

TAFT URGES EARLY ACTION

The President Sends to Congress Today a Message in Which He Sets Forth the Necessity for Immediate Action on the Canadian Reciprocity Agreement.

Washington, April 5.—President Taft today transmitted to congress a message urging early action on the reciprocity agreement with Canada. He stated that he based this message upon deference to popular sentiment and duty to the great masses of the American people. The message follows:

"To the Senate and House of Representatives: I transmitted to the sixty-first congress, on January 26 last, the text of the reciprocity trade agreement which had negotiated under my direction by the secretary of state with the representatives of the Dominion of Canada. This agreement was the consummation of earnest effort, extending over a period of nearly a year, on the part of both governments to effect a trade arrangement which, supplementing as it did the amicable settlement of various questions of a diplomatic and political character that had been reached, would mutually promote commerce and would strengthen the friendly relations now existing.

Met With General Approval.

"The agreement in its intent and in the terms was purely economic and commercial. While the general subject was under discussion by the commissioners I felt assured that the sentiment of the people of the United States was such that they would welcome a measure which would result in the increase of trade on both sides of the boundary line, would open up the reserve productive resources of Canada to the great mass of our own consumers on advantageous conditions, and at the same time offer a broader outlet for the excess products of our farms and many of our industries. Details regarding a negotiation of this kind necessarily could not be made public while the conferences were pending. When, however, the full text of the agreement, accompanying correspondence and data explaining both its purpose and its scope became known to the people through the message transmitted to congress, it was immediately apparent that the ripened fruits of the careful labors of the commissioners met with widespread approval. This approval has been strengthened by further consideration of the terms of the agreement in all their particulars. The volume of support which has developed shows that its broadly na-

(Continued on page 6.)

LOOKS BRIGHT FOR GETTING THE CASH

The House Committee on Ways and Means of the State Legislature Reports Out Favorably the Bill Appropriating \$1,500 for Northern Michigan Fair at Escanaba.

The good news has reached Escanaba that the ways and means committee of the lower house of the legislature at Lansing has reported out favorably the bill introduced by Representative Jensen providing for an appropriation of \$1,500 for each of the next two years for the promotion of a "Northern State fair" to be held at Escanaba under the auspices of the Delta County Agricultural society.

The house ways and means committee has also reported out favorably a bill for appropriations for the upper peninsula hospital for the insane at Newberry. The grant for 1912 includes \$67,200 to be used for the following purposes: Cottage, \$55,000; cloister, \$1,400; furnishing cottage, \$4,000; heating extension, \$900; water mains, \$6,000.

RAPID RIVER TO HAVE BALL TEAM

Rapid River, always to the front in good old sport of baseball, will this year have an independent team in the field and it will be of a class to maintain the reputation Rapid River enjoys as being the biggest little town on the baseball map. Tuesday evening the stockholders of the Rapid River club held a meeting and elected officers as follows: President, Dr. A. L. Linn; secretary and manager, M. Buchman; treasurer, L. E. Scott. These officers together with John Kniskern and C. E. Hamilton constitute the board of directors. Glen S. Cole will continue to hold his job as captain of the team, whose membership will include several of the strongest players in last year's lineup.

KOHLSAAT REVEALS AUTHOR OF CHARGE

Proprietor of Record-Herald Finally Tells Investigating Committee Name of Man Who Told Him \$100,000 Was Raised to Secure Senator Lorimer's Election.

(By Associated Press.) Chicago, April 5.—Edward Hines today positively denied the story, that he had solicited a fund to reimburse those who, it is alleged put up \$100,000 to secure Senator Lorimer's election.

Springfield, Ill., April 5.—H. H. Kohlsaat of the Chicago Record-Herald today told the committee which is investigating the Lorimer bribery charges that Clarence S. Funk, general manager of the International Harvester company, is the man who informed him that \$100,000 was put up to elect Senator Lorimer.

Funk was called as a witness. He said that Edward C. Hines, a prominent Chicago lumberman, told him after Lorimer's election that the election had cost \$100,000 and gave him (Funk) to understand that he wanted the Harvester company to assist in making up the amount that he expected to get from ten big people.

Funk said that he told Hines he'd have nothing to do with it and would contribute nothing. After the Record-Herald editorial, declaring that \$100,000 had been contributed to secure Lorimer's election appeared, according to Funk, Hines called on him and insisted that he mentioned the money only incidentally and denied that he had asked for any.

At the conclusion of Funk's testimony the committee went into executive session and then adjourned for a week.

CITY ACCEPTS A DESIRABLE GIFT

Tuesday evening, after considerable discussion, the common council accepted and ordered placed on official record a deed executed by the officials of the I. Stephenson company transferring to the city a perpetual title to a piece of land located in block 3 of the Original plat of Escanaba, which is now used as an alley leading to the "gravel dock" and which will be opened as a road from Tilden avenue to the north shore of the bay. The deed was executed and offered to the city subject to certain restrictions and some of the aldermen were disposed to object to its acceptance because of the latter. City Attorney Jennings explained, however, that the city's interests would be fully protected and that it had everything to gain and nothing to lose through the acceptance of what is practically a gift from the company. Following this explanation the deed was accepted without a dissenting vote. One of its conditions is that the "gravel dock" is to be kept in good repair and only used for the same purposes in the past.

