Falls and Buffalo.

WEDNESDAY, APRIL 19TH.

Arrived in New York 7 a. m., and transfer to the Navarre Hotel. At theatre in the evening.

THURSDAY APRIL 20TH.

Leave New York 3 p. m., aboard Steamer "Oceana" for the Bermuda Islands, all meals and berth in stateroom provided for.

FRIDAY, APRIL 21ST.

Aboard Steamer "Oceana" at Sea.

SATURDAY, APRIL 22ND.
Arrive at Bermuda 8 a. m., and transfer to leading hotel.

SUNDAY, APRIL 23RD.
Six full days to Saturday, April 29th, party will be at beautiful Bermuda, following out the schedule of side trips which have been arranged for, including carriage drive to St. Georges and return, visiting enroute the Devil's hole, to view the collection of many species of tropical fishes, also the Crystal Cave.

Carriage drive to Gibb's Hill Lighthouse and return. Steamboat trip to Submarine Gardens and return, including admission to the Government Aquarium, The Submarine Garden, viewed from glass bottomed boats, are a kaleidoscopic marvel. Here are the most exquisitely tinted growths that are to be found at the bottom of the sea, and in and out among the wonderful floral dart fish of every hue and form.

SATURDAY, APRIL 29TH.
Leave Bermuda via S. S. "Oceana" for New York City.

SUNDAY, APRIL 30TH.
Aboard Steamer "Oceana" at Sea.

MONDAY, MAY 1ST.
Arrive at New York City and party is transferred to their hotel.

TUESDAY, MAY 2ND.
In New York City where sight-seeing trips and theatre entertainment have been provided for.

WEDNESDAY, MAY 3RD.
Leave New York for Marquette over New York Central R. R. via Montreal and Mackinaw.

THURSDAY, MAY 4TH.
Arrive at Escanaba and home, crowned with pleasure you have often dreamed about.

Standing of Candidates up to 12 Noon Monday.

**GIRL STUDENT IS
 AWARDED 15,000**

St. Augustine, Fla., Feb. 20.—Miss Helen Hunt, who was expelled from Stetson university three years ago, was awarded \$15,000 by a jury at Deland in her suit against President Lincoln Huley of the school. The trial of the case lasted seven days.

**ARIZONA CANNOT GET
 STATEHOOD JUST NOW**

Washington, Feb. 20.—Statehood for Arizona is impossible of accomplishment at this season of congress for two reasons; primarily because the returns of the election held on February 9, cannot be canvassed and certified under the law in time to reach Washington for action by congress, and secondarily because this congress is opposed to the constitution as drawn. Such is the view hitherto expressed by Delegate Ralph Cameron from that territory and reiterated Saturday.

**DIVORCE GIVEN WIFE
 AGAINST HER WILL**

Detroit, Mich., Feb. 20.—Mrs. Jennie Coon has received word that the state supreme court at Lansing had forced her to accept a divorce from Charles W. Coon against her will and against her religious principles which forbid divorce. She brought suit for a separation only. The court held that the evidence presented by her warranted absolute divorce. She desired to prevent her husband marrying the co-respondent. She is awarded \$50 a month alimony.

**CURSING PRESIDENT
 TAFT COST MAN \$10**

Joseph Billows, a Socialist in Seattle was sentenced to serve fifteen days in jail for cursing the name of President Taft. Billows was arrested when he was heard to curse Taft and say, "Where I came from they kill such tyrants." The sentence was later commuted to a \$10 fine, which was paid.

**STORK IN AMBULANCE
 THEN AT HOSPITAL**

Milwaukee, Wis., Feb. 20.—There was a flutter of excitement at the Northwestern depot Friday when a stork was seen hovering over the place and a crowd of anxious women gathered about Mrs. W. T. Scott in the waiting room.

The stork was the bearer of twins, both girls, and entered into a mad race down Wisconsin street with the police ambulance carrying Mrs. Scott to the hospital.

But "Dr." Johnson, driver of the ambulance proved a poor match for the stork, for the bird entered the vehicle bringing a baby girl for Mrs. Scott. The other baby was delivered to her by the stork at the Emergency hospital.

Mr. and Mrs. Scott were on their way from Daws county, Neb., to the home of Scott's parents in Michigan, when their journey was interrupted in Milwaukee by the arrival of the stork. Mother and twins are at the hospital doing well. Mr. Scott is now the happy father of five children. The journey will be resumed later, when Mrs. Scott and the twins are able to leave the hospital.

**U. S. SAVES \$100,000
 A YEAR BY OWN PLANT**

Washington, Feb. 20.—The bottoms of all naval vessels are painted with paint manufactured by the government, and this, it is estimated by the Navy Department, has resulted in a saving of at least \$100,000 yearly. Interest in coal consumption and speed competition in the navy several years ago directed attention to the question of ship bottom paint, as the condition of a vessel's bottom as regards fouling affects both of these. The Navy Department took up the subject and a mixture was developed which proved satisfactory.

