GETS 90 DAYS IN JAIL FOR ASSAULT

The Actual Assailant of John Smith is Arrested, Brought Into Court and Convicted--Another Participant in Assault Permitted to Go On Payment of Costs.

In Justice Linden's court this afternoon Joe Surkus was convicted of assault and battery upon the person of John Smith and was sentenced to a term of 90 days in the county jail.

The assault was committed in John Magnuson's saloon on February 19 and in connection with it Frank Dromant has been held for trial in the circuit court on a charge of assault with intent to do great bodily harm.

Surkus was arrested at Lathrop last night by Sheriff Curran and Wenski was arrested in this city. The prosecution against the two men in Justice Linden's court this afternoon was conducted by Prosecuting Attorney Torval E. Strom.

JUDGE O'GORMAN WINS THE PRIZE

Long Deadlock in the New York State Legislature Over the Election of a Successor to Senator Depew is Ended--Insurgents Capitulate and O'Gorman is Elected.

(By Associated Press.) Albany, N. Y., April 1.--Supreme Court Justice James A. O'Gorman of New York, a Democrat, was elected United States senator by the legislature last night on the sixty-fourth joint ballot, after a deadlock lasting since Jan. 6.

Justice O'Gorman received 112 votes, or fifteen more than he needed. Chauncey M. Depew, his Republican opponent, received eighty votes. As the total vote cast was 192, ninety-seven was necessary for a choice.

The result was in doubt almost to the minute of recording the vote, owing to the uncertainty as to how many of the Democratic insurgents, who, for over two months had prevented an election because of their opposition to W. F. Sheehan, would enter the second caucus which had been adjourned from day to day since Monday.

A few minutes before the ballot was cast, Justice O'Gorman's resignation from the bench was filed at the office of the secretary of state, as a constitutional provision would have prohibited his election while holding the office of justice of the supreme court.

Wild applause marked the end of the long contest and the legislature quickly adjourned until April 17.

ODD FELLOWS TO CELEBRATE

Ninety-Second Anniversary of the Order Will Be Fittingly Observed in Escanaba--Several Grand Lodge Officers Expected to Be in Attendance--The Details.

CHARLES BECKER'S FUNERAL TOMORROW

(By Associated Press.) The remains of the late Charles Becker, an esteemed citizen of Escanaba, who passed away in a Chicago hospital Thursday afternoon, as noted in these columns yesterday, have been brought back to his home for burial.

The remains of the late Charles Becker, an esteemed citizen of Escanaba, who passed away in a Chicago hospital Thursday afternoon, as noted in these columns yesterday, have been brought back to his home for burial.

Members of the two Escanaba lodges of the Independent Order of Odd Fellows are planning to have a notable celebration of the ninety-second anniversary of the founding of their order.

The principal reason for not holding the observance on the exact date of the anniversary is the expectation that Grand Master C. F. Granshaw of Saginaw, Grand Secretary H. M. Wilder of Lansing and Grand Herald H. L. McNeil of Paw Paw, of the Michigan Grand Lodge of Odd Fellows, will be able to be present, stopping on their way to Houghton to participate in the ceremonies incident to the dedication of the new Odd Fellows' temple in that city.

These grand lodge officers have advised the officers of Escanaba and Inland lodges that in all probability they may be able to stop off here for a short time on the way to Houghton.

It has therefore been determined to hold the celebration of the anniversary at the time the grand lodge officers are in Escanaba.

Within a few days both lodges will appoint committees on arrangements and program and these committees will go ahead with their work as soon as the exact date of the celebration hall have been determined.

The celebration of the ninety-first anniversary was considerable of an event among Escanaba Odd Fellows, for it is expected that the celebration prospect will be far more notable, for it is not often that subordinate lodges have the honor and privilege of entertaining two or three officers of the state grand lodge at the same time.

Many of the other subordinate lodges in the upper peninsula are also planning to celebrate the ninety-second anniversary of Odd Fellowship on the 26th inst. The membership of Odd Fellows in the world recently passed the 2,000,000 mark.