ANNUAL CONCLAVE TOMORROW NIGHT

Escanaba commandery No. 47 of the Knights Templar will hold its annual conclave at the Asylum tomorrow evening and it is expected that every Sir Knight who can possibly attend will do so. One of the principal features of the conclave will be the nomination and election of commandery officers for the ensuing year and another will be the reading and action upon annual reports of several of the officers. The conclave will be devoted purely to business and regular work, it is stated.

PRESIDES AT LAST MEETING

MAYOR GREENHOOT, ABOUT TO RETIRE FROM OFFICE, MAKES FAREWELL ADDRESS TO THE CITY COUNCIL.

TALK IS SHORT AND TO THE POINT

He Expresses His Thanks to Aldermen for the Many Courtesies Extended Him During His Two Terms of Office and Says All Have Done Their Best for the City—Retires With Good Will Toward All—Alderman Priester Responds.

Mayor Solomon Greenhoot, who is about to retire from the office of chief executive of the city, which he is conceded to have ably and impartially filled during the last two years, delivered his farewell address to the members of the common council Tuesday evening. He did this, he said, because he was about to leave for Chicago and would not be present (Continued on page 6.)

FALLS 22 FEET; IS ALMOST UNHURT

"Dell" Berube of this city, stage carpenter for the Garrick Stock company, while adjusting some ropes in the fly gallery of the Garrick theater stage, fell from the top of a ladder upon which he was working, a distance of 22 feet, striking upon his head and shoulders. Dr. P. C. Dube was immediately called and found the victim of the accident unconscious. He soon recovered, however, and was found to have suffered no injuries outside of a severe shaking up. His escape from serious injuries or death is considered remarkable.

CALLED TO CANADA BY FATHER'S DEATH

Alexander Rodger of 508 South Sarah street leaves tonight for Welland, Ont., in response to a telegram bringing the sad announcement of the death of his father, Benjamin Rodger, who passed away Tuesday night after a long illness. The deceased was 78 years old and leaves besides his son, Alexander Rodger of this city, three other sons and two daughters. He had never visited in Escanaba, but was planning to come here this summer if his health permitted. The funeral is to be held at Welland next Friday afternoon.

STREET CAR HITS AN ESCANABA MAN

Frank Bunde, whose home is said to be in Escanaba, was struck by a street car in Green Bay Monday afternoon and was at first thought to be seriously injured. He was picked up in an unconscious condition and taken to a hospital, where he soon regained consciousness and it was found that he was not badly hurt aside from a bruised face. He was able to leave the hospital Tuesday morning. Bunde said that he had just arrived in Green Bay from Kewaunee when the accident occurred and was enroute to the Washington lumber woods, where he had worked before.

REPUBLICANS WILL FIGHT NEW RULES

Merry War Starts in the House of Representatives Following the Reading of President Taft's Message—Former Speaker Cannon to Take Part in the Fight.

(The full text of President Taft's message to Congress today will be found elsewhere in this issue.)

(By Associated Press.)

Washington, April 5.—President Taft's message was expected to be the chief feature of interest in congress today. The house has an important day ahead of it. The new rules will come up for adoption following disposal of the president's message and the Republicans have given notice that they will conduct a sharp fight against them. This fight is expected to center about the action of the Democrats in increasing the size of the committees without increasing the minority representation thereon. The house insurgents, it is said, may appeal to the Democrats to be recognized as a separate minority. The Democratic committee on committees has been empowered to do this if it deems it necessary.

After referring the president's message to a committee the house spent most of the day in discussing the new rules. The senate also referred the message to a committee and after a very brief session adjourned.

Former Speaker Cannon is one of the Republicans in the fight against the new Democratic rules. He practically announced that as an individual member he proposed to even up for some of the things said about him in the past.

H. S. COLE GETS SOME GOOD NEWS

H. S. Cole, who has for several years been in charge of the Escanaba station of the federal weather bureau, on Tuesday afternoon received a telegram from Washington notifying him that he is to be transferred to the station at Charleston, S. C.

No other details were given and Mr. Cole does not know yet just when he will leave Escanaba or who his successor will be. He may be here only a short time and again the change may not be made for a month.

The appointment to the charge of the Charleston station is undoubtedly pleasing to both Mr. Cole and his wife, for it is in the nature of a promotion with an increased salary and Charleston is in the city Mr. Cole was last stationed at before coming to Escanaba.

During their residence here Mr. and Mrs. Cole have made many friends who will regret their departure but they will also rejoice over Mr. Cole's advancement in the weather bureau service.

WIDOW WILL GET LICENSE MONEY

Tuesday evening the common council adopted a resolution, upon recommendation of the poor committee to which the matter had been referred providing that \$495 be taken out of the poor fund and paid over to Mrs. Tilda Beck, who is to receive \$250 immediately and the remainder on June 15. This action of the council finally disposes of the matter of refunding to Mrs. Beck the amount paid by her late husband, Charles G. Beck, nearly a year ago, for a saloon license and which license was never used.