**CHILD SWALLOWS
 SAFETY PIN; LIVES**

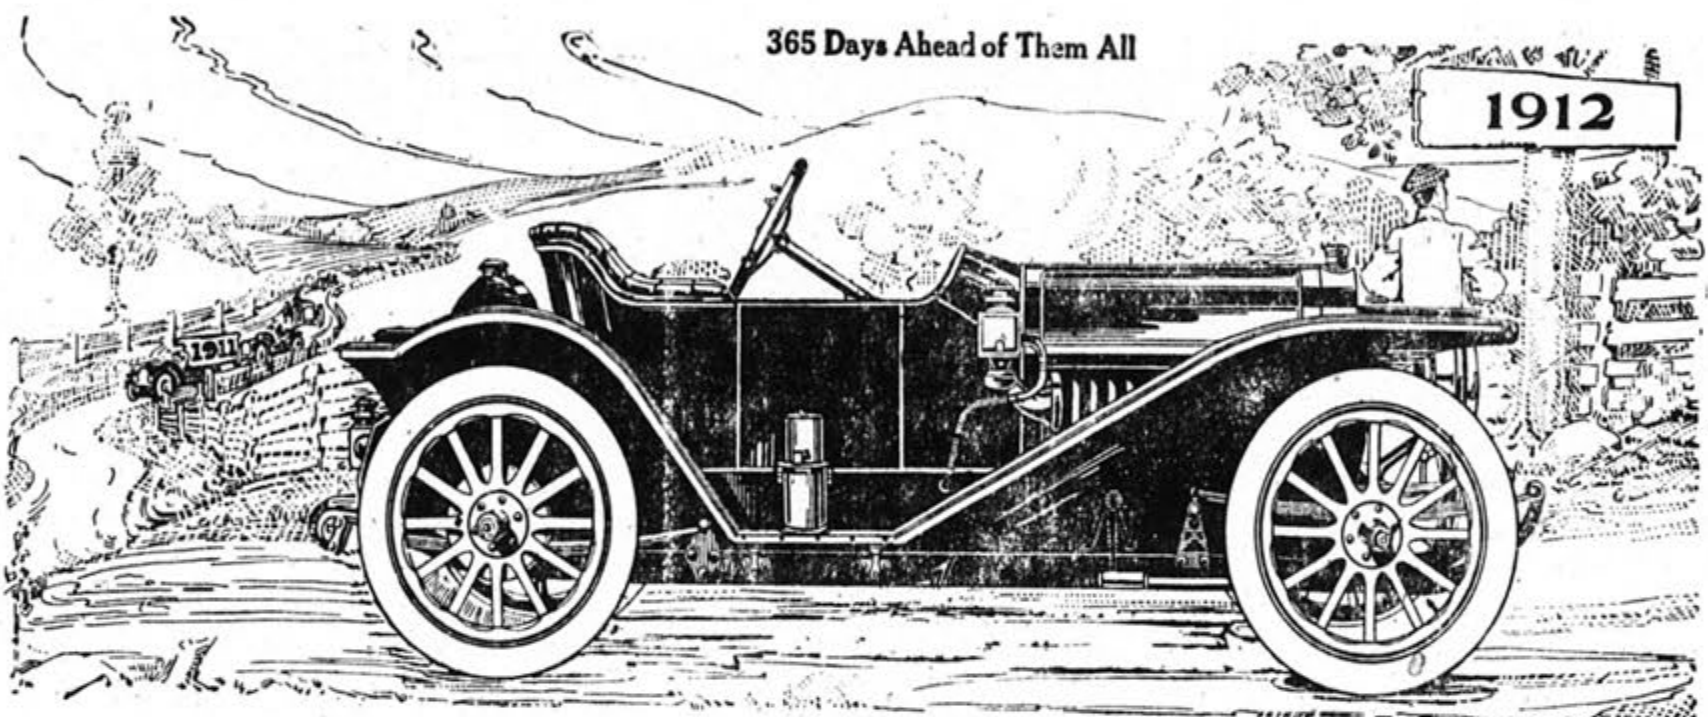

Mt. Clemens, Mich., Feb. 20.—After being in pain four days with an open safety pin, which it swallowed, traversing its digestive system, the year-old child of Jack Edwards of Richmond, Mich., will survive, although doctors had despaired of saving his life.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulents act gently and cure constipation. 25 cents. Ask your druggist.

**In 24 Hours Everyone in the United States
 Will be Talking About This Advertisement**

Because—This is The First 1912 Car to be Announced.
 It is setting a new pace for automobile manufacturers and dealers—The Regal leads this year.

Because—This is the first of a series of advertisements that will be published, simultaneously in over 450 cities in the United States and will be read by millions of people, and will contain valuable information about the automobile never before disclosed to the public—almost unbelievable—but true.

Everyone knows that the automobile business has had a mushroom growth and that the average automobile factory has presented a scene not unlike that in a newspaper office just before the paper goes to press. It has had all of the wild excitement—all of the feverish haste and all of that disregard for expense that always accompanies any rapid development. High-priced automobiles were the result. The owners paid the bill.

We have for a long time been studying this problem. We wanted to eliminate the most important faults in the automobile manufacturing institution of today. We found several sources of waste. First an immature design, and second an immature and hasty method of manufacture; third and most important, an extravagant overhead expense. All of these we knew to be abnormal and consequently we set about to correct them. We believed that our success in the motor vehicle industry as in others in which we have engaged, laid in giving our customers the best value and service we could for their money.

For five years we have been studying the automobile conditions in the United States—through all of our representatives, we have received daily reports. We know for a fact what the real conditions are today. Consequently the cars which we have designed and are manufacturing and selling, we know from actual canvass of the owners and prospective owners are what the people want.

Everyone wants the most up-to-date design—the best workmanship—the most value for his money and a guarantee of good service after the car is in his hands.

We are satisfied that in this series of advertisements we shall be able to prove to you conclusively the truth of these statements. We are the first to make an announcement of a 1912 car—a car which we have been thinking about—designing and testing for over two years—a car which we know represents the most modern engineering and manufacturing practices—a car which in value has never been equaled either at home or abroad. It is in all respects the result of a knowledge which we have gained from actual experience.

We have always been the pioneers in setting the price and our "20" which is illustrated above meets in value anything which we have offered before, and competition has failed to produce its equal.

Because—This advertisement tells about a car which is new—a car which is distinctive—a car which is the pioneer underslung car at a popular price.
Because—The Regal "20" at \$900 is without competition. No other car equal to this has been produced at the price.
Because—This advertisement contains news about an organization which up-to-date has been conservative in exploiting its products until it was sure it was right and had the capacity and organization to satisfactorily and persistently care for the demands of its customers.