The Missionary society of the First Baptist church met yesterday afternoon at the home of Mrs. H. C. Sharpe. The subject discussed was: "Our Western States: Status and Outlook."

ported. The candidates of the Citizens' Party are seeking the support of the voters and are asking for election to office upon their own merits, and not upon any demerit of their opponents.

### FOR MAYOR.

For this important office the Citizens party has named John S. Lindsay, who

affairs, having served as alderman for three years, and he was always alive to the interests of the city. is a man of affairs and his judgment will be of value to the city. As a building contractor he certainly has had much to do, literally, in the upbuilding of the city. One of the important buildings he has erected is the beautiful new high school, which is the pride of every Escanaba person.

Mr. Lindsay owns some valuable residence properties in this city, and this facts proves that he has faith enough in the city in which he has accumulated his money to invest it here. He is

fully to its duties. He has been efficient and obliging and his work has always been right up to the minute.

"Mike," as everybody calls him, was born in the third ward of this city on Oct. 22, 1881, and has always resided in the ward, except for two years when he was attending the Michigan university law department. He attended the public schools in his earlier years, and at the age of 16 he began work on the docks. He occupied the position of shipping clerk, foreman, and also was employed in other departments. While at work on the St. Paul, dock he organized Local No. 279, Top Dock Workers Union, I. L. A., with a charter membership list of 16. Mr. Lyons was the first secretary and treasurer. This Union now has a membership of about 75. While Mr. Lyons has not kept up his membership yet his heart has always remained with the members and they are loyal to him. As city clerk Mike has never had a superior, and there is no reason that can be presented why he should not be reelected.

and county are fortunate in having men of their character and standing accept such thankless public offices.

### SECOND WARD

John P. McColl, renominated for alderman, and Frank H. Atkins, renominated for supervisor, have been so efficient and faithful in the performance of the duties of their offices that they were endorsed by the opposing party, and they will be reelected without opposition. Both gentlemen are so well known that nothing this paper can say will add to the public knowledge of them. Most certainly the city

born in Escanaba about 43 years ago and has lived here all his life. He is exemplary in his character and is universally respected. He has a retiring disposition, and yet he numbers his friends by the hundreds. He was an engineer on the North-Western for 17 years, resigning to take a position with the Escanaba Steam Laundry Co.

the vacancy caused by the death of the late E. M. St. Jacques, was born of French-Canadian parents at Marquette 36 years ago. The family

Edward J. McMartin was nominated for supervisor to succeed himself. When the Citizens party first nominated him one year ago it was known that he had splendid running qualities which fact was emphasized when the vote was counted. He defeated one of the strongest men in his ward, and one who refused a nomination this spring if Mr. McMartin were to be his opponent. Mr. McMartin is a public spirited young man who takes a leading part in baseball matters. He is known and liked by nearly every person in the city. His position as ticket agent for the North-Western brings him in close touch with the public, and he is ever courteous and obliging. As supervisor he has looked after the interests of his ward with ability. Mr. McMartin is another of these bashful, but willing, fellows.

### FIFTH WARD.

Charles A. Gustafson, candidate for alderman, was born in Sweden 48 years ago. He came to this country and settled in Escanaba 24 years ago. He works on the docks and is a member of the Top Dock Workers Union, of which he has been financial secretary for the past nine years, and was reelected last Sunday by unanimous vote for a tenth year. Mr. Gustafson owns his own

in which he is interested. Mr. Shields' friends call attention to the fact that he remains a bachelor, but those who know insist that it isn't because he is not willing, and neither is it because him assume domestic responsibilities at the same time he assumes official responsibilities.

### FOURTH WARD.

Dr. Frank T. Long, candidate to succeed himself as full term alderman, was born in Sweden 48 years ago. He came to this country and settled in Escanaba 24 years ago. He works on the docks and is a member of the Top Dock Workers Union, of which he has been financial secretary for the past nine years, and was reelected last Sunday by unanimous vote for a tenth year. Mr. Gustafson owns his own

JULES EDOIN

MICHAEL J. LYONS  
Candidate for Reelection as clerk.