FOUR TO ASK FOR RECOUNT

City Clerk M. J. Lyons, Alderman E. W. Wickert, Supervisor Jules Edoin and John Strom Want the Election Returns More Thoroughly Gone Into.

C. H. HARRISON MAYOR OF CHICAGO

Professor Merriam is Defeated After a Hot Fight by a Plurality of 17,000—Democrats Score a Sweeping Victory in Chicago—Elect Treasurer and City Clerk.

(By Associated Press.) Chicago, April 5.—Carter H. Harrison was elected mayor yesterday with a plurality of 17,082 votes. A final count of the 1,324 precincts gave Harrison 177,358 votes and Merriam, his Republican opponent, 160,276. Rodriguez, the socialist candidate, received 22,294 votes.

The victor in yesterday's contest was mayor of Chicago from 1897 until 1905. His father, Carter H. Harrison, Sr., occupied the mayor's office from 1879 to 1887, was re-elected in 1893 and shortly afterward was assassinated. In winning yesterday, Mr. Harrison was elected mayor for the fifth time.

In spite of the opposition of a majority of the Chicago press, the election was almost a complete Democratic victory. The election of F. D. Connerly for city clerk and Henry Seuckart for city treasurer early was conceded.

The Democratic majority of the city council has been increased to an even dozen members.

SOCIALISTS BEATEN IN MILWAUKEE

(By Associated Press.) Milwaukee, Wis., April 5.—Complete returns on yesterday's judicial and school board election show that the Socialist candidate for circuit judge was beaten by Judge S. L. Halsey, non-partisan, by over 1400. The Socialists were also defeated by nearly two to one in a contest for places on the school board.

George Eastwood was a business visitor in Green Bay last Monday.

According to a determination arrived at by City Clerk Michael J. Lyons, Alderman E. W. Wickert, Supervisor Jules Edoin and John A. Strom, those gentlemen will, tomorrow evening at a meeting of the common council to be held to canvass the vote cast at Monday's election, ask for a recount of the vote affecting their respective candidacies.

City Clerk Lyons, on the face of the returns, was defeated for reelection by Albert J. Pepin by a majority of nine votes. Alderman Wickert, according to the returns, is tied with James Powers for the office of alderman, each being credited with 85 votes. Supervisor Edoin was defeated for reelection in the First ward by Henry R. Dotsch by a majority of but two votes and Mr. Strom is tied with Alderman Carl J. Johnson for the aldermanic office in the Seventh ward. Strom and Johnson are credited in the election returns with 86 votes each.

Reasons Not Made Public.

Messrs. Lyons, Wickert, Edoin and Strom have not divulged their reasons for asking for a recount, but it is evident that they have grounds for believing that a recount of the ballots and a thorough investigation of the manner in which they were counted and the returns made on election night may change the announced results.

In the case of City Clerk Lyons the recount will extend to the returns of all the wards of the city. In the cases of Alderman Wickert and Supervisor Edoin only the ballots cast in the First ward will have to be recounted, and only the ballots in the Seventh ward will be given a recount in the case of Mr. Strom.

It is understood that reasons for asking for a recount of the vote in each case will be included in the application therefor to be presented to the council tomorrow night.

Law Provides Method.

Should the recount affirm the returns in the cases where a tie exists, the tie will be broken according to the law, which provides that in the case of aldermen the election of one or the other of the candidates shall be determined by the drawing of lots in the presence of the council members.

P. H. O'BRIEN IS ELECTED JUDGE

Houghton, Mich., April 5.—Scoring probably the greatest personal victory ever recorded in the history of the

copper country, Patrick H. O'Brien, the Democratic nominee, Monday defeated William J. McDonald, the nominee of the Republicans, for the judgeship of the circuit comprising the counties of Houghton, Keweenaw and Baraga, by a majority of 1,862, out of a total of 13,162 votes cast. Mr. O'Brien carried each of the three counties. Dr. W. H. Dodge, Republ-

can, was elected mayor of Hancock, over Fred Francis, the nominee of the Citizens' party.

NEED POLICE CHIEF; ARE TRYING WANT AD

Mount Clemens, Mich., April 5.—As the result of the anti-gambling crusade here a few weeks ago, the chief of police resigned. The commissioners have been unable to fill the vacancy. No one wants the job, for the crusade of the commissioners against the "pleasure spots" is not popular. The commissioners, therefore, have resorted to the time-honored and effective way of satisfying all needs—the newspaper "want ad." Their "ad" reads: "WANTED—APPLICATIONS FOR position of chief of police of the city of Mount Clemens. Apply in writing, stating experience and giving references. Address Police Commission, Police Headquarters, Mount Clemens." As to the number of answer received the commissioners have said naught but there has been no appointment. You can rent a room, sell a stove or buy a baby buggy through an ad in this paper.