We have over 450 dealers in the United States. We are represented in almost every city of reasonable size—none of these dealers are sub-agents or commission men. All of them are recognized dealers doing business with us directly. They have a regular garage and repair shop and are fully capable of taking care of your demands. We have sent our own special men to their cities—have looked over their territory—picked out the best men in each locality.

We want you to go direct to our dealers. We want to give you the quickest and most satisfactory service we can. We know that's the best way—experience has proven it.

We have never employed large-salaried men to write our advertisements.

We believe facts and good cars speak for themselves.

We have never entered into any mergers.

We have never had any Wall St. brokers on our payroll.

We have never attempted to exploit our company as a stock proposition.

All we have done is to make the best cars that could be made and sell them at a price as low as we possibly could consistent with a fair, legitimate profit.

Our overhead expenses do not exceed 5 per cent.

And yet we have an organization through which we can give you—the purchaser—a thoroughly satisfactory service.

Consequently the money that you invest in a Regal car represents actual value in materials and workmanship—you get real value for your money.

Read what a well-known trade paper says about underslung suspension—Motor World, Jan. 26—"Probably the greatest arguments which can be advanced in favor of the underslung suspension, aside from the attractive appearance it presents, are the low center of gravity and large wheels which are made possible. Underslung also eliminates to a great extent the tendency to sideways by reason of the fact that the bulk of the weight of the car comes almost in the same plane as the springs which can have no appreciable lateral movement. The adoption of the underslung system by four prominent manufacturers goes to show that it must be reckoned with."

The
Regal
 "20"
 Price, \$900

Price includes Dual Ignition system with magneto. Complete gas and oil lamp equipment with generator, jack and tools. Wheel base 100". Tires 32x3 1/2". Brakes—4 in number. Internal expanding and external contracting, acting directly on hub drums. Engine cast in bloc. Cylinders—4. Bore—3 1/2". Stroke—4 1/2". Three speed and reverse selective sliding gear transmission. Road Clearance—10".

WHY THIS CAR IS DISTINCTIVE.

The Regal "20" is the first underslung car which has ever been sold for less than \$4,000. The underslung construction is an expensive type to build—that is the reason. Most manufacturers, like most individuals, don't like to adopt new things unless they are forced to. We have taken the lead because we know that ultimately, cars of this type will embody this construction. This type of construction is built on sound mechanical principles—there is no question but that it makes the most stable car—the center of gravity is lower—making a straight line drive possible, which, of course, means less loss of power between motor and wheels. The car has less tendency to skid—it holds the road better—there is less side lash on the springs and tires—it makes a very safe car to drive, one which can't turn turtle, and yet with all these advantages the road clearance is still as great as that of the overlying type. Besides the underslung construction lends itself most happily to this long, low body which has become so popular.

The Regal "20" is a car with 4,000 advantages and looks, which sells for \$900, and this is the reason why it will pay you to not only read these advertisements, but to go to our nearest dealer and look the car over. Don't take our word for what we have said about it. Have the dealer demonstrate it to you.

PROTECTING THE UNITED STATES UNIFORM.

Frequent complaints have been made in recent years concerning managers of various places of public entertainment, who are charged with showing disrespect to United States army or navy uniforms by refusing admittance to soldiers or sailors thus attired. From time to time appeals have been made to congress to correct this abuse, and at last it seems likely that effective legislation will result. Already a bill has been approved by both houses of congress making this show of disrespect an offense against the government, and the only point at issue now appears to be the question of penalty. The house provided for a fine of \$1,000 and a term in prison for every conviction, while the senate cut out the imprisonment feature and reduced the fine to \$500. If the bill is finally adopted in either form it probably will have the desired effect.

This action of congress will be approved by all patriotic citizens. But it is really only the beginning of a movement that should be extended to the uniforms of the militia and the flag itself, says the Oshkosh Daily Northwestern. Recently a brigadier general of the regular army left a Kansas City hotel in indignation because a bell boy was dressed in a livery that was almost an exact duplication of the uniform of an infantry captain. Whether this high officer was justified in his course may be a matter of argument, but it is easy to understand the humiliation that such a discovery would cause any man who had devoted his life to the service which that uniform represents and about which there are such sacred patriotic associations. Of course, the bell boy was not to blame. Neither, perhaps, was the hotel management. It has become a common practice to copy the army and navy uniforms for all sorts of livery.

The government should enforce respect for the uniform and the flag of the country. It should be made unlawful for any civilian to wear any part of the regular uniform or anything in duplication or imitation of it. How can individuals be expected to have a proper respect for the uniform if the people as a whole have none? And above all else the flag should be held sacred from intentional or unintentional prostitution. The banner of freedom means too much to be bandied as a common rag. It has cost too much in precious human lives and treasure. It can no longer be disfigured with an advertisement of somebody's soap or prunes or tobacco, thanks to the action of congress several years ago. But wherever that flag floats there should be behind it the honor and the power of government to protect it.

"The penny of today is the dollar of tomorrow" say the savings bank men. After this exhausting game of tag with strangely perverse butchers and grocers, some of us have no means to test the maxim.

The new postal savings banks averaged to take in \$1,200 each during the month of January. Uncle Sam must feel much cheered to know that a number of people still regard him as honest.

Mr. Taft ought not to threaten an extra session of Congress. Nothing ought to interfere next spring with the problem of his getting around the golf links in 95 strokes.

The Senate is said to be confused without Aldrich's leadership! It may be hard to venture out among rough boys without Mamma, but it helps develop self reliance.

Half of Chicago's Sunday mail is said to consist of love letters. The customary holding hands Saturday night seems to leave an unsatisfied longing.