It has been urged that voters should favor Mr. Lyons' opponent for the reason that he is a cripple. As a result of the accident which made him a cripple Mr. Pepin has received a number of thousands of dollars in cash, and this he has invested in an automobile and a fine residence property and other property. He has enough to provide for himself if he takes care of it.

It is likewise true that Mr. Lyons is a cripple, but he cannot afford an automobile, and his salary, which is his only resource, is used in the support of his parents. If it is to the one who needs the office most that it is to go Mr. Lyons certainly will get it. And if it goes to the one who is best qualified to perform its duties Mr. Lyons will likewise get it.

### FOR CITY CLERK.

Michael J. Lyons has become known as the young man who smiles. And it is by no means a made-up smile; it is the smile of genuine goodwill and

### FOR TREASURER.

That Frank J. Hess has been a most efficient treasurer for the past year is evidenced by the endorsement he received by the opposing party, and he will be reelected this spring without opposition. It isn't necessary to say anything about his many good qualities, for his unopposed candidacy tells the whole story.

E. W. Wickert, candidate for alderman, is completing his first term in that office. He has done so well that his friends want him to succeed himself, and they will see to it that he has the necessary votes. Mr. Wickert was born in Germany and came to Escanaba from the land of his birth in 1882, at the age of 21 years. For seven years he was employed in the flour and feed business by his brother, the late E. C. Wickert, and since then he has been engaged in business for himself. He owns a valuable business property on Ludington street. He is married and has three sons.

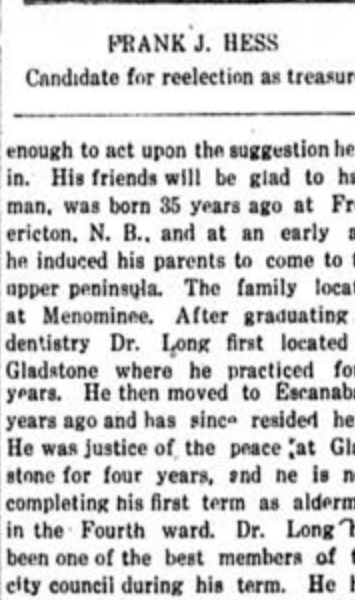

Jules Edoin, candidate to succeed himself as supervisor, is 67 years of age, and has lived in and about Escanaba for the past 41 years. He came to Escanaba from near Montreal, where he was born. Soon after reaching here he took a position with

Charles N. Wood, who will be elect-  
ed as alderman in his ward next Mon-

statesmanship. He developed unex-

ies, winning over his two opponents.  
The contest was friendly and no sore  
spots were left, so that those who op-

has been a resident of Escanaba for 13  
years, coming here from Foster City.

Bark River. He received his educa-

man he had an experience in the tim-  
ber business and for six years he was  
tie inspector for the North-Western  
line. He resigned that position about  
three years ago to take a position  
with the Kellogg Switchboard & Sup-  
ply Co. He was with the latter com-  
pany until a year ago when he resigned  
to engage in business for himself. He  
has a farm implement establishment  
at 1314 Ludington street, and enter-

**SUGGESTION FOR  
LOCAL BOAT MEN**

Charles T. Tuxford Believes that Es-  
canaba Owners of Launches and  
Other Small Boats Should Unite and  
Build One Large Boat House for  
the Use of All.

C. T. Tuxford, manager for the Es-  
canaba Veneer Co., offers a sugges-  
tion which will undoubtedly meet with  
instant approval by all the owners of  
launches and other small boats in this  
city. Mr. Tuxford's suggestion is that  
the owners of boats organize a com-  
pany—incorporate if necessary—for  
the purpose of building one large boat  
house to replace the many small ones  
which are now scattered along the bay  
shore. The owners of many of these  
boat houses are confronted with the  
necessity of moving them, and others  
who now do not own a house are facing  
the necessity of building. Mr. Tux-  
ford says:

"Why not have an up-to-date boat  
house large enough for the accommoda-  
tion of all the launches and small  
boats in the city? This can easily be  
accomplished by organizing a stock  
company, sell stock to provide funds  
for building, and then rent spaces to  
each boat owner. I believe this could  
be made a paying investment. Most  
certainly it would be a vast improve-  
ment to the bay front to have a large  
and well constructed boat house to  
take the place of the large number of  
ramshackle boathouses that now line  
some parts of the bay front."