GOVERNMENT WINS IMPORTANT CASE

Federal Supreme Court Gives Life to the Commodities Clause of the Hepburn Rate Law in a Decision Adverse to the Railroads—Details of the Case.

(By Associated Press.) Washington, April 5.—The commodities clause of the Hepburn rate law, interpreted two years ago by the supreme court of the United States into what was commonly supposed to be an impotent group of words, was given new life yesterday by that same tribunal in a second interpretation.

So effective was the reconsideration of the subject that government officials today predict that the evils sought to be corrected by the legislation will now be remedied and the railroad business henceforth divorced from the coal business.

By virtue of the decision, the federal government will be given another opportunity to join the Lehigh Valley Railroad company, piercing the anthracite coal region of Pennsylvania, from carrying coal in alleged violation of the commodities clause of the Hepburn rate law.

Justice White, in announcing the decision of the court, held that the lower court had failed to carry out the decree of the supreme court rendered more than a year ago in not allowing the government to amend its original bill so as to show that the coal company in question was a mere device of the railroads to evade the laws. Justice White held that the court was right in refusing to dismiss without prejudice the suits against the other railroads.

The commodities clause made it unlawful for a railroad to transport in interstate commerce any commodity produced by it or in which it might own or have any interest, with certain exceptions. The government sought to reach under the law a number of railroads carrying anthracite coal from Pennsylvania.

The circuit court of the United States for the Eastern district of Pennsylvania denounced the law as unconstitutional. The supreme court of the United States reversed the lower court, holding the law constitutional as construed. The cases were remanded for further proceedings.

PETITION FOR FAIR MONEY WELL SIGNED

Secretary Torval E. Strom of the Delta County Agricultural society has forwarded to Representative Peter Jensen at Lansing copies of the following self-explanatory petition, which were signed by about 600 Escanaba citizens who went to the polls Monday:

"To the Honorable, the Senate and House of Representatives, Lansing, Michigan. We, the undersigned, farmers and taxpayers of Delta county, Michigan, hereby respectfully petition your honorable bodies to take favorable action on House Bill No. 449, the same being a bill providing for an appropriation for a Northern Michigan State Fair, to be held under the auspices of the Delta County Agricultural society. We believe the rapidly increasing development of the agricultural resources of the upper peninsula more than justify favorable action of his bill. Very respectfully," etc.

Similar petitions were placed at the polls in Gladstone and every township in the county and Mr. Strom estimates that the total number of signers will approximate 3,000. All of the petitions will be sent to Mr. Jensen to present to the legislature.

FOODER FOR CATTLE IS FOOD FOR HUMANS

Peking, China, April 5.—Reports from the famine districts say that the conditions are indescribable. Many missionaries are engaged in special efforts to save the children from starvation. They have established orphanages and have been gathering deserted children and those who have lost their parents. The distributing centers are unable to supply sufficient rice for food, but are giving out much bean cane, which generally is used as a fertilizer and to feed cattle. Famine fever is raging and it is stated that the situation is far worse than in 1906.

FEW STRONG
BILLS PASSED

With End of Session Close at Hand, Outlook is
Gloomy—Legislative Leaders are Lacking
—Only Forty Bills Out of 600 So Far
Enacted into Laws.

(Special Correspondence.)
Lansing, April 5.—With the end of
the session only three weeks away, the
legislature apparently will not realize
the expectations of the voters of the
state, and the progressive and con-
servative laws that will be enacted
during the present legislative period
will be limited to a small number. Up
to this time the legislature has been a
disappointment to the advocates of
reform measures. The lack of leader-
ship in both houses and the feud grow-
ing out of the contest for the speaker-
ship in the house, supplemented by
Speaker Baker's attitude regarding the
present situation, is greatly responsible for
the present situation.

It seems as if there are very few
members in either house that are able
to take a broad view of the needs of
the state. Although over 600 bills are
introduced in both houses, only about

erable opposition developed during the
discussion of the resolution, led by
Representative Flowers and Hecker.
Representative Symonds of Menom-
inee spoke in favor of the bill, which
finally passed through a tactical error
made by Representative Yeo, who op-
poses the referendum bills. F. W.
Knox, George Horton and a number
of other prominent men interested in
the passage of the initiative and refer-
endum were in the city working for
the passage of the bill. It appears now
as if the resolution will muster the
sixty-seven votes necessary for its
passage in the house.

Liquor Legislation.
The legislature has been flooded
with petitions coming from all parts
of the state in favor of the so-called
unit bill. This bill is now before the
committee on liquor traffic, of which
Representative Waters of Saginaw is
chairman. The bill provides that
henceforth when the question of local
option is submitted to the voters, each
organized township, village or city
shall be either "dry" or "wet" as the
majority of the voters shall determine.
A few petitions have been received
against this bill.

The house passed the so-called hol-
iday bill, which provides that saloons
may be opened on certain secular hol-
idays and on election days after the
polls have closed.

Senate Tables Odell Bill.
The senate, in executive session,
decided to table the bill introduced by
Arthur Odell, intended to prevent the
procreation of criminals, degenerates
and feeble-minded persons, which was
endorsed by the leading medical men
of the country. The bill had passed
the house with only four votes against
it.