Cotton speculators, it is said, will ruin the Georgia cotton crop by planting the boll weevil. After a constant diet of lamb steak they still remain unsatisfied.

Four Yale students are arrested for a snowballing serenade. If they are not released before the baseball season, the sacrifices of their parents to give them an education will be thrown away.

The House at last votes for homes for our ambassadors. Let us hope they don't have to put the baby carriage and the potatoes in the bath tub much longer.

The Wellesley college paper tells the girls it is a duty to be beautiful. It is high time to do something to make up for the handicap of knowing so much Greek and philosophy.

When Vice President Sherman got a chance to break a tie and vote, it must have seemed like a wooden Indian coming to life and shaking a tomahawk.

W. T. Jerome is reported to have called a judge "half baked". The usual complaint is that the judges are too crusty.

WIRELESS TELEPHONE IS NOW A SUCCESS

Professor Millener Proves That It Can Be Used for Moving Railroad Trains.

New York, February 20.—Dr. F. H. Millener, who for five years has been conducting experiments in wireless telegraphy, telephony and signalling in Omaha, for the Union Pacific railway, lectured before the Railway club on the results of his experiments. He said:

"In Omaha, we have established that wireless telephony with a moving train is practicable. All our experimenting, however, has so far been unofficial. We have done it in the railroad yards and on a track about five miles long. At the recent land show at Omaha I had charge of a booth where people seemed puzzled when I made a lot of electric arc lights sing 'Yankee Doodle' and 'America,' but it was simple, for anybody knows that you can tune up a wireless telephone to an arc light and make the latter talk.

"When you make a telephone talk, the first thing people look for is concealed wires. They heard about my wireless telephone being in operation, but they would not believe I did not have wires somewhere until I proved it in rather a spectacular manner. I

would send out a man with a telephone receiver strung around his neck and an umbrella in his hand. The ribs of the umbrella acted as an antenna, and I could carry on a conversation with him one-eighth of a mile away.

Absolutely Practicable.

"We have now absolute data as to what is necessary in railroad wireless telephony, for the erection of stations, their operation and as to what results we may expect. I have rigged up the apparatus on cars and talked. In fact, some experiments that I conducted with an old electric truck, bringing it back or sending it forward, have been described, and I have since used the truck for wireless telephone experiments." The results with the truck established the fact that for wireless no ground connection is necessary. I can safely say I have got to the point where I have established that wireless telephony is absolutely practicable. The apparatus can be put on any car, and I have something which is put on the roof of a car to serve the office of antenna, but which is not unsightly and does not show far above.

WILL HIT TOBACCO CONSUMERS SOON

Price of Leaf Tobacco is Said to Be Advancing, but Smokers Have Not Been Greatly Hurt Yet—Packages of Tobacco are Already Reduced in Weight. However.

One product of the soil on which the price has been appreciably increased of late without the consumer being visibly affected, is tobacco. Though the manufacturers of cigars, smoking tobacco and chewing tobacco are being called upon to pay constantly increasing prices for the leaf, the increases have not yet reached the jobber, the retailer or the consumer, but further advances in the prices of the raw material are likely to affect the market generally.

One may still buy his cigar or favorite brand of smoking tobacco at the same price as he paid a year ago, but in the case of smoking tobacco the size of the package has been slightly cut down, in many instances. Formerly, the retailers bought smoking tobacco at so much per pound; now it is sold at so much per gross or package. No weight is given on the packages, and though they appear the same size as before, as a matter of fact, fourteen ounces of tobacco are now made to fill the same number of packages as did sixteen ounces formerly. Retailers are beginning to fear that if the price continues to advance, that either the quality of standard brands of cigars and tobacco will be impaired, or prices to the consumer will have to advance.

MANAGER NOW BARS PRETTY HELLO GIRLS

Orange, Cal., Feb. 20.—Pretty Hazel Holden, who resigned from the exchange board of the Pacific Telephone company to wed Walter Bortz, has piled the last straw on the back of a long suffering exchange manager. "No comely young women need apply, is the statement embodied in his advertisement for a new operator inserted in the local paper. K. E. Watson is the man who says he is tired of conducting a matrimonial bureau under the guise of a telephone exchange. "Six in a year," he complained, in recounting the toll of lost operators, "is too many." Hereafter, he declares, only married women or maidens of mature years will be employed on the switchboard. Half a dozen pretty girls are clamoring for Miss Hazel's position. Being pretty they haven't a ghost of a chance, says Watson.

Pneumonia Follows a Cold.

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says, I contracted a bad cold and cough and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." Sold by druggists.

FEBRUARY 22 WILL BE WELL OBSERVED

Schools, Banks, Courts and Other Public Places Will Be Closed on Washington's Birthday—Legislature to Be Asked to Vote on Bill Relating to Holidays.

Indications are that the anniversary of George Washington, the "father of his country," will be well observed in Escanaba next Wednesday, February 22. Business will be practically at a standstill, the courts, banks, brokerage offices, schools, public library and nearly ever other public institution going in for a general holiday. The postoffice probably will observe the customary holiday hours. There will be no public celebration of the day here, but there will be plenty of private observances.

In relation to the holidays to be served in the public schools, the legislature will soon be asked to vote favorably on the following days: "The first of January, the thirtieth of May, the fourth day of July, the first Monday of September, and the twenty-fifth of December, all Saturdays, and all days appointed or recommended by the governor of this state or the president of the United States as days of fasting and prayer or thanksgiving shall, in all the public schools of this state be treated and considered as the first day of the week, commonly called Sunday, and on the days mentioned there shall be no sessions in the public schools of this state."

There is a proviso with this bill which says: "Provided that the salary of school officers and teachers shall be in no way affected by reason of the dismissal of school on any of the above mentioned days unless otherwise provided, for by contract. Provided further, that on the twelfth day of February, or Lincoln's birthday, the twenty second of February, the twelfth of October, it shall be the duty of the schools to have appropriate commemorative exercises and such days shall not be considered as legal holidays for schools."