This suggestion of Mr. Tuxford's is  
worthy of careful consideration and  
immediate steps should be taken to-  
wards acting upon it.

credible citizen in every way. He is  
president of the Scandia Cooperative  
Co. and is a member of the Dockwork-  
ers' Union. He is well known to  
every voter in his ward and his friends  
say they will make him the next alder-  
man for the Seventh.  
William H. Cameron, for supervisor,  
is one of the most worthy citizens of  
Escanaba. His life is spotless and no  
person has more of the sincere regard  
of his acquaintances than he. He has  
been a resident of his ward for a num-  
ber of years and is well acquainted. He  
is one of the engineers at the North-  
Western tie plant and has the confi-  
dence and trust of his superior officers.  
Mr. Cameron is in every way qualified  
to fill the office of supervisor. He has  
an excellent education and is a man of  
good judgment, both of which qualities  
are only too often lacking. He will  
prove an able member of the county  
board.

**WILL VOTE FOUR  
BALLOTS MONDAY**

Escanaba Electors Will Have Plenty  
to Do and Perhaps Some Fun in  
Voting Next Monday—Taxpayers'  
Candidates Might Have Been Caused  
Some Trouble—Details.

The electors of Escanaba will have  
any amount of fun when they go to  
vote next Monday, for they will have  
placed in their hands four ballots, all  
of which they will be expected to vote.  
The several ballots will be as follows:  
State and county, for the election of  
state officers and county road commis-  
sioner and county school commissioner.  
Ballot for the amendment to the  
state constitution.  
Ballot for the election of city and  
ward officers.  
Ballot upon which the elector will  
express his will relative to the pro-  
posed city bond issue for \$30,000 to  
provide a fund to build a modern gas  
plant.

If the city board of election commis-  
sioners had wished to be technical, or  
to put the Taxpayers' Party candidates  
out of the running, the board could  
have done so, for when the board met  
to prepare the ballot it was found that  
the Taxpayers' Party city committee  
had failed to certify the ward nomina-  
tion. If the board had complied strictly  
with the law the only names that  
would appear on their ballot would be  
the nominees for mayor and for clerk.  
Not one of the ward tickets was cert-  
ified in proper and legal manner.

It will be remembered that two years  
ago the Taxpayers party, then in power,  
through the board of election commis-  
sioners, refused to put the Citizens'  
Party ticket on the ballot, and it was  
necessary to get an order from the cir-  
cuit judge compelling them to do so.  
The board this spring very wisely de-  
cided that it would be unfair, even  
though it were legal, not to place the  
Taxpayers' ticket on the ballot. This  
shows the difference in the methods of  
the two parties.

**SUES RAILROAD  
CO. FOR \$15,000**

Papers in a \$15,000 damage suit  
against the Chicago & North-Western  
Railway company have been filed  
with the Marinette clerk of court.  
Golfréd Vanstrom, formerly employed  
as fireman by the North-Western  
road, is the plaintiff in the case.  
He claims that on May 2, 1910, at  
Norway, Mich., while employed as a  
fireman, he was badly injured and as  
a result was obliged to remain in a  
hospital seven months. He alleges  
that his back was badly hurt and he  
suffered a compound fracture of the  
left leg which caused a sinus.  
W. G. Wheeler, attorney for the  
railroad company, has filed an ans-  
wer in the case, in which he charges  
the plaintiff with negligence. The  
case will be heard at the May term  
of court in Marinette.

**EIGHTEEN COUNTIES TO VOTE ON OPTION**

Eleven Where the Question Will Be Submitted to Voters Next Monday are Now Without Saloons—Campaign is Not Nearly as Strenuous as One of Last Spring.