Senator Murtha will attempt to air
his grievance against Governor Osborn
when the governor's bill providing for
a secret service fund comes up for
discussion in the senate this week.
The senate has re-referred the mort-
gage tax bill drawn by Senator Fowle
to the committee on taxation. The
bill attempts to do away with the
mortgage tax and provides a registra-
tion fee to be paid to the county regis-
ter of deeds when the mortgage is
placed on record.

New Primary Law.
A general revision of the primary
law is intended by the bill introduced
in the senate by Senator Mapes of
Kent county. The bill changes twenty-
five sections of the existing law and
requires that in order to place the
name of a candidate on the official
ballot he must receive at least 20
per cent of the vote cast by his party
at the last general election.

Report Glasener Bill.
The judiciary committee of the
house reported the Glasener bill abol-
ishing the pardon board, with recom-
mendations that the bill may pass.
Senator Freeman's bill providing an
appropriation of \$50,000 for an execu-
tive mansion was reported favorably
by the finance committee of the sen-
ate.

Budget Reported.
Chairman Chambers of the commit-
tee on ways and means has fixed \$12,
500,000 as the limit of all appropri-
ation bills passed by the legislature.
Of this amount \$3,125,000 will be

REPRESENTATIVE CHAMBERS.
Chairman of the Ways and Means
Committee, Who Has Fixed \$12-
500,000 as the Limit of All Appropria-
tion Bills.
forty have been enacted into laws. The
greater majority of these bills are of
minor importance and deal mainly
with amendments to existing statutes.
The members of the house have re-
cently developed a mania for increas-
ing circuit court stenographers' sal-
aries. On one day's general order
there were six bills providing for in-
creases in stenographers' salaries in
as many judicial circuits.
Speaker Baker, from the floor of
the house, sharply reprimanded the
members of the house for taking such
action. The speaker denounced this
sort of practice as local legislation in
violation of the letter as well as the
spirit of the new constitution.
A resolution was introduced provid-
ing for the appointment of a steering
committee to go through the bills now
before the various committees and to
weed out all unimportant measures in
order that all necessary bills will get
due consideration.

Odell Opposes Increase.
Representative Arthur Odell of Al-
legan county vigorously opposed the
McBride bill providing for an increase
in the circuit court stenographer's sal-
ary of the circuit courts, rising Allegan
and Ottawa counties. Odell succeeded
in defeating the McBride bill. Mc-
Bride, however, succeeded in having
the bill tabled.

Board of Control Bill Delayed.
After battling for two days with
the central board of control bill, nulli-
fying the bill beyond recognition, the
house voted to refer the measure to
the committee on state affairs in order
to redraft the bill and present it for
consideration sometime during the
coming week. Governor Osborn and
friends of his administration claim
that by the adoption of the plan out-
lined in the bill, \$600,000 or more
can be saved to the taxpayers of the
state. The opponents of the bill were
very much in evidence during its con-
sideration, and, due to their efforts in
manipulating certain members and
causing a number of amendments in-
serted in the bill, they hoped to in-
crease the hostility, already exist-
ing, in the house against the bill to such
an extent that its passage would be
impossible.

Referendum Bill Passes House.
The initiative, referendum and re-
call resolutions passed the house in
committee of the whole Wednesday
and were placed on third reading for
final passage after April 1. Consid-

aprop upon the tax rolls of the years
1912 and 1913 for special purposes.
The sum of \$761,000 to cover the ex-
isting deficit in the state treasury is
included in this amount, and in order
to have a working balance in the state
treasury to provide for emergencies
the sum of \$100,000 is appropriated.
A large number of appropriation
bills have not yet been reported by the
committee, but Mr. Chambers feels
confident that the committee can hold
the total amount of appropriation be-
low the \$12,500,000 limit.

Judiciary Substitute Bill.
The house judiciary committee re-
ported a substitute bill which pro-
poses to give married women entire
control over any wages they earn. The
substitute allows married women their
wages when they are living separate
and apart from their husbands. The
committee also reported a bill provid-
ing for the drawing of juries in cities
working under the commission form of
government. It provides that lists of
four names shall be drawn for petit
jury duty in each voting precinct of
over 400 population.

Nullify Labor Law.
The McNitt bill, allowing for longer
working hours than now permitted
under the present law, was placed on
general order by vote of the house.
This action was opposed by Represent-
ative Flowers, who two years ago
fought for shorter hours for laboring
women. The McNitt bill provides that
women employes may work as many
hours as they desire between May and
October each year and allows mer-
chants to keep their force of clerks as
late as desired during the rush of the
holiday trade.

House Defeats White Bill.
The house in committee of the
whole defeated Senator White's bill,
which had passed the senate, prohib-
iting mutual fire and accident insur-
ance companies from arbitrating their
differences over payment for losses.
The bill was killed after a spirited bat-
tle between Speaker Baker, Represent-
atives Dusenbury and Graves for the
bill, which was opposed by Represent-
ative Warner, Symonds and Straight.
The Grange was opposed to the pas-
sage of the measure, and the farmer
members came to the rescue and
killed the bill. MAX SOCHA.