SELLING HIS FARM IN CARLOAD LOTS

Kerrick, Minn., Feb. 20.—Louis Hultgren, of this place has established a business which he thinks beats farming, for instead of selling the products of the farm he is selling the farm itself in car lots to iron foundries in the cities, and has worked up such a nice business that his income from it now amounts to about \$1,000 a year. The soil is of a dark red color and appears to be a combination of sand and clay, and is used for moulding purposes. There is much of it in this locality. His farm is covered to a depth of sixty feet. The bulk of it is shipped to Duluth and Superior. It contains about 10 per cent iron.

The demand for workers is increasing—and the want ads. carry about the best news in the paper.

SHOULD LOOK OVER INSURANCE POLICIES

An Incident Comes to Light Showing How Possible It is for Life Insurance Money to Go to Somebody Not Intended by Policy Holder to Be the Beneficiary—Story.

A case came to light in Hubbell recently that should be a warning to all members of fraternal societies to see that their policies are made out to the parties that they wish the benefits to go to. A member of one of the Hubbell lodges took a notion to look over his policy to see if it was all right. He read it over carefully until he came to the place where the party was named that would receive the money if he were taken away. Imagine his surprise when he found that his brother was named as the party.

When he took out the insurance he was a single man, and had it made payable to the brother. Since that time he had joined the ranks of the benedicts and had overlooked the changing of the policy.

There is another clause connected with the affair that would make it more complicated if he had passed away. The brother that was named as the rightful owner of the money has been dead for ten years. In a case of that kind the benefit would no doubt go to his heirs, and the wife and children of the policyholder would be deprived of their just rights.

ROOSEVELT FAVORS OSBORN FOR PRES.

Lansing, Mich., Feb. 20.—Theodore Roosevelt is for Chase S. Osborn for president in 1912. This fact has just leaked out here at Lansing.

At the Lincoln banquet in Grand Rapids, Mr. Roosevelt in discussing presidential possibilities made the frank statement that if Governor Osborn were to run for president he would support him. Neither is it beyond range of possibility that the governor may be a candidate.

He is not thinking of it himself, but a lot of his friends are boosting his game for the job and the mention of it always brings forth cheers.

Governor Osborn, in his speech at the Lincoln banquet, declared himself for Taft and when the matter of his own candidacy is presented to him he refuses to take it seriously.

Yet this much is known, T. R. has endorsed him and promised him his support. This fact brings the governor immediately into the political limelight and of nation-wide importance.

Notice of Primary Election.

To the qualified electors of Delta county:

You are hereby notified, that a general primary election will be held in the several judicial circuits of this state on Wednesday, the first day of March, 1914, for all political parties, for the purpose of nominating candidates for the office of circuit judge, as prescribed by act No. 281, of the public acts of 1909.

T. J. Curran, 439-60

DATES AHEAD

Feb. 19, 20, 21.—Flora De Voss Company, at the Peterson.
 Feb. 22.—"The Little Bostonians," at the Peterson.
 Feb. 24.—Republican county convention at the court house.

AN APPEAL FOR THE STARVING CHINESE

Secretary of the Seattle Commercial Club Writers The Mirror, Asking Its Aid in Raising Funds to Be Used For Relief of the Famine Sufferers in China.

The Mirror is in receipt of a letter from R. R. Wilson, secretary of the China relief committee of the Seattle Commercial club, asking for its assistance in spreading abroad the appeal the club is making for the contribution of funds to be used in relieving to some extent the sufferers from the great famine in China. The best reply The Mirror can make to the request is to publish Mr. Wilson's letter, in the hope that it will be followed by the results desired. It is as follows:

Seattle, Wash., Feb. 18, 1911.
Editor The Daily Mirror, Escanaba, Mich.

Dear Sir: You are perhaps familiar with the work which this club, co-operating with the Red Cross society, is conducting for the relief of the famine sufferers in China.

More than a million people are starving at this time and will need aid for many months. Those on the ground and familiar with the situation, state that two dollars contributed now will save the life of some man, woman or child. Will you not appeal to your readers to lend us their assistance in raising the funds needed for the work which we have taken in hand?

Contributions of any amount will be acceptable and will help in a humanitarian work of the very first importance. They should be made to the order of the Seattle Commercial club, Seattle, Wash., and those contributing may rest assured that their gifts will be used in the most effective and economical way.

Thanking you in advance for any aid you may give us in this matter and with best wishes, I am, Yours very truly, R. R. Wilson, Secretary China Relief Committee.

RUSSIA PROPOSES TO BUILD FOUR MORE BIG WARSHIPS.

St. Petersburg, Feb. 20.—The government has asked the duma to vote \$30,000,000 for the construction of four battleships by 1915.

Speedy Relief From Kidney Trouble.

"I had an acute attack of Bright's disease with inflammation of the kidneys and bladder," says Mrs. Cora Thorp, Jackson, Mich. "A bottle of Foley's Kidney Remedy overcome the attack, reduced the inflammation, took away the pain and made the bladder action normal." For sale by all druggists.

NOTICE TO CONTRACTORS.

The Board of Park commissioners of the city of Escanaba will receive bids for the construction of a public bath house, according to plans and specifications filed in the office of George M. Mashek, President, until noon of February 25th, 1911.

The said board retaining the privilege of rejecting any or all bids submitted to it. Dated February 11th, A. D. 1911.

John M. Millar, Secretary.
You can rent a room, sell a stove or buy a baby buggy through an ad in this paper.

FACTIONS IN MICHIGAN ARE LIKELY TO CLASH

Republican State Convention May Fight Over Initiative, Referendum and Recall.