Detroit, Mich., April 1.—The voters of 18 Michigan counties will go to the polls Monday, April 3, to decide whether the saloon shall be allowed to exist. Eleven of these counties are now without saloons and the remaining seven are wet. Although the campaign this year has been by no means as strenuous as that of last spring when 3 counties submitted the local option question, the wets and dries for months have been pitted against each other on the platform in the counties where the struggles take place.

The biggest fight of the election is looked for in Jackson, Calhoun, Kalamazoo and Genesee counties, where the large cities of Jackson, Battle

Creek, Kalamazoo and Flint are vital factors in the future success or defeat of the state-wide prohibition movement. While the campaign has been waged in other districts where the voters will be polled, interest has centered in these four counties where the wets hope to regain the loss of two years ago.

Of the four counties all but one voted dry in the 1909 election, while Kalamazoo has had no saloon since 1908, without contest. Leaders on both sides predict even closer majorities this spring.

According to a prominent worker for the brewers, bets are being made in Jackson county that the county will go wet by no less than 1,500 majority. The dry majority two years ago was very small.

As opposed to this anti-saloon league men say that in Flint the betting is 5 to 3 in favor of a dry majority.

**GOOD WILL FARM FULL TO CAPACITY**

Mrs. Gertrude M. Walker, superintendent of Good Will Farm, was a Houghton visitor yesterday and told of a particularly pathetic case of four homeless children in Escanaba and another similar case in Marquette, which, the county boards desire Mrs. Walker to take to Good Will Farm. Mrs. Walker finds that she has not enough room to accommodate these cases, and has written the boards that the children are properly county charges and should be taken care of by the counties.

**THE PETERSON**—There are many facts of interest associated with the romantic American drama, "The White Squaw," and surrounding the origin of the play. It is from the pen of Della M. Clarke, who became well known as an actress before she added to her fame by turning playwright. The scenes are laid in the forests of Michigan near to what was then the little settlement of Detroit, for the people of "The White Squaw" were actual entities something like a century ago.

Miss Clarke's grandparents were among the first settlers in Michigan; they helped to blaze the pathway for the making and prosperity of our nation. In this way they came into close association with the Indians—not the hideously painted caricature of wild west show and melodrama, but the genuine and original American of higher sentiment and better purpose. The grandparents lived among the redskins and were greatly beloved by them. To Miss Clarke's grandmother the Indians gave the name of "The White Squaw," the title used for the play. It was from a story the aged grandmother told to Miss Clarke, then little more than a baby, that "The White Squaw" was written. The story deals with two sisters, one dark and the other golden haired.

Fate throws the former into the hands of Indians by whom she is reared and made to believe she is their own child, while the other grows to womanhood in a distant land. Each is unaware of the other's being, then, at last, they are brought together but without knowing the relation that exists. From this situation is woven the story of tender sentiment, graceful romance and throbbing heart in terest.

Deeply impressed as a child by this story that had been a reality in the knowledge of the grandmother, Miss Clarke kept the facts in mind during the passing years, made a close study of the history of that period and finally wrote the play. "The White Squaw" under the direction of Louis F. Werba, will be seen at the Peterson Wednesday night, April 5.

**THE PETERSON**—Allan Lowe, the author of the successful musical extravaganza, "The Isle of Spice," which will be presented in this city in the near future, has written a new musical comedy entitled, "The Maid and The Mimic," of which A. Baldwin composed the music. The new piece will be presented at the Broadway Theater, New York City, during the holidays. This new work should certainly be a success if Mr. Lowe's very excellent work in "The Isle of Spice" is any criterion. "The Isle of Spice" is now in its fourth season and still playing to crowded houses everywhere. In fact, it has the longest record of any musical comedy now en tour with the possible exception of "The Prince of Pilsen." It will be presented here next Friday night, April 7.

**IMPROVES ON THE FEBRUARY RECORD**

Bacteriologist Kneeland of the Escanaba Water Company Issues a Report Covering the Operations of the Water and Filtration Plants for March.