CITY NEED NOT CLEAR
AWAY ICE AND SNOW

Lansing, Mich., April 5.—In an opin-
ion just rendered the supreme court
holds that a city is under no obliga-
tion to remove either ice or snow

from the sidewalks. The case was
brought to the supreme court by the
city of Sault Ste. Marie, as a woman
who fell on an icy sidewalk in that
city and sustained a broken leg re-
covered damages to the extent of
\$700. In reviewing the case the su-
preme court holds that the judgment
should be reversed and that a new
trial should be granted.

ELECTION RETURNS FROM 3 TOWNSHIPS
In Bay de Noc Township Supervisor Frank Burleson is Defeated for Re-election by George Kay—Escanaba Township Has Some Contests—None in Wells Township.

At Monday's election in Bay de Noc township Supervisor Frank A. Burleson was defeated for reelection by George Kay. In Escanaba township Supervisor John Dausey was reelected and there were contests over some of the other offices. There were no contests in Wells township and Supervisor Richard E. MacLean was reelected. Following are the returns from the three township named:
Bay de Noc—Supervisor, George Kay, 72; F. A. Burleson, 48; clerk, Nelson Cook, 85; George Peterson, 35; treasurer, J. K. Olson 80, A. Hansen 39, F. A. Burleson 1; highway commissioner, Christ. Larson 85, John Anderson 356; justice of the peace, Charles Thorsen; member board of review, Andrew Hansen 33, John K. Olson 87; overseer of highways, Martin Olson, George Cook, Thomas Erp, Gabriell Lundgren; pound master, Andrew Skaug; constables, Archie Stratton, L. Scharth, Nels Erickson and Aaron Johnson.
Escanaba—Supervisor, John Dausey; clerk, A. J. Berckman; treasurer, Louis Johnson 44, J. Roberts 32; highway commissioner, Raymond Barron 52, H. Marenger 24; justice of the peace, Kelly Johnson; constables, Herman Reno, William Menard, Eugene Machand, John Anderson; member of board of review, W. C. Hodges; overseer of highways, Edward Dausey, Jr., 50, John Miron 27; pound master, Camille Charbonneau.
Wells—Supervisor, R. E. MacLean; Clerk, J. A. Groos; treasurer, E. W. Wicking; commissioner of highways, August Johnson; justice of the peace, Charles H. Walker; constables, W. Nault, John N. Johnson, Ed. Thompson, Chas. Cota, Sr.; member board of review, Noel Bissonette; overseers of highways, Enoch Mattson, J. A. Groos, Peter Edward, Thomas Bedard; pound master, Fred Chomard.

BASEBALL IS NEXT IN ORDER
No what politics has been put in the background until fall, the coming baseball season may be expected to occupy the center of the stage. Players are being signed up as rapidly as possible by the Marquette, Negaunee, Ishpeming and Escanaba managements, and other arrangements are going ahead with dispatch. The season will not formally open until the latter part of May, but it is planned to play several practice games before that date.

MEMONINEE WOMAN'S JUDGMENT STICKS
Sloux Falls, S. D., April 5.—Judge Charles A. Willard, in the federal court here, has denied a motion of the defendant for a new trial in the case of Ella B. May of Menominee, Mich., against James S. Sanborn, a resident of Pukwana, S. D. Last fall Miss May was awarded a \$25,000 judgment against Sanborn for breach of promise to marry her.

THEATRICAL
THE PETERSON—In reviewing "The White Squaw" which had just played a successful engagement of two weeks at the Walnut Street Theatre, Philadelphia, the "Item" of that city said: "The picturesque romance at once imparts a delightful note of appeal that is irresistible. Miss Clarke unaided by the figures of rhetoric and relying only on simple metaphoric tongue of the red man, gives to the character all the eloquence and poetry that is intended in this child nature." At the Peterson tonight.

THE PETERSON—The "Isle of Spice," which comes to the Peterson next Friday night, April 7, will prove a veritable revelation to even the most discriminating playgoer. No musical comedy of recent years has attained such instantaneous popularity as the "Isle of Spice" and great was the measure of critical approbation which was unanimously accorded this delightful, gloom-dispelling musical extravaganza during its phenomenal runs in New York, Chicago and Boston, as well as other large cities. "Probably no more fitting descriptive caption could have been selected for the "Isle of Spice," than which it has been christened as a "piquant musical mixture" by the most captious reviewers.

THE PETERSON—Ed. Blau of Escanaba, champion Cornish wrestler of the Northwest, has announced his intention of meeting "Jim," the wrestling bear, with the Orpheus Players' company at Peterson's Opera House, Sunday night. There will no doubt be an exciting time as "Jim" is skilled in all the fine points of the wrestling game and has a reputation of having been thrown but twice in his six years on the road. Besides "Jim" the Orpheus Players have six big vaudeville acts, including the Barrington & Howard company of five people.