Lansing, Mich., Feb. 20.—Issues and not men promise to be the main attraction at the coming state convention of the Republicans to be held at Saginaw Thursday, March 2. No one intimates that any contest except over the membership of the state board of education is in sight so far as the ticket is concerned, but there is considerable speculation as to whether the conservative element will stand on the side lines and allow Governor Osborn and his followers to whomp it up for the initiative, referendum and recall without making a fight.

No one points his finger at a party man and proclaims that the aforesaid party man is ready to get into the battle to prevent party approval of the administration plans in this regard. As a matter of fact, another question asked is as to who leads the conservatives of Michigan just now, Congressman Joseph Fordney of Saginaw might, but there seems to be a question in the minds of many as to the willingness of the Saginaw statesmen to march at the head of the conservative parade.

No One Dissented.

Over at Grand Rapids at the Lincoln Club banquet there was not even a whisper that was not in line with the progressive policies. Everybody present was apparently chuckling with glee over the declarations by Colonel Roosevelt and Governor Osborn, and there is but little question as to the attitude that the friends of the chief executive will assume on these questions when the delegates rally at Saginaw.

Another interesting question may be raised at the party gathering and made a real live issue—the proposed reciprocity treaty with Canada. Because of the fact that the bulk of the opposition to ratifying the treaty seems to come from the farmers it is predicted there will be a good many delegates in the convention who dearly wish that the Senate will take action before March 2 so as to relieve the convention from doing anything more than indorsing what a Republi-

can President and a Republican Congress has already concluded. There are plenty of other issues to enliven things, but if the initiative, referendum and recall does not bring on a scrimmage it is pretty safe to assume that no other question will. The making of the party ticket will probably be a mere formal matter.

Seeking High Office.

Since Governor Osborn has declared emphatically on several occasions that he would not be a candidate for reelection in 1913 the friends of several well-known politicians who would be willing to relieve him of further connection with the executive office after he has served a single term have put in an appearance. During the past two weeks Secretary of State Frederick C. Martindale of Detroit and State Treasurer Sleeper of Lexington have been exceedingly busy among the members of the house and senate. It has been some time since Detroit has sent a man to the executive chair, and the people of Wayne County are said to be exceedingly well pleased at the determination of Mr. Martindale to enter the race for the nomination in 1912. Whether or not the Detroit candidate will receive any support from the present administration is a problem. It is said that at present the secretary of state and the chief executive are not on the most cordial terms, and it is hinted that unless a truce is brought about before the next primary election the Osborn strength will be thrown to Cassius L. Glasgow, of Nashville, chairman of the state railroad commission.

For some time Glasgow has had his ear to the ground and says frankly he will give the proposition serious consideration if sufficient inducement in the way of support demonstrates to him that he stands a chance of landing the Republican nomination. Lieutenant Governor John Q. Ross of Muskegon also is said to have a leaning toward the gubernatorial chair, and would make some of the other aspirants hustle should he decide to enter the arena.

THEATRICAL

THE PETERSON—The Floga DeVoss company opened a three nights' engagement at the Peterson last night and was given a hearty welcome by the many friends of those popular players. The bill last night was "The Last Round Up," and was presented in the creditable manner that has made the company welcome in all the cities of the northern peninsula. Bright vaudeville was produced between the acts. "Merely Mary Jane" will be the bill for this evening.

THE GRAND—The afternoon performance of the new bill for the Grand for Monday, Tuesday and Wednesday was observed with much pleasure by The Mirror critic. It is certain that the Tolans are trying to give the people of this city a lot for their money and the best vaudeville that can be obtained. One of the numbers this week is George F. Banks, who styles himself a "modern entertainer," and makes good on the job. Allen & Fager, a sketch team, put on a little comedy playlet entitled "Skates," which is a laugh from the time the curtain goes up on their act to its close. The Grand orchestra has a lot of new music this week and as the musical part of the show is worth the price of admission it is certain that the Grand will do a good week's business. A special program will be arranged for Washington's birthday.

OSBORN REPLIES TO MUSSELMAN

Lansing, Mich., Feb. 20.—Governor Osborn has sent the following letter to Amos Musselman:

"My Dear Sir—I have your favor of Feb. 9, in relation to a certain publication in the Escanaba Journal. Your expressions of regret, disapproval, disbelief and sorrow are complete, and have been made with unrestraint. I wish you to know that your action has restored you to my personal confidence and respect.

"I trust that no such thing will ever come again into your life.

"With assurance of good will, I am, very respectfully,
CHASE E. OSBORN.
To Mr. Amos S. Musselman, Grand Rapids, Mich."

REGAL AUTOMOBILE TO BE SOLD HERE

The attention of the readers of The Mirror is called to the large ad, in another part of the paper, of the Regal Automobile company, for which, H. A. Gunderson is the local agent. Mr. Gunderson received a demonstrating car last fall and it attracted a great deal of attention and much favorable comment in Escanaba. The Regal car is made in all models and is sold at various reasonable prices. Mr. Gunderson has opened a garage at 308 Stephenson avenue and will take care of any and all makes of cars. Catalogs may be had giving a full description of the Regal by applying to Mr. Gunderson.

QUEER KINK IN THE SCHOOL LAW

Speaking of the petition of residents of Maple Ridge township for a school, County School Commissioner Legg points out a queer twist in the school law. The parents of ten children in a settlement "not less than three nor more than eight" miles from an established school, are entitled to be provided with a school, but those who are already more than eight miles from a school have no such right. Evidently they are supposed to be used to illiteracy.

BLANCHE WALSH IS VICTIM OF ILLNESS

With a capacity house waiting her appearance at the Majestic theater, Peoria, Ill., Blanche Walsh, the well known actress, fainted in her dressing room just before the curtain went up on "The Other Woman," Thursday night. Physicians were called, but the actress was unable to go on and was taken to her rooms at the National hotel. No serious developments are expected. Miss Walsh has appeared at the Peterson opera house in this city several times.