H. C. Kneeland, bacteriologist of the Escanaba Water company has issued the following report covering the operations of the water and filtration plants for the month of March and the showing is one of the improvement over the month of February, which was the first month Mr. Kneeland was in charge:

The filtration plant of the Escanaba Water company has now completed its second month's run under the technical supervision of its bacteriologist, and has improved on the very good record it made last month.

In February, the per cent of efficiency was 97.9, and in March, 98.8. The figure which the state board of health considers acceptable is 98 per cent of bacteria removed.

Figures like the above are often misconstrued and the water spoken of as being 98 per cent PURE. In reality they refer to the purity of the water only indirectly. They have to do only with the manner in which the plant is performing its duty, and per cent of efficiency means per cent of bacteria removed.

For instance, the total number of bacteria per cubic cent found in the raw bay water for 25 days in March was 2491. Only 28 escaped the filters; 2463 were removed, or with a little figuring, 98.8 per cent of all the bacteria found in the raw water were removed before it was turned into the city mains.

Special examinations showed that the 1.2 per cent of the bacteria that eluded the filters were in no way harmful to health.

The good record claimed for the Water company filters is backed up by the fact that not a single case of typhoid fever has developed in the city in the past four or five months.

Investigation shows that the few cases in the hospital and elsewhere in the city have all been imported, many of them being from the lumber camps.

There should no longer be any doubt of the practical value of the Water company's filters. They not only can produce a good product, but show a uniform efficiency.

H. C. KNEELAND.

**OTTO RINGLING OF CIRCUS FAME DEAD**

(By Associated Press.) New York, April 1.—Otto Ringling, of circus fame, died here last night, at the home of his brother, John, as the big show of which he was joint owner with his four brothers was giving its evening performance at Madison Square garden. He was fifty-one years old. Death was due to uraemic poisoning. He will be buried Sunday afternoon at Baraboo, Wis., his birthplace.

Otto Ringling, from an early age, displayed genius in financing schemes and personally conducted the tours of the Ringling Bros. circus. He had three hobbies—horses, books and mathematics—and was an inveterate reader. In his private car he carried an extensive library while traveling with the circus. The Ringling Bros. holdings now comprise the Barnum & Bailey show and other interests.

**PLANNING CAMPAIGN AGAINST THE FIRES**

Lansing, Mich., April 1.—Game Warden Charles Pierce is already making preparations for the summer campaign against forest fires. A few days ago he called a meeting of all the deputies in the northern part of the state for a meeting at Marquette and all of the new men were instructed in regard to their duties. Within the next month warning signs will be placed in conspicuous places throughout the northern counties, urging care in the handling of fires. All of the railroads will receive notices from Game Warden Pierce requesting them to equip their engines with spark protectors and other devices used to prevent the spreading of fires along the railroad tracks.

**HANCOCK GIRL WEDS WEALTHY CHINAMAN**

Red Wing, Minn., April 1.—A unique marriage was solemnized in Red Wing on Thursday when Louis Wong, a native of Hongkong, China, took a pretty American girl, Florence Stroberg of Hancock, Mich., as his bride. The ceremony was performed by the Rev. S. Arthur Cook at the parsonage of the First Methodist church.

The groom is a wealthy importer of Chinese silks; and is the proprietor of a large hotel in Duluth. He owns considerable property at the head of the lakes, and is said to be one of the wealthiest members of his race in the west.

Left homeless by the death of her parents, the bride went from Hancock to Duluth about a year ago in search of employment. She went to work for the Chinese importer, and in this way the love romance was begun which culminated in the wedding.

The groom is 35 years old and the bride 20.

**GRAND EXALTED RULER TO ATTEND**

Saginaw, Mich., April 1.—Charles E. Lown has returned from Traverse City where he assisted in the final plans for the state convention of Elks to be held June 7, 8 and 9. Traverse City expects 10,000 visitors. This city has practically been assured of next year's gathering. Grand Exalted Ruler Garry Hermann has notified Mr. Lown that he will attend the state gathering at Traverse City. This will be the first time a grand exalted ruler has attended a state lodge meeting.