MISS DELLA CLARKE PLAYS TONIGHT
When the romantic American drama, "The White Squaw" is presented at Peterson's Opera House this evening the audience will have what is perhaps the most interesting and unique type of femininity to be found on the contemporary stage of this country. It is in the person of Della Clarke, the talented young author of this play. Not only has Miss Clark written the play herself, but during the past six weeks she has directed the production. She will be her own stage manager here, and will appear in the leading role among the cast of characters. Miss Clarke is an especial pupil and favorite of the late Augusting Daly and of Charles Frohman. She left her home in Michigan when a mere girl and went to New York. She forgot to get her parents' permission and after a season with Mr. Daly, despite her entreaties, she was made to return home. Later she became identified with Frohman, and played a number of leading parts under his management.
Lippert's Bicycle shop is now open to do repairing, 311 Ludington St.

GREAT STEEL TUBE SUNK IN CHICAGO RIVER
Chicago, April 5.—The massive steel tube, through which street cars will operate, connecting the North side with the business district, has been sunk in the Chicago river. The tube is 278 feet long, 41 feet wide and 24 feet high. The tunnel will be completed within five months. It will be 2,017 feet long.

For Sprains
"Gave Me Instant Relief"

"I fell and sprained my arm and was in terrible pain. I could not use my hand or arm without intense suffering until a neighbor told me to use Sloan's Liniment. The first application gave me instant relief and I can now use my arm as well as ever."—Mrs. H. B. SPRINGER, 921 Flora St., Elizabeth, N. J.

THE FIRST BIRD OF SPRING.
The first bird of spring attempted to sing:
But ere he had uttered a note,
He fell from the limb, a dead bird was him,
For the music had froze in his throat.

New Brown Bread Recipe
Never soggy—Easily made
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine
Nearly everybody likes Boston brown bread, but so many have experienced trouble with its being soggy, they have become discouraged. Here is a new recipe that cannot fail if the few simple directions are carefully followed. You will be delighted with the results.

K C Brown Bread
One and one-half cup yellow corn-meal; 1 1/4 cup entire-wheat flour; 1 teaspoon salt; 1 1/2 cup sweet milk; 1/4 cup molasses; 5 level teaspoonsfuls K C Baking Powder.
Sift together, three times, meal, flour, salt and baking powder. Mix molasses and sweet milk and stir into dry ingredients to make a smooth batter. Turn into two empty K C Baking Powder boxes, thoroughly buttered, and let steam three hours. This bread is particularly good to serve with salads or raw oysters; also at breakfast, as toast of all kinds.
Raisins or currants may be added, though some prefer it without.
Readers of this paper may obtain The Cook's Book containing this and 89 other delicious recipes free by sending the colored certificate packed in every 25-cent can of K C Baking Powder to the JAGURS MFG. CO., Chicago. Send for The Cook's Book today. 28

Mrs. Peter F. Geniesse and children left Tuesday night for a visit with relatives and friends in Milwaukee. Reserved seats for the opening performance of the Garrick Stock company may be purchased in advance for any night during the week. Tickets are now on sale at the box office at the main entrance of the theater. Miss Marie Villemure is able to be about again after being confined to her home for the past week by an attack of the grip.

PRESIDES AT LAST MEETING

(Continued from page one.)

ent at the last meeting of the old council Thursday evening, when it will canvass the vote cast at Monday's election. His address was short and to the point.

Mayor Greenhoot said that while he is still mayor and would remain in office until Mayor-elect Lindsay assumes the office, he would take this occasion to extend his thanks to the members of the council for the many courtesies they had shown him during his two years' incumbency of the mayor's office and to express the belief and that he and they had done their best for the welfare of the city and the best interests of the taxpayers. He said that he would retire with the best of good feeling toward everybody and he wished them all good luck. Among other things Mayor Greenhoot said:

Kindly Feeling For All.

"This meeting practically closes my career as mayor of this city and president of this council. I leave for Chicago tomorrow night and when I return my successor will have qualified and the reins of the city government will be in other hands than mine. In retiring as presiding officer of this council, I wish to thank all of the aldermen for the many courtesies that they have extended to me. I believe all of us have worked hard and conscientiously for the good of the city, and while we may have had little differences of opinion on some matters, I believe those differences were honest ones.

"In all of my official acts I have been prompted by what I believed to be right and for the best interests of the city and its taxpayers. Some of you may have disagreed with me on some matter, but I believe that time will prove the correctness of my judgment. I retire from the office of mayor carrying no grudge, but with the most kindly feeling for every member of this body."

Alderman Priester Responds.

Alderman Priester expressed the sentiments of the council members in general when he made a neat and feeling response to Mayor Greenhoot's farewell address. In part Alderman Priester said:

"We have been getting along nicely in the council for the past two years and I believe that I can safely say that every member of this body will regret that Mr. Greenhoot's term of service has come to an end. For myself, I know we have never had a mayor with a greater desire to do what was right for the city and the taxpayers, than our present mayor. In his every act there is no question but that his aim has always been right, and in retiring, I am sure that he carries the good will and good wishes of all of the members of this council."