WEDDING IS OF LOCAL INTEREST

Mrs. Margaret Murchie of Rapid River is Married at Sturgeon Bay to Frank Lynaugh of Trout Lake—Escanaba Young Woman one of the Bridal Couple's Attendants.

Friends of Mrs. Margaret Murchie of Rapid River will be interested in the announcement that she was married at Sturgeon Bay on Wednesday of last week to Frank Lynaugh of Trout Lake, who also has friends in this city and vicinity. The following account of the wedding is taken from the columns of the Sturgeon Bay Democrat:

"Mrs. Margaret Murchie, of Rapid River, Mich., and Frank Lynaugh, of Trout Lake, Mich., were married at St. Joseph's church Wednesday morning at 7:00 o'clock, during a nuptial mass by Rev. Alph. Broens.

"The bridal pair were attended by the Misses Margaret Souers, of Escanaba and Mrs. John Tufts, of Crystal Falls, Wis., and Messrs. Chas. Williams, city, and Hugh Mucklan, of Baileys Harbor.

"A wedding breakfast, and reception, which was confined to a few close friends and relatives, followed at the home of the bride's sister, Mrs. Frank I. Pleck. Mr. and Mrs. Lynaugh will make their home at Trout Lake, where the groom is the proprietor of a meat market.

Cheaper Than An Auto

When you want to go to Gladstone comfortably or quickly the best way to go is street car. Save the wear and tear on your auto tires. A round trip in the evening is most delightful.

ESCANABA TRACTION COMPANY.

UNABLE TO ATTEND WIFE'S FUNERAL

Gladstone Delta: Clarence Filkins arrived in the city Wednesday morning to stay until Sunday. Mr. Filkins was bereaved on Monday by the death of his wife at Seattle, following an operation. Owing to the distance Mr. Filkins was unable to attend the funeral, conducted at Englewood cemetery, in the western city. Mrs. Filkins, who was formerly Miss Violet Rabideau of Perkins, leaves a young son motherless; her early death shocks many friends in Gladstone and other portions of this county. Her mother died in Seattle only a few weeks ago.

advertises intelligently and persistently in the dull season. There is still some money to be exchanged for good bargains and The Mirror is an excellent medium through which to tell the people about them.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

You can sell real estate if you are "lucky" by means of most any kind of advertising. But, whether you are lucky or not, you can sell real estate through adequate newspaper advertising.

ATTITUDES TAKEN WERE REASONABLE

Commenting editorially on the conference of Marquette county and Escanaba baseball men at Ishpeming last Friday afternoon, the Marquette Mining Journal says: "The baseball meeting at Ishpeming yesterday went off in a most satisfactory manner. The attitudes taken by the representatives of the several teams were reasonable and conciliatory, and there was no difficulty about coming to satisfactory terms. The local managements will at once take up the work of organizing their teams and in other respects preparing for the season of 1911.

GARDEN BANK NOT IN MANISTIQUE

Michigan Investor: In some way or other a great many people have been led to believe that the Garden State Savings bank of Garden, Michigan, is at Manistique. This mistake has gained currency to the extent that a considerable share of the bank's mail is going astray to Manistique. The mistake is unaccountable, since Manistique is in Schoolcraft county, while Garden, though not far distant, is in a different county, Delta. For the benefit of this institution we should like to emphasize the fact that the Garden State Savings bank is at Garden, Delta county, not at Manistique. The present officers of the bank are: President, C. C. Collins; vice-president, Wm. S. Crowe; cashier, Chas. F. Ewald.

Yes; there probably is such a thing as "luck." But it does not usually favor those who believe in it. Its smiles are for those who work and advertise just as though there were no such thing as chance in the world.

Good values are the only kind that "pays" to advertise. If your store cannot compete with other stores in values, advertising will not pay you. If it can, it will.

SEVEN PERSONS PERISH IN FIRE

(By Associated Press.)
Sutton, W. Va., Feb. 20.—Seven persons lost their lives in a fire which destroyed the home of J. D. Hardin in this city early Sunday. Only Mr. Hardin escaped, the six remaining members of his family and a girl who made her home there perishing in the fire which spread from a natural gas grate.

WOMAN PROTESTS AGAINST PENSION

On February 1, The Western Union Telegraph company put into effect a pension system for the benefit of its old employees. Yesterday five in the Chicago office were retired on \$50 a month, among them being a woman who had been continuously in the service of the Western Union for 25 years. It is claimed that she was greatly excited over her retirement and protested vigorously against the pension system.

LIQUOR MEN ARE WARNED

(Continued from Page 1.)
the court why.
I appreciate that the observance of the laws by saloonkeepers has been a great deal better during the last few years than before that time, and I believe that dealers have honestly endeavored to do everything in their power to improve conditions. However, we are becoming a little lax again, and it is time for us to bring matters to the proper standard now.
I am sending you this letter with the request that each and every one of you engaged in this business, from now on, will put forth his best effort to comply with the requirements of the liquor laws in force, to the end that we may have as few violations as possible and as few prosecutions as the circumstances warrant. You understand that two convictions deprives the dealer of the right to continue in the business and that one conviction leaves him but a small margin on which to take any chances. I have no desire to wage war upon any business which the law permits or legalizes, and have no intention to do so, but I feel that it is but fair for me to warn you in advance that if legitimate complaints are made for violations of the liquor laws and there is evidence to support these complaints, the prosecutions will have to take the regular course just the same as in any other criminal business. I trust therefore, that you will so conduct yourselves that you will demonstrate to the people of this County and State that the liquor laws of the State are best enforced when self-enforced by each individual dealer.
Yours very truly,
Prosecuting Attorney.

Little Bits of City News

Mrs. Katherine Harvey has gone to Milwaukee in response to intelligence that her mother, Mrs. Timothy O'Brien, a former resident of this city, is seriously ill.

The Delta Dancing club has issued invitations for a Washington's Birthday dancing party in Clark's hall next Wednesday night.

Single-Cylinder Cadillac touring car cheap. Also several other bargains in used cars. Come and see them at Edwards Garage. 403-11

Mr. and Mrs. Herman Salinsky returned Sunday morning from a two weeks' visit in New York and other eastern cities, where Mr. Salinsky placed orders for the spring and summer stock of the Fair Savings bank store.

If you appreciate cash prices on fresh meats you should come to us Cash Mercantile Company. 11

A telegram was received here yesterday by the local manager for Grinnell Bros., announcing the death of Ray Griffith, a nephew of Grinnell Brothers, who was killed near Antigo, Wis., Saturday night.

The two men arrested Saturday forenoon and locked up on a charge of overdriving a horse and damaging a cutter were brought before Justice Glaser late Saturday afternoon and were allowed to settle and regain their liberty by paying for all the damages and costs in the case against them.

Frank Curran of Lathrop is in the city, a guest of his brother, Sheriff T. J. Curran.

The management of the Flora DeVoss company announces that ladies will be admitted free at the performance at the Peterson this evening. That is, one lady will be admitted free with each purchaser of a 30-cent ticket.

Henry H. Robb, the photographer, says he is not the Robb who saw the alleged Rapid River jewelry store burglar inspecting the alleged stolen watches while he was driving to Rapid River Friday with a dog team. Mr. Robb says it must have been some other Robb; that he was too busy making pictures Friday to go driving with a dog team or play the part of an amateur detective.

The Denver club of Escanaba commandery of the Knights Templar will give a dancing party in Masonic hall this evening. Attendance at the affair will be limited to members of the Masonic order and their families.

Dr. Charles Long of Chicago, formerly a resident of this city, arrived here Sunday morning for a short visit with his brothers, Dr. Harry W. Long and Dr. F. T. Long. He will return to Chicago tonight.

The L. A. to O. R. C., will give a card party at the home of Mrs. E. A. Valentine, 308 south Charlotte street, Wednesday evening, February 22.

J. A. Allo and family have moved into their new home at 400 South Charlotte street and are now busily engaged in getting settled.

Invitations have been issued for the Knights of Pythias birthday party to be given by Escanaba lodge No. 98, K. of P., at Clark's hall next Friday evening, February 24. Brother-ton's orchestra has been engaged to furnish the music.

Live local and general news will be found on every page of this paper.

Miss Anna Pearl Fraser, who sang a double part solo at the Escanaba Choral club's concert last Thursday evening, left Sunday evening for her home in Menominee. While in the city Miss Fraser was the guest of her sister, Mrs. Frank Schumacher, Second street.

F. E. LeVine left Saturday evening for Detroit, where he will attend the annual meeting of the branch managers of Grinnell Bros. The meeting will extend through the present week. Mr. LeVine was accompanied as far as Milwaukee by Mrs. LeVine, who will visit in the Wisconsin metropolis until Mr. LeVine returns home.

Rev. C. A. Lund has gone to Marquette, where he will preside over the sessions of the first annual meeting of the Superior conference of the Lutheran Augustana Synod, of which he is president. The meeting opens this evening and will continue the remainder of the week.

Rev. E. J. Warren, pastor of Alice Memorial church, Gladstone, who preached in his church a week ago, has suffered a relapse and is Sunday after having been ill for two again confined to his bed.

While driving across the ice from this city to Stonington late Saturday afternoon, Charles Thorsen of Stonington nearly suffered the loss of a team of horses by drowning. Mr. Thorsen drove the team off the regular ice road and onto a thin film of

ice that covered the water where the ice companies had been taking ice. The horse broke through, but were gotten out alive after considerable trouble. Fortunately the sleigh in which Mr. Thorsen and his wife were seated did not follow the horses into the water. Mr. Thorsen was unaware that the ice he started to drive over off the road was not solid.

Deputy Sheriff George Curran and Mike Walch went to Lathrop Saturday evening to attend a masquerade ball given by the Modern Brotherhood of America and they sure had a fine time. Mr. Walch won a prize for being the most comic character in mask. He impersonated a clown.

Mr. and Mrs. A. E. Herron left today for a visit with relatives and friends in Cleveland, Ohio.

James Stephen of 319 Oak street was called to Green Bay by a telegram announcing the death of his stepfather, Michael Foley, whose demise resulted from asthma and the infirmities of old age. Mr. Foley was 85 years old.

Mrs. Adolph Flink is in Menominee, visiting her parents, Mr. and Mrs. A. Bowman.

Mrs. J. W. Call of Gladstone on Friday received the sad news that her sister, Mrs. Anna Peck, had died at Gaylord. Mrs. Call left immediately for Gaylord to attend the funeral.

Edward McGuire has returned from a visit with friends at Menominee and Marinette.

BAILEY IS OPPOSED TO RECIPROcity

(By Associated Press.)

Washington, Feb. 20.—Senator Bailey, who is opposed to the Canadian reciprocity bill, was a caller at the White house today. Later he said that he would not oppose consideration of this measure and that if it were defeated it would be by republicans. Personally, he said, he opposed the bill and declared that it is his intention to vote against it.

OMNIBUS BILL FIGHT RENEWED IN HOUSE

(By Associated Press.)

Washington, Feb. 20.—The fight over the omnibus bill was renewed in the house today immediately upon assembling. The general debate on the filibustering measure was resumed. The committee on rules met at 11:30 o'clock this morning to frame a rule limiting the debate on all measures to forty minutes as long as the present legislative conditions continue.

D. J. Murphy and sons, Kervil and Alban, are home from a visit in Green Bay.