COMMON COUNCIL IS CALLED DOWN

Citizens Present Communication Calling Council's Attention to Alleged Violations of the Fire Limits Ordinance by Council Itself—Some Other Matters.

Tuesday evening the members of the common council had the rather unusual experience of being "called down" for alleged violations of a city ordinance. This communication was presented by sixteen citizens, who called the council's attention to the fact that it had recently given a permit for the removal of a frame building in direct violation of the fire limits ordinance. Following some discussion over various motions to dispose of the communication, it was finally laid on the table, that being the only action possible under the circumstances.

There was a lot of routine business disposed of at the meeting. Bids for the construction of pavements on North Mary, North Charlotte and South Georgia streets were opened and after being inspected were referred to the street committee and city engineer with instructions to report thereon at the next regular meeting. The bidders on these improvements were the Delta Contracting company, the Solid Rock Paving and Construction company and S. Durmond.

Bids for the construction of a sanitary sewer in Ogden avenue were also opened and the contract awarded to the Delta Contracting company. Resolutions determining the assessments for all these improvements were adopted.

A petition from Knute Knutesen for the removal of a building from 1107 Wells avenue to lot 1 in block 83 of Proprietors' addition was granted and the bond attached approved.

Poor Commissioner Blanchet and Street Commissioner Holmes' reports for March were presented and accepted. The former showed an expenditure of \$499.10 and the latter of \$364.49.

Reports of Chief of Police Iverson, and Justice of the Peace Glaser and Linden showed a total of 14 arrested during the month and \$25 collected in fines.

City Veterinarian W. J. Firkus reported that he had inspected ten dairies having a total of 15 cows.

The Escanaba National and the First National banks presented bonds in the sum of \$15,000 each as depositaries of city funds and the same were accepted and approved.

Upon application of the Swedish Finnish Temperance union, Mayor Greenhoot appointed John Finstrom as a special policeman and the council confirmed the appointment. Mr. Finstrom will be on duty at Unity hall when required, the city not being responsible for his pay.

The unusual number of bills were allowed and ordered paid and action was taken upon a number of other matters as noted elsewhere in these columns.

Eugene Garb stopped over in Escanaba yesterday while on his way to Foster City from Nahma, where he has been spending the winter.

Alderman E. J. Kirkpatrick left today for a business visit in Green Bay

ESCANABA CLUB TO BE REPRESENTED

At a meeting of the board of directors of the Escanaba Baseball club, held Tuesday evening, it was decided to have the club fully represented at a meeting of the managers of the Marquette county teams, which is to be held in Ishpeming within a few days for the purpose of considering and adopting a schedule of games to be played this season by the Marquette-Delta county league teams. Representatives of the Escanaba club who expect to attend the meeting are President E. J. McMartin, Secretary, Treasurer L. M. Beggs, Dr. R. E. Hodson, C. W. Kates and G. T. Stephenson. At the meeting Tuesday evening the signed contracts of Leo and Albert Love, Fred Olmsted, "Cully" Lentz, Fred Hirn and John Mortensen were accepted and formally ratified, and arrangements for the benefit baseball game at Peterson's hall on the 17th inst. were practically finished.

TAFT URGES EARLY ACTION

Continued From Page 1.

tional scope is fully appreciated and is responsive to the popular will. Invites Earnest Attention.

"The house of representatives of the Sixty-first congress after the full text of the arrangement with all the details in regard to the different provisions had been before it, as they were before the American people, passed a bill confirming the agreement as negotiated and as transmitted to congress. This measure failed of action in the senate.

In my transmitting message of the 26th of January, I fully set forth the character of the agreement, and emphasized its appropriateness and necessity as a response to the mutual needs of the people of the two countries, as well as its common advantages. I now lay that message, and the reciprocity trade agreement, as part of the present message before the Sixty-second congress, and again invite earnest attention to the considerations therein expressed.

Urges Immediate Action.

"I am constrained in deference to popular sentiment and with a realizing sense of my duty to the great mass of our people whose welfare is involved, to urge upon your consideration early action on this agreement. In concluding the negotiations the representatives of the two countries bound themselves to use their utmost efforts to bring about the tariff changes provided for in the agreement by concurrent legislation at Washington and Ottawa. I have felt it my duty, therefore, not to acquiesce in relegation of action until the opening of the congress in December, but to use my constitutional prerogative and convoke the Sixty-second congress in extra session in order that there shall be no break of continuity in considering and acting upon this most important subject.

"WILLIAM H. TAFT.

"The White House, April 5, 1911."

B. H. Silverman returned last evening from a business visit in Ishpeming.

Are You a Money Saver?

Most every one expects to be a money saver some time. Some expect to save when their income is larger, others plan to save when their expenses are less. People who wait to save until they can save without effort rarely begin to save; they wake up some day filled with regrets because of the opportunities they have missed.

The moral is: Begin regular SAVINGS at THIS bank NOW; whatever the income, make the outgo a little less and save the difference.

It's a simple matter to start a savings account here.
